

ALL FREEMEN GET INCREASES CITY COUNCIL WAS GENEROUS

Some Other Civic Employees, However, Did Not Fare So Well—Dr. Hastings' Salary Is Six Thousand Dollars, and Magistrate Kingsford's Proposed Increase Was Not Granted.

Hats off to the freemen! They had almost a unanimous vote in the city council for an increase in pay, from chief down. The increase went thru in a most determined way, Mayor Hocken pleading vainly against it. It will cost the city \$35,000.

An all-day and evening flow of more or less rational talk over the increases of salaries recommended by the board of control resulted in changes in the amounts which did not total more than a few hundred dollars.

Much of the talk was in effort to advance the pay of employees who receive between \$2 and \$3 per day. Many in this class had been looked after by the board, and Mayor Hocken promised that the board would do its best to advance the pay of the rest as quickly as possible.

Some Changes. The changes made in the list published in yesterday's World are as follows, the rest being adopted:

Assistant Architect Price's salary was increased from \$2300 to \$2600. A. E. Lyon, assistant assessment commissioner, was raised from \$2100 to \$2300. F. A. Workman, house-keeper, was advanced from \$800 to \$1000 and is to have house rent free.

The recommendation that Dr. W. T. Farry, jail surgeon, have his salary increased from \$1500 to \$1500 was not adopted.

The recommended increase to Dr. Hastings, M.O.H., from \$5000 to \$6500 was reduced to \$6000.

R. E. Kingsford, assistant police magistrate, was recommended an increase from \$3000 to \$3500, but it was not granted.

IT'S DISCOURTEOUS SAYS TOWNSHIP City Lays Tracks on Woodbine and Blocks Roads Without Permission.

The York Township Council made a town of inspection through the east end of the township yesterday, particularly Todmorden and Cedarville districts.

They approved of the location of a number of culvert paths and examined the drainage on some streets which had been complained of.

They were very much incensed to find temporary rails laid down on Woodbine avenue and the road blocked with material for the new car line.

"We think that the city might have had the courtesy to ask permission to lay down rails on any of the township roads like that," said Reeve Syme last night.

A number of culverts have been blocked up although they are a miserable crossing at Salmon avenue the whole street is blocked up with ties and other material.

Questioned regarding the oiling of the township roads, the revee said that the weather had been a little cold for the oil to flow freely, and two small sections which had been treated on Yonge street and the Kingston road had not been very satisfactory.

The commissioner has therefore decided to wait until the warm weather ensures good work, when all the main roads will receive attention.

NO NARROW SUBWAY SAYS B. RIPLEY Roadway Under C. P. R. Viaduct Will Be Eighty-Six Feet.

"The rumor in circulation that the piling for the construction of the viaduct at the C. P. R. crossing on Yonge street would only afford a 60 foot wide subway is unfounded," said B. Ripley, the company's resident engineer, when interviewed by The World yesterday.

He stated that the piles which are to be driven in to hold the ready excavated would only be temporary, and were not the permanent support of the viaduct. "These holes," he said, "did not in any way indicate the width of the viaduct when completed."

The C. P. R. have no intention of deviating from the arrangements made during the negotiations with the city authorities, and it is their intention to construct the viaduct so that it will afford an 88-foot roadway underneath when completed.

The work of excavation in connection with the construction of the viaduct over Davenport road has commenced.

SPOKE HALF-AN-HOUR NO PERSON LISTENED

T. L. Church Insisted on Addressing Council When Estimates Were Brought In.

NO INCREASE FOR GEARY Mayor Fired Some Hot Shots at Big Increase in Education Board Expenses.

That estimates report No. 13 was brought down on May 13, in the year '12, did not provide all the reason for the big fight over the report, but the significance of the succession of the number 13 did not escape comment.

The fight started with Ald. McBride putting thru a motion that the heads of departments report at once the increases of salaries they had recommended, and the increases made by the board of control, so that the members of the council could better discuss each item.

He added that the reports on increases in salaries were not desired. Mayor Hocken at once sent messengers to the several departments, with orders to set aside all other work and rush the reports to the council. Some of the departments had anticipated the order and had the reports in the hands of the aldermen when the council met.

Controller Church presented the estimates. Typewritten copies of his speech were on every desk and table, and he persisted in talking for half an hour. No one listened. Every member was chatting freely with nearest colleagues. It was a case where the aldermen could not be expected to listen.

"The board of control was the most harmonious in dealing with the estimates that I have ever known," said the controller. "It caused a chorus of jeers and laughter."

Controller McCarthy noted that the manner in which the accounts in the departments are kept makes almost impossible to check up on the revenue-producing public utilities are self-sustaining. He explained that the instruction to check up on the utilities, and cost accountability.

Dealing with the increase of a mill in the tax rate this year, he contended that it is not a typical expenditure in the departments are the cause of the increase in the tax rate.

How They Increase. Instantaneous demands, he gave \$168,000 for treatment, he gave 100 for skating rinks, etc., \$18,000 for lavatories, \$18,000 for baths, \$11,000 for fire protection, a total of \$300,000 for services unprovided for by the city. He insisted that the present policy of raising revenues is obsolete, and that there will be difficulty in meeting new demands until the policy is changed.

"I'm positively concerned with the enormous increase of expenditure," said Controller Church. "In 1907 fire protection cost \$308,000, and this year it has doubled to \$621,000, showing how much more costly and extravagant our city has become, and this year we have appropriated \$850,000 for scavenging and street cleaning."

Mayor Hocken stated that the overdraft of \$597,000 from last year is largely responsible for the increased tax rate this year. He warned that the demands of the board of education are so affecting the tax rate this year, has come when the ratepayers should have a clearer understanding of how money is being spent on the schools.

"The board of education should explain why the cost of maintenance of schools has increased this year at the rate of \$7.50 per pupil," the mayor said. "Furthermore, the percentage increase in maintenance expense is three times greater than the percentage of increase in population. It is time that the board of education made its own levy."

When the estimates were attacked, the list of salaries was first taken up. Ald. Dunn led off by saying that the salary of Corporation Counsel Geary be increased from \$8000 to \$10,000. Mayor Hocken explained that Mr. Geary has not been in office more than a few months, and is not, therefore, entitled to an increase. Ald. Dunn put up his strongest argument, but Ald. Weston said that argument was appointed on trial, and his period of trial has not ended. Ald. Burgess said he would support Mr. Geary's salary to be \$10,000 this year, and would support the increase.

Ald. McBride said there was but one vote between an \$8000 and \$10,000 salary when Mr. Geary was appointed. Ald. Weston said he did not so understand it. Ald. May was against an increase. This caused Ald. Hubbard and Ald. Weston to withdraw their motion, notwithstanding which Ald. Spence declared emphatically that the understanding in the council had been that Mr. Geary was to get \$10,000 this year, and he should be given it. The matter was then dropped.

Two Year Term for Mayor Controllers and Aldermen At a meeting of the executive of the Municipal Improvement Association, the following resolution was carried: "That the executive of the Municipal Improvement Association place itself on record as being in favor of extending the term of the mayor and controllers from one to two years, two controllers to retire annually. That the aldermen should also be elected for two years, and this change be immediately placed before the present council, asking them to keep it in mind when rearranging the wards, so that one-half may retire annually. That steps should be taken to have the matter placed before the authorities and the public with a view to having it submitted to the electors on Jan. 1, 1914."

Industry Knifed in Secret Caucus Penrose Rises to Dramatic Heights But Fellow Senators Just Laugh.

WASHINGTON, May 13.—(Can. Press.)—Senator Simmons, chairman of the finance committee, and Senator Penrose, leading the Republican fight to refer the Underwood bill, with instructions for public hearings, delivered a dramatic address in the caucus of the Senate today in which he attacked the Underwood bill, which will be resumed tomorrow.

Senator Penrose likened the secret caucus of the tariff bill to the "murder of American industry." "Senator Simmons declared that if the Democratic purpose to eliminate the tariff, he would support the bill. It was the first time the Democratic party had copied the methods of the Republicans, and he argued at length why public hearings were not necessary, averring that they were not even demanded."

"Senator Simmons declared that if the Democratic purpose to eliminate the tariff, he would support the bill. It was the first time the Democratic party had copied the methods of the Republicans, and he argued at length why public hearings were not necessary, averring that they were not even demanded."

Senator Penrose offered an amendment to the sugar schedule, providing for graduated reductions for two three-year periods, at the end of which time the tariff would be reduced to 12 1/2% per 100 pounds and be taxed at \$0.72.

THE GOOPS THE NURSERY

WOMEN'S SECTION

SOCIETY HOUSEKEEPING

SOCIETY

Sir Percy Giraud gave a dinner in Ottawa the end of the week.

Miss Grace Bell, Montreal and Mrs. John Dick, Cobourg, are staying with Mrs. Clifford Sifton, Ottawa, for the horse show.

The marriage will take place very quietly, on Thursday, May 22, at 3 o'clock, in the Church of St. Thomas of Mary MacAuley Gamble, daughter of Mr. and Mrs. John Gamble Boyd, Eight avenue, to Mr. Howard Jones, son of Mr. George Jones, and the late Mrs. Jones.

The marriage takes place today, at St. George's Church, of Miss Dorothy Beardmore to Mr. Gordon Mackenzie. Only the immediate family will be present.

The Hon. F. H. Philpen has been visiting her daughter, Mrs. Clifford Gimour, in Winnipeg.

Mr. and Mrs. W. J. Christie and Mrs. Fred Morse have returned to Winnipeg from a visit to Japan.

Mrs. Anderson has arrived from Niagara-on-the-Lake, to stay with her daughter, Mrs. Arthur Russell.

Dr. James Loudon and Mrs. Loudon are going to Ottawa on the 27th inst., to attend the meeting of the Royal Society, and will be the guests of Mrs. J. Lorne McDougall.

Sir Edmund and Lady Walker have gone to England via New York.

Mr. and Mrs. William Beardmore, Aclon, are staying with Lady Mackenzie for the Beardmore-Mackenzie marriage today.

Mrs. Campbell Reeves gave a small luncheon yesterday in honor of Mrs. Hector Mackenzie, Montreal. Mr. Gordon Mackenzie is staying with Mr. and Mrs. Campbell Reeves.

Miss Beresford Tully, Vancouver, is spending a few weeks with friends in the Okanagan Valley.

Mrs. W. Hamilton Merritt receives today at the King Edward.

Rev. R. J. Moore, who has been out of town, is expected home on Wednesday.

Miss John Dugan, Montreal, is visiting Mrs. Armstrong, The Priory, Easter street. Mrs. Rutian, Port Arthur, who has been with her mother, is in Buffalo, and will return the end of the week.

Miss Houston of Niagara Falls is in town.

Colonel and Mrs. Foster and their two sons will be at the Willows, Niagara, for camp.

Miss Edith Mairs, secretary of the girl guides, has returned from Montreal.

The United Empire Loyalist Association will hold their annual luncheon at McConkey's on Monday, 19th inst.

The Misses Tritton, representing the world's council of the I.W.C.A., who were the guests of Mrs. W. R. Brock, Queen's Park, have left town.

At 2:30 o'clock yesterday, the twenty-fourth anniversary of her parents' wedding day, the marriage was solemnized in Old St. Andrew's Church of Grace, eldest daughter of Mr. and Mrs. John G. Kent, to Mr. Howard West, son of Mr. and Mrs. Thomas West. The church was decorated with the usual floral decorations, and the ceremony was performed by Rev. Dr. Milligan. Mr. P. J. Jeffers presided at the organ, and during the signing of the register the bride's cousin, Miss Grace Hamilton, sang "O Promise Me." The bride, who was given away by her father, looked lovely in her wedding robe of white satin, almost entirely draped with shawl lace, encrusted in pearls, and caught up with orange blossom. Her tulle veil was trimmed in cap effect with wreath of orange blossom, and she carried a shower of roses and lily of the valley. Miss Margaret Kent attended her sister as bridesmaid, and looked very pretty in pale blue satin draped with white flowers, charmeuse, and white leghorn hat with crown of rose and trimmed with roses and carrying an old-fashioned nosegay of pink roses and forget-me-nots. Mr. Harry Smith was best man, and the ushers were Mr. Gordon Dyke, Mr. Gordon West, Mr. Byrie Smith and the bride's brother, Mr. Henry Kent. After the ceremony the bridal party and guests drove to the home of the bride's parents, 122 Gladstone street, where Mrs. Kent held a reception and was wearing white satin veiled with black and white and a white hat. Later on the bride and groom left for a trip abroad, the former traveling in a suit of Alice blue silk poplin and black hat trimmed with Nell rose. On their re-

turn, they will reside at 29 Castle Frank road, Rosedale.

