NO REPLY TO-DAY WILL MEAN WAR BY TO-MORROW

Wilson at Last Will Put a Stop to All Further Trifling.

By Special Wire to the Courier. Washington, June 28.—This was regarded by Washington officials as the crucial day in negotiations with Mexico.

It was probably the last day allowed General Carranza in which to comply with the United States demand for release of 23 troopers held as prisoners at Chihuahua City.

Unofficial reports stated that General Carranza's reply was on its way to Washington, having been dispatched from Mexico City last night.

Only incidental consideration was given by the state department today to Mexican ambassador designate, Arredondo's communication sent late yesterday, asking that 30 Mexican civilians who he said had been arrested in California and Arizona, be released, and complaining against the unofficial embargo against shipment of food stuffs and merchandise across the boundary into Mexico.

Troops Must Be Released. All questions, including the possibility of mediation, were regarded as subsidiary to that of the freeing of the American troops at Chihuahua.

Berlin Paper is Suspended

By Special Wire to the Courier. Berlin, June 28.—Via London.—The Tageblatt, one of the leading Berlin newspapers, announced this morning that its appearance had been prohibited by order of the military commander. This is the first instance for some months of the suspension of a Berlin paper.

ALEX WILLIAMS IS "MISSING"

Feared Name Should Read Andrew Williams, 302 Colborne St.

To-day's casualty list contained the following item: "Missing, 193216, Pte. Alex. Williams, Brantford, Ont." The records show that Pte. A. Williams left with the first quota of men out of Brantford. Mr. Williams worked for John Mann and Son and lived at the corner of Darling and Drummond streets.

The man who lived there is Mr. Andrew Williams and his number is not the same as given in the list. His mother, Mrs. George Williams, who lives now at 302 Colborne St., has heard no word from Ottawa, and inquiry from the Courier was the first intimation given her.

Andrew Williams is the son of Trooper George Williams and Mrs. Darling war on Mexico, occupying the south side of the Assa Valley, and reached the slopes of Monte Rasta, Monte Interrotto and Monte Mosaicagh.

Monte Colombara was carried and the Italian advance reached the Galammar valley.

The communication follows: "From the Upper Butte, the Brenta commanding positions and strongly organized defences, now reached by the enemy, have increased largely his activity in resisting our advance. Nevertheless we made considerable progress all day yesterday."

"In the Lagarina valley and in the Arsa valley there was an intense artillery action. We shelled positions of the enemy on Monte Trappola and Monte Teste, and took the trenches near Malga Sugna."

"Between the Posina and the Astico we took the enemy's positions of the valley and reached the slopes of Monte Rasta, Monte Interrotto and Monte Mosaicagh, which were held strongly by the enemy's rearguards."

"On the Upper Butte we made an attack after an intense artillery preparation, taking some redoubts and trenches in the neighbourhood of Irekofel."

"On the Isonzo the artillery was active. We made raids and captured 353 prisoners, including 7 officers, and machine guns."

When the Rev. C. P. Magill, pastor of the State Street Presbyterian Church at Schenectady, N.Y., failed to appear in his pulpit, trustees forced their way into the manse and found him dying of apoplexy.

Interest in Expected Offensive Shifted to Situation in Balkans Where Rumors Are Thick That Roumania Will Join the Allied Forces

GERMANY'S ULTIMATUM TO SWITZERLAND

BY SPECIAL WIRE TO THE COURIER.

NEW YORK, June 28.—A news agency despatch from London, published here to-day, says: Interest in the expected grand offensive of the Allies shifted temporarily to-day to the situation in the Balkans with the revival of reports that Roumania is preparing to join the Allies.

A heavily censored Bucharest despatch, telegraphed via Athens, reported that Bulgaria had closed her frontier against Roumania. Bulgarian troops were reported to be concentrating along the Roumanian frontier.

The Evening News received a Bucharest despatch reporting that the Roumanian cabinet, at a special session, took certain steps as a result of Bulgaria's movements. The despatch bore evidence of having been heavily censored. It gave no indication of what steps were taken, but the censor passed the statement that Roumanian military chiefs participated in the cabinet conference.

GERMANS CLAIM FURTHER SUCCESSES. BERLIN, June 28.—(via London, 4.52 p.m.)—The great battle in Volhynia, where the reinforced German army has succeeded in checking the Russian advance, has resulted in further reverses for the Russians. Announcement was made by the war office that the Germans have captured the village of Winiewka, west of Sokul, and Russian positions south of that point.

DEFYING SWITZERLAND NOW. PARIS, June 28.—A Zurich despatch to the Matin says that Germany's demands on Switzerland for the exchange of commodities are in the form of an ultimatum, which expires at 6 o'clock Thursday night.

Announcement was made in the Swiss Parliament last week that Germany had demanded that the Swiss Government permit the exportation of cotton and food stuffs collected by German agents, stating that if the demand were not complied with Germany would prohibit exportation of coal, iron and other materials essential to Swiss industries. The Swiss authorities asked for time to reply, and sent a delegation to Paris to confer with representatives of the Entente Allies.

ITALIANS TROOPS THROWING BACK ENEMY OFFENSIVE

Official Announcement Tells of Many Successes Against Enemy.

By Special Wire to the Courier. Rome, June 28.—(via London, 1.45 p.m.)—The Italians have flung back the Austrians a further distance on the Trentino front. The War Office to-day announced the capture of Monte Giannone, north of Fusine and Monte Cavojo. These positions lie between Posina and Astico.

The Italians also advanced on the Asiago plateau, occupying the southern slopes of the Assa Valley, and reached the slopes of Monte Rasta, Monte Interrotto and Monte Mosaicagh.

Monte Colombara was carried and the Italian advance reached the Galammar valley.

The communication follows: "From the Upper Butte, the Brenta commanding positions and strongly organized defences, now reached by the enemy, have increased largely his activity in resisting our advance. Nevertheless we made considerable progress all day yesterday."

"In the Lagarina valley and in the Arsa valley there was an intense artillery action. We shelled positions of the enemy on Monte Trappola and Monte Teste, and took the trenches near Malga Sugna."

Quebec Would Accept Policy of Conscription

By Special Wire to the Courier. Coalbrook, Que., June 28.—French-Canadians would submit to conscription if introduced into Canada, Col. Armand Lavergne, the Nationalist, argued before a bi-lingual meeting here last night. He himself would submit to conscription and go to the front if sent.

PTE. WALTER ROWE REPORTED KILLED

Pte. Arthur Binch Wounded, Word Received in Paris To-day.

Paris, June 28.—Mr. Walter Rowe, of Paris, received word this morning that his son Walter, had been officially reported killed on June 16th. Walter was 19 years of age and enlisted in the 38th Dufferin Rifles and left here last July and went over to England with a draft. He was a fine type of lad and a member of St. James church, Paris.

Word was also received this morning that Pte. Arthur Binch had been wounded on the same date. He went with the second contingent. This is the second time Binch has been wounded. He is with the machine gun section.

FOUR VESSELS TO-DAY'S TOLL

London, June 28.—Four vessels were announced at Lloyd's shipping agency to-day as having been lost. They were the Japanese steamship Daiyetsu Maru and the Italian steamer Clara and the Italian ship Avellino, which were sunk by hostile warships, and the Dutch steamship Waalstrom, which foundered.

The crew of the Dutch vessel was landed.

The Steamship Daiyetsu Maru was sunk by a submarine of Barcelona, according to a despatch from Madrid. Forty-one members of her crew were picked up. The Italian steamer, Clara, was of 3,534 tons net. On her last eastern voyage across the Atlantic she left Norfolk May 27th, bound for Porto Ferrajo, Italy, where she arrived June 17th.

READ STATEMENT TO THE COURT Very Anxious to Show That a Traitor May be a Gentleman.

By Special Wire to the Courier. London, June 28.—Dramatic developments are expected at to-day's session of the trial of Sir Roger Casement for high treason. Chief among these is a statement in his own defense which Sir Roger is prepared to make from the dock.

No Witnesses for the Defence. Francis P. Doyle, the Philadelphia attorney, who is acting as solicitor for Casement, announced before the opening of court, that no witnesses would be called for the defense, but that the arguments of counsel would be supplemented by a statement from the prisoner. As was indicated yesterday, the main defense will rest on the argument of counsel for the extent of the indictment on the ground of lack of jurisdiction.

Witnesses in Germany. In reference to the decision of Casement's counsel not to call any witnesses, Mr. Doyle said: "Inasmuch as this trial affects not only the life of Sir Roger Casement, but also the aspirations of the Irish nation, it has been deemed advisable not to call any witnesses in this jurisdiction." He added that no witnesses were available in this country, and that it would have been necessary to go to Germany for them, but that the government would not permit it.

Over-ruled Counsel. Alexander Sullivan, chief counsel for Sir Roger, resumed his argument in an attempt to show the indictment was faulty when the court convened to-day. After he had concluded his address the court over-ruled his motion to quash the indictment.

Sir Roger's Statement. Sir Roger Casement's statement was delivered in a clear voice, but it was plain that he was laboring under a great nervous strain. The prisoner leaned heavily on the rail of the dock and his hand that held the paper shook as though palsied.

Took No Money. "Money was offered to me in Germany more than once, and offered (Continued on Page 6)

42 MEN WANTED

Young men of Brantford, I would like to draw your attention to the fact that we will be leaving for Camp in a very short time, and we are in need of forty-two men to fill the ranks of the 125th Battalion.

