NEWCASTLE TO CELEBRATE JULY 1

Big Demonstration Being Planned For Dominion Day

COMMITTEES APPOINTED

Will Report at Public Meeting to Be Held in Town Hall Next Friday Night

In the public meeting in the Town Hall, Friday evening, Mayor Miller presided. Steps were taken to prepare for a big celebration here on Dominion Day. The following committees were nominated and are to report at a second public meeting next Friday night:—
Managing Committee—J. R. Lawlor, chairman; Mayor Miller, Ald. Morrissey, McMurdo and Shaw; and Clara P. McCabe.
Soliciting Committee—Mayor Miller, chairman; Chas. M. Dickinson and D. S. Creighton.

WOMEN'S MISSIONARY SOCIETY.

23rd Annual Meeting N. B. and P. E. I. Branch Held Last Week.

The 23rd annual meeting of the N. B. and P. E. I. Branch of the W. M. S. was held at Fredericton on June 2, 3, 4 and 5. The names of over ninety delegates were enrolled. The meetings were held in the auditorium of the Methodist Church and were interesting, instructive and generally helpful being conducted in a thoroughly business like and systematic manner. The year just closed comprised only eight months, the time of Branch meeting having been charged from last of Sept. to first week in June. In consequence of this a number of districts showed a deficit in receipts, but had the year been of the usual length the increase would have been quite marked.

The society had during the past year sustained the loss of one of its executive, the late Frances E. Palmer whose qualities of heart and mind had done much toward the successful work of the society. On Thursday afternoon a memorial service was held which was deeply inspiring and acting.

The corresponding secretary, Miss Stewart, reported 93 auxiliaries, with 1003 ordinary members, and 195 life members, making a total of 2,098. The number of associated helpers was given at 123.

The total amount forwarded to the treasurer, of the Branch was \$8,106.08, the amount sent to the general treasurer was \$7,840 and \$164.08 was sent to the test fund treasurer.

Election of officers resulted as follows:—
President—Mrs. J. D. Chipman, St. Stephen.

1st Vice president—Mrs. H. A. Stewart, Sackville.
2nd Vice president—Mrs. Howard, St. John.

3rd Vice president—Mrs. Trueman, Sackville, P. E. I.
Corresponding Sec.—Mrs. W. B. Coulthard, Fredericton.

Recording Sec.—Mrs. G. F. Dawson, Charlottetown, P. E. I.
Mission Band Cor. Sec.—Mrs. Enman, Port Elgin.

Treasurer—Mrs. F. S. Williams, Marysville.
Auditor—W. B. Coulthard, Fredericton.

Delegate to Board—Mrs. W. Lawson, Alternite—Mrs. Corbett.
The motto suggested by Miss Cunningham, who has labored in Japan for upwards of twenty years, and who hopes to return to the same field, was adopted by the Branch. Ephesians 3, 21, 22:—
Unto Him that is able to do exceeding abundantly above all that we can ask or think according to the power that worketh in us, unto Him be glory in the church by Christ Jesus, throughout all ages, world without end.

The Sacrament of the Lord's Supper will be dispensed in St. Stephen's Presbyterian church, Redbank, on Sunday, June 14th.

At the University Encenia at Fredericton on the 28th ult., Miss Iris A. Fish of Newcastle was a close competitor for Lieut.-Gov. Tweedie's prize of \$50 for proficiency in the ordinary subjects of senior year, the winner being E. Stanley Bridges of St. John. Miss Fish was awarded a special prize of \$25 given by a friend of the University. Miss Ina F. Mercereau of Doaktown took the degree of Ph. D. in Course. Miss Iris A. Fish of Newcastle and Walter McN. Mathews of Chatham took degree of B. A. in first division. W. K. McNaughton of Blackville took degree of B. Sc. in second division, and H. R. Loggie of Chatham in third. Miss Francis L. Fish took honors in Natural Science and English.

NORMAL STUDENTS PLAY NASTY TRICKS.

FREDERICTON, Saturday.—Several Normal School students got busy at the close of their entertainment last evening and marched around the streets during the night.

This morning a couple of historic cannons which were brought here and mounted on the river bank at considerable expense by the Improvement Association were found turned over and damaged and a head stone in the old cemetery had suffered similar fate. Certain Normal school students are suspected and arrests may be made.

BIG TURBINE LINER FOR PACIFIC

SAN FRANCISCO, Tuesday.—The big turbine liner Cervo Maru, recently built for the Toyo Kisen Kaisha, left Yokohama today on her maiden voyage to this port. The vessel is of 14,000 tons displacement and can carry 800 passengers in addition to her cargo. It is expected that she will try to beat the record across the Pacific.

THE BOARD OF TRADE PROTEST

Against the Discontinuance of Subsidy to the Steamer "Dorothy N."

WIRE MR. MORRISSEY

Demanding Its Restoration Subsidy Will Likely Be Granted

Wednesday afternoon, June 3rd, the Executive of the Newcastle Board of Trade, met in the Town office to protest against the discontinuance of the provincial subsidy to the steamer "Dorothy N." With the exception of Hon. John Morrissey, president, the full Executive were present, and also a number of other gentlemen, members and non-members. The meeting was strongly of the opinion that the subsidy should be restored, and a telegram of no uncertain sound and signed by the ten members of the Executive was sent to Mr. Morrissey urging upon the government, the advisability of giving John Russell & Co. a subsidy this year of \$1000—the same rate at which they were subsidized last year by the Robinson government.

From unofficial sources we understand that the subsidy in whole, or in greater part will be restored.

NORMAL SCHOOL CLOSING EXERCISES.

Medals And Prizes Awarded For Professional Ability And Good Scholarship

Normal School closed on the 5th. At the conclusion of the regular programme, Principal Bridges announced the winners of the Governor General's medals, which have been offered annually for twenty years or more for professional work at the institution. The winner of the silver medal was Marshall Nason, of Fredericton Junction, son of late Councillor Wesley Nason, who had won by only a few points above Miss Peacock, of Albert county. The winner of the bronze medal for those trying for second class licenses, was Miss Gladys McDermott, of Charlotte county, who found Mr. Blaney, of Charlotte county, very close competitor. Dr. Inch was asked to present these medals, and he did so, making a brief speech.

Principal Bridges then announced winners of prizes offered by His Honor the Lieutenant Governor. The first prize of \$30 was won by Mr. Dally, of Albert county, who had won it from his closest competitor Miss McNair, of Restigouche, whose health unfortunately broke down during final examinations; while the other prize of \$20, for competition among those trying for second-class licenses, was won by Miss Curran. These prizes were awarded for highest position in general scholarship.

TUPPER NOT COMING TO PICTOU.

VANCOUVER, Tuesday.—It is stated here in circles close to the Tupper that Sir Hibbert Tupper has abandoned all intention of contesting Pictou county, and that he has forwarded a letter to a prominent Conservative leader in New Glasgow announcing that he has decided to withdraw his acceptance of the nomination tendered him some months ago. It is freely stated that both Sir Hibbert and his father are sore because R. L. Borden made no attempt to call off the McBride factionous opposition to Tupper's nomination in Vancouver, and that the younger Tupper is out of the game for the present.

BRISTOL HONORS STRATHCONA

LONDON, Friday.—The freedom of the city of Bristol was yesterday conferred on the Earl of Dudley and Lord Strathcona. At the annual banquet last night of the British Chamber of Commerce Earl Dudley and Lord Strathcona were the principal guests. President Sydney Humphries presided.

WORCESTER, Mass., Sunday.—Three persons were drowned by the upsetting of a canoe on the lake near here today. The party composed two girls and a boy.

THE MODUS VIVENDI

London Morning Post Says Government Should Take a Firm Stand

LONDON, Tuesday.—Referring to the proposed renewal of the modus vivendi the Morning Post declares that the Newfoundland fisheries situation requires nothing more than a firm announcement that the fishery will be conducted this year under the 1813 treaty, and a cruiser sent to see that the British regulations are respected by all concerned.

ELECTIONS IN QUE. AND ONT.

