CONSTITUTION

OF

The Church Society of the Diocese of Toronto,

INCORPORATED BY THE STATUTE OF CANADA

7 VICTORIA, CAP. 68,

FOR PROMOTING THE FOLLOWING OBJECTS :

FIRST—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a Fund towards the augmentation of the Stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church, in the said Diocese.

SECONDLY—For the encouragement of Education, and for the support of Day-Schools and Sunday-Schools in the said Diocese, in conformity with the principles of the said Church.

THIRDLY—For granting assistance where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church within the said Diocese.

FOURTHLY—For circulating in the said Diocese, the Holy Scriptures, the Book of Common Prayer of the said Church, and such other Books and Tracts as shall be approved by the Central Board or Managing Committee of the said Association.

FIFTHLY—For obtaining and granting aid towards the erection, endowment and maintenance, of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage-houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowments.

I.

That before the Society shall enter upon business at any of its meetings, the following Prayers be said :—

PREVENT us, O Lord, in all our doings, with thy most gracious favour, and further us with thy continual help; that in all our works begun, continued, and ended in thee, we may glorify thy holy name, and finally by thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*

O GOD, from whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech thee to visit with thy favour our Sovereign, Queen VICTORIA, and so rule her heart, that she may in all things seek thy honour and glory. Prosper with thy blessing the designs of this Society. Comfort with thy grace those benefactors who contribute to its support. Bless the ministry of thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true Religion in this Province, and the labours of those Missionaries who are promoting the same in foreign parts. And may thy Holy Spirit direct all our consultations to the advancement of thy glory, and the good of thy Church, through Jesus Christ our Lord. *Amen.*

O MERCIFUL God, who hast made all men, and hatest nothing that thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live: have mercy upon all Jews, Turks, Infidels and Heretics, and also upon all those Heathen Nations on whom the light of thy glorious Gospel hath not yet shone: especially the INDIANS of this Continent. Bless the means used for their civilization and conversion, and take from them all ignorance, hardness of heart, and contempt of thy Word: and so fetch them home, blessed Lord, to thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with thee and the Holy Spirit, one God, world without end. *Amen.*

OUR Father which art in Heaven, hallowed be thy name. Thy kingdom come. Thy will be done on Earth, as it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, as we forgive them that trespass against us. And lead us not into temptation; but deliver us from evil: for thine is the kingdom, and the power, and the glory, for ever and ever. *Amen.*

AND WHEN BUSINESS IS ENDED :

ALMIGHTY God, Father of all mercies, we thine unworthy servants do give thee most humble and hearty thanks for all thy goodness and loving-kindness to us and to all men: more particularly, for the providential support by which this Society hath been enabled to spread abroad the knowledge of thy sacred truth. But above all, for thine inestimable love in the redemption of the world by thy blessed Son, for the means of grace, and for the hope of glory, which thou hast given us in the same our Lord and Saviour Jesus Christ; to whom, with thee and the Holy Ghost, be all honour and glory, world without end. *Amen.*

THE grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost be with us all evermore. *Amen.*

The District Associations, through their respective Secretaries, shall communicate to the Secretary of the Parent Society at Toronto, a minute statement of all receipts and expenditure within the sphere of their operations, embodied in the form of a Report, once in each year, so soon as convenient after the General Annual Meeting of such District Branch Association.

FOURTH ANNUAL REPORT
OF
The Incorporated Church Society,
OF THE
DIOCESE OF TORONTO,
PRESENTED AT THE ANNUAL MEETING AT TORONTO,
HELD ON WEDNESDAY, JUNE 3RD, 1846.

THE Church Society of the Diocese of Toronto, in laying the Fourth Annual Report of its labours before the members of the Church, commences the grateful task by recording its humble thanks for the encouraging measure of success with which it has pleased Almighty God to bless its exertions during the past year, in behalf of Apostolic Truth and Order. During the same period, the various objects for which the Society has been incorporated, have been kept steadily in view, and carried out, as far as circumstances would permit. The circulation of Books from the Depository has increased, and more systematic measures have been taken at Toronto for concentrating the business of the Society, whether as regards donations to its objects in money or lands, and for putting everything in a more efficient train of action. It is true, that no addition has been made this year to the number of Travelling Missionaries, but this has arisen from an impossibility of procuring Clergymen, not from any deficiency in the funds appropriated for this purpose, as the hopes expressed last year, on this point, have been realised to a considerable extent, and the Society is now in a position to support from ten to twelve Missionaries.

