

Why does Canada Raise Money by Selling Bonds?

BONDS are issued payable in ten or twenty years, as the case may be. It means that repayment of the money will be spread over ten or twenty years instead of being raised by taxation to meet current expenditures.

To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making; —who will share in the freedom this generation is fighting for and largely paying for— will also pay their share.

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Canada Victory Bond

you give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada wants the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by the whole people unites them in a determination to win the war.

Every purchase of Canada's Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

In order that the Victory Bond advertising may be presented first thing to the readers' gaze, A. W. Phillips of Bristol and S. W. Canada's Victory Bonds are the safest and most profitable investment ever offered the people!

Carvell is Still a Liberal

But at the Present Crisis in our History Party Differences Must Be Dropped

The average reader of The Observer, or of any other newspaper, has not yet realized what the Great War means. The sooner they wake up to the fact that the Hun is at our very gates the better will it be for each. This is no time for politics. It is no time for graft. Every man who is looking for patronage, for rake-offs, for easy money and political soft-snaps should be taken out and shot.

This is the time for earnest and united effort.

Where is the Tory who would not lend a hand if his Grit neighbor's house caught fire? Where is the Grit who would not rescue a Tory if he fell in the river? None so hide-bound can be found in Carleton-Victoria.

And yet the actual situation of the present moment is infinitely more serious. The responsibility must be shared by each. The war must be won and only united effort can win it.

Party Differences Must Be Buried until the War is Won!

At Sarnia, Ont., last Wednesday evening Carvell spoke to a Liberal Convention at which F. F. Pardee, chief whip for the Liberal Party in Canada, was renominated. This was Mr. Carvell's first public speech since he became minister of public works. He was addressing a straight Liberal audience, and this is what he told them:

"I want to congratulate and thank this convention of Liberals upon renominating my friend Pardee," declared Hon. F. B. Carvell. "It is given to few public men to hold the esteem of his colleagues in parliament as he does. He has been an intimate friend and colleague of mine for the last five or six years. He is absolutely sincere and will do exactly as he says just as you see him today, no straddling or trimming. I ask you to send Fred Pardee back to the next momentous parliament and it is my wish and prayer that more men like him may sit in the coming house of Commons."

"Like my friend Pardee I am as strong a Liberal as I ever was and my criticism has never been doubted. (Laughter.) I have exposed wrongs done. I have mercilessly set myself to the task. My opponents have called me the chief executioner, but I have never made any statements against a public man I could not prove and I have never attacked wrong doing unless I knew it to be wrong doing. How, then, can I work with men whose maladministration I have been attacking? You ask me that. It's a fair and proper question. My answer is that if the best interests of the country and the best interests of humanity can best be served in Canada by this war union then in this stressful war crisis I am prepared to do what I otherwise could not do."

"The hardest blow that ever came to me was the severing on this issue with the wonderful statesman I have followed since boyhood. In his loyalty and good faith I have still the most profound confidence. He is the greatest of Canadians and his idea is to do right, but I must follow my own convictions and

not those of another. I part from him on this issue because I believe I am right. No man does these things without heartaches. Men and women, it can't be done without them."

Mr. Carvell declared that he had not changed his principles or his convictions one iota. "I believe today what I believed before. I have never been asked to abandon my convictions. I should have been insulted had I been asked to do so. Those of us who support the union government take that position because we believe that, with forces combined on war issues, we can more effectively do our part in carrying on the war."

Mr. Carvell said he believed that the infusion of Liberalism in the government of Canada would be conducive to good and effective results. Mr. Pardee and he had been talking over certain national problems and he had no hesitation in stating his conviction that the pensions to soldiers and their dependants must be made adequate and just even if wealth was to part with every dollar of its war time profits. (Cheers.) This was the debt the nation owed the soldier who protected it. "If," said Mr. Carvell, "a man refuses to pay that debt he is not a Canadian, he is a Hun."

