

HON. ADAM BECK MAY SUCCEED LORD STRATHCONA AS CANADIAN HIGH COMMISSIONER

WIDESPREAD STRIKE IN SOUTH AFRICA—INDUSTRIAL DISPUTES ACT TO BE GENERAL—MANITOBA LEGISLATURE DEMANDS FREE WHEAT

STRIKES OR LOCK-OUTS ILLEGAL IN ALL BRANCHES OF INDUSTRY UNTIL INVESTIGATION IS HELD

Dominion Government to Enact Most Advanced Legislation for Prevention of Industrial Warfare Known to Any Country—No Private Enterprise to Be Exempt.

(Special to The Toronto World.)
OTTAWA, Jan. 12.—The most radical action yet taken by any country regarding labor and labor men is announced by the government for this session of parliament, which opens on Thursday. The industrial disputes act, which at present affects only those men engaged in work on public utilities, is to be extended to take in all branches of labor, public and private.

The chief purpose of the industrial disputes act, as constituted at present, is to prevent strikes and lockouts until the matter of the dispute has been under consideration by a board of arbitration and conciliation and a finding come by the board. Neither employers nor men are compelled to abide by the decision of the board, but the effect has been that a fair examination of the case has induced harmony and agreement in a vast number of cases, and has reduced the number of strikes and lockouts in the Dominion.

Will Extend Principle.
Hon. T. W. Crithers, minister of labor, therefore, feels that a great deal of good can be accomplished by extending the scope of the act to include all labor. Private enterprises, from the point of view of both employer and workman will be conducted under the eye of the department. In cases of dispute there can be no strike or lockout until a board of arbitration has considered the case and reported.

An important point in the new legislation will be that no employer will be allowed to dismiss or refuse to employ a workman on the ground that he is a member of a labor union, nor will union men be able to refuse to work against a man on the ground that he is not a union man. Men of employers who do so will be subject to severe penalties.

The new labor act will be an amalgamation of the labor legislation of 1902, which referred exclusively to railways, and the industrial disputes act of 1907.

"Broadway Jones" A Big Hit.
Geo. M. Coburn, who opened a week's engagement at the Princess Theatre last night, scored a decisive hit. His play "Broadway Jones," is one of the season's best comedies.

WEST'S DEMANDS GENERAL STRIKE TO BE HEARD IN PRIVATE

Alberta Delegation's Various Requests, Including Those for Tariff Revision, Unlike-ly to Lead to Immediate Public Announcement—Natural Resources Question is Vexed One.

(Special to The Toronto World.)
OTTAWA, Jan. 12.—The big delegation of Alberta Conservatives, headed by E. Michener, leader of the opposition in the legislature, will be received to-morrow morning at 11 o'clock by the prime minister and members of the cabinet. The delegation is practically a unit in its demand for the removal of the duties upon wheat, flour and wheat products. It is understood, however, that tomorrow's conference will be in camera and that no announcement of the government's position respecting the wheat and flour duties will be made public at this time.

The attitude of the government, so far as any tariff revision is concerned, has already been foreshadowed in the semi-official promise of a tariff commission to enquire into the subject during the next parliamentary recess, with a general revision at the fall session.

The delegation will press for the appointment of R. B. Bennett, M.P. for Calgary, to a place in the cabinet. At present there is no vacant portfolio but the scheme of dividing the interior department is again under consideration.

The allocation of parliamentary seats under the forthcoming redistribution is being worked out today by the Alberta contingent, and the delegates upon which will be formally presented to the government to-morrow.

Restoration of Resources.
The most troublesome question under consideration is the restoration of her natural resources to the Province of Alberta. The province and Edmonton in Alberta as well as in Saskatchewan for many years demanded that the lands, minerals and waterways of the province be surrendered by the Dominion to the provincial governments. Now, however, with the Conservatives in control at Ottawa and the Liberals in control at Regina and Edmonton in Alberta alike are less inclined to transfer the enormous patronage incidental to the restoration of the lands, and mineral rights from the federal to the provincial governments. It is likely that the delegation to-morrow will contend itself with asking that considerable grants of land be made by the Dominion to the Alberta Government in the way of an indemnity for some time.

Parcel Post With Australia
OTTAWA, Jan. 12.—(Special.)—General, announces a new agreement with the government of Australia for the direct exchange of parcels, under which the present rate of 34c a pound up to 11 pounds either way is reduced after the first pound to 12c a pound. The reduced rate takes effect from Jan. 1, 1914. This will no doubt lead to an increased volume of parcel post business between the two countries.

PREMIER AGAIN SUFFERS RELAPSE
Watches Are Losing Hope, But Maintain That Fatal Termination is Not Immediate Danger.

NEW YORK, Jan. 12.—(Can. Press.)—According to the official bulletins the condition of Sir James Whitney, the Ontario premier, is not nearly so encouraging as it was during the last few days. His restlessness has increased, and besides an alarming weakness has manifested itself. Dr. R. A. Pyne, his colleague and physician, admitted tonight that the prospect was not encouraging, but he intimated that no danger was to be apprehended within a short time.

At 9 o'clock Dr. Pyne issued the following bulletin: "Sir James Whitney's condition has not improved during the day. He is still restless and weak."

Dr. Pyne went out for a few minutes shortly after 8 o'clock. On his return he was met in the lobby by Horace Wallis, the premier's secretary, who had come to the telephone from the sick room. After a few minutes' conversation both went back to their rooms.

Dr. Pyne announced, however, about 10 o'clock that the restlessness, which had characterized the premier's condition during the day had ceased. "He is now resting quietly," said Dr. Pyne, "and the prospect is that he will have a fairly good night."

Tonight the same pessimistic feeling was apparent with Dr. Pyne and Mr. Wallis as that which existed when the previous setback took place some days ago. The fact that the patient has grown weaker in the meantime is not considered to have helped the case, and while those in charge do not admit that all hope is lost, they are not looking forward to developments with any degree of confidence, altho they maintain that there is no sign of a fatal termination for some time.

PRINCE EDWARD ISLAND WILL CELEBRATE FAMOUS CONFERENCE

Gathering Fifty Years Ago Which Paved Way to Confederation, to Be Recalled at Midsummer Jubilee—Hope Sir Charles Tupper Will Be Present.

(Special to The Toronto World.)
OTTAWA, Jan. 12.—The Dominion Government has been invited by Hon. A. J. Mathieson, premier of Prince Edward Island, to take part in the jubilee of the Charlottetown conference which will be celebrated next midsummer. It was at the farmers' Charlottetown conference in 1864 that the first steps were taken which resulted in the confederation of the provinces of Canada in 1867. The only living member of that conference is Sir Charles Tupper, and it is hoped that he will be able to be present at the jubilee celebration.

Premier Mathieson asks that the Dominion Government co-operate with the Prince Edward Island Government in making the celebration national in character. Funds, of course, will be required.

He desires the presence of the Duke of Connaught, all the members of the cabinet as well as Sir Charles Fitzpatrick, the chief justice, and Lord Strathcona.

Expect British Warship.
The government is asked to invite the British Government to send at least one British warship to take part. It is expected that there will be a good representation of the Canadian militia, and a fleet of vessels representative of the naval, commercial and pleasure craft of the Dominion.

Premier Borden has replied that the

government will co-operate in every way possible, and the probability is that all the provincial governments will lend their aid and countenance to the jubilee celebration of this epoch-making conference.

OVERCOAT THIEF HELD AFTER A MILE CHASE

Two Men Tried to Sell It to the Owner, and One Who Escaped Still Has It.

After a chase extending over a mile along Queen street, down Strachan avenue, and back along Richmond street, John Thackeray, 12 Hastings avenue, was tripped up by a Macedonian and placed under arrest by officer 292, charged with entering the Macedonian's house and stealing his overcoat.

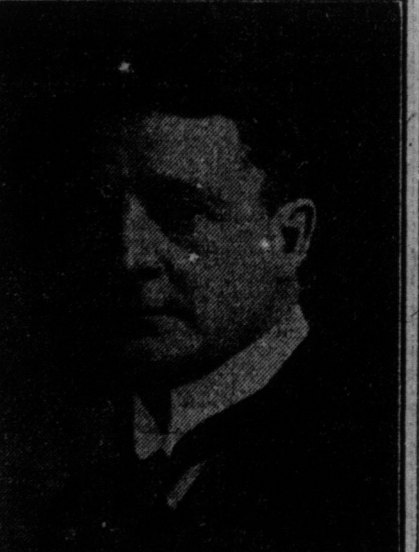

Porlo Tono, the complainant, returned unexpectedly to his home at 137 Niagara street yesterday afternoon and was confronted by two men who offered to sell him an overcoat. A second look at the coat convinced Tono that it was his own, but this Thackeray and his companion denied. After some argument the two men started to run for it. The second man, who had the coat, outran Tono's companion and still holds the coat.

Hon. Adam Beck May Succeed Lord Strathcona in London As Canadian Commissioner

Ontario Minister Prominently and Persistently Mentioned For the Position in View of Lord Strathcona's Expected Early Retirement.

(Special to The Toronto World.)
OTTAWA, Jan. 12.—It is stated here today on what is considered the very best authority, that Hon. Adam Beck will succeed Lord Strathcona as Canadian high commissioner in London. Mr. Beck's qualifications would fit him for the post as few men in Canada could be fit. He is a man of independent means, and the fact that he now is living in England for a year's rest is taken to mean that he would prefer to live there permanently.

There is only one thing which might stand in the way of Mr. Beck's acceptance of the post of high commissioner—his hydro-electric and hydro-radial schemes in Ontario. Mr. Beck brought the hydro system to its present high state of efficiency, and the hydro-radial scheme is in its infancy. It is thought, however, that his colleagues in the Ontario cabinet would not stand in the way of his acceptance, and that the people of the province would be more than pleased to see such a popular man as Mr. Beck in the highest position in the gift of the Dominion Government.

HON. ADAM BECK

(Special to The Toronto World.)
CAPE TOWN, Jan. 12.—(Can. Press.)—Quiet prevails throughout South Africa tonight, but this may be the lull before the storm, as the incoming ballots from various centres make it practically certain that a general strike will be voted. The ballots, received from the miners along the reef all favor a strike, and the various trades, including shop assistants, warehousemen and clerks in Johannesburg have voted similarly.

The feeling is growing in Johannesburg that the situation is becoming more serious. The Cape Town harbor workers have not been officially called out by the union, but their response will not be known until tomorrow.

A ballot by the Johannesburg branch of the Typographical Union has resulted by a large majority, in favor of a strike. This probably means that the people of Johannesburg will have no newspapers after tomorrow.

Sympathetic Strike.
If a general strike is called it will be out of sympathy for the strike of the railway employees, many of whom have abandoned their posts and laid down their tools in the railroad shops. The strike of the railwaymen is said to be due to the policy of retrenchment in the South African Railway administration, in pursuance of which hundreds of employees in retoria, Bloemfontein, Durban, Salt River and elsewhere have been dismissed. The strikers demand the cessation of this policy of retrenchment and the reinstatement of the dismissed men. They argue that the administration's real motive is to force wages down, as shown by the fact that some of the dismissed men have been offered other billets at reduced wages.

Troops Will Mobilize.
The most hopeful feature of the situation tonight is the extraordinary success attending the mobilization of the troops. It is estimated that there are 20,000 armed men on the Rand, most of whom have come prepared for the same kind of a campaign which made the Boers so long the despair of the English generals.

DRUNKEN DRIVER NOW IN CUSTODY

Samuel Gomm Did Not Stop When Cautioned and Ran Over Bicyclist.

Disregarding orders by officer 242 to lessen the speed at which he was driving his wagon along Queen street yesterday afternoon, Samuel Gomm had proceeded, but a block further when he ran down and seriously injured Gottfried Mungler, 1338 Queen street west at the corner of Queen and Augusta avenue.

According to the officer, Gomm was driving furiously when he ordered him to halt. Instead of complying Gomm whipped up the horse to a mad dash when he struck the injured man who was riding a bicycle westward on Queen street. The horse stepped on him and both wheels of the wagon passed over his body. He was attended by Dr. Edie and removed to his home. He may have internal injuries.

Gomm was placed under arrest charged with being drunk while in charge of a wagon, which charge may later be changed to criminal negligence.

OIL EXPLOSION CAUSED A FIRE

Plant of British American Oil Company Damaged to Extent of Several Thousand Dollars.

Fire, following an explosion of oil fumes, did damage to the extent of more than \$2000 at the plant of the British-American Oil Company, at the foot of Cherry street, at 5 o'clock yesterday afternoon. No person seems to know just how the explosion occurred. There were at the time half a dozen men in the locality, but none were injured. The force of the explosion demolished the west wall of the receiving shed, and later the whole roof came down with a crash.

The explosion shook the oil tanks to such an extent that the oil, commencing to run out, caught fire, and the fire brigade could only wait for the oil to burn itself out. According to District Fire Chief Smith, the building was practically demolished, and a large quantity of valuable refined oil destroyed.

NEW WORKMAN'S BILL WILL BE DISCUSSED

Special Meeting Called at Parliament Buildings for Tuesday, Jan. 20.

Discussion on the proposed workmen's compensation legislation to be introduced by the Ontario Government at the coming session, will be invited at a special meeting in the parliament buildings on Tuesday, Jan. 20. This has been arranged at the instance of Hon. I. B. Lusk and Sir Wm. Meredith.

MAINE AND QUEBEC TO BE LINKED BY HIGHWAY

Will Stretch From Augusta to Ancient Capital of Canada.

PORTLAND, Me., Jan. 12.—(Can. Press.)—A new highway 224 miles long, connecting Augusta, Me., and the City of Quebec, is assured, according to an announcement by the State Highway Commission today. The Quebec government has appropriated \$300,000 to build the road from Quebec to the Maine boundary a distance of 93 miles, and the remaining 131 miles will be constructed by this state.