Miss Stenberg has announced the closing of her classes in classical and national dancing and physical exercises to be given at Columbus Hall on Thursday, May 22, for the benefit of the Preventorium. The following ladies have graciously consented to act as professors: Lady Gibson, Government House; Lady Fellars, Lady Wilson, Lady Melvin Jones Mrs. Albert E. Gooderham, Mrs. Edward V. Reynolds, Mrs. E. F. Johnston, Mrs. J. D. Hay, Mrs. John Bruce and Mrs. Edmund Bristol. A pretty program, including Spanish, Russian, ballet and interpretive dancing, is in preparation, and those always popular groups, danced by "the babies" (some not over four years of age) will be a feature of this season's closing. The swan dance and rose ballet are also among the numbers promised, which should prove of artistic interest.

Mr. Ernest Heaton and Miss Helen Heaton left town yesterday en route to England, sailing today by the Laurentine from Montreal.

Mr. and Mrs. H. D. P. Armstrong, Mr. W. E. Brough, Miss Brough, Mr. and Mrs. Fred H. Manly, Mr. H. Boverly Robinson, have sailed on the Laurentine from Montreal for Liverpool.

Miss Miller Lash and Miss Dorothy Lash left yesterday for New York.

Mr. and Mrs. Scott Walde sailed Tuesday for England.

Mrs. Edward Houston is in town from Ottawa at Glen Edythe.

Dr. Thomas W. Mrs. Sparrow and their daughter, Marcella, who have been wintering in Bermuda, have returned to their home on Spencer ave.

Mr. Charles Packet, 75 Nile street Stratford, announces the engagement of his daughter, Agnes Lena, to Mr. Ernest H. Trothewey, son of Mr. and

The Daily Hint From Paris

BECOMING LINES.

The width of this dress gives ample room for walking, but the fullness is so arranged as to give the desirable narrow look about the lower part. Two materials, alike in color, are used, the plain being mauve charmeuse and the other voile with silk checks. The buttons used so plentifully are made of the charmeuse and are used with loops to make the closing in the waist. The brilliant cerise crepe forms the girdle and tie, the latter finished with ornaments made of wool in dark cerise. These were really effective.

What Children Should Eat

Bread should never be given to children when it is fresh or soft. It should be at least twenty-four hours old and crumble easily. Bread crackers and zwieback are all valuable, and one of them should accompany each meal. The nibbling of crackers between meals, however, is to be strongly condemned. Vary the kinds of bread used: White bread, brown, whole wheat, rye and soda biscuits, oatmeal, and arrowroot may be given occasionally, with dessert at supper. Never give a child a large biscuit or pastry in any form. Cereals, always well cooked, may be eaten twice a day in cool weather, but preferably once during summer. Remember undercooked cereals are a source of much stomach disturbance. Teach the children to eat a large bowl of sugar, but with plenty of milk or thin cream, during summer. Remember undercooked cereals are a source of much stomach disturbance. Teach the children to eat a large bowl of sugar, but with plenty of milk or thin cream, during summer. Remember undercooked cereals are a source of much stomach disturbance. Teach the children to eat a large bowl of sugar, but with plenty of milk or thin cream, during summer.

Meat is at first given sparingly, as I have described in other articles. A teaspoonful of rare, scraped beef, mashed on the child's plate with a baked potato, is given about the eighteenth month. It is best to mix the meat and potato thoroughly during the second and third years, too. The meats a child may have are: Beef, roast, scraped, chopped, broiled; lamb, roast or broiled; chop, chicken, roast, broiled or boiled; bacon, cooked dry and eaten in the fingers after 2 1/2 years; chicken, well cooked.

Broths are valuable as stimulating foods only. They are made nutritious by adding milk or thickening with rice, barley, arrowroot, chickpea or bread crumbs.

"GEN." DRUMMOND SERIOUSLY ILL

LONDON, May 13.—(Can. Press).—"Gen." Mrs. Clara Drummond, the militant suffragette leader, was unable to appear at the resumed hearing at Bow street police court today on the charge of conspiracy under the Malignant Damage to Property Act, which has been brought against her. A doctor testified in court that owing to her illness she had been moved to a nursing home. It would, he said, take two weeks for her to get into a fit condition to undergo an operation that was necessary and another two months before she would be able to take her trial. She was now, he said, in a state of collapse.

BLACK, MIXED & GREEN.

Mrs. W. H. Trothewey, the marriage to take place quietly early in June.

Mr. and Mrs. George W. Hurst and daughter, Gladys, of Clonmore ave., West Toronto, have left for a two months' trip out west.

Mrs. H. R. Mackenzie, 286 Rosedale avenue, has returned from a visit to Mrs. H. Pearson, Edgewater, Chicago.

Mr. and Mrs. Fred Marshall, Orangeville, Ont., announce the engagement of their youngest daughter, Christina, Winifred, to Mr. John Breingan Smith, of the Canadian Bank of Commerce, Toronto, the marriage to take place on June 18.

NURSERY

CONDUCTED BY Elinor Murray

What Children Should Eat

Bread should never be given to children when it is fresh or soft. It should be at least twenty-four hours old and crumble easily. Bread crackers and zwieback are all valuable, and one of them should accompany each meal. The nibbling of crackers between meals, however, is to be strongly condemned. Vary the kinds of bread used: White bread, brown, whole wheat, rye and soda biscuits, oatmeal, and arrowroot may be given occasionally, with dessert at supper. Never give a child a large biscuit or pastry in any form. Cereals, always well cooked, may be eaten twice a day in cool weather, but preferably once during summer. Remember undercooked cereals are a source of much stomach disturbance. Teach the children to eat a large bowl of sugar, but with plenty of milk or thin cream, during summer. Remember undercooked cereals are a source of much stomach disturbance. Teach the children to eat a large bowl of sugar, but with plenty of milk or thin cream, during summer.

Meat is at first given sparingly, as I have described in other articles. A teaspoonful of rare, scraped beef, mashed on the child's plate with a baked potato, is given about the eighteenth month. It is best to mix the meat and potato thoroughly during the second and third years, too. The meats a child may have are: Beef, roast, scraped, chopped, broiled; lamb, roast or broiled; chop, chicken, roast, broiled or boiled; bacon, cooked dry and eaten in the fingers after 2 1/2 years; chicken, well cooked.

Broths are valuable as stimulating foods only. They are made nutritious by adding milk or thickening with rice, barley, arrowroot, chickpea or bread crumbs.

"GEN." DRUMMOND SERIOUSLY ILL

LONDON, May 13.—(Can. Press).—"Gen." Mrs. Clara Drummond, the militant suffragette leader, was unable to appear at the resumed hearing at Bow street police court today on the charge of conspiracy under the Malignant Damage to Property Act, which has been brought against her. A doctor testified in court that owing to her illness she had been moved to a nursing home. It would, he said, take two weeks for her to get into a fit condition to undergo an operation that was necessary and another two months before she would be able to take her trial. She was now, he said, in a state of collapse.

PARIS GASPS AT NEW STYLES OF CUBIST HATS AND GOWNS

High-Slit Skirts, Boleros After Nicholas and Gold Braided Garments Cause Many a Sensation at Longchamps, Where Latest Styles Prevail.

Special Cable to The World. PARIS, May 13.—For once Paris has been relegated to second place in the matter of fashion freaks. With their Cubist hats, wasp gowns and skirts split to a height rarely dared by the Paris exponents of extreme modes, their sisters from across the Channel invaded the Longchamps paddock in unprecedented number on the occasion of the Whitstuntle meeting, and made the racegoers gasp with astonishment.

The Cubist hats follow the well-known small models. They are made of waterproof silk of various shades and shaped in a perfect cube. There is no trimming except a wide ribbon with scores of polychromatic cubes around their forehead, with their ends around the sharp-angled sides. A Cubist pin fastens the curious headgear to the hair, which is neatly done in Botticelli style.

The wasp gowns worn by two tall Englishwomen consisted of tight-fitting dresses of soft dull silk, the waist being cinched with wide stripes of yellow and black alternately.

Several women wore platinum circles studded with precious stones around their forehead, with their hats slightly tilted backward and fastened under the chin with narrow velvet ribbon of a color to match the dress.

At the beginning of the season, had been superseded by those of Venice in the eighteenth century, appear instead to be gaining renewed popularity.

Leon Billest, designer of costumes for the Russian ballets, has just designed for Eugenie a series of gowns embodying all the current tendencies in weird forms and colorings. It is reported that a collection of the models will be shown for a few days in New York.

Scarlatti's fall has had its echo in the Rue de la Paix. Several King Nicholas boleros of blue cloth, heavily trimmed with gold braid, were worn over accordion-pleated walking skirts. They were favorably commented on.

MANUEL TO WED LATE IN AUGUST

Presents Already Are Being Sent to Princess Augustine Victoria.

Special Cable to The World. BERLIN, May 13.—It is said the marriage of King Manuel of Portugal and Princess Augustine Victoria of Hohenzollern will occur toward the end of August. Preparations are being carried thru as hastily as possible, and Queen Amelia, who is greatly delighted over the engagement, has already ordered a gown for the ceremony. Her majesty has never worn colors since the tragic death of her husband and elder son, but her robe for the forthcoming event is of grey charmeuse, trimmed with some of her priceless lace.

Wedding presents are beginning to pour in. The Duke of Orleans has sent to his nephew a superbly jewelled clock, one of the Louis XV. treasures. Manuel's own special circle of intimate friends, who at first thought they would lose his congenial presence, are now congratulating themselves on the news that he and his bride will make England their headquarters, spending the greater part of the year there and paying visits during the remainder to their relations on the continent.

PUBLIC BATH IN KINGSTON.

KINGSTON, May 13.—(Special).—For a decade it has been a case of waiting everywhere but no place to bathe with Kingstonians. Council has at last voted \$300 to erect a public bathing place.

for, while eccentric, they look well at open-air functions.

Among the gowns for young women the tendency has been toward very short sleeves, but much wider than have been worn in recent years.

One of the most admired gowns was of silk crepe, samonille colored, and draped according to the prevailing fashion in soft pleats falling gracefully from the waist. A rich tulle of Alencon tulle mingled with the silk front, terminating in elegant folds of the same material.

The bodice was exceedingly simple, composed partly of silk crepe, partly of a finely worked net, forming a deep V-neck. The bodice was of a material of interest. It seems to have been imitation diamonds and pearls intermingled with dull gold sequins.

The waist was draped with folds of black tulle, a large bow of tulle being placed in the centre of the back. From it hung a sash of the same material, reaching almost to the end of the train.

Parasols were fancier than ever. Some were mounted on Director's rods, the height of which gave an opportunity for the wearers to strike picturesque attitudes.

It was curious to note that hat trimmings remained the same as during the past winter, fashion dictating that it should be all in front. Except in a few instances the simpler hats were merely adorned with a silk bow, when the latter was placed at the back.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL

DOMESTIC SCIENCE LECTURER

CHOCOLATE

BARON VON LIEBIG, one of the greatest dieticians, always claimed chocolate was one of few perfect foods. A host of other famed authorities agree with him.

It is a perfect food, as wholesome as delicious, restoring, prolongs life, agrees with all temperaments and may be considered the most complete beverage known.

Chocolate to be nourishing must be of good quality and well made. Good chocolate is smooth and firm in the cake and not gritty when broken; it should leave no sediment when dissolved.

The unsweetened article is less expensive than the sweet cakes and not so much subject to adulteration. Cocoa is a wholesome drink, too, but not rich and strengthening like chocolate.

When using unsweetened chocolate scrape or grate one square of the cake, which is about an ounce, add an equal quantity of sugar and a little boiling water to dissolve it.

Have a pint of milk scalding and pour the chocolate, sugar and water in it; cook at least five minutes.

A double boiler is recommended for chocolate making, as it scorches so easily. A larger quantity is made in this same proportion of an ounce of chocolate to a pint of liquid.

