ONE GIRL KILLED, SIX INJURED WHEN DRIVER OF MOTOR CAR TRIED TO AVOID AN ACCIDENT

Miss Lillian Stein Died of
Injuries, Miss Weinstein is
in Critical Condition, and
Four Men Were Slightly
Injured at Queen and John
Streets.

Driver of Car Tried to Avoid
Hitting a Bicyclist, Saw a
Street Car Coming, and in
Trying to Turn Away the
Car Jumped Sidewalk into
Excavation.

One young woman dead, another severely injured and four men and a boy in a more or less serious physical condition, is the toll caused from a motor car driven by Phillip Kaufmann crashing over Queen-street at the south-west corner of John-street at 2:15 yesterday afternoon. Leaping into an eight-foot deep building excavation at this corner the machine carried with it two women who were walking past on the sidewalk at the time and the occupants of the car. It buried two beneath it after turning over on its side. The dead woman, Miss Lillian Stein, 23 West Queen-street, and 25 years old, was on her way to the theatre with a friend, Miss Jennie Weinstein of 36 Sullivan-street, when the car swept them from the pavement. The occupants of the car were Sol and Josiah Kaplan, sons of Rabbi Kaplan, 186 John-street, Ben Goldenberg, also of 186 John-street, and the driver, Phillip Kaufmann. None of these were very seriously injured, although all were bruised and suffered from hysteria. The driver escaped almost unhurt but was in a serious nervous state. He was arrested on a charge of manslaughter to soon as word of Miss Stein's death was received at police headquarters. The machine has been confiscated. This was done to eliminate the possibility of a recurrence of conditions as in the Brintnell case of some time ago when, after an automobile accident, the machine was fixed before it had been examined as evidence.

The Driver's Story
The driver, who is manager of the Canadian Film Exchange, this city, was driving the firm's car at the time of the accident. He tells his story in this manner:
"I started from 186 John-street with the Kaplan boys and young Goldenberg in the usual way—that is I used low speed. After going about 10 feet I put on second speed and was running at second when I was about to turn off John-street and onto Queen. As I was just turning a street car going west went whizzing past. I sounded the horn, but it was not heard, and I was kept straight on. Just then a bicyclist was passing and in endeavoring to miss hitting it I ran over the sidewalk and plunged into the excavation. I was so engrossed in endeavoring to steer the machine that I did not know that I had hit anyone until the car, turning over, on alighting, I saw two women pinned beneath it. I called to spectators who had rushed to the accident point to come down and help me extricate those beneath the machine. It was fully three minutes before any one volunteered to give me aid. I was hurt myself, but did not notice anything until the women had been carried into the fire station. Then I felt myself fainting, but managed to stave off this feeling until I keeled over."

HOW TORONTO IS GROWING

Nearly a million people, by means of street cars, trains and boats, were carried to and from and to various parts of this city yesterday. Over 22,000 were present at the racetrack meeting, 17,000 people saw the ball games, 7000 the lacrosse match at Scarborough Beach, over 2000 visited the dog show exhibition, the cricket match claimed over 1000 more, the C. P. R. and the G. T. B. carried to and from the city approximately 180,000, the Niagara Navigation company had as passengers over 5000, the ferry boats carried 57,000 people, and, roughly speaking, 600,000 citizens and strangers to the city rode on local street cars. To be exact, the number, according to the above figures, was 891,000 souls. These figures mean, of course, that this number was carried, not that so many were in the city. Many traveled three or four times on the street cars and on the boats twice.

PLANS FOR STATIONS SANCTIONED BY BOARD

Grade Separations in North End of Toronto Also
Passed, and by 1913 More Than \$13,000,000
Will Be Spent on Railway Work.

Two new stations for Toronto were virtually put under way by the Dominion Railway Commission when the grade separations of the C.P.R. and the C.N.R. lines along the northern section of the city, and the plans for the new G.T.R. depot were endorsed yesterday morning. These structures when completed will involve a total expenditure of about four and one-half million dollars, and, according to the estimates of the officials, the cost of the viaduct and the proposed improvements of the C.P.R. and C.N.R. tracks will bring the total cost up to \$13,000,000.

Grade Separation
As regards the new joint station of the C.N.R. and the C.P.R., the only difficulty was with the proposed grade separation between Avenue-road and Davenport-road. The commissioners ordered Engineer Mountain to prepare alternate plans, and, when these are submitted, the original specifications are drawn up by the railway companies will be endorsed. This eliminated the difficulty and nothing now stands in the way of the new projects which J. W. Leonard, chief engineer of the C. P. R., stated yesterday would be commenced at once.

G.T.R. Plans Passed
The G.T.R. plans for the new Union Station, or, as it will be, the new G. T. R. Station, were adopted. Chairman Scott made the announcement as soon as the matter was brought up, and ordered the G.T.R. to proceed at once with the work. This order, he said, applied to both the depot and the viaduct. H. R. Safford, chief engineer of the G.T.R., said that work would be commenced at once and would take, he estimated, two and one-half years to complete. There were some detailed plans to prepare, but these would be ready shortly. Mr. Leonard claimed that there was some objection to the location of the viaduct from Queen-st. to Berkeley-st. He thought they should be amended to some extent, in order to meet the needs of the factories ad-

CANADIAN FRUIT AWARDED GOLD MEDAL

LONDON, May 23.—(C. A. P.)—At the International Flower Show yesterday, Canada and Australia were awarded blue ribbons in the form of large gold medals for the best collection of fruit. The King expressed great satisfaction at the admirable arrangements of the exhibitors.

Yonge Street and Greater Toronto

What The World has been telling the public now for a good many months has been officially confirmed, namely, that the Canadian Pacific Railway intends to make its main station in Toronto, and its only station here, at North Toronto, and that it will have associated with it in this enterprise the Canadian Northern Railway. The new station is to be on the south side of the present Canadian Pacific Railway and immediately east of Yonge-street, a little less than a mile north of the corner of Bloor and Yonge-streets. They say it will cost two millions; we have reason to think it will be nearer four. And there will be a big hotel.

We take it that this new union station on upper Yonge-street is to be the coming centre of Greater Toronto. We take it also to be the new real estate centre of Greater Toronto. The new union station is to be almost three miles north of the foot of Yonge-street.

And by reason of the remarkable growth now going on in all portions of the northern part of the city and the adjacent portion of the township, that there will be more population in a very few years north of the Canadian Pacific tracks than south of them.

And we further take it that Yonge-street will be the main thoroughfare of Toronto, and that Yonge-street will be the great north and south city avenue; instead of being what it is to-day, about three miles in the city. It will be at least seven miles long and, in all likelihood, a good many more miles in the city limits.

A strange thing, however, is happening on Yonge-street, immediately north of the proposed new union station. The Metropolitan Railway has a franchise of its own almost down to the C. P. Railway tracks, and it is trying to secure from the Town of North Toronto a double-track franchise on Yonge-street and the right to connect those who wish to come down to the city from North Toronto to pay two fares, and they now pay two fares, but they are having this matter of two fares crystallized anew in legislation by a deal with North Toronto. Can Toronto afford to have two street railway franchises, one north, the other south of the city center?

We know nothing more dangerous to a greater Toronto than this effort to secure such a franchise. And we are mighty sorry that not a newspaper in the city, asking the side of the people of North Toronto or the people of Greater Toronto. In fact, the goal is being made thru the silence of the newspapers.

The mayor of Toronto and the council of Toronto are the custodians of the future of Greater Toronto, and they must find the solution of the problem now under consideration. What is their course to be? We take no stock in the efforts of the councillors of North Toronto to fasten a deal that means a perpetual handicap on North Toronto and Greater Toronto.

It is not good public policy for one of the newspapers to seek to facilitate a second franchise on Yonge-street and a perpetual double fare on that street under the guise of exposing real estate speculation. Real estate speculation is not its own footing, and so must the railway franchises in connection with Greater Toronto.

AX TO FALL ON CIVIL SERVANTS

One Prominent Office-Holder at
Ottawa Slated for Dismissal
Following Sectarian
Differences.

OTTAWA, May 24.—(Special).—The report of the commission headed by Hon. Dr. Spreule, which has been investigating certain charges against the conduct of officials of the house of commons staff, was placed in the hands of Premier Borden yesterday. While the substance of the report has not been made public, it is understood that it recommends the dismissal of at least one prominent official, and that other drastic reforms are advised.

During the investigation, which was conducted under oath, some rather startling revelations were made. Acute differences along religious lines between the officials of one of the most important departments, according to the evidence, reached such a pitch at one period that two of the men had applied for permission to carry firearms, with which "to protect themselves."

It is believed that the result of the investigation will be to bring the staff up to a higher grade of efficiency so that its work will be accomplished along more economical and business-like lines.

E. J. CHAMBERLIN IS NEW HEAD OF G.T.P.

Announcement Made of Elevation of Vice-President and General Manager of Grand Trunk Pacific to Succeed the Late C. M. Hays—Wm Wainwright Promoted.

MONTREAL, May 24.—(Can. Press).—Announcement was to-day made by Chairman Alfred W. Smithers of the Grand Trunk and Grand Trunk Pacific Railways, that the vacancies caused by the death of the late Charles M. Hays had been filled. The announcement was couched in the following official statement:

"Mr. E. J. Chamberlin, vice-president and general manager of the Grand Trunk Pacific Railway Co., has been appointed president of the Grand Trunk and Grand Trunk Pacific Railways Companies, to succeed the late Mr. Charles M. Hays. Mr. Chamberlin has also been elected a member of Grand Trunk board in place of Mr. Hays."
"Mr. William Wainwright, second vice-president of the Grand Trunk Railway, has been elected first vice-president of the Grand Trunk Pacific Railway. Mr. M. M. Reynolds has been elected a director of the Grand Trunk Pacific Railway and second vice-president."

This decision was reached at a meeting of the Grand Trunk directors this morning.

Liberal Elected to Succeed Bottomley

LONDON, May 24.—(C. A. P.)—The South Mackay by-election caused by the retirement of Horatio Bottomley, resulted in the return of a Liberal. Mr. Moore, who secured 5333 votes against 4338 for W. C. Gibson, Unionist.

Horatio Bottomley, who sat in the house of commons as an independent, gave up his seat as the result of heavy damages being found against him in a suit brought by the estate of a retired government official. Bottomley is the editor of "John Bull."

SOCIALISTS WIN IN BUDAPEST

LONDON, May 23.—(Can. Press).—The Socialists have reached a compromise with the government, according to a Budapest despatch to The Daily News, and peace has been concluded on the understanding that the premier promises to introduce a manhood suffrage bill in parliament to-morrow. The Socialists declare they are satisfied with the result which is worth the sacrifices made.

