SIXTY-FIVE MILES FROM VANCOUVER... DISASTER ON VANCOUVER ISLAND... CUMBERLAND COAL MINE THE SCENE.

Disaster on Vancouver Island—Cumberland Coal Mine the Scene.

SIXTY MILES FROM NANAIMO

Terrible Explosion Occurred at Eleven o'Clock Yesterday Morning, Followed by Fire.

THE ONLY EXIT A MASS OF FLAMES.

Miners From a Neighboring Shaft Made Brave But Futile Efforts at Rescue.

Vancouver, B.C., Feb. 15.—Sixty-five miles from Vancouver, on Vancouver Island, the only exit is the mouth of the shaft, which is filled with a huge volume of flame.

Details of the disaster are meagre. The Cumberland mine is near the village of Union, about sixty miles north of the town of Nanaimo.

The only telegraphic communication from Union is by a single Government wire, and little is known of the calamity in the mine, except that a terrible explosion occurred in No. 6 shaft of the Cumberland mine about 11 o'clock this morning.

Following the explosion, the shaft caught fire, and the 65 miners, who were working half a mile from the entrance, were caught in a death-trap.

Brave Attempt at Rescue. A relief party from No. 5 shaft made a brave but futile attempt at rescue. They were heading off by the fire, and could not reach the imprisoned men.

A special train left Victoria this afternoon, carrying 800 men and 100 tons of supplies, to attempt a rescue.

Another Account. Which Shows that the Facts Are as Reported. Victoria, B.C., Feb. 15.—A special from Union Bay, B.C., where the mines of the Union colliery are located, says: The town was shaken by a terrific explosion at 10.40 this morning.

The source was located in No. 6 shaft, and the explosion covered the ground about the pit-head with a layer of crushed and broken mica about six inches thick.

The worst fear was of men of experience, food, from all the shafts, and the workings are connected with those of No. 5 shaft, a mile and a half away.

Word was sent to that place at once, and a search party dispatched from No. 6 workings. This party was forced to return, and the explosion covered the ground about the pit-head with a layer of crushed and broken mica about six inches thick.

The worst fear was of men of experience, food, from all the shafts, and the workings are connected with those of No. 5 shaft, a mile and a half away.

Word was sent to that place at once, and a search party dispatched from No. 6 workings. This party was forced to return, and the explosion covered the ground about the pit-head with a layer of crushed and broken mica about six inches thick.

THE NATIONALIZATION OF TELEGRAPHS.

OTTAWA, Feb. 15.—(Special.)—"Is Mr. Mulock getting ready to nationalize the telegraph system?" The World correspondent will hazard better than a guess that he is, and one straw showing how the wind is blowing in the conference now going on between Mr. Mulock and Mr. H. P. Dwight of the G. N. W. Telegraph Company.

GET SOME ONE TO JUDGE BETWEEN THIS ENGLAND AND OURSELVES

Mr. Kruger is Now Prepared to Admit That He May Have Done Wrong, "But the Lord Will Help Us in the End," He Says.

London, Feb. 15.—The Pall Mall Gazette will publish, Feb. 16, an interview with Mr. Kruger in part as follows: "Will no one give us a chance of defending ourselves? We may have done wrongly. We have our faults and our weaknesses. We declared our hands were forced, and we can prove it. Get someone to judge between this England and ourselves."

"But the Lord will help us in the end. We shall win. I do not know how or when, but we shall win at last."

Mr. Kruger says the Transvaal offered more reforms in one week than an other country would make in 40 years, giving on all points, almost to the uttermost, but that the afternoon was spent upon a stumbling block.

Cares Nothing for Flowers. Referring to his reception in Europe, Mr. Kruger says: "I care nothing for flowers, nothing, nothing. The people who send me flowers are not my friends, but I am grateful; but I care nothing for them. What I want is a relief party from No. 5 shaft made a brave but futile attempt at rescue."

A SEVERE BATTLE IN PROGRESS BETWEEN PLUMER AND DEWET

Fighting Began on Cape Colony Soil Two Days Ago—Boers Driven Back—Rebels Arrested—Methuen Gathering in Women and Children in the West.

Coleberg, Cape Colony, Thursday, Feb. 14.—Plumer's column engaged Dewet between Coleberg and Phillipstown Feb. 13, and gradually pushed back the Boers, and British had a victory of kind artillery, and British had a victory of kind artillery.

Cartwright Held for Trial. Cape Town, Feb. 15.—The Boers occupied Murrumbidgee, Cape Colony, Feb. 14, and Cartwright, editor of the Murrumbidgee, Cape Colony, Feb. 14, and Cartwright, editor of the Murrumbidgee.

Canadian Sergeant Wounded. Ottawa, Feb. 15.—For a month Lord Methuen has been scouring the country between Kuruman and the Transvaal, food, from all the shafts, and the workings are connected with those of No. 5 shaft, a mile and a half away.

To Be Hoped It is True. Lorenzo Marques, Feb. 15.—It is reported that the Boers are preparing to make a dash for the coast.

WILLIAM AND DAN'S PLUNGE

The Toronto Railway Magnate Says He and His Partner Are in the People's Hands

IN MANITOBA RAILWAY MATTER.

Mr. Mackenzie Answered a Number of Questions About Different Things.

Winnipeg, Feb. 15.—(Special.)—William Mackenzie of Mackenzie & Mann is in the city. A representative interviewed him this afternoon, and the following conversation ensued:

"On what day was the railway contract with the Government signed?" "Last Monday."

"When do you intend taking over the Northern Pacific road?" "About April 1."

"Will the present officials and the various employees be given the opportunity of retaining their positions?" "I can't speak on that subject at present. The whole matter will have to be looked into."

"You will not require a new station, so that the N. P. station will be on your hands?" "I cannot say; we may use the old N. P. depot, but we shall build the old Manitoba Hotel."

