MILK PRODUCERS ARE SUMMONED TO COURT

City Dealers Prefer Charge Against Farmers—Big Day at Newmarket—County News.

"We are not worrying over any action that may be taken by the Retailers' Association of Toronto with respect to our movement in the present trouble," said A. J. Reynolds, secretary of the Toronto Milk and Cream Producers' Association, over the long-distance telephone from his home near Scarborough Junction to The World last night.

This morning the general public in the city will be face to face with a milk famine. This much is assured, as the regular shipments by train and wagons yesterday did not arrive.

Now as to the cause of the trouble: Oct. 1 is the time when contracts between the retailers and farmers are always under dispute. The latter this year and yesterday at their farms semi-yearly, or seven and five months' contracts. The Producers' Association is very strong, numbering 678 members.

On Sept. 24 Mr. Reynolds issued a circular to the producers, in which this clause among others appears: "As soon as the dealers accept our terms you will be promptly notified, but in the meantime each producer is advised to be prepared to hold his milk and cream after Oct. 1, unless you are notified of a settlement."

Negotiations between the parties failed to come to any agreement and the action of yesterday is the result. The retailers as a rule declare that they are willing to pay \$1.55 per eight-gallon can for the winter, but object to \$1.35 during the pasture months.

NEWMARKET. Semi-Centennial of Nova is Memorable Event. The visit of the North York "Old Boys" to the town-to-day, coupled with the annual fair, the unveiling of the Alexander Muir moral tablet, and the laying of the corner stone of the Friends' College, constitute a four featured event which will long be remembered.

Every car arriving brought some one claiming to run as an "old boy" and all alike were received with open arms. The town was in fête, the leading public buildings and every point of vantage being lavishly decorated with bunting, while motes bearing welcome messages were flying.

Arriving in town the visitors were taken in by the local committee, and nothing else of the day's programme was omitted that could minister to their pleasure.

The band of the 48th Highlanders led in the music, while fully one thousand lusty North York boys and girls sang "The Maple Leaf Forever."

Some good racing was carried out, and a number of fine carriage teams were shown, the first prize going to Mr. Curtis for the day.

WEST TORONTO. West Toronto Lady Enters Suit for Sum. WEST TORONTO, Oct. 1.—Miss Wilhelmina Cummings of South Union-street has issued a writ for \$20,000 against Roland M. Boswell of Elora, for breach of promise. June 30 was the date fixed for the ceremony, but Boswell left prior to the hour fixed for event and has since been touring the British Isles, and Europe. Miss Cummings has retained A. J. Anderson.

would be upset on the road by sympathizers. The farmers out thru Scarborough, York and Etobicoke, from which the bulk of the supply is drawn, warmly resent the insinuation, and are practically unanimous in their intention to stand together for what they regard as their rights.

The action of A. M. Trowen and the retailers is the big topic in the county and the outcome will be awaited with the greatest interest. In the meantime the citizens will be called upon to exercise a little self-denial and patience.

NORTH TORONTO. Popular Young Couple Wed on Wednesday Evening. NORTH TORONTO, Oct. 1.—A pretty and popular wedding was celebrated at St. Patrick's Church, Deer Park, on Wednesday evening, the ceremony being performed by the rector, Rev. T. W. Patterson.

The statement of Mr. Reynolds was called forth by the action of the Toronto Milk Dealers' Association, who yesterday laid an information before County Crown Attorney Drayton, charging the Toronto Milk and Cream Producers' Association under the criminal code with being a combine in restraint of trade.

"You are either a very peculiar man or a very crooked man, Daly," said the Chief Constable yesterday for six months less ten days, said Magistrate Ellis in the police court this afternoon, when, after two remandings, he ordered the case against J. J. Daly preferred by Chief Constable Collins.

Daly had two remandings to procure a surety for his firm would act for him, P. W. O'Flynn interested himself in the matter. After all the evidence was taken, the Chief Constable's assurance to the words above quoted.

The destruction of the handsome residence of Albert H. Dewdney by his two youngest sons, aged 8 and 14 years, who were alone at home when night came on. They lit the lamp and had the misfortune to upset it in the cozy corner of the front room, when the curtain caught fire and the flames shot upwards thru the skylight.

Mr. Dewdney states that he has no objection to the insurance policy as it is for the house but that there is one of \$2000 on the furniture. The fire of East St. Clair-avenue, Deer Park, left to-day on a business trip to England.

Rev. T. W. Powell, rector of St. Clement's Church, who had the general synod as a delegate of the Toronto Diocese, returned home this morning.

IN THE LAW COURTS

In Law Courts. Doring v. Mooring. Rex v. Herbert. Goodhue v. Bellshumer. Court of Appeal.

Sutton v. Dundas (continued). Methodist Church v. Welland. Ferguson v. C. P. R.

The court of appeal confirmed the judgment of the divisional court in the case of Thomas Self v. the Canada Foundry Co., which sanctioned the master's order refusing to add the Canada Foundry Co. as a third party in a suit to recover damages in a breach of contract suit.

Judge Teetzel refused to continue the injunction in the case of Campbell v. the Corporation of Walsburg. The town council seized the Wier Flax Mill property, belonging to the Flax and Cordage Co., of which Campbell is a shareholder, for taxes, and an injunction had been given to prevent the sale of the property.

Judgment was reserved in the appeal of the Toronto Railway Company against the decision of the Ontario Railway Board's order, directing that cars be run on Dundas-street, from Humboldt to Keele-street.

Miss Wilhelmina Cummings, West Toronto, has brought a breach of promise suit against Roland M. Boswell for \$20,000 damages. She was deserted on the day set apart for the wedding.

DEATHS IN THE CITY

Deaths registered at the city hall yesterday were: Doherty, still-born. James Coyne, 9 days, cardiac disease. Mary MacLachlan, 30 years, chronic bronchitis.

No Promises. MONTREAL, Oct. 1.—(Special.)—Frederick Martin, Liberal candidate in St. Mary's Division, Montreal, interviewed Sir Thomas Shaughnessy with regard to a speedy settlement of the C.P.R. mechanics' strike. Sir Thomas received him courteously, but promised nothing.

