SAULS E. MARIE DECLARED VACANT BUT PERSONAL CHARGES ABANDONED

Chancellor Boyd Judges That
Corruption and Personation
Most Serious Have Been Proven
But Commends the Attitude of C. N. Smith.

Sault Ste. Marie, Sept. 16.—(Special)—This town is now without a representative in the legislature. The seat has been declared vacant by Chancellor Boyd, and Justice Teetzel, who presided at the trial of the petitioner against the election of Charles N. Smith. The end came shortly after the court resumed its session, following the adjournment for supper this evening. In the petition there were 221 charges, involving the names of 300 persons. Sixteen of the charges were brought under the consideration of the court, the general Minnie M. charges being considered as one. In five of them illegal acts were proven, the payments by N. Adette to John Bonathan of five dollars to make an uncertain vote certain, the grant of charges of payments to voters coming from Port Arthur and the payments to voters of the Sault Ste. Marie and Copper Cliff. All the other charges taken up failed or were abandoned.

Smith Convinced Inquiry.
Mr. DuVernet, counsel for the petitioner, did not address the court at the conclusion of the evidence on the trials. G. H. Watson, K.C., for respondent, did not address the court. The investigation would result in his acquittal from any blame whatever in connection with what had taken place. He felt that there was no foundation for the personal charges and no investigation would be taken to prove the charges of wrong-doing. The respondent felt that in sitting in the legislature he was the representative of the great majority of the voters of the riding, and he did not desire to retain his seat if there was any doubt that he had been elected. He did not ask the benefit of the doubt, but he desired that there would be a reformation of the election law making the franchise more valuable and prohibiting any interference by outside elements.

Most Serious Corruption.
Chancellor Boyd said the position taken by the respondent and his counsel had admitted the position of himself and his colleague. Corrupt practices, he said, had been proven. Minnie M. affair, he said, was not the extent indeed being such that it could hardly be more serious than the personation that had been proven. The chief agent and instrument in all these acts was George Sutherland. The position taken by the respondent and his counsel was the position of an honest man and his was the position of a dishonest man. The respondent had asked for amendments to the election law which would have the effect of making the franchise more valuable and prohibiting any interference by outside elements.

LIBERAL MAJORITY ONE

The Sault Ste. Marie election protest holds good. The judges yesterday declared the seat vacant, stating that the Minnie M. charges are sufficient to do it. The personal charges against Charles Napier Smith, now ex-M. L. A., were abandoned by the Conservatives. The cross petition instituted by Andrew Miscampbell, ex-M. L. A., will not be urged as he has agreed to abandon his claim to the seat, which he contested with C. N. Smith. This brings the majority of the Ross government down to one, with North Grey, the one, still in doubt.

REIDMONT AND COMPANIONS TO SPEAK HERE SEPT. 26

Local Branch of United Irish League to Arrange Details of Reception.

John Reidmont, the famous Irish parliamentary leader, is to be in Toronto on Monday, Sept. 26. At a meeting of the United Irish League in the Temple building last night, it was decided that the league should hold a public meeting in Association Hall on the 26th, and that Mr. Reidmont and his traveling companions, Capt. A. J. C. Donelan, Patrick O'Brien and Connor O'Keilly, should speak. The details of the reception have yet to be arranged. Mr. Reidmont is the leader of the Irish party in the British parliament, the place once occupied by Daniel O'Connell and later by Charles J. Parnell.

Why is it that big manufacturing concerns do not locate in Toronto, as they once did, instead of going to other Ontario towns? This is the question that the Employers' Association and the Canadian manufacturers have set themselves to wrestle with in the near future. The question is one of growing importance to Toronto as a city, for many industries have gone elsewhere that should be here. The Employers' Association has resolved to inquire into and to create an answer and a remedy for the evil. They have issued an invitation to the Canadian Manufacturers, the Retail Merchants' and the Bankers' Association to appoint committees to confer with them on the matter. As soon as the manufacturers have finished their session in Montreal the matter will be proceeded with and properly threshed out.

