AIR NAVIGATOR DESCRIBES THE INTERRUPTED FLIGHT

Major Wood's Engine Broke Down Off Anglesey and Made a Quiet Descent --- Occupants Smoked Cigaretts Till Taken Off in Rowboats--Will Try Again in May.

London, April 20.—Major J. C. P. Wood, who was forced to descend off the Irish coast while flying from Eastchurch for Limerick on the first leg of his proposed flight across the Atlantic, has sent the following message to The Weekly Despatch:

"I was obliged to descend twelve miles from land. I am still a competitor and hope to be ready to start early in May."

The Despatch says that Major Wood's airplane, the "Shamrock," is packed on a freight car on a siding at Holyhead and probably will be sent to Eastchurch tomorrow.

Lancaster Parker, who was flying with Major Wood in an escorting machine, landed in a field on the island of Anglesey, in the Irish Sea, unharmed, the newspaper says.

THE SITUATION IN EUROPE

The Associated Press issues the following review of the international situation.

The situation surrounding Italy's claims at the peace conference has reached an acute phase this Sunday.

The council of the conference, which met in Rome, Monday, and wish to place before parliament the result of their work in Paris.

Italy, it is asserted, is still desirous of obtaining the entire Dalmatian coast and adjacent islands, and also the city of Fiume, without sharing the territory with the Jugo-Slavs.

LIMERICK STRIKE NOW MANAGED BY TRADES CONGRESS

Removal of Headquarters From Dublin Means General Support for the Strikers.

RESTRICTIONS DRASTIC Sealed Permit From Strike Committee Needed to Purchase Clothing.

Limerick, April 19.—The conduct of the general strike on Monday will pass on Monday from the Limerick Trades Council to the Irish Trades Union Congress, whose headquarters will be moved from Dublin to Limerick.

A meeting of merchants, employers and strikers, summoned by Mayor O'Hara, was held this afternoon to discuss the situation.

The strike restrictions are very severe in Limerick; only provisions, coal and drug and milk stores are open, for a short time daily.

CANADA DESTINED TO BECOME WORLD POWERFUL IN TRADE

Hon. L. C. Amery is Optimistic of Dominion's Future in Commerce.

ECONOMIC STRATEGY Country is Situated Incomparably Well to Take Leading Place in Exports.

London, April 20.—The Sunday Observer contains an interview with Hon. L. C. M. Amery, under-secretary of state for the colonies, in which he treats optimistically of Canada's future in the field of commerce and industrial enterprise.

There have been few things more amazing in military history, says the under-secretary, than the way in which Canada, starting with a mere handful of trained officers and men, created a corps which as an instrument of scientific warfare was unsurpassed by any army in the field.

It was significant, he said, that Canada, far from relaxing her efforts, with the termination of hostilities, was actively preparing for future development.

Mr. Amery had unbounded confidence in that development. "Canada, in his opinion, has become one of the world's greatest industrial and exporting powers."

RUSSIAN'S MURDER LEADS TO ARREST

Fellow Countryman Held by Police on Blanket Charge.

After a chase lasting for nearly a week, County Constable Simpson succeeded last Saturday night in capturing Richard Vilchko, 51 Borden street, a Russian, who is wanted in connection with the death of Thomas Chmielewski, a fellow countryman, who was found lying on Sixteenth street, New Toronto, last week badly beaten up and who finally died in Grace Hospital last Saturday morning from the effects of his injuries.

Vilchko was arrested by Constable Simpson on Queen street, after he had been identified by the wife of the dead Russian and taken to Clarence Street Police Station. Under ordinary circumstances he would have been merely charged with vagrancy till his connection with the case had been definitely cleared up, but upon being searched, the police found a seven-chambered, fully loaded revolver in the man's pocket, and, therefore, he now is held on a charge of carrying loaded firearms.

ATLANTIC STORMS HOLD UP FLIGHTS, TWO WEATHER IDEAL

Expectations of Aviators in Newfoundland Disappointed by Adverse Reports.

PREPARED TO TAKE AIR

Australian Loses Pilot Test Balloons and Rival Goes Over His Machine.

