

A Short Session.

The City Council Holds Its Sixth Meeting.

The City Engineer's Remedy for the Pole Nuisance.

A Batch of Communications—Mr. Healy Retained as Market Weigh Soles Clerk—The Committee Reports—Change in the Assessment Period.

The following communication from City Engineer Graydon was read at last night's meeting of the City Council:

"I desire to call attention to the unsightly appearance of the main streets caused by the indiscriminate way telegraph, telephone, electric light and fire alarm poles are erected in the past and may be in the future. I would advise that the city erect 65 or 70 foot poles, and all wires be carried on these poles, and rental be charged each company pro rata; or should the city not consider it advisable to erect the poles then make the different companies pool the cost and put them up. It may be said this would cause more danger, but it cannot commence to cause the danger now existing. Should the companies object to carrying out this scheme then direct that all wires go underground."

The matter was sent to No. 1 Committee.

Other communications.

P. B. Richards—For remission of 1891 taxes on his property 130 and 134 Oxford street, No. 1.

Charles Hutchinson—For the refund of taxes on South London property, which he claims were also paid to the county.

George F. Jewell, auditor—Reporting that the city register's books were kept carefully. No. 1.

James Southcott—Re overcharge of sewer rate. No. 1.

Fred W. Saunders et al.—Asking that Cartwright street, between Princess and Central avenues, be graded and graveled, and that plank sidewalks be laid. No. 2.

H. L. O'Dell—Asking that the sidewalk on Burwell street be extended to York No. 2.

Lois & Dignan—Urging payment of Mr. Howie's claim for cedar posts, etc., in connection with the Dundas street pavement contract. No. 2.

Wm. Onn et al.—Asking that the fish peddlers' license fee of \$10 be reduced. No. 3.

John Mann & Son et al.—Against watering the following streets: York, between Waterloo and Burwell; Waterloo, Colborne and Burwell, between the G. T. R. and York streets. No. 3.

From Alfred J. Wickes—Asking use of Queen's Park for civic holiday in which to hold the second picnic of the teamsters. Granted.

Mrs. S. Watts—Against paying taxes on lot 3, west side of Colborne street. No. 1.

From a Buffalo man—Asking if the Council wanted a balloon ascension on May 24, either by gas or hot air. Not wanted.

NUMBER THREE COMMITTEE.

By Ald. Fitzgerald, chairman: That the tender of Donald Doid of \$720 for a year's rent of market scales be accepted.

That John Law take down addition at back of market stall 17. That action be taken to secure legislation to reserve the top of all poles in the city for the exclusive use of the fire department. 4. That the black horse in the Central Fire Station be sold at once and a new one purchased. 5. That a fire alarm be placed on the Emery estate in No. 6 ward. 6. That the chief of the fire department report all sales of old material to No. 3, and hand the proceeds to the city treasurer at once. 7. That tenders be called for fire supplies. 8. That W. D. Buckle's offer for wood market be filed. 9. We report progress on memos re wood market, relief wood, and re hucksters' bylaw.

There was a good deal of discussion over the first clause. Ald. Connor moved in amendment that Mr. Healy, the present occupant of the position, be retained. Ald. Connor and others paid high compliments to Mr. Healy's efficiency, and thought it desirable to retain him. The amendment carried.

Clause 3 was referred back in view of the engineer's letter. The remainder of the report carried.

NUMBER TWO COMMITTEE.

By Ald. Connor, chairman: That E. F. Howay's tender of \$810 for erection of caretaker's cottage on fair grounds be accepted. 2. That the cedar block paving of Adelaide street, Dundas to King, be advertised. 3. We report progress on the petitions of Thomas Mungall, C. Liley, R. J. C. Dawson, M. Power, et al.; Love & Dignan, re damage to J. McKay's horse; and memos from Council re drinking fountains, artificial stone walks, Ball Electric Light Company's poles, and sewer on C. P. R. grounds.

Some doubts expressed in connection with clause 2 as to whether the Casket Company was liable for local improvements. The bylaw says they are absolutely exempt from everything for ten years, though some of the aldermen said they understood, when it was passed, that the company would have to pay for all future improvements. The clause was sent back, and the bylaw will be changed to conform with the view that the company should be thus assessed. The other clauses passed.

NUMBER ONE COMMITTEE.

By Ald. Gatherson, chairman: Your committee having examined the following accounts and finding them correct recommend the same for payment:

No. 1 Committee accounts: Salaries—Quarter ending March 31, \$3,822 50; Insurance—London Assurance Company, \$117 50; Royal Insurance Company, \$28 80; Imperial Fire Insurance Company, \$30; Printing, advertising, etc.—Stamps, \$15; John Mills, \$46 26; Salaries—Alexander Irvine, \$18; Peter Toll, \$30; W. A. Westcott, \$30. Incidental expenses—Telegram, 27 cents; Wm. Gurd & Co., \$14 25. Total, \$4,192 58.

No. 2 Committee accounts: Streets, etc.—Pay sheet, \$323 87; Victoria Park—Dominion Transportation Company, \$4 50; City Hall—R. Lewis, \$11 44; Victoria bridge breakwater—John Elliott, \$3. Total, \$339 81.

No. 3 Committee accounts: Fire department—Pay sheet, \$831 60; Essex Brass and Iron Company, \$2 50; Anderson & Nelles, \$29 11; W. H. Winnett, \$8; McClary Manufacturing Company, \$6; Mrs. Sweeney, \$8 45; Gutter Percha Rubber Company, \$3; F. Fitzgerald, \$16 50; J. Winter, \$8 91; P. Duguid, \$3 42. Street watering—Geo. Heaman, \$92 85. Total, \$1,010 34. Relief accounts—Railway passes, \$22 60; W. H. McCutcheon, \$10; Hinton-Mills Manufacturing Company, \$47 50; John Lawson, \$10 50. Total, \$100 60. Grand total of committee accounts, \$5,943 33. 2. That the taxes of Mesdames Bayley, Bayley, Long and Beamish for 1891 be remitted. 3. That R. J. Kearney be re-elected his City Hall store for one month

WESTERN ONTARIO.

BRANT.

An important meeting of the directors of the B. W. and L. E. R. was held on Saturday a Brantford. It is intended to ask the Dominion Government for a subsidy of \$30,000 for the extension of the line from Waterloo to Simcoe, the Ontario Government for a subsidy of \$16,000, and the city of Brantford for a bonus of \$40,000.