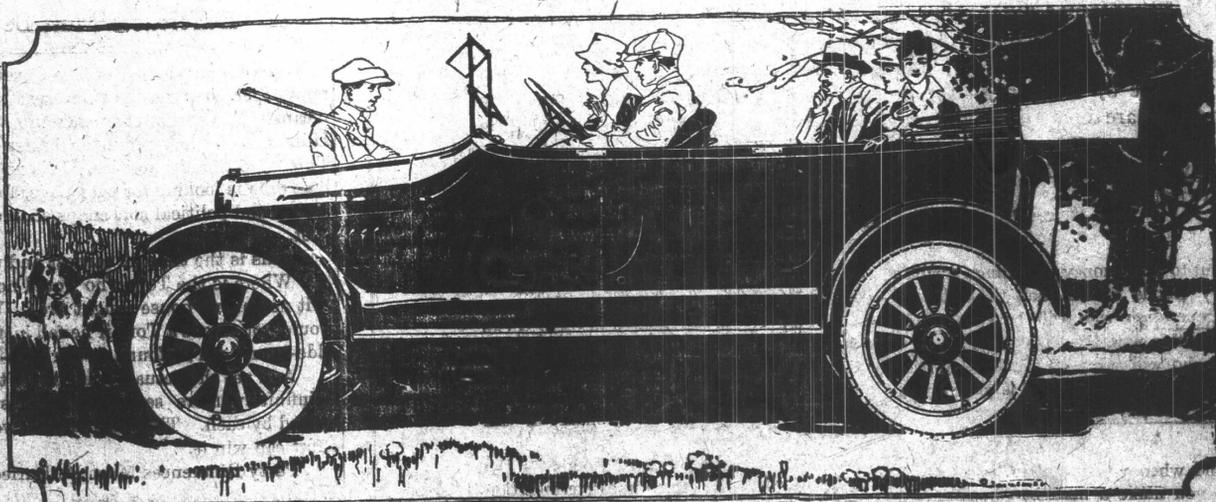

"Hitherto Canada has raised its revenue by customs and excise. With the tremendous financial war obligations this practically could not be continued and in so far as he was concerned it would not be conducted. Wealth must pay it."

"I can make no announcement, governments do not make announcements through individual members but in the platform already issued there is an assurance of an increase in the income tax for which in the past

"The Quality Goes Clear Through"

THE DOUBLE GUARANTEE

TWO reputations guard your investment when you purchase a Gray-Dort.

Two institutions are your assurance of doubly-satisfactory use and service.

Two institutions striving in united effort to maintain the foundation on which they have been built—full value to you, the purchaser.

In Chatham, Ontario, the Wm. Gray & Sons Company and Gray-Dort Motors Limited—the one hale and solid at sixty-two, the other strong and lusty in two years.

In Flint, Michigan since 1885, the Durant-Dort Carriage Company, since 1915, the Dort Motor Car Company.

Gray—the Industry and its Builder

Our fathers and grandfathers rode in Gray carriages—and found them built on honor and character.

In 1855, William Gray built the first of them—built them so well that Gray quality became proverbial.

Growing up in this atmosphere of big business, of successful enterprise, of worthy endeavour, was Robert Gray.

Under his guiding hand the Gray institution has been build-

ed solidly on its original foundation—value and service to the purchaser.

When others rushed into the motor car industry, Robert Gray bided his time.

Others experimented—on the motorist.

Others gained the reputation of a day—and lost it.

Robert Gray knew that the car bearing his name must have the same underlying qualifications as the Gray Carriage—so he waited.

Dort—at the Same Time in Flint

Paralleling the growth of Gray in Canada, was a similar institution in the United States.

Blue Ribbon Buggies were to Americans what Gray Buggies were to Canadians.

J. D. Dort, too, was building in Flint, as Robert Gray was building in Chatham.

J. D. Dort, too, was analyzing the motor car industry.

In 1915, Robert Gray decided that a good motor car could be built and sold at a reasonable price.

In 1915, J. D. Dort, studying the situation from the same angle, came to the same conclusion.

The two men met. Their identical views and aspirations inevitably attracted them to one another.

They chose as the engineering groundwork for their organization, Etienne Planche, designer of

the world-famed Pugeot motor. They surrounded him with men of equal calibre, who round out an institution unique in its man-power.

After Such Preparation—

With two institutions so solidly founded the first Gray-Dort was built.

Is it any wonder that in three days the entire 1916 output was sold?

It was to be expected that a doubled output for 1917 was heavily oversold.

The output for 1918 is double again—and may be inadequate.

What is Crushed Coffee?

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction—

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffees.

Sold only in double-sealed air-tight cans to keep it good.

