GOVERNMENT HASN'T TRIED TO INTERFERE IN RAILWAY STRIKE
 So Says the Minister of Railways — Mr. Graham Also Hints That Date of Election is Yet Unsettled.

The Dominion Government will maintain an attitude of aloofness with regard to the C.P.R. strike situation, at least this is the inference to be drawn from the remarks of Hon. G. P. Graham, who arrived in Toronto from Orillia Saturday, and left for the east Sunday night.

The minister of railways, who was interviewed on stepping off his private car, was not talkative on the subject of the strike, and the interviewer had no trouble in getting a word in edgewise at any stage when C.P.R. affairs were mentioned. Hon. Mr. Graham was however, courteous, as always.

"You see, I've been away from Ottawa and out of touch with government affairs for a week," he explained. Asked whether government intervention had been considered at all up to that time, he replied: "All the government has had to do with the strike so far has been through the labor department and the conciliation board."

As to whether any closer connection was probable, Mr. Graham said he was not aware of any intention on the government's part to attempt mediation.

It appeared also that the minister had buried himself so effectively in the wilds on his trip up the Trent Canal that he was completely out of touch with the political situation, also that such light-as-air trifles as the date of the general elections and the government's prospects of being returned had not given him a moment's thought while away.

"The date hasn't even been discussed," he said. "This guessing at the time in which the papers are indulging is good, harmless amusement, but observe that Oct. 23 is the latest conjecture."

"What do you think of the government's chances?" he was asked.

"Really, I don't think there is any cause for alarm," said Mr. Graham.

STRIKERS ARE SO PEACEFUL 'BREAKERS' GET COCKY
 Several of the Latter Turned Over to the Police for Displaying Weapons.

WINNIPEG, Aug. 23.—(Special)—The strike situation is practically unchanged, the company apparently being determined to fight to a finish, although unable to make schedule time with passenger trains, in many cases losing out to two hours on 50 mile runs," said J. H. McVety to The World to-day.

"A determined effort is being made at several western points by detectives and thugs to create trouble by discharging firearms during dark hours and attempting to throw blame on the strikers. The peaceful policy of the strikers is causing the strike-breakers to become arrogant and insulting, and strikers have turned several over to the city police for attempting to use firearms."

"The men are confident of victory, but deplore the weak policy of the government in allowing the importation of the large number of alien undesirable, in direct contravention of the alien labor law."

"The press," added Mr. McVety, "should warn harvesters that wasting money coming west, as many are already returning, being unable to procure employment."

TRYING HARD FOR MEN.
 C. P. R. Offering All Kinds of Inducements to Mechanics.

MONTREAL, Aug. 23.—(Special)—The stories sent out by the company about getting men to run the shops are not borne out. There is no suggestion, either of classifying the men offering, anyone willing to hire being considered first-class," said Bill Hardy of the Federated Trades to-day to The World.

"One man, arrested and convicted two years ago of stealing looking-glasses from the company, has been sent for and put to work. Men's homes are still visited, although the ultimatum went forth a week ago discharging all men out on strike, and every kind of inducement is offered them to return."

"One man was offered Saturday reinstatement without prejudice, all seniority and pension rights restored, and full pay for the time he has been on strike."

"The work cannot be done, and engines are being held in for trifling repairs. Engine 436, running way freight between Montreal and Farnham, has been held in the shop since the 11th for repairs, the same engine breaking down under ordinary circumstances in a couple of hours."

"Dispatchers are having difficulty in moving trains, because the number of bad-croquet cars set off on sidings."

"W. Oriss, the officer who has set out to break the federation, is the same individual who engineered the 1900 strike on the western lines, and was compelled to surrender unconditionally in 30 days."

FEARS FOUL PLAY IN RAILWAY FATALITY

Brother of James German, Whose Mangled Body Was Found on Tracks, Believes He Was Murdered.

Sometime between 9 and 10 o'clock on Saturday night, James Burgess German, a C.P.R. brakeman, running out of West Toronto to Havelock, met his death. He would have been 27 years old yesterday, and was the sole support of his parents, who live at 138 Vine-avenue, West Toronto.

Young German, a fair-haired lad with the sunniest disposition, had gone down to the West Street Hotel to see his brother George, who is employed as a switchman at Bathurst-street by the Grand Trunk. The two were together for a time, but when George went to work James went out to the tracks at the North Parkdale station, remaining with him till about 9 o'clock. That was the last seen of the unfortunate lad until his mangled body was found at the foot of Teague-street. The theory advanced by the police is that he had been struck by a yard engine running right and thrown over on the other track to be cut in pieces by the next passing train. The relatives hold entirely different views as to the cause of death.

"In going over the ground yesterday afternoon," said a brother, J. D. German, a passenger conductor with headquarters in Elora, to The World last night, "many things struck me as being very significant and peculiar. The first was the distance from Parkdale station to where the body was found, and the entire absence of money in Jim's pocket. The C.P.R. pay day was only a few days ago, and he carried a good-sized roll of bills in his left hand hip pocket."