Those in a position to know say that Capt. Cox is pretty certain to get the appointment of the vacant Paris postmaster.

A petition has been sent down to Hon. Mr. Mowat by Lawyer Heyd, of Brantford, asking that the witnesses for the defense in the Heslop trial be paid by the Government. It is said that Judge Rose will endorse the application.

BRUCE.

A banquet was given to B. B. Miller at Wiarton on Friday night, on the eve of his departure through the United States and Canadian Northwest. Mr. Miller is one of the pioneers of that place. He was the first postmaster, first Division Court clerk of that division of the county of Bruce, held a commission as J. P. for a number of years, and has been a leading spirit there for about a quarter of a century.

ELGIN.

Adam Cochrane, St. Thomas, has been in Durham attending the funeral of Alex. Cochrane, foundryman at Durham, where he has resided for the past thirty years. Deceased, who has been ailing for five months, died Wednesday, the funeral taking place on Saturday. He was about 66 years of age, and leaves a wife, three sons and six daughters.

ESSEX.

The Detroit police are in communication with Mary Armstrong, the Toronto girl who is said to have been betrayed by Prince Michael, and who is said to be willing, if not anxious, to appear against him. It is claimed by some that Ellen Rollinson, who is claimed by the "God House" during the painful days of its existence, but who went away some time ago, can tell the saddest and worst story of them all. She is also likely to appear against the prince. Miss Rollinson lives near Toronto.

WENTWORTH.

The Central Fair Agricultural and Industrial Company (limited), of Hamilton, was legally organized on Saturday, and is now in running order, with a staff of most efficient officers. The most important business was the election of officers, which resulted in the selection of Wm. Hendrie to fill the important post of president, and J. M. Lottridge to the vice-presidency. Thos. Meavour was elected secretary-treasurer.

WELLINGTON.

A remarkable circumstance, worthy of engaging the best intellect of scientists, took place at the Commercial Hotel in Wellington on Saturday afternoon relative to Benjamin Stewart, residing within a short distance of the village, who from his infancy has been deaf and dumb. A. R. Hopper engaged rooms at the hotel for the purpose of testing an Edison phonograph machine, and created considerable interest by the variety of songs, speeches and tunes drawn from the wonderful contrivance. Among those attracted Stewart appeared on the scene, and he was requested to relay the order to place the Edison tubes to his ears. To the surprise of everyone, when the invention began working, he in ecstasy conveyed by his usual signs the fact that for the first time in his life he was enabled to hear the tunes played by the instrument. The occurrence at once suggested the idea that by some similarly contrived process Stewart might yet be restored to hearing.

FRASER COCHRANE—GRATEFUL AND COMFORTING.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cochrane's Food, I have provided my breakfast table with a hearty and nourishing diet, which may save many heavy doctors' bills. It is by the judicious use of such articles that I have been enabled to eradicate all the ailments which were gradually built up until I was nearly ready to attack wherever there is a weak point. We may escape many a fatal ailment by keeping ourselves supplied with pure blood and a properly-nourished frame.—Civil Service Gazette.—Made simply with boiling water or milk. Food only in packets, by grocers, labeled—'JAMES COCHRANE & CO., Homoeopathic Chemists, London, Eng.'"

THE WORLD NEVER FORGETS A MAN WHO DISAPPOINTS IT.

Mr. J. R. Allen, upholsterer, Toronto sends us the following: "For six or seven years my wife suffered with Dyspepsia, Costiveness, Inward Piles and Kidney Complaint. We tried two physicians and any number of medicines without getting any relief, until we got a bottle of Northrop & Lyman's Vegetable Discovery. This was the first relief she got, and before one bottle was used the benefit derived from it was beyond our expectation."

TO TEXAS ON A CHARGE OF FORGERY.

The defendant disputes the plaintiff's retainer, and the plaintiff alleges that he will be materially prejudiced by the delay if the case be tried at Goderich; that the cause of action did not arise there; and that the balance of convenience is in favor of a trial at Toronto. Order made, varying the order of the plaintiff's retainer, and that the action be tried at Toronto if reached before the Autumn Assizes at Goderich. Costs in the cause.

KENT.

The East Kent Teachers' Association held their semi-annual convention in Ridgeway on May 12 and 13. Dr. McLennan, of the School of Pedagogy, will be present and address the association.

LINCOLN.

Captain Wigle, who was last year master of the Lakeside, will this season take command of the new steel boat the Garden City, now being built at Port Dalhousie for the St. Catharines, Toronto and Grimsby Navigation Company. The new boat will be, it is said, by long odds, the speediest boat on the lower lakes. The contract calls for seventeen miles an hour, and she will be able to cross the Lake Ontario in two hours. The launching will probably take place Saturday.

MIDDLESEX.

Dr. Charles H. Reynolds, of Stratford, was married in Brooklyn, N. Y., last week to Lydia K. Humphreys, of that city.

A meeting of peculiar interest, not only to the students of Woodstock College, but also to the citizens of Woodstock, was held in the college on Saturday evening to present to the Board of Governors a magnificent painting of the late principal, W. H. Haxton, a companion picture to that of Rev. J. McLaurin, already adorning the walls.

Elmwood W. Crane, South Norwich, farmer, left \$7,600. The executors have applied for administration.

NOTICE.

A notice has been posted in the C. T. R. locomotive shops in Stratford that hereafter the men will work only five days a week, the shops being closed down entirely on Saturday.

A. H. Smith, who has been in charge of the office of the North American Mill Buildings Company in Stratford for eight years, was presented with a gold-headed cane by the employees before leaving for Chicago, where he will join his son, who has a good position on the staff of a railway company in that city.

John Clifton, one of the sub-contractors of the Great Western Railway at its construction, died at Calder's Hotel in Stratford on Saturday. He was 78 years of age.

The old Kaufman House, Sebastopol, was destroyed by fire on Friday night. The adjoining barns were also destroyed. The origin of the fire is unknown. The buildings were insured for \$1,500, which will not cover the loss.

A sudden death occurred at Brunner, near Stratford, a few nights ago. William Kerr retired that night in his usual health, and arose about 2 o'clock in the morning to care for a sick child. The child was removed from one bed to another, and Mr. Kerr again retired. Hardly had he laid down to rest when he fell from the bed, and by the time he was lifted to his bed again he was dead. Heart disease was the cause of death.