"Will you make a plunge when we entered into the contract. We are in the hands of the people here now?" "We are in the hands of the people here now."

MR. E. C. CLERGEY

Two Hundred and Fifty Representative Men of New Ontario

TOOK PART IN THE FEAST

And Paid Homage to the Remarkable Man Who Has Done Marvellous Things.

HAS WORKED A TRANSFORMATION.

The People of the "Sooy" Along With Ourselves, Testified the Demonstration.

Sault Ste Marie, Ont., Feb. 15.—(Special.)—The International Hotel here to-night was the scene of a remarkable demonstration in honor of Mr. Francis Hector Clergey, the young father of Eastern Ontario.

Mr. Clergey's recent return from a prolonged absence in Europe was made the occasion of a demonstration, which took the form of a grand banquet.

The banquet was held at the International Hotel, and was attended by 250, assembled to pay homage to this remarkable man, who is fast transforming the wilderness into a populous district, dotted with mining and lumbering camps, all sending their raw products in the shape of mineral ores and pulp wood to this centre for manufacture into commercial commodities.

Besides the large gathering of Algoma men present, there likewise attended a number of members of Parliament and of the Ontario Legislature. The immense dining hall of the International was profusely decorated with Union Jacks; nor were the Stars and Stripes left out of the hangings.

After the toast to the King, proposed by Mayor Thompson, had been duly honored, a lengthy toast list was entered upon, including the President of the United States, the Governor-General, "Lieutenant-Governor of Ontario," "The Dominion Parliament and Ontario Legislature," "New Ontario," "The Learned Professors," "Commercial and Manufacturing Interests," "The People of the 'Sooy' Along With Ourselves, Testified the Demonstration."

Among the best men who figured in the list of good proposers were W. H. Hoar, Judge Johnson, N. Simpson, J. McKay, E. Biggin, Judge O'Connor, W. H. Piggott, Charles A. Smith, J. M. McPherson, and others.

After the banquet, the guests were entertained at a grand dinner at the International Hotel, which was presided over by Mr. Clergey.

The dinner was a grand success, and the guests were entertained to the utmost satisfaction.

THE OFFER OF MR. SHAUGHNESSY TO THE MANITOBA GOVERNMENT

Permanent Lease of Northern Pacific Lines, Building of New Lines and Graded Reductions of Rates on Grain and Flour Down to 4 Cents Per 100 Pounds.

Montreal, Feb. 15.—(Special.)—The following are the terms of the Canadian Pacific Railway's offer to Premier Roblin, who appeared in the House of Commons last night in caucus by his party:

The company will agree to build a line from a point near Brandon, on the Great Northwest Central Railway, northwesterly, through the municipalities of Dauphin and Woodville, for a distance of about 74 miles during the current year; also a line from Carleton Place to Ottawa, easterly, for a distance of about 100 miles during the current year.

The company will lease for 999 years from the Government the Northern Pacific lines in Manitoba, including equipment and terminals, paying therefor an annual rental of \$20,000 for the first ten years, \$24,000 for the second ten years, and \$30,000 thereafter.

In consideration of the province placing the company in the same position that the Canadian Northern now occupies, with reference to taxation and an undertaking on the part of the Provincial Government, the company will not grant aid towards the construction of any railways within the province, south of a line drawn easterly between the western boundary of the province as it now exists, or may hereafter exist, through Bismarck to the eastern boundary of the province, nor any railway line between any point in the province and a port on Lake Superior; the company will make the following specific reductions in its rates:

Sept. 1, 1901, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1902, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1903, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1904, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1905, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1906, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1907, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1908, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1909, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1910, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1911, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1912, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1913, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1914, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1915, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1916, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1917, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1918, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1919, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1920, grain and flour 1 1/2 cents per hundred lbs.

Sept. 1, 1921, grain and flour 1 1/2 cents per hundred lbs.

SEVEN NATIONS DECLARE WAR AGAINST CHINA

That is the Startling Report That Has Been Sent Out From Tien Tsin.

A DEADLOCK ON AT PEKIN.

Decision of the Foreign Envoys Regarding Punishment of the Guilty is Irrevocable.

DEFINITE REPLY NOT EXPECTED

Until the End of the New Year Celebrations Ten Days Hence—Various Rumors.

Pekin, Feb. 15.—The Chinese peace plenipotentiaries have replied to the latest telegram from the Imperial court, that the decision of the foreign envoys, with respect to the punishment of the guilty, is irrevocable, and the sentence upon General Tung Fu Hsiang can be suspended "until such time as it comes within the power of the court to place him in restraint, when his death will be demanded."

Also there have been no official communications on the subject between the envoys and the Chinese plenipotentiaries, there have been unofficial consultations between the latter and Mr. De Giers and Sir Ernest Satow, the Russian and British Ministers. A definite reply from the court is not expected before the end of the New Year celebrations, at least ten days off, but the envoys believe that the court must yield.

Count Von Waldow has issued a formal denial of the published statement that the German troops are leaving China. He says that he could not move one without instructions from Berlin, and that there have not been any.

SEVEN NATIONS DECLARE WAR. So it is Reported at Tien Tsin, But Confirmation is Lacking.

Tien Tsin, Feb. 15.—It is reported here that seven nations to-day declared war against China.

It is asserted here that the real reason for the deadlock in Peking is a difference of opinion between the foreign envoys and the military authorities, the former favoring a withdrawal of the troops from Tien Tsin, and the latter urging a forward movement.

It is regarded as possible that a certain power may advance independently should the deadlock continue.

Not Confirmed. London, Feb. 15.—The Tien Tsin dispatch regarding the reported declaration of war against China by seven nations is not confirmed from any other source. Possibly the report is only another version of the rumored German ultimatum.

