

# The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL, No. 17.

WOLFVILLE, NOVA SCOTIA, FRIDAY, FEBRUARY 4, 1921.

\$2.00, payable in advance

## Wolfville Defeats Canning

In Fast Game of Hockey at Evangeline Rink.

The local hockey team increased its lead in the Valley League last Friday evening when it defeated the Canning team at Evangeline Rink by the score of 7 to 2. The game was witnessed by a large crowd of enthusiastic fans including a strong contingent from Canning. The ice was in splendid condition and the game fast throughout. C. K. Smith, of Windsor, acted as referee.

Play started evenly, very fast pretty hockey being played. Five minutes from face off Tingley shot the first goal, likewise a minute later. The home forwards developed a nice combination and instituted a regular bombardment of the Canning goal till visiting forwards got away through the home defence and Eaton scored. Wolfville resumed the attack and fast clean hockey followed for some minutes. Tingley again scored before bell rang.

Leading 3 to 1, Wolfville restarted with confidence, attacking strongly. Canning defenders early in the period worked the puck prettily up to Wolfville territory where Eaton scored Canning's second goal. Baird, Tingley and Kennedy well backed by Parker and Fraser, maintained a hot attack around Canning's goal which Baxter miraculously saved repeatedly. Baird at last beat him, the period ending Wolfville 4, Canning 2.

The last period was all in favor of Wolfville, whose combination and superior speed enabled them to win easily. Kennedy scored twice and Baird, taking a pass from Tingley got the seventh goal, the score ending Wolfville 7, Canning 2.

The teams lined up as follows:  
WOLFVILLE—F. Eagles, goal; H. Fraser and A. Parker, defence; W. Kennedy right; P. Tingley (Capt.) centre; H. Baird, left; G. Christie, A. Woodman and Walter Johnson substitutes.  
CANNING—H. Baxter, goal; Leo Lyons and F. Jodrie, defence; R. Houghton, right; Hughie Eaton, (Capt.) centre; H. Lyons, left; Kinsman, R. O. Haran and E. Dickie substitutes.

## WINDSOR DEFEATS CANNING

The Canning boys put up a hard fight against the Windsor boys in the league game at Canning Monday night and overtime play was necessary before Windsor succeeded in scoring the winning goal. About 800 spectators witnessed one of the fastest games of the season. Both teams played excellent hockey, and the outcome was always in doubt. The score at the end of each period was a tie, the final score being 4 to 4. It was decided to play ten minutes longer and the time was nearly up when Windsor scored the winning goal. R. Smith, of Windsor, was the referee.

The standing of the teams in the League is now as follows:

Team	Won	Lost	Drawn
Wolfville	5	1	0
Windsor	3	2	1
Canning	0	5	1

An exciting game is assured at Evangeline Rink tonight when Wolfville meets Windsor. The Windsor boys will try hard to cut down the lead of the local team but the Wolfville boys are confident of coming out on top. If they win tonight they are pretty certain to win the series.

## TUXIS BOYS DEFEAT CANNING

A game of hockey was played in Evangeline Rink on Wednesday evening between the local Tuxis boys and the Canning Beavers. The Wolfville boys outplayed their opponents and won by the score of 12 to 3. Cecil Thompson, Val Rand and Donald Hogan starred for the home team, while Burgess, Jackson and Bleckhorn were the scoring heroes for Canning. Paul Tingley acted as referee. The teams lined up as follows:

## TUXIS BOYS

Goal	Judson Melvin
Point <td></td>	
Donald Hogan	Harry Huston
C. Point <td></td>	
Gil Rand	L. Jackson
R. Wing <td></td>	
Gordon Kennedy	B. Bleckhorn
Centre <td></td>	
Cecil Thompson	M. Burgess
L. Wing <td></td>	
Val Rand	George Spicer
Spare <td></td>	
C. Caldwell	

On Monday the Tuxis boys met the Kentville boys, this time at Kentville. Next Friday evening they will meet a team of Tuxis boys from Shelburne. This will be a good game. Every body go and cheer for the Wolfville boys.

At a parish meeting held in St. John's rectory last Monday, Mr. Ralph Creighton was unanimously elected Senior Warden of St. John's Church for the ensuing year. The rector presided.

## PLEADS FOR MORE HUMANITARIAN ATTITUDE TO CRIMINALS

Brig-Gen. W. S. Hughes, superintendent of Dominion Penitentiaries, who states that prolonged imprisonment does not repress crime and that a helping hand to reform should be extended to recruits in wrong-doing.

## Interesting Lecture

By Prof. Whitlaw on "When West Meets East"

An intensely interesting lecture was given last night in the Baptist Church by Prof. Whitlaw, of Acadia University, on "When West Meets East." The lecture was given under the auspices of the Social and Benevolent Society of the Church, and was presided over by Dr. Speile. Owing to numerous other attractions in town, the attendance was not nearly so large as it should have been, but those present enjoyed a rich treat. Before the lecture Mrs. Withrow, who recently came to Wolfville to reside, rendered in a sweet, well-trained voice, a delightful Scotch song—a song of her own land—which was greatly enjoyed.

Prof. Whitlaw began by saying that it was not his intention to suggest a solution to the problem of the East but merely to endeavour to present a new view-point. This he certainly succeeded in doing, and in his address demonstrated his evident familiarity with conditions in the countries of the orient. Any newspaper report would do very meagre justice to the lecture, which held the closest attention of the audience from the start and was warmly applauded at the close. Dr. MacDonald in appreciative terms moved a vote of thanks which was seconded on behalf of the ladies by Mrs. Manning, and carried by a standing vote. The singing of the National Anthem ended a very entertaining and instructive lecture.

## GASPEREAU NOTES

Mr. J. F. Card is spending a few days with friends and relatives in the Valley. Mr. Edson Eagles was the guest of relatives in the Valley for over Sunday. The community extend congratulations to Mr. and Mrs. John Gertrude on the arrival of a son at Windsor Hospital, on Wednesday, Jan. 26th.

The community is glad to hear of the recovery to health of Mrs. George Coldwell.

A small number of the young people met at the GasperEAU Hall Thursday night of last week to attend a crokinole party. A large number of the young people of the community are enjoying the hockey games of the season.

A most delightful time was created at the Division Hall Saturday night and a most delightful programme rendered.

The farmers of the United States have made a contribution of 15,000,000 bushels of corn to relieve the famine situations in Europe and China. They have set an example which Canadians might well emulate. We could afford to send shiploads of grain to both countries.

## Mt. Allison Campaign

Local Workers Met Saturday Methodist Church

Church Chairmen, pastors and others interested in the campaign for \$50,000 for an endowment and increased facilities for Mount Allison met in the Methodist Church on Saturday afternoon to complete the plans for the campaign. Reports were made by the church chairmen, the plans for the campaign were gone over in detail, quotas adopted and other details necessary before "Zero Hour" were settled.

Mr. H. E. Woodman presided and in opening the meeting he spoke of the importance of the campaign, which will greatly add to the efficiency of one of the oldest educational institutions in the Maritime Provinces. Referring to thousands of graduates who have found places of responsibility and honor throughout the country, Mr. Woodman pointed out that a recent survey has developed the fact that over 90 per cent. of all ministers, missionaries and other Christian leaders come from the Christian College.

It is well known he said that no college is self supporting, and unless we want to see Mount Allison take second place to some of the other colleges we must rally to her support and put this campaign over in good style. Mr. E. B. Newcombe, group chairman of this group of churches in the campaign, also spoke of the need for hard work. He said that the Methodist National Campaign had developed leadership and had taught people how to give and therefore ought to make this campaign much easier of success. He had no doubt of the ability of the churches represented to reach the quotas which they had been asked to accept. Rev. Johnston, of Berwick, Rev. F. W. Friggins, of Canning, and Rev. G. W. Whitman, of Horton, also spoke.

The campaign begins on February 7 and will continue to Monday, February 14. Of the total amount of \$500,000 which is desired \$130,000 has been allocated to the Halifax zone, of which Wolfville is a part. Over six hundred churches and 8000 workers will participate in the campaign which covers the three Maritime Provinces. It is reported that Mr. S. M. Brookfield, Chairman of the Halifax zone, has subscribed \$10,000 to the campaign. Mr. Brookfield has been known as one of Halifax' most generous citizens.

Among those present at the Saturday meeting were Rev. B. J. Foster, E. B. Newcombe, Mrs. S. J. Cross, Harold Bishop and H. E. Palmer of Kentville, Rev. F. W. Friggins and Scott Bleckhorn, of Canning, Rev. G. W. Whitman of Horton, Ralph Woodman, North Grand Pre, Rev. J. Henry Watts and H. E. Woodman, Wolfville, Revs. Johnston, Berwick, and A. L. Adette, Halifax.

