

ITALIANS TAKE ANOTHER AUSTRIAN POSITION

CITY WILL AID THE CAMPAIGN FOR RECRUITS

Will Pay All Certified Bills of Expense Up to \$1,000.

OTHER CONCESSIONS
Marquee Tent and Rostrum on King's Square—Men More Important Than Flower Beds.

Soldiers are of more importance than flower beds and the cause of Empire takes precedence over the beauty of King Square. That was the consensus of opinion at the City Council meeting yesterday and as a result the recruiting campaign will be permitted to erect a speaker's stand on the north side of the square and to have a marquee tent there in which will be stationed a medical officer to examine volunteers so they may be enlisted on the spot.

The city will also pay certified bills to the amount of \$1,000 in connection with the local recruiting campaign. At yesterday's meeting the communication from R. E. Armstrong, secretary of the Citizens Committee, was read. The committee asked the city to grant \$1,000 to assist in bearing the expenses of the campaign.

What Halifax Has Done.
Mayor Frink said the city of Halifax had voted \$1,000 for a similar purpose, public subscriptions had been opened and the Nova Scotia government had agreed to bear the expense of making the campaign provincial. St. John should do as much.

Commissioner Wigmore did not think it was creditable to the young men of this city and province that it was necessary to conduct a campaign to secure recruits for the Empire's armies but since it was necessary the city should do all in its power to assist. He moved that the grant be made and the motion was seconded by Commissioner Russell.

Information Wanted.
Commissioner Potts—"No, we are not. If we were no special recruiting campaign would be necessary." The men who asked for this grant were the same men who had asked the commissioners to reduce their expenses to keep the assessment down to the previous year. After that had been decided on the very men who objected to assessment came to the city and asked for money for any purpose they thought desirable. In the present case the council should know how the money was to be spent. If it was merely the purpose to hold band concerts and put a few bills on the walls it would accomplish nothing. "We should know how this money is to be spent. We are paying bills now that the provincial government should pay. The committee intimates that the money is to be used for advertising and similar expenses, well, we have true, loyal and patriotic newspapers to do the advertising and enough job presses in the city to provide the bills; if bill posters will not post them free of charge we might do it ourselves, while the bands which have already been very good might give their services."

Commissioner Wigmore said that representative citizens had asked for the money and some of them were heavy taxpayers. Their request should be granted.

Commissioner Russell said he thought the city would well afford to vote the money asked for.

Hunt up the "Bill Smiths."
Commissioner McLellan said he intended to vote for the grant but at the same time he wanted to say a few words regarding the committee. Representative citizens had given their time to this matter and that was distinctly creditable to them but at the same time he thought a few common-place men should be added to the committee. "If I were going out to get 100 soldiers I would not have on the committee men who were big taxpayers. If I were going after fighting men I would go after the Bill Smiths and the Tom Joneses and I'd have a few Bill Smiths and Tom Joneses on the committee. Such men could appeal to the most of their own class, the men who will go and do the fighting—big taxpayers could not appeal with the same force or effect." He did not wish to be understood as speaking in derogatory terms of the committee but he thought his suggestion had much to commend it.

Commissioner Potts—"It seems to me if we want to do the thing right the man who ask for recruits should be as earnest as the men they ask to

In this illustration are shown Russian troops in Poland. These men are sitting at long tables drinking tea. The heat in Poland is intense, and a tent in spite of a plague of flies is preferable to sitting under the burning sun.

Italians Drive Enemy From Monte Maronia

Rome, via Paris, Aug. 31, 1915.—The official communication dated August 31 says: "On the plateau northwest of Arserio our troops attacked a strong position on Monte Maronia, north of Monte Maglio, and drove out the enemy. The enemy then concentrated an intense fire from pieces of every calibre on our new position which, nevertheless, we retained and strengthened, and in which we are now solidly established. LITTLE GIRL'S GIFT GRATEFULLY RECEIVED BY WOUNDED SOLDIERS

What Madeline McKel Did Others Can Do — Interesting Acknowledgement Comes From Battle Line.

Miss Madeline McKel is the eight year old daughter of Mr. and Mrs. Medley McKel of the Manawagonish Road, and a niece of the late Rudolph McKel, who was the first man from this city to be killed in the European war. The little girl's aunt, Miss Dora McKel, is at present and has been since the war started, nursing wounded and sick soldiers in France. Little Madeline wished to do something for the wounded soldiers and a few weeks ago, managed to collect a neat little sum of money for this purpose which she sent to her Aunt Dora to be used as she deemed best. Madeline was very happy yesterday when she received a letter from her aunt acknowledging the receipt of the money. The letter reads as follows: France. My Dear Madeline: I was greatly pleased to get such a big sum of money that you collected for me to buy extras for our very sick and wounded soldiers, and I wish you could see the smiles, and their faces beam with gratitude when I give them fruit or cakes, and tell them it was bought with money collected by my little niece from friends at home. You will please thank them all for me and my patients for their kindness. Your loving Aunt, DORA.

Many little girls in the city have done a great deal in working for the soldiers at the front, holding bazaars, etc., to raise money and like little Miss McKel will be pleased to know that their gifts for the brave boys at the front are highly appreciated.

Thin Men and Women DO YOU WANT TO GET FAT AND BE STRONG?

The trouble with most of thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness, until your digestive tract properly assimilates the food you eat. There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful use in flesh building. Sargol which comes in the form of a small non-injurious tablet, taken at meals and mixing with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks, filling out hollows about your neck, shoulders and bust disappearing and your thighs on from 10 to 20 pounds of solid healthy fat. Sargol is harmless, inexpensive, efficient. All leading druggists of this vicinity have it and are authorized to refund your money if weight increase is not obtained as per guarantee found in each large package. NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

GERMANY SCHEMED TO TIE ENGLAND'S HANDS

Continued from page one. that the substance of what was required would be obtained from the more accurately expressed words "will neither make nor join in any unprovoked attack."

"Count Wolf-Matterlich thereupon received instructions to make it quite clear that the chancellor could recommend to the emperor to give up the essential parts of the Novelle (the bill then pending for an increase of the German navy) only if he could conclude an agreement guaranteeing neutrality of a far-reaching character, and leaving no doubt as to any interpretation." He admitted that the chancellor's wish amounted to a guarantee of absolutely neutrality, falling within the Novelle must proceed.

Ended Hope for Reduction in Military and Naval Expenditures.

"Count Wolf-Matterlich stated that there was no chance of a withdrawal of the Novelle, but said that it might be modified. It would be disappointing to the chancellor if we did not go beyond the formula we had suggested. Sir Edward Grey said that he could understand that there would be no appointment if His Majesty's government were to state that the carry-out of the Novelle would put an end to the negotiations and form an insurmountable obstacle to better relations. His Majesty's government do not say this, and they hoped that the formula which they had suggested might be considered in connection with the discussion of territorial arrangements, even if it did not prove effective in preventing an increase in the naval expenditures.

"Sir Edward Grey added that if some arrangement could be made between the two governments it would have a favorable, though indirect, effect upon naval expenditures, as time went on, it would have, moreover, a favorable direct effect on the public opinion of both countries.

"A few days afterwards Count Wolf-Matterlich communicated to Sir Edward Grey the substance of a letter from the chancellor, in which the latter said that as the formula suggested by His Majesty's government, was from the German point of view, insufficient, and as His Majesty's government could not agree to the larger formula for which he had asked, the Novelle must proceed on the lines in which it had been presented to the general council.

"The negotiations then came to an end, and with them the hope of a mutual reduction in the expenditure for armaments by the two countries."