Provincial Government Won By Big Majority In Each Case

BOURASSA VICTORIOUS

Ontario Conservative by Increased Majority; Quebec Still Liberal

Montreal, June 8.—The parties in next Quebec legislature will probably stand: Government (Liberal) 58; Opposition (partly Conservative and partly Nationalist Liberal) 16. The two Conservative leaders were defeated; while the Nationalist chiefs, Henri Bourassa and Armand Lavergne, take their place. The last House stood: Government 67; Conservative 7. The Conservatives have merely held their own, the slight opposition increase going to the Nationalist Liberals. Bourassa defeated Premier Gouin in the warmest personal fight in Montreal for some years.

Toronto, June 8.—Final election returns show: Conservatives, 87; Liberals, 18; Canadian Labor Party, 1. The eight Toronto seats all went to the government, which have gained several seats elsewhere.

MAYOR DREYFUS SHOT AT.

Revival of Old Feud on Occasion of Zola's Entombment in Pantheon.

PARIS, Thursday.—At the conclusion of the ceremony this morning in connection with the placing of the body of M. Emile Zola in the Pantheon and while the procession was emerging from the Portico to witness a defile of the troops a member of the Staff of the France Militaire who gave his name as Gregoire fired two shots point blank at Major Alfred Dreyfus. The latter, however, was only struck once in the hand. His assailant was arrested. Dreyfus' injury is only a slight one. The attempt on the life of Major Dreyfus was made at the foot of the Catala-fue, directly in front of the Tribune from which M. Doumergue, the minister of Public Instructions, delivered an eulogy on M. Zola's matchless courage in arousing the conscience of the nation to the necessity of doing justice to Dreyfus.

RUSSIA HAS DEFICIT OF \$100,000,000.

ST. PETERSBURG, Wednesday.—According to the Russ. Finance Minister Kokoysoff has sent a letter to the cabinet proposing the immediate issue of an internal loan of \$100,000,000 to cover the deficit in the 1908 budget and other expenditures that cannot be deferred. The approval of the Duma will have to be obtained. The money will be applied as follows:—\$20,000,000 to the deficit; \$8,000,000 to famine relief and \$30,000,000 to the Ministries of War and Marine, principally for the augmentation of munitions of war and military stores.

NOISELESS TYPEWRITERS

TORONTO, Wednesday.—The click-click of the typewriter is soon to become a memory. A "silent" and a "noiseless" typewriter company have been granted charters at Albany, N. Y. The "silent" is to be capitalized at \$50,000, and the "noiseless" at \$50,000.

S. J. Moore, Toronto, and C. W. Colby, Montreal, are directors of the "silent," and John McKay and Robt. Kilgour, Toronto, of the "noiseless." Mr. Moore said last evening that the plans contemplate the establishment of a factory in Ontario, England and the United States. The company just organized has taken up the preliminary work of five years. The invention is now ready for the market, but the machines will not be offered for sale until after the factories have been established, which will take several months.

A model was recently in Toronto, but has been sent to England for exhibition there. Model machines will be on exhibition here before and probably at the Toronto Exhibition.

OMAHA, Neb., Sunday.—The tornado which passed over Southern Nebraska and Northern Kansas last night was the most destructive ever seen in this territory. At least 21 persons were killed.

So does France
So does Germany

The U. S. Congress has made the sale of alum foods illegal in Washington (District of Columbia), and alum baking powders are everywhere recognized as injurious.

To protect yourself against alum,
when ordering baking powder,

Say plainly—

ROYAL BAKING POWDER

and be very sure you get Royal.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar. It adds to the digestibility and wholesomeness of the food.

In Women

Tarnished by the heat of the sun, placed in bottles for two hours and washed in hot water.

Men's worn collars, cut into narrow strips furnish convenient substitutes for the wax tapers used in gas lighters. There is no better recipe for keeping a man at home evenings than to stuff him too full of good dinner for movement.

This is the time of year when the woman who means to look off for summer begins to take her poor health and to buy substitutes for her own.

It would be a very convenient situation if a man could hire a girl who is also a female nurse, and back.

Talk about the power of the czar. There's no such man on earth as the girl who has a right to college and returns home to make over the family.

The pulverized baking powders last much longer than a talcum powder shaker. Baking powder can with holes through the lid may be utilized for this purpose.

Buy a strong, sturdy cloth and use small pieces of material in place of fasteners. When well cooked add a little rich cheese, grated. Pour the mixture in sauce basting the chicken with it. Serve on toast.

FRUIT MARMALADE. Peel and prepare the fruit according to its nature. Mash if necessary, and strain half of its bulk of juice. Cook slowly until tender, then strain through a sieve. Boil the fruit as blackberries, and sufficiently fine to strain. Add water in preparing. Boil for several of the package. Boil for several of the package. Boil for several of the package.

It is an old saying that being to be the trouble of the world. Even an automobile can go wrong to the right of the road, the flying machine can go wrong upwards or downwards, and the three dimensions of the world are not to be trifled with. We are all in a world of our own making.

Rheumatism

I have found a remedy for Rheumatism. Not a remedy that straightens the distorted limbs, but a remedy that turns growth back to its normal state. That is impossible, but I can now say that the pain and pain of this disease is gone.

In Germany, a man named Dr. Shoop, who had been a doctor for many years, had a very large number of patients who were suffering from Rheumatism. He had a very large number of patients who were suffering from Rheumatism. He had a very large number of patients who were suffering from Rheumatism.

TO REFORM CRIMINALS

LONDON, Wednesday.—Home Secretary Gladstone introduced in the House of Commons today a bill aiming to reform habitual criminals by conciliatory treatment. Mr. Gladstone said the present system was sufficient deterrent for 50 to 60 per cent. of the prisoners but was useless for two classes, namely those who are criminals because of mental or physical deficiency and those preferring to live by crime. The latter laughed at the present system. They refused a helping hand and were determined not to work. The bill proposes to follow penal sentences by a period of preventive detention until the authorities are assured the prisoners will live honestly and until age or infirmity incapacitates them from resuming a life of crime. The system, said Mr. Gladstone, is based on hope, not fear. It would enable a man to effect his own release. The bill passed its first reading.

DOG MAKING OWNER RICH.

Roy W. Emig and Leon J. Cox of this city are much interested in a story which comes from near their ginseng patch. It is a story of a dog that hunts ginseng and if they can buy this dog for a reasonable figure they say they will do so. The dog is owned by a Brown county man who is getting rich merely by waiting to hear the dog bark. The dog goes into the woods and sniffs. It can smell ginseng a mile, the owner says, and as soon as a ginseng root is found the dog begins barking as if it had treed a coon. All the owner has to do is to follow the dog's bark, dig up the ginseng and take it to market. When the root is not too deep the dog does not bark, but does the digging, stores the ginseng in its mouth, takes it home and deposits it at the feet of its master. The owner of the dog is having an easy time. He sells the dog on the ginseng industry and the dog is making him rich. The dog is said to never make a failure and on that account the local ginseng magnates are anxious to talk business to the owner of the animal.—Ex.

Patti Makes Final Public Appearance and Kisses Old Wilhelm Ganz.

LONDON, Thursday.—Mme. Patti recently made what she declares was her final public appearance, singing at Queen's Hall on the occasion of the diamond jubilee of Wilhelm Ganz, professor of singing at the Guildhall School of Music, whom the diva publicly kissed. She placed on his head a wreath of golden laurels. Mme. Patti was among the distinguished audience and she listened to Mme. Patti for the first time with intense emotion.

WOMAN ATTACKED MAN IN CHURCH

Edna Suddard Attempted to Shoot Walter Cooke Near Kingston

TORONTO, Friday.—In the Methodist church at Cataraqui, a village near Kingston, while people were at prayer a young woman, Edna Suddard, moved to a pew behind Walter Cooke, took aim at Cooke and pulled the trigger. Luckily the shell did not explode. The woman was speedily disarmed and left the church. To protect himself Cooke has taken proceedings. The case will be heard before Justice of the Peace Hunter. It is said the young woman was temporarily insane.

