U. S. SENATE TAKES STEP WHICH MAY KILL THE TREATY

Adopts Reservation Which President Said Would "Cut Heart Out of Covenant"

Washington, Nov. 13.—Squaring the issue with President Wilson, the senate today adopted a reservation qualifying the obligations of the United States under article 10 of the league of nations covenant; a solid Republican line-up, backed by four Democratic votes, put the reservation across exactly as it came from the foreign relations committee, and in virtually the same language which the president declared on his western tour would cut the heart out of the covenant and mean the rejection of the treaty. The vote, which the reservation won was 46 to 32.

The fight for reservations having thus been carried to a climax, the Republicans presented for future action a closure proposal, designed to bring final action on the question of ratification within a week. A less sweeping measure, proposing limitation on the reservation debate only, had been put in by the Democrats earlier in the day, but rejected when the Republicans voted to sustain a point of order against it.

A vote on the question of clamping down a closure on debate will come Saturday morning, and the Republican leaders say it will depend entirely on the Democrats whether the move rallies the necessary two-thirds to make closure effective. The Democratic leaders were not ready tonight to say how they would vote, being fearful that an agreement to so sweeping a program might impair their chances to secure action on a ratification resolution of their own.

The article ten reservation as adopted by the senate follows: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere with controversies between nations—whether members of the league or not—under the provisions of article ten, or to employ the military or naval forces of the United States under any article of the treaty for any purpose, unless in the regular case of the congress, which under the constitution has the sole power to declare war or to authorize the employment of the military or naval forces of the United States, shall by act or joint resolution so provide."

Will Continue Strike. Paris, Nov. 13.—The striking newspaper printers held a meeting this afternoon and decided by acclamation to continue the strike.

How the New Government Will Be Judged

The government formed by Mr. Drury is first and foremost a government of the United Farmers of Ontario and not what the Star of last night tried to make the public believe, "a coalition government made up of six Liberals, three Conservatives and two Labor men." It is practically a Farmers' government whose platform has been largely accepted by the Labor members of the house.

Next, it is a Prohibition government; and the World suspects that it may take advantage of recent Ottawa legislation conferring new powers on the legislatures and pass and send to the people a referendum on the question whether they want more far-reaching prohibition than the Ontario Temperance Act at present provides—let the people declare whether they want a bone-dry Ontario or not! In that case it will be a Bone-dry government.

It is an Anti-Racetrack Gambling government by the appointment of Mr. Raney as attorney-general. As a government it may be tolerant of racing without legalized betting. It may be that the Dominion parliament will at its next session, legalize racetrack betting under more stringent conditions. But in spite of any such legality given to racetrack gambling the new government and the new legislature may find a way of further interfering with racing. But this remains to be seen.

It will be a government more or less opposed to the maintenance of Government House; more or less opposed to titles and ceremonies. Mr. Drury may, perhaps, choose not to follow Sir James Whitney's claim that he was a "Prime Minister" and had all his letter paper headed as from the "Prime Minister's Office." Sir Wm. Hearst ever exceeded Sir James in this weakness for this high-sounding title; in fact, Sir Wm. Hearst could hardly give out an interview to the newspaper reporters that did not bristle with this "Prime Minister" talk. The same now applies to the Dominion "Prime Minister," "Prime Minister's Office" and "Acting Prime Minister" bristles in all official documents from Ottawa, and even the orders-of-the-day at Ottawa have orders credited to "the Prime Minister," which was not the case in Sir John A. Macdonald's time. "Premier" ought to be a good enough name for either position and especially for the head of the government of this province or any other province.

But what the public will be most interested in is the policy that the new government is to follow in regard to the affairs of Ontario. First of all that they give efficient government with economy.

And in the next place the public will want to know how the new government are to administer the resources of this province and whether they will start in by taking stock of all property in any shape, kind or form, that the province still holds; of all crown lands, water powers, or mineral rights that have been alienated in the past and what control the people of Ontario and the legislature still have in these assets or reversion.

And most of all, the people of Ontario will be interested in the matter of the nickel mines that have been alienated and the conditions under which they have passed to companies that had to be forced to pay what they understood to pay for the privileges and rights they got. And what the government proposes to do with the companies in Ontario, and what they have not yet even disclosed the amount of precious metals they take out of Ontario ore smelted in other countries. And who the real owners of these mines are! Any German ownership, for instance?

Also whether they intend to revise the terms under which crown timber limits and pulpwood limits are operated and dues paid to the province therefor. And whether these dues are to be revised in view of the enormous taxes that must be raised for the carrying on of the affairs of the province and the reconstruction of the province after the war. And also any rights the province may have in the water-powers of international or international rivers are to be taken advantage of to the full benefit of the province. Let us have a list of all concessionaires, and of the assets yet free of any transfer!

Also whether it is the intention of the new government to prevent for ever hereafter alienation in any way of any right or any timber limit or any water power or of any asset whatsoever possessed by the province without the same being done within full view of the public and practically in open competition!

BAR WOMEN'S VOTE BY NATURALIZATION

Special to The Toronto World. Ottawa, Nov. 13.—One of the most important measures next session will be a federal election act. The war measures election act has been repealed and the by-elections are being held under a special act. The new act will provide for lists independent of those compiled by the provinces. The provincial franchises vary considerably from these lists and a federal election act will not permit of women voting on "husbands' naturalization, and this in western Canada will considerably reduce the women's vote.

W. E. RANEY APPOINTED ATTORNEY-GENERAL IN ONTARIO LEGISLATURE

Premier Drury Completes Personnel of Cabinet—First Council to Be Held Today

E. C. Drury, the Ontario premier-elect, will visit Sir John Hendrie at Government House at eleven o'clock this morning. He will notify the lieutenant-governor of the personnel of his cabinet and express his ability to act on the government of the province.

Mr. Drury and his colleagues will then take the oath of office, and it is announced that they will hold their first cabinet council at parliament buildings this afternoon. The new premier and states that there will be a cabinet council to be appointed as the government representative on the Hydro-Electric Commission. It was foreboded in The World yesterday that Mr. Drury's only difficulty in the selection of his cabinet was the position of the attorney-general. It was known on Wednesday night that the chance of W. F. Nickle, K.C., accepting the office was somewhat remote, and it came as no great matter of surprise yesterday morning when the Kingston lawyer definitely made up his mind to refuse Mr. Drury's offer.

FARMERS TO ENTER FEDERAL POLITICS

Canadian Council of Agriculture Will Convene General Conference.

Winnipeg, Nov. 13.—The Canadian council of agriculture, which has been in session since Tuesday, concluded its business this evening by announcing to the public its decision to enter the field of Dominion politics and calling a conference of representatives of the organized farmer organizations of the three prairie provinces and Ontario for the purpose of co-ordinating effort to secure the election of a federal parliament of supporters of the new national policy of the council. In preparation for this event the platform, which was issued a year ago has been revised and brought up to date by the addition of planks calling for the federal election being placed on a provincial basis and for personal naturalization of immigrants.

VICTORY LOAN Ontario Employees Committee Honor Roll Competition

"One of the most interesting features in connection with the Victory Loan is the campaign among employees of establishments throughout the Province. A Prince of Wales Honor Banner is awarded to each concern reaching its objective, which is based on two conditions, viz., that 75% of the employees subscribe and that they subscribe for an amount equal to 10% of the pay roll. Also crests are awarded to concerns exceeding their objective. The following is a list of establishments in Ontario, excluding Toronto, that have already won the Banner."

OLDER BOYS TO HOLD CONFERENCE

Inspirational Rallies by Two Thousand Representatives From All Churches.

