UNION GOVERNMENT IS FORMED

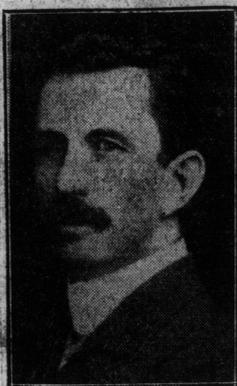

Union Ministry Constituted on a Fifty-Fifty Basis, the Liberal Nominees Being Sifton, Calder, Crerar, Mewburn, Rowell, Carvell and Murray; Conservatives Include Borden, Meighen, White, Foster, Reid, Kemp, Doherty and Lougheed

FOUR BORDEN MINISTERS OUT

Hazen, Crothers, Roche and Perley Retire—Twelve of Old Cabinet Remain—Eight Liberals Join Coalition Ministry.

By a Staff Reporter. Ottawa, Oct. 11.—Canada at last has a union government. After conferences lasting till 1.30 this morning it was declared that N. W. Rowell of Ontario, J. A. Calder of Saskatchewan, Premier Sifton of Alberta, T. A. Crerar of the grain growers, and F. B. Carvell of New Brunswick enter the ministry. Portfolios have not yet been definitely allocated, but it is understood that they will be as follows: Premier—Sir Robert Borden; Finance—Sir Thomas White; Militia—General Mewburn; Overseas Minister—Sir Edward Kemp; Trade and Commerce—Sir George Foster; Justice—Hon. C. J. Doherty; Public Works—Hon. C. C. Balfantyne; Labor—(Uncertain); Railways—Dr. Reid; Postmaster-General—Hon. P. E. Blondin; Inland Revenue—Hon. A. Seigny; Interior—Hon. Arthur Meighen; Agriculture—Hon. T. A. Crerar; Mines—Hon. Martin Burrell; Customs—Hon. A. L. Sifton; State and Immigration—Hon. J. A. Calder. Without portfolios—Sir James Lougheed, Hon. Frank Cochrane, N. W. Rowell and Premier Murray. A war cabinet composed of seven will be chosen as a new cabinet. The ministers will be sworn in today. A conference of Liberals at the Chateau Laurier, lasting from eight o'clock till one this morning, preceded the birth of the union government cabinet. For four hours Sir Robert Borden waited in his office at the eastern block for the expected word from the Liberal camp. After one o'clock Messrs. Calder and Rowell arrived and the formal announcement of coalition was made. In the arrangement effected four ministers—Hon. Messrs. Hazen, Crothers, Roche and Perley—retire. Mr. Rogers did so some time ago; and Mr. Cochrane, while holding a cabinet seat without portfolio, leaves the railway department. The former ministers who remain, besides the premier, are—Sir Thomas White, Sir George Foster, Sir James Lougheed, Hon. Messrs. Reid, Doherty, Kemp, Meighen, Burrell, Blondin, Seigny and Cochrane (without portfolio). Liberals who enter the cabinet are the Hon. Messrs. Calder, Sifton, Crerar, Rowell, Mewburn, Guthrie, Balfantyne and Carvell. There is uncertainty re Mr. Murray. Numerically the new cabinet is not exactly on the basis of fifty-fifty, but it is practically so, considering that Sir Edward Kemp will be overseas and Mr. Cochrane on an outside job. Negotiations Long Protracted. The achievement of union government is something for which Sir Robert Borden has striven sedulously since last May. When coalition was first broached the negotiations were abortive. Then came the proposal for a union government, one day reported to be on, the next day off. But Sir Robert has stuck to his guns and achieved his purpose. Any question which may have arisen as to the Liberalism of those first included certainly does not apply to the completed cabinet structure. It embraces two Liberal premiers, one provincial Liberal leader, the right-hand man of the Saskatchewan Government, and last, but not least "Fighting Frank" Carvell. Union government has its inception and purpose in the desire to give Canada an aggressive war administration, removed from the pale of politics. Its policy will be conscription of men and everything else necessary to effect participation in the world struggle. It has been brought about in the face of many obstacles. Hon. N. W. Rowell. Hon. Newton Wesley Rowell was born in London Township, Middlesex County, Nov. 1, 1867, and was educated at the local public schools and at Osgoode Hall, Toronto, where he graduated with honors and medal. He was called to the Ontario bar in 1891 and was created a K.C. in 1902. In 1911 he was elected a member of the law society. He was an unsuccessful candidate to the house of commons for East York in 1900. The new minister entered the Ontario legislature in 1911 when he was elected Liberal member for North Oxford and was re-elected in 1914. Since 1914 he has been leader of the Ontario opposition. He is a senator of the University of Toronto, regent of Victoria College and vice-president of the Ontario branch of the Dominion Alliance. He is honorary treasurer of the World Missionary Conference, Edinburgh.

UNION GOVERNMENT NOW REALITY POSITIONS ARE EQUALLY DIVIDED

Some of the Liberal Ministers to Be Sworn in Today—War Cabinet of Seven to Be a Feature of Coalition Ministry—Composition of the Union Cabinet.

Ottawa, Oct. 12.—Union government is a reality. The new cabinet will be formed of practically an equal number of Conservatives and Liberals with Sir Robert Borden at the head. It had been anticipated through the afternoon that the new cabinet would be definitely sworn in during the evening. It was stated that the Liberals had agreed to come in and the question was now simply one of the distribution of portfolios. But as the evening wore on, the Liberals remained in conference at the Chateau Laurier, and it was not until after 1 o'clock this morning that Hon. N. W. Rowell, leader of the Ontario Opposition, and Hon. J. A. Calder of Regina appeared at the cabinet council room. There a statement was drafted which had the concurrence of the prime minister and of the representatives of the Liberals who attended in conference. Formal Announcement. The statement reads: "The delays incidental to the formation of a union government are no more than might have been anticipated, as the difficulties are immensely greater than those strictly party government. The conferences which have taken place during the past four days have been characterized by a very earnest and sincere purpose on the part of all concerned to bring about the formation of a union or national government. It is anticipated that full details will be communicated to the press tomorrow, but in the meantime the announcement is definitely made that the formation of such a government is assured."

Sir Robert Borden afterwards in a statement to the Canadian Press representative that it was expected that some of the Liberal members of the union government would be sworn in this morning. While the composition of the new government is not officially announced it is understood that it will comprise the following Conservatives: Sir Robert Borden, Hon. Martin Burrell, Sir James Lougheed, Hon. A. Meighen, Sir Edward Kemp, Sir George Foster, Sir Thomas White, Hon. Dr. Reid, Hon. C. J. Doherty, Hon. P. E. Blondin, and Hon. A. Seigny. Liberals: Hon. Arthur A. Sifton, Hon. J. A. Calder, T. A. Crerar, N. W. Rowell and Hugh Guthrie, from Ontario; C. C. Balfantyne, from Quebec; Frank Carvell, from New Brunswick and Premier Murray of Nova Scotia. It is also learned that the formation of a war council of probably seven members is under consideration. PLOT TO POISON STUDENTS. Princeton, N.J., Oct. 11.—Military authorities are said to be investigating an alleged plot to poison several hundred students at the government aeronautical school here. Samuel Livingston, a student at the school, in whose room a large quantity of poison crystals was said to have been found, is reported to have been arrested and taken to Governor's Island for courtmartial. CHAUFFEURS ATTENTION. Now is the time to outfit with motor comforts. The season is approaching when the chilly north winds will be felt in driving. The Dineen Co., 140 Yonge street, is prepared to supply all wants in fur driving coats, leather gauntlets, auto rugs, auto caps, etc., at very moderate prices.

RAILWAYS HOPE TO AVERT TIE-UP

Three Big Lines Are Represented at Conference in Ottawa.

PREPARE FOR WINTER

Confidence Felt That Co-Ordination of Effort Will Prove Effective.