## THE SCHOOL RINK

At a meeting of the School Rink Committee of the Civic Club held on Monday afternoon it was stated that the rink was being used by adults and children during the evening. The idea seemed to be held by some subscribers to the fund that the money paid in by them entitled them to use the rink.

The committee decided that nothing should be allowed to interfere with the usefulness of the rink for the School Children and if any persons felt that they had given money on any other understanding, they would be handed back their contribution by applying to the Treasurer, Mr. Grant Porter.

At the meeting Mr. E. Percy Brown was formally appointed Chairman of the Rink Committee with full power to make any rules he may see fit for the management of the rink.

Owing to the transformer at Oak Ave. going wrong, the citizens at the east end of the town had no light on Sunday or Monday night. A new transformer was installed on Tuesday which put the service again in operation.

## Valley Life Underwriters Association

The Annual meeting and quarterly dinner of the Valley Life Underwriters Association was held at the "American House" Middleton on Monday evening, Jan. 31st.

After a short business meeting at which several new underwriters were elected to membership, and the officers for the ensuing year were elected, the meeting adjourned to the diningroom where a fine repast was spread by the genial host Mr. McNeil.

Mayor Freeman responded to by Mr. Hawksworth of Annapolis Royal extended an address of welcome to the association, after which Mr. A. L. Davidson, M. P. addressed the Association on the place of Life Insurance in the Economic situation of today. Mr. Davidson presented in a most suitable manner the value of Life Insurance as a stabilizing factor in industrial life and paid homage to the great work which the insurance companies are enabled to do in developing the resources of the country through the savings of millions of people as represented in insurance premiums.

The Valley Life Underwriters' Association, which has just completed its first years work is in a flourishing condition, with new members being added at every meeting, has well justified its existence. The objects of this association are to create better conditions in the life insurance field through the education of the various field men so that they are able to render better service to the insuring public and through the education of the public to a better understanding of the service which the institution of Life Insurance is able to render to them.

The officers elected for 1921 are as follows:

President—H. E. Woodman, Canada Life, Wolfville.  
Vice-President—H. Goucher, Manufacturers' Life, Middleton.  
Sec'y. Treas.—J. M. Cross, Excelsior Life, Kentville.

## HEALTH IN WINTER

I noticed an article in last week's ACADIAN on the above subject, that appeared very much like a high school composition paper written after a most superficial perusal by the system of

getting from nobody knows where, that mean little or nothing, are often passed off as conclusions after a process of reasoning. For instance: "In winter everything conspires against health." Do not doctors send people to cold climates for their health or order them to create arctic conditions in their home; however foolish either may be. Then again: "In winter the two parts most vulnerable to disease are the digestive and the respiratory tracts." appears to be a wonderful discovery. I suppose a fellow could not make a hog of himself and get indigestion or contract tuberculosis in the summer. Then we have this wise saying of "clogging the system." I wonder if any one who used the expression ever knew what he meant by it. Then we have the howl about eating too much meat as a great danger. My own experience was that for nearly fifteen years I did not eat ten pounds of meat altogether; when I contracted a disease somewhat akin to rheumatism that two of the most skilful doctors in the neighborhood had not heard of before. I then took to eating meat quite freely and am well on the road to recovery. Then the writer says that in winter, the respiratory tract is exposed to the cold air; and as a remedy suggests that, to avoid this danger of catching cold we should leave all our doors and windows open. I believe that fellow who wrote the article sells coal. He does not give his name and it is not to be wondered at. Then he says that in winter we should wear clothing as light as is consistent with comfort. I thought that was what the clergy were all fighting against, especially in church where it atracts too much attention from the pulpit.

As last year, they should have said \$4,800.00. Deducting the debt \$13,785.00 we have \$32,000.00 left to carry on the work of the year.

How can the Expenditure of the year be kept down to that figure, if the Expenditure of last year including bills payable was \$41,100.00? We answer, First: We are informed that \$3,500.00 of the \$41,100.00 were bills that came over from 1919. Second: The Expenditure on streets, on account of special work at Mud Bridge, and gravelling GasperEAU Ave. was unusually large, \$7,317.00. This can be reduced by one half saving \$3,658.50. Reservoir was \$5,275.00. It ought to be possible to save \$3,000.00 on this item, and \$1,000.00 on sewers. If this reduction can be made, the Expenditure can be kept down to \$32,000.00 even if there has to be an increase in some items such as schools and interest.

Some may be inclined to object to the high rate, \$4.50, but one of the causes of our deficit is the low rate of the last two years. In 1919 our rate was \$2.75. That of Kentville \$3.00. In 1920 ours was \$3.00. That of Kentville, \$4.10. Now I hope that every citizen will encourage our Council to undertake the removal of this blemish of debt from "Beautiful Wolfville". We can assist them by prompt payment of bills that they send us. Water rate bills, amounting to upwards of \$2,500.00 have recently been sent out. If these could be paid at once, and the \$2,323.00 over due taxes as well, the burden of the Treasurer would be lightened, and some bank interest saved.

A. COHOON.  
C. M. G. Feb. 2nd, 1921.

## ANTI-BOLSHEVIST CHIEF OF STAFF ARRIVES IN CANADA

Maj-Gen. Jocelyn Percy, Chief of Staff of the Anti-Bolshevist army under General Denekin and General Baron Wrangel, is in Canada on his way to the Okanagan Valley, British Columbia, where he intends to take up fruit farming.

He declares that the British saved thousands of lives after Wrangel's disastrous retreat. They took boatloads of women and children from the Peninsula and carried them to the islands in the Ionian Sea and the Mediterranean.

## Town Finances

Dr. Cohoon Makes Valuable Suggestions

TO THE EDITOR OF THE ACADIAN:  
Dear Sir: How is the debt against the Current Account of the Town to be cleared.

I can see no other way but by increasing the Income and reducing the Expenditure. Now what can be done to increase the Income? The principal sources of Income to which we can look for increase are "Assessment" and "Water Rates." Last year the rate was 3% on \$709,658.00. This year the amount of assessable property is \$758,657.00. A rate of \$4.50 on this amount gives \$34,139.00. Add to this the \$2,323.00 overdue taxes, and we have \$36,462.00 from which it should be possible to raise at least \$35,000.00. The water rates last year were \$5,361.00.

As last year, they should have said \$4,800.00. Deducting the debt \$13,785.00 we have \$32,000.00 left to carry on the work of the year.

How can the Expenditure of the year be kept down to that figure, if the Expenditure of last year including bills payable was \$41,100.00? We answer, First: We are informed that \$3,500.00 of the \$41,100.00 were bills that came over from 1919. Second: The Expenditure on streets, on account of special work at Mud Bridge, and gravelling GasperEAU Ave. was unusually large, \$7,317.00. This can be reduced by one half saving \$3,658.50. Reservoir was \$5,275.00. It ought to be possible to save \$3,000.00 on this item, and \$1,000.00 on sewers. If this reduction can be made, the Expenditure can be kept down to \$32,000.00 even if there has to be an increase in some items such as schools and interest.

Some may be inclined to object to the high rate, \$4.50, but one of the causes of our deficit is the low rate of the last two years. In 1919 our rate was \$2.75. That of Kentville \$3.00. In 1920 ours was \$3.00. That of Kentville, \$4.10. Now I hope that every citizen will encourage our Council to undertake the removal of this blemish of debt from "Beautiful Wolfville". We can assist them by prompt payment of bills that they send us. Water rate bills, amounting to upwards of \$2,500.00 have recently been sent out. If these could be paid at once, and the \$2,323.00 over due taxes as well, the burden of the Treasurer would be lightened, and some bank interest saved.

## Auditors' Report

Town Auditors Make Report and Offer Suggestions

Wolfville, 18th Jan. 1921.  
THE MAYOR AND COUNCILLORS OF THE TOWN OF WOLFVILLE  
Gentlemen,

We beg to report that we have examined the books and accounts of the Town for the year ended 31st December, 1920, and herewith hand you Statement of Receipts and Disbursements, Abstract of Accounts and Balance Sheet.

We beg to draw your attention to several matters which ought to have your immediate attention.  
BANK OVERDRAFT. According to statute your limit for borrowing for Current Account is 1% of the total assessment which is around \$10,600. For the year under review your overdraft, if outstanding cheques are included, is \$14,941.96. Provision should be made to have this reduced to limit.