STAMBOUL FIRE-SWEPT

CONSTANTINOPLE, Aug. 23.—Fire broke out this afternoon in the Stamboul quarter and within a very brief period a terrible conflagration was raging.

A strong wind carried the flames at great speed, and for six hours they swept over the section, destroying 1500 houses and shops.

The fire was still burning at 9 o'clock to-night, but the wind had decreased considerably.

HIS FATAL MISTAKE

Picked Wrong Candidates for Presidency and Was Bankrupted.

NEW YORK, Aug. 23.—Daniel Cleary, 60 years old, a dealer in campaign buttons, committed suicide to-day by hanging himself to the bed post in his room.

He had laid in a large stock of buttons for the coming campaign, but had picked the wrong candidates. All his buttons had pictures of Roosevelt and Johnson.

Cleary had been talking of suicide for several days. He was a friend of "Bim the button man" who died last year.

REV. DR. NORTON ILL

Baptist Home Mission Superintendent Gives Up Work.

Rev. Dr. Norton, superintendent of Baptist Home Missions, who spent a few weeks recently at Lake of Bays, accompanied by Mrs. Norton, has had to relinquish his duties for the present through illness.

For some months Dr. Norton has been under the care of medical specialists.

In response to enquiries by The World last night, it was stated that there was no improvement in his condition.

FALLS MAN GETS THAT LONDON OFFICE

N. B. Colcock Appointed Emigration Inspector for Ontario and Will Leave for England at Once.

Neville Bentley Colcock, Niagara Falls, Ontario, vice-consul there for the United States, has been appointed immigration inspector in the new office of the Ontario Government in London, England.

Mr. Colcock expects on his arrival in London to meet Mr. Monteth and Sir James Whitney and learn their intentions as to the new immigration policy of the government, and such decisions as have been made regarding the new London offices. Since the Dominion Government accepted the duty of distributing immigrants the province will devote itself more thoroughly to a selection of the best people to be found suitable for settlers in Ontario, advising them as to settlement, and securing them for provincial destinations.

Mr. Colcock was for many years editor of The Welland Telegraph. He was also prominent in the "Granars" movement.

Mr. Colcock is exceptionally well fitted for this work. According to his friends, his connection with old country papers gives him an intimate knowledge of affairs in the United Kingdom, which will be invaluable in the duties before him. He is a native of England and knows where the best results are to be obtained.

Connected as he has been for many years past with the weekly and daily press of Ontario, he can speak with the authority begetten of intimate knowledge of matters and conditions in this province.

His close connection with exports and imports—first as customs inspector and afterwards as a customs broker—has given him a knowledge of commercial affairs which will be of great service to him in his new position.

Although Mr. Colcock is said to be another example of the excellent judgment displayed by the Whitney cabinet in choosing office holders.

BOYS' SHOUTS OF 'FIRE' CAUSE PANIC IN CHURCH

Serious Result of Scare in St. John's Presbyterian Church Averted by Cool-Headedness of the Clergyman and Choir.

In the panic-stricken rush for the outer air which followed the alarm of "fire" raised in St. John's Presbyterian Church, at the corner of Broadview and Simpson-avenues last night, serious injury to many persons, and probably loss of life, would have resulted but for the ready presence of mind of Rev. C. L. Perry.

Rev. Mr. Perry, who is one of the foremost evangelists in the South Wales "forward movement" was in the midst of an eloquent exhortation when, from behind the pulpit, rose shrill cries of "fire," which sounded through the crowded church.

In a moment members of the congregation were upon their feet and rushing one another as they struggled to reach the exits, while ladies screamed. A general stampede was imminent, despite the assurances of the ushers that there was no cause for alarm, when Rev. Mr. Perry's voice was heard above the tumult, requesting the congregation to remain seated as there was no danger, and next moment, at his command, there swelled forth from the choir the confidence-inspiring notes of the hymn, "All Hail the Power of Jesus' Name." The panic was checked and scores who had forced their way into the aisles slipped back shamefacedly into their seats.

Many had, however, reached the street, and the rumor, quickly spreading in the neighborhood, that the church was on fire, a crowd soon gathered.

The police are on the trail of the youthful offenders who caused peril to life by shouting the alarm from an outside window behind the pulpit, and expect to make arrests to-day. P.C. Henshaw arrested a boy last night, but the youngster said he had been attracted by the crowd, and as he was able to give a satisfactory explanation he was released.

Last night saw the end of an odd romance, when Detective Moffatt arrested Leo Mulhall, 18 years old, living on 36 Division-street, accused of stealing a \$66 watch and chain and a \$15 pair of opera glasses from John Devitt, 339 Palmerston Boulevard.

The theft occurred on July 3. The Devitt family had gone away, leaving the house in charge of the maid, who made the chance acquaintance of young Mulhall on the street, and entertained him at the Devitt home, while in the house he lifted the articles named. They have been recovered.

THE KING AT MARIENBAD LEADING THE SIMPLE LIFE

Seems to Be in Excellent Health—Favorite Pastime is Playing Croquet.