CLOSING DAYS OF THE ASSEMBLY

Gloucester and Northumberland
Each Lose a Subsidy.—Chatham-
Redbank Grant Left off

FRENCH LANGUAGE USED

Opposition's Amendments to Re-
duce Road Tax, and Have Coun-
cils Rule Highways Lost

Fredericton, May 29.—The House met at three o'clock. Hon. Mr. Grimmer, in reply to Mr. Pinder, said that John Robinson was appointed chief game warden on May 3rd, 1903, at a salary of \$900 a year and traveling expenses, which was afterwards increased to \$1,200 salary a year and \$700 expenses, and he had received since his appointment \$3,080 in salary and \$1,884.20 for expenses, in all \$4,964.20.

The government passed a bill authorizing an issue of debentures to the amount of \$275,000 to take up floating indebtedness of the province.

Hon. Mr. Morrissey, in reply to Mr. Byrne, said it was true that the government had withdrawn the subsidy to the Gloucester Navigation Company.

The subsidy had been withdrawn from other companies without notice, and in the case of the Gloucester company because the service did not meet requirements. The amount of the subsidy previously paid was \$1,500, and the fact that the independent Liberal members of Gloucester voted against a government measure in no way influenced the matter.

Mr. Byrne said that Gloucester county contributed more money to the provincial revenues than many of the other counties. It was one of the richest in natural resources. They had iron mines, coal mines and other large sources of revenue and when they came to consider these facts it would be admitted that great injustice had been done. He would like to know if the subsidy had been withdrawn at the instance of Messrs. Stewart, Witzell and Blanchard. If it had been done on their recommendation, he would be prepared to give a proper service. It was not at the recommendation of Messrs. Stewart, Witzell or Blanchard. He took full responsibility himself. He proposed to give a proper service to the county in Gloucester, as his own friend opposite. Was his hon. friend aware that the boat was idle for six weeks last summer?

Mr. Byrne.—Where did you hear that?

Hon. Mr. Morrissey said it was to be heard everywhere, even from friends of the honorable gentleman himself. The subsidy which the honorable gentleman referred to was not to be found in the pages of the auditor's report. He had searched for it for a long time and at last found it in the convenient receptacle of a suspense account. Subsidies had been withdrawn from several steamship companies, including one of \$500 from Northumberland. Even some of the members of the Gloucester company had protested against the payment of this subsidy.

AID FOR QUEBEC CELEBRATION.
The order of the day (supply) being called, Hon. Mr. Fleury moved that the sum of \$7,500 be granted to his majesty in aid of the Quebec centenary celebration.

After patriotic speeches by Messrs. Fleury, Robinson, Lablanc and Dr. Landry, the motion was passed. When it was proposed to read the highway act a third time, Mr. Robinson, seconded by Mr. McKeown, moved an amendment to provide that in those parishes where there are three county councillors they shall constitute the highway board, and where there are only two that the third one shall be appointed by the municipal council.

The house divided on the amendment, those voting in favor of the amendment being Messrs. Robinson, McKeown, Lablanc, Sweeney, Currie, Copp, Tweeddale, Burgess, Leger (Westmorland), Lowell, Byrne and Dr. Sormany, 12.

Nays—Hon. Messrs. Hazen, Fleming, Grimmer, Morrissey, Dr. Landry, MacLeod, Maxwell and Messrs. Clarke, Wood, Slipp, Harts, Munro, Sprout, Pinder, Young, Robinson, Glasier, Wilson, MacLachlan, Baker, Cyr, Hatheway, Murry, Sheridan, Jones, and Dr. McInerney—23.

Mr. Currie, seconded by Mr. Leger moved an amendment that the minimum rate of taxation for highway purposes should be 12 cents on the \$100 and \$1 poll tax. On division this amendment was lost by the same vote.

Mr. Tweeddale, seconded by Mr. Byrne, then moved an amendment providing that it should be optional with any ratepayer as to whether he should pay his tax in money or by statute labor.

The speaker ruled the amendment out of order.

Mr. Robinson appealed to the House from the speaker's ruling and a division being taken the ruling was sustained by the same vote as given on the previous amendments.

The House then went into consideration of a bill to incorporate the Leger Corner Water and Light Company, which had been recommended to the House by the corporations committee.

It was moved that the names of Messrs. Foster, Thibideau, and Leger be added to the bill. This was strongly opposed to by Dr. Sormany, McKeown and others.

On the question being put that the bill be agreed to it was carried.

Mr. McKeown asked whether having regard to the vote carried it was proposed to make any change in the board of provisional directors of the proposed company. He was astonished at what had just happened. The spectacle of a responsible government taking the course they had at the bidding of a defeated candidate was about the most flagrant example of the exercise of partisan politics it had ever seen in his lot to witness in the course of nearly twenty years' experience in that chamber.

After some further discussion the house divided on the third reading, which was carried by 16 votes to 13.

The third reading of the Moncton street railway bill was also opposed, but was carried by 19 votes to 12.

House adjourned at 1 a. m.

Fredericton, May 30.—The house met at 8.45 a. m. After routine the presence of the Lieutenant Governor was announced. His Honor having taken the throne, Mr. Speaker asked his assent to the appropriation acts. When His Honor through the clerk had given his assent, the clerk assistant recited all further acts to which the assent was asked. After assenting through the clerk to the several acts named, His Honor pronounced the House till July 2nd, next.

CHATHAM SHOW ON SEPT. 14-18. Chatham will adhere to its dates for the exhibition, and will hold it from September 14 to 18 inclusive.

This was decided at a meeting of the directors of the M. A. E. Association, upon an unanimous vote was given to keep the old dates.

Two days horse racing will also be on the programme.

The strike at St. George of the granite cutters, which began on June 1st, is likely to last for some time. The men want an eight hour day and the employers say no. At present both sides appear to be standing firm and it looks as if the granite work will be a long time. Many men make their living out of the granite industry at St. George and the strike is apt to prove serious.

CLAIM BREAD IS LIGHT. City Marshal Roberts, who occupies the position of bread inspector of the city, was last evening notified by the City Council, upon motion of Ald. Kitchen to make some enquiries about the weight of the bread being sold by the city bakers. Ald. Kitchen said that complaints had reached him that the city bakers were selling bread which was not the required weight and he had been asked to bring the matter up—Fredericton Freeman, June 8.

ENORMOUS CATCHES OF HERRING. The recent enormous catches of herring at Richibucto have brought the price down to 30c. per barrel, and a large number of the fishermen have, in consequence of the drop in prices, Herring are more plentiful this season than for many years, and the different cold storage plants are getting full. Good catches of lobsters are also being made.

The fishing is reported very good along the northern and western sides of Prince County, P. E. I. Herring have shoaled repeatedly along this coast and bait in abundance. The cod have not struck up to date.

PROVINCIAL APPOINTMENTS. The Lieut.-Governor has been pleased to make the following appointments:

The County of Kent: Alban Dionne, Clement O. Girouard, Pierre A. Allain, Allain Murray, John Morton, Marcel Poirier, James Stymest, Nominde Pines, Alvin Quinlan, Wilfred H. Cormier, to be Justices of the Peace.

County of Gloucester: James J. Melanson to be Police or Stipendiary Magistrate, with civil jurisdiction, for the Parish of Bathurst, in the place of D. Gustavus McLaughlin, deceased.

County of Northumberland: Alexander Campbell, Leggettville, and Robert H. Armstrong, Newcastle, to be Justices of the Peace.

WHY THE GRANITE WORKERS STRUCK. Six years ago a bill was signed by the granite manufacturers and the cutters. Yesterday the bill ran out and owing to the inability of the employers and employees to reach an agreement work was suspended in all the granite mills. The cutters are asking an eight hour day and pay every two weeks, this the manufacturers refuse to grant. It is claimed by the men that the eight hour day is general all over Canada in the granite business, that conditions are such that this demand can easily be granted by the employers, that a five months notice was given the manufacturers, according to agreement and that therefore they are not responsible for present conditions.

The manufacturers claim that competition is keen that any advance in wages at present is impossible, that the business can not stand it and that they are now paying all the business will stand.—St. George's News, June 8.

Pimples And Boils.

HEALED BY ZAM-BUK.

