The German peace offer at Brest-Litovsk is taken by students of eastern affairs to indicate Germany's recognition of the importance of the British threat in the east. In fact, it has been frequently stated that the military importance of the British eastern victories is far more generally recognized in Germany than in England or America.

Germany's peace efforts are regarded by specialists in eastern affairs as an effort to draw out of an economic and commercial strangulation which in the east. The Manchester Guardian expresses that opinion in an editorial in which it says: "We take opportunity of once more expressing the opinion that decisive results on the west cannot be secured before 1919, and that if we are going on with the war—as we probably are—we must make up our minds for another two years of it, remain on the defensive in France and Italy through 1918, making our main offensive effort in the east, and keep our offensive effort i

Dear Sir Robert:

I beg to tender herewith my resignation as food controller for Canada, and in dolby so to thank you and your cole..gues for the cod. al sympathy and constant support accorded me in my administration of that office. Pray accept my assurance that whatever measure of assistance I may be able to give my successor will be gladly and earnestly rendered.

Since its establishment the scope of the work of food control has so broadened and duties have so multiplied as to call for absolutely undivided and uninterrupted service to the exclusion of all other duties and obligations. I am so situated that this would be for me very difficult, if not impossible. Fortunately a successor in office, possessing in eminent degree the necessary qualifications for, and so situated as to be able to devote all has time to, the undertaking is immediately available. With cordial good wishes for the continual success of yourself and your government, I am,

Ottawa, Jan. 24, 1918.

Dear Mr. Hanna:

It was with great regret that I received your letter informing me it is necessary for you to rel.nquish the vory important duties of food controller, to which you have unceasingly devoted your time and energy since the establishment of that office.

In this patriotic and voluntary service you have been confronted with most difficult and intricate problems. It is almost impossible for one who has not studied such questions with great care and attention to estimate their complexity and difficulty.

The measure of success which has attended your efforts is the highest possible tribute to the ability and devotion which you have brought to bear on these questions of great concern and absorbing public interest.

While I regret that you feel called upon to rel.nquish your duties I fully appreciate the considerations which make that course necessary and I extend my earnest thanks for your devoted and patriotic service.

Yours faithfully,

RAILWAY NATIONALIZATION FOR PERIOD OF THE WAR

Will Probably Take the Place of Order of the Railway Board Granting an Increase in Freight and Passenger Tariffs.

Ottawa, Ont., Jan. 24.-The one topic of conversation here tonight is the Result of Protests to the allway situation, and the one safe bet is that all the roads will be nationalized, including the Canadian Pacific Railway Company. The order of the railway commission authorizing a 15 per cent. increase in passenger and freight rates is suspended until March 15. As a matter of fact the order will never go into effect. There is talk about the government taking over the roads for the period of the war, as President Wilson did in the United States. But it is mere outside talk.

The real business now going on behind the screens is the arrangement for the government acquiring the absolute ownership of all the railroads of

Unofficially the Canadian Pacific Railway Company has intimated that s prepared to part with its railway for a fair price, but wants to retain its lands, steamship lines and other extraneous assets. Some members of the government are favorably inclined toward this propo-

sition, but it is a fair surmise that the western ministers will insist upon acquiring the C. P. R., lock, stock and barrel. They want the lands as well ed by the railway board in its judgas the road.

Few here believe that the rate case will ever be decided. Indeed, the whole question of rates is being lost sight of in view of the much bigger March. The increases, with the exquestion of complete railway nationalization, which is now receiving the un- ception of the rates on wheat, dedivided attention of the government.

London, Jan. 24.-Addressing the xecutive officers of the local food committee at Mansion House today, Lord Rhondda, the food controller, said that those at home engaged in the task of hinding a solution for the present food difficulties were engaged in a task hardly second to that of the troops at the front. The scheme of rationing it was proposed to adopt, he added, would affect about one-fourth

of the whole population of the country. On l'eb. 25 he wanted them to commence rationing, not only with butter and margarine, but with meat. In the next rew months there would be a great scarcity of meat, but after that there would be an easing up. Explaining his scheme of rationing in meat, which will apply to London and the home counties, Lord Rhondda said it was proposed to start with a ration of meant for adults and half a ration for children below six years. ARRIVE AT ST. JOHN

Three Wear Decorations for Distinguished Conduct in the Field.