MARIENBAD, Hungary, Aug. 23.—Despite the rain and chill mornings that presage coming frost, Marienbad has had one of the most brilliant weeks in its history, with the greatest throngs of the season, due to a happy conjunction of exceptional events.

These were the visit of King Edward, the series of fetes in celebration of the seventy-eighth birthday of Emperor Franz Josef and the observance of the centenary of the town itself.

King Edward's health is excellent, to judge from his appearance at the Weitzer Hotel, walking vigorously on the promenade or watching play on the golf links. His life here is very simple in contrast to many others. He obeys rigidly his physician's orders to eat sparingly and simply, to exercise constantly and drink one glass of Marienbad water at regular intervals.

Dr. Reininger, the burgomaster, in delivering an address on the history of Marienbad and the extravagance seen there in its earlier history, paid a tribute to the example set by King Edward in diet and dress. The much harassed by curious throngs in the first days of his visit, the King's smiling tolerance never failed. It was, perhaps, the best possible way quickly to satisfy the gazers and obtain his own freedom of movement.

At the golf links the King wears a green soft hat, devoid, however, of the sporting trophy much affected by men who don't shoot. One of his favorite pastimes is croquet, and the half-forgotten croquet ground has experienced a revival through his demand for the gentle excitement there.

A Blaze in Ottawa's Royal Mint Firemen Are Kept Out by Guard

Had to Use Ladders to Climb Fence and Then Wait for Keys — Damage Was Small.

OTTAWA, Aug. 23.—(Special)—Fire in the basement of the Royal Mint caused some excitement Saturday night.

Soft coal and cordwood piled in front of the boiler became ignited and, owing to all the employes being away, the fire department found it impossible for a time to enter the building.

The very security for Canada's coinage against robbers kept the fire fighters out until the keys were forthcoming.

Little damage was done as the structure is built almost entirely of stone and steel.

There was an amusing scene outside the huge iron fence which surrounds the mint. The armed policeman at the gates, acting up to the stern orders given him, absolutely refused to open for the firemen.

Chief Prevost then ordered ladders against the railing, and the firemen climbed over it in true-burglar fashion.

THE SPIRIT OF THE WESTERN PIONEER.

This is the way the Canadian west is being built up. The incident is described by William Hard, representing Everybody's Magazine, with a party of American correspondents, now in Alberta:

"I discovered the most progressive man in North America yesterday in a box car on the spur leading from the Canadian Northern to the Grand Trunk Pacific, near Saskatoon."

"He sat on the top of his piano, and on the forward end of the car were bricks imported personally from the United States. In the rear end were bird cages, bags of seed wheat and other things. All the material for success in a new country, not forgetting the bricks, was present."

"When I asked him how soon he was going to reach his destination, this immigrant replied that he expected to go there as soon as the rails had been laid along which his car could be hauled."

"He was billed to a station not on the map when his car started. He is now helping the construction gang to make the railway which will make his home."

"He is the incarnation of the spirit of the northwest, which not only keeps pace with its facilities, but outruns them."

"BOB" ROGERS FOR COMMONS

May Be Induced to Be One of the Candidates in Winnipeg—Lining Up for Election.

WINNIPEG, Aug. 23.—(Special)—The Conservatives of Manitoba have now practically completed their organization for the Dominion election, and in each of the ten constituencies will have candidates in the field who are out to win.

In Winnipeg, Brandon and Dauphin the standard-bearers have not been named, but it is believed that Hon. Robert Rogers will be induced to stand in Winnipeg, while Hon. T. Mayne Daly, formerly minister of the interior, will enter the list against Clifford Sifton in Brandon.

Glen Campbell, the popular member for Gilbert Plains in the provincial legislature, will contest Dauphin against his brother-in-law, Mr. Burrows, of lumber limits fame, and Mr. Burrows says he will undoubtedly win hands down.

In Portage, Arthur Meighen, a brilliant young lawyer, has undertaken to deliver the contest. Dauphin is now held by Crawford, and to which he was elected by the operation of the thin red line.

Another heralded as a sure winner is A. C. Lartiveau in Provencher. He was another victim of the red line outrage.

Dr. Roche, in Marquette; Dr. Schaeffer, in Souris, and W. D. Staples, in Macdonald, will retain their present seats with increased majorities, while W. H. Scarpe, who contests Lisgar, now held by Hon. Thos. Greenway, and Thos. Bradbury, the party nominee in Selkirk, can be depended upon to make good.

"The party prospects were never better, and the elections cannot be brought on too soon," said one of the insiders to-day.

WOULD BREAK THIS MONOPOLY

Action Taken By the State of New York Against Hard Coal-Carrying Railways.

ALBANY, N.Y., Aug. 23.—Attorney General Jackson to-night announced that he had instituted proceedings against the various railroad companies in this state and their subsidiary companies, engaged in the transportation of anthracite coal, alleging that in violation of the so-called Donnelly Anti-Monopoly Act, they "have effected and are carrying out an agreement which in effect constitutes a monopoly in the hard coal business within this state and that such an agreement restricts the production and regulates and fixes the prices at which coal can be sold in the State of New York."