GEN. OROZCO, MEXICAN LEADER, KILLED IN FIGHT WITH AMERICAN POSSE

El Paso, Aug. 31.—Government officials here tonight said they had received reports confirming earlier reports that General Pascual Orozco, prominent military leader during Mexican revolutions of the last five years, had been shot and killed in a fight between Mexicans and an American posse. Civilians, United States customs officers and members of the 10th United States Cavalry participated in the battle, which, according to reports was fought in the Green River Canyon of the High Lonesome Mountains, Culberson county, Texas. After a raid on the Dick Love ranch yesterday, Orozco and four companions were pursued from the Sierra Blanca country into the foothills. Orozco died at dusk tonight.

USE OF SQUARE GRANTED.

L. P. D. Tilley, M. P. P., and Col. B. R. Armstrong also appeared at the meeting as a sub-committee of the recruiting meeting held in the Mayor's office and asked permission to erect a marquee on the upper side of King's Square for the use of recruiting officers and also for permission to erect a rostrum or stand from which speakers could address recruiting meetings. It was suggested that the space under the band stand might be covered over and used for the purpose as there seemed to be some fear that a stand elsewhere in the square would spoil the grass or flower beds. Commissioner Potts suggested that the meetings be held in South Market street which could be temporarily closed to traffic. With a band to draw crowds and the speaker's platform in that street the purposes of the committee could, he thought, be served. "Mr. Tilley and Col. Armstrong thought the square a better place and it was finally decided that soldiers were of more importance than flower beds and the stand and marquee would go where the committee wanted it. The matter was left to Commissioner Potts to arrange.

Y.M.C.A. SECRETARY BRINGS BRIDE FROM WEST

H. O. Bonk, physical director of the local Y. M. C. A. and P. J. Legge, boys' secretary, returned to St. John yesterday at noon after spending their vacations in the middle west. Both had attended the Canadian National Y. M. C. A. school at Lake Couchiching, Ont., and both were successful in getting their diplomas and passing their third year work at the school. Before returning to the city, Mr. Bonk spent a few days with his parents in Marillon, Ohio, and Mr. Legge went to Winnipeg, where he was married to a Winnipeg young lady. He was accompanied home by Mrs. Legge.

THE THIBEDEAU CASE.

Marseline Thibedeau, the young woman charged with the murder of her newly born baby boy on Monday, August 2nd, was before the police court yesterday afternoon, when the preliminary hearing was commenced. The case for the crown, while the unfortunate prisoner was unrepresented. She cried bitterly during different stages of the trial and appears to be feeling her position keenly. Dr. J. A. McCarthy, of Fairville, was called and gave evidence that about two years ago he treated the defendant for sore throat. About seven months ago Miss Thibedeau called on him and complained of being ill. He gave her no treatment and made no diagnosis of the case. He did not see the defendant again until in the police court. Dr. James Christie, Mr. and Mrs. John O'Regan and Dr. F. T. Dunlop gave evidence and gave the same testimony as at the inquest a few nights ago. The case was adjourned and the woman was remanded to jail.

DOMINION-WIDE APPEAL FOR PATRIOTIC FUND

"NO USE SENDING ANOTHER PATROL, YOU'VE GOT THE CANADIANS OPPOSITE YOU"

This Message Tied to Stone and Thrown Into German Trenches After Canadians Had Crawled Through Wheat Field, Without Disturbing Single Stalk and Captured Enemy Patrol.

London, Aug. 31. (Montreal Gazette special)—It is daily becoming more evident that the outcry of radical journalists against national service fails to command general sympathy among workers. British Socialists have formed a national defence committee, and intend to hold a patriotic demonstration at Colston Hall, Bristol, during the sittings of the trade union congress in that city early in September. The chair at the patriotic gathering will be taken by Mr. J. A. Seddon, president of the congress for many years, and a member of the Independent Labour party, an advanced Socialist organization.

The arrival of munitions workers from Canada yesterday caused considerable comment here, people failing to understand why they are unemployed in Canada, in view of the munitions being made in the Dominion. There is a general feeling that there is a lack of organization somewhere, and many would not be surprised should Canada shortly import munition workers from Great Britain.

COMIC PICTURE AT MOVIES HELPED MUTE SOLDIER RECOVER HIS SPEECH

Lost Hearing and Power of Speech When Shot by Sniper in Flanders, Suddenly Cured at Moving Picture Theatre.

London, Aug. 31.—Robert Beck of Chicago, who was made deaf and dumb by an injury sustained while fighting with the British army, suddenly recovered his speech and hearing today. Beck, who was a motor cycle policeman on the Chicago force when the war broke out, became a dispatch bearer with the British troops and was struck down by a sniper's bullet in Flanders.

He was taken to Liverpool. From the day of his injury he had been unable to hear or speak until he was taken, with other convalescents, to a moving picture entertainment in Liverpool. While watching a comic picture he suddenly burst out in laughter. The next moment he found that he was able to talk and hear normally.

RECRUITING OF MORE MEN WILL NECESSITATE ADDING TO THE PATRIOTIC FUND

Special to The Standard. Ottawa, Aug. 31.—Owing to the prolongation of the war and the fact that Canada will probably send a good many more men to the front than was at first expected, the patriotic fund committee are about to make a fresh appeal for funds from all parts of the country. While the twelve battalions are to go over to England have departed there will be from 90,000 to 100,000 Canadian troops in England and France. The patriotic fund has 19,000 families on its list now and it is found that a larger proportion of the new recruits have dependents.

During the last three months the surplus of receipts over expenditure was diminished by \$500,000. June was the first month in which expenditure exceeded income but in July the expenditure was \$350,000 as against receipts of \$200,000.

Sir Herbert Ames, Hon. Secretary, is leaving in a few days for the west to start the new campaign. Meetings will afterwards be held in the east.

GERMAN PLOT TO BLOW UP PLANTS IN U.S. MAKING SUPPLIES FOR ALLIES

Handbills Found in Mails at St. Louis and Sent Out by German Committee in Germany, Call on "Patriots" to Wreck Factories and Railroads and End War.

St. Louis, Aug. 31.—Fifty handbills, calling on German and Irish "patriots" in America to help end the European war by dynamiting factories and railroads engaged in the manufacture and transportation of war supplies for the Allies, were turned over to the postmaster here today by G. A. Hoehn, editor of a labor paper. The handbills were wrapped in copies of the Hanover Anzeiger, and postmarked Blomberg, a small town near Hanover.

Postal authorities here do not take the handbills seriously. The bills were written in English and signed "The German Committee." They contain pretended offers of \$1,000 to \$10,000 to the "patriot" who will help us annihilate our enemies. Certain factories and railroads are designated in the handbills for destruction.

EX-MINISTERS IN POLICE COURT

Charged With Conspiracy to Defraud Province of Manitoba—Released on Bail.

Winnipeg, Aug. 31.—The expected sequel to the report of the Mathers commission on the parliament buildings scandal occurred this afternoon when four ministers of the late government, Sir Rodmond Roblin, premier; Dr. W. H. Montague, minister of public works; James Howden, attorney-general, and George R. Coldwell, minister of education, submitted themselves to the authorities at the city police station.

They were released on \$50,000 bail each, \$25,000 being personal security. For Sir Rodmond, Alme Benard, president leader of the Conservative party in the legislature, and D. E. Sprague, ex-chief license commissioner, were bondsmen for the other \$25,000; for Dr. Montague, W. H. Cross and J. W. Montague; for Mr. Howden, Geo. Hamilton of Neepawa, and Stephen B. Stackhouse, and for Mr. Coldwell, Alex Reid and Andrew Simpson.