WHO OWNS THE TELEGRAM? Winnipeg, Feb. 15.—(Special.)—It is currently reported here that The Telegram, with its new editor-in-chief Sanford Evans, and its new business manager, W. Frank Addison, both of Toronto, is the property of Messrs. Mackenzie and Mann. Some one has started the story that W. H. Moore, B.A., LL.B., private secretary to Mr. Mackenzie, was instrumental in engaging the new editor and business manager. Hence, the surmise that The Morning Telegram is the property of Messrs. Mackenzie and Mann.

An Accepted Fact. We are forced to acknowledge the fact that a purchase made personally is always more satisfactory than one made through other channels. This applies to large deals as well as to small ones. The merchant as to the shopper, Mr. Dixon for the past week has been in New York, and has completed his first spring order—his Broadway hat. Fifteen cases of Derby, Alpines and silk hats have already arrived, and are on exhibition in the Evans Company's establishment. If you want a new-style hat, here is a chance to get the latest.

All Right for Carriages. Meteorological Office, Toronto, Feb. 15.—(p.m.)—In the Northwest Territories and Manitoba the weather has turned somewhat colder again, while from the lake region to the Maritime Provinces the temperature has been higher than for some days past. Light snow falls have occurred in Quebec and New Brunswick; elsewhere the weather has been fair.

Minimum and maximum temperatures: Victoria, 28-48; Calgary, 24-39; Edmonton, 22-24; Prince Albert, 12-24; Winnipeg, 6-20; Port Arthur, 20-16; Parry Sound, 0-24; Toronto, 11-22; Ottawa, 4-22; Montreal, 6-20; Quebec, 6-20; Halifax, 15-34.

Probabilities. Lower Lakes and Georgian Bay—Moderate westerly to northerly winds; not much change in temperature.

Upper St. Lawrence and Ottawa Valley—Fresh westerly to northerly winds; mostly fair, with local snow flurries; not much change in temperature.

Lower St. Lawrence and Gulf—Northerly to westerly winds; partly fair, with light snow flurries; not much change in temperature.

Maritime—Northerly to westerly winds; partly fair, with light snow flurries; not much change in temperature.

Lake Superior and Manitoba—Fair and moderately mild.

THE GOVERNMENT'S OBLIGATIONS IN MANITOBA RAILWAY BARGAIN

Total Liabilities of Over Ten Million Dollars Assumed, or an Average of \$12,056 Per Mile—Mr. Roblin Claims This is the Lowest Bonded Debt on the Continent.

Winnipeg, Feb. 15.—(Special.)—In his speech at Newpas last evening, Premier Roblin said: The question also arises, What have we given for the control of rates? We guarantee the bonds on the Ontario and Railway River lines for a distance not exceeding 200 miles, at \$20,000 per mile, and the interest thereon at 4 per cent, payable half yearly, the bonds to be for 80 years. The exact liability of the province so far as the whole system is concerned, is as follows:

The Gilbert Plains line, 27 miles, at \$8000 per mile, \$216,000.

The Southwestern, 132 miles, \$1216,000.

Making a total liability of \$4,544,000 on the Canadian Northern lines, with the Ontario and Railway River lines for a distance not exceeding 200 miles, at \$20,000 per mile, at an average of only \$12,056 per mile. This is the lowest bonded indebtedness of any road on the American Continent.

People Have Control of Rates. The people have entire control of the rates on over 1200 miles of road in Manitoba and adjacent provinces. Some may also take and do what they like in the matter of freight charges. Some may will the matter of the 10-cent rate to Port William, or an 8 or 5-cent rate to Fort Frances, or what they choose; but the moment the revenue is reduced below the cost of operating and paying interest, the province will be called upon to make good the deficiency; but where it takes only 80 per cent of the earnings to pay expenses, a very material and substantial reduction can be made.

On Oct. 1 next, we will begin with our own tariff, and show that we have what we promised in 1898—Government control of rates—and have therefore fulfilled our promise.

Notes. The Evreque Court will sit at Toronto on June 4.

The following appointment has been made: Ernest Gouin, Montreal, preventive officer. It is said that Mr. Gouin is to be in charge of the Montreal branch of the department. Mr. Clarke has introduced a bill to restrict the importation and employment of aliens.

Mr. Mahlon H. Cowan, M.P., is ill at the hospital. It is feared it is typhoid fever.

If you have furniture, merchandise or other goods for sale, contact the Evans Company, 547 Yonge St.

Discount That Counts. Special interest at Fairbank's (85 King St. E.) these days centres in the big sale of special prior to handling over the upper half of the contractors for rebuilding and reconstruction—but price reductions are infectious and have caught on to the men's suits department, and yesterday war was declared on prices to the tune of a straight 20 per cent reduction, which includes all colors in stiff and soft hats—prices \$1 to \$4, less the discount—guaranteed quality.

Monuments. Finest work and best designs at lowest prices. The McIntosh Granite and Marble Company, 1115 and 1121 Yonge Street, Toronto (formerly Yonge Street car route).

COOK'S TURKISH AND SIAM BATHS, 204 KING ST. W. COOK'S TURKISH AND SIAM BATHS, 204 KING ST. W.

DEATHS. BRAUND—On Friday, Feb. 15, 1901, at his late residence, 1121 Yonge Street, Toronto, Charles Braund, aged 68 years. Funeral on Monday, Feb. 18, at 2.30 p.m., to Mount Pleasant Cemetery.

RAND—At the residence of her son, Mr. C. W. Rand, 517 Jarvis Street, on Friday, Feb. 15, 1901, Helen Russell, widow of the late John Rand, aged 72 years. Funeral on Monday, Feb. 18, at 3 p.m., from the Presbyterian Church.

GILBERT—On Friday, Feb. 15, 1901, at his late residence, 40 St. George Street, Toronto, John Gilbert, aged 30 years and 4 months. Funeral on Monday, Feb. 18, at 2 p.m., from above address on Monday.