MANITOBA LEGISLATURE SOLID FOR FREE WHEAT RESOLUTION

Conservative Members' Proposal Given Unanimous Endorsement—Leader of Liberal Opposition Accuses Conservatives of Having Changed Front Since Reciprocity

WINNIPEG, Jan. 12.—(Can. Press.)—The free wheat resolution introduced in the Manitoba legislature by H. C. Simpson, a Conservative member, was under debate in the house today. It wound up with the resolution being unanimously carried. T. C. Norris, opposition leader, was the principal speaker, devoting his time to twitting the Conservatives on their change of front since the federal reciprocity campaign. A resolution by Mr. Norris that the resolution be redrafted to include free entrance into the United States of oats, barley, flax, and the entrance into Canada of agricultural implements duty free was ruled out of order.

Mr. Simpson's resolution memorialized the Dominion Government to remove the countervailing duty on Canadian wheat, in order that the farmers of the Canadian west might be able to take advantage of the wheat clause of the new Underwood tariff in the United States.

Notice of motion of a similar resolution was given in the house at the time by G. H. G. Malcolm, Liberal member for Birtle. Mr. Malcolm afterwards withdrew his motion, it having the same purport as that of the Conservative member.

NOT ENOUGH CARE IN DRIVING MACHINE

Coroner's Jury Found That Frederick Harding Was Careless, and Recommended That All Motor Cars Be So Equipped as to Prevent Skidding on Slippery Pavements.

On enquiring into the death of Jas. Addis, who was killed on Jan. 9 on W. Queen street, by being struck by an automobile driven by Frederick Harding, Coroner Graham's jury found that Harding had not exercised sufficient care in driving the machine. They also recommended that all automobiles be equipped with appliances to prevent skidding on slippery weather.

According to the evidence Addis, who was employed in Stevenson's garage on West Queen street, was standing behind an automobile, standing at the side of the road, repairing the tail light, when the machine driven by Harding struck and killed him. Several witnesses claimed that there was sufficient light in the locality to make it easy for drivers of other vehicles to see the car.

Harding's Story.
On the suggestion of T. C. Robinette, who appeared for him, Harding was placed on the stand. He explained that he was driving east on Queen street with the front of his car opposite the rear step of a street car, when suddenly he saw the automobile standing at the side of the road about fifty feet in front of him. He immediately applied the foot brake, but it was too late to prevent the collision. The man behind the car, whom Harding had not seen up to this time, was struck and almost instantly killed. He did not know exactly why he failed to see the stationary automobile sooner, but he thought that the fact that there was no tail light on the car, and the fact that he was forced to look thru the bright light shed by the street car, into the darkness beyond, might have made it difficult for him to see it.

There was another man in the car with him at the time of the accident, whose name and whereabouts were unknown to him. This man had asked him for a ride and he had accommodated him.

In addressing the jury, Coroner Graham drew the attention of the jury to the fact that the roadway was not the right place to repair an automobile, and stated that, in his opinion, the proprietor of the garage where Addis was employed, was guilty of negligence. The jury, however, did not mention this in their verdict.

Harding was arrested on a charge of manslaughter, but was released yesterday on \$10,000 bail.

YOUTHS CHARGED WITH BURGLARY

Were Arrested in King Street Pool Room and at Home on Several Charges.

Charged with having on the night of Jan. 6 burglarized a residence at 19 Bismark avenue, Samuel Monkton, 73 Parliament street; Harry Foley, 201 Sherburne street; and Percy Strong, 229 Wilton avenue, were arrested last evening by Acting Detectives Young and Mulholland. Monkton and Foley were got in a King street poolroom, and Strong at his home. All the accused are 17 years of age.

In spite of their extreme youth, the lads are well known to the police. Foley is wanted on two other charges of theft, one of having stolen \$8 from a fellow roomer, and another of having broken into a trunk belonging to a girl boarder at his home and stolen a small sum of money.

FUR GARMENTS FOR MOTOR-ING, ETC.

The sudden drop in the temperature has brought the question of warm covering acutely to the minds of those who are exposed to outdoor conditions. At Dineen's, 140 Yonge street, there is every ingenuity offered to motorists, etc., in coonskin and other heavy coats, also gaiters—caps, fur knee caps, heavy motor rugs for chauffeurs, Cochemont's outfit, including fur capes, fur gaiters, fur caps, etc., are shown in good variety at lowest prices of the season in order to clear stock. Any fur need will be filled with satisfaction and pronounced saving at Dineen's.

Advertisements for various services and products, including 'The Pharisec stood and prayed thus with himself, God, I thank thee, that I am not as other men are . . . or even as these publicans.'

NEWS OF YORK COUNTY AND THE SUBURBS OF TORONTO

SENATE CONDEMNED BY E. YORK TORIERS

Drastic Resolution Passed at Their Annual Meeting Yesterday.

NEW OFFICERS ELECTED

Interesting Speeches on the Redistribution and Other Topics.

Despite the inclement weather, the annual meeting of the East York Conservative Association was well attended at Society Hall, Little York, yesterday afternoon, and the assembly included such well-known Conservatives as G. T. Hummerstone, Newmarket; W. Milliken, Milliken's Corners; Mr. Robinson, Markham; Dr. Walters, East Toronto; Garnet Duncan, Richmond Hill; W. G. Ellis, North Toronto; G. H. Moses, Jr., Todmorden; A. Pringle, Unionville; R. Patterson, Agincourt; and Mr. Latham, Scarborough.

The officers elected for the ensuing year were: President, G. T. Hummerstone; first vice-president, T. W. Underwood; secretary-treasurer, J. E. Francis; W. F. Macleod, secretary; and George S. Henry, M.L.A., were made hon. presidents.

The newly-elected officers briefly addressed the meeting.

Mr. Henry referred to the illness of Sir James Whitney, and said he was struck with the reports in the papers that not since the death of Sir John A. Macdonald had the public displayed so much interest in the welfare of one of Canada's public men.

The speaker said he expected some comprehensive legislation in connection with the Workmen's Compensation Act, and a bill is at present being drafted in this connection.

Referring to the highways commission, he said he was disappointed that the government take over some of the highways. He thought that the recent investigation had retarded the work of the commission to some extent during the past months.

Mr. H. Ball paid a tribute to the work of Ontario's premier, and said that had it not been for Sir James and the cabinet the public would not have been able to accomplish the great work that he had been engaged upon.

He referred to the keen campaign last summer in East York, and wished to thank all those who had supported the Conservative cause.

Mr. Ball said that very likely this would be the last meeting of the Conservative Association of East York for the present session, and he thought that in the framing of the new constituency, the suburban districts of Toronto should be taken into consideration.

A motion was moved by T. W. Underwood, and seconded by G. T. Hummerstone, to the effect that the meeting express its confidence in the Rt. Hon. B. L. Sturges and his cabinet in the government which they have given Canada. It expressed entire approval of the premier's efforts to help the mother country by the contribution of \$5,000,000 to the navy. It was thereupon in sympathy with his policy in giving assistance to the government in good roads thru the rural sections, as one of the ways in which the problem of the high cost of living could be solved.

One or two took exception to the last clause of the resolutions which read: "We condemn the irresponsible chamber of the people, for its overbearing methods in killing both measures duly passed by the provincial chamber, the house of commons, we therefore, request the Canadian Government to either withdraw the measure or take such steps as will abolish the senate, if they continue to kill the measures that are of such great importance to the Canadian people and the empire of which we form such an important part."

Mr. Underwood said he was quite willing to have the motion withdrawn, and stated emphatically that he wanted the senate wiped out.

W. G. Ellis stated that the meeting probably could not arrive at a wise conclusion in this matter, and suggested modification of the clause.

After considerable discussion, the question was put to a general vote, and the motion was carried by a large majority.

After the meeting, the speaker, Captain Keen of Malvern, wanted some of the money voted to the Welland Canal to be used to help the fishermen who lost their lives in the gales last November.

S. T. Hummerstone, ex-vice of York, and W. Milliken reviewed the old days, when East York was a Liberal constituency.

JURORS ARE GIVEN MORE TIME TO ARRIVE

Need Not Reach Court Till Ten O'Clock These Cold Mornings.

During the cold spell, members of the jury panel in the civil cases will not have to attend court until 10 a.m. instead of 8.30 as under ordinary practice.

The arrangement came as a voluntary suggestion of Chief Justice Meredith at the close of yesterday's session. "I realize," he told the jurors, "that many of you who reside in the county are put to a great deal of inconvenience in your attendance here and it is not my intention that this should be made any worse by the weather conditions."

SCHOMBERG MAN LOST HIS DAMAGE ACTION

F. T. Strangeway Fails to Get Damages for Alleged Defamation of Character.

F. T. Strangeway of Schomberg, Ont., fails in his action against John M. Purcell, of the Mercantile Agency, Joseph Gilbert, and Gilbert Bros. in a district court judgment, according to a verdict returned by a jury in the civil case before Chief Justice Meredith yesterday. The action was based on a letter in which Purcell, acting as collector for the Gilbert firm, accused Strangeway of dishonesty. The jury found that the dictation of the letter to the stenographer and its receipt and perusal by Strangeway did not constitute publication. The amount involved was \$25,822, and Strangeway asked \$3000 damages.

To Cure a Cold in One Day. Take LAXATIVE BROMO QUININ Tablets. Druggists refund money if it fails to cure. E. W. GILBERT'S signature is on each box. 25c.

KNIGHTS OF MALTA INSTALL OFFICERS

Brilliant Gathering at West Toronto Followed by Banquet.

NEWS OF WARD SEVEN

Brampton Young People's Society Visited St. John's Church.

St. James's Hall was the scene of a brilliant assemblage last night when Sir Robert Laird, commanding officer of the Knights of Malta held their annual banquet and installation of officers. The trim uniforms, full of color, and the gay banners all contributed to make the scene a bright one and the large number of distinguished Knights of Malta present made it an important night in the history of the order in Toronto. The guests were the D.D.G.M., Em. Sir Knight Moron, who acted as installing officer; A. G. Horwood, and Mr. Armstrong, and their visitors enjoyed a sumptuous dinner and afterwards the members of the order were installed for the ensuing year: Em. Commander, Herb. J. Bond; lieutenant commander, David W. Cross; prelate, Jas. Aikens; captain of guard, E. Wright; herald-at-arms, Thos. Craig; chaplain, Rev. J. H. Armstrong; W. Hann; almoner, A. E. Rowley; sword bearer, W. Ball; inner guard, Frank Seeler; outer guard, J. L. Johnston; warder, J. L. Johnston.

GEORGE BAILEY WON MANY PRIZES

Oakville Man's Successful Showing at Brampton Poultry Show.

BIGGER NEXT YEAR

Will Be Extended to Include Ducks, Geese, Rabbits and Domestic Pets.

The Brampton Poultry Show closed on Saturday night at 10 o'clock, after a four days' show, the best in the history of the association. Next year's show will be held in the new armories and the prize list will be extended to include ducks, geese, rabbits and other pets. Charles Findley received first prize for the best decorated coop, with George Grimshaw second. John Wright of Oakville captured six prizes with five birds in the Langshan class, and in the bantam and game class George Bailey took 23 prizes with 27 birds. The officers of this enterprising organization are: President, Clarence Allison; 1st vice-president, Dr. C. M. French; 2nd vice-president, H. G. Mullis; secretary-treasurer, W. H. Thomson. The committee who have charge of the show are: Albert Alex, chairman; recently comprised Messrs. C. Allison, W. H. Thomson, William Dale, H. G. Mullis, W. J. Bartlett, C. Fenwick, W. R. Grimshaw, J. Creswell and W. B. McCulloch, county clerk.

When the county council meets this month it will be composed of the following members from the different municipalities: Albert Alex, chairman; W. H. Thomson, 1st vice-president; Dr. C. M. French, 2nd vice-president; H. G. Mullis, secretary-treasurer; W. J. Bartlett, C. Fenwick, W. R. Grimshaw, J. Creswell and W. B. McCulloch, county clerk.

NO CITY WATER FOR SCARBORO

Township Offered to Lay Mains, But City Will Not Sell Water.

TOWNSHIP ECONOMY

Council Determined to Wipe Out Four Thousand Overdraft This Year.

After footings a bill for graveling roads, the Scarborough Township Council decided to economize. Reeve Cornell is anxious to wipe out this year. A letter was received from the city refusing to supply water to the township. The township has a large area of water, but the city will not sell water to the township. A statement was received from the Hydro-Electric Commission of the financial arrangements of the township. The township will be able to pay for the water, but the city will not sell water to the township.

AURORA

The first missionary institute in connection with the rural deanery of West York opened on Monday in Trinity Church, Aurora, was very well attended. The weather was very cold, but the interest was high. The institute was held in the evening, and the subject was "The Church and Our Opportunity in China." The evening session was held in Trinity Church, Aurora, and the subject was "The Church and Our Opportunity in China." The institute was held in the evening, and the subject was "The Church and Our Opportunity in China."

HOKEY MATCH

The match between the Aurora and Brampton teams in the hockey game last night resulted in an easy victory for Brampton, the score being 7 to 1 in favor of Brampton.

RUNNEMEED CONSERVATIVES

The annual meeting and election of officers of the Midway Runnymede Conservative Association was held in Cook's Hall, St. John's road, Runnymede, last evening. The following officers were elected for the ensuing year: Hon. president, E. Ward, J.P.; president, I. Woolley; secretary, J. Copeland; financial secretary, T. Mould; treasurer, H. Begley; Daughton, Raybold, Messrs. Stoughton and Raybold.