A teaspoon of whipped cream will give sufficient richness to chocolate that is made with water, instead of milk, as it is served at soda fountains.

Egg chocolate is a very rich beverage for a luncheon or afternoon tea, where only light refreshments are served. For this prepare the chocolate with either milk or water. Beat one egg yolk light for each cup to be served.

When the chocolate is boiling hot pour it on the beaten yolks, whipping briskly with a beater. If the eggs are poured into the chocolate they will curdle or poach.

Return the mixture to the fire for a moment and continue whipping constantly. Add a pinch of cinnamon and a teaspoon of vanilla to every quart of chocolate. Made in this manner the drink will be foaming and delicious.

Chocolate cream pie is a tempting dessert. Make the filling as with custard pie, but flavor richly with grated chocolate.

Cover with meringue and brown lightly. This is best served very cold, a la mode, that is with ice cream accompanying it.

Chocolate roll is better liked by chocolate lovers than the well-known jelly roll. Make a thin sponge cake and spread with chocolate icing and roll up.

Pin a towel about the roll to hold it in shape until cold. A very simple way to make chocolate icing is to grate the required amount of chocolate into a very small quantity of water. Heat this carefully until the chocolate is smoothly dissolved. Now add enough confectioner's sugar to make a smooth paste that will spread over articles to be frosted. This must be used at once, as it grows firm quickly.

The high esteem in which chocolate is held has caused it to be put on the market in many forms. One that commends itself to busy cooks is soluble chocolate. This is made especially for fountain use, but may be had at large stores. It is powdered and needs only hot water and sugar added. Another is chocolate tablets; these are sweetened and are for travelers' use.

THE GARDEN SERIAL STORY

WOMEN'S SECT

PATTERN SERVICE NEWS FOR WOMEN

NEW MARRIAGE LAW IN EFFECT TOMORROW

All Ceremonies After Today Must Conform to New Provincial Regulations.

The June bride of 1913 will stand distinct from all her sisterhood of former years by entering upon the wedding ceremony under the new regulations recently enacted by the Ontario Government.

Force on Thursday. If such parties are non-residents of the locality in which the nuptials are to take place, they shall give notice of the affair in a public fashion before-hand.

This stipulation, which was especially designed to discourage the free-and-easy methods of border towns in the matter of clandestine and secret marriages, demands the appearance of a notice in the press for three weeks previous to the occasion.

The other important addition to the present law penalizes the clergyman found guilty of uniting parties mentally irresponsible, or under the influence of intoxicating liquor.

In those cases where advertisement is necessary the issuer of the license must have an authoritative statement proclaiming that the regulations have been followed before he is justified in producing the license.

WOMANLINESS.

Perhaps it will be so easy to lose "womanliness" as some people seem afraid it would be. Perhaps all the pow-wow about becoming dexterous is superfluous.

Every article that the most fastidious bride could wish, to attain that masterpiece of the trousseau—a charming gown and bridal veil—are supplied by this establishment.

Prompness and courtesy attend all orders. Phone North 1481.

WOMAN'S DAY IN AUSTRIA. The women of the social democratic party held lately a "woman's day" in Austria.

Not for many seasons has there been the same demand as to choice of color as the present. Answering this demand in accordance with the most artistic canons, the stock of the Baker establishment shows blues, biscuit, greens, ivory, grays, in all the newest shades.

TRANSPLANTING

I am mentioning a few more points concerning transplanting, altho it was only the other day, that we were discussing the subject.

I have come to the conclusion that almost any plant can be transplanted successfully, altho, there is quite a list of plants popularly supposed to be so constituted that they are not able to bear the shock of a change of residence.

Hollyhocks are among this number. How often have I read warnings against attempting to transplant these roots.

After thinking the matter over carefully, it seems to me that the one great point is,—to be sure that the plants are deep enough in the new earth, and the roots pressed very firmly into the earth.

Another thing; don't cram the little roots in the new home, just any way, at all; twisted, or in a lump. That is not the way they grow.

Even if you do not customarily carry a shopping bag, you need not go about without a manicure set, for they now come in so compact a form that they will go into a jacket pocket without unduly crowding it.

A Darning Outfit. A darning bag of celluloid, made with an inconspicuous standard, that when not in use for repairing hosiery will stand on the sewing table, opens, disclosing a sewing outfit within.

White lawn with eyelet embroidery for trimming is here shown. The design is also suitable for chaille, dimity, crepe, silk, flannel, or flannellette.

Clancy and the doctor exchanged glances. Each had the same thought,—that someone else might also be warned of the danger of being "carried away from the main issue."

"They were not exactly at daggers drawn," said Clancy.

"No, it doesn't strike me as being a complete severance between husband and wife. Oh, there is one odd thing which the man at Absecon told me. No one there, outside the household at 'The Roversy' knows Mrs. Kyle by sight.

"You will see her face tomorrow," at any rate," said Clancy.

"I suppose the coroner will insist on her veil being raised."

"Oh, no doubt. He is rather a stickler about photographs. I don't imagine he will give the snapshots much liberty inside the court."

"I agree with him cordially," said Clancy.

"In case nothing is said about photographs at the opening of the enquiry, will you kindly jog his memory?"

"Well, as you are interesting yourself in this business,—"

"But I shall not be here."

"Not here! I thought you were keen on it."

"Not at the present stage, and not officially at all. You see, tomorrow's proceedings will be quite formal—identification, an order for burial, and an adjournment—not another word, eh? Perhaps you can arrange to dispense altogether with Dr. Gilman's

ROYAL BAKING POWDER Absolutely Pure

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it insures you against alum and all forms of adulteration that go with the low priced brands.

AN OPPORTUNITY TO VISIT CINCINNATI, OHIO, AT SMALL COST.

The Grand Trunk Railway System will issue round trip tickets at reduced rates to Cincinnati, Ohio (via Detroit) account convention Young Men's Christian Associations of North America to be held at Cincinnati May 15-18, 1913.

District and dates of sale.—(a) from stations Kingston, Renfrew and west in Canada, May 12, 14, 15; (b) from all stations east of Kingston and Renfrew, May 12, 13, 14.

Return limit.—All tickets valid to return to original starting point not later than May 21, 1913.

Stop-over will be allowed at certain points. This is an excellent opportunity for those desiring to take a holiday at small cost.

Fast trains run daily between Montreal, Toronto, Hamilton, Brantford, Woodstock, London, etc. to Detroit over the only double track route, carrying through coaches and electric-lighted Pullman sleeping cars.

Direct connections are made with trains leaving Detroit for Cincinnati.

Ask nearest Grand Trunk agent for full particulars, berth reservations, etc. Toronto city office, northwest corner King and Yonge streets. Phone Main 4209.

HOGS OR BABIES. The Indiana legislature, which recently adjourned, appropriated \$25,000 for the better care of hogs, but defeated an appropriation for \$5000 for the better care of babies.

NO OTHER WAY By Gordon Holmes

(Continued From Yesterday.)

"Oh, yes, I am sure of my facts. As it happens, I am an honors man in toxicology, and have made special researches into the nature and effect on the body of nicotine in its various forms.

There are few poisons so little understood; or rather, so widely misunderstood, as the quantity of nicotine in tobacco is very small, seldom more than two per cent. in good cigars, while it oxidizes and volatilizes when exposed to the air, so it is nearly, if not quite, harmless in that form.

But in crystals—it is worse than arsenic!" "It can also be detected in tobacco smoke," commented Clancy.

"Yes," and again the doctor wondered what manner of man this strangely wizened little fellow could be; for that was an addendum not likely to be made by anyone without close study of the subject under discussion.

It was a pity Steingall was not present. He would have enjoyed the perplexity of the Atlantic City man.

"What dose would be fatal?" enquired the detective.

"A sixteenth of a grain induces active symptoms of poisoning. A grain will kill anybody. I have come to the conclusion that this unfortunate person, Kyle, must have swallowed at least ten grains. But, of course, in a serious matter like this you will need to have my opinion confirmed, and I have brought a portion of the viscera for submission to the state analyst," whereupon the doctor produced a gruesome looking sealed bottle, and put it on the chief's desk.

By this time the local official had smothered any feeling of resentment he might have had against Clancy for what looked like a display of unnecessary reticence during their preliminary chat. Here was a criminal mystery of the first magnitude, and his professional soul gloated over the prospect.

"Great Scott!" he cried. "What a sensation this will cause tomorrow!" "Well, not exactly tomorrow," put in Clancy pleasantly.

"It would never do to blurt out all we know in that fashion. Dr. Gilman will simply stick to his original belief—that the indications pointed to a fatal attack of heart disease—and the inquest will be adjourned for a fortnight. We can take the coroner fully into our confidence, and he will then close the enquiry at once. I need hardly insist that the less fuss we make about it now the more chance we have of laying hands on the criminal—supposing, that is, a crime has been committed."

On second thought, the chief agreed that Clancy was right. "All the same," he said sagely, "we must not allow ourselves to be carried away from the main issue. Whatever the cause of death, the man was found in the boat, miles out at sea, and he was found sailing the cutter alone. In fact, he was a very unsocial personage, and had made no friends at Absecon; the fact that he lived in 'The Roversy' during the last five years without a break, it strikes me at once as being a case of determined suicide, carried out in a rather melodramatic manner."

He thought he had summed up the affair rather neatly, and gazed complacently at the bottle on the table as he had expected it to gurggle forth its approval. This, however, the bottle did not do. A great blob of red sealing-wax covered a capacious cork, and the green fluted glass revealed nothing of the poisonous contents.

A red label, bearing the word "Poison" in big, black letters, stared back at him, but whether in agreement or reproach, he could not say.

Clancy and the doctor exchanged glances. Each had the same thought,—that someone else might also be warned of the danger of being "carried away from the main issue."

Clancy changed the drift of the conversation. Generally he was tactful with the members of his own profession; unless, indeed, they were his actual colleagues of the Bureau, whom he would read and sear with sarcasm if they dared to differ from him when he was really in earnest.

"Is anything known in Absecon of the widow, Mrs. Kyle?" he asked.

"The two did not live together. I am told they have been more or less separated during some years; but I have ascertained by telephone from the police at Absecon that Mrs. Kyle visited the deceased on Saturday week—came over from New York for the week-end—and went off on Tuesday. It is not quite clear whether or not any strictly independent witness saw Kyle alive subsequently to the two servants in the house are sure that their master was about the place for some hours after Mrs. Kyle's departure.

However, the widow is in Atlantic City now. She came here from Absecon today, and she has promised to attend the inquest tomorrow."

"They were not exactly at daggers drawn," said Clancy.

"No, it doesn't strike me as being a complete severance between husband and wife. Oh, there is one odd thing which the man at Absecon told me. No one there, outside the household at 'The Roversy' knows Mrs. Kyle by sight.

"You will see her face tomorrow," at any rate," said Clancy.

"I suppose the coroner will insist on her veil being raised."

"Oh, no doubt. He is rather a stickler about photographs. I don't imagine he will give the snapshots much liberty inside the court."

It's just fun to use the HYDROVAC CLEANER

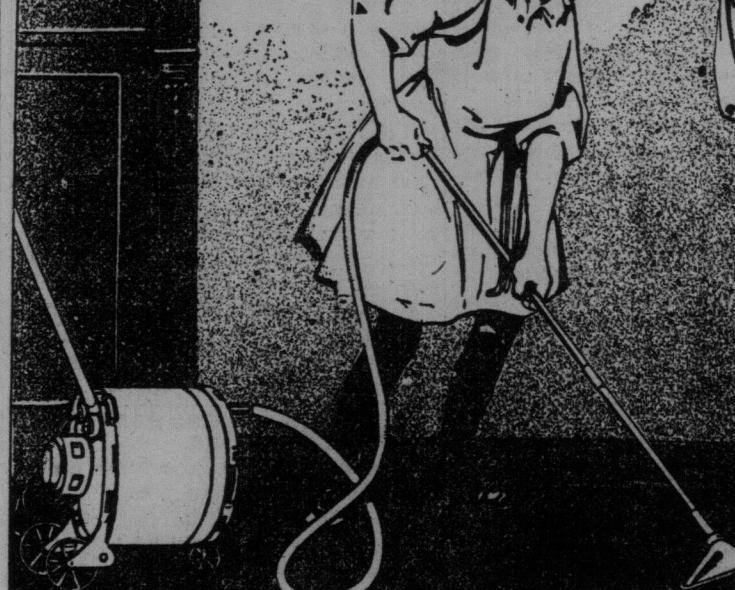

It cleans everything without raising a particle of dust. A complete set of tools—one for every different purpose—carpet cleaning, dusting, cleaning clothes and hats, etc.

