PUBLIC NOTICE TURNS TO EAST

English Engineer Sees a Great Future

GAS AND COAL WEALTH

Same to Study Mineral Resources in Cumberland and Also Inspected Albert Gas Property—Tells Montreal People to Watch This Part of Canada

(Canadian Press) Montreal, March 23—A great future for the gas fields of New Brunswick and the sad deposits of Cumberland county, N. B., as predicted by Ernest Lieberman, an English mining engineer, who returned from the east yesterday. He came to Canada at the invitation of Isaac Logan, ex-M.P. for Cumberland, N. B., for the purpose of an extensive examination of the varied resources, mineral or others, west of Cumberland and in the western part of the province. He declared that the coming years would see a public notice, now so firmly fixed on the western provinces, transferred to the eastern part of the Dominion. His estimate of the coal deposits of Cumberland were very favorable, and he will report accordingly on the other side of the Atlantic. Mr. Lieberman was surprised at the wells of Albert county, N. B., and said that he followed the pipes in and out three feet under ground from Monoc on a distance of ten miles, declaring that the industry will be of the greatest assistance to that part of the country, as gas will be taken to St. John and other towns on the International from Monoc to the commercial capital of New Brunswick.

TURKISH WAR IS BRINGING ITALY RUIN

Silk Exports Dwindle, Banks Fail and Country Teems With Anarchism and Discontent Paris, March 23—According to an interview with a prominent American well acquainted with the Italian affairs it would appear that economic conditions in Italy at present are far worse than the censored despatches make out. "The Tripoli war," he said, "comes very near being the ruin of Italy, which is, in fact, already seething with anarchy and discontent. Silk exports from Como province, to the east, have dwindled down to almost nothing. Banks are beginning to fail right and left. My own bank at Bergamo and Lessio collapsed last week, causing much alarm and distress. I believe this is the first drop of a heavy shower, and that when the people realize the comparative worthlessness of the millions of acres of the conquered provinces and the fearful losses for many years, they will demand peace and peace will be restored. The Italian tourist season is affected and the majority of the hotels are very empty."

NO ONE TO LAY CLAIM TO NICE LITTLE SUM

Dividends on Stock Held by Thos. M. Lloyd Have Been Accumulating Since 1825

Boston, March 23—Dividends on five shares of the Boston and Roxbury Mill Corporation, last earned in 1825, have been accumulating since that time. Thos. M. Lloyd, who is the only person to whom they are payable, has never collected them. The dividends are now about \$1,000 and are held in a trust for him. Lloyd is an old man and lives in a small room in the city. The dividends are payable to him or his heirs. The trust is managed by the Boston and Roxbury Mill Corporation.

SHAW BROUGHT ACROSS CONTINENT TO ANSWER TO CHARGE OF LARCENY

Dean, March 23—Arthur W. Shaw, president of the A. W. Shaw Corporation, who manufactures of Presport, Maine, arrived in Boston from Los Angeles in the custody of local police officers last night, to answer an indictment charging larceny of \$10,000 from that firm. Shaw had fled from Los Angeles last week. He is charged with receiving stolen property. Shaw is a well-known business man. He is now in custody of the police.

WEATHER BULLETIN

Table with 4 columns: Location, Max. Temp, Min. Temp, Wind, and Remarks. Includes Toronto, Montreal, Quebec, etc.

COMMISSION CANDIDATES

The nominating committee of the citizens' committee met yesterday afternoon to discuss the selection of candidates for the coming civic election. They will report to the general committee and until then the members would say nothing regarding the results of their conference. It was rumored that the names of those who were considered included H. B. Schofield, M. E. Agar, C. B. Allen and a member of the labor party probably Walter Allingham or George Breen. It is said that a strong effort will be made to induce W. H. Harnaby to offer as a candidate for the mayoralty. The name of T. H. Somerville is also mentioned as that of a possible candidate for a commissionership. Alderman F. L. Potts announces himself as a candidate for a commissionership. Ald. McGoldrick and Ald. Wigmore are also candidates.

EGGS CHEAPER

If the supply of eggs continues to be so plentiful as during the last few days, local dealers say that the price for the Easter market will be much lower even than at present. Today in the country market eggs sold for 21 cents and up to 22. The receipts of eggs in the last week have been large and with fine soft weather it is expected they will be within the reach of all at Easter. Butter remains steady and is still about thirty-five cents.

Nearly All For Union

Ottawa, March 23—Returns regarding the vote of Presbyterian churches in the Ottawa Presbytery indicate a vote overwhelmingly in favor of church union. Out of forty-eight churches on missions, forty-five sent in returns and of these forty-three voted in favor of church union.

St. Petersburg, March 23—Russia will participate in the "six power" Chinese loan, as it considers the conditions of the loan unsatisfactory.

SHIPBUILDERS, ENGINEERS AND RAILWAYMEN NEXT

More Troubles Threaten in England When Coal Strike Ends

The Political Aspect of the Situation—Bonar Law Regarded as Relegated to Second Place by Unionists—The Dominions and the Motherland in Case of War

(Times Special Saturday Cable) London, March 23—So far as one can judge, the enactment of the coal bill will send the miners back to work without delay, but anxiety will continue until the work of the local committees to be formed under the act is accepted and prices are fixed. The act will be compulsory in case of the owners, for they are forbidden to open pits except if they pay the minimum, but it will not bind the workers, as there is no penalty or punishment clause for refusal to work. Perhaps the most dramatically interesting feature of the debate were the reappearance of Mr. Balfour as leader of the opposition, welcomed by the great majority of all parties, and the reputation of "vandalism" by Keir Hardie and Mr. Bruce. The later said the coal bill would kill syndicalism and lead to prolonged peace in the coal fields. The debate has produced one of the most interesting political puzzles evolved for many years. The government was faced by an unprecedented solidarity of labor, which takes no cognizance of party lines, and a large proportion of the government's supporters in the commons belongs to the employing and commercial classes, and is therefore the first object of attack. The ministers have, therefore, to find a compromise acceptable to both sections of their supporters. Failing that they will be defeated on a sufficiently important division by the combined dissentient Labor and opposition votes, and compelled to resign.

BONAR LAW IN SECOND PLACE

On the other hand the opposition are admittedly without an alternative policy to offer labor, and are seriously opposed to Balfour's return to the practical leadership. The Unionists say he led the opposition to the mine bill at the request of Bonar Law, but private members on that side of the commons openly say that Balfour is the only possible leader, and that Bonar Law becomes second in command. Finally, both Liberal and Unionist leaders recognize that, as a general policy the Nationalists and Labor members stand together, and can turn out any government except one formed by a coalition between Liberal and Unionist members.

THE DOMINIONS IN CASE OF WAR

Lord Esher and General French have been speaking on the connection of Great Britain and the dominions in respect to organization for war. Lord Esher says the ties are mainly sentimental, but the dominions are not unwilling to take part in the defence of the empire and would not leave the mother country in the lurch. General French added that there would be no doubt in the minds of any present that the whole empire would be found bound together for imperial defence.

FAST STEAMER SERVICE OFF FOR THIS SEASON, SAID MR. FOSTER

Quebec, March 23—The formation of the great line of steamers between Quebec and Britain was the subject of a recent memorial to Hon. L. P. Pelletier by the Hon. G. E. Foster. He transmitted it to Hon. G. E. Foster. The latter says, in a communication, that it will be impossible for the government to subsidize the matter up with any idea of ensuring action during the present season. It will be left to the initiative of the private enterprise with the hope that a way may be found to formulate a policy which can be put into effect the succeeding year.