I make this appeal to you knowing that the people of Brant County have never failed to complete, and make a success of anything they have undertaken. This being the first Brant County Battalion, I am sure you will not fail us. We are very desirous of going into Camp with complete establishment.

OFFENSIVE IS RESUMED AGAIN ABOUT VERDUN

Attack on French Position Near Fleury Checked by Artillery.

By Special Wire to the Courier. Paris, June 28.—12.20 p.m.—German troops last night delivered another attack on the French positions near Fleury, on the sector of the Verdun front, over which violent fighting has been in progress for several days. The assault was checked by the French fire, the war office announced to-day.

There was spirited fighting near Tiamont work, which the Germans captured several days ago, but no change occurred in the situation there.

West of the Meuse there was no infantry fighting of importance. Artillery engagements occurred in the sector between Avocourt and Chattancourt.

The text of the statement follows: "In the region to the south of Lassigny the Germans endeavored last night to deliver several surprise attacks upon minor posts. All their efforts resulted in failure."

"In the Champagne district a strong reconnoitering party of the enemy, which was trying to reach our lines along the road from St. Hilaire-le-Grand to St. Souplet was dispersed by our fire."

"On the left bank of the River Meuse there has been artillery fighting in the vicinity of Avocourt and Chattancourt. At Hill 304 and at Dead Man Hill there have been minor engagements with hand grenades."

"On the right bank of the river there was a counter-attack at three o'clock this morning on our positions to the northeast of Hill 221. This was repulsed with hand grenades. Another counter-attack between Fleury and the eastern boundary of the Chapiret wood was at once checked by our curtain of fire."

"In the vicinity of A-Thiamont work, where the fighting was spirited last night, the situation remains unchanged."

COSSACKS CROSS DNEISTER RIVER

More Than 100,000 Men Are at Work on the Defences of Kovel.

By Special Wire to the Courier. Petrograd, via London, June 28.—More than 100,000 men, of whom a large proportion are prisoners of war, are at work strengthening the defences of Kovel, according to the Bouras Gazette. The new defences extend more than ten miles from the town.

The crossing of the Dniester southwest of Buczacz by the Don Cossacks is regarded here as another nail in the coffin of Kolomena. The Cossacks are now expected to sweep around the Cherniava River from the west.

Rebels Hold Medina. By Special Wire to the Courier. New York, June 28.—A New York Journal despatch from Cairo to-day says: Arab tribesmen in Arabia who rebelled against the Turkish Government had occupied Medina after a siege.

TWO DROWNED. By Special Wire to the Courier. Sorel, Que., June 28.—Thrown into the river when their boat overturned, Leopold Fontigny, 11 years, and Gustave Bibeau, both of this place, were drowned. The bodies were recovered.

PERSHING DRAWS IN HIS FORCES

Concentrating to the North and Abandons Some Places Held.

REBEL FORCES ARE JOINING CARRANZA

Spanish Minister to Mexico Has Special Interview at Vera Cruz.

By Special Wire to the Courier. Mexico City, June 28.—The American forces under the command of General Pershing have abandoned Bachimba and San Gerónimo, in order to concentrate to the north, according to advices received here by General Alvaro Obregón, secretary of war, from General Jacinto Treviño, commanding the government troops in Chihuahua. The Carranza forces have occupied these positions and organized them so as to prevent the American troops from again occupying them.

Will Join Carranza? Reports received from Zacatecas are to the effect that Colonel Herández, one of the rebel chieftains, is ready with his forces to join the Carranza army.

According to information from Nacazonco, Sonora, the Southern Pacific Railway and the telephone and telegraph systems are in the hands of the de facto government forces.

Mexico Uniting. Replies are being received from the Latin-American republics to which Foreign Secretary Aguilar recently sent messages concerning the Carrizal and Mazatlan incidents. Some of the replies offer co-operation with a view to averting through mediation, a war between the United States and Mexico.

Gen. Robert F. Cojudo, commander-in-chief of the Zapata forces in the state of Hidalgo, has offered all the men under his command to the military commander at Vera-Cruz for the service of the de facto government.

Spain to Mediate? General Carranza has accepted the offer of General Cejudo, Alejandro Padilla Bell, the new Spanish minister to Mexico, arrived in Vera Cruz to-night and was received by high officials of the foreign office. Great political significance is attached to the coming of the new minister, as it is understood that he will offer the friendly mediation of Spain in an attempt to settle the dispute between the United States and Mexico.

SAULT STE MARIE PAPER SEIZED BY THE CHIEF CENSOR

Published an Anti-Recruiting Article and is Suspended for Three Months.

Sault Ste. Marie, Ont., June 28.—Lieut.-Col. Chambers, chief press censor for Canada arrived here on last evening's train, from Ottawa, and was met at the station by Lieut.-Col. Jones, commanding the 227th Overseas Battalion and chief Vincent of the city police. A quarter of an hour later a guard from the 227th Express and took possession of it by direction of the chief press censor, under authority of the order-in-council of June 10th last.

Sentries are on duty at both doors of the newspaper office and the edition will be kept under suspension for three months. This drastic action of the censorship authorities is due to the publication of an anti-recruiting article printed in The Express on the 23rd instant, which according to the chief press censor contained statements calculated to cause disaffection to His Majesty, to assist and encourage the enemy and to prevent, embarrass and hinder the successful prosecution of the war.

TWO DROWNED. By Special Wire to the Courier. Sorel, Que., June 28.—Thrown into the river when their boat overturned, Leopold Fontigny, 11 years, and Gustave Bibeau, both of this place, were drowned. The bodies were recovered.

All Along the British Line Guns Pounding the Enemy

Whether in Somme Region or Vimy Ridge, Bombardment is the Same—Under Cover of Artillery Many Trench Raids Carried Through.

By Special Wire to the Courier. British Headquarters in France, Tuesday, June 17, via London, June 28.—12.40 p.m.—British guns continued to-day the bombardment over a broad front which was begun yesterday. The Associated Press correspondent, riding seventy miles behind the lines, found the same regular pounding of positions on both days, whether in the Somme region or along the Vimy ridge.

Going to a point on high ground, which allowed a broad sweep of vision in a rolling country or forward to observation posts in the trenches, the correspondent found the horizon always bounded by shell bursts. There might be a lull at one point for a while, but soon the inferno in that direction was renewed.

Under cover of the bombardment, the British made numerous trench raids last night, bringing in groups of prisoners.

The British released gas at certain points, but discontinued when the weather was found to be unfavorable.

PORT DOVER FEELS THROB OF INDUSTRY WITH NEW RAILWAY

Chance Again to Become Busy and Important Centre as it Was in the Past—Death of Mrs. W. H. Smith, Wife of the Principal of the Public School; Funeral Tomorrow.

(From Our Own Correspondent)
Port Dover, June 27.—Before Brantford was, Port Dover was, and a flourishing little lake port too. The zenith of its first life began to wane about sixty years ago. In the middle of the last century it was a port of call for passengers, and long before that freight was shipped or imported at the docks. Boats were built at Port Ryerse, three miles west, and yet of historic interest, but to-day only the remnant suggestive of a former pier at Port Ryerse remains in front of the summer cottages, and our Dover dock has well nigh fallen to ruins.

Again a Future
But Dover feels the throb of a new life, and the announcement that direct traffic from the north will be opened on Saturday morning is welcome news about the streets. Port Dover looks for a new life, for a return of commerce from and to a larger and now populous hinterland, and for the visitation of summer holiday folk to her delightful beach.

Death of Mrs. Smith.
This morning there passed away the wife of the revered principal of the public school, Mrs. W. H. Smith. Principal Smith, a son of Norfolk, born within a mile or so of the town, has a record in the schoolmaster world, perhaps equalled by few men in Ontario. He has taught fifty-one

and a half years in the county, 44 1/2 of which have been spent as principal of the Port Dover school, and the partner of his long wedded life became his wife shortly after his appointment.

Family Re-union Will Be Held.
When the new school was opened last year, it was with difficulty that Mr. Smith was induced to remain in the harness, and then only because as his board represented, the people wanted a re-union of the Old Boys and Girls in July, 1916. Matters have been arranged for the gathering on July 1st, and of the fifteen hundred or more of his old students, yet within touch of home, comes the one answer, "We are coming." And they must come.

Funeral Thursday.
Mrs. Smith was no less esteemed and honored than the schoolmaster himself. Her remains will be laid to rest on Thursday afternoon by a sorrowing people, but the old boys and girls will come, and on the campus of the school, will unite their testimony in an address to their former instructor.

Family Have Done Well.
It might not be amiss to say that the children of Mr. and Mrs. Smith, seven in number, have all grown to manhood and womanhood, and have taken their part in the world with credit. Three daughters, Mrs. E. A. James, Mrs. Chris. Parker, and Mrs. Wm. Marshall, reside in Toronto;

Wrong
Some people have never tried Red Rose Tea because they think it is just ordinary tea put into packages.
WRONG!
Red Rose Tea is a "master" blend of more than a dozen high-grade Indian and Ceylon teas. It is a DISTINCTIVE tea—distinctive flavor, in richness, in strength, in economy. To prove it, try it. In sealed packages only.

RED ROSE TEA "is good tea"

Miss Belle is at home. Of the sons, Bruce lives just out of Dover; Dr. H. G. Smith is in Orlia, and Fred is a Toronto druggist.