PATRIOTIC FUND. In 1918 the rate-payers were assessed for Patriotic Fund, and from that assessment the sum of \$1577.06 has been collected of which \$14.17 was collected this year. We find that no part of this sum has been paid to the Patriotic Fund Committee, nor has it been laid aside for this purpose but has been absorbed in the current revenue of the Town and spent. Steps should be taken to have this matter put right.

SINKING FUNDS. In the past, proper provision has not always been made for Sinking Funds. For this year the full legal provision has been made but we think that more than this should be set aside. We are of the opinion that provision should be made annually so that the sums so set apart together with interest earned may be sufficient to redeem the Debentures as they mature. We also think that a separate Sinking Fund account should be kept for each issue of Debentures.

CONTINGENT ACCOUNT. In this account there is an item of \$170.33 under head of Boy Scouts, the bulk of this being for repairs to Band Instruments. We should like to know under what statutory authority this expense has been incurred.

ASSETS. Under this head we find Police Residence and Land \$2,000, and on enquiry are informed that such asset does not exist. We have therefore cut this item out. There are also some items

Lot East \$1100 and Town Lot \$1000. We cannot just find out what these represent but have left them in. We would suggest that a record of such holdings be prepared.

GENERAL. It has been the policy of the Town in past years to confine the reports to actual receipts and disbursements, consequently outstanding bills were not reported. This year we have endeavoured to present the actual standing of the Town by gathering and including all the liabilities.

We would further suggest that great care be given to the summaries of invoices by the chiefs of the various departments. These summaries are the bases of the entries and upon them depends the proper charging of departments. We have made a few changes in method by which we believe it will be possible to gather information, when required, more easily than at present.

S. C. West  
John W. Maxwell Auditors.

## SAD AND SUDDEN DEATH

The death of Mr. Ethan A. Davidson which occurred at his home on GasperEAU Avenue on Friday evening, caused deep sorrow among a wide circle of relatives and friends. Mr. Davidson was ill less than a week of pneumonia, and leaves a young wife and infant child. The deceased was a son of Mr. and Mrs. Jehiel M. Davidson, of North Grand Pre, and was 35 years of age. He enlisted during the war and went overseas with the 8th Battalion. Some time after his return he married Miss Blanche Salter, of this town, and has since been a resident of Wolfville. He had the distinction of being the biggest man in the Canadian army and had a big heart as well as a big body. He was a good neighbor and a good citizen and will be greatly missed.

Much sympathy is felt for the bereaved widow and child, the sorrowing father and mother and other members of the family.

The funeral was held on Sunday afternoon and was one of the largest seen in Wolfville for a long time. The service was conducted by Rev. R. F. Dixon, assisted by Rev. J. H. Watts and Rev. D. MacDonald. Excellent music was furnished by a choir of men. Mr. H. P. Davidson presided at the organ.

The members of the local G. W. A. attended and marched in procession and also furnished the pall-bearers. The casket was wrapped in the Union Jack and covered with beautiful floral offerings. The interment was at Willow Bank Cemetery, the service being read by Dr. MacDonald, and Rev. Mr. Watts. At the close "The Last Post" was sounded by Bugler D. Lake.

## TO PROVIDE WORK

Canadian veterans of the great war, out of work during the industrial depression of the autumn and winter, have been provided with work by commencement of the construction of the provincial highway between Windsor and Talbotville. At the present time a staff of about 50 men are employed in opening a new right of way across the Neal Farm, about three miles south of the city of Windsor. The provincial highways construction plan was evolved by Hon. F. C. Biggs, Minister of Roads and Highways, to alleviate distress among returned soldiers and their families.

THE GRAND PRE DISASTER OF 1747

W. C. Milner.

(From the Educational Review)

The greatest disaster to British Colonial Arms in Acadia, took place on 31st January, 1747, at the Acadian Village of Grand Pre.

The events leading up to this affair are worth recalling. In 1746, the Government at Versailles determined on a gigantic operation, not only to re-capture Louisbourg and Port Royal, but to carry the war into New England, to destroy Boston and all English Settlements within reach of the coast. An expedition was fitted out competent to accomplish these great designs. It consisted of eleven ships of the line, twenty frigates, and thirty-four transports—in all an Armada of 65 ships, carrying a land force of 3,000 men. It left Rochelle on 22nd June, Quebec, in accord with this movement and was taking steps to co-operate with it. M. de Loutre returned to Acadia from a visit to France with M. de Vignau, who had sailed from France in April, 1746 in command of two vessels, and which arrived safely at Chibucto. M. de Loutre, with that ardent zeal for the welfare of the state that distinguished his later years in Acadia, wanted an immediate attack to be made on Annapolis, then defended by Paul Mascarene with 250 men. Accordingly in July, De Ramezay, who had been sent to Beaubassin with 600 Canadians wrote that he had received a letter from M. de Loutre, proposing ostensibly on the part of the commander of the two French war vessels to lay siege to Port Royal, without awaiting the arrival of the fleet, but a letter received later by De Ramezay from the Commander (du Vignau) modified M. de Loutre's letter; he stated he merely asked de Loutre for information as to the state of the fort, that neither his orders nor the condition of his outfit would permit him to attempt the siege. This incident, insignificant in itself, illustrates the continuous playing at cross purposes amongst French leaders that ultimately led to the break down of French power in America, notwithstanding the skill and gallantry of the soldiers. In September De Ramezay arrived at Annapolis Royal with about 700 men, where he remained for some weeks. When he learned de Vannes would not co-operate with him, he broke camp and left for Beaubassin. The Great Fleet had met storm after storm, sickness and disaster had followed it and shipwreck had reduced it, so that a miserable remnant of it had returned to France, having accomplished nothing.

Mascarene had asked the New England authorities for 1,000 men, to protect Annapolis Royal, as well as to maintain British authority in the country. It was agreed to, but only the Massachusetts levies, 470 strong, besides officers actually came, and were sent to Grand Pre, the Commander being Colonel Arthur Noble. A daring and skilful attack was planned by de Ramezay, a Quebec officer, at Chignecto, against Noble's force, which was billeted in the houses of Acadian farmers, strung along the upland, a distance of a mile and a half between Grand Pre and the Gaspereau River.

An inhabitant from Minas appeared at Beaubassin with the intelligence that New England levies had arrived at Grand Pre the day before Christmas and they had no opportunity to fortify themselves, depending largely on the frost and snow of winter to protect themselves from attack. M. De Ramezay at once laid plans to organize an expedition to attack them. A detachment of 240 Canadians with 12 officers and about 60 Indians was formed. M. De Ramezay suffering from an injury, deputed M. de Coulon de Villiers to command it. It was not until 23rd January that provisions were provided and loaded in toboggans and snow-shoes for the whole

corps provided and at midday the expedition started following the trail to Tatamagouche, and from there over the mountain to Cobequid. On the 9th of February, after 17 days' march the command reached Piziquid (Windsor)—the depth of snow and frost being very exhausting. They lodged there during the night and on the 10th several persons from Grand Pre informed them that the houses were all guarded day and night, but that the French occupiers had left them, fearing to be confounded with the English in case of an attack, of which they had warned the English. At midday they resumed their march for a couple of leagues, when they halted to prepare for a surprise attack at night. M. de Coulon divided his command into ten detachments. He took with him Messrs. Beaujen, Major Deliquorie, LeMercier, and Lery, 4 cadets and 75 men, and gave to each of the other officers 28 men to attack ten houses of the 28 English occupied. At nine in the evening they arrived at the river Gaspereaux—half a league from Grand Pre. At two in the morning they resumed their march with guides to conduct each party to the assigned house. The Command had been increased by 25 Acadians, who had joined at Piziquid and at other places. They arrived at houses at 3.30 in the morning. The sentries did not discover them until within gun-shot.