ENIDEN—Suddenly at Jacksonville, Fla., on Wednesday, Feb. 13, Charles Eniden, in his 75th year. Funeral on Saturday, Feb. 16, at 2 p.m., from the above address.

TAYNE—At his late residence, 167 Howland Avenue, on Friday, Feb. 15, William D. Tayne, aged 81 years. Funeral on Monday, Feb. 18, at 2 p.m., from the above address. Guelph papers please copy.

SIR WILFRID'S ASTUTE MOVE

To Draw Public Opinion Away From the Failure of the Preferential Tariff.

HOUSE WILL HAVE TO TACKLE IT

And the Government Faces Trouble Ahead—Personal and General Notes From Ottawa.

Ottawa, Feb. 15.—(Special.)—The Conservative members of the House regard it as a peculiarly astute move on the part of the Department of Agriculture to publish the Department of Agriculture a letter from an alleged leading British importer, making an extraordinary declaration that Englishmen are half crazy to buy Canadian goods and further British unity, and to show they appreciate the Canadian preference.

It will be noticed that the anonymous author of the alleged epistle explains that the laudable and patriotic craze of the British public was "frustrated last year owing to general apathy in trade."

The fact is that the jug-headed Canadian preference is going to be subjected to a severe criticism in the House, and the Government knows it. Thus the Department of Agriculture Sir Wilfrid is taking time by the forelock and leading the settlement public up with allegations to the effect that English "buyers are willing to pay advanced prices for goods of Canadian origin."

The Toronto Members. Of the Toronto members, Messrs. Clarke, Kemp and Mackay are going up to Toronto to-night. Mr. Brock yesterday went down to the Eastern Townships. Mr. Oser went up to Toronto a few nights ago, and Mr. Clarke Wallace will keep camp in Ottawa over Sunday.

More Questions Coming. Sir Charles H. Tupper is asking about the correspondence between the Hon. James Sutherland and Hon. William Hart, mentioned in an election poster.

Sir Charles is still another question about Tupper Commission's report. He is expected to ask a question about confidence, and hoped it always would be so.

Mourning Taken Down. The mourning was taken down to-day from the eastern and western buildings and

DEATH OF RUFUS STEPHENSON.

Pneumonia is Responsible for the Demise of a Former Editor at Chatham.

Chatham, Feb. 15.—After one week's illness with pneumonia, Rufus Stephenson, collector of customs here, died this morning. Mr. Stephenson was one of Chatham's oldest and best known citizens. He formerly published The Planet newspaper, and for several years sat in the Dominion House as representative for Kent. He had been collector of customs here for many years.

NEARLY FATAL HAZING. Toronto Junction, Feb. 15.—A little horse-play by the bigger students in the high school nearly resulted in the death of Frank Hill, son of J. & H. Hill, Law Street, yesterday afternoon. The big boys caught hold of the younger fellow and tossed him in the air, in the anticipation that he would turn a somersault and alight on his feet. The boy, however, hit on the concrete floor of the basketball court, and received severe injuries. He was removed to his home, medical attention was summoned, and today he is somewhat recovered. The doctor says that had his head hit a projection he would have been killed instantly.

Immense expenditure, amounting to millions of dollars, has already been made, but near double that amount will be used before the line is finished. The land grant must be utilized to realize the interest on these expenditures. To do this the Railway Company will have to people the land with establishments to use the raw material, also bring in farmers to till the soil after the land is cleared.

He illustrated how the prairie and western territories of Canada were being developed by the efforts of the Immigration Department of the Canadian Pacific Railway to produce immigrants to the lands opened by that railway. He summed up as a result of his company's works here as follows: They had expended in the purchase of lands about 100 million dollars, scattered over all the large manures of the west. Each of these lands was being developed by Mr. Clergey believes in patronizing the local business as far as

T. EATON CO. LIMITED

Men's Fifty-Cent Night Robes for 29c

We made these Night Robes in our own workrooms. It is the same quality of flannelette we always use in our Fifty Cent garments.

We have just made up the last of the flannelette. It gave us one hundred dozen Night Robes. These will be ready on Monday morning.

Flannelette Night Robes, with collar and pocket, pearl buttons, double-stitched seams, yoke, large, roomy bodies, 54 inches long, sizes 14 to 19 collar.

After this lot is gone we cannot make promises when we can replace them at the same price. So make good use of the chance by buying on Monday.

Boys' School Boots at One Dollar

Most of them are heavy qualities for school wear, others are more dressy for "Sunday" wear. Buy which you please, you are sure of a bargain when the price is only One Dollar.

Boys' Boots, made of oil buff and grain leather, heavy and light uppers, with extension standard sewn soles, hooks and heels, for school or dress wear, sizes 11 to 13 1/2, regular \$1.20 and \$1.50 a pair; also Heavy Buff Leather Boots, with thick soles and heavy uppers, sizes 11 to 5, regular \$1.25 boot, Monday all one price. 1.00

Youths' \$3.75 Serge Suits for \$2.69

The winter season is hurrying along for us, and we still find some of our Winter Clothing lingering behind. Youths' Suits are not as clear as we would like. So we remedy this state of affairs by changing prices.