St. John, N.B., Jan. 24.-A large liner arrived here today with a number of officers returning to Canada on furlough. The majority were attached to the imperial army units, and will have to return in a few weeks.

Three wore decorations for gallantry. Captain B. C. Guy, M.C., of Crawford, B.C.; Captain T. B. Mahan, M.C., of Hallfax, and Lt.-Col. O. E. Bent, D.S.O., of Pugwash, N.S.

Lention to the recent order curtailing street lighting.

Ald. McQuesten wanted to know if there was to be a definite rebate because of the darkening of 50 per cent. of the lights. He was informed by Secretary Kappele that the hydro was run in conjunction with the civic government, and that any surplus at the end of the fiscal year came back to the city.

Lit. Col. Bent was a member of the first Canadian contingent, and was in command of the 48th Highlanders of Toronto. He remained in France with them since the Canadians entered the great combat and only recently obtained leave to Canada for a rest.

Captain Mahan of Halifax received word of the terrible disaster in his home town and succeeded in obtaining leave to return home. He heard not a word from any of his relatives since the disaster and is naturally anxious to get home and locate them. He is a veteran of the South African war.

Lieut W. B. Stephens of Vernon B.C., attached to the Imperial Royal Engineers, also a passenger, was wounded in the leg at Messines and is now quite lame.

Germans Warned of Unpopularity of Annexation

Particulars of what is believed to be a white slave case were told to Inspector Campbell today by a brokenhearted father and mother who reside in the east end. They told how their pretty 14-year-old daughter had recently made the acquaintance of a stranger, who after a few days of courtship asked permission to marry her. This was refused, nowever, and next day the parents found a note from their daughter stating that she had left for the west with her lover.

* WAR SUMMARY *

THE DAY'S EVENTS REVIEWED

Students of the war are beginning invasion of Russia. It be able to match the 200 divisions of Germans supposedly moving west-ward for the coming campaign. The British Government affirms its confidence, meanwhile, in Sir William Robertson and Field Marshal Haig. German peace terms to the Boi-

sheviki, as presented at Brest-Litovsk, not only call for the ceding of Courand and the Baltic provinces of Russia, but for the drawing of a frontier forming a re-entrant salient into northern Russia. The border sought by the enemy runs from the shores of the Gulf of Finland to the east of the Moon Sound Islands to Valk, west of Minsk and thence to Brest-Litovsk. Besides Poland, which the Germans would not discuss, this new frontier would involve the transference of 38,-150 square miles of territory to the in the north alone. The terms offered the Ukrainians, who are concerned with their own immediate lands alone, would German paw Volhynia and other territories in the rich valley of the Bug. delegates have voted against accept-

war for the most important fighting and strategic results in the coming season. It is expected that the slugging match in the west will proceed on practically stationary lines this year, and that the allies will have most opportunity for doing vital damage to the enemy by rolling up the map of Turkey. The Germans are perceiving the arising dangers to their sources of supplies in the near east before the people in Britain or France, and they are making preparations accordingly for the loss of the Bagdad route and the downfall of Turkey would choke off their military supplies. Col. Repington, meanwhile, is agitating the question of a maximum British concentration on the western front and withdrawal from the coming and strategic frontier as Austria gave Italy and it would tempt the Germans to future wars of aggression, and it would provoke future enlightened Russian governments to look upon the lost provinces as a new Alsace-Lorraine. The Letts, who form a large majority of the population, are anti-German, and their cries against their oppressors would continually rise to heaven. The finsolent Germans would be in Reval in a week teaches the lesson of what comes of negotiating with the German militarists at a moment when these are not losing a campaign. The Russian shad a strategic frontier as Austria gave Italy and it would provoke future enlightened Russian governments to look upon the lost provinces as a new Alsace-Lorraine. The Letts, who form a large majority of the population, are anti-German, and their cries against their oppressors would continually rise to heaven. The finsolent German answer that if the Germans to look upon the lost provinces as a new Alsace-Lorraine. The Letts, who form a large majority of the population, are anti-German and their cries against their oppressors would continually rise to heaven. The finsolent German answer that if the German answer that if the German answer that if the German answer and their cries against their oppressors would continually rise to heaven. The finsolent Ge ngton, meanwhile, is agitating the question of a maximum British con-centration on the western front and a withdrawal from the other theatres answer to the German demands. It is almost certain to be a decided no.