St. John's, Nfld., April 20.—Altho local weather conditions were favorable, two storms were reported today working westward from mid-Atlantic, and for this reason neither Harry Hawker, the Australian aviator, nor Captain Frederick P. Raynham, Britisher, "hopped off" today as they expected, in competition for the \$50,000 prize offered by The London Daily Mail for the first successful trans-oceanic flight.

Both Hawker and Raynham spent the day preparing to take the air. Hawker devoted himself to testing wind conditions by setting free pilot balloons from his airframe in Mount Pearl Plateau and studying their course as the offshore winds carried them out to sea.

Raynham's Martindale later was trundled out for inspection of the motor, supplemental water tanks and radiators at the end of the tests, especially that on the radiator, which yesterday was repaired.

Hawker seemed in a jovial mood all day, altho he said conditions at sea were the worst since he came here nearly a month ago.

The largest crowds which as yet have watched preparations for the flight turned out today as the ideal weather locally had led many to expect the start of the trans-Atlantic flight.

Mr. Amery was asked why he said "they" had not yet started. He replied: "Just look at the map: Nova Scotia jutting out into the Atlantic and British Columbia overhanging the Pacific become one of the world's greatest industrial and exporting powers."

NO REPORTS YET.

Aviator Started Saturday on First Leg of Flight to Brazil.

Paris, April 20.—No reports were received today from Lieut. Pontal, who started early Saturday morning from Villacoublay, France, for a flight to Casa Blanca, on the west coast of Morocco, from where he purposes to attempt to fly to Pernambuco, Brazil, by way of the Cape Verde Islands and the St. Paul rocks.

MOB AT AMRITSAR REPULSED BY TROOPS

Simla, British India, April 14.—A mob at Amritsar has made another violent attack against the authorities. The rebels were repulsed by the military with a loss of 200.

Order was restored at Ahmedabad after 200 casualties had been inflicted on the rioters and the telegraph and collector's offices were closed.

FLEW 727 MILES WITHOUT STOP

U. S. Army Aviator Covers Distance Chicago-New York in 6 Hours 50 Minutes.

Minneapolis, N. Y., April 19.—Flying at an average speed of 104.33 miles an hour for six hours and fifty minutes, Captain E. F. White, an army aviator, completed the first non-stop flight between Chicago and New York at 5:40 o'clock this afternoon, landing at Hazelhurst field.

The distance covered was 727 miles. Most of the flight, Captain White said, was made at an altitude of 12,000 feet.

Captain White, who was accompanied by his mechanic, said that the trip was without incident. He will remain at Hazelhurst field for a few days, and then will fly to Washington. He said he would not attempt a non-stop flight back to Chicago.

Conditions he encountered were almost perfect. Rains within the last forty-eight hours had cleared the atmosphere so that for a great part of the trip he was able to discard his compass and steer by eye alone more than two miles above the earth. No severe winds were encountered and those that were met with were in the flier's favor and served only to increase his speed.

Captain White shaved ten minutes off the time he had estimated as necessary for the trip and was well rested, that he still had found upon landing 191.94 gallons of gas left to have flown a considerable distance farther.

FAILURE OF BIG FOUR TO REACH A DECISION OVER ITALIAN ISSUE

Italian Delegates Insist on Something Definite Before Parliament Meets on Wednesday--Wilson Will Not Recognize Secret Treaty of London--Italy May Occupy Territory.

Paris, April 20.—The Italian issue over the Adriatic has reached an acute stage, where a decision one way or the other cannot longer be deferred, and a decision either way is fraught with serious consequences.

Despite the Easter calm, which brought vast crowds to the churches and boulevards, the council of four continued its sessions at ten o'clock this morning. The Italian premier, Vittorio Orlando, and the Italian foreign minister, Baron Sonnino, were both present, and made it known that the opening of the Italian parliament on Wednesday has necessitated their leaving Paris Monday with definite knowledge of what is going to be done.

President Wilson did not attend the meeting. The Italian statesmen will meet with M. Clemenceau and Lloyd George tomorrow, but President Wilson again will be absent. If any decision is reached at that time it will be necessary to submit it at still another meeting at which President Wilson will be present.

Baron Sonnino continued to occupy the extreme position, insisting upon the integral fulfillment of the secret treaty of London, giving to Italy the entire Dalmatian coast and islands, and also claiming the city of Fiume without internationalization or division with the Jugo-Slavs.