"BLIND STALLION" THE MYSTERIOUS ELEMENT IN HORSE SALES PROBE

Halifax, Aug. 31.—At this afternoon's session of the Royal Commission inquiring into the horse deals in Nova Scotia, F. D. McDonnell told of the sale of a six year old horse belonging to him for \$150. Jimmy Dee sold the horse for him. He did not sign a receipt. He gave Dee two dollars.

"Do you know about the 'blind stallion'?" asked counsel.

"No, sir, I was not interested in other horses." Spurgeon Gammon, recalled, asked permission to make a statement regarding his evidence of the morning about Dee's absence. He asked to have the questions repeated. Dee was, he said, in Montreal now. He had received telegrams quite recently from Montreal regarding Dee's condition. He did not want it to be thought that his firm had lost track of a man whom they had sent away on business.

An early date will be set for the preliminary hearing. More charges may, and very likely will be laid, according to R. A. Bonnar, K. C., who is acting for the prosecution.

Newcastle, Aug. 30.—The young married man of Redbank shot last Wednesday morning at 2 o'clock while trying to break into Councillor Gillis's shop for beer, and walk around again, being out on Sunday. Mr. Gillis, who had been aroused earlier in the evening, the two shopbreakers having been in the shop twice before during the night, fired from his house about 50 feet away at the two, hitting one, but discovering the second, Mr. Gillis, who is an old gentleman, did not feel like grappling with the two. He having put only partridge shot in the rifle and fired only to wound. It is fortunate that the tragedy was not more serious.

ENORMOUS LOAN TO BRITAIN PLAN OF N.Y. BANKERS TO RESTORE EXCHANGE CONDITIONS TO NORMAL

Sensational Drop in Exchange Rates Alarms Financiers in United States—Fear Cancellation of War Orders Unless Some Remedy Adopted Immediately—Mammoth Credit Loan Suggested

New York, Aug. 31.—The tremendous export trade of the United States in which the country leads the world for the first time, was imperiled today by an alarming drop in foreign exchange rates, notably sterling.

Never within the memory of man have the foreign exchange markets been so thoroughly demoralized before, as today. Rates tumbled, not by the usual eights, but a cent or more at a time. Widely divergent quotations came out simultaneously from different bankers, to be succeeded quickly by other quotations at unvarying lower figures. One big banking house quoted a rate on sterling to a bank at Havana shortly before the market opened. By the time Havana could accept the rate was five cents lower.

The tendency of the market was so evident that speculators caught the spirit of excitement and participated, adding to the demoralization. In some instances, even messengers, attendants and clerks pooled their interests and sold sterling, figuring that they could not lose. And they didn't. Scores of transactions of this sort, it was conservatively estimated, occurred during the day.

NOT LIKELY GOVT WILL PURCHASE WHEAT CROP

Too Big an Undertaking to Assume on Short Notice and Would Mean Expenditure of \$300,000,000

Ottawa, Aug. 31.—Although no official statement will be made until after the return of the Premier, it is stated in government circles that there is little likelihood of the administration acting on the western suggestion that it take over the grain crop. The general opinion seems to be that the undertaking would be too stupendous to assume on short notice and especially during a period of heavy war expenditures. It is estimated that the handling of such a product would necessitate an outlay of about \$300,000,000.

The Reason for Depreciation. The reason and the remedy seemed clear in the minds of international bankers here. The English pound has become depreciated, they said, because London has failed to provide a method here of paying the big bills now coming due to American shippers; the remedy would be to adopt this course, to establish quickly—very quickly, unless sterling should become still further debased—a mammoth credit loan in this market. America does not want British gold to pay for supplies; on this point opinion was unanimous. The vaults of Wall Street and the banks in the interior are already choking with gold. More gold would tend to create a period of enormous inflation.

What New York bankers want to do is to lend Great Britain an enormous sum of money, to be spent in paying bills here, on approved collateral of high class American railway and industrial stocks and bonds. This, it is believed, will restore conditions to nearly normal. Apparently, Great Britain intends to adopt this course. Officially, neither Great Britain nor her financiers have given an inkling to bankers here of what they intend to do to remedy the situation.

TORONTO BANK CLEARINGS

Toronto, Aug. 31.—Bank clearings for Toronto in the month of August show a decrease of \$3,300,741. Following are comparisons: 1915—\$140,624,050, decrease \$3,300,741; 1914—\$143,924,791, decrease \$14,615,480; 1913—\$158,340,280.

FIELD KITCHENS.
The committee of the Independent Order of Foresters in charge of the campaign for a field kitchen have not yet received a reply from Lieutenant Colonel McAvity to their cable asking if another field kitchen would be acceptable. While one kitchen has been presented to the 26th, it is understood that a battalion can use as many as four with advantage. If the colonel's reply is that another is not needed the committee will proceed with the campaign just the same and present the equipment to the 56th.

SOLDIERS COMFORTS.
Mrs. E. E. Church, treasurer Soldiers' Comfort Association, acknowledges the following:
Mrs. E. A. Smith, Boston, per Mrs. Geo. McAvity, \$5
Proceeds of concert at Rockdale Hotel, Brown's Flats, per Miss Gunn, \$40
Part proceeds basket social held by Fair Vale Outing Association, \$50
Part of proceeds garden party held August 31st by ladies of Renforth and Riverside, \$150

PLAN TO GET \$50,000 FUND IN ONE WEEK

This the Purpose of Patriotic Auction, October 4 to 9.

IN ST. ANDREW'S RINK

Proceeds Will Be Devoted to Patriotic Funds - Active Committees Now Making Preliminary Arrangements.

With the opening date of the big patriotic auction about a month distant, the committees in charge of its conduct are actively setting about the preliminary preparations. They aim to secure \$50,000 in one week. The committees having the matter in hand feel confident that they will be successful in accomplishing such a result and are already busying themselves to that end. They ask the aid of all persons in the movement—the most pretensions of its kind ever undertaken in this province. St. Andrew's rink is to be the scene of the auction; the money secured is to be devoted to the Patriotic Fund; the dates of the sale are from October 4 to October 9.

The organization of the campaign to be waged in and about the city for the next month is now being effected. Representatives of the several chapters of the Daughters of the Empire, the Rotary Club, the Knights of Columbus, and the Elks are all lending active assistance, and will largely form the membership of the working body, with the aid of other citizens willing to lend a hand. Much satisfaction has been expressed in the choice of Horace A. Porter as manager of the Fair. Mr. Spencer as chairman of the advertising committee. The latter has had considerable experience in publicity methods which will be invaluable, while Mr. Porter in his exhibition connections made an admirable name for himself, and his managerial experiences will stand him in good stead. Mrs. J. B. Travers is the capable convener of the Daughters of the Empire in the movement.

Temporary offices are to be opened at 181 Prince William street, later to be removed to St. Andrew's rink. At the latter place donations of goods will be received to be sold at auction in the afternoons and evenings of the week in question. In the success of the auction everyone can participate, in giving cash, contributions, goods, or time. The newspapers of the city have promised most liberal space and all assistance possible in the movement; various merchants have offered to give goods from their shelves to be sold, as well as money to help carry on the work—all citizens can give something, great or small, to help realize the ambitions of the workers, \$50,000 in a week.