TORY TORONTO TO FARE WELL AT HANDS OF GOVERNMENT

Two Millions and Half For Federal Square With Post Office and Customs House

(Special to Times) Ottawa, March 23—Tory Toronto is to come in for its share of the rain of gold from the lavah and spendthrift habits of the present Conservative administration. The scheme for a proposed federal square, with a fine new block of public buildings including post office and customs house, in the west of the city hall, has been endorsed by the minister of public works and plans involving an expenditure of some \$2,500,000 to carry out the scheme are now under consideration. A recommendation for a large appropriation in the supplementary estimates to start things this year has been forwarded to the council for consideration and will probably get through.

NO STRIKE IN FALL RIVER

Fall River, Mass., March 23—There will be no strike in the Fall River mills on Monday. This was definitely decided last night when the members of the five unions affiliated with the textile council voted unanimously to accept the advance of 10 per cent. in wages tendered by the manufacturer.

JAPS BACK FROM ANTARCTIC, SAW NO SIGN OF SCOTT

Wellington, N. Z., March 23—The Japanese Antarctic expedition returned here today. They report having seen nothing of the British polar expedition of Captain Robert F. Scott.

MOTHER AND BABE DIE IN FIRE

Waterford, Ont., March 23—Mrs. Jacob Gould, 68, and her four-year-old child, were killed in a fire in their home in Waterford yesterday. The child was the only survivor. Mrs. Gould was killed when she tried to save her child. The fire broke out in the early morning.

STRIKE KEEPS BACK WORK ON THE NAVY

Winston Churchill's Statement in Commons DULL WEEK END

FLOATING DOCK FOR VANCOUVER

Britain and French Promoters Behind the Scheme—To Be in Two Parts New York, March 23—A London cable says—A number of British and French financiers have decided to promote a floating dock for Vancouver. The capital for the scheme has already been subscribed and joint boards have been formed in London and Paris in connection with the project. The growth of tonnage calling at Vancouver has made the necessity for the new dock increasingly apparent. The new dock, which is intended, shall have a lifting power of 15,000 tons and be capable of receiving the largest vessels and to use them as a whole for larger vessels. The dock will have a total length of 600 feet, a depth of 85 feet, and a width of eighty feet.

FIFTEEN VESSELS AND TWENTY-SIX LIVES LOST

Record of Disasters of Winter Among Newfoundland Shipping

St. John's, Nfld., March 23—A review of the winter disasters to Newfoundland shipping shows fifteen vessels destroyed with a loss of twenty-six lives. Of the vessels, six schooners, Balance, Arctikus and Dinky Louise went down in mid-ocean, with all hands on board. The other nine vessels were damaged or destroyed in various ways. The winter has been very disastrous for the shipping industry.

BOY IS ARRESTED IN BLACK HAND CASE

Letter Ordered "500 Bucks" Placed in Cellar Under Threat of Death

New York, March 23—A diminutive member of "Blackhand" made a confession yesterday, traced by a letter he had written and which had struck terror to a wealthy family's nerves. The story came out when leader Gimsberg, eleven years old, was arrested, charged with passing a letter containing threats to Mr. and Mrs. Harry Blackmer, of Avenue A. "Don't tell the police," the letter read, "or for you sure death, my dear sir, give me 500 bucks or we will kill you and Mrs. Becky Blackmer. We will kidnap your son. Put 500 dollars in the cellar of No. 247 East 15th street, or if not we will murder you by Monday night, quick, or your son will be gone."

MAY DYNAMITE TURTLE MOUNTAIN

Joint Action by C. P. R. and Government to Prevent Second Frank Disaster

Calgary, Alb., March 23—To consider the advisability of blowing up Turtle Mountain with dynamite in order to avert a second slide here, the C. P. R. will make arrangements with the federal government sometime in the near future, and after the report of an expert is secured, some action will probably be taken to protect the town of Frank and its citizens from a second slide.

GOL. SAM HUGHES' HOPES FOR MILITIA

Toronto, March 23—A system of militia for Canada, so perfected that regular annual camps will become unnecessary, with local training made so complete by efficient drill in armories and practice fields that the civilian soldiers, can be called out on the shortest notice for important manoeuvres. It was what Colonel Sam Hughes, minister of militia sees in the future.

LIBERAL BILL FOR EIGHT HOUR DAY IS KILLED BY WHITNEY

Conservative Government of Ontario Shelves it for Session "To Allow of Investigation"

Toronto, Ont., March 23—There will be no eight hour day for miners in this session's legislation. The question came up in the legislature yesterday in connection with N. W. Rowell's bill, and the government made known its decision to have the matter stand over to allow of thorough investigation before next session.

BRYAN SAYS HARMON IS WALL STREET CHIC

Lincoln, Neb., March 23—Declaring that Governor Harmon is a reactionary and the choice of Wall Street, William J. Bryan has given out a statement attacking the candidacy of the Ohio governor.

LONDONERS MUST SPEND SUNDAY HOME AS THERE ARE NO TRAINS TO COUNTRY—MORE INDUSTRIES CLOSE DOWN BECAUSE THERE IS NO COAL

Londoners Must Spend Sunday Home as There are No Trains to Country—More Industries Close Down Because There is no Coal

(Canadian Press) London, March 23—The navy is beginning to feel the effects of the strike. Winston Spencer Churchill, first lord of the admiralty, in the House of Commons, announced that the strike would retard the progress of the work on new ships building for the navy and on the naval bases under construction. England will spend a dull week end in the country, unable today to leave town as the railways, pleading a shortage of coal, have cancelled trains by the hundred. One of the biggest lines, the Great Eastern for example, will run only five trains during the whole of tomorrow, and it will do this only because it is under contract to carry the mail to Dover.

THE YELLOW LETTER

A Fascinating Mystery Story - BY WILLIAM JOHNSTON

COPYRIGHT 1911-THE BOBBY-MORRILL CO.

It was the man who had been impatiently awaiting a telephone message from Louis Farish with whom he is in love, decides to go to her home in Madison Avenue. Just as he reaches the house Doctor Wilson, the family physician, arrives in his auto and having learned that Louis Farish, the man of London, has just attempted to kill himself, General Farish, the father of the girl, is summoned, and in great distress.

It was a strange case, this one, and one which had never been seen before in the history of the law. It was a case which had never been seen before in the history of the law. It was a case which had never been seen before in the history of the law.

CHAPTER XVI. The Forty-Ninth Hour. Two days—two unforgettable days—I passed there in the hut, David and I and our self-tortured prisoner. Each day the constable came and went, the first day to tell us that the inspector's plan for disposing of the postmaster's body had been successful and that no suspicion had been aroused.

wards as to go and kill themselves," said Young with a glow of enthusiasm. "I would have been a millionaire within a year. Read one of the letters and you can see for yourself just how good the scheme was."

Lifting the topmost sheet the inspector read the yellow letter aloud: Dear Sir: I am writing to you in pursuance of my duty as executor of the late Edwin Green, who died here recently, leaving me some \$880,000, in my hands for what he was pleased to term a "Defaulters Fund."

I can best explain its purpose by briefly summarizing the founder's life. In his early youth Mr. Green was employed for a short time in a bank in a small city in another state. Becoming involved in speculation he used several hundred dollars of the bank's funds. He had no relatives but a sister, to whom he knew it was useless to apply for aid.

It was a strange case, this one, and one which had never been seen before in the history of the law. It was a case which had never been seen before in the history of the law. It was a case which had never been seen before in the history of the law.