Wilson objected. The French premier, Raymond Poincaré, was rather more conciliating, but a telegram which he had received from the heads of the Italian army declared that the entire army was behind him in upholding Italy's aspirations. Captain Tozzi, of President Orlando's staff, said the telegram was in effect an ultimatum, and disclosed how universal and deep-rooted was the Italian determination to secure adequate protection on the eastern Adriatic coast.

He added that if these rights were not recognized, Italy would undoubtedly follow its own course, without reference to the conference and occupy the regions to which she considered herself entitled.

President Wilson's position was said to be equally determined. He insisted on a recognition of the secret treaty of London, on the basis of a compromise on the Italian quarters of Fiume, and the Jugo-Slavs getting their districts, were not confirmed, as it was said that this was the plan put forward to the Italians, but not accepted. But early reports indicated that the session might be prolonged thru the day in an effort to reach a middle ground.

President Wilson's consistent attitude with Premier Clemenceau and the American delegation it was learned today that the American attitude on the reported treaty with the power to guarantee the safety of France against attack by Germany was that no alliance would be entered into by the United States that was not consistent with the spirit of the league of nations.

REVICTUALING PLAN AWAKES SUSPICION

French and British Papers Inclined to Regard American Report as Official.

Paris, April 19.—Dr. Fridtjof Nansen, head of the commission to feed Russia, is having difficulty in getting a touch with Nikolai Lenine, the Russian Bolshevik premier, concerning the revictualing of Russia on condition that the Bolsheviks cease hostilities. The wireless service of the entente countries apparently are not available and a messenger will be sent to Norway to communicate Dr. Nansen's messages to Moscow.

Consequently Lenine's reply probably will not be available for several days. The French press is showing a hostile attitude toward the revictualing plan. One paper describes it as "another Prinkipos" and another charges that it is an attempt by the Americans to ingratiate themselves to obtain concessions and scout the suggestion of Lumaine, rather than political motives.

Lends Official Coloring. Altho the American peace delegation has repeatedly stated that the fact that both the French and English newspapers are inclined to regard the delegation as official and credit the revictualing plan to their report.

Captain Pettit did not remain in Moscow to act as liaison officer between the Bolsheviks and the American peace delegation, as reported in the European press, but is now in Stockholm. Before the United States entered the war Captain Pettit was in Russia looking after the relief of German prisoners. He is connected with the Russian information section of the American peace delegation.

BOLSHEVIK ARMY YIELDS TO UKRAINIANS

London, April 20.—The first Bolshevik army, operating in the region of Homel, along the Pripiet River, has surrendered to a statement issued by the Ukrainian press bureau and forwarded from Vienna to the Central News. Up to this time the report was forwarded, 20,000 rifles, 35 guns and 200 machine guns had been handed over to the Ukrainians.

The woman canoe was found by two men who put out to save another man who was alone in a canoe which was being rapidly carried out by the current. A crew from the life saving station searched for the bodies from about 8 p.m. until midnight, but found no trace of the missing couple.

JAMES R. BROWN AT PEOPLE'S FORUM

Equality of Opportunity is Text of Single-Tax Specialist.

ROOT OUT MONOPOLIST

Substitution of Equalized Land Values Would Raise Citizenship.

James R. Brown, single tax specialist of New York, at the People's Forum last night in a brilliant humorous address upon relationship of law and order to rights of citizenship, emphasized his opinion that only by rooting the land monopolist out of his lair, and substituting a system of equalized land values could equal opportunity be given to all in the start of life, and that given this chance of equal opportunity the supposedly mediocre citizen would run his supposed superiors to a close run for honors based upon natural selection.

Many of the Socialists present, Fabian or revolutionary, disagreed with the speaker, contending that the land monopolist was but one of many.

Railed Mightily. Mr. Brown railed mightily at those who knowing little acquired too much of fulsome dignity. Many of them were like unto ships, imposing to the eye but full of vanity beneath the combing of the hatches. The laws of the land also received their quota of criticism. "What," they were said the speaker, but motions and amendments and amendments to amendments. Man had made so many laws that he had contrived to set the law of nature at naught. It was, after all, the business of man to discover the true operation of nature's laws. There was not one good thing in life which could not be traced to the proper discernment of nature's law.