Attach to any Hydro light socket. Nothing to wear out or grow leaky. Not a toy or makeshift, but easily handled. Three big rubber-cushioned wheels that roll quietly over rugs or floor. So light (made mostly of aluminum) that it's no trouble to carry up and down stairs.

The finest of fabrics cannot be injured as with less efficiently designed machines. Guaranteed for a full year.

Call at the Hydro Shop and have it demonstrated today. Will be pleased to show you other good models at varying prices.

THE HYDRO ELECTRIC SHOP 226 Yonge St. :: Adelaide 2120

evidence; the fact that it will do no harm if he just gives a colorless opinion founded exclusively on his earliest impression.

Not a hint of foul play, on any account. By the way, doctor," said Clancy swung round on the edge of his chair as if he were pulled by invisible wires, "what was your first impression? You saw the body in the boat, I take it?"

(To Be Continued.)

WHAT SHALL I WEAR? VISIT MADAME BAKER

Newest Designs For Race Visitors and June Brides to Choose From.

With the races in sight, the question that presents itself to the feminine mind is, What shall I wear?

The problem is solved most satisfactorily by a visit to the establishment of Mme. Baker, 15 East Charles at the corner of the waterfront.

Anticipating the wants of her clientele Mme. Baker has secured some of the most beautiful fabrics on the market today. Broadcloths, brocades, ratine crepes, all the up-to-date and most attractive costuming are on hand in large variety.

Not for many seasons has there been the same demand as to choice of color as the present. Answering this demand in accordance with the most artistic canons, the stock of the Baker establishment shows blues, biscuit, greens, ivory, grays, in all the newest shades.

Costumes of ratine crepes in delicate tints and with contrasting borders are especially charming.

HON. I. B. LUCAS.

Hon. I. B. Lucas should have no difficulty in meeting his constituents. He deserves well of them, and has done them honor in his ready and efficient service to the province when called upon in any emergency.

Mr. Lucas may have a strenuous official career before him. There are big problems ahead, problems of revenue, problems of investment, problems of taxation. In times when the fiscal systems of the world are being reconstituted it is not likely that Ontario can expect to float along without change.

Mr. Lucas may have a strenuous official career before him. There are big problems ahead, problems of revenue, problems of investment, problems of taxation. In times when the fiscal systems of the world are being reconstituted it is not likely that Ontario can expect to float along without change.

We have confidence that Mr. Lucas, who is young, who is progressive, who understands the strength of public opinion and who has clear eyes and sound judgment, will do all that a man in his position can do to preserve Ontario credit.

MR. BECK AT NEWMARKET.

Hon. Adam Beck will speak at Newmarket on the 20th inst. on the question to be voted on at the end of the month, whether the town will make an agreement with the Metropolitan Railway Company for electric power or join with the other Ontario municipalities in getting power at cost from the hydro-commission.

Mr. Beck is not likely to have any difficulty in convincing the people of Newmarket. The public generally have always been loyal to the hydro principle, but the corporation agents have always been able to use such arguments with the council as will lead them stubbornly to oppose the people's will.

Mr. Beck is not likely to have any difficulty in convincing the people of Newmarket. The public generally have always been loyal to the hydro principle, but the corporation agents have always been able to use such arguments with the council as will lead them stubbornly to oppose the people's will.

THE MAN WHO MAKES THE RATE.

All this talk about the council fixing the tax rate is quite beside the mark. The man who makes the tax rate is Assessment Commissioner Forman. He fixes it at least five mills higher than he should, and so that the man in proportion than the man with the double lot, the stone house, the tennis court and the garage. He thinks nothing of knocking forty per cent off the valuation of a property, although he is sworn under the act to assess it at its full value.

U. S. TARIFF REVISION.

President Wilson is reported to be so confident of the tariff revision bill becoming law, substantially in its present form, as to have served notice that any reduction in wages or closing of industrial plants will be followed by a thorough investigation of the circumstances. Action of this nature on the part of manufacturers will not be accepted at its surface value, nor without evidence that it is really justified by the pressure of foreign competition. For this sceptical attitude there is valid reason.

Toronto St., - Toronto Established 1855, 135

SCOTTISH AND ENGLISH EDUCATION.

When Lord Haldane some months ago announced the intention of the present British Government to tackle the thorny question of English educational reform, The Globe erroneously assumed that the measure would also apply to Scotland.

The World, at the time, pointed out that the educational system of Scotland was far in advance of that of England and had never been hampered by the difficulties presented in that country and in Wales.

Those who attain to the position of corporation counsel for Toronto are expected to bring to that office a dignity which admits of no questionable procedure. It is very much to be regretted that Corporation Counsel Geary permitted himself to be observed in the undignified position of hovering on the threshold of the council chamber during the half-hearted attempt of a few of the aldermen to have his salary increased from \$3000 to \$1200.

CREATOR OF FAMOUS BOOKS IN TORONTO

J. M. Dent, Well-Known English Publisher, Is Visiting Friends Here.

Mr. and Mrs. J. M. Dent arrive in the city this morning from New York, en route to the west. Mr. Dent is the founder of the well-known English publishing house of J. M. Dent & Sons Ltd., and the creator

of the famous Temple Editions and Everyman's Library. During their stay in the city they will be the guests of Mr. Button, the manager of their Canadian branch, Centre Island. Mr. Dent's last visit to Canada was 20 years ago and he is amazed at the wonderful development since that time. This is Mrs. Dent's first visit to the country and her impressions are of the pleasantest character.

HON. I. B. LUCAS WAS SWORN IN

New Provincial Treasurer Took Oath of Office Yesterday Morning.

As announced exclusively by The World yesterday morning, Hon. I. B. Lucas has been permanently appointed provincial treasurer for the Province of Ontario. The ceremony of his swearing in took place at the government house before his honor the lieutenant-governor yesterday morning, the oath of office being administered according to custom by J. Lonsdale, Capreol, clerk of the executive council. In that connection the date of the by-election of Mr. Lucas' seat in Centre Grey was settled for June 5, the nomination to take place a week before.

General opinion favors the idea that the by-election in North Grey following the resignation of Hon. A. G. MacKay will occur in due proximity, but this has no definite announcement is forthcoming.

FAR TOO MANY REVOLVERS SOLD

Thirteen Hundred Registrations in Ontario in Past Six Months.

REPORT BY THE POLICE

Provincial Constables Kept Busy Preventing Illicit Whiskey Dealing.

The "driest" six months yet experienced by the mining and lumber camps of the north is recorded by the Ontario Provincial Police in the semi-annual report issued from the attorney-general's department this morning. The seizures for the year include 1449 bottles and 55 gallons of whiskey; 1 bbl. of wine; 16 gallons of high wines; 75 bottles of gin and 1100 bottles of beer. The most drastic method of smuggling in liquor consisted in the use of a false metal bust holding more than a gallon.

In all the provincial police have handled 510 cases, and of these 361 led to convictions, constituting an average of seventy per cent. The remainder are covered in the discharge of 101 and the detention of 48 now awaiting trial at the assizes recently begun. The superintendent reports that notwithstanding the labor troubles in the Porcupine region, which necessitated the presence of an unusually large number of men, the number of cases treated is much less than that of the corresponding period last year, and that there is a perceptible decrease in criminal practice. Since December 4, when difficulties first appeared in the mining locality, constant relays of men have been despatched at different times, as the temper of the employees changed, but the activity of the constables prevented any serious outbreaks. The difficulty covering so large an area of practically unbroken country and wild roads contributed greatly to illicit action of the strikers, but the capture of the ring leaders and the conviction of 83 persons out of 87 seized put an end to the bulk of the disturbance.

Fur Seizures. There occurred during the half year several notable seizures of furs being taken south by illegal processes, and 33 convictions followed. The largest seizure was that stolen from the Hudson Bay Company in the Grand Trunk Pacific region, the value of which reached \$4000. A departure from ordinary custom was made to counteract the high graders, who during the past few months exerted unwonted efforts to smuggle ore in large amounts thru to the United States. The department has kept account of the weight seized by the constables in all parts and has recovered in all about 206 pounds, valued at \$2463, and producing 4149 ounces of fine silver.

Some very interesting methods were resorted to by both men and women to bring the material in a crude sate out of the region. Several used specially constructed duck bags which fitted in a natural manner about the body, and when loaded merely added to the corpulence of the individual. One woman trusting to the female attire for protection concealed 80 pounds in her skirts, but was intercepted before making good her escape. Another formed a metal belt of the silver ore suspended on strings, but shared the same fate.

Under the Fugitive Offenders Act the police rounded up the persons at the request of the British authorities, and these were gathered from different points in the north and returned to the old country. Sixty extraditions also, five of which were at the request of the American Government, were successfully carried thru.

Murder Cases. Four murder cases on the records for the period, in one of which the accused, after a long jury trial, was dismissed. That occasioning the most interest was the Love murder at Flesherton, in which a sentence of five years was imposed and the date of execution set for June. In the matter of disorderly houses and offensive weapons, which constitute outstanding problems for northern towns, there have been nine prosecutions on the former ground and seven on the latter. "There have been 1300 revolver sales registered," says the superintendent, "and in my opinion these are far too many. There is no necessity for such a number being franted." The force has suffered the usual loss of men thru death and resignation. In addition one constable, H. B. McGraw, was dismissed and sentenced to eighteen months for bribery and illicit practice.

DIRECT SAVING TO NEWSPAPERS

Removal of Duties on Typesetting Machinery Means More Business.

In reference to the removal of duties on typesetting and typesetting machines, announced by the minister of finance in his budget speech, John R. Bone, president of the Canadian Press Association, said the change would result in a direct saving to every newspaper and printing establishment in the country. The duty of 20 per cent, which has been in force, amounted, in the case of the high-priced linotype machine, to some \$600 or \$700 on each one, and to a proportionate amount for the less expensive machinery. It is estimated that the duty collected on typesetting and typesetting machines coming into Canada has been upwards of \$60,000 to \$75,000 a year. This will now be saved. There will be no injury to any Canadian industry, as the machines are not manufactured in this country. It is known that a large number of publishers contemplating purchases will immediately profit by the change.

CLAIMS SHE GOT ALL POSSESSIONS

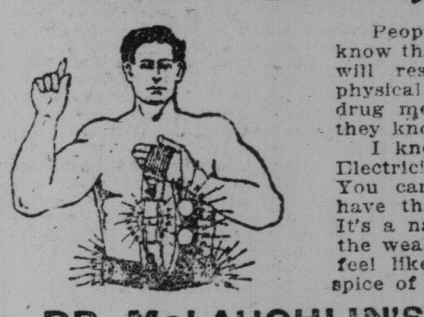

Ellen Page Sued by Attorney-General For Return of Money.

The attorney-general's department is suing Ellen Page, a nurse, to recover certain papers and property left by the late Fred Hales, who died in a Mimico hospital in 1911, from an attack of typhoid fever. The case came up before Mr. Justice Latchford in the non-jury assize court yesterday. W. J. McWhinney, K.C., appeared for the plaintiff and L. F. Hoyd, K.C., for the defendant. As Hales died intestate and there were apparently no heirs to the property, the attorney-general applied for letters of administration, but the defendant, Ellen Page, claims that Hales gave her the property before his death as they were engaged to be married. There was an insurance policy for \$1000, a watch, a cheque for \$20, two bank books and other property. The defendant was cross-examined at great length yesterday as to what took place before Hales died. Mrs. Page said that Hales had sent for and asked her to take charge of his property and pay envelope, saying that if he didn't get better, they would be hers, and if he did get better, it would be all right anyway. Questioned as to her marriage, Mrs. Page said that she had been divorced from her husband and believed he had married again. Hales was a messenger at the Mimico Hospital and was taken ill on a day he had promised to meet her. Next afternoon Mr. Whitehead, the superintendent, asked her to go over and see Hales. She had to go secretly, as it was against the rules for women to visit the men's quarters. It was then that Hales gave her the papers etc. The hearing will be continued to-morrow.