The largest older boys' conference in Toronto's history opens tonight in Bloor Street Presbyterian Church and closes on Sunday evening. Tonight's session is open to the public, and the program includes addresses by Rev. C. Melville Wright, Rev. W. A. Cameron and J. P. Hagerman. Denominational conferences to discuss policies for Sunday school work will conclude the opening session. The conference has been promoted by the Toronto advisory committee for co-operation in boys' work, which embraces official representatives of the Toronto Anglican, Baptist, Congregational, Methodist, Presbyterian and Sunday school associations. On Saturday afternoon Rev. R. A. Hillz will outline the "Trail Ranger's Program." Rev. Frank Langford the "Tuxis Program" (demonstration by High Park Methodist, Punis Square), while Major A. W. Forgie will present the program the Sunday schools should follow for the older boys (18 to 21 years of age). Banquet Session. At 8.15 the big time of the conference—the banquet session—will be held in Central Y's gym, at which time Taylor Statten and Major Forgie will bring messages on vital themes. On Sunday afternoon at 4 o'clock 2000 older boys and their leaders will

assemble in Bloor Street Presbyterian Church for an international rally, to be presided over by Major Jack Beaton and addressed by J. P. Hagerman. The closing session will be held at 7 p.m., to which Dr. George C. Pidgeon will bring the closing message, and conference reports will be presented by selected older boys representing all denominations.

UNIFICATION IS GREATLY DESIRED

Trades Union Unit and I.L.P. May Soon Form Joint Executive?

Louis Braithwaite, who, with J. E. Dobbs, has called a convention of the trade union unit of the Ontario section of the Canadian Labor party, made it clear yesterday afternoon that the convention was called for the purpose of considering political action with respect to the municipal campaign and not for the purpose of recommending candidates for the city council. "As a matter of fact," said Mr. Braithwaite, "it is the intention of the convention to elect an executive following which it is hoped a conference will be possible between the executives of both the trades unions and the Independent Labor party to consider both the feasibility and the advisability of forming a joint parliamentary executive to take full charge of the municipal campaign. In this way one central body would conduct affairs instead of several, as at the present moment." Louis Braithwaite, James Simpson, Tom Mellillou, James Higgins and other prominent members of the trades union movement in politics are understood to have joined the I.L.P. as individual members. So far as has been ascertained the convention of the Independent Labor party, which is to be held on Saturday, will primarily be for the purpose of electing officers for the ensuing

year and to consider the constitution. It is not known whether or not the question of municipal candidates will be considered. Interviews held to date show that there is a general desire on the part of both the I.L.P. and the Canadian Federation of Labor in connection with politics.

ENGINEERS WON'T JOIN C. F. OF L.

You can take it from me that our organization is not in any way affiliated with or intending to affiliate with the Canadian Federation of Labor," said T. B. Reid, business agent for the International Union of Stationary Engineers, Local 151, referring to an alleged report in an evening paper to this effect. "We are going strong as we are, and are perfectly content with our present system of organization."

ADDITIONS TO COAL DRIVERS.

Coal drivers have added to their membership during the past few days, and last night at the regular session of the union, held at S.O.E. Hall, Bert street, initiated 30 new members.

REAL UNION PROGRESSING.

The Bread Drivers' Union yesterday afternoon reported the enrollment of ten new members, and stated that everything pointed to not only progress but harmonization of interests between themselves and the journeyman bakers. A joint concert is to be held shortly to cement the new union of forces.

LOOKING FOR INFORMATION.

Officials of the Canadian Federation of Labor stated yesterday after-

noon that next Friday would witness a conference of delegates from every union of the federation in Toronto to discuss the advisability of forming a co-operative stores organization. When informed that such an organization had been already formed, they expressed a desire to get in touch with officials of this society with a view to co-operation. If this co-operation is effected all access will be joined together on common ground, and the Canadian Federation of Labor will be enabled to lend its influence to the furtherance of such a scheme. This was the opinion expressed yesterday afternoon.

MR. HOPKINS, BUSINESS AGENT FOR THE PAINTERS AND DECORATORS' UNION, IS CONNECTED WITH THE CO-OPERATIVE SOCIETY ALREADY ORGANIZED, AND OFFICIALS OF THE CANADIAN FEDERATION STATED THEY WOULD INVITE OFFICIALS OF THE SOCIETY TO STATE WHAT HAD BEEN DONE IN CONNECTION WITH THE MOVEMENT, SO THAT THEY MIGHT KNOW HOW TO AFFILIATE WITH THE ASSOCIATION.

IMPROVING PROPERTY.

About \$15,000 is being expended by the Catholic corporation on the property recently purchased at 145 Isabella street for a separate school. The lot has a frontage of about 125 feet, and it is said that \$35,000 was paid for the property.

MR. FLAVELLE EXPLAINS.

Chairman Flavelle, of the license board, yesterday said he had never given an interview to the effect that Montreal dealers were within their rights in receiving orders for liquor shipments to Ontario following the proclamation of peace. Neither did he say that even if such orders were placed thru agents in Ontario they would not be violating the law.

JOINT EXAMINATIONS

Pupils' Opportunity to Qualify for Entrance to Normal Schools or Faculties of Education.

With the object of reducing and simplifying the examinations required of high school pupils, Hon. Dr. Cody, minister of education, has been for some time negotiating with the university authorities, with a view to combining the pass and honor examinations for matriculation with the examinations for entrance to the normal schools and the faculties of education. He now announces that arrangements are fully completed for joint examinations. In the past, the high schools have been required to prepare candidates for two types and standards of examinations based on the same courses. By this arrangement, the work of the schools will be materially lessened, and the pupils will have the opportunity of qualifying at the same examination for entrance to the normal schools or the faculties of education and the universities.

HONOR TO SERVE, HEARST DECLARES

Ontario Premier Grateful for Support Received by Government.

There was a general cleaning up of desks of the retiring Ontario cabinet ministers at parliament buildings yesterday, and everything will be in order for the members of the new government when they take possession today. Sir William Hearst was the only minister to issue a valedictory statement, which follows: "In retiring from office I have nothing to add to what I have already said, save that I recognize heartily and gratefully the staunch support for good measures which the government has received during its term of office from the great majority of the people of Ontario. It has been an honor and a privilege to serve this great province, particularly during the strenuous war period thru which we have just passed, and the future prosperity and happiness of Ontario will be my dearest wish."

Well, I think the question is whether the railway will be a larger one than the other. It is a question of the railway's future.

ALL OR NOTHING, SAYS SIR ADAM

Negotiating Purchase of All Radials, Including Metro- politan Railway.

The long-looked-for conference between the board of control, the G.W.V.A. of North Toronto, Sir Adam Beck and Ratepayers' Association of North Toronto was held yesterday at the city hall, with the mayor in the chair. The whole matter had reference to a policy of improving the transportation system on Yonge street. Sir Adam Beck announced that his commission was negotiating for the purchase of all the radials, including the Metropolitan. They would take all the railways or nothing. He proposed to divert the Metropolitan to York Mills and connect it with the commission's main line, running from the east, and the whole line would be taken off Yonge street. It would be impossible to use the lines within the city, as they were of a different gauge. The G.W.V.A., thru Comrade Cameron, thought they were just as much entitled to a civic car line as any other part of the city. The G.W.V.A. wanted the council to purchase the Metropolitan and operate it as a branch of the municipal car lines. No other solution would meet with his society's approval.

Disgrace to City.

Controller Cameron said transportation in North Toronto was a disgrace to the city, and after he, Controller McBride and the mayor had gone thru their now familiar wrangle as to the purchase and the price asked and offered for the Metropolitan line, Controller McBride said he objected to this purchase being tied up to any other question, and the negotiations being carried on by an outsider. The city had purchased the eastern entrance and had voted \$5,000,000 for the radial from the west, which North Toronto would help to pay for.

A Wide Question.

"Well, I think that opens up a very wide question," replied Sir Adam Beck to Controller McBride. "You give me a question that cuts into a much larger issue than we are dealing with. The commission didn't want the railway, but the municipalities might want it. The Metropolitan within the city was a part of the whole road." Conditions had changed since he made his previous statement.

Controller Cameron asked if the purchase by the city of the Metropolitan would prejudice Hydro interests. "The commission took objection that it was a violation of the agreement with the municipalities, that it was a violation of the municipal franchise act," said Sir Adam, "inasmuch as the city intended validating that act, which was illegal."