Continuing, Mr. Brown emphasized his opinion that ignorance was man's only natural enemy. And the sweep of the emotions allied to the influence of the job sitters was a hand made of this enemy. The emotionalists were truly the undeveloped citizens of the race, dabbling about, whirling around and senselessly whooping things up generally. No good could ever come to the human race except thru the road of reason.

In conclusion the speaker pointed out that man had almost solved the problem of wealth by production but had not begun to even glimpse the rationale of equal distribution. Citizenship was essential to human progress, but not that co-operation which was forced down one's throat. The law of equality implied not equality of physique, mind or soul but equality of opportunity.

HOLY TRINITY CHURCH EASTER SERVICES

The Easter services at Holy Trinity Church yesterday were well attended. Many former members now living far away from the parish coming to their old mother church. Some of the 237 men on the honor roll were back from the front, looking hale and glad; and in fragrant memory of the thirty who will come again no more, beautiful Easter lilies below the roll showed they were remembered. The special music was well rendered by the large male choir under the capable leadership of Mr. Geoffrey Holt.

Rev. Mr. Hutton spoke to the children at the afternoon Sunday school service, and the rector, Rev. L. Ralph Sherman, preached morning and evening. At night he chose for his text the words from Acts xviii. 31, "Whereof He hath given assurance unto all men in that He hath raised Him from the dead," dwelling on the fact of the resurrection, its bearing on our present life, and the light that it throws on death.

He referred to the men of Athens, who with all their philosophies presented, with their altar inscribed to the unknown God, "only a negative while St. Paul was able on the other hand to place before them a complete assurance.

TELL OF CONDITIONS PREVAILING IN INDIA

Easter Sunday was specially observed by the Salvation Army in Toronto morning, afternoon and evening. Commissioner W. J. Richards, who is leaving for England this week, presided at Ligar Temple. TRIMURINE EYE REMEDY

DR. A. E. RIBOURG AT SAINT ALBAN'S

Rev. Dr. Ribourg, preaching an Easter sermon on "Christ, the Resurrection and the Life," at St. Alban's Cathedral, said in part:

In the resurrection of Christ we see the principle of all human growth and advancement. It teaches that the march of death is but the victorious stride of increasing life to the undaunted soul.

The Christ emerging from the finite and the earthly is a divine picture of all humanity decaying and ascending out of decay till the redemption of the race is complete. Transformation, not destruction, is God's purpose. Only thru sacrifice and death can nations as individuals attain true life and immortal glory. During the last few years and a half we have witnessed the passing of an era, the burial of a cycle in the world's history but the race still lives, full of new potentialities. Old customs and prejudices, old laws and traditions, like the shroud of the dead, are left in the tomb, but humanity is continuing its triumphant march, a moment interrupted, towards new conquests and new victories.

Nations are making new covenants; the universal brotherhood of man everywhere advocated. New hopes have been born in the hearts of the great family of the workers. New ideas of co-operation and partnership in the industrial and commercial worlds are being considered in all the civilized countries of the earth. Truly a new world is coming out of the grave of the old. The old grain had to die to give mankind a bountiful harvest. "Except a corn of wheat fall into the ground and die it abideth alone, but if it die bringeth forth much fruit." As the grain of wheat must first die and be covered with the rains of spring before it comes forth wearing and ripened by the summer's sun, in like manner humanity had to be crucified with its wrongs and its injustices before it could spring forth to a new and more perfect life, and so it is with the individual. Men must be chastened by the sorrows and afflictions, his flesh must be crucified with its vices and its wickedness before he can spring forth to a new life of grace.

Easter speaks to us of the death of the old and the life of the new. We can without finching suffer, toil, weep and pass thru the shadows of death. The end of all this is triumph and glory, "because I live ye shall live also."

TORONTO WOMAN HAS FIGHT WITH PICKPOCKET

Edward L. Siego, 1303 West Bloor street, was arrested Saturday by Detectives Mitchell and Wickert, charged with picking pockets. He is alleged to have stolen a purse from Mrs. M. Leo, 31 Walton street, from in front of a Queen and Yonge street store, containing \$21 in money.