As David finished reading the letter I took it from his hand and carefully read it. There could be no doubt that it was the same in form as the scrap I found. I scanned the lines, the words and the bearing of each from the seventh on to the thirteenth, were the same as those over which we had necked our heads. The contents now made their plain path, but still I failed to see.

Daily Hints For the Cook

HAM BAKED IN CRUST. Soak a medium-sized smoked ham overnight, then hang it up for an hour to dry. Cut off the skin and some of the fat, leaving about a finger thickness of fat on the ham, sprinkle with ground allspice and nutmeg, then make a dough of rye flour and water. Roll it out to the thickness of about two fingers. Cover the ham completely with this dough, place in a roasting pan and bake from 2 1/2 to three hours. After the crust is cooked a little, break it off, and serve very hot accompanied by oyster crackers.

BANANA FLUFF. Red bananas should be selected for this, as they have a richer flavor than those with yellow skins. Peel four and cut them into dice, squeezing over a little lemon juice to prevent discoloring. In a small cup of ginger syrup that has been drained from a jar of preserved ginger allow the fruit to remain covered for at least two hours, and then mash to a paste with a wooden spoon, gradually folding in half a pint of cream, also a cup of superfine powdered sugar and the stiffly whipped white of one egg; serve immediately heaped in wide-rimmed glasses that have been lined with macaroon.

The Evening Chit-Chat

By RUTH CAMERON

THERE is a certain reform which I should very much like to see some fashion magazine take up. I call for it as spokesman of many similarly minded folks. We would like to see at least one fashion magazine publish the ranks of daintily beautiful ladies who now adorn their pages, and fill their pages with just ordinary folks.

For instance, you see a sweet little lady in a crisp blue and white morning gown, a pink rose thrust in her belt and one or two curls of candy on the wicker table beside her. You look at her and you think: "What a lovely girl! How charming she is! How much she has to offer! How much she has to offer! How much she has to offer!"

We don't ask for homely ladies in the fashion magazines. We are not that far from the truth when we say that the fashion magazines are the only place where a woman can see a woman who is not a woman.

La MARQUISE de FONTENY

A Prince and His Title and His Reported Engagement to a Girl in the United States

(Copyright, 1912, by the Brentwood Company)

To what extent Prince Ludovico Pignatelli d'Aragona is personally responsible for the many sensational stories that have been circulated about him, ever since he arrived in the United States last summer, to seek in marriage an American heiress, is difficult to say. If it is to his friends that he is indebted for the many sensational stories that have been circulated about him, ever since he arrived in the United States last summer, to seek in marriage an American heiress, is difficult to say.

The assertion that the prince and his family are leading Carlists is something entirely new and slightly amusing. Don Jaime, the present head of the Carlist line, was born under my uncle's roof, and from 1876 until 1881 I was in frequent intercourse with the late Don Carlos, with his first wife, the Royal Duchess of Madrid, and with their entourage, and I do not recall the Pignatelli as being among the latter. Don Carlos, moreover, was far too proud of his lineage, as is his son today, to tolerate the notion of any more Pignatelli in appropriating the royal Spanish name and title of Aragon, which is that of a kingdom, in lieu of the name of the little Sicilian town of Aragon.

I also added that, in permitting his friends to style him "Prince Pignatelli d'Aragona," and sometimes "Prince d'Arango," Don Ludovico was rendering himself party to a deception, since he had no right whatever to the royal Spanish name of the kingdom of Aragon, but had merely a right to the Sicilian name of Aragon, which is that of an impoverished townlet of Sicily, with which the Pignatelli were formerly connected. Finally, I said that the prince, far from being a cousin or relative, no matter how remote, of King Alfonso, was not even his titular chamberlain, that is to say, an honor which goes to every grandee.

In reply to this statement, I received indignant letters from several of his New York friends, calling my attention to the fact that he is a born Spaniard, instead of an Italian, referring me to the Almanach de Gotha for 1911. Quite so, but I merely denied that his title is a Spanish one or that he belonged in any sense of the word to the Spanish aristocracy. The prince's friends admitted in their letters to me that the prince did not belong to the Spanish court as a grandee and titular chamberlain, but ascribed this to the fact that he and his family are ardent Carlists, and regard Alfonso XIII, as a usurper. I hold their letters asserting this in the most positive fashion.

"ORANGE LILY SAVED MY LIFE"

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered seriously from falling of womb, either from tumor or uterine operations as well as from the use of pessaries, and others who had suffered from suppressed menstruation, and in general a "Woman's Disorder," or "Scientific, never-failing cure. It is a trial actually proves its merit, I hereby offer to send absolutely free, a box of Orange Lily, sufficient for ten days' treatment for it. Enclose 1 stamp, MRS. FRANCES E. CURHAM, Windsor, Ont.

parents of a girl or the relatives of a woman, if a widow, to make a thorough investigation of a foreign suitor's status and antecedents, placing at their disposal whatever knowledge I might possess, and which has sometimes been an exhaustive nature, as I am endowed with a somewhat systematic memory. I would merely conclude this letter by urging upon Mr. Duke, before giving his consent to the marriage of his daughter, to ascertain from perfectly independent sources the names of the principal clubs to which the aspirant for his daughter's hand belongs in Madrid, Paris, London, and in Rome. They would prove instructive to some of the principal clubs that have accorded to Don Ludovico hospitality while in the United States. MARQUISE DE FONTENYOY.

The Evening Times and Star

ST. JOHN, N. B., MARCH 23, 1912.

The St. John Evening Times is printed at 2 and 2 1/2 Cassebury street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE COMMISSION

The legislature will adopt the St. John commission bill, with some slight changes. The main principles of the new system are approved, and the city will in April elect five commissioners to replace the present city council.

ing, industrial, mining and co-related interests of the Eastern Townships as a whole. Meetings will be held every quarter, the next one to be held at Lake Umbagog in June.

THE CEMENT AGE

In Kansas City there is now being held a Cement Show, to demonstrate the uses to which concrete may be put. In view of the prospect that St. John will soon have a cement industry on a large scale, Times readers will be interested in the following article from the Bangor Commercial.

"Primarily concrete was used in sidewalk construction; then came curbs and gutters for roadways, a use that gradually extended to entire roadway construction.

THE VALLEY RAILWAY

The Liberals in the legislature yesterday endeavored to get inserted into the St. John Valley Railway bill a provision that construction must begin on the Grand Falls and Rothsay sections in time to ensure their completion at an earlier date than is provided by the government bill.

Has the contract for the Courtenay Bay works been signed? If not, why not? It is up to St. John to elect five energetic and capable men as the first city council under the new charter.

THE NEWS FROM LONDON

The Times special cable from London today expresses the view that the coal strike will be settled, although there are still some difficulties in the way. The labor men recognize their power, but their leaders appear able to recognize the fact that the blind exercise of that power would produce conditions worse than those now existing.

The St. Andrew's Beacon says: "New Brunswick boasts in fertile farm lands. Give the farmers a larger and more permanent market and there would be no limit to its agricultural expansion."

