Pope Leo Sees the Light of Another Dawn But All Signs Point to Crossing the Bar

Awakes From Enforced Sleep This Morning Feeble to the Extreme, But Conscious.

BULLETINS.

ROME, July 6, 6:45 A.M.—A BULLETIN HAS JUST BEEN ISSUED. IT SAYS THE CONDITION OF THE POPE IS STATIONARY, AFTER TWICE TAKING A RAW EDGE AND GOING BRANDY HE WENT TO SLEEP. AT NINE O'CLOCK DR. MAZZONI WILL VISIT HIS HOLINESS AGAIN, AND A NEW BULLETIN WILL THEN BE ISSUED.

8:35 A.M.—THE POPE AWOKES FROM HIS SLEEP, WHICH WAS INDUCED BY DOSES OF CHLORAL, VERY FEEBLE AND IN PAIN, BUT WITH HIS MIND QUITE CLEAR.

1:30 A.M.—DR. LAPPONI HAS JUST EXPRESSED THE OPINION THAT THE POPE WILL LIVE UNTIL MORNING, HIS HOLINESS IS STILL CONSCIOUS.

10:30 P.M.—THE CHANGE FOR THE WORSE IN POPE LEO'S CONDITION IS AUGMENTING RAPIDLY. AT 9 O'CLOCK HIS HOLINESS WAS UNMISTAKABLY SINKING, SO THAT DR. LAPPONI, ALARMED, CONSULTED WITH THE POPE'S RELATIVES, CARDINAL RAMPOLLA AND OTHERS, WHO DECIDED THAT EXTREME UNCTION SHOULD BE GIVEN, AND IT WAS ADMINISTERED BY MGR. PIFFER, THE POPE'S CONFESSOR.

8 P.M.—ACCENTUATED SYMPTOMS OF GENERAL DEPRESSION ARE APPEARING. THE POPE'S RESPIRATION IS MORE FREQUENT AND SUPERFICIAL, AND HIS PULSE IS SO WEAK THAT SOMETIMES IT IS IMPERCEPTIBLE. HIS TEMPERATURE REMAINS UNDER NORMAL, AND HIS INTELLECTUAL FACULTIES ARE UNIMPAIRED.

4 P.M.—A FIT OF COUGHING DISTURBED THE POPE'S SLEEP. COUGHING MIGHT BENEFIT HIM, BY RELIEVING THE LUNGS OF THE CATARRHAL OBSTRUCTION. BUT, OWING TO HIS WEAK STATE, IT IS VERY TRYING AND EXHAUSTING.

2:45 P.M.—THE POPE SEEMED SOMEWHAT PROSTRATED AFTER A RATHER EXCITING MORNING, AND IS NOW ENJOYING MUCH NEEDED SLEEP.

1:45 A.M.—REPEATED DOSES OF CHLORAL HAVE ENABLED THE POPE TO SLEEP, BUT, CONTRARY TO PREVIOUS NIGHTS, ARTIFICIAL RESPIRATION IS CONTINUED, AND DR. LAPPONI GOES EVERY FIVE MINUTES TO THE bedside TO OBSERVE THE PATIENT AND LISTEN TO HIS BREATHING.

POPE SURELY DYING.

Asks His Physician to Tell When the Time Comes.

Rome, July 7.—(8:55 a.m.)—Another morning has broken on the pathetic scene within the simple chamber of the Vatican, where Pope Leo lies dying. As the soft light of dawn penetrated into the room the Pontiff whispered his devoted physician that he desired the shutters of the windows to be opened, saying: "I WISH TO SEE ONE MORE, PERHAPS FOR THE LAST TIME, THE RAYS OF THE SUN."

It is just a short while that the Pope came back to consciousness from a sleep, which Dr. Lapponi had induced by a strong dose of chloral. His sleep was so deathlike that artificial respiration was continued, and Dr. Lapponi every five minutes leaned anxiously over the couch to observe the ill-drawn breath of the dying Pontiff.