H.R.H. the Duke of Connaught Full of Optimism For Canada's Future As a Part of a United Empire— The Dominion's Contribution in Territory and Natural Resources to the Wealth of Empire.

NEW ZEALAND AN OBJECT LESSON TO US IN NAVAL CO-OPERATION

Rarely, if ever, in Toronto has such a distinguished assemblage gathered around the festive board to celebrate a day of national thanksgiving, of national remembrance and of imperial aspirations, as that which graced Convocation Hall last evening at the first annual Empire Day dinner of the Empire Club of Canada.

On the day forever sacred to the memory of "Victoria the Good" her illustrious son, Arthur, Duke of Connaught and Strathearn, Canada's royal governor-general, joined with those foremost in the political and social life of Toronto and of Canada in a speech brimming with optimism for the future greatness of this Dominion and of confidence in her playing a worthy part in the upbuilding and defence of the empire of which she is proud to form a part. Not only was the Duke present as guest of honor, but added éclat was given to the occasion by the presence of the Duchess of Connaught and the Princess Patricia of Connaught, in whose honor many ladies attended the banquet, lending a touch of brilliance to the scene in the hall.

All the seats had been taken out of the ground floor of Convocation Hall, which was covered with handsome rugs, the platform being bedecked in a profusion of palms, while under the organ hung, between two Union Jacks, the royal standard with the Inescutcheon of H. R. H. the Duke of Connaught, which also figured on the cover of the handsome menu card.

THE ROYAL ENTRANCE.
The guests of seats which rise up from the ground floor were occupied by the guests, who rose at the strains of the national anthem, played by Dr. Albert Ham on the magnificent new organ, to greet the entrance of the royal party. First came the Duke, his breast covered with orders, escorted by Mrs. F. B. Featherstonhaugh, wife of the president of the Empire Club, followed by Mr. Featherstonhaugh with the Duchess, Lieut.-Governor Gibson with the Princess Patricia, His Lordship the Bishop of Toronto with Mrs. Gibson, Lieut.-Col. Lowther, A.D.C., with Miss Gibson, and many others. As each guest passed out to the banquet hall a bow was made to the royal guests of honor and graciously returned.

The banquet was held in the large examination hall to the west of Convocation Hall, and the walls were gaily decorated with alternate broad bands of blue and white bunting, while the electroliters were softened with golden draperies.

Under a canopy of royal purple and gold at the centre of the head table sat H. R. H. the Duke of Connaught. On his right sat Mrs. Fred B. Featherstonhaugh, and on his left Mr. Featherstonhaugh, on whose left sat the Duchess of Connaught, the Lieutenant-Governor of Ontario and H. R. H. the Princess Patricia. Behind the chairs of Their Royal Highnesses were draped the royal standard and the Union Jack, superimposed on which was a large copy of the royal coat of arms.

LAURIER'S FALL WARNS ASOUTH

So Asserts Grand Secretary
Hashaw of Orange Young
Britons—Home Rule for
Ireland Denounced.

BROCKVILLE, May 24.—(Special).—The first annual meeting of the Grand Lodge of Orange Young Britons of British North America opened here to-day with one of the largest representations of delegates in its history. Points as far west as Sault Ste. Marie and east to Quebec City were represented. After a civic welcome by acting Mayor Mackenzie and a deputation of town council and a complimentary address from the local Orange lodges, the reports of the grand officers were received.

Grand Master Gordon Black of Toronto made an appropriate reference to Brockville as the birthplace of Orangemen on this continent and expressed his satisfaction at the continued growth of the Young Britons.

Touching the question of home rule for Ireland he said: "As your grand master I feel I voice the sentiment of this grand lodge when I say that our brethren in the old land have our dying sympathies in their efforts to prevent the passage of the home rule bill for Ireland, and that our hopes and prayers are being exercised on their behalf, and, if need be, our personal and financial assistance, in their noble fight to uphold the British crown in Ireland, and to prevent the country from getting into the hands of the Roman church."

Membership Doubles in Year.
Grand Secretary Hashaw reported the membership at 10,000, which is almost double the figures one year ago. Ten new lodges were instituted, at Regina, Sask.; Bracebridge, Ont.; Portage la Prairie, Man.; Victoria, B. C.; Flvers, Man.; Nippers Harbor, Nfld.; Moose Jaw, Sask., and Toronto.

The grand secretary touched upon the change in the Dominion Government of September last, and attributed the defeat of Sir Wilfrid Laurier to the Protestant people of Canada arising from the fact that they were not united in their support of the British Empire.

MONOCACY AND PRISCILLIAN WIN THE HOLIDAY FEATURES

Four Favorites, a Second Choice and Two at Good Prices Prove the Winners—Enormous Crowd at the Woodbine Track.

The attendance at Woodbine Park yesterday afternoon was almost equal to the proportions of opening day.

Four favorites scored, Scrimmage finishing second, Flying Yankee third, and Brandy outside the money. Elwah, in the opening event, and Supervisor in the sixth paid the largest odds to win.

Monocacy, from the Whitney stable, broke thru the barrier before the start of the Victoria Stakes, and thus was ruled runner-up.

Miss Detroit showed the way in the opening event after the barrier sprang, and Supervisor and Elwah followed.

As usual, the common people, who must needs see some sport on the street cars and to suffer from overcrowding and a slow service.

The steplechase furnished a splendid spectacle, the four remaining together for two and one-half miles, alternating in the lead.

KOUTERS AND INDIANS MAKE A SPLIT TORONTO WINS AND LOSES ON THURSDAY

Leafs Find Morning Game Only a Workout and Bang Out 17 Hits Which Net Them 13 Runs, While Newark Only Scores Twice.

The Leafs just romped away from the Newark Indians in the morning game, with a 13-to-2 score. It has happened. What? Why, Mighty Tim Jordan has connected for his first homer on the Island grounds. Tim did it in the third inning, with Shaw on base. It was one of Tim's old-time slappings, and landed high up in the right-field bleachers.

Marquard's Ninth Win Brooklyn Are the Prey

At Brooklyn-Marquard registered his ninth victory of the season, when New York beat Brooklyn, 6 to 3. The big south-paw wobbled several times, but was saved by sensational fielding, Fletcher particularly. He struck out by left-handers, and had two bases on balls.

At Pittsburgh-The pitching, batting and fielding of Hendrix featured the Pittsburgh-Chicago game. Pittsburgh won in the sixth inning, when four runs were scored on five hits. Score, 8 to 3.

At Philadelphia-Boston bunched hits off Seaton, with two errors by Philadelphia, in the seventh and eighth innings, and won, 8 to 1. Moore had his right hand broken trying to stop a hard drive by Devlin in the fifth inning.

At St. Louis-Cincinnati mixed hits with pass and stolen bases in the ninth inning, and won, 10 to 6. The batting of Lewis, Brown and Phelan and double-steal by Magee and Ellis.

Robt. John's Blue Shirts in Front of Nationals Lacrosse Season With Wins

ROBT. JOHN'S BLUE SHIRTS IN FRONT OF NATIONALS ARE BEATEN BY ONE GOAL

Torontos Open Big Four Season With a 3 to 2 Victory Over Frenchmen—Gibbons a Star in the Toronto Nets—Game Fast and Fairly Clean.

Seven thousand people saw Toronto defeat the Nationals of Montreal in the opening game of the Big Four Lacrosse season at Scarborough Beach yesterday.

Considerable counter attractions, officials are congratulating themselves on the turnout. Both players were well filled, and only here and there in the grand stand were there any spectators.

Chances are bright. Judging from the work of the Blue Shirts, they are a big factor in the game this year.

Torontos goal-keeper, Dave Gibbons, was one of the big surprises. From after time from close in, from far out, from all angles, but Gibbons was good.

Norman Harshaw, at point, played better than usual. He was constantly changing his man and many shots he stopped.

Eddie Powers as first defence played well for a time, but lost his head in the second quarter.

It might be said here that the new naming scheme instituted by the Big Four proved very effective yesterday.

This served to keep the men on the field and to stimulate the crowd and to satisfy the spectators. Six men were booked each.

Tommy Fitzgerald was substituted for Powers and played well, but not up to the standard of his brother, Billy Fitzgerald, who was dubbed the \$1000 baby by the bleachers.

Good Field Work. Torontos field men were as effective as ever, and this year, even at this early stage, showed marked improvement in their passing.

Right at the start the Nationals looked as tho they would play circles around Torontos, but they were in for a surprise.

Norman Harshaw, at point, played better than usual. He was constantly changing his man and many shots he stopped.

score and gathered one to the good. Barnatt, who was generally in the vicinity of the rubber, received a pass from Warwick in the midst of fun.

There was much ineffective playing in the third quarter before the Nationals were headed by the ball at center.

It was just like this for the first portion of the last stage of the game. But Dulude broke the monotony.

The Nationals lined up as follows: Torontos (3)—Goal, Gibbons; point, Harshaw; cover, Duckett; first defence, Bruden; centre, Dandeno; third defence, Gauthier; outside, home, Kalls; inside, home, Warwick.

Summary of scoring: First quarter—Torontos, 1; Nationals, 2. Second quarter—Torontos, 3; Nationals, 2.

Final score: Torontos 3, Nationals 2.

Final score: Torontos 3, Nationals 2.

Boxing Preliminary Bout

PRELIMINARY BOUTS EIGHT FIGHTS

Big Show on Opening Night of Boxing Championships in Riverdale Rink—Draw for To-night.

Eight preliminary bouts were decided last night in the championship tournament before a fair and delighted crowd in Riverdale Rink. As on all first nights there were all sorts of contests, including two or three that were of the quality of the final round.

16 pound class—Ted Price (St. Charles) v. George Nicholas (B.U.A.C.)—Price was awarded the decision in the third round. The St. Charles entry, however, in front of the final round, was being given the decision.

12 pound class—Houle (West End) v. S. Kelly (Montreal)—Houle of West End was awarded the decision in the final round. Houle had the reach and Kelly found difficulty in penetrating his defence.

12 pound class—J. Lindella (B.U.A.C.) v. Wm. Dixon (Montreal)—Lindella was awarded the decision in the initial round. The going was too heavy for the easterner.

12 pound class—Freeman (Toronto) v. Dely (Ottawa)—Freeman was given the decision in the third round. Freeman met a Tartar in the Ottawa boy. Both boys battled hard all the way.

12 pound class—Charles Patten (Vancouver) v. H. Greenham (W. End)—Patten of Vancouver was awarded the decision in the third round.