Canvass Starts Soon.
Canvassers will soon start on a systematized visitation of the city and suburbs. Committees are to be appointed to call upon all citizens and ask their donations which can be given in any form desired. There will be much hauling to be done and this will give an opportunity to teamsters to assist. The use of their time and teams for a few hours night or day will be most heartily appreciated. The auction is not to be of any special class of goods—anything which is knowledgeable gratifying, which can be sold. Farmers will be asked to contribute of their harvest, from their dairy or poultry stock. Automobiles will carry canvassers through the rural districts to the homes of farmers and other residents between St. John and Sussex and St. John and St. George, and it is expected that free transportation can be arranged for all goods donated, besides excursion rates from all parts of the province during the auction week. Housewives can contribute preserves, home-cooking, fancy work, or otherwise, dealers, from their stock in trade. Any work or time which can be given by carpenters, electricians, sign-painters, or men of other trades will be most acceptable and will help in the economical conduct of this praiseworthy endeavor.

Will Be Animated Scene.
And then when the auction is in progress will come the effort to convert the goods received into the ever necessary dollar. Several auctioneers will be busy at once through the rink will be the scene of animation and activity. For six days and nights the big event will be in execution with something new for sale, and some novel means of selling, every day and every night. The committees in charge will do their part well—they have made a splendid start—it but remains for all others to assist and encourage them, to give within their means to the auction store, to patronize the sale and buy, and in every way possible aid in the achievement of increasing the Patriotic Fund by \$50,000 in a week. The canvassers will soon make their call upon you—you will be ready to receive them?

Yarmouth (N.S.) Times: Miss Ada R. Parlee, of St. John, is visiting friends in Yarmouth.

PATRIOTIC FAIR WAS FINANCIAL SUCCESS

Amount Realized at Gathering at Seaside Park to Be Announced Soon - Prize Winners.

It is not yet possible to state the amount received in connection with the Patriotic Fair at Seaside Park held last week. The financial committee and others interested are, however, much pleased with the success of the undertaking. Many guesses have been made as to how much will become available for patriotic purposes. The exact figures will be obtainable in the course of two or three days after a meeting of the financial committee. It will then be possible to decide who is entitled to the ten dollar gold prize donated by Hon. J. B. M. Baxter for the nearest guess of the proceeds of the fair. It has been whispered that the total amount will be in the vicinity of \$2,500 or even more.

The patriotic picture presented by J. M. Roche & Co. was won by J. C. Caven, with ticket No. 17. He can have it upon production of the ticket at the store of the Fairville Drug Company. The prize for the person who made the nearest correct guess of the number of seeds in a cucumber has not yet been awarded. This prize is worth \$5. The cucumber has not been cut yet, but when this feat has been accomplished the seeds will be carefully counted and the prize awarded.

AN OLD FRIEND AT CITY HALL

Mill Street Traffic Congestion Once More Occupies Attention But No Action is Taken.

An old friend put in an appearance at the meeting of the City Council yesterday afternoon in the form of Mr. Mill Street Traffic Congestion. His years and years ago, before a large majority of the citizens of this centre of culture decided that the old City Council was not sufficiently up to date for them and Commission Government was much more fashionable. Mr. Mill Street and the rest of it was a frequent visitor. Much time was spent in discussing the congested condition of traffic on that and other thoroughfares in the vicinity and various schemes outlined to meet the difficulty. Some of the ordinary ailments of that unlighted day had visions of an overhead viaduct by which some of the traffic could be diverted; others suggested widening the streets, but the matter never got beyond the conversational stage.

Yesterday Mayor Prink introduced the stranger who once more occupied attention for a space. But made no more than the old-time progress. His Worship referred to the increasing volume of traffic on Mill and Main streets and Paradise Row and suggested that means should be considered for the widening of the street and the Engineer be a committee to take the matter up and prepare a recommendation of the steps they thought advisable, a plan of the buildings it would be necessary to take to accompany the report.

Commissioner Russell seconded this motion.
Commissioner McLellan asked if it was the intention to go to any expense in connection with the project.
Commissioner Potts said he didn't think so.
Commissioner McLellan said he hoped not. When he wanted to equip the police department with a patrol system he was told there was no money. Yet he thought it was as important to properly equip the department which must handle the traffic as it was to widen the street.

No person present seemed to take any further interest in the topic, the motion was not put and Mr. Mill Street Traffic Congestion once more took his departure. The date of his next appearance has not been announced.

The Dufferin.

He is survived by his wife, Margaret H., daughter of the late A. A. Watson. Three daughters, Mrs. Thos. F. Davies, Miss Ethel and Susie at home and two sons, Robert G., of Montreal, and John W., of this city, also six grandchildren.

Within the Law

Famous New York Drama at Opera House Next Week.

All the thrills that Gaboriau, Anne Katherine Green, and Sir Arthur Conan Doyle, not to mention the authors of "Arsene Lupin" and "Raffles" have given us, have been outdone in the latest crook drama, "Within the Law," the play to be produced by the Klark-Urban Company at the Opera House, Tuesday and Wednesday of next week.
Mr. Veiller, the author, has written, not only the most successful play of modern times, but one which is a novel as well as a stirring melodrama, with one unexpected situation piling on top of another, the last act continuing the same high pitch in which the first begins. "Within the Law" broke all records while running in New York, and is considered to be the most successful play produced during the past five years.
Seats go on sale Saturday.

Steve Goes to P. E. I.
Stephen C. Hurley intends to leave today for Charlottetown to undertake the management of the People's Theatre there. His many friends in St. John are glad to know that his stay in the Island city is not likely to be permanent.

Many Children Die From Summer Complaint

When They Could Be Saved By Using **DR. FOWLER'S Extract of Wild Strawberry.**
Mrs. Guy R. Rhyns, Middle Clyde, N.S., writes: "Last summer my little boy Ross, then a year old, had summer complaint. He was so bad the waste matter from the bowels looked as if it had come from a broken boiler. I live some distance from a doctor, but I sent word to him to come as soon as he could. In the meantime I gave him Dr. Fowler's Extract of Wild Strawberry, and he gradually grew better after the first two doses, and after using all the bottle he was cured. I am the mother of three children, and I could not get them through the long summer months without it."
Thousands of families throughout Canada and the United States have used this sterling remedy during the past 70 years and have always found it a "friend in need."
When you ask for "Dr. Fowler's" see that you get "Dr. Fowler's." Don't accept some no name, no-reputation medicine which some dealer may say is "the same" or "just as good."

LOGGIEVILLE

Loggieville, N. B., Aug. 30.—A wedding of social nature took place here on August 28th when Miss Irene Marjorie Loggie, daughter of Mr. and Mrs. P. H. Loggie, became the bride of Mr. Kenneth Alexander Grieves, of Nainaimo, British Columbia.

The ceremony was performed at 7 o'clock on Wednesday evening at the home of the bride, Rev. Wilmar B. Rosborough, B.A., officiating.

The bride was gowned in white satin. She wore her grandmother's wedding veil, which was caught up with the orange blossoms that her mother had worn at her wedding fifty years ago.

Miss Jean Morrison of Newcastle, cousin of the bride, was maid of honor and Miss Marion Sewell of Burnt Church was flower girl.

Eight ribbon girls costumed in white with pink trimmings formed an escort to the strains of Mendelssohn's wedding march, which was nicely rendered by Miss Vera Murray of Chatham.

During the ceremony the bride and groom stood under a canopy of rose leaves and white flowers. The drawing room was decorated in pink and white, and the dining room in yellow and green.

After the marriage service a sumptuous repast was served to about twenty guests. After the reception the happy couple left on the Maritime express for their future home in Nainaimo.

The bride's travelling costume was of blue serge with black and white hat. The bride received numerous gifts from friends and relatives.

From her parents she received a cheque for \$1,000. Mrs. G. Grieves' friends extended to them best wishes for future happiness.