May He Be Blinded for Life. KINGSTON, Oct. 1.—(Special.)—Alfred Smith, terribly injured in an explosion yesterday, will likely recover, but will be blind. His right arm has been amputated.

Constable Disappears. L. T. Bull, a North Bay barrister, acting for the C.P.R. strikers there, blames Magistrate Wessner for the alleged escape of R. D. Chapman, the special C.P.R. constable charged with assault. The latter declined to require bail of Chapman, who did not turn up for trial on Monday.

Cobourg will have a local option vote in January. Eleven licenses are affected.

OF INTEREST TO WOMEN

THE HILL OF PEACE.

A sun swept hill of russet grass, Where feet cloud-shadows softly pass, And harebell-fallen flakes of sky, Sway as the breeze goes dimpling by.

And here, clad in her gown of green, Peace walks, sweet goddess! all unseen. Thru the dim beechwood's mystic aisles, And where the open downland smiles.

Over the deep leaf-dripped ground, Her trackless footsteps give no sound; Only the trees make sudden stir, And wood-doves creak to welcome her.

And thru the trees she may look down On spreading vale and clustered town, Where man seeks peace in vain, for still She dwells for ever on the hill, Eva D., in Chambers' Journal.

RAVISHED AFTER DEATH.

Results of the Post-Mortem in Perth County Tragedy.

STRAFORD, Oct. 1.—(Special.)—Altogether there are no new developments in the Peak murder case suspicion still points with an accusing finger at Frank Rogmond as the perpetrator of a crime which subjected a wife and mother, on whose head the snows of many winters had already lain heavy, to brutal use by a fiend in quenching his lust. His blood-stained hands and clothing would mark him as guilty while the bruised face, blood-stained limbs and torn clothing of the victim tell the story of the terrible fight she had with her assailant.

The post-mortem revealed that the victim had been ravished after she had been done to death. There was no evidence of death from strangulation, death being rather due to shock. The theory that Rogmond is partially insane is discredited at the jail, where during twenty days imprisonment he gave evidence of being a remarkably shrewd chap and chatted intelligently.

He carried on a running conversation in French occasionally. He claims to have hailed from Three Rivers, Que.

The northwest corner of Church and Richmond-streets has been sold to the McLaughlin Carriage Co. of Ottawa for \$30,000, and a big garage will be erected.

NOTE AND COMMENT

The report that the Montreal Federation at this juncture desires to bury the hatchet is likely only an echo of their anxiety to have Bobby Kerr race at the alleged Canadian championships on Saturday.

The Irish-American Athletic Club of New York must have been guaranteed a pretty good inducement for they have decided to send seven champions to Montreal to compete in the Federation championships next Saturday, that go on record in Jim Sullivan's almanac as Canadian championships.

Marathon races have become epidemic across the line since John J. Hayes won his historic event at the end of last July. Three races are scheduled in the east this week at Brockton, Mass., and at Newark, N.J., which is planning one of the biggest events of this kind in the next couple of weeks.

Meanwhile the real winner of the Marathon in this country was the Italian, who failed to win the race at London, Sunday. It drew an immense crowd. Athletic interest in this country has been focused on the competition for which the King of the ministry of war, other ministers and prominent men, including Sir Thomas Lipton, gave prizes.

Harry Bethune, at one time short-distance champion runner of the world, and who set the 100 yard mark in 9.45 seconds, and time and again repeated the feat, was sent to jail yesterday for having stolen a scarf pin.

At Columbus, O., yesterday afternoon, the Canadian pacifier stallion, The Red, 2:08 1/2, the fastest horse in the world, won the great Hedgewood Boy 2000, the old campaigner, Baron Granton, 1904, the time of the race, 2:04, 2:05, and 2:05 1/2.

There are cubing clubs and quoniam clubs, but the Maple Leafs of Toronto hold the biggest that ever organized, with their open pitching grounds at King's Beach, beside the first ball on Queen-street, now getting the finishing touches of leveling and sodding.

The kalleidoscope changes in the big league baseball finish was marked yesterday by Pittsburgh coming up beside Chicago in the National, New York staying ahead by the slightest margin. It is still Detroit, Cleveland and Chicago in the American.

It is because the president of the Eastern League does not desire to split hairs over the matter of the New York that the Powers favors the Giants in their controversy with Chicago over that disputed game.

John T. Bruhl, president New York Baseball Club, sent Mr. Powers a request for his opinion upon the game in question, the answer being as follows: If the case had come up before me for a decision I would have decided instantly that the same rightfully belonged to the New York club, regardless of the later report of the umpires.

HITS HANLON AT WILL

Oven Moran, English Featherweight, Wins Twenty Round Battle. SAN FRANCISCO, Oct. 1.—Oven Moran, English featherweight, last night won the decision over Eddie Hanlon, a lightweight, after twenty rounds of fighting. Despite a disparity of eight pounds in favor of the Californian, Moran had the better of the fight from start to finish, and only in one round did Hanlon have the advantage.

Moran started in to make his fight from the top of the go, and kept coming until the end of the twenty rounds. In the very first round he landed a single game at Philadelphia, and with Mathewson and Wilts twirling yesterday the outlook is none too good for the Giants. True, the Pirates and the Cubs are playing away from home, but they are going strong, while in the Pittsburgh camp the pessimists are saying that the St. Louis in two years.

There will be done, and then some, in the American League today, the four leaders clashing, with Chicago at Cleveland and St. Louis at Cincinnati. The lead in the west yesterday, but begin to waver, and a strenuous series of five games, that will decide the advantage with a couple of face smashes. That was as far as he got for the Briton covered up, and when the round terminated he went smiling to his corner.

Moran, in the succeeding rounds, hit Hanlon single after single, and his nose was badly cut, his lips split and both eyes were all closed. Hanlon gave up at the end of the fourth round, and, despite the heart-breaking punishment that was being meted out to him, he was always fighting back hard, and several times the Englishman was forced to stall.

PRIZES AWARDED AT ST. ANDREW'S

Notable Gathering of Friends of Higher Education at the Rosedale College.