The internal situation in Austria The internal situation in Austria-Hungary remains obscure owing to the strict censorship imposed by the military authorities, but the lack of news creates an impression that the situation is serious The Bohemfans are angry at the refusal of the Aus-trian premier to recognize their right trian premier to recognize their right of self-determination, but whether of self-determination, but whether they have risen in revolution or only in riotous demonstration remains un-known outside of the central powers. The news of the German militarist demands and the prospective rejection of them by the Russians, when it spreads thru Austria-Hungary, may, indeed, cause despair and despairing men are prepared for any act of despection

ONLY WITH GERMANY Count Czernin Makes Known Policy of Dual Monarchy.

Basie, Jan. 24.—A despatch from Vienna says that during an address to the delegations of parliament Count Czernin, the Austro-Hungarian foreign minister, declared that he con-sidered President Wilson's last propo-sitions regarding peace as showing a perceptible approach to the Austro-Hungarian position. The following principle first must be laid down, that where these propositions concerned Austria-Hungary's allies, as in the case of Germany in Belgium, or Tur-key, Austria-Hungary was faithful to her alliance, and would fight to the end for the defence of her allies.

the collection from the various schools of the city was made yestarday, and was one of the most fouching and spectacular functions in connection with the great outpouring of Toronto's generosity, and will long be remembered by those who witnessed it.

Departing from the custom of former occasions, the offerings were made at the foot of the inner stairway of the parliament buildings, the band from Exhibition camp being picturesquely grouped above, and the school cadets in their smart red and black uniform forming a guard of honor on either side of the large entrance hall.

Col. Thompson had charge of receiving the contributions, and Lady Hendrie, supported by Lady Hearst and Mrs. Logie, received the bags as they were taken from the school representatives by Col. Thompson. Mrs. VanKoughnet, who had been on this occasion, as in former years, the convener and moving spirit of the school committee, was general mistress of ceremonies.

The interest taken in the event was shown by the number of representative people present, among whom were Sir William Hearst, premier of Ontario; Sir William Mulock, chairman of the campaign; Kenneth Dunstan, president of the Toronto Red Cross; Bishop Reeves, Rev. J. McGrand, Rabbid Jacobs, Gen. Logie, W. C. Wilkinson, C. A. B. Brown, Dr. Caroline Brown, Ogden

Lady Hendrie Speaks.

Lady Hendrie at the close of the reception of the bags said she wished the children could know how much those who witnessed it were thrilled by the sight of their coming with their collection. Each bag meant money, and besides showing an interest in the men fighting overseas and being an encouragement to them as they went over the top, it was an assurance that if they were wounded they would be looked after by the Red Cross. It was also an education for the children to look after the wounded. Lady Hendrie thanked all who were working Branksome Hall drie thanked all who were working for the fund, Mrs. Plumptre and her assistants, Mrs. VanKoughnet especially, who had charge of the chil-

Only Absolutely Necessary Items Are Included in Figures Given.

The estimates of the building department submitted to the property ommittee yesterday are the only ones of those presented to all the committees so far in which the 1918 estimates are smaller than those for 1917. Before the estimates were approved by the committee considerable discussion ensued as to whether or not the cost ensued as to whether or not the cost of fitting up rooms for medical inspections, nurses and dental rooms should be borne by the board. In the end it was decided to send to the city council and ask them to put the amount (\$1500) on their estimates, as the health department now has charge of all medical work in the schools. The estimates are as follows:

Many donations from out of town have been coming in to headquarters. A woman sent in a tin chocolate box, which had been given to her husband in the South African war by Queen Victoria. Some farmers from out in the country have offered to send feathers to make pillows for the soldiers. Another gift was a picture frame, hand-painted with the Union Jack and the Stars and Stripes intertwined. Some of the Big Ones.

Various Organizations to Unite Discussing Regularly Questions Affecting Welfare of City.

There is a movement on foot to organize an association of business clubs in the city with the principal object, public service and community betterment. It is proposed to invite representatives of the Rotary and Kd-wanis Clubs, the Press Club, Toronto Advertising Club and similar bodies to meet at least once weekly at the board of trade to take up questions and problems affecting Toronto's welfare. R. T. Stanley and Frank Madden, of the Kiwanis Chib, who have the matter under way, point out that where it is impossible for the smaller individual bodies to make progress, a central organization embracing them all would be enabled to do much for the city's advancement. Eventually the associated clubs would have in view the possibility of becoming a section of the board of trade.