Norfolk County Also.
Mrs. Smith was the eldest daughter of the late Wm. Burt, latterly of Simcoe. Mrs. E. Edmonds of Simcoe, and Mrs. W. Ferguson of Toronto, are sisters. The brothers are: Dr. W. Burt, provincial game and fisheries inspector, Simcoe; John Burt of Saginaw, Mich.; Thomas Burt of Battle Creek, Mich.; and Dr. S. W. Burt, of Toledo, O.

Officers for Saturday.
The officers in charge of Saturday's reunion, are J. S. Martin, B.A., president; S. L. Butler, secretary; C. C. Varney, treasurer, and these are assisted by a committee of twenty-five citizens and ladies.

Yacht Club Coming.
The Erie Yacht Club will, as usual pay Dover a visit on July 1st, and remain all day. The Vigilant patrol boat will be in port and will receive visitors. Games ashore and on the water front will be provided.

New Boat Being Built.
The W. F. Colby Company are building their eighth boat for the fishing fleet. The keel is 81 feet 6 inches long, and the beam 20 ft. The work is in charge of J. E. Pash of Erie, Penn. After launching, it will be necessary to sink the boat in order to get it through to the lake under the old swing bridge which long since has become a permanent structure.

Famous Wyandotts.
Mr. J. S. Martin began to raise chickens while teaching in the Port Dover high school. He has ceased to advertise his Wyandotts, has ready sale for all he can raise. There are about forty colony houses on the grounds, and the incubators are still at work. Mr. Martin has chickens from eggs laid by pullets hatched this present year. He has this month made shipments to Ecuador; Bogota, Columbia; Salza Cruz, Mexico; San Paulo, Brazil, Lisbon and South Africa. The farm is an interesting place for fowl fanciers.

TAX ON ALL BANKS OF ISSUE

Carranza Places New Levy in Mexico Dating From July 1st.

Mexico City, June 28.—General Carranza has decreed a tax on all banks of issue in the republic, payable in Mexican gold coin. The tax will begin July 1, and will range from 300 to 5,000 pesos, according to the importance of the banks.
Another decree levying a tax on foreign ships in the coast trade, was also issued. Under the decree cotton growers are allowed to send their products in Mexico, but are forbidden to export cotton. The decree places a tax of ten pesos national gold on each bale, aggregating 250 kilos.

The tax on foreign shipping and the coast trade is one peso gold per gross ton.
A third decree establishes an export tax of fifty centavos on every hundred kilos of fresh fruit, one centavo per hundred kilos of fresh garlic and two centavos on dried garlic.

NO APPOINTMENT YET.
Naming of Successor to Late Judge Elliott Still Hanging Fire
Ottawa, June 28.—The successor of the late Judge Elliott of London, is still undecided. "It is hanging fire," said a high officer of the department of justice to-day, "and it is difficult to say when a decision will be reached."
It is learned that recommendations have been made in favor of Messrs. B. Elliot, J. C. Judd and E. T. Esbery of London; Magistrate Coughlin, of Stratford, and others, but no choice has been made. The matter has not gone to the Cabinet yet.

MAKE SURVEY OF FISH RESOURCES
ario Government
Take Action in the Near Future.
Toronto, June 28.—A survey of the fish resources of every section of the province is to be undertaken by the Ontario Fish and Game Department as a preliminary to the institution of a policy of restocking waters with game fish.
At the present time, while the resources of the Great Lakes comparatively well known, the department has little definite information as to conditions in the lakes, rivers and streams, with exception possibly of some of the well known tourist districts, scheme now being put into effect to furnish every fish over-seer with detailed map of his district with instructions to return to the department with data showing the yield and quantity of fish in every stream and lake, together with general information available.
With these maps and reports the department will be able to "take stock" and to decide upon streams which can be restocked with advantage when the game fishery plans now under consideration are put into effect.

STRATFORD WILL VALID.

Appel Court Decides Regarding Estate of Late John Lloyd.

Toronto, June 28.—The family feud over the division of the estate of the late John Lloyd, grocer of Stratford, who died in May, 1915, leaving an estate valued at \$7,000, which he disposed of by will, has been finally adjusted by the judgment of the Appellate Court delivered at Osgoode Hall yesterday, sustaining the validity of the will. Under this document the estate was bequeathed to the family of the deceased as follows: \$1,000 to his son, Frank, and \$500 each to the latter's wife and son, \$3,000 to his son, Albert, and \$1,000 each to the latter's wife and daughter, the residue to go to Albert. Frank, who had resided with an uncle since nine years of age, was not satisfied, and attacked the will, alleging that his father was of unsound mind, and that Albert had exercised undue influence. When the suit was heard Chief Justice R. M. Meredith ordered the will to be set aside as invalid. This decision was appealed against, and the Appellate Court reversed the finding. Justice Garrow, who wrote the judgment, was absolutely no justification for Frank's allegation that undue influence had been used or that his father had been locked up in a dirty, ill-kept room and shut away from the world like a hermit. The testator's comments when giving instructions for the drawing of his will were those of a thoughtful, experienced man. In those comments the testator had made reference to the trouble Frank had caused over his mother's will, and he was anxious his will should be so drawn that there should be no grounds upon which it could be attacked.

RESTRICTING IMMIGRATION.

By Special Wire to the Courier.
 Berlin, via London, June 28.—The German authorities in Poland now require that intending emigrants to the United States shall be provided with their steamship tickets before they will be granted permission to leave the country. The measure is of considerable importance as many Americans of Polish descent are sending money to enable their relatives to join them in the United States.

UNITED STATES GRASPING OUT FOR CENTRAL AMERICA

Austrian Paper Accuses Uncle Sam of Imperialistic Tendencies.

President MUST FIGHT Jingoism in the States Re-quire War Against Mexico.

By Special Wire to the Courier.
 Vienna, June 27.—Via London, June 28.—The Tageblatt, the first Austrian newspaper to comment on the Mexican situation, expresses the opinion that the United States is committed irrevocably to an imperialistic policy which aims at the annexation not only of Mexico, but of all Central America. It regards the present situation as merely the logical outcome of the imperialistic policy which it says was begun under the Cleveland administration and to which the United States became wedded by the Spanish-American war.

U. S. Fomented Trouble.

The Tageblatt suggests that the unrest in Mexico since the Diaz regime has been fomented secretly by American money in order to create a situation which appears to warrant interference, ostensibly in the interest of peace. To whatever causes the succession of revolutions may be ascribable, says the Tageblatt, the American policy in any event is little short of "a bouquet of poisoned flowers," for President Wilson, at this time lashed to him, just at the moment desired to begin his campaign. The newspaper gives the President credit for desiring to maintain peace, but believes that if he should give to Mexico in the slightest degree, tantamount to American jingoism would simply sweep him out of sight.

The whole situation, The Tageblatt continues, may mean the inauguration of doctrine to parallel the Monroe doctrine, namely: "Latin-America for Latin-Americans."

LAKE STEAMER IS SUNK IN COLLISION

The Panther of Duluth Lost in Whitefish Bay.

Sault Ste. Marie, Mich., June 28.—The steamer James J. Hill of the Pittsburg Steamship Company of Cleveland, arrived here yesterday with the crew of the steamer Panther, owned by the Massey Steamship Company of Duluth. The Hill collided with the Panther in a dense fog Monday night off Persian Island in Whitefish Bay. The latter steamer sank.

The Hill was upbound for ore. The Panther was downbound with a cargo of wheat. The Panther was struck amidships. The Hill's bow remained in the Panther's side until the crew managed to get away. The Panther was rescued. When the Hill backed away the Panther listed and sank. The Cleveland boat was slightly damaged. It may be possible to raise the Panther.

The Panther was built in 1890, and formerly was owned by W. P. Kend of Chicago. She was 248 feet in length and her gross tonnage was 1,634.

THE SITUATION.

It is now the Italians who are occupying the centre of the stage in connection with the big war drama. The recent sweeping success of the Austrian offensive led a great many people to wonder whether the spirit of Garibaldi had become dimmed, but later developments are proving most reassuring. They have rounded on the foe in excellent shape, and at some points the enemy is retreating with a precipitation which amounts almost to a riot.

According to Petrograd, the violent efforts of the Germans to turn the tide of disaster against the Austrians has failed. General Brusiloff's bag so far has reached, in the matter of officers and men, about two hundred thousand, with enough military equipment to constitute an amateur Woolwich arsenal.

The British troops continue to be busy testing out the German lines, and there should soon be some doings.

THE RUMOR MONGERS.

On Sunday last, in Toronto, the rumor gained currency of a severe action at the front, in which many thousands of Canadians had been killed and injured. There was not the slightest warrant for the cruel story, but it was passed from mouth to mouth, and gained such credence that even certain ministers in the Queen City made announcement to their congregations of the supposed catastrophe. There is no reason in the world why the Canadian people should go off at half cock in such matters. From one end of the country to the other, the papers, under exceptional expense, have given out everything of authentic importance, and under such circumstances there is great cause for surprise that the rumor mongers should be able to gull as many as they do.

The Toronto incident, by reason of its size, has aroused Provincial comment. At the same time in this, and probably in all other communities, there are little rumors, just as much lies as the Toronto falsehood, which certain people seem to swallow with avidity, and then smack their lips for more.