GENSUS RETURNS IN CARLETON COUNTY

Some Remarks Which Arise in Connection With Emigration (Hartland Observer). Following are the census returns for Carleton county:-

HERE'S AN EXAMPLE

The Eastern Townships of Quebec have caught the new spirit of the east. Twenty-seven delegates from towns, cities and villages, and representing thirteen boards of trade, met in Sherbrooke this week and organized the Eastern Townships Associated Boards of Trade. Here is an example for the boards of trade in New Brunswick. The Montreal Witness gives the following report of the meeting at Sherbrooke:-

Parishes	1011	1011
Aberdeen	1,001	1,204
Brighton	2,035	2,788
Kent	2,724	2,778
Northampton	1,129	1,129
Peel	1,610	1,831
Richmond	1,470	1,699
Simonds	692	798
Wakelield	1,330	1,543
Wicklow	1,672	1,896
Wilmot	1,245	1,317
Woodstock	1,648	1,947
Woodstock t. v.	3,850	3,644
Total	21,446	21,621

It is really alarming to note that the parish of Brighton has lost 183 of her population in ten years more so that Wicklow has lost 224. Aberdeen's loss is 148, Wilmot 274, Richmond 229, Simonds 76, Kent 85, Wakelield 13, and Northampton is fortunate in having gained one. Peel has had a gain of 218 and Woodstock town and parish have both had substantial gains. The gain in Peel parish is undoubtedly due to the industry established at Siskinney by the Peel Lumber Company.

KING COLE TEA You'll like the flavor

THE REBEL (William Lyon Mackenzie) (W. B. Hume, in March Canada Monthly) Dower's with a heritage of brain and brain.

IN LIGHTER VEIN SOMEBODY. Somebody has to mend the socks, And search the frocks, And clean the dresses;

FRINDLESS. "He hasn't a friend in the world," "That's tough. Whom does he blame it on when he stays out late at night then?"

NOT FOR Tired BUSINESS MEN "How did you like the sermon this morning?" "It was too heavy. Our minister seems to forget that he is preaching to tired business men who haven't the time or inclination to follow a plot."

BOUND TO BE IN STYLE. "She's bound to be in style." "What's the matter now?" "She wants to divorce her fat husband so that she can marry one of those fashionable cap ones."

A COMFORTABLE INCOME. "Pa, what is meant by a comfortable income?" "A comfortable income, my boy, is an income that gives a man car fare which he wastes by buying automobile tires." - Detroit Free Press.

"An old friend appeared to me very unexpectedly the other day." "An old friend?" "Yes, the bottom of my coal bin." - Cleveland Plain Dealer.

"What dirty hands you have, Johnnie!" said his teacher. "What would you say if I came to school that way?" "I wouldn't say nothing," replied Johnnie. "I'd be too tight!"

limited markets for farm products and the huge advertising campaign carried on by competing provinces—and the lure of the states.

It is true our markets have improved wonderfully in the last fifteen years. They have practically had their origin in that time. And there was given last autumn an opportunity for the greatest stimulus to Canadian agriculture that was ever known. Yet Premier Fleming in full face of the fact that the farmers were crying for wider markets, put forth the effort of his life to defeat the measure.

NATURES TISSUE BUILDER Peerless Syrup of Hypophosphites is nature's own tissue builder, flesh maker and health restorer, feeds the wasted tissue, heals the lungs, superior for run-down systems, growing children, the aged, and for convalescents. Strong Healthy Women A woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unaided for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

RECENT DEATHS

Moncton, N. B., March 22.—Friends this evening received word of the death of George McSweney, proprietor of the Brunswick Hotel, which occurred in a Boston hospital, about 2 o'clock this afternoon.

of his death. He was fifty-four years old and survived by a widow, who was, by her marriage, Miss Letourgy, daughter of the late Hon. John Letourgy of Summerside, and a sister, A. A. Letourgy, ex-M. P., of Summerside. One son, John L., one daughter, Miss Dorothy, one brother, Senator McSweney and five sisters—Mrs. H. Young, Florida; Mrs. E. L. Newhouse, West Orange (N. J.); Mrs. J. J. Walker, Miss Josephine and Mrs. J. J. Walker, Moncton also survive.

"Cu Personal Advice to all Skin Sufferers"

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

Again and again we have seen how a few drops of this simple wash, applied to the skin, takes away the itch instantly. And the cure all seems to be permanent.

GOAL STRIKE HARD BLOW TO THE THEATRES

London Gaiety, However, Has Season Fully Booked Till June

SOME NEW PLAYS

Milestones the Success of The Season—The Work That Hadon Chambers is Not Turning Out—Actors and Play Writers on Continent

(Times Special Correspondence.) London, March 14.—Theatres have been having rather a rough time lately, and it looks as if there were even worse to come. The entire country is suffering from the effects of the coal strike.

What touring companies will do next week we are all to guess. It is a low tide, as the saying is, and though a certain number of passengers may be accommodated, there will assuredly be no means of transporting scenery and costumes from one place to another.

On the Continent. Perhaps I may be allowed to forget the stars for a moment and say that I spent a delightful week in the South of France.

At Moncton. Perhaps I may be allowed to forget the stars for a moment and say that I spent a delightful week in the South of France.

Suits For Easter-Wear

BABY LOSES MILLIONS BY BEING A GIRL

Great Sum Was Ready to Help Restore Bonapartists to Power in France

Brussels, March 22.—The little baby that has come into the home of Princess Clementine and Prince Victor Napoleon lost just \$114,000,000 by being a girl.

Had the baby been a boy, money would have been his glory to fight for the throne of his country—a land such as no other pretender ever accumulated.

WORLD'S GREATEST ACTRESS AT OPERA HOUSE WED. 5 A.M.

For several days the daily press has given brief mention of the fact that the divine Sarah Bernhardt and the versatile Bette Davis will be seen at the Opera House in the last four days of next week.

The princess is about forty years of age. She is the youngest daughter of King Leopold.

The princess is about forty years of age. She is the youngest daughter of King Leopold.

Dr. Hugh K. Walker Says Woman Suffrage in California Has Made Politicians Consider Moral Quality of Their Acts

Dr. Hugh K. Walker has lately accepted a call to be pastor of the First Presbyterian Church in Atlanta, Ga., and has gone to that city from Los Angeles, where he had been preaching for fourteen years, and had built up a church of 2,300 communicants.

"So far, the suffrage of women has made California politicians think considerably more of the ethics of their actions, and if the women maintain their present attitude, a high political standard will be reached."

William Logan, aged three years, was found wandering in Brussels street yesterday by Policeman McLeod and taken to the central police station, where his mother called for him.

PROTECTING THE FISHING WATERS

Vigorous steps are to be taken to protect and develop the fishing in the southern section of the province as the result of the efforts of the Fish, Forest and Game Protective Association.

A modern fish way is to be constructed at the mouth of the Great Salmon River and the driving dams on the East Musquash are to be removed to give trout and salmon free access to these waters.

These wonderful little waters get right into the blood, and destroy organic substances present in it. In some cases a few days is sufficient to make a marked improvement. And when the blood is pure the whole system is a hundred per cent better.

CARPENTER GETS \$2,500 VERDICT

Toronto, March 22.—John Vincent De-well, a carpenter, has been awarded \$2,500 damages by the jury in the civil case against the William Nelson Company, Limited.

The largest tribe of Indians in the United States today is the Navajo tribe. There are 30,000 of these Indians in Northern Arizona and Northwestern New Mexico.

Don't fret any longer about those blackheads, pimples, boils, tetters, eczema, spots or skin eruptions; they all go and "go quick" if you use Stuart's Calcium Water.

LOCAL NEWS

BIRTHS AND MARRIAGES
The birth of eleven children, five of whom were girls, was reported this week. There were three marriages.

REPORTED
Colby Robinson, George Banks, Albert Robinson and Edward Banks have been reported by the police for working in the city without a license.

INVESTING IN ST. JOHN
Woodstock Sentinel—D. F. Edgson, of St. John, was in town last week to sell St. John real estate. Some of the local business-men invested.

RIVER COMMISSION
The St. John River Commission will meet again as soon as certain reports for which they are waiting are received from the engineers. The meeting will probably be held in Bangor as there are several witnesses there to be examined.