12 pound class—George Godden (Julesburg) v. E. Kinch (B.U.A.C.)—Godden was awarded the decision in the third round. A good fast bout all the way.

12 pound class—Ottawa v. Freeman (Toronto)—Freeman won in the third round.

12 pound class—A. R. Ayerst (Owen Sound) v. Ed. Townsley (B.U.A.C.)—Townsley was awarded the decision in the final round. It was close, hard fighting from start to finish.

12 pound class—Saunders (B.U.A.C.) v. Adams (Owen Sound)—Saunders won in the third round.

12 pound class—Geo. Parrish (Buffalo) v. E. Raby (West End)—Parrish won in the third round.

New Yorker Takes Hamilton Race

Duffy of Toronto a Close Second

Jensen of Pastime A. C. Finishes in 2:01.15 With Duffy 20 Seconds Behind—Another Gothamite is Third—The Results.

HAMILTON, May 24.—(Special.)—Harry E. Jensen of the Pastime A. C. New York won the annual Spectator road race here this morning over a 15-mile course in 2:01.15. Twenty-six runners faced the barrier, eight of the original 33 entries being scratched and an added starter being included in the get-away bunch. The heat and the distance proved too much even for some of the favorites, who started and several failed to finish.

George Richards who carried the colors of the Hamilton Irish-Canadian A. C. and who was looked upon as the "good thing" of Hamilton people, injured his knee in collision with a spectator on the Barton-street Bridge, less than a mile from the starting point, and had to drop out. The roads on Barton-street for a mile east of Sherman-avenue were very heavy and made hard going for the runners for a brief period.

London won by only a narrow margin, as James Duffy of the Eaton A. C. Toronto finished only 20 seconds behind him, in the time of 2:01.15. Duffy led over most of the course and was in front at the high-level bridge. Three miles from the finish, Harry G. Smith of the Bronx Church House, New York, finished in third, in 2:03.33. The fourth man in the race was Edward Fabre, National Harrier Club, Montreal, his time being three seconds slower than Smith's.

Following the next men were: Charlie Cook, Army Medical Corps, Hamilton, 2:06.15; Jake Wirth, Brandon, Man., M. C. A., 2:11.10; Percy Wyer, Vermont A. C., Toronto, 2:12.55; Arthur Scholes, unattached, Toronto, 2:14.45.

The officials in charge of the race were: Referee, F. G. Merrick, associate referees, W. J. Southam, S. F. Washington, K. C. J. M. Harris, Dr. Bruce Macdonald, J. G. Thompson, Timmer, D. M. Cameron, Dr. A. C. Colville, T. P. Best, Robert Kerr, Judges, Hugh Murray, Carr, Gordon Southam, D. A. Tope, Guy Long, H. M. Dodsworth, W. C. McKinnon, Scott Dixon, Simpson, W. A. Moore, Fred Martin, Roy Moody. Judges at finish, James R. Allen, W. W. McKnight, T. M. Wright, Sol Mintz, Jack Caffery, J. B. Hanna, James MacPherson.

The time served as the Canadian trial for Olympic aspirants, and from the following Canadians who finished in the top five, the Olympic team will be completed: Duffy, Cook, Fabre, Scholes, Wirth, Harris, McKinnon, Thompson, Timmer, Cameron, Colville, Best, Kerr, Murray, Southam, Tope, Long, Dodsworth, McKinnon, Dixon, Simpson, Moore, Martin, Moody. Judges at finish, James R. Allen, W. W. McKnight, T. M. Wright, Sol Mintz, Jack Caffery, J. B. Hanna, James MacPherson.

Here you Joe Kelley we desire an explanation. The following story credited to the Toronto manager, is going the rounds and taken from The Daily News of Victoria, B. C. It is news to those who might be supposed to know about it:

"I have seen lots of funny things in baseball," says Joe Kelley, the great old oracle and latter-day manager, "but I still believe that the richest happenings of all came off at Toronto while I was still new to that Canadian team—that first year that I was manager.

"The two newspapers of Toronto—the Globe and The World—were deadly rivals, and showed their rivalry in the most strenuous fashion. Finally, the hostility between them set aside their baseball, and they arranged for a great and desperate game, to be played at the Island Park, a favorite Sunday resort of the Toronto people, who were limited to employees of the office, and by myself as umpire, the Toronto club having a day off. Some game, too, judging by the public interest displayed in Toronto, where excitement was at fever heat, and every citizen seemed to have his money put on one club or the other.

"Each club had out its own gully, taking turns in practicing at its ball field, and the eve of the game was marked by the public interest displayed in Toronto, where excitement was at fever heat, and every citizen seemed to have his money put on one club or the other.

WOOD, HEFFERON TAKE THE RELAY

Billy Queal and Ted Crooks Second, While Longboat and Shrubbs Get the Show Money.

In the fifteen-mile international relay race run last night in front of the Island Stadium, Ted Wood and Chas. Hefferon won by 40 yards over Billy Queal and Ted Crooks, the American team. Longboat and Shrubbs, composing the Canadian team, were third, while the Indian team, Red Jay and Allen Hawk, were hopelessly out-classed.

Longboat started first for the Canadian team as Allen Hawk for the Indians. Longboat cut loose with a terrific pace, but Queal and Wood stuck with him. At the end of the second mile Wood led by three yards, with Queal next and Longboat third. Allen Hawk was a good distance behind. Shrubbs passed Hefferon, and at the third mile had a two-yard lead, but the best Longboat could do was third, with Queal in front leading Wood by one yard.

It was nip and tuck for the next two miles, but Shrubbs always came home with a slight advantage for Longboat, which the latter lost each time. The finish was a two-yard lead, with Queal, Wood and Hawk. When the seventh mile was complete, Queal led Wood, but the Indian was ten feet behind.

The runners were pretty well hunched until the ninth, when Wood jumped to the front, and his partner held the lead for the next mile. There was a distance of 60 yards separating Wood from Queal when they crossed the line for the eleventh mile, for the last mile. Wood widened the gap. Queal ran a fine race. His partner, Crooks, was unable to hold the lead. Shrubbs and Queal worked himself hard to close the gaps. The time for the fifteen miles was 1 hour 34 minutes.

Two out of the three heats in the handicap sprints were taken by Walter Knox, but Jack Munroe won the third in 10 flat with a three-yard handicap.

Percy Sellen won the three-mile open with Jack Roe second and Fred Simpson third.

MEXICO REBELS RAD TO DEFEAT

MEXICO, May 24.—(At the Rebel Front, Corralitos)—(Can. Press.)—Again Gen. Orozco's army retreated before the artillery fire of Gen. Huerta commanding the government troops. As at Conojos, a week ago, the rebels were unable to withstand the hail of shells that poured into their ranks, and retired north from Reliano, this town, which several weeks ago was the scene of a rebel victory.

For nearly twenty-four hours the two main forces of the government and rebel troops were engaged.

The losses could not be estimated, but casualties will be numerous on both sides. Even in the darkness the handspans persisted in their artillery fire. Gen. Orozco was himself weakened by bursting shells. The night attack was a surprise.

27 Seconds in 52 Years

In October, 1858, Ethan Allen, a bay horse born in 1849, by Black Hawk 5, Dan Mace on Union course, Long Island, to a record of 2:23. This was regarded as an unusual performance, because it made Ethan Allen, a descendant of Justin Morgan, the champion trotting stallion of America. Ethan Allen, who was a handsome horse standing or in motion, finally reduced his record to 2:25 1/2 and became a sire of speed. In 1859 George M. Patchen gained the stallion crown by trotting to a record of 2:23 1/2 and after him came such such horses as Fearnaught, George Wilkes, Jay Gould, Mambrino Gift and Smuggler. When Charles Dan Mace on Union course, Long Island, August, 1876, to a record of 2:15 1/4, predictions were made that that was the end of progress, but Phaliss, Max to Cobb, Nelson and Allerton proved to the contrary. In September, 1891, Allerton trotted on the kite track at Inglewood to a record of 2:09 1/4, and in November on the same year Phaliss trotted on the kite track at Stockton, California, to a record of 2:08 3/4.

At Nashville, Tenn., in 1892, Kreslin, son of Lord Russell, brother of the high wheel sulky queen, Maud S., trotted to a record of 2:07 1/4, and in 1893, on the track at Nashville, Directum reduced the stallion record to 2:05 1/4. This was assumed to be the limit, but at Columbus, Ohio, in August, 1891, Crossedown, driven by his owner, George H. Ketchum, was given a record of 2:02 1/4. Nine years later The Harvester became the champion stallion by trotting at Columbus to a record of 2:01. It took fifty-two years to close the gap between 2:23 and 2:01, and they were years of persistent effort.

POLICEMAN ASSAULTED

Opp Shooters Got Mad When Game Was Interrupted.

When Island Constable Beach attempted to break up a crap game at the foot of Woodbine-avenue yesterday afternoon he met with a lively reception. About 30 men and boys were crowded around the men who were playing, and when the constable tried to force his way thru the crowd, he was thrown to the ground and badly kicked and beaten. Despite the beating he received from his numerous assailants, he managed to hold on to W. McCarthy of 91 Seaton-street, until assistance came. McCarthy was locked up on a charge of assaulting the police, and P. C. Beach was taken to his home, 22 Siverose Park, in the ambulance, where he is said to be suffering from several severe cuts and bruises.

YOUNG WOMAN LEAPS TO DEATH

CORNWALL, May 24.—(Special.)—Maud Rusay, 19 years, deliberately jumped off the bridge which spans the Grand River at Massena in Switzerland, at a point where the current is swift. She had been to a moving picture show in the school-house, where she was invited home by Bert Hall and Lillian Whinnison. She went into her boarding-house, but about 10 o'clock left again to go to the bridge, waited until the cars were clear, climbed over the railing and leaped to the water below. Her body was recovered.

An inquest will be held. No cause for the act can be given.

MUNICIPAL ENTERPRISE. Blackpool, a borough incorporated in 1874, and constituted a county borough in 1904, can give pointers to the City of Toronto.

Blackpool has a so-called debt of \$10,000,000, but with this it has provided electric light, established a street railway system, public libraries, news rooms, an art gallery, gymnasium, museum, secondary and common schools. It maintains the gas supply, public markets, sea waterworks, sea water baths, abattoirs and cemeteries.

In the early part of this month the Duchess of Argyll, who, as the Marchioness of Lorne, once occupied Rideau Hall, now the home of the Duke and Duchess of Connaught, inaugurated the latest addition to the famous Blackpool promenade.

HOLIDAYS, OLD AND NEW. The joyous and universal observance in Canada of each recurring Victoria Day is not without significance.