The sentries were quickly shot down and the doors of the houses battered in with axes. The inmates, suddenly aroused from their beds, were but ill-prepared to put up a fight against numbers that were in each case overwhelming, and those who did so, were soon put hors de combat. The assailants in a short time were masters of them, and also of a boat and sloop of 80 tons, in which were ammunition and supplies. M. de Coulon was wounded. The men in the eighteen houses the Canadians had not been able to attack, collected at a stone house, which M. de Coulon intended to have attacked, but his guide led him astray. The English, taken completely by surprise and not able to concentrate were soon overwhelmed. At the first alarm Colonel Noble sprang from his bed and fought in his shirt until shot dead. He was offered quarter, but refused. His brother, Ensign Frank Noble, was killed beside him. Three other officers were also killed, Lieutenants Lechmere, Jones and Pickering. The English who were in the eighteen houses not attacked, about 350 in number collected in the stone building where they had five small cannon—two six pounders, and three two pounders. They made a sortie to the next house—where Colonel Noble had been killed and where La Corne, the French Commander, had placed himself, but were repulsed. The fight continued until eleven o'clock in the forenoon, when the English found that they had only eight rounds of ammunition and provisions for one day and no fuel. The French were aided by a fall of snow the night of the attack, which covered the ground to the depth of four feet. Flags of truce were exchanged and a suspension of fighting was agreed to till 9 o'clock the next day. Coulon de Villiers had been wounded in the arm, had lost much blood and had been taken up the river, when the command fell to La Corne, who made the French report. The English command devolved upon Captain Goldthwaite. Terms of capitulation were soon agreed upon. They were that the English should leave within twenty-four hours for Annapolis Royal with the honours of war; that the prisoners should remain prisoners; that the sick and wounded English could remain at Au Cana d until their recovery, that the soldiers engaged should not bear arms at Minas or Beaubassin for six months. The weather being bad on 2nd February, the dead were not buried until 3rd. La Corne providing a guard of two sergeants and twelve soldiers.

The battle over, the French officers entertained their late foes and showed so much sympathy and kindness of heart as to establish a friendship and camaraderie between them. Captain Howe, who was a member of the Council at Annapolis, was taken prisoner, but paroled, on condition that Sieur La Croix, a prisoner in Boston, should be released. The French Missionaries, Muniac and de La Goudalie, interposed and secured the liberation of a young English officer. On 3rd (o.s.) the English marched out by pairs with their arms and colors, powder and ball, through a guard of six French officers and fourteen men. They formed a body of sixteen officers and three hundred and thirty soldiers, beside a commissary, a clerk, a doctor and a surgeon—three hundred and forty-eight in all. They were escorted to the end of the French settlement, nine miles, and twenty Acadians were detailed to accompany them to (Continued on page 7.)

GOOD HEALTH AND GOOD SPIRITS

Depend upon the Condition of the Blood—Keep it Rich, Red and Pure.

When a doctor tells you that you are anaemic, he simply means, in plain English, that your blood is weak and watery. But this condition is one that may easily pass into a hopeless decline if prompt steps are not taken to enrich the blood. Poor, weak, watery blood is the cause of headaches and backaches, loss of appetite, poor digestion, rheumatism, neuralgia, nervous irritability and many other troubles. To poor blood is due the pimples and blotches, the muddy complexion that disfigures so many faces. To have good health, a good complexion, and a cheerful manner, the blood must be kept rich, red and pure. This is easily done through the use of a blood enriching tonic like Dr. Williams' Pink Pills. The whole mission of this medicine is to help enrich the blood which reaches every nerve and every organ in the body, bringing with it health, strength and new activity. That is why people who occasionally use Dr. Williams' Pink Pills always feel bright, active and strong. Mrs. E. E. Cook, Simcoe, Ont., gives strong testimony to the value of Dr. Williams' Pink Pills when the blood is in an anaemic condition, she says: "I have been a sufferer for some years from a run down condition of the system. I suffered from pains in the back, twitching of the nerves and muscles, my appetite was poor, I had indigestion and would get drowsy after eating. My hands and feet were almost always cold, and though I was constantly doctoring, the medicine I took did not help me. I had practically given up hope of good health, until a friend from Hamilton came to visit me, and urged me to try Dr. Williams' Pink Pills. It took some persuasion, but finally I consented to try them. I have reason to be grateful that I did, for after using seven boxes, I felt like a new person. I have gained in weight, have a better color and my work is now a pleasure. For this condition my thanks are due Dr. Williams' Pink Pills, and I cannot praise them too highly."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GROCERS TAKING LESS PROFIT ON MANY LINES

Red Rose Tea People Make a Further Statement

Some of our friends among the grocers, in speaking of our letter to the press on grocer's profits, have indicated that apparently it has been construed by some readers to mean that Red Rose Tea was the only article on which the grocer takes a smaller profit, in order to give his customers a higher quality. It was not our intention to convey such an impression as we know that most grocers sell well known brands of other goods at less profit than they could make on some brands equally well known, and for the same reason that they recommend Red Rose Tea, simply to give their customers the best possible value. In our letter we mentioned Red Rose Tea because it naturally came first in our mind and because we knew that grocers were selling it at a less profit than they make on other teas.—T. H. Estabrooks Co., Limited, St. John N.B.

THE KETTLE ALWAYS HOT

There's many a house of grandeur, With turret, tower and dome, That knows not peace nor comfort, And does not prove a home, I do not ask for splendor To crown my daily lot; But this I ask—a kitchen, Where the kettle's always hot.

If things are not all shipshape, I do not fume nor fret; A little clean disorder Does not my nerves upset. But one thing is essential, Or seems so to my thought, And that's a tidy kitchen, Where the Kettle's always hot.

In my Aunt Hattie's household, Though skies outside are drear, Though times are dark and troubled, You'll always find good cheer; And in her quaint old kitchen, The very homeliest spot, The kettle's always singing, The water's always hot.

And if you have a headache, Whatever the hour may be, There is no tedious waiting To get your cup of tea. I don't know how she does it, Some magic she has caught, For the kitchen's cool in summer, Yet the kettle's always hot.

Oh, there's nothing else so dreary In any household found As a cold and sullen kettle That does not make a sound. And I think that love is lacking In the hearts in such a spot, Or the kettle would be singing, And the water would be hot. Ella Wheeler Wilcox.

ROD AND GUN

Canadians have long known the wonders of big game hunting in Canada, but this month's ROD AND GUN IN CANADA contains an American's impression of what he terms his greatest big game hunt. Morris Ackerman, the famous American writer and big game hunter visited British Columbia last fall and with camera and pen tells an interesting story of big game hunting in his own inimitable manner. In addition to this article, there are sixteen stories and articles dealing with the great outdoor life in Canada. The writers include Bonnycastle Dale, F. V. Williams, A. Bryan Williams, Harry M. Moore and others equally well known to the readers of Canada's premier sporting monthly. The various departments are are up to their usual high standards in this issue. ROD AND GUN IN CANADA is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

Statistics, it is declared, show that the average woman walks two miles every time she prepares a meal.

Town of Wolfville

Office of Town Clerk and Treasurer.

Notice is hereby given that the assessment roll of the town of Wolfville upon which the rates will be levied in and for the said town for the year 1921 has been filed in the office of the undersigned, the town clerk, and that the said roll is open to the inspection of the ratepayers of the town.

And further, take notice that any person, firm, company, association or corporation assessed in such roll, who claims that he or it is over assessed on such roll, may, on or before the tenth day of February next, give notice to the undersigned, the town clerk, that he or it appeals from such assessment, in whole or in part, and shall in such notice state particularly the grounds of objections to such assessment.

And further take notice that if any person assessed in such roll claims that any person, firm, company, association or corporation has been omitted or wrongly inserted in such roll, he may, on or before the tenth day of February, give notice in writing to the undersigned, the town clerk, that he appeals in respect to the assessment or non-assessment of the said person, firm, company, association or corporation and shall in such notice state particularly the grounds of his objection.

Dated Wolfville, this 29th day of December, 1920. H. Y. BEMFORD, Town Clerk.

'JES' RIGHT.

(From the Boston Herald) Sir: After purchasing a quart I found it corroded my zinc-lined interior, so I gave it to Al, our saddle-colored janitor. Later I asked him how he found it. He replied, "Jes' right, Cap'n, jes' right." "What do you mean, 'jes' right?'" said I. "Well, suh, Cap'n, if it had been any better you wouldn't have give it to me, and if it had been any wusser I'd a died. It was jes' right."

Canada has 1,338 Baptist churches.

FALSE QUOTATIONS

"Charles is very interesting," said the stockbroker's daughter. "What does he talk about?" inquired her father. "Why he's ever so well posted in Shakespearean quotations." "My dear," said the financier sternly, "don't let him deceive you. There's no such stock on the market."

**PERSONAL LIBERTY**

The Casket of Antigonish, has been discussing in its editorial columns the personal liberty aspect of prohibition. The line of argument is so reasonable that it deserves to be quoted:  
 "Walk to the right," said a policeman to us, (and others) the other day "Do ye think ye're the only people on this sidewalk?"  
 Thus he invoked the limitation of a natural right; and we, recognizing the right of the state to limit natural rights, in many respects, and, of course, not wishing to be arrested, walked to the right, somewhat hastily, too, as one who had justly been found fault with, and desired to be correct. We must "walk to the right," and drive to the left (in Nova Scotia); and draw up a vehicle only on one certain side of a street; we must not carry a pistol without a permit; we must not store gunpowder except in certain places; we must not drive a car more than so many miles an hour, nor drive it past a standing street car; we must not use an uncertified scales, even though it be quite correct; we live and walk and ride and buy and sell and do a thousand things under rule and regulation which limit our natural rights. How, then, is it possible to condemn prohibition on the ground merely that it curtails a natural right? Our natural rights are curtailed in a thousand ways and must necessarily be so in public community life.