Pope Leo awoke with perceptible feeble to the extreme, and his voice hardly audible. The fits of coughing had brought tears into his chest and shoulders, and, thinking his end was near, he said to Dr. Lapponi: "TELL ME WHEN THE TIME REALLY COMES."

The doctor assured His Holiness that he believed the danger of his immediate passing was over, and that he had time for to-day.

These seemingly last moments of Pope Leo are full of solemnity. Perhaps his last hours would be kept by an abeyance and said in the presence of the most august of the circumstances and the time remaining before he enters eternity. Altho his physical powers are at the lowest ebb and his breathing becomes more labored, the Pope's mind is clear, as is manifest to all around him by his slight expressive words and the few words which he utters in a low voice.

Count Camillo, who is now with the Pope's bedside yesterday, was so exhausted that he had to be taken from his uncle's room, completely worn out. A few moments before, as he stood beside the bed, Pope Leo turned to him and said with paternal affection: "TAKE CARE."

Shortly after 10 o'clock at night the Pontiff received the extreme unction. An hour before it had seemed he had a very short time to live. The Pontiff received the extreme unction that extreme unction was to be given with his usual calmness, and he scarcely was able to speak clearly, but he knew his time had come, and he was ready to accept before the divine mercy. Mr. Piffer, Pope Leo's confessor, administered the unction. He spoke of it with great interest, and he sank back on the pillow with apparent great relief that it was done, and his long plighting.

ASKS AID OF YORK TOWNSHIP.

Toronto Street Railway Desires to Extend Along Avenue-Road.

The members of York Township Council, while in session yesterday, were somewhat surprised by a visit from James Bicknell, solicitor for the Toronto Street Railway Company. Mr. Bicknell was permitted to address the Council, and, in so doing, made an offer to the township to construct their line on Avenue-Road from the terminus of their present tracks to Upper Canada College.

POPE LEO'S POEM ON DEATH.

In 1897 the Pope felt the shadow of death beginning to fall upon him, and in splendid defiance of its power wrote the following lines, which are considered among his strongest work.

Death.
The western sun draws near his cloudy bed,
Leo, and gradual darkness veils thy head:
The sluggish life-blood in thy withered veins
More slowly runs its course—what then remains?
Lo! Death is brandishing his fatal dart,
And the grave yawns to shroud thy mortal part:
But from its prison freed, the soul expands
Exulting pinions to the enfranchised lands.
My weary race is run—I touch the goal:
Hear, Lord, the feeble pantings of my soul;
If it be worthy, Lord, thy pitying breast
Welcome it unto everlasting rest!
May I behold thee, Queen of earth and sky,
Whose love enchained the demons lurking nigh
The path to heaven; and freshly shall I own
'Twas thy sweet care that gained my blissful crown!

UNAWARE OF MOVE.

Assistant to President Mackenzie on Avenue-Road Extension.

Ottawa, July 6.—(Special)—W. H. Moore, assistant to the president of the Toronto Street Railway Company, on his return here from New York, was given a surprise by the fact that the extension of the Avenue-Road tracks to Upper Canada College had been authorized by the Street Railway Company. Mr. Moore stated that he was entirely unaware of the move until he was informed by the Street Railway Company. The relations between the company and the city officials have for some time past been most harmonious, and Mr. Moore expressed his regret that any misunderstanding should have occurred between them.

SETTLED HIS AFFAIRS.

Pope Persuades Himself This Illness is His Last.

Rome, July 6.—Towards evening the Pope grew worse and the news spreading, together with the tone of the last bulletin, caused considerable alarm among the Vatican. The doctors do not believe, as some predict, that a catastrophe will occur during the night, and Dr. Mazzoni is of the opinion that Pope Leo might live perhaps two days, without excluding the hypothesis of a possible ultimate recovery.

CARDINALS GROW ACTIVE.

Exchange of Telegrams in Cipher Prior to Expected Conclave.

