ALL SIGNS POINT TO PEACE

President Steyn Located and an Early Meeting With Schalkburger Expected.

PROPOSAL FOR SURRENDER DISCUSSED

In the Meantime Military Operations Are Not Allowed to Die Away.

Pretoria, April 1.—President Steyn and Gen. Delarey have been located, and a meeting between them and Acting President Schalkburger is expected to be arranged for tomorrow.

Commandant Mears has sent in word that his command will abide by the decision of the Boer government.

Commandant DeVilliers, who has been operating in the Kimberley district, has sent in a flag of truce, asking for terms.

The peace movement, however, has in no way interfered with the military operations. The British are again sweeping the northwest districts of the Orange River Colony, where it is believed they have about 10,000 men.

A despatch from Heidelberg, Transvaal, says: Commandant Alberts has called a meeting of the Boers in his district, to take place 25 miles east of the Springs Station in order to discuss the proposal for a general surrender.

It is reported that Gen. Botha will also attend the conference.

THREE PERSONS LOST.

London, April 1.—Eleven men were drowned as the result of a collision this morning near the Nab Lightship between the channel passenger steamer Alma and the British ship Cambrian Princess (Capt. Roberts), from Fow for Antwerp. The latter sank immediately and eleven of her crew perished. The Alma returned to Southampton badly damaged. The collision occurred at 2:30 a.m., during foggy weather. The Alma struck the Cambrian Princess on the starboard quarter, ripping her side wide open. The eleven survivors were hauled on board the Alma by means of ropes. The steamer's bows were badly stove in.

DIED IN FAR AWAY JAPAN

Venerable Archdeacon Shaw of Tokio Was First Missionary in That Country.

HE WAS BORN IN TORONTO IN 1846

Chaplain of British Legation and Wrote Many Works on Missionary Life.

Word was received in the city last night of the death of the Venerable Archdeacon Shaw, a former Church of England minister in Toronto, which occurred at the British legation at Tokio, Japan. The news of Archdeacon Shaw's death will be received with regret in many circles. The official of the Church Missionary Department here had not been notified of his illness. It is some time since any word was received from him.

The Venerable Archdeacon Alexander Shaw had wide experience as a missionary. He was born in Toronto, Feb. 9, 1846, and was, therefore, in his 57th year. He was the son of the late Major Alexander Shaw, who lived at Oak Hill, Toronto, and a grandson of the late Major-General Shaw of the Queen's Rangers. Deceased was educated at Trinity College, Toronto, where he secured the Wellington and Jubilee scholarships. He also went to Trinity University, where he obtained the degree of B.A. and M.A. In 1870 he was ordained by the then Bishop of Toronto. Three years later he was accepted as a missionary by the Society for the Propagation of the Gospel, and went to Japan. He had the proud distinction of being the first missionary to be sent to that island empire. He also trained the first clergy ordained in the Japanese Church in various ways he had been able to aid in the development of Japan, and for his services he received the formal thanks of that country's government. In 1881 he was appointed Secretary, chaplain to the British legation at Tokio. In 1887 he was made chaplain to the Japanese Consulate in London. In 1893 he married Miss May Cattel of London, England. Archdeacon Shaw was well-known in this city. In his death the Church of England has lost an indefatigable and patient worker, who had done a great deal for foreign missions.

WHEN 250 WERE DROWNED.

Overloaded Chinese Launch Sinks on a Dark Night.

Victoria, April 1.—Advices from the east say Tonkin exchanges contain accounts of a disaster to a Chinese vessel on the coast of the river near the steamer launch a serious loss of life. The launch Kwang Fat left Nanchin for Hanoi, having on board Madame Arhae, the wife of an inspector of the native guard, and her children, and the Laousses' Hospital. The launch was carrying about 100 Chinese passengers. The launch was obviously overloaded with passengers and merchandise, for at the village of King Sa it began to fill with water and eventually foundered. It was a dark night, and the scene must have been terrible. In spite of the efforts of some of the crew to rescue the unfortunate passengers, over two hundred persons, including Madame Arhae and her baby, and a number of Chinese women and children were drowned.

WHAT STOPPED THE KING.

Visit to Riviera Abandoned Because of an Anarchist Plot.

Rome, April 1.—The Corriere Della Sera asserts that King Edward abandoned his proposed visit to the Riviera on account of the discovery of an anarchist plot against his life. The Americanist reports that special police officers were ordered to their operations.

KAISER'S YACHT SAILS.

New York, April 1.—The German Emperor's American built yacht, Meteor II, sailed for Southampton this afternoon.

REDUCE THE POSTAGE.

Montreal, April 1.—The Board of Trade decided to-day to petition the government to reduce the postage on newspapers and books from Canada to Great Britain to one cent per four ounces.

STRIKE AT KINGSTON.

Kingston, April 1.—The employees of Carrington's tannery, 33 in number, made a demand for an increase in wages of 25c a day, which, not being forthcoming, they quit work.

CANNOT COAX GRAIN TRADE

Minneapolis Buyers Admit That They Are Unable to Secure Canadian Wheat.

CANADIAN PACIFIC BARS THE SCHEME

Negotiations Were Progressing Favorably Till Ultimatum Blocked the Deal.