On Thursday last the schools reopened. The new department did not open until this week owing to the non-arrival of the seats for the room.

The teachers for the year 1915-16 are: Adeline department, Principal Misses G. G. McDonald and Misses G. G. McDonald. Other departments are: Miss Gussie Kelly, Miss Katie Mills, Miss Stella Phelan, and Miss L. Henderson.

Extensive improvements were made on the school house during the vacation.

Mr. and Mrs. John R. Johnston are enjoying a two weeks' vacation.

Miss Hattie Chalmers, who has for some time past been stenographer with the firm of A. & R. Loggie, has resigned her position and left for her home in Bellefleur, on Saturday.

Miss Chalmers was closely associated with the social circles of the town and will be greatly missed. Her friends extend to her many good wishes for the future.

H. M. L. Russell, storekeeper, recently made a general assignment for the benefit of his creditors. His place of business is now under the control of John H. O'Brien, high sheriff of Northumberland.

Having spent several weeks most enjoyably at Gibson, Miss Ethel Dickson is home again.

Miss N. Dickson has returned from Woodstock where she visited relatives during the month of August.

Mrs. Lewis of Hampden, Maine, has returned home after a most enjoyable visit with her friends here.

Miss Mina McKenzie's friends are pleased with her improved condition of health.

Mr. and Mrs. Wilfred Ferguson of Escuminac, who, sometime ago, purchased the Kelly house, are planning on moving to town in the near future. They are now fitting up their home.

RETAINING WALL PROPOSALS SENT BACK FOR INFORMATION

Commissioner McLellan at Yesterday's Council Meeting Refused to Support Bond Issue Unless Details Were Furnished of Proposed Expenditure—License Question Discussed.

At yesterday afternoon's meeting of the City Council it was decided on the recommendation of Commissioner Russell to issue leases to tenants of city lands, as follows:

Lot 361, Guys Ward, to Frederick M. Long, for seven years from May 1st, 1914, at a rental of \$24 per annum, an advance of ten per cent. over former rental.

Lot 533, Queens Ward, to Ada L. Holman, for seven years from May 1st, 1914, at a rental of \$2 per annum, present rental \$1.50.

Lot 1, Block A, Sydney Ward, to Rupert G. Haley, for seven years from May 1st, 1914, at a rental of \$15.40 per annum, an advance of ten per cent. over former rental.

Lot 942, Guys Ward, to Ellen M. Lynch, for seven years from May 1st, 1914, at a rental of \$24 per annum. The commissioner also recommended renewal leases of certain lots in Prince Ward to Frederick A. Peters and of one-half of lot 461 Queens Ward to William Baxter, the rental in the Baxter case to be \$1 per year and that in the case of the Peters lease varying from \$120 to \$137.50, according to the lots.

Commissioner Potts thought the council should have more information as to the leases sought by Mr. Peters and Mr. Baxter and moved that consideration of their leases be deferred for one week. Commissioner McLellan seconded this and Commissioner Russell agreeing it was so decided. During the week the information asked for as to value of lots and proportionate rental will be secured.

A Complaint Filed.

The Consumers' Coal Company complained as to conditions on Sydney Market wharf and slip, South End. They claimed the slip was being filled by the dumping of sand and silt, and that a mud scow stationed there interfered with their access to the slip. After Commissioner Russell reported that he and the harbor master had visited the slip and wharf and could find no ground for the complaint, it was decided to file the communication.

The question of a grant to the Citizens' Committee for recruiting purposes was then discussed and disposed of as reported elsewhere in this issue.

The matter of possible damage from a steam pipe crossing Protection Street from the C. P. R. elevator was discussed. As far as could be gathered from the various statements made there was no clear knowledge as to who gave permission to the C. P. R. to install the pipe. Commissioner Potts moved the council order the C. P. R. to remove the pipe. Commissioner Russell thought the matter should be referred to the Commissioner of Public Works to report at the next meeting and the council divided on this proposition. Messrs. Russell and Wigmore voting for it and Messrs. Potts and McLellan favoring the more aggressive course. The Mayor's decision vote sent the matter to Commissioner Potts for a report.

Mayor Frink thought safeguards should be provided at the old mill pond in West St. John. A fence should be erected for the protection of the public. Commissioner Russell will consider the suggestion.

A communication from J. L. Feeney, superintendent of roads, asked for the use of the city's ten ton roller for work on roads from Torryburn to the city boundary. The request was granted on the understanding that the rent of the roller shall be \$5 per day and the wages of the man in charge, the roller to be kept in good condition.

The Retaining Walls.

The council then went into committee of the whole to consider the matter of retaining walls. In the ensuing discussion Commissioner McLellan stated that the engineer's report on the work to be done did not contain sufficient information. He instanced the case of certain work ordered on Moore street where, he claimed more was being done than had been authorized. Commissioner McLellan declared he would oppose all expenditures of the kind unless sufficient information was presented to satisfy him.

Commissioner Potts, in reply, said the engineer had given all the information necessary, and moved the construction of a retaining wall on Main Street from Harrison to Sheriff street, at an estimated cost of \$15,500.

Commissioner McLellan moved in amendment that test pits be sunk and information secured as to the condition of all of the present wall, the report of the tests to be made at the next meeting of the council.

The amendment was not seconded and the motion was put. It was declared lost by the negative vote of Commissioner McLellan, it being necessary to have unanimous support for a bond issue.

Proposals for retaining walls on Rockland Road at an estimated cost of \$964, on Charlotte street at an estimated cost of \$245, and on Brooks street at an estimated cost of \$149, met the same fate, Commissioner McLellan opposing the expenditure without more information.

It was decided that the question of a retaining wall on the West Side at a cost of \$187 should be referred to the city legal department.

A License Question.

Commissioner McLellan asked for information as to the license under which the carnival shows now playing on the Barrack Square are operating. He understood they were charged a license of \$10 a day, while to his mind the shows came more nearly under the clause of the Licensing Act governing circuses, hippodromes and menageries, the license for which is much higher. He desired to place the Chief of Police in a position where he would know how to act.

Mayor Frink said as represented to the license clerk, the shows came under the \$10 license and he had advised that a license issue at that rate. He was prepared to assume the responsibility for the issuing of the license.

This was satisfactory to the Commissioner of Public Safety and the matter dropped. The committee then rose and reported to the council after which council adjourned.

WEDDINGS.

Bosworth-Sears.
 The marriage of Miss Daisy Sears, daughter of Mr. and Mrs. E. Sears of St. John, to Lieut. Samuel Bosworth, of Montreal, took place at St. Martin's Parish Church, London, recently.

Thompson-Albert.
 A pretty wedding took place Wednesday last at the home of Mr. and Mrs. Albert E. Lawrence, Upper Napier, when their daughter, Beatrice Anna, was united in marriage to John C. Thompson of Port Lawrence. The bride was gowned in white silk crepe de chene, and wore a veil with orange blossoms. The ceremony was performed by Rev. Mr. Outerbridge.

On Tuesday last the home of Capt. and Mrs. Thomas Mitchell, Campbell, was the scene of a pretty event when their second daughter, Roxa, became the wife of David Chute, Rev. F. A. Currier officiating. The bride was becomingly attired in white silk with hat and gloves to match. She was attended by Miss Lucinda Calder, who acted as bridesmaid. The guests consisted of a few immediate friends of the family.

HOW TO CAN PEACHES

Directions for Preserved Fruit That is Not Too Sweet

Many people do not like jams or preserved fruit, that is "dead sweet." Men, particularly, would eat more fruit in the winter if it is not too sweet, and as it is the most healthful thing they can eat, the following directions should be followed by the careful housewife: "More fruit and less meat" should be the rule in all households, and this year is an especially good one in which to make a start, as both peaches and plums are of excellent canning quality.