The same price as it was three years ago.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezeme, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezeme, which will cost very little, but is said to be sufficient to rid one's feet of every hard or sore corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so softened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

CENTREVILLE NEWS

(Intended for last week)

Farmers are about done digging. There are a great many turnips yet to pull. Scarcity of cars has held back shipments of potatoes and turnips. There will be very few oats for shipment this year. Buckwheat was a very light crop and is now worth \$1.25 per bushel. Farmers are killing their pigs as feed is scarce and high. Prices for pork will probably be a little lower. The majority of pork in this section is shipped to the Imperial Products Ltd., Woodstock, and the former buy it back again in sausage, bacon and ham.

INSTRUCTIONS FOR REGISTERING

The call to the colors recently issued under the Military Service Act applies to single men and widowers without children, between the ages of 10 and 34. All men who come under this definition are now soldiers absent on leave without pay, and are liable to severe punishment should they fail to report for service. Here are the instructions which should be followed:

(1) Apply at a post office for a form, upon which he will report for service and give said form to the postmaster or his deputy, who will forward it to the Registrar;

PURITY FLOUR

Establishes the highest standard of quality ever attained in the manufacture of flour.

It contains an extraordinary amount of nourishment which makes its use a real economy.

More Bread and Better Bread—and Better Pastry, too.

(2) Apply to a post office for a form, upon which he will make application for exemption from military service, the reason for such application being indicated by the letter X being placed inside one or more of the six causes for which application for exemption can be made, and give the said form to the postmaster or his deputy; or

(3) Apply in person to any exemption tribunal on November 8, 9 or 10, 1917, and make application for exemption to such tribunal.

Any person who is ill, or who cannot attend to a post office for

the purpose of filling in a form, may have the form filled in by a near relation, or by such person's employer.

After November 10, 1917, no report for service will be accepted, and the person thus tardy will be liable to be considered as a deserter, for which the penalty is five years imprisonment without escaping service in the army.

After November 10, 1917, no application for exemption will be received, and the person thus tardy will forfeit whatever cause, however excellent, he may have for being exempted from service in the army.

Two Cases of Eczema and How They Were Cured

Further Proof That Dr. Chase's Ointment is a Positive Cure for Chronic Eczema.

If you read these letters you will find that Dr. Chase's Ointment is not to be classed among ordinary salves and ointments. By actually curing itching, stinging eczema in many thousands of cases it has stood the most severe test to which any ointment can be put. Mr. J. Brice, Temperance road, Parry Sound, Ont., writes: "Just a line to praise Dr. Chase's Ointment for what it has done for my wife. She has been suffering with eczema in her head for two years, and has spent no end of money with doctors and for ointments, which did her no good. She had about given up hope of ever being cured, when someone told her to try Dr. Chase's Ointment. By the use of this Ointment the trouble has left her entirely, so we have unbounded faith in it. I have told several people about the Ointment."

forer with eczema on my hands, and for eighteen months was so bad that I could not use a needle to sew or do anything. I could scarcely dress myself. I had had lots of salves from doctors. I could never get much benefit from them. Then I sent for a sample of Dr. Chase's Ointment, and found it very different in action. It was not long before my hands began to heal, and four 60c boxes made them well. I cannot praise Dr. Chase's Ointment too highly, and frequently give some to others to get them using it for I know that it will cure."

In the home Dr. Chase's Ointment is of almost daily usefulness, for by relieving chafing and irritation of the skin it prevents eczema and similar itching skin diseases. Applied to all cuts and wounds, it prevents blood poisoning and heals the skin. Dr. Chase's Ointment, 60 cents a box, all dealers, or Edmanon, Bates & Co., Ltd., Toronto.

Will Class One Provide The One Hundred Thousand Men?

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 8th, 1917.

This is almost self-evident for the following reasons: it is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper exemptions have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

Category A—fit for service in overseas fighting units.
 Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
 Category C—if fit for service in Canada only.
 Category E—if unfit for military service of any nature.

If not placed in Category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued by The Military Service Council.

Carvell is Still a Liberal

Mr. Pardee and I have labored. The principal of making wealth pay a proportion of taxation has been established and will, I believe, be continued and extended. Wealth must pay a heavier proportion than in the past."
 Mr. Carvell intimated that there could be no radical changes in the fiscal system until the war was over, but agreed heartily with Mr. Pardee that something must be done, something drastic if necessary to put an end to war profiteering in food or in munitions, some effectual system of food control must be devised.