An inquiry among the representative manufacturers has resulted in a number of reasons why manufacturing concerns intending to locate in Canada should Toronto. The prevalence of strikes and labor disputes is given as one answer. During the past few years there have been so many labor dissensions of one kind and another that big concerns are afraid to venture into the city. One suggestion is that arbitration be more frequently resorted to and that in the west colonies a strike which may injure themselves with one or other of the parties and so keep up the strife.

Another reason is the high rate of an increase in the wage of the working man comes an immediate increase in the price of living. This is a serious effect on the manufacturer, for he has to compete with foreign manufacturers where the whole sale is lower. The only remedy is to reduce the cost of production. A third reason is the high rate of insurance which exists. The remedy for this is to have the rate of insurance fixed by the state. Another reason, as given by a well-known employer, is the passing of petty by-laws, framed by the city council as a hindrance to the factory owner without being of any use to the city.

Manufacturers, he said, "are not going to be hampered in their work by red tape legislation which does not put them in a deal of trouble and serve no beneficial purpose to the corporation."

Fire Insurance Men Endorse Siche.
As far as known there is not a single insurance man using Siche gas, but any number are using Siche gas. Mr. William L. Perrin, representative of the Western Assurance Co., for New York City, is installing Siche gas in his residence. In doing he is following the lead of the general manager of that company, and others of its leading men.

If you are wise you will use Siche gas and be safe. The recent statistics published by the leading technical papers have shown the dangers of electric lighting in such a startling manner that there is a strong feeling among gentlemen who are in positions where the expert data reach them that they should get rid of the gas and abandon so dangerous a light as electricity in favor of the absolutely safe Siche gas system.

It is only necessary to notify the ladies of Toronto that Mr. Rooney, 62 Yonge-street, next door to the Globe office, has just opened out this season's importations of real Irish linens, consisting of table cloths, table napkins, handkerchiefs, towels, etc., most of which are hand-woven goods, and were purchased by Mr. Rooney in Ireland under circumstances so favorable that he is enabled to sell them at 33-1/3 per cent. discount. Mr. Rooney's reputation as a purchaser of Irish linens is so well known that there is sure to be a rush for his goods this season, which he states is the best that he ever brought across the Atlantic.

KNOW THE REAL COUNTRY MR. BORDEN AT LONDON FAIR

Sir John Murray, a Former Cobourg Boy, Shares With Him the Honors of the Day.

London, Sept. 16.—(Staff Special).—The visit of R. L. Borden, the Conservative leader, to London, today was devoid of political significance. He came here at noon from St. Thomas, accompanied by Mrs. Borden, R. Blain, M.P., and David Henderson, M.P., and was met at the C.P.R. depot by several prominent Conservatives, including Sir John Murray, Adam Beck, M.L.A., Major Beatty, M.P., and Dr. Roomer, M.P. The Conservative leader was at once driven to the Western Fair grounds, where he was the guest of the directors at luncheon.

Mr. Borden's text for his non-political address was "I would be fortunate, he observed, if the people of the maritime provinces would visit the Western Fair and if more of the people of Ontario would go down by the sea and get acquainted with the people of the eastern provinces. There was a fair exhibition at Annapolis, where was exhibited the commands as high a price in the English market as any fruit.

Our Great Heritage.
Mr. Borden regretted that the people of this great Dominion were not sufficiently acquainted with each other and the country's resources. This fact was brought to his mind when he was in the Northwest and began to realize how great a heritage was ours. He found it necessary to go there in order to have it stamped upon his heart and brain. His visit to Western Ontario had helped him and he exhorted his listeners to get into touch with other parts of Canada.