The successful working of the Church Society for four successive years, stands as a living witness, that a holier and more faithful state of things is gradually spreading amongst us. It will be seen, that not only has a check been given to the natural tendency of the human mind to that vague system of religion, of which sincerity is the only test, but also, (when we remember that the teaching of the Church of God is, by a

Divine necessity, exclusive) a sound and practical belief is silently establishing itself, that, as there is but one way of redemption, so there is but "one body" of Christ, and one divinely appointed ark of salvation; and men are learning, that the main opposition to the spread of the Christian religion arises from the want of unity in its professors.

The history of the past has forced this truth upon humble and reflecting minds with an unearthly reality. They have seen that the most vigorous attempts to plant the Gospel without the Church* have, with hardly any exception, either failed and been broken up in the moment of temporary success, or have died away with the human agents who went forth to proclaim the glad tidings, or else have dwindled down to a sickly state of lukewarmness, and in many cases have degenerated into mere rationalism. During the three centuries which have elapsed since the National Church was enabled, by the Divine grace, to purify herself, and return to her primitive faith, many such exertions have been made with almost a primitive zeal, by those who dissented from her, and much has been done with such a holy hatred of sin, and such evident self-denial, that we may not doubt but that, on some occasions at least, the angel of God descended, and stirred the foul waters of heathenism and infidelity; but still, in the moment of success were sown the bitter seeds of disunion, and consequently of ruin. There was no promise of perpetuity to such labours, however earnest and sincere, inasmuch as the Apostolic commission was wanting; and though the piety with which these efforts in many instances were made, was, we humbly trust, accepted for Christ's sake before the mercy-seat,—(and such virtue is there in that sacred name, at which we reverently bow our heads, that it would seem, that even when preached of contention, it did not return void)—yet it is evident that the grace of perseverance was withheld, for no care had been taken to continue steadfastly in the "Apostles' doctrine and fellowship." Hence we learn, that if we expect the Divine grace to give reality to our labours, all we do must be done in the name of the Lord, and in the way of his appointment. Amid human corruption, and that unhappy proneness to return to exploded errors, which the nineteenth century has again revived, we learn that the Gospel in the Church is alone immutable and eternal, and that the Christian verities can alone

* Vide Grant's Bampton Lectures, 1843.

be preserved in all primitive fulness and simplicity, when they are treasured up and faithfully guarded in the temple and sanctuary, built for this sacred purpose by the only-begotten Son of God.

Besides once more pressing upon all the continued necessity of providing, to the utmost extent, for the support of Missionaries, the Society now calls upon its members to bear in mind, that the Church Society was incorporated also, "for the encouragement of Education, and for the support of Day Schools and Sunday Schools," in conformity with the principles of the United Church of England and Ireland. This is a matter which, at the present moment, requires our most unremitting attention.

The Education which is afforded in our Common Schools, is, in consequence of the unhappy religious divisions amongst us, intended to embrace all, and therefore it is almost entirely of a secular nature; and every attempt to render it, in any practical way, truly religious, must be expected to fail, because under such circumstances, God's truth must be suppressed in part, in order that those who receive the whole truth may be enabled to combine with those who receive only a part of it.

With such a state of things around us, and the imminent danger of thousands of our children being instructed, at the best, only in a system of mere morality,—which is a dangerous substitute for Christ's holy truth,—it is our bounden duty to lay our hands to the plough, and use every honest exertion to provide for the proper training of the little ones of the flock. Let it be remembered, that the Almighty works through second causes, that He has condescended to select human instruments to preach His holy Gospel, and administer His holy Sacraments; and thus, that not only the fulfilment of the Divine promises, but also the working of the Almighty himself, is to be looked for through the instrumentality of means. Now in order that men may be effectually taught, they must be taught of God; but in order that they may be taught of God, those means must ordinarily be employed, which He hath ordained for this gracious end. Since, then, we are commanded to train up our children in the way they should go, education, to be effectual, must be religious.

Nor can a work be said to be done in faith, if any portion of religious truth be kept back; for the commission given to

the Church is to teach the whole truth to every creature, and it is only in the faithful attempt to discharge this sacred duty, that we may expect the Divine blessing, and trust that our children shall be taught of God. In this way alone can the world see the difference between instruction in merely secular knowledge, and the training of the moral nature by the constraining and hallowing power of a lively and religious faith.