Let us face the Truth

At eight o'clock to-night, as this announcement is written, with all the figures in from all sources. Toronto is still \$368,400 short of the Three Millions.

Unless that \$368,400 is raised before nightfall the word will have to be flashed to our Boys in the Trenches that Toronto has failed them.

But it must not, it dare not be.

Failure! The very word is ghastly. Think of its effect upon the morale of our men. Think of the impression it will create among our Allies. Think of those 25,000 dependents of our boys in this city. Think of Red Cross work having to be curtailed.

Mrs. Plumptre Appeals to the Women of Toronto for One Last Great Effort.

"It matters not where the head lies. so long as the heart is right.

"I appeal to every woman in the City of Toronto to show that at heart our women are right, for I know that when they THINK of the great need, they will give again, if they have already given; or will strain every effort to give, if they have not already done so.

Give again, men! Give again, women! It will be the last time you will have the opportunity of giving to the Patriotic Fund.

If you have not by any chance been called upon, bring in or phone in your subscription to Headquarters, and a worker will come immediately to collect it.

If you are willing to Give Again, phone in and say so, and we will send for your subscription. Or mail it in Special Delivery, so that we will get it to-day.

MITCHELL WINS GROUP.

Clinton, Jan. 24,—Mitchell, by defeating Clinton juniors here tonight, wins this district. It was a clean fast game, resulting in a win for Mitchell by 8 to 2. A large crowd witnessed the game, and the Mitchell admirers were numerous. Cook at centre for Mitchell and Clinton defence players, Elliott and Wheatley, are worthy of special mention. The following is the line-up:
Clinton (2)—Goal, McKenzie; defence, Wheatley and Elliott; wings, Huller and Wallis; centre, Murphy; sub., Ladd.
Mitchell (8)—Goal, Campbell; defence. Ross and Davidson; wings, Gatenby and Walters; centre, Cook; sub., Reid.
Referee—Carl Draper, Clinton.

SOLDIER BOXERS.

Brantford, Jan. 24.—Brantford and Hamilton representatives of the 2nd C. O. R. battled here tonight in the first military boxing tournament of the season, the locals having somewhat the better of the argument in taking three out of five of the principal events. Unsworth dreasted Carroll, of Hamilton, the latter having cleaned up at Toronto on Wednesday night. Mannix and Morris, of the Ambitious City, won their bouts in clever exhibitions. Some clever talent was uncovered among the draftees, and the regiment will hold weekly exhibitions all winter, in an endeavor to clean up the various championships of Military District No. 2.

Manager Querrie despatched the following letters to Montreal yesterday, and they speak for themselves:

"Mayor Martin, Montreal: Dear Sir,—On behalf of the Toronto Hockey Club. I wish to extend to you a cordial invitation to attend the Canadien-Toronto game at the Arena Gardens here on Monday, Jan. 28. Reports have been sent broadcast thru the medium of the Montreal press to the effect that the Canadien team has suffered from intimidation and interference from the police of this city, and we would be delighted to have you attend the fixture and see for yourself if this is true or otherwise.

"We will reserve a box for yourself and party and trust that you will be able to be in attendance."

"George Kennedy, Montreal: Dear Sir,—As you have repeatedly made excuses for your club's defeats at the hands of the Toronto hockey team at our Arena, claiming roughness and intimidation, we would advise you to extend an invitation to the sporting writers of Montreal to attend our next fixture here, on Monday, Jan. 28, We will place every facility within our power at their disposal to see for themselves ust how visiting teams are treated at the Arena. In view of the fact, that you have claimed that your club has been defeated here by unfair tactics, this will be an excellent opportunity for you to show the Montreal scribes just how bodly your team is treated in the Queen City."

"Mr. F. Calder, President National Hockey League: Dear Sir,—Our club would be pleased if you would attend the canadiens."

New York, Jan, 24.—You can't keep the baseball spirit down, and it is rising so ast in the camps of Uncle Sain that it

fast in the camps of Uncle Sain that it threatens to break out in formidable fashion.

How about a martial team as champions of the world?

No joke—it's not only possible, but quite probable. Backed by certain generals and at least one admiral, the big leaguers who have gone to war talk and exchange letters about such a ball club—about a team made up from the enlisted stars—and are already thinking of a challenge extending to the winners of the National and American League pennants.