There was talk sometimes of organizing a colony of certain sorts in Canada. These would not exist if the people were better acquainted with the country. He had heard someone say that he knew of nothing better than to get 500 people from Ontario and know the country, and the speaker said he had felt ashamed when he accepted the leadership of his party, that he had been spending his holidays abroad instead of in visiting the provinces of his own country.

"Know thyself" was a good maxim, but an equally good one he would commend to the people of this country. "Know thyself" was a distinguished Canadian. The speaker was Sir John Murray, member and editor of the Challenge Expedition and a celebrated British scientist, who is a Cobourg boy. He recalled, he said, a provincial exhibition held here 50 years ago when Lord Selkirk was governor. Since that time he had become an old country man. He had visited every self-governing colony, and he had a right to speak for the eleven million of the British Empire. He knew each other better. If they did they would comprehend and appreciate the great heritage that they possess.

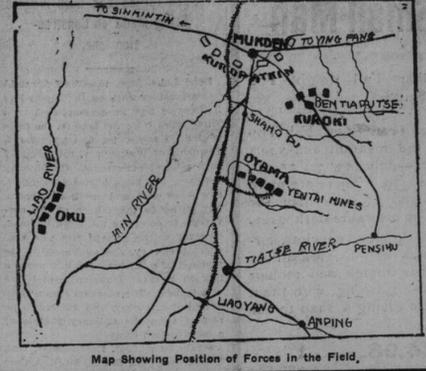

Intellectual Britons were greatly interested in the speaker's remarks, and drawing together of the various parts of the empire was not an unattractive subject. A third reason is the high rate of insurance which exists. The remedy for this is to have the rate of insurance fixed by the state. Another reason, as given by a well-known employer, is the passing of petty by-laws, framed by the city council as a hindrance to the factory owner without being of any use to the city.

JAPS ON RUSSIAN FLANKS

St. Petersburg has Heard the Report but is Not in a Position to Believe it.
St. Petersburg, Sept. 17.—(2:25 a.m.)—The war office has heard the report of an apparent Japanese concentration against the flanks of General Kuropatkin's army, preparatory to an advance toward Mukden. While it is not in a position to absolutely confirm or deny the report, it would surprise the war office should Field Marshal Oyama have been able in such short time to organize his forces for a serious advance northwards.

A despatch from Mukden says the Russian patrols, up to the present time, have repulsed all Japanese outpost attacks, and that communications with Shumlin have not been interrupted. Practically all the Russian stragglers, according to this despatch, have arrived at Mukden.

Russian Statesman Thinks Mutual Recognition of Ruinous Nature of Conflict May Lead to Russo-Japanese Alliance.
London, Sept. 17.—The Daily Telegraph's St. Petersburg correspondent declares that a Russian statesman, who has been in Mukden, owing to the danger of the demolition of sacred tombs. No one has been received. The Daily Telegraph's correspondent at Shanghai reports that the Japanese scheme to raise a first national army of men from 20 to 40 years of age, the majority of whom have previously served with the colors, will prove a total strength of 120,000 men, who will be ready for service within a month.

París, Sept. 17.—(Special)—The Russian losses in killed, wounded and missing in the operations before Liaoyang, from Aug. 13 to 26, have been received by the general staff, according to the Journal's St. Petersburg correspondent. These amounts to two regiments, 258 officers and 21,900 soldiers, in addition 152 guns were lost. The material losses include fortifications costing \$30,000,000.

Hamilton, Sept. 16.—(Special)—The members of the Trades and Labor Council this evening condemned the proposition to grant a perpetual franchise to the Ontario Power Company.

RESTRICTED VIEW OF AGENCY HELD IN NORTH GREY TRIAL

Witnesses Who Were Bribed Believed, But Briber Not Close Enough to MacKay.

Captain Sullivan Leaves Town

The Conservative Lawyers Issue a Subpoena for Him to Give Evidence.
Owen Sound, Sept. 16.—(Special)—The peculiar circumstances under which the petitioner in the North Grey protest is laboring was evidenced to-night when the judges took a restricted view of the word "agency," and A. G. Mackay escaped the consequences of two charges of bribery that the lordships declared to have been clearly proved.