EAST TORONTO

The committee recently organized to look after relief work in this district met last evening at the Y.M.C.A. Hall, North York, presided by John A. Strangeway. The committee is to be organized to look after relief work in this district. The committee is to be organized to look after relief work in this district.

WESTON

Divine services will be held in the old Presbyterian Church, Cross street, on Sunday next, Jan. 18. Morning service at 11 a.m. and evening service at 7 p.m. Rev. A. R. Ashdown will conduct both services. Midweek service will be held Jan. 21 at 8 p.m. Everybody welcome.

YORK TOWNSHIP TO SUE THE CITY

If Sewerage Connections Are Withheld—Situation Now Intolerable.

PICTURE SHOW BYLAW

Regulations Adopted as to Theatres and Pool Rooms—Other Business.

The Township of York is faced with an intolerable situation in the refusal of the City of Toronto to grant sewer connections to suburban districts in the township. Until lately the township had no difficulty in connecting up with the city sewers, but the works department of the city has refused to do so. The township is now faced with a situation which is intolerable. The township is now faced with a situation which is intolerable.

HOUSING PROBLEM WAS DISCUSSED

W. S. B. Armstrong of Toronto Housing Company Told of Its Work.

PREVENTION OF SLUMS

Suburban Land Should Be Secured to Prepare for Future.

Toronto's housing problem was reviewed last night at the R.C.E.C. Hall, Broadview avenue. The present congested condition of the downtown portions of the city, and the proposed remedies, were discussed. The speaker, W. S. B. Armstrong, of the Toronto Housing Company, told of its work. The speaker, W. S. B. Armstrong, of the Toronto Housing Company, told of its work.

LETTER APPROVED

This letter approved by the York Township council at their inaugural meeting yesterday, and will be forwarded to the city works department. As there is a vacancy at the council table no committees will be appointed until the next meeting of the council.

MEALS AWARDED

The medals for general excellence, awarded by the council to pupils in the township schools, were won by the following pupils: No. 1—Edith M. Taylor, S.S. 27, Todmorden; No. 2—J. R. L. Stary, S.S. 16, gold medal; No. 3—J. R. L. Stary, S.S. 16, silver medal.

INFORMATION RECEIVED

Information was received that the board of trustees of the city hall, on Monday, Jan. 12, at 10 o'clock, to hear the application for the Ontario and Quebec Railway Co. (C. P. R.), under section 287, for authority to change the present grade crossing on the Ontario and Quebec Railway Co. (C. P. R.) by means of a grade, crossing the said road, in lot 3, at mileage 36.65.

EARLSCOURT

A matter of considerable importance to the people of Earlscourt, North Earlscourt, and Fairbank, was discussed at the next meeting of the North Earlscourt and Fairbank ratepayers by the Rev. J. R. L. Stary, rector of St. John's Church, and the work on the bridge was suspended.

WOODBRIDGE

The chairman of standing committees appointed by the Woodbridge council at their inaugural meeting yesterday, were: Arthur McNeil, roads and bridges; J. M. McKean, water, fire and light; J. W. Wilson, finance; and William Locke and J. W. Ellery were appointed to the board of health.

LEAVES FARM IN VAUGHAN

By a will filed for probate in the Surrogate Court, near the late Mrs. Alice McBride is divided into five equal shares, which goes to each of the four children, while the fifth is to be divided between Geo. A. McBride and his wife. The estate includes a farm in Vaughan Township valued at \$15,000.

TODMORDEN

There seems to be no dearth of candidates for the third deputy reeveship, caused by the death of Tom Deane, Reeve Buchanan. In addition to those already in the field, George Carey, a builder of Todmorden, has announced his intention of running.

KING CITY

A banquet under the auspices of the King and Vaughan Plover's Club will be held at Armstrong's Hotel, King City, on Saturday evening, commencing at six o'clock. A concert will follow the banquet.

NEWMARKET

Nothing very stirring occurred at the first meeting of the Newmarket council last evening. The committee was returned as the same as last year. The committee was returned as the same as last year.

IT IS GREAT TO HAVE A "DAISY" BOILER

IN THE HOME THESE GOLD, WINDY DAYS

No draughty rooms, cold corners and chilly halls. The man whose home is heated with a Daisy Hot Water Boiler does not know about the other man's troubles. He doesn't have to force the heat. His home is heated uniformly and his comfort is complete.

How does your house feel? If your heating plant is bad, it would pay you to consider the installation of a "Daisy."

MAYOR IN FAVOR OF GIVING WORK

Twenty-Five Thousand Dollars Should Be Spent by Day Labor.

POLICY OF ANNEXATION

City Boundaries Should Be Squared Off in Near Future.

Practical thought for the unemployed featured the inaugural address of Mayor Hocken at the first meeting of the 1914 city council yesterday morning.

Dealing with the matter of the clean-up of the franchise he stated that it should be possible to dispose of it within the next few months.

He again recommended that the controllers specialize in knowledge of the affairs of the city's departments, so that the information could be given by them to the council.

On Annexation. Upon the policy of annexation he said: "The recent opening of the Danforth avenue-civic car line, and the approaching construction of the Bloor street viaduct, direct our attention to the advisability of annexing without delay the territory contiguous to the Danforth avenue district of the city."

During the past year the board of control recommended annexation, but the proposal failed to secure the approval of the council.

approval of the council. There is a large area in that locality which is part of the city in its business relations, and I think there cannot be any doubt that should be brought under the city's municipal government.

The district is well suited to provide homes for a large working class population, and in a short time it will be occupied.

Finances Are Good. "The finances were never in better condition than at the present time," he said. "During 1913 Deputy Treasurer Patterson negotiated sales of debentures totalling \$22,919,204."

Other matters referred to by Mayor Hocken were the need for a statue of John A. Withrow, founder of the Canadian National Exhibition; betterment of the treasury board; rounding of street corners; franchise to married women; waterworks plant extension; and other civic works.

It doesn't take all morning to read The World. The news is condensed.

WOMEN'S BUSINESS CLUE.

The second of the Earl Barnes course of lectures will be given before the Canadian Women's Business Club at the Y.W.C.A. Hall tonight.

Saturday the members enjoyed tea at the Queen Mary tea-rooms following their skating party at the Arena, and great appreciation of the course of lectures was expressed.

A Love Song of Fifty Years Ago. In the soft twilight, or as the deeper shadows gather, the song of "Juanita" always seems to soothe.

Intricate Questions of International Law Before Supreme Court Today. WASHINGTON, Jan. 12.—Compensation for the stupendous loss of life and property when the steamship Titanic went to the bottom of the ocean will be up for consideration tomorrow by the supreme court.

Hard Fight Over Titanic Claims. The Navigation Company seeks to have the American court hold the admiralty laws and rules of the United States applicable to the case and thereby limit the liability of the company to the salvage law, the wreck and the passenger and freight money received on the voyage, amounting in all to some \$90,000.

World editorials are convincing and to the point.

PLEADED GUILTY TO KEEPING OPIUM JOINT

Mrs. Rose Davidson Fined for Conducting a Den on West Bloor Street.

On a charge of conducting an opium joint, Mrs. Rose Davidson, who occupies an apartment on West Bloor street, was fined \$10 and costs or thirty days in jail.

World editorials are convincing and to the point.

TO PUT ON FLESH AND INCREASE WEIGHT

A Physician's Advice. Most of the people eat from four to six pounds of food solid fat-making food every day and still do not increase in weight one ounce, while on the other hand many of the plump, chunky folk eat very lightly and keep gaining all the time.

For each condition I always recommend eating a Sargol tablet with every meal. Sargol is not, as some believe, a patented drug, but is a scientific combination of six of the most effective and powerful flesh-building elements known to chemistry.

World editorials are convincing and to the point.

DAILY MAGAZINE PAGE FOR EVERYBODY

Fancies of Fashion

New Styles Influenced By Dances

By Madge Marvel

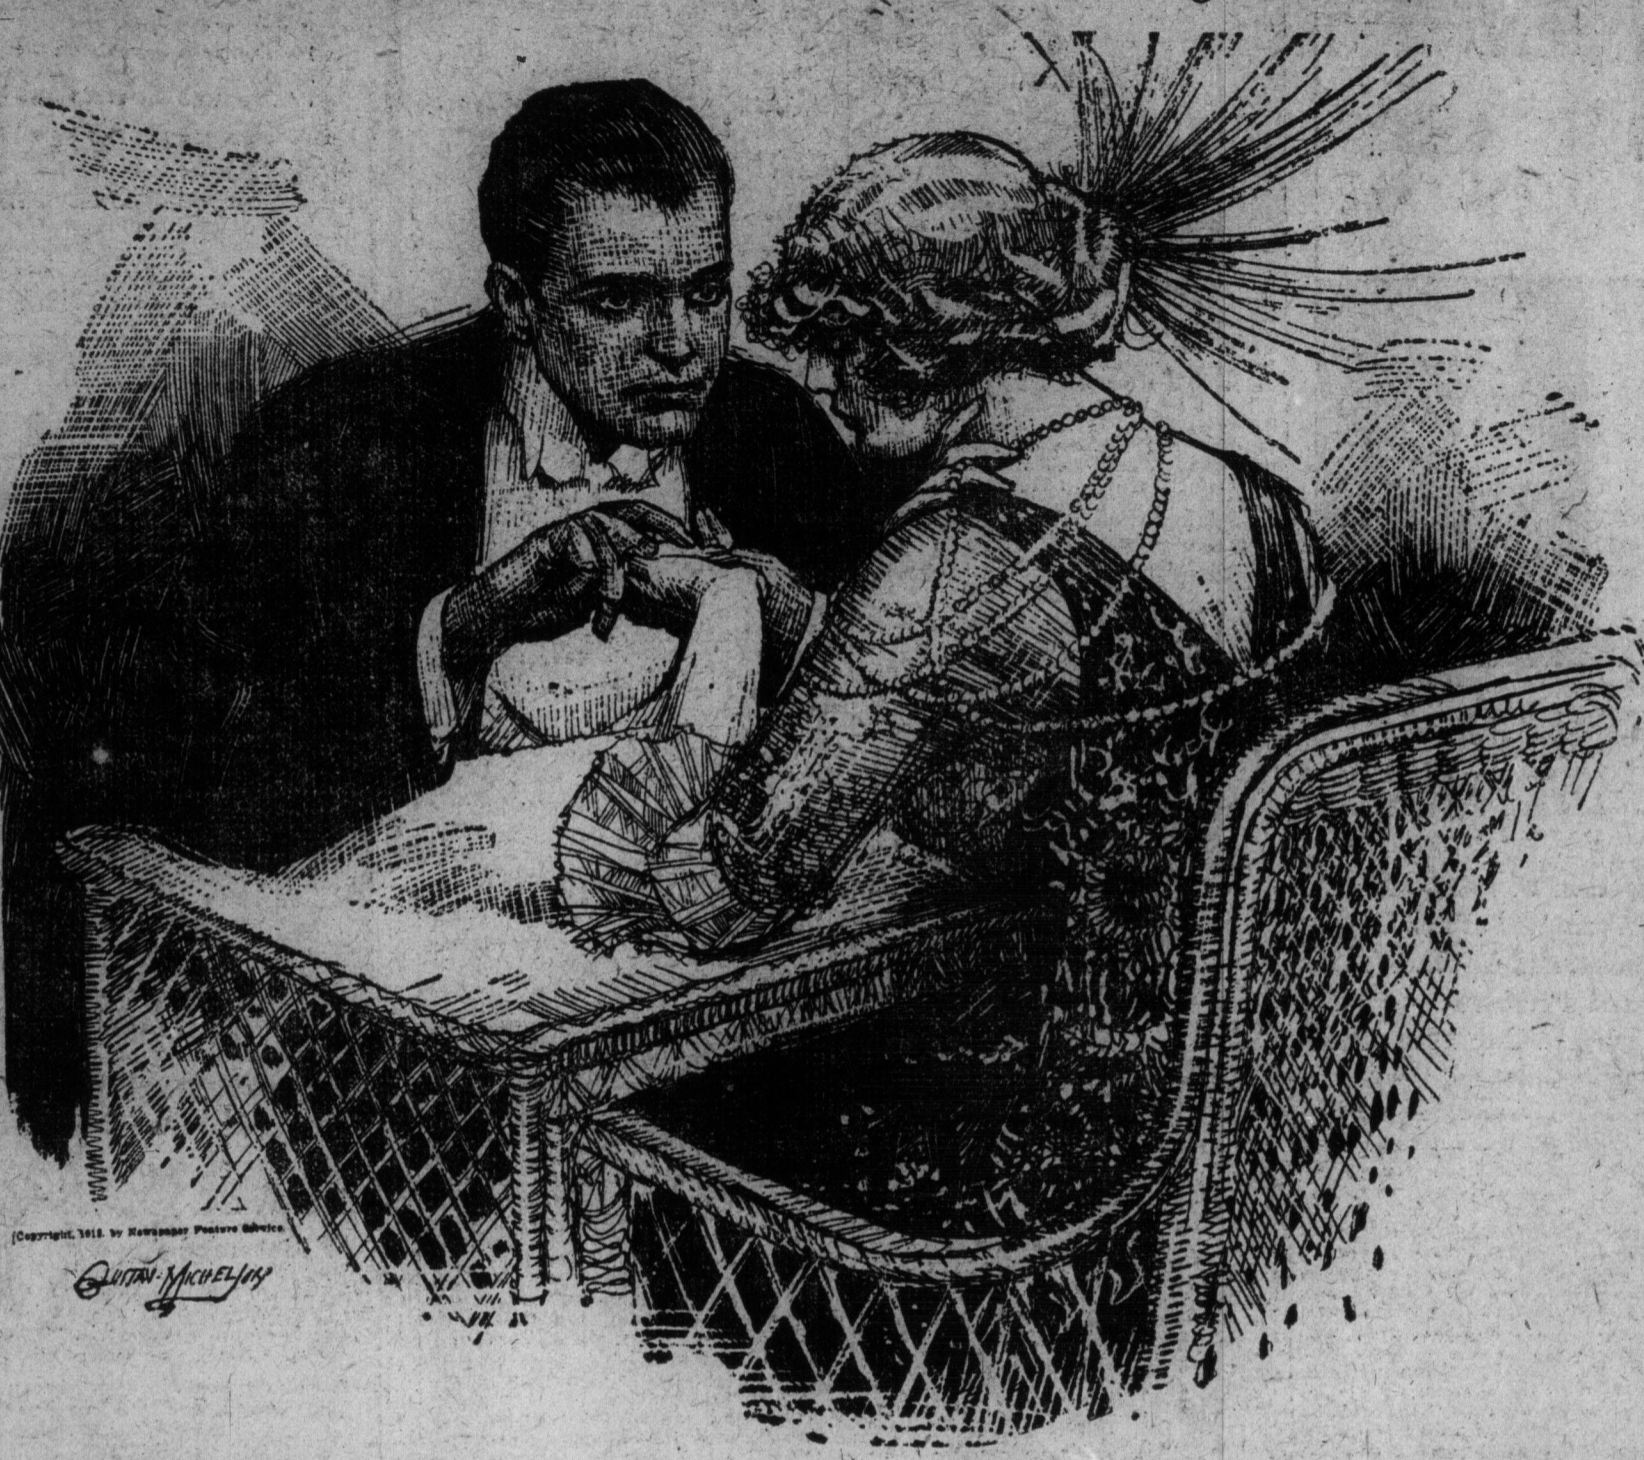

NEVER in the history of dress has the dance played so important a part in the making of modes. It has produced fashions in our wardrobe that owe their entire being to the tango. We have new shoes and slippers and stays and waives and colors and lines all paying homage to the dance.