Mr. Joseph Arsanault resides at Cascumpeo, P. E. I., and says: "About five months ago sores broke out on my body. They came in the form of small pimples which discharged. These sores would grow until they got as large as a nickel. I used Carbolic Salve without effect. I saw Zam-Buk advertised in the papers and secured some, and daily applications of this healing balm for one week effected a permanent cure. Since then I have recommended Zam-Buk to my brother for boils on his knee and also used it again myself for a poisoned finger, in both cases with marvelous results. I cannot recommend Zam-Buk too highly." Zam-Buk, the great skin healer, can be obtained at any drug or general store for 50 cents a box, or postpaid from the Zam-Buk Co., Toronto.

C. P. R. CROP REPORT

In Some Places the Wheat is Ten Inches Above Ground

WINNIPEG, Thursday.—The C. P. R. crop report of the central division was handed out yesterday. The average height of the wheat at present throughout this vast area, which stretches from Stonewall to Lanigan in Saskatchewan, and includes the many branch lines of the division into both the south and the north, is about four and a half inches. Clearwater, in southern Manitoba, reports a growth of ten inches, and Dominion City comes next with seven inches.

Some points report all seeding, including barley, as completed.

BROTHERS LOSE LEGS

Boys of 19 and 15 Years Suffer a Terrible Affliction.

OTTAWA, Wednesday.—The injured as a result of the Street car collision here on Sunday are all progressing as well as can be expected.

Las, night Charles Byrne aged 19, son of Frederick E. Byrne of 435 Lisgar street had his leg amputated. This morning his brother Frederick, aged 15, also had a leg amputated. Both operations took place at the Protestant Hospital, and the brothers stood it well.

There is some anxiety as to Miss Lena Morin of Mechanicville, near here. She has her leg crushed below the knee and has internal injuries.

Every effort is being made to save the limb, but it is feared it may have to be amputated at the knee.

CUSTOMS OFFICIALS TO BE PAID.

OTTAWA, Sunday.—After a sitting of Commons which lasted from 2 o'clock yesterday afternoon till 2:25 this morning, the Opposition finally yielded to Hon. Mr. Patterson's demand for the \$1515,000 for the payment of the salaries of customs officials throughout Canada. The house adjourned after this had been done.

A BOMB OUTRAGE. Three dwellings built by James J. Gallagher, former president of the San Francisco Board of Supervisors, and chief witness for the prosecution in the San Francisco graft cases, were wrecked last night by dynamite. Neither Gallagher nor any member of his family were near the scene of the explosion. John Rawlins, a watchman, was knocked over by the shock.

SKELETONS FOUND. QUEBEC, Friday.—Ten skeletons have been unearthed in the excavations which has been going on at the store of Mr. Noel on Garden street. In the coffin of the last one an iron musket ball about an inch in diameter was found. The skull of the skeleton was intact. The theory of Dr. Dionne that the skeletons are those of British soldiers who died after the battle of the Plains of Abraham, seems to be borne out from the finding of military relics in the coffins.

Not a Miracle But Medical Science

Dr. T. A. Sloan Limited, Toronto, Ont.

"Some time ago I began to lose flesh and failed every day until I had to quit work. My physicians and all my friends said I had contracted consumption. I failed from 165 pounds down to 119. I was advised to go to the Rockies or to the coast, or to both places under heavy expense. I continued to fail, and was advised by the doctors to come home as nothing more could be done for me. Hope seemed to have left me."

"I tried Pyschene and since starting its use I have gained from 119 to 141 pounds. I have used \$10.00 worth of the medicine. I am a well man and I cannot say too much in praise of Pyschene. The strongest recommendation would be weak in view of the fact that I believe it has saved my life. Its without doubt the best remedy for run-down conditions and weak lungs."

"I sincerely hope and trust that you will continue your good work of saving run-down people and consumptive from the grave. Wishing you and Pyschene continued success, I remain, one of Pyschene's best friends."

ALEX. McRAB, Sault Ste. Marie, Ont.

Almost every man brings us letters like the above. Pyschene will repeat the record in every case. It is the greatest medicine known. At all drug stores, 50c and \$1.00, or Dr. T. A. Sloan Limited, Toronto.

THE PAN-ANGLICAN CONGRESS.

London's Preparations for a Great Gathering: Aims and Objects of the Meeting.

The Pan-Anglican Congress, which is to be held in London this month, will be the most remarkable gathering yet held in the history of the Anglican church, the importance of which may be gathered from the following estimated figures:

Number of dioceses represented 25
Number of bishops 1,000
Number of clergymen 8,000
Number of laymen 25,000,000

In fact, as the Archbishop of Canterbury has publicly said, "There will be held a gathering of Churchmen and Churchwomen of such a character and on such a scale that its importance may easily equal or surpass that of any similar assembly in the long history of the church's organic growth. This gathering directly and immediately concerns every congregation."

Some of the subjects to be discussed are:

- The Sanctity of Marriage.
- The Divine Eucharist.
- Gambling.
- Luxury.
- Companies and Dividends.
- The Unemployed.
- Training for Holy Orders.
- The Relations between Local Churches and the Anglican Communion.
- Monopolies and Trusts.
- The Duty of the Clergy to Social Reform.
- Christian Science.
- Dramatic Literature.
- Journalism.
- Ministry and Laymen.
- Reality and Inspiration.
- Christianity and Socialism.

The congress will actually sit from Tuesday, June 10, to Monday, June 22, inclusive.

THAT TOWEL

When I think of the towel, The old-fashioned towel, That used to hang up by the printing-house door.

I think that nobody In these days of shoddy Can hammer iron to wear as it wore.

The tramp, who abused it, The devil, who used it, The "comp," who got at it, when these two were done, The make-up and foreman, the editor (poor man), Each rubbed some grime off While he put a heap on.

In over and under Twas blacker than thunder, Twas harder than poverty, rougher than sin; From the roller suspended, It never was bended, And it flapped on the door like a banner of tin.

It grew thicker and rougher, And harder and tougher, And daily put on a more inkier hue, Till one windy morning, Without any warning, It fell off the floor and was broken in two.

EIGHT MISSING IN STORM. SANDUSKY, Ohio, Saturday.—Six Italian fishermen and two boys were caught in the severe storm on Sandusky Bay late yesterday and they are missing. The fishermen were home bound at the head of the bay. They were sighted off Cedar Point in a sailboat. No trace of them has been found. It is thought their boats capsized.

The storm swept Erie and Ottawa counties, doing heavy damage to the grapes and peaches. In Sandusky, a section of a city block was unroofed, and the interiors of four business houses flooded.

GOOD WORDS FOR CANADA'S PREFERENCE.

LONDON, Friday.—Lord Milner, speaking at Westminster, said the Canadian system of tariffs, before it was more or less mutilated, seemed the right sort of system. In negotiating the Franco-Canadian treaty Canada to some extent sacrificed preference to reciprocity which was a misfortune. Under the tariff reform system of the Imperial preference all round there would still be room for each state to make bargains with foreign states.

KILLED BY BANDITS

Two Americans and an Englishman Lost Their Lives in Mexico MEXICO CITY, Friday.—Two Americans and one Englishman were attacked by bandits and killed near Coahuila, one of the mining camps of the Greene Copper Company, near Dolores, Chihuahua. The report of the case was received by the British consul in this city yesterday, but no details were given.

NEWCASTLE, JUNE 10th, 1908.

DOMINION DAY CELEBRATION

If the business men and others who will be directly benefitted will exert themselves a little, Newcastle may have on Dominion Day a celebration that will attract several thousand people from outside districts and prove a paying investment to its promoters. But if the entertainment is to be provided on the 1st of July there is no time to be lost. If satisfactory arrangements cannot be made in so short a time it might be better to let the matter stand over till Labor Day—the first Monday—in September.

THE CHATHAM.

REDBANK SUBSIDY
Concerning the withdrawal of the Provincial subsidy to the Steamer "Dorothy N," the Chatham World of the 6th instant remarks:

"The Dorothy N. is to be withdrawn from the Redbank route, we hear, on account of the refusal of the Government to continue the subsidy. The route is entitled to a Government subsidy, and the Dorothy N. is a suitable boat for the service. Every body naturally asks Why the refusal to continue the subsidy? Can it be because the Dorothy N's owners are opponents of the Government? Surely it can't be as bad as that."