WATERLOO.

Jas. Dryden, son of Jas. Dryden, of Galt, known as a clever stenographer, and for some time private secretary to Governor Schultz, has been appointed private secretary to President Sanborn, of the Territorial Agricultural College, Utah.

Richard Bond, near Galt, has sold his farm of 125 acres to Robert Sudden for the sum of \$7,000. Mr. Sudden has also purchased the stock and implements.

Andrew Moscrip, Galt, lost a valuable Ayshire cow last week. The animal had been ailing for some time, and a veterinary surgeon was called in, but nothing could be done to relieve her. After the cow died Mr. Moscrip had it examined, and the heart and lungs were found to be in a terribly diseased condition. In the passage leading from the stomach a piece of hoop-skirt wire about four inches in length was found.

The Ayre spring stallion show will be held on April 13.

God's in His heaven, All's right with the world. —BROWNING.

London, Tuesday, April 5.

Of course, Londoners must have music in Victoria Park this summer. Now is the time to begin the arrangements.

The stealing of a seat in Parliament is the worst form of larceny. All honest men are ashamed of those who engineer such a despicable robbery.

The Free Press has had a good many comments against the petition for the impeachment of Judge Elliot, but it has not as yet mustered up courage to even publish the petition against that functionary.

The Toronto World was assured last night on excellent authority that Hon. Edward Blake had recently written a letter expressing his willingness to re-enter Parliament. On what conditions, however, the World could not ascertain.

The Bradford Express of Monday says: "The London Free Press is devoting a good deal of attention just now to carrying criticisms of the signatures attached to the petition for the impeachment of Judge Elliot. It would do better to meet the charges therein contained, particularly the one that the Judge has, under cover of Free Press editorials, been slandering the Liberal party and putting himself."

The Ottawa Journal, an independent Conservative paper, fears that the majority in the Dominion Parliament will attempt to foul play when the question of redistributing the seats comes before the House. In other words, a gerrymander is expected.

Our contemporary this refers to the racially unfair measure of 1882. After the census of 1881 the Conservative majority in Parliament carried through a redistribution measure which was undoubtedly unfair in many respects, and aimed to give the Conservative party great election advantages.

It is announced that W. H. Ingram, brother of Mr. Ingram, M. P. for East Elgin, has been appointed Collector of Customs at St. Thomas, to the delight of far worthier members of his party. It was this same W. H. Ingram, who, during the campaign in South Perth, sent the following remarkable letter from St. Marys to a pal in St. Thomas:

Dear — Your telegram to hand this p.m. and glad to hear from you. The people have not got here with the influence yet. Things were quiet until to-night, and maybe to-morrow it may be all O. K. Hold yourselves in readiness at any time. I will wire you when to come if O. K. If I will wire you no good. Mr. R. Bir is not here yet. Keep patient. Yours in haste, W. H. INGRAM.

Mr. Ingram has always refused to explain what the "influence" was. It can therefore be understood that it was not legitimate. The same man, accompanied by from 20 to 40 others, overran London and West Huron in the interests of the Conservative candidates. They had no votes in these constituencies; they were not voters; they merely used "the influence." For his share in the plotting Ingram is now rewarded. Victories so achieved cannot be lasting.

The magnetic needle has been acting in a very erratic manner recently in some parts of France and Scotland, where its declination now is 20 to 25 minutes greater than it was a few months ago, though no change has occurred in the adjacent regions. Scientists do not know how to account for this magnetic anomaly, unless it indicates that metal-bearing rocks in the depth of the earth have been displaced by some profound geological disturbance, which is made apparent at the surface by these unusual vagaries of the needle. The theory was long ago advanced that terrestrial magnetism, if we could read it right, would explain what is going on in the bowels of the earth; and in the connection that geologists are disposed to trace between the recent magnetic disturbances and subterranean geology we have another illustration of the interdependence of the sciences, a great truth to which Wallace called attention so vividly when he based conclusions relating to prehistoric geological changes upon the present distribution of fauna in the Malay archipelago.

CARON'S TURN NOW.

Mr. Edgar, M.P., caused a sensation in Parliament last (Monday) night when he arose and gave notice of a series of resolutions charging Sir Adolphe Caron with being a party to the booting of large sums of money from subsidies granted to the Quebec and Lake St. John and to the Temiscouata Railways. The charges state that during the years from 1882 to 1891 inclusive the Quebec and Lake St. John Railway Company received bonuses from the Dominion of Canada amounting to upwards of \$1,000,000. They further allege that Sir Adolphe Caron, all the time a member of the Dominion Government, was also a partner in a construction company along with H. J. Beemer and thus had special knowledge of what was done with the subsidies voted by Parliament. During the period named, it is charged, Sir A. P. Caron corruptly received large sums of money out of the subsidies, from moneys raised upon their credit, and from parties beneficially interested in them. The large sums of money corruptly obtained at the request and with the knowledge of Sir A. P. Caron, it is alleged, were used to aid in the election of the Minister and his associates.

It is further charged that of the \$649,200 granted by the Dominion Parliament as subsidies to the Temiscouata Railway since 1885, when the company was incorporated, large amounts were paid over to Sir Adolphe Caron at his request to aid him in securing the election of himself and his friends. These and other sums contributed by public contractors, Mr. Edgar sets forth, "were controlled and distributed by the direct authority and with the knowledge of the said Sir A. P. Caron in lavish and illegal amounts for the purpose of corruptly influencing the electors, and in the general election of 1887 alone upwards of \$100,000 of moneys so contributed were so used for the purpose of corruptly influencing the electors in the following electoral districts, that is to say: The counties of St. Maurice, Champlain, Lewis, Montmorency, Charlevoix, Kamouraska, Temiscouata, Lislet, Dorchester, Berthier, Portneuf, Quebec, Gaspé, Rimouki, Montmagny, Bellechasse, Beauce and Megantic, and in Quebec West, Quebec Center, Quebec East and Three Rivers."

Mr. Edgar will move that this strong indictment be referred to a committee to inquire fully into the allegations and examine witnesses under oath.

It is apparent that the country is again on the era of humiliating revelations. When shall the end be?

THE "REBELS" OF 1837. If the discussion that took place in the Ontario Legislature last night has no other effect than to once more emphasize the sacrifices that the struggle for responsible government demanded of the patriots of early days it will serve a good purpose.