For some months, it was the work of the Red Cross and Patriotic Associations which came in for these poisoned shafts, and latterly there have been stories, beneath contempt, about the men at the front and others who have returned from there. If you take notice, you will find that it is generally some spineless slacker who is most busily engaged in passing such falsehoods along.

This is not the period for the veiled hint, the slimy innuendo, or the propagation of such yarns as that in Toronto. What's more; those who circulate these things are just as guilty as those who manufacture them.

SAM HUGHES.

The man who can sit down and draw Canada's Minister of Militia to chart, hasn't been born yet. He carries the same restless, driving, energy into his speech and actions as he does into the discharge of his public duties, and he rips through red tape just as readily as into those whom he does not consider to be living up to the mark from a military standpoint. He is by all odds the most abused individual in Canada, with the Grit papers for the most part after him like a pack of wolves, and yet even his most bitter critics concede that in more than one direction he has done good work.

The Hamilton Herald (Independent) in referring to the subject thinks that Sir Sam is too bumptious and talks too much, but adds: "And yet we have no sympathy with demands which are made in some quarters for the resignation or dismissal of Sir Sam from his present post. With all his faults, he has 'made good' as minister of militia; there is no other man available who measures up to Sir Sam's ability to get things done. Moreover he is almost the only member of the government who has the energy and will power required to grapple effectually

with the difficulties developed by the war. He is essentially a man of action, quick to perceive the essential points of a situation, prompt to decide what is best to be done to deal with it, and with the courage to act on his own initiative. If Canada needed a dictator such as the Roman republic used to have in times of peril, we know of no man better fitted for the position than Sir Sam Hughes.

"It is a pity that he is so judicious and tactless a talker. If he would only keep quiet he would be far more respected and better liked. But the value of his work outweighs his foolish swagging talk. Sir Sam can't be spared."

To think of such a strain having fallen on Sir Frederick Borden, Laurier's Minister of Militia, leads the average man to thank Providence that Sir Sam was on the job when the notes testing time came.

NOTES AND COMMENTS.

Sir Wilfrid Laurier has been having some teeth taken out. It is to be hoped the bi-lingual fang went with 'em.

A St. Louis man, as the result of an operation, lost his sense of smell and now he is suing for \$50,000. Great Scott, how many cents does he want?

Sir Mackenzie Bowell, at the age of 93, is going to take a trip to the Yukon to see what it looks like. The Senator is still alert, both mentally and physically, and apparently good for many years yet.

They are holding races in Hamilton and the sole and only object of those who attend is to help in the work of improving horse flesh. A few of the fair sex, of course, may desire to display their dresses, but the men are all keen in the respect named.

Rev. Mr. Philpott of Hamilton, who has three sons at the front, has publicly announced that he will not address any more recruiting meetings. He believes in conscription and says "It is cruelly unfair for thousands of our able bodied young men to be allowed to enjoy their ease and pleasures at home in the face of such a crying need." The Courier says Amen all the more readily because it has long contended the same thing.

LIEBKNECHT GOES ON TRIAL

Socialist Participated in a May Day Demonstration in Berlin.

Berlin, June 28.—The trial of Dr. Karl Liebknecht, the Socialist leader, begins to-day before a court-martial which will decide whether he was guilty of attempted treason in time of war in participating in a May Day peace demonstration in Berlin. Dr. Liebknecht, whose criticisms of the government in speeches in the Reichstag previously had led to his expulsion from the Socialist party in that body, was arrested on May 1, during the demonstration and since has been held in custody. The Reichstag on May 11 by a vote of 229 to 111 declining to order his release. He has been accused not only of taking part in, but of arranging demonstration, at which it is alleged criticism of "down with the war" and "down with the Kaiser" were raised by the excited demonstrators. A report on his arrest made to the Reichstag, contained these charges, and in detailing the circumstances of the incident asserted that he resisted the police, but faintly was knocked down and overpowered.

WOMEN'S INSTITUTE

TUTELA WOMEN'S INSTITUTE

The Tutela branch of the Women's Institute held a special June meeting at the Bell Homestead, the president, Mrs. Hird, in the chair. Mrs. Cromar played the opening ode, after which Miss Birkett read the minutes of the last meeting. The business part of the meeting being over, solos were joyfully rendered by Mrs. Robbins and Miss Heath. A special feature of the afternoon was an address, given by Miss Guest, the delegate. Her subject, "Things and Their Forces," proved very interesting, as well as instructive to the large audience present. During the afternoon, musical selections given by Mrs. Cromar and Mary McLean, added to the afternoon's enjoyment. The usual collection was taken up for Red Cross work. The meeting closed by all joining in singing the National Anthem, after which a dainty luncheon was served on the lawn. The August meeting will be held at the home of Miss Fawcett, River Road.

SURVIVED PARIS GREEN

Mitchell Citizen Said to Have Drank Dose While Despondent.

Mitchell, June 28.—Following an argument with his daughter, it is said, a citizen named Hart, on Monday tried to end his life by drinking Paris green, but the prompt application of the stomach pump he revived and is now none the worse. It is said Hart went to Stratford and came home the worse at liquor. His daughter held him to account and he ordered her out of the house. It is believed he later became despondent. His wife recently died, leaving him with a large family of children.

VESSELS PULLED OUT

Two Vessels Went Aground, and Both Had to Be Floated.

St. Pierre, Miq., June 28.—The British steamer Arachne, which had been stranded at Pointe Platte, Melon Island, since June 20, was floated to-day. Four steamers pulled the vessel free, after she had been lightened of the wheat cargo she was carrying from Montreal for England.

Towed Back to Port. Savannah, Ga., June 28.—The British Steamer Wearbridge, which went aground in the Savannah River, Monday night was pulled into deep water last night and towed back into port for a survey. The damage was slight, it was said. The Wearbridge cleared for London, Monday with a cargo of timber, naval stores and tobacco valued at \$342,881. The vessel is of 2,602 tons.

Farewell to Rev. Mr. A. E. Marshall

on Sunday and Presentation to Pastor Monday Evening.

Farewell sermons were preached Sunday last at Oxford street Methodist church by Rev. A. E. Marshall, B.A., who closed a successful 15 years' ministry, and leaves the church well organized and efficient work in the future. A very large attendance was present at both services at which the pastor preached most inspiring sermons from text Phil. iv: 8, and II Cor. xii: 12.

Monday evening a farewell service was held by the congregation in honor of their pastor who occupied the chair, and in his opening address spoke briefly upon his work at Oxford street church and thanked all who had assisted him.

Rev. Mr. Martin of Wesley church, who was also present, spoke much feeling of all that Mr. Marshall had done, and of his worth as a brother minister and a man.

Addresses were given by Mr. Butler and Mr. H. Whittaker of Church Work and Church Finances, following which Mr. Marshall presented by Mrs. Butler with grace, while the address was read by Rev. Mr. Marshall read adequately.

A pleasing programme was given, consisting of instrumental selection, L. Brenner; solo, "A Perfect Master Melvin Broome"; songs, "The Winds O'er the Sea Blow" and "The Winds O'er the Sea Blow"; and Mrs. Bert Jago. Encores for the order of the evening.

A splendid luncheon had served, the evening was brought close by singing the National Anthem.

Sunday afternoon a pleasant took place when the Young Men's Class presented Mrs. Marshall with a handsome serving tray.

RUSSELL REPORTS TO MANAGER BIRMINGHAM.

Toronto, June 28.—To-day the Leafs are sharing third place with Buffalo. Since departing from Toronto on the present road trip the Birmingham boys have won nine of the twelve games played. All that any team is expected to do is to break even away from home. The Leafs have not lost a series to any of the home clubs on the road trip. They got an even break with the Providence Grays. This is a record that no other team in the League has made.

Pitcher Clyde Russell reported to Manager Birmingham in Baltimore yesterday and went to Richmond with the team. Russell is just out of Cornell and in need of professional experience, so too much not be expected of him in his International League debut. This year he pitched two-hit games against Princeton and Michigan, and three-hit games against Princeton and Pennsylvania, winning them all. He was beaten but once in eight starts since May 1.

The great record of the Leafs on the road has aroused local enthusiasm to a pitch unknown in several seasons. Birmingham's fans are assured of a rousing welcome when they return to the Island Stadium on Dominion day for morning and afternoon games.

COBB AGAIN ATTEMPTS TO FINISH SPECTATOR.

St. Louis, June 28.—Detroit and St. Louis divided a double-header to-day, St. Louis taking the first game 5 to 3 and Detroit the second by 5 to 2. Slesler led the attack in the first game with four hits in four times at bat and two stolen bases. The first game was stopped in the ninth inning, when Cobb attempted to climb into the stands to reach a fan, who he claimed had been abusing him. He was prevented from doing so, however, by police, umpires and fellow-players. Scores: First game: R. H. E. Detroit... 000001002—3 9 1 St. Louis... 0100003—5 7 0 Dubs and Baker; Wellman and Severid.

Second game: R. H. E. Detroit... 110000120—5 8 0 St. Louis... 0009200—2 7 2 James and Baker; Koob, Davenport and Severid, Chapman.

NEWARK AND BUFFALO DIVIDE DOUBLEHEADER.

Newark, June 28.—Newark and Buffalo broke even to-day, the former shutting out the Bisons 2 to 0, and the visitors winning the second game 2 to 1. The first game was a pitcher's battle, five hits being the total for the two teams, and errors figuring to a large extent in Newark's victory. Scores: First game: R. H. E. Buffalo... 000000000—0 3 2 Newark... 000100100—2 2 1 Daw and Haley; Enright and Egan.