It is sought by injunction to dissolve the alleged contract and combination. Supreme Court Justice Fitts has granted an order directing the officers, managers and sales agents of the various companies named in the proceedings to appear for examination before Edward Murphy of Troy, who is appointed referee, to take testimony at the office of the attorney-general in Albany, Aug. 31.

It is understood that the attorney-general intends to first take the testimony of the general officers of the principal corporations, and then take testimony as to local conditions in various cities in the state, such as Albany, Troy, Syracuse, Rochester and Buffalo.

The attorney-general announces he expects to show not only the existence of the agreement, but that it has been actually carried out, and is now being carried out, in all the cities in the state.

The proceeding, it is announced, is brought as the result of certain investigations made by special agents appointed by the attorney-general.

FROM INDIA TO WED.

Happy Approaching Finale to Adj. Lewis' Long Journey.

An interesting social event in the Salvation Army with a flavor of romance is about to be celebrated here. It will be the marriage of Adjutant Lewis, who spent the past seven years in Salvation Army work in India, to Capt. Bradley. The bride graduated from the Salvation Army training home here in July, and went at the beginning of the present month to St. Catharines, being gazed in The War Cry with the rank of captain.

Adjutant Lewis' trip from the orient is of a semi-triumphant nature, as his errand is known to the officers and soldiers at the various cities he is visiting en route. He has just been conducting large services at Wichita, Kansas, and is expected here at an early date.

MONTREAL, Aug. 23.—(Special)—The only development in the C.P.R. strike is the announcement of the engagement of 150 mechanics, most of whom are going west.

A peculiar feature of the strike is announced to the effect that a good number of the strikers who have purchased building lots from real estate firms, are not able to make their monthly payments, and are threatened with the loss of the land.

TREASURER TELLS HOW HE MADE THE BIG STEAL

Mystery of Disappearance of \$173,000 From Chicago Solved By Arrest of a Discharged Employee.

CHICAGO, Aug. 23.—The mystery of the theft of \$173,000 from the United States sub-treasury a year ago, and a half ago is believed to have been solved by the arrest to-day of Geo. W. Fitzgerald. Other persons are believed to have been implicated in the crime.

Fitzgerald was an assisting teller under Assistant United States Treasurer Boldenweck Suspleton at the time of the theft, Feb. 20, 1907, rested on him, but so plausible was his story and so intense his apparent interest in discovering the real culprit, that interest ceased to centre in him.

Fitzgerald, however, was discharged from the government employ for culpable negligence in allowing the theft to be committed. The money stolen had been used and was tied in packages, some having been marked for destruction at Washington.

Any of the bills would readily have passed anywhere except for their large denominations. None of the bills were under \$500, and some were of the \$1000 and \$5000 denominations, the \$10,000 ones predominating.

The theft created a sensation throughout the country, and congress at the last session was asked, but refused, to release Assistant Treasurer Boldenweck from liability, although it was promised that congress would again consider the matter at its next session.

Reporter Herbert F. Young, a former Chicago newspaper reporter, and now dead, was asked by Senator Service, became interested in the case. His attention was directed to Fitzgerald. The latter upon his discharge from the sub-treasury stated that his whole fortune consisted of \$500 in cash and a stock certificate for \$1000. His wife had a \$700 interest in the estate of her mother, which was valued at about \$1000. And when in Chicago, Fitzgerald, however, according to Mr. Young, embarked in speculation on a scale not consistent with the size of his reputed means. There was, however, no notation in Fitzgerald's life.

In July, 1907, Fitzgerald inaugurated an egg deal which it is said ultimately involved an expenditure of \$7000, and the following March, a similar deal involved him, according to Mr. Young, to the extent of \$15,000. Incidentally the former teller had become the possessor, in his wife's name, of a neat brick residence in Rogers Park, a suburb of Chicago, and valued at \$8500.

Mr. Young declared to-day that this purchase was made with a proposition to pass several \$1000 bills, declaring there was \$500 in it for Gano.

Gano, it is reported, declared Fitzgerald had a roll of \$100,000 bills, "that would choke a horse."

Gano continued negotiations with Fitzgerald, with the result that by pre-arrangement several witnesses were secretly present, when, it is alleged, the former teller proposed to pass two \$1000 bills to Gano. Thereafter Fitzgerald was constantly shadowed and his movements had been broadly involved other, not only in helping Fitzgerald to dispose of the money alleged to have been stolen, but in the very act of his having extracted it from the treasury vaults and later in the covering of the tracks.

It had not been intended to arrest Fitzgerald at this time, but it is stated that those under suspicion had obtained an inkling that untoward developments were going forward and it was deemed best to secure the man charged with the crime. Fitzgerald had been arrested at the residence of Mrs. Fitzgerald in the half-hysterical state into which she fell when she comprehended the object of the officers' visit. Fitzgerald, however, merely remarked, "I suppose you want me to go to jail, guess I'd better go along."

Behind the bars to-day he refused to see newspaper men, but had a conference with his attorneys.