It was an unfortunate thing that negotiations involving millions would have to be washed in public. They would adhere, however, to their principle of carrying on negotiations possibly for the power interests involving a sum of \$25,000,000.

Not in Radial Interests.

"But if it is any satisfaction for you to know, the acquiring of the York Radial would not be in the Hydro radial interests, and would be an interference on the part of the city, and would not be in the interests of the city nor the relief of conditions on Yonge street."

Mr. Pratt asked if Yonge street was to be a main radial artery would not all the traffic come down that way. He asked if they could not get some other route.

Sir Adam Beck said that they had negotiated with 24 corporations in a friendly manner. They were bound on honor not to divulge anything regarding the companies until their property became the property of the municipalities. They had received a telegram today to send representatives to London to negotiate for the purchase of the street railway. They are negotiating for properties involving \$0 to 60 millions of dollars," said Sir Adam. "Would you expect us to spread these negotiations broadcast?"

The Systems Involved.

"Hydro-Electric Commission is negotiating, and seriously negotiating, for the radial railway of which the Metropolitan is a part, and for the railway from Port Credit to the Harbour as a whole and from the city limits to West Hill. There are three railway systems that we are negotiating for, and you say what will happen if we negotiate. If we recommend the acquiring of any of these it is for the city to say what shall be done with that section within the city of Toronto."

Sir Adam said that they were bringing in railways from the east and west, and preparing plans for a first-class railway system. "If you believe that our estimates are correct, you must vote for this if it is essential to the interests of the municipality. A frequent service would be provided and a distance that now required one hour and twenty minutes to reach King and Yonge streets would, under this system, be reduced by one hour."

All or Nothing.

The proposal, so far as the Metropolitan was concerned, was to divert the line at York Mills and run it down to connect with the Hydro radial main line, and the Toronto & Eastern Railway, at some point near Danforth avenue. All their freight would pass around that direction and the passenger service could not be continued because the city and Hydro radial gauges were different.

"He will buy all or nothing," declared Sir Adam Beck. He intimated, however, that the period of negotiation was drawing to a close, and that other means of acquiring the road might have to be resorted to.

Controller McBride: "The information we have received speaks volumes and should go a long way to allay the unrest in North Toronto. It should stop all talk of secession. It is a good thing to know that even if there has been a change of government in Ontario that change has compelled Sir Adam to change his views and go back to negotiation with the Metropolitan."

This to all intents ended the conference.

To Every Citizen of Toronto

There are 50,000 people in Toronto who can buy at least one more Bond of \$50, or even \$1,000.

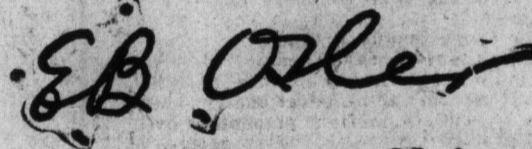

Only TWO DAYS are left. I confidently appeal to you to make this final effort.

Toronto has led Canada in each Dominion War Loan. "LET US FINISH THE JOB."

If YOU respond to this appeal it is reasonable to assume that the great majority of the 50,000 will also.

And we will again demonstrate to the world that Toronto leads all cities of America when united community War effort is demanded.

FRIDAY MORNING, NOV. 14

A Few Obvious Points

Mr. Drury has announced his cabinet and it is understood that they will enter upon their duties today, Friday, none of them being ancient mariners and, therefore, not subject to superstition.

Mr. Drury has been exceedingly explicit in stating that no party affiliations would be recognized.

There is not the slightest excuse to speak of the new government as a coalition. The United Farmers are a distinct and separate party; born out of due time, if some of their own authorities are to be trusted.

On Monday night Mr. Drury declared himself in favor of economy, as was to be expected. We have already addressed ourselves to that consideration.

Another expense faced by Mr. Drury is the ministry of labor now established. Mr. Rollo should have little trouble about defending this step.

These are the direct indications Mr. Drury has so far given. In other matters the platform of the Farmers' party may be consulted for the probable development of policy.

establish on a firm basis the popular will now made manifest. Otherwise another election may sweep away the popular control now attained.

When the Prophets Prophecy Falsely

When the Hamilton Herald sets out to sow distrust of the Hydro radial plans endorsed by the leading Ontario municipalities it follows a policy with which its readers in recent years are thoroughly familiar.

Since the inception of the radial policy a government that showed itself unfriendly to the Beck's policy has been dismissed from office by the people, and a government pledged to public ownership has been called to power.

It is not to be forgotten that Ontario is not begging for a gift of these G. T. R. branch lines, but that the proposals are on a strict business basis.

A Chance to Redeem a War Record

Anything more exhilarating than the proceedings at the Victory Loan dinner last night would be difficult to conceive. Enthusiasm at 215 degrees Fahrenheit is an inadequate metaphor for the boiling point increases under pressure, and no one could say how many degrees the pressure of the campaign had raised it.

AN UNSYMPATHETIC WOMAN.

CHAPTER 35. The complete isolation in which Louise and Harry had spent the summer was broken by the 4th of October.

"Come and see," the girl said, and led the way thru the house. But Mrs. Driscoll was not impressed.

"Your place is a tragedy, my dear girl," was her comment when she was once more before the living-room fire.

"I wish I could say as much for you, my dear," she returned. "You are thin as a rail and you look tired to death. What have you been doing?"

"I've been reading," Louise replied. "I've read a lot of books, and I've used up all my time in the morning."

"You're looking quite magnificent," Mrs. Driscoll said. "But you've had ten dollars left from the sale of your necklace?"

"Yes, but I have been using that money just for house furnishings, and I've a special purpose for this."

The author of the plan is reported to have been discouraged for a long time. The early agitation for the plan and the threat of revolution produced a reaction in the public which surprised and disappointed Mr. Plumb and Mr. Stone and disturbed the other brotherhood chiefs even more than it did these two leaders in the railway nationalization campaign.

RIVERDALE READY TO MEET OAKWOOD

Defeated Harbord in Play-Off for Eastern Group Honors

Gossip.

Riverdale won the senior honors of the eastern group of the High School Rugby League by defeating Harbord at Rose-dale field yesterday 10 to 2. Harbord and Riverdale were tied for the honors and yesterday's game was necessary to get a team ready to meet Oakwood, western group winners, in the final.

Commerce and Technical will stage the junior final today, but Riverdale and Oakwood will not meet until Thursday or Friday of next week, to decide the senior championship.

Riverdale presented a well-drilled team yesterday and deserved their victory. Harbord battled strongly for three-quarters of the game, but weakened under the drive in the last quarter, and Riverdale scored the only try of the game here, bucking over the line, but failing to convert.

Riverdale kicked to the deadline three times in the first quarter, and Harbord failed to reply. In the second quarter, with a strong wind behind them, Harbord punted to the deadline twice, and Riverdale was held scoreless.

The wind died down after half time, but Riverdale kicked to the deadline twice and Harbord was again scoreless. Riverdale secured a try in last quarter to make the final score 10 to 2.

Vince, on the Riverdale half line, did some effective ground gaining with end runs. Baker, the quarter, showed some good booting and the whole line held strongly.

The Harbord centre half held his own at the punting game and was easily the best for the loss.

A Montreal despatch says: Working on a gridiron closed to the general public, members of the McGill Rugby machine were sent thru a hard grueling at Molson stadium yesterday. Two full wing lines were worked, one against the other, with a view to perfecting new plays and innovations for opening holes in the opposing line in the match with Toronto University here on Saturday.

Shaughnessy kept half a dozen half-backs at work throughout the practice at punting, passing and play behind the lines. There was general kicking and about of the players, the regulars giving way to well-seasoned substitutes, with a view to finding any weak spots in the defensive work of the team.

McGill will not be caught by surprise on Saturday, and will face the Ontario students with a stronger aggregation of players than that sent in against Varsity at Toronto two weeks ago. The result is every prospect of the game being played on a slow and muddy gridiron, as the rain that fell during yesterday soaked it, so that the greater part of the work was done on the track.