Minneapolis, April 1.—Minneapolis grain men have been defeated in their first attempt to bring a large quantity of Canadian grain to Minneapolis. The Canadian Pacific is disposed to keep every bushel possible on the Canadian side, the big elevator lines are following the same policy and the Canadian grain brokers, who want to secure the commissions for handling the product, are showing much activity against the efforts of the American grain men to bring the wheat to this terminal. Grain buyers for whom the local concerns have been in Canada the past week endeavoring to secure grain. From correspondence with the Canadian roads the local concerns thought that they were assured co-operation which would result in relieving the Canadian grain blockade.

This failed to work out when put to the test. The grain men had received assurance from American roads that 1000 cars would be furnished, but the Canadian Pacific finally refused to handle the cars. This put a stop to the efforts of the Minneapolis grain men for the time. The negotiations by the local buyers were carried on principally by the independent elevator concerns and were progressing reasonably.

C. E. Thayer of the Electric Steel Elevator Company, which has been prominently identified with the efforts, says:

"It is all a question of transportation. We can get the wheat, but then we cannot make arrangements with the Canadian roads to handle it. The Canadian roads naturally want the long haul and the brokers want the commissions. The conditions are just as they were when they have been any time. A large amount of wheat must be taken care of before long or it will spoil."

Grain men are still at work on the proposition. They say there would be no question about forcing the wheat here. Between the duty and the transportation difficulty they are temporarily balked.

HAD RELATIVES IN TORONTO.

London, April 1.—The relatives of John McGregor, the Londoner, who was found dead in a Chicago hotel a week ago Sunday morning, have not yet been heard from by the local police. The case has become a mystery. McGregor stopped at a Tabot-street boarding house, but was not occupied in any business. He was of quiet disposition, and so far as can be learned, never spoke of his relatives, save a brother who, McGregor stated to a friend, resided in Toronto. The body of McGregor was still being held at Chicago in one of the cold storage buildings used for such a purpose.

AMERICANS COMING TO CANADA

The Boston Transcript prints a despatch from Minneapolis declaring that at the present rate of emigration from the Northwest to Central and Western Canada two million Americans will be in the Dominion at the end of twenty years. While this would seem to be an overstatement, there is no doubt that a large number of Americans are crossing the line, attracted partly by the abundant richness of Western Canada and partly by the liberal inducements offered to immigrants by the Canadian government.—New York Tribune.

LAWYER SCENE DEAD.

Chatham, April 1.—E. W. Scane of the law firm of Scane, Houston, Stone & Scane, died suddenly at 7 o'clock this evening. Deceased had been in ill-health for some time. Angina pectoris was the immediate cause of death. The deceased was 62 years of age, and was called to the bar in 1868. He had four children: Dr. John of Montreal, W. W. Scane and Mrs. W. Taylor and Mrs. Joseph Hadley of Chatham.

ST. JOHN'S, Nfld., April 1.—The steamer Greenland arrived here last night with a cargo of 20,000 seals. The steamer is owned by the Sealers' Association and is bound for St. John's. The seals are to be shipped to this port. The Virginia is believed to be in the fog near the coast. This is a furious gale on the North Atlantic.

RUBBER IN NEW GUINEA.

Berlin, April 1.—In a cablegram received at the Colonial Bureau, Herr Schlichter, the botanist, declares he has discovered an abundance of rubber and gutta percha trees in German New Guinea. By this discovery Herr Schlichter wins a 3000 mark prize.

ONTARIO TROOPER KILL.

Corporal Harold Austin Nealon Drowned With Entertic.

Ottawa, April 1.—The Second Canadian Mounted Rifles have apparently had their baptism of fire. A cablegram from the Casualty Department, Cape Town, dated March 31, reports that Trooper George Pyle of the regiment in question, who was reported missing near Kerkendop, March 25, was slightly wounded in the right foot, and is now in the hospital at Kerkendop. Second Canadian Rifles, is reported to have been dangerously ill with dysentery at Charlottetown on March 30.

A second cablegram to the Governor-General reads: "Dangroosty, Ill., Ontario, Sydneyham, March 28, S. A. C. Corp. Harold Austin Nealon. Please inform Archdeacon Goring, St. Peter's Palace, Peterboro, Ont. (Signed) Casualty Department."

POSTAL CLERK FOUND OUT

Decoy Letter Registered at Bleeker-Street Branch Trapped Charles Hendry.

CONTAINED THREE MARKED BILLS

Which Were Afterwards Found in Hendry's Pocket—Complaints Were Made.

At the instance of Postoffice Inspector James Henderson, Charles A. Hendry, 24 years of age, was arrested last night by Detective Charles Slenn, charged with the theft of \$3 of the moneys of the Dominion of Canada. The arrest is the outcome of an investigation conducted by the inspector into several thefts of small sums of money from registered letters which passed through three marked mail-boxes at 109 Wellesley-street. Charles Hendry, father of the prisoner, conducts the postoffice in connection with a thriving fancy goods business.