Second game: R. H. E. Buffalo... 000101000—2 8 0 Newark... 000001000—1 8 1 Engel and Onslow; Smallwood and Schwert.

BRAVES WIN FOUR IN FIVE FROM PHILLY CHAMPIONS.

Philadelphia, June 28.—The Boston Braves made it four out of five games from the Phillies by winning yesterday's game, 3 to 0. Barnes pitched effective ball, holding the 10-man batting order to a total of 10 hits. He was supported, especially by Magee, Snodgrass and Maranville. The Braves bunched hits on Alexander in the fourth and scored all their runs in that frame. Score: R. H. E. Boston... 000300000—3 6 1 Philadelphia... 000000000—0 5 0 Barnes and Gowdy; Alexander; Bender and Kliffel, Burns.

TRADE OF JEFF, TESREAU FOR SAM SALEE

Declared Off. New York, June 28.—John B. Foster, secretary of the Giants, announced yesterday that Pie Way of Yale and George Smith of Columbia, both pitchers, have joined the Giants. Way was the star pitcher of Yale for three years; also a great football player. Smith has pitched for four years with Columbia and graduated last month. Secretary Foster also announced the proposed trade of Tesreau for Slim Salee of the Cardinals has been declared off.

TESREAU OUTPITCHES DELL IN FINE GAME AT BROOKLYN

Brooklyn, June 28.—New York and Brooklyn broke even in their series of six games, when Tesreau of New York won a pitching duel yesterday from Dell. Score: R. H. E. New York... 100000000—1 7 0 Brooklyn... 000000000—0 6 0 Tesreau and Rariden; Dell and Miller.

HERBERT COMES BACK AND BEATS ORIOLES

Baltimore, June 28.—Dan Tipple, who was driven from the rubber Monday, sought revenge yesterday afternoon upon the Toronto Leafs, but he failed to get it, the Canucks again chusing the twirler after he had used up much of his strength running around the bases in the fifth inning, when Twombly doubly, leaving the round the Orioles threatened to get into the running, but that was their only real stand of the afternoon, so the visitors took the game 5 to 3, thus winning the laurels of the series.

Incidentally the Canadians have not lost the honors in a single tour they have visited this trip, annexing nine victories in twelve contests.

Baltimore might have played the invaders to a standstill, however, had Ritter been on the job in the fifth session, when the Leafs put over three of their runs. He took a short nap, which proved costly, leaving his base uncovered to such an extent that a throw from Twombly got away and permitted the enemy to gain a lot of ground.

It really was a battle of pitchers who were trying to come back, for Herbert, who was bumped by the Birds in the second game Monday, occupied the mound for Toronto. He was quite a different pitcher this time, being strong in the pinches.

BOXING.

A first-class boxing programme, under the auspices of the Canadian Mounted Rifles, will be presented at the Arena, Hamilton, on Friday evening next, when three high-class bouts will be staged. In the 133 pound class, Rocky Kansas of Buffalo who has won deserved comment and praise from critics on both sides of the border, will oppose Jack White of New Orleans, in a 12-round bout. In the 125 pound class, Elmer Doane of Buffalo and Pte. McCracken of the C.M.R., will battle for eight rounds, while Young Finstein, champion of Michigan state, will engage Pte. George Shore of the C.M.R. in a six round encounter, 115 pound class. Admission prices range from 50c. to \$2.00.

GRAYS BUNCH HITS AND DEFEAT ROCHESTER

Providence, June 28.—Providence bunched their hits in the first and seventh innings, and with Peters pitched good ball, Rochester suffered defeat 2 to 1. Score: R. H. E. Rochester... 000010000—1 7 1 Providence... 10000010x—2 9 1 Hill and Hale; Peters and Yelle.

RICHMOND LOSE THREE STRAIGHT TO MONTREAL

Richmond, June 28.—Montreal fell on McKenry for five runs in the fifth inning, which was sufficient to win from Richmond, 5 to 2. Score: R. H. E. Montreal... 000050000—5 12 0 Richmond... 001100000—2 7 3 Goodbred and Wells; McKenry and Reynolds.

CASE DISCUSSED IN COMMONS

News Service Company Itself is Said to Manufacture Messages.

By Special Wire to the Courier. London, June 28.—(New York Times cable)—The Daily Mail says this morning:

"In the House of Commons yesterday, Mr. Atsworth asked the home secretary if the censor had passed a telegram which appeared in the New York American, from the London correspondent of the International News Service, stating that the admiralty had admitted an overwhelming defeat by a portion of the German high seas fleet."

"Mr. Samuel replied that the passage in question was not included in any telegrams sent from this country, but was composed in the New York office of the International News Service, with the exception of the word 'overwhelming' which was inserted in the office of the New York American."

"There were several similar cases at the time of the disturbances in Ireland, at the end of April, but the London representative of the agency had now given assurances that no such manipulation of his messages should occur again."

"The Times publishes the text of Mr. Samuel's written answer to Mr. Atsworth. Referring to the Irish messages, he says:

"There were several cases at the time of the disturbances in Ireland at the end of April in which messages appearing in the New York American and the New York Journal which purported to be from the London correspondent of the International News Service, bore no likeness to the cables actually despatched, and in some instances gave information which was the opposite of that which had been sent to the press."

"War Weddings" to the number of 1,900 have taken place, in the United Kingdom, according to a compilation of figures, since the beginning of August, 1914. The list would be enhanced if Canadian and Australian marriages were added.

Private Mail Carriers are banned in Ireland by General Maxwell, the British commander, who has issued through the post office, unless official permission had previously been obtained. All persons are also prohibited from receiving communications except under similar conditions.

Leniency with rebels is illustrated in a few general facts about prison life which tends to show the kindly spirit of the "goalership." Every man can get a hot-bath, new underclothes, shirts and a new jacket if he needs them. He can receive letters, and can make any purchase he wants from the Y.M.C.A. canteen in the barracks. Relatives can visit him three times a week, and relatives from a distance can visit him at any time. Priests and clergy have free entrance. The men get exercise every day in the form of military drill, and it is exceedingly popular. Lastly and this is important, every chance and help are given to a prisoner to prove his innocence. The court is lenient and unconventional. Tour average lawyer would shudder at the sort of evidence that is admitted if only it be favorable. Twenty or more men leave the place every day free.

Allied Demands Being Carried Out

The Royal Decree Ordering Demobilization in Greece is Signed.

By Special Wire to the Courier.

Athens, via London, June 28.—The situation in Greece remains critical and full of uncertainty, although the demands of the allies are being rapidly carried out. The royal decree for the general demobilization of the Greek army was signed by King Constantine yesterday afternoon, and a Venizelos adherent, Zimbrakakis, will be sworn in as chief of police to-day. Rear Admiral Damianos has been appointed minister of marine. Vice-Admiral Condouriotis, who was first named, refused the appointment.

SALE OF GANDIL TEACHES GRIFFITH A GOOD LESSON

Ainsmith is for Sale, But Not to American League Club.

Clark Griffith of the Washington Senators figures he was stung when he sold Chick Gandil to the Cleveland Indians. And he doesn't propose to be stung again. He has another star on the market in Catcher Eddie Ainsmith, who for several seasons handled Walter Johnson's shoots. Ainsmith has got into Griffith's bad graces in much the same fashion as Gandil did, but Griff, while determined to make the sale, doesn't propose to sell him any where that there's a possible chance of bolstering a rival to Washington in the pennant field.

Griff thought he had made sure this would happen when he sold Gandil to Cleveland. He couldn't see the Indians as anything but a second division team, even with Gandil. He refused a much greater offer from the highly touted Chicago White Sox than the \$5,000 the Indians gave for Gandil.

The Speaker deal wasn't in sight then, and if he had it to do over again, the Indians wouldn't get Chick. He doesn't propose to be caught the same way twice. Therefore he is now engaged in a strenuous little game of trying to get Ainsmith out of the American League.

He has a deal already arranged to sell Eddie to the Phillies if he can get waivers from the other American League clubs. But the New York Yankees are crazy to get Ainsmith. So each time Griff asks for waivers the Yanks refuse, and Griff withdraws his request for waivers, only to renew it time and time again in hope of wearing the Yanks out.

THE "CRUSH DOWN SALE."

To every large merchandising concern, there comes the day of opportunity to make purchases that mean money saving chances for its customers. Such chances in the way of special lots, broken lines, balances to clear at a price, and sundry lines of desirable merchandise, have been offered to, and taken, by the well known firm of E. B. Crompton and Co., Limited, all during the currency of the Spring.

An aggregation of lines, and a breadth of assortment such as is rarely offered—is comprised in the enumeration of the desirable things—catalogues in their large advertisement in to-day's issue—things that in the purchase of the buyer will fill many a want and effect a substantial saving.

The firm extend a hearty welcome to all to avail themselves of the conveniences of their store, whether a purchase is contemplated or not—in any case there will be found many things to admire and make a note of.

NEW GOVERNOR GENERAL NAMED FOR CANADA

Duke of Devonshire, Whose Wife is Daughter of a Former Incumbent.

