To
Col. Napier
Quebec

St. Francis July 10th 1832.

Sir,

I have received a copy of your letter to Col. Mackay, to which, our people who wish that the School to be continued, agree, and are pleased very much indeed, and the Schoolmaster is perfectly agreeable, and obedient to the instructions given out by the command from His Excellency the Governor in Chief contained in your letter, —

Our Superintendent Col. Mackay came to this village on the 7th instant to investigate the complaints that were laid against me, and he found all things against me amount to nothing, and that I have done nothing but my duty, as he told me, and to Canislas Vassal. The friends of our School therefore have a hope and pray, that we may still enjoy that most important privilege we can have to be saved from ignorance.

I am, Sir, your most humble and obedient servant

Submits his Quarterly Report, and Account, of Mr Forest, of the Indian Youths under his tuition, and recommends him for an increase to the allowances for Maintaining and Clothing three Boys. —

Answd 30 July 1832

Sir —

I beg leave to transmit Mr Forest's Quarterly Report and acct from 1st April to 30th June 1832 Incl., and would at the same time apprise you that, contemplating as I do an absence from this Province, the succeeding Reports & accounts must of necessity be forwarded direct to your Office. This I purpose to notify to Mr Forest.

I cannot however depart, without bearing my testimony to his unremitted care & praise-worthy attention to the education & improvement of the different Boys, who have fallen under his tuition since Dec.r 1829: — and though his charge of 2/ per week is according to his own Estimate, yet it cannot cover the cost of food &c — The allowance for clothing is also

inadequate; and he receives nothing for tuition.

I feel it my duty to state the scantiness of the allowances made to him for maintenance, clothing, & instruction, and this I do without his knowledge.

When the Bishop heard of his only charging 5/ per week for board, his Lp. observed he did not know how he could do it at that price. But it was his anxious desire to ameliorate the unhappy condition of the Indians, which induced him to make out his Estimate on the lowest scale: still the sums he receives are no remuneration for his expences, & services.

I submit these observations to your consideration, and if you deem them to be reasonable & just, I hope you will lay them before his Lordship the Governor in Chief.

I have the Honor to be,
Sir,
Your very Respectful Servt
W. Plenderleath

St. Francis Sept 5th 1832

Dear Sir,

Although I have many who constantly hate me for my situation, daily seeking what they can do to me by evil and false reports against me to the intent of shaking off the patronage I have from Government, yet I will stick and hold fast to my calling as long as His Excellency is pleased with my conduct and endeavour to enlighten the rising generation of my own stubborn people. Last Saturday the Priest and some of the Chiefs came to School House commanding me to gather up all my books, and every thing I have in the room to take all out, and then to give up the Key to them, that they may shut up the School house to discontinue the school altogether by their authority. But I told them, that as the house belongs to every individual of the tribe I have my share in it, and my scholars and their parents have theirs as well as any, and I am not yet removed from the appointment, therefore I cannot give up the key to any to shut the house up.

I am, Sir, your most humble & obed. servant

I write this letter because I understand that the Priest and the Chiefs have written another complaint, and that they will explain this matter in different light, making up a story so that it may appear that the schoolmaster has taken the authority of the Chiefs to himself by refusing to give up the Key of the School house, which they don't wish to be called School house, but a council house.

My dear Sir,

By the death of Lt Col McKay a Vacancy occurs in the Indian Department; my friend M Finlay who is transmitting a Petition to His Excellency the Governor in Chief has requested my recommendation in his behalf — I am unwilling to intrude directly on Lord Aylmers much occupied time by personally addressing myself to his Lordship, and therefore beg to recommend M Finlay to his favorable notice thro' your means. M F. will as you Know, formerly a North West Partner and therefore has a perfect Knowledge of the Indians and of that which may be required in that Department; His claims to protection from the Government on the Score of respectable and the Scantiness of his means to support a large Family after having been many years employed in Government Service, I had occasion to represent to Lord Aylmer during his stay here last Summer, when I presented M Finlays unsuccessful application for a Place in the Customs at Coteau du Lac. It is needless therefore to enlarge on the Subject

Mr Watts was not on the Establishment, but was appointed 13 July 1813 Assistant Clerk at Portsmouth — dismissed in 1816 — Asst Clerks have no claim to gratuity on the Service being discontinued —

When Asst Clerk at Portsmouth he was recommended by the late Secretary Rowley for promotion; & upon his discharge for a Clerkship at Faversham — another name was placed by Lord Melgrave on the List of Candidates — but this can give him no claim —

Mem.o

Nearly 2 Years ago a small allowance was made from the Military Chest, by order of the Government at home, for the Board, Lodging, & Tuition, in the School kept by Mr. Frost at Chateauguay, of 6 Indian Boys. This allowance was limited to 2 Years, & the period of its discontinuance is at hand. The School master made his own estimate, & the small sum of 5/ per week was allowed him for the 3 items named above.

