#### Head-Splitting Distress Vanishes Instantly

This Wonderful Curative Linctent Never Fails.

RUB ON NERVILINE.

Neuralgia quickly cured is twice, nay, ten times cured. Little neuralgia pains grow into big ones, but "Nerviline" in ten minutes relieves even the worst ones. Even a single application will remove the nerve congestion that causes the pain.

Nerviline penetrates deeply into the sore tissue, reaches the source of inflammation, drives it out root and branch. Every drop of Nerviline is potent in pain-subduing power, and its

strongest charm lies in the fact that it rubs right in, even to the very last drop. Nerviline is not greasy, and its pain-removing power is at least five times greater in strength than ordinary remedies.

We guarantee Nerviline will cure neuralgia—not only relieve it, but actually and permanently cure it. Just in the same way will it cure lumbago, sciatica, stiffness and rheumatism.

To conquer all muscular and nerve pain, use Nerviline. A large bottle in the home keeps the doctor's bill small. Get the large 50c. family size bottle; it is more economical than the 25c. trial size. Sold by all druggists everywhere.

## 403rd Day of the War

# Latest

## From the Front.

### Messages Received Previous to 9 A.M.

**OFFICIAL.**

**LONDON, Sept. 10.**

The Governor, Newfoundland:

Sir John French reports artillery activity around Ypres; otherwise conditions are normal.

The French Government report artillery struggle continues. In the Vosges, following an attack by the enemy with suffocating shells and burning liquid, some trenches were evacuated but were regained. The enemy temporarily occupied the summit of Hartmannswillerkopf, but were driven back to their lines. French aircraft bombarded the stations at Luttwack and Grand Pre.

The Russians continue their premeditated retreat, holding the enemy at important points.

### HEAVY CASUALTIES.

**LONDON, Sept. 10.**

The officers' casualty lists for the fortnight ended August 30, indicate the severity of the recent fighting in Gallipoli peninsula where the bulk of casualties are announced. They show the British army lost 407 officers killed, 959 wounded, and 136 missing for the fortnight. This number has been exceeded only once in any fortnight since the beginning of the war, 1627 casualties having been announced between May 5th and 18th. The losses of officers since the outbreak of hostilities have now reached a total of 15,840, of whom 4,790 were killed, 9,538 wounded, and 1,352 missing. During the fortnight Brigadier General Baldwin was killed, three other Brigadier Generals wounded, 9 Lieut.-Colonels killed and two reported missing. The Australian contingent has been the greatest sufferer, having lost 68 killed, 150 wounded and 15 missing.

### RAIDS AND RECRUITING.

**LONDON, Sept. 10.**

The answer of the people of London and in the London district to these exercises in frightfulness, may be given in an episode mentioned in the Manchester Guardian by the "Spectator" in commenting on the Zeppelin raids of Tuesday and Wednesday nights. One recruiting sergeant has been addressing a crowd from the debris of the ruined houses and the results have been excellent. The "Daily Mirror" says the reply of London is the great army of recruits. A large number of volunteers presented themselves at Trafalgar Square, and in every part of the country men flocked to the colors. The Evening Standard expresses the hope that the Government will announce its determination to hold the head of the German air-craft service personally responsible for the deaths occasioned by the Zeppelin raids. The "Globe" and other newspapers take the view that every air-raid on London or other English cities should be followed immediately by attacks on such German cities as Cologne, Strassburg, Karlsruhe and Dusseldorf, which are within easy reach of Paris.

### PEACE RESOLUTIONS VOTED

**BRISTOL, Sept. 10.**

The Trades Union Congress, representing more than three million organized English workmen, rejected by an overwhelming vote to-day, a resolution calling on the Parliamentary Committee of the Labor Party to formulate and advocate terms of peace satisfactory to the working classes. Ramsay MacDonald, Labor member of parliament, addressed the Congress. That the members of the Labor Party over-councilled the British workmen to shirk their duty, he added, was a malicious assertion, and nothing but a perversion of the simple declaration, that the Labor Party should look out for itself. The duty of every citizen he said, was to defend the national honor.

### AUSTRIAN MOVE THREATENS

#### ROMANIA

**PETROGRAD, Sept. 10.**

The concentration of heavy Austrian forces on the Rumanian frontier points to serious operations in the near future against Bessarabia and the region of the middle-Dniester, is the opinion of Russian war office officials. It is regarded that the concentration indicates that an offensive move against Rumania is in prospect. The partial evacuation of Kiev already is under way and a number of institutions have been removed. The military authorities consider this to be expedient on the ground that it would lighten the task of the army in the event of that city being threatened seriously.