The most effectual means by which a system of religious education can be carried out, is through the medium of Parochial Schools; and the Society embraces the present occasion to impress upon all, the necessity and the duty, of establishing such Schools, wherever it may be found practicable. Together with the ordinary secular education, such Schools would combine daily religious instruction, according to the doctrine and discipline of the Church; and the labours of each day would begin and end with authorised prayer. Undoubtedly there are many places where daily Parochial Schools cannot at present be organised, but through the exertions of the Clergy, Sunday Schools have been very generally formed throughout the Diocese: it only therefore remains to keep these in as disciplined a state as possible, until the time may come when a daily Parochial School may be superadded.

Thus, by the blessing of Almighty God, through the medium of this Society, we may all constantly aid each other in holding the faith in unity of spirit, and in the bond of peace, striving as members one of another, to carry the ministrations of the Church into every township, among our poorer brethren, and, in dependence upon the Divine promises, to "train up" our children "in the way" they "should go."

INCOME AND EXPENDITURE.

The following is a brief account of the Society's Income and Expenditure for the past year:—

Balance from last year's account	£ 589	19	11½

Expenditure	£2297	2	9
Invested	1004	6	0
Funds in hand.....	442	18	4

This statement exhibits a considerable, and it may be added, a sound increase in the Society's income, as the amount has not been swelled by any special appeal, such as that which was made last year for the distressed Clergy, and a corresponding increase has taken place in the incomes of some of the District Branches.

As a proof that the collection of such a considerable income has by no means impeded local exertions throughout the Diocese, the Society would appeal to the simple fact, that since the erection of the See of Toronto in 1839, seventy-eight Churches have been built, and many are now building; besides which, several others have been enlarged and repaired.

The income of the District Branches, including donations for special purposes, has amounted for this year to..... £1774 8 5

THE ANNUAL SERMONS.

By Article XIX of the Constitution of the Society, it is provided, that four Sermons be preached annually in the several Churches, Chapels and Stations within the Diocese, in aid of the funds of this Society. During the last year three such Sermons have been preached, from which the returns have been satisfactory. The proceeds of the first Sermon have been only in part expended for Missionary purposes, owing to the impossibility of obtaining Clergymen. The proceeds of the second have been invested in behalf of the Widows and Orphans' fund; while the third has been given for this year to assist in the education of Candidates for Holy Orders,

it being believed, that the Diocese contains many young men, who desire to undertake the sacred office, but who have been hitherto kept back by the want of such means as are absolutely necessary to enable them to prosecute those studies, which are so essential to a due preparation for the pastoral office. During the past year, very active measures have been taken at home, with regard to the new Missionary College of St. Augustine, at Canterbury; and it is trusted that in a few years the Diocese of Toronto will receive from this Institution also, a valuable increase of Missionary strength.

DEPOSITORY.

The issues have been to the value of £1027. 3s. 10½d. By a comparison with the last Annual Report, it will be seen that the sales have increased by more than £120, which thus evinces that this branch of the Society's operations is in a satisfactory and healthy state. Through the medium of the Depository, many copies of the Holy Scriptures, and the Liturgy, have been sent forth into the Diocese, together with numerous books of a devotional and instructive nature; and with a view to facilitate the sales, a Catalogue of the books sold by the Society has been prepared within the last few months, from which it will be seen, that whilst a miscellaneous stock of Church books is always kept on hand, the Depository is peculiarly rich in the works of those sound divines who have so successfully defended the Church against the unhappy developments and novelties, which, in the shape of Romanism and Puritanism, have never ceased, for many hundred years, to assail the "faith once delivered to the saints."

One work only has been published by the Society during the past year, a Family Liturgy, compiled with the sanction of the Lord Bishop, and designed for the use of the members of the Church of England in the Diocese.

PROPERTY INVESTED IN STOCK.

During the past year, the sum of £492. 10s. has been invested on account of the Widows and Orphans' Fund, and £197. 10s. has been invested temporarily in behalf of the Missionary Fund. Including charges, the sum of £214. 6s. 0d. has also been invested in Land; and £100 has been temporarily loaned from Septuagesima Fund. The Executors of the late Rev. George Archbold have likewise transferred their trust of £100 in Bank Stock, in behalf of the Parochial Schools at Cornwall, to the Church Society of the Diocese of Toronto.