The detectives, it is said, were unable to satisfy Mr. Boldenweck's curiosity as to how much of the \$173,000 would be possible to recover. Aside from the speculations already mentioned, it is stated that Fitzgerald was interested in other deals. Asked for the motive which prompted him, Mr. Young said that he had reason to believe that part of the money went to satisfy a previously contracted speculative debt, and he asserted that he had evidence that the prisoner had been implicated in other thefts prior to the coup of Feb. 20 of last year.

PINKOLA BEATS CRACKS IN \$15,000 HANDICAP

Pinkola Was an Added Starter—Frank Gill Was Second and King James Third.

NEW YORK, Aug. 22.—Pinkola, an added starter, ridden by J. Butler, won the \$15,000 Empire City Handicap, 1-1/8 miles, at Empire City today, defeating a fine field of handicap horses.

Frank Gill was second and King James third. The race was run over a muddy track and the time, 1:54 4-5, was very good. Jack Atkin and King James were out to make the pace and opened up a lead of four lengths in the first quarter, with the rest of the field well bunched behind.

Atkin showed in front by a head. It was now a terrific drive and Pinkola, standing it gamely, won by one and a half lengths. Frank Gill beat King James a length for the place.

Violent Manipulation Closes Week's Dealings

Wall Street Operators Attempt Distribution—The Local Market For the Week.

World Office, Saturday Evening, Aug. 22. Operations at the New York market during the week have served to verify the opinion expressed a week ago that the bull movement had ceased and that distribution had commenced.

The market has made many new recent low prices this week, in contrast with high prices, which were the feature during the continuous six weeks' rise. The decline ranges from two to twelve points, but the fading away in quotations has been so steady that only by a comparison of prices is the change noticeable.

Rather a remarkable episode of the week was an increase in the net earnings of both Union and Southern Pacific. As these are the only instances of this kind in the whole railroad list, one may be excused for questioning the veracity of the figures.

With the Pennsylvania Coal Company in the hands of a receiver, rumors of the same thing for subsidiaries of Rock Island and the suggestion that another cut in New York Central dividend is possible, the situation has become so involved as to dull the enthusiasm of the most ardent bull.

Further evidence of the readjustment going on in commodity prices was furnished by the break in cotton options this week. The collapse will serve to modify the bullish set on the crop by stock market operators, and may suggest the necessity for revising estimates of other agricultural products.

In the statement of the Canadian chartered banks for the month of July can be found a reasonable excuse for expecting a higher market for domestic securities. The increases in deposits shown by the banks over the previous month were well beyond the extent of any increase since the contraction in deposits was first noted about a year ago.

Although there's some time yet for straw hats to be worn, still there are many perhaps going touring who must think of fall.

For those we are now showing our advance lines of Men's Fall Derby and Alpine Hats.

There's distinction in every line of them, and the range of makers is larger than could be found elsewhere in the world.

The Man Behind S. A. Emigration

Col. David C. Lamb of the Salvation Army, now in charge of the army's emigration work, is an exceptionally widely-known officer, while his work in the emigration department has shown him to be possessed of a talent for organization.

He was born in Flockheim, Borussia, Scotland, 40 years ago. Brought to this country as a "convert" by the Salvation Army in Aberdeen, Scotland, before he was sixteen years of age, and has been a Salvationist ever since.

In the army he has served in South Africa, and for the past five years has been closely associated with the social work of the army. For four years he was governor of the colony at Haddleigh and for the past five years has directed the army's emigration work.

In addition to his official duties the colonel is a member of the district council of Rochford, Essex, a poor law guardian, a member of the Essex County council education committee, a member of the British Institute of Social Service, the Central Small Holdings' Association (England), as well as other associations. He is now visiting Canada for the fifth time.

Colonel Lamb is married and has six children (three boys and three girls). His wife, well-known as Captain Minnie Clinton, has commanded several of the army's largest corps.

BIG DAY ON WALL STREET IN "SYSTEM'S" SHAMFIGHT

More Than Million Shares in Saturday's Transactions Arouse Brokers' Suspicions.

NEW YORK, Aug. 23.—The Herald says: "Wall-street was taken off its guard yesterday and the usual solemnity of an August Saturday was rudely disturbed on the Stock Exchange by an outpouring of enormous buying orders in 5000 and 10,000 share lots, which swelled the total transactions for the day to 1,091,350 shares. This was the largest Saturday's business in two years and was exceeded only in August, 1906, during the boom in Harri-man issues, when sales for the day aggregated 1,595,000 shares."

"But the significant feature of the tremendous order lay in the fact that they had, proportionately, no effect on market prices. They were too plainly matched orders, and the secret and unexpected movement was variously attributed to a sudden conflict between the bull and bear groups, or more generally to the manipulations of a Boston stock operator in an endeavor to create the impression of a fight between himself and the 'System.'"

"Owing to the patent artificiality of the movement alarm was spread thru the ranks of the more conservative brokerage element, the members of which refused to accept the suspiciously large orders after 11 o'clock. They expressed the fear that the performance would tend to reflect discredit on the Stock Exchange."

"Complaints regarding the peculiar tactics were carried to officials of the exchange, and it is reported on good authority that the board of governors of that institution will meet on Monday to investigate the movement. Not unlikely some disciplinary measures will be adopted, owing to the indignation felt by the leading commission houses in the street."