We also hope that this subsidy was not withdrawn for mere partisan reasons; but the evidence in support of this view is not satisfactory. The government, it will be noticed did not cut off all navigation grants, and refuse, out and out, to subsidize any private enterprise with public money; but they began to economize by leaving off the grants to John Russell and Co., and the Gloucester Steam Navigation Company, both of which corporations were known to have opposed the present government at the late elections. The circumstances being such, people cannot be blamed for drawing inferences which may not be true.

STARVING CHILDREN TO BUILD NAVIES.

In New York and Chicago, the two largest cities in America, and also in many other large towns, the civic authorities have lots of money for other purposes but allow thousands of children to be debarr'd from school because, as it is claimed, the revenue is insufficient to provide proper school accommodation.

In New York city, the other day, it was discovered that many of the pupils attending school were suffering from lack of food. In some instances where the children fainted from exhaustion, it was found that they had been without nourishment for forty-eight hours.

In the cotton mills of the Southern States, largely run by capitalists of New England and New York, thousands of little children, from six years old and upwards, are daily employed, growing up in ignorance and becoming dwarfed in body, mind and soul. The wages received by the parents are too small to support the family without the aid of the miserable pittance earned by the children who should be at school.

In the face of these facts, with which he is or should be perfectly familiar, President Roosevelt calls out—not for more schools, and free meals to needy pupils; not for legislation that will ensure the head of each family such remuneration for his toil as will enable him to decently provide for all those depending upon him—but for hundreds of millions of dollars to build warships, with which quarrels may be picked with foreign

nations and still more expenditure entailed upon the over-burdened taxpayers.

Germany is pursuing much the same policy as is the United States. So are Japan and Russia; and, in order to protect themselves, so must Britain, France and China.

It is time that the common people—the working classes, who perform all the labor, pay all the taxes, and furnish the targets in war—should awake, take the reins of government in their own hands, and put a stop to such uncivilized and unchristian methods as are now dominant in the countries that call themselves great.

HOME RULE FOR EACH COUNTRY.

A bill, whose main object is to establish in Scotland a local parliament which shall have authority to deal with all matters relating exclusively to that section of the British Isles, has been introduced into the British House of Commons, and, by a vote of 257 to 103, passed its first reading on the 26th ultimo.

As the Scottish parliamentary delegation is almost wholly Liberal, and at the recent bye-election in Dundee Winston Spencer Churchill pledged his support to home rule for Scotland, and as the Imperial parliament has far too much business on its hands to afford the time necessary for the supervision of much of the local work to which it must now attend, the probability is that ere long Scotland will get the measure of self-government she desires. Then Ireland cannot with reason and justice be denied the same boon. And even little Wales, which is as much entitled to autonomy as her larger sisters, may become a separate state of the new British confederacy.

The federal system is the proper one for the British empire. As states of the same union, England, Scotland, Ireland and Wales, while represented in the Imperial parliament according to population would be equal in rank. Although England could outvote the other three combined and thereby dominate the whole, yet such domination would be no more galling than New York and Pennsylvania's superior influence at Washington is to smaller states like Maine and New Hampshire. Under such a system the animosity that has prevailed between England and Ireland for over seven hundred years should die a natural death.

Then, too, only under such a federal system will it be possible for the self-governing colonies to unite with the mother country. Canada, Newfoundland, Australia, New Zealand, South Africa, and other parts of the empire could without sacrificing their local independence, become states of the great federation.

The Conservative party, true to its non-progressive and reactionary traditions, opposes Scottish home rule as violently as it opposes self-government for Ireland; but, in the true interest of the many nations living under the British flag, it is to be hoped that the English people will allow the other nationalities of the United Kingdom a reasonable measure of local independence, at the same time securing for themselves full control of purely English matters.

WOMAN'S AWAKENING.

The cause of Woman's freedom and equality appears to be advancing with nearly equal rapidity in all quarters of the world. The following dispatches recently received from St. Petersburg and Canton, respectively, are self-explanatory, and show the wonderful awakening among the women of the Yellow race in nations so far apart in religion, customs and space as the Mohammedan Tatars of Russia and the Confucian Chinese of south-east Asia:

"A committee of Mohammedan women at Orenburg has sent an address to the Mussulman deputies in the Duma saying: 'Although our holy religion made us free, we are oppressed by our ignorant despots of husbands, and, like slaves, we are compelled to submit to their caprices. The women have the right to study, to travel, to pray in the mosques, to make pilgrimages to Mecca, to engage in all branches of trade, to sign bills of exchange, and to be sisters of charity. Our husbands deprive us of liberty, and keep us confined within four walls. They take unto themselves women who please them, and have many wives. The Chariat gives us many rights, and husbands should not look upon strange women with eyes of covetousness. Yet the majority of them lead a dissolute life,

and amuse themselves in restaurants, hotels, and other places of entertainment.

"Mussulman deputies! You must obtain laws which will safeguard us from the arbitrariness of our husband despots, from oppression and martyrdom. We are the mothers of the people, the companions of men; the education and progress of the people lie in our hands. If men do not change their attitude towards us, let them know that the day will come when they too, will be slaves, and then the whole Mussulman race will perish."

"At Shum Chuen, a village in the Nam Hoi district, a 'National Disgrace Memorial' meeting was held on the 10th day, and hundreds of people were present. Many representatives were sent from Canton to attend the meeting. Among others were the female students of the Kwan Tak and Wing Yuen Schools, who proceeded there in white mourning. Many hymns relative to national disgrace were sung by the people. The resolutions arrived at were to stimulate the national arts and industries, in order to aim at power and independence. Miss Li Wai Fang made a very vehement speech, which stirred the audience to enthusiasm.

CANADIAN FORESTRY ASSOCIATION

The railway builder has too often wounded the death-knell of the forest. Only of late years has the necessary care has been exercised to prevent the wholesale destruction of forests along railway lines in course of construction. The Canada Atlantic and the Temiskaming and Northern Ontario Railways are examples of railway lines built, in some portions, through valuable forests without any considerable damage having been done to the woods by fire. During the construction of the former its builder, Mr. John R. Booth, the well-known lumberman, laid down for his contractors such regulations in regard to burning brush along the right of way and setting fire generally that no serious fires took place. Constant and careful patrolling of the line of the T. & N. O. has likewise resulted in an almost complete absence of forest fires.

An unfortunate contrast to this is presented in the construction of the C. P. R. lines in Northern Ontario and British Columbia. These were constructed before the days of careful oversight in the matter of fires along the right of way. In 1869 a fine green forest extended from Nipigon, Ont., westward to within a comparatively short distance of Winnipeg. The passage of the troops through this country in 1869 was partly responsible for its being burned over; but the building of the railway in 1882-84 was responsible for a far greater proportion of the loss. Around Canmore, B. C., and Kicking Horse Lake, too, occurred conspicuous examples of destruction wrought by forest fires arising from C. P. R. construction.

In the building of the new transcontinental line, the Grand Trunk Pacific, better things are promised. As a result of the co-operation of the Dominion and New Brunswick governments, it is announced that a strong fire patrol will be maintained along the line of the railway through the latter province, where valuable timbered areas are traversed. West of Edmonton, too, along the route of the railway, the patrolling of the line has been arranged for and is already in operation.

The Montreal Star cannot disguise its lack of sympathy with Hon. G. E. Foster. Its latest "hit" at the "moral reformer" is in reference to the issue of Civil Service Reform. It shows that it comes with the poor grace for Mr. Foster to condemn anyone for not promoting reform of the Civil Service in view of the fact that he was in power for twelve years and dubs him a "Civil Service reformer." That is a title which will stick—Ottawa Free Press

The Textile Trust made profits of \$44,493 last year after paying dividends upon its watered stock. That is not a showing which qualifies it to put on a poor face and declare that it cannot pay living wages to its operators.

A New Hampshire preacher is being starved out because he insists on believing in the existence of 'devils' and 'witches,' and in the truth of the stories of Noah and Lot's daughters. Almost anything is acceptable nowadays but orthodoxy.