During the past year, Committees have been appointed, and careful reports made on the following important matters: the Widows and Orphans' Fund; a system of Mutual Assurance for the Churches and Parsonages in the Diocese; and on the best system which can be adopted of loaning out small sums to assist in the building of Parsonage Houses. On the subject of the Widows and Orphans' Fund, the Society received a valuable paper from H. C. Baker, Esquire, of Hamilton, but nothing has yet been definitely settled on any of these matters; indeed the subject of the Widows and Orphans' Fund requires, in an especial manner, the gravest consideration, as it is one of the most important which has ever claimed the attention of the Society; but it is hoped that the present year will see these various objects brought to some safe and practical issue.

PUBLIC MEASURES.—CLERGY RESERVES.

During the present Session of the Provincial Parliament, the Society has again petitioned the Legislature, that they would be pleased to address Her Majesty, praying that the control and disposition of such Clergy Reserve Lands as have been left to the Church of England by the Imperial Statute, 3 & 4 Victoria, chap. 78, intituled, "An Act to provide for the sales of the Clergy Reserves in the Province of Canada, and for the distribution of the proceeds thereof," may be made over to the Church of England in this Diocese. This was again supported by very numerous petitions from the various

parishes and missions in the Diocese. The Select Committees appointed in either branch of the Legislature to consider the petition have reported most favourably in support of its prayer; and though the House of Assembly have refused to adopt the report made by the Committee, yet it is to be hoped, that the prayer of the Church will finally obtain that reasonable consideration to which it is so justly entitled. At the same time, the Society cannot withhold the expression of their thanks to the framers of these able and satisfactory Reports, as well as to the gentlemen who, in their places in the Legislative Assembly, voted for their adoption.

LANDS.

Since the passing of the Act of Incorporation, Forms for the conveyance of Lands to the Society, both by donation and by bargain and sale, have been prepared; so that in conformity with the recommendation made by the Lay Committee in their last annual Report, titles to lands to be hereafter conveyed for the support of the Church may be made to the Society,—now that it has acquired a corporate capacity to hold them,—in order that, with respect to such lands, the convenience may be enjoyed of being able to make any disposition of them, which a prudent regard to the interests of the Church may dictate, unfettered by those restrictions which apply to leases made by Ecclesiastical Corporations.

DISTRICT BRANCHES.

During the past year, considerable exertions have been made in some of the District Branches, and the incomes of several are on the increase, and it may be added, that they are more and more covering the face of the Diocese, and spreading the influence of the Church throughout the land.

The District Branches are nine in number:

- | | |
|----------------------------|---------------------------|
| 1. Newcastle and Colborne. | 5. Niagara. |
| 2. Midland and Victoria. | 6. Gore and Wellington. |
| 3. Prince Edward. | 7. { London, Western, and |
| 4. { Eastern, Johnstown, | { Huron. |
| { Bathurst and Dalhousie. | 8. Brock. |
| | 9. Talbot. |

Newcastle and Colborne District.

The exertions of this Branch have been chiefly directed to the sending out Missionaries among the scattered population

of the forest; but by the appointment, in October last, of its late efficient Missionary to be resident Minister of a parish, this Branch has been left for some time without the services of a Travelling Missionary. The appointments for Divine Service have, however, been kept, as far as possible, partly by the exertions of the resident Clergy, and partly by licensed Catechists. It is hoped that this want will be supplied at the next Ordination. Indeed the united Districts now require the services of two Travelling Missionaries, and it is believed that they could without difficulty be maintained, by a moderate increase in the exertions of the Parochial Associations.

The various objects of the Society have been forwarded during the year by this Branch, by the distribution of Bibles, Testaments, Prayer Books, and religious books; by the support of a Parochial School at Cobourg, and of Sunday Schools there and in all the Parishes, and of Parochial Lending Libraries. Since its last report, this District has lost one of its members, the Rev. W. M. Shaw, whose delicate health obliged him to return to England. The Committee record their deep sense of his conscientious devotedness to his duty, and notice his donation of a parsonage-house and several adjoining acres of land in Emily, which has already called forth the thanks of the Society.

Midland and Victoria District.

The promise of assistance made by this Branch to the Township of Pittsburg has been fulfilled. The Rev. John Pope having been appointed to the charge of this township, the Committee assigned to him the sum of £50 currency per annum, payable from the funds of the Kingston Parochial Association. It has, however, pleased Almighty God to remove this zealous labourer in his vineyard, since this Branch made its report.