This line for Monday makes a splendid suit for early spring wear. It is not so heavy as the usual winter lines: 8y Youths' Three-Piece Suits, short pants, made of an all-wool black serge, soft in finish, the coat is a double-breasted sack style, the lining good strong Italian cloth, any size from 27 to 32 chest, regular \$3.75 value. 2.69 Monday to sell at

Carpets and Curtains for Monday

Getting ready for new spring goods makes us do unexpected things at times. Take these Carpets and Curtains. They are excellent qualities and very desirable patterns, while values are as good as any we have in their respective stocks. But even so, they have to give way for newer goods. Their room must be used at once. That is reason enough for making these sweeping reductions on Monday:

- 825 yards English Tapestry Carpet, a complete range of up-to-date and artistic designs with newest color combinations, in a special heavy quality with an extra close weave, a carpet that will wear well in parlors, dining-rooms, halls, etc., our regular prices 40c and 45c per yard. Monday at 30c On Sale Monday at 2.00
103 pairs Scotch Net Curtains, 54 to 60 inches wide, 3 1/2 yards long, plain net centres, with fancy lace and insert, regular prices \$4.25 to \$5.00 pair. Monday to clear 2.00
342 pairs Nottingham Lace Curtains, 54 inches wide, 3 1/2 yards long, single borders, white or ivory, overlocked edges, in good range of patterns, regular price \$1.00. On sale Monday 75c
55 pairs Heavy Chenille Curtains, 40 inches wide, 3 yards long, plain centres, with fancy dado and knotted fringe both ends, suitable for doors, arches, etc., regular price \$4.50 pair. On sale Monday 3.00

Furniture Sale Chances for Monday

This month is the time to buy Furniture. Even though you had to store the goods for several months it would pay you big to buy now at this store. Our February Sale prices are so much in your favor that you can well afford to anticipate needs. These four sterling values show the saving that may be yours on Monday. This is but a hint of what you'll find on the Furniture Floor:

A \$3.00 Mixed Mattress, with white cotton top and linen ticking, 4 ft. 2 in., 4 ft. 4 in. or 4 ft. 6 in. wide by 4 ft. long. Monday for 2.29

Bedroom Suite, hardwood, golden oak finish, neatly carved, well made, the bureau has a shaped top 40 inches wide with a 24x30-in. bevelled mirror, the bedstead 4 ft. 2 in. wide, washstand to match, regular value of this suite is \$17.00. Sale price for Monday 12.90

A Woven Wire Spring Mattress to fit this suite, Monday for 1.10

14 Extension Tables, golden oak finish, extra heavy and thorough, well made, five heavy fancy turned and fluted legs, extends to 7 feet length, regular price \$7.90. Monday 5.25

CANADA'S SUPREMACY IN IRON.

The Dominion and General Manager of the Dominion Steel Company of Sydney, N.S., told the members of the Toronto Board of Trade last night that Canada was probably destined to become the greatest iron and steel producing country in the world.

According to Mr. Moxham, Canadians are perhaps the only people in the world who do not recognize this great fact. Sydney, he says, has already become international in its influence. It is a name that is familiar to the leading steel makers of Great Britain, and before another year many of them will personally visit Sydney.

Germany is debating as to the future of this latest iron centre. The strength of Sydney's position is openly and absolutely conceded by every iron and steel expert in the United States. Canada alone at this moment, says Mr. Moxham, does not realize the grand control of the future of iron and steel that she has in her grasp.

One could listen to the carefully prepared address of Mr. Moxham and the subsequent off-hand remarks of the whippersnappers without being convinced of the splendid future that is in store for Canada. Mr. Moxham gradually elucidated, or rather proved, the stupendous fact that at Sydney iron and steel can be manufactured much more cheaply than at any other place in the world.

The cost of making iron is divided into expense for labor and expense for material. The cost of labor is a constant quantity, being practically the same all over. It is the assembling of the coke, ore and limestone that is the variable item of expense. Mr. Moxham figured out that the cost of assembling the necessary materials for making a ton of pig metal at Pittsburgh is \$23.25. The cost for assembling the same materials at Sydney is 70c cents per ton.

This is the lowest assembling cost in the known world. Pittsburgh has hitherto enjoyed this distinction. Now, Sydney claims the honor, and the difference in favor of Sydney is enormous, \$23.25 against 70c cents, a difference of \$22.55. But this is not the whole story of Sydney's supremacy. After the iron is produced at Pittsburgh it has to be sent by rail to tidewater, and when it reaches tidewater (at New York) it is 1000 miles further from the principal consuming markets than is the product of the Sydney furnaces.

After entering into a critical comparison of the advantages of Sydney over Pittsburgh, in the assembly of the material for producing the iron and in the distribution of the pig metal and steel to the markets of the world, Mr. Moxham said there is a difference of \$6 per ton of pig metal in favor of Sydney.

It is this supreme advantage that will make Sydney the greatest iron producing centre in the world and Canada the greatest iron country in the world.

But this is not the whole story. According to Mr. Moxham, the materials for making iron are more favorably located at Sault Ste. Marie than at Pittsburgh. He makes the difference \$1.28 per ton of pig iron in favor of the Soo. Again, he sees a future for the iron industry of the part of Ontario east of Toronto, and he thinks British Columbia will before long have an iron industry of its own.

Mr. Moxham's address led up to the highly flattering statement that Canada had greater real and prospective wealth than even the United States. Canada, he says, is now entering upon its industrial renaissance, and its home market, now modest, is destined to grow by leaps and bounds.

The significance of Canada's supremacy in iron can hardly be over-estimated. It means a wonderful development, and a rapid increase of population in the Dominion. And it means as much for the Empire as for Canada.

A FOUR-DAY ATLANTIC SERVICE.

We know all the disadvantages under which Canada labors in the matter of her seaports. These are daily advertised to the world, and it is not surprising that the world, in its effort to offset these disadvantages by advertising to the world the unique advantages that the Dominion undoubtedly possesses? Canada's geographical position enables her to establish a four-day passenger service across the Atlantic.

The Atlantic, Mr. J. X. Perrault writes a letter to La Patrie of Montreal, in which he shows that it is possible to establish a 35-day service between the two continents. Instead of waiting several years longer to perfect the harbor of Montreal, the Government ought to take an entirely new tack, and demonstrate to the world that Canada has really something unique to offer to the world.

The project outlined by Mr. Perrault is so fascinating that we cannot understand why there should be any delay in putting the project to a practical test. The distance from Sydney, Cape Breton to New York is 2200 miles. Steamships designed for passenger traffic exclusively could make 25 miles an hour.