Friday day at St. Andrew's College, North Rosedale, proved a most successful event yesterday, both from the collegiate and social standpoint. The assembly hall was thronged by friends of the institution so that the students had to stand the address as best they might from the corridors.

The principal, Rev. D. Bruce Macdonald, in welcoming the audience, lauded, not only the students, but the capacity of the college was now overtaxed and success in a large measure due to the efforts of the graduates of the college at the university and elsewhere.

Dr. J. K. Macdonald, president of the college, gave loyalty to truth as the watchword of the students. Dr. Hoskin and Frederick Wiltz tendered congratulations to the faculty and prize-winners. Rev. Canon Gwynne gave a tribute to St. Andrew's College as an institution, potential as a great unifying influence between Eastern and Western Canada.

Dr. Palmer, president of Toronto University, paid tribute to the thoroughness of the training afforded students at St. Andrew's.

Ethon Beats King Cobalt The Six Furlongs in 1:12-5

Solon Shingle and Throckmorton Are the Only Favorites to Win on Third Day at Hamilton.

There was another large attendance at the Hamilton Jockey Club's meeting on Thursday, fully eight hundred going from Toronto by the Grand Trunk special. Six events were on the card, including a race thru the field. Only two favorites finished in front, Solon Shingle in the third and Throckmorton in the last.

In the first race, Mill on the Floor, a 2-year-old filly, by Miller-Irish Lass, owned by Mr. J. E. Seagram, M.P., was the public's choice, well played in the ring, but she failed to land in the money. Musgrave kept her in a prominent position in the early stages of the six furlongs' journey, but when the pinch came near the pay station, the weight told on her and she weakened. Johnny Dymen's filly, Cannon Maid, won the race in a drive with Ayrwater and Clean Sweep close up.

Garner took the race early with Hoyle rear-ends, at six furlongs, and made sure of winning. Joe Gattens was well played to win, but was interfered with by Autumn Maid just as the barrier went up and was practically left. Melton Cloth, Long John, Peacock's Choice and Larrie were all finished in the race.

The third race of the day found the old campaigner, Solon Shingle, very much in evidence. The inexact son of Dutch Roller was favorite and he made good after running a nice race. The outsider, Rose F., beat the second choice, Cocksure, for second money, after a stormy passage.

The chase was the fourth on the card and in this there were several mishaps, the principal occurring to the favorite, Hansell, who unsaddled Harry Stone on the far side of the field, when he appeared to have a safe lead on the second lap. Steve Lane, the ultimate winner, and Woodville, furnished the only excitement with Steve Lane getting the verdict by a narrow margin. Calorahatchie was a distant third with the others that did not fall, falling off.

Ethon ran an improved race in the

Horse Gossip.
Jack Joyner of New York will take twenty-five stablehands with him when he sails for England to handle the English runners that will start in the English events. Joyner will depart before election day and there is a possibility of being brought to bear to induce him to stay here so as his employes can vote.

Balgowan, aged 21 years, famous for his years ago as a race horse, and since a sire, is dead at the breeding farm of Barney Schreiber, near Woodlands, St. Louis County, Mo.

Thirty-eight more of J. B. Haegin's yearlings were sold in England on Wednesday. The total of 423 colts, fillies, and bays, out of Mosab, brought \$185, a bay colt of Goldfinch, Star Ruby, out of Numero, \$120; a brown colt of Walscross, out of Sweetmeat, \$120; a chestnut filly by Watercress, out of Gualala, was after keen competition knocked down for \$775; a chestnut filly by Star Ruby, out of Watercress, sold for \$220; and a chestnut filly by Deudome, out of Star Chim, for \$125.

Dan Patch, the world's record pacer, will start in Lexington, Ky., next week to break his record of 1:54, made there three years ago. His owner, W. W. Savage, is anxious to have the stallion take even a lower mark, and thinks if he can get the conditions right here he may accomplish the feat. A trial in 1:55 at Milwaukee is not allowed Dan Patch by the American Register & Racing Association drivers—Y. McDowell and Ed. Bither are on hand to attend the trotting meeting which will begin next Tuesday. Bither was the Transylvania stake with Krem-later in 1892, and McDowell two years later with Aroa. Neither will drive in the race this time.

Parkdale Gun Club.
The Parkdale Gun Club will hold its first fall shoot at the club grounds, Humbert Bay, on Saturday next. Oct. 3, 2-11 a.m. and traps have been put in good condition. Members of other clubs are cordially welcomed. A special meeting of the club will be held Saturday afternoon, at which important business will be discussed.

Died From Poison.
Your jury find that Andrew McGowan came to his death on Sept. 23 by the use of poison or poison, either administered by himself or by persons unknown, about Sept. 23.

Coroner Graham's jury reported last night.

NATIONAL TELEGRAMS.

The program of Mr. Borden in favor of nationalizing the telegraphs of this country is one that is commended at all his meetings. In Great Britain the postoffice has given the public a cheaper and a much better telegraph service: it has put a telegraph office at thousands of points that were classed by the private companies as non-productive. That is what public ownership always does: makes prices lower and extends the area of the service right up to and beyond the non-paying point. It does not seek to make money, but to give the greatest amount of service at the lowest possible cost.

LIMITED PARTNERSHIPS.

Among the statutes of the British Parliament that came into force on the first day of the year was the Limited Partnership Act. It enabled investors to place money in private partnerships without being responsible for the liabilities of the firm beyond the fixed amount of their contribution to the company capital, and it protected the general public by requiring such arrangements to be registered and published. The results of the first six months' working are taken as indicating that the measure is likely to prove popular and useful from the point of view of the small investor. "Indeed," it is said, "the result so far shows that when the provisions of the act become more generally known, they may have a serious influence on the prosperity of limited companies, diverting the flow of small investors' capital from them to the small private trader."