By a Staff Reporter. Ottawa, Oct. 11.—Canadian railways will co-ordinate their efforts and obviate as far as possible in the coming winter freight congestion which blocked certain lines last season. With that end in view a conference was held here this afternoon between Hon. Dr. Reid, acting minister of railways; Sir Henry Drayton, chairman of the railway commission; Vice-Presidents Purdy and Beatty of the Canadian Pacific; U. E. Gillen of the Grand Trunk and D. B. Hanna of the Canadian Northern. The whole situation was thoroughly canvassed and every disposition to cooperate was manifested. A definite announcement may be expected later. They plan that, where one road has an accumulation of traffic without sufficient equipment to expediently handle it, another company, better situated as regards rolling stock, should go to its assistance. In this way it would be obviated the likelihood, for instance, of any place suffering for lack of coal because of transportation difficulties.

PARTIES REACH AN AGREEMENT

Premier Borden Announces That the Protracted Negotiations Have Resulted in the Formation of a Representative Union Cabinet.

OTTAWA, OCT. 11.—A UNION GOVERNMENT HAS BEEN FORMED, PREMIER BORDEN ANNOUNCES.

Ottawa, Oct. 11.—At midnight tonight the expectation is that the prime minister will within an hour definitely announce the personnel of a new union government. The state was practically arranged this afternoon, but the Liberals held a long conference subsequent to the arrival of Premier Murray of Nova Scotia on an evening train. They are still in conference, but will give an answer to the prime minister, and it is believed that it will be favorable. The cabinet will be on a fifty-fifty basis. The Liberals will be Sifton, Calder, Crerar, Mewburn, Guthrie, Rowell, Carvell and Murray. The Conservative representation will probably be Borden, Meighen, White, Foster, Reid, Kemp, Hazen and Lougheed.

Liberals Arranging Cabinet Positions.

Ottawa, Friday, Oct. 12.—At one o'clock the Liberals were still in session at the Chateau Laurier. It was stated that they had decided to come into the government, but were arranging among themselves the cabinet positions assigned to them at the afternoon conference with Sir Robert Borden. His Excellency the Duke of Devonshire is remaining up until five o'clock in the morning to swear in the new ministers.

Shortly after one o'clock Hon. J. A. Calder and Hon. N. W. Rowell arrived at the east block, and immediately entered the council chamber to report the results of the Liberal conferences to the prime minister.

WOULD MAINTAIN EMBARGO ON COAL

U. S. Is Facing a Fuel Shortage, Administration Officials Are Told.

AVERAGE PRODUCTION

Not Enough Coal in Sight to Warrant Freer Exports to Canada.

Washington, Oct. 11.—Existence of a general coal shortage was admitted tonight by the geological survey, which attributes the situation not to the failure of producers to do their best, but to the unprecedented demand.

"The tremendous increase in manufacturing and transportation activity this year," said a statement issued, "has created a demand for soft coal in excess of any in the past, an increase in demand that is difficult to measure in terms of tons, but that is certainly more than the ten per cent. by which production has increased. To meet this demand the operators have been mining coal at a rate never before equaled. The shortage is not due to the failure of the soft coal mines to produce more coal than in the past, for the country on September 1 was about a month ahead of last year in an output and is expected to finish the year with an increase of ten per cent. over 1916, the banner year, and 25 per cent. over 1915."

A serious coal shortage exists in Ohio, fuel administration officials were told today by a delegation of consumers headed by Attorney-General Joseph McGhee, who came to Washington to protest against lifting the embargo on coal shipment to Canada. Of 200 towns in the state reporting, more than 100, the delegation declared, are entirely without coal and are unable to obtain supplies because virtually all coal mined in the state is going through lake ports to Canada and the northwest.

KAISER INSINCERE IN PEACE MOVES

Asquith Speaks of "Morass of Equivocations and Ambiguities."

PLAIN ISSUES AVOIDED

German Government Does Not Represent Sentiments of the Masses.

London, Oct. 11.—Addressing a war aims meeting at Liverpool tonight, H. H. Asquith, former premier, referred to recent declarations by German statesmen and writers and said that his previously expressed skepticism regarding the reichstag's peace resolution was justified by the event, for the German parties had been squabbling ever since with infinite acrimony concerning its interpretation, and confusion had become worse confounded with the publication of the chancellor's reply to the papal note. Doubtless, said Mr. Asquith, in both Germany and Austria there was a widespread and genuine desire for peace and in the reluctance itself, slender as were its powers, and divided its counsels, there were indications of a growing spirit of revolt against the government methods.

"But," continued Mr. Asquith, "the dominant fact with which we have to deal is neither German public opinion nor the German parliament, but the German Government. Does that government mean business? Is its desire for peace sincere? Depend upon it, the world will never find the way to peace thru a morass of equivocations and ambiguities. Plain questions and concrete cases are studiously avoided. We are left in the dimness of a phetorical twilight, and we are asked to lay down our arms without safeguard other than that which shall be offered in a chapter and verse as an individual example of the three virtues—faith, hope and charity. Need Definite Assertions. Admitting that nobody pretends that it would be right for either side to formulate an ultimatum, detailed and exhaustive, which must be accepted or rejected, and verse as an individual example of the three virtues—faith, hope and charity. LATE LIEUT. BRYANS' FUNERAL YESTERDAY

Among Floral Gifts Was Wreath of Flowers From Comrades in Air Service at Folkestone.
At the military funeral of the late Flight-Lieut. Fraser M. Bryans, held yesterday afternoon from St. Enoch's Presbyterian Church, the floral gifts included a wreath of flowers from the comrades in the Royal Naval Air Service at Folkestone, England, presented at the time of his fatal accident on July 17. The funeral service yesterday was conducted by Rev. E. G. D. Freeman, assisted by the former pastors of St. Enoch's, Rev. Alex. McMillan, Rev. Thos. Mitchell and Rev. Dr. Edgemon. Rev. Alfred Hall and Canon Dixon were also present. The gun carriage conveying the remains of Lieut. Bryans bore a miniature airplane. The members of the family at the funeral service were Lieut. Bryans' parents, Dr. and Mrs. W. F. Bryans, and daughter Helen, of 220 Carlton street; R. J. Allen, Dr. Arthur Goodhall and James Goodhall.

ATTORNEY-GENERAL HAS HEARD NO COMPLAINTS

Hamilton City Council has Made No Charges Against Police Magistrate Jeffs of That City.
When Hon. I. B. Lucas, attorney-general for Ontario, was questioned yesterday regarding the condition which a writ said prevails in Hamilton, in so far as Police Magistrate Jeffs is concerned, he said he had no knowledge of the situation other than the newspaper reports.
It has been stated that since the magistrate was refused an increase in salary by the Hamilton City Council, fines in the police court have been smaller. The attorney-general said that this might be only a coincidence, and that a magistrate has very wide powers, and that there may be no connection whatever.
"However," he remarked, "the matter has not been brought to the attention of this department by the Hamilton City Council or any other body, and consequently there has been nothing done."