SHEEP AS BEASTS OF BURDEN.

All sorts of animals are pressed into service as beasts of burden in various parts of the world. In Tibet, for instance, sheep and goats are used as pack animals, and a flock of these animals, well loaded, journey from there to the Rampur fair, in India. The hardy little beasts, says The Wide World Magazine, take over a month on the long and arduous journey, traversing on the way several high passes, where other pack animals would be useless. Once in India and their loads delivered, they are kept on the plains during the winter, and then sent back with a stock of grain for Tibet and regions on the border where food-stuffs are scarce.

Weak Men, Brace Up

People who are weak and "going back" know that there ought to be something that will restore that old "steam" to their physical body. They have tried the usual method and found that a fizzle, yet they know there must be something. I know it, too, and I've got it. It's Electricity, as supplied by my Electric Belt. You can't name anything more likely to have that force which weak people lack. It's a natural power. I can pump it into the weak while they sleep, and make them feel like a Sandow in no time. It's the spice of life.

DR. McLAUGHLIN'S ELECTRIC BELT
WEAK BACK—HEADACHE—GENERAL DEBILITY.
Estevan, Sask., Aug. 15, 1911.

Dear Sir:—In regards to your Electric Belt, I cannot think of words that would express my appreciation of it, but I can say that I most sincerely think that it has done me a wonderful amount of good, and will recommend it to any of my friends. Respectfully yours, G. T. FALKNER.

Put it on when you retire; you get up in the morning refreshed and vigorous, with courage in your heart and a clear head, full of ambition for your daily work.

Everyone should understand that physical power, large muscles, strength and endurance come from animal electricity. My treatment will pump every part of the body full of that, and perfection will result. It cures rheumatism, pains in the back and kidneys, indigestion and constipation, and all troubles which result from weakness of any vital organs. It not only restores vigor and increases nerve power, but it cures rheumatism, pains in the back and kidneys, indigestion and constipation, and all troubles which result from weakness of any vital organs. My Electric Belt gives a continuous current of electric force. My Electric Belt will cure Nervousness, Troubles, Rheumatism, pains in the back and shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Constipation, and all evidences of physical breakdown.

PAINS IN THE HEAD AND BACK.
Montreal, Que., Aug. 22, 1912.

Dear Sir:—I have used your Belt now about six weeks, and I found it all right. I am feeling all right now myself—the pains in the head and back are about gone. You can use this testimonial any way you like. I remain, Yours truly, LONZO NOBIS.

FREE BOOK—Cut out this coupon now and mail it. I'll send this book without delay, absolutely free. Call if you can. Consultation free.

R. C. Y. C. RACING PROGRAM FOR YEAR

Season Opens Last Saturday in May With Special For Skiffs.

The Royal Canadian Yacht Club's program of sailing races was issued yesterday. On Saturday, May 31, the season opens with a special open race for L. S. S. A. 16 ft. skiffs.

LIVELY WORKOUTS BY LACROSSE BOYS

Amateurs and Pros. Are Out Nightly—Season Drawing Near.

The Young Toronto held a good, stiff workout last night at the Bess, when most of the regulars were on hand.

The Lansdowne senior and junior lacrosse teams will practice tonight at Dufferin Park at six o'clock, and request all of their players to be on hand early.

Wendell Holmes, the Varsity boy, is claimed by St. Simons and Mattiada. He will go with the blue and white on their trip to the States.

The Matilda will not drop out of the senior ranks, in the latest news from the front, and everything points to a regular picnic in the top division this year.

The Toronto will practice tonight at the Bess, and about ten players are expected to be in uniform.

Gibbons, the crack goalkeeper of the Toronto, is expected to arrive from Vancouver tomorrow, and will be out with the blue shirts at Scarborough Beach on Saturday.

The Riverdale lacrosse team will practice on Mondays, Wednesdays, Fridays, and not on Tuesdays and Thursdays, as heretofore. A full turnout is earnestly requested at this week's practices, as the question of entering a team in the Junior O.A.L.A. series will depend largely on the outcome of these practices.

Don Rowing Club Open on Saturday

The Don Rowing Club will hold a big smoking concert on Saturday night in their club house at Morley avenue, and as it will be the official opening of the club for the season it is hoped that all the club members and friends will be present.

Suppose you want that suit ready by the 24th?

Now we are just tailors and not power plant proprietors. We cut, fit and tailor your clothes in that sure, perhaps slow way, of all real good tailors.

We are showing this week: A range of Blue (indigo) Suitings, in 3 textures—worsted serge, twill chevrot, rough Irish, at \$18.00 to order.

A range of Real Scotch Suitings, including the new Lovat and Blue Gray Shades, at \$18.00 to order.

English Saxony and Cashmeres, at \$22.50 to order.

THE F. K. HARDY CO.

386 1-2 Yonge Street

Opp. Y.M.C.A. 3 Circular Windows

Made-to-Measure HIGH-CLASS SUITINGS

In New Browns This is not an ordinary offering—but on the contrary something unusual in finely woven, medium weight worsted suitings. An event that sets a new standard in custom tailoring. Fabrics that would be sold at \$45 or \$50 in any first-class tailoring house.

Come and examine these wonderful weaves in the deep, dark, and medium brown tones—herringbones—pencil and chalk stripes. You will marvel at their fine textures and rich colorings.

Made strictly to your measure at SPECIAL \$35

SEASON'S TRAINING TRIAL MADE BY HEARTS OF OAK

Giddings' Crack Colt Runs Full King's Plate Distance in 2.14 at Woodbine in the Afternoon—Other Works.

Hearts of Oak, the grand looking 3-year-old bay colt by Bassettlaw-Lady Lightfoot II, owned by Henry Giddings, proprietor of the Cedar Grove Farm, Oakville, was asked to run a mile and a quarter for the first time yesterday afternoon at the Woodbine track and the gallant colt responded in a manner that left no doubt as to his ability to stay over a distance of ground, as he not only ran his trial in 2.14, but did it in a highly satisfactory manner.

The conditions were not the best for a superior trial, as the track was fast by any means, notwithstanding it had been flooded and rolled after the regular work in the morning. The rain of the night before made it more or less dead, as the slow time made by the horses' trials in the morning will show, and a strong wind from the northwest had to be faced in the final run thru the stretch.

Nearly every trainer at the track and about all the expert clockers were on hand when the big colt came on the track at 3 o'clock and when the horse broke at the eighth pole a hundred timers were started.

The fractional time was as follows: 3/4, 1 1/4, 1 3/4, 2, 2 1/4, 2 3/4, 3, 3 1/4, 3 1/2, 3 3/4, 4, 4 1/4, 4 1/2, 4 3/4, 5, 5 1/4, 5 1/2, 5 3/4, 6, 6 1/4, 6 1/2, 6 3/4, 7, 7 1/4, 7 1/2, 7 3/4, 8, 8 1/4, 8 1/2, 8 3/4, 9, 9 1/4, 9 1/2, 9 3/4, 10, 10 1/4, 10 1/2, 10 3/4, 11, 11 1/4, 11 1/2, 11 3/4, 12, 12 1/4, 12 1/2, 12 3/4, 13, 13 1/4, 13 1/2, 13 3/4, 14, 14 1/4, 14 1/2, 14 3/4, 15, 15 1/4, 15 1/2, 15 3/4, 16, 16 1/4, 16 1/2, 16 3/4, 17, 17 1/4, 17 1/2, 17 3/4, 18, 18 1/4, 18 1/2, 18 3/4, 19, 19 1/4, 19 1/2, 19 3/4, 20.

Mr. and Mrs. Giddings, with their daughter, accompanied by Mrs. Wm. Worthington, were present to witness the trial and were greatly pleased, as well they might be, for it was an excellent performance on the part of the son of Bassettlaw in his first trial over the full King's Plate distance.

The colt was ridden by the stable's apprentice, Harry Gray, and he carried about the same weight he will have up on race day.

The Morning Trials. The Gorman pair, Mary Bud and Calumny, worked a mile in 1.45 2-5, which was exceptionally good considering the track conditions and which shows they will have to be considered in their race. The Plate candidate Aurora Raby from this stable took 1.49 2-5 to run a mile.

Much interest was taken in the 2-year-old black colt, Moss Fox, from the Brookdale stable, as it is the first of the get of the English horse, Red Fox, to make an appearance hereabouts.

The colt worked with Marcovil, and ran 3 furlongs around the far turn and thru the stretch in 39 seconds.

Tankard, from the Hendrie stable, led White Cape, and the King's Plate, Rockspring, 6 furlongs in 1.18.

Moskoozue, from the same stable, also worked this distance in 1.18, with the

latter finishing well up. Mr. G. W. Beardmore, M.P.H., was on hand, as were also the following and several others: Mrs. Douglas Young, Mr. Alf. Beardmore, Mr. Phelan, Mr. A. Jarvis and Mr. Loughridge. Lord Hawke attended the meet, but did not follow the hounds. The run opened at Tomorden, thence thru Mr. Davies' farm, across Oakdale, then north and west, and back to Mr. Jos. Kilgour's farm, where the run was finished. Another run will be held on Saturday afternoon, at three o'clock, from the Newmarket race track.

ST. CATHARINES, May 13.—Ridley 1st and Hamilton played at Ridley, Ridley 188 to 100. The batting in the first innings was as follows: Ridley, 188; Hamilton, 100.

Irving and Mix Each Over Fifty—Hope Gibson Best For the Losers.

LORD HAWKE ATTENDS MEET OF THE HOUNDS.

The hounds held one of the fastest runs yesterday afternoon of the season, and most of the owners finished well up. Mr. G. W. Beardmore, M.P.H., was on hand, as were also the following and several others: Mrs. Douglas Young, Mr. Alf. Beardmore, Mr. Phelan, Mr. A. Jarvis and Mr. Loughridge. Lord Hawke attended the meet, but did not follow the hounds. The run opened at Tomorden, thence thru Mr. Davies' farm, across Oakdale, then north and west, and back to Mr. Jos. Kilgour's farm, where the run was finished. Another run will be held on Saturday afternoon, at three o'clock, from the Newmarket race track.

FINE SCORE BY RIDLEY BEAT HAMILTON 166-80

Irving and Mix Each Over Fifty—Hope Gibson Best For the Losers.

Table with 2 columns: Player Name, Score. Includes names like G. Wood, bowled Marsland, G. J. V. R. Irvine, bowled H. Gibson, C. K. Martin, caught Linton H. Wright, etc.

Local Pro. Teams To Clash Saturday

Despite the very unsatisfactory weather conditions on Saturday last the Interprovincial Football Association got off to a good start. Any little errors that may have crept up in the opening fixtures will all be fixed up for the game on Saturday. For years George Campbell's name has been a by-word in local soccer circles and he has been credited with the honor of being the best back in amateur soccer in Canada. His great work against the Corinthians is proudly pointed to when the subject is raised.

Manager. Holder of the Queen City asserts that although his team were beaten Saturday they lacked practice, and with this week's workouts they will be in great shape to put up a great struggle. It will not be long before they will be in the top ranks of the Queen City team and other local pro. teams recognized as having secured some of the best amateurs in the game, and will try to keep his team in the win column.

THE PRO RUNNERS.

The entry list for Saturday night's open professional race at the Island stadium promises a sparkling contest. Alf. Shrubbs is the only real top notcher in the field, and he is expected to start a hand concert at 7.45. The plan is at Moody's, 33 West King street.

DOMINION DAY REGATTA MEETING TONIGHT.

The Dominion Day Regatta Association will meet this evening at the Toronto Regatta Club, 100 Queen street, at 8 o'clock. Secretary Jas. J. Dolan wishes every aquatic club in the city to be represented. The officers for this year will be elected together with the special committee. The regatta will be in first-class shape this year for the big aquatic event on Dominion Day.

SOCCER NOTES.

The members of the Baracca F. C. are asked to note that the practice game with the Old Country Club for this evening has been called off.

The Dovercourt Baracca will play Parkville a practice game this evening at 6 p.m. in Dufferin Grove. The Baracca will have an out-of-town game for May 24. Address A. Hartmann, 213 Ossington avenue.

Grace Church C.C. would like to arrange a match for Saturday next on opponents' grounds. Call up A. T. Neale, secretary, Main 570 (day), and C. 4463 (evening).