In the reported cases brokers refused to execute orders on the suspi-

cion that the orders were matched, that is, designed by a manipulator to sell from one hand into the other. These brokers and many others of the more conservative members of the exchange advised their customers to close out their accounts in the expectation of a violent swing one way or the other as a result of the manipulation.

ARRESTED FOR FRAUD.

Berlin Merchants Complain that Cheques Given Were Bad. BERLIN, Aug. 22.—(Special.)—T. J. Pleshin, who has been in Berlin for about a week or ten days, was arrested yesterday in Detroit on a charge of issuing two alleged worthless cheques in Berlin.

It is alleged that he secured \$100 from the Dominion Bank on one occasion, and \$125 on the following day from the Dominion Bank. The cheques were drawn on a bank in Virginia, and were returned with the not too cheerful note: "No funds."

It is said that Pleshin secured the money on the pretence that he was investing considerable money in a local industry.

EDWARDS IN RUSSELL COUNTY New Convention May Be Called by the Conservatives.

OTTAWA, Aug. 22.—(Special.)—The name of Gordon C. Edwards is mentioned prominently as Conservative candidate in the County of Russell. He is recognized as by far the strongest man available. At the convention at Eastman Springs W. Gamble was selected, but as this convention was called for provincial nominations, there is some talk of holding another convention and offering the nomination to Mr. Edwards.

COAL REGION WAKES UP.

WILKES-BARRE, Pa., Aug. 23.—Reports from anthracite headquarters say that steady operations in all of the mines through the region will be resumed in September. Work at nearly every colliery has been on the "three-day-a-week" basis the last month, owing to the lack of orders.

ST. CECILIA'S PICNIC WAS A GREAT SUCCESS

James German Was C.P.R. Brake Man—Council Will Discuss Swansea Line.

WEST TORONTO, Aug. 22.—The picnic given under the auspices of St. Cecilia's Church on Saturday, on the grounds of the Keele estate, was a great success. During the afternoon and evening upwards of 2000 people attended, and the committee expect to have realized from the event about \$1000, which will be utilized for the purpose of erecting a new church in the near future.

Short addresses were given by several gentlemen, among whom were Dr. McLean, M.P., and Controller Spence of Toronto. A fine program of games was run off in the afternoon. The program, including a 100 yards—P. Buckley 1, P. Maloney 2. Married ladies' race—Mrs. Wyatt 1, Mrs. Simpson 2. Sanctuaries boys (under 12)—Jack Loughrin 1, Louis Woods 2, Bert Nelson 3. The committee desire to thank all who contributed to the success of the picnic by donations and otherwise, and to the judges of games, viz. John Chief Robinson, John Patterson, John Belcher and John Hass.

James German, the C.P.R. brakeman who was killed on Saturday night at the foot of Abel-street, Toronto, by being struck by a Grand Trunk engine, was the third son of Mr. and Mrs. Frank German, 106 Vine-avenue. He was 27 years old and unmarried, and his birth-day was to-day. Formerly employed by the C.P.R. he went west, and on his return entered the employ of the C.P.R. He has three brothers and two sisters. One of the brothers now resides in Ogden, Utah, and another is a conductor on the Elora branch of the C.P.R. One of the sisters is at home and unmarried, and the other is Mrs. Melvor of London.

A false alarm from box 14 gave the firemen a run at 5 o'clock to-night to the corner of Hoskin-avenue and Dundas-street. Some matters of interest will be discussed at the council meeting to-morrow evening. The extension of the suburban franchise question will again be considered. The annexationists will present their petition to the council with a view to having them arranged for a special meeting with the Toronto board of control on the matter. Rev. Dr. Hazlewood will represent the property holders at the meeting to-morrow night. The coroner's inquest into the death of the postoffice clerk, who died last night with pneumonia, is slightly improved to-day. There are 74 cars of stock in the Union Stock Yards for to-morrow's market.

The four months old child of Mr. and Mrs. Charles Russell, 207 St. Clair-avenue, died yesterday.

ball team on the Little York grounds by the Mt. Alberts by a score of 25 to 10. The game was snappy throughout, but the Beavers were outplayed from first to last, and freely acknowledged the prowess of the men from the north. The batteries for the home team were Rivard, Crowe and Quinn. The annual regatta of the Beach Success Club on Saturday afternoon was a great success and largely attended.

NORTH TORONTO.

SPECIAL MEETING OF THE SCHOOL BOARD TO-NIGHT.

NORTH TORONTO, Aug. 23.—Miss Corinne Kyle, of Glenside-avenue, whose name did not appear on the list of successful candidates at the matriculation examinations, has failed in only one subject out of the twelve. This will give Miss Kyle the privilege of writing at the supplementary examination in September.

NORTH TORONTO.

Parallel Roads Committee Take Some Unpleasant Action.