Ottawa, Ont., June 28.—Official announcement received from London that the Duke of Connaught will be succeeded as governor-general by the Duke of Devonshire comes as a surprise here. It was thought that either Lord Curzon or the Earl of Derby would be appointed. It was rumored here to-day that Earl Derby had been selected.

The Duke of Connaught and his staff left on their western tour last night.

Victor Christian William Cavendish, ninth Duke of Devonshire (created 1694), G.C.V.O., L.L.D., was born May 31, 1868. He was in parliament as a Liberal-Unionist for Derbyshire, 1891-1903; was secretary of his majesty's household, 1900-3; financial secretary to the treasury, 1903-5; is Lord-Lieut. of Derbyshire, president of the territorial forces of Derby, and chancellor of Leeds University. Last year he was appointed as civil lord of the admiralty.

He married in 1892, Lady Evelyn Emily Mary Fitzmaurice, daughter of the Marquis of Lansdowne (former governor-general of Canada), and there are two sons and five daughters.

The duke was educated at Eton and Trinity College, Cambridge. His estate aggregates about 138,000 acres, with mineral properties in Lancashire and Derbyshire. He has famous picture galleries at Chatsworth, Hardwick and Devonshire House, and a library and statue gallery at Chatsworth.

Distinguished Ancestry

The Devonshire ducal family originated in the 12th century. In 1556 the earldom devolved on the Cavendish family, and in 1649 the fourth earl was created duke in recognition of his services to William III. Distinguished members of the Cavendish family include Charles (1620-43), second son of the second earl, who fell in the civil war at Gainsborough, on the Royalist side; and Elizabeth Cavendish (1759-1824), Duchess of Devonshire, to whom Gibbon read the closing chapters of his "Decline and Fall of the Roman Empire," and well known from the mysterious theft in 1876 of her portrait by Gainsborough, and its strange recovery in the United States a quarter of a century later.

CRISIS IMPENDS ON IRISH ISSUE

Rumored Resignations of Unionist Members From Asquith Cabinet.

London, June 28.—Throughout yesterday the air was charged with rumors of a serious cabinet crisis over the Irish Home Rule compromise. The fact that there were two prolonged cabinet councils in addition to party meetings, seemed to confirm this view. An evening newspaper announced that Mr. Marquess Lansdowne, Minister without portfolio, and Walter Hume Long, President of the Local Government Board, had actually resigned, but that their resignations had not been accepted. Rumor also connected the name of Lord Robert Cecil, Minister of War Trade, with the Ministers likely to resign.

The Earl of Selborne in the House of Lords explained that nothing was expected to be announced definitely concerning the situation until after a meeting of the Unionists to-day, at which it was still hoped that the influence of Andrew Bonar Law, Secretary of State for the Colonies, and supporters Premier Asquith and David Lloyd George, the Munitions Minister, who framed the Irish compromise, might possibly avert a rupture. Last night, however, it was announced that the Unionist meeting had been postponed until next week at the desire of Mr. Bonar Law and the Government, who wished further time for consideration of the Irish proposal. This postponement puts a new complexion on affairs, and permits of the hope that a crisis will be averted.

TO EXTEND CREDIT FOR WAR SUPPLIES

Conference to be Held Between Government and Banks to Consider It.

Ottawa, June 28.—A conference between Sir Thomas White, Minister of Finance, and a committee of the Canadian Bankers' Association will take place here to-day, when the question of further extending the credit granted to the Imperial Government for the purchase of munitions and other war supplies in Canada will be considered.

The arrangements made by the Finance Minister and by the banks have resulted in the financing by Canada of all the British Government's war purchases in Canada since November. A credit of no less than \$126,000,000 has been provided, including the \$50,000,000 credit established by Sir Thomas White from the proceeds of the domestic war loan and the \$76,000,000 which was provided by the banks.

The result has been a decided stimulus to the industrial development of the Dominion and steady employment to many thousands of people. The extent and importance of the arrangement may be gathered from the fact that the Imperial Munitions Board is expending, by virtue of this credit, from twenty-five to thirty million dollars every month.

Purchases Depend on Funds.

It has been clear for months past that the extent of the Imperial Government's war purchases in the Dominion will depend, as pointed out some time ago by Sir Thomas White, upon the capacity of the Dominion to provide funds. If this were not done the British Government would have to send gold to Canada or seriously interfere with the existing exchange situation by buying New York exchange.

The purchases of the last seven or eight months have, as already stated, been largely made possible by the financial arrangements made here, and the conference which is now to take place will result in an extension of those arrangements.

The second Dominion loan will probably come along in the Fall after the summer vacation. It is expected that this loan will be supported as to be equally as successful as the doubly subscribed first issue.

CARRIAGE OF WHEAT GREATLY EXPEDITED.

Ottawa, June 28.—Exports of Canadian wheat during the present month show that the crop is being transported out of the country with great expedition this year. The total for this June was 21,003,485 bushels, as compared with 6,611,879 in the corresponding month last year. Canada is evidently not meeting with the tonnage difficulties which have led Australia to establish a state-owned steamer service.

Men Who Bear the Burden

The British Statesman Cannot Escape Penalties of His High Office.

OFTEN LOOK WEARIED

Direction of the Government in the Greatest Position of Danger.

Only to few men is it given to bear unimpaired the mental and physical strain of grave responsibility.

After twenty-two months of war, Mr. Asquith cannot congratulate himself on having escaped the penalties of the burden of having on his shoulders the direction of the Government in the greatest position of danger in which this country has ever found itself. He has aged considerably; there are many tell-tale lines under his eyes indicative of overwork, and though his fresh-colored complexion tends to suggest he is in the best of health, those who are nearest to him are very concerned about his growing liability to collapse, which recently kept him away from the House of Commons for more than a week.

With the exception of an occasional week-end, the Premier has had no holiday worth speaking of, and at his age—he is in his sixty-fourth year—he feels the need more than ever for temporary respites from the cares of his office. It is only the handsome reserve of vitality which he seems to possess that enables him to keep on from week to week with such astounding regularity.

His hair, which he wears bushy at the back, is quite white, and at times rather unkempt, especially in the front of a debate, when he has the habit of putting his hands through its locks, as if thereby to gain inspiration.

On the other hand, his physique still suggests sturdiness. His step is alert, and if the opportunity were there and the hour propitious, he could play a good game of golf.

While not exactly elegant in his clothes, he always dresses very neatly, and the short-cut black morning-coat he affects fits him rather well. The faculty of throwing off an air of an admirable advantage in the conversation of Mr. Asquith's energy, and the informal dinners at 10 Downing Street, to which his closest friends are invited, help him to forget the pressing anxieties of his position.

Mr. Lloyd George.

After the Premier, the heaviest responsibility in the Cabinet devolves on Mr. Lloyd George, who has charge of the output of munitions in the manufacture of which he has had over 3,000 factories as controlled establishments.

A cheerfulness of disposition and a distinctly humorous vein in his nature keeps the statesmanly Welsh statesman young, and though his hair is grey, it only serves to throw up by contrast his well-conditioned features. He steps out more smartly than any other man in the Cabinet, and there is a vigor in his walk which stamps him as a man of action.

Mr. Lloyd George gets through more work in a day than some of his colleagues do in a week. He has astonished the clerks of his department by the introduction of a ten-hours' day.

They find him at the muttons hearters as early as ten o'clock in the morning and as late as nine o'clock at night.

In between he finds time to give important interviews to correspondents of neutral newspapers and to sit for his portrait to that very excellent artist, Mr. Augustus John, who has reproduced on canvas the living count of the statesman to-day.

The whole personality of the Minister of Munitions radiates energy. Like Mr. Hughes, the Australian Premier, he is a "live wire."

Mr. McKenna.

Of Mr. McKenna, who has the onerous task of raising five millions a day, it may be said that during the war he has kept his head but lost his hair.

The public know most of the Cabinet Ministers from photographs that were taken of them at least ten years ago; but in the Chancellor's case no harm is done, for the published photographs of him exude a sense of the quality of his Responsibility does not bring lines of care to his face; it merely thins a little more his remaining locks. He has, of course, the benefit of a fine constitution that was maintained in

Canada's Trade Make Big Advance

Heavy Increase is Shown in Exports of Manufactured Articles.

Ottawa, June 28.—A heavy increase in exports of manufactured articles during the months of April and May is the outstanding feature of the Canadian trade statement issued yesterday afternoon. These exports amounted in May to \$27,734,427, and in the two months of the fiscal year to \$49,307,556, as compared with \$16,121,149 in May last year and \$29,242,807 in the two months' period.

Another feature of the statement is the substantial rise in imports of free goods, as well as in dutiable commodities. Dutiable imports in May amounted to \$3,740,167, as against \$19,851,612 in May last year, while imports of free goods increased from \$14,539,196 in May last year to \$29,827,485.

Imports of all classes inclusive of coin and bullion amounted last month to \$70,230,181, compared with \$25,946,944 in the same period last year. May, including bullion, amounted to \$84,654,295, as against \$42,080,486. The Grand total of all Canadian trade for May was \$80,000,321, and for the two months \$145,243,815.

Exports of agricultural products during the month just closed rose to \$47,433,750, an increase of no less than \$24,587,923. Other exports also show substantial increases.

Mr. Lloyd George gets through more work in a day than some of his colleagues do in a week. He has astonished the clerks of his department by the introduction of a ten-hours' day.

They find him at the muttons hearters as early as ten o'clock in the morning and as late as nine o'clock at night.