It is the most remarkable fact that all this has not worn out the craze nor weakened the influence. There are some new dances to be brought out this winter. One of them is a wild Brazilian whirl which makes the tango seem too mild for interest. This dance comes via Paris, where they have some quite literally "dippy" about it.

A clever woman said the other day the only things she knew of that came from Brazil were nuts and bugs. "And goodness knows," she added, "we have enough of those here now." Another sure influence on the coming modes will be the spirit of Mexico. Just what will be adopted remains to be seen. But keep your eye on Mexico for style inspiration. It was war in the Balkans that gave us the deluge of the Balkan and Bulgarian waives and collars. Well, Mexico is much nearer home. Yet no one who follows that way of the fashion world expects the Mexican influence to come direct. No indeed. It is far more apt to spread over the United States by way of Paris.

THE HEART LINE

By MICHELSON

THE LIFE LINE runs from under the forefinger, around the ball of the thumb, down toward the wrist. If he knows about palmistry, and is a good guesser, he knows when he sees that line just how long you are going to live. But that isn't the line that interests him most. He will take a chance on the life line. The line that interests him most—the line he's studying while he's telling you about the life line—is the heart line.

He knows that that heart line is really the GREATEST GUESS of all. If he can guess that he's a wonder—he's THE wonder. And if you were a good guesser you could guess from the way he afterward spoke of that heart line just what sort of a heart HE has. O, it's a delicate situation! Meanwhile, HE HAS THE HAND. Possession is nine points of Love.

Secrets of Health and Happiness

Form the Sleep Habit, Armor Against Ills

By Dr. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins)

(Copyright, 1914, by L. K. Hirschberg)

HAVE you ever heard of White Nights? Nights are dark and Stygian when you sleep well. The French call the nocturnal hours spent without sleep "nuits blanches." When the luxury of balmy sleep fails to be wooed by your heavy-lidded eyes, you say you have had a ghastly night. You sleep well when you are conscious that you have had a "black night." Then sleep covers you all over, thoughts and all, like a cloak.

Sleep is drink to the thirsty, bread to the starving, warmth to the shivering and cool comfort to the hot. It is wealth beyond the dreams of Cathay—which purchases pleasures, kingdoms, fairy lands, happiness and knowledge. Sleep is often as good a cure as antitoxins, antiseptics and antidotes generally. No one but an ill traveler can appreciate the boon of oblivious sleep. Like children in their beautiful innocence, soothing sleep is a virtue of health and optimism.

The magic potions concocted in the newest scientific laboratory; the ingenious workings of the surgeon's blade; the talismanic art of an Alexis Carrel would all go for naught without the knitting, healing powers of sleep. To banish sleep from the repertoire of health is to throw the balance over to the side of human ailments. Physiologists and medical writers often work while the rest of humanity sleeps, sleepless themselves to give their readers sleep.

"O soft embalmers of the still midnight! Shutting, with careful fingers and benign Our gloom-pleased eyes, embowered from the light, Enshaded in forgetfulness divine." Sleep is the friend of physical woe and a vaccine against many vile contagions. It is the Great Beauty Doctor and the Fairy Restorative to Ages. Deep and silent sleep is, then, an exorcism of ill health and a prophylactic of trouble. Morpheus, indeed, was known and worshipped by the ancients for his power to release pain from the human frame. Morphine, the greatest of the pain alleviating drugs, obtains its name from the god of sleep.

Sleeplessness may be due to the bad habits of remaining awake too late at night or of "carrying bees to bed." This latter expression refers to the morbid American habit of thrashing out the troubles of daylight upon the tossed about and rumped sheets at night. Like seas and nettles, the harassing things of the day are permitted to sting you at night. Slumber becomes an outcast when too much is eaten just before a late bedtime; when too much excitement such as card-playing, quarrelling or excessive muscular play or work has been quaffed from a late nocturnal source. Cool and cold, windy and fresh air from widely open windows do restore the sleep-habit. Hot baths and hot drinks do their share in many instances. "Cold packs"—sheets which are moistened with cold water, wrung out, and

Answers to Health Questions

JOHNSON, JR.—When I was a boy physicians used "eye-cups" to strengthen weak eyes. Why were they abandoned? Was there any good reason for believing that they were effective? Eye-cups are now coming into use by eye specialists with a clearer understanding of their uses by doctors. The application of boracic acid water to the eyes in dark blue-glass eye-cups is perhaps the very best way to treat the milder eye affections.

ADVICE—What is a hiccup and why will a mental shock often stop hiccoughing? Hiccoughing or hiccuping, is due to many things. An over distended stomach, inflammation in the lung cavity or in the abdomen, in short, anything which irritates the "diaphragm" may be a cause of these spasmodic, short clinkings of respiration. "Mental shock" will often stop the temporary hiccoughs due to a stretched or overloaded stomach, because it "short circuits" the nervous impulse responsible for the hiccough spasms.

Dr. Hirschberg will answer questions for readers of this paper on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or give advice for individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed. Address all inquiries to Dr. L. K. Hirschberg, care this office.

"A Singer's Main Purpose Must Be to Beautify"

By Mme. Margarete Matzenauer

Prima Donna of the Metropolitan Opera Company, New York.

SINGING is intensified speech. By that I mean we rise above the plane of ordinary speech in song and beautify it by emotional color and sustained musical tone. In song we can run the entire gamut of human emotion, from the subdued song of the drawing room or sanctuary to the love song, and on up to the oratorio and finally the operatic aria, where every element of power or restraint is brought forth in the unfolding of the fabric. It is a great accomplishment to have a beautiful speaking voice, and everyone should strive to possess a voice of sweetness, beauty and power, but all this is far below the plane of art sought by the student of song. In the cultivation of the singing voice several things must be considered, such as breathing, color, volume and resonance. There must be the establishment of proper ideals, correct appreciation of tone quality and a true conception of poise. In singing there must be no accompanying noises with the voice. As I wrote this sentence I read it to my husband, Edoardo Ferrari-Fontana, tenor of the Boston Opera Company. He laughed at my admonition and said it reminded him of the old quip about the backwoodsman who, figured how he should eat his soup, the answer being: "Soup should be seen and not heard."

We Need More Self-Control

By WINIFRED BLACK

(Copyright, 1914, by Newspaper Feature Service.)

DR. CARL H. HOMBERG of Pittsburgh, Pa., says that it's a good thing to go out and get drunk—once in while. "A good many of my patients are big men, corporation lawyers, railroad presidents, and things," said Dr. Homberg, when he lectured about the "Get Drunk and You'll Be Happy" idea the other night. "And I find that the only thing that seems to let down the tension with them is to go out once in a while on a real old fashioned 'jag'."

Winifred Black

her—and repents in sack cloth and ashes the rest of his life. Not one of them is worth having, doctor—not a single one of them. Nervous strain—you and your bank presidents and railroad officials and professional men—why, any woman on earth who raises a family of children endures more nervous strain in a day than any dozen bank presidents who ever lived! Maybe she'd be better off if she went on a spree once in a while to "relieve the tension." But what would her children be doing in the meantime, and how would she feel about it when she came to? That's what a woman thinks of—and that's what a man should think of, too. If you don't mind looking the matter honestly, without prejudice, straight in the face, good Dr. Homberg. There isn't a single one of us who ever can, ever will ever has or ever would live absolutely alone in this world. It isn't possible to do it. The man who goes on a harmless spree always harms somebody before he gets back from it. Then how can it be harmless? What you want to teach your bank presidents and your railroad officials and all the rest of these very important persons, who think that they have some divine license to do what they please just because they are successful at money-making, is not less self-control, but more of it. Why, a little "bit of a woman with a backache and feet that hurt and eyes that burn with fatigue will keep her temper and wait on a sick man night and day, take care of three or four children, do all her own housework and the mending thrown in, and never think of going on a spree to get away from herself. Is she bigger and finer and nobler and more worth while than your sporting bank president, Dr. Homberg? I am just silly enough to believe that she is. I wonder what you think about this very pertinent question right down in the bottom of your heart?

Advice to Girls

By Annie Laurie

Dear Miss Laurie: I am a business girl and I lunch down town every day. My chum and I always lunch together and she says that I look at the men too much. I don't see any harm in looking at a fellow looking man—do you? And if I smile at one once in a while, do you consider that a crime? My chum seems to think it is. I have a friend who married an awfully nice fellow that she met just that way. Why shouldn't I have the same good fortune? MUTINIOUS. WHY shouldn't you, indeed, little girl? Maybe you have a friend who found a fifty-dollar gold piece in the street one day; why don't you give up your job and try to earn your living that way? It would be lots more fun than working in a stuffy office all day, wouldn't it? I know a girl who was sitting on the porch of her father's house on a perfectly good farm one perfectly pleasant day in spring and a large bird flew down, straight out of the sky, and "lit right at her feet. The bird turned out to be a man in a flying machine—he fell in love with the girl and now they are married—and she won't let him fly any more. Why don't you go out on a farm somewhere and sit on the porch next

May and see if you can't have this same sort of luck? Why, you poor foolish little thing, you, your friend took one chance in a million. And it happened to be the right one. Don't think of following her example. How long has she been married, anyway? What do you know about the man she married? What if he has a wife somewhere else; what if he is a thief or a drunkard, or anything else on earth he might be? It's bad enough to take matrimonial chances with a man you've known all your life. Don't dream of such a thing with a perfect stranger. And then, whisper, men are strange beings; they like to flirt with every girl who will flirt with them, but they very seldom talk the magic word m-a-r-r-y to the girl who likes to smile at strange men. And when you come to think of it you can't wonder at it very much, can you, after all? Stick to the man you know for your good times, little girl—that's the best way—the only way that's safe. Annie Laurie

Useful in the Home

By Tom Jackson

A DACHSHUND isn't beautiful, but love you long he will. He looks like a suspension bridge when he is standing still, and though his head and tail may be a yard or so apart, up something in his forehead and there beats a faithful heart. In winter when the icy winds begin to howl and roar, he makes a first-class weather strip across the kitchen door. If you've a stove-pipe to be cleaned, call on your son or brother to put the dachshund in one end—your whistle in the other. He will go through that pipe, he will, with nary yap or squeal, and turn around inside of it just like a turbine wheel. And when he comes out of the pipe 'tis best, good judges think, to give some boy a cent or so to hold him in the sink. He is the only dog that you can tie up in a knot. Therefore, in small, congested houses, he is used quite a lot. He is a handy pet to have within a city block. Just throw him in a loop and hang him up beside your hat. And if your rambunctious grows dull, your shaver you need not stop. Make him stand up beside a chair and use him as a stool. He does not fight like bulldogs do, he hasn't got their sand; but for domestic uses he just leads the canine band.

New Hot Punches for Wintry Days

By Jeannette Young Norton

GOOD old-fashioned hot drinks are displaced in many quarters by cold drinks and iced punches. The hot chocolate and cocoa drinks, the hot bouillon with cherry and the Turkish coffee are too well known to need recipe here. For the hot mulled wines use the best wines and the freshest of spices. For most tastes allowing the spice bag to remain while the drink comes to a boiling point is sufficient flavoring. Large, heavy, but thin-skinned lemons will yield the most juice for the lemon drinks. MOSELLE CUP. Juice of three oranges, three lemons and one pineapple; strain into one quart Moselle wine with half cup of sugar. Just before serving add cracked ice, punch of brandy, tablespoonful of Maraschino cherries and one bottle of soda. MULLED WINE. Allow one cup of good Madeira wine to each guest, then put in white enamel saucepan with spice bag, three slices of lemon and a teaspoonful of sugar to each cup of wine. Let the mixture come to a boiling point, then simmer 10 minutes; remove lemon and spice and serve in chocolate cups with old fashioned cookies or sponge cake. RUM PUNCH. Boil one quart of distilled water with one-half pound of rock candy, juice and the rind of one lemon and three cloves. When the candy is melted take from the fire, add a half tumbler of strained honey and a glass of the best Jamaica rum. Strain the mixture into thick punch glasses and serve with nut squares. GINGER PUNCH. To one quart of boiling water add a half cup of ginger syrup, two cloves, one thinly sliced lemon, a tumbler of good whiskey, a spice bag and let stand at boiling point for 10 minutes. Then strain into punch glasses and put spoonful of whipped cream on the top of each. Serve with fruit or white cake. BAVARIAN PUNCH. Juice of six oranges and 13 lemons, half bottle of brandied fruits, half pound of granulated sugar. Just before serving pour into the punch bowl over a block of ice and add two bottles of table water. PINEAPPLE PUNCH. Add to the juice of three lemons a pound of sugar, two quart bottles of pineapple juice and two slices fresh pineapple, sliced. Turn over cracked ice in the punch bowl and add, just before serving, two bottles of ginger ale.