A proposition was made that the Province should grant pensions to the men who aided in putting down the outbreak against the intolerable oligarchy known as the Family Compact. The motion was voted down on the ground that the Province could not reasonably be expected to go into the pensioning of these men. If there is to be any pensioning it should be done by the Dominion authorities, who have charge of the defenses, and who have already recognized the principle by granting pensions, albeit miserably small, to the veterans of 1812.

We agree with those members of the Legislature who take the ground that if there are to be any rewards given, the friends of liberty, whose actions, hasty though they were, forced the British Government to put down the oppressors of the people, should not be forgotten. They paved the way for the establishment of constitutional government. History has decided that their contentions were warranted; the greatest statesmen in the realm have united in the declaration that the conditions they revolted against were intolerable. But for the rebellion and the steady advocacy of popular rights by those who participated in it or sympathized with the objects of its promoters the wheels of progress in this country would have arrested for many a day, and not a few class laws then on the statute book might yet be operated, to the hurt of the masses, by the descendants of those who illegally drove William Lyon Mackenzie from Parliament and wrecked his printing office because he had the courage to expose their grievous wrongdoing.

What is needed nowadays is more of the spirit of the opponents of class laws and family compactism and an increased appreciation of the men who steadfastly stood up for what they believed to be right—aye, even at the risk of their lives. To suggest that those men should now be branded as rebels, and the Family Compact be voted patriotic leaders, would be to pervert history, as was ably set forth by the Hon. J. M. Gibson, himself a son of a "rebel" sympathizer in the troublous times of 1837. Very many of us have good cause to "thank God for those rebels," who stood up not against the Sovereign, but against the worst form of oligarchy.

An elaborate discussion carried on for some time in the Academy leaves the impression that the nicknames of Jack does not properly stand for John, but for James.

Secret voting was practiced by the ancient Greeks and Romans. The word "ballot" comes from the French ballotte, a little ball. The first record of the use of a ballot-box for the election of an alderman was employed in the election of aldermen in London.

LET INVESTIGATION PROCEED.

A determined attempt is being made to get gentlemen who signed the petition for the investigation into Judge Elliot's remarkable doings and sayings to withdraw their signatures. A special agent of the immediate associates of Mr. Caron in the crime against the majority of the citizens of London has been around the city earnestly pleading with signers to withdraw their names. He has met with no success, the one clumsy effort to get a repudiation having been exposed by the indignant denial of the elector who was misrepresented.

Why do these men so fear an honest, straightforward investigation into all the facts? It seems to us that the charges having been made by responsible citizens and brought before the House by a responsible member of Parliament, there should be no further delay in ordering a full investigation under oath. Of course, the investigation cannot alter or explain away the already proved twistings and turnings indulged in by Judge Elliot to get over his own rulings and the decisions of six Superior Court judges who have held his conduct to be wholly wrong when he counted good the votes of men who were removed from the list, in regular form, by a Conservative revising officer.

But a full investigation, as we are informed, will give to all honest men conclusive additional proof why the findings of Judge Elliot should not be respected, and why Mr. Hyman, M.P., should no longer be kept out of the seat to which he was elected.

NO DOMINION VOTERS' LIST REVISION THIS YEAR.

There was another exposure of the rascally character of the Dominion Franchise Act in the House of Commons last night. It was announced that the Government would suspend the operations of the Act this year.

This means that in the by-elections that may be held during the next eighteen months the old lists will be used. In a country where there are so many changes in the electorate going on all the time, where so many young men reach the age of self-sustaining manhood in one year, a grave injustice is done to the people. The Franchise Act is inequitable and expensive in any case, and it is doubly so when its provisions are suspended and elections are held on old lists, and decided in favor of the men who can pay the most money to bring back the foreign vote.

The act has many other faults that we in London and the West have become cognizant of to our cost. It is a measure that over one-half of the ungerrymandered electorate believe to be grossly unfair to them, and it has been operated with an unfairness in more than one constituency that no honest man can defend. No man who desires to get a fair voters' list will hold that it should be compiled by a creature of the Government whose misdeeds will be tried by the voters placed thereon.

What the country needs is a reversion to the old municipal lists, which can be prepared at small cost every year, and against the fairness of which during the many years they were used not a single complaint was ever made to Parliament.

TOPICS OF TO-DAY.

Professor Heim, of Zurich, says that the most agreeable death is by falling. He has talked with a great many people who have escaped death by falling by a hair's breadth only, and reports that those who have experienced such accidents suffer no pain and no terror.

Rubinstein, who is again playing in Europe, with a possibility of coming to this country, has adopted an effective plan to prevent encores. Before he comes back upon the stage in response to applause he has an attendant mount the platform and look up the piano.

The Trans-Andine Railway is so nearly completed that a gap of only about 55 miles remains between the present termini; and the entire distance between Buenos Ayres and Valparaiso, 882 miles, can be traversed now in 72 hours, including necessary delays. The old route by way of the Straits of Magellan occupied 12 days.

In St. Petersburg the news from Mongolia that "Bogdi Khan" will be dethroned and will be succeeded by "Irsana, the immortal descendant of Zingis Khan," is interpreted to mean that the Emperor of China will be dethroned, and that the days of the present dynasty are numbered, as the Mongolian title of the Emperor is Bogdi Khan.

The man who introduced the first cancelling machine in the New York general postoffice is employed there now, but he has lived to see his machine superseded. His invention would cancel 4,000 stamps in an hour, or less than the average number for a skilled man working by hand. Three or four other machines, each a little faster than its predecessor, were introduced in turn and discarded. One was invented that far exceeded the speed of the swiftest hand worker, and it was used until the discovery was made that it sometimes cut through envelopes and damaged their contents. Then the present machine, which cancels 48,000 stamps an hour, was introduced. The five machines in use at the general postoffice are run by electricity.

Then Tell It To the victim of pains and aches no tidings can give greater pleasure than the means of relief. Poison's Nervine exactly fits the bill. Nervine cures rheumatism, Nervine cures cramps, Nervine cures headache, Nervine is sure in lumbago, Nervine, the great cure for internal or external pains. Trial bottles containing only 10 cents may be had any drug store. Buy no and test it. Large bottles of Nervine only 25 cents, at all druggists. Nervine, nerve pain cure.