The Report of Mr. F. states that the Parliamentary allowance has been cut off. At the time the Report was made Only One Indian Boy was at the School: but since that time a pressing demand for admission has been made from Lorette, and, as no candidates appeared from other Indian Settlements, no less than 5 Boys have gone from that place up to fill up the vacancies. Independently therefore of the expediency of supporting a School conducted by a Master evidently superior to a vast number of the Country Teachers, whose only fault may be that he is too good a Teacher of the English Language, the Establishment deserves the pecuniary assistance of the Legislature considered as a most important mean for improving the moral condition of the much neglected savage tribes. The Question then arises - "Can any thing be done?"

Sir,

I have the honor to transmit to you, on the 13th Instant, for Approval, the Annual Estimate of Presents to the St. Regis Indians for 1832, and now beg to acquaint you, that the several articles, marked in the Margin* are not in the Commissariat Store, now, nor have they been issued to the St. Francis Indians, from the same Cause, Most of these are of but little value and scarce worth the trouble of applying by Supplementary Requisition for them, except the Tobacco, which, you know, is highly prized by the Indians, & the want of which would be greatly missed. - If, therefore, it should meet with your Approbation, I would prepare a Requisition for the Quantity required, to be sent from Quebec, or purchased here.

Monsieur

J'ai le plaisir de vous annoncer que les chefs ont fait leur paix avec moi hier soir dans un grand Conseil des chefs et des guerriers. Beaucoup de jeunes gens ne partageaient pas les bevues dans les quelles leurs chefs étaient tombés. à l'aide de Mr Macomber, ils les ont enfin obligés de venir se soumettre. Ils l'ont fait d'assez bonne grace, et ont promis de ne plus rien faire contre l'avis de Mr Macomber et le mien.

J'ai cru que je devais m'empresser de vous informer de cette bonne nouvelle. J'ai l'honneur d'être Monsieur

avec beaucoup de Considération

Votre très humble et obéissant serviteur

Sir,

We the Chiefs of the village of St. Francis with captains and the rest of our people do declare and certify that we know Wm. M'Culloch, the acting Superintendant of Indian affairs for the District of Montreal ever since he entered in the Department, and we have always been satisfied with his attention to our interest, in any thing relating to the Department, therefore we most humbly pray that he may be confirmed in the permanent situation, in the said Department, lately held by Lieut. Montreal 20th December 1832

Sir

I have to announce the arrival of four Indian Youths from Lorette, who were consigned to my care, to be sent forward to Mr. Forest at Chateauguay; in whose charge they now are. I have settled for their Passages to this last place, according to the accompanying Statement in Triplicate with annexed Vouchers marked

	£	s	d	
A . .	2.	7.	6	
B . .	2.	8.	9	£1.5.0 / 1.3.9
Total	4.	16.	3	

You will observe; that four passages are charged from Quebec to Montreal; and five persons for meals & passages & for the remainder of the route. This variation is occasioned by the passage of one Lad having been paid from private funds, and the 5th Lad being on his return to Chateauguay, after visiting his friends during vacation.

I also enclose, for the information of his Lordship, a Specimen of the Writing & arithmetic of the boy, Joseph Vincent; who, there is good reason to hope, may at no distant period be qualified to undertake

the teaching of his own countrymen, if Government continues its beneficent supply in favor of Indian Instruction. Communications from various quarters all concur in demonstrating the general desire of different Tribes in this Province for Education & Improvement; and which I conceive has been in a great degree produced by the Allowance made by His Lordship, and his Predecessor Sir James Kempt, for the tuition of six Youths at Chateauguay; and partly by the stimulus occasioned by Legislative aids. It is therefore deeply to be regretted, that the Sum set apart for the encouragement of Indian Education is so small, and disproportioned to the large, and encreasing demand, which will probably still grow with the growth of Common Schools among the French Population. The Indian Tribes seemed well contented in their ignorance, as long as their Canadian neighbours remained unlettered; but now that these are receiving fresh accessions of knowledge year by year, the Aboriginal Inhabitants can no longer be satisfied in their degradation, but will be eager to imitate them, and thus gradually emerge from that gross darkness, which has so long enveloped their minds, and has alone precluded them from hitherto occupying that Station in Civil Society, to which their natural genius gives them a just; and

equal claim. I doubt not that His Lordship perceives not only the utility of continuing the means of their Education within their Native Land, but the wisdom of providing for it here on a more extended scale; so as to secure their fidelity & attachment to our King and Country; for, in the absence of an adequate supply (as I had occasion to intimate to His Excellency Sir James Kempt), they may be compelled to seek that melioration from a Foreign State, which is denied to them by their own Government;— but probably the best recommendation that can be given for the continuance and extension of the supply is, that it is dictated by benevolence and equity, as well as by sound policy.