Sixty-eight of the new partnership arrangements were registered under the act during the first six months, and of these 37, or more than half, concerned limited partners investing \$2500, or less than that amount. There were five under \$500, seven at \$500, seven above the latter sum and under \$1000, seven above that amount up to \$1500, four between the latter sum and \$2000, and seven above \$2000 up to \$2500. Seven partners invested \$3750 to \$5000, six between \$5000 and \$10,000, four between \$10,000 and \$15,000, two between \$15,000 and \$25,000, one invested \$50,000, two \$100,000 and two \$125,000. The policy that prompted the passing of the Limited Partnership Act has much to commend it and will in all probability check, if not arrest, the tendency to multiply small limited companies. This is the opinion of the controller of the companies department and if its correctness is established the measure will make for the public benefit. Before its enactment the proprietor of a small business found it difficult to procure additional capital under a profit-sharing arrangement when the investor was unwilling to accept the unlimited liability of a private partner. This necessitated the formation of a limited company and observance of all the provisions of the joint stock companies acts, and this often proved prejudicial to the success of the business. The new statute leaves the owners of the business unfettered in their management, while facilitating the incoming of the capital necessary for its extension, and does not appear to be in any way prejudicial to the public interest. The future developments of the act will be very instructive and the reversion to the earlier type of private enterprise promises many important advantages.

MAKE THE PEOPLE THE MASTERS.

Many United States cities have been and are being confronted with the necessity of dealing with the present unlimited power of their elected representatives to bind them to policies and measures of which they disapprove. Just as in the cities of Ontario the bodies that control public affairs can defeat the will of the people, betray

the community into the hands of railroad or other private franchise-holding corporations and favor hostile interests, all at the expense of the people and without effective check or remedy. As a consequence an increasing measure of attention is being paid to the experiment initiated by the City of Des Moines, Texas, and since followed by many other municipalities of the United States along the line of the initiative and referendum.

Under the Des Moines plan arbitrary action affecting the civic services and property is not irremediable. The people are provided with the right of compelling obedience to their wishes; of proposing legislation and procuring its acceptance or rejection by a referendum to the popular vote. In substance the Des Moines plan follows closely the constitutional amendments adopted by the states of Oregon and Maine. If measures are threatened or adopted which are considered to be against the communal interest the citizens can at a popular representative assemblage prepare an ordinance embodying their demands. If a petition is then signed by not less than ten or more than twenty-five per cent of the electors the council on presentation must submit the proposition to the people for approval within ninety days without alteration. If the vote is favorable to the proposition it becomes at once binding and effective, just as if it had been passed by the council itself.

The Oakland (Cal.) Enquirer, which is urging the adoption of the Des Moines plan for its own city, says that it would then "be impossible for the city council to pass any franchise or dispose of any valuable property or right belonging to the people without their approval or consent. In other words, under the Des Moines plan the people are the masters. Under the Oakland plan the mayor, the city attorney, the city engineer and the 'big six' in the council are absolute dictators over the people." While there are fortunately many cities and towns in Ontario whose councils set themselves honestly about the task of carrying out the popular will there are unfortunately places where an accidental majority in defiance of public opinion and recalcitrant to their own electoral professions, use their brief authority to bind the community to contracts and policies of which it strongly disapproves. For these cases a means of protection must be found and the right of initiative and of compelling a referendum to the popular vote is the best safeguard. The provision of a means for making the people the masters is in strict accordance with democratic principle and the initiative and referendum should prevail throughout the province.

POLITICAL NOTES.

An Ottawa special says: There is a movement on foot in the capital to have R. L. Borden run for Ottawa in opposition to Sir Wilfrid Laurier. There is a rumor around town this evening that Thomas Birkett, the English-speaking Conservative, had offered to retire in Mr. Borden's favor. However, Mr. Birkett had this to say to "The World" when interviewed: "I would not resign for the King of England. I'm not a man of that kind. I am in the field until the last shot is fired."

Rev. T. J. Glover denies that he is an independent candidate in Lennox and Addington.

The Liberal secretary, F. G. Inwood, reports arrangements for the remaining dates to be filled by the Hon. Geo. P. Graham, as follows: Oct. 1, Russell; Oct. 2 and 3, Brockville Riding; Oct. 5, Eganville; Oct. 6, Napanee; Oct. 7, Hon. W. S. Fielding meeting, Brockville; Oct. 8, Guelph; Oct. 9, Midland; Oct. 10, Stratford; Oct. 12, St. Mary's; Oct. 13, Palmerston; Oct. 14, Barrie; Oct. 15, Sault Ste. Marie; Oct. 17, Whitby; Oct. 19, Brockville; Oct. 21, Ingersoll; Oct. 22, Brockville riding; Oct. 23, Carleton Place; Oct. 24, Brockville Riding.

Honore Legor, Liberal Labor candidate for Ottawa, announces his retirement in favor of Sir Wilfrid Laurier. Mr. Legor's candidature, which was not endorsed by any association, was not taken seriously.

A special despatch from Oshawa says: A great meeting of the electors of this town last night, which entirely filled the opera house, seems to have cleared the air and brushed from the political horizon any doubt of the triumph of Peter Christie in support of R. L. Borden as premier in the next parliament of Canada. Because Mr. Forster, the Liberal candidate, was a resident of Oshawa there were those who thought that possibly the individual would win support where the government's record would not, but that idea is now thoroughly dispelled. Mayor Kaiser and a number of the stalwart Conservatives here met Hon. R. P. Roblin, premier of Manitoba, and R. R. Gamey, M.L.A., with a private car of the Oshawa Railway, beautifully decorated, at 3 o'clock and they were escorted to the Queen's Hotel. Later Mr. Roblin went home to tea with his old friend and playmate, Alderman Criswell. In the evening the Citizens' Band furnished the music, and shortly after 8 o'clock when the speakers entered the large opera house, they found it crowded.

It was a remarkable fact that at Co-houze Mr. Roblin's voice failed. But despite the orders of three doctors he persisted in speaking this, the last engagement of his eastern tour, because as he expressed it himself, he felt it his duty to take the risk and responsibility himself when the need of honest speeches on the issues before the country was so intense. He showed how Mr. Christie had during the last parliament been of infinite service to the farmers, not alone of his country. His eulogy of Mr. Borden was one of the finest things ever heard on a platform here, notwithstanding the painful affliction to his throat and his denunciation of the Laurier government's mal-administration was complete and effective in its scope. Mr. Gamey's speech, in its broad lines with strong personal application to the

Industrial condition of Oshawa, clinched the arguments and brought home the facts to every man and woman in the audience. Rousing cheers greeted each speaker as he rose and as he sat down, but those to our own Peter Christie were the climax that proved what he holds this great farmer and stock raiser has upon the affections of the people of this riding.