QUICK WORK
An example of what can be done in rapid coaling at this port was given yesterday when 1,400 tons were placed in the bunkers of the steamer Monmouth in four and a half hours. The coal was taken direct from the Dominion Coal Company's steamer.

BURIED TODAY
The funeral of C. Edward Carvell took place this afternoon at three o'clock from his late home on the Manawagash Road. Funeral services were conducted by Rev. H. R. Boyer and Rev. G. F. Scovell, and interment was in the Church of England cemetery on the West Side.

MAY GET LAST FACTORY
A Stoughton, Mass., concern is considering the advisability of establishing a last factory in Fredericton and the negotiations have reached the stage that contractors are already figuring on a \$30,000 brick factory building to be erected for the company.

NEW COMMISSIONER?
Dr. H. C. Wetmore will be the next member of the St. John City Leprosy License Commission, succeeding chairman Eagles, according to certain reports. Mr. Eagles' term will not expire until June, and even if a director is ready to be not likely to be made known officially until then.

LIQUOR CASE
A case against William E. Newcombe, charged with selling liquor on Sabbath, March 10, in his house at Torryburn, will come up for hearing before Justice Allingham in the Fairville court this afternoon. A. A. Wilson will appear for the prosecution. This is the second charge within a few days.

COASTWISE FREIGHTS
Schm Moller arrived at Annapolis this week with a cargo of hard coal. The rate of freight paid on this cargo makes a new record for local shipping freights, the rate being \$1.12 per ton from New York to Annapolis. The captain says at the time of chartering, St. John and Halifax were offering \$2.00 and \$2.30 respectively.

POLICE COURT
In the police court this morning three prisoners charged with drunkenness were fined \$1 each at jail and one other was remanded. Two of the three were arrested in the I. C. R. depot. The one remanded was arrested in the warehouses at Sand Point. Being a minor, he was remanded so that enquiries can be made as to where he got the liquor. One of the prisoners on the bench had more than \$80 in his possession when locked up.

CONCERT ENJOYED
The members of the Acorn Junior Mission Band of St. John Presbyterian church last night gave their annual concert in the school room, and it was well attended and much enjoyed. The boys and girls taking part to the number of about forty, were well received in drills, sketches, readings, and choruses to which they had been trained by Misses Florence Cummings, Hazel Smith, L. Kennedy and Annie Parks. Rev. J. H. A. Anderson presided.

HERE FROM BOSTON
Joseph W. Brine arrived in the city today from Boston in connection with the business of Camp Utopia in the county, of which he is one of the owners. He expects in addition to the sons of wealthy families from various parts of the United States to have St. John and other New Brunswick boys spending the summer holidays there. Mr. Brine is accompanied by Michael E. Sugrue, past assistant district attorney of Boston, who is also a prominent member of the Knights of Columbus and expects to call on the local knights in their rooms this evening.

WARMLY WELCOMED
Frank A. McCluskey, a former St. John boy, was heartily welcomed in the city this morning, coming from Boston, where he is now manager of a large automobile agency. He came to the city to confer with J. Pugsley in regard to other local men in the matter of the establishment of the projected automobile factory here, concerning details which have not yet been completed. It is probable that he will have a conference this afternoon with some of the promoters of the new company and that he will leave again for Boston on Monday night.

FIRE
The fire department was called out early this morning for a fire in the yard adjoining the cold storage plant in Main street. The fire was caused by a tar pot boiling over. It was extinguished before any serious damage was done. The night-watchman of the plant appeared in the police court this morning and said that Chief Kerr had told him to be present as he was going to take some action against him in connection with the fire. He explained to the court that he had lighted the fire under the tarpot to heat the tar for the workmen who were repairing the roof, and that the pot had boiled over. He was told to go.

A fire in the rear of the premises occupied by W. McAllister in Wright street last night might have amounted to more serious proportions but for the timely arrival of Policemen Crawford and some other men, who extinguished it.

HOPE TO ANNOUNCE A COMPLETE TICKET
Citizens' Nomination Committee in Session Again This Morning

The nominating committee of the Citizens' Commission met again this morning in the board of trade rooms to continue their discussion of candidates. They will hold another session on Monday, and on Tuesday evening they will report to a meeting of the general committee.

The members who were present this morning declined to divulge the results of their deliberations except to say that they hoped to have a complete ticket. It was said, however, that guesses which have been made are not accurate.

Ald. W. E. Scully is in the field for one of the commissionships.

REAL ESTATE SALE

The freehold property with three story brick building, on Peters' Wharf, owned by F. A. Kinross and at present occupied by W. E. McIntyre & Co., was sold at auction at Chubb's room this morning by Harvey Brown for \$4,200.

A freehold lot in Wright street, 107 by 40 feet, was withdrawn at \$400.

A lot on the north side of Broad street, at the eastern end, owned by A. W. Salis is reported to have been sold at a good price.

It is understood that the purchasers of the Doctor McIntyre property in Douglas Avenue were Mrs. J. J. Russell and Miss Grace Murphy. The price paid is said to have been \$6,000.

BATTLE LINE
S. S. "Leucadia," Captain Hinton, for Aberdeen and Pye, sailed from Greenwood today.

GIVEN SUIT CASE
North Shore Ladies—On Tuesday night after the St. Patrick's concert, the members of the Robert Emmet club presented to George M. McEdeas a valuable suit case. He is going west.

TAKES HIM TO ALBERT
Detective Kellen left this morning for Albert having in custody Sanford Cook, rane, or Finley, who is wanted there on a charge of robbery. The case will be tried before Magistrate Deek.

NO WORD YET
Mrs. Thomas Hargrave is still in the city awaiting news of her husband who was to have met her here several days ago. So far she has had no tidings of him.

THE OLDEST YET
In connection with the search for the oldest directory of St. John in existence, it is learned that Robert Clarke, of the customs service has a directory for 1871, which is six years farther back than the oldest previously announced.

ELEVEN DEATHS
Eleven deaths were registered at the board of health's office during the week, resulting from the following causes: zoonosis, three; tuberculosis, three; cerebral meningitis, two; senile, exposure, and something, one each.

ARE IMPROVING
The two children from a house in Blair street who are in the Isolation Hospital being treated for smallpox are recovering fairly rapidly. The attack is quite mild and is giving no great alarm to those concerned.

EXAMINATIONS NEXT WEEK
Stationary engineers who have not yet received their certificates will have the last opportunity to qualify, for a considerable length of time, next week when examinations will be held in the rooms of the provincial government on March 29 and 30. After the examinations have been held and the certificates issued it is announced as the intention to enforce the law strictly.

ALL REMANDED
In the police court this afternoon, Mr. and Mrs. Leslie Slinger, charged with keeping a house of ill repute in Sheffield street and also charged with selling liquor without a license, were brought in and further remanded. Mary Bowser, charged with street selling, and Eva Harris, charged with being an inmate of a house of ill repute, were also remanded. Scott Farnley, charged with drunkenness and setting fire to his house in Harrison street was also sent back to jail.

SERVICES WELL ATTENDED
In the cathedral last evening the services in connection with the Forty Hours Devotion were attended by a very large number. Rev. A. W. Meahan presided on the obligation of Catholicity. The masses this morning were also well attended. Tomorrow evening the services will be brought to close with vespers and benediction, and a sermon by Rev. E. J. Conway. There will also be service this evening.