M.A.A.A. rugby players will make the final decision on Wednesday night, of the interprovincial championship, according to the announcement of the single wheel, which will be held at a special meeting. With this in view, a further meeting will be held on Saturday evening at eight o'clock, at which the executive and the members of the team will discuss the advisability of further games.

Jack Hazlett, former Queen's University star backfield player and punter, has been agreed upon by both McGill and Varsity for Varsity and Commerce on Saturday. If Hazlett cannot act, the intercollegiate Union president, an R. M. C. man, will have to make the appointment.

The Toronto High School Athletic Association had hoped to hold their final rugby games, but owing to the tie in the winter, only Varsity and Commerce in the junior are ready to kick off. There will be three games this afternoon at the Stadium, an exhibition between Parkdale and Malvern at 1.30, before the championship, and Malvern and Harbord afterwards.

The Dons practice tonight at 7 o'clock at the clubhouse, in uniform.

Important business demands the presence of all Central Y.M.C.A. rugby players at a meeting at the Y. building at 7 o'clock tonight.

The Cap Intermediates practice at 7 tonight at Victoria College and the senior city at 8.30 in Ketchum Park.

McGILL'S FINAL WORKOUT.

Montreal, Nov. 13.—As a final workout in preparation for the game with Toronto University here Saturday afternoon, members of the McGill rugby squad were given two hours' work this afternoon at the stadium. With 23 players, well conditioned for a grueling contest, two sides were chosen and sent thru signal drill and formation plays for the first half-hour, after which a scrimmage workout was held, and the practice brought to a conclusion with sprinting on the cinder track.

Varsity Teams Off to Montreal Today

Final Games With McGill Tomorrow, for the Intercollegiate Championships.

Three Varsity teams are off to Montreal this morning, leaving the Union Station at 9.30, a party of between fifty and sixty. There are the Harriers and the two rugby fourteen and the spares, twenty-four firsts, eighteen seconds and a dozen or more for the six-mile race over the mountain, in which McGill, Queen's and R. M. C. are also expected to have runners.

The Varsity team put in a last final light practice last night to do or die tomorrow afternoon against Shaughnessy's McGill machine. It looks like Montreal should repeat on Molson field, but Varsity are prepared for the battle of their lives. If Toronto wins the teams are tied, but if McGill, the season is over.

Bill Box was still an absentee, but he is expected to join the team in Montreal and play flying wing, leaving the outside position to Fairman and Wallace. Duncan will be at quarter back, with Breen, Holmes and Sullivan at half. The line will have two changes on account of the illness of Carew and Ketchum. The former is sick from vaccination and the latter has an abscess on the knee.

The players are making the Queen's their headquarters. A score or more supporters, including the mayor, are going down on the night train.

Disputes Over Players Are Settled—Bresnahan Gets First-Sacker Deal

Springfield, Mass., Nov. 13.—With the choice of Kansas City, Mo., as the 1920 convention city, and the transaction of considerable minor business the annual meeting of the National Association of Professional Baseball Leagues closed today much earlier than a majority of the delegates had expected. There was keen competition for the honor of announcing the next convention, but the central location of the Missouri city was a factor in its choice.

E. W. Dickerson, sporting editor of The Grant, Springfield, Mass., was elected Class B, member of the national board of arbitration. A. H. Towner, president of the Western League, was advanced to Class A membership on the board. A ruling was put through regarding liens on baseball territory with the result that liens may be exercised for only three causes: unpaid players' salaries, debts due one club to another, and non-payment of dues to the National Association.

The largest dispute to come before the arbitration board today was not settled. This concerns Pitchers Turner and Zahniser, formerly with the Toledo Club. The players were loaned to the Bloomington, Ill., Club of the Three-I League, Bloomington sold Turner to the Chicago Cubs for \$2500. The dispute arose over the attempt to clear title to the players. The case went to Secretary J. H. Farrell for further investigation.

Roger Bresnahan of Toledo succeeded in establishing his claim to First Base-minor Deal, last season with the St. Joseph, Mo., Club of the Western League, and Shortstop Murray, last year with the Worcester, Mass., Club of the Eastern League. The deal was without going before the National Board.

Among other awards of the national arbitration board announced tonight are the following:

Virginia League raised from Class C to Class B rating.

Services of A. Jensen, claimed by Buffalo of New International League, and Springfield of Eastern League, awarded to Springfield.

Services of Lester Stevenson, claimed by Saskatoon of Western Canada League, Minneapolis of American Association, and Houston, Texas, League, awarded to Saskatoon.

BASKETBALL

Over forty seniors turned out at the basketball game on Wednesday night, basketball being the main feature of the night. McCammon and Haldane, with two evenly balanced fives, clashed in the first fixture, Haldane being hand-pressed to come out on the long end of a 25 to 21 score. Donkin on the feature for McCammon provided the defence of the game, when he scored cleanly in his own basket, much to the satisfaction of his opponents. The second contest brought together Burns and Hughes, and Burns showed real class when they handed the Burns five a 24 to 13 setback. East, Riverdale and O'Neil teamed worked out for the latter part of the evening and showed that they will have to be considered for league honors. Monday night O'Neil will form a basketball and volleyball house league for the seniors and are looking forward to a big team.

The Central Y.M.C.A. Senior Basketball House League got off to a good start last night, when the rugby team defeated the Business Men by the score of 55 to 17 in the first game, and Track Team stepped out last for the gym. Team in the closing game, defeating them by 29 to 18. The game was a real struggle, as the time by having an agriculturalist for referee in the person of Mr. Birck, of the University of Toronto, who has been at all times, but at the same time keeping the game clean.

Team—Nugent and T. Rivers, forwards; G. Wells, centre; M. Ginn, and T. Boland, defence.

Business Men—B. Haste and F. Chapman, forwards; Davis, centre; Patterson and Dillon, defence.

Track Team—Kelly and Lee, forwards; Geo. Gault, centre; Granger and W. Windsor, defence.

Business Men—B. Haste and F. Chapman, forwards; Davis, centre; Patterson and Dillon, defence.

Gym Team—B. Granger and W. Windsor, forwards; W. Roburn, centre; D. Murray and J. Hazelock, defence.

Dons O.H.A. Team Officers Elected

The Parkdale Canoe Club announce their hockey line-up as follows:

E. Collett, defence; J. Kane, E. Woodcock, H. Bakston, forwards; D. Meek, Erig, Munson, Stevenson and Etherington. They have challenged for the S. P. Cup, now held by Dentals, and expect to play the first game on Dec. 6.

Windsor Lodge Unbeaten in Toronto Cribbage League

With fourteen teams entered, the season of the league promises to be a busy one. The weekly games commenced in the middle of last month and the record on Saturday night follows:

Won	Lost	Pct.
S. O. E. Windsor	4	0 1000
British Imperial	3	1 750
Queen City	3	1 750

The Cup officials of the league are the same as last season, and the usual tournament will be held on December 29, and April 30.

Riverdale Reaches High School Final

Riverdale High School defeated Harbord yesterday at Rose-dale 10 to 2, and thus play Oakwood the final for the senior championship of the High School League next week. The winners kicked themselves to victory right at the start with three rouges, and then they secured a try, and Harbord could never catch up. To the skillful coaching of R. B. Gering and the fine play of the players and judicious booting by Baker proved a winning combination.

Pro. and Amateur Golf Champions Matched

At the opening of the indoor golf at the Granite Club, early in December, a match is being arranged between Mr. Geo. Cumming, champion of the professionals in Canada, and Mr. W. J. Thompson of Mississauga, district champion, 1919.

The annual meeting of the Indoor Golf Club was held at the Granite Club on Tuesday evening. Mr. John Rennie, president, in the chair.

The members insisted on the officers for the coming year, and the following compose the official list: President, John Rennie; vice-president, Geo. R. Hargrat; secretary, A. M. Huestle; committee, Tom Rennie, H. E. Beatty, P. E. Knowlton, Major Brunton, Julian Bale, Jr., C. Mackie, Fred Clarke, R. E. Buchanan.