Rome, July 6.—Great activity reigns among the cardinals now that it is surmised that a conclave cannot be far off. It is even said that there has been exchange of telegrams in cipher between the members of the Sacred College in Rome and those in the provinces or abroad. Innumerable rumors are circulating, and scarcely any cardinal is without a letter in his pocket, which he is supposed to be carrying to some candidate or candidates. However, besides the three already mentioned, the only other candidates for the papacy are Cardinal Ruffini, Archbishop of Bologna, and Cardinal Richelmy, Archbishop of Turin.

INCREASES DOMINION CIRCULATION.

It to \$30,000,000.

Ottawa, July 6.—(Special)—The Finance Minister gives notice of a resolution increasing authorized Dominion circulation from \$20,000,000 to \$30,000,000. It provides that for a circulation up to \$30,000,000, the reserve in gold and silver shall be 25 per cent. and the percentage of the total circulation, of which 15 per cent. shall be in gold. The balance of the \$30,000,000 shall be covered by an equivalent in gold deposits.

IRISH LAND BILL.

London, July 6.—The House of Commons today reached the second part of the Irish land bill before adjourning. The House, in disposing of Part I, got through sixty-four of the eighty-nine clauses in the bill, the committee stage of which will probably be wound up tomorrow.

WAR IS INEVITABLE.

Japanese Are Mobilizing Their Forces in Far East.

London, July 6.—According to the Tien Tsin correspondent of The Standard the opinion prevails in Russian circles that the outbreak of hostilities in the far east is inevitable. It is reported that the Japanese are mobilizing their forces.

SITUATION NOW SERIOUS.

Vienna, July 6.—According to the Austrian foreign office semi-official reports received here indicate that the situation between Bulgaria and Turkey has become serious. Bulgaria appears unwilling to consider the admissions of great powers, to maintain peace, notwithstanding the note sent Sofia July 4, in which Bulgaria was warned that Austria and Russia were absolutely in accord and that the Bulgarian complaints against Turkey were considered to be much exaggerated.

GOOD CROP PROMISED.

Ottawa, July 6.—The Canadian Northern crop report for the week ending July 4 indicates another bountiful harvest for this year. The report states that it appears to have been just in time to have had a wonderful effect on the growing grain. A good average yield is expected everywhere.

WANT NO BANK WRECKER.

St. Thomas Depositors Object to A. E. Wallace Being Allowed to Around.

St. Thomas, July 6.—(Special)—A. E. Wallace is daily in the office of the defunct Atlas Loan Company. The depositors and stockholders criticize the presence of the ex-president severely. He says he has the permission of the National Trust Company, which is the liquidator, to remain there and furnish what information he can to those wishing it. Mr. Wallace takes exception to the story generally circulated concerning the sad experience of a woman who deposited \$3000 with the concern the day it closed its doors. According to the well authenticated report of a woman, now residing in Jacksonville, Fla., she took a \$2000 gold draft to the Atlas Loan Company on the day before the doors closed and deposited it. When the failure was announced by the receiver, Wallace, Esq., to stop payment, the reply came back: "Draft cashed by cable to-day."

WATER CLAIMS VICTIMS.

DEATH IN OTHER FORMS.

St. Catharines, July 6.—About the middle of this forenoon, Milford, eldest son of the late William Amos, of this town, aged about 17 years, went to the river at the Queen-street bridge to swim, with a comrade. As young Amos was not a good swimmer, he was warned by his comrade not to try to swim across the river, which is about 7 feet deep at this point. Amos, however, on seeing his comrade crossing, tried to follow him, when he sank in midstream and was drowned before help could reach him.

JOHN KERR DROWNED.

Pickering, July 6.—George Kerr, manager of the Western Bank here, received a telegram to-day with the sad news that his son John, aged 25 years, had been drowned on Saturday evening at Sacramento, Cal. His body is expected home to Pickering for burial.

RESCUES FAILED.