**WORTH IMITATING**

On New Year's Day every Chinese has a birthday. He may have been born in April of September, but in that highly systematic land, where every hour is needed for making a living, all the men, women and children save up their birthdays until New Year's. Then, having attended to the matter all in a body, they can go back to their work without wasting any time on unnecessary holidays. And what is still more practical, every Chinese tries to pay on that day the last penny that he owes. If he cannot face the world on New Year's Day a man free from all debts he feels deeply mortified and stays within doors.

**Well Satisfied With Baby's Own Tablets**

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Her use of them leads her to believe there is no other medicine to equal them for any of the many minor ailments of childhood. Concerning them Mrs. Eugene Boisvert, East Aldfield, Que., writes: "My baby was terribly constipated, but after the use of Baby's Own Tablets he is entirely well again. I am so well satisfied with the Tablets that I lose no opportunity in recommending them to other mothers." The Tablets are sold by Medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**NOT ALL ABOUT HOCKEY**

The following article contributed by Mr. N. W. Eaton to the columns of Forward, the organ of the Sons of Temperance, is very much apropos just now and we gladly give it place. Mr. Eaton, who for the present is a resident of Wolfville, is Grand Worthy Patriot of the Order, and well known throughout the County.

Every country appears to have some form of amusement which is indigenous, possibly attributable to geographical position or to the disposition of its population.

Sometimes it is difficult to find any explanation for the particular variety indulged in by some races, but whether it be Kite-flying, Bull-fighting or Shillalah twirling, it has its effect upon the people.

Probably no diversion has had wider scope on this continent than that described by Mark Twain as the "National Pastime, road-making," and without question, no sport could make a stronger appeal to the virility of a nation, (and be endorsed by climatic conditions from eastern to western boundary for three months of the year,) than the game of hockey makes to Canada, and for that length of time it is our National game.

A great game it is, filled with sinuous grace, dexterity, nimbleness of wit and feet, loyalty to locality and some bruises. From it we look for increased vigor and a wholesome broadening out of our vision of mankind, providing we keep it up to the standard of clean sport.

As intimated in the headline, this article is "not all about hockey," technically or in substance, but will pertain to it and other features in the great game of Life.

I believe, we as Canadians wish to be sportsmen and "play the game," and if, by any chance our approach is hastily, we have that inherent quality which will seek to remedy any "off-side play" when made conscious of. We are creatures of habits, many not commendable, some of them borrowed with not a few acquired recently and chargeable to the war.

Would it not be well to sift these habits and if possible rid ourselves of those that interfere with "the Game?"

It is now said that Jazz was a creation of the War, and now that we are approaching a normal condition of mind, will cease to exist, no doubt carrying with it the barbarous contortions and antics designated as trots, one steps, etc., the indulgence in which to the exclusion of dancing to true music, has favored a thoughtless habit to say the least.

We are told that our cosmopolitan make-up has had great influence on our customs; that each foreign element in our immigrants has contributed some feature to our life. To what extent we can credit the Doukabour for much of our present style of dress, we know not, but certainly he had "Lo the Poor Indian" (immortalized in verse) completely out-classed, and we are pressing onward. Why not be Canadians and let our visitors copy from us?

We winked at the cigarette habit during the War, though it undermined the health of an army of our boys, and we are still winking, and peering through a cloud of smoke in our endeavours to watch a game of hockey, or to enjoy some function in company with our wife, sister, or somebody's sister, while the players or entertainers are inhaling most unwholesome gases to the detriment of themselves and their activities. Shake up this habit and look at it please, and I am confident that no Canadian will indulge in practices that interfere with the enjoyment of his neighbor or detract from the efficiency of the husky band of lads who furnish us with pleasure through the winter.

I know we can think of numerous habits which need overhauling, and in closing, pardon me for mentioning one habit or custom which is followed in many Church services, for which in some cases there may be an excuse, not made clear to the rank and file. This is the habit of deleting the hymns, omitting one, two or three verses of some grand poem which expressed a helpful message and is a product of concentrated thought of a master.

The Dominion Government will be petitioned to proclaim that Thanksgiving Day and Armistice Day fall simultaneously on Nov. 11th, and be a National Holiday.

"Production of coal is above normal" And so is the price.

**To Become Wealthy**

*Is an Ambition that is Cherished by Many.*

**BUT OF 100 MEN—**

**ONE** only will be wealthy—

**FOUR** will be well-to-do and able to enjoy comfort and recreation—

**FIVE** will still be working for a living with no prospect of relief from drudgery—

**THIRTY-SIX** will have died; in many cases leaving families enduring hardships—

**FIFTY-FOUR** will be dependent upon friends or relatives or charity.

You, perhaps, have the same ambition. At least, you want to be well-to-do later on, and able to enjoy life in comfort and independence.

**What are Your Chances?**

Experience shows that of 100 average healthy men 25 years of age the following will be true at 65:

- 1 only will be wealthy.
- 4 will be well-to-do.
- 5 will be compelled to go on working for a living.
- 36 will be dead.
- 54 will be dependent upon relatives, friends or charity.

**Facing These Facts—**

can you afford to go along in a haphazard way without a definite plan of saving and investment; uncertain whether you will be well-off or an object of charity.

**The responsibility rests with You**

It depends upon how you save and invest. There need be no such uncertainty about your future if you adopt the safe and definite plan of setting aside a deposit regularly each year for a Canada Life "Endowment at 65".

**It will guarantee you in Cash—**

at age 65, the sum of

**\$1,000 \$5,000 \$10,000 \$20,000**

or more, depending on your ability to save.

**It is a Certainty**

The full amount of your policy will be paid in any case, whether you live or die. Other investments may depreciate in value or fail. We offer you a certainty. The guarantee will take care of your home, or your business, or your personal interests, as nothing else can.

**Profits will hasten maturity**

If the profits be allowed to remain at your credit each year instead of being withdrawn, the face of the policy will be payable to you before you reach 65.

Whatever your circumstances may be later on in life, you will welcome this fund of a few thousand dollars. You may need it then.

The coming into effect of the non-importation law, which virtually makes Nova Scotia as dry a country as legal suasion can ever make mankind, took place at midnight on Monday. This marks a most important epoch in the history of the Province and should mean much for the sobriety and prosperity of our people. Those who have at heart the best interests of their fellows cannot afford, however, to rest on this accomplishment. Probably at no time in the history of Nova Scotia was necessary more educational work in the interest of the great reform than now. Of late years too much dependence has been put in securing of legislation which alone can never make a sober people.

Elsewhere in this issue we publish an interesting article from the Educational Review for January from the pen of Mr. W. C. Milner, of the Department of Archives. "The Grand Pre Disaster of 1747" will be of special interest to readers of THE ACADIAN as the writer is now a resident of

Wolfville. Mr. Milner is an able and pleasing writer and is naturally an authority on historical data relative to the Maritime Provinces. For many years he was the publisher of the Post at Sackville, N. B., which under his management was one of the leading papers in New Brunswick.

The little town of Middleton has adopted a policy which has been advocated by THE ACADIAN for some time, namely, the holding of a public meeting annually for the discussion of town affairs. We believe that such an institution would be of real value in Wolfville. At the meeting held in Middleton the other day the reports of the various departments of the town government were read and discussed and an opportunity was given for citizens to ask questions and get acquainted with town affairs. The result cannot fail to be beneficial. The meeting should not be a time of carping criticism but an occasion for interchange of ideas in the public interest.

### THE NAMES OF OUR STREETS

TO THE EDITOR OF THE ACADIAN:

Dear Sir: Will you permit me to heartily endorse what "No Increased Taxation" in his letter says on the above subject. The names of most of our streets are absolutely meaningless. Now place names of all kinds should as far as possible mean something and not be chosen for mere prettiness, like the woman who named her daughter "Malaria Pneumonia" because as she said it "sounded so sweetly pretty." A very large number of our streets it seems to me, have been named on the same principle.

They mean nothing at all. Why shouldn't we perpetuate the names of some of our eminent men or old and respected pioneer families in our streets. I have often asked this question and never could get a satisfactory answer.