Bliss and a Baseball Bat

DIVORCE is getting entirely too common these days. It's getting the slightest pretext. Too many people in this day and age are too prone to rush to court every time there is a disturbance in the family. We are thinking especially of the man in New Haven, Ct., who has gone to court praying for divorce and all the excuse he has to offer is that his wife, who is of a muscular turn of mind, knocked him down with a baseball bat, and in the misunderstanding, knocked out his teeth. As soon as the man was up and around he made straight for the court and asked to be divorced. Not one other bit of evidence did he offer. As soon as this occurred he wanted to have the unpleasantness aired in court.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

will pay for The Daily World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

will pay for The Sunday World for one year, by mail to any address in Canada or Great Britain. Delivered in Toronto or for sale by all newsdealers and newsboys at five cents per copy.

Postage extra to United States and all other foreign countries.

Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

TUESDAY MORNING, JAN. 13.

FACTS FOR THE BOARD OF TRADE.

Our article yesterday embodying facts for the consideration of members of the board of trade may well be commended to the attention of all business men in the city, or any others who wish to get a grip of the actual facts underlying the situation leading up to and arising out of the proposal of Mayor Hocken to clean-up the electric traction and lighting franchises of the city.

The Telegram published an article last night from which we select the following paragraph which includes all the grounds upon which hostility to Mayor Hocken's proposals is based.

Every newspaper in the city has pledged itself to oppose an agreement of that kind. No sane man would agree to anything of the sort. It has been shown, over and over again, that the Telegram intentionally and knowingly made these false statements, for it has read the innumerable contradictions and refutations by Mayor Hocken, by Controller McCarthy, by Alderman F. S. Spence, and by several of the newspapers. But it continues to make them, for reasons which are now familiar to most people.

The spectacle of Sir William Mackenzie or anyone else holding \$22,000,000 worth of bonds up his sleeve for thirty years in order to control the city's credit may occupy the insane brain of The Telegram, but it will not bother a board of trade business men.

The Telegram, of course, does not believe these things itself, but it is so mentally constituted as to believe it right to try to convince other people that they are really so. It succeeds with a few, but we do not believe that it can go far with the board of trade men. It does not believe, for example, that thirty years hence the Toronto Electric Light Co. would suddenly find itself resurrected with renewed powers of exercising its franchises and doing all the things that an act of the legislature had extinguished its right to do thirty years previously.

Nor does it believe that the Mackenzie interests have the remotest idea of tunneling the city in all directions to compete with civic car lines, even if they could get authority from the legislature to do so, which they certainly could not.

Mayor Hocken, in his inaugural address, indicated his intention of proceeding in the deliberate and careful way that he has adopted through the negotiations, and solid citizens are not likely to be misled by the barbraised fabrications of The Telegram, such as we have cited. Into ignoring the permanent and timely advantages of his proposals.

In our article yesterday there is dealt with the positive side of some of these advantages and we commend these facts, which are not evolved from imagination but are verifiable and accessible for anyone who has the interest or the time to look into them, to the study especially of members of the board of trade, who are at present

being asked to take the whole matter under consideration.

Much interest has already been aroused in the work of the civic survey, inaugurated under the auspices of Messrs. John Macdonald, John L. Sutcliffe and other gentlemen associated with the Municipal Improvement League. It was felt by all who heard Mr. Clement J. Driscoll at the luncheon of the committee yesterday, that the work was being done in a thorough and impartial way, that business principles were being observed in carrying on the work, and that much valuable light will be thrown on the operation of the various civic departments of government. It was evident from Mr. Driscoll's remarks that the work was being performed in no hostile spirit, and that the reports to be made will be of an impartial character.

The public will be given an opportunity to hear the first report this afternoon and are invited to attend the luncheon at McConkey's at one o'clock for the purpose of hearing Mr. Driscoll state the results of the survey of the city fire department. It has been decided not to make the reports in block, but to publish them in sections. In this way it is believed that more attention can be directed to them, and that their contents can be better appreciated.

This afternoon is an official occasion, when the mayor and council and other bodies will be present, and the report will then first be disclosed. The World has been in full sympathy with the movement to ascertain the facts of civic administration. Daylight is the best antidote for all forms of disease, and the civic organism is no exception to the rule. We have long held that most of our civic troubles are due to the system to which we are all slaves, and in which the city as a whole is enthralled. Whether the reports of the civic survey will confirm this view remains to be seen, but in any case they should lead to a clearer understanding of the causes of any weakness or incapacity which do exist, and emphasize the need of improvement. Until the mass of the citizens are impressed with such need, and concerted action be taken by leading public bodies and the newspapers, nothing of a radical nature is possible. There is also the more need for every possible assistance being rendered the civic survey committee in their praiseworthy effort to disseminate reliable information about city hall affairs.

U. S. ANTI-TRUST BILL.

During President Wilson's holiday at Pass Christian, Mississippi, and while he has been conferring with Mr. Lind, his personal representative in Mexico, regarding the affairs of that troubled country, the judiciary committee of the house of representatives has been engaged in preparing the anti-trust measure which embodies his views as given at earlier conferences with its members. The new legislation, which will be introduced this week, will seek to amend the defects disclosed in the Sherman law as revealed in its operation and as resulting from the interpretation given it by the supreme court. One of the provisions of the new bill will make officials of trust companies that violate the anti-trust acts liable personally to fine and imprisonment. It will thus introduce the principle of individual responsibility which experience has shown to be necessary for the proper enforcement of the law.

The bill will also forbid manufacturers to fix the retail prices of the articles they manufacture, and will remove the modification to "reasonable" restraint of trade read into the Sherman law by the supreme court. It lays down in express terms that no restraint of trade shall be deemed "reasonable," and will further define what constitutes interlocking directorates between banks, railroads and other corporations will be absolutely prohibited, and no banker will be permitted to act as director of any other banking company. The prohibition will also prohibit directors in industrial companies from acting on the board of a competing company, or in a manner that will restrain competition.

Railroads, if the proposed measure passes, will no longer be able to own or control establishments whose products they transport, or use. These very drastic provisions, which will be supplementary to the Sherman law, it is believed by the house committee, will result in the breaking up of all monopolies.

LATE W. E. DAVIDSON WAS BURIED YESTERDAY

His Funeral Was Attended by Large Number of Friends and Relatives.

The funeral of the late W. E. Davidson, who died suddenly on Christmas day, was held yesterday morning at St. Simon's Church, on Howard street.

Through Pullman Sleeping Car to Ottawa. The Grand Trunk Railway System operate a through electric lighted Pullman sleeping car to Ottawa, leaving Toronto 10:45 p.m. daily and Ottawa 6:55 p.m. daily for Toronto.

NEW CANADA LIFE PRESIDENT

Resignation of Hon. Geo. A. Cox Accepted at His Urgent Request, and Mr. E. W. Cox Elected President - Hon. George A. Cox Made Honorary President.

Some months past the Hon. George A. Cox has been urging the board of directors of the Canada Life Assurance Company to relieve him from the responsibility connected with the office of president, and yesterday at their meeting it was reluctantly decided to comply with his request.

Mr. E. W. Cox has been actively connected with the company's affairs since the early eighties. In 1886 he became joint manager with his father in the largest branch of the company until 1899, when he became identified with the head office management.

Mr. Cox has inherited his father's ability as a financier and as a handler of money, and the splendid field organization of the company is very largely due to his good judgment and devoted efforts.

HEARST NOT TO ENTER THE CANADIAN FIELD

MONTREAL, Jan. 12.—(Can. Press.)—William Randolph Hearst, owner of the Hearst chain of newspapers in the United States, assured Canadian Press representative today that he had no intention whatever of invading the daily newspaper field outside of his own country.

licants apply to the two-thirds interest or to the \$100,000 given by clause 15. I think they are subject to the terms of the will and that the last part of clause 15 requires a settlement to be made to carry out the intention of the testator as found in the clause in question. I do not think it follows that in the case of the daughters already married and having settlements that the existing settlement is necessarily such a settlement as is contemplated. I am clear that Mrs. Campbell's settlement is not. (Terms of settlement are set out in judgment.) Mrs. Kirk's share is to be dealt with in the same way. The after-acquired property is, I fear, undoubtedly caught by the covenant contained in the settlement. Order accordingly. Costs out of the estate.

Before J. A. C. Cameron, Master. McKay v. Toronto and Weston Contracting Co.—L. Fairly, for city, moved for direction in third party proceedings. J. G. Smith for Godson Contracting Co. (Bisland & Co.) for plaintiff. Usual order made. Costs to plaintiff in cause and as to defendant and third party costs to third party proceedings.

Loveland v. Sale—A. D. Crooks for defendant, moved for order for delivery of statement of defendant after pleadings noted, closed. W. H. Clippshaw for plaintiff, asked enlargement. Enlarged to 13th inst.

Pollock v. Munns and Northern Quarries. Lawr (Aylesworth & Co.) for plaintiff, moved for judgment under C.R. 55 against defendant. Motion refused. Motion enlarged to allow examination of secretary of plaintiff company on affidavit. Examination to be concluded within three days.

Ramsay v. Proctor—W. J. McLarty for defendant, moved for order to amend statement of defendant after pleadings noted, closed. W. H. Clippshaw for plaintiff, asked enlargement. Enlarged to 13th inst.

Pollock v. Munns and Northern Quarries. Lawr (Aylesworth & Co.) for plaintiff, moved for judgment under C.R. 55 against defendant. Motion refused. Motion enlarged to allow examination of secretary of plaintiff company on affidavit. Examination to be concluded within three days.

McKenzie v. Zimmer—T. N. Phelan for defendant, moved for order setting aside default judgment. J. G. Smith for plaintiff. Order made. Sale to be on or before May 1, and to be subject to the order of the court as to payment of costs of default judgment. \$30.15, and costs of this motion fixed at \$15, in ten days.

Walker v. Cobalt Silver Hill Mines—A. D. Crooks for defendant, moved to dismiss action for default in proof of debt. Motion refused. Costs reserved.

Judge's Chambers.

Before Middleton J. Rex. N. Rogan for prosecutor, moved for sentence on the ground for non-payment of costs and continued comment on the case by the judge. Order that defendant in person. Order that defendant may have privilege of paying \$100 within a month and remaining in the prison for the following month but this indulgence is granted on the express understanding, assented to by Mr. Rogan, that no further reference to the case will be made.

Single Court.

Before Middleton J. Furness v. Toronto and Weston Contracting Co.—G. Oeler for defendant, moved for order under C.R. 124 dismissing action as showing no cause of action. A. McL. Macdonell for plaintiff. Order made. Costs reserved.

Empire Lime Co. v. Carroll—H. D. Gamble, K.C., for plaintiffs. Appeal by defendant from judgment of Lennox J. of July 2, 1913. Action for injunction to restrain defendant from going on lands and premises alleged to belong to plaintiffs, from laying a sand and gravel thereon and removing therefrom the same. Judgment: Appeal dismissed with costs.

WEST'S DEMANDS TO BE HEARD

(Continued From Page 1.)
downment for educational purposes, and especially for university extensions and technical education.

Considerable difference of opinion exists among members of the deputation as to what policy should be adopted by the government respecting the ranching situation, and this difference, it is understood, is reflected to some extent in the Dominion cabinet.

In addition to the removal of the wheat and flour duties the visiting Conservative statesmen from Alberta will ask for reductions in various staples, including cement and agricultural implements. It is not likely that any of these requests for tariff reductions will receive anything more than a promise of favorable consideration when the general revision of the tariff is taken up at a later date.

STREET CAR DELAYS

Toronto, Jan. 12, 1914. 12.45 p.m.—Load of lumber on track, Prince Arthur and Avenue road; 5 minutes' delay to Avenue road and Dupont cars, southbound. 2.25 p.m.—Load of brick on track, Niagara and Bathurst; 10 minutes' delay to Bathurst cars, southbound. 4.20 p.m.—Load of baled hay on track, York and Front; 3 minutes' delay to Floor, Parliament, Bathurst, Yonge and Church cars. 11.45 a.m.—King and Bay, wagon stuck on track; 10 minutes' delay to King cars. 11.42 a.m.—Front and John, held by train; 4 minutes' delay to Bathurst cars. 1.01 p.m.—Front and John, held by train; 8 minutes' delay to Bathurst cars.

SOCIETY
CONDUCTED BY MRS EDMUND PHILLIPS

His honor the Lieutenant-governor of Manitoba and Lady Cameron are at the King Edward, from Winnipeg.

The seventeenth annual meeting of the United Empire Loyalist Association will be held in the galleries of the Women's Art Association, Jarvis street, on Thursday evening at 8 o'clock when the election of officers will take place for 1914. Dr. E. Herbert Adams will read a paper entitled "Pioneers of a Century of Peace," and Mr. F. O. Loft will read one entitled "The Inroquoian Loyalists."