This Branch is still without a Travelling Missionary, not from the want of means for his maintenance, but because the Lord Bishop has been unable to send one, owing to the many vacancies which have occurred in the resident missions. The accounts given by those Clergymen who have occasionally officiated in the destitute parts of the District, of the large and attentive congregations which have assembled, confirm the opinion which has been expressed, that a wide and encouraging field of labour lies open to the zealous Travelling Missionary in these Districts. With the three-fourths of the

subscriptions and donations, which, by the Constitution of the Society, is at the disposal of each respective District, this Branch has been able to assist in building and repairing five Churches and one Sunday School-room. It has contributed towards the support of one Clergyman and one Candidate for Holy Orders; it has made grants of money to two congregations and to three Sunday Schools, for the purchase of books, and it has continued to support a Depository in Kingston, for the sale of Bibles, Prayer Books, and religious publications of various kinds.

Prince Edward District.

No special Report has been received from this District, the amount of contributions will be seen by referring to the Appendix.

Eastern District.

The Treasurer's accounts have been received from this District, an abstract from which will be published in the Appendix, with others of the same kind. The Rev. F. Tremayne still continues his useful labours in this District, as Travelling Missionary. The Rev. J. G. Beek Lindsay was, up to his lamented death, Secretary of this Branch, and has been succeeded by the Rev. E. J. Boswell.

Niagara District.

The income of this Branch is again on the increase, the Contributions of this year exceeding those of the last by £22. In order to spread among the people a spirit of alms-giving, and of Christian liberality, it is the intention of the Clerical members of the Managing Committee of this Branch, to hold a series of meetings in the various parishes in the District, during the present year.

The Rev. H. Stoneman ceased to be Travelling Missionary in this District, in July last, in consequence of finding himself unable to bear the hardships which fall to the lot of a Travelling Missionary. His place was temporarily supplied by the Rev. Richard Garrett, who has been succeeded by the Rev. Robert Shanklin.

As the arrangement under which Mr. Shanklin is engaged admits of his devoting only a portion of his time to the destitute parts of the District, and as the poorer brethren, scattered over twelve of the townships, require the undivided services of at least one Missionary, the Managing Committee have

deemed it to be their duty to apply to the Lord Bishop of the Diocese, for the appointment, as soon as practicable, of a Missionary, whose whole time shall be devoted to carrying the ministrations of the Church into the destitute parts of the District.

Gore and Wellington District.

This Branch continues in the same flourishing state as during last year, and there has been an increase in its annual income of about £35. One New Parochial Association has been formed among the Indians on the Grand River, under the charge of their zealous Missionaries, the Rev. Messrs. Nelles and Elliott. The Rev. Mr. Nelles observes in his report—"The amount of the Collections is very small for the year, but I have no doubt but that there will be an increase, as soon as our parishioners become more acquainted with the objects of the Society, and better able to contribute to its support. The Indians have not been in circumstances, during the last few years, to give money, but we hope that they will be more prosperous, and that every year more of their names will be added to the list of subscribers."

The newly formed Association in Binbrook and Saltfleet has well sustained itself, and its report exhibits an increase of £10 in the amount contributed. Annual Meetings of all the Parochial Associations, except one, were held in July, when the Clergy of the District were assisted by the Rev. Drs. Beaven and Bethune, whose valuable services are gratefully acknowledged. The reports from these parishes were upon the whole satisfactory, although in one or two places the Society appeared in some degree to languish.

London and Huron District.

Local exertions have been made during the past year, by the inhabitants of the town of London, the large sum of £627 having been contributed in behalf of St. Paul's Church, and in consequence, hardly anything has been done towards forwarding the general purposes of the Society.

Brock District.

This Branch is in a flourishing state, and having not as yet appropriated any portion of its funds to the maintenance of a Travelling Missionary, has, in accordance with the Constitution, remitted the whole of its liberal contributions to the

Parent Society, with the exception of £5, granted for a Sunday School Library, and £10 advanced to the Beachville congregation towards the completion of the Church.

The Committee look forward, with confident hope, to the time when the funds of this Branch will have so far increased, as to enable them to employ a Missionary in the destitute parts of the District.

Talbot District.

Nothing has been done by this District, except through the Special Collections, towards forwarding the general purposes of the Society. This has arisen from the inhabitants of this District having been much engaged in building Churches.

Home and Simcoe Parochial Associations.