May 24th is more of a holiday for Canadians than July 1st. This may be due in part to the fact that it is less modern and in part to the fact that it is the formal opening of the summer season and outdoor life.

Thanksgiving Day has made a place for itself as the family-feast day, it being a more convenient time for the grown-up boys and girls to meet at the old home than Christmas.

New holidays are being constantly suggested and even prescribed by authority, they do not last long unless there is some popular sentiment behind them.

The public can look for two fast games in the Beaches League to-day. The first game will be between the Kew Beach team and the Harbours, and the second between Eatons and the Royals.

NATIONAL COUNCIL OF WOMEN IS BUSY WITH MANY REFORMS

From One End of Canada to the Other, Leaders of the Movement for Uplifting Standard of Living Are in Session at London—Committees at Work on Reports.

LONDON, May 24.—(Special)—The National Council of Women is alive with the officers and delegates of the National Council of Women of Canada, who are holding committee meetings prior to taking up the work of larger scope.

Loyalty expresses itself in many ways and the women of the council are spending their patriotism on Victoria Day in working for the general good and for those things that tend to good citizenship. Their environment is conducive to good results, the beautiful tulip-beds and shade trees of the Normal School being at their best in a perfect spot of gay sunshine.

Patriotic Decorations
The assembly hall where the public meetings will be held is prettily and methodically arranged, with the view of having everything and everyone in proper place. Printed cards with the names of the different affiliated societies upon them are attached to the front seats. The placing of the delegates will thus be made easy. Tiny flags, the London Jack and Canadian emblem, cluster about the names and the walls are adorned with busts of the great men of Canada and many handsome pictures.

Above the platform on a white ground, rises a shield with the motto of the council: "Do unto others as you would they should do unto you," outlined in immortelles of light blue and purple. The whole is wreathed in evergreens, the finishing touch being given by handsome knot and streamers of satin ribbon, also in blue and purple, the colors of the council.

Committees in Session.
To-day is given over for the most part to meetings of standing committees. It is the duty of these committees that the work of the council is largely accomplished. The woman most interested in the special work of a certain committee is appointed secretary of it. It is the mission of herself and those associated with her to gather and spread information regarding the subject in which they are interested. Committees meet and discuss in separate rooms, but the results arrived at will be given to the public when the regular open meetings scheduled in the agenda take place.

The committees in session to-day are those on vacation schools and supervised playgrounds, peace and arbitration, agriculture for women, laws for the better protection of women and children, public health, the custodial care of feeble-minded women, education, the suppression of objectionable printed matter, citizenship, employments for women, immigration, suppression of the white slave traffic, care of the dependent poor, and the press and advertising committees. This covers a wide field but it practically epitomizes the greater part of the work of the council.

Represent 25,000 Women
Twenty-five thousand of the women of Canada, members of affiliated societies, are represented by the delegates present, and it goes without saying that those selected as representatives are the cream of the intellect of our country.

The council is the outcome of a meeting held in Washington, U.S., five years before the World's Fair at Chicago. At the great exposition a second gathering at which twenty nations were represented, took place. The outcome of this was the establishment of the council in many countries of the world. A provisional vice-president, the late Mrs. McDonald of Toronto, and a provisional secretary, Mrs. Willoughby Cummings, were appointed for Canada, and Lady Aberdeen gave the necessary impetus to the movement by consenting to become its first president.

Councils From Coast to Coast
The National Council of Canada is now composed of the following councils: Toronto, London, Hamilton,

MISS HASWELL'S GOWNS

Much has been written this week concerning Miss Percy Haswell. Her clever initial production has been enjoyed by half of Toronto; the other half for various reasons had to be content with newspapers and verbal eulogium. Her winsome personality has again made its tremendous appeal to Torontonians, and they have joyfully welcomed her again. The last act of "Lady Frederick" produced an exceedingly novel and instructive, and in the masculine element is now surely armed with knowledge as to the source of feminine wiles.

But probably what many of them failed to grasp was the fact that Miss Haswell's beauty is adorned by three ravishing gowns. In the first act a broad-based gown of green and gold with the character of Lady Frederick a dainty shamrock design is cleverly introduced. The one-sided effect on the bodice is of yellow chiffon caught with diamond ornaments, while the opposite shoulder is of wide silver beading. The skirt has the new train

Terrible Itching Got Little Sleep

Mr. T. Williams, Windsor.

Those who have suffered long and helplessly from torturing skin eruptions will read with interest this letter from Mr. T. Williams, 115 Pacific Ave., Winnipeg (dated Jan. 14, 1911): "The Cuticura Remedies certainly did work on me, and I am thankful that there is such a remedy, and that I tried it. About three months ago a terrible itching commenced on my body. I could not understand it. It gradually grew worse and covered a large portion of my body. There was also a slight eruption of the skin, sort of a rash. I suffered greatly with the itching and at night time I had little sleep. I tried one or two remedies which did no good, and then I tried Cuticura Soap, Ointment and Resolvent. In about ten days I was completely cured."

For more than a generation the Cuticura Remedies have afforded the speediest and most economical treatment for itching, burning, scaly and bleeding skin and scalp humors, of young and old. Sold by druggists and dealers everywhere. For a liberal sample of Cuticura Soap and Ointment, with 32-p. book on the care of the skin and treatment of its affections, send a postal to the Peter Drug & Chem. Co., Dept. 31, St. Columbus Ave., Boston, U.S.A.

Mr. and Mrs. T. H. Firth, 37 Beattie-street, announce the engagement of their daughter, Eliza Bowes (Evie) to Mr. William Johnston Eberhart, son of Mr. and Mrs. Eberhart, of Warren-road. The marriage is to take place quietly late in June.

Mrs. Lally MacCarthy, Elm-avenue, Rosedale, gave a delightful garden house dance last night in honor of her guests, Mr. and Mrs. Higginson of Boston. The house and grounds were beautifully arranged with chrysanthemums and other spring flowers, and supper was served at small tables arranged with the same flowers. The hostess looked very handsome in a gown of emerald satin and violet tulle, embroidered in gold, and carried mauve and purple orchids; the guest of honor wearing a beautiful "Lucille" model gown of white satin, veiled with crystal embroidery and touches of emerald green.

Mr. and Mrs. Bruce Macdonald are giving a dinner at the York Club this evening.

Mrs. Clay, formerly Miss Helen Davies, of Montreal, is visiting her mother, Mrs. Riddell Davies.

Mr. and Mrs. W. H. Cawthra have returned from abroad.

Miss Florence Smith will be the guest of Mrs. Riggs at Niagara-on-the-Lake for part of camp.

Mr. Newton Scatthard of Buffalo is in town for the races.

Miss Margaret Gamble-Goddes is in town from Guelph, the guest of her grandmother, Mrs. Jones, Church-st.

At the musicale given by T. R. H. the Duke and Duchess of Connaught at Benvenuto, on Tuesday evening, Mr. Russell G. McLean sang three groups of songs, accompanied by his sister, Mrs. Newton Magwood.

The Beach Canoe Club dance takes place this evening at 8 1/2.

On Thursday, May 23, at 8 o'clock, the home of Mr. and Mrs. H. Forbes, 59 Emerson-ave., was the scene of a wedding, when their youngest daughter, Miss Bertha Forbes was united in marriage to Mr. Elmer Miller, eldest son of Mr. and Mrs. G. W. Miller of Greenhurst. The ceremony was performed by the Rev. P. D. Miller, T. O. Miller, Dr. John Duncaan and the groom, Mr. and Mrs. Miller left for their home on St. Clarens-ave., the bride wearing a tailored suit of king blue with white stripes, and hat to match. Among the many presents from their friends was a handsome cheque from the groom's parents.

The marriage of Elaine, daughter of Mr. and Mrs. Leach C. Eberhart, Rosedale, to Mr. Norman Douglas Wilson, son of Mr. and Mrs. John Wilson, Murray-street, was solemnized in the presence of the immediate families on Wednesday afternoon, May 23, at five o'clock at the family residence, South Drive. The Rev. Dr. Thomas Trotter performed the ceremony. The bride,

Proper Costuming of Shakspeare

The engagement of Sothern and Markow for three nights beginning Monday, June 10, at the Royal Alexandra Theatre in "The Taming of the Shrew," "Romeo and Juliet," "The Merchant of Venice," and "Hamlet" brings up anew the proper costuming of the plays of Shakspeare. In these days of elaborate and correct settings for the immortal dramas, it may come as a surprise to those unused in the artistic lore, that up to sixty years ago no effort had been made to supply appropriate dress. This so-called innovation, the "observance of historical fashions" was introduced by Charles Kean and Samuel Phelps. When one takes into account the correctness of costuming that has marked the productions of Shakspeare's dramas by Sothern and Markow, it comes as a rude shock to the imagination to learn of the ridiculous guises that were worn by the old actors who were wont to furnish their characters.

The great Betterton, for example, played Hamlet in the English dress of his own period, wearing the laced kerchief then in fashion. Garrick's Hamlet was apparelled in a court suit of black—a coat, waistcoat and knee breeches, short wig with queue and bag, buckles on shoes, ruffies at the wrists and the flowing ends of an ample cravat hanging over the chest. It would be no more absurd for Mr. Sothern to play the melancholy Dane in evening dress and opera hat.

Garrick was a great actor, but one can hardly imagine a man of his stamp of mind playing the Thane of Cawdor in an officer's scarlet coat and with trousers of the cut then in fashion. It is said, also, that the great John Kemble was as absurd in many respects as his immediate predecessors in his ideas of suitable costumes. His Hamlet was dressed in a fancy suit, which defied chronology, a carefully combed and powdered wig, such as never sat upon Scandinavian head, and a blouse of jeweled ornaments on the breast of him who courted seclusion. On one occasion Kemble ac-

tually wore the Order of the Garter beneath his knee.

This was anachronism gone mad. Macready, it surprises one to learn, occasionally made mistakes that almost seem impossible to one who had been such a diligent and intelligent student of dramatic literature. Gaultier ridiculed his dress in Othello as absurd, while John Colman described his Hamlet costume as follows: "He wore a dress, the waist of which nearly reached his arms; hat with a sable plume big enough to cover a bear's ear; a pair of black gloves much too large for him; a ballet skirt of straw-colored satin, which looked simply dirty; and what with gauze, awkward, angular flourishes, his grizzled hair, his dark beard close shaven to his square jaws yet unsoftened by a trace of pigment, his irregular features, his queer, extraordinary nose, and his long, skinny neck, he appeared positively hideous."

The actor who would now dare to so disregard historical accuracy would be booted off the boards.