The new minister of public works then told the reason which had determined him to attend the West Lambton convention. For weeks after the Liberals in the House of Commons had differed upon the issue of compulsory service he was aware the West Lambton member had been putting in many sleepless nights pacing the floor and wrestling with his personal inclinations and his convictions. On one occasion Mr. Carvell had called upon him and asked what he had decided to do. "I am going to save my self-respect and do what is right," was Mr. Pardee's reply. "I made that decision my own," declared Mr. Carvell. To those who may not see eye to eye with us, I ask them to respect the sincerity of our convictions for we never did a harder thing in our lives. We did what we believed right for ourselves, for our constituents, for our country and empire. (Cheers.) When we saw it was hopeless to reach an unanimous position in the Liberal party in relation to what we believed to be Canada's national obligation at this time, there were two courses then open before us, we could entirely to quit public life or we

could do our part each as we saw to help bring about things which we regarded as right and essential. Each of us reached his own decision, each of us acted upon it. I accepted a position in the new union government.

A voice: "With a poor bunch." "I did what I believed to be my duty."

Another voice: "What! no Liberals in it?"
 "I can speak for no man but myself, I know I am just as good a Liberal as any man in this audience. I believe in the principals of Liberalism; they are part of me. (Cheers.) I am in the government to do what I can towards winning the war. I went in freely and if there are things happening of which I cannot approve I can get out just as easily. This is not a Conservative government. It is a Liberal government!" "Mostly Conservatives," interrupted a voice.

"This is a war government. Its purpose is to carry on the affairs of this country in a non-partisan way until the war is won. After demobilization the contract is concluded and each man can take the course he thinks best."

"You'll be all Tories then," exclaimed another.
 "Does somebody say I will become a Tory?" asked Mr. Carvell. "Well I don't believe it. (Laughter and renewed cheers.) There is only one thing for a man to do in a crisis like the present and that is to do what he thinks is right."

Mr. Carvell, who had recently received word of the death of his son-in-law in action, added with considerable feeling that to understand the war tragedy it was necessary to pass through the Gethsemane of personal sacrifice. At the conclusion of Mr. Carvell's address cheers were given for the king, for the fighting forces, for Mr. Pardee and Mr. Carvell.

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. J. O'BYRAN, 1765 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

What Will I Look Like in Ten Years from Now?

What woman hasn't asked herself this question? How often have you worried about it? You have heard it said that "beauty is only skin deep". Don't believe it. The key to good looks is health, and the first essential to good health is to keep the digestive organs in perfect working order. For this purpose nothing is so helpful as Chamberlain's Tablets. An occasional dose will prevent or relieve constipation, indigestion, biliousness, sick headache, and all their train of attendant evils.

The low cost per cup

It is hard to believe that a cup of good, rich tea only costs about a fifth of a cent, but, you see, Red Rose consists chiefly of Assam teas—the richest, strongest teas in the world. Red Rose easily yields 250 cups to the pound. And it's a tea of rare economy and flavor.

Kept Good by the Sealed Package

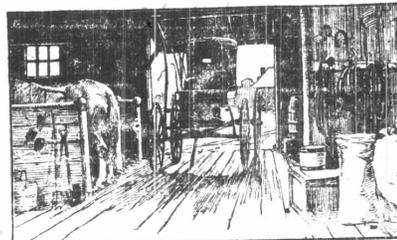

A Ford Car Takes the Place of all These Things

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horse and buggy, but the single harness, blankets, whips, currycombs, brushes, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford Car—complete in itself. It is vastly superior to the narrow, cramped buggy that travels so slowly. And when a Ford is standing idle it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.

INSPECTED CARLETON COUNTY ROADS

Hon. P. J. Veniot Here Last Week Finds Roads Badly in Need of Repair

Hon. P. J. Veniot, provincial minister of public works, and Burton M Hill, provincial road engineer, last week inspected the roads in Carleton county.

Hon. Mr. Veniot said that while owing to a scarcity of labor from farming conditions, there was not as much work done as had been hoped for, it is planned to have extensive work done under a competent organization in this county next year. Much of the work that has been done in Carleton county is, however, of a permanent nature. The Houlton road, running from Woodstock to the Maine Boundary, formerly one of the worst pieces of road in the province, has been improved and in the worst places a rock foundation has been put in and gravel has been arranged for this road next season. This gravel will have to be hauled some distance and the proper road machinery will have to be procured. The entire length of this road will be put in permanent shape if labor can be procured.

