The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "À SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

March 29—*Mr. Aikens*—IN COMMITTEE OF THE WHOLE—The following proposed Resolution:—

Resolved, That whereas every waving tree top, every one of the lowing kine and every fish that cuts in joy the rolling billows of the prairies and every towering church-spire, every bowed worshiper and every happy fireside that scatters to the breeze its leaves of red and gold;

And whereas, the tree of Empire, whose branches and leaves are for the strengthening and healing of the nations, is rooted in the ruddy skies of a far-circling and grappling dawn;

And whereas, Canada, the young shepherd of Empire, strong because of his strength, full of courage because in his sling and pouch are three smooth stones like unto battle-ships, bearing on his helmet the sword of the Lord and of Gideon, stands in his naked might, armed from root to branch in steel;

And whereas, the great Lord of Luna, heading the raging Tuscan hosts in impotent might, is now fronted across the North Sea by the bold Horatius, who is Canada, guarding the bridge with Herminius, who is Australia, and Lartius, who is New Zealand, standing at either hand;

And whereas, great is Diana of the Ephesians and Britannia, the mighty huntress, must ever rule the waves or great will be the fall thereof;

Therefore, be it Resolved, That the solution of the above shall first be considered in the light of the answer to the riddle: Why is a man wheeling a wheelbarrow up the side of a mountain like a boiled egg, the answer being—The farther he goes he is still her mother.