It was stated in the last annual Report, that efforts were being made to establish at least one Travelling Missionary in these Districts. The Parochial Associations in the Simcoe District having contributed to the funds so liberally, that one half of the stipend of a Missionary (£50 sterling) could be paid from those funds, the Society itself granted, from the general mission fund, the sum of £50 sterling per annum towards the maintenance of the mission in the Simcoe District. The Lord Bishop appointed the Rev. George Bourne as Travelling Missionary in the Simcoe District, in November last, in which place he has been most indefatigable in his very laborious duties, and so highly do the people in those hitherto neglected townships prize the ministrations of the Church, that they have contributed, considering their limited means, very bountifully towards the support of a second Travelling Missionary, to labour in the same district.

Mr. Bourne officiates, in the course of a month containing four Sundays, thirteen times, and attends three classes, held for imparting instruction in Scripture, in the townships of Medonte, Oro, Essa, Innisfil, Mono, Mulmur and Adjala, besides regularly visiting Tosorontio, and in every month which contains five Sundays, he visits the distant township of St. Vincents. The Missionary expresses a confident hope that, during the year, Churches will be built in Medonte and Innisfil, and that the Church which has been begun in Mulmur will be completed.

There has been no Travelling Missionary as yet appointed in the Home District. This has arisen not from any want of

means, but from it being impossible to procure a Clergyman ; perhaps there is no district in the Diocese which more needs an increase in the number of Clergymen than this, when the rapid increase of its population is taken into account, and the Society trusts that this most desirable object will be accomplished during the present year.

Reports have been received from the city of Toronto, Etobicoke, York Mills, Streetsville, Thornhill, Markham, Vaughan, Scarboro', Georgina, Brock, Whitby, Sydenham, Lloydtown, and Chinguacousy, in the Home District, and from Barry and Shanty Bay, Tecumseth and West Gwillimbury, Orillia, and Penetanguishine, in the Simcoe District, from some of which considerable subscriptions have been forwarded to the Parent Society, and, on the whole, it would appear, that a more general spirit of exertion on behalf of the Church has manifested itself in these Districts, and that more has been done than heretofore for the good cause.

The amount contributed by each Association will be seen by reference to the abstract of 'Treasurer's accounts in the Appendix.

Upon reviewing the labours of the past year, it will be found that a great deal has been done in furtherance of the Society's objects ; that a proper spirit of religious enquiry, from which the happiest results may be expected, has been aroused in many places ; and that an almost universal wish for the immediate employment of Travelling Missionaries, and an increased readiness to contribute towards their support, has very generally evinced itself. Indeed the members of the Church appear to be awakened in some measure to the necessity of not only assisting the annual wants of the Society, but also of providing for the permanent endowment of the Church, in every Township within the Diocese. All past exertion the Society gladly hails as an earnest of better things to come, and of affording a prospect of being enabled to realise, more systematically and vigorously, the various objects for which the Act of Incorporation was granted.

Above all, we may be thankful, that the principles of the Church, in proportion as they become known and appreciated, are silently taking root throughout this wide and fertile country, and dispersing the clouds of ignorance before the light of primitive truth. But much remains still to be done, and at the present moment we are, in a peculiar manner, called upon to use the most liberal and well combined exertions. It

cannot reasonably be expected, that the venerable Society for the Propagation of the Gospel in Foreign Parts, which, for nearly one hundred and fifty years, has so faithfully nurtured the Colonial Church, can always bear so large a part of the burden alone. At the present moment, the Colonial dependencies of the Empire exceed forty in number, and though the income of the venerable Society has increased in an unprecedented manner during the last eight years, yet it is manifestly unequal to the demands made upon it, and every Colonial branch of the Church must expect to be thrown more, year by year, upon its own resources.

It must be remembered likewise, that the income of the venerable Society is derived, to a great extent, from persons who are not richer than the majority of the settlers in the respective Colonies. And in referring to the numerous instances of the generosity of fellow-christians in the Mother Country towards their less provided brethren in the Colonies, it should be mentioned that during the past year the Lord Bishop of the Diocese has received the munificent sum of 5000*l.* sterling from some charitable person, whose name is unknown, for the purpose of erecting a Church in which all the sittings are to be free.

The donation came through the hands of the Lord Bishop of Ripon, who, in communicating the pleasing intelligence, added, that the donor directed that the Bishop of the Diocese should select the situation in which a Church, with entirely free accommodation, would be most useful. The Church is accordingly being built in the city of Toronto, as being the place in which the poor are most numerous; and, from the elegance of the proposed structure, will undoubtedly prove a great ornament to that part of the city in which it is being built. The patronage is vested in the Lord Bishop of the Diocese and his Successors; and it was also intimated, that the sacramental plate, and surplices, would be provided by the same munificent individual.