WAR SUMMARY THE DAY'S EVENTS REVIEWED

WITH the exception of several trench raids carried out by the enemy in the Verdun positions recently secured by Field Marshal Haig's men, all was quiet with the British infantry on the western front yesterday. The opposing forces kept to their trenches, and neither attempted an offensive against the other. But a heavy artillery duel continued, with the British gunners holding honors in blasting the way for a renewal of the offensive. The fighting territory in a quagmire and it will probably be many days before the ground is in fit condition for the British and French to unleash their men for another thrust against the enemy.
The high German command is showing great concern over the success of the British advance in Flanders and especially in its relation to the situation at Verdun. High military authorities in Berlin admit that the problem will require the utmost skill of the German command to prevent a complete rout of Hindenburg's forces from Belgium. If Haig is successful in pushing his line a few miles further into Belgium the army of the crown prince at Verdun will be subjected to great peril. The French are near enemy territory northeast of Verdun and a forced weakening of the German line in Flanders will give General Petain a great opportunity for an overwhelming defeat of the Crown Prince's army. This is why such determined efforts are being made by the enemy to regain the initiative on the Verdun front, but there need not be any fears that he will be successful, as the long list of defeats in this region form positive proof that he has seen the apex of his strength. General Petain has very confidently stated that the enemy will never again be on the offensive against the French army.
Latest reports concerning the mutiny of the German seamen on board the four battleships of the Kaiser at Wilhelmshaven, show that the movement was not confined to the navy. The rebellion also spread to several regiments on the western front, where the men are stated to have thrown down their arms and demanded that peace be obtained. Strict measures were adopted by the high German command, and the leaders in the rebellion were sentenced and shot. While the rebellious spirit has been momentarily checked, great discontent exists in the army and navy and it is probable that it will manifest itself to a greater extent in the near future. An upheaval in the German military and naval organization would be of valuable assistance to the allies in bringing about an early termination of the war.
A new offensive by the entente forces on the Macedonian front will likely be undertaken early next week. For the past week the artillery duels have been very fierce north of Monastir, with the allies exerting the greater power and the bombardments are growing more intense daily. With the reorganization of the Russian army under the prospects of heavy fighting in Rumania appear to be good. The Russians have assumed the aggressive near Braila and are subjecting the enemy positions to terrific bombardment. In reprisal the Germans shelled the important town of Galatz, on the Danube, causing several fires. On the northern Russian front the Germans forced the Muscovites to give ground for a considerable distance in the vicinity of Pskoff high road, following a heavy bombardment.
In the Belgian communication last night it was stated that the artillery carried out destructive fires on enemy batteries and organizations in the Dixmude region. Assisted by their aviators Belgian gunners on Wednesday were very successful in their shelling of German positions.

GRENADIERS PARADE

Carry Out Tactical Scheme in Queen's Park.
Tactical manoeuvres were held by the Royal Grenadiers last night in Queen's Park. The regiment paraded 450 strong under command of Lieut. J. Cooper. The parade was held in Queen's Park via University avenue, where the four companies were placed as commanded by Major E. C. Burton. They were supposed to be on defence, practising protection from an enemy force proposed to be attacking from Esplanade street.
Next Sunday the regiment will parade for divine service, mustering at the armories at 2 p.m., and marching via Albert, Yonge, Shuter, Jarvis and Bloor streets to the Church of the Redeemer. Major Rev. C. Ensor Sharp, regimental chaplain, will conduct the service. The return march will be via Queen's Park and University avenue.

REPORT ON NEW SCHOOLS

Chief Inspector Cowley Makes Recommendations for Changes.
R. H. Cowley, chief inspector, reported on plans of new school buildings at a meeting of the property committee of the board of education yesterday. Included among these were reports on the Alexander Muir, Perth Avenue, Queen Alexandra Annex, Glenholme Avenue, and Glen Grove Avenue Schools.
The inspector also suggested that the doors and the pupils' cloakrooms be at the same end of the class room, that closets and lockers for air be placed so that air currents will not pass from cloakroom to classroom, nor uncomfortably near where the teacher must stand; and also that in some cases the teacher's restroom, at present very small, could be made larger by carrying lower vestibule a story higher.

DRUGS IN FOOD

Woman Inmate of Asylum Complains to Police.
Inspector of Detectives Kennedy yesterday afternoon received a report from an inmate of the asylum who was going to conduct an investigation into the complaint of an inmate of the asylum who writes him a letter alleging that she was being poisoned. The letter bore the name of Ada A. Bryant, and was written from the Queen street asylum. It contains a list of the names of the attendants who she claims to have become an inmate and she further states of how the women are poisoned which she alleges were placed in her food. The letter will be handed over to the superintendent of the Queen street asylum.

SCOTTISH INDEPENDENCE IS SUBJECT DISCUSSED

St. Andrew's Society Receives Letter Which They Consider Untimely and Futile.
At the regular monthly meeting of the St. Andrew's Society last evening in the Queen's Hotel, presided over by Major H. M. Mowat, the president, a letter was read from the Scottish Nationalist Committee, naming as its object the independence of Scotland. It was addressed from its branch in New York, and its cause was outlined as to "associate ourselves wholeheartedly with Scots in the homeland who have for their common object the reassertion of the sovereign rights of the ancient Scottish nation," and also "to secure for the people of Scotland, in name and on behalf of national Scotland, to be entered at the international congress to be held after the war." The following were read in connection with the letter: "The pretensions of England to appear, and speak in name as the representative of Scotland at an international congress."
The letter and its attitude was strongly opposed by the members of the society, and a resolution was passed, in which it was stated that the society strongly disapproved of the letter, and that the petition was ill-considered and futile. It stated that the society was sure that Scotland was in the hands of the British, and a very large number of Scotsmen are in favor of offering any embarrasment to the government of Great Britain, whose whole line is bent on winning the war, and this was approved of by the meeting.

The Society's Finances.
Various reports were submitted, that by the committee in charge of the year had been very light, and that the total amount paid for the year was \$2225. The treasurer's report showed that the total receipts for the year to date were \$3385.73, and the disbursements were \$1160.00, leaving a balance of \$2225.73. The treasurer also reported that the total receipts for the year to date were \$3385.73, and the disbursements were \$1160.00, leaving a balance of \$2225.73.
The following officers were re-elected: President, Major H. M. Mowat; first vice-president, Capt. Donald A. Cameron; second vice-president, J. A. Macdonald; Douglas S. Murray; chaplains, Rev. Dr. J. A. Macdonald and Prof. T. B. Keith; secretary, J. Stewart Steff. It was decided to celebrate St. Andrew's day this year with a luncheon at the home of the president.

POTATOES AND COAL ARE SCARCE AT BEACH

Former Has Advanced in Price and Latter Cannot Be Had at All in Some Places.
Potatoes and coal are two scarce articles in the Beach district. The former has advanced in price and the latter cannot be had at all in some places.
The coal situation seems to be most serious. The Standard Coal Co. refused to take any orders at all for future delivery. It is up to the Beach people to lay in their stock in the coal. The chance is that they expect to keep warm this winter.

SHORT CIRCUIT BLAMED

Fire Broke Out in Wholesale Grocery Warehouse.
Fire belloyed to have been caused by a short circuit of the electrical wiring did about \$1000 damage to the stock of Warren Brothers, wholesale grocers, at the corner of Queen and Portland streets, last night. The fire was discovered by Lieut. Mitchell of Portland street fire hall at 8.45. He noticed smoke coming out of the window of the second floor. The firemen were soon on the scene, and although the flames broke thru the floor, the contents of the third floor were only damaged by water. The building is a five-story one, and the fire started in the stock room. The company have a large quantity of canned goods in stock, and owing to the electric lights in the building being out of order, W. A. Warren was unable to estimate the damage last night. He stated that it was covered by insurance. The damage to the building was \$200.

PROTEST AGAINST SALE OF ABATTOIR

Committee Chosen to Devise Plan to Keep It Civic Enterprise.
MANAGER EXPLAINS
He Says Figures of Losses in Operation Are Misleading.

A large wholesale and retail butchers of the city, members of the district labor council, met at a meeting last night to protest against the proposed sale of the abattoir at a meeting of the city council and board of control were present and valuable information and strong arguments were advanced by the butchers why the sale should not be made. The various speakers contended that as a safeguard of the people's interest against monopoly in the meat trade by the big interests the institution should be continued as a civic enterprise.
After a lengthy deliberation a committee of five men, H. Arnold, C. Waugh, C. Darcy, Frank Wadsworth, and G. Murray, all engaged in the wholesale or retail butchery trade in the city, was appointed to devise a plan whereby the abattoir may be conducted in a practical way, in order to get the best results. Their suggestions will be submitted to a meeting of the butchers on Wednesday evening next, after which, if approved, they will be presented at the next meeting of the city council.