In between he finds time to give important interviews to correspondents of neutral newspapers and to sit for his portrait to that very excellent artist, Mr. Augustus John, who has reproduced on canvas the living count of the statesman to-day.

Will Not Allow Wine Agencies

Ontario License Board is Expected to Confine Sale of Native Wines.

Toronto, June 28.—While the board has not reached a definite decision in regard to the regulations governing the sale of native wines, it is understood that the commissioners are satisfied that manufacturers of native wines should not be given the privilege of opening agencies in cities and towns for the sale of their product. The quantity that may be sold is, of course, fixed by the Ontario Temperance Act at five gallons in bulk, and two gallons in bottles, but the Legislature left to the board the responsibility of determining whether the wine should be sold only at the place of manufacture or anywhere else. Recently a deputation of wine manufacturers waited upon the board and asked for the right to open depots, claiming that if this privilege was refused some of the companies would have to move their plants.

The board, it is stated, takes the view that requiring sale at the place of manufacture will not impose any hardship, since the householder ordering a five-gallon lot of wine, would order as readily by mail as he would by telephone or personal call. In fact, the wine manufacturers in the grape-growing district would be more apt to get orders than one operated in town. The board, it is understood, proposes to give the protection of legitimate wine manufacturers by placing a ban on companies or individuals selling a product that is not made from home-grown grapes. The board has obtained information showing that there are a number of so-called native wines on the market that have little if any grapes in their composition. Since special provision was made in the Ontario Temperance Act, permitting the sale of wines manufactured from "grapes grown in the province," as an encouragement to the grape growing industry, the board means to keep manufacturers strictly to that provision. It is probable that permits will be issued for the sale of native wines and manufacturers will be asked to satisfy the board that Ontario grapes and Ontario grapes alone, are producing the wine. By this plan it will be impossible for any individual in a city or town to buy adulterated wine, and by working in the grape-growing district of Ontario grapes, label himself a manufacturer, and sell the product locally.

The License Board is considering a number of important suggestions in connection with the sale of liquor after the Temperance Act goes into effect. One of these is that all liquors supplied to druggists for sale for medicinal purposes be bottled in six-ounce quantities, and so labelled that the quality of the contents would be clearly shown to the purchaser. The board has been informed that a considerable number of druggists who sell liquor for medicinal use purchase stuff of poor quality. The board believes that liquor used as a medicine should be of the highest standard, and that this cannot be guaranteed where it is bought in bulk.

Men Who Bear the Burden

The British Statesman Cannot Escape Penalties of His High Office.

Only to few men is it given to bear unimpaired the mental and physical strain of grave responsibility.

After twenty-two months of war, Mr. Asquith cannot congratulate himself on having escaped the penalties of the burden of having on his shoulders the direction of the Government in the greatest position of danger in which this country has ever found itself. He has aged considerably; there are many tell-tale lines under his eyes indicative of overwork, and though his fresh-colored complexion tends to suggest he is in the best of health, those who are nearest to him are very concerned about his growing liability to collapse, which recently kept him away from the House of Commons for more than a week.

With the exception of an occasional week-end, the Premier has had no holiday worth speaking of, and at his age—he is in his sixty-fourth year—he feels the need more than ever for temporary respites from the cares of his office. It is only the handsome reserve of vitality which he seems to possess that enables him to keep on from week to week with such astounding regularity.

His hair, which he wears bushy at the back, is quite white, and at times rather unkempt, especially in the front of a debate, when he has the habit of putting his hands through its locks, as if thereby to gain inspiration.

On the other hand, his physique still suggests sturdiness. His step is alert, and if the opportunity were there and the hour propitious, he could play a good game of golf.

While not exactly elegant in his clothes, he always dresses very neatly, and the short-cut black morning-coat he affects fits him rather well. The faculty of throwing off an air of an admirable advantage in the conversation of Mr. Asquith's energy, and the informal dinners at 10 Downing Street, to which his closest friends are invited, help him to forget the pressing anxieties of his position.

Mr. Lloyd George.

Bavarian Plenty Attracts Guests

North German Meditate Visit in Summer to Share Food.

The Hague, June 28.—The widespread impression in North Germany that Bavaria, compared with other German States, is flowing with milk and honey, has led to indications that a big influx of summer guests may be expected there. This prospect has so alarmed the Munich Government that it has been thought necessary to issue a warning to intending visitors, pointing out that although the Bavarian meat cards entitle the holders to seven hundred grammes weekly, which is considerably more than in North Germany, they include sausage, bacon, preserved meats and fats, which are not included in the North German meat cards. Besides, the Bavarian rations will shortly be reduced about twenty per cent, owing to the shortage of supplies.

It is true that butter cards entitle the holders to a hundred grammes per week, but very rarely is the full ration available. Eggs, sugar, peas and beans are also very scarce, while seafood are much less easily procurable.

The Ministerial communication, therefore, expresses the hope that Bavaria will be spared the threatened friendly invasion, adding that as the country itself is short of supplies it cannot undertake to feed an additional population.

FRENCH REPULSE FOR AT VILLAGE OF FLURY

Artillery Fire Dies Down Appreciably in Region of Verdun

London, June 28.—In the region of Verdun yesterday the French defeated a German attempt to capture the portion of Fleury Village they still occupy, but otherwise on this sector it was exceedingly quiet. On both banks of the Meuse the bombardment was less intense than usual in the course of the day.

The French on Monday night beat off an attack against one of their trenches at Hill 304. They made some progress in the Thiaumont fortified work in the night.

German ships near the Belgian coast were made targets for 65 bombs thrown from a French aeroplane reconnaissance squadron.

Arrested in Orangeville Court Will be Deported.

Orangeville, June 28.—This was in the throes of a German scare last evening, when four notorious strangers, who arrived registered at a local hotel, incurred the suspicion of the military police attached to the 16th Battalion, which is encamped at Esplanade Park for the past month. RUSSIANS TAKE GREAT NUMBER OF PRISONERS

Capture Nearly Two Hundred Thousand in 20 Days.

KOLOMBA'S TURN NEXT Czar's Columns Drive Austrians Back to Ten Miles of Town.

London, June 27.—Almost 200,000 prisoners were taken by the Russian army under General Brusiloff between June 4 and June 23 in the great offensive against the Austrians and Germans in Galicia and Volhynia, the exact figures as given being 193,972, of whom 4,021 are officers. The dates include 219 guns, 644 machine guns, 196 bomb throwers, 146 artillery caissons and 32 searchlights. In the south, their flank in Bukovina having been cleared of the enemy, the Russians have made further advance west of Czernowitz, driving the Austrians back to the Roudovetz River, an affluent of the Pruth river. The present offensive is to advance on Kolomea and Stanislau, Zabotoff, where the Roudovetz and Pruth rivers join, is about ten miles east of Kolomea, the next station ahead and the next objective for the Russians.

Big Battle Continues.

In northeastern Galicia and southern Volhynia the big battle on whose issue depends the possession of Kovel, Vladimir-Volynski and Bregy, continues to rage. With the Russians maintaining an impenetrable front against the Austrians and the Germans. An offensive attempted by the Germans on the road from Lutsk to Kovel was repulsed. After crossing the Shara river, southwest of Lipsk, and near Lake Vyronovskoye, the Germans were dislodged and thrown back to the Kolkli front, on the Stokhod river. The Pruth front continues the bombardment of the Russian lines with heavy guns. Infantry and artillery firing is the feature of the action farther south. In the northern sector attacks of the Germans were repulsed on the fronts of Riga, Dvinsk, and the lake region to the southwest.

FOUR FROM STATES ARRESTED AS SPIES

Arraigned in Orangeville Court, But Will Be Deported.

Orangeville, June 28.—This town was in the throes of a German spy scare last evening, when four mysterious strangers, who had arrived and registered at a local hotel, incurred the suspicion of the military police attached to the 14th Battalion, which is encamped at Exhibition Park for the past month. The quartette were rounded up by the authorities and taken to the police cells. This morning they appeared before Police Magistrate Pattullo and gave their names as Frank Birkin, E. A. Nolte, L. Shamock and M. Tuck, all of Syracuse, Birkin was charged with uttering seditious language with the intention of retarding recruiting, the other men were charged with vagrancy. The court room was crowded when the case was taken up, after the usual adjournment, Crown Attorney J. D. Leland prosecuted, Capt. D. D. Eppes, battalion adjutant, assisted and A. A. Hughson defended. Charges of sedition can only be tried at the Assizes, and the captain wanted the accused interned. Evidence was called to show that Birkin, whose father was a German, had made use of very seditious language in canvassing for officers, and he will be sent back to New York state tomorrow morning in charge of an officer. The baggage of the other prisoners having been examined at the noon adjournment by the military and civil authorities, and nothing incriminating found therein, they were discharged. The German Naval Attaché at Madrid is quoted as saying that a submarine with a letter from the Kaiser to President Wilson is nearing New York.

Negotiations Under Way for Release of Capt. McCuaig, Now a Prisoner.

Ottawa, June 28.—Efforts are being made to have an exchange made whereby Captain Rykert McCuaig, of Montreal, a prisoner in the hands of the enemy will be released, along with a German alien, now interned in Canada, whose identity is not announced. The latter would undertake to leave Canada at once and go to the United States. Negotiations to this end are progressing and likely to be successful. Captain McCuaig was wounded and afterwards made a prisoner in the battle of St. Julien, a year ago.