Mrs. Douglas Ross gave a dance last night in honor of her sister-in-law, Miss Elsie Ross, when Columbus Hall was made beautiful with palms, ferns and the corners of the hall room furnished with rugs and chairs, and the orchestra screened with a forest of palm trees.

The Hon. Rodolphe Lemieux is at the King Edward from Ottawa.

Col. and Mrs. Hemming Kingston, gave a dance at their home on King street, Mrs. Edwin Swift, who is visiting in Kingston, was one of the guests from Toronto present at it.

Mrs. George F. Smith, St. John, New Brunswick, gave a large tea for her daughter, Mrs. Robinson, who is staying with her; many other entertainments have also been given in her honor, notably a luncheon by Mrs. Louis Barker and Mrs. John M. Robinson at Rotheray's, a luncheon at the L. M. Club by Mrs. Walter Harrison and Mrs. J. Royden Thomson, and a tea by Mrs. H. B. Robinson.

Mrs. Hugh Dunfield, Mrs. Radford Dunfield, and Miss Gertrude Dunfield, 593 Russell Hill road, have issued invitations to an at home on Friday.

Mrs. Vincent Fort, Niagara Falls, and Miss Maud Kirkpatrick are leaving today to spend the winter in Hawaii.

Mr. George H. Phippen is at the King Edward from Winnipeg.

Mr. George Tate Blackstock, who has recovered from his recent illness, has returned to the King Edward.

The annual ball of the Municipal Chapter of the Daughters of Empire takes place in Winnipeg tonight.

Mrs. Douglas Young has taken apartments in Kingston, to be with her son, Major Douglas Young.

Mrs. T. Cameron Bate, Ottawa, is giving a tea on Wednesday, in honor of her guest, Mrs. Wilks, Galt.

Mrs. William Gibson, Calgary, is the guest of her mother, Mrs. Bull, in Brampton.

Mrs. W. Harty, Stuart street, Kingston, was hostess at one of the jolliest Christmas trees of the season last week, when she entertained in honor of her two little daughters, the Misses Nadine and Betty Harty, and Miss Ann Osler, her small Toronto visitor.

Major and Mrs. W. St. Pierre Hughes have been moved to Ottawa from Kingston, and have taken a house in Stewart street.

Mrs. Flynn and Miss Marie Flynn arrived in town yesterday and are at the King Edward.

Miss Gwen Darling and Mrs. Ahearn, Ottawa, are going abroad for the winter.

Mr. and Mrs. Dwight Turner and their family leave on Wednesday to forest of three weeks at their country home in Midland.

Miss Enid Hendrie is in town for a few days.

Mr. Edmund Bristol, M.P., is in New Orleans.

Miss Densill, who has been staying with Mrs. Ahearn in Ottawa, returns to town today.

Mrs. W. D. D'Espard leaves for New York next week to meet Mr. D'Espard, who has been abroad for the last two months.

The marriage will be solemnized in the Church of St. Martin on Jan. 21 of Florence Charlotte Isabel, daughter of Mr. and Mrs. John R. Meeker, to Mr. Robert Patterson Jellett, son of the late Judge Jellett and Mrs. Jellett, formerly of Picton, Ont.

The marriage of Miss Grace Isabel Bayley, second daughter of Mr. and Mrs. W. Braybrooke Bayley, to Mr. Albert Stephen Huswilt, second son of Mr. and Mrs. Stephen Huswilt, of Toronto, took place quietly at 3.30 o'clock on Saturday, Jan. 10, in St. Augustine's Church, the Rev. Canon Plummer officiating. Thomas Reed presided at the organ. The bride, who was given away by her father, wore a gown of white tulle, with a corsage of white roses and lilies of the valley. Mr. Alfred Huswilt, of 4.40 train for Chicago. On their return they will reside in the Commaught Apartments, Jameson avenue.

The following ladies have consented to act as patronesses at the home of the Jarvis Collegiate ex-pupils, to be held Feb. 10 in Columbus Hall: Mrs. H. C. Hodson, Mrs. E. E. Emery, Mrs. George W. Booth, Mrs. William Wallace, Miss Janie Thomas, Mrs. W. A. Jennings, Mrs. Angus MacMurphy, Mrs. W. K. McNeil, Mrs. Harry H. Dewar, Mrs. E. H. Greer, Mrs. S. Morley Wickett, Mrs. C. C. VanNorman.

Miss Edythe Parker has returned from New York.

The Balm Beach Canteen Club will hold its annual St. Valentine's at home in the new club house, Balm Beach, on Feb. 14. Invitations will be sent out shortly.

Receiving Today.
Mrs. George Broughal, of St. George street, Mrs. T. C. Irving and the Misses Irving, 246 Huron street, and Wednesday, and not again this season. Mrs. Robert Pentecost, Huron street.

Receptions Miscellaneous.
Mrs. Frederick Mitchell (formerly Miss Alma G. Skinner), for the first time since her marriage, at 350 East Roxboro street, North Rosedale, on Thursday, Mrs. S. W. Foster, E. Briggs, Mrs. C. H. Tonkin and Miss Vera Tonkin, in their new home, 57 Wilmam avenue, Spadina road hill, on Thursday, Mrs. S. W. Foster, E. Briggs, and Miss Briggs, 133 Madison avenue, on Friday, and not again this season. Mrs. W. E. Thomson, 18 Forth road, on Thursday, Mrs. W. C. Kettlewell, 322 Spadina road (below St. Clair avenue), on Thursday, Mrs. E. McNally, Weston, Thursday, at her house, and Miss Charlton with her, Mrs. T. McKenzie, 1381 West King street, corner Dunn General Hospital, and the third Thursday of each month.

Ladies, there is a genuine clearing sale of military at Rutherford's, 442 Yonge street.

be quite willing to receive such a gift. New Officers.

Varsity Down the Red Ring Paddlers

Juniors Provide Fast Exhibition at the Arena—Varsity Had Team Play.

Varsity defeated Toronto Canoe Club by 8 to 5 in their initial clash in the junior O.H.A. series at the arena last night. The student boys had the better of the play three-quarters of the way, and showed a pretty combination and some telling back checking. The Paddlers opened up in spots, but could not get their front line working together.

Little Conn Smythe, bausner, straiton and Billy Milne worked prettily together. It was a rattling good exhibition all the way, with both sides handling the puck with ease. Apperidge and Webster were the most effective of the losers, while Warwick was brilliant in spots.

The teams: Toronto Canoe Club (5)—Goal, Mitchell; point, Apperidge; cover, Robertson; rover, Apperidge; centre, Webster; right wing, Kerr; left wing, Warwick. Varsity (8)—Goal, Apperidge; point, Apperidge; cover, Apperidge; rover, Apperidge; centre, Apperidge; right wing, Apperidge; left wing, Apperidge.

TO BOOST LACROSSE IN PUBLIC SCHOOLS

A meeting and banquet will be held by the lacrosse enthusiasts of Ontario on Saturday, the 17th, at the Eaton Club, at 1:30 p.m. They will deal with the development of the Canadian national game and will discuss plans for the formation of school leagues throughout the province.

JUDEANS ELECT THEIR OFFICER

The reorganization of the Judean Athletic Club in their clubrooms Sunday afternoon turned out to be an extremely lively affair, no doubt the result of the renewed interest of the members at large.

MIDLAND, Jan. 12—Midland juniors tonight overwhelmed Waubushene in a fast game by the score of 17 to 5.

The game was never in doubt, owing to the excellent playing of McGill, Drewey and Duncan for Midland. The line-up: McGill (7)—Goal, Smith; right defence, Emond; left defence, Duncan; rover, Drewey; centre, McGill; right wing, Simpson; left wing, Chase.

COBOURG WON AT HOME.

COBOURG, Jan. 12.—Cobourg defeated Bowmanville in the first intermediate O. H. A. game of the season. The ice was fast and the play clean all the way thru, but Cobourg had the better of the play by close checking and good combination work. The half-time score was 9 to 1 in favor of Cobourg. Full-time score, 14 to 0 for Cobourg. The line-up: Cobourg (3)—Goal, Spary; right defence, R. Jones; left defence, Rowson; rover, Williams; centre, Cryslerman; right wing, Higginbotham; left wing, Hooper.

BALTIMORE, Md., Jan. 12.—Extra Mid-kiff, the only reported "holdout" of the Baltimore International League club, today signed a contract with that club.

It was reported that the Kansas City Federal League club had made a tempting offer to Midkiff.

UNION WERE BEST IN BANK LEAGUE

Defeated Royal in Crude Exhibition—Players Roughed It Thruout.

Union Bank defeated Royal Bank in a loosely played game at the arena last night, 7 to 2, leading to a 10 to 0. It was a crude exhibition, but Union were always the best. Royals displayed nothing but an ability to chop wood from hell to bell. The teams: Union Bank (7)—Goal, Williamson; point, Stewart; cover, Merrick; rover, Wood; centre, Farrell; right wing, Matts; left wing, Barry.

Royal Bank (2)—Goal, Grant; point, Davidson; cover, Morrow; rover, Riddell; centre, Washburn; right wing, Prangley; left wing, Brown.

T. R. C. AND ARGOS AT ARENA TONIGHT

Rowing Club Makes First Appearance in Senior Ranks—Pro Game Tomorrow.

This senior game between Toronto Rowing Club and Argonauts promises to be some muss at the arena tonight. The King street rowers have the double advantage for all their troubles before the O. H. A. executive lately, and promise to make it interesting for the Argos. It will be T.R.C.'s first appearance in the senior ranks in many years, and with the fast outfit collected together, they should make a good showing in their group.

The Argonauts gave the T.R.C. & A.A. champions an awful argument, when they met a week ago, and it was only "re-duced" hockey that the double-blue were beaten. The game will start on time, which is 8:30 p.m. The teams: T.R.C.—Goal, Laird; defence, Hunter, Sidley; rover, Hyland; centre, Barlett; wings, Skinner, Dopp.

A.R.C.—Goal, Scherer; defence, Schlegel, Hartley; rover, Branson; centre, Swan; wings, Uffelman, Treilcock.

After Saturday night's great battle with Ottawas, Toronto are sure to play before a big crowd tomorrow night, when the Wanderers show here for the first time this year. The Wanderers gave the Marshall boys a trouncing, in Montreal a short time ago, and the blue shirts are out for revenge. They are setting a fast clip right now, and should defeat the slownoters, with something to spare.

A Montreal despatch says: Roy McAllister of the Toronto hockey team is suspended for a week and suspended as is continued rough play in the Ottawa game on Saturday, and a threat to suspend him to this effect was made by the president of the N.H.A. It is believed that the suit finally issued on the notorious Toronto player will have a salutary effect on other N.H.A. players needed to toughen up.

The Orillia team, junior champions of the O.H.A., left at noon yesterday for Cleveland, where they will play tonight. On Wednesday night the Orillia team will play at Welland.

The Kinnorite of the Toronto Juvenile Hockey League would like the following players to turn out to practice for their game with the Beavers at Jesse Ke-china Park at 8:30 sharp: R. Henderson, M. McCormack, T. Whittier, B. Brady, W. Carnahan, H. Rynehart, B. Hughes, J. Grant, J. Porter and any others that would like to try out please communicate with H. Rynehart, 265 Euclid avenue or phone Coll. 7128.

Good-Night, McAllister

NEW YORK, Jan. 12.—Mike Gibbons of St. Paul knocked out Bob McAllister of San Francisco in the seventh round of their ten-round match at Madison Square Garden tonight. The decisive blow, a right to the jaw, came at the end of one minute and thirty-eight seconds of fighting in the round. The men are middleweights.

DRAW IS MADE FOR LINDSAY BONSPIEL

Mack Graden, Famous Winnipeg Skip, on the Job—Toronto Skips Ready.

LINDSAY, Jan. 12.—(Staff Special.)—The advance guard of the followers of the roarin' game arrived here this evening for the big curling bonspiel, which opens here tomorrow. The entries total 104 rinks, which is far above what the local committee anticipated. As there are only ten sheets of ice available the matches will perhaps last until Saturday.

The curlers are favored with ideal weather for the great Scotch pastime, and the ice is in great shape. There are two open competitions and the consolation. Busses these there are the bus ribbon matches, when ten rinks of the victors will be pitted against Lindsay's best.

The draw has been made only for the Flavale trophy, which will start at 9 o'clock tomorrow morning. The 20 Toronto rinks most of the important centres of Ontario are represented. Mack Braden, the celebrated Winnipeg curler, is here with his rink, Mack Rocho, Braden's running mate, finished up at St. Thomas today and will be here tomorrow night.

The draw places Rocho against Charlie Snow of Lakefield, while Braden is due to play Davis of Iokoyagan. The Toronto skips drawn for tomorrow are: Col Rennie, Queen City, v. Crawford, Scarborough. Halsey, Queen City, v. Graham, Port Hope. Keith, Lakeview, v. Malcolm, Markham. Dr. McWilliams, Toronto, v. Beacon, Harrison. Corcoran, Queen City, v. Knowlson, Lindsay, who is secretary of the bonspiel.

ST. THOMAS SPIEL WILL END TODAY

ST. THOMAS, Jan. 12.—The postponed bonspiel opened again at the Grand Hotel Sunday night, and will probably be brought to a conclusion early Tuesday morning. Bro. McAuley's Southampton rink won the big prize (the Just Wright Trophy), when he defeated the Pratt rink from Plattsville. McAuley has won 11 games without meeting defeat, and is in the final for the Leo Trophy and the semi-finals for the Elgin Challenge Cup. He stands a chance of coping the three big competitions. Scores: Just Wright Trophy—Semi-Finals. Plattsville 10, Thameville 7. Pratt skip 10, Stewart skip 7. Southampton 10, London 7. McAuley skip 14, Tilson skip 4. Final. Plattsville 10, Thameville 7. Reo Trophy—Second Round. Southampton 13, Coffey skip 8. Bristowe (Bright) beat Burns (Palmerston) by default.