Why, for instance, wasn't the street running from Main to the school house, known by some absurd fancy name which I forget at this moment, named Rand St. Most of the land through which it passed was given by the late George Rand, in his day and generation a worthy unselfish citizen and member of an historic Nova Scotian family. One would have imagined that the opportunity of perpetuating the name would have been eagerly seized. The town in honoring this remarkable family would have done

honor to itself. When I came to Wolfville what is now called Westward Avenue was generally colloquially referred to as Star Avenue. Why was this dropped? Why shouldn't the name of this family, which has lived for 160 years in the neighborhood through seven generations from father and son, and held an honorable position in the community, be duly commemorated.

I join with "No Increased Taxation" in asking why we have no Cramp or Crawley streets to the memory of two, in their way, really great men, and why not a Tupper St. There is plenty of material to work on.

Perhaps the Civic Club might take the question up.

Yours truly,  
R. F. DIXON.

An act to bring vacant farms in Nova Scotia into use will be introduced at the next session of Legislature, according to a resolution discussed at Halifax last week by the delegates to the Labor convention. This resolution, though passed, is to be redrafted by the executive of the party, after consultation with the Great War Veterans, and provides that returned men will be entitled to claim farms which have been vacant for 10 years or more on similar terms to those under which persons can claim homesteads in the unoccupied areas of the west.

### CARD OF THANKS

The members of the family of the late Ethan A. Davidson desire through THE ACADIAN to express their sincere thanks for all the acts of sympathy and helpfulness of which they were the recipients during their recent bereavement.

There was a spirited contest for the Mayoralty at Kentville on Tuesday, the contestants being Ex-Mayor A. L. Pelton, and Councillor A. E. H. Chesley, of the D. A. R. Mr. Pelton was successful. The new Councillors are, Dr. Burns, Dr. McGrath and Frank Whitman.

**Items of Local Interest**

Mr. and Mrs. Philip H. Hamon have our thanks for wedding favors received. The Ministerial Association met at St. John's rectory on Monday evening. A paper was read by Rev. R. F. Dixon on Church reunion.

Manager Mason of the Opera House is a firm believer in the efficiency of advertising. He uses plenty of space and gets results. His full-page adv. in this issue contains much good reading.

The Temperance Hall property has been sold by the trustees this week to Miss Flo M. Harris, who intends using the store for her own business when the present lease expires.

Mrs. Henry Lawrence Southwick has been engaged by the Pierian Society of Acadia Seminary for Tuesday evening, Feb. 22nd when she will give one of her impressive readings. Reserve the evening.

The members of St. George's Lodge, A. F. and A. M., are arranging to hold a reception in their hall on Monday evening Feb. 14th, at 8 p. m. All Masons and their wives and non-affiliated Masons are invited. Should any of these fail to receive invitations they may be secured by applying to Dr. Oakes.

Lingley Hall, one of the most important buildings in connection with Mount Allison University, was completely destroyed by fire on Monday night. The estimated loss is about \$10,000, partly covered by insurance. Lingley Hall was erected in 1860 and was used as a convocation hall up to 1912, when it was enlarged and equipped for use as a gymnasium.

The Dominion Atlantic Railway has prepared some twenty-two films dealing with subjects of interest to Nova Scotians in continuance of its agricultural film campaign. The pictures, all taken in Nova Scotia, appeal chiefly to the agriculturist, and contain much valuable information. They are being furnished free by the company for public use.

Wolfville is to have a visit again next week from the Urban Stock Co., which is to be at the Opera House on Monday and Tuesday evenings. On its visit here last fall the company made a fine impression upon theatre-goers who will be glad to welcome them back. On Monday evening the play will be "A Crimson Alibi" and on Friday evening they will present "The Little Shepherd of Kingdom Come."

At a meeting of the Chautauqua guarantors held on Friday evening at the office of the secretary, Mr. H. E. Woodman it was unanimously decided to ask that the contract for 1921 be cancelled in view of the loss of College Hall and the consequent lack of a place to hold the entertainments next autumn. It is regretted that this step is necessary, and it is hoped that in 1922 the program may be continued.

Another muddle has occurred in town affairs which will necessitate the holding of another election. It seems that according to the law Mr. Wheaton should have resigned the office of town weigher in time for his resignation to be acted upon by the Council previous to nomination. This was not done, although the same situation prevailed some years ago and Mr. Wheaton was disqualified. This year it was allowed to happen again, with the result that town business is held up and the town will be put to considerable additional expense. At the meeting of the Council on Wednesday evening the clerk was instructed to proceed to make arrangements for the elections as soon as the date is fixed by the government.

**Coming Events**

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

**Valentine Supper**—Don't forget the Philathea Valentine Supper, February 12. Come and bring your friends.

A Pantry sale will be held on Saturday afternoon, Feb. 5th, at the home of Mrs. J. W. Vaughn, under the auspices of the W. C. T. U.

The annual meeting of the Sir Robert Borden Chapter, I. O. D. E., will be held in the Town Hall, on Tuesday, Feb. 8th, at 3.30 p. m. The annual fees are due at this meeting.

Mrs. Henry Lawrence Southwick has been engaged by the Pierian Society of Acadia Seminary for Tuesday evening, Feb. 22nd when she will give one of her impressive readings. Reserve the evening.

**MAYOR FITCH WRITES ON BONDED DEBT.**

TO THE EDITOR OF THE ACADIAN: Dear sir: Permit me through your columns to say a word in reference to our bonded debt which apparently is not clear to the minds of some of our Citizens, according to C. M. G. in last issue. Undoubtedly the Electric Light bonds should have been put in the list of liabilities with the other debentures. The electric Light plant belongs to the Town and is managed by a commission appointed by the Town.

Bonded debt as follows:

Water debentures	\$46000.00	
School	8000.00	Unsold
Sewers	20500.00	\$2000.00
Streets	36000.00	13000.00
Electric Light	25000.00	8400.00
Total	\$135500.00	\$23400.00

Of the above amount \$23400.00 are still unsold which leaves the amount actually expended \$112100.00. Of the amount unsold \$8400.00 are Electric Light bonds, and will be sold as soon as a good offer is received and the receipts used towards paying off the electric Light debt.

Against this debt we have what it stands for, worth probably double what we have paid for it and also \$7510.00 in sinking funds. And a lot of valuable timber on our water shed lands. When we look at it from all sides I think we have good value for the amount of our debt. Thanking you Mr. Editor for the use of your columns.

C. S. FITCH, Mayor.

**ACADIA NOTES**

The Freshman class of the University were "At Home" to the faculty and students of the three institutions on Saturday evening in the Acadia Memorial Gymnasium. There was a large attendance and a very pleasant evening was spent by all. The chaperones were Mrs. G. B. Cutten, Mrs. H. G. Perry and Mrs. W. A. Coit.

The third debate in the inter-class series was held on Tuesday evening between the Senior and Sophomore classes, and resulted in a win for the Seniors. The Sophomore class held their annual sleigh drive on Wednesday evening. At the close of the drive the class repaired to "The Palms" where a splendid supper was served by mine host Young.

In the old days the cynic remarked that beauty is only skin deep, but now he concedes that it is frequently knee high.

**The Acadian Classified Advertisements**

**RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS**  
First insertion, 2 cents a word. One cent a word each subsequent insertion; minimum charge, 30 cents per week.  
If so desired, advertisers may have replies addressed to a box number, care of the Acadian. For this service add 10 cents.  
THE ACADIAN is not responsible for errors in copy taken over the phone. Contract rates on application.

**WANTED**

**Wanted to borrow**—\$2500, All first mortgage security. Apply to Box 368, Wolfville.

**Wanted**—A maid for general housework. Apply Mrs. Phipps, Bank of Montreal, Wolfville.

**WANTED**—Clean cotton rags, free from lint, buttons, etc., and suitable for wiping machinery. Will pay 10 cents per lb. THE ACADIAN Office.

**WANTED TO BUY**—If you would like to turn into cash that something you don't need, try a "For Sale" Want Ad. The cost is trifling. You are reading this ad., others will read yours.

**FOR SALE**

**For Sale**—A splendid assortment of Tally Cards at THE ACADIAN store.

**For Sale**—New Cook Stove, never been used. Apply to J. W. Vaughn.

**For Sale**—Ford car in first class running order. \$475 cash or \$500 terms. Apply to Philip Ilsley.

**THIRTY CENTS** paid in advance for an advertisement in this column will find you a buyer or locate the article you want. It will pay you.

**PRINTED ENVELOPES** cost little more than plain envelopes, and they give a much better impression to your customers and correspondents. Ask THE ACADIAN Job Department for samples and prices.