St. Barnabas' Cricket Club want a game for Saturday next, May 17, on opponents' ground. Address Secretary H. Wright, 20 Chester avenue.

BROADVIEW HANDBICAP.

The weekly handicap events will be held at the Broadview Y.M.C.A. tonight when the following events will be run off: One mile run, 100 yards dash and running broad jump. All track club members are asked to be on hand at 7 o'clock sharp. The boys are working hard to get into shape for the inter-association meet to be held on June 7.

TWIN CITY LAWN BOWLING.

BERLIN, May 13.—The annual Twin City Lawn Bowling Tournament will be held during the week beginning Aug. 4 on the greens of the Berlin and Waterloo Lawn Bowling Clubs. Three trophies will be offered as usual: The Segram trophy, the Kartz trophy, and the Berlin bowlers' trophy.

A Fitting Climax to the Great Special Selling of Neckwear

To close the selling with a day of tremendous selling, we've made preparations for really remarkable value-giving on this occasion, and those who would secure a whole season's supply of neckwear at the usual price of two or three times, should be here early to make choice from the full array of designs.

The silks will be in the newest patterns, including bias stripes, figured and scroll effects, with closed or wide flowing ends. The knitted are in plain shades or cross bar. For the fifth and last day of special selling, each19

Main Floor—Centre.

THE T. EATON CO LIMITED

New Intermediate W. F. A. Schedule

BERLIN, May 13.—At the meeting of representatives of the central district the following W.F.A. intermediate schedule was drawn up, affecting Berlin, Waterloo, Preston, Hespeler and New Dundee: May 17—Preston at Hespeler; 21, Dundee at Waterloo; 21, Berlin at Preston; 24, Berlin at Hespeler; 24, Preston at Waterloo; 27, Hespeler at Waterloo; 29, Waterloo at Berlin; 31, Berlin at Dundee; 31, Hespeler at Preston. June 4—Waterloo at Preston; 6, Hespeler at Berlin; 7, Hespeler at Dundee; 10, Berlin at Waterloo; 12, Preston at Berlin; 12, Waterloo at Dundee; 14, Dundee at Hespeler; 17, Preston at Waterloo; 18, Dundee at Berlin; 19, Waterloo at Hespeler; 21, Dundee at Preston.

AMATEUR BASEBALL.

The Royal Canadians will practice at Queen Alexandra grounds, Broadview avenue, this evening at 6 o'clock.

The St. Patricks B.C.C. of the Toronto Senior League will practice Wednesday and Friday evenings of this week at Stanley Park. All players must attend, as only those on hand at the practices will be played on Saturday.

At Philadelphia, Johnny Coulton, the lightweight champion, after Frankie Bradley, fought six rounds Monday night and at the close the popular verdict was drawn. Bradley made much in the first two rounds, and Coulton was the better of the third and fifth. Bradley was ahead in the others.

The I.C.B.U. practice of the Don Valley League will practice Wednesday and Friday of this week on the west side of the Don flats and would like the following to turn out: Leigh, St. Denis, Brown, Mahoney, Ryan, Watson, Kerr, Hault, Ellis, Pidgeon, Sheahan, Brockman, Robinson, Harding and any wishing to join a fast senior team.

The Cardinals of the West Toronto Senior League will practice tonight at Perth avenue square at 6 o'clock.

The Oiler juveniles won their first league game on Saturday, defeating the Glenhurst, 11 to 5, at Utley Square. The features of the game was the batting of Kelly for the winners.

The Riverdale Baseball Club of the Beaches Senior Amateur League will practice Wednesday evening, May 14, on Queen Alexandra school grounds, from 6 to 8 o'clock. The following players and a fast senior team are kindly requested to be on hand: Messrs. Sparks, Owens, Hall, Watters, Coulter, Bee, Richmond, Moorecroft, F. Miller, Finley, Fahy, McLaughlin, J. Miller, VanWinkle, Dillon, Gordon, Finley, Tobin, Mahoney, Stinson, Wiedman, Brough.

The annual meeting and election of officers of the Easton A.A. House Baseball League was held last evening, and plans considered for the coming season. Officers were elected as follows: Hon. president, Mr. H. McGee; president, Mr. Jas. Booth; vice-president, Mr. S. Whitney; secretary, Mr. E. Murray; executive, Mr. R. Patterson (Main Floor); Mr. H. L. Stewart (Main Order). The league have this year secured Ketchum Park for all their games on Monday, Wednesday and Friday nights, commencing at 6.30 o'clock, and prospects are exceedingly bright for the coming season. The drafting of schedule and bylaws was left in the hands of the executive.

Hotel Krausmann, ladies and gentlemen, open till 12 p.m. Imported German Beers, Pilsen Beers and Wines. Open till 12 p.m. Corner Church and King Streets, Toronto.

CHEESE MARKETS.

CAMPBELLFORD, May 13.—There were 400 offered; all sold at 11 1/2-16c. STIRLING, May 13.—At today's cheese board, 430 boxes were offered; all sold at 11 1/2c.

Submarine telephony has been accomplished over a distance of eleven miles in England with insulated wires.

The Made-in-Canada exhibition train, which during the next seven weeks will make an extended tour of the west, was assembled in Montreal yesterday and is open for public inspection in that city today. At 10.30 o'clock the exhibition will be officially opened by Mayor Lavallee, Sir Lomer Gouin and other distinguished citizens, after which it will be in possession of the public until 11 o'clock, when it leaves for Ottawa, where it will be visited tomorrow by the Rt. Hon. R. L. Borden, Sir Wilfrid Laurier, Mayor Ellis and other prominent people. The exhibition will leave Ottawa at midnight for Toronto, where it will be open to the public at North Toronto station all day Friday. A general invitation is extended to the people of Toronto to visit this interesting exhibition on wheels, which is the finest of its kind ever assembled. Five of the cars contain exhibits of made in Toronto products.'

You Can Always Get "O. K." BEERS if You Insist on Them

Every dealer in Toronto can send you a case of O'Keefe's if you insist that it is O'Keefe's you want and none other.

O'Keefe's Brews are always a little better than any other because they are brewed in the O'Keefe way. Only finest barley malt, choicest hops and filtered water are used, but the product is the result of over half a century of experience.

O'Keefe's Pilsener Lager

"The Light Beer in the Light Bottle." Absolutely pure and healthful as are all the O'Keefe Beverages.

O'Keefe's Special Extra Mild Ale

"The Beer that is always O. K." is the Beer of proven quality. Rich, Creamy, Delicious, but extra mild and non-bilious.

O'Keefe's Special Extra Mild Stout

"The Porter that Builds." A Porter that is delicious and mildly stimulating. Rich in health-giving properties but not so strong as to even make you bilious.

O'Keefe's Gold Label Stock Ale

"The Beer With a Reputation." A Stock Ale, fully matured, rich in flavor and quality.

No other Brand of Beer "Just as Good" as O'Keefe's.

Tell your Dealer you must have O'Keefe's and no other kind will do. If your Dealer will not supply you 'phone us and we will see that you are supplied at once.

FROG LEGS, NEW WORLD'S RECORD

Wins Race at Louisville in a Drive—Buckhorn Second and Rudolfo Third.

LOUISVILLE, May 13.—Frog Legs, a four-year-old colt, broke a world's record for running horses when he ran a mile and twenty yards at Churchill Downs in the third race today in 1:29 flat. The impost was 107 pounds and Jockey Peak was in the saddle. The former record was 1:40, held jointly by the horses Maoy, Maid Marian and Six Shooter, each of which set the mark at the old Washington Park track at Chicago. Of the five horses in the race Frog Legs got off fourth to Buckhorn, Rudolfo and Billy Collins, with Cousin Fuss trailing. It soon developed into a race between the first three horses named, and the winner, under a terrific drive won by Peak from Buckhorn with Rudolfo two lengths behind. Frog Legs is owned by J. W. Schorr and is a son of Masetto, out of Frogmore.

FIRST RACE—Five and a half furlongs, selling: 1. Florence Roberts, 114 (Ganz), \$10.30, \$4.50 and \$3.40. 2. Martyr, 100 (Buxton), \$16.90, and \$12.30. 3. Back Bay, 115 (Kedster), \$9.70. Time—1:06 4-5. Three Links, Gilpy, Maria C., Little Nell, Ellen A. Dale, Peter Grimm, Jean Gray, Brawny and Sir Denrah.

GROWING TREES ON THE PRAIRIE

Problem Will Be Discussed at Canadian Forestry Convention.

Arrangements are well under way for the convention of the Canadian Forestry Association, which will be held in Winnipeg, on July 7 and 8, at the invitation of the Province of Manitoba and the City of Winnipeg. It is expected that there will be a large attendance from the prairies and from the provinces east and west. In fact, from Nova Scotia to the British Columbia representative men are looking forward to being present. Arrangements for the gathering are well under way. Already the secretary has received intimation of the attendance of some of the most prominent forestry experts on both sides of the international line. The farmer's plantation, windbreaks and other phases of prairie tree growing will naturally occupy a large share of the attention of the delegates, but the protection of forests from fire, and kindred topics, will also be taken up. Delegates attending the convention will be able to secure convention rates, particulars of which can be secured from James Lawler, secretary, Canadian Forestry Association, Canadian Building, Ottawa.

FOURTH RACE—Steeplechase, 4-year-olds and up, 2 miles:

First-Class Auction Sale at Repository

A first-class auction sale of horses was held at the Repository yesterday, conducted by Mr. C. A. Burns, when an excellent demand was met with for all classes of horses, and the entire offering of about two hundred head was practically sold out. The buyers have been somewhat later this season in coming around, but business is now as good as it ever was in any former year. Prices generally have adjusted themselves to the satisfaction of buyers, and horses are by no means dear in the Toronto market. The prospect is for a continuance of good trade, and the demand looks as if it would last. Some of yesterday's buyers were: A. Gellinas, Verner, Ont., a carload of workers and general purpose horses, at prices from \$140 to \$175; C. Holinger, Carleton Place, a car of the same kind of horses, at figures from \$125 to \$210; W. J. Mattie, New Liskeard, also a carload of work horses, at prices up to \$220; Sherwin Willows, New Liskeard, also bought a number of workers and general purpose horses; Fitch & Tomlinson, Bowmanville, b.g. \$145; Dr. P. C. Young, Sudbury, a full carload of eighteen heavy draughts of the best class, costing up to \$255 per team; Constructive and Faving Co., pair b.m., \$600; W. R. Curry, b.m., \$200; White Bro., ch.g., \$177.50; Doyle, North Bay, b.g., \$207.50; Knickerbocker Ice Co., b.g., \$190; pair ch.g., \$480; pair b.g., \$475; R. L. Reid, Humber Bay, b.g., \$225; E. Alabaster, b.g., \$290; W. Hart, \$200, b.g., \$305; Laurentian Milk Co., pair b.m.,

Joe Birmingham Out

CLEVELAND, O., May 13.—In sliding into second base in the ninth inning of yesterday's game with New York Manager Joe Birmingham broke a bone in his instep and fractured the lower end of the tibia of his right leg; it was disclosed by an examination. The injured may keep him out of his position in centre field for a month, it is thought.

LARGE APARTMENTS JUST COMPLETED

The Wellsboro on Jarvis street, just below Maitland street, is one of the best equipped apartment houses in the city. It has refrigerating plant, automatic elevators and other new appliances. The building is one of the big ones of the city, containing 256 rooms, in 60 suites.

REAL ESTATE AND BUILDING

CLARKE FARM ON DUFFERIN IS SOLD

Two Transfers Made on Fifty-Acre Property—Half Goes at Forty-Five Thousand.

Sales aggregating \$110,000 have been made in the last few days on the Clarke farm, on the west side of Dufferin street, a quarter mile south of McDougall avenue.

William M. Clarke, Toronto, bought the property, which is 50 acres, from Mrs. Susannah Clarke, Toronto, Howard E. Clarke, New York, and William A. Clarke of Vancouver, at \$65,000.

WORK ON RIVERCOURT

The last ten days have made a great change in the new McEachern development, Rivercourt, on Don Mills road, looking over the valley of the Don; a considerable section of roadway has been laid and about a mile of grading is done. Work on the sidewalks starts in a day or two. The streets are laid out on a plan centering from a circus approached by a 126 foot wide boulevard, with a park space up the middle.