St. Catharines, July 6.—Louis Wood, 22 years of age, was accidentally drowned at Lockport, N.Y., about 8 o'clock last night. He was with some others wet swimming and, unable to swim, got beyond his depth. His companions made a brilliant attempt to save him, but failed. Wood was spending the Sunday here, his home being at Niagara Falls.

DROWNED IN B.C.

Vernon City, B. C., July 6.—Stewart James and Arthur Waby, two young men in the employ of the S. C. Smith mills at Enderby, were drowned while running logs from the river to the boom. They were engaged at the work voluntarily during their leisure hours, it being about 8 o'clock in the evening when the fatality occurred. A Chinaman saw them fall off the log, on which one was at each end, and, though he saw the alarm, which was given by the miller, he did not stop to help them, but, after a few minutes, nothing could be seen of the two men. Neither could swim and they were down in 20 feet of water. Both bodies were recovered. Stewart James was a member of L.O.L. 1733 and under its auspices the funeral was held.

WALKING AT THE SCANDAL.

On the Jersey Coast last New York, N. Y., is endeavoring to get some fresh air in the big open air there's no notice. The ladies' hats are quite pleasant to the eye and have imported some special designs. They're not millinery creations, but such as are sold only by tailor hatters.

FINE AND WARM.

Metropolitan Office, Toronto, July 6.—(8 p.m.)—The weather has been hot and warm today in Ontario and Quebec and cool and cloudy in the Maritime Provinces. It continued showery in the Northwest Territories and Manitoba, with fairly high temperature in the Northwest Territories and Manitoba, with rather low temperature farther west.

MINIMUM AND MAXIMUM TEMPERATURES.

Minimum and maximum temperatures for the week ending July 6: Toronto, 50-60; Calgary, 44-52; Edmonton, 46-60; Qu'Appelle, 54-74; Winnipeg, 48-58; Port Arthur, 52-70; Toronto, 54-78; Montreal, 54-81; Ottawa, 61-80; Halifax, 48-58.

STATION MADE HUMAN AUCTION MART.

Arrival Yesterday of 100 Immigrant Get Farmers Out-Bidding Each Other's Offers.

First bid (going) \$18 per month, second bid (going) \$20 per month, third bid (going) \$22 per month.

Hired Men Auctioned.

Farm help in Ontario is only now developing its serious nature. There is hardly a section of this province but is sorely in need of extra hands to assist in the grain fields this year, and where the assistance is coming from is what is now puzzling the majority of agriculturists. Just a faint idea of the anxiety to procure hands was evinced at the Union Station yesterday when on the arrival of the Montreal train at 7 a.m. bearing 100 immigrants no fewer than 200 farmers or their deputies were crowding the doors of the immigration offices and participating in one of the liveliest times they ever experienced in engaging farm laborers.

Wages again took a skyward journey, and as one farmer put it: "The help this year would make more money than their employers."

Like Uncle Tom's Cabin.

The almost unresolvable desire to procure laborers at any cost produced a scene at the Union Station in the early morning hours that would have done credit to an auction room.

"I'll give you \$18 a month and your board to come and work for me," said a farmer, and another farmer put in: "The help this year would make more money than their employers."

Bidding and struggling for the rest of the immigrants went on for hours, and as each farmer who harvested the farmer and his hired man would go into the immigration agents' office to get thru the usual formalities of registration of the man's name and when he had gone, and in many instances a secure transportation to their future home.

FORMER OSHAWA WOMAN WHO TOOK HER OWN LIFE.

Mrs. Alice Skae Committed Suicide, Following a Slump in Stocks.

Oshawa, July 6.—(Special)—Mrs. Alice Skae, who committed suicide in New York yesterday by drinking carbolic acid, was well known to many of the old residents of this town. She was a daughter of the late John Borsese Warren of Oshawa, who built the first flour mill here. Her husband was the first telegraph operator in Oshawa, and in the early fifties went to California, where he became wealthy, and where he died several years ago, leaving his widow a large inheritance.