POOR BLOOD BRINGS MISERY

Pale Faces and Pinched Cheeks
Show That Dr. Williams' Pink Pills are Needed

Anaemia is written on the features of ninety women and girls out of every hundred. Unmistakable are the signs of "too little blood." The weaker sex is assailed at all ages by the evils resulting from bloodlessness, from the girl who is weak and languid, with dull eyes, pale pinched cheeks, fitful appetite and palpitating heart, to the woman who never feels well, with gnawing pains in the back, aching limbs and nervous headaches.

Dr. Williams' Pink Pills are specially valuable to women of all ages, for they possess the power of making in abundance the rich, red, blood without which no woman can have perfect health. They fill the starved veins with new blood so that enfeebled bodies are strengthened, and nervous systems are fortified and robust health restored.

Miss Rose D'Aragnon, Waterloo, Que., follows the profession of teaching, which brings more than ordinary strain to all who follow this calling. Miss D'Aragnon says:—"It seemed as though I was gradually going into a decline. I lost all my strength; my appetite was very poor; I was pale and suffered from frequent headaches; I was often dizzy and the least exertion would leave me breathless. I doctored for a time, but with little or no benefit. One day I read in the Waterloo Journal the particulars of a case similar to mine cured by Dr. Williams' Pink Pills and I determined to try them. In a few weeks there was a decided improvement in my condition, and by the time I had taken seven or eight boxes I was again in the best of health, and able to enjoy myself as well as any of my young friends."

Sold by all medicine dealers or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ontario.

BATHURST.

BATHURST Thursday. — The Jere McAuliffe Stock Company left this morning for Richibucto where they will open a three nights' engagement.

The weather seems very unsettled of late and it is hardly safe to cross the street without taking your umbrella to keep you dry coming back.

A large steamer is expected in day or two to land lumber for Messrs Adams, Burns and Sumner Company. Archie Alexander was arrested. Water street last evening for creating a disturbance.

"Thorns and Orange Blossoms," a presented by the H. Wilnot Young Stock Company, is one of the season's pronounced successes. The leading players, Marie Adams and Lady Violet Rivers, and Wilnot Young as Lord Randolph, have met with enthusiastic success, while Baby Marguerite, the four-year-old actress, plays a prominent part.

This will be the bill to usher in the engagement of the Young Stock Co. at the Opera House here on Monday evening, June 8th. The bill for Tuesday evening will be "The wages of Sin," and on Wednesday, the closing number will be "The Son of Monte Cristo."

BATHURST, Friday. — M. F. Wilnot, London, Ont., is in town in the interests of the Astoria Shoes.

Work on the foundation of the new convent is being rapidly rushed to completion.

R. F. DeForest was in town yesterday.

Many friends of John Robertson are glad to see him about again.

H. Wilnot Young who opens an engagement here on Monday next with Bertha M. Clay's famous novel "Thorns and Orange Blossoms," playing a full house at Campbellton on Thursday.

The regular meeting of Fowler L. O. L. 123 was held at the Orange Hall last evening.

PLAIN SHOE TALK.

If all the men, women and children in town should come here for Summer Shoes, we believe we could please every one of them, and when we were through with them they would have the best looking lot of feet in Newcastle that could be found anywhere. We want "YOU" to come and see for yourself. You'll not find ANOTHER assortment of such choice styles in A DAY'S JOURNEY.

Homestead Regulations.

Any even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy, may, however, be made at an Agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1). At least six months' residence upon and cultivation of the land in each year for three years.
 (2). A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownership in land will not meet this requirement.

(3). If the father (or mother if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for by him in the vicinity, such homesteader may perform his own residence duties by living with the father (or) mother.

(4). The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5). A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

M'LEAN-DEALY.

A very pretty and stylish wedding took place in St. Andrew's Church, Loggieville, when Miss Elsie M. Dealy daughter of the late Stephen Dealy, and John R. McLean were united in marriage, Rev. Fr. Savoie officiating.

The bride was becomingly attired in white d'esprit over white taffeta silk, with bridal veil and orange blossoms, and as she entered the church the wedding march was played by Miss Mayne Synott. During the mass the choir sang appropriate hymns. The bridesmaid, Miss Carolyn Synott, wore a becoming dress of white embroidered organdie with cream hat. The groom was ably supported by John Dealy, brother of the bride. After the wedding breakfast, the happy couple left by the north train for a short wedding trip.

What a curious coincidence it is that whenever the Opposition in the House of Commons objects to the passage of a vote for a public building the Tory member who represents the constituency manages to have an engagement elsewhere.

As an evidence of the prosperity of the Poles in the United States, the Polish Catholics of Chicopee, Mass., propose building a church costing \$130,000. It will have two lofty towers, and be an edifice of striking architectural beauty.

Lord Alverstone, presiding at the Metropolitan Prisoners' Aid Society's annual meeting, London, said that in 1907, the society sent a number of men to Canada, where it was stated they would be a demand for them, but the experiment was unsuccessful. Sir A. Wills pointed out that in future the society would be unable to send such a vote for a public building the Tory member who represents the constituency manages to have an engagement elsewhere.

Joseph Storr, an expert on wireless telephone systems, has arrived at San Francisco from New York at the invitation of officials of the Santa Fe Railroad, for the purpose of equipping the ferry-boats of the company with wireless telephones. The system is now being installed in the ferry building, and soon it may be possible to communicate by telephone with all points of the bay.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effects of our winter habits. The nerves are mostly at fault. Tired worn-out nerves leave us languid, listless and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and more spirit to the spoonful than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, frees sluggish livers and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced.

Sentence of twenty days' hard labor on a bread and water diet in a women's gymnasium has been passed on several New York chorus girls and a fine of twenty pounds avoirdupois to be paid during the term, has been imposed by the management. The charge on which the girls have been found guilty is that they have allowed the after-theatre suppers to make them too fat.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

END YOUR ROOF TROUBLES WITH

Amatite ROOFING
 A Roof that Really Protects

The more carefully you study the subject of Ready Roofings the more you will be convinced of the great superiority of AMATITE.

The average buyer sends to a few advertisers for samples, picks out one that looks tough, and sends in his order to the nearest dealer.

If the dealer doesn't keep the kind selected some other kind which he is generally bought instead.

That is a good way to get a leaky roof.

The careful buyer is more particular. He knows that any roofing will last for a little while without attention, but he wants to postpone the time and cost of renewal as long as possible.

He is figuring next year's cost as well as this year's cost. He thinks of the money he will have to spend after a few years for a new roof if this one won't last any longer. If he can get a better roofing at equal cost that will last longer, he is so much the gainer.

That kind of calculation is called thrift. The thrifty buyer sees important differences between AMATITE and the other roofings.

The other roofings either require a coating with a special liquid every year or two, or periodical painting. Right there is a future expense to be counted by the thrifty buyer.

Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.

"Sunshine" Furnace has Automatic Gas Damper directly connected with smoke-pipe. Gas pressure sways damper sufficiently for it to escape up chimney (see illustration), but heat doesn't escape.

What does "Sunshine" Gas Damper mean to "Sunshine" householder? Means protection to the furnace parts against evil effects of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas—when there's two-thirds parts of heat-energy to one part of gas passing up chimney—draft can with all safety be opened, and coal saved for another day's duty.

ANGLO-FRENCH ENTENTE POPULAR

State Ball at Buckingham.

LONDON, Wednesday.—At Buckingham Palace a great state ball was given in honor of President Fallières of France.

This was the culminating feature of a busy day of entertainment spent by King Edward's guest. Everywhere the French president has gone he has been greeted with the greatest enthusiasm, and early in the evening immense crowds gathered about the various royal residences to witness the processions to the palace and to cheer the president of France.

The scene within the walls of Buckingham was one of exceptional brilliance. The royal guests assembled in the throne room, and a fanfare of trumpets heralded their entrance into the ballroom, which was superbly decorated with flowers.

King Edward and Queen Alexandra, accompanied by M. Fallières and the royal entourage passed down the entire length of the ballroom between rows of bowing guests.

By the King's command the ladies' gowns were of soft shades of color, most of them being fashioned after the directions and empire periods. All of the embassies were well represented and many high Indian officials were present. There was a great display of jewels and orders.