### GERMAN CONSULS MAY BE

#### DISMISSED.

**WASHINGTON, Sept. 10.**

President Wilson's request for a recall of the Austrian Ambassador Dumba, has broadened into a question involving Capt. Von Papen, military attaché to the German Embassy, Alexander Von Persked, the Austrian Consul General at New York, and possibly Count Von Bernstorff, the German Ambassador. The official view is that the Ambassador, although technically involved, need not be seriously concerned as the military attaché or consul general. It is not unlikely that both the latter may be recalled or dismissed from the country. Coupled with Germany's appointment and unsatisfactory explanation of the sinking of the Arabic after Count Von Bernstorff had given assurance that full satisfaction would be given, it was established that a German submarine had sunk the ship, official Washington views the friendly rela-

tions with the Germanic Power strained more toward breaking point than ever before. The hope that the submarine crisis had been safely passed and that a break between Germany and the United States had been avoided, were displaced to-day by misgivings. Talk of the possibility of breaking diplomatic relations was heard, which involved both the Central Powers, the theory being that Austria, after having her Ambassador practically dismissed from the country, might stand with her ally in her relations with the States. Unofficial reports that second notice had been started from the Berlin Foreign Office for Washington, furnished about the only basis of optimism in official quarters.

### DISSATISFIED WITH REPLY.

**WASHINGTON, Sept. 10.**

President Wilson spent several hours to-day in studying the German note on the sinking of the Arabic. No official comment is made, but it is indicated plainly that the German explanation is disappointing. The German Ambassador assured Secretary Lansing that full satisfaction would be given if it was determined that a German submarine sank the Arabic. Germany's statement that she could not acknowledge any obligation to grant an indemnity is not considered full satisfaction by the officials of this Government. It is understood the States Government will be willing to submit to the Russians the question as to how much indemnity should be paid, but it is improbable it will consent to arbitrate the principle involved. An answer to Germany is expected to go forward promptly.

### GREECE UNSETTLED.

**ATHENS, Sept. 10.**

The conference between Premier Venizelos and King Constantine will probably be protracted over a considerable interval, and until these discussions are completed it is improbable Greece will adopt a definite policy in regard to the international situation. Diplomatic representatives of Austria and Germany are disturbed by this evidence of the forthcoming decision concerning national foreign policy. The task of the Premier whose inclinations toward the entente allies are well known, has been made more difficult by the recent reverses to the Russians which seem to have strengthened the position of the party which opposed intervention in the war and has raised doubts in the mind of the Premier regarding the strength of the allies. Some irritation is produced by what is regarded as an attempt by the allies to influence Greece to make unwelcome territorial concessions to Bulgaria. This feeling is being counter-balanced to some extent by the indignation aroused by the reported ill-treatment of Greeks in Bulgaria. The apprehension regarding the policy of Bulgaria may be described as the key to the situation. Any suggestion that Bulgaria be strengthened seems to blind the Greeks to all other considerations.

### AVOID SUBMARINE ATTACK.

**BRUNNA, Spain, Sept. 10.**

The British steamer Orania has returned to this port after having received notification by wireless shortly after sailing, that a German submarine was off Cape Finisterre. The steamer sighted a sail boat with 20 or more persons on board, supposedly from some steamer that had been torpedoed, but the Orania kept her return course without approaching the small craft, suspecting the German trap.

### FORMING NEW CABINET.

**PETROGRAD, Sept. 10.**

Consultations regarding the forming of the new cabinet are in progress. The cabinet members deputed to hold the conferences are expected to report to the council ministers to-morrow. There is no further talk of an immediate prorogation of the Duma. Everything hinges on the question of the reorganization of the ministry.

### LAURIER UNDERGOES OPERATION.

**OTTAWA, Sept. 10.**

Sir Wilfred Laurier, who was operated on yesterday passed a fairly good night and is resting well to-day.

### PARTICULARS OF THE HIAWATHA

#### EXPLOSION.

Three men are missing and supposed to be dead and three others are in hospital as result of an explosion on the Mtd. schr. Hiawatha, three miles from Halifax, this morning. The schr. was at the Imperial Oil Co.'s pier and had loaded four hundred barrels and one hundred cases gasoline and one hundred barrels of oil, and was to leave for Burin, Nfld. to-day. While breakfast was being conducted there was an explosion supposed to be caused by gas generating during the night. What are supposed to be two charred bodies can be seen on the deck of the schr., which is burning to the water's edge. The wharf is also burning.

**Halifax, Sept. 11.**—Three of the crew of the Hiawatha are dead; Capt. Clarke, Jas. Saunders, and Hooper. The saved are the cook Thos. Fairwell, seaman Kirby, and mate Hussey. Fairwell, besides some burns on his face, had his hands badly scorched, but yet fared better than any other member of the crew except Hussey, whose slight injuries did not require any hospital attendance. Kirby has a fractured leg and is burned on the face. His nose was more severely scorched than any other part of his body. The story of the fatality as given by survivors is in effect that last night the fumes of gasoline were so heavy in the fore-castle that the members of the crew were unable to sleep there, and all went aft and slept in the cabin. This morning when the cook left the cabin to prepare breakfast he lighted a fire. The explosion occurred immediately, and the fire spread to every section of the ship.

### Bombs Like Holts Used To Set Fire to Looted Ships.

### Police Find Curious Link Between Sugar Thefts, Arson and Attack on Morgan.

The fires aboard freighters sailing from New York to ports of the allies, which have already led to seven arrests, were all caused by bombs similar to those found among the effects of Frank Holt, the assailant of J. P. Morgan.