The secretary told the meeting that the curlers could play golf when they had to and out of five matches with picked teams from the city golf clubs, the Granite had won three during the winter. This feature would be carried on again, consistent with the winter.

There were so many applicants for training coming in from new members and the lady friends of the members, that it will take two professionals to look after them. Messrs. Frank Freeman and Percy Barrett will take care of these through the season.

The experiment of last season has shown to golf enthusiasts that the indoor game, say what you will, strengthens their play when they get out doors. Their driving is longer and truer, and the concentration of the game acquired in the indoor work is noticeable to those who have followed both games.

The Granite Club will see many old-time fighters and a lot of new ones making low scores during the winter months at these well-arranged golf courses.

From Flanders Fields to the fields of our Canadian Homeland, we have upheld our name. We still need money to keep that name high.

The World's Selections Canadian Sportsmen In the Great War

SPORTING EDITOR WORLD: As circumstances will prevent my returning to Ottawa, it is my intention to spend the winter months in completing a record and story of the part played by Canadian sportsmen in the recent war. For this purpose, I would ask the secretary of every organization devoted to any kind of sport, both summer and winter, indoor and outdoor, to send me to the address given below, the names of every member who enlisted, with the rank, casualties incurred, if any, and decorations earned, again if any, and any other particulars of interest, such as the engagements or battles taken part in. In furtherance of this object, which promises to be difficult to complete, I would request every paper in the country to copy this announcement. In view of my fifty years on the Canadian press, and forty years as sporting editor, I trust I can be trusted that my comrades will not consider that in asking this, I am asking too much. H. J. P. The signing of the register played the Sextette from "Lucia di Lammermoor" and the Wedding March as the party left the church. The lovely bride, who was given away by her twin brothers, Mr. E. J. Pugh and Dr. E. C. Pugh, wore a trimmed gown of soft ivory satin trimmed with silver net, with tulle veil fastened with a wreath of orange blossoms and carried a shower bouquet of opheelia roses and sweet

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills. Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.

KNOCKING-EM DEAD WITH STYLE. Speaking of Esme—even when she goes in for trills I'm with her. She's sure got a voice like a thrush. And maybe she ain't so generous. For being her side-kick I get six bucks a week, and today she discards a trunkful of nifty clothes onto me. Course it's tough luck that I don't need no shoes to get my feet inside 'em, but I've got to rebuild 'em—and when I get dolled-up Percy, watch my dust. Not having the coin to do much purchasing for quite a stretch, I ain't appeared as a vision of beauty since I was a pup. I'm kind of stalled, but I'm on my way. I'm going some, and I'll ignite fifty yards if I get pinched for speeding. With Esme as a model, I'm going to knock you cold for style. I'm telling you. I'm going to give you a tip. You've heard it asked by certain dames why it is actresses don't ever look antiquated. Well, Esme tells me that it's because they know how to preserve their complexion—ain't no camouflage. Take herself; she appears lots of stuff on her phase when she's doing her turn, but what shows me up the creek is the powder or nothing. Magnoliously natural, she's got a crowd of freckles just like a country hick, but they're sort of distinctive, because you never see a freckle on a girl showing a flock of freckles on the approach to their backs. But there ain't no hay sticking in her hair. She's got an army of Johns, and when it comes to bright lights, her wings is lined with asbestos. But for a girl she's shown amongst every kind of temptation it's some wonderful the way she ain't even stalled.

WOMEN'S INSTITUTES CONFER.

The women's institutes spent a good deal of the sessions of yesterday in receiving reports from their various sections. In the course of an address by Inspector Leake, he urged the institutes to counteract the general attitude of adverse criticism used against the rural school. He advocated the teaching of domestic science, manual training and made a strong plea for hot lunches at the school, as carried out by a hundred schools in Ontario. Mrs. Henry Oster urged the institutes to interest themselves in the work of the Franco-Canadian Orphanage. The speaker had herself visited the institution in France and had gained first-hand knowledge of the work being done for the little ones.

TORONTO HUMANE SOCIETY.

The open meeting of the Toronto Humane Society was held last night in the society's headquarters, 197 McCaul street, when the various reports of the work were presented. The manager's report for the month of October and part of November showed over 1300 cats had received the attention of the society, 478 dogs had been attended to, 1380 horses examined and 214 complaints of cruelty investigated. After the reception of the reports the president of the society, Rt. Rev. Bishop Sweeney, introduced Mr. Eric Osborne, who is now assuming the position as manager, which post has been vacated by Mr. C. M. Baldwin. Mr. Osborne then addressed the meeting on humane matters. A motion was passed that the next meeting be held on the last Thursday of this month, and the members present were urged to bring as many of their friends as possible.

PARENT ROASTS DOCTOR MUNN

Mrs. Blackburn Stigmatizes Medico as a Bully—Mayor Apologizes.

"Dr. Hastings, I have three questions put to you and I want them answered," said A. J. A. Cowan, chairman of the board of health. "Q: Have any children been vaccinated without the consent of their parents?" "A: Not to my knowledge. "Q: A number of deputations opposing vaccination have appeared before the board of control. Has the board ever requested you to report on the matter? The board of control have not asked me for any report. "Q: If a child is kept from school owing to parents objecting to vaccination, can that child return to school when the epidemic subsides without being vaccinated?"

"That is the matter for the provincial board of health to deal with," Expected Dr. Munn. As a kind of contradiction to the answer Dr. Hastings gave to the first question, Mrs. Blackburn, the lady who complained Wednesday to the board of control that her little seven-year-old child had been vaccinated by Dr. Munn at Kent School against her consent, came into the room under the personal escort of the mayor. In reply to the chairman as to her mission, she said that she expected to meet Dr. Munn there.

Dr. Hastings explained to the board Mrs. Blackburn's grievance, and added that a mistake had evidently been made, and seemed to be pretty evenly distributed among all the officials of the school. Dr. Munn, the M. O. H. declared, was a careful, considerate and kind man, and would not willingly perform an operation against a parent's wishes. Mrs. Blackburn said she was not a kind-hearted man—he is nothing more than a bully. He came to my house and said that I was causing him to lose his time. He did not seem to care anything about my time. If Dr. Munn had come to me in a gentlemanly way and said he was sorry for the mistake and would do what he could for the child, I should have been satisfied to let the matter rest."

The mayor now came into the lists and declared the lady had been wrong and on behalf of the city authorities he had tendered her an apology. She undoubtedly had an action against the city and it was up to the board of health to try and settle the matter. Mrs. Blackburn, rising from her chair and looking straight at the mayor, asked, "Do you think I should be bullied by this man in my own house?" Dr. Munn declared it was trying to make trouble for him—surely parents have some rights."

Alderman Ryding at this point ascertained from Dr. Hastings that no one at the school had read the note excusing the child from vaccination and that the letter was at present in the hands of the health authorities. Mrs. Blackburn said she did not put in a claim against the city. "I want the doctor to be reprimanded," she said. "If I had not expected to see him here this afternoon, I would not have wasted my time in coming down."

Dr. Hastings said he would take the matter up with Dr. Munn and if he had acted as Mrs. Blackburn declared he had he would severely censure him. The mayor assured the lady her case should have the early attention of the city officials and one more "error" passed into oblivion. Earlier in the day Mrs. Blackburn had before the board of control and received the apology from the mayor. After the health department had explained how the error occurred, Controller Maguire withdrew his resignation for the doctor's dismissal as he was convinced a genuine mistake had occurred.

Dr. Hastings presented a lengthy report to the board of health on the subject of vaccination and vaccine. He pointed out that the mild form of smallpox now epidemic was just as contagious as the more severe cases and that serious cases may develop at any time. After stating that vaccination had the general endorsement of the best medical men of the world, the M. O. H. declared that the vaccine used in Toronto is absolutely free from any pathogenic germs. In concluding his remarks, the doctor said, "We cannot all be experts in advanced medical science, but we should be sufficiently intelligent to interpret in an intelligent way the evidence placed before us by those specialists who are making a life study of these problems and if we are not capable of doing this, we should know enough to maintain a dignified silence. If all the people of the world could be persuaded to stick to their last, the world would be much better off and there would be decided 'less' unrest."