Mrs. Skae was a sister of the widow of the late Lieut.-Col. Grierson of Oshawa, and of the widow of the late Justice of the Peace, John Skae, who died of her husband in California. Mrs. Skae has traveled back and forth between California and New York a good deal.

The cause which led to her taking her own life could only be conjectured in the absence of reliable information, but it is said by those who knew her well that she was of a speculative turn of mind and invested in stocks, and it is believed that losses thru the depression in the stock market may have had a good deal to do with her distress of mind.

In her travels she was usually accompanied by a trained nurse, but her friends here did not know that she had been ill.

The despatch from New York conveying the sad intelligence is as follows: Mrs. Alice Skae, 60 years of age, widow of John Skae, of Oshawa, Ontario, Canada, died in San Francisco, Cal. Mrs. Skae, who was at Oshawa, Ont., had resided here for two years. She had been attended by a trained nurse for several months.

MYSTERIOUS TRAMP.

Locked Up at Elmville Has Cash in Pocket.

Elmville, July 6.—(Special)—A tramp, arrested here on Saturday on suspicion of being concerned in the Collingwood murder, appeared in the Police Court to-day, but his description did not tally at all with the desired man. He has been begging food in this vicinity for several days, and had an insatiable appetite, but since his arrest he has refused to eat or speak. A razor was found on him, and his hair was cut. His shirt had become saturated entirely from a recently self-inflicted gas across his throat, where an old cut is also visible. He refused to give any information concerning himself.

John Hosen of Inverkip Receives Cheque from Millionaire.

Woodstock, July 6.—During a recent outbreak of fever at Cornell University one of the students attacked was John Hosen, of Inverkip, son of George Hosen of that place. As soon as he was able he came home and was surprised a few weeks ago to receive a private communication from Andrew Carnegie, the steel king and philanthropist, in which the giver of libraries requested Hosen to send him a certified statement of the expenses incurred by him while at Cornell. He said he would be glad to contribute to the fund for the purchase of books for the library.

SIX PERSONS SHOT.

Mount Vernon, Ind., July 6.—A fight on an excursion steamer between here and Uniontown, Ky., to-day, resulted in the death of six persons. A man shot and fatally wounded a man named Brown. Another man was shot and injured. Two of the number were recovered. Two of the number were recovered.

WENTY KNOWN DEAD.

Jeannette, Pa., July 6.—As a result of the breaking of the Oakford Park dam yesterday, twenty persons are known to be dead and sixteen are missing. The property loss in the valley will reach \$1,000,000, and the distress is so great that outside relief will have to be asked for. Business was practically suspended to-day.

Montreal, July 6.—(Special)—It is stated to-night on pretty good authority that James Ross will join the Grand Trunk Pacific syndicate at a very early date, and that Senator Cox, James Ross and other magnates will form a construction company, and that they will be given the contract to build the Grand Trunk Pacific from Moncton to the Pacific Ocean. It has also been reported that the Grand Trunk Railway is not at all satisfied to have the government build the eastern section. It is understood, however, that the above-mentioned construction company will build both for the company and the government.

THE RAILWAY PROPOSALS. The Grand Trunk Pacific scheme, as announced semi-officially by the government, may be considered in two parts.

In the west the settlers are coming in so fast and the grain raising area is being increased so rapidly that more facilities are required for getting the grain to the ocean.

The reasonable supposition, therefore, is that the Grand Trunk Pacific will push forward its measures for immediate relief, that is its prairie extension.

It would appear that the courts of this country will soon be called upon to investigate a crime of a most mysterious character, mysterious because it can be traced to no human motive.

THE MYSTERIOUS CRIME. It would appear that the courts of this country will soon be called upon to investigate a crime of a most mysterious character, mysterious because it can be traced to no human motive.

THE CARLYLE CONTROVERSY. Another book on the relations of Thomas and Janet Welsh Carlyle has been published. It has an introduction by Sir James Crichton-Browne, M.D., a specialist in mental and nerve diseases.