ALL CANADA IS LOOKING TO Coquitlam

Deep-water Port and Colossal Railway Terminus--
"The Last Great Terminus of the Last West"

THE STORY OF COQUITLAM

ONE UNIT OF BIG TERMINALS TO BE BUILT AT ONCE

C. P. R. Will Spend Over Half a
Million on Coquitlam Improve-
ments During Summer.

General Manager Bury Tells of Big
Expenditures on Company's
Western Lines.

(Vancouver World, Feb. 14, 1912)

One completely equipped unit of the mammoth new Coquitlam terminal scheme is to be constructed by the Canadian Pacific Railway during the coming spring and summer, according to an announcement made today by Mr. George J. Bury, vice-president and general manager of the C. P. R. who is in the city on an inspection trip of improvements that are contemplated in the West generally, and Vancouver and Coquitlam in particular.

The expenditure that is to be made this year alone in Coquitlam in the installation and erection of one unit of the company's terminal plant will amount to over \$500,000. But that will be only a start, Mr. Bury declares. The entire big terminal scheme is laid out in units, to be constructed as the increase of traffic demands. The first of these units, which is to be completed next fall, will comprise a round house, about 25 miles of tracks, car repair shops, paint shop, machine shop, temporary bunkhouse for the men, coal bunkers and such other minor buildings and equipment as are necessary for the establishment of terminal facilities on such a large scale.

Eventually there will be four or five units, and about ninety-five miles of tracks at the company's Coquitlam terminal. But it has all been designed on the unit principle, and the units will be added and the terminal facilities increased as the growth of commerce and traffic warrant it. Mr. Bury emphasized the fact that in establishing these terminal facilities at Coquitlam the company was planning not only for wonderful growth and demands of Vancouver's world-wide commerce during the next few years, but even what that commerce may increase to when the large proportion of the trade that is expected to follow the opening of the Panama Canal is directed this way.

On account of the great development of Western Canada and the Canadian Pacific Railway system, other railways bringing competition, the transition of the city of Vancouver into a metropolitan center of 150,000 population, and other causes which need not be mentioned here (but perhaps most of all the completion in the near future of the Panama Canal, which is destined to revolutionize international trade, especially between the western half of North America and Europe) it became absolutely necessary for the C. P. R. to build at once huge, modern terminals, including shops, yards, engine houses, etc.—not to handle present traffic, although it has already outgrown the present facilities—but for the traffic that is coming.

The C. P. R. officials looked around and picked out the best place for these terminals. It would be foolish for them to pick out any other place but the best. This, of course, needs no argument. THEY PICKED OUT COQUITLAM. This was the start of the coming city of COQUITLAM, and since then history has been made so rapidly at COQUITLAM that it would be a waste of time and space to attempt to tell you in this advertisement half of the BIG PROJECTS already announced there. No little two-by-four factories; but genuine, modern, huge, Western

COQUITLAM and the National Railway Commission of Canada

The Dominion Government Railway Commission sat in Vancouver one day last September, shortly after the Canadian Pacific Railway had purchased the land at Coquitlam and announced the beginning of this gigantic project, for the purpose of hearing a complaint brought by some owners of property in the vicinity of the terminals. These men maintained that the company was acquiring so much ground that it could never use it all for railway purposes.

High officials of the C. P. R. then and there made affidavit that the land was ALL REQUIRED FOR LEGITIMATE RAILWAY PURPOSES and that none would be used for townsite purposes. (Incidentally it was brought out that the Coquitlam Terminal Company, Limited, were the actual owners of the townsite and that the railway had acquired the bulks of its land from or through them.)

Chairman Mabce, of the Railway Commission, did not think it necessary to go beyond the affidavits of the officials, but he admitted that two miles by half a mile wide seemed A VERY LARGE PIECE OF LAND—FOUR TIMES AS GREAT AS THAT ON WHICH THE MONSTER ANGUS SHOPS AT MONTREAL STAND

We own the original townsite, the real townsite surrounding the C. P. R. terminals. Our properties are not mere subdivisions. The rural municipality of Coquitlam is 64 square miles in extent, larger than some metropolitan cities. See that your lot is IN THE TOWNSITE. Fill in the coupon attached hereto and mail it today.

Perhaps you are WISHING you had been one of the "lucky" persons who bought property in Winnipeg, Regina, Saskatoon, Edmonton, Calgary, Fort Arthur, Fort William, Vancouver, Vic-

toria when it was cheap, not in the last century, but only a few years ago. A few years, yes, a few months hence, there will be some WISHING they had bought in Coquitlam today. We believe that Coquitlam will grow as fast as any of the cities mentioned above—it is no ordinary townsite proposition. You are having flashed in front of your face like a red flag the Vancouver opportunity of a few years ago. The way to realize it, the very first step, is to sign the coupon; or better still, wire your reservation.

projects, any one of several of which would by itself transform a town into a city; for instance, what is claimed to be the largest sawmill in Canada.

COQUITLAM is seventeen miles from the city of Vancouver proper, but is included in the Vancouver Metropolitan District. It is on level land, an extraordinary thing in this district, at the junction of the Pitt and Fraser Rivers, on the main line of the C. P. R., and IS NEARER THAN ANY OTHER IMPORTANT CENTER IN BRITISH COLUMBIA TO CHEAP ELECTRIC POWER.

On another part of this page we tell you how a large portion of five million dollars (get that fixed in your mind, \$5,000,000) will be spent by the Canadian Pacific Railway alone at Coquitlam. This is only a start. The fact of the matter is that manufacturers will be forced to come to Coquitlam for the same reason that the Canadian Pacific was forced to come. They must get more room, and they must have DEEP-WATER FRONTAGE. They can get all these and more at Coquitlam, and they cannot get them as easily at any other place in British Columbia as at Coquitlam.

WHY YOU COULD PUT THE LARGEST SHOPS IN AMERICA THERE AND HAVE ROOM TO SPARE," he said to J. E. McMullen, representing the C. P. R.

Mr. McMullen's reply was short, but mighty significant. "WE ARE LOOKING TO THE FUTURE," he said.

On Friday, September 8, Judge Mabce, in announcing the Commission's decision in favor of the railway company, said in part:

"There is no evidence to prove that the company is taking any of the land for townsite purposes. Anyone who is familiar with conditions as they exist in the city of Vancouver as regards terminal facilities knows the dire need of the company for land for this purpose, and they have selected this land as being the best for the purpose. It is much better to have some vacant land than to have a lack of such land three years hence when the land has been built upon, making it necessary to tear down houses, divert and close streets, to the detriment and loss of the public and considerable destruction of property."

Note the prediction "three years hence," by the chairman of the Dominion Government Railway Commission

HOW FIVE MILLION DOLLARS WILL BE SPENT THIS YEAR

Details of C. P. R. Expenditures Between Vancouver and Field—Railway to be Double-Trackd Cut as Far as Hammond—Arrangements for Busy Season's Work in Yards at Coquitlam.

(Vancouver Province, Jan. 31, 1912)

Approximately \$5,000,000 will be spent by the Canadian Pacific Railway Company during the present year for improvements and new construction work on its main line and branches west of Field, the easterly boundary of British Columbia division. This is an authoritative statement received from Winnipeg by the operating and engineering departments of the railway company.

Double Track to Hammond.

The line between Hammond and Vancouver is to be double-trackd at an expenditure of about \$150,000.

At Coquitlam the Largest Expenditure Will Be Made.

Here the company has decided to put into operation a part of their extensive plans for making this one of the largest terminals in the Dominion. The full development of the terminal site will not be accomplished at once, but the appropriation this year is sufficient to keep large crews of men at work for the year.