The knowledge of these facts will surely stimulate us to new exertions. A combination indeed of the humblest efforts will produce much. If, for example, but one shilling were upon the average paid by each member of the Church in the Diocese, the present income of the Society would be more than doubled; and thus a small act of self-denial on the part of our people, acting as a body, would put the Society in a position to establish numerous Parochial Schools, and to carry

the ministrations of the Church into almost every Township, which at the present moment requires them.

The members of this Society will naturally take an especial interest in the fact, that during the past year, the Archdeaconry of New Brunswick has been erected into a separate Bishopric, and a permanent provision made for the See, by the joint exertions of the Mother Country and the Colonists. The Rev. Dr. Medley has been consecrated to this newly formed Diocese of Fredericton. This, with the See of Colombo, constitutes the twelfth Bishopric established within the short period of eleven years.* Thus, since the year 1835, the Dioceses of the British Church have increased from 54 to 66,† presided over by as many Bishops, and embracing a body of priests and deacons, spread over the Empire, amounting to upwards of 18,000.

The Society has to deplore the loss of a very zealous member and officer of this Society, the Rev. J. G. Beek Lindsay, whom Almighty God was pleased to remove after a short illness. This faithful servant of Christ was taken away in the midst of a career of much usefulness, and his loss is severely felt by the Church, and by those especially amongst whom he laboured with much zeal and singleness of heart. Two Vice-Presidents of the Society, Colonel Mahlon Burwell and D'Arcy Boulton, Esq., have likewise been called away from this transitory world.

The Society would in conclusion acknowledge the generous assistance which the two venerable Societies at home still con-

* Sees erected and Dioceses constituted in about ten years:—

The sum of £23,000 has just been given towards founding two new Bishoprics, one at the Cape of Good Hope, and the other in Australia; and the sum of £18,000 has been subscribed for the endowment of a Bishopric, to be termed the See of Victoria, in China, and the support of a Diocesan College. Thus the British Episcopate will be increased by three immediately; after which, the respective claims of Sierra Leone, the Mauritius, Northern and Southern India, Port Philip, and Prince Rupert's Land, will be considered, and provision made for establishing the Episcopate in each, as means may be found.

† The Dioceses of the Church are 66 in number: 27 in England and Wales, 16 in Ireland, 6 in Scotland, (about to be increased to 7); in the Colonies and dependencies 17: besides which, there are Anglican Bishops both in Paris and Jerusalem, but without any territorial jurisdiction, as being out of the limits of the British Empire.

tinue to afford to this Diocese, and we cannot but rejoice in the continued prosperity of the Sister Diocesan Societies of Nova Scotia, Quebec, and New Brunswick.

From the account of the Society's labours which has just been laid before its assembled members, it will have been seen, that considerable progress has been made in furthering the solemn and important objects for which we are associated together. Let us trust, that we all, faithfully bearing in mind at whose gracious hands alone the increase is given, may have grace to persevere in the work, and not slack our hands, until the happy day come, if not to us, at least to some future generation, when every township of this widely extended Province shall be in some due measure supplied with the salutary ministrations of Christ's Holy Catholic and Apostolic Church.

REPORT

OF THE SELECT COMMITTEE ON THE PETITION OF THE CHURCH SOCIETIES OF THE DIOCESES OF TORONTO AND QUEBEC, AND MANY THOUSAND OTHER PERSONS, PRAYING TO HAVE THE CONTROL AND MANAGEMENT OF THE CHURCH OF ENGLAND'S SHARE OF THE CLERGY RESERVES.

THE Select Committee to which was referred the Petitions of the Church Societies of the Dioceses of Toronto and Quebec, and the Petitions of others on the same subject—

BEG LEAVE TO REPORT:

That they have taken the subject matter of the said petitions into consideration, and beg most respectfully to report the adoption of the accompanying Address to Her Most Gracious Majesty the Queen, with a view of carrying out the objects and wishes of the petitioners.

All of which is nevertheless respectfully submitted.

HENRY SHERWOOD,
CHAIRMAN.

15th April, 1846.

To the Queen's Most Excellent Majesty.