Hon. Sydney Fisher, minister of agriculture, speaks at Orono in Durham County this evening, and on Saturday afternoon at Ameliasburg, Prince Edward County.

Hon. Sydney Fisher, minister of agriculture, was at the King Edward Hotel yesterday for a few hours before proceeding to Brooklyn, where he talked on the political issues last night. "The outlook for the Liberal party through the country is splendid," he said. "In fact, it looks too good, I am inclined to be suspicious when I see the Greeks coming bearing gifts." Mr. Fisher will go back to the eastern townships next week for the balance of the campaign.

A Kingston special says: The probability is that Madam Avery will run against Dr. Edwards, Conservative, in Frontenac County, on an independent Liberal ticket. The Liberals want him to stand.

C. T. Grantham, a Hamilton man, has been offered the Conservative nomination in Yorkville, N.S., but it is not likely that he will accept. Samuel Landers, the Labor candidate in East Hamilton, is putting up an active campaign. He has appointed ex-Ald. Peables as his agent, and has opened up committee rooms.

MRS. STEVENS RE-ELECTED.

Ms. E. A. Stevens was prevailed upon by the ladies of the District W.C.T.U. yesterday to withdraw her resignation and in the subsequent balloting for president she was re-elected unanimously. The other officers are: First vice-president, Mrs. Wm. Vance; corresponding secretary, Mrs. F. C. Ward; recording secretary, Miss Ada Jackson; treasurer, Mrs. J. M. Redmond. Miss Forbes, secretary of the Frances Willard Home, reported 280 girls registered in the past year for most of whom situations had been found. Income from the soap works had netted \$450 to the home funds. The report on law enforcement pointed out that the law in Ontario was more enforced in the past year, and of getting men who are intoxicated to tell where they procured the liquor. Then when found in many difficulties stood in the way of conviction, so that the guilty men too often got off.

REV. DR. TAYLOR ACCEPTS.

Philadelphia Pastor Willing to Come to Toronto.

PHILADELPHIA, Pa., Oct. 1.—(Special.)—The Rev. Andrew Todd Taylor, pastor of the Gaston Memorial Presbyterian Church, at 11th-street and Lehigh-avenue, has accepted a call to the pulpit of Cooke's Presbyterian Church at Toronto, Canada. The charge that Mr. Taylor will take was formerly held by the Rev. Dr. William Patterson of the Bethany Presbyterian Church.

Mr. Taylor has been pastor of the Gaston Church for nearly two years. He was in 1886, when the Rev. Wm. C. Rummel retired from the pulpit, that Mr. Taylor was called to take his place. During his pastorate he has won the hearts of his congregation by his straightforward earnest sermons and his energy in upbuilding his church. It is probable that his congregation will try to persuade him to remain.

THE SACRIFICE IS MADE BY LIBERALS

Mr. McLaurin Retires for Mr. Murphy—Sir Wilfrid Still Has Some Vigor Left in Him

RUSSELL, Oct. 1.—(Special).—The candidature of Charles Murphy, the new secretary of state, was formally endorsed by the Liberals of Russell County at a mass meeting called to-day.

George McLaurin, of Ottawa, the choice of the convention held last May, told the electors of the reasons why he consented to retire, and asked them to sanction Mr. Murphy's entrance into the riding.

After the premier had spoken the chairman called for those in favor and a fair response was made.

Sir Wilfrid Laurier, Hon. G. P. Graham, and Mr. Charles Murphy spoke at length on the political questions of the campaign, the treating of but little new matter.

Sir Wilfrid was in his very best form and appeared as vigorous and alert as he ever was. In expressing regret at Hon. R. W. Scott's retirement on the score of age, he mentioned that "he himself was growing old in years, but not otherwise, and that he could stand the racket for a few more years. He had yet a few kicks in his body for his opponents."

Mr. Graham dealt largely with transportation problems, while Mr. Murphy was more general in his speech, devoting much of it to his former political work in the County of Russell.

There were about two thousand present, at least a quarter being from Ottawa, from where an excursion was run.

THE WEATHER

Yesterday was a distinct disappointment to me; I don't know how you felt about it. Did you ever know a nicer morning? Do you ever know a more regular afternoon?

In the morning there was a cool but not cold west wind that gave the necessity for an overcoat, but the sun shone warmly and the air was just about right.

At early noon the sky was a pure blue, no adornment, and in its very plainness was good to look upon. Shortly afterwards those beautiful white bunches were scattered across it, giving an effect that no artist could attain.

At about noon there seemed to be some disagreement in the elements, for the sun removed his smiling presence and the sky frowned in consequence. So serious was the peace rupture that at one time it looked like rain, but shortly afterwards was patched up and the sun came back like a disgruntled umpire to an untidy game.

Right after noon there was another disturbance, but this time was called off for the day as far as nice bright, sunny weather was concerned.

The sky got real nasty; sour, dyspeptic looking, cross fit for anything but a pleasant day. The sun couldn't stand that kind of treatment, he quit the job again, and went just kept away out of trouble. However, nothing came of it, all but cold and that was enough.

Anybody building upon a nice, pleasant day, and who had had reason to build upon the foundation furnished by so beautiful a morning, did not do so, and consequently, for there was nothing about the afternoon to appeal to anybody but the weather.

But at the same time we mustn't forget that this is fall. A glance at the calendar once again will prove that; now it's beautifully pleasant, then it's decidedly disagreeable, and then it's just what you want. So if it falls, we must expect almost any kind of weather on any day.

So that fact alone rather took the edge off the raw afternoon. But it was a kind of mixed-up day. TUD.

OBSERVATORY, Toronto, 8 p.m., Oct. 1.—The weather is milder in the western provinces to-day whilst elsewhere in Canada there has been little change. In the West, however, some heavy rain has occurred in Alberta and from the lakes to the Atlantic, but fair conditions prevail elsewhere.