The great secret of success in canning fruit is to destroy the yeast germs that cause fermentation. This can only be done by a high degree of heat. When this is accomplished and the jars made perfectly airtight, it is not necessary to use large quantities of sugar. The trouble has been to obtain this result without cooking the fruit until it loses its firmness, becoming soft and flabby. If these directions are followed carefully, the result will be firm, fine fruit that is not too sweet and is delicious served with or without cream. It also gives the best fruit for pies and puddings.

Make a syrup of one cup of granulated sugar to two cups of water. Let this boil while filling the jars with peeled and halved peaches. Pour the hot syrup into the jars, covering the fruit. Put the glass covers on the jars, but not the rubber rings. Stand jars in a wash boiler, with pieces of wood in the bottom to keep the jars from touching the metal bottom. Pour cold water into the boiler up to the necks of the jars. Cover the boiler and let the water come to the boiling point. Let the jars remain in this boiling water for ten or fifteen minutes. Then open the jars and fill to the brim with hot syrup. Put the rubber rings on and seal quickly.

The same method is just as good for plums, except that in the case of plums, the fruit is put into the jars whole.

Fruit for Soldiers, to be sent through the Red Cross or Canadian Club, should be prepared in the above way. Our boys in the trenches and hospitals get too much jam. They need preserved fruit as nearly like the fresh fruit as possible.

OBITUARY.

Eugene B. McInerney.
 Rexton, N. B., Aug. 31.—Eugene Banks McInerney, one of our best known and most popular young men passed away yesterday noon at the home of his parents after several months' illness, at the age of 35 years.

HOW TO CAN PEACHES

Directions for Preserved Fruit That is Not Too Sweet

Many people do not like jams or preserved fruit, that is "dead sweet." Men, particularly, would eat more fruit in the winter if it is not too sweet, and as it is the most healthful thing they can eat, the following directions should be followed by the careful housewife: "More fruit and less meat" should be the rule in all households, and this year is an especially good one in which to make a start, as both peaches and plums are of excellent canning quality.

The great secret of success in canning fruit is to destroy the yeast germs that cause fermentation. This can only be done by a high degree of heat. When this is accomplished and the jars made perfectly airtight, it is not necessary to use large quantities of sugar. The trouble has been to obtain this result without cooking the fruit until it loses its firmness, becoming soft and flabby. If these directions are followed carefully, the result will be firm, fine fruit that is not too sweet and is delicious served with or without cream. It also gives the best fruit for pies and puddings.

Make a syrup of one cup of granulated sugar to two cups of water. Let this boil while filling the jars with peeled and halved peaches. Pour the hot syrup into the jars, covering the fruit. Put the glass covers on the jars, but not the rubber rings. Stand jars in a wash boiler, with pieces of wood in the bottom to keep the jars from touching the metal bottom. Pour cold water into the boiler up to the necks of the jars. Cover the boiler and let the water come to the boiling point. Let the jars remain in this boiling water for ten or fifteen minutes. Then open the jars and fill to the brim with hot syrup. Put the rubber rings on and seal quickly.

The same method is just as good for plums, except that in the case of plums, the fruit is put into the jars whole.

Fruit for Soldiers, to be sent through the Red Cross or Canadian Club, should be prepared in the above way. Our boys in the trenches and hospitals get too much jam. They need preserved fruit as nearly like the fresh fruit as possible.

YOUNG JOCKEY REAL STAR

MAC KARNER

Mack Garner, the youngster who is under contract to ride for J. L. Holland and who has just got out of the apprentice class, is considered one of the most promising jockeys in the country, leading the list with 139 victories during the year of his apprenticeship. Born in Centerville, Iowa, nearly seven years ago, the lad is one of five brothers, all of whom are making their living in the saddle. Up to date here he has ridden twelve winners. From what has been seen of him here he is strictly a rail rider and a nice handler of free running horses, and apparently a keen judge of pace.

M'FARLAND FACES HARD GRIND TO MAKE WEIGHT

Chicago, Aug. 31.—That Packey McFarland, south side welterweight, who is matched to meet Mike Gibbons of St. Paul, in a 10-round bout at the Brighton motorrome in New York on September 11, intends to be in the best condition before he leaves for the battleground next Saturday was indicated yesterday when he made the statement that he would start on the last lap of his hardest training today. McFarland is not down to stipulated weight, 147 pounds, which both boxers must make of three o'clock on the day of the contest. Packey was frank to admit that he had several pounds to take off, but he would not step on the scales or tell his exact poundage. He merely said he was eight to ten pounds overweight.

Trains Even on Sunday

After finishing a long workout, something he never did before on the Sabbath in his long ring career, McFarland said he would cover from eight to ten miles on the road every day and put in at least two hours of gymnasium work in the afternoon. In addition to this set programme, Packey will box at least eight rounds with his stable of sparring partners.

A visit to the South Side gymnasium revealed that McFarland is taking this match seriously. He realizes that he will meet one of the cleverest fighters in the game and that it will

ROBINS GET CHENEY AND RUBB

Brooklyn, Aug. 31.—Larry Cheney, for several years the star pitcher of the Chicago Cubs, is now a member of the Robins. Pres. Charles Ebbets and Manager Wilbert Robinson put through the deal in a conference with Roger Bresnahan on Sunday, and today Cheney signed a Brooklyn contract. Ebbets gave \$3,000 in cash and Joe Schultz, his young third baseman, who has occupied the bench most of the year on account of a sore arm.

It was also reported today that the deal for Marquard had been consummated, and that the "Rube" will be at Ebbets Field tomorrow afternoon when the Robins hook up in a double-header with the Pittsburg Pirates.

BOWLING CHALLENGE.

The Moncton Times has received a communication from William Sutherland, Brookville, St. John Co., N. He states that if a prize is to be considered this could be arranged before the match.

AMERICAN LEAGUE

Detroit 9, Chicago 8

Detroit, Aug. 31.—Detroit defeated Chicago in an erratic contest today, 9 to 8. The Tiger runs were the results of hits bunched, with fielding slips by the visitors. Cobb, who had gone to the plate nineteen times without making a hit, came through in the eighth with a single that won the game. The score: Chicago 01001050—8 11 4 Detroit 00001060—9 11 1 Batteries—Russell, Cicotte and Schalk; Dubic, James and Stange.

Washington 4, New York 2

Washington, Aug. 31.—Washington won both games of a double-header from New York here today, 4 to 1, and 3 to 2, the second contest going eleven innings. In the first, after Washington scored four runs, during the fourth inning, Manager Donovan went in to pitch for the Yanks and allowed only one hit in four innings. The score: (First game) New York 00001000—1 5 1 Washington 00040000—4 9 1 Batteries—Brown, Donovan and Nunamaker; Gallia and Henry.

GRAND CIRCUIT RACING

Yonkers, N. Y., Aug. 31.—The first Grand Circuit trotting meeting seen here in five years opened today at Empire City Park here. Continued rains made the track heavy and tiring to the horses and public form was completely upset.