Perhaps few of the fans realize that enough stars have gone to war to make up one of the most powerful ball clubs that ever trod a field. If they don't think the army and navy club would have a swell chance with the best of them, let them look over this roster:

Catchers—Gowdy and Severoid.

Pitchers—Leonard, Shore, Goodwin, Rixey Pfeffer, Smith, Cadore.

Infield—Harris or Pipp, first base; Jack Miller or Jack Barry, second base; Bates or Leonard, third base; Maranville, shortstop; Janvrin and Rath, utilities.

Outfield—Lewis, Hooper, Mann and Robertson.

Four great games of volleyball were played at Central Y. yesterday in connection with the Noon-Hour Class League. In the small gymnastum, McKinnon's team won two from Brewing's team, althour in justice to the latter it must be said that they sadly missed their star man, W. C. Benson,

Turnbull and Wilson's teams fought out two stubborn games to a draw in the large gym, Turnbull winning the, first somewhat easily and losing the second after an uphill fight. The standing of the teams:

The first record of a tour of a base of the teams in the first somewhat easily and losing the second after an uphill fight. The standing of the teams:

Captain Adrian C. Anson recently selected an "all-time-all-American" baseball team that is notable for including in its make-up not one of the present-day stars.

According to Capt. Anson, at least four outfielders of old times are better than Cobb or Speaker, and Clarkson, Rusie and McCormack, he thinks, were better pitchers than Alexander or Johnson. His line-up would be:

Catchers—Buck Ewing and King Kelly. Pitchers—Amos Rusie, John Clarkson and James McCormack.

First base—Captain Anson (himself). Second base—Fred Pfeffer. Third base—Ed Williamson. Shortstop—Ross Barnes.

Outfielders—Bill Lange, George Gore, Jimmy Ryan and Hugh Duffy.

The spitball is old stuff, according to Anson. Chesbro of the Yankees. generally credited with perfecting its use about twelve years ago, was anticipated in the eightles by Pete Conway of Detroit and Bob Mathews of Philadelphia, he says.

PLATTSVILLE RINK WINS LONDON TROPHY

London, Ont., Jan. 24.—The 1918 London bonspiel is now history, but this year's western Ontario curling classic has proved a victorious one for visiting rinks, as not a single trophy of the three remained in the hands of London curlers.

The Plattsville rink, skipped by J. Grieve, won the McNee Trophy, the emblem of the first event, beating Skip W. H. Smith's Owen Sound bonspielers in an exceptionally close battle by one shot on the last end.

Owen Sound's representatives, however, did not go home without a trophy, for Skip W. H. Smith was returned an easy winner over F. N. Allen's London Thistles in the final for the Tecumseh Trophy, the score being 15 to 5.

The last game of the 'spiel was played tonight, bringing the St. Thomas rink, skipped by Robert Coffey, with Umpire Bob Emslie playing third, and Bert Heaman's Thistles, in the final for the Bank of Toronto Trophy, This game became very interesting towards the close, but Coffey won by one shot.

In the play-off for third prizes in the consolation event, Skip W. A. Watson won from Major Complin's London Thistles in the last end, adding more laurels for the visiting curiers.

The London Thistle rinks were the only ones to win any of the seven sets of fine cut-glass prizes, being runners-up in the second and third competitions.

Pan Zareta Had Record Of Eighty Victories

Pan Zareta, the great race mare, which their first home game of the season

Pan Zareta, the great race mare, which died at New Orleans last week, was a chestnut mare by Abe Frank-Caddie Griffith and turned eight, years of age on Jan. 1. She had won 80 races out of 150 starts in six seasons on the turf, an average of something over 50 per cent. She passed Kingston's mark of 75 winning races at the Empire City track last summer, and was on the high road to equal or better Logan's remarkable record of 100 victories.

Pan Zareta was amazingly popular, and no wonder. From the day she became a 2-year-old she has been raced almost continuously winter and summer. Her only respite came for a short period in the summer of 1916, when she was turned out for a well-deserved rest.

From New Orleans to Toronto by way of the middle weet and back again was her yearly pilgrimage until last season, when for the first time she was taken to the New York tracks, where she quickly earned the same popularity that marked her career from the beginning. She won race after race, usually under big weight, to the marvel of horsemen and to the profit of her owner and her ardent followers.