With such vessels the passage across the Atlantic would take 80 hours, or 3 1/2 days. The fast New Yorks would make the trip in 4 days. Such a line could give a weekly service with two vessels, and Mr. Perrault estimates that they should not cost more than a million dollars each, as they would be built for the passenger service only. A four-day line across the Atlantic would get the bulk of the mail and express business, and passengers would follow the mail. We agree with Mr. Perrault that this line, once established, would be a fast service over the Intercontinental Railway to inland points. A daily thru service from Montreal to London would make a daily trans-Atlantic service. The time has come to separate the passenger and freight business on trans-Atlantic steamships. The trouble with our proposed fast Atlantic service seems to lie in the fact that we are trying to combine the freight and passenger business on the same vessel. The problem would become simple if we would use the St. Lawrence route for freight, and the Sydney route for passengers and the mails. In addition to the fact that Sydney and Swansea are nearer to each other than are New York and Liverpool by one thousand miles, we have the further fact that coal is procurable at both ends of the line at rock-bottom prices.

Sydney and Swansea are both coal ports, and a steamship line operating between them would enjoy an immense economic advantage over all other routes in the matter of fuel. The advantages of the Sydney-Swansea route are so substantial that we are surprised the service has not been established years ago. It seems to us that the establishment of a fast Atlantic service between Sydney and Swansea would solve the whole Atlantic transportation problem as it affects Canada.

TO TEACH CHILDREN TO READ MORANG'S NEW PHONIC PRIMER

A School Book That Marks an Epoch—A Marvel of Cheapness and Excellence—The Day of the Old Style Book is Past and Gone.

Nothing more strikingly exemplifies the march of things educational than the improvement that has taken place during the past decade in all grades of school text books. Owing to unfortunate circumstances, the best of the Canadian school books have been scarcely commensurate with the needs of the country. To look into the Canadian school books, perhaps the fetters of political expediency have somewhat restrained the development, and change have been made rather at the call of expediency than solely in the interests of the children.

"The best is the cheapest" is sometimes a peculiar political slogan. The tendency of things, however, is for the stream of supply to become pure as it runs, and under these circumstances, the bringing out of the marvellously cheap price of 12 cents per copy of Morang's "Modern Phonic Primer" is certainly an event in the history of Canadian school books that deserves chronicling.

A Marvel of Production. Morang's "Modern Phonic Primer" adopts the true policy of beginning at the beginning. It is a book for teaching children to read. It exemplifies the method of the modern schools, which has discovered the philosophy of instructing children in the mysteries of written and printed language. It would seem at first sight that anybody could make a primer, where by a child might learn to read. In the old days "anybody" did make primers, and the alphabet, a fair size, and to have a number of easy and rather senseless sentences thrown together haphazard, to show to the childish mind how letters were made into words, and words into phrases. A glance at the primers of the old time, or indeed, at those now in use, is sufficient to indicate the utter inadequacy of that method of production. In these days of specialism, however, the study of the child has become a pursuit which engages the finest minds. The psychology of teaching, the adaptation of methods to the needs of the child, the art of helping the unfolding intellect to apprehend the things around it, and to place them on the firmest basis.

What It Means. Now, this may seem rather simple to adult readers, but let us for one moment place ourselves back in the realm of the child. It means the art of teaching the child, where formerly all was learning by rote. It means the teaching of the child by a scientific method which is the outcome of the best knowledge on the subject.

Letters of appreciation of the primer have been sent to us by publishers since the day of publication from teachers in every part of the country. They say the primer makes teaching the children a delight, and that the children are eager to learn. The primer is a package of candies. Numerous illustrations, lessons in enumeration and good writing characters are accompanying features of this wonderful 12 cents' worth. As was said before, Morang's "Phonic Primer" marks an epoch in the art of teaching children to read.

LOCAL TOPICS.

A party of marine men left for Montreal last night, when they will attend a banquet to be tendered Comptroller Villiers of the Richelieu & Ontario Navigation Co. to-night.

There will be a special meeting of the Army and Navy Veterans on Monday evening in Carleton Hall, for the purpose of making necessary changes in the ritual, consequent upon the accession of King Edward.

The members of the Canadian Institute will hold their usual meeting in the Hall, 88 Ross, Richmond-street, this (Saturday) evening at 8 o'clock. A paper entitled "Color Values in Monochrome by Photography" is expected to be read by Mr. S. Plasket.

THE J. F. BROWN CO., LIMITED, FURNITURE AND CARPETS.

Furniture You Want--At Prices You Like. BRIGHT, fresh, new, perfect goods, such as you would pick out at full prices in a regular way. All marked at less than you ever bought at--and credit if you want it. The quantities are not large. Here are the figures:

The J. F. Brown Co., Limited, 8, 5, 7, 9, 11, 13, 15, 17, 19, 21 and 23 Queen St. E. Also, Immense buildings in rear Confederation Life Bldg.

KILLED BY A BENGAL TIGER.

Boy of 15 Absent-Mindedly Went Into the Wrong Cage While at Indianapolis, Feb. 15.—Albert Nelson, 15 years old, a keeper of lion cubs at the Zoo in this city, met a terrible death today in the cage of a Bengal tiger. It was Nelson's duty to feed the cubs at 5 o'clock. He absent-mindedly opened the door of the cub cage. The bloodthirsty animal crept in a corner until Nelson was well inside the door. Then it sprang upon him with a roar, and after he made a feeble struggle the tiger bore him to the floor. His teeth were torn off in large chunks, and the tiger, maddened by the taste of fresh blood, was about to begin eating him alive when help arrived. Keepers hurried to the scene with red-hot irons, and while these were applied mercilessly to the tiger's snout, Nelson managed to crawl toward the door and was quickly dragged from the cage. He did not in a few moments. The tiger was not seriously wounded. Nelson's home was at Squak, Ohio.