Supplies of Machinery Once Purchased in Germany Got Elsewhere.

Berne, Switzerland, June 28.—Swiss industries using machinery have initiated action for the purchase of supplies from machinery and tool firms in America instead of from Germany as formerly. The action of the Swiss manufacturers was the result of a continued rise in the price of machinery and the presentation of new claims for payment in French francs instead of in the German mark at a low exchange rate.

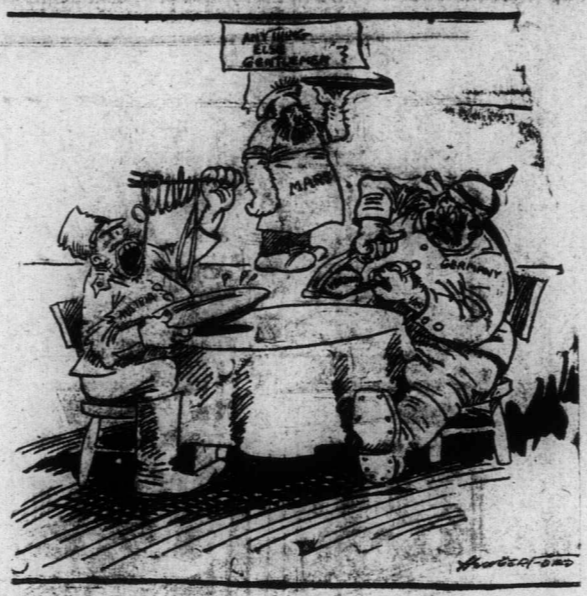

ITALIANS ADVANCE RAPIDLY IN TYROL

Austrians Have to Evacuate Posina, Arsiero and Other Points.

London, June 28.—Continuing their offensive against the Austrians in the Tyrol, the Italians on Monday advanced on the front between the Adige and the Brenta, capturing strong entrenchments at Mattassone and near Arco and all of Monte Menerle. They cleared the enemy out of Posina and Arsiero and started to move up the northern slope of the Posina valley. They have reached a strong line of defence on the Sette Comuni plateau, they have crossed the Nos valley and they have occupied Monte Fara, Monte Taverle, Spitz Kesslerle and the Cima della Saetta, and they have carried the crest of the Caldera and the Campanelle. The Italian official report on the advance issued yesterday says: "Between the Adige and the Brenta our advance continued, notwithstanding the enemy's attempt to hold us by the concentrated fire of artillery and machine guns and by rear guard actions, which were favored by a difficult ground. In the valley of the Arsa we advanced Monday across strong entrenchments at Mattassone and Angebani and completed the conquest of Monte Menerle. Take Arsiero. "Along the Posina line we cleared the enemy from the southern slopes of Monte Araita, and after crossing the stream took Posina and Arsiero thus beginning the advance on the northern side of the valley. "On Sette Comuni plateau our infantry, preceded by cavalry patrols reached the Punta Corbin-Fresche, Corbin-Fresche line extending to the southwest of Asiago. To the northeast we crossed the Nos valley and occupied Monte Fara, Monte Taverle, Spitz Kesslerle and Cima della Saetta. "On the right our Alpine troops carried the crests on the Caldera and Campanelle after much gallant fighting. Fire Burns Villages. "Along the whole front there is considerable evidence of the enemy's barbarous methods. Arsiero was destroyed by fire. Asiago had many smaller villages were reduced to smoldering ruins. Near Magna Bosch some hundred naked corpses of our soldiers were found in mire. "In the Sugana valley the situation is unchanging. In upper Vanoi we occupied Masi di Togaola. There were no events of importance on the remainder of the front. "One of our air squadrons, consisting of ten machines, yesterday dropped fifty heavy bombs on the Caldano railway station in the Lagarina valley. Satisfactory results were observed. The machines returned safely. Yesterday morning an Austrian aeroplane was brought down in a light near Verona."

THESE ARE NOT THE TIMES TO HAVE ANY DIFFERENCES

Public in Britain Feel Government Should Just Now Show United Front.

By Special Wire to the Courier. London, June 28.—The threatened split in the cabinet over the Irish problem occupies a prominent place in all the morning papers. Most of the editorials appeal to the Unionists to settle their differences and get down to the main business of war. "The Daily News says: "Even if there comes a split in the Unionist party the coalition government should weather the storm. It would make us the mock of Europe if the government failed to do so at an hour when the allies are making their greatest effort against the enemy in the field." The Daily Mail asks: "Are we at war or are we playing still the old style game of party politics? An attempt to throw the whole nation back into the whirlpool of the Irish question is idle and mischievous. For such purposes the nation at large has nothing, but impatient contempt."

NO SUCCESSOR YET TO LATE MR. GRIGG

Mr. Watson Griffin is Latest Addition to Trade and Commerce Department.

Ottawa, June 28.—The question of the appointment of a new Commissioner of Commerce, in succession to the late Richard Grigg, will be taken up by Sir George Foster on his return from England next month. There has been no intimation as yet as to whether the office of Commissioner of Commerce is to be continued on the same lines as followed previously. The office was created four years ago and Mr. Grigg was its first incumbent. The expectation is that the post will be continued, although some rearrangement is possible. In the meantime an addition has been made to the service by the presence of the Department of Trade and Commerce of Mr. Watson Griffin, recently special trade agent to the British West Indies. Mr. Griffin is acting as superintendent of the Commercial Intelligence Branch. He is a prominent student of the building and tariff matters and is an acquisition to the service.

Women's Institute

The Onondaga Branch of the North Brant Women's Institute held their June meeting at "Spring Bank," the home of Mrs. A. W. Vansickie, the president, Mrs. M. N. Simpson, presiding. The meeting opened by singing "We'll never let the Old Flag fall. The program consisted of solos by Miss Hilda Hurley and Mrs. Oughtred of Onondaga. Instrumental solos by Misses Annie Fair and Clara McMillan; an instrumental duet by the Misses Evelyn and Ruby Taws. Miss Guest, the Government delegate, gave a very instructive talk on "A Mother's Duty, first to herself, for only a better home, third, to the community, which was followed by a 10 minute discussion, "How to help our boys and girls to find their places in the world," led by Miss Guest. The meeting closed with the National Anthem, after which the hostesses served a very dainty lunch. There were about fifty-five present.

Rabat, Morocco, via Paris, June 28.—French troops have quelled a serious revolt of tribes in the El Oued region in Algeria after three days of fighting. The rebels offered desperate resistance, and were only defeated after their principal stronghold had been stormed by two French columns. Their leaders then surrendered.

OCEAN LINERS SAFE FROM BOMB FIENDS

London, June 28.—Foreign Secretary Sir Edward Gray, in reply to a question in the House of Commons yesterday from C. W. Bellairs, said that the Post-Office had been made in the United States Government in regard to attempts by German sympathizers to blow up ships of the allied nations in American ports by means of bombs. The Post-Office Secretary could not say further, attempts would be made, but he added, all proper precautions had been taken to prevent them.

ITALIANS NETTING ENEMY SUBMARINES.

Geneva, June 28.—Italian authorities are using steel nets to trap enemy submarines with great success, according to advices from Rome. Only recently an Austrian submarine was caught in a net at Taranto, and the crew captured. ROMANIA ALSO SHORT OF FOOD

Police Had to Repress a Demonstration and Some Lives Lost.

Amsterdam, via London, June 28.—According to Bucharest despatches in German newspapers received here four persons were killed, and five wounded by the police, at Galatz, Roumania, Monday, while repressing a demonstration of workmen against the high prices of food stuffs. The despatches add that the workmen of Galatz declared a general strike on Sunday owing to the authorities having prohibited meetings and demonstrations in protest against the high cost of living.

Work has been started on a factory, 185 feet by 105 feet, on Beverly Street, and it is expected that the building will be completed by August.

ORDER AS TO KILTS IS NOW MODIFIED

Highland Battalions May Wear Them if Extra Cost is Contributed.

Ottawa, June 28.—The order with regard to the Canadian soldiers wearing kilts, as announced by the Militia Department a few days ago, has been somewhat modified. The change is that while the department will not put the country to the extra expense of providing kilts instead of trousers, the units or private people are willing to make up the difference in cost, then the battalions may have kilts. However, in no case will the department provide kilts at the country's expense in the future. They cost considerably more than trousers. While a few units may make up the difference in cost to keep the kilts, it is expected that in the majority of the Highland battalions the historic dress will be superseded.

BLOW WITH A CANE

KILLED AGED MAN.

Clinton, June 28.—As a result of a little fracas yesterday afternoon at the Huron House of Refuge here, John Weatherall, formerly of Goderich, was struck on the head with a cane in the hands of another inmate named Postelwaite, which resulted in Weatherall's death a few minutes afterwards. The coroner was called and a jury formed to view the remains and a post-mortem is being held. The blow was a very light one, and it is thought death may have been due to heart failure. Weatherall was over seventy years of age. Postelwaite is said to be somewhat irresponsible.

ee of Father's Houses were vacant.

And had been vacant for some time. And Dad was getting mighty peeved about it because he had put up those houses for an investment, not for pleasure. And he was getting hotter every day when I happen to think that a For Rent ad, in the DAILY COURIER might help. And it did. After one insertion we got many inquiries. And many seemed interested. And would you believe it would you believe it

the next week there was a moving van in front of each House.