Minimum and maximum temperatures: Victoria, 50-54; Vancouver, 48-57; Kamloops, 42-52; Edmonton, 38-48; Battleford, 36-72; Prince Albert, 30-53; Calgary, 44-52; Qu'Appelle, 36-56; Winnipeg, 42-54; London, 40-53; Toronto, 40-52; Ottawa, 50-54; Montreal, 40-50; Quebec, 48-52; Halifax, 50-70.

Probabilities: Lower Lakes and Georgian Bay—Variable winds; fair and cool. Upper St. Lawrence—Fair and cool.

Lower St. Lawrence, Gulf and Maritime Provinces, mostly west and north; generally fair and cooler, but a few showers.

Superior—Winds increasing to strong breezes or moderates from east and south to-day, becoming unsettled and showery.

Manitoba—Unsettled with rain, and cooler again at night.

Alberta—Clearing and cooler.

COBALT ---Very Valuable Silver Nugget Found in the Coniagas Mine---COBALT

Silver Queen Heads List For Week's Shipments

Recent Fire Caused Inconvenience Rather Than Loss—Good Values From Ore Dump.

COBALT, Sept. 30.—(From the Main on the Spot.)—The appearance of the Silver Queen among the shippers has already been noted in the columns of The World. The recent fire at the Queen, while not a source of very heavy loss, has resulted in considerable inconvenience. It is true that power was lifted and a drill is kept going, but it was impossible to keep the work at the mine up to the high order that has characterized Superintendent Brydon's work here. The Queen last week worked the shippers, having sent 154 tons. The Queen dump is now being treated at the Maggery concentrators, and as a result one car shipped last week to Copper Cliff contained concentrates that carried over 1000 ounces of silver to the ton. Another car will be ready this week, and the ore dump are treated daily at the concentrator. It might be stated here that the ore on the best Queen dump is not nearly so rich as it will be reached very soon. Of the five cars shipped in September two were of high grade ore and three of good second grade ore.

The main shaft is now down 150 feet and the drift at the 70 foot level is in over 700 feet on the main vein to the northwest of the shaft. No stoping has been done here. Drifting has been done in the opposite direction southeast to the foot of the main vein, to a distance of 350 feet, and a lot of stoping has been done on this drift and considerable ore removed. This rich ore is being shipped into the Right of Way, has a width of five inches of solid metal, and Superintendent Houston, who is sinking the main shaft, is now sinking a shaft to a few feet of it. The Princess is also sure to get this vein after it crosses the Right of Way.

No. 2 vein is 20 feet north and runs parallel to No. 1. It is worked by a cross-cut from No. 1 vein, and drifting has been done on it for 200 feet. No stoping has been done, but ore has been taken out of it that carries 4000 ounces of silver to the ton. The new No. 3 shaft is 1000 feet southwest of the main shaft. It is now down 80 feet and will be continued to the 100 foot level and a cross-cut driven to the main vein in from the Princess. A hoist is being installed of 12-drill compressors and two 30 horse power boilers have been installed, and is now in operation day and night. The next five per cent dividend will be paid at the Queen on Nov. 15. This is the regular quarterly three per cent plus a two per cent bonus, which is now becoming regular.

Chambers-Ferland boundary. The La Rose is developing by drifts and tunnels several veins running into the Chambers-Ferland on several levels, and that undoubtedly more development work is going on which affects the Chambers-Ferland directly or indirectly than any other individual property in Cobalt.

RICHLI ORE AT CONIAGAS.

Surprising Find of Large Nugget of Almost Pure Silver. COBALT, Oct. 1.—A big nugget was found on Coniagas a couple of days ago during development work at the 76 foot level. The lump weighs 100 pounds and is almost pure silver. Three main veins from the Nipissing property have been discovered on the easterly boundary of Coniagas. The Nipissing explorers took six bags of silver off the surface of these veins. The samples so taken show silver in values equal to the surprisingly rich ore lately taken from the Crown Reserve.

COBALT CENTRAL MINES.

Show a Total Average of 817 Acres, comprising 28 Mining Claims. Cobalt Camp has broken all records along rapid development of the claims and profitable returns to investors. Among the first to recognize the amazing values at Cobalt were the Cobalt Central Mines Company.

BLIND PIGS RAIDED.

Inspector Makes Thoro Round and Captured Twenty-Seven. COBALT, Oct. 1.—Provincial License Inspector George E. Morrison, together with Chief Calbeck and assistants and Inspector Blackwell, made a thorough round of the highways here yesterday afternoon, and the result is twenty-seven "blind pigs" in the toils. A dozen spent the night in the cells. Eleven cases have been dealt with and fines ranging from \$75 to \$100 and costs for each offence were imposed. Two men did not have their names and will probably be sent down. The cases are being tried before Magistrate Atkinson of Haliburton. Inspector Morrison is acting for the crown.

DEVELOPING ON ALL SIDES.

O'Brien, Nipissing and La Rose Are All Drifting to Chambers-Ferland. The Chambers-Ferland Company is now adopting a most aggressive policy. Mr. Watson of the Nipissing and La Rose has been appointed consulting engineer, and a large plant has been ordered. Three shafts are being sunk and cross-cuts are being run from two of them, the third shaft is being rushed to the 100 foot level, where drift and cross-cuts will be run from them. The Nipissing is sinking a shaft about 50 feet from Chambers-Ferland border to intercept the main La Rose vein, which crosses the Chambers-Ferland into the Nipissing. The Nipissing is also developing several veins alongside the Chambers-Ferland northwestern boundary. The O'Brien is drifting towards the Chambers-Ferland line on different levels from its 320 foot shaft, and not far from boundary. It is also drifting towards the Chambers-Ferland line in the rich new vein discovered in the cross-cut from the No. 2 shaft on the 175 foot level, and 40 feet from the

MILLER AND GOLGONDA Room Traders Surprised At the Market's Strength

Various Attempts to Depress the Prices of Cobalt Securities Are Quite Unsuccessful.