Mr. Blackstock argued at length that in view of the fact that the campaign was hurried one of only two weeks' duration, organization was impossible to the degree of specifying and authorizing agents, and that for this reason the broadest interpretation of agency should be accepted.

This afternoon the Conservative solicitors ran into a hive of corruption. They proved from the lips of William J. Wright, an active Liberal worker, that he had hired a rig to bring George Farrow from Walter's Falls, that he had paid Farrow \$2.50 to pay his expenses home. Then William Foster and Peter Trotter told how they had each received bribes of \$5 in envelopes from Wright. The judges, after lengthy argument on the part of counsel, decided that Foster and Trotter had told the truth, and that they were actually bribed in the manner in which they had testified. As to agency there was nothing to show that Wright had received authority from Mackay. No significance could be attached to the fact that he was frequently in and out of a public committee room.

Buffalo Story Contradicted.
The contradiction of the Nelson and Mulloy charges was followed up this morning by A. B. Aylesworth, K.C., who called R. T. Harding of Stratford. Mr. Harding said that he had never seen Nelson before the trial, and that no one had reported to him either before or after the trial. The Nelson Nelson had claimed to have mentioned in purchasable were gentlemen—James Campbell and Donald Campbell. W. M. O'Brien, editor of the Stratford Standard, whose name had been associated with that of Mr. Harding as the two men to whom Nelson should report, also contradicted the story.

Nelson was recalled to explain his run up from Stratford on the Grand Trunk. Agent Deane had testified that this was impossible by the regular passenger service. The witness said that he had seen Nelson before the trial, and that he might have left Stratford the previous evening. The witness also testified that he had seen Nelson on the Grand Trunk train on Jan. 3, 1903, between Port Hope Junction and Stratford. Nelson was called to clear up unimportant statements, and this ended the charges relating to the Buffalo case, with the exception of the evidence of Hon. E. J. Davis.

Chancellor of Exchequer.
Mrs. MacCam was called on the next charge of bribery. She swore that a stranger introduced her to the trial, and that she had seen the man at the trial. She overheard the man talk of politics and the trial. She said that the stranger offered him \$10 for his vote. The following Monday the same man was seen at the trial.

Marvelous Curtain Value \$1.00

This how you do it— Six yards fine wide Curtain Net Nine yards of Lace Edged Frilling Yes—you say—but that means over twenty yards of saving, well worth a dollar itself. True, but you don't have to do it. These curtains are all ready to hang up, just as shown in department—lace frill, insertion, hem—and all completely finished.

- 450 pairs R. fringed Net Curtains, 50 inches wide, 3 yards long, trimmed with dainty Torchon lace and insertion, per pair. 1.00

Great Carpet Chances

In some stores "Chances" in Carpets mean "ten chances to one" unlovely and therefore unsalable and undesirable patterns. This store has too much respect for your taste and judgment to offer you anything but up-to-date floor coverings. In fact our large, quick turnover leaves us with nothing but very new carpets. Carpet Chances occur here in the very best selling lines—so frequent is the change in stock. For example, this thousand yards or so we are clearing in Monday consists of the most fashionable and popular Pile Carpets, two-toned self colors. These are the very carpets most in demand—carpets for which people of refined taste and expert knowledge of what is correct pay regularly one half more.

- 123 yards of English Axminster Wilton and Velvet Carpets, 5-8 border to match, in a large range of designs and soft rich colorings of blue, rose, green, fawn and terra cotta, some successful parlor effects, also bed room, dining room and hall effects, worth regularly up to \$1.50 per yard, Monday. 98

3.59 to 6.00 Trousers, 2.45

When we tell you they are only tacked and temporarily at the bottom, you may rest assured that they are second only to custom-made trousers. For we will finish them to suit the exact length of your leg.