Mr. Veniot, in company with Mr. Hill, rode through Maine from Houlton to Bridgewater and he says he is not afraid of any comparison that can be made between our provincial roads and those on the other side of the line. Even after heavy rains our roads are as good, if not better, than the state-aided gravel roads in Maine.

Mr. Veniot is having a lot of fall skirting done on the road in preparation for next year, both on the trunk and by-roads. It is the intention of the department to purchase new modern machinery to meet the requirements of road making in the province.

Much of the machinery now in use does not meet the requirements of road work in New Brunswick.

J. W. Stevens Dead

Early on Saturday morning J. Wesley Stevens died at his home in Fairville after a long illness. Last spring he submitted to an operation for stomach disorder, from which he had suffered for years, and he did not afterward regain his health. The deceased was a son of the late William Stevens and spent most of his life in Somerville, about 18 years ago going to Fairville where he was continuously engaged in the employ of the Partington Pulp and Paper Co. He is survived by his wife, two sons, Frank and Earle, in the States, and five daughters, Mrs. (Edda) Lutes of Berry's Mills, and Bessie, Clara, Marion and Sadie, at home. Charles Stevens of Hartland is a brother, while three sisters reside in Boston and another in Utah. H. M. Stevens of Hartland is an uncle.

Mr. Stevens, as his long service with one firm attested, was a

faithful employee, and his life was devoted to his family. He occupied a prominent place in the affairs of Fairville Baptist church, of which for many years he was a deacon.

CENTREVILLE NEWS

The roads are now in a dreadful condition caused by the rain last week.

G. E. Wilson, Harold White, Frank McKenzie and Fred Chase, traveller for Vassie & Co., went to Miramichi Tuesday for a hunting trip by auto. They returned Friday much disappointed as they got absolutely no game.

Saturday a large crowd of young men of military age went to Woodstock for examination. About half of them were able to get in the office, the other half to wait until the next day. This is quite expensive for our young men as they have to lose the day and stand all the expense of a trip to Woodstock. There should have been an examining board at Centreville which is the centre of a large district.

Mrs. S. W. Burt is visiting her son, Dr. Geo. Burt at Fort Fairfield.

The men summoned for jurors are having a long siege at this session of court and the end is not yet in sight. It does not seem right to take a man away from business for two or three weeks and pay him a dollar a day when his expenses alone can hardly be less than \$3 per day.

Dr. Frink of St. John was here last week inspecting some horses for Collector Balloch.

Cyril Brown has purchased a farm from Geo. Beckwith on the other side of the Presque Isle stream. It is known as the Hovey farm.

Royalton Red Cross

The Royalton R. C. Society annual meeting was held at the home of the president Oct. 18. All the old officers were re-elected. Pres., Mrs. C. A. Simonds; vice pres., Mrs. Geo. Buchanan; sec.-treasurer, Mrs. Harry Weade. The following report of the year's work was submitted:

175 pairs of socks and mitts, 8 pyjama suits, 1 autograph quilt, \$18 sent to Duchess of Connaught Hospital, \$17 sent for France's Day.

We have on hand ten lbs of yarn, several pairs socks and \$25. We sent several pairs socks and mitts to the boys from this section who are at the front and training in military camp in England. But the greater number were sent to the Soldier's Comforts Association, St. John.

When asked about the prospects for the extension of the breakwater to Partridge Island, Hon. Mr. Carvell said: "We cannot spend on public works, however necessary, the money we need for shells. The construction of the breakwater is indefinitely postponed so long as we need the money for war purposes. Muntious must come first."

BOYS SHOULD BE ENCOURAGED

Good Work of C. S. E. T. Should Be Helped Along

The provincial conference of older boys in training met at Fredericton last week. The registration number about 250. Four representatives went from Hartland, W. Baker, W. Craig, H. Rogers and A. Trafton. There was also present, Fred Rideout from Peel and Wendell Lewis from Rockland.

We can imagine no more moving sight than the large gathering of boys from all parts of the province, representing all the leading protestant churches.

The Canadian Standard Efficiency Tests (now becoming well known as the C.S.E.T.) make up a program for the all-round development of Christian manhood, living in Jesus Way and increasing in wisdom and stature and in favor with God and man. The program has been drawn up by experts in boy training representing the Anglican, Baptist, Methodist, and Presbyterian Churches, and may be carried out without affecting the boys' church relations at all.