Home Life Association. In another column we present a report of the annual meeting of the Home Life Association.

The assets of the company, by the financial statement, were shown to be very large. In fact, the assets of the company, Government securities and mortgages of the highest class, the total amount to \$2,000,000, a large increase over the \$1,000,000 reported at the meeting of a year ago. These figures speak for themselves and point to the fact that the Home Life is among the strongest of our younger Canadian companies, while the continuous increasing volume of business is bringing it year by year to a place among the giants.

Merchants' Fire Insurance Co. The annual meeting of the Merchants' Fire Insurance Co. was held on Thursday last in the head office, Confederation Life Building, President James McLeod presiding. The financial statement presented by the directors showed the progress made by the company to have been excellent. The report also showed an increase in cash and investments, as well as Government securities. The capital and assets secured by the policyholders now stand at nearly \$500,000.

New Sugar Refining Concern. Philadelphia, Feb. 15.—Adolph Seitz, who has associated with him several wealthy capitalists, will build upon the Delaware river front, in this city, one of the largest sugar refineries in the United States. It is said that the new refinery will be operated independently of the American Sugar Refining Company, which controls practically all of the refineries in operation.

Huron Old Boys. The Huron Old Boys will hold their annual blow-out on Feb. 22 at the Temple. Politicians and prominent men from Huron will be present and a big time is promised. Col. Otter will speak.

THE DREAM OF MOTHERHOOD COMES TRUE

WHEN DR. PIERCE'S FAVORITE PRESCRIPTION IS USED.

Mrs. Axel Kjer, of Gordonville, Cape Girardeau Co., Mo., writes: "When I look at my little boy I feel it my duty to write you. Perhaps some one will see my testimony and be led to use your 'Favorite Prescription' and be blessed in the same way. I took nine bottles and to my surprise it carried me through and gave me a fine, healthy baby as ever was. Weighed ten and one-half pounds. He is now five months old, has never been sick a day, and is so strong that every body who sees him wonders at him. He is so playful and holds himself up so well."

Chatham, Feb. 15.—Word was received this morning by Lieut. Col. Hanks that the application for authority for the 24th Regiment to wear the grey-brown uniform, the new color selected, has been refused.

This means that as a regiment of infantry the corps will be required to wear the old-time "British red." The reason given for the refusal of the authorities to permit the adoption of this distinctive uniform is that the regulations do not allow of any modification or change in the dress as laid down in the orders.

The officers were so fitted in regard to obtaining the permission sought.

The Wahash Railroad. Is the great through car line between the East and West, and the short and true route from Canada to Hot Springs, Ark., the Outlook of America, Old Mexico, the Italy of the New World, Texas and California. The land of sunshine and flowers. Low rate second-class cars on the West every Tuesday during February, March and April. No second-class cars on the Wahash; free reclining chair cars on all trains.

Full particulars from any R.R. agent, or J. A. Richardson, District Passenger Agent, northeast corner King and Yonge-streets, Toronto. e07

The Swine Breeders will meet at the Palmer House on Thursday, Feb. 21, and the Sheep Breeders at the same place on the following day.

BIG MEN FOR MISSIONARIES. At a meeting of the Students' Missionary Society last evening, in the Central Presbyterian Church, the Rev. A. B. Simpson of New York gave an address which was especially directed towards those desiring to be missionaries, and was an exhortation to rise to a higher plane of life by taking advantage of opportunities.

By several examples it was shown that missionaries are the prime cause of the progress and progress of new countries, and that the cost of an ordinary war was sufficient to Christianize the heathen world, and furnish a missionary for every 2000 persons.

In conclusion, the speaker expressed the expectation that men would soon be as "big" for missionary work as they are now for business, and stated that the most effective call to this work would be that of the blood of martyrs.

Must Wear Red. Chatham, Feb. 15.—Word was received this morning by Lieut. Col. Hanks that the application for authority for the 24th Regiment to wear the grey-brown uniform, the new color selected, has been refused.

This means that as a regiment of infantry the corps will be required to wear the old-time "British red." The reason given for the refusal of the authorities to permit the adoption of this distinctive uniform is that the regulations do not allow of any modification or change in the dress as laid down in the orders.

The officers were so fitted in regard to obtaining the permission sought.

INDEPENDENT FORESTRY. The Forester, published this week, contains the following resolution, passed by the Executive at its last meeting, which has been forwarded to King Edward VII. by Dr. Oroniyatka.

TO HIS MOST GRACIOUS MAJESTY EDWARD VII., King of Great Britain and Ireland, Emperor of India, etc. We, the Executive Council of the Supreme Court of the Independent Foresters in Canada, the United States of America, the United Kingdom, Australia and other countries, beg to approach Your Majesty for the purpose of expressing our sincere and devoted affection to Your Majesty the heartiest sympathy of the members of this order, at the irrevocable loss sustained not only by Your Majesty and the Queen and the rest of the Royal Family, but also by the millions of subjects who are members of our order, in the death of her late Majesty Queen Victoria. We are now expressing not only the sentiments of Independent Foresters throughout the British Empire, but the sentiments also of our membership in the United States, when we assure Your Majesty that we profoundly deplore the loss of a sovereign whose sanctity and exalted virtues, not only as a ruler, but as a mother and as a woman, had for an exceptionally long period commanded the respect and admiration of all the nations of the earth, and with profound earnestness our prayer goes forth to the Almighty Ruler of all sovereigns that He may send to Your Majesty and to Queen Alexandra and all the Royal Family that consolation in your bereavement which He alone can mete out to suffering hearts.

Toronto Festival Chorus. Tickets of membership are being issued by the secretary to all who have been attending rehearsals, and only those who hold these tickets are members.