The occasion is a very interesting one for every man whose suit is about finished, but who either is not ready to buy his fall suit yet, or does not care to wear it to business, while the bloom of newness is so fresh.

128 pairs Men's Fine Trousers, made up of the latest patterns, in fine English westered and Scotch tweed, in fall weights, medium and dark colors, in stripes and broken stripe effects, the maker claims these trousers are cut and tailored equal to custom made, the most of them are semi-finished bottoms and can be adjusted to any length, sizes 32 to 42 waist measure, ranging from 3.50 up to 6.00, on sale Monday at. 2.45

Boys' Suit or Boys' Topper, Monday, \$2.19

The demonstration of boys' clothing worthy garments, well fitting, honestly sewn for hard wear, thoroughly lined and trimmed for warmth and comfort—and yet at such an economical price! Now for a "Rustler"

Beautiful Silk Petticoats underselling in the cloak department because of quantity discounts.

Good Silk Petticoats have other charms beside the rustle. These we mean for Monday evoke admiration from their design and their color. The woman who longs in her heart for a beautiful silk petticoat, but who dreads herself the luxury for fear of extravagance may come and buy without conscience pricks Monday, because there's a saving with each one of these beautiful silk petticoats. We bought more than we wanted, to get the discount. Now we'll clear out the surplus to your advantage.

At \$5, worth \$6.50—Taffeta Silk Petticoat, colors black, brown, navy, sky, rose, burnt orange and green, made with deep flounce, two crimped frills, six rows of pleating and clusters of tucks, sizes 38, 41, 43.

September Blanket Sale

Three Blankets at One Price Monday

All-wool Blankets, 6 lbs., 60x80. Comfort Blankets, 6 lbs., 60x80. Our Wash Blankets, 64x84—Marked Prices, \$2.85 to \$3.30—ALL ONE PRICE MONDAY, \$2.38.

"It's the want that makes the price." The Yankees were hungry for wool and they fed so well on Canada's crop that there isn't enough left to go around. Listen! here's an extract from a letter we've just received. "We will have to withdraw our price for blankets, as we cannot buy wool and sell blankets for that price now. Am sorry to do so, but the price of the raw material has advanced beyond all expectations."

The writer is actually referring to the all-wool Blanket we offer on Monday for \$2.38. Why, there's nearly two dollars' worth of raw wool in this blanket alone. We are making a low-price bid for big business on Monday morning, to make room for the big shipments that are now coming in. SPECIAL SALE PRICE MONDAY. 2.38

called and she saw him hand Foster something. The photograph of McCar presented was very like the man who had the money. But her identification was not positive.

George McCar, an illiterate witness, whom the Conservatives believe to be one of the star operators of the contest, denied everything, and said that he came up from Cambridge at the time of the election because there was an election on and he could bet money. Judgment on the case was reserved.

Henry Hughson swore that a man came to his house and offered him \$500 to go to the house again the day before the election, handed over an envelope, and disappeared. It contained \$5,000, he said. He had been paid \$5 during the contest by three different men on as many occasions.

Robert Foster said he would take \$5 for his vote. He replied that he did not know "Wright had remarked that he was having a supper. When stabling his horse a little later he found an envelope marked R. F. on the man's side. He took it and he was afterwards informed that it was a bribe. He had been paid \$5 during the contest by three different men on as many occasions.

Ticket Agent Ferguson and Conductor Aubrey of the C.P.R. at North Bay testified that about twenty men had been brought to the station before the election by J. D. Lamontie and that Mr. Lamontie had purchased tickets for North Bay. Some of those who were brought were called. They included Richard Cottrell and Thomas Booth. It appeared also that Lamontie had furnished the men with money, and that an attempt had been made to avoid the action by getting them to sign notes charging the amounts as loans.