The disappearance of money from letters was first brought to the notice of Inspector Henderson about two months ago, when the prisoner, who had been away from home for some time, started to fulfil his father's duties. The reports contained in a letter in which were enclosed three marked one-dollar bills, were addressed to a fictitious resident of Galt and registered at Hendry's place of business. In due course the letter reached the general postoffice, and upon examination it was found that the money was missing. Inspector Henderson, together with Detective Slenn, and together they went to the Bleeker-street branch. The prisoner was interviewed, and a search of his pockets revealed the marked bills. He was locked up at the Wilton-avenue station, and will appear in the Police Court this morning.

THREE CARS LEFT THE TRACKS.

Remarkable Experience of Mail Clerk After Accident.

C.P.R. train No. 10, from the fourth due at Union Station at 8:40 o'clock last night, did not arrive till nearly 1 o'clock this morning. The cause of the delay was an accident which occurred near Fleisheton about noon yesterday. Joseph Corrigan, a mail carrier, was struck and killed by a freight train, and James Leggie, railway mail clerk, was badly shaken up. The latter had the remarkable experience of being nearly injured in an upturned car for 1000 feet.

The train left Toronto at 8:25 yesterday morning, and about a mile south of Fleisheton the rails slipped, allowing the express, mail and baggage cars to slide off the tracks. The express car was overturned, and the mail and baggage coaches were turned over. Express Messenger Corrigan had a miraculous escape, but sustained a severe injury to his head. When picked up it was found that he was suffering from a crushed skull. Last night he was taken to Toronto and conveyed to his home at 179 Lippincott-street. Mail Clerk Leggie was injured in sorting letters when the accident occurred, and he was taken out of the overturned car before five hours had elapsed, unless the crew of the train were not aware of his presence there.

The train was going at the rate of about 25 miles an hour at the time of the accident.

MANITOBA'S REFERENDUM.

Vote Will Be Taken To-Day—Large Poll Is Expected.

Winnipeg, Man., April 1.—To-morrow evening will witness the close of the present liquor act campaign. There is seemingly little stir or interest in the city, but the members of the prohibition league say a good vote will be polled in the city and at many country points. The non-voting attitude of the Alliance is heartily endorsed by thousands of voters here and throughout the province. A meeting was held at Selkirk Hall to-night to wind up the campaign. It is generally understood that it will be called by Dr. Beach of the Prohibition League. The voting is of such a wide open character that few venture to say what the vote will likely be without scrupulous care.

FEAR A REPETITION.

Ottawa, April 1.—The workmen of the Public Works Department are in arrears of pay since Saturday last, naturally they fear a repetition of the experience of last session, when they were weeks without doing any work. A full stock of typewriter supplies are kept constantly on hand at Newcomb, Gilbert, Toronto. Phone 2770.

AN INTERNATIONAL UNION.

Montreal, April 1.—The Congregational Association of the Province of Quebec, at its session to-day, expressed a favorable opinion towards an international union with the Congregational Churches of America.

ELECTRIC POWER SCHEME

Toronto Men Ask Incorporation to Bring Energy From Niagara Falls.

WOULD ALSO BUILD RAILWAY

Company Will Be Capitalized at \$5,000,000—Plans Not Yet Complete.

Ottawa, April 1.—Charles D. Warren, Charles Ritchie, Robert Davies, Allan H. Royce, Hugh Sutherland and Adam W. Ballantyne of Toronto are petitioning to incorporate a company as the Dominion Power Company. The purpose of the company is to produce, generate and transmit electric and hydraulic power for lighting, heating, motor or other purposes. They also propose to run an electric railway between Niagara Falls and Toronto.

While the plans of the promoters of the company are quite indefinite at the present time, the necessary privilege to generate electricity will be asked for. The capital of the company will be \$5,000,000, and as the promoters are prepared to begin work. Wires will be strung for transmission of the power to Toronto.

Regarding the electric railway scheme of the promoters stated last night that the road would undoubtedly be built connecting the strip of road already in operation. The Niagara, St. Catharines & Toronto Co. have 12 miles in operation between the Falls and St. Catharines, and then there is an open stretch of 12 miles between St. Catharines and Beamsville. The next piece to be built is between Burlington and Mimico.

RUSSIAN SOLDIERS ACTIVE.

Ten Thousand Troops Have Been Moved To Fort Arthur.

Pekin, April 1.—The Manchurian convention permits China to maintain whatever force she may think necessary in Manchuria after the evacuation of that territory. Official reports received here from Niu Chwang declare that the Russians are displaying great military activity there. Ten thousand troops have recently been moved to Fort Arthur, and are now arriving. An extensive and permanent telegraph system is being constructed.

Russian forces in Manchuria total: 49,800 infantry, 20,000 cavalry, 10,000 artillery, 2400 engineers and 8000 telegraphers. A grand aggregate of 69,800. To these may be added the Amur army, which is said to consist of 30,000 of all classes, so that the total available Russian force in those regions of Asia is 123,200.

SIX HUNDRED STRIKE.

Longshoremen of Halifax Went Out at Midnight Tuesday.