O. A. C. Defeat Vics by One Goal—The O.H.A. Games Thruout Province.

GUELPH, Jan. 12.—In one of the roughest games of the season the O.A.C. defeated Guelph Vics Intermediate by the score of 1 to 0 in the Royal City rink tonight. The game started fast, but turned into a slug-fest after Agar netted the lone tally of the game for the Aggies. Agar started for the O.A.C., and Wells played good game for the Vics.

The line-up: O.A.C.—Goal, Duxton; point, Fraser; cover, Kerr; rover, Agar; right wing, Heron; left wing, Oswald; centre, Vair. Vics.—Goal, Fairley; point, Wells; cover, Hayer; rover, Allen; right wing, O'Halloran; left wing, Rowe; centre, Zeigler.

WATCH THESE YOUNGSTERS.

KINGSTON, Jan. 12.—Jim Sutherland's Junior Progress defeated Port Hope winners by a score of 14 to 0. At half-time the winners showed all kinds of speed and combined with splendid combination.

The teams: Goal, Mills; right defence, Goddard; left defence, Angrove; rover, Norman Millan; centre, R. Millan (capt.); left wing, Perry; right wing, Cook. Port Hope: Goal, Rowden; right defence, Jarrell; left defence, Sandercock; rover, Brown; centre, Hill; left wing, Lowe; right wing, Darch. Referee: Harry Bursome of Toronto.

FEDS NOT FIGHTING FAIR, SAYS BARROW

International to Fight to a Finish, According to President—His Stand.

NEW YORK, Jan. 12.—Edward Barrow, president of the International League, in a statement today concerning the proposed invasion of the Federal League of three International League cities—Toronto, Baltimore and Buffalo—declared that the new league's leaders were not fighting fair, and predicted that their tactics will only bring them to grief.

"The players who jumped to the Federal League were disloyal to their employers. Men like Tinker, Brown and Knabe were in organized baseball long enough to know that loyalty to the reserve clause is one of the foundations of organized baseball, and as much a part of their contract as their salary.

"I will say that the International League will fight these fellows to a finish in any of our cities in which they place teams. So far I have not heard of them signing any of our men, but I have three letters from the International League have sent to my players. I might add that these players were not offered as much as they are getting in organized baseball."

SIX TEAM LEAGUE FOR WESTERN ONTARIO

STRAFORD, Jan. 12.—President M. A. Number of the Western Ontario Baseball League has taken the dropping of Guelph and Berlin from the Canadian League as his cue for an endeavor to have these cities join his organization. He is confident, and feels that these cities would find W. O. B. brand of ball quite to their liking. A six-team league, composed of Brantford, Berlin, Guelph, Stratford, Woodstock and London, is his project for 1914. St. Thomas, because of the poor train connection, will possibly be dropped from the league.

WILL MAIL A CONTRACT.

NEW YORK, Jan. 12.—Notwithstanding Joe Tinker's intention not to play organized ball this year, as evidenced by his signing a contract to manage the Chicago Federal League Club, Charles H. Ebbets of the Brooklyn National League Club announced today that he would mail

"In my opinion," said Ebbets, "as far as our taking legal steps to keep Tinker from playing with the Federal is concerned, we would have to wait until he actually begins to play with the Federal before applying for an injunction. That he does that, we will not know positively until he is not going to come into the Brooklyn fold."

So Cool! So Creamy! So Delicious!

Regal

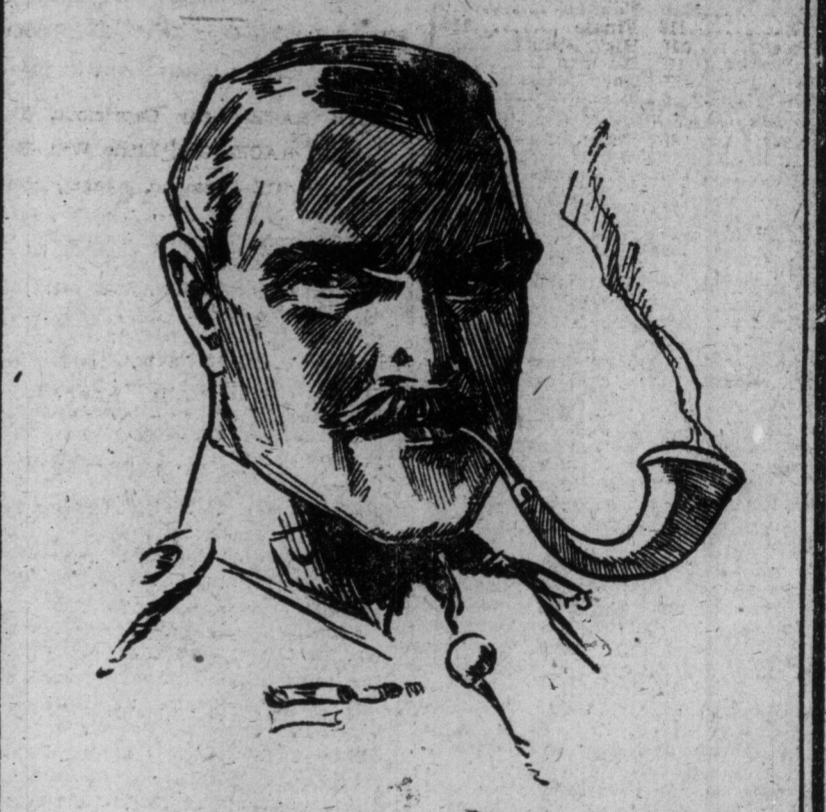

Spell it Backwards

You will be delighted to find in Regal a lager that meets your perfect satisfaction. It tastes just as you want a lager to taste—cool, creamy, delicious, satisfying.

At all dealers, or phone Main 3621, Toronto; 432 Hamilton, Hamilton; Hamilton Beer Association, Hamilton, Ont.

Tinker a Brooklyn Club contract this week.

"In my opinion," said Ebbets, "as far as our taking legal steps to keep Tinker from playing with the Federal is concerned, we would have to wait until he actually begins to play with the Federal before applying for an injunction. That he does that, we will not know positively until he is not going to come into the Brooklyn fold."

Canadian Port Wine

Comparatively few people know what really excellent wine is produced on Pelee Island, in Lake Erie, and in the Niagara Peninsula.

Of a rich, red color, containing a very low percentage of alcohol, our Special "CANADIAN PORT" has an enormous sale. It is just as pure as the most expensive imported wine, and the price is only \$1.50 per gallon.

ESTIMATES ON WAY FOR GUELPH RADIAL

Mayor Carter Counsels Care in Handling Debenture Indebtedness.

ENGINE JUMPS TRACK

C. P. R. Train for Goderich Narrowly Escapes Being Thrown Into River.

(Special to The Toronto World.) GUELPH, Jan. 12.—Mayor Carter's inaugural address to the city council today was concerned with the work of the various committees, alluded to the importance of being careful with reference to increasing the debenture debt, and struck a keynote by his urging the taking of steps that there may be a consolidation of commissions.

The commission has been deprived the city council, and the engineer was still much work to do, and to carrying out this in a business manner the citizens hope for an active year.

Derailment Blocks Traffic. C. P. R. engine No. 2116, attached to the Goderich train, due to leave Guelph at 5.50 this morning, jumped the track, and as a result the engine was completely blocked. The train was about fifteen minutes late pulling out of Guelph, and the engineer was getting up speed rapidly when the engine failed to take the switch and went three car lengths before stopping. It was estimated that the train stopped just where it had to, and into the river. The engine was derailed at 5.50 a.m. and the tracks were soon cleared. No one was hurt.

TANGO AND TURKEY TROT DENOUNCED BY PREACHER

Rev. W. E. Kerr of Welland Has Some Scathing Utterances on Modern Society Dances.

(Special to The Toronto World.) WELLAND, Jan. 12.—Denying that the Methodist Church had let down the bars on dancing, Rev. W. E. Kerr last evening uttered a scathing denunciation of dances of every description as being in the category of modern vice.

"A man will take liberties," said the speaker, "with your wife or sister on the dance floor for which you would know him down under any other circumstances, or you would not be doing your duty as a husband or brother. If on the streets and away from the music of the ballroom, a man helps a woman in the attitude and assumed the motions and postures of the dance, he would be arrested."

Mr. Kerr said that fashion and custom would never make wrong right. He described the tango and turkey trot as lascivious, and as having their origin among the negroes and in the slums.

THREATENS OSTRACIZATION. WELLAND, Jan. 12.—(Special.)—Four local lodges have succeeded in getting a doctor to locate in Welland and accept lodge work at a reduced rate. The man is Dr. J. P. McLarsen of Point Edward.

The action is the result of the refusal of local doctors to take lodge work at a reduced rate. The local medical association has practically threatened to ostracize the "strike-breakers."

CONTROLLER SIMPSON SPEAKS. WELLAND, Jan. 12.—(Special.)—Speaking in the Grand Theatre yesterday afternoon, Controller Simpson of Toronto advised his hearers to spend their money for Socialistic literature rather than in drink. He denounced those ministers who would not come out in favor of the Canada Temperance Act, and stated that should the labor interests insist on his becoming quiet on the temperance issue he would defy them.

PROFIT FROM WATERWORKS. WELLAND, Jan. 12.—(Special.)—The annual report of the Welland water commissioners shows that the system is now on a self-sustaining basis, whereas four years ago it was a very costly department. This year over \$10,000 will be turned in to the town for sinking fund interest. The amount of water pumped daily was shown to be 1,203,077 gallons, and the per capita consumption 172 gallons.

DEATH OF BRANT PIONEER. BRANTFORD, Jan. 12.—(Special.)—The death of William P. Croome, one of Brantford's best known and highly respected citizens, occurred at his late residence in the Mount Pleasant road on Sunday morning, Jan. 11. Mr. Croome was born in Bristol, Eng., in 1812. He came to this country in his early boyhood and settled in Brant county. At one time he was an active member of the township council, and at his death he occupied the position of manager of the Ontario Free Labor Bureau. In politics he was a staunch Conservative.

BRANTFORD, Jan. 12.—(Special.)—A committee consisting of Ald. Calbeck, Pitcher, Hollnake, Broadbent and Ward, was appointed today to take up the matter of making Eagle place into a sixth ward of the city.

HIS BANK WAS A MITTEN. BERLIN, Jan. 12.—(Special.)—Yure Rajic, an Austrian, was given three months in the county jail for having spent the night in a box car. He surprised the officials at the jail on being searched by having \$117 in a mitten tied about his neck. He will probably be deported.

DIED IN HIS CHAIR. BROCKVILLE, Jan. 12.—(Canadian Press.)—William D. Williamson, Grand Trunk engineer, died sitting in a chair at the engine shop after reporting for duty this morning. It is supposed the exertion caused by wading thru the heavy snowstorm from his home brought on heart failure. Williamson had been an engineer for 33 years.

WALKER HOUSE HAS SELF-SERVER. The official opening of the Walker House self-server, the first of its kind to be connected with a hotel in the Dominion, took the form of an informal luncheon to the Toronto City Council at 6 o'clock last night, when the proprietors of the hotel were heartily congratulated by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Some time ago the hotel obtained every effort to purchase sufficient land adjoining the Walker house to make a considerable extension, but they were unable to get any more than a strip 12 feet 6 inches in width by a depth of 99 feet on the west. The Union Station, by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Two Significant Points. There are two very significant points back of this announcement. In the first place, the new line has been built chiefly for the accommodation of the Dain Company and the John Deere Plow Company, of which the former is a subsidiary concern. This undoubtedly means that the John Deere Company will make an early start on its new \$2,000,000 plant, which is to be erected here in fact. It is learned that work will be under way early next spring.

May Be Further Extended. It is further learned that the extension of the M.C.R. to Dain City is only a part of the ultimate plan of the railway company, and that early in the spring the line will be extended to Port Colborne. The present terminal would therefore, be only temporary. Steps are now being taken to secure the necessary right-of-way. This fact appears to bear out the story that the C.P.R. has taken over the M.C.R. as it is a well-known fact that the Canadian Pacific has for some time past contemplated an extension to the lakeside town. Representatives of the company have been in Port Colborne several times during the past year looking into the situation. The Niagara, Welland and Lake Erie Railway has been preparing to build an extension to Dain City and the vice-president, C. J. Laughlin, stated today that the action of the M.C.R. would have no effect on its plans. The M.C.R. vigorously opposed an application of the N. W. & L. E. to cross its tracks.

CORNWALL COUNCIL PASSES BONUS BYLAW

Final Reading Given at Inaugural Meeting of New Board—Appointments for Year.

(Special to The Toronto World.) CORNWALL, Jan. 12.—The town council of 1913 passed out of existence as a body today and the council of 1914 assumed office.

The new council is constituted as follows: Mayor, D. J. Gillies; reeve, Richard Larmour; deputy reeve, Mark Hermiton; councillors, east ward, E. Amell, Geo. Bergeron, W. Lalonde; centre ward, W. Pollock, D. Monroe, Thomas J. Donahue; west ward, Arch Denny, Dr. Munro, G. D. Gillies. J. G. Harkness was reappointed clerk and treasurer and clerk of the police court at a salary of \$1000.

The bylaw to grant \$5000 to the Gengary and Stornont Railway Company, which was carried at the recent municipal elections, was passed, signed and sealed. R. S. Cline and J. E. Tallon were reappointed auditors. J. A. Chisholm was appointed to the public library board for three years, Angus Lalonde to the high school board for three years. J. B. Atchison as assessor, A. Hurteau as interpreter, R. J. Gravelley as sanitary inspector, Hill Campbell, Peter St. Thomas and J. E. Chevrier as members of the board of health.