The following officers were re-elected: President, Major H. M. Mowat; first vice-president, Capt. Donald A. Cameron; second vice-president, J. A. Macdonald; Douglas S. Murray; chaplains, Rev. Dr. J. A. Macdonald and Prof. T. B. Keith; secretary, J. Stewart Steff. It was decided to celebrate St. Andrew's day this year with a luncheon at the home of the president.

It stated that the society was sure that Scotland was in the hands of the British, and a very large number of Scotsmen are in favor of offering any embarrasment to the government of Great Britain, whose whole line is bent on winning the war, and this was approved of by the meeting.

THE BLOOR STREET VIADUCT MYSTERY

People over the Don and elsewhere are trying to solve the mystery of the Bloor street viaduct, and are asking why, when the main bridge is about completed so far as the contractors are concerned, nothing is being done to pave in and put down the rails so that it may confer upon the public the benefits that the bridge was intended to provide.
One story comes to The World that the contractors for cement and for steel work have lost large sums on it, and that if they could get the city to take over the bridge before the contract date they might be able to establish some kind of claim to offset their losses. It is further stated that Commissioner Harris and the city solicitor are against having any contract with the contractors until all the bridge is completed and delivered on the date called for in the deed.
The World does not say almost anything in this, and that some body may be trying to get the city out of it. But the thing that strikes The World is that while the contractors have completed the bridge and are ready to deliver it before the time called for in the contract and are entitled to a bonus of twenty-five dollars a day thereafter, the city commissioner on his part has failed to provide the necessary roads and pavements between the bridges or the street approaches to the main viaduct from Danforth avenue, or to complete the roadway from the head of Parliament street to the foot of Bloor street. In fact the city has fallen down at almost every point; the only thing it has really done is to pave and fill the Roseville bridge, the smaller of the two. Why not do the same with the 1700 foot bridge and give it to public use? No one answers.

CORONER'S CHANGES IN WORDING OF VERDICT
One of the Jurymen Testified as to Danger of Apparatus.

Very unusual were the proceedings of the inquest conducted in the morgue last night on the body of Andrew Felix, who was killed while working at the waterworks department at the foot of John street on Oct. 6. The jury brought in a verdict finding the cause of death the foreman of the gang of workmen, guilty of gross negligence, and after being addressed by Coroner Greig they allowed the coroner to change the verdict to read "We find that there was gross negligence shown in the way the work was done." The evidence of the witnesses was contradictory, and one very unusual occurrence was the placing of one of the jurymen in the witness stand to give evidence.
Felix was working along with a number of other workmen assisting to tear down a brick wall at the pumping station. He was working on a scaffold, which was swung out from a scaffold. The file was not safely constructed and it collapsed. Felix fell a distance of 30 feet to the ground and was badly injured, that he died in St. Michael's Hospital.
Charles Street, a returned soldier, and steamfitter by trade, the jurymen testified, stated that he visited the scene of the accident along with the coroner and other jurymen, and was quite confident that the apparatus on which the men were working was unsafe.
In his remarks to the jury Coroner Greig declared that there was testimony of a great deal of loafing going on amongst the workers, but he felt that no party in connection with the accident was liable for the death of Felix, who was quite confident that the apparatus on which the men were working was unsafe.
This was attached to the verdict, which read as follows: "We find that Andrew Felix came to his death on October 6, from injuries received by falling 30 feet from a scaffold."

EATON-MADE

BOYS' CLOTHES

- Clothes that can be depended on for their lasting durability.
- Clothes that are brimful of breezy style.
- Clothes that set and fit with solid comfort.
- And clothes that are priced well within the reach of practically any purse.

EATON-MADE CLOTHES FOR BOYS

ARE SERVICEABLE BECAUSE—the fabrics are the tough, hard-wearing kind that stand well up to the strenuous service to which most boys' clothes are subject.

ARE DISTINCTIVELY STYLISH BECAUSE—originality of sensible style is one of the foremost considerations in the designing of an EATON-made Suit or Overcoat.

ARE COMFORT-FITTING BECAUSE—expert workmanship is employed and great care exercised in the constructing of a garment that will fit the wearer with sound satisfaction.

ARE EXCEEDINGLY LOW PRICED BECAUSE—the clothes are made right here in Toronto; come direct from the factory to you—thus saving commissions and transportation expenses.

From Every Viewpoint EATON-Made Clothing for Boys Should Prove to Be the Very "Acme" of Satisfaction

Mentioned Herewith Are a Few Outstanding Values in Suits and Overcoats

One line of Suits that is well worthy of special mention is this at \$7.50. The Suits are made of soft finished tweeds in pleasing shades of grey or brown, in pick-and-pick patterns. The coats are single-breasted, pinch-back models, have belt sewn at waist, patch pockets and peak-shaped lapels. Twill serge body linings and bloomer pants. Sizes 29 to 34, for boys 11 to 16 years. Price 7.50

At \$8.00 are Suits of the same sizes, in light or dark grey tweeds of pick-and-pick, or stripe effect. Coats are single-breasted with yoke, three knife pleats each side of back and front, and patch pockets. Good body linings and full-fitting bloomers. Sizes 29 to 34, price 8.00

At \$10.00 are handsome Suits of grey wool tweed, in neat herring-bone effect. The coats have plain fronts, with three patch pockets. Back is yoked with three knife pleats at each side. Three-piece belt, twill body linings and bloomer pants. Sizes 29 to 34, price, \$10.00; sizes 35 and 36, price 11.00

At \$13.50 there are beautifully tailored Suits of a wool cheviot finished tweed. The pattern is a dark brown faint check pattern, and the style a fancy pinch-back, showing three-piece belt and plain patch pockets. Twill linings and bloomer pants. Sizes 29 to 34, price 13.50

At \$10.50 are blue Suits of a soft cheviot-finished serge or smooth worsted-finished twill serge. The latter is a knife-pleated style and the other a smart pinch-back model. Fancy or plain patch pockets, good strong body linings, and bloomer pants. Sizes 29 to 34, price, \$10.50; sizes 35 and 36, price 11.50

Suits for the Young Fellows of 6 to 10 Years

Swagger Little Suits of smooth-finished tweeds, in grey striped pattern. They have pleated back and plain front, with patch pockets and belt sewn at back only. Twill linings and bloomer pants. Sizes 25 to 28, price 6.00

In a light shade of grey, in pick-and-pick patterns, are tweed Suits in single-breasted style, with yoke and

knife pleats each side of back and front. Fancy patch pockets, bloomer pants. Sizes 25 to 28. Price with two pairs of pants 7.50

Of a fine twilled navy blue worsted serge are Suits showing yoke, knife pleats, belt sewn at waist and patch pockets. Bloomers have belt loops, watch pocket and expanding knee bands. Sizes 25 to 28, price 8.50

And as Special Attractions Saturday We Offer These Three Big Specials

Big Boys' School Suits \$5.85, Smaller Boys' Suits \$7.45, and Big Boys' Overcoats \$5.45

The Big Boys' Suits at \$5.85 are just the kind most mothers look for when in search of a good serviceable Suit for school wear—and Saturday's price is so unusually low that it warrants the very special attention of mothers whose boys are in need of such a suit. They're made of strong tweeds, in a dark shade of plain brown and a medium grey, with faint stripe effect. Pinch-backs or plain coats are obtainable—all have belt sewn at waist, and three patch pockets. Good body linings and full-fitting bloomer pants. Sizes 29 to 34. Extra special Saturday, suit 5.85

This offer in Small Boys' Suits at \$7.45 is a most unusual one, for the Suits are made from cloth ends of men's suitings—all excellent quality fabrics that should "wear like iron." There are 60 suits and only one or two suits of any one pattern. All are smart, well tailored, pinch-back models, with three patch pockets at front and three-piece belt sewn at back only. Bloomers have belt loops, watch pocket and expanding knee bands. The materials are soft and smooth-finished tweeds or worsteds, in many patterns of brown and grey. Sizes 25 to 28. Remarkable value Saturday, a suit 7.45

ULSTERS—just what are needed at about this time of year, and here they are offered at a special price—\$5.45. These are good, warm, comfortable coats, made of heavy overcoating, in dark mixed patterns. They're cut double-breasted, have convertible collar and wind straps on sleeves. Warmly lined throughout. Sizes 29 to 33. Saturday, each 5.45

What the British Red Cross are doing for our Wounded Soldiers and Sailors across the seas

THE British Red Cross Society is the only institution which carries voluntary aid to the Sick and Wounded of the British forces on land and sea in every region of the War.