Halifax, N.S., April 1.—The Longshoremen's Union decided to go out on strike at midnight. Over 600 men will be affected. They now receive 20 cents an hour. They demand 25 cents an hour for day work and 30 cents an hour for night work, and 50 cents an hour for Sundays and holidays. The steamship agents have refused to accede to the demands. To-day the crew of the steamer Furness-Witby Steamship Company locked out the 150 union men in their employ. They engaged 40 non-union men to remove the cargo from the steamer Dalton Hall. When the order was issued, the crew which will be in the interests of Mr. Herbert Lennox, the candidate for North York. Two days after April 11 he will speak in the evening at Lindsay in company with Mr. Fox, the Conservative candidate for West Victoria. On April 18 Mr. Whitney and Mr. Fox will attend a social gathering in the evening at the residence of Mr. Herbert Lennox, the candidate for North York. TEN THOUSAND STRIKE.

Altoona, Pa., April 1.—After mass meetings of the Rochester and Pittsburg Coal and Iron Company's miners had been held at Painesville and Skyeville to-day, the threatened strike was formally declared. It involves 10,000 miners, and will have the effect of curtailing the employment of nearly 20,000 men.

To-day the crew of the steamer Furness-Witby Steamship Company locked out the 150 union men in their employ. They engaged 40 non-union men to remove the cargo from the steamer Dalton Hall. FLOOD CAUSES DROWNING.

Two Men Drive Into Water Seventeen Feet Deep.

Glenora, April 1.—Another drowning fatality, due to the floods, is reported. Arthur Hibbert and Harry Egan started last night about 8 o'clock to drive across Oak Creek near Old Stockton. When they arrived at Oak Creek it was dark, and the water being very high, they did not notice the bridge was gone, and they drove into the water 17 feet deep. They were both thrown out of the rig and Hibbert was drowned. Egan, who is a good swimmer, managed to save himself after being carried about 300 yards down the stream. Hibbert was an Englishman, and has been in this country about five years. Arrangements are now being made to drag the body. The horse and rig, Egan's property, are also lost.

TO SEIZE THE LEGISLATURE

Only Remedy Left to Prohibitionists Since Ross Has Thrown Them Down.

NO CHANCE FOR REFERENDUM

Even Should It Carry It Would Be Declared Unconstitutional By Privy Council.

Rev. J. E. Starr gave the chief address at a public meeting in Central Methodist Church last night in the interests of prohibition. The clergyman observed that it was time to go back to first principles, since a lot of D.D.'s and college professors had covered the prohibition question up in a bag of fallacies. The referendum, he declared, was no referendum, in fact, and was unconstitutional. It was unfair, because the prohibitionists had to poll 60,000 more votes than were polled by them at the plebiscite. He then came to the consideration of the question: Where are we at? There was no hope from Bro. Whitney; there was any from Bro. Ross. Even should the referendum carry, it had to run the gauntlet of: 1. The veto at Ottawa; 2. repeal in the event of the advent to power of Mr. Whitney; 3. the Privy Council would undoubtedly pronounce it unconstitutional. Then, should these considerations be passed safely there was still the loop hole left by Mr. Ross—the question of compensation would have to be settled. Under these circumstances what were the alternatives? He thought that nothing can be done. The remedy proposed by Mr. Starr was this: Get control of the legislature, and he instanced the tactics pursued by the Reformers in England who demanded the repeal of the constitution.

Mr. Fielding, who proposed a vote of thanks to the speaker, announced that with the consent of the league, under whose auspices the meeting was held, he would give the address of the prohibition question discussion as well as a review of the present license laws of Ontario.

James Simpson presided. The attendance was large.

SERIES OF MEETINGS.

Mr. Whitney Announces the Dates He Has Arranged.

Mr. J. P. Whitney, leader of the opposition, arrived in the city yesterday and is staying at the Queen's Hotel, which will be his headquarters while in Toronto. The dates of a series of campaign meetings that he will address have been announced. On the evening of April 8 he will deliver a speech at the Conservative demonstration to be given by the East Durham Association at Port Hope. On the evening of April 9 Mr. Whitney will speak at a public meeting at Aurora, which will be held in the interests of Mr. Herbert Lennox, the candidate for North York. Two days after April 11 he will speak in the evening at Lindsay in company with Mr. Fox, the Conservative candidate for West Victoria. On April 18 Mr. Whitney and Mr. Fox will attend a social gathering in the evening at the residence of Mr. Herbert Lennox, the candidate for North York.

Beehive Your Own Landlord

Why do you pay rent and let it go down forever into the landlord's pocket? Why not take a house for which the rent applies on the purchase? You can then own your own home and enjoy it free of rent.

BIG BIRDS ON ANGLER'S HOOKS

How Mr. May Caught a Pelican Out in California.

A dispatch from Avalon, Cal., in The Los Angeles Times, recounts a couple of odd anglers' catches, one of which was manipulated by a well-known Toronto citizen. The story reads:

Some of the fish stories have their origin at Santa Catalina, and Friday and Saturday developed some of the ordinary, but one and a pelican caught at the end of the anglers' line. "Uncle John" Nestor, who usually fishes at the dock, was fishing in the bay with his partner, George and James Craig, when he struck a "Jewish Pilot" when an eagle, one of a pair which was nesting on a cliff, was flying over the water.