SAW MAN SWEPT OVER CATARACT

Body Was Stripped of All Clothing in the Descent. NIAGARA FALLS, N.Y., May 13.—(Special).—An unidentified man was swept over the American falls at 4:40 this afternoon. When Reservation Officer Martin saw him fifty feet above the brink he was alive. He was floating on his back and carried a derby hat in his hand. The body was picked up by the Maid of the Mist half an hour later. It was that of a young man weighing about 160 pounds, five feet six inches in height, light complexion, clean shaven. With the exception of his necktie, every stitch of clothing was torn from the body by the plunge over the cataract. None saw the man enter the water. At 5:15 this afternoon a tourist reported that he saw an unidentified woman leap into the upper rapids from Goat Island bridge. He could give no description of her, however.

FOREST FIRES IN FRONTENAC.

KINGSTON, May 13.—(Special).—Forest fires are raging in a number of sections in the northern part of the County of Frontenac. Rain is much needed to extinguish the fires. Seeding has been finished in the county.

KINGSTON, May 13.—(Special).—The city council has awarded a contract to pave six blocks to the Windsor Asphalt Block Paving Co., at \$2.75 per square yard.

HAS COLD WAVE CANADIAN WEST

Effect on Wheat Crop, However, Will Be Beneficial.

WINNIPEG, May 13.—(Special.)—After a welcome day or two of almost summer weather, the barometer dropped with startling suddenness some 30 degrees in an hour yesterday afternoon, and six degrees of frost were recorded at night.

Some setback will be suffered by market gardeners, who got their stuff in during the warm weather of early April, but the effect on the wheat crop will be good, the tendency being to check too rapid growth and for the plant to stool out to a good solid root.

ESTATE NOTICES

NOTICE TO CREDITORS—IN THE Matter of the Estate of Lucinda Cruickshank, Late of the City of Toronto, in the County of York, Married Woman, Deceased.

NOTICE is hereby given in pursuance to Statute 1, George V., Chapter 26, Section 55, that all persons having claims against the estate of the said Lucinda Cruickshank, who died on or about the nineteenth day of December, 1912, are required to send in their claims to the undersigned solicitors for the Administrator of the estate of the said Lucinda Cruickshank on or before the twenty-ninth day of May, 1913, their names, addresses and places of residence, a full statement of particulars of their claims and the nature of the security (if any) held by them, together with a right of way over the east one foot three inches (1 3/4") of the property immediately adjoining on the west and subject to a right of way over the west one foot three inches (1 3/4") of the property above described.

Under and by virtue of the powers contained in a certain mortgage which will be produced at the time of public auction on Friday, the 16th day of May, 1913, at the hour of 10 o'clock, at the office of Chas. M. Henderson & Co., Auctioneers, 87-89 King Street East, Toronto, the following fresh property, namely:—

The easterly 14 feet 3 inches of Lot 17, Block C, south side Beaver Avenue, Toronto, Plan 546, together with a right of way over the east one foot three inches (1 3/4") of the property immediately adjoining on the west and subject to a right of way over the west one foot three inches (1 3/4") of the property above described.

On the said land is said to be erected a two-story frame building without authority from the Department—40715, 345

TERMS—Ten per cent. of the purchase money to be paid down at the time of sale, twenty-five per cent. within 30 days from date of sale and balance within six months from date of sale.

For further particulars and conditions of sale apply to CAMERON & CROOKS, Barristers, 24 King St. West, Toronto.

Dated at Toronto this 23rd day of April, 1913.

NOTICE TO CREDITORS—IN THE Matter of the Estate of Jane Matilda Queneau, Late of the City of Winnipeg, in the Province of Manitoba, Widow, Deceased.

Notice is hereby given pursuant to the provisions of the Trustee Act, that all persons having claims against the estate of the above-named Jane Matilda Queneau, who died on or about June 21st, 1912, are required to send in their claims to the undersigned on or before June 15th, 1913, their names, addresses and full particulars of their claims, and the nature of the securities (if any) held by them, duly verified by Statutory Oath and sworn to by the parties entitled thereto, having regard only to the claims of which he shall be liable for the assets of the estate, or any part thereof, to any person of whose claim notice has not been received by him at the time of such distribution.

Dated May 13, 1913.

DEWART, MAW & HODGSON, Crown Office Building, Toronto, Solicitors for S. G. Wells, Administrator of the said Estate.

NOTICE OF SALE.

PURSUANT to the provisions of the Real Estate Institutions Act (Chap. 81) there will be offered for sale by public auction by the trustees of the Eschurst Street Church of Christ on Saturday, the seventh day of June, A.D. 1913, at the hour of 12 o'clock, noon, by Messrs. Macdonald, Gordon & Macdonald Co.

SEPARATE SEALED TENDERS addressed to the undersigned, will be received until 4 P.M., Monday, June 23, 1913, for the following works on the New Barracks property, Long Branch, near Toronto, Ontario:—

(1) Water Works pipe laying (2) Sewer pipe laying (3) Pump House, Filter House and Reservoir Foundations for Water Tower (4) Steel Water Tower (5) Water Works Intake Pipe and Well (7) Sewage Pumping Station (8) Sewage Disposal Works.

Each tender must be sent in a separate envelope and endorsed, "Tender for Waterworks pipe laying, New Barracks, Toronto, Ont." "Tender for Sewer pipe laying, New Barracks, Toronto, Ont."

Each person or firm may tender for any number or all of the above works, but a separate tender must be submitted for each work. (No bulk or conditional tender will be entertained.)

Plans, specification and forms of contract can be seen and forms of tender obtained at the office of Messrs. Chipman and Power, Engineers, Mail Building, Toronto, Ont., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence, the nature of the occupation, and the nature of the security (if any) held by them, together with a right of way over the east one foot three inches (1 3/4") of the property immediately adjoining on the west and subject to a right of way over the west one foot three inches (1 3/4") of the property above described.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to five per cent. (5 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for.

The Department does not bind itself to accept the lowest or any tender.

By order, R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, May 12, 1913.

NEWSPAPERS will not be paid for this advertisement if they insert it without authority from the Department—40715, 345

**ANOTHER DROP IN
COST OF LIVING**

Average Prices Across Border
Are Now Below Those of
a Year Ago.

For the fifth consecutive month the cost of living in the United States decreased during April. Each month since last December has witnessed declining prices so that the index number for May 1, which works out at 89.1399, establishes the lowest level that has been registered since July of last year.

Seasonal conditions, such, for instance, as those which usually affect prices for dairy products, are largely responsible for the most recent recession; but at the same time there has been more or less easing up in prices for meats and other table necessities, while some textiles also have become cheaper.

As it is, the index number for May 1 depicts a decrease of 1.6 per cent. from the figures reported for April 1, and it indicates a drop of 4.2 per cent. from its peak point of December last. Moreover, the most recent data indicates a decrease of 1.3 per cent. from the figures quoted on May 1, 1912. But with the exception noted, the present number is the highest ever recorded at this season of the year. Compared with May, 1911, the increase is 8 per cent.; May, 1910, 1.1 per cent.; and 1909, 10 per cent.

A comparative table follows:
Jan. 1913... 89.4935 May, 1912... 89.2696
Feb. 1913... 89.4592 May, 1911... 84.8586
Mar. 1913... 89.4652 May, 1910... 83.9385
Apr. 1913... 89.2976 May, 1909... 83.0616
May, 1912... 91.1599 May, 1908... 79.6262

**STOCKS GRADUALLY
WORKING LOWER**

Toronto Market Moves in the Same, Easy-Going Fashion—Tone Slightly Easier.

BRAZILIAN DOWN AGAIN

Mackays Score Small Improvement—Two Bond Issues Sink to Lower Levels.

With speculation still of decidedly small volume and the buying demand not at all insistent, the leading stocks in the Toronto market sagged literally of their own weight again yesterday. There was nothing in the action of the outside exchanges to inspire any enthusiasm, and with no initiative in the trading movement, it was only natural to look for an easier tendency, particularly since scattered liquidation was under way from time to time.

London cables quoted Brazilian at a small decline to conform with the lowering of the price here at the opening of the week, and before the close the stock had worked back further. The shares opened lower than the previous quotation and held within a range of half a point, with the last sale at the low for the day 93 1/2, indicating a loss of a shade less than a point, the close on Friday having been at 94 1/2. Trading in the security was more active than during the previous week, but even at that the issue was far from active. Considerable disappointment was expressed over the fact that the price had been allowed to work back so soon after the spirited recovery of last week.

Irregular Tone.
Some irregularity was shown in the general list, instances both of strength and weakness being evidenced. Mackay cotton and preferred each made a new high record for the month at 83 1/2 and 65 1/2, respectively, but there was nothing in the day's developments to account for the rally. C. P. R. broke below 240 in New York, and the closing sale left a loss of over a point. MacDonald, Burt preferred and Dominion Iron preferred were lower here, but Twin City, R. & O., Maple Leaf preferred and Intertake preferred were fractionally improved.

Transactions in the investment section were more interesting than usual. Bread bonds sold at 89 1/2 early in the day, but on the afternoon board dropped to 87, which made a new low record in their history. They opened the year around 94, 10 to six per cent. below 240 in New York, and the closing sale left a loss of over a point. MacDonald, Burt preferred and Dominion Iron preferred were lower here, but Twin City, R. & O., Maple Leaf preferred and Intertake preferred were fractionally improved.

**IMPERIAL BANK
HAD GOOD YEAR**

Big Increase in Net Profits Shown in Report—Added Million to Reserve.

The thirty-fourth annual report of the Imperial Bank of Canada sent out to the stockholders last night shows that the institution in the twelve months ended April 30 enjoyed a highly prosperous year. The profits, after making the usual provisions, were \$1,125,972, or at the rate of about 17 per cent. on the paid up capital, and some \$121,631 ahead of those for the previous year. To this was added \$1,022,788 brought forward from 1912, and \$788,169 premium on new stock, making a total of \$2,936,929 to be distributed. From this amount there was paid in dividends \$780,669; officers' pension fund, \$27,500; \$124,771 was written off bank premises; a cool \$1,000,000 added to reserve, raising that fund to \$7,000,000 or more than paid up capital of the bank, leaving \$1,003,988 to be carried forward.

The total assets at the year end were \$77,964,198, compared with \$73,751,667 last year. Deposits totalled more than 57 millions, a gain of about two millions. The immediately available assets were \$22,754,557, as against \$21,490,915 in 1912. Altogether, the statement was a very satisfactory one, and a sufficient indication of the remarkable prosperity enjoyed by the financial institutions of the Dominion.

**BANK OF MONTREAL
HAD RECORD PROFITS**

Half-Year Just Closed Was Best in History of the Institution.

MONTREAL, P.Q., May 13.—The half-yearly statement of the Bank of Montreal for the period ending April 30, 1913, out this afternoon, is the best that the bank has ever offered. Profit for the half-year after deducting charges for management and making provision for bad and doubtful debts, were \$1,236,399 a year ago, or a gain of \$63,307. Assets totalled \$25,435,045, compared with \$23,927,519 a year ago.

The public has been leaning very heavily on the bank during the past six months. This is shown in the big increase over last year's figures in the current loans. The 1913 figures are \$129,457,033; 1912 figures, \$115,157,029. The balance carried forward to profit and loss is \$892,461, compared with \$695,463 a year ago.

**BANK CLEARINGS
OF THE CONTINENT**

Montreal Moves Up Into Seventh Place—Better Showing of the Leaders.

Montreal moved up from eighth into seventh rank in the record of bank clearings at the leading cities of the continent last week, thus attaining a position it had not held since last winter. An increase of approximately seven million dollars for the week was responsible for the improved showing, Kansas City being the centre which was ousted from its place. Toronto came tenth and Winnipeg twelfth as usual. The margin between Toronto and San Francisco, which stood nearly ten million dollars.

A significant feature of the record was the better showing made by the large United States cities. In the previous week all four leaders had reported big declines. New York's decrease from the week before was 17 per cent. Last week gains predominated, with a net improvement at Philadelphia. In the fifteen centres there were only five decreases, compared with seven the previous week.