THE GLOBE COMPARED. The Globe represents that it has been goaded by the ill-tempered remarks of "the more liberal Conservative journals" into comparing the Grand Trunk Pacific scheme with the Canadian Pacific. It mentions several particulars in which the Grand Trunk is superior to the C.P.R.

Another book on the relations of Thomas and Janet Welsh Carlyle has been published. It has an introduction by Sir James Crichton-Browne, M.D., a specialist in mental and nerve diseases.

tion and tenderness. Mrs. Carlyle, like her husband, was a highly nervous and irritable person. An article in The Forum gives some illustrations:

The next reflection explains the invention of the typewriter. In an authority in the case. Mrs. Carlyle, in spite of all this, was not a happy woman. Her physical condition was always out of gear. She was, in fact, in a chronic state of being "run down."

while the building of the C.P.R. was a good thing, the terms were exceedingly generous, and some of them had and improved. For that reason, and also because the C.P.R. bargain is twenty-two years old, we hope it will not be taken as a symptom of rabies or ill-temper to object to the comparison.

OFFER A REWARD. Editor World: The piratical attempt the other night on the part of the Toronto Street Railway Co. to take possession of our streets is a most reprehensible piece of business and it is to be hoped that the press and the proper authorities will leave no stone unturned to ferret out the rascals responsible for the double-crossing and ignoring of public rights. This is a grave question and concerns every citizen. If such acts are allowed to proceed, the property holder would be safe from the invasion of any corporation wishing to extend its vicious monopolies.

ROUTINE OF HOUSE. Ottawa, July 6.—(Special.)—Private bills were the first order of the House today. When the third reading of the bill respecting the Century Insurance Company was moved, objection was taken to the clause restricting the amount of capital necessary for the incorporation of an insurance company.

Mr. Logan, who has charge of the bill, said the Quebec, New Brunswick and Nova Scotia Railway was designed to give the Mackenzie and Mann system a terminus at a Canadian ocean port. The New Brunswick Railway, he said, had done nothing to interfere with the City of Quebec.

Mr. Haggart said the New Brunswick and Nova Scotia Railway had the only line in the province which was not a branch line. He asked that consideration of the bill be deferred until the committee report on the subject.

Mr. Gallinger replied that similar clauses had been inserted in every charter that had been granted a railway company within the past few years. When he asked about the Brandon, Saskatchewan and Hudson Bay Railway Company he said that the restriction might well be introduced next session when every company would be placed on the same footing.

Mr. Haggart and Col. Tisdale were the only Conservatives to vote against the amendment, which did not receive a single supporter from the government side of the House. The third reading of the bill was carried without discussion.

FORESTERS UNDER LEADERSHIP OF ORONHYATEKHA WILL GO INTO A GREAT WORK

Orphan Homes to be Established—A Magnificent Scheme—The Aged of the Staff Remembered.

The Independent Order of Foresters' annual reunion closed yesterday. It was a great gathering, and a most enjoyable time was spent by the members of the staff from headquarters, and a large number of prominent people from the United States and Canada, who also attended. The Supreme Chief Ranger, Dr. Oronhyatekha, gave a large address on Saturday afternoon, after which he presided over the closing of the reunion in the hall room of the castle, the Supreme Chief Ranger's magnificent summer home.

As will be noticed further on in this report Dr. Oronhyatekha took the opportunity, while addressing the assembled guests, to announce, first, that he had given Sherwood Forest (the name of this property) as a home for the aged members of the staff, and secondly, to announce the establishment of orphan homes for the children of the staff.

The aged members of the staff, and the children of the staff, are the two main objects of the Foresters' benevolent work. The aged members of the staff are the first to be provided for, and the children of the staff are the next to be provided for.

At Winnipeg, Calgary, Vancouver, Toronto and other points the cities will tender banquets and side trips to scenes of special interest to be made.

EXTENDED TEN YEARS.