The bird, which was nearly 1000 feet above the water, was seen by the anglers, and higher and higher went the bird, until it was within 100 feet of the water. The anglers were watching the bird, and the bird was watching them. The bird was flying over the water, and the anglers were fishing in the bay.

The bird was flying over the water, and the anglers were fishing in the bay. The bird was flying over the water, and the anglers were fishing in the bay. The bird was flying over the water, and the anglers were fishing in the bay.

THE JUNIOR FOOTBALL LEAGUE.

Officers Elected at Annual Meeting—Schedule on Friday.

The Junior Football League met last night at the Central Y.M.C.A., with delegates present representing the Crescent, Broadview, All Saints, Grace Church and St. Matthew's. The officers elected were:

Hon. president, Mr. F. Bridgen (All Saints); president, Mr. E. Summers (Broadview); vice-president, Mr. W. Moore (Crescent); secretary-treasurer, Mr. Moore (Crescent). Last season the weight limit was 120 pounds, but this spring it is proposed to reduce this to 125 pounds. This matter will be decided on Friday night next, when the league meets to draw up a schedule. All teams wishing to enter the league should have delegates present, with the entrance fee of \$3.

The Junior League will have delegates at the meeting of the Ontario Football League at the Walker Hotel to-night.

Football Notes. The Broadview Intermediate and Junior football teams are requested to attend practice every night this week on the athletic field, Broadview-avenue, at 6:30 o'clock. The Toronto will practice Thursday evening at 7 o'clock. Every player is requested to attend.

A meeting of the Toronto Seals (senior) will be held at the Crown Hotel, Broadview-street, on Thursday evening, April 8, at 8 o'clock, to organize for the spring season. The report from the Ontario Association will be read at this meeting. All members will be asked to attend. All members and those wishing to join are requested to attend.

Men's and Boys' Spring Wants

There is no time when choice clothing and furnishings needs are not seasonal, and no matter what the time of year, we are doing our best to think out what you'll need—to give you the best at least cost. A neat list has been decided on for men and boys on Thursday, when they will have a chance of buying:

- Black Suits: Men's Black Suits, four-buttoned, single-breasted, sack shape, made from fine imported Venetian-finished worsted, unbound silk-stitched edges, bottom Italian, choice linings and trimmings, sizes 34 to 44-inch chest, regular price \$10.00, Thursday, selling for..... 8.50
Boys' Suits: Boys' Three-Piece Suits, short pants, single-breasted, sack shape, dark Canadian tweeds, small checked pattern, Italian cloth linings, sizes 27 to 33..... 3.00
Bicycle Hose: Mens Fine Imported Bicycle Hose, with deep roll top, light and heavy ribbed leg, fancy plaid tops, grey and heather mixtures, all sizes, regular price 50c and 75c per pair, for..... 35
Waterproof Coats: Men's Waterproof Coats, in light grey and fawn covert cloth, single-breasted, long Raglan-style, velvet collars, checked linings, sewn seams, spec..... 3.95
Men's Waterproof Coats, single-breasted, long Raglan-style, made of fine imported covert cloth, with Oxford grey shades, checked linings, bottom facings..... 8.00

Office Desks at \$23.90. We don't know of a manufacturer who'd be willing to make this Desk for the money we're asking on Thursday. Handsomely finished and a roll top that doesn't bind and stick fast!

Hats, Caps and Tams. Of all the Eaton standards it is doubtful if there is one more popular than the Eaton Special Dollar Hat. Latest in colors, most modern in shape, greatest in demand and biggest in value!

Emphasizing Day Bicycles. Day bicycles at \$25 and \$35 are superior wheels. Look at the exterior finish. It's good. Examine the workmanship. Faultless throughout. Scrutinize the interior construction. None better. What then is a sensible verdict? Strong, beautiful and easy running. Dunlop tires of 1902 supply the sustaining power. The maker's guarantee gives you strong protection from a defect in any of the parts, of which a wide range exists, and an attendant wide choice for the purchaser.

Basement Bargains. Probably the handiest combination of articles we could select in the store has been assigned to the Basement, where every day boasts of a special offering!

Sheeting and Quilts. The regular prices are 30c and \$1.25 respectively. These are not hazardous prices, but the lowest estimate we could afford to buy and sell the goods at in the regular way. For the sake of having a bargain or two in the Beddings on Thursday we offer them at these prices:

- 2 1/2 ft. 6 in. x 6 ft. 3 in., at \$9.50
3 ft. 0 in. x 6 ft. 3 in., at \$11.00
3 ft. 6 in. x 6 ft. 3 in., at \$12.50
4 ft. 0 in. x 6 ft. 3 in., at \$14.00
4 ft. 6 in. x 6 ft. 3 in., at \$15.00
Made in two pieces, 75c extra.

THE PEACE NEGOTIATIONS.