In our day nothing is neglected which is calculated to better enable the audience to realize the truth of the picture. Yet, curious as it may seem, there are those who disagree with the effort, denying common sense and forgetting for the nonce the fact that during Shakspeare's time, and with his evident consent and approval, Richard the Third was presented with actors attired in the dress of the time, borrowed from the collection of historical costumes in the Tower of London.

A few years ago Lord Lytton laid it down as a dogma of art that "archaeology is entirely out of place in the presentation of Shakspeare's plays, and the attempt to introduce it, one of the stupidest pedantries of an age of prag." Oscar Wilde replied to this: "Anybody who cares to study Shakspeare's methods will see that there is absolutely no dramatist of the French, English or Athenian age who relies so much for his histrionic effects on the dress of his actors as Shakspeare does himself."

BOOKSELLING TENDENCIES.

The manager of a long-established book store that has found its business of late years unsatisfactory gives a summary of what he conceives to be the reason for the decline. He refers for one thing to the great development of libraries in the last ten years. This growth has certainly been phenomenal, but the idea that it can be harmful to the making and selling of books has not been proven. The more books are used the greater will be knowledge concerning their utilities and special adaptations. Every man who is intelligent and progressive needs books also their ability to advise concerned of his own that are always within reach, and adds to them carefully as slow to note the progress of under-

occasion arises. Tho' the collection may never amount to what would be called a private library, yet it is indisputable as far as it goes. Another point named in the difficulties of a book store is the immense demand for fiction of a particularly transient nature. The liking for imaginative writing is not to be over-estimated. It is evidently a thing to be well directed, and recognized as good, unless perverted. Perhaps some book stores have allowed superficial fiction to monopolize the foreground, and have gradually relaxed their facilities to supply more substantial books, and also their ability to advise concerned of his own that are always within reach, and adds to them carefully as slow to note the progress of under-

selling and the effects of their own methods of discounts. In the cities of Europe many old book shops are established institutions, and every one that is well pointed aspires to reach this level. While it is true that there are ten times as many public libraries on this continent as were in existence twenty years ago, the fact must be on the credit side of the book-selling business, and the evolution of needs and tastes on which it depends. A book store that surrenders itself to the driftwood of fiction, that has no credit side of giving counsel on standard literature and is without expectations in regard to it, is itself responsible for the limitation of its field.—Quebec Chronicle

AN average sad-iron with hold-weights five and three-quarter pounds and will last from three to five minutes, depending on the dampness of the goods to be ironed, say average four minutes. Take a twenty foot kitchen with an stove and ironing board on opposite sides of the room. You make thirty trips an hour carrying five and three-quarter pounds each time. In six hours you have carried ten hundred and thirty-three pounds and walked thirty-six hundred feet. Then you wonder what makes you tired. A Gas Iron eliminates both the carrying and the walking. You simply attach the tube to a fixture, light it up, and you can do the ironing without moving from the board. A large ironing can be done for ONE CENT. You can have one instantly for \$3.35. LANDOR PENETRATED DEPTHS HITHERTO UNKNOWN BRAZIL

English Explorer Returns From Remarkable Expedition and Recounts Terrible Experiences in Heart of South America.

LONDON, May 25.—A. H. Savage Landor has just returned to England from an eighteen months' journey in the unexplored parts of South America.

His journey included the whole of the unexplored part of Brazil between Rio and Manaus, in the great central basin of the Zingro, Tapajos, and Madeira Rivers, a region which the Brazilians themselves have always regarded as impenetrable.

After crossing Brazil, I went over the Andes thru Peru, to Lima, thence to Cuzco and Lake Titicaca, to examine the Inca ruins. Next I went across Bolivia and Chile to Antofagasta. From this point to Valparaiso by steamer, and once more across South America to Buenos Aires.

I described enormous zig-zags in order to visit regions which interested me by reason that they were absolutely unknown. With the exception of thirty hours in the train, all traveling was done on mule, by canoe or on foot.

For about half the distance we had to cut our own path thru the forest or pressed along the great campus or prairie over vast areas of absolutely unhabited country.

At first the Brazilian Government took great interest in my plans and proposed that I should be accompanied by Brazilians, but this fell thru.

When I left Rio in March of last year I took enough provisions to last for a year, but owing to wastage on the part of my men and loss, these eventually gave out and towards the end of that part of the expedition I remained for sixteen days without a morsel of anything to eat.

Fortunately there was plenty of water, but the forest was so thick, and the fish, and no inhabitants, and I had to hunt for myself and sufficient food to cover a day's expense.

At this time I had with me two carriers—my only companions—and they suffered even more than I did. Both died, one of an end-stage of suffering, and the other of a fever which I prevented them from committing suicide.

For myself, after succumbing to roughing it, I nearly died. Starvation, loss of blood, and the night fever, causing the atrophy of two of my legs, eventually we came thru, but in terrible plight, I lost fifty pounds in weight.

Mr. Landor stated that he studied several new tribes, made vocabularies of their language, and made some interesting geological, geographical, and anthropological observations.

Even when traveling in unexplored regions he met with no hostility on the part of natives anywhere, and declared with pride that he did not even carry a revolver or a knife with him.

His zig-zag route over unexplored or little-known country in Brazil was of about 5,000 miles, and the Brazilian Government are so astonished at the success at what they had regarded as impossible that congress voted a grant of \$20,000 to the explorer.

The expedition suffered a good deal from the presence of insects of all kinds, particularly mosquitoes, and the tiny pun, a species of gnat which makes life almost unbearable, and from clouds of bees, which, although they do not sting, swarm over every uncovered portion of the body.

Mr. Savage Landor added that this was the last of his twenty-five years' exploring.

ONE KILLED, SIX INJURED IN MOTOR CAR ACCIDENT

Continued From Page 1.

dina-avenue, soon arrived and began doing first aid work. Ambulances had been telephoned for, and in a few minutes two arrived, one from Grace and the other from St. Michael's Hospital. The two injured ladies were placed in the ambulances and hurried to the hospitals. Miss Lillian Stein was the worse injured of the two. She lived five hours after being taken to the hospital.

Miss Weinstein, who was severely injured, was in bad shape. Her left arm was broken, her left ear torn and her head, neck and body badly bruised. How she escaped so easily is miraculous. She was literally soaked with mud and covered with dirt. Miss Stein was buried beneath the crank, and Miss Weinstein beneath the differential gear of the car.

Slight injuries. Sol and Josiah Kaplan and Ben Goldberg suffered very slight injuries. As the car turned over they were thrown clear, and beyond a few bruises and scratches are in no worse physical condition than before the accident.

A sister of Miss Stein had intended going to the theatre with her last night. She decided not to at the last minute. Enquired for Daughter.

Mrs. Weinstein, mother of Miss Weinstein, heard of the accident about three-quarters of an hour after it had happened. She hurried to the fire hall at the corner of Queen and John-sta. in a highly nervous state and sobbingly asked for her daughter. She was told that the girl had been taken to the hospital, and she hurried there. Many other friends and acquaintances of both the girls, so soon as they heard of the accident, hurried to the fire hall and anxiously enquired after particulars. Rabbi Kaplan was among the first there.

Kaufman, the driver, was in a fearful state of nerves. Dr. B. L. Riordan, Roxboro-avenue, ministered to him and succeeded in partially quieting him. At intervals, however, he would burst into tears and sobbingly cry out: "I suppose I will have to spend the rest of my life behind prison bars."

Other Accidents. The accident yesterday but follows out Toronto's penchant for Victoria Day fatalities. Numerous drownings and accidents of various kinds have happened in previous years. With the fine weather of yesterday and the general holiday which thronged the streets with many citizens the only wonder is that there were not more fatalities.

The members of the firehall station at the corner of Queen and John-streets gave every assistance in their power to aid the sufferers. So did the constables who were promptly on the scene and kept the large crowd in order.

The funeral of Miss Stein will be held at two o'clock to-morrow afternoon from 223 West Queen-street.

House of Providence Picnic

There are many institutions in Toronto, which are deserving of all the praise one can bestow on them; there is perhaps none that does more for the benefit of mankind and womankind than the House of Providence, Power-street, this city. Yesterday this institution held its annual picnic, and from an early hour in the afternoon until late into the evening the grounds were packed by a great crowd of men, women and children who came to see the various exhibitions, visit friends in the institution and generally show their appreciation to the sisters, who are doing so much for suffering humanity. The grounds were gaily and beautifully decorated. Flags, bunting and streamers intermingled in a riot of color, and the many booths where good things were for sale, lent an added beauty to the scene. One could not be dull a minute. Pretty young girls incessantly bartered or held up for sale their wares, and in one booth in particular a gipsy queen would tell your fortune from your hand, an overturned tea cup or by reading the marks on your head. There were wonderful exhibitions of juggling and feats of strength; there were drills and moving picture shows and a clay modeller who made splendid likenesses from his glucose matter. Coconut games, ring and cane games, fish ponds—in fact there was almost everything that would delight the heart of young and old. The Twelfth York Rangers band furnished splendid music. The sisters were here, there and everywhere. The white head dress was to be seen wherever a knot of visitors were assembled. They gladly helped those who wished to see sick friends in the hospital, and did not know in which ward to find them, showed visitors to the city thru the institution and cheerfully answered all and every question.

Inmates Enjoyed It. To the inmates of the house yesterday was like a day in fairy land. Many of these inmates are very old men and women who are suffering from incurable diseases of many kinds. Their lives are at best sombre and restricted. Yesterday all who could possibly do so were either sitting on the balconies watching the scene below or mingling with the visitors, and altogether having a right good time. Their faces smiled, and they ate ice cream and talked with friends with the gusto of youth.

Saw All Buildings

Many took advantage of the chance offered to view thoroughly the entire institution. There are many buildings. One is for children, others for men

Your Opportunity is To-day

"THE PINES" and PINE BEACH" are a Sound, Profitable Investment for Home Buyers and Investors.

WELL tell you why. Property in the city is scarce. There is some to be had, it's true, but you'll find that in almost every case it is being held at higher prices—in most cases at much higher prices—than we are asking for this equally good property in this beautiful lake shore location.

If people were not convinced that this is so, you would not find so many of them—thousands yearly—seeking new homes in the suburban districts. Now all, or nearly all, property held just outside the city for residential purposes is good, providing, of course, that proper restrictions are imposed.

There is no suburban property equal in its convenience of location and desirability for residence purposes as this beautiful lake shore property. Furthermore, there is practically no lake shore property left. "The Pines" and "Pine Beach" provide practically the last opportunity you will have to purchase desirable lake shore homesites at low prices and reasonable terms.

The Value of Location

But all suburban properties are not equally good. Neither are all lake shore properties equally good. Values vary according to location, situation, conveniences to the city, environment and general healthfulness.