Mrs. Leo felt the man put his hand into her coat pocket. She turned around and suspecting Siego took hold of him and demanded the return of her purse. Siego denied having it and she ran her hand down his coat pocket. She found her purse containing the money. When she had her hand in the pocket she also pulled out a street railway man's car badge. Siego breaking away, disappeared in the crowd, but Mrs. Leo went to the detective office, left the badge and a description of the man. Wickert and Mitchell made inquiries at the rear barns, and traced the badge to Siego, who was at once placed under arrest.

GENERAL GUNN TALKS ON SOLDIER MUSIC

"The Effect of Music on the Life of a Soldier" was the subject of an interesting address by Brig.-Gen. Gunn in Bathurst Street Methodist Church last night. He said that music was the means of unifying the spirit of the soldiers. There were people who thought that the music as such itself was not of a very high quality, but that mattered little to those on the battlefield, because it was the music which had the effect of making the men feel they were one body. The music as such was more powerful with the men than the words.

ELECTRIC LIGHT CHEAPER

Through the efforts of the Electric Wiring and Fixture Co., corner of College and Spadina avenue, in purchasing and equipping their workmen with the latest tools, for installing electric light wiring in occupied or completed houses without breaking the plaster, marking the decorations, the cost of the wiring has been reduced, also as they purchase nothing but solid brass in the making of electric fixtures in large quantities the public not only gets solid brass fixtures, but at very low cost. They also make no charge for installing the fixtures. The fixture showrooms is located at southeast corner of College and Spadina avenue. Phone College 1878.

LEAGUE KEPT BUSY SOLVING PROBLEMS

Where the Soldier Finds a Friend Ready to Give a Lift.

"Pack all your troubles in your old kit bag and smile," seems to be the slogan of the Citizens' Repatriation League and the spirit in which all manner of soldier problems are faced and if possible overcome. Few indeed, are the cases that can not be settled satisfactorily to the soldiers and others concerned.

"There's always some way out of the difficulty," said M. D. Williams, who is in charge of headquarters, 83 West King street, to a reporter for The World on Saturday, "if we look long enough." Mr. Williams instanced many cases where there has been having to advance secured, jobs found and homes reunited.

Just then a case was up for attention. A landlord had notified a returned man that he must vacate his room or that the rent would be raised to a figure that was prohibitive for the soldier. The landlord had been called in and the returned man brought in the summons. When it was discovered that a hardship was being wrought, the league got busy and in a few hours a new arrangement was straightened out to the satisfaction of everybody.

It was explained that this was but one of similar cases. The scarcity of houses for rent in Toronto has brought its effect upon the returned men and many of them, in order to keep a roof over their heads have been forced to purchase homes. They are unable to do this when having to house for their gratuities and other allowances, but there is a fund in the league which attends to such matters and when after investigating all the circumstances and making sure that the deal is bonafide, the soldier is assisted in making the first payment.

The scheme in most cases starts a man towards ownership of a home, who would perhaps never be his own landlord if it did not exist. While the reporter was in the office several new cases came up for attention and each was tackled with a smile backed by a determination to see the thing thru. It was also reported that registration for the next banquet which is to be held May 1st, was quite heavy and a large crowd is expected. A great deal of interest is being taken in the boxing tournament to be held in the armories on Thursday evening.

G. A. C. BASEBALL.

C. baseball club, which held its first regular meeting on Sunday afternoon at the home of the president, 44 Tottenham Hotspur, among the best known of the British football clubs, and led the team to victory in the English cup series of 1918. He was the first president of the Toronto and District Football league, and was some years ago one of the governors of the C.A.A.U.

BATTERY BANQUET.

The 45th Battery held a largely attended banquet on Saturday night at the King Edward Hotel. Major Gill and Captain D. McCallum, well known officers of the battery, were the principal speakers of the evening. The banquet was an anticipatory formation as a social club.

The originals club had some warm things to say to the citizens' patriotic league on Saturday when the former's secretary announced that he had received no answer to his letters offering the club's co-operation in the work undertaken by the citizens' league. They had volunteered after having been requested and expressed surprise because the courtesy of a reply had not been received.

West Toronto G.W.V.A. executive at its meeting tonight will consider the advisability of having Albert Deuchar's famous oils, "The Lusia-tania" and "The Gloucester Castle," hung at a near future date under the auspices of the branch. The last of the Lusia-tania has been the subject of many oils, but the disaster which befall the hospital patients of the S.S.

CHILDREN'S health is always endangered by changeable spring weather.