In the \$5,000 race for 208 trotters, which was the feature of the programme, Lee Axworthy, 2:03 1/4, bither to unseat this season, was defeated in crushing style by Peter Scott. In the heavy going the colt that won the fastest three-beat race on record at Cleveland a fortnight ago, could do no better than take third money when the heats were in 2:09 1/4, 2:10 and 2:09 1/4. There was no betting at the meeting. Owing to the heavy track Directum I did not start to beat his record of 1:58. He will start on Thursday. Summary:

HALIFAX EXHIBITION RACING

Halifax, Aug. 31.—The horse racing, which opens on Sept. 8th, and continues every afternoon until the following Wednesday, promises to be one of the greatest meets ever held here. The purse, premiums, etc., aggregate \$6,800, the purses being \$400 per race, and the entries average about 8 horses to each race. The entry list will be published next week. The programme is as follows:

Wednesday, Sept. 8th—2:40 trot, Maritime bred, stake (closed); 2:19 pace, stake (closed); Thursday—2:27 trot, 2:15 trot and pace.

Friday—2-year-old trot, stake (closed); 2:40 pace, stake (closed); 2:19 trot, stake (closed).

Saturday—2:25 trot and pace; 2:30 trot, stake (closed); free-fall trot and pace.

Monday—2:17 trot and pace; 2:30 pace, stake (closed).

Tuesday—3-year-old trot, stake (closed); 2:35 trot, 2:24 trot and pace; free-fall trot.

Capt. McKinnon, of Charlottetown, is the first of the outside horsemen to locate his horses. He has the famous horses, Dr. Sharper and Helen K., together with Miss Alvone. Sharp is going great and stopped a mile in 2:15 Thursday. It will be of interest to horsemen to know that Dingola is returning here from the U. S. and will be on hand for the fair racing, promising a sensational free-fall. Halifax men who have their horses at the track include J. B. Mitchell, Frank Boutiller, Peter Carroll, C. E. Smith and L. R. Acker.

CHIEF BENDER RELEASED

Baltimore, Md., Aug. 30.—The unconditional release of pitcher "Chief" Bender was announced today by the management of the Baltimore Federal League club. Bender was formerly with the Philadelphia Americans, and for years ranked as one of the most famous pitchers in the game.

HAWORTH OF INDIANS INJURED

Fort Wayne, Ind., Aug. 31.—Catcher Haworth of the Cleveland Americans suffered a fracture just above the right ankle while sliding in an exhibition game here today between the Cleveland team and the Fort Wayne Central League club. Fort Wayne won the game, 7 to 4.

Around the City

Sacred Concert Sunday Night The sacred concert which was postponed last Sunday evening owing to the wet weather, will take place on the King Edward bandstand on next Sunday evening, when the same programme as published will be rendered.

Address by Miss Arnold. Miss Joan Arnold will give an address this evening in Stone church schoolroom before members of the Women's Canadian Club, and it is expected that a large number will be present. Miss Arnold will be engaged in Europe in connection with the work for soldiers' comforts, and will speak on that subject. The proceedings will begin at eight o'clock.

An Echo From B. E. Africa. Com. McCallister received a letter from his son Harold, a non-commissioned officer of the 25th Royal Fusiliers now fighting in British East Africa, who has been obliged to discontinue fighting because of an injury sustained in a skirmish. He will be interesting particulars concerning the campaign amongst the blacks.

Town Planning. A brief session of the Town Planning Commission was held yesterday morning in City Hall, at which Thomas Adams town planning adviser of the commission on conservation, was present. No important business was transacted. The object of the meeting was to hear objections to the town planning scheme as now prepared, but no objections were forthcoming.

An Army Souvenir. Cecil W. Folkins, of the Divisional Ammunition Column, who left St. John on the "Caledonia" on June 13, has sent handsome little souvenir army brooches to some of his friends in St. John. These pins consist of a tiny gold rifle with bayonet attached, surmounted by a khaki soldier's cap. The carrying strap of the rifle hangs loosely from the rifle and is set with three small stones. Cecil Folkins is the son of George W. Folkins, of the North End.

Flour Prices. As stated in The Standard of the 27th inst., there is good prospect of cheaper flour in view of the successes of the Allies in the Dardanelles and other causes. The statement recently made in an evening paper, however, that Ontario flour had declined forty cents was incorrect. There was a decline of twenty-five cents yesterday. Manitoba flour has dropped seventy-five cents and it is expected that this will be even cheaper before long.

Another War Contract. The Canada Brush Factory have started work on a contract to supply 45,000 clothes brushes to be delivered to the Canadian forces. This work will require the employment of extra workmen and comes in addition to the regular commercial business of the factory. It is only one of many contracts secured for St. John firms through the agency of Hon. J. D. Hazen and the news is being received with great pleasure by the citizens in general.

Letter from Major Markham. A letter was received in the city on Monday from Major A. L. Markham of the 6th Canadian Mounted Rifles now at Shorncliffe, Eng., in which he states that the men of his regiment have not received any mail since they left Canada. On Monday, Aug. 16th the Rifles were inspected by Sir Sam Hughes. In the afternoon of the same day the Rifles were at an inspection by the Duchess of Teck. There were fifteen thousand men present and at another camp there was an inspection of eighteen thousand, all Canadians.

WOMEN'S CANADIAN CLUB. All members are requested to attend the lecture in Stone church school room this evening at 8 o'clock by Miss Joan Arnold on the Work of the Field Comforts' Commission. This will be the only notice to members.

FIRST GUN IN NEW CAMPAIGN FOR RECRUITS WILL BE FIRED ON KING SQUARE FRIDAY NIGHT

Arrangements Made Yesterday for Greatest Demonstration in City's History—Marquee and Speakers' Stand to Be Placed on King Square, Opposite Breeze's Corner—Bands Galore Will Furnish Martial Music—Committees Ready for Campaign Which Will Place Empire's Need Fairly and Squarely Before Every Man, Woman and Child in St. John.

The first definite step in connection with the new recruiting campaign to be conducted in the city was taken yesterday afternoon when, at a meeting of the Citizens' Committee, it was decided to hold a monster open-air recruiting meeting in King Square, next Friday evening. That this recruiting campaign will be the largest, and most successful of any yet held in the Loyalist city is evidenced by the fact that strong and efficient committees composed of some of St. John's most influential men, have been appointed to make preparations for the big event. These committees, realizing that now is the time for action and that the ranks of the 55th and other regiments to come later must be recruited, are now devoting their time towards a successful issue of the campaign.

The meeting on next Friday evening will take place on the north side of King Square, with bands in attendance and prominent speakers present to impress the crowd that men are wanted right away to fight not only England's war but Canada's war. Military officers, prominent civilians and soldiers, who have returned from the front, will address the gathering and, judging from the well-laid plans adopted at yesterday's meeting the result of the campaign will not be in doubt and the call for men will not be unanswered.

The City Council has granted permission to erect a large military marquee tent on the greensward at the northwest corner of the Square, opposite Breeze's corner, and a speakers' platform will also be set up. Here will be located a permanent recruiting station, an information booth for enquiring recruits, right in the open so that all who pass up and down town may see it and know that New Brunswick and St. John are again to the fore for the flag.

It is the intention of the committee to have the issues of the hour in the war presented to the men of St. John and New Brunswick in the clearest and most explanatory light, also what the government is willing to do for those who take up arms at this critical juncture.

In order that recruiting be fostered it is absolutely necessary that a body of citizens assume strenuous labors for a considerable period. The facts must be looked squarely in the face and presented with frankness to the citizenship at large. It is a serious matter for the ineligible stay-at-homes as well as the man who is physically fit to fight, to say nothing of the women who have men folk to spare. In this spirit of co-operation and true British loyalty the fresh campaign for more men is being launched Friday night of this week. Halifax has done nobly of late in swelling her Nova Scotian regiments, Toronto and other Upper Canadian and western centres are enrolling their sons by the hundreds and while New Brunswick, second smallest of the provinces of the Dominion, has already sent away three crack regiments she is buckling down to the fourth with all her old-time vim and determination.