You can always depend upon the enmity of your enemies, but there are times when you cannot depend on the friendship of your friends.

**MISCELLANEOUS**

**OFFICE TO LET**—Apply to THE ACADIAN.

Skates sharpened and put on boots by S. L. Murphy, at Evangeline Rink.

When preparing for your next "Bridge" party get your tally cards at THE ACADIAN store.

Furniture repairing and upholstering done by S. L. Murphy, Main Street. Opposite "The Palms."

I know who took the Barometer Tuesday night. If it is not replaced, the person will be arrested. Mrs. H. E. Starr.

New stock of valentines just arrived at THE ACADIAN store. See our splendid assortment before going elsewhere.

Some new view cards at the Graham Studio—The Public School Skating Rink, High and Low Tides, "Bird's Eye" view of University Buildings.

Get free illustrated catalogue fruit and mixed farms offered in rich beautiful Annapolis Valley. VALLEY REAL ESTATE AGENCY WOLFVILLE, N.S.

**TENDERS**

are asked for up to February 1, 1921, for the purchase of one or several blocks of choice building property. Situated on Main street and Kent avenue as shown on surveyor's plans. No tender necessarily accepted.

Stackhouse Bros.

**APPRECIATED**

A former Wolfville boy, Mr. John Eastwood, in remitting the subscription price of THE ACADIAN writes: "You certainly ought to be congratulated upon the fine paper you are now putting out, but I suppose you are only keeping pace with the fast growing little city. It is certainly good to read about one's home

town. The familiar names bring back pleasant remembrances." Mr. Eastwood, with his mother, is now located in Los Angeles, California, where he holds the responsible position of treasurer and manager of the Hughes Ice Cream Company. Many old Wolfville friends will join THE ACADIAN in congratulations and best wishes.

The Thrill of a Life Time is Offered in the Greatest African Jungle Story Ever Filmed

# THE LOST CITY

-- Featuring --

Juanita Hansen  
George Chesebro  
Frank Clark  
Hector Dion

A Story That  
Pleases Every One  
From 5 Years  
Old To 90

A Wild Animal Serial of 15 Episodes that has Startled and Thrilled the World

**"THE LOST CITY"** Is a distinct surprise in Serial Production, going further in its Thrills and Sensations than anything yet produced for the Screen.

Deep into the jungle went the daring company of players to enact this thrilling and intensely dramatic story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands, uncivilized people and ferocious beasts.

**Others Playing Their Parts in This Gigantic Production**

Lions, Tigers, Leopards, Hyenas, Elephants, Camels, Gorillas, Chimpanzees, Monkeys, Zebras, Giraffes, Alligators, Water Buffalo, and many other wild animals.

Thousands of African natives.

Seventeen months' time was necessary to make this Serial.

\$4,500.00 was spent for arms and ammunition.

Approximate valuation of animals actually slain during production, \$95,000.

Approximate valuation of production, \$750,000.

WITH THE OPENING OF THE LOST CITY WILL BE SHOWN THE LAST EPISODE OF THE VANISHING DAGGER.

ALSO A 5 REEL PICTURE

## "WANTED A HUSBAND"

**LAUGHTER and TEARS**

Bring them with you when you come to see

### MARY MILES MINTER

in "Anne of Green Gables"

from the four "Anne" Books by L. M. Montgomery

Directed by WM. D. TAYLOR

You'll need them! And you'll need to hold your sides, too, to keep from splitting over the antics of "orphant" Anne. Really, she ought to have been a boy!

She gets into more trouble than the proverbial barrel of monkeys, BUT she always manages to get out again.

But then, she has a "serious side," also, and well did the villagers know it. Especially the Pie family!

THIS IS A FAMILY "PICTURE." BRING THEM ALL ALONG!

also

A GOOD CLEAN COMEDY

SHOW STARTS AT 7.30 p. m.

PRICES 20-35c.

**THE GRAND PRE DISASTER OF 1747.**

(Continued from page 2)

the outskirts of Port Royal. The English and French accounts do not agree as to the losses. By the French report the English losses were:

Killed	140
Wounded	38
Prisoners	54

while the French losses were: 7 killed. By the English account the English losses were:

Killed	75
Wounded	60
Prisoners	69

And French losses were:

Killed	7
Wounded	14

Amongst the French wounded were de Villiers and Lusignan—the latter had his thigh broken and a wound in his shoulder. The French left Grand Pre on the 11th February, taking with them three prisoners and four captured flags and arrived at Beaubassin on the 25th, where they met an order to return at once to Quebec. They left M. de Repentigny there with 30 Canadians and about 40 Indians, which were also withdrawn later to Quebec thus practically abandoning Acadia for the time.

Chevalier La Corne was a son of the Town Mayor of Quebec in 1719. He possessed an intimate knowledge of the Indian language—which made him an exceedingly useful officer. In 1749 he was sent back to Beaubassin with about 2,500 men. He sent a flag of truce by an officer to Fort Lawrence, which was met by Mr. Howe. They parleyed across the Missisquoi river for some time, and after separating, Howe, surprised by Copt, an Indian, concealed behind the dyke, was shot dead. This act of treachery was indignantly repudiated by the French officers at Beaubassin, who claimed that M. de Loutre instigated it. La Corne distinguished himself at the siege of Quebec (1759) in command of a Colonial battalion.

Colonel Noble was an Irishman by birth, a native of Enniskillen. He emigrated to America in 1720. He was commissioned Feb. 5, 1744, Lieutenant Colonel of the 2nd Massachusetts Regiment and Captain of the Second Company for the expedition against Louisburg. Previously to embarking on which, he made his will, in which he bequeathed his property to his brothers James and Francis his son Arthur and his daughter, Sarah Lithgow. He left a large estate.

The place of interment of Colonel Noble and his command is at Crane's Corner, Grand Pre Village, in an apple orchard, owned by Mr. R. Leard. Old French apple trees are still in evidence there. There is no tablet, stone or other memorial to mark the final resting place of these brave men who died for their King and Country.

The site of the stone house has disappeared and no local traditions show where it existed.

It argues a lack of conception in the popular mind of the value of those national ideals for which brave men faithful unto death laid down their lives, when the elements alone break their solitary repose; summer's sun smiles on the turf above them and winter's blast beats a requiem over them.

This disaster created no little consternation in New England and no doubt operated a powerful stimulus in forcing those measures subsequently adopted to drive the people of French descent from Acadia.

**COMING TO CANADA.**

R. T. Farrell, a British merchant, in an interview in Toronto, said: "The coming year will see the biggest flow of immigration into this country that there has ever been seen." He said that in England the Salvation Army had applications from thirty thousand people who wished to come to Canada.

Besides there were ten thousand ex-soldiers anxious to come to Canada and who would be brought out, Mr. Farrell said, under the Imperial Government land settlement scheme. He added that it was thought in England that the Canadian immigration regulations requiring an immigrant to possess \$250 would be considerably relaxed in the Spring.

**Don't Use Drugs for Constipation**

Bathe Internally—the One Natural Way.

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal Bathing with the J. B. L. Cascade is the only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble.

Mr. F. Babin, Proprietor, Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another. Through my recommendation I know of a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation, I say it is a godsend, and can heartily recommend it."

The J. B. L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million enthusiastic users. Ask to have it explained to you at A. V. Rand, Druggist, Wolfville, or write for booklet to Tyrrell's Hygienic Institute, 163 College St., Toronto.

**SUGAR AS A FOOD**

It has been said that the financial standing of a nation can be judged by the amount of sugar that the nation consumes. But to many persons sugar is simply an accessory or condiment to be used in making certain of the staple foods palatable; and one of the unnecessary, to be removed from the list when strict economy in food is imperative. This was the view of a graduate of one of our best women's colleges, who asked if there really was any food value in sugar.

It is, in fact, of all the foods our quickest source of energy, and almost our cheapest. Only the cereals in their coarsest form offer more nourishment for the same expenditure. No other food has nature stored up for us in a form so near the form in which our bodies can utilize it. We actually transform a spoonful of sugar into body energy in half an hour or less.

This quick efficiency has been found useful by athletes and by soldiers on forced marches. Even the horse can testify that a lump of sugar helps win the race.

Pound for pound, sugar gives a higher fuel value or working power to the muscles than does beans or peas or the cereals when sold in breakfast food forms. It furnishes twice as much for the money as cheese, and six times as much as beef at the average price.