At North Bay Charles Griswold had, as he stated, rounded up about twenty voters a couple of days before the election and had taken them to the hotel. He had been brought to the station by J. D. Lamontie and that Mr. Lamontie had purchased tickets for North Bay. Some of those who were brought were called. They included Richard Cottrell and Thomas Booth. It appeared also that Lamontie had furnished the men with money, and that an attempt had been made to avoid the action by getting them to sign notes charging the amounts as loans.

YOUNG LADIES WANTED
Mrs. Jno. C. Huffman Speaks to You All.

She Tells of Her Troubles and Their Cure That You May Be Benefited.

There are many women in Canada who will not write letters of thanks to Mrs. Jno. C. Huffman of this place. Mrs. Huffman suffers from the great kidney disease. She discovered a cure in DODD'S KIDNEY PILLS, and she is breaking the law of secrecy that binds the great majority of woman-kind to see her sufferings sisters know where they may find relief.

Mrs. Huffman says: "I had been with kidney disease and the pain was so great I could hardly bear it. I could not entertain any company. One night when I was feeling very miserable, I read of some wonderful cures by DODD'S KIDNEY PILLS and resolved to try them. At this time my urine was something terrible and at times very disagreeable to pass, but DODD'S KIDNEY PILLS soon brought me relief from all my troubles and by the time I had taken six boxes I was completely cured."

"I am making this statement to the public in the hope that it may help other young ladies or married women."

CIVIC OFFICIALS HAPPY
GET SALARY INCREASES

Special Salaries Committee Get Down to Business and Do Excellent Work.

Hamilton, Sept. 16.—(Special)—The members of the special salaries committee this evening made three civic officials happy. The committee was appointed at the beginning of the year to consider the numerous applications for salary increases for a year. Now that they have served its purpose it has gone down to business, and this evening the increase from \$400 to \$500 a year was recommended for Superintendent Rae of the House of Refuge and for Mr. J. H. Willoughby, engineer at the Westworth-street disposal works, was recommended to be increased from \$700 to \$800 a year.

ITALIANS CAUSE STRIKE

There is some concern among the builders as to the scarcity of bricklayers. They say they can get only 200 of the season. A suggestion has been made that the bricklayers work for nine hours each day and on Saturday afternoons. This is prohibited by the rules of the union, but it is hoped that the men will waive a part to avoid a strike.

Italian laborers were at work on the new building at the corner of King and Dundas-streets yesterday. The contractor, James G. Gault, and the union laborers decried the work. The boss, however, allied their places before night.

Y.M.C.A. EXTENSION WORK.

The conference for workers in connection with the Young Men's Christian Association in Ontario and Quebec was concluded this session yesterday. The day was taken up very largely with discussion of the needs of the extension department, a most comprehensive estimate being that within several next years there will be needed about \$100,000 per year and forty-five choice men to man the different lines in non-Christian lands.

AWARDED BABY PRIZES.

After a busy session last night the baby contest committee succeeded in satisfactorily judging the last year's baby contest. The prizes were awarded to Mrs. Darwin and Mrs. Gardner. The second place went to Baby Ella Miller of 151 St. George-street. Fifteen other girls were also awarded in the drawing.

ASSOCIATION FOOTBALL

Many Teams Play Initial Practice Games This Afternoon.

All members of the Sherborne Football Club are requested to attend practice at 6 a.m. Monday, Wednesday and Friday of next week, at Victoria athletic field, Carleton Place.

CHAMPION BOWLERS THESE.

W. B. Smith, J. S. Willison and M. J. McCarron won at St. Catharines. St. Catharines, Sept. 16.—Tonight the bowling tournament very near the close. The final round was held today, and the doubles and singles matches were played. The winners of the tournament are W. B. Smith, J. S. Willison and M. J. McCarron.

HEINTZMAN & CO. PIANO

(Made by ye olde firm of Heintzman & Co.)

By the world's great artists, is only one of many indications of its real distinctiveness and greatness. No artist can be great who does not use a great piano in his work, and no piano is great that is not recognized as such by great artists. It has been called "Canada's artistic piano."