It looks as if peace negotiations would soon be under way between Great Britain and the Boers. The London Times, at least, thinks so, and it asserts that the colonies must be consulted in the final settlement of the negotiations. A very important point in the negotiations will be the question of language. Canada, which has been the victim of the dual language evil for over a century, might be expected to give an authoritative opinion to the British government when this feature of the negotiations is discussed. But we find ourselves in somewhat of a dilemma on this question. The Premier of the Dominion, who will, naturally, represent Canada in any commission that may be formed to determine the conditions of peace, is a French-Canadian, and it is not probable that he would favor any proposal that would have for its object the elimination of the Boer language in South Africa. Such a course on his part would be tantamount to a confession that the right conceded to the French in Canada, to use their own language, in 1760, was a mistake, which should not be repeated in South Africa. Mr. Tarte is too potent a factor in Dominion politics to allow Sir Wilfrid Laurier to give any such advice. At the same time, it is absolutely true that the dualism of our language has retarded the development and interfered with the harmony of the country. Canada would have been a much more united and prosperous country to-day, if, in the treaty of peace which determined the relations that should exist between the French and English occupants of the country, only one official language had been recognized. The mistake of 1760 in America should not be repeated in 1902 in Africa. South Africa is to be an English country, and its official language ought to be the English tongue, with no alternative language permitted. If Sir Wilfrid advises in favor of recognizing Dutch as an official language in South Africa, it will not be the first time he will have failed to interpret, or rather advocate, the public sentiment of this country. When the war was first declared he ran counter to public opinion by saying there would be no Canadian contingent for South Africa. It is only recently that he officially notified the British government that Canada was not prepared to discuss a project of Imperial defence. In making this assertion, he again ran counter to public opinion in Canada. It is somewhat unfortunate that, during the important crisis through which the Empire is now passing, the sentiment of this country had not been fairly represented to the Mother Country or to the world.

A CASE FOR INVESTIGATION.

Canada's Atlantic ports do not enjoy an enviable reputation among shipping men and insurance companies. It must be admitted that disasters to ships entering Canadian waters have been too prevalent, and the prejudice that exists against our ports is more or less well founded. It is satisfactory to know, however, that the causes for the excessive loss of property thru the wreck of vessels entering Canadian ports are almost wholly preventable. There is no reason why the St. Lawrence route should not be made as safe as the approach to any other harbor in the world. An improved system of light-houses and signals is necessary, and wireless telegraphy should be introduced as soon as possible. Improvements like these, together with the insistence of absolute efficiency on the part of the pilots, ought to make the St. Lawrence route as safe as the most exacting underwriter could demand. In order to get at the bottom of the trouble, the government should hold an investigation into every disaster, whether occurring in the St. Lawrence or at any Atlantic port. A case in point is the running aground of the steamer Luke Superior, while entering the harbor of St. John, N.B. This appears to have been a preventable disaster. The Department of Marine and Fisheries has been requested to hold an investigation, and the request ought to be willingly complied with. Let the responsibility be located and steps taken to see that a similar mistake is not possible in the future. It is only by making a searching investigation into each disaster as it occurs, that we can ever hope to remove the disadvantages under which the ports of Canada labor, compared with those of the United States.

Is your ailment Catarrh?

"I had Catarrh for 1 year." "I had Catarrh for 2 years." "I had Catarrh for 5 years." "I had Catarrh for 20 years." "I had Catarrh for 40 years" and Dr. Agnew's Catarrhal Powder cured me. These are sentences from the volumes and volumes of testimony for this great catarrh cure, words from men and women all over the continent who have been cured. It relieves in 10 minutes.—20

SHE PATIENTLY BORE DISGRACE

A Sad Letter From a Lady Whose Husband Was Dissipated.

How She Cured Him With a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was colorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

OPPOSED KNOX CHURCH SALE

Two Petitions Presented to the Presbytery, for and Against the Transfer.

COMMITTEE WILL INVESTIGATE

Resolution Adopted to Work for a Full Vote for the Referendum.

The Toronto Presbytery yesterday discussed the application of the trustees of Knox Church for power to sell the present site. There was presented a petition from the trustees, setting forth the advisability of the contemplated sale, on the ground chiefly that the residential portion of the city is now fast removed from the present site, and that the value of the land is now greatly appreciated because of its nearness to the commercial centre of the city, and that, instead of keeping the site as a purely Christian work in the city and elsewhere.

Another one was passed expressing pleasure at the progress made in erecting reading camps and club houses, and at the liberality of the lumber and mining companies and other industries in fitting them up.

Officers Elected. The following officers were elected for the ensuing year: President, H. Langton, Toronto; first vice-president, R. J. Blackwell, London; second vice-president, W. Tyler, B.A., Guelph; secretary, E. A. Hardy, B.A., Lindsay; treasurer, Prof. MacCallum, Toronto; Councillors, James Bain, Toronto; W. J. Robertson, St. Catharines; H. A. Lovell, Smith's Falls; H. Robertson, Collingwood; T. Scollard, Chatham.

Killed Two. Philadelphia, April 1.—William Lane, a colored servant, accused of stealing, shot his employer's wife, her ten-year-old daughter, and probably fatally wounded a younger daughter out of revenge to-day. He was caught.

Double Shooting. Parkhamstead, Conn., April 1.—Mrs. Richards, aged 52, shot and fatally wounded her mother, aged 76. She then committed suicide.

Piles. To prove to you that Dr. Chase's Ointment is an absolute cure for piles and every form of hemorrhoids, we have guaranteed to refund your money back if not cured. See a box of Dr. Chase's Ointment.