Judged from these several points of view, let us repeat we consider "The Pines" and "Pine Beach" to offer a most exceptional opportunity for the man who wants to own a suburban home and does not want to pay too much for the privilege. Or, for that matter, for the buyer who is looking for good property to hold for a rise in value.

Either "The Pines" or "Pine Beach" will provide the man who is in search for what his heart most desires in the way of a suburban home with an ideal site for a permanent country residence that will be second to none for location in the Summer time and always convenient and comfortable in the Winter.

Your Kind of Neighborhood

Suitable restrictions have been laid down to secure that class of homes being built in "The Pines" and "Pine Beach" that will contribute to the upbuilding of a high-class neighborhood.

Each house must have fifty feet or more frontage. You see there will be lots of room, no crowding, and plenty of space for lawns, flower beds and driveways.

Improvements Now Being Made

Work on these properties is already under way. The streets have been laid out and surveyed for crescents and curves with walks lined with shade trees and broad grass boulevards; not the usual straight lines and bare, sun-burned sidewalks and pavements that mar so many of our city streets.

Two model colonial bungalows, typifying the class of residence to be erected on these properties, are now being built. The contract for imposing entrance gates to the property has been let, and the laying of sidewalks, gravel and macadam roads will begin soon.

Altogether, "The Pines" and "Pine Beach" will have the conveniences of the city, with natural and artificial beauties of the open country, which are seldom to be found anywhere.

TAKE OUR MOTOR CARS

Our big, roomy motor cars will be at your disposal on Saturday. They will meet you at Sunny-side and Queen Street, in front of our Branch Office, any time Saturday when it is convenient for you to be there. Don't bother to phone or write. Come right to the office and we'll be ready to take you out.

Make up your mind right now not to let this opportunity escape you. Come early and make your selection before the best lots are sold. We will go to all reasonable lengths to make things easy and pleasant for you.

ROBINS LIMITED 22 Adelaide St. East - TORONTO

Transportation Facilities

Already there is a twenty-minute service by the present radial line right along the Lake Shore Road past this property. This line will be double-tracked and a more frequent service given in a very short time. This alone will add several dollars a foot of increased value to the property. Besides this, new transportation facilities will be provided in addition by the building of the new O. N. R. radial line to the north of the G. T. R. tracks—just above this property.

Immediately adjacent to "The Pines" and "Pine Beach" is situated Long Branch Park and the new Jockey Club course. Within easy walking distance are the Mississauga, Toronto and High Park Golf Clubs.

Special Sale Saturday

Saturday we intend to put on a special sale of "The Pines" and "Pine Beach" at special prices of \$14 per foot and upwards. The terms will be special, too, \$10 down and \$10 a month for each 50-foot lot—unusual terms for such unusual property.

You men who are living in flats or houses in overcrowded sections cannot afford to miss seeing this property. You'll never know real contentment until you have a place of your own. Besides, a piece of property of this kind is always an asset, of value in a business and social way. "The Pines" and "Pine Beach" offer you an opportunity that you may never have again.

Let Us Take You Out on Saturday

Come to this Special Sale and let us show you all over the property. You can choose the lot that suits your convenience most. And remember—it is our policy NOT to sell to any man until he is absolutely satisfied that he is getting full value for every penny he is paying. That is our rigid rule.

We have over 30,000 customers on our books, and out of that number we do not know of a single dissatisfied person. On the contrary, most of our customers come back to us again and again for more property. We make money for them, and they appreciate the fact that our interests are mutual—our success depends on their success and theirs on ours. We are mighty glad of this, for it gives us the incentive to work for something really worth while. It proves conclusively that ROBINS SERVICE is of the right kind.

day was like a day in fairy land. Many of these inmates are very old men and women who are suffering from incurable diseases of many kinds. Their lives are at best sombre and restricted. Yesterday all who could possibly do so were either sitting on the balconies watching the scene below or mingling with the visitors, and altogether having a right good time. Their faces smiled, and they ate ice cream and talked with friends with the gusto of youth.

and the remainder for women. All are white and clean and neat. One could eat off the floors. In some wards are old men, grey and bent with age and suffering. Sometime ago an old woman died in the institution at the extreme age of 114 years. She is the oldest patient that ever died in the home. The dining rooms are in the basement. So is the kitchen and the laundry. At the present time there are over 700 patients registered.

In the Evening. In the evening with the electric lights burning brightly the grounds presented an even more beautiful appearance than in the afternoon, and the crowds that gathered were larger. All the proceeds realized go to the fund

for the maintenance of the institution and altho the expenses of the busy year rather great a neat sum always shows on the right side of the book when the final reckoning is made.

DEATH OF FULLERTON GIBSON. Well-Known Farmer Passes Away Near Richmond Hill.

Scores of friends of the late Fullerton Gibson of Richmond Hill will learn with deep regret of his death at the family residence on the second concession of Vaughan, near Richmond Hill, on Thursday evening. The late Mr. Gibson was 87 years of age, and

lived, prior to his removal to his late residence, on the townline of Scarborough and Markham. Few men were better known or more generally respected. A brother, Thomas, of Morse-street, Toronto, besides a widow and large family survive.

The daughters are: Mrs. Richardson, Mrs. Mulloy and Mrs. Vanderburg of Richmond Hill; Annie and Bella at home and the sons, Robert, James, Thomas, John and William in Vancouver, and ill-health during the greater part of the winter. He was one of the few surviving pioneers of Scarborough Township. Interment will take place in St. Andrew's Cemetery, Scarborough, on Monday afternoon at 1 o'clock, leaving the family residence at 9 a.m.

NARROW ESCAPES

Canoeists Were Blown Three Miles Out in the Lake.

Unable to make any headway up the Humber River yesterday afternoon, owing to the stiff gale that was blowing several miles into Lake Ontario, and had narrow escapes from being thrown into the water, when a squall broke.

The launch "Vigilant," owned by O. E. Hicks, went to the rescue and took some of the people on board. In one boat, three miles from shore, Will Hicks found three women perishing helpless, who were exhausted from fighting against the wind. They had been out there several hours.

EIGHT HUNDRED VETERANS PARADE BEFORE THE DUKE

Monuments Were Decorated and Addresses Presented to His Royal Highness, Who Spoke of His Interest and Sympathy for Those Who Have Fought Under the British Flag.

Eight hundred strong, the Toronto veterans yesterday morning marched to Queen's Park, where they presented His Royal Highness the Duke of Connaught with addresses from two of the associations, this being preceded by the decoration of the monuments.

The Imperial Army and Navy Veterans Association, under their president, Major Collins, were the first to parade. At 8.30 yesterday morning they assembled at Occident Hall. From there, led by their own life and drum band, they marched to the Soldiers' Monument, Portland-street. This they decorated with a number of bouquets floral tributes. From the monument they marched along Queen and up University-avenue to Queen's Park.

The South African Veterans' Association, the Northwest Field Force Veterans of '85, and the Veterans of '86 assembled at the Armories at nine o'clock. From the Armories they proceeded to the South African Memorial Monument, University-avenue, which the combined veterans' associations decorated together.

Lieutenant Kennedy, president of the South African Veterans, was in command of that body, with which were also vice-president Britton and Major Moon, the secretary. This association was two hundred strong. President J. H. Noviers of the Veterans of '86 was in charge of that association, with which were also four past presidents: Captain Fahney, Captain Munson, Lieut.-Col. Farewell and Alton Wheeler.

Marched to Park

After the decoration of the South African Memorial Monument, veterans of the 12th York Rangers, marched up University-avenue to the park. They were accompanied by the St. John Ambulance Corps. They joined there the Imperial Army and Navy Veterans, and with them decorated the monuments of the late Queen Victoria, Governor Simcoe and the monuments of '68 and '85. This was followed by a line-up in front of the parliament buildings awaiting the arrival of the Duke.

His Royal Highness arrived in a motor car shortly after ten o'clock, his arrival being marked by the playing of the National Anthem.

Address Presented

Col. Ryerson then stepped forward and read the following address presented to the Governor-General on behalf of the veterans:

come to our city and trust that your visit may be of unalloyed pleasure. The members of this association express the hope that the sojourning of yourself, of your gracious consort and the members of your household, may be interesting and enjoyable and that you will be happy to participate in every blessing.

We appreciate to the utmost your kindness and thoughtfulness in sparing the time from your manifold duties in order to give us this opportunity of seeing you and addressing you. We desire to assure your royal highness, as the representative of our King, of the unwavering loyalty and affection of the members of the Northwest Field Force Association and of the citizens of Canada to the crown and person of our Sovereign His Most Gracious Majesty, King, George V.

The Duke's Reply

The duke showed great pleasure at the addresses presented to him and made the following reply:

"Comrades: I beg you to accept my best thanks for your addresses, which I am exceedingly happy to receive on such an event and on the occasion of the decoration of the monuments, by which ceremony you keep green the memory and esteem of those who laid down their lives for the British Empire.

"I feel sure that you are well aware of the interest and sympathy which I have for men who have fought under our flag. My own active service of 44 years should be sufficient guarantee of it.

"During that long period of service it has been my privilege to serve in all parts of the empire, from Canada to China, and I can assure you that one of the greatest pleasures is the readiness with which men are ready to give their services in the hour of need, as you yourselves have done. May your associations and other similar societies continue to flourish. Your ranks ever filled up by others who, like yourselves, are ready to sacrifice their personal interests to those of the flag under which they are meant to live."

Other Speeches

At the conclusion of the Duke of Connaught's address, in reply to Lieut. Gov. Sir John Gibson gave a brief speech, in which he said some of his experiences when he served in '68. He said that his own three sons had all been brought up soldiers and served with the military. Major Geary also addressed the veterans. Their loyalty was an example to all men and he hoped that he himself was not one of them.

Before the duke departed he was given three rousing cheers by the veterans and large sections of those who were assembled. This was followed by cheers for the King, in which the duke took part.

WILL CONCLUDE PROBE WITHIN THREE WEEKS

Mysterious "C" on One of Notes Hypothecated With Trust Company—Stratton Denies He Made \$8000 Out of Bank—Read Bank Act to Travers.

In less than three weeks the investigation into the conditions which caused the collapse of the Farmers' Bank will be concluded, according to a statement made by Mr. Frank Hodgins, crown examiner, at the sitting of the inquiry Thursday afternoon. Many important witnesses remain to be heard, chief of whom are W. S. Pleading and Dr. Beattie Nesbitt, provided the latter decides to voluntarily give his testimony. Manager Travers was not out on the stand yesterday, but will be called again.