Her most striking performance, perhaps, was six furlongs in 1,12 2-5, under 146 pounds, but her first race in the east at the Aqueduct track last summer compared favorably with any she ever ran. On that occasion she took up 128 pounds and raced 5½ furlengs in the fast time of 1.05 3-5, establishing a new track record.

RUSSIANS GO HUNGRY IN MIDST OF PLENTY

Peasants Refuse to Sell Grain Because Paper Money is Worthless.

Petrograd, Jan. 24 .- "Petrograd is on the verge of famine. Our purpose now is to make it come gradually, not suddenly; to have an organized fam-ine, so to speak," said Madame Smith-Falkner, a member of the food control committee, in an interview.
"The chief causes of the scarcity are

the war, civil war and depreciation in the value of the ruble," she re-

"As to Petrograd in particular, the movement of General Kaledines and the differences with Ukraine have made it impossible to obtain food-stuffs from the southern provinces, which are the main source of food supply for northern Russia. As to Siberia, we have been getting grain thence all the time, but recent snow-storms have delayed the arrival of trains, and consequently there is an acute shortage."

Epileptic Seizures

"I never miss your section of our favorite paper. I am unfortunately subject to epileptic seizures, I am 42 years old and have had these seizures for niley gears. Last year I spent much time and more. Tone green' than I ever mention to anybody with a doctor, but the only relief I get was from the long green. The surgeon punctuated my abdomen, changing my colon to a semi-colon. In your answer to a correspondent you said one with epilepsy should avoid bowel and liver remedies. For a few weeks I have been taking a brand of liquid petrolatum or mineral oil, guaranteed to cure everything from dandruff to housemaid's knee. Is there any harm in taking it as an intestinal lubricant? If you do not think it is liable to do any damage til continue taking it three times a day, as it seems to cheer the only real friend I ever had. Is a man with a semi-colon suppose to pause only half as long at the table as a man with a colon?"

The surgeon referred to in the correspondent's letter is a thoroly competent and well established abdominal surgeon. If he punctuation at least will not do the man any harm. The surgeon had reason to hope that the operations have repeatedly put a stop to opileptic seizures, and they are getting steadily worse. I don't feel that and well established abdominal surgeon in the correspondent's letter is a thoroly competent and well established abdominal surgeon. If he punctuation at least will not do the man any harm. The surgeon had reason to hope that the operations have repeatedly put a stop to opileptic seizures, and they are getting steadily worse. I don't had them for several years, and they are getting steadily worse. I don't had them for several years, and they are getting steadily worse. The mineral oil can do no harm. Several doses of it every day, to serve as an intestinal lubricant, would be much better than resorting to medicine in any case of toxemia or auto-intoxication, in which proper diet, habit and exercise fail to control the bowel function.

Fifteen Thousand Mothers Die Yearly of Neglect in U. S.

New York, Jan. 24.—The assertion that 300,000 children and 15,000 mothers died from neglect in this country last year was made by Miss Julia C. Lathrop, chief of the children's bureau of the department of labor, at a conference here today under the joint auspices of the American and British Associations for the Stride and Proposition of Infant Mor-Study and Prevention of Infant Mor-

Dr. Edward Clark of the state department of health, asserted that "it is of paramount importance that we pay more attention to the care of expectant mothers." He said that fully 60 per cent. of the draft registrants rejected because of poor teeth, flat feet and other minor defects would never have suffered from these physical transfections if they had been given of the society.

Warren and the two words had the effect of an electric battery upon the workers assembled at the noon-time gathering of Patriotic and Red Cross campaigners yesterday. It was a woman and that woman, Mrs. Warren, who put the "punch" into the auction, which started by Colonel Williams was going none too quickly when Mrs. Warren called "five hundred."

The article put up was a "shinplaster," which had been given by a wounded soldier who had lost his leg, but who had gone down into his pocket for, perhaps, his last twenty-five The auction had gone as far as two hundred dollars, when the voice called out "five hundred" and it was then that people seemed to realize that the little incident could be made something worth while. So the bid-ding went on until the soldier's mite was finally knocked down to the first high bidder, Mrs. Warren, for a thousand. In the transaction, the bili had been torn in two and the owner suggested that a half be put up again, when the men gallantly fell into line and it was knocked down to H. H. Williams for the second thousand.

The amount the women were able to report at noon yesterday was \$50,-

Campaign Stories. One of the nicest incidents told by a collector is that of an old lady who emptied her purse into the lap of the worker and gave her all \$3.46 saying as she did so: 'If you are trying for a certain sum and don't get it come back and I'll try to give you a little more.'