Country Bankers Combine. Chicago, Feb. 15.—Over 50 bankers from Michigan, Indiana, Wisconsin and Illinois met here last night and took the preliminary steps toward forming an association of country bankers.

Stenographers' Union Formed. New York, Feb. 15.—A typewriters' and stenographers' union has been formed at a meeting held here a resolution was adopted to the effect that only those who could show references that they were good and competent typewriters and stenographers could become members of the union.

Any Boys? If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throats are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe in the vapor of Vapo-Cresoline; they'll like it, and it will give immediate relief. In this way you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

THERE WAS NOTHING TO DO

And in Consequence the Members of the House of Commons Only Sat a Few Minutes. MR. MACLEAN'S MOTION DEFERRED.

Ottawa, Feb. 15.—(Special.)—The House only sat for a few minutes to-day, yesterday the Government had refused the request of the Conservative members to adjourn until Monday. The idea was to lead Mr. W. A. Maclean into going on with his motion for the separation of the Intercolonial Railway from political influence before empty benches. As many of the members are now on their way to town, others would have a gun but for the snow blockade on the C.P.R. Mr. Maclean saw the situation, and preferred that his motion should stand for a more favorable time of consideration.

Mr. Maclean moved the second reading of his bill to compel railway companies to keep up cattle guards. Sir Wilfrid Laurier laid on the table the list of select committees. Some speculation attached to this, with particular curiosity in the case of Mr. Richardson's bill, Mr. Chasterton's bill, and Mr. Richardson's name on the Committee of Agriculture and Colonization, Canada and Telegraph Lines and Miscellaneous Private Bills. Mr. Chasterton is the Banking and Commerce and Agricultural and Colonization Committee. Mr. Chasterton is chairman of the Finance Committee.

Mr. C. H. Tupper's Criticism. When Finance Minister Piddington laid the Auditor-General's report on the table, Sir Charles H. Tupper drew attention to the fact that, although copies of the report had that day been refused him a member of the House, the newspapers seemed to have the report. He did not grumble because the newspapers got the report, but because the Government had not made it available to the members.

Mr. Piddington replied that he did not know how the newspapers got the copies. After a short discussion it was agreed to be impossible to go on with supply, in face of the fact that the members of the House had not seen the Government's report, and the House then adjourned.

TRIED DR. PITCHER'S AS A LAST RESORT. A TORONTO LADY'S EXPERIENCE WITH THIS FAMOUS SPECIAL-1875 BACKACHE KIDNEY TABLETS.

For many years in the hospitals of Detroit as Professor of Genito-Urinary Diseases in Michigan College of Medicine and in the University of Toronto, Dr. Zina Pitcher gave careful thought and consideration to diseases of the kidneys, bladder and urinary system.

So profoundly impressed was he with the fact that thousands of people suffer from some form of kidney disease, that he gave to humanity his famous prescription for kidney diseases under the name of Dr. Pitcher's Backache Kidney Tablets.

It is of these Tablets that Mrs. May Goddard writes: "After enjoying the most perfect health for many years, it was my lot to realize that my health was failing. I had in the first place acute pain in the small of my back, and this was followed by a general weakness. I tried with the greatest amount of determination that I could command to make out a number of remedies and consulted several physicians without obtaining more than temporary relief, and as a last resort I thought I would try Dr. Pitcher's Backache Kidney Tablets. The beneficial action was almost instantaneous, and the results highly gratifying. The pain in my back disappeared in a short time, and my general health improved. I tried a number of other remedies, but they were all of no avail. I am now feeling fine and am glad to have this opportunity of expressing my appreciation of so valuable a remedy."

Dr. Pitcher's Backache Kidney Tablets are in 50 cents a box at all druggists, or sent by mail, postage free. The Dr. Zina Pitcher Co., Toronto, Ont.

Stocking & Co. will hold their closing and clearing sale to the trade on Wednesday next, commencing at 10 a.m., when they clear out all consignments. They will sell in detail a dry goods, gent's furnishings and clothing stock, whose amount is about \$300,000, all reasonable goods. They will also sell in detail a boot and shoe stock from a western city, amounting to \$200,000. Dr. Zina Pitcher's time was 48.00. The best previous record was about 1 hour.

New Record for Skinning Fish. Gloucester, Mass., Feb. 15.—A new world's record for skinning 50 pounds of whole fish was established last night by Freeman H. Brown, who performed the required work in 43 minutes 50 seconds, against George E. Orlowski's record of 48 minutes. The men were required to skin, properly cut, weigh and pack the fish in 40-pound boxes. Orlowski's time was 48.00. The best previous record was about 1 hour.

The Province Sued for Libel. Vancouver, B.C., Feb. 15.—The Province newspaper has been served with a writ for libel at the instance of J. M. Stewart, Chief of Police, and \$5000 damages is claimed.

Pasteurization of Milk. This method of treating milk is an invention of that eminent scientist and bacteriologist, Dr. Pasteur, and is claimed by physicians and all authorities on milk to be the proper process of treatment. The milk is so constructed as to heat the milk, which passes through it quickly, to a temperature that destroys all germs, and at the same time improving the body of both milk and cream. It neutralizes all grassy and garlic tastes and bed odors, making each day's supply of milk and cream perfectly uniform. Doctors recommend it, hospitals endorse it, and thousands of infants and invalids use nothing else. R. Price & Sons, the Kings-street distillers, are the only firm in Toronto pasteurizing their milk, which is meeting with great favor, and the demand for it is steadily growing as the public learn of their perfect methods. In addition to this, sterilization affords a prominent part, all bottles and utensils undergo a rigid sterilizing after being once used. For pure, rich, creamy milk, free from germs, and easily digestible, drop a card to R. Price & Sons, 212 and 220 East King-street, or phone 1183.

THE W. & D. DINEEN CO. NEXT 20 DAYS

This discount sale, as we said before, is for your benefit.