A twelve-stall roundhouse is to be constructed in addition to a coaling plant and water service. Twenty-five miles of track for yard purposes will be laid this year and everything done to provide Coquitlam with complete terminal facilities. An industrial trunk line from the yards into the townsite is to be surveyed in the course of a short time, and will be constructed in connection with the other work at Coquitlam.

Two subways, in accordance with the agreement with the municipality of Coquitlam are to be built. They are to be located on the eastern end of the company's property on the Dewdney trunk road.

REYNOLDS & FRASER

NON RUSTABLE
Duff CORSET

The D & A price has been the First Step of many Fashionable Women towards Corset Style and Comfort.

FROM the latest Paris designs, adapted to Canadian figures, D & A Corsets are produced from the best materials in one of the finest factories in the world. Made in large quantities and sold at small profits, D & A Corsets save their purchasers from \$2.00 to \$3.00 over imported corsets of even values. This saving has induced many to try them and the style, comfort, and good wear has won them permanent customers.

The D & A Corset No. 510 illustrated herewith, is designed for the woman with a small or medium figure and requiring little bust support. This model has medium bust, extended hips and long back. It is made with English coutur trim with wide lace, ribbon and bow, has duplex steel bones, stopped top and bottom with silk, six lisle suspenders, draw string and skirt. An imported corset covering the above description would cost \$3.00. The D & A model 510 is sold at all good stores for \$2.00. Other D & A models, from \$1.00 to \$3.00, every one guaranteed.

"BETTER FARMING" SPECIAL
Immigrants Going West Found Exhibits of Great Interest

(Montreal Witness.)
The Canadian Pacific Railway's "Better Farming Special" completed its tour through the Province of Ontario on Saturday, and arrived at the Windsor station shortly after six o'clock. The special will be refitted and will start on another tour through New Brunswick.

The train, consisting of four baggage cars, was drawn up in the station, and from the time of its arrival up to ten o'clock there was a constant stream of visitors who were much interested in the many exhibits. The lecturers who were in charge of the special from Ontario, explained everything in a very minute manner, and the visitors received the instruction in agriculture. Among the visitors were many immigrants, who were just settling in the West, and to these particularly was the exhibit of great interest. There were also three passenger cars, which were for the use of the instructors.

The subjects dealt with during the tour were of a practical nature and one lecture each was reserved for women, boys and girls, and lectures on poultry raising, growing of small fruits, etc., were given for their benefit at every stop. Special interest was taken in these lectures, and they were very largely attended. The lecturers of Western Ontario were particularly interested in the tour, and close upon twenty thousand people are estimated to have entered the C. P. R.

The lecturing staff consisted of the best men to be obtained in Ontario, and those who are actually at work on the agricultural problems of the province. Right up to the time that the workmen commenced to dismantle the cars of the Ontario exhibits to make room for fitting them with the exhibits in readiness for the trip through New Brunswick, visitors continued to take an interest in the special, and with difficulty that the cars were eventually cleared, so great was the crowd of visitors. The tour according to the itinerary of the special, has been a most successful one, notwithstanding the fact that what severe weather that the train encountered. This did not, however, deter people coming from all over the province to attend the practical lectures that were given, and take more than ordinary interest in the instruction.

HIGHEST QUALITY EST'D 1836
Ridgways TEA

The taste for Ridgways Tea, like a taste for the best music, may have to be acquired by some, but when once acquired it is a source of lasting delight. The world's finest tea, always fresh, and so strong it goes much farther than ordinary tea. Sealed in air-tight, dust-proof, quarter, half and pound packages.

MORNING NEWS OVER THE WIRE

It is possible that some Nova Scotia people may fall heirs to an estate in Philadelphia which is worth millions of dollars, the property of the late Col. Jacob Baker. Berson Rennie, a lawyer of Toronto, is contesting for the Annapolis Valley people who claim to be the nearest of kin. Arthur Rough, manager of the Cudaby Beef Company of Boston, is a member of the family interested and a native of Middleton, N. S.

An examination is being conducted by the federal government into the accounts, stock, equipment, etc., of the C. C. R.

An investigation into a charge that too much coal was used in Woodstock in heating the army is being investigated by three military officers.

London, March 22.—A son was born today to Sir Max and Lady Aitken.

KILLED 8,000 SNAKES IN YEAR

Paris, March 23.—The Department of Seine-et-Marne has issued its snake-killing budget. It shows that vipers are almost as numerous as ever before in the Ile de France. They are commonest in the forest of Fontainebleau, where one gamekeeper alone killed 1818 in the course of last year. For this he was paid \$225, and in all the department paid \$500 in the year, being a reward of seven cents for each viper's head presented. Nearly 8,000 were killed during the year.

HE WAS ONE OF THE FIRST OF GENERAL BOOTH'S WORKERS
Commissioner Railton, Now in St. John, The Man Who Practically Gave Salvation Army Its Name

Commissioner George Scott Railton, a type, attracted attention, and almost immediately afterward this name was chosen for a revival campaign at the Salvation Army corps in the city. He is one of the army's most interesting characters. He associated himself with General Booth more than forty years ago, before the work had extended beyond a few societies, and before the name Salvation Army was adopted.

In fact, Commissioner Railton is sometimes credited with having given the army its present name, but he says that it came about in this way: "I was writing a brief annual report on the mission's work and desiring to make clear its aims, used the expression, 'What is the Christian Mission? It is a volunteer army, etc.' Mr. Booth, (now generally looking over the manuscripts, crossed out 'volunteer,' inserting the word, 'Salvation,' and the words 'Salvation Army,' being set in beaver type, attracted attention, and almost immediately afterward this name was chosen for a revival campaign at the Salvation Army corps in the city. He is one of the army's most interesting characters. He associated himself with General Booth more than forty years ago, before the work had extended beyond a few societies, and before the name Salvation Army was adopted.

SHOW PUBLIC SPIRIT
Pasadena Women Follow Up Their Garbage-Incinerator Victory With Plan for Civic Study

The newly-franchised women of Pasadena, Cal., lately turned out in force and carried an election in favor of installing a city garbage-incinerator. The Pasadena News says:

"Encouraged by the success of the recent bond election, which, it is acknowledged, was carried by the votes of the women of the city, who manifested judicious and thoughtful consideration of the subject, a movement has been started toward the formation of a woman's civic class, which will take up the discussion of questions of broader scope than those which have been embodied heretofore as a part of local work."

"In the Woman's Civic League, a stimulus has been given many of the members to delve into questions of a general and broader import than formerly, and with the power of the ballot entrusted into their hands their interest in municipal affairs received an impetus which promises to carry them into the field of activity where they may aid in carrying out their own plans and ideas. At the same time the women have been brought into touch with subjects of national weight."

"A weekly class in civics has been organized and will be addressed by C. Howard Hill, of Los Angeles, and other speakers. Mr. Howard will begin by telling how presidential elections are conducted, and explaining the direct primary and the caucus."

Suffrage at Harvard
G. C. Henderson, treasurer of the Harvard Men's League for Women Suffrage, says that so far as woman suffrage is concerned Harvard students are divided into four groups: (1) The "Goldens" conservatives, the rich society set who take their impressions from the suffragette as presented in "Lids," and consider the subject too ungentle. (2) The "Stand-pat" mentalists, the young men who think that no "true woman" can be a suffragette, for woman is too noble to mix-up in petty politics. This sort of man thinks that equal suffrage would destroy the highest ideals of the race. When arguments are presented him to show that noble women are needed in politics, he talks about the bad woman's vote and the unintelligent woman's vote. When it is pointed out that woman cannot be both too noble to vote and too bad to vote, he does not want to hear anything more about it. (3) The third group believe that woman suffrage is the most important movement in the country, and that nothing but prejudice and tradition are against it. They want to bring it about soon. (4) The fourth group look upon the suffrage movement as a part of the still greater movement for social justice.