For the purpose of getting more information about the proceedings taken by the officers of the bank to qualify Dr. Nesbitt for the presidency, Frank Hodgins, K.C., examined Dr. McCordquale, the man who Lindsay alphas was with him when he handed the \$5000 in \$50 bills to Travers in the Bay and Adelaide-sts. shortly after Nesbitt was nominated as president.

Nesbitt Not Present

McCordquale stated that he was Nesbitt Dr. Nesbitt was not present. This corroborated the testimony of Lindsay, but at a previous sitting Travers produced a letter written by himself in the doctor, wherein the writer states he remembers well of being in the bank at the time the money was turned over, and this is what Travers says also.

Referring to the securing of the stock necessary to make Nesbitt eligible, witness contended that he did not have anything to do with soliciting the subscription. The usual commission of 5 per cent. was paid to him, however by Mr. Travers. In explaining how Dr. Nesbitt became president, McCordquale related how they were all in the bank office one day and Col. Munroe's name was raised for the chief office. Travers objected and said he would sooner have a man who knew more about the banking business.

A "Made in Canada" Banquet

WINNIPEG, Man., May 24.—(Special)—The most striking feature to come from the "Made in Canada" train has received so far was given to-night when four hundred representative Winnipeg citizens gave a banquet in the Industrial Bureau, the banquet card containing only "Made in Canada" products. W. J. Bullman presided.

Ald. Wallace extended a civic welcome, seconded by W. S. Russell, chairman of the Canadian Home Market Association, H. D. Scully, manager of the train, and T. J. Race, lecturer, replied to the various toasts.

bank Mr. Morden was worried about the conditions existing between the company and institution and consulted Stratton with the result that when Mr. Wilson, another director of the company, came in they held a meeting and Travers was sent for. Mr. Hodgins wanted to know if it was at this meeting that the Bank Act was read to Travers but witness could not say.

"What was the object of bringing the Bank Act down and reading it to Travers?" queried Mr. Hodgins. "If it had been of the Riot Act I could understand it."

"I don't know."

Mr. Stratton said that Mr. Wilson did the negotiating over the loan with Travers.

Did Not Say It

"I have been informed, Mr. Stratton, and I am just asking you so as to dispose of the matter, did you ever hear anyone in Peterboro that you had made \$8000 on the Farmers' Bank loan?"

"Did you tell Mr. Charles that?"

"No."

"Is incorrect, is it?"

"Yes."

"He informed his general manager about it?"

"He informed his general manager in regard to the loan made by the trust company, but he did not inform his general manager, as I recollect, that I made any money out of it, because I didn't."

"Do you know Mr. Charles?" asked Mr. Stratton, and Mr. Hodgins replied that he did know him very well.

"It is quite a jolly," commented the witness.

Spring Tonics Real and Unreal

Some people use stimulating medicines in the spring. This is a mistake. The action of the heart is increased. You feel better for a time, but the reaction soon sets in. You are discounting the future by using up more rapidly the little strength you have left.

Get a real tonic—a true tonic, one which will increase the vitality of the feeble, wasted nerve cells, and so provide of lasting benefit to you. A good example of a true tonic is Dr. Chase's Nerve Food. This food cure does not give you false hope, but gradually and naturally builds up the worn-out system. You may not feel the benefits so quickly, but have the satisfaction of knowing that the gain you make is natural and lasting. There is no spring tonic half so satisfactory as Dr. Chase's Nerve Food.

Two Years' Suffering Brought On By a Severe Strain—How a Cure Was Found

Mr. Joseph Stephens, Rosemount, Ont., is one of the great host who continually scold the praises of Dr. Williams' Pink Pills, and he has much reason to do so, as they brought him from suffering to health, after he had spent much money and two years of time experimenting with other treatments. Mr. Stephens tells his experience as follows: "In the month of January, 1908, while working in a logging camp at Creston, B.C., I got my back badly injured. I suffered a great deal of pain and was almost helpless. I tried plasters, thinking they would help me, but they were of no use. I took several medicines, equally without benefit. Then I was advised to try electrical treatment and did so for a time, but without getting any permanent relief, and it began to look as though I was going to be permanently crippled. Then I was advised to undergo treatment with a specialist at Spokane, Washington. After examining me he said I was in a very bad shape and that the trouble was likely to result in a permanent case. However, he told me that he felt sure he could cure me. At a heavy expense I was under his treatment for three weeks, but I did not get the least benefit. I was almost in despair; work was plentiful and wages good, but I could not work, as I was quite unable to bend. I was in this condition for about two years, when my brother, who was with me all the time, came across one of Dr. Williams' pamphlets and read of the great work Dr. Williams' Pink Pills were doing. He urged me to try them, but I thought it would be useless to spend money after all the other treatments had failed. He insisted, however, and got a dozen boxes of the Pills and I began to take them. Before I had used a half dozen boxes I felt relief, and I could stand taking the Pills until every vestige of the pain was gone, and I was able to bend. I was a great surprise to my comrades, and you may be sure I told them what brought it about. I am now as well as ever, and as any man in the country and I owe it all to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

ADVICE TO MEN!

IT'S GOOD FOR WOMEN, TOO

Don't "quit" whatever you start. If you go into a fight, stay with it, no matter how poor your chances look. The other fellow probably wants to quit, and if you hold your head up he will quit first.

The victory is to the brave.

It takes nerve and energy to win nowadays.

You don't want to be a failure. You were made for better things, but you can't win without courage and energy.

That's the idea behind my Electric Belt, the body battery that pours electric vim into a man's body.

Give me a man with pains in his back, dull pains over the eyes, lack of nerve, a disposition to give up hard tasks, in fact, the fellow who feels "all in" at times, and with my Belt I can make him feel like a two-year-old in a few weeks.

"Say," said one of my patients a few days ago, "I feel so good that if I felt any better I think I would hurt somebody." That's the way you ought to feel, just chock-full of youthful energy. My Belt will make you feel like that.

It builds up broken-down men, restores youth and vigor, and makes you look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, and every evidence of weakness in men and women. It will not fail; it cannot fail, as it infuses into the weakened parts the force of life and strength.

Weak—Run Down. No More Weakness in His Back.

Dr. McLaughlin: Erin, Ont. Dear Sir,—I have worn one of your Belts since last Easter, and must say that I feel much better and stronger in every way. It has done me a great deal of good, and I can heartily recommend it to anyone who is weak or whose system is run down. Yours very truly, ROBERT ARMSTRONG.

Dr. McLaughlin: Stirling, Alta. Dear Sir,—I wish to state that I have used your Belt for about two months, and I am glad to say that it has done me a great deal of good. These last weeks I have had pretty hard work (haymaking and stooching), and even now I do not feel any weakness of my back. Yours respectfully, A. GUICHARD.

What chance has the weak and puny person to combat the struggles of life compared with the person of muscle and nerve? It is hard for a weak person to have noble sentiment; such things are born of warm blood, healthy nerves and a strong heart. Everything that strength implies is given to those who will wear

DR. McLAUGHLIN'S ELECTRIC BELT

It makes people noble. It causes the nerves to tingle with the vigorous exhilaration of youth. It fills the heart with a feeling of gladness, makes everything look bright, and makes the nerves like bars of steel. IT DOES THIS while you sleep, by pouring electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the weakened parts. It will make them strong.

FREE—Send No Money

Just put your name and address on this coupon and mail it to me. I'll send you full particulars regarding my Electric Belt, together with my big free book, which explains many things you ought to know about the diseases of men and women.

Don't delay another minute. Cut out the coupon right now and send it in.

MODERN MILLER REPORTS ARE PRETTY MUCH MIXED

Eastern States Are Showing Up Badly, But Others Promise Double Crop—Chicago Market Nervous and Not Too Strong at Present Levels.

CHICAGO, May 24.—Kansas made prices to-day for the wheat pit. The trade watched almost exclusively the varying news from that state regarding weather and crops. In the end the market was decidedly nervous, and 1-8 to 1-4 to 1-4 under last night. Corn closed unchanged to 1-8 to 1-4 up, and oats at an advance of 1-8 to 1-4. Provisions finished irregularly, string out from 5c decline to 12 1-2c increase in cost.

Experts declared that the question of a surplus yield of wheat to offset the big losses in the central states was hanging in the balance, and that the outcome seemed to depend on Kansas. Assertions of actual damage were followed to-day from parts of that state it being alleged that the rain had been in spots throughout at least three counties—Ness, Lane and Scott. According to some advices conditions were getting worse as a result of heat, wind and drought. Fields in Western and Northern Kansas were reported to be turning brown and the ground baked hard. All this sent the market here soaring. Then came despatches telling of rain at several points, and there was a collapse of prices all around.

Just at the close wheat speculators were again upset by hearing that the rains in Kansas had proven to be only sprinkles, and that predictions were for a cloudless sky over the plains. A rally was in progress when the report put a stop to business.

Taking Profits in Corn Increased selling by the country acted with the decline in wheat to cause a setback in corn after an early upturn. Shorts were less urgent buyers after the bulge, and there was a good deal of profit taking. Rains leading to further delay in planting and planting furnished part of the reason for keeping the bulls in countenance.

Continued good demand for cash oats upheld the futures, deliveries of that cereal. Moreover there were many reports from Illinois and Indiana that wet sown fields were turning yellow. The provision market had a neglected appearance.

Northwest Receipts. Receipts of wheat at northwest primary points with usual comparisons, are as follows:

Table with columns: Chicago, To-day, Week ago, 2 weeks ago, 4 weeks ago, 8 weeks ago, 12 weeks ago, 16 weeks ago, 20 weeks ago.

European Markets. The Liverpool market closed to-day on corn 1/4 to 3/4 lower.

Primarys. Wheat—To-day, Wk. ago, Tr. ago, 2 weeks ago, 4 weeks ago, 8 weeks ago, 12 weeks ago, 16 weeks ago, 20 weeks ago.

BROOMHALL'S CABLES. London.—Our office cables direct that there was no more wheat market to-day, Green has again completely stopped business.

Argentine.—The actual shipments of corn were under the estimate. Broomhall explains this by saying that a very large amount cleared over and above the actual shipments as reported this morning. Interests permit us to report only actual sales, as frequently a boost will clear and then reappear several days before actually sailing.

Argentine wheat shipments: Wheat, 2,700,000 against 3,872,000 last week, and 1,800,000 last year. Corn, 4,000,000 against 1,000,000. Visible: Wheat, 4,445,000, against 3,228,000 week ago, 3,128,000 year ago, and 3,200,000 two years ago. Corn, 3,300,000, against 1,245,000 week ago, 1,200,000 year ago, and 1,200,000 two years ago.