The long winter evenings are approaching. An attempt was made in Hartland last winter to marshal and train teen-age boys on C.S.E.T. lines. A fair measure of success was attained, but the need of a suitable room where mid-week bible study and practical talks might be carried on, combined with opportunities for basket-ball, group-games and gymnastic exercises is very urgent indeed.

The movement is receiving much more sympathetic attention in Hartland now than formerly, because it is better understood. All live citizens should see the possibilities of work of this kind.

The boys of today will be the adult citizens of a few years hence. To them will fall the tremendous task of grappling with the problems and unprecedented calls of the new age the great war is ushering in. Church and state will need to co-operate as never before. The church's task is to guard and train a generation of men of lofty Christian ideals, with courage and consecrated common-sense to carry them out. The state must cleanse and reform itself so as to find a fitting place for young men vibrating with the all-round life of which Jesus, the God-man is the supreme example.

Once more, with the coming of the winter season, we would bespeak the interest and support of Hartland and neighborhood in the work that will be planned to help the boys to help their community, state and church.

Primitive Bapt. Quarterly Meeting

On Oct. 6th the Primitive Baptist quarterly session convened at Rosedale. Meetings were well attended by both clergy and laity. The Spirit's presence was strongly manifested throughout the session. One pleasing feature was the new talent used for the first time in a Primitive Baptist quarterly meeting; gives us confidence, that we are yet on the Lord's side.

Business session Monday morning was largely attended, much business in Primitive Baptist interest was transacted. Brother Cain from Monticello received quarterly meeting license.

A vote of thanks was tendered to church and community by speaker of closing service, Monday evening, for the hospitable manner in which they cared for the quarterly meeting.

DISASTROUS FIRE LAST NIGHT

Hartland Poultry Yards Suffered Severe Loss

Last night fire destroyed the main henry of Hartland Poultry Yards, owned by Dr. MacIntosh and managed by Robert E. Kidney. A large lot of very valuable fowls were destroyed, among them some choice pens of fancy stock that was the result of years of careful breeding. The loss, therefore, although partly covered by insurance, is such a one that money can hardly replace. The fire is discouraging to an enterprise that has been of much value toward setting an example in the extensive production in poultry and eggs.

The origin of the fire is unknown and it had made considerable headway when discovered. Neighbors from near and far hurried to the scene and assisted in saving adjoining buildings.

Hallowe'en Fete

"The night was dark and stormy, the wind was howling wild" and all the witches of Hallowe'en were out in furious gayety on Tuesday evening when the energetic young ladies of the Philaetha Class of the U. B. Sunday school were hostesses at an entertainment the proceeds of which were for Red Cross purposes. The fete was given at the Armory which was symbolically decorated with the Hallowe'en colors, black and orange, and witches, bats, pumpkins and black cats held an orgie. Fortunes, were told, riddles were read, and a host of tricks, new and old, were tried. A most pleasing luncheon was served on decorated tables, candle-lit. Sister Susie was a prominent character and was the means of collecting considerable cash. The candy booth claimed much more coin. A very clownish clown made much sport, offsetting the un-canny effect of the numerous ghosts present. A good crowd were in attendance in spite of the weather and the sum of \$56 was realized.

Carlingford News

Mrs. Rainsford Trafford has gone to Knoxford for a few days. Ward Burphy and Miss Emma

Robinson of Grand Falls spent the week-end at Wm. S. Everett's.

Mrs. Zebediah Barker and family of Dover, Me., who have been visiting at his brother's, Charles Barker, have returned home.

Last week \$12.60 was collected for the British Red Cross.

Whooping Cough

Mr. Arthur Hainge, Ashton Farm, Perley, Sask., writes:—"Two years ago whooping cough was very bad in this part of the country, our eight months old boy caught it and had a very severe attack. A neighbor advised the use of Dr. Chase's Syrup of Linseed and Turpentine, we gave it and nothing else with splendid results. When the older brother took the whooping cough we used this medicine promptly and prevented serious trouble as the cough passed off in two or three days."