During this season, therefore, more than at any other time, children should have lots of good nourishment.

Good food is the best medicine in the world for growing children and milk is nature's finest food.

In milk nature combines all the elements that build up and sustain strong healthy bodies. From it, nourishment is quickly assimilated by the body to restore worn tissue and to make new muscle, bone and energy.

Because milk is a balanced food it is easily digested. It does not overtax the stomach. It supplies nourishment in properly balanced proportion.

A quart of milk a day for each child will do away with the need for expensive drugs and the children will be 100% better for it.

Serve milk as a beverage at every meal. Serve more milk in puddings, creamed vegetables and on cereals. Give

Turf Billy Kelly Repeats New Western Circuit

BAD RIDE ALMOST BEAT BILLY KELLY

Sande Eased Up When Leading in Handicap and Was Almost Nipped at the Wire.

Havre de Grace, Md., April 19.—J. K. L. Ross' splendid gelding, Billy Kelly, gave further evidence of his greatness at Havre de Grace this afternoon by shouldering top weight in the first of the crack field that opposed him in the Philadelphia Handicap, at three-quarters of a mile.

The wonderful racing qualities of the Dick Welles gelding were not so much demonstrated by his win in the manner in which it was won. Sande, over confident at the end, failed to see the fast closing Charlie Leydecker, which had a position on the inside rail and, thinking he had the race won, started to ease up on his mount. Twenty yards from the finish he discovered his error and went to work on Billy Kelly again. Prompt response to Sande's urging overcame the danger, and Billy Kelly had his nose poked out in front when the wire was passed.

Prior to this incident, Sande, after getting away in front, allowed Billy Kelly to drop back, permitting the race-makers to feel of a fast half. At the turn, Sande guided his mount thru on the inside and, assuming an easy lead, turned around to look for War Pennant, a distant trailer. It was while in this act that Charlie Leydecker nearly stole the victory.

By winning today Billy Kelly enriched his owner to the extent of \$171.45, but he will not incur a penalty in the Kentucky Derby. Summary:

BICYCLING WILL ALSO COME BACK

Rosy Reports Submitted and Officers Elected at Annual Meeting of C.W.A.

The 39th annual meeting of the Canadian Wheelmen's Association was held in the Queen's Hotel Saturday afternoon with an attendance that reminded old timers of the seasons of pre-war days. Delegates were present from a number of out of town places and they all voiced the opinion that cycling was due for a revival just as is expected in other sports. The Dominion championship meets were suspended during the war, but it is expected that they will be resumed this summer.

The report of Secretary Frank Johnston showed that thirteen meets were held last season. This was an increase over 1917. The total number of riders' licenses issued was 233, and the treasurer's report showed a balance on hand of \$120.30.

The old executive met prior to the meeting, when a letter was read from H. M. Alexander, president of the wheelmen, asking that each Toronto Club be allowed three representatives on the C.W.A. board. A letter was received from Paul Bousseau, secretary of the International Cyclists' Union, asking for official records and responses up to December 31, 1918. President Louis Rubinstein of Montreal was as usual in the chair and the election of officers resulted as follows: Hon. president—J. H. Ross, Waterloo. Vice-president—L. Rubinstein, Montreal. Secretary—R. Falconer, Toronto. Treasurer—H. Smith, Toronto. Chairman of membership committee—G. Mackay, Toronto. Chairman of roads and touring—Geo. L. Wenke, London. Transportation—W. Marr, Toronto. Publicity—W. Gladish, Toronto. Chairman of racing board—F. A. O. Johnson, Toronto. Rules and regulations—J. W. Gibson, Toronto.

DEMAND Genuine Ford Parts

Make it strong. The garage man cannot evade your demand for Genuine Ford Parts. He knows that only genuine parts will give you satisfactory service. If he wants to give you real Ford service; if he will agree to play fair with Ford Owners; if he can get a complete stock of Genuine Ford Parts. Nothing has caused Ford Owners more trouble, annoying breakdowns and expense than the use of "spurious" or imitation repair parts. They are not made up to the Ford standard. They weaken the car. They often injure other parts of the car. The owner of a Ford could not be expected to accept repairs made with such inferior parts. And there is now no need to accept them.