The board ordered that 5000 copies of the A.O.H. report be printed and circulated in the schools amongst the public. Period Extended. Dr. Hastings told the board he had written to the heads of all schools and educational establishments in Toronto advising them that the board of health would grant a further extension of eight days from Monday next in which the school children are required to furnish vaccination certificates. "There will be no expulsions from the schools until the time limit has expired," he said, and gently hinted that perhaps even then a compulsory order might not be necessary. Ald. Ryding asked if the doctor proposed to vaccinate all the children. "We are not going to do anything more at present than we are doing now," replied the doctor. "Well, you won't vaccinate me," returned the alderman. There were 51 new cases of smallpox reported yesterday. The following table will show how the epidemic sands at present:

One Loaf of Bread More Nourishing Than a Pound of Steak

Suppose you start comparing values. A loaf of bread weighing a pound and a half costs you 11 cents—while a pound of steak costs you at least 45 cents. Think of the saving that can be effected by using more bread and less meat, and you will live better, as bread contains more nourishment than any other food at the same price.

LAWRENCE'S BREAD

is always good. You'd never think so much goodness could be baked into a loaf. But then, we don't make one loaf at a time. We make them by the thousands, and can afford to put the best that money can buy into each loaf that leaves our bakery.

ALLIES TO CONFER ON RUSSIAN PROBLEM

Lloyd George Announces That International Gathering Will Be Called Soon.

London, Nov. 13.—Premier Lloyd George declared in the house of commons today that no persons, at any time, on his behalf or with his knowledge, had interviewed Bolshevik representatives in order to learn whether negotiations for peace might be opened and upon what terms.

The premier announced that it was proposed to call at an early date an international conference at which the ministers of the allied and associated powers might consider the various problems which the peace conference as yet had found itself unable to settle, among which was the problem of Russia.

Referring to the so-called peace advances by the Bolsheviks, Mr. Lloyd George said that the allies had all ways declined to take action on communications purporting to come from hostile countries thru irresponsible agencies, and he thought it inadvisable to depart from this practice. He admitted that the Bolsheviks were rapidly approaching Omsk, Admiral Kolchak was still there, however, and the fate of the place would only be decided as the result of battles that might be fought shortly in front of the city.

The premier announced that John H. Mackinder, member of the house of commons for the Carlisle division of Glasgow, had gone as a special commissioner to open trade and commerce with Southern Russia. The settlement of the Russian problem was most essential to the reconstruction of the world. The conditions in that country, he declared, were a contributing cause to the prevailing high prices. Likewise, he said, the German reactionaries were already using the present strife in Russia to strengthen their influence.

Mr. Lloyd George detailed the difficulties of the position of General Denikine, anti-Bolshevik leader on the southwestern Russian front, declaring that General Denikine was holding, with a small army, a front of 1200 miles, with marauding bands in his rear—a territory of such vastness that Denikine was unable to administer it properly.

The premier offered to give the house an opportunity on Monday next to discuss the Russian situation, but he pointed out the dangers of a public debate on such a delicate subject. Meanwhile he assured the members that the government would not inaugurate a new policy or burden the country with any fresh commitments.

LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

STOLE CAP AND BADGES OF PRINCE OF WALES

Montreal, Nov. 13.—How John Kyle, a Toronto soldier, walked calmly into the royal suite at the Ritz-Carlton hotel, and thru a cordon of servants, police and detectives, and purloined a cap and some badges belonging to the Prince of Wales during his royal highness' visit here, was learned today, when he (Kyle) was arrested on a charge of stealing watches at Belleville. Kyle was quietly turned loose after he stole the prince's property, because it was thought he was merely a souvenir hunter. The detention of Kyle at that time gave rise to a rumor that an attempt had been made on the life of the Prince of Wales.

TWO BY-ELECTIONS

Ottawa Interested in Labor Men, and Farmers of Timiskaming Putting Up Candidate.

Ottawa, Nov. 13.—News that the labor men and farmers of Timiskaming will put a candidate in the field at the by-election to be held in that constituency, is received with interest here. The date of the by-election in Timiskaming has not yet been announced, and it is not known when the writ will be issued. A by-election in the constituency of Kamouaska, made vacant by the resignation of Ernest Lapointe, recently elected in Quebec East, will have to be held. The writs for both may be issued at the same time.

"PUSSYFOOT" PLAYED THE LEADING ROLE

American Prohibition Organizer, in England, Victim of Demonstrating Students.

London, Nov. 13.—Crowds of medical students bearing banners with the inscription "We Want Beer and Stout" organized a demonstration against prohibition campaign meetings in the heart of London this afternoon. The crowds were so dense in the Strand that traffic was held up for some time. Essex Hall, where the meeting was held under a plan arranged by American prohibition workers, was virtually surrounded by noisy demonstrators, when the meeting was held.

The students finally captured the Anti-Saloon League organizer, W. E. Johnson, commonly known as "Pussyfoot," who was to have addressed the meeting. Johnson was lifted to the shoulders of students and carried along the Strand at the head of a long procession which cheered and sang. The police were swept aside.

The meeting had been arranged under the auspices of the Overseas Club, and the Patriotic League. F. A. Mackenzie was the chairman. Mr. Johnson was announced as the principal speaker for prohibition, while the anti-prohibition debater was R. Mitchell Banks. The subject of the debate was "The Why and How of American Prohibition." An admission fee was charged and the hall, which holds 500 persons, was filled.

Before the time for the debate to start, the organizers became nervous because of the large crowds of students and others outside the hall. They called for police assistance and to close the outer gates of the building. The students, however, rushed the police, broke thru the gates, and entered the hall. They seized Johnson, after pelting him and Mackenzie with bags of flour, and then carried Johnson on their shoulders from the platform into the streets.