Stories, however, are not all of the above type. Many collectors have to tell of doors which would not open, of being peeped at thru window-shutters and of whole rows of houses seemingly tenantless on the visit of the

DESCRIBES AIR RAIDS. Miss Wiseman Speaks at Mothers' Meeting in Earlscourt.

Miss Wiseman, general secretary of the Queen Mary Hospital for Consumptive Children, delivered an interesting and instructive address at the mothers' meeting in connection with Central Methodist Church, Ascot avenue, Earlscourt, yesterday afternoon, Rev. E. Crossley Hunter presiding. The speaker, who has recently returned from a two-years' residence in England, described in detail the wonderful work of the patriotic women in that country. Miss Wiseman's sphere of activity was in the Earlscourt district of London, and she described in glowing language the coolness and fearlessness of the people during the first German air raid over London, which she witnessed from the roof of Past Years. which she witnessed from the roof of her home. "The people crowded the streets in great numbers during the raid," said the speaker, "and curiosity seemed to be the chief characteristic of the people," she said.

Yesterday's action was taken following a visit to the headquarters of the Patrictic and Red Cross Society, where the council were the guests of Sir William Mulock, and upon reassembling later in the day. Unlike Tuesday's grant which was unanimous, the passage of yesterday's appropriation was marked by strong opposition based not so much upon the amount involved as the principle involved. At one time it looked as the the resolution introduced by Reeve R. A. Fleming might not be adopted. Strong support was given the resolution by Warden Gridth, and Messrs. W. H. HEAVY FALLS AHEAD

Seventeen Bodies So Far Brought Up by the Search Parties.

Halifax, N.S., Jan. 24.—The death toll of the disaster at the Allah shaft, Acadia Coal Company's collieries, Stellarton, is now listed at ninety-eight. Company officials say that there were one hundred and three men in the one hundred and three men in the mine at the time. Seven of these, on the first landing, escaped, and seventeen bodies have since been recovered, the last two having been brought out late this afternoon.

Twelve of the bodies have been identified as miners belonging to Stellarton or Westville, three are Frenchmen and the other two are approximately

men and the other two are unrecognizable. There is now no gas in the mine, and the work of clearing away the debris is proceeding apace. A few small falls at the bottom of the shaft have been cut thru, but there appear to be heavy falls ahead and orficials are unable to say when they will be able to reach the ninety-eight nen still in the mine.

They have given up all hope of any of them being alive, maintaining that all who were not crushed to death by the debris must have died of suffocation many hours ago. The clergy of New Glasgow, Stellarton and Westville held a joint

meeting this afternoon to arrange for the burial of the victims.

The explosion at Allan shaft has cut down the Pictou County coal output by five hundred tons daily, and there is now some fear of a coal shortage there. The entire plant of the Nova Scotia and Coal Company next.

CRISIS CONFRONTS ALLIES IN FRANCE

Col. Repington Condemns Government for Failing to Reinforce Troops.

London, Jan. 24.—The situation on the western front is now critical, in the opinion of Col. C. A. Repington, who has become military correspondent who has become military correspon-dent of The Morning Post. In his first he criticizes Premier Lloyd George and the war cabinet severely, because, he asserts, they have failed to maintain the strength the British armies in the west, thereby creating the present conditions.

Col. Repington begins his article by saying that he intends not to mince matters. The Germans, he says, now have 165 divisions on the western

front, or more than all the allies comfront, or more than all the allies com-bined, excluding the Italian theatre. The number of German troops is being increased, he adds, at the rate of seven to fifteen divisions monthly, be expected to reach more than 200 divisions as soon as it is possible to concentrate them. The arrival of some Austrian forces also is to be expected, and news already troops in Belgium.

Remarking that the accumulation of support negotiations or for a grand attack, the writer says all the evidence point to the impending delivery of a series of great attacks.

Reviewing the strength of Great Britain's allies, Col. Repington writes: "The American troops are not coming in as fast as some sanguine estimates foretold. I want to tell the people of England, particularly those ministerial who bleat about our losses that our total casualties in killed nded and missing since the war be gan are but a little higher than the ber of French dead."