Visited the Exhibition
In the forenoon the president paid a round of ceremonial calls upon various members of the English reigning house.

In the afternoon, accompanied by King Edward and Queen Alexandra, he paid a state visit to the Franco-British exhibition in Shepherd's Bush. The King's carriage halted in front of the Canadian pavilion, and was greeted by Lord Strathcona. The King introduced Lord Strathcona to President Fallières, and expressed regret that the fine pavilion was incomplete, and he hoped to be able to visit it another time.

President Fallières is proving a highly popular visitor. Huge crowds gather wherever there is a possibility of seeing him pass, and the cheers with which he is greeted are exceptionally lusty.

'INDOMITABLE TO SPEED.

LONDON, Thursday.—It is widely believed that the Indomitable will endeavor to make a record for the Atlantic lines when conveying the Prince of Wales to Canada. Specially picked stokers and artificers are being selected and it's now believed that the escort of battleships will precede in a few days. The Indomitable's trial speed is over 28 knots.

ANNUAL TRAINING.

Battery Orders by Major T. W. Lawlor, Commanding 12th Battery C.F.A.

PARADE
The officers, non-commissioned officers, gunners and drivers of the 12th Battery Canadian Field Artillery, will parade at the Armoury, Newcastle, N. B., on Monday, June 22nd, 1903, for the purpose of proceeding to Sussex, N. B., to perform 12 days annual training in camp.

SERVICE ROLLS.
As the service rolls must be completed one week previous to the date set for training, all concerned should notify the officer commanding, on or before June 15th inst, after which no applications can be entertained.

RECRUITING
For the purpose of receiving applications from drivers and others wishing to furnish horses, an officer of the Battery will be at White's Hotel, Redbank, June 15th, at Newcastle, N. B., from 10 a.m. to 6 p.m. On other dates apply at the office of the Renous Bridge Lumber Co., Ltd., Renous Bridge and Millerton, N. B.

CLOTHING
The clothing and accoutrements, which are at new this year, will be issued on and after June 15th. Come along and enjoy a holiday in camp.

T. W. LAWLOR, Major, Commanding 12th Battery C.F.A. Newcastle, N. B., June 1st, 1903. No. 35-3

True, remarked the aged suitor, I'm considerably older than you, but a man is as young as he feels, you know.

Oh, I don't mind that, replied the fair maid, what I want to know are you as rich as you look.

SAVE THE CHILDREN

Insure Them Good Health.

Ninety per cent. of children, under twelve years of age, are being poisoned and parents don't realize it. Irregular bowels are the chief cause. You parents know that your bowels should move every day. You know you must be as regular as clock-work, or the blood will become tainted.

Don't you realize that the children must be as orderly in getting rid of the waste matter of their system? Then, if you find that any of the little ones go two or three days without action of the bowels, don't run to castor oil, senna tea, calomel, cascara or harsh "liver pills." Those simply purge the child—strain the bowels.

"Fruit-a-lives" are the ideal medicines for children. They are fruit juices and tonics in the form of a pleasant tasting tablet. "Fruit-a-lives" stimulate the liver, causing more bile to flow. It is the bile, given up by the liver, which moves the bowels. "Fruit-a-lives" regulate the liver and bowels, and thus completely cure constipation. They sweeten the stomach, and are the finest tonic in the world to build up the system and make children plump and rosy. 50c a box—six for \$2.50. Sent on receipt of price if your dealer does not handle them. "Fruit-a-lives" Limited, Ottawa, Ont.

No, remarked the man who seemed to be talking to himself, It isn't right. What isn't right, queried the party who had overheard the remark.

The waiting of so much money on cake frosting at a wedding, considering the future unceasing appetites of the happy couple for plain bread, explained the noisy thinker.

Said He—"And you will keep your promise and elope with me to-night?"

Said She—"Yes."

Said He—"What do you suppose your parents will do about it?"

Said She—"Oh, they will keep quiet until we return, and then give us their blessing."

Said He—"I doubt it."

Said She—"Yes, they will. They promised to do so if I could induce you to elope with me and thus save the expense of a stylish wedding."

OBITUARY

MRS. ALFRED F. DUNBAR.
Cherryfield, Me., lost another of its aged and most respected inhabitants on May 25th, by the death of Mrs. Almira H. Dunbar, widow of Alfred F. Dunbar. Mrs. Dunbar's maiden name was Almira Ricker, and she was born in Miramichi, N. B. She had been a resident of Cherryfield for many years and was 85 years and 8 months old. Mrs. Dunbar had been a widow since 1900, her husband being a soldier in the Aroostook war.

JOHN HARRIGAN.
The death occurred at his home in Chelmsford of John Harrigan after a lingering illness, which he bore with Christian patience and submission to the divine will. His end was peace. He was 72 years of age and leaves a wife and eight children: William, married, residing in Chelmsford and Ambrose at home; Mrs. Patrick Kirk, Kirkwood; Mrs. James Grennan, Barnaby River; Elizabeth and Ella at home; and Rose and Emma, Boston.

Funeral services were held at the home on Thursday at 10 o'clock and was largely attended. Rev. E. S. Murdoch officiated at the church service, interment being in Chelmsford burying ground.

Trimming.
Every day at a golf club in Scotland an elder in his church for 50 years down words respecting a man he had made, and the minister said: "He was one who was as much as merely embellishing my life."

HISTORY OF TAPESTRY.

The Art Was Known to the Ancient Greeks and Egyptians.

Flemish artists are believed to have been the first to make tapestry for use as a covering for walls. The art itself is certainly very ancient, many of the hangings used in Egypt and Greece being considered true tapestry. Its subsequent history is obscure, but it evidently maintained a lingering existence in the east until the Saracens invaded it and brought it to Europe.

Tapestry was used by the Saracens only as drapery or curtains for the courts of their houses. Embroidery appears to have served for this purpose in northern Europe until after the twelfth century, and much of the work of this period was really embroidery, such as the incorrectly named Bayeux tapestry. It was in the fourteenth century that tapestry began to be largely made in Flanders, where the weaving industry became very important. At that time twenty-seven streets were occupied by the weavers of Ghent. In 1382 there were 50,000 weavers in Louvain and more still at Ypres. Very few samples of fourteenth century tapestry remain, but those that have come down to the present day closely resemble contemporary wall painting. During the latter part of the fifteenth century the golden age of tapestry existed, especially in Bruges and Arras. The Flemish tapestries of that time are models of textile art. The color is rich, the decorative effect strong, the drawing and composition graceful, and the whole arrangement shows consummate skill in endeavoring to meet the exigencies of the loom and at the same time the aesthetic requirements of wall decoration.—Argonaut.

COOLNESS IN DANGER.

Experiences of an English Military Official in India.

When Lieutenant Henderson was captured by the natives of the Gold Coast hinterland they got into a wordy discussion as to how they would kill him. The victim listened awhile till he was weary of it. "Oh, well," he said, "I can't be bothered with your arguments. I'm very sleepy. Let me know when you have made up your minds." And off to sleep he went.

The unexpected performance saved his life. His calm indifference persuaded Samory's men that they had to do with some one of immense importance. Unwilling to take on themselves the responsibility for his death, they sent him unharmed to Samory's court, in the Jimini country.

Once again Lieutenant Henderson saved himself by a like exhibition of courage. He found Samory on a throne, surrounded by 4,000 warriors, yet when motioned to do homage on his hands and knees he did nothing of the sort. He simply sat on the throne beside Samory, shaking that monarch warmly by the hand. Thanks to this, and to nothing else, he was accepted as the representative of a great sovereign instead of a captive doomed to death.

He talked to Samory of the queen, and Samory talked to him. Thus a mission which might have ended, as so many African missions have ended, in a terrible silence and a suspicion of unspeakable horrors, did, in fact, end in a valuable basis of future relations between Great Britain and a Mohammedan power.—London Scraps.

The Shape of the Sky.
What is the apparent form of the vault of the sky? There is probably no one to whose eyes it seems a true hemisphere, with the zenith appearing as distant as the horizon. At sea or in a flat country the seeming greater distance of the horizon is best shown.