HIGH FINANCE SIMPLIFIED
Two dock workers were discussing limited liability companies, and one of them said: "We can form a limited liability company. You put in ten pounds and I put in ten pounds, and Bill will put in ten pounds. That is simple. Now you go and get experience worth of tobacco. When the tobacco arrived the dockers said: "Jack and me are the directors. We smoke." "But I put in ten pounds, and can't I smoke as well as you?" "No. You are a shareholder. You have got to spit."

About two-thirds of the letters written represent a waste of time.

WHEN THE LUNGS ARE WEAK
To every person with weak lungs or a family history with records of consumption, a cough or cold is a serious matter.

Lungs have a tendency to hang on. They irritate the weakened membranes and prevent healing. There is always the danger that a cold may get a firm foothold and settle on the lungs. It is so easy under these conditions for pneumonia to develop.

About the surest means of controlling coughs and colds is by the use of Dr. Chase's Syrup of Luasod and Turpentine. This treatment loosens the cough, allays the irritation and inflammation, and thoroughly overcomes the disagreeable symptoms. The success of this medicine has given rise to many imitations, but only natural to suppose that the original possess merit of an unusual degree.

COAL
A Serious Question

LOCAL COAL SITUATION IS DISTURBING
Prices Have Advanced in United States

The article on the coal situation published in the St. John Globe last night is reproduced here word for word. First, to illustrate the seriousness of the coal situation. Second, as a warning that there is small hope of getting any Anthracite Coal, except at famine prices, for some time, perhaps many months.

It is also the purpose of this advertisement to give the householders some idea of the local situation so that those who are in a position to do so may take advantage of an opportunity that will only exist for a very short time, perhaps only for two or three days.

Owing to the strike situation in England forming all the Atlantic steamers to take enormous quantities of soft coal on this side, and, owing to the prolonged shortage of both Booth and American Hard Coal there has been such a demand for soft coal that it has been hard for the shippers to keep pace with the demand. This is the local situation today and it has already caused prices to advance somewhat. But just as soon as navigation opens on the St. Lawrence every available ton of coal will be rushed to Montreal and other St. Lawrence ports to fill contracts already made. Then the situation will be truly serious.

The Coal Trade Journal of New York of March 20, speaking of the situation in the States, says, editorially: "This is a history-making epoch, and the fact that dealers are already cutting down family trade orders, sending one ton where four are asked for, and in other places advancing prices to those who want coal to stock, shows that preparations are being made to meet a serious condition. A few places report that dealers feel satisfied with the amount of coal on hand, but among others in the trade the sentiment prevails that coal on the track April 1 will be congested, and many dealers will not feel sure of any coal not actually in their yards at the end of this month."

It is the situation in New York and Boston, however, which influence the market here most. In the news columns the Journal says of the New York situation: "Individual anthracite in the prepared sizes has sold as high as \$8.50 f. o. b. New York harbor in the last few days, \$1.20 above the circular. There is very little discrimination in the matter of sizes nowadays, or at least the demand for each size so far exceeds the supply that they are all selling at or near the same price. It is now practically impossible to buy coal from any of the large operating interests for shipment during the remainder of the month. There are only ten days left, and for a good while past it has taken longer than that to get an order filled at the regular circular. Prompt shipment could only be obtained by paying a premium to some independent shipper or middle man, and the premiums have been steadily growing larger until now they are far above the highest figures secured since 1907."

In the Detroit News a case is noted in which five cars of run of mine, which usually sells in that city for ninety-five cents, brought in at the mines. In another case three cars of slack, the usual price of which was from ten to thirty cents, were sold for \$1.20.

The Journal says: "The anthracite situation grows more sombre each week. With the heavy consumption of the first half of this month requiring the greater part of the large tonnage produced by the mines, householders are now alive to the fact that in case of a stoppage after this month, it will be a good insurance to have a supply of coal on hand. Many are planning to put in their next winter's supply this month if possible. This is having a marked effect on the retail trade, and many dealers are unable to supply the demands of their customers with the limited tonnage they are able to obtain. The companies are now forced to turn their attention strictly to the demands of their contract customers, and none of them have any surplus of any size. Individual shippers are able to obtain a premium of a dollar and in some cases as high as \$1.20 for prompt shipment of the favored sizes. The bituminous market has been kept in a state of the greatest excitement the past week, and prices have gone skyward with astonishing rapidity. An attempt to quote prices representing the market would be likely to go far astray, as fluctuations have been wide. Southern coal is reported to have sold as high as \$8.50 on the cars at Mystic wharf, and Pennsylvania coal has brought \$3.25 at the mines. This does not, however, represent the market price by any means. Prices have ranged anywhere from \$5 at Boston on tidewater coal and \$1.75 on all rail up to the above maximum quotations. Southern coal usually sells in the Boston market at from 20 cents to \$1.50 per ton."

Of course all the prices quoted by the Journal are wholesale prices.

A Strike in England, a Strike in the States and Millions of Tons of Nova Scotia Coal To Be Shipped up the St. Lawrence to Fill Binding Contracts Already Made

If this condition becomes a fact, and there is every indication that it will, it is then that you may expect prices to soar. Conditions will be worse than in 1907 when we only had one strike to contend with and Hard Coal sold as high as \$20.00 a ton.

From now until within a week of the opening of navigation on the St. Lawrence you can get a supply of a coal as clean burning as Anthracite, a coal that you can use in a furnace or heating stove, a coal that is an ideal range fuel. It is the one and only soft coal that you can rely upon without fear of coal trouble so common with all other soft coals. This is Broad Cove Coal, sometimes known as Inverness Coal and at the present time any regular Broad Cove dealer can supply you. But if he is a wise dealer he will only accept your order under the condition that it is filled in the order in which it is received and with the understanding that he is not bound to fill it if it is not received in time for him to have it shipped from the mine at least a week before the opening of navigation on the St. Lawrence River. After that the chances are he will not be able to get much more than his usual summer supply which will only supply the demands of his regular summer trade. Broad Cove Coal, remember the name, insist on the genuine article, it will not melt or coke when burning, every lump burns by itself.

IT MADE A MAN OF ME!

Read What Nelson Rose, of South Bay, Ontario, Says:

Dear Sir—One year ago last February I was taken with Nervous Exhaustion (the Doctor pronounced it). I suffered all the tortures of that disease: was all run down, so weak I could hardly do anything at all.

Dear Sir—I am writing to you today to tell you the good your Belt has done me. I can say in this letter that I am a well man, and have worked every day from the time I gave up wearing the Belt.

Dear Sir—My case has certainly been a very serious one, and one of long standing. I had literally been unable to do any work at all. Your Belt has worked wonders in my case, as I am working steady now.

Letters like that tell a story which makes a good deal of us have become discouraged from useless doctoring. I get such letters every day. My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them and stirs up a great force of energy in a man.

To prove to you the confidence I have in the curative power of my Belt, I am willing to accept your case, and after I have cured you then pay me. All I ask is reasonable security. You may then use my Belt at my risk.

CALL TODAY—Come and see me and let me show you what I have, or if you can't then cut out this coupon and send it in. It will bring you a description of my Belt and a book that will inspire you to be a man among men, all free. My hours, 9 a. m. to 6 p. m., Wednesdays and Saturdays to 9 p. m.

Put your name on this coupon and send it in. M. C. McLaughlin, 214 St. James Street, Montreal, Canada.