The wheat market is inactive, with buyers looking on and the demand small. Arrivals from the interior are liberal. The corn market is steady, with a good demand. Arrivals from the interior are large, with the quality satisfactory. The weather is favorable for the curing and movement of the corn crop.

CHICAGO GOSSIP. J. P. Bickell & Co. from Logan & Bryan: Wheat—After a most unsettled session, the market closed with less than 4c net decrease for July, at \$1.10 sellers, but 1/4 net loss for September, at 104c to 104 1/2. During the morning there was a bull market. As for several days past, the strong early swell was followed by rather abrupt reactions, and then a steadying of the market at the close. Everything indicated a strong situation during the morning. The trade was more interested in the western weather map than all else. Messrs. Logan and Bryan indicated mostly clear and dry over the west, with some promise of a return of high temperatures. There was very little selling noted in the market, and prices easily advanced. The trade had a report of rain at a few points in Kansas. This prospect, of rain, of that state had bearing effect at once, and caused the latter break in price. The John Ingalls report from St. Louis, Kas. was very bullish in tone. Other authorities say the chance for a bumper crop in Kansas is gone; that ordinary yield will be the rule, even with favorable weather from now to harvest. Trade in view in a position where conditions west and north-west must be about perfect to prevent a renewal of excited buying in wheat. It was a quiet day for shorts in May, and the price at the close was the same as yesterday. The market shared in the strength which wheat first took. Aside from the forecast of reasonably clear weather ahead, there was nothing bullish. The close of cars was 2 1/2. The market closed firm at about Thursday's price. The close of the day was higher for September.

Oats—September a fraction lower than Thursday, but July at the close was a fraction higher. At the close, 2 1/2. The market closed firm at about Thursday's price. The close of the day was higher for September. One elevator firm reports sale of 1,000,000 bushels for shipment. On top of 280,000 cash business yesterday, spot will give 260,000 bushels to-day. This will tighten up the situation in May and July. There is a sure to depend on weather and crop reports. Provisions—Offerings were light at the opening, and the trade had less help from the strong grain list, when moderately higher prices were noted. Before the close market flattened out, and last prices were very little changed from Thursday.

Erickson Perkins & Co. (J. G. Beatty) wired: Wheat—Opening was unsteady; market advanced sharply on lack of rains west of the river. The decline which came later was due to reported precipitation in parts of Kansas, which proved, however, to a great extent, lacked confirmation. The latter a very nervous market during the early session. Spring wheat was held very steady and was less nervous than our own. Southwestern markets, after acting on a cash basis with our own, but rallied again. Cash sales locally were in the neighborhood of 100,000 bushels. Notwithstanding the fact that prices receded from the high point of the early session, the action of the market to-day demonstrated to our minds that the general undertone of the same was of a firm character, and particularly emphasized the lack of any great amount of selling by interested parties. We rather incline to the opinion that at times during the session selling pressure was put upon wheat by interested parties were covering coarse grains. The market, for the time being, will continue more or less of a bearish proposition, but we still think that as long as there is any possibility of selling by interested parties west of the river, the long side of the market is by far the safest one. Receipts to-day, 22 cars, estimated for to-morrow, 11 cars. Corn—Opening prices showed a slight recession, but the whole market firmed and continued to rise during the session. The cash position remains all steady. While local prices generally were higher, reports of increased sales of that nature were current. Aggregate in the neighborhood of 15,000 bushels, in view of the fact that the past week, coupled with the early session, a little increase in the movement from firms is noted. It is not considered that all situations are in a condition which is likely to continue. Receipts to-day, 29 cars, estimated for to-morrow, 30 cars. Oats—The market ruled steady, but strong in tone; cash demand continuing in good volume, cash oats to-day for shipment aggregating in the neighborhood of 200,000 bushels. Prices were 1/2 to 3/4 lower. The market was raised at times, but closed with a steady decline. It is to be noted that the market is 1/2 to 1 1/2 cents higher than it was at the close of the day, the market was irregular, but the closing was steady and at about the same price as yesterday. The main influencing factor was the influence of the grain market early in the day. A ten-cent decline in the market was noted, pressing effect; also the prediction of a liberal rain over the west and the fact of packing interests. Covering by shorts, especially in the land, was a feature on the early advance.

MODERN MILLER ON CROPS. Modern Miller, in his weekly report, says: The good wheat in the soft winter states has been benefited by rains and warm weather. The poor wheat left standing is making little progress. Wheat reported abandoned and not plowed up earlier in the season is being put into ear crops. Millers report one-third to half a crop in Michigan, Ohio, and 1/2 per cent of a crop in Indiana. Only one-third one-third and Missouri two-thirds of last year's crop. Improvement is noted more than double last year's crop. The wheat is needed in Kansas, Oklahoma and western part of Nebraska.

A WELL DRESSED MAN commands respect. The business man is influenced more than he realizes by the outward appearance of those with whom he comes in contact.

NEWSPAPER EFFECT. It is not always that the most deserving receive most notice, especially in the newspapers of the day. At the same time those who are ambitious, with ambitions by figures prominently in the front so that not only the reporter but the general public can see them. The great G. P. will not be drawn up, according to the big and the little. Consequently, it is of some importance that the inexperienced newspaperman or woman should use discretion in the power that is his or hers. It is often argued that the newspapers are venal and give attention to people who advertise and people who possess money. They are many advertisers, who escape this public notice. There are no doubt those who don't possess money who get into the limelight by their own efforts. In short, while so far as puffs and general notices are concerned it is undoubted that there is connection between the business department of a newspaper and the editorial department, when it comes to incidental mention, it is matter entirely at the option of the reporter, or it may be of the society editor. Resultantly many undeserving people are thrust into the limelight while the modest and more deserving are left relatively alone. I am explaining this because it often happens that people blame the newspapers for many things that they do which the editor, the chiefs, and proprietors are in no way responsible for. Even the reporters, who allow their temporary predilections to govern their actions, do not realize the amount of notoriety and celebrity they are frequently giving to those whose names they unthinkingly publish in print. In saying this, I am not referring to any particular instance, but simply advising readers not to be too critical in their remarks upon the names of those who receive public attention. There is another feature, and that is that of many people as to blame the public who would be pleased to hear there is no chronic, while others of no repute whatever, frequently receive mention. It is impossible for editors of departments in newspapers to avoid this kind of thing happening, and consequently it frustrates the public who would like to see recognition, while the deserving go without. So don't be cast down or mad if your pet newspaper fails to mention your presence among the celebrities on the lawn at the Woodbine, or in the boxes at the horse show. It is all vanity, anyhow, but vanity has its reward in the reflection.

AN INVESTMENT OFFERING Which Pioneers a Giant Industrial Enterprise. WE INVITE YOU to participate by making an investment in the PARENT OIL COMPANY, situated in what we think you will agree with us is THE RICHEST OIL FIELD IN CALIFORNIA. The element of risk has been reduced absolutely to a minimum, with no lessening whatever of the tremendous speculative possibilities. THE DOMINION OIL COMPANY own outright 240 acres of proven oil lands. The COMPANY'S WELL is already drilled to a depth of over 2700 feet. They have already encountered, at a depth of 2200 feet, a 33-gravity oil, with a heavy gas pressure, and an increasing amount of oil as the drilling goes on. To date the log of the DOMINION OIL COMPANY'S WELL compares absolutely with that of the Canadian Coalinga Company, who at a depth of about 3000 feet struck the RICH PAY SANDS, bringing in a well PRODUCING OVER 7500 BARRELS OF HIGH-GRAVITY OIL PER DAY. THE DOMINION OIL COMPANY own a most up-to-date and complete drilling outfit, comprising nearly \$20,000 worth of machinery, tools and equipment, having a drilling capacity of 5000 feet. THINK OF 240 acres of proven oil land; the tremendous possibilities for production from innumerable wells which will be sunk. We want you to thoroughly appreciate the fact that the bringing in of the Company's first well will at once place same on a revenue-earning basis. And bear in mind also that there will be a big demand for land—owned by the Company—and in turn others will at once start drilling on the Company's land, PAYING THE DOMINION OIL COMPANY A HANDSOME ROYALTY FOR THE PRIVILEGE. YOU CAN YOURSELF compute the stupendous profits of the parent company in a successful oil field. WE WOULD IMPRESS, also, that the DOMINION OIL COMPANY is very conservatively capitalized for only 1,000,000 shares, whereas, viewed from the standpoint of the possibilities, it should have been justified in having a capital of \$10,000,000, or even \$20,000,000. YOU NEVER SAW SUCH VALUE in an investment; you were never afforded such an opportunity of participating in the parent company in a rich oil field, owning 240 acres of the choicest situated and proven oil lands. WE CONFIDENTLY BELIEVE all the various statements which we have made in perfect good faith regarding the DOMINION OIL COMPANY. You will look back at the exceptional predictions which we have made regarding this enterprise, and you will, indeed, be happy if you travel as a shareholder in the DOMINION OIL COMPANY, reaping the rich harvest of stock profits and company dividends which will be for those who purchase the treasury shares which we are now offering at \$1.00 per share. The Standard Oil has not by any means "hogged" all the good things among the oil fields of California. Remember what the COMPANY will do the same for you. We urge the purchase of the treasury shares in the DOMINION OIL COMPANY at \$1.00 each, and promise always to look after your best interests should you purchase. CALL AT OUR OFFICE, or, if you cannot call, write us for illustrated prospectus and full particulars of the DOMINION OIL COMPANY, which will be mailed to you without obligation or expense on your part.

SILVER MARKET. Bar silver in London, 25d oz. Bar silver in New York, 69 1/2c oz. Mexican dollars, 48c. Treatment of Drunkards. Drunkards are more tenderly dealt with abroad than they are here, or will be in Great Britain under the provisions of the new Inebriates' Bill. In Holland special provision is made for the protection of intoxicated persons found wandering at large. A proper tariff has been drawn up, according to which a roysterer who can manage to walk is escorted home—within reasonable distance—for 15c. Should a portable chair be required, 35c extra is charged. In Denmark any person found drunk in the street is placed in a cab, taken to the police station, examined by and then sent home in a cab. The next day a bill for the doctor and the cab is sent to the publican who served the victim with his last drink. The drinking habits of the late W. E. Gladstone once astonished an enthusiastic water-drinker. He saw Mr. Gladstone mix his drinks—port after champagne. This astonished water-drinker expressed his wonder by hazarding a guess as to what the great statesman's doctor would say to such tampering with precious health. But the far-seeing grand old man had sought medical advice before he ventured. "The physician's answer," he replied, "that if I list 15 minutes elapse between two kinds of wine there is no mixture." Mr. Gladstone was a careful drinker.