Campbell-Caldwell

On Wednesday, October 24, a quiet wedding took place at the home of Mr. and Mrs. Casper Caldwell of Florenceville, when their daughter, Ella Edyth, became the bride of Burrell H. Campbell of Lansdowne. The ceremony was performed by Rev. M. H. Manuel. Only the immediate

relatives of the bride were present. Mr. and Mrs. Campbell left that evening for a short wedding tour. The bride is very popular in Florenceville social circles and the groom is a prosperous farmer of Lansdowne.

Nerves Are Exhausted

When you have frequent headaches, find yourself easily irritated and annoyed, feel discouraged and downhearted, cannot rest and sleep well, and find appetite fickle and digestion bad, you may know that the nerves are in bad condition. Don't wait for these symptoms to become chronic, but start in early with the use of Dr. Chase's Nerve Food and head off disaster.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth, and stomach-headache, you can get blessed relief in five minutes. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful!

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Stomach, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. Cascarets tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Now is the time to be thinking, and thinking seriously, of war bond purchases. Every Canadian should plan to lend his or her savings to the government. Money is wanted, and it must be provided by the Canadian people. Those with small accounts in the savings banks will find the war loans a better investment, and will have the comfort of knowing that their money is producing better interest by fighting Germany.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas, and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-ache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in a few minutes how needless it is to suffer from indigestion, dyspepsia or any stomach trouble by food fermentation.

Here Again

I have come back to stay in Canada as long as cold weather lasts, because that is when I can be most useful. I have helped young mothers whose children were choking with croup, and been the comfort of parents whose children tramp to school in the wet wintry weather.

Many a cold and attack of bronchitis I have warded off, and thousands I have helped in the anxious time of whooping cough. You will see me often, for I have much to tell you of what can be done in the home with Chamberlain's Cough Remedy.

Opportunity for Dental Work

Dr. Manzer has returned to Woodstock and will resume his practise in dental surgery. For the past year Dr. Manzer has been serving as a Captain in the Canadian Army Dental Corps, and this great experience has added more to his already long experience in dental work and head surgery. His experience in anaesthetics, especially gas, has been enormous, handling hundreds of patients monthly in the Army Hospitals. He is anxious to procure all the difficult cases possible. His equipment is of the most modern type and as in the past he guarantees all his work to be of the best. Gas and ether administered. His famous anaesthetic, "Iodonthurt," for the painless extraction of teeth he

has greatly improved upon. Artificial teeth; gold, silver, the new porcelain and cement fillings inserted; Crown and bridge work. His motto is quality and not quantity of work. Office at his residence, Chapel street, which faces the Post Office and is opposite the Turner House and Armoury, Woodstock, N. B.

Mrs James Brooks

Mrs James Brooks, of East Florenceville, passed away on Oct. 19th after a lingering illness. Physicians were summoned but all earthly assistance that could be available failed. She leaves to mourn their loss, a husband, three sons and two daughters, four sisters and three brothers. Much sympathy is felt for the family in their sad bereavement. Services held at the house, conducted by William Tompkins. The Baptist choir rendered appropriate music. Sermon by Rev. P. J. Quigg.

In Memory of Capt. Fisher

A memorial service for Captain Arthur M. Fisher, R. A. M. C., son-in-law of Hon. F. B. Carvell, was held on Sunday evening in St. Luke's church, Woodstock. The 65th Battery and other artillery units attended in a body as well as the veterans. The district headquarters staff was represented by Captain B. M. Gray. Rev. A. S. Hazel, rector.

S. Burt is plying his trade in Knoxford.

Leon Burt and Miss Bertie Hartley were united in marriage on the 19th by Rev. W. J. Hurlow.

Mrs. Will Wheeler is visiting relatives and friends in this vicinity.

Mr. and Mrs. Simon Graham has gone to Grand Falls to spend the winter.

Mrs. C. A. Simonds was a recent visitor in Houlton.

The R. B. church here still remains without a pastor.

C. C. Burt has been laid by with an attack of jaundice.

Donnie Tompkins has also been on the sick list with an attack of acute indigestion.

Have you registered for Military Service Act? The place to do it is at the post office and the time to do it is NOW. Better register early. Putting it off awhile will not save you; you can't bluff it out by holding back.

The entry of Liberal members into the cabinet has had one striking effect. Under the former government there were millions available, for example, for the Canadian Northern Railway deal. Hon. Mr. Carvell, declared that all the money in Canada was needed to carry on the war, and could not be spared for any other purpose. It is refreshing to have a minister who is not afraid to back up his professions.