World Office, Thursday Evening, Oct. 1. Trades at the Toronto Mining Exchange to-day were somewhat bewildering. Various attempts the past three days have been made to cause holders of stocks to realize, but without success, and at to-day's close it was accepted that market enterprises are not at present by any means successful. Considering the tentative pressure against the prices of many securities quotations held up remarkably well, and several issues closed the day with small advances on yesterday's figures. The principal transaction occurred in Nova Scotia, the recent drop having brought in considerable new buying, which is enticed by a rumor that a dividend will be declared on the stock next week. The New York Curb showed strength. At this market La Rose sold ex-dividend at 6-1/2 or practically equal to 6-3/4 cum-dividend. Silver Queen and Silver Leaf were both stronger at New York than they were here. All offerings of actual stock were readily taken on every market and at small concessions large quantities of the various securities could have been sold. Chambers-Ferland received excellent support through the day and closed strong at 72 bid.

New York Curb. R. R. Bousquet, of the R. R. Bousquet & Co. reports the following transactions in Cobalt stocks on the New York Curb: Nipissing closed 1/2% to 1/4% higher, low 5%; sales 500 shares. Buffalo, 2 to 3; sales 100 shares. Cobalt Central, 4 1/2 to 4 3/4, high 4 1/2, low 4 1/4. Foster, 50 to 55. Green-Meshan, 15 to 17. King Edward, 30 to 35. Silver Queen, 115 to 120. Silver Leaf, 15 to 20. Silver Queen, 15 to 20. Silver Leaf, 15 to 20. Yukon Gold, 4 1/2 to 4 3/4, low 4 1/4. Red Rock, 100 to 110. 7-15 to 7 1/2, low 7-15 to 7-15.

ANNEXATIONISTS WERE READY FOR THE FIGHT

Too Old in Campaigning Not to be Prepared for Tactics of an Opposition. "We were very careful about this petition because we were threatened with this performance." "You are an old campaigner, too." This remark of George L. Marks and the comment of Chairman Leitch of the Ontario Railway Board at the hearing of the Wychoff and Brantford annexation application indicated the drift of the proceedings.

FATHER'S MURDEROUS FRENZY

Shoots Son and Takes Acid—Second Attack in Ambulance. UNIONHILL, N.J., Oct. 1.—Because his son Richard refused to give him money, which he demanded, John Burkhardt, 68 years old, to-day shot and seriously wounded the younger man, then drank carbolic acid and jumped from a window of his home in an effort to end his life. While father and son were being rushed to a hospital in an ambulance the old man sprang upon the wounded boy and attempted to strangle him. He fell back and died just as the ambulance reached the hospital. Young Burkhardt probably will recover.

PUT POISON IN WELL

Castley Farmer is Arrested on a Serious Charge. OTTAWA, Oct. 1.—(Special.)—Anthony Dacey, a well-to-do farmer of Castley, has been placed under arrest, charged with attempting to poison Robert Brown, and other residents by putting Paris green in Brown's well. The wife of the prisoner, who had been separated from him, was employed at Brown's and this caused trouble. Dacey will be tried at Hull.

YESTERDAY'S WRECK; 3 KILLED.

POUGHKEEPSIE, N.Y., Oct. 1.—Three laborers were killed and seven injured in a freight train wreck here Friday. The train was derailed by a workman who had been struck and knocked down.

FARMER'S WIFE BURNED.

CHATHAM, Oct. 1.—Mrs. Geo. Jordan, aged 23, wife of a farmer in Eton, was fatally burned by the explosion of a lamp. She leaves a four-year-old child.

FOUND BODY IN RIVER.

HALIBURTON, Ont., Oct. 1.—Miss Bain, aged 40 years, left home on Tuesday evening and her body was found in the river this morning. Three locomotives were damaged.

COMMISSIONER OF LANDS IS NEED OF NORTHLAND

Temiskaming Railway Commissioners Require Competent Man to Look After Administration.

The commissioners of the Temiskaming and Northern Ontario Railway have called upon to answer a great many enquiries concerning the purchase or homesteading of lands in the northern portions of the province.

It would be the sole business of this commissioner to facilitate the transfer of lands and settlement of the country along the railway.

The scope of a capable agent's duties are almost unlimited. This has been proved in the United States, where such men paved the way for the settlement of free lands in the west.

Such a commissioner could assist in the creation of community life by directing settlement on the T. and N. O. lands. He would relieve the commissioners of work which now takes much of their time and which may be used to better advantage in continuing to manage the railway in the excellent manner in which it has been operated in the past.

The duties of a lands agent would not conflict with the splendid work of Mr. Southworth in the colonization of the west, but apply solely to those lands under the jurisdiction of the T. and N. O. Railway.

WALL STREET STOCKS AND BONDS PRICE CHANGES ARE SMALL

New York Securities Pass a Featureless Day-- Canadian Markets Are Not Impressive.

World Office, Thursday Evening, Oct. 1. No change in the situation at the Toronto Stock Exchange was exhibited in to-day's business. Outside of the inspired operators the dealings were utterly insignificant and also supporting prices were apparently good, these in the large majority of instances did not represent the bids of public buyers.

Wall Street Pointers. Bank of England rate remains at 2 1/2 per cent. Erie net decrease for August, \$234,000, and for two months, \$630,000.

LONDON.—In the late afternoon the Stock Exchange markets showed more steadiness. The gold withdrawals today were without influence on gilt-edged securities.

Special bullion operations may be witnessed to-day in the stock market. More evidence points to temporary over selling.

Domestic Coal Output. Following is a comparison of the tonnage of domestic coal shipped in 1907 and 1908.

British Cruiser Relieved. PORTSMOUTH, Oct. 1.—The British cruiser Gladiator, on which salvagers have been at work ever since she was sunk April 25 off the Isle of Wight by the liner St. Paul, was refloated this afternoon.

African Lion Escaped. NEW BRUNSWICK, N. J., Oct. 1.—A full-grown African lion escaped last night from the winter quarters of Leon Washburn's Circus, located between this city and Bound Brook, and after having been hunted by keepers and farmers all night was shot and killed by Edward Radet this morning.

Died in the Bread Line. NEW YORK, Oct. 1.—Standing in the "bread line" and clutching in his hand a ticket which within a few moments would have given him his food he so sorely needed, a man of 45 early to-day suddenly crumpled up, pitched to the ground and died.