On Thursday evening the friends of Dr. Beeson Nesbit will give a smothering concert in his honor in Ayres' Hall, corner Winchester and Parliament-streets.

The Ontario Cabinet sat for two hours yesterday afternoon. The only information given out was that Frank-lyn H. Stronach of Coblench is to be appointed Inspector of Licenses for the License District of Addington, in the place of J. M. Smith, who has removed from the license district.

Hon. J. R. Stratton will address a meeting at Waterloo to-day in the interests of Mr. L. J. Breithaupt.

Steps are being taken to form a Young Men's Conservative Club in Ward 2. If those interested in the organization succeed in carrying out their intention, it is likely that the new club will hold its meetings in Ayres' Hall.

The North Toronto Young Men's Liberal-Conservative Association, of which Mr. Charles Hopkins is president, will hold a smoker on April 11.

Out in Peel County, Mr. Charters, the Conservative candidate, is particularly active, and his work counts for anything his return to the legislature is a certainty. John Smith, the Liberal, is here in the contest, and is taking things easy. He is apparently confident that his re-election is assured, and is putting up but little or no fight. It is said.

Mr. Marter in an interview with The Sault Ste. Marie Express is credited with saying that he had no doubt whatever that he would be re-elected by a large majority for North Toronto.

In washing woollens and flannels, Lever's Dry Soap (a powder) will be found very satisfactory.

Stops the Cough and Works Off the Cold. Laxative Bromo Quinine Tablets cure a cold in one day. See cure to-day. Price 25 cents.

WANT LIBRARY COMMISSION

Ontario Government Will Be Asked to Enquire Into Whole Question of Public Libraries.

THE FUTURE OF CANADIAN FICTION

Mr. Burpee Takes an Optimistic View—Miss Carroochan's Sketch of Niagara's Library.

Another series of interesting papers were read at the second and last day of the Ontario Library Association's annual meeting yesterday in McMaster College. "Vicissitudes of a Public Library During 50 Years," a paper by Miss Jane Carroochan, gave a sketch of the Public Library, Niagara, from its formation in 1848.

Library Hints. A paper on "Some Useful Methods in a Small Public Library," was read by Miss C. A. Rowe, librarian of Brockville, and in it she discussed card-catalog, great usefulness of card-catalog, selecting and buying books, encouraging the reading of the better class of literature by use of attractive bulletins, good book reviews, display of new books, lists of best books, etc. Open access to the shelves was advocated if proper supervision could be given to the shelves and readers.

Training of Librarians. In an afternoon paper on "The Training of Librarians in Ontario," was read by E. A. Hardy, Lindsay. After pointing out the desirability of trained librarians, Mr. Hardy enquired as to the financial possibilities of the libraries of Ontario to pay for such service; 20 libraries are paying \$200 per year and over for salaries, but at the close of this year at least 100 libraries would be in a position to pay \$100 a year and upwards. A librarian's work falls into two parts, mechanical service and library training. To secure trained librarians various methods are possible; county institutes, attendance at Toronto, Hamilton or London Public Libraries, attendance at a library school or summer library school, a correspondence course, or the creation of a summer library school, in Toronto.

Mr. Hardy advocated the government taking hold of the matter, instituting a library course, drafting out a syllabus, appointing instructors and granting certificates, and suggested that libraries employing such certified librarians should be financially recognized by the government. Failing that, the government should be urged to draft out a course of instruction, and give its own certificate to those who did the work.

Level is Popular. In his paper on "Canadian Fiction," Lawrence J. Burpee of Ottawa said that while developing with a rapidity that was almost startling, especially in view of the fact that up to a couple of years ago the output was extremely meagre.

Mr. Burpee believes that there is good reason to expect a most optimistic view as to the future of Canadian fiction, and he makes an earnest plea for a more hearty and rational encouragement of native talent than has obtained in the past.

John A. Cooper, B.A., editor of the Canadian Magazine, gave an instructive paper on Canadian periodicals that was much appreciated, and Dr. S. P. May on "How to Secure the Passing of a Free Library Bill."

Want Commission Appointed. A resolution was passed requesting the Lieutenant-Governor-in-Council to appoint a commission to examine into and report upon the whole question of the library system of the province.

Another one was passed expressing pleasure at the progress made in erecting reading camps and club houses, and at the liberality of the lumber and mining companies and other industries in fitting them up.

Officers Elected. The following officers were elected for the ensuing year: President, H. Langton, Toronto; first vice-president, R. J. Blackwell, London; second vice-president, W. Tyler, B.A., Guelph; secretary, E. A. Hardy, B.A., Lindsay; treasurer, Prof. MacCallum, Toronto; Councillors, James Bain, Toronto; W. J. Robertson, St. Catharines; H. A. Lovell, Smith's Falls; H. Robertson, Collingwood; T. Scollard, Chatham.

MAYOR HAS GONE TO OTTAWA

Will Discuss the Telephone Legislation

Before the Railway Committee

SEVERAL MEETINGS AT THE HALL

What Ald. Curry Thinks of Laborers' Hall

The Mayor went to Ottawa again last night.

He was accompanied by Corporation Counsel Fullerton, Frank Arnold, K.C., representing the Union of Canadian Municipalities, and Oscar W. Rogers, telephone expert, representing himself.