There is nothing a man can regard with more complacency than a by-gone streak of hard luck. We have no hesitation in saying that Dr. J. D. Kellogg's Dysentery Cordial is without doubt the best medicine ever introduced for dysentery, diarrhoea, cholera, and all summer complaints, sea sickness, etc. It promptly gives relief and never fails to effect a positive cure. Mothers should never be without a bottle when their children are teething.

"August Flower"

There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pareis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says:

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we

troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out of Constipation of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed."

Children always Enjoy It.

Miss Mattie A. Cobb of Providence, R. I.

Undoubtedly many diseases may be prevented if the blood is kept pure and the general health-tone sustained by the use of Hood's Sarsaparilla. When this is done, the germs of

La Grippe, Diphtheria

Pneumonia, Scarlet and Typhoid Fevers, Malaria, etc., cannot lodge in the system. After all such prostrating diseases Hood's Sarsaparilla has been found of inestimable value in restoring desired health and vigor, and purifying the tainted blood.

For example, read the following from Miss Mattie A. Cobb of Providence, R. I., and her mother. Miss Cobb is a young lady of 18, a

Picture of Health

and is in the front rank in her studies in the High School. Her father is a well-known police officer:

"Messrs. C. I. Hood & Co. I write to tell how much good Hood's Sarsaparilla has done for me. Sometime ago I had diphtheria and was sick for a year afterward, being

Weak, Blind and Helpless I used one bottle of Hood's Sarsaparilla, and it made me real strong." MARRIE A. COBB, South Chester Avenue, Providence, R. I.

"As my daughter wanted to write how well she liked Hood's Sarsaparilla, I thought I would say a few words. I think it is the

Greatest Blood Purifier ever brought before the people. Some of my friends say 'go away with your medicine.' I said the same once, but since my daughter has taken

Hood's Sarsaparilla My opinion has changed considerably." MRS. GEO. N. COBB, Providence, R. I.

HOOD'S PILLS do not weaken the system or the other cathartics, but actually tone up and give strength to the patient.

WILL IT BE LIFE OR DEATH? Lives in the Balance!

At this very moment there are thousands of men and women whose lives are in the balance. They have come with their weight and burdens of disease, suffering and anguish, to a season of the year that must decide their chances for life or death. They have suffered all winter in badly ventilated houses, and have taken in poisons from the sick room which have fed the flames of disease; and now they hover between life and death.

Physicians have done their best to wrest these sufferers from the bonds of suffering; and no doubt, thousands have consumed a great variety of the common advertised remedies in order to change their condition. All efforts have proved vain and futile, and disease still holds the helpless ones firmly in its grasp.

Is there a hope for such as these? Is there a remedy that can battle successfully with the mighty hand of that great foe that has resisted all attempts to dislodge him?

There is indeed such an agent; it is in our very midst ready to assist and lead on to victory the weakest and most wretched of those who suffer; but it must be placed at once in the hands of the sufferers. Once this power is grasped and used, virtues flow from it that revive the broken-down life and weary, wasted frames.

It is Pease's Coler's Compound that gives from the enemy the power he now exercises over you. Its use means health, new strength and long life, with all the pleasures that offer in your particular social position.

It is now for sufferers to decide. Decision must be prompt, as death's work is swift and sure. Sufferer, your life is in the balance; your portion is uncertain as long as you defer using that remedy which has given such proof of its great powers and virtues. One trial will suffice to fill your heart with hope and cheer.

A Sensible Man Would use Kemp's Balsam for the Throat and Lungs. It is curing more cases of Coughs, Colds, Asthma, Bronchitis, Croup, and all Throat and Lung Troubles, than any other medicine. The proprietor has authorized any druggist to give you a Sample Bottle Free to convince you of the merit of this great remedy. Large Bottles 50c and \$1.

Children born in the spring are said to be more healthy than those born at any other season of the year.

Mr. Job Sears, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back; in fact, I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."

It is the Roumanian practice to plant a flower on the wall of every cottage in which a maiden lives. When she marries the flower is effaced.

Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

MILITARY IN LONDON.

The Cost of Maintaining the Troops at This City.

A Glance at the Auditor-General's Accounts - The Infantry Barracks - Salaries of Officers and Men - The Local Corps - Payments to London Dealers.

The gentlemen in this city who wear the Queen's uniform and are pledged to take up arms in her defense should occasion demand, are rather expensive luxuries—perhaps unnecessary in the present condition of affairs, though many hope the happy millennium of peace will soon come, when they will be no longer needed.

A glance at the auditor-general's accounts for 1891 shows that the maintenance of the large institution in the north-east end of the city, the Infantry Barracks, cost the public treasury during the year in the neighborhood of \$50,000. Of course the largest item is the pay sheet. It amounts to \$30,397 20 as follows:

Table with columns for names and amounts: Capt. D. D. Young, 1,095 00; Lieut. P. L. Wadmore, 1,095 00; Surgeon W. J. Hastings, 1,095 00; Lieut. R. Cartwright, 912 50; Lieut. S. A. Denison, 730 00; Forty-five attached officers at \$1 per day, 1,350 00; Five sergeant instructors at \$1 per day, 1,525 40; Five sergeants at 80 cents per day, 855 60; Seven corporals at 70 cents per day, 1,019 90; Lance corporals, 1,431 days at 50 cents, 715 50; Buglers at 30 cents and 40 cents, 255 30; Privates, 27,569 days at 40 cents, 11,027 60; Attached men at 30 cents and 50 cents, 3,095 60; Good conduct pay, 535 01; Pay of articles, 1,485 99; Pay for extra work, 149 00.

Of this \$1,163 20 was saved by stoppages in pay. The fares and transport of men cost \$127 80; the subsistence of prisoners \$24 98, and minor payments \$78.

Then the trials of prisoners by court martial cost something. Major Beattie's bill for two days was \$16 80, as follows: Cabs, \$2; hotel, 2 days, \$7; 2 days' pay, \$7 80. Majors White, Cowan and Hegler were paid in the same generous proportion.

For provisions, fire, furniture and minor other incidentals the sum of \$13,814 26 was required. The residents consumed \$1,063 37 worth of bread, \$2,994 55 of meat and \$2,027 80 of groceries.

The repairs and construction on the barracks for the year added \$2,272 to the expenditure. Lieut.-Col. Aylmer, as brigade major, received these sums: Twelve months' pay, \$1,200; living 84 days at \$3 50, \$294; cab hire, \$119 50; fares, \$42 00; postage and stationery, \$18 23.