What significance is attached to this police refuse to say, but when Captain Michael Matz of the lighter S.F.S. Mate John Peterson of the same lighter, three other lighter captains, a weight checker and a furniture dealer were held in \$3,000 bonds in the West Side court recently on a charge of stealing sugar from ships, detectives told magistrate McQuade that "a more serious charge" probably would be made against the prisoners when they are arraigned.

The nature of that "more serious charge" would not be explained by Deputy Police Commissioner Guy Scull or by detectives who have been working on the case, but it is quite generally believed to be connected with the many fires on board liners from which bags of sugar had been stolen.

In almost every theft instance a fire bomb was found in the hold of the liner, the bomb consisting of three metal cylinders bound with tar tape and containing sulphuric acid, chloride of potash and sulphur. Combustion occurred when the acids ate through the cylinders and mixed. The police say they found sticks of sulphur in Capt. Matz's cabin.

The men arraigned besides Capt. Matz and Peterson, were Capt. Sigmond Sjurson of the lighter Dixie, Capt. Ferdinand Kahn of the lighter John F. Ryner, Capt. Richard Milhoffer, of the lighter Trall, Jean Styrms, a checker on the French Line pier, and Abraham Kachelink, a second-hand furniture dealer, in whose place of business the police say they found 141 bags of stolen sugar.

the longshoremen at American ports and among the makers of munitions in factories throughout the United States.

Mr. Gompers made public a letter written to John Brisbane Walker, chairman of the National Committee of the "Friends of Peace." He said the "Friends of Peace" are trying "to play into the hands of one side of the warring nations as against the other." He made it plain that he meant Germany.

In the course of his letter he says: "If it were at all possible for me to regard the movement in which you are engaged or the meeting at Chicago as prompted in the interest of peace, a peace which any loyal American, any true, intelligent, faithful worker could support, I would not have hesitated a moment to have found immediate opportunity to pledge my most earnest and active co-operation."

"But, from my knowledge of events which are transpiring and have occurred, it is not peace which is being furthered by your movement and your meeting, but your purpose is to place the people of the United States in a false position before the world, to play into the hands of one side of the warring nations as against the other."

### Wonderful Bilious Remedy Actually Prevents Attacks

There are two great causes of biliousness—they are constipation and defective liver action.

When Dr. Hamilton's Pills are taken, they not only correct constipated bowels, but act upon the liver as well.

Quite unlike ordinary medicines which purge and give temporary relief, Dr. Hamilton's Pills remove the conditions which cause biliousness, and thus permanent cures are effected. No person who occasionally uses Dr. Hamilton's Pills will ever suffer from the headache, bad stomach, or bilious complaint. Get a 25c. box to-day.

### V. C. Election.

Sergeant Richards on Comrades' Choice.

Sergeant Alfred Richards, 1st Lancashire Fusiliers, who was one of the three selected by their comrades for bravery during the Dardanelles landing, was seen yesterday at the Princess Christian Soldiers' and Sailors' Home, Woking, Surrey.

His right leg has been amputated and he has resigned himself to a crutch. He could not say much of the incidents which led to his selection. The landing in which he played so fine a part is to him largely a blank.

"I am proud to learn that my comrades chose me as one of three of the bravest," he said, "but we all did our duty even though luck may have helped some to more noticeable acts. I don't know how the vote was taken, but had it been a comrade selected instead of myself I should feel just as proud. My leg was shattered during that awful landing and was amputated at Alexandria a month afterwards."

"I am thirty-five. I was born at Plymouth, and lived later at Newcastle. My two brothers are doing their bit with the Australians. Now I am going to fit myself for a new occupation. I have come here to learn carpentry."

### Efforts Made at Corrupting Labour Leaders.

### Serious Allegations Made by Samuel Gompers Against Friends of Peace—Playing into Hands of one Side Against the Other, he says.

Washington, Sept. 3.—Samuel Gompers, President of the American Federation of Labor, asserted that "paid emissaries of the 'friends of peace' understood to be a part of extensive pro-German propaganda in the United States, have tried to corrupt financially many representative men among the union workers of the country."

This assertion caused the greatest sensation here, in the light of recent reports that efforts had been made to precipitate labor strikes among

WE MAKE  
Loose Leaf Forms

and Loose Leaf Binders cheaper and better than the imported article. We save you money, for in our Binding and Printing Plants we can make a Binder to fit every Form you use, and we can make a Form to fit every Binder you use. We will duplicate the paper, the ruling, the printing, the perforating and the punching, and we will do it at a price that will save you from 10 to 25 per cent.  
Don't take our word for it, ask us to submit samples and quote prices, and the evidence will be conclusive.  
Why import them when we can give you a complete Loose Leaf System, or any part of a Loose Leaf System, to suit any business, from the largest corporation to the smallest store.  
No delay and no dissatisfaction, you see what you're getting and you get it when you want it.  
We are already doing 75 per cent. of the Loose Leaf business of the country and we want your business, too.  
Phone 47, we are at your command.