MOST GRACIOUS SOVEREIGN:

We, your Majesty's dutiful and loyal subjects, the Legislative Assembly of Canada, in Provincial Parliament assembled, beg leave to represent to your Majesty,

That by the Act intituled, "An Act to provide for the sale of the Clergy Reserves in the Province of Canada, and for the distribution of the proceeds thereof;" the Government of the Province of Canada is empowered to sell all or any part of the Clergy Reserves, under regulations to be approved by your Majesty in Council, and that the proceeds in money, to be derived from the sale and leasing of the Clergy Reserves, after the deducting of certain allowances, which are specified in the said Act, are directed to be divided into two equal parts; one of which is to be distributed in certain portions between the Churches of England and Scotland, and the other to be applied by the Governor of this Province, with the advice of the Executive Council, for the purposes of public worship and religious instruction in Canada.

That, from these provisions, it appears that it was not the intention of the Imperial Parliament, at the time of the passing of the said Act, to apportion the said lands among the denominations of Christians whose claims were therein recognised, but rather to place the Clergy Reserves at the disposal of the Government, to be sold, and the proceeds to be divided in the proportions mentioned in the said Act.

E

That the attention of the Provincial Legislature has been drawn to this subject by the Petition of the Church Society of the Diocese of Toronto and the Diocese of Quebec, and other petitions, signed by many thousand persons, members of the United Church of England and Ireland, resident in the said Diocese of Toronto and Diocese of Quebec, praying to have the control over, and the disposition and management of, their respective shares of the Clergy Reserves, as is equivalent to the proportion of the funds assigned by the provision of the Act of the Imperial Parliament, as aforesaid, passed in the fourth year of your Majesty's reign, and they concur in the prayer of the petition, for the following considerations:—

First—That at the time these lands were set apart for the support of religion and the maintenance of public worship, it was thereby intended to create an adequate fund to form a permanent endowment for those important objects; but they now perceive that, under the system adopted, the share appropriated to the Church of England, the Church of the petitioners, is likely to be in a great measure consumed by charges which appear unnecessary, and to so great an extent, as, if persevered in, will reduce it to little more than a nominal provision for the support of their Church.

That the policy of the Imperial Government has ever been, with this exception, to place under the management and direction of the Church they meant to support, such endowment as they deemed it expedient to grant. Thus, in the State of New-York, the members of the Church of England are at this day enabled to build their Churches and station their Missionaries in every section of that extensive country, by the aid of funds provided by the pious care of a British Monarch, when that country was a British Colony. That the numerous Dutch population of the same State, are supplied with pastors from ample funds provided also at an early day by the care of the Government; and that, in both these cases, the foundation of the endowment was a grant of land, small in extent and value at the time it was made, compared with the Clergy Reserves set apart in this Colony by his late Majesty King George the Third; but which grants being scrupulously preserved, carefully and economically managed by their respective Churches, which were deeply interested in their proceeds, and at the same time respected by succeeding governments, now yield munificent resources for the support of religion.

Second—We beg permission further to represent, that our Roman Catholic fellow-subjects of Lower Canada have been treated by the Imperial Government with the same generosity and confidence. They enjoy at this day the most ample endowment for their Churches and Colleges, arising from early grants of land, which, if alienated at the value they once bore, would have afforded but a nominal provision, wholly inadequate to the wants of the passing hour; when we contrast these several examples of the generosity of the Imperial Government, and the valuable result from such proceeding, we feel strongly the impolicy of the provision in the Act to which we have referred, and the justice of the claim set

forth by the Petitioners.—Moreover, while this policy continues, murmurings and heartburnings must be continually engendered against the Provincial Government, by a very large portion of your Majesty's most loyal subjects, for the mismanagement of the property, whether well-grounded or otherwise; so that it would be no small advantage to be relieved from a burthen which must be always attended with much vexation and grave discontent.

Wherefore, we most humbly beseech your Majesty to recommend to the Imperial Parliament to amend the aforesaid Act, passed in the fourth year of your Majesty's reign; so as to place at the disposal of the Church of England their share of the said Reserves in Upper and Lower Canada respectively, to be controlled and managed by Lay Committees of the respective Incorporated Church Societies of the Dioceses of Toronto and Quebec; and to be sold under such regulations and conditions, and within such a period of time, as your Majesty, by Order in Council, shall from time to time direct; and that your Majesty will be pleased to extend to other denominations, entitled to a share of the Clergy Reserve fund, the same advantages, if they so desire.

We beg to renew, on this occasion, the assurance of our entire devotion to your Majesty's Person and Government.