Lieut.-Col. Dawson gets \$600 of the \$1,768 spent in this district for public armories. The total cost of the annual drill was \$24,609 81. Another item for military stores is \$625 71.

THE SEVENTH AND FIELD BATTERY. The volunteer corps also come in for their share. The Seventh Battalion got \$100 for its efficient band; \$75 for the rifle association; \$320 for drill instruction, and \$55 for its postage and stationery. The battalion drill, 18 officers and 224 men, cost \$1,997 33, and on the drill sheet was expended \$559 20.

The London Field Battery is credited with \$11,009 50 for the camp-out of 5 officers and 66 men at Stratford; \$200 for drill instruction; \$53 52 for the Dominion day parade and \$95 for a trip to Kingston. There are other incidentals which foot up considerably.

The highest pension paid to anyone in Canada on account of the Northwest Rebellion is to S. F. Peters, late of this city, who receives \$1,000 a year for the loss of his arm. J. W. McClintock, of this city, gets \$222 a year from the pension fund.

In all the Canadian military appropriations for 1891 amounted to \$1,279,513 65.

SUMMARY OF PAYMENTS IN LONDON. The following were the payments in London from the Infantry Barracks:

Table with columns for names and amounts: Hunt Bros., \$1,579 33; Fitzgerald & Scandrett, 1,211 43; J. Gatchell, 1,081 75; John Mann & Sons, 1,478 05; A. E. Jellie, 1,478 05; J. McGinn, 1,384 52; J. C. Welby & Co., 1,384 52; W. Connor, 816 37; Peter Zell, 218 15; John Charles, 218 15; John Clemons, 218 15; John Courtenay, 218 15; James Wright & Co., 136 80; R. Dennis, 209 99; P. H. & J. G. Co., 209 99; W. H. Heard & Co., 209 99; Mrs. D. C. Kenny, 119 58; J. G. & Co., 131 99; London Gas Company, 273 21; B. A. Mitchell, 273 21; J. Percival, 225 90; J. Roberts, 219 90.

CHANCERY COURT.

Judge Ferguson reserved judgment in the case of Armstrong vs. Hemstreet et al. When the court adjourned the case of Jennings vs. Kittredge was in progress. It was a suit brought by J. J. German, of Stratford, against A. H. Kittredge, of Stratford, to compel him to assign to him certain judgments amounting to \$9,500 made in favor of Messrs. J. T. Crawford and Middleton, of Stratford.

Killed in a Church. QUEBEC, April 5.—A woman named Rouville was killed yesterday in St. Roch's Church. She was walking along the aisle when she fell to the floor, knocking her head violently. She died shortly after.

MONTEAL, April 5.—A dispatch from Magog, Que., states that a party of youths went out on a shooting expedition on Monday. Horace Hazz, attempting to shoot a crow, prematurely discharged his gun, the charge striking his young brother, Charlie Hazz, and passing through his heart. The boy fell dead. Horace was so overcome with grief that he attempted to take his own life, but was prevented from doing so by his companions.

A Pleasant Herb Drink. The best cure we know of for Constipation and Headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy with ladies for clearing up the complexion. Druggists sell the packages at 50c and \$1.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Electric Oil, is ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is demonstrated by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, in which the young are especially subject.

Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general corrective, Dr. Thomas' Electric Oil. It may be used without the slightest apprehension. Coughs, rheumatism, ear-ache, bruises, cuts and sores succumb to its action.

BORDER STATE BRIEFS.

Mrs. B. S. Corbin, Dundee, is dead. She was a niece of the late Gen. Custer.

The State Board of Education has designated Aug. 22 to 26 for the examination of applicants for State certificates.

The Plymouth Church at Lansing has been enlarged and renovated at an expense of \$30,000 and was reoccupied last Sunday. The first new boat on the Saginaw River this season will leave the West By City yards next week. It is a wooden steamer 308 feet long.

The Michigan State Millers' Association has secured 1,200 feet of space at the World's Fair for the exhibit of the products of its members.

J. T. Huret, of Wyandotte, has sold 16,000,000 feet of logs, banked on Lake Superior streams, to O. Fisher, of West Bay City, for \$156,000.

Mrs. Anna Hubert sues the Grand Rapids Street Railroad Company for \$10,000 damages. She claims the car started before she left the platform, and that she fell, seriously injuring herself.

A mammoth wigwam will be erected in Muskegon to accommodate the Democratic State convention. The seating capacity of the structure will be 3,000. The city is preparing a royal reception for the convention.

Andrew L. Hubbell, of Chicago, on Thursday purchased the Union plaster mills at Grand Rapids for \$150,000, and it will hereafter be known and operated as the Gypsum Plaster and Stucco Company, with Frank I. Noble, of Grand Rapids, as manager.

The State Board of Control has ordered that the 150,000 acres of Agricultural College lands, situated in Charlevoix, Antrim, Alpena and Arenac counties, be again placed in the market. They were withdrawn from the market a little over a year ago.

The Whaleback Almost a Wreck.

SAN FRANCISCO, Cal., April 5.—The whaleback, Wetmore, came into port yesterday almost a wreck. She started from San Diego for Port Townsend with water ballast. A southwesterly gale broke the compartments so that all the water ran to the stern and tossed the boat in the air. The waves tore off her iron plates and stove in her bow. The crew had a desperate time keeping her afloat and were exhausted.

His Future Calling.

"You know, Maria," he said, "I think every child shows in some way in what calling it is most likely to succeed in after years." "Do you think so? Then we'd better make a real-estate man of our Willie. I can't keep him out of the dirt."

Tommy's Toilet.

Tommy (inquiringly)—Mamma, is this hair oil in this bottle? Mamma—Mercy, no! That's nuceilage. Tommy (munchantly)—I guess that's why I can't get my hat off.

A Sleeping Car Annoyance.

First Wakeful (in sleeping car)—What that old rooster coughing so violently about? Second Wakeful—He's sucked a pillow down his windpipe I presume.

A Problem.

"No," said Mrs. Hicks, "it isn't bringing my boys up that bothers me, it's taking them down that raises all the trouble."

The Great Lung Healer is found in the excellent medicine sold as Hickle's Anti-Consumptive Syrup.