Professor J. M. Pernter in discussing this subject reaches the conclusion that the form of the vault in vertical section is that of the segment of a circle the arc of which subtends at the center an angle of the order of forty degrees.

If the reader will draw such a segment he may be surprised by the amount of distortion which is thus ascribed to the sky. From this optical illusion many curious effects arise, such as the seeming increased magnitude of the sun and moon when near the horizon and the apparently oval forms of halos and coronas seen at low altitudes.

A Financial Episode.
A Milwaukee business man stepped up to the teller's window in one of the city banks during a financial flurry, presented a check and asked for the money it represented.

"I cannot give you the cash," said the teller, "but I can pay you in clearing house certificates."

"I would much prefer the currency," answered the man.

"The certificates are just as good," said the teller.

"Well," returned the merchant, "if that's the case I suppose I can go home to my baby and give it some milk and say, 'Here, little one, this is just as good as milk!'"

This woman says that Lydia E. Pinkham's Vegetable Compound cured her after everything else had failed.

Mrs. W. Barrett, 602 Moreau St., Montreal, writes to Mrs. Pinkham: "For years I was a great sufferer from female weakness, and despite every remedy given me by doctors for this trouble, I grew worse instead of better. I was fast failing in health, and I was completely discouraged."

"One day a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and am thankful to say that it cured the female weakness, making me strong and well."

"Every woman who suffers from female troubles should try Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

POLITICAL NOTES

(Contributed.)
A bit of political history came out in the House of Commons the other day which cannot fail to be interesting to those super-loyalists among the Conservatives who place party before country.

Colonel Sam Hughes related it as follows:—When the rush to the Yukon was on Sir Charles Tupper went to Hon. Clifford Sifton, then Minister of the Interior, and urged upon him the desirability of constructing an all Canadian railway from Killamet, on the British Columbia coast to the Yukon. When the trip was subsequently introduced Hon. Geo. E. Foster and the Toronto World aroused such an agitation among the Conservatives against it that Sir Charles had been compelled to bow to the majority of his party in the House to vote against a project he had suggested.

In the last Conservative caucus Sir Charles addressed in Ottawa, in his house on the border of the Rideau, he made a statement that the Conservative party had made two mistakes one very trivial, the other was that they did not loyally support the Liberal party in pushing an all-Canadian route to the Yukon.

The Hon. G. P. Graham, Minister of Railways, replying to a question by Mr. Armstrong, said:—It is regretfully admitted that Seattle has grown rich at the expense of Canadian cities owing to the fact that our friends opposite killed the project to build a railway on all Canadian soil to the Yukon.

So much for the action of the party of patriots (?) the heaven born, the far seeing statesmen (so called) of the Conservative party that they loyally killed a project which would have built up Canadian trade instead of turning it into American channels.

ARTILLERY ONLY AT PETEWAHA.

OTTAWA, Friday.—On account of the installation of a sewerage system at the militia grounds at Petewawa, which is now under way, there will be no troops assembled there this season other than a camp of artillery in the month of August. For this purpose detachments will be brought together from every battery in the Dominion from Halifax to Victoria, for practise purposes, this being the first time in the history of the Canadian militia that anything on this scale has been attempted, so far as artillery competition is concerned.

COLD STORAGE PLANT.

OTTAWA, Friday.—It is understood that in the Commons this afternoon the Opposition will introduce a motion demanding a parliamentary enquiry as to the circumstances of the grant of a cold storage bonus to the New Brunswick Cold Storage Company, with which it is charged, Sir Frederick Borden is connected.

"Life in Every Dose"

"I cannot speak too highly of Eucalypti, for it is the greatest medicine I ever used. I was just about 'all in' when I began the treatment, and in 3 months I was as well as ever. It is a great tonic for weak and run down people. There is new life in every dose."

RUNNING SEWERAGE INTO THE STREET.
Complaints reach us that certain parties, instead of conducting waste matter from their sinks into the ground, are running it into the ditch. A more careful inspection by the Health officers would not hurt.

SHORT WEIGHT BUTTER AGAIN.
Last Saturday, several parties in the Fredericton market were found offering for sale prints of butter weighing fourteen ounces instead of a pound. They were let off with a warning. The penalty is \$20.00 for each offence.

Ice cream social in the Methodist vestry Friday evening was a success drawing a large number of people. An excellent program was carried out as follows:

Solo—Miss Bessie Crocker.
Selections on violin—T. M. Stewart.
Solo—Mrs. Chas. Sargeant.
Reading—Miss Mabel McGregor.
Solo—Mrs. J. W. Miller.
The net proceeds of the evening were \$27.00.

BAPTIST GATHERING.
The United Baptists of Kent, Northumberland, Gloucester and West Gloucester counties, held their annual meeting in the Baptist Church, Doaktown, June 2nd and 3rd inst. An excellent program has been prepared in which the various denominational interests are represented. A large attendance is anticipated.

A VALUABLE GIFT.
Hon. J. D. Hazen in receipt of a letter from Mr. W. T. H. Fenety, Fredericton, offering on behalf of his mother, to present to the Legislative library at Fredericton, twenty-five volumes of the Morning News from the year 1830 to 1892 inclusive. This is a very valuable gift, as the files contain a complete record of the period and much information that will be of value to local historians and others.

WILL ASK GRANT FROM GOVERNMENT.
Douglas W. Clinch, secretary of the St. John branch of the New Brunswick Fish, Forest and Game Preservation Association, said that a delegation from the association would wait on the government and ask for a grant of \$1,500 or \$2,000 to enable them to carry on their work till the end of the year. Another thing they will ask for is authority to conduct investigations into the origin of forest fires.

ST. STEPHEN, June 3. — Rev. R. S. Crisp of the Methodist Church, Milltown, lies seriously ill at the parsonage from a cerebral hemorrhage. At the fourth quarterly meeting of the Methodist congregation held at the parsonage Wednesday an unanimous call was extended to Rev. R. S. Crisp to come to Campbellton.

LOBSTERS TO THROW AWAY.
Very large catches of lobsters have been made on the Gulf coast this season. A traveller reports that the catch has been so large on the Gloucester coast that the factories could not pack all the meat, but have been throwing a large part of it on the compost heap. Very large catches have been made off Esquimaux and around the coast southward. With the supply greater than the factories can handle, we ought to get lobsters in town at less than the big price asked for them by the dealers. — Canadian World.

MILLMEN REORGANIZE THREE HUNDRED STRONG.
The Millmen employed in St. John and vicinity reorganized their union Friday evening. President John Sullivan of the Longshoremen's Union occupied the chair. There were over three hundred millmen present. All were in favor of reorganization. James Rogers was elected president of the union and W. De Grass secretary. The following were elected to the executive: William Malony, Geo. Friers and Timothy Burke. The new union adjourned until Monday, June 15.

Construction work on the "missing link" is being rapidly completed. This much anticipated and long-felt service between Newcastle and Blackville will soon be a reality. In-diantown station and Renous Bridge is so far completed that a freight train with material for the new bridge at Renous run over it; and the whistle of the locomotive reverberated through the Renous River valley on last Tuesday morning for the first time in ten years. Messrs Reid & Archibald have the contract of building the piers and concrete work of the new bridge across the Renous River, this will be completed, and a regular service running to Blackville in October next.

THE HUNTLY STOCK COMPANY.
The Huntly Stock Company put a first class play before the public Monday night, when "Hazel Kirke" was acted. It is a most sympathetic and high class performance, and no one should miss the closing play of the company, "Woman against Woman," to be played to-night. Last night the beautiful German Play, "Hearts and Flowers" was the attraction. Mr. Green, specialty performer, drew round after round of uproarious applause. Altogether the Company is a very good one.

The Richibucto Clippers came to Newcastle Wednesday, to try conclusions at baseball with the Newcastle boys. Their line up was as follows:—Win. Murray, c; Leslie Shaddick, p; Russel Long, fb; Frank Woods, sb; Chas. Woods, 1b; Harry Hannah, ss; J. F. Legere, rf; Fred I. Mundie, lf; Earle Hains, cf; Win. Murry was captain and Alex.