NIGHT PRINTERS WIND UP BOWLING SEASON

The night printers wound up their two-man bowling league season on Saturday night with an annual tournament that provided a most successful conclusion to a pre-eminently satisfactory year. This league is established on the fairest possible basis and continues to demonstrate how such an affair should be run so that all the members, even the losers, have nothing but admiration to express for its system and methods. While naturally there must be disappointment for some, since where there are victors there are vanquished; yet they all feel that it is the fortunes of war and that it is in this case friendly war with the chance of success as nearly equalized as it is possible for them to be. They have had season's pleasure and healthful exercise and look forward with anticipations to next year under the same system.

AMATEUR BASEBALL

The Monarchs of the Western City League met tonight in Vermont park to elect officers. A meeting of the Don Valley Senior League players practice tonight at Aurora grounds at 8.30. Any player wishing to join phone Bill Marsden, North 3260. There are all conveniences, such as shower baths, swimming pool, etc. at the club for the convenience of the players. The prizes presented were as follows: First prize presented to H. Webber, club bag. Second team: Woolfills—R. Woolf, cut glass fruit dish, and W. Williams (prize reversed). W. H. Williams by presenting him with an envelope enclosing a substantial testimonial (with compliments) of the satisfaction of the league members. CENTRAL BOYS' BIG WIN IN ANNUAL HEXATHLON

The Central Y. M. C. A. boys scored a wonderful victory, defeating all the boys' teams of Canada and the U. S. in the annual boys' hexathlon, scoring 24,430 points, being 2,000 ahead of their closest competitors, the Toronto West End. The boys are to be honored and dined next Saturday at the College street gym.

Baseball Gossip

Ed. Rousch, star outfielder of the Cincinnati Nationals, who has been holding out for a salary of \$10,000 a year, tonight signed a contract to play with the Reds for this season. The terms have not been made public, but it is said Rousch accepted the terms offered him by President Harrman. Speaking of the outlook for the 1919 baseball season, Secretary J. H. Farrell of the National Association said: "Reports from every section of the country show a healthy resumption of the sport in the minor league territory and in every section indications point to a highly successful year. Many of the leagues are being rebuilt on more substantial local foundations, and among Illinois-Iowa-Indiana, Virginia, Western Ontario, New England, Northwestern International, South Atlantic, Florida State, Illinois-Iowa-Indiana, Virginia, Western Canada and Dixie Leagues. In the southern states the spring training exhibition games attracted more patronage than at any time for many years past, and the attendance at the opening series of these games between the Chicago Nationals and the San Francisco Club in California was the greatest in the history of baseball on the Pacific coast."

Secretary J. H. Farrell of the National Association will determine whether Tree will play for Bay City or London, since Manager Kenner of the latter club has notified Farrell to the effect that Crystal has been tampering with three players whose terms had been accepted by the city of London club. Tree is one of the players in question over whom correspondence has been exchanged, along with McGinnis and Watson.

Finehurst, April 19.—Henry C. Fowles, the Oakmont veteran, won the president's trophy in the mid-April tournament at Finehurst today, defeating Tom Morrison, another Oakmont golfer, by 8 up and 3 to play.

Manager Crystal of Bay City claims that he has received the signed contract of Leonard Tree, the Hobart catcher.

GRAND CARD FOR THE SOLDIERS.

The next free show for returned soldiers, carded for the armories Thursday night, promises a rare evening's sport. In all 37 rounds of prize boxing, with Frankie Bull of Toronto and Frankie Nelson, the lightweight champion of the United States, many a lively contest will be staged for first possession of the light-weight championship belt donated last week by Brigadier-General Gunn, O.C. M.D. No. 2. General Gunn's only stipulation when he donated the belt was that the first bout for it should be contested before returned soldiers. Nelson comes well recommended, and he should make Bull step pretty lively to keep the belt in Canada. Another bout already staged up is the second meeting between G. M. Knox of Hamilton and Benny Foster of Buffalo, who beat him here last week at the Dempsey show. That should be a hard contest. Pete Scott, Harry Freeman, Bobby Ebor, Johnnie Hens and boys of that calibre will furnish the rest of the card. Soldiers who registered for the first free show at the armories will receive their tickets by mail. All others must apply to the Red Triangle Club, Salvation Army Hostel, Catharine Army Hostel or the Citizens' Repatriation League for their tickets.