It soothes and diminishes the sensibility of the membrane of the throat and air passages and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many whom supposed to be far advanced in consumption. Every one can stand a little more than he thinks he can.

The Little Minister. By J. M. Barrie.

Until the moment when he kissed her she had only conceived him a quaint fellow whose life was a string of Sundays...

Such love as Babbie had seen hitherto made strong men weak, but this was a love that made a weak man strong.

Up here in the glen school-house after my pupils have straggled home, there comes to me at times, and so sudden that it may be while I am infusing my tea, a hot desire to write great books.

the stiff berry bushes, as one who stretches forth her hands to Love and sees him looking for her, and knows she must shrink from the arms she would lie in, and only call to him in a voice he can not hear.

To most of us, I suppose, has come some shock that was to make us different men from that hour, and yet, how many days elapsed before something of the man we had been leapt up in? Babbie thought she had buried her old impulsiveness, and then remembering that from the top of the field she should see Gavin returning from church, she hastened to the hill to look upon him from a distance.

Babbie came to the Standing Stone, and there was a little boy sitting. His hair stood up through holes in his bonnet, and he was very ragged and miserable.

"Why are you crying, little boy?" Babbie asked him gently; but he did not look up, and the tongue was strange to him.

"What is your name?" "Micah is my name. Rob Dow's my father."

"What are you doing there?" "I'm wishing. It's a wishing stone."

"What woman is it?" asked Babbie shuddering. "I dinna ken," Micah said, "but she's an ill one."

"How should that send your father to the drink?" she asked with an effort.

The wood faded for a moment from the Egyptian's sight. When it came back the boy had slid off the Standing Stone and was stealing away.

—A Brussels Bank in Trouble.  
Assistant Manager Jarvis, of the Merchants' Bank, is in Brussels inquiring into the facts in regard to the suspension of the bank's agents in London. The assets are placed at about \$95,000, while the liabilities are only about \$73,000. There was \$50,000 in deposits, \$12,000 of this being very lately withdrawn owing to a report that difficulty was expected. Dr. McLaughlin, the senior partner, who is now engaged in touring in America, has been communicated with and it is expected there daily. In the meantime C. B. Armstrong of this city, is acting as receiver for the Merchants' Bank. McIntosh has been a resident of Brussels for about fifteen years, and enjoyed the highest regard of the people, and as a mark of the esteem in which he was held in Brussels was elected reeve last January, by acclamation, after a three years' experience as councillor at the Board. McIntosh wrote back from Windsor that he had plenty of surplus to square off all accounts, claiming to have a margin of over \$20,000, but saying he had not nerve enough to face his creditors.

**London Election Betting Case.**  
Judge Mackenzie's decision on the London election betting case has been further postponed. A Sarنيا correspondent says: "It is possible that he may await the judgment of the higher courts on other cases connected with the same election, as the law is complicated, and there are really no decisions on parallel cases since the amended statutes have come into operation. It appears that the references cited by counsel do not meet the case exactly, and there are also differences in the Division Court law that may compel a judgment in this case different from what it might be in County Court or Queen's Bench cases. If betting comes under the head of gambling, the debt is not recognizable under Division Court law, while it might be under the law governing actions for debt in the higher courts. I understand that his Honor desires to consult every available authority on the doubtful points before

committing himself to a judgment in the case, so that it may be a long time yet before he will deliver judgment. I incline to the belief that the judgment will depend on whether election betting comes under the head of gambling or not. If it does the bets cannot be recovered; if there are no recorded decisions as to the nature of election betting placing them in the gambling category, judgment will be in favor of the plaintiff."  
**Good Bye!**  
Mr. P. Lewis, a popular member of the Alert Baseball Club of this city, started on Sunday night for Winnipeg, where he has secured a good position. Mr. Lewis' fellow-members of the above club, with a number of other friends, met on Saturday evening at Jerry McDonald's to bid their comrade good-bye and enjoy a farewell supper. In the course of the evening, Mr. B. Shiers, on behalf of the Alert, presented Mr. Lewis with a handsome gold pin and ring, accompanying the gift with a few kindly words. Mr. Lewis, on recovering from his surprise, expressed his thanks for the valuable presents, and his hearty appreciation of the esteem which they betokened, and on behalf of the Alert, presented Mr. Lewis with a handsome gold pin and ring, accompanying the gift with a few kindly words. **THEY SOLD CHEAP.**  
City Treasurer's Sale of Lands for Taxes—A "Dutch Auction"—Those Who Bought and the Price Paid.  
At the City Hall yesterday quite a number of speculative gentlemen assembled with the intention of buying real estate at low prices. The occasion was the city treasurer's sale of lands for taxes, and generally some pretty good bargains—for the purchasers—are obtainable. One hundred and twenty-five properties had been advertised, but the majority of owners paid up before they were sold. The sale is carried on in the methods of a "Dutch auction." All that is realized from a property is the amount of the taxes and costs, and the struggle between the would-be buyers is not for possession at the lowest price but for the largest amount of the tax at the price fixed—the amount of the tax. The competition was lively, but of course the lands sold for amounts that would be absurd under any other conditions. The largest sale was the houses at 376, 374 and 372 Hill street, which were bought in by the owner, Mrs. Pentegast, for the taxes and costs, \$401.50. The houses at 456 Talbot street, (near Queen's avenue), London, before May 1st will receive services for the first three months free of charge. The only favor desired is a recommendation from those whom they cure. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

**The Doctors Still with Us.**  
First three months free of charge. On account of the large number of invalids who have been unable owing to the rush to consult the staff of eminent physicians and surgeons located at No. 456 Talbot street, (near Queen's avenue), London, before May 1st will receive services for the first three months free of charge. The only favor desired is a recommendation from those whom they cure. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.  
The doctors treat every variety of disease and deformity and will perform all surgical operations free this month, viz.: The removal of cancers, tumors, cataract, polyp, etc. All diseases of the eye, ear, throat, lungs, heart, stomach, liver, kidneys, bladder, and all female difficulties arising from whatever cause, all nervous prostrations, falling vitality, and diseases originating from impure blood, treated with the greatest success.  
Cataract in all its various forms cured by their new method, which consists in breaking up the cold-catching tendency, to which every person suffering from cataract is susceptible.  
Invalids will please not take offense if they are rejected as incurable. The physicians will examine you thoroughly, free of charge, and if incurable, they will positively tell you so. Also caution you against spending more money for useless medicine. Hours from 9 a.m. to 5, and from 7 to 8 p.m. Sundays, from 2 to 4 p.m.  
Invalids outside the city can write, and be treated by express.  
Address all communications to Mr. William H. Hale, Manager, No. 456 Talbot street, London, Ont.