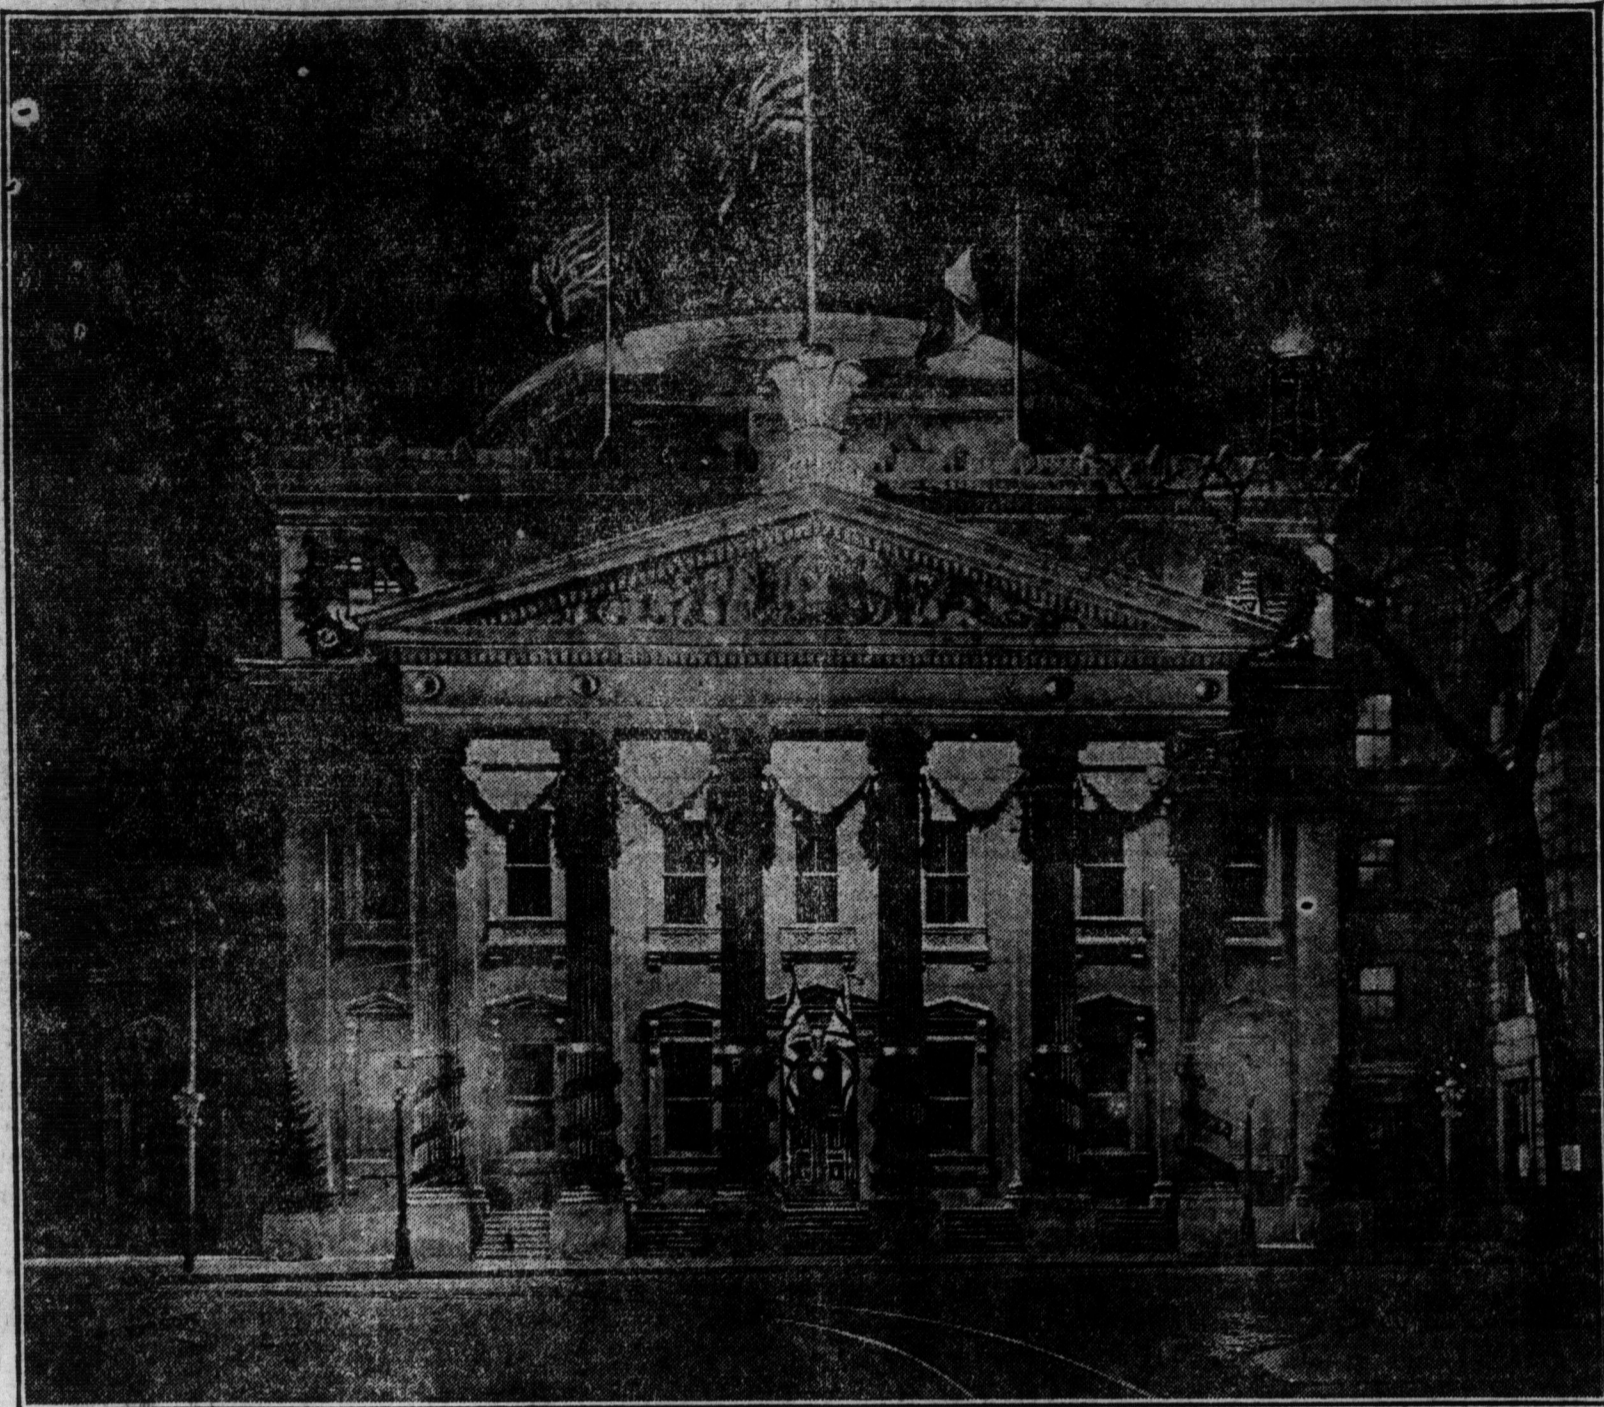

Johnson was carried thru Piccadilly Circus, Regent street and Oxford street. Leaving Essex Hall, he made stout resistance, but was paced on a wagon. Johnson continued to make a strong fight until the procession reached Leicester Square, when he reconciled himself to the situation. He was then placed on a plank and hoisted to the student's shoulders.

At first the police walked with the procession without interfering, but they finally diverted the course of the march and rescued Johnson near Oxford Circus. He was taken to the Bow Street Police Station. Johnson suffered an injured eye and was given first aid by the police. Then he went home to his own flat.

SUGAR BEAT SCARCITY.

Special to The Toronto World. Kitchener, Ont., Nov. 13.—Directors of the Dominion Sugar Company were in the city today holding their regular monthly meeting after which they made a thorough inspection of the local refinery. The directors at their meeting discussed the scarcity of sugar beet production in this vicinity. It was decided that some measures would have to be undertaken to increase the acreage of sugar beets in the district.

BANK OF MONTREAL DECORATIONS

The handsome classic scheme of the decorations on the occasion of the visit of H. R. H. the Prince of Wales carried out on the head office building of the Bank of Montreal, in the City of Montreal, is most effective, dignified and artistic for that fine old building.

The coat of arms of the Empire and the coat of arms of the Dominion of Canada.

Two large tripods are placed one on each corner of the building, ornamented with lions' heads holding gold rings, from which garlands of evergreen are strung.

Attached by gold rope and gold rings, vertical drops at each column terminate with a gold pineapple.

On either side of the colonnade are two evergreen trees in square green boxes. The illumination at night gives probably the most artistic effect ever seen in Montreal, being strictly in keeping with the classical facade of the building. From the two gold tripods, red Greek fire flares up. Search

lights from adjacent buildings pick out the Prince of Wales' crest and the two coats of arms. Flood lights throw out prominently the three flags that top the cornice and concealed lights behind the architraves flood the front wall with bluish green light, so that the colonnade is boldly silhouetted against it. The whole effect is quite unique and is well worth an evening visit to the financial section to view it.

PARIS STORE EMPLOYEES CLASH WITH POLICE

Paris, Nov. 13.—This afternoon a noisy crowd of striking employees of department stores gathered around the

Galleries Lafayette, one of the largest stores in Paris. Two attempts were made to invade the store, but the police drove back the strikers and formed a cordon around the building. When the police lines were drawn, the crowd, estimated to number 2000,

made a determined attempt to break thru. This resulted in lively fist fighting. During the melee a delivery wagon was overturned and its contents looted. Fifty-one persons were arrested as a result of the disturbance.

Do It Again, Toronto---

ALL TOGETHER TORONTO

BUY VICTORY BONDS—

and enable your country to pay her debts of honour to her army. The eyes of Canada's living and fallen soldiers are on you to-day. Show you are worthy of the sacrifice they made. Over the top with the Victory Loan!