Since sugar is purely an energy food, it is necessary that a proper balance of muscle-making food go with it; and since an excess of sugar may cause serious disturbance in our "preparatory departments," a guard has been set: the appetite, which normally refuses more sugar than the system can well take care of.

The tendency to fermentation on the part of some of the sugars causes much discomfort in digestion, and has led many persons to look upon all of them as dangerous and indigestible. The tendency can usually be overcome by a more careful selection of the kind of sugar used, and the amount eaten at one time.—Western Home Monthly.

**JOHN SMITH'S HOUSE**

(From the World Wide)

The meeting was interrupted by the entrance of one who made his way to the platform and whispered excitedly to the chairman.

"Is Mr. Smith in the audience?" broke forth the presiding officer. "I am informed that his house is on fire."

Forty men sprang to their feet.

"It is the house of Mr. John Smith," added the chairman.

"Thank goodness," fervently exclaimed one man, resuming his seat.

**Canning AND VICINITY**

Canning for the first time in its existence was lighted by electricity Friday evening, the lights being turned on all over town at six o'clock. It was hard to realize that at last Canning was lighted by electricity, something that has been looked forward to for years. Much credit is due to the water commissioners for the manner in which the work has been pushed forward, and to Messrs. Wright and Jodrey of Wolfville, for their enterprise.

The death is reported of Newton Corkum at his residence, Scott's Bay, at the age of 74. Mr. Corkum married Udavilla, daughter of Mr. and Mrs. Bennett, of Scott's Bay, by whom he is survived.

S. H. Payne and E. P. Donat, of the Entomological staff, of Annapolis Royal, have completed an inspection of the farms of Canning and vicinity, and report very few brown tail moths.

Mr. and Mrs. Albert Harris, Canning, celebrated the 55th anniversary of their marriage, Jan. 24. Mr. Harris, who was the son of William and Eunice Harris, of Wolfville, married Lucilla, daughter of John A. and Elizabeth Chipman of Church Street, Cornwallis, Rev. A. S. Hunt performing the ceremony. The children are Herbert, deceased, Clifford R., of the Southern States and Miss Mable, residing at home.

Mrs. Alfred Dickie, 95 South Park Street, Halifax, and who celebrated her 91st birthday, is a sister of Mr. Harris. Mr. Harris and Mrs. Dickie are the remaining members of a family of nine.

Friends of Mr. and Mrs. Amos B. North, of Canning, gathered on Jan. 25 to celebrate the 55th anniversary of their marriage. Mr. North, who was the son of the late Samuel B. and Lavinia North of Canning, married Sarah M. daughter of Mr. and Mrs. Patterson, of Perceux, the marriage being performed in the Methodist Church, Canning by the late Rev. James Hennigar. The children are: Miss Hattie, of Boston; Eva, wife of Frank M. Howard of Andover; Blanche, wife of George N. Greenough, of Canning; Zetta, wife of Pringle Kelly, of Andover, and Harold, residing at home.

H. A. Brown, Canning has arrived in Hamilton Bermuda, where he will spend the winter, being engaged in the construction work of a \$150,000 hotel for the Bermuda Development Co. Mrs. Brown and family will remain in Canning for the winter.

Miss Alice Jess, of Scott's Bay, is the guest of Miss Mable Brown.

Asal Bentley, son of Mrs. Avery Bentley of Delhaven, has accepted a position in Mobile, Alabama.

Miss Bertie Brechen, returned from Halifax, where Mrs. Brechen who is a patient at the Halifax Infirmary, is improving.

**Rheumatic Pains**

Accomplished in a few days by taking 30 drops of Harvey's Syrup after meals and before retiring. It dissolves the lime and acid accumulations in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Harvey's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or neuritis. It removes the cause. 50¢ a bottle at drug stores.

**BABY SLEIGHS**

Latest styles, handsomely finished in red, green or white enamel, some of them with hoods.

\$4.50 to \$21.50

Mr. E. Percy Brown was in Halifax on Wednesday attending a meeting of Boy Scout Leaders. The meeting decided to hold a big sport day for the Scouts of the whole Province early in July.

**SCHOOL EXTENSION**

TO THE EDITOR OF THE ACADIAN:  
Dear Sir: I read your editorial in last week's paper on the school question and was greatly interested. Your suggestion seems to me the best yet offered for the solution of a difficult problem.

The School Board should give the matter the fullest consideration and certainly take the public into their confidence before arriving at a decision. The citizens want good schools at minimum price, taking efficiency into account. Board have a weighty question to settle and need all the wisdom they can summon to assist them.

**MARRIED**

Mr. Bowers D. Smith, of Melançon, and Miss Leona N. Dakin, of Grand Pre, were united in marriage on Wednesday evening by Rev. Dr. MacDonald.

The Women's Institute are making preparations for a social to be held on Valentine night, Feb. 14th.

Mr. George Bennett is taking a bus-

ness course at the Academy. Friends of Mrs. John Brown will be pleased to know she is slowly improving in health.

Canada's fire loss is per capita \$3.50, the heaviest in the world, as compared with 47 cents per capita in England.

The textile mills in the New England States are opening in many cities. There is a reduction in wages, but quite an improvement in business.

**COULDN'T BE DONE**

At an evening party one of the guests stood in a corner yawning.

"Are you very much bored, sir?" asked his neighbor.

"Yes, dreadfully," was the answer.

"And you?"

"Oh, I am bored to death too."

"How would it do to clear out together? What do you say?"

"I'm sorry I can't; I am the host."

**MT. ALLISON OF THE PAST**

Mount Allison, founded in 1843, to provide the means of higher Christian Education for the young men and women of limited means of the Maritime Provinces, has been carrying out just that programme.

Within her doors have been educated some of Canada's most brilliant men and women; her record is one of the most enviable of all educational institutions of the Dominion in both times of peace and times of war.

**Mount Allison of Today**

Today she is carrying out the traditions of the past, accomplishing wonders in overcoming great financial handicaps.

Her present staff of loyal professors and instructors have, almost without exception, been offered positions recently, at salaries from one-third to double the salaries they are now receiving.

Today she is seriously handicapped through lack of adequate endowment that she is daily facing the probable loss of valuable members of the staff through tempting offers from other more wealthy universities.

Today she is laboring in crowded dormitory rooms, study and lecture halls.

**Mount Allison of Tomorrow**

Tomorrow, Mount Allison, if her friends do not fail her now, in this most trying time of need, will bloom forth as one of the foremost institutions of learning in the entire Dominion.

Tomorrow will see her with a student body of from 1200 to 1500, a figure that could be attained today, were facilities on hand to accommodate them.

**MOUNT ALLISON HAS:**

- a realty valuation of \$1,000,000.
- a present endowment of \$366,000 invested at a time when the dollar was worth three times its present value.
- a campus comprising approximately forty acres.
- a group of eight college buildings gracing her campus.
- the best equipped chemical laboratory in the Maritime Provinces.
- 14 professors and 7 instructors in the University alone, and every one of them sadly underpaid.
- a student registration list of 1,040
- a former student list of 15,000.
- educated leaders in every walk of Canadian life.
- graduates on the Supreme Court Bench of every Province in Canada.
- a library of 26,000 books and no place to file them.
- an Art Department, one of the finest in all Canada.
- a Conservatory of Music recognized as the best of its kind in Canada.
- one of the finest preparatory and Commercial Schools in Canada.

**MOUNT ALLISON NEEDS:**

- sufficient endowment to enable her to hold her present staff of professors and teachers, all of whom are sadly under paid and most of whom have received offers from other colleges at salaries from one-third to double their present salary.
- a Library Building in which to house her present library of 26,000 books, half of which, at present are stored in boxes in 10 different rooms—out of circulation, consequently, worthless to the student body.
- Money to establish two new chairs, and assistant professorships in two or more of the present overcrowded departments.
- a Residence for University Girls who are at present quartered in a leased hotel building away from the campus.
- a new Science Building, wherein her excellent laboratory may be made more efficient.
- adequate housing facilities to accommodate a student body of from 1,200 to 1,500 students within the next ten years.
- a new Gymnasium and Drill Hall to replace "Old Lingley" which was destroyed by fire, January 31, 1921.

**MORE HELP NOW, TODAY, THAN SHE HAS EVER ASKED FOR OR RECEIVED IN HER HISTORY OF NEARLY SEVENTY YEARS!**

The week of Feb. 7th to 13th will be known as Mount Allison Week throughout the Maritime Provinces, and during that time an organized effort on the part of 6,000 Christian men and women will be made to secure through two-year subscriptions, the sum of \$500,000, so that Mount Allison may retain her present high position. Surely your interest in Christian education will not suffer the appeal to go unheeded!