Yesterday's Meeting. Those present at the meeting held yesterday afternoon were, Lieut.-Col. E. T. Sturdee, chairman; Lieut.-Col. B. R. Armstrong, Senator Daniel, Capt. H. H. Smith, His Honor Lieut.-Governor Josiah Wood, C. W. Hallamore, G. Armstrong, E. A. Schofield, G. E. Barbour, Richard O'Brien, A. M. Belding, W. H. Golding, L. P. D. Tilley, M. L. A., Lieut.-Col. Perley, W. E. Foster, Rev. M. E. Conroy, F. E. Hannington, W. J. Mahoney, and R. E. Armstrong, secretary.

The secretary stated that he had written to the city council and the local government regarding the funds which the committee wished them to subscribe to the campaign. The special campaign committee then made its report. The chairman, Col. Armstrong, stated that the committee had come to an agreement regarding two recommendations, first regarding committees, second, what the campaign should consist of and the preparations to be made. Senator Daniel moved that the scheme as planned by the committee be adopted as read. He said that the scheme appealed to him very strongly and thought that it was one of the best ever laid out for such a purpose. The motion was seconded by R. O'Brien and carried.

The Committees. Following are the committees and members as suggested by the special campaign committee: Executive—T. H. Estabrooks, chairman; Philip Grannan, M. L. A.; L. P. D. Tilley, M. L. A.; Com. McLellan, Mayor Frink, Thomas Nagle, Col. Armstrong, Col. Sturdee, Geo. E. Barbour and R. E. Armstrong.

Publicity—W. H. Golding, chairman, H. V. MacKinnon, Richard O'Brien, A. M. Belding and B. Stillwell. Finance—W. E. Foster, chairman, W. I. Fenton, T. E. G. Armstrong, Coun. O'Brien and S. W. McMackin.

Meetings and Speakers—E. A. Schofield, chairman, C. T. Stanford, A. O. Skinner, E. E. Church, A. H. Wetmore, S. E. Elkin, W. J. Mahoney and Lieut. Brooks. Place of Meeting. A discussion followed with regard to the best place where the recruiting meeting should be held. L. P. D. Tilley said that the special committee was undecided whether it should be held on King square or in the St. Andrew's Rink. The St. Andrew's Rink was available for such a meeting said W. H. Golding, but there were no chairs there. Not more than 600 chairs could be procured in the city, but there was enough for use on the platform.

Richard O'Brien stated that he thought the required number of chairs could be procured from the exhibition association. Concerning an open air meeting, A. M. Belding read a clipping from a recent issue of the Halifax Echo, which spoke of the grand open air patriotic meeting held in Halifax last Saturday, which was entirely successful. There were many prominent speakers and bands in attendance. Outside of this meeting a series of three rallies per week are being held in the slater city with bands present, and speakers to address the crowds. This gave those present an insight as to what was being done in Halifax, and the idea prevailed that more men would enlist as the result of an open air meeting.

W. H. Golding said that the erection of a marquee on King square would be a great novelty and would be sure to attract attention. The present bandstand on the square was a poor place for speaking, as three quarters of the people were in the rear of the speakers. The trees also were a very serious obstacle. The triangle nearest the market would be the best place, and a large crowd could be accommodated in that vicinity. L. P. D. Tilley, M.L.A., moved that a sub-committee be appointed to go to once and interview the Mayor and commissioners who were in session below, with regard to erecting a marquee on the square at the place in view. This motion was carried and Col. Armstrong and Mr. Tilley were appointed by the chairman to interview the city council.

A BIG DAY FOR THE ORPHANS

Will Be Guests of Automobile Association—Visit to Wild Animal Show a Part of Day's Programme.

With good weather this afternoon a gala day is assured for the Catholic and Protestant orphans in the City and County of St. John, for the annual outing provided to these little girls and boys by the New Brunswick Automobile Association will be held.

President Regan of the association has been a very busy man for the past few days making arrangements and everything is now complete. All the orphans will be given an outing, with the exception of those from the Wiggins Home, and they are in the country. The Automobile Association members will provide between 35 and 40 automobiles. The cars will call at the different orphanages and take their passengers and will assemble on King street east. Here the girls and boys will be well supplied with peanuts, candy, etc., also each will receive a flag. The cars will leave King street east at two o'clock and the route to be taken is as follows: King street east to Sydney, south side of King Square to Charlotte, to King, to Dock, to Mill, Main, Douglas Avenue, across the new bridge to Fairville, from Fairville corner to Gypsy Settlement road, thence to South Bay road, to Manawashish road, back through Fairville to Douglas Ave., Main, Mill, Dock, King, German, St. James, Carmarthen to the armory. The cars will be left at the armory and for an hour or two the orphans will be the guests of the management of the big carnival being held on the Barrack Green. The management of the carnival and the Order of Moose under whose auspices it is being held yesterday guarantee the Automobile Association members that all the amusements on the grounds would be free to the children and they would see that they were well looked after.

When the wild animal show and other big attractions on the grounds have been witnessed by the children they will again board the cars and will be driven home. Chief of Police Simpson has arranged to have patrolmen stationed along the route of procession to see that the automobiles will have the right of way and not be interfered with.

NEW TELEPHONE CONNECTIONS. Telephone connections has now been established with the following places—Kingston, Gorham's Bluff, Grey's Mills, Cedars, Long Reach, Holderville, Milkish, Bayswater, Summerville, Sea Dog Cove, Whitehead and Chapel Grove.

These places are now supplied with service by the Kingston Peninsula Telephone Co., Ltd., and connection is established with the New Brunswick Telephone Company, Ltd., at St. John.

Silk Dresses. F. A. Dykeman & Co. are showing some very special lines in ladies' silk dresses. If you call in and inspect them you will find some of the best values that have ever been offered for the money. They are all of this season's styles, and the prices are within the reach of everyone, as they range from \$7.75 to \$17.50. They are made from silk poplin and messaline and the colors are brown, black, Alice blue, Belgian blue, navy and gray.

Marques should be decorated at night by lights as they would appear more attractive and tend to draw a crowd. He thought the St. John Railway Company should be asked to stretch a string of lights in the vicinity of the marquee. W. H. Golding suggested that permission be asked to erect a flagpole near the marquee so that the Union Jack could float over the recruiting station.

Richard O'Brien said bands should be engaged to provide martial music. As this phase was not looked after properly in the first campaign, he thought that it was absolutely necessary to take vigorous steps to engage bands this time.

The chairman stated that the bands during the past summer had been called upon very extensively to offer their services and thought it was only the proper thing to pay them if they desired it. The sub-committee then returned to the meeting and reported that permission had been granted for the erection of a marquee and Commissioner Potg had been appointed to look after the arrangements and details.

With this definitely decided, C. W. Hallamore moved that a recruiting meeting be held on King Square on Friday evening, if not in St. Andrew's rink. This motion was seconded by L. P. D. Tilley and carried.

Will Meet Daily. Richard O'Brien moved that meetings of the citizens' committee be held every day in the Board of Trade rooms at 3.30 p. m. This motion, seconded by Mr. Tilley, was carried.

The chairman, in closing the meeting, said that it was absolutely necessary for every member of the committee and sub-committees to be present if possible. A good deal of time must be devoted by the gentlemen if they hope to carry the campaign to a successful issue. I think the plans for the campaign as outlined are excellent and if all will co-operate in the work for the bringing in of recruits, the recruiting campaign will assuredly meet with the greatest success.