Schooner Broke Her Back. ST. STEPHEN, Oct. 1.—In the harbor this summer the schooner E. Waterman, this morning to James Murchie, Sons, Co., and loaded with coal, while trying to take her place at the wharf for discharging, got caught on the gridiron with her stern unsupported, and broke in two when the tide left her.

HUSBAND GOT ROBBY PAYMENT DISPUTE

Man Whose Bank Account is Depleted Wants to Shift Responsibility on to Bank.

The custom that is said to prevail among the middle class Jews whereby the marriage of a woman is generally accompanied by the payment of a goodly cash dowry to the gentleman in the case is the cause of the Mayers v. Crown Bank suit at present engaging the attention of Justice Clute in the non-jury assize court. Yesterday's sessions had two enlightening features. One was a sharp verbal set-to between Justice Clute and Frank Arnold, K.C., counsel for the defendants, and all because of a difference of opinion as to whether a "book" or a "satchel." "You're always right and generally wrong," said the judge, to which the counsel indignantly retorted that he wasn't always wrong.

In the \$1000 damage suit for slander in the jury assizes, brought by Mrs. Francis W. Wilson of 72 Marjorie avenue, against Mr. and Mrs. Horace Livingston of the same address, the jury returned a verdict assessing Mrs. Livingston \$1. The defendant had alleged that Mrs. Wilson, in the absence of work of her husband, acted improperly with certain men.

NEW FRIENDS' SCHOOL BEGUN AT NEWMARKET

Instructive and Interesting Addresses by Justice Mullock and Elias Rogers.

Yesterday was a gala day for the Society for Friends. Ever since Pickering College was burned, some two years ago, efforts have been strenuously advanced to rebuild, and the corner-stone ceremonies took place at Newmarket, where the new building is being erected.

On a commanding hill near the town, the basement of the school is already well forward, and at 11 o'clock a large crowd of Friends, North York Old Boys and womenfolk gathered to witness the event.

Justice Mullock, who may be said to have been the founder of the Society of Friends, continued Mr. Rogers' address from 1824 to 1890. He began his public ministry about the year 1847. Among the doctrinal principles promulgated by him was the universal brotherhood of the human race.

STRIKEBREAKERS REFUSED ADMITTANCE TO CANADA

Immigration Officers Stave Off Party of Eleven Headed For Winnipeg.

EMERSON, Man., Oct. 1.—(Special.)—There were lively times this morning at Noyah, just across the line from here. Upon the arrival of the Soo train Officers Agnew and Connell of the Immigration department of the Canadian Government, boarded the train and had it held. Private Booy searched cars for strike-breakers being taken to Winnipeg, under contract with the Canadian Pacific to work in the shops.

BISHOPS IN ENGLAND.

Should Not Have to Obtain Another License.

OTTAWA, Oct. 1.—(Special.)—When the general Anglican Synod resumed this afternoon, Charles Jenkins of Petrolia moved that a canon providing for establishing the diocese be drafted, but the proposal was defeated.

On recommendation of the committee on educational work, the house urged affiliation of as many church colleges as possible with a view to uniformity in the curriculum.

In the report on the Colonial Clergy Act, recently passed by the imperial parliament, it was pointed out that if a Canadian clergyman went to England, even though he were a bishop, he had to obtain a license and subscribe to the Thirty-nine Articles.

Quakers Made J. J. Hill His Lordship, Sir William Mullock never appeared in better form than when he addressed the crowd on the achievements of the Society of Friends.

JUST A LITTLE DELAY. And No Friction Between Menars, Whiteside and Coatsworth.

The report that friction exists between T. R. Whiteside, M.L.A., and Chas. E. Coatsworth, who is to succeed him as civil tax collector, because of Mr. Whiteside's delay in vacating the office, is given denial by all parties concerned.

A NASTY CASE.

Physician Jailed and Warrants Out for Men for Foul Deeds.

MONTREAL, Oct. 1.—(Special.)—Dr. Geoffrion, an unimportant practitioner, is under arrest here, while three or four other warrants are out charging men with frequenting a certain room into which little boys were bribed to enter, and with carrying on inhuman practices.

The annual business meeting of College-street Presbyterian Church, Chapter No. 27, Brotherhood of Andrew and Philip, was held last night. The following officers were elected: President, Rev. Dr. Gilray; president, John Williams; first vice-president, J. E. Currie; second vice-president, J. T. Spencer; treasurer, George Williams; secretary, R. A. Poddie.

Hon. Dr. Pyne, minister of education, was present as an old boy and humorously referred to his early days on the old still existing orchards. His few remarks were appreciative of the work of residence colleges, which are, he said, the touch of culture to the industrial world that was lacking in the state schools.

"UNITED CANADA" REPLIES.

Editor World: Altho a regular reader of The World I did not notice a letter signed by one J. Gorman of Ottawa until my attention was called to it by a Toronto judge. Referring to a recent article in "United Canada," a quotation from which appeared in The World, and since, in almost every independent and Conservative newspaper in the Dominion. Mr. Gorman says:

"I wish to deny most emphatically that United Canada is the organ of the Irish Catholics here." Most people will ask, "Who is Michael Jerusalem Gorman? By what right does he presume to speak for the Catholics of Ottawa, or undertake the vindication of the outgoing or incoming secretary of state? For the benefit of those who do not know Michael Jerusalem, I may say that he is an honest, innocent, impulsive, but well-meaning individual, and so believing, I will spare him for future sacrifices. He has once again been made the victim of his parish." John D. Grace, Ottawa, Sept. 30, 1908.

ENGINEER FOUND DEAD.

TRENTON, Oct. 1.—In a row between negro and Italian laborers at Frankford, in which the Italians claim they were set upon to be robbed, one negro sustained a slight bullet wound and another was cut.

Several other witnesses were called, but nothing of importance was elicited. The price of milk was said to be Toronto, in Montreal in the winter and \$1.25 in Hamilton the summer. Mr. Dockray of the R. admitted that prices were expected to be 3 cents had been 2 cents. This witness admitted that prices had been threatened to the members, but that he would get no