The following table gives the record of the first fifteen cities, together with the figures for the previous week and the percentage of gain or loss compared with last year:

City	Last week	Incl. Prev. week
New York	\$1,762,000	*5.0 \$1,762,000
Chicago	321,182,000	4.9 301,182,000
Phila.	190,350,000	25.3 157,782,000
Boston	177,354,000	3.0 146,004,000
St. Louis	142,900,000	2.7 139,000,000
Pitts.	50,402,000	18.8 42,774,000
K. City	54,411,000	3.5 51,585,000
San Fran.	55,488,000	14.5 50,238,000
Baltimore	38,906,000	*1.1 38,570,000
Winnipeg	34,618,000	18.1 31,667,000
Los Angeles	27,351,000	14.4 24,010,000
Cincinnati	25,931,000	*2.7 25,401,000
Detroit	24,507,000	15.2 21,264,000

*Decrease.

**SOME DAMAGE TO
EUROPEAN CROPS**

But on the Whole Conditions Are Satisfactory—Too Much Rain in Britain.

Broomhall's weekly summary of foreign crop conditions, issued yesterday in Liverpool, is as follows:

United Kingdom—According to an official report, the crop outlook is fairly satisfactory. According to unofficial reports, the wheat plant is much discoloured. The acreage to spring cereals shows a shortage. It is also feared that the spring wheat crop is not doing so well as the weather is now improving.

France—Outlook is fairly satisfactory, also in the western region the condition of the crops is only moderate. Supplies of native wheat larger, and arrivals of foreign wheat large. Finer weather is needed.

Russia—Crop outlook favorable, with weather reasonable. Native offerings larger and export demand smaller.

India—Crop outlook in the south very favorable. The recent frost and drought is confirmed. The recent frost was very severe, and most authorities believe the crop has been damaged. Supplies in the southwest light. In the south-east fairly liberal.

Roumania—There has been good general rains, which have benefited the wheat crop.

Italy—Both crop and weather reports show improvement.

Spain—The weather is warm, following beneficial rains, and the crop shows improvement.

Argentina—Weather reasonable and favorable. The wheat crop and movement of the corn.

London Market Varied and Close Was Steady—Good Investment Demand.

LONDON, May 13.—The stock market opened cheerfully today. There was a good investment demand for hardening prices, but speculative business was small owing to the commencement of the settlement in the active and firm. Dignified shares were active and firm, while Mexican railroads were weak on poor earnings statements.

American securities were quiet and steady during the afternoon, with valuations small fraction above parity. Canadian Pacific started a point higher, but the advance was lost under Berlin selling. The market varied but little in the late trading, and the closing was dull but steady. Money was in good supply and discount rates were quiet.

**REGULAR STANDARD
OIL MELON FEAST**

Another of the "melon" cuttings which have made the apostles of John D. Rockefeller famous has just taken place. The Standard Oil Company of Nebraska stockholders are to receive 25 per cent. of the stock dividend semi-annual dividend of \$10 a share and an extra cash dividend of \$5 a share. The stock has been selling around \$350 a share on the New York curb of late. The company is capitalized at \$800,000, and paid a stock dividend of 33 1-3 per cent. in April, 1912.

WINNIPEG GRAIN MARKET.

A very light volume of business was transacted on the wheat market. Cash demand was poor and receipts were heavy. Flax and oats were active and lower. In light for inspection cars.

Cash: Wheat, No. 1 northern, 92 1/2c; No. 2, 89 1/2c; No. 3, 84c; No. 4, 82c; No. 1 rejected seeds, 87c; No. 2, 84c; No. 3, 81c; No. 1 tough, 86c; No. 2, 84c; No. 3, 81c; No. 1 red winter, 92 1/2c; No. 2 red winter, 90 1/2c; No. 3 red winter, 87c; No. 4 red winter, 84c.

Oats, No. 2 C. W., 24 1/2c; No. 3 C. W., 23 1/2c; extra No. 1 feed, 34c; No. 1 feed, 32 1/2c; No. 2 feed, 31c.

Barley, No. 3, 47c; No. 4, 46 1/2c; feed, 43c.

Flax, No. 1 N. W. C., 81 1/2c; No. 2, 79c.

**BETTER FEELING
IN BIG MARKETS**

New York Stocks Reflected More Cheerful Sentiment in Europe.

NO SELLING PRESSURE

Market Appears Sold Out and Stocks Are Quite Scarce.

NEW YORK, May 13.—The drift of prices was upward today, and while the volume of business remained small the close of the session found not a few of the leading shares a point or so higher than at the close yesterday. Speculation still reflected the reluctance of traders to commit themselves heavily on either side of the market so long as the unsolved problems of the present situation continue to obscure the outlook for securities. An important feature of the day's trading was the absence of selling pressure. Stocks were scarce and it was inferred that the market was again in a sold out condition, which made the technical position comparatively strong. The borrowing demand for Steel in particular was unusually heavy, and estimates of the size of the short interest in this speculative favorite ran into large figures. Traders took advantage of conditions to force a rally at the expense of the bears, whose efforts to cover aided in placing stocks on a higher range.

More Cheerful Abroad.

Resumption of trading on the European exchanges after a triple holiday was of influence on this market. The effect of the more cheerful feeling in London was reinforced by moderate buying for foreign account. It was estimated that London took 10,000 shares on balances.

**UPS AND DOWNS
IN N. Y. MARKET**

Erickson Perkins & Co. report the advance prices for ten active rails and ten industrials yesterday and for the year to date, as follows:

Ten Rails	Ten Industrials
Tuesday, high	119.5
do, close	119.5
Monday, close	119.0
Saturday, close	118.4
Open, year	128.5
High, year	128.7
Low, year	81.5

The stocks used as a basis are: Rails—Atchafalaya, Great Northern, Louisville, New York, New York, Pacific, Pennsylvania, Reading, St. Paul, Southern Pacific, Union Pacific. Industrials—American Locomotive, Amalgamated Copper, Car Foundry, Central Leather, Consolidated Gas, General Electric, National Lead, Smelters, U. S. Steel, Westinghouse.

**SLIGHT DROP IN
CEMENT SHARES**

But Tariff Reduction Had No Great Effect—Montreal Stocks Heavy.

MONTREAL, May 13.—After holding at dead level for nearly a week, the local stock market showed a disposition to move today, and somewhat disappointingly the movement was in a downward direction. A slight reaction in the C.P.R. announcement of a reduction in the duty on cement and intimation that action has been deferred on the dividend of Canadian Cottons common furnished influence making for a slightly weaker feeling. Leading stocks in the accompaniment of an increase in activity, but somewhat after the recent decline, declined from 1 1/2 to 1 1/4 points, and the market closed at the low with a somewhat heavy undertone. Good buying was met on the reaction, and traders who looked askance at the recent level of prices were apparently tempted into the market by the decline, slight as it was.

Cement Fairly Firm. Cement, which attracted a good deal of the market interest on account of the morning's announcement from Ottawa, acted up to the best expectations of its friends. Initial transactions were at 30 1-8, a recession of 3-8 from last sale and on dealings in about 800 shares held between that price and 30. Closing bid at 30 was shaded 3-8 from Monday's close.

C.P.R. was apparently affected by foreign selling. The opening was 1-4 lower at 240 3-4 and the close at 240. Power fell back a point to 225, but encountered good absorption at that level.

Textile declined 1-2 and closed at 86 1-2 offered. Support was apparently withdrawn from Brazilian, and it declined 1-2 to 83 1-2. Iron relapsed one point to 49 3-4, and after rallying 1-4 to 50 was offered at 49 7-8 in the late trading.

Total business—4963 shares, 139 mining shares and 400 bonds.

\$100 BONDS

The investors of Canada and the United States annually over \$1,500,000,000 of bonds—the banks, trust companies and corporations taking the greater part.

\$100 bonds are now available to all investors.

Select list on request.

**UPS AND DOWNS IN
MINING MARKET**

Irregular Tone Shown by General Favorites—Dome Hits a New Low Record.

While mining stocks maintained an appearance of firmness at intervals yesterday, several instances of weakness served to detract from the favorable showing of the general list, and the best that could be said of the market was that it was irregular. Profit-taking was apparently under way in some of the specialties which have been boosted of late, and the effect of this on sentiment was plainly evident.

Such stocks as Pearl Lake, Jupiter, Imperial and Hollinger in the Cobalt, and Canadian Gold, Foster, Cobalt Lake and Beaver in the Cobalt, showed symptoms of resiliency, and all of these made advances at one time or another. Pearl Lake gained 1/4 at 52 1/2, but had lost its gain at the close. Imperial sold at \$17.00, Jupiter at 48 1/2 was fractionally improved, and Imperial at 3 1/2 stood at a new high record for this month. Foster made a similar showing at 9 1/4, and Canadian Gold at 22 was at a new high in its history, and up a full two points for the day. Cobalt Lake sold at 68.

Numerous Losses Shown. Continued weakness in Dome Mines was viewed as an indication of disappointment over the reported pending increase in the capital. The shares were back to a new low record in their history at \$15.25, which indicated a net loss of \$2 a share for the month. Dome Extension at 9 1/2 was off a fraction, but that was the only other indication of an easier tone in the gold issues.

Numerous small declines occurred in the Cobalts, the result of scattered liquidation. Great Northern dropped over a point at 18; Timiskaming, which moved up a full point to 87 early in the day, was back to 85 1/2 in the afternoon. Ottawa at 1 1/2, Westlafer at 14, were at new low levels for the month, and Kerr Lake, Chambers, McKinnley and Peterson Lake all wound up at losses for the session. The movement was not extensive, but the demand was not sustained and brokers who held selling orders found it necessary to reduce their prices in order to attract bids.

**MINING PROMOTER
GETS YEAR IN PRISON**

Larder Lake Promoter Convicted in Philadelphia—Well Known in Toronto.

PHILADELPHIA, May 13.—Harry C. Seymour, promoter of the Canadian Trench Gold Mining Co., which holds properties at Larder Lake, pleaded guilty of mining frauds before the grand jury of the city in Philadelphia, and was sentenced to one year in the county prison. Seymour posed as a former lieutenant in the British navy and a relative of the noted Admiral Seymour. Philadelphia easy-marks are said to have contributed something like \$40,000 to the proposition, which was described as a wonderful gold and silver mine.

H. C. Seymour was well known to mining interests in Toronto, having been frequent visitor here a year or so ago. He was president of the Larder Lake Board of Trade and was general throat in the north country as a great hustler.

**INCREASED OUTPUT
AT CASEY COBALT**

Production Last Week Beat Out April Record—Will Use Electric Power.

COBALT, May 13.—The production from the Casey-Cobalt mine for the week ending May 3 was 20,160 ounces. This is considerably higher than any of the April weekly records, which ran about 16,000 ounces.

The agreement with the Northern Ontario Light and Power Co. to build a power line out to Casey Township and to the mine will enable the company to quite materially reduce their costs. The arre at the present time, the burning wood, is the price for hauling coal over the roads from New Lis-leard makes it prohibitive.

**NEW PLACER GOLD
FIELD NEAR SUDBURY**

SUDBURY, May 13.—Prospectors who have returned from Carleton place of the latest placer gold rush report that the whole country for seven miles is staked solid. The main find is on the Mossman-Lausen-Carleton claim, where a sluice box is now being prepared to wash the gold, but numerous other discoveries have been made. The men are very enthusiastic over the prospects for the diggings, and it is too early as yet to say whether the excitement is warranted or not.

**COBALT TOWNSHIP
OUTPUT IS STEADY**

COBALT, May 13.—The production of the Cobalt Township mine for the week ending May 3 was 40,800 ounces. This is the same amount as for the week ending April 5. During the rest

HEAVY TONE IN GRAIN MARKET

Sudden Cessation of Foreign Demand Effectually Dampens Bullish Enthusiasm. CHICAGO, May 13.—Absence of foreign demand combined today with bumper crops ahead to deprive the wheat market of strength.

Improvement promised in country corn. Reports from all quarters were favorable in regard to completion of planting. Illinois receipts lowered out. There was much unloading by rural speculators.

World's visible wheat supplies last week decreased 1,900,000 bushels, according to Berlin wheat closed 4c lower to 46c higher.

European visible wheat, \$7,408,000 bushels, against \$7,360,000 bushels last week; increase, \$48,000 bushels.

ST. LAWRENCE MARKET. Receipts of farm produce were 20 loads of hay and several tons of dressed hogs.