NORTH TORONTO, Aug. 23.—The parallel roads committee, together with the engineer, Gibson, have been over the ground for the proposed road on Yonge-street, and the engineer was instructed to draw up a proposed road begins with Albertus Daville-avenue northward, running to the west of the present road, and then northerly to York-street, and then northerly to Ryerson-avenue, which would result in a road 40 feet wide, and then northerly to York-street, and then northerly to Ryerson-avenue. A slight jog on Roehampton-avenue, and a slight jog on Broadway-avenue thru Frank Wintling northward to Woodward-avenue, and then northerly to York-street, and then northerly to Ryerson-avenue. From this point to Ryerson-avenue, the engineer had yet to decide and make his report to the committee.

YORK TOWNSHIP.

Varied are the comments on the proposed franchise which the Toronto and Suburban Railway is seeking at the hands of York Township for running rights between West Toronto and Swansea. It is a foregone conclusion, however, that the township will not get a 25 years' franchise and the proposal for only one car each way from 8 a. m. to 8 a. m., and from 5 p. m. to 11 a. m., and from 5 p. m. to 11 a. m., will require to be altered considerably before the township council will permit the district to be tied up for a number of years. The franchise will also figure materially in the make-up of the agreement.

The W.C. contends to the giving out of a public franchise the electors should have an opportunity to express their opinion on the subject. A number of resolutions were passed by the York Township councilors are appended.

John Watson, first deputy reeve, said in substance: "This franchise question has been before the council for nearly two years, and I have never heard an opposing voice, providing an adequate agreement can be arrived at. However, if the property owners should take objection to it they should come forward and state their objections. I will submit the question to them to be settled at the polls. But then the question arises as to who is eligible to vote upon this question."

J. Nelson, third deputy reeve, said: "I am afraid if a vote were taken on a franchise question and the franchise were given to the railway, it would be a great gainer of polling a large purchased vote. As I am concerned, if a vote were taken on the question, I should abide by the decision of the electors. In a question of this kind the people should rule and should have their say at the polls and the expense borne by the franchise seeking concern."

W. Jackson, councillor, said that "the council is elected to transact the people's business, which as councillors try to carry out at the best of their ability. As far as this railway franchise is concerned, the franchise has to be changed very materially as to the franchise, car service and fare charged, before I will vote in favor of it."

NEW TORONTO.

Residents Want Plan Endorsed as a Secure Railway's Aid.

NEW TORONTO, Aug. 22.—The proposed sewerage scheme for New Toronto is not endorsed unanimously by the Toronto council. The Etobicoke Township Council, with Reeve in the chair, met this afternoon to hear the pros and cons of the undertaking, and when the meeting was over the opinion of no one present was much changed with regard to the matter. On the recommendation of Deputy Reeve Grubbe, a public meeting was held as soon as arrangements can be made to do so, when the matter will be discussed.

On an adjoining street, where a number of residents were accustomed to using water for culinary purposes only, they were later informed that further up two box drains were built directly over the water course. With this not a matter of surprise, since the water is almost unanimously in favor of union with the city.

NEW TORONTO, Aug. 23.—(Special.)—The veterans of the Ottawa Valley, who have received land grants in the northwest, have been advised by the Imperial and Colonial Service Association with headquarters at Calgary to beware of speculators and not to part with their land.

CURTAINS FIRED BY MATCH

BROCKVILLE, Aug. 23.—(Special.)—A young woman of 18, named Annie Day, who had committed suicide, Dr. Robinson and Dr. Fritze made an examination, which revealed that the girl had swallowed carbolic acid. No inquest will be held.

PRAYER BOTTLED UP

MONTGOMERY, Mo., Aug. 23.—Capt. Hobson said before a large audience here this afternoon that because he was going up and down the country declaring for a big navy and warning the people of an approaching war with Italy, some thought he was not in full sympathy with the Christian spirit. He assured them if it had not been for prayer there would have been no mercantile victory.

of the undertaking, and the residents in general are anxious to take advantage of this proposal to have the work done. Property-holders will pay \$2 per foot frontage for twenty years and a general tax of 5 mills.

MIMICO.

G.T.R. Plans May Be Altered to Suit Townspeople.

MIMICO, Aug. 22.—The Etobicoke Township Council met this morning to discuss the proposal of the G.T.R. to move the Mimico depot a short distance to the west of its present position in order to leave room for an additional sidetrack to the Sewer Pipe Company's premises. The G.T.R. thus intend to do away with a considerable amount of switching on the main line. The plans show that the new depot will be situated facing Manchester-street, only a few hundred feet from Church-street, and that the building will project over Manchester-street line about 14 feet.

ELLESMERE.

Here's Where the Youth and Beauty of Scarboro Will Meet.

ELLESMERE, Aug. 23.—Invitations have been issued by James Ley for an at home at the residence of James Burrows, 23, com. 3, Scarboro, on the evening of Tuesday, Aug. 25. Still's orchestra will provide the music, and the event promises to be most enjoyable. The committee of management consists of Messrs. Walter Hood, James Bell, John Glendon, A. Mason, and George Patterson.

SCARBORO'S BIG TREE.

Has Scarboro Got the Biggest Elm Tree as Well?