Its work is therefore the concern of all classes of British subjects, whether living in the British Isles, in the Dominions and Colonies beyond the seas, or in foreign countries.

A FEW FACTS ABOUT BRITISH RED CROSS WORK

IN GREAT BRITAIN.

- 57,000 Hospital Beds found in the United Kingdom.
- 30,000 of these provided with Nursing Staff.
- 2,000 Trained Nurses working at home and abroad.
- 7,500 V. A. D.'s helping in Army Hospitals.
- \$220,000 spent on equipment of King George Hospital (1,850 beds), and
- \$130,000 a year contributed to cost of its maintenance.
- \$225,000 spent on building and equipping Netley Red Cross Hospital (1,000 beds), and
- \$625,000 spent on maintenance.
- \$175,000 for Orthopaedic Curative Workshops and Training Fund.
- \$185,000 for Facial Injury Hospitals.
- \$100,000 for initial outlay in providing and equipping after-care institutions for totally disabled men.
- \$100,000 for materials for Red Cross Working Parties.
- 40,000 books and magazines supplied weekly for the sick and wounded.
- 460 Motor Ambulances, Cars, etc., for Home Service.
- 28 Command Depots and Convalescent Camps regularly visited and supplied with Comforts and Games.
- The home (London, Eng.) administration and management expenses (excluding hospitals) for the year ended 20th October, 1916, represent 2.92 per cent. of the total expenditure, or less than 3 cents on the dollar. Audited accounts have been supplied to the Canadian Red Cross Society.
- Red Cross work costs over \$300,000 per week, or \$30 a minute.

- \$3,750,000 spent on work in Mesopotamia, India, Egypt, Salonika, Malta and Near East.
- The Hospital Ship "Nabha" sent to Mesopotamia.
- 65 Motor Launches sent to Mesopotamia, Egypt, East Africa and Malta.
- 22 Hospitals and Convalescent Homes in France, Egypt, Malta and Salonika.
- \$125,000 to French Red Cross Society.
- \$165,000 spent on work in East Africa.
- \$215,000 spent on building and equipping St. John Bridge Hospital, Etaples, France (520 beds), and
- \$271,600 on equipment and maintenance.
- \$8,000,000 worth of Surgical Dressings, hospital equipment, necessaries and comforts of all kinds despatched mainly abroad.
- 6,000,000 Articles of Clothing and Bedding and Hospital Furniture and Equipment sent away, mainly abroad.
- 416,383 Parcels of Food and Clothing sent from London to British Prisoners of War in enemy countries.
- Invalid kitchens attached to hospitals in Malta, Salonika and Egypt, buffets, sun shelters, bathing sheds, recreation and tea rooms for wounded and convalescent men, established in Egypt, Malta and Salonika.
- 6,500 Surgeons, nurses, V. A. D.'s, stretcher-bearers, hospital orderlies and ambulance drivers now serving abroad.
- 180 Women Ambulance Drivers serving abroad.
- \$50,000 to erect, equip and maintain recreation and refreshment rooms in France.
- 7 Rest Stations in France for wounded men en route, as well as hostels for relatives visiting wounded and rest homes for nurses.
- 16 Store Depots for hospital necessaries, etc.
- 12 Branch Offices for Enquiries for Wounded and Missing.
- \$175,000 spent on work in Italy.
- \$310,000 spent on work in Serbia and Montenegro.
- \$350,000 spent on work in Roumania.
- \$100,000 spent on work in Russia.

SENT OUT OF GREAT BRITAIN.

- \$5,500,000 for purchase and upkeep of Motors.
- 2,500 Motor Ambulances, cars, cycles, waggons and soup kitchens sent abroad.
- 4 Hospital Trains running in France, each carrying 450 wounded, have cost over \$300,000 to build and run.
- \$2,800,000 spent on British Red Cross work in France and Belgium.

FLYING CORPS MEN WILL SOON GO SOUTH

United States Aviators Will Be Moved to Texas, After Which Canadian Aviators Will Leave.

Plans have been completed for the first squadron of the 1000 members of the United States Flying Corps, now in training in Canada, to leave for Fort Worth, Texas, today. The first squadron will consist of 250 cadets and mechanics. It is expected that the complete squadron will have been transferred to Texas within about a month. After the United States aviators have been transferred the Royal Flying Corps will start sending the Canadian aviators men to Texas, where a special camp is being organized.

METROPOLITAN RAILWAY PURCHASE IS DELAYED

Ald. Ball Interviews Mayor Church, Who Explains Hold-up by Absence of Sir W. Mackenzie.

Ald. Ball had an interview yesterday with Mayor Church in regard to the purchase of the Metropolitan Railway. The mayor stated that the matter had been delayed by the absence from the city, during the past six weeks, of Sir William Mackenzie. During his absence the city could not proceed with the project. The North Toronto ratepayers were considering sending a deputation to the board. Ald. Ball informed the mayor that they considered that enough time had been allowed to elapse.

O'CONNOR HAS NOT ASKED TO PROSECUTE

Attorney-General's Department Has Received No Information Against E. C. Fox of Davies Company

No request has been received as yet by Hon. J. B. Lucas, attorney-general for Ontario, for leave to prosecute E. C. Fox, of the William Davies Company, from W. F. O'Connor, cost of living commissioner. Hon. Mr. Lucas, who was at his desk again after a short absence, when his attention was called to the matter, said: "No request has yet been made by Mr. O'Connor or his department for leave to prosecute Mr. Fox. If any such application is made prompt consideration will be given by this department. Mr. O'Connor had a preliminary conference with the deputy attorney-general, but as I have already stated he has not submitted any material or made any request of this department."

FISH STILL IN DEMAND

Department of Public Works Continues to Receive Many Requests For Shipments of Food.

Calls continue to come into the department of public works at the parliament buildings requesting shipments of Ontario fish and the minister, Hon. Finlay Macdonald, is meeting the situation. The expectation is that facilities will be increased as rapidly as possible in order that all demands may be met. The great popularity of Ontario fish and the consequent heavy demand would tax the best organized institution, but gradually the machinery is being perfected and these orders are being met.

CHARGED WITH STEALING MEAT

Butcher in Shore Kitchen of Canada Steamship Lines in Court.

Before Judge Coatsworth and a jury in the criminal court yesterday, K. G. Tyler, employed as a butcher in the shore kitchen of the Canada Steamship Lines, was charged with stealing a quantity of meat and greases the property of the company. In his evidence Tyler stated that he had paid for the meat himself, and that the fat that had been sold he had sold at the request of the steward. The jury will be addressed by the crown, and by E. Arnold, who is appearing for the accused, this morning.

CASE OF THE CARTERS.

Mayor Gives Assurance This Will Be Looked Into.

A committee of the scavengers and street cleaners appeared before the board of control yesterday to ask if the grievances of the hired carters, who joined issue with the strikers, would be heard by the board of arbitration. The mayor assured them that these grievances would be dealt with, the Controller Cameron was opposed.

ESCAPE FROM GERMANS.

Two Toronto Soldiers Got Out of Prison Camp.

Privates W. L. Masters, 166 Kensington avenue, and John Evans of Ontario, Toronto, are alleged to have escaped from German prison camps. Both of the men were members of the C.M.R. and were both reported missing on the same day last June, and a month later were both officially declared prisoners of war. Altho no details of their escape have come to hand, it is evident that they were captured together since they were captured and that they shared the perils of their latest exploits. Both men are well-known in Toronto.