**Society Gastp.**  
Society doing and gossip have a sort of general interest for all women, but in a climate like this, getting out is attended with considerable risk. A woman is nearly all the time looking for what she can wear next to her delicate skin, in the Spring and Summer, that will be light, and yet warm enough. The "Health Brand" undersuits, made specially for this season in the necessary weights and exquisite styles, fully solve the problem. To be thoroughly understood, these goods must be seen. They are for sale by every really first-class drygoods store in Canada. Ladies and children going to sea, or river-side residence for the Summer, where bathing is indulged in, will do well to notice this carefully. b

**DEADLY PARALLEL NO. 2.**  
The best evidence of the soundness of the position of the Liberal lawyers that the notices served on the bogus voters were perfectly valid is to be found in the attitude taken on them by the judges before whom they were brought. For the purposes of comparison, we give the names of the judges for and against the validity of the notices:  
Declared the Liberal notices good. In Court of Queen's Bench: Chief Justice Armour, Mr. Justice Street, Mr. Justice Falconbridge.  
Declared the Liberal notices bad. In County Court: Judge Elliot, London.  
In Court of Appeal: Chief Justice Hagarty, Mr. Justice Burton, Mr. Justice Maclean, Mr. Justice Maclean.  
In County Courts: Judge Price, Kingston, Judge Wilkinson, Napc.

**THEY SOLD CHEAP.**  
City Treasurer's Sale of Lands for Taxes—A "Dutch Auction"—Those Who Bought and the Price Paid.  
At the City Hall yesterday quite a number of speculative gentlemen assembled with the intention of buying real estate at low prices. The occasion was the city treasurer's sale of lands for taxes, and generally some pretty good bargains—for the purchasers—are obtainable. One hundred and twenty-five properties had been advertised, but the majority of owners paid up before they were sold. The sale is carried on in the methods of a "Dutch auction." All that is realized from a property is the amount of the taxes and costs, and the struggle between the would-be buyers is not for possession at the lowest price but for the largest amount of the tax at the price fixed—the amount of the tax. The competition was lively, but of course the lands sold for amounts that would be absurd under any other conditions. The largest sale was the houses at 376, 374 and 372 Hill street, which were bought in by the owner, Mrs. Pentegast, for the taxes and costs, \$401.50. The houses at 456 Talbot street, (near Queen's avenue), London, before May 1st will receive services for the first three months free of charge. The only favor desired is a recommendation from those whom they cure. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.

**The Doctors Still with Us.**  
First three months free of charge. On account of the large number of invalids who have been unable owing to the rush to consult the staff of eminent physicians and surgeons located at No. 456 Talbot street, (near Queen's avenue), London, before May 1st will receive services for the first three months free of charge. The only favor desired is a recommendation from those whom they cure. The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted.  
The doctors treat every variety of disease and deformity and will perform all surgical operations free this month, viz.: The removal of cancers, tumors, cataract, polyp, etc. All diseases of the eye, ear, throat, lungs, heart, stomach, liver, kidneys, bladder, and all female difficulties arising from whatever cause, all nervous prostrations, falling vitality, and diseases originating from impure blood, treated with the greatest success.  
Cataract in all its various forms cured by their new method, which consists in breaking up the cold-catching tendency, to which every person suffering from cataract is susceptible.  
Invalids will please not take offense if they are rejected as incurable. The physicians will examine you thoroughly, free of charge, and if incurable, they will positively tell you so. Also caution you against spending more money for useless medicine. Hours from 9 a.m. to 5, and from 7 to 8 p.m. Sundays, from 2 to 4 p.m.  
Invalids outside the city can write, and be treated by express.  
Address all communications to Mr. William H. Hale, Manager, No. 456 Talbot street, London, Ont.

**Society Gastp.**  
Society doing and gossip have a sort of general interest for all women, but in a climate like this, getting out is attended with considerable risk. A woman is nearly all the time looking for what she can wear next to her delicate skin, in the Spring and Summer, that will be light, and yet warm enough. The "Health Brand" undersuits, made specially for this season in the necessary weights and exquisite styles, fully solve the problem. To be thoroughly understood, these goods must be seen. They are for sale by every really first-class drygoods store in Canada. Ladies and children going to sea, or river-side residence for the Summer, where bathing is indulged in, will do well to notice this carefully. b

**The Rush of Trade IS ON US.**  
**POWELL'S**  
Are Prepared for Spring Trade.

New goods in every spot of the store, with some rare attractions in the Dress Goods Department and Mantle and Millinery Show Rooms. April sales will be commenced with a tremendous cut in prices for to-morrow and all next week. Ladies, come and see for yourselves, viz.:  
1st.—Hundreds and hundreds of yards of Pure Silk Pongee silk in all the new shadings, for this month at 25c per yard.  
2nd.—New Range of Mantles and Capes, bought very cheap, which must be cleared out at once so as to get the cash out of them. No long credit profits at Powell's. Cash is our basis of trade. This is the reason our prices are so low.  
3rd.—Don't forget that all our 12 1/2c Prints go from this out at 10c. Don't pay 25 per cent. more than you can get an article for at Powell's.  
4th.—Ladies, remember our Corset sale. You just save from 13c to 32c on your Corsets if you buy them at Powell's. Come and see our lines of Corsets, when you can see just what you save by buying Powell's Corsets.  
5th.—Please note that all colors in Silk Veilings are sold by Powell's at 5c per yard in the rush of the season. We are not only bound to rush the trade during the season, but will rush the prices to the bitter end. Everything sold for cash. No Credit, which means low prices.

**Crecent Hydrant**  
Has two pipes, one covering the valve rod (it is) and the one conveying the water to the spot (two) pipe. The rod in this hydrant is actuated by a brass screw and handle above and raising plunger the smallest fraction of an inch closes waste before any water can enter discharge pipe. With the valve open we have the full and unobstructed flow of water through the hydrant which can well be compared to a straight valve or round water cock. Closing the valve empties water from wet pipe through dry hole. To raise hydrant or washer remove top cap or plug and withdraw plunger valve. It can be readily repaired without digging up.