E. C. Jackson, 62 George-street, says that Scarboro Township has the big champion elm tree, and that it is located about two miles east of the Scarborough postoffice, and down near the lake. Mr. Jackson says he made a careful measurement, and that two from the ground, the circumference is exactly 25 feet 5 inches. Who knows of a larger one in York County?

SWANSEA.

SWANSEA, Aug. 22.—While a heavily loaded wagon belonging to the Grandier Ice Company was crossing the tracks at the foot of Ellis-avenue about 5 o'clock on Saturday afternoon, it was struck by a Ford Credit car going east at a good speed. One of the horses attached to the wagon was killed instantly. J. Brydson, the driver, was cut about the face and head, but his injuries are not serious. The shrubbery by the road, together with the heavy load of ice, made it impossible for the driver to stop the horses in time.

THE ANNEXTION MOVEMENT.

The great impelling force in the annexation movement now under way in the suburbs is single street car fares. Notwithstanding any temporary difficulties the world in the past has been able to get all its residents single fares, and it will get them hereafter. The people all along Danforth-avenue, and south of Danforth-avenue, want a city street car service line between the city and East Toronto. They see a scheme afoot to make them pay two fares. There is just one way to avoid this. There is just one way to get into the city first. The people of the Kingston-road in East Toronto have resolved to do this. They will get to get rid of it.

With annexation the taxes may be somewhat more, but with the city connection, water, light, police and fire protection.

Another impelling force which makes for annexation with the city at the present time, more especially in the district south of Danforth and in and around Reid, Ashdale and Coxwell, which prevails.

This is due almost wholly to the rapid influx of population and the consequent congestion, which renders it impossible, with the ordinary street machinery to cope successfully with the situation.

A case in point is that of a milkman on Reid-avenue, who owns a 60-foot lot frontage, and in a one-story building, kept by his family, five head of milk cows, and a horse. For some time, and while the owner was engaged in selling milk in the city, there was no partition in the building. His horse lived in the building, but a door communicating between the cow and the family and the cows, the latter of which had now been reduced to one. A visit from the city inspector resulted in the owner being debarred, but no definite action has ever been taken by the local officers.

On an adjoining street, where a number of residents were accustomed to using water for culinary purposes only, they were later informed that further up two box drains were built directly over the water course. With this not a matter of surprise, since the water is almost unanimously in favor of union with the city.

FAIR DATE CHANGED.

"With a pretty stiff competition in light houses and after the Farmers' Bank Silver Cup on best Durham male calf is already lively interest taken in the Udera Fair, which promises to be the best ever," writes Secretary Webster of the Scott Agricultural Society, which has changed its date of Oct. 6 owing to the conflict with that of Markham fair.

GRAND HARVEST PICNIC.

St. Patrick's Church, Miss. Will be held at Cotton's Grove, Port Credit, Wednesday, Aug. 26. Celebrations will include a day and an evening in attendance. Races begin at 3 p.m. Mimico-Port Credit electric cars on grounds every hour. Tickets 25c each.

OWEN SOUND HOTELMEN SENTENCED TO PRISON

Joshua Warrilow, Proprietor of the Royal; Fogarty of Albion and Leach of the City Hotel.

OWEN SOUND, Aug. 22.—(Special.)—As the result of a round-up by four detectives of the license department three of the hotelkeepers of this place have been sentenced to four months' imprisonment each, while a number of others have been heavily fined.

Seventeen Charges. In all there were seventeen charges, the alleged offences having taken place in nine hotels. For three days Magistrate Creosor has been hearing evidence in connection with these cases, and his task is not yet done, as four trials have still to take place. The men sentenced to prison were Andrew Fogarty, Albion Hotel; Joshua Warrilow, Royal Hotel; and William Leach, City Hotel.

Each had been previously convicted and each had been powerless to do anything but sentence them to imprisonment without the option of a fine. Considerable excitement amongst the liquor element in the town has been created by the round-up. The other guilty parties had to pay fines ranging from \$60 to \$100. The police are searching for one man who neglected to pay his fine before leaving town.

The hotelkeepers have succeeded in avoiding conviction. The magistrate was but the amendment to the law, and some months ago made this more difficult. The coup has been successful this time, tho it is understood the usual appeals will be taken.

VETERANS WARNED.

YOUNG GIRL SUICIDES.

Domestic, Out of a Situation, Finds Life a Burden.

BRANTFORD, Aug. 23.—(Special.)—The police, after investigating the death this morning of Annie Day, a young woman of 18, decided that she had committed suicide. Dr. Robinson and Dr. Fritze made an examination, which revealed that the girl had swallowed carbolic acid. No inquest will be held.

The fact that the death occurred in a house of doubtful reputation, kept by John Sears on the border of the township, and which has been under surveillance for some time, aroused suspicions. Several other girls are inmates.

Miss Day, whose parents live at Cullis, a few miles from here, held a position as a domestic in Brantford up to two weeks ago, when she lost it, and had since been living at the Sears house. She had evidently expressed an intention of entering a factory, as a letter from her sister seeking to dissuade her was found in her room. Her parents are about to move to the northwest, and it is thought this may have added to her despondency.