OLD PALMER HOUSE AS HEADQUARTERS

Former Hotel Is Undergoing Rapid Transformation for Uses of Red Cross.

WORK PROGRESSES

Annotation Committee Busy With Names to Be Handed to Captains.

"Coming events cast their shadows before." The shadows cast by the advance activities of the British Red Cross campaign are all of a very promising character. Good generalship is shown at the start, something that is a fight for finance, as in the field, speaks for success in the achievement of the objective.

At the old Palmer House, northwest corner of York and King streets, a process of transformation is in progress, which during the last few days has removed the dust and debris of three years and is now in a fair way to turn the entire building into a patriotic centre and seething hub of humanity, all working for the brave men in the hospitals overseas who have had a share in winning the war for Canada, the empire and civilization. During the coming week the old Palmer House will be known as the headquarters of the British Red Cross campaign. The place where men and women will gather their forces and make ready to storm the city to gain the half-million dollars which will be Toronto's share in the great humanitarian work.

Building Being Decorated. Great crosses of red bunting already mark the windows of the big house, filling the passersby of the blood that has been shed by the men for whom the appeal is made. Within the notes of red is mingled with white, speaking of the purity of the cause, and with blue proclaiming the loyalty of our soldier-sons and of the people of the Dominion. Rooms are being fitted up for the different committees, the many large and small compartments lending themselves beautifully to the work. One room will be devoted to taking in general subscriptions, another will be given over to receiving the returns from the schools; a room for the women's committee is being given special attention in the way of patriotic drapings, with rug and table-covers of pale blue. The Rotary Club will have what was formerly the bar, but instead of the product of old John Barleycorn going over the counter, it will be dollars and cheques that will pass from the outside to the man behind the bar. Expediency and comfort are being thought out in all matters of preparation. One of the biggest pieces of work will be the transformation of the old dining-room, which is capable of seating three hundred people, an attractive place for the monthly meetings, which will mark the campaign. Assurance, however, is given that everything will be completed and in order for business when the campaign opens next week.

Making Out Lists. In addition to the centre is another, the office of H. H. Williams, where yesterday, today and tomorrow the work of the annotation committee goes on. Here some half-dozen men are wrestling with the task of apportioning 37,000 names amongst the different captains of teams, so that when the campaign is fairly launched each officer may know at once his exact area, and loss of time will be obliterated from the proceedings. Working with Mr. Williams are Kenneth Dunstan, A. H. Campbell, Frank Beer, Norman Somerville, and behind the scenes the work of revision and execution preparation is Toronto's organizing general, Lieut.-Col. W. S. Dinick.

LABOR COUNCIL'S HELP.

T. A. Stevenson, secretary of the Toronto District Labor Council, has written to Lieut.-Col. Dinick saying that the executive committee of the council will recommend that \$25 be voted toward the campaign.

NO SPECIAL SQUAD ON DUTY.

Motorcycle Policemen Able to Look After Speeders.

The police department have decided to discontinue the services of the four special policemen who were tried out for 15 days to catch motor speeders. The men were returned soldiers, and during the time they acted on the police force they only brought four cases to court, and in one case only was a fine imposed.

CHARGED WITH THEFT.

George B. Skelton, who resides in a McGill street rooming house, was arrested yesterday afternoon by Acting Detective Ström on a charge of theft. The police say that Skelton was employed by the Walk-Over Shoe Company, and that while leaving at the lunch hour he is alleged to have walked out with several pairs of silk stockings.

SUES FOR INSPECTION COSTS.

Before Judge Denton in the county court yesterday, Norman McLeod, Limited, was suing L. E. Brandon for the sum of \$204.50 and costs; the amount claimed for expert service in the inspection of a shell plant at Fort Hope, Gordon Shaver appeared for the plaintiffs. Judgment was given by default for the amount in favor of the plaintiffs.

FRIDAY MORNING, OCT. 12.

Mr. O'Connor's Fiat

From the statement made by the attorney-general there is little doubt that when Mr. O'Connor applies for his fiat in the Davies case no obstacles will be placed in his way.

Mr. O'Connor said on Wednesday that he had not his papers all in order, but would make his application as soon as he was properly prepared.

It wouldn't be a bad idea for Mr. Fox to come thru. After all, this is war time, and everybody is expected to do his bit.

Margarine

Margarine is to be permitted. The farmers, having insisted on getting the last dime for their can of milk, are to be faced with the competition of artificial butter. But they need not be alarmed.

But the food controller has lost a great opportunity to give the people a cheap substitute for butter by refusing to fix the price.

Too Many Lawyers

The Farmers' Advocate says there are too many lawyers in the government, in parliament, and even on the bench. The Advocate of course has in mind not the lawyer who works at his profession like the shoemaker at his trade in order to make a living out of it, but the man who practically makes politics and not the law his principal occupation.

The law is a jealous mistress, and few men who want to succeed at the bar can afford to fritter away their time in politics. Yet the lawyer is naturally in demand as a party candidate.

The Advocate argues that more manufacturers, more laboring men, and especially more farmers, should be sent to parliament. Yet it has been observed that the big manufacturer will not bother with parliament after you have elected him, and the farmer member has little or nothing to say in the agricultural interest.

The Advocate, we think, is a little hard upon the politicians, who are sent to the bench much as the wounded soldier is sent to the hospital. Some of them may not be learned in the law, but a judge does not require much learning.

Power and More Power

While the commission is investigating the amount of water flowing thru the turbines of the Electrical Development Co., Ontario is intensely interested in the amount of "juice" flowing thru the cables of the Ontario Hydro-Electric System.

Political economists should study this new factor and note the revolutionary effect that it has upon the so-called "law of supply and demand."

None of them appears to have any scruple about modifying it in favor of the middleman. Cost of producing, including a good living wage, is the hydro-electric system's standard for sale prices, and the result is to stir up all those who believe that the good things of the earth should be reserved to the favored few, these being the wealthy, who are able to pay the highest price that can be extracted.

The corporations logically follow this policy. They will tell you that it does not pay to produce above a certain limited point. The telephone company says increase of business increases cost of operation.

No wonder that the private electric companies object to the hydro-electric method. But there remains the question of power. The Chippawa development is still three years off.

No wonder when a man, who got leave to return home after two years' fighting, reported when he returned to the front that the state of things in Toronto was terrible. Very few people comparatively are acting as the war was going on.

For the rest of the city every alternate light could be dispensed with. The bulb could be uncrewed. With half the lights there would be better illumination than in the old arc-lamp days.

Other People's Opinions

Sir Wilfrid and the Liberals

Editor World: I see that Sir Wilfrid is here to confer with his Liberal friends. But it is sure that he will not hear the voice of the many Liberals—like myself—who will no longer follow him.

It is a good time to repeat the reasons. Six months ago we were against Borden because he had failed:

- (1) To bring in conscription;
(2) To create a national government;
(3) To dedicate the country to Sir Wilfrid—he had not raised a finger to stir Quebec—but we were sure Borden would not do.

Now we are against Laurier to a man, and for Borden: Because of his efforts for a united country; Because his course the last six months has proved him a man, and we believe he will lead us thru to the end, however distant, and no matter what the sacrifices between.

We are against Laurier because he refused to join hands with Borden. Had he done so his name would be a beacon light, but he failed Canada on the great test.

We are against him because he forced an election, or of his ill-wishes because he is against conscription. Reason tells us that conscription is essentially democratic. Instinct tells us that a man who argues otherwise is insincere.

There is the crux of the whole issue. We held Sir Wilfrid true, in the face of calumny and sneers, in the face of doubts. Now the veil is drawn, and shows us our altar—not the altar of vision and high deeds, but of fine words and parish politics. Our bitterness is that of men deceived.