Ottawa Improvement Commission to Continue to Get \$400,000. Ottawa, July 6.—(Special.)—The Minister of Finance gives notice of a resolution extending the grant of \$400,000 a year to the Ottawa Improvement Commission to the year 1919. As passed by the House of Commons in 1902, the grant was for ten years, and the terms of the act provided for a further period of ten years. The resolution says the commission may borrow from time to time on debentures of the commission, bearing interest at a rate not exceeding 4 per cent per annum, which debentures the commission is hereby authorized to issue, such sum or sums of money not exceeding on the whole \$250,000, as may be required to enable the commission to purchase land or carry out any other scheme of improvements and undertakings requiring a larger outlay than would be available out of the annual income of the commission for its purposes.

Provision made that no money shall be borrowed by the commission, except with the consent of the Governor-in-Council, and no debentures shall be issued by the commission for a period extending beyond the first day of July, 1919. The debentures shall be in equal annual instalments, beginning at the expiration of one year from the date of the passing of the act, and the amount of the debentures so issued shall be fully paid and redeemed on or before the first day of July, 1919. The principal and interest of the income as shall be required to pay the principal and interest of the debentures.

Among the passengers on the Toronto yesterday were: Mr. A. L. Eastman, vice president of the Ontario Foresters; Mr. J. H. Lightbourn, secretary of the Ontario Foresters; Mr. B. G. Walker and Mr. W. H. Hodges, his wife, and Mr. R. G. Balguy, of the office staff. They were on their way to extend their vacation in the beautiful resort of which Mr. Eastman is second vice-president, opens on the 7th inst. at the Forester, Round Hill.

12 Minutes for Lunch.

That is the average time spent in a large city restaurant by three thousand lunchers. It takes three hours to digest a fresh egg soft boiled; three hours to digest a boiled dumpling; three hours to digest a roast beef. In fact, three hours is about the time required to digest the average twelve minute lunch. The object of the study was to find the busy luncher's time. It is the busy luncher's time, the stomach is inactive for lack of necessary blood. The natural consequence is indigestion, and indigestion opens the door to many diseases.

Indigestion is cured by the use of Dr. Pierce's Golden Medical Discovery, which cures diseases of the stomach and other organs of digestion and nutrition, and enables one to get perfect digestion and assimilation of food.

It is with heartfelt gratitude that I send this testimonial to Dr. Pierce's Golden Medical Discovery. I have been suffering with indigestion for many years, and I have tried many remedies, but I have not been able to get any relief. I have been unable to eat any food, and I have been unable to sleep. I have been unable to do any work, and I have been unable to live. I have been unable to live, and I have been unable to live. I have been unable to live, and I have been unable to live.

BRITISH M.P.'S WILL OUR CANADA, SAYS DR. LANN

Many Cities in Dominion Arrange Banquets and Receptions for the Visitors.

Having arranged the Canadian tour of the British parliamentary party, Dr. Henry Lunn of Harrow, England, returns today via New York City, fifty members of the House of Lords and the House of Commons will leave Liverpool, Aug. 19, for a tour of the Dominion. They will reach Quebec Aug. 30, and after a reception at Montreal, at which Lord Lunn will preside, the party will visit Toronto Sept. 4. Four days will be required for the city and the Falls to be inspected. There will be a banquet on the 10th inst. at the Hotel. The party will be accompanied by Premier Ross and the provincial government, and the trip will be a most enjoyable one. The party will be accompanied by Premier Ross and the provincial government, and the trip will be a most enjoyable one.

Some Economic Discussion. One of the most interesting features of the visit will be the banquets by the Boards of Trade at Montreal, Toronto and other large cities for the free discussion of economic questions. This is expected to develop much of vital interest to the material welfare of the Dominion. Dr. Lunn says the practical side of things will receive the serious attention of the delegates, and the delegates will be mutually beneficial. Returning, the trip from Fort William to Owen Sound will be made via the steamers. This will be of considerable importance. On