I beg you will submit to His Lordship's consideration these remarks, which are offered with all due respect; believing, as I do, from the enquiries & correspondence that took place by order of Sir James Kempt, that the Education of six youths was designed in the first instance merely as an Experiment preparatory to a more enlarged Plan for the Instruction & Civilization of the Indian Tribes in this Province:— an experiment, which I humbly

SIR,

You are requested to return to me the accompanying list, as soon as possible, stating at the head what tribe or nation speaks the language in which you give the equivalents. In answering this question, it may be necessary to state the position of the territory occupied by that tribe or nation. It is of importance that the equivalents be given by a *half-breed* interpreter, and the translation should be as literal as possible.

If you can obtain the equivalent expressions in more languages or dialects than one, each list should be separately filled up in conformity with these directions.

I am, Sir,

My dear Sir

It appears to me that the General Order
25 Sept. 1832 Cancels the former Regulations
in regard to the issue of Pay to Public Depts
of the Establishments; and that You must receive
the Returns from the different Stations, before
You can make up the Gen.l Return.

The Returns might be dispatched on the last
day of the Month, and any Casualty occurred to
be specially reported immediately on its occurrence,
which would somewhat expedite the Claims; and it
would be well, if the Indian Depts of each Province,
were included in separate Warrants. You will
Observe

Dear Sir,

The attention of His Excellency Sir John Colborne has been lately directed to the inconvenience and extra expence incurred by the Indians Presents being issued in the Autumn, and His Excellency has therefore determined that, if possible, the issue shall be effected in the Spring, and at as early a period of it as the required supplies can be placed at the different Stations where the distribution take place.

I am consequently, by His Excellency's desire, to request that you will confer with the Commissary General upon the necessity of the Indian Presents being hereafter forwarded to the Upper Country as soon

My dear Sir.

The Indian Presents with the exception of those destined for this Post are never even landed here but transhipped into a Steam boat or Barge & forwarded forthwith. The same attention in expediting them is observed at Montreal.

The delay occurs in their arrival at Quebec, and not after their receipt here.

It was to avoid this

delay that the Presents were demanded for Two Years in lieu of One, but the accident which occurred to the Brathwaite and the damage to a large part of her cargo, have thrown us quite back, & deprived us of the advantage contemplated by that measure.

Again and again have the authorities at Home been urged

on the subject, and I will repeat it via New York before the close of this month.

It would be well if Sir John Colborne himself were to throw out a hint to the Secretary of State on the subject, and to suggest through that channel of an early shipment of these Stores.

The same inconvenience is indeed extended to other Stores

been issued only this Morning.

Adverting to the Subject of your last note I beg to observe, that the General order of the 25th September 1832, of which the Extract Enclosure is a Copy, is understood by the Authorities at Head Quarters, to Cancel all former Regulations in regard to the issue of Pay to Public Departments at the Out Stations, and by the terms of that Order you will perceive, that the Reports from all the Posts made up to the last day of each Month inclusively, must be received here before I can make up the

Dear Sir

In answer to your note of this date requesting me to state what I know respecting the robbery which took place on the premises of the late Lt.Col. McKay, I have to say that about a week after the death of that gentleman, Mrs McKay sent her son Robert to inform me, as a friend of the family, that the outbuilding in which the Col. kept his office & presents, had been forced & entered during the night before, & a number of articles hanging to dry in the yard, as well as the presents for the Indians deposited in the garret, above the office, had been made away with. I immediately went down and found footsteps in the garden, and a small ladder, quite new, which had been left by the thieves, as they appeared to have come over

the well, but let themselves out by the window of the room next the Office, by unhooking the iron shutter from within.

I requested Robert McKay to see Teaquine in the neighbourhood if the Indian could be recognised but, as it was new, that could not be done.

I told him that if he could learn any facts which would authorise the issuing of a search Warrant to come to me & I would put him in the way of having one issued for Martin, but I heard nothing more on the subject.