THE WORLD. Toronto, Sept. 16. (Special.)—The world is in a state of commotion.

THE WORLD OUTSIDE. Windsor, Sept. 16. (Special.)—The world is in a state of commotion.

THE GOVERNMENT RESPONSIBLE. There is no doubt that decent Liberals are disgusted by the facts that have come out as to the means by which the Sault election was carried.

IN ITS TRUE COLORS. Some time ago the World ventured the opinion that the Brantford Expositor, a professed friend of municipal ownership, would be found openly fighting the battle of the private telephone companies before the campaign.

LIBERAL FORECASTS OF THE GENERAL ELECTIONS. Liberal forecasts of the general elections claim all seats in Canada. It looks as if Conservatives will have to be content with standing room.

THE JAPS NOW PROPOSE TO STARVE THE PORT ARTHUR GARRISON. The Japs now propose to starve the Port Arthur garrison.

THE EARTH QUAKED. Editor World: In today's issue you give very interesting account of an earthquake shock felt here on Wednesday night.

THINKS A NEW PARTY IS COMING. Editor World: The political air of Canada is charged with the feeling that a new party is coming.

USELESS LINIMENTS. Are being fast driven off the market by the overpowering merit of Po's Nerve Liniment.

But if the government persists in clinging to office it will be the duty of the lieutenant-governor to intervene.

A SERIES OF SCANDALS. The City of Ottawa has had its troubles during the past year, and the series has not yet been exhausted.

RECENTLY IT WAS FOUND THAT A GAMBLING house was flourishing in the heart of the town with the full knowledge of the police.

THE STOCK MARKET IS NERVOUS. The stock market is nervous, in which particular it has a shade the better of its victims, who are nervous wretches.

WIDOW VISITS TOMB. Canton, O., Sept. 16.—Wednesday, the anniversary of the death of President McKinley, was noted with deep sorrow in his home city.

LOCOMOTIVES FOR G.T.R. Montreal, Sept. 16.—(Special.)—The Locomotive and Machine Company recently started at Long Point, Ontario.

DIED AGED 90. Brockville, Sept. 16.—(Special.)—Mrs. Mary J. Henderson, who reached the venerable age of 90 years, died here today.

IMPORTANT AUCTION SALES. Attention is called to the announcement in another column of the sales to be held at The Repository, corner of York and Dundas streets, Toronto, next week.

CITY AND INDUSTRIES. The petition against the proposed factory for treating sheepskin on River street has been withdrawn.

CHANGES OF TIME TO PENACAN. On account of change in running of the Northern Navigation Company steamers between Penacang and Parry Sound, the Grand Trunk will discontinue, after today, Sept. 17, the connection between Penacang and Allandale via the Muskoka Express leaving Toronto at 11:30 a.m.

WHO CANNOT BE CURED. Backed up over a third of a century of remarkable and uniform cures, a record such as no other remedy for the disease has ever attained.

THINKS A NEW PARTY IS COMING. Editor World: The political air of Canada is charged with the feeling that a new party is coming.

USELESS LINIMENTS. Are being fast driven off the market by the overpowering merit of Po's Nerve Liniment.

agreed, but it will try to discover the one progressive idea that most of them will support.

THE TRIAL OF CAB-DRIVER WILLIAM BROWN, charged before Judge Winchester with stealing money from William Tyrrell of Orillia, failed to reach a verdict.

SAFE INVESTMENTS. There is only one perfectly safe investment, and that is in a good life insurance policy.

RESERVED JUDGMENT. Brockville, Sept. 16.—(Special.)—The Italian charged with the abduction of the two daughters of Frederick Widdis.