We are no longer willing to trust Laurier. We regard the effects of his resignation as calamitous. The complete resignation of the government under any name will be Laurier's opposition and a vote for it will be a vote for Laurier; a vote against conscription; a vote that Canada take no further part in the war.

Such, sir, is the feeling of thousands of Liberals who were Liberals, not merely because it was their party, but from training and principle. They ask of Sir Wilfrid not merely his resignation, but his elimination, and that his lieutenants join in the support of a unionist, non-conscriptionist government, utterly committed to the war, and headed by Sir Robert Borden.

Kenneth F. Mackenzie.

SWEDISH SUPPLY OF PETROLEUM LIMITED.

A most difficult problem which Sweden has now to face is that of the supply of petroleum. The companies announce that their stocks are completely exhausted, and unless supplies are forthcoming the whole country, except in towns which use gas or electricity, will be cast into complete darkness during the coming winter.

HOW THE CIVILIANS HAVE HELD.

THE HONOR SYSTEM.

By Gilbert Selous. One of the most astounding features of the British method of handling civilians in war time was the use of the "honor system."

The most notable case is, of course, the delay in passing a conscription measure. The essence of the voluntary system was that each man was put on his honor to fight for his country if he was able to bear arms.

In the first place those who went to fight on their honor felt, with justice, that they were not being fairly treated, because the lack of honor on the part of others imposed a terrible danger on those who did go to the front.

For example, when the shortage of meat became acute, the government, by the unrestricted submarine activity, which ended by bringing the government's appeal to the nation to "eat less bread."

The Telegram goes on to say: The electric smelter on Ashbridge's Bay is a monument to the defeat of the imperial munitions board.

There is no logic in the distinction; there is no one with any knowledge of the honor system in regard to drink was utterly preposterous.

When Hindenburg made his mass levy on the German (and enslaved Belgian and Dutch) population for something else, it was not a levée en masse as a counter-attack, and it was not a levée en masse as a counter-attack.

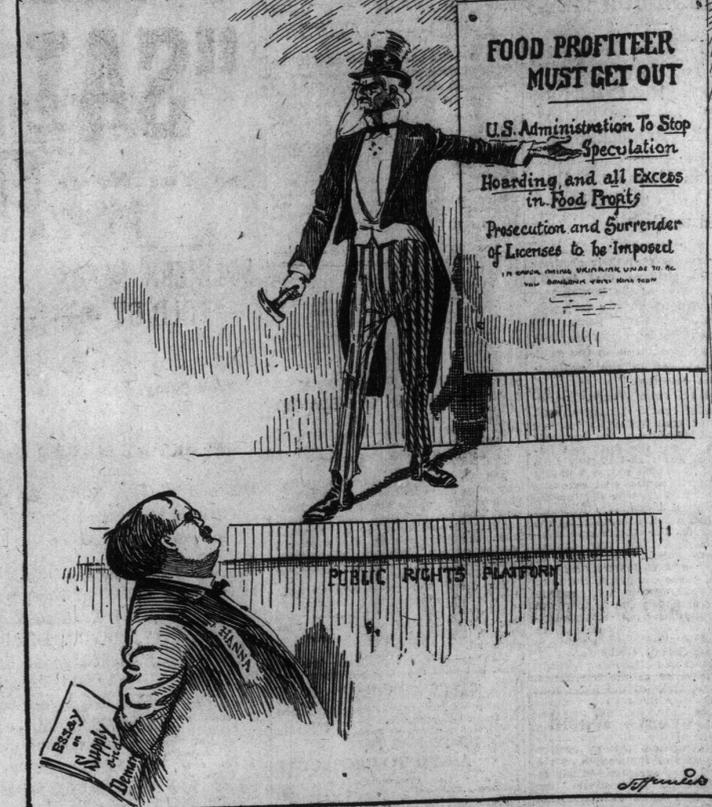

All these things can be mentioned without prejudice to some of the real benefits of the system. It is a failure, and you will still be far from saying that anything like a democratic country like England, the heavy hand of compulsion, especially in civilian matters, might do a selfish wrong.

It is a costly flattery. To its credit is the enormous feeling of personal satisfaction which the civilian receives; to its credit is the wrath which the civilian works up when any voluntary or honor system fails.

Excess profit is reckoned on the clear gain, and additional expenses, incurred in war-time, naturally reduce the taxable excess profit of \$500,000.

On the whole, that last statement may stand for the system. It has not produced satisfactory results, but it has had a sufficient moral effect on the civilian to justify its existence as a question of expediency.

"WILL THE GENTLEMAN FROM CANADA PLEASE COME FORWARD"

QUEBEC AT BOTTOM OF RECENT ATTACKS

Toronto Telegram Says Lower Province is Angry at Sir Joseph Flavelle.

The Toronto Telegram of October 11 charges that a Montreal crowd of financiers—munitions profiteers—the Shawington Power crowd, the C.P.R. board of Montreal, many others, are at the bottom of the attacks on Sir Joseph Flavelle.

The Telegram goes on to say: The electric smelter on Ashbridge's Bay is a monument to the defeat of the imperial munitions board.

A she-bear robbed her cub's life in a no more frantic adversary than Montreal robbed of its semi-right to grab everything that its hands could hold, and, as the late Borden said about Tammany Hall, "My heavens, what hands!"

Spoke at Euclre. In the afternoon of the Centre and South Toronto Conservative and the Women's Conservative Associations at 210 Yonge street last evening two speakers were heard, the first, Lt.-Col. F. S. Evans, of the Imperial Army, on experiences at the front and "What the Men Need Most," and the second, Edmund Bristol, M.P., on the question of conscription and votes for women.

Mr. Evans, in his address, dealt with the men's needs and the things that the men require and asked the association to concentrate on sending soap, tea powder, socks, handkerchiefs, holsters, handkerchiefs, and candles. Many things, he said, were sent that insofar as they affected the Canadian soldier were of no value to the work of the Canadians.

SAFETY FIRST

To most people, the absolute safety of their money should be the first consideration. This applies in a very special way to the man or woman whose income is limited.

The savings of these are necessarily small, and must be conservatively invested in order to ensure a modest provision for the day of loss or reduced earning power.

It is to this class that the strength, stability, and sound financial position of this corporation, with its long and enviable record, especially appeals.

Having been established in 1855, it has for more than sixty years been the "SAFETY FIRST."

THIRD AND FINAL INSTALLMENT 1917 TAXES.

(1) Ratepayers are reminded that Friday, October 12th, will be the last day to make payment of the third and final installment of 1917 taxes without penalty.

(2) By making payment now taxpayers avoid the rush on the last day, 19th of October, and the possibility of entirely overlooking payment.

(3) If payment is made by cheque, the cheque must be "marked" by the bank, have war stamp affixed, and be payable at par in Toronto, to order of the Registrar.

(4) If payment is made in cash, the exact amount of change should be tendered; this will prevent delay.

(5) Receipts for taxes sent by mail will be forwarded as speedily as possible, if stamped and addressed "return envelope" accompanies remittance.

PLAYS, PICTURES AND MUSIC

"Experience." The most wonderful play in America. George V. Hobart's modern morality play, "Experience," which William Elliott, F. Ray Comstock and Morris Gest announce for a return engagement at the Royal Alexandra Theatre for the week of October 13, beginning Monday night, contains drama, music, laughter, pathos, pageantry and the most beautiful collection of young women that have ever been seen on the stage, according to the critics. The reserved seats sale is now on; matinee will be on Wednesday and Saturday.

"The Fall of the Romanoffs." Toronto will have the opportunity of seeing a photodrama at the Grand Opera House next week that gave New York a new thrill and set the city talking. Two weeks in advance all seats were sold, and it is being taken in "The Fall of the Romanoffs." This production tells the story of Russia during her darkest days and the part played by the German emperor and the czarina for a separate peace. The revolution and incidents which led up to it and all the other details which as yet the outside world does not know, will be shown. There will be a matinee every afternoon.