BUY VICTORY BONDS—

and enable your country to finance the sale overseas of her surplus products from farm, forests, fisheries and factories, mills and mines. A glorious opportunity is open to Canada—the opportunity to sell all she can produce, if she is willing to grant temporary credit. She can grant the credit only if you buy Victory Bonds. Every extra Victory Bond you buy means more money to finance more orders.

BUY VICTORY BONDS—

because they are guaranteed by Canada's promise to repay at the time, and to the full amount, stated in the bonds. The income yield of 5 1/2 per cent. is most attractive considering the absolute security. There will always be a ready market for Victory Bonds.

All together Toronto BUY NOW!

ONE—to discharge Canada's obligations to her army.

TWO—to insure Canada's continued prosperity.

THREE—because Victory Bonds are the finest investment for your money.

Oranges, Lemons—Both the orange and lemon markets are very weak; the oranges selling at \$5.50 to \$6.50 per case; an odd one at \$6.75 per case, and lemons at \$5.75 to \$6.50, with an odd quotation at \$7.

\$5 per sack; Ontario, \$5 to \$5.25 per 75 lbs.; Spanish, \$7 to \$7.50 per case. Parsnips—30c to 35c per 11-quart basket, \$1.25 to \$1.50 per bag. Peppers—\$2 to \$1 per 11-quart. Potatoes—\$2.10, \$2.20, \$2.35 and \$2.40 per bag.

To-day or Saturday Your Last Chance

You know the "why" of the Victory Loan 1919.

You know that Canada's prosperity depends upon the success of the Victory Loan.

You know that if the bonds are not sold every industry in the country must suffer.

You know that if industry suffers thousands of people will be without employment.

You know the hardship and suffering that follows lack of employment.

You know that an investment in Canada's Victory bonds is secure beyond discussion.

You know that 5 1/2% is a good rate of interest on a secure investment.

You know that Canada's Victory Bonds can be turned into cash at any time.

You already know that Canada's Victory Bonds are likely to increase in value.

You know that you, like every other citizen, have a responsibility to Canada in this matter.

You know that your employer (if you are a worker) will help you to finance your purchase of bonds.

You know (if you are an employer) that it is your duty to assist your employees to buy bonds by helping to finance them.

You know that the banks are prepared to help you to buy bonds, and that you should ask some banker for information.

You know that if you have not bought as many bonds as you can possibly pay for now, and with your future savings, that you have not bought as many as you should.

You know you have just two days left, to-day and to-morrow, so make up your mind NOW to do your full part and buy as many as you can of

A Victory Bond for Your Kiddie

How nice it would be, when that boy of yours grows up, to be able to say: "Here is something to start your bank account. It's been waiting for you since you were a nipper, and it's been growing steadily, till now it's..."

Isn't it Worth An Effort Now?

A small sum in the bank would go on increasing, by only 3 1/2%. If you put it into a Victory Bond it will go on gathering 5 1/2% as your boy grows up. And meantime it will be helping to increase Canada's prosperity.

Start Your Boy With a Little Capital

It will be the best inducement you could give him to start saving on his own account. It will be an object lesson in thrift. So—

SPIRITED RALLY BY NEW YORK STOCKS

Call Money Rates Break to Six Per Cent. in Market's Closing Hour.

New York, Nov. 13.—When call money rates broke to 6 per cent. in the final hour of trading the stock market rebounded today from its low levels and closed at appreciable advances throughout the list. Trading was heavy before the closing and many stocks, notably motors, oils, steels, equipments, affiliated industrials and a score of miscellaneous specialties, showed gains for the day of from 50 to 20 points. Sales for the day approximated 2,200,000 shares.

Factors which contributed to the lower rates were the lending of money by brokers, who offered their surplus funds, and announcement from Washington that the federal reserve board had taken the action on credit conditions here.

General Motors Rebounds. One of the leaders of the spirited rally was General Motors, which opened at a 15-point rise, only to lose its advantage, and finally advanced by leaps and bounds to 235, an extreme recovery of 45 points from its previous low of 190. Old United States bonds were unchanged on call.

TORONTO MARKET'S TONE IS CHEERFUL

Prices Stiffen Perceptibly in Afternoon, With Steels as Leaders.

With the New York market in buoyant mood in the closing hour yesterday, following an abrupt decline in call money rates to six per cent., stocks on the Toronto exchange, particularly the steel issues, caught some of the contagion, and closing prices and bids exhibited a substantial recovery from the low levels of the day. Trading was, however, light, the total of less than 1500 shares comparing with a little more than 5000 on Wednesday. While a number of stocks finished with net losses, so far as the sales column was the indicator, the bids in many cases were advanced in the afternoon materially above the prices at which transactions had taken place in the morning when depression prevailed. Sentiment among brokers and traders at the close of the trading was much more cheerful than that displayed 24 hours earlier.

TWO NEW DIRECTORS OF GENERAL ELECTRIC

At the last regular meeting of the board of directors of the Canadian General Electric Company, Wilnot L. Matthews was elected a director of the company, to succeed the late W. D. Matthews, and yesterday Stephen Haas was elected to fill the remaining vacancy.

HOLLINGER RALLIES; M'INTYRE IS FIRM

Small Losses Shown by Number of Stocks—Adanac at Low Record.

While the majority of price changes in the mining market yesterday were in the direction of losses, the recessions were very largely confined to fractions, and in no instance was there any great volume of liquidation. The standards of Hollinger and McIntyre, stocks which on Wednesday exhibited the effects of some selling pressure, was a cheering incident, and here and there elsewhere were cases where advances were scored. While in other markets there was a disposition to rally, present conditions of the previous day, speculative sentiment is too much unsettled at the moment to permit the hope that a near prospect. However, forces are in operation which must inevitably work out to the benefit of the mining industry of northern Ontario, and the process of deflation of high prices of commodities which economic conditions will soon be definitely under way will lead to lower costs and greater efficiency at the mines. Even under present conditions the big producers of Porcupine are able to show substantial profits, while, of course, the smaller producers will soon be from feeling the pinch of poverty.

Hollinger, on light trading, rallied five points to 47.50. McIntyre, which had fallen to 11.50, recovered to 12.50, and there was no net change for the day. West of the main bulk inquiry for Keno, the price rising a point to 21. West of 20 was up half a point, and there was no trading in Wasagami, the stock which sold on Wednesday at 1.05, being on offer at 1.06. It is believed that the extent to which the short interest involuntarily participated in the rebound by covering contracts is naturally a matter of debate, but the market's recuperative power suggests that not so small part of the recent reversal was due to bearish aggressions.

Trading in bonds was confusing, and reaction in industrials being balanced by the strength of rallies. Liberty issues made up part of their earlier heaviness. Total sales (par value) aggregated \$17,850,000. Old United States bonds were unchanged on call.

Peterson, Lakes was well supported again, and closed at 17, a net gain of 40 points. Dominion Iron and Steel was an unusually good inquiry for Hudson Bay between 55 and 56. Mining Corporation remained firm at 42 and Time Mining at 42 was also unchanged. Nipissing sold at 11.95, as against a bid of \$12.05 on Wednesday. Industry dipped 2 to 4 to 12.35, 2 1/2 to 32 1/2, and McIntyre-Darragh, 2 to 68. Canadian Lumber was at 12, the lowest level of record, the previous low point having been 6%, reached last year.

"Punch and Judy"

gave its first performance of the season at Simpson's Christmas Show yesterday, and if the success of the performers can be measured by the way they made both kiddies and grown-ups laugh, then they were a "screaming" success, indeed.

Fat Judy doesn't look a day older than when she made her first appearance on the stage years and years ago—while how one so old as Punch can be so extremely active is truly amazing.

The Policeman, the Nurse, the Baby, the Ghost and all the rest are here to make you roar with laughter at their funny antics.

And the Marionettes Are Lots of Fun For Kiddies

The Marionettes
They were perhaps a little nervous appearing before such a large audience for the first time, but their performance received such wild applause from everyone that they tell us they have decided to remain during the whole Christmas Show. They will be expecting every kiddie in Toronto to come in and see them, so please don't disappoint them.