STRIKE STILL PROCEEDS

IN AUSTRIA-HUNGARY Extremists Among Men Do Not Accept Settlement Proposed by

London, Jan. 24.—Reports received warded by the Exchange Telegraph Company's correspondent, indicate that 200,000 men there are still on strike and that the strike continues in Budapest. A Vienna despatch to The Vos-sische Zeitung of Berlin says that while work was resumed in part on Monday, the strike continues in number of large factories. The extremists are not contented

with the settlement reached as a result of the government's concessions to the socialists. They are circulating among the workmen leaflets violently attacking the official party leaders. They sold 30 lambs at \$14 to \$18.50; 18.75 weighted off cars and \$17.50 f.o.b. With about 500 cattle on the market yesterday and a fair demand for practically all grades, the market just about neld its own, with the early part of the week.

Good to choice butcher steers and helfers were wanted at the market, but for the fact that 12c was touched in a few odds spots for this class there was nothing spectacular in the trading. The biduing was not marked by any great snap or activity, and some lines were slow of sale. Common cows and canners were easier, and inclined to drag a bit, and at the close of the day's trading there were quite a few cattle left over, among them a number of bulls. Taken antogether, while some of the buyers thought the market was a good deal firmer, it is countrul if it any more than held its own, all things considered.

Sheep, Lambs and Calves.

Sheep and lambs were steady, while calves showed marked decline in price, variously put at from 50c to 75c per cwt. Hogs.

There was no change in the price of hogs, 18½c fed and watered, and 18¾2 weighed off cars.

Doubt as to Increased Crop Movement Tends to Uphold Prices.

Chicago, Jan. 24.—Skepticism regarding predictions of an increased movement of the crop tended stubbornly today to uphold the corn market. Prices closed unsettled at \$1.26% March and \$1,25% to \$1,25% May, with the final range varying from %c decline to %c advance, com-

from %c decline to %c advance, compared with twenty-four hours before. Oats gained %c to %c. Provisions closed 50 off to 22½c up.

Reports were current that better weather in the west was gradually bringing about more favorable traffic conditions on the railroads, and that the car supply had been somewhat improved in Illinois. Besides, advices were at hand telling of the largest rural shipments of corn that have been made since the recent storm. Nevertheless, the scantiness of receipts here and the many times of late that hopes of liberal arrivals had turned out to be misleading, discouraged sellers. The result was to keep the market within narrow limits and to minimize the volume of trade, despite a generally promising outlook.

of trade, despite a generally promising outlook.

All deliveries of oats advanced to the highest prices yet this season. Persistent demand from the seaboard was responsible, but in the last hour it was said exporters had withdrawn from the market.

Covering by local shorts led to upturns in provisions. Sharp breaks in hog prices received but little attention.

SIR HERNY PELLATT IS NOT IN CONTEST

His Proxies Are Used in Support of Timiskaming Directors.

Sir Henry Pellatt is not a candidate for office in the Timiskaming Mining Company, nor is he an opponent, at present of the administration headed by President Culver. At the meeting vesterday in the Lumsden Building to near with Doints or poncy, ou ment who was in absolute control by virtue of promes near by him, began by an nouncing that he would play no pay whatever in the contest for the boars, to be decaded at the annual meeting on rebruary 4, and later, after a conference with President Culver, Sh neary stated that he would use his voting power in support of the management in the issues raised by the opposing forces. The result was that in a general way the proposed bylaws met uereat, aluns a compromise touch ing upon certain points was effected. Bir menry reliatt, when seen by the World after the meeting, repeated that he did not desire to go into the company as president or director. He had used the proxies entrusted to him in the best interests of the snareholders, as he believed, and he was confident that the shareholders would look upon his course in this light. He did not care to express an opinion as to the attitude he might take at some future

M is stated that Mr. Morgenstern will resume with vigor his errorts to oust the present management and that a new campaign to secure proxies for the annual meeting will be started.

The meeting began with the announcement that the vote taken at the meeting last Tuesday was in favor of consideration being given the various bylaws as proposed in the Max Morgenstern-Hamilton B. Wills requisition. There were 559 proxies. representing 950,443 shares, for, and \$55 proxies, representing \$31,015 shares, against Sir Henry's stand.

Sir Henry Pellatt announced that

he was not a candidate for the new board of directors. He had consented to allow his name to go on the proxies because he believed a way should be opened to a discussion of the mine's affairs. He had gained his end and did not intend to take any action whetever with record to the covering at the end. Pools were again active in minor specialties, but the lack