A petition was received asking for a reduction in the cigarette license fee of 25 cents and this was referred to the finance committee for consideration and report.

ILLNESS PROVED FATAL FOR HON. DAVID LAIRD

Chill Contracted at Office Ended Life of Former Prominent Statesman.

OTTAWA, Jan. 12.—(Can. Press.)—Hon. David Laird, Indian commissioner for Canada, died at his residence here this morning, after an illness of a few days. He contracted a chill while in his office last Tuesday and bronchitis developed. Deceased was 50 years of age and known as a statesman from the Atlantic to the Pacific. He was one of the holders of Canada, having been largely instrumental in bringing Prince Edward Island into the Dominion in 1873. He was also an ex-minister of the interior and ex-governor of the Northwest Territories. Mrs. Matheson, wife of the premier of Prince Edward Island, is a daughter and was at his bedside when the end came.

ABOLISH TITLES AND CAPITAL PUNISHMENT

Bills That Will Come Before Approaching Session of the Dominion Parliament.

OTTAWA, Jan. 12.—(Can. Press.)—Robert Bickerdike, M.P., Montreal, has given notice that he will move at the forthcoming session to abolish capital punishment, and J. H. Burnham, M.P., of Peterboro, will reintroduce his bill to abolish honorary titles in Canada now granted on recommendation of the governor-general-in-council.

ELECTIONS ON NEW YEAR'S DAY

BRANTFORD, Jan. 12.—(Special.)—The Ward committee for the council at its inaugural meeting today, asking for a report from the city solicitor as to the steps to be taken to hold the elections on New Year's Day, that being considered the most desirable day for municipal elections.

FREE SITE FOR ARMORY

WELLAND, Jan. 12.—(Special.)—Mayor Goodwin, in his message to the inaugural meeting of the council today, announced that the Plymouth Cordage Company had agreed to give a free site for the new \$75,000 armory to be erected here. He further stated that a new Carnegie library should be erected, and more room provided in the city hall. Additional men for the police force was another of his suggestions.

TO EXTEND BRANTFORD'S AREA

BRANTFORD, Jan. 12.—(Special.)—A committee consisting of Ald. Calbeck, Pitcher, Hollnake, Broadbent and Ward, was appointed today to take up the matter of making Eagle place into a sixth ward of the city.

HIS BANK WAS A MITTEN

BERLIN, Jan. 12.—(Special.)—Yure Rajic, an Austrian, was given three months in the county jail for having spent the night in a box car. He surprised the officials at the jail on being searched by having \$117 in a mitten tied about his neck. He will probably be deported.

DIED IN HIS CHAIR

BROCKVILLE, Jan. 12.—(Canadian Press.)—William D. Williamson, Grand Trunk engineer, died sitting in a chair at the engine shop after reporting for duty this morning. It is supposed the exertion caused by wading thru the heavy snowstorm from his home brought on heart failure. Williamson had been an engineer for 33 years.

WALKER HOUSE HAS SELF-SERVER

The official opening of the Walker House self-server, the first of its kind to be connected with a hotel in the Dominion, took the form of an informal luncheon to the Toronto City Council at 6 o'clock last night, when the proprietors of the hotel were heartily congratulated by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Some time ago the hotel obtained every effort to purchase sufficient land adjoining the Walker house to make a considerable extension, but they were unable to get any more than a strip 12 feet 6 inches in width by a depth of 99 feet on the west. The Union Station, by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Two Significant Points. There are two very significant points back of this announcement. In the first place, the new line has been built chiefly for the accommodation of the Dain Company and the John Deere Plow Company, of which the former is a subsidiary concern. This undoubtedly means that the John Deere Company will make an early start on its new \$2,000,000 plant, which is to be erected here in fact. It is learned that work will be under way early next spring.

KINGSTON IS NOW UNDER WIRELESS

Station About Complete, But Will Not Be Operated Until Spring.

FIRE LOSS FOR YEAR

Labor Council Favors Prisoners in Pen. Being Taught Trades.

(Special to The Toronto World.) KINGSTON, Jan. 12.—Major W. J. Neil of Onemee will be successor to Lt.-Col. James Massey as P. V. O. of the third division. Col. Massey retired at the first of the year. Major Neil, who is now on the list of reserve officers, was formerly an officer of the 45th Regiment, Col. Sam Hughes' old command.

The report of Fire Chief Armstrong showed that the department responded to 132 calls during the year 1913. This exceeds the number received in any one year in the history of the department, being 23 more than in 1912. Loss on buildings was \$15,974.75; insurance on buildings, \$504,136; loss on contents, \$13,025.60; loss on insurance on contents, \$23,514; total loss, \$47,577.50; total insurance, \$32,500.

PRISON LABOR

Writing to G. M. Macdonnell, chairman of the prison reform commission, W. H. Godwin, secretary of the trades and labor council, says: "As representative of the trades and labor unions in Kingston, I desire to say that we are in favor of prisoners in the penitentiary being employed in any class of government work which is to be used for state purposes. We are also in favor of men being taught trades there, and any man coming out of prison, who has been taught a trade and is a competent workman, would be welcomed into any union that I have knowledge of."

The utilities commission elected one week ago held an organization meeting this afternoon. Dr. A. E. Ross and J. H. Birkett will hold office for two years, and T. J. Himey and R. H. Toys for one year.

The wireless operator of the newly equipped station at Barfield has established a bylaw to repeal the appointment of industrial commissioner Graves, following a controversy over a recent assessment. The commissioner is accused by the alderman of actively engaging in the recent municipal contest against him.

A number of petty burglaries have taken place in the city recently, as a result of which the police have started work. Many are leaving town. A number of young men who have not been known to do any legitimate work.

FORMER CREEMORE MAN ENDED LIFE IN ALBERTA

TOFFIELD, Alta., Jan. 12.—(Can. Press.)—Albert Treen, rancher, ten miles north of Toffield, killed himself this morning in the granary on his farm, blowing up the top of his head with a shotgun. He came here from Creemore, Ont., last spring and occupied his brother's ranch until a couple of weeks ago, when he purchased a farm. He leaves a widow and one son.

M. C. R. EXTENSION OUT OF WELLAND

Dain City Will Be Linked Up With Former by End of Week.

NEW DEPARTMENT WAS FORMALLY OPENED TO THE PUBLIC YESTERDAY.

The official opening of the Walker House self-server, the first of its kind to be connected with a hotel in the Dominion, took the form of an informal luncheon to the Toronto City Council at 6 o'clock last night, when the proprietors of the hotel were heartily congratulated by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Some time ago the hotel obtained every effort to purchase sufficient land adjoining the Walker house to make a considerable extension, but they were unable to get any more than a strip 12 feet 6 inches in width by a depth of 99 feet on the west. The Union Station, by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Two Significant Points. There are two very significant points back of this announcement. In the first place, the new line has been built chiefly for the accommodation of the Dain Company and the John Deere Plow Company, of which the former is a subsidiary concern. This undoubtedly means that the John Deere Company will make an early start on its new \$2,000,000 plant, which is to be erected here in fact. It is learned that work will be under way early next spring.

May Be Further Extended. It is further learned that the extension of the M.C.R. to Dain City is only a part of the ultimate plan of the railway company, and that early in the spring the line will be extended to Port Colborne. The present terminal would therefore, be only temporary. Steps are now being taken to secure the necessary right-of-way. This fact appears to bear out the story that the C.P.R. has taken over the M.C.R. as it is a well-known fact that the Canadian Pacific has for some time past contemplated an extension to the lakeside town. Representatives of the company have been in Port Colborne several times during the past year looking into the situation. The Niagara, Welland and Lake Erie Railway has been preparing to build an extension to Dain City and the vice-president, C. J. Laughlin, stated today that the action of the M.C.R. would have no effect on its plans. The M.C.R. vigorously opposed an application of the N. W. & L. E. to cross its tracks.

TO VITALIZE POLITICS AVOID NARROW PARTYISM

Liberal Club Federation's Bold Project to Widen Interest in Political Issues.

(Special to The Toronto World.) "There seems to be a widespread feeling," said Mr. Johnson, "especially among young men, that politics in Canada could be much more vigorous and vital than they are. The Liberal Club Federation of Ontario is using its influence in an effort to increase the vitality of politics and political issues, and to bring the out of traditional narrow partyism and the tendency to support a party simply because it happens to be the Conservative or Liberal party and not because of live issues and progressive principles. The groundwork for vigorous politics is a keen interest and wide knowledge among electors. The federation in establishing its bureau is seeking to spread political information and to make it more available. Attention will be given not only to questions of current politics in the federal and provincial fields, but also to general political problems such as the new political experiments being carried on in the United States and the profound changes being made in the legislation and constitution of Great Britain."

BROKEN RAIL CAUSES DERAILMENT OF TRAIN

War Between St. Catharines Alderman and the Industrial Commissioner.

(Special to The Toronto World.) ST. CATHARINES, Jan. 12.—A broken rail on the West division of the Grand Trunk caused the derailment of 25 cars of a 30-car train near Allanburg several cars being smashed and traffic delayed until tonight. The crew escaped injury.

The inaugural meeting of the city council today, Ald. Burgoyne gave notice of a bylaw to repeal the appointment of industrial commissioner Graves, following a controversy over a recent assessment. The commissioner is accused by the alderman of actively engaging in the recent municipal contest against him.

A number of petty burglaries have taken place in the city recently, as a result of which the police have started work. Many are leaving town. A number of young men who have not been known to do any legitimate work.

LOANED TO SIEGEL WITHOUT SECURITY

Head of Insolvent Big Store Freely Accommodated by Own Bank.

NEW YORK, Jan. 12.—(Can. Press.)—Henry Melville, receiver for the Henry Siegel & Co. bank, told the committee on banks of the state senate today that, whenever the bank's proprietors felt the need of any loose change to the amount of a few thousand dollars he went to the bank and took what he wanted without giving any note or security of any kind.

Mr. Siegel himself, the receiver said, had borrowed \$754,191 without security, except written agreement pledging 64,000 shares of the common stock of the Siegel-Stores Corporation against these loans.

The hearing was held by the senate committee to get testimony for use in revising the state banking laws in relation to the privileges of private banks. The whole day of the hearing was spent in investigating the affairs of the bankrupt Siegel enterprises. Mr. Melville said that the transaction he described was legal under the present law, but admitted that conditions were "unfortunate."

The Siegel Bank, according to the receiver's testimony, had deposits of \$2,550,333 distributed among 15,000 customers of the Fourteenth street store in this city. Mr. Melville said that this money was loaned also to the two Siegel stores in New York and the one in Boston. The actual assets of the bank, he said, were \$14,000 in cash, \$25,000 in bonds and a cash bond of \$100,000.

Mr. Melville said that since he had been appointed receiver he had made several attempts to communicate with Henry Siegel and F. E. Vogel, co-proprietors in the banking company, but without success.

CONTRACT LET FOR NEW SARNIA DOCK

Lower Fares to Workingmen Expected When Ferry Company Operates Wharf.

MEAT STILL CLIMBING

Border Immigration Very Quiet So Far—Few Foreigners Passing East.

(Special to The Toronto World.) SARNIA, Jan. 12.—Three Indians were locked up by the police today. The reekins had indulged too freely in Port Huron whiskey. Sarnia officers cannot understand where the Indians get their liquor in Port Huron, but the fact remains that most of those arrested have American whiskey in their possession. It is known that a number of men in town eat out an extra "bootlegging" liquor to the red men, but it is hard to catch them in the act.

Upward Trend of Meat. Meat is still climbing in Sarnia. Shortly after the cattle recently fell, reduction, beef and other meats started to go up, and the soar has been a steady, consistent one. Butchers are of the opinion that meat will keep its upward trend until spring.

Building of Dock. Work will be started on the new ferry dock as soon as possible. The contract for building the new wharf has been let to Norris Gibb, by the Loughheed estate. It will be remembered that the estate recently relinquished the lease of the town dock at which the boats have been and still are landing. The building of the new landing place will cost about \$2000 and it is expected that it will put an end to the dissension between the town and the ferry company. Many expect to see the ferry company, but not working men are concerned when the company starts operating from the new wharf.

Few Departations. Despite the number of men out of work in both countries, the Canadian immigration office at Sarnia reports a very quiet year so far. A few, but not more than the usual number of undesirable, are turned back every day. Scarcely any foreigners are traveling east.

Today was the coldest day Sarnia has experienced so far this winter, the mercury dropping to just about zero.

WALKER HOUSE HAS SELF-SERVER

The official opening of the Walker House self-server, the first of its kind to be connected with a hotel in the Dominion, took the form of an informal luncheon to the Toronto City Council at 6 o'clock last night, when the proprietors of the hotel were heartily congratulated by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Some time ago the hotel obtained every effort to purchase sufficient land adjoining the Walker house to make a considerable extension, but they were unable to get any more than a strip 12 feet 6 inches in width by a depth of 99 feet on the west. The Union Station, by the city fathers on having the enterprise to enter into the new field. They declare that it was badly needed in the vicinity of the Union Station.

Two Significant Points. There are two very significant points back of this announcement. In the first place, the new line has been built chiefly for the accommodation of the Dain Company and the John Deere Plow Company, of which the former is a subsidiary concern. This undoubtedly means that the John Deere Company will make an early start on its new \$2,000,000 plant, which is to be erected here in fact. It is learned that work will be under way early next spring.

May Be Further Extended. It is further learned that the extension of the M.C.R. to Dain City is only a part of the ultimate plan of the railway company, and that early in the spring the line will be extended to Port Colborne. The present terminal would therefore, be only temporary. Steps are now being taken to secure the necessary right-of-way. This fact appears to bear out the story that the C.P.R. has taken over the M.C.R. as it is a well-known fact that the Canadian Pacific has for some time past contemplated an extension to the lakeside town.