The object of the visit is to appear before the Railway Committee in regard to the proposed new telephone legislation.

Last evening His Worship received a verbatim copy of the interview which took place last week with the Minister of Justice, and he was impressed with the remarks of Mr. Wallace Nesbitt, K.C., which, he said, were really against the interests of the municipalities and favorable to the Bell Telephone Co.

Several meetings of the Board of Control awarded the contracts for fall supplies. The lowest tenders were given the contracts as follows: I. S. Lobb, chickens, 100,000; groceries, J. Pickett, milk; Cole Baking Co., bread; Sweet Bros., meat. For instance, tea is 20c per lb. and coffee 20c. Sugar is down to 40c per lb., and potatoes look like an easy proposition at 90c per bag. Oatmeal seems cheap, too, and so do split peas. Milk is to be provided at rate of 1c per gallon, and bread is at 5-1/2c per 3-lb. loaf. Beefsteak looks easy at 10c to 12c per lb., considering what it costs the ordinary citizen.

Ald. Curry's Bold Stand

Saturday half holidays for laborers in the employ of the city were discussed in the Legislation and Reception Committee yesterday afternoon.

Ald. Ward wanted a permanent by-law passed which would make the holidays sure.

There was a protest from Ald. Curry, who boldly stated that men should only be paid for the time they work actually, and his remarks were to the effect that if they got the half holiday their wages would be reduced.

Ald. Spence soured somewhat on Ald. Curry's ideas and the committee agreed with Ald. Spence that the City Solicitor will be instructed to draw a by-law to give the city workmen holidays.

Cattle Market Lease

The Property Committee met yesterday afternoon and after some consideration decided to send on a recommendation to the City Council that the city should take over the management of the western cattle market.

The lease is held by Mr. David Atkinson but is at once terminated.

The Legal Department, reporting upon the request of Council member Jones, to take over the cattle market privileges, Ald. Lamb and Chairman Richardson protested, but the City Council will likely decide to take over the lease.

Parks Committee Adjourns

The Parks and Exhibition Committee met yesterday afternoon and adjourned after the report of Chairman W. T. Stewart, whose father is dead.

Money for Works Committee

The Board of Control took another item at the Works Committee, which was a report on the work of the committee.

The total reduction was \$22,000, which is the total now \$375,400, which is in the neighborhood of \$100,000 more than was spent last year.

Private Bankers Organize

At a meeting of private bankers from different parts of Ontario, held at the City Hall yesterday, "The Canadian Private Bankers' Association" was formed, with the following officers:

President, T. H. Cook, Sarnia; provincial vice-president, Ontario, Lieut.-Col. Munro, Embro; Quebec, P. E. Pemberton, Three Rivers; Manitoba, J. A. Stewart, Winnipeg; Nova Scotia, J. G. McIntosh, Halifax; Northwest Territories, D. H. McDonald, Fort Qu'Appelle; British Columbia, J. C. Stewart, Vancouver; N.B., general secretary, J. McEachern, Elmville; corresponding secretary, W. Merritt, Chatham; treasurer, W. P. Telford, Owen Sound.

Education of Our Boys and Girls

Yesterday a party of over sixty boys and girls, with a number of lady friends, were conducted by Mr. A. Stevens, principal of the Manning-avenué Public School, over the Sunlight Soap Works.

The education imparted in a practical manner such as this proved of considerable interest to the visitors, who were shown Sunlight Soap in every stage of its manufacture, from the raw material to its final chemical test in the laboratory.

The ladies of the party particularly were interested in the demonstrations of the purity of Sunlight Soap and its freedom from causticity, that in common soap is so damaging to clothes and skin.

Winchester Way

Winchester street, at the bridge and St. R. subway, is in a deplorable condition. The official and debris that was washed down a month ago when the ice burst, is scattered all over the roadway. The rail guard along the river edge, the sidewalk and life-saving apparatus are all gone and one would not dream that the locality is a portion of Ward One. Further on opposite Smallpox Hospital the logs of the corduroy road of long ago are washed out of the roadbed, and may cause a serious accident one of these nights.

At Osgoode Hall

The Medler and Arnot arbitration matter in which both the city and the C. P. R. figure, came up in Single Court yesterday by way of appeal by the city to have \$250,000 awarded to Medler and Arnot dissolved. The matter was allowed to stand for a week at the request of the C.P.R.

TRUSTEES WILL SUE CITY

Separate School Board Instructs J. R. Roy to sue City.

Members of the Separate School Board at their monthly meeting last night in the De La Salle Institute, denounced in strong terms the action of the city in retaining \$1218 of the board's funds for rent of quarters in City Hall.

The board's repeated demands have been made on City Treasurer Cuddy for the amount without any satisfaction.

The board has now resolved to sue the city with a view to enforcing payment. A resolution instructing J. R. Roy, K.C., to sue the city for the amount, was passed, and, if necessary, issue a writ, was proposed by Rev. Father Hand and seconded by Rev. Father Hand.

Inspector Brother Odo Baldwin submitted a report of the attendance for the month of March. The average was 4013, highest 3779, and the average 4013. Accounts totalling \$177.75 are owing to the board.