A New Arrival. Billy Watson and his Beef Trust will be the next attraction at the Gayety Theatre. This organization, headed by the only and original Billy Watson, and assisted by such capable lieutenants as Harry Montague, Beatrice Harlowe, Kathryn Pearl, Frances and Helen Russell, Tony Kennedy, Lud Reynolda and others, is a sure prospect of living up to the promise that not a dull moment exists during the performance. "A New Arrival" and "The Bashful Venus" are the captions of the two burlesques.

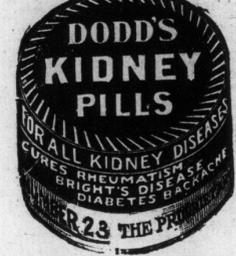

Three New Skits. The coming attraction at the Star Theatre, commencing with matinee Monday, will be Billy Watson's Oriental Burlesques with the established reputation of being one of the most unique as well as the most pleasing offerings on the circuit this season. Leo Stevens the man with the funny sneeze, appears at the head of the new skits—"The Doll Shop," "At Fort Hoskum," and "At the Fair."

Viola Dana at Strand. Those who can appreciate a photoplay that is both a triumph of art and also of irresistible appeal to the heart, will find themselves attracted to the Strand Theatre. The offerings are three charming women has delighted thousands in the past, and will continue to do so as one of the famous stars in motion pictures. Her play has a real human interest, "Fighting Odds" being its title. Next week, "Mme. Petrova, already well known in the retro, will appear in "To the Death," "The Show of Wonders."

Scene painters nowadays vie with the impressionistic school of landscape artists to turn out new and bizarre effects. "The Show of Wonders," the gala attraction at the Royal Alexandra Theatre, this week, production in this respect that the mammoth New York Winter Garden has ever turned out. The scenes range from pastoral views to marvelous interiors representative of bejeweled temples. From the costume point of view, nothing has been left undone to secure colorful effects, and the sartorial equipment runs the gamut from Eve-like attire to modern Parisian models.

BARRIE WOMEN HAVE SUCCESS IN CANVASS

Think Food Controller Has Accomplished More Than He Intended In Making Suggestion. Returns from the women of Barrie who worked on the food campaign, show that of the 1200 cards which were sent them from the parliament buildings, Toronto, 1000 have been returned signed. Encouraging words have also come from the captains, who, in their house-to-house canvasses acknowledged they have got more in touch with their townswomen than they ever did before. Their summary of the information gained thru all parent channels being to them of such value that they believe that "Mr. Hanna has achieved more than he intended" when he asked the women to set out upon this special piece of work.

CONTROLLER EXPLAINS FISH PRICES.

Increased Cost Due to Delegation From British Government. Speaking before the members of the Housewives' League in Montreal, Hon. W. J. Hanna, food controller, explained that the increased cost of fish was due to a delegation from the British Government, offering to purchase the entire catch of the season at two and a half cents per pound more than the fishermen had previously been receiving; that is four and one-half cents instead of the two cents formerly charged. Mr. Hanna also stated that bulletins will be issued at intervals of about 10 days, showing what the food controller has accomplished during the preceding days.

CIGARETTES ARE NECESSARY.

Capt Julia W. Henshaw Emphasizes Need of Them in Trenches. Captain Julia W. Henshaw of the Canadian Medical Corps, during an address in Montreal, emphasized the need for socks and still more socks. If the supply should fall one of the greatest terrors of the war-trench foot—would reappear, while at present it is almost unknown owing to the manner in which British women the world over have responded to the call for socks. Hot drinks and cigarettes are essentials for the wounded men, was another point emphasized. "Cigarettes are not luxuries in the trenches, they are plain necessities."

ONTARIO ARTISTS' EXHIBITION

At the opening of the new room of the Heliconian Society at 801 Yonge street, a special treat is in store in the shape of an exhibition of pictures by the Ontario Society of Artists. The quarters themselves will be an attraction, the committee in charge having spent considerable time and expense in making them comfortable and attractive.

WAR MENUS

- How to Save Wheat, Beef and Bacon for the Men at the Front. Issued From the Office of the Food Controller for Canada. MENU FOR SATURDAY. Breakfast. Puffed Rice, Milk, Sugar, Griddle Cakes, Tea or Coffee. Luncheon. Fish Chowder, Crackers, Tea Biscuits, Tea. Dinner. Hamburg Steak, Potatoes, Carrots, Pumpkin Pie. The recipes for Griddle Cakes and Fish Chowder, mentioned above, are as follows: Griddle Cakes—2 1/2 cups flour, 1/2 teaspoon salt, 1/2 cup sugar, 1 1/4 teaspoons soda. Mix and sift flour, salt and soda; add sugar, mix and add well beaten eggs. Drop by spoonfuls on a greased hot griddle; cook on one side, turn and cook on the other. Serve with maple or corn syrup. Fish Chowder—2 cups potatoes (sliced), 1 cup fish, 1 cup onion. Boil separately any white floured fish, onion and potato. Drain, remove the bones from the fish. Combine the three in one pan, add white sauce and reheat. Serve hot. This may be varied by adding pieces of bacon cut fine. This recipe is equally good when left-over fish is used. (Wheat and meat saving recipes by Mrs. Charles Henshaw, in the Canadian Food Controller's Office.)

BENEFIT OF SOLDIERS.

Caledonian Society Plans Grand Musical Carnival. The Caledonian Society of Toronto held its regular meeting last night in the Caledonian Club, College street, President Hugh Macdonald taking the chair. It was agreed to send a note of condolence to the Rev. A. Logan Geggie expressing the deep sympathy of the society in his recent bereavement. It was also agreed to transmit the society's appreciation of the appointment of Dr. R. Bruce Taylor of Montreal as president of Queen's University. A report from the amusement committee was read in which it was stated that a grand musical carnival, by the combined choirs of York Choral Society and St. Paul's Presbyterian Church, under the leadership of J. James Newell, had been arranged for, and that the proceeds were to be in aid of funds of the society and for the benefit of Scottish soldiers in the Canadian expeditionary forces. The carnival will take place on November 29. The president delivered an interesting paper on the history of the Scottish bar. PETITION FOR OLEO. She attained her 87th birthday on September 23. She suffered a stroke of paralysis on June 4, 1916, and for over 16 months has never left her bed. She was a sister-in-law of Jacob H. Gallinger, United States senator for New Hampshire. CONTROL OF HIDE TRADE. New York, Oct. 11.—Action has been taken by leather manufacturers to take over the control of commerce in hides and skins between the United States and other countries, under the license system to prevent these commodities from reaching enemy destinations.

Dyspeptics Should Avoid Drugs And Medicines

Try a Little Magnesia Instead. Some people, inactively shut their eyes to the danger, and it may be that instead of custom, or habit causes dyspeptics to take drugs, patent foods and medicines, artificial digestives, etc. But closing the eyes does not banish the danger and it is certain that neither drugs nor medicines possess the power to destroy the harmful excessive acid in the stomach, which is the underlying cause of most forms of indigestion and dyspepsia. They may give temporary relief, but ever increasing quantities must be taken, and all the time the acid remains in the stomach as dangerous as ever. Physicians know this and that is why their advice so often to sufferers from digestive and stomach trouble is: "Just get an ounce of pure, bicarbonate of magnesia from your druggist and take a teaspoonful in a little water immediately after every meal. This will instantly neutralize all the harmful acid in the stomach and stop all food fermentation, thus enabling you to enjoy hearty meals without experiencing the least pain or unpleasantness afterwards."

GETTING TOO FAT? TRY THIS—REDUCE. People who don't grow too fat are the fortunate exception. But if you find that you are getting fat, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist (or if you prefer write to the Marmora Co., 84 Woodward Ave., Detroit, Mich.) for a large case of Marmora Prescription Tablets. This is the price the world over. By doing this you will be safe from harmful drugs and be able to reduce two, three or four pounds a week without dieting or exercise.