Monsieur

En réponse à votre lettre du 23 Mai dernier, je vous envoye un des anciens titres de la Seigneurie du Sault avec un de la nouvelle fabrique de l'ex-procureur general. Mr Doucet doit avoir plusieurs des premiers en sa possession. En les comparant ensemble, on devinerait à peine que ce sont la même Seigneurie. Dans les anciens, il est toujours fait mention des chefs sauvages au nom des quels les terres ont été Concédées par les differens agens nommés d'abord par le gouvernement francais et ensuite par le gouvernement anglais. Il est dit dans les nouveaux titres: "En la Censive du dit fief et Seigneu-"rie, faisant partie autrefois des biens du ci-devant ordre des Jesuites en cette Pro-"vince, et présentement appartenant à sa Majesté." Ce passage est de la plus grande fausseté. La Seigneurie du Sault St Louis n'a jamais fait partie des biens du Ci-devant ordre des Jesuites. Ils n'en étaient que les agens accoutumés pour les Sauvages, aux quels elle avait été donnée par Louis XIV, Comme il appert par les titres de cette Seigneurie, dont j'ai tiré Copie à Quebec il y a quelques années. Je crois que c'était pour flatter le gouvernement d'alors, ou peut-être par esprit de despotisme, que l'Ex-procureur general a dressé les nouveaux titres de cette nouvelle maniére.

Si cette Seigneurie eut fait autrefois partie des biens des Jesuites, les revenus s'en trouveraient par le fait sous le Contrôle de la chambre d'Assemblée, ce qui n'est pas le Cas, et que sûrement jamais elle ne pretendra.

Il est vrai qu'il y a une partie de cette Seigneurie qui a été enlevée aux Sauvages et jointe à la Seigneurie de la Prairie, et cela par un acte de pouvoir arbitraire d'un ancien general anglais, le quel a été ensuite sanctionné par les Cours de justice de cette province, sans qu'il ait été donné aux pauvres Sauvages les moyens suffisans de se défendre: Cette partie se trouve maintenant entre les mains du Gouvernement, pour avoir été confondue avec les biens des Jesuites. Mais les Sauvages n'ont cessé sous tous les gouverneurs de ce pays de revendiquer ce morceau de trente et quelques arpens de front sur toute la profondeur de la Seigneurie. L'agent même de ce

morceau de terre pour le Gouvernement, Mr Henri, de la Prairie convient quil appartient aux Sauvages et quil doit faire partie de leur Seigneurie.

Les Sauvages ont demandé maintes et maintes fois au gouvernement de faire tirer les lignes de la Seigneurie de la Prairie sous la plus grande latitude possible, en partant de la Vraie ligne de longueil, et de leur laisser le reste, puis que par leurs titres la ligne doit être mitoyenne entre la Prairie et le Sault, et que par le fait il y a entre les deux une lisière de trente et quelques arpens de front pour la quelle il n'y a pas d'autre titre que le droit du plus fort.

Sir George Murray, lors quil était Secrétaire Colonial, avait promis aux Sauvages, s'il ne leur rendait pas le morceau de terre, de leur accorder un indemnité annuelle à perpetuité. Mais ses promesses se sont allées en fumée, comme toutes celles qui ont été faites aux Sauvages par tous les gouverneurs du Pays. Cependant les Sauvages n'ont pas abandonné leur droit. Ils reclament encore et reclameront toujours jusqu'à ce qu'on leur rende justice, pour quoi ils veulent s'adresser à la législature provinciale l'automne prochaine et ensuite au Parlement d'angleterre, s'ils ne reussissent pas ici.

Après s'être Convaincus quil n'y avait pas eu d'instructions du Gouvernement Colonial à cet effet, les Sauvages se sont bornés dans leur dernière requête à soumettre à Son Excellence la maniére insidieuse dont les nouveaux titres de leur seigneurie ont été dressés, la priant de les reformer, afin que par la suite, on ne prenne pas droit de là de leur ôter ce qui leur reste de leur seigneurie, après leur en avoir enlevé le morceau le plus lucratif.

Les Sauvages sont Considerés Comme Mineurs dont le Roi est le Tuteur. Mais un tuteur a-t-il le droit de s'approprier les biens de ses pupilles ou de les aliéner en son propre et privé nom sans enfaire aucune mention ? Ces questions sont toutes décidées par la loi et par la raison. Il n'y a qu'à s'y Conformer.

Quant à la partie de leur requête qui regarde Mr Doucet, je n'ai rien de mieux à faire que de vous envoyer le Compte des sommes que Monsieur a reçues depuis quil n'est plus agent. vous y verrez un total de £211.1.5. Pour ce quil prétend lui être dû par les Sauvages, ils demandent à voir et à examiner par leur agent les Comptes de sa gestion depuis 1821 jusqu'en

1825, les quels comptes ont dû être alloués alors par le gouverneur. Ce qui se trouvera n'avoir pas été payé, ils ne refusent pas de le déduire de la somme qui leur est due. Mais ils ne peuvent accepter des Comptes sans date tels que ceux qu'il leur a envoyés tout récemment et sur les quels les mêmes dettes sont répétées plusieurs fois. L'inspection des anciens comptes de sa gestion devient donc nécessaire pour régler leurs affaires.

Je serai, Monsieur, en tous tems disposé à donner les information désirés sur les affaires sauvages.

J'ai l'honneur d'être, Monsieur
avec Considération