A Drugless Cure for Weak Men. Every weak person wants to be strong. You have tried drugs, and, as they failed, you believe there is no cure for you. Now, you are in error, as I can prove by the thousands of testimonials I have received from grateful patients in every state in the Union, and as I can prove to you in your own case if you will let me. Most of my patients are people who came to me as a last resort and have gone away cured. You can be cured, too, if you will come to me. All I ask is a fair chance to prove to you that my drugless method works. No man is weak without some good reason for it. It matters not whether it is by overwork, exposure or dissipation. I can restore to you your lost strength, fill your nerves with Electricity (which is the foundation of strength), make you feel bright, happy, full of energy and ambition—a renewed man. Come to or write me to-day and I will cure you with my Dr. McLaughlin's Electric Belt. It is a pleasure to wear my Belt. You put it on when you go to bed and get up in the morning with increased strength and glad to begin your day's work. My Belt never burns and blisters as do the old style (so-called electric) belts. This attachment carries the current direct to the weak parts, and fills them with its warm, vitalizing power, causing the blood to again circulate in a free and natural way, thus bringing about a sure and lasting cure. Weakness, Varicose, Rheumatism, Sciatica, Weak Back, Lumbago, Liver or Stomach Trouble, Indigestion and Constipation are all quickly cured by this New Method of mine for applying "Electricity." Don't put it off any longer. Act to-day. After you have read the above, write to me, explain your case, and I will at once tell you if I can cure you or not. To prove to you the confidence I have in the curative power of my Belt, I am willing to accept your case, and after I have cured you, then pay me. All I ask is reasonable security. You may then use my Belt at your risk, and PAY WHEN CURED. I don't think there is any case of weakness, failure of vitality or of any trouble resulting from the imperfect action of any organ of the body that I can't cure. Of course, I do not cure all cases, but I have such confidence in my treatment that I will pay \$1,000 for a case that comes in my line of treatment which I can't cure with my recently perfected appliance. I am now curing troubles which I would not touch before. I want you to give me credit for what I prove. There's nothing surer than the word of an honest man, and when such men as these admit that I cured them, you know that I can cure you. HERE IS PROOF OF MY ARGUMENTS: "I considered mine a very bad case, as I have been troubled with my back a great deal, but I have found a cure in your Belt."—GEORGE STANLEY, Perth, N.B. "I feel stronger in every way and the rupture is entirely gone; it is everything you say and more, for it is a sure cure."—W. E. GOOD, Indian Head, Assa. "I have found out for sure that medicine is a failure. Your Belt has cured me, and I believe my present good spirits due to your directions and treatment."—P. B. BYGONES, Macdonald, Alta. "I will be a great pleasure to me to recommend your Belt to anyone suffering from stomach trouble or weak back."—JAMES LYNN, 751 Gerrard Street East, Toronto, Can. Call and test my Belt free, or if you can't do that, send for my book about it, also free. No charge for consultation. Don't delay, as I can help you. DR. M. O. McLAUGHLIN, 180 YONGE ST., TORONTO, CAN. OFFICE HOURS: 9 a.m. to 6 p.m., Wednesday and Saturday till 8.30 p.m.

Brewery Purity

The outward, general appearance of a brewery is a true indication of the methods followed within. Carling's brewery is clean, tidy and always well kept—no cobwebs, murky corners, dusty shelves, tainted malt, sour kegs, etc., to be seen, as in ordinary breweries. The plant includes a perfect system of cold storage, modern machinery for cleansing bottles and kegs, and a large staff of skilled men devote their entire time to keeping everything spic and span. Ask for Carling's Ale—accept no other, because no other is quite so good.

BURGLARS AT BELLEVILLE. Belleville, Sept. 16.—Burglars last night broke into the residence of ex-Ald. A. Wallace, and going into his sleeping apartments stole his gold watch, valued at \$150, and cash to the amount of \$30. The police have a clue and with revolvers to his house, and are working on the case. Danes, the millionaire Parisian who Jackson, the millionaire Parisian who from Kirkwood and McKinnon, has arrived in the city. Constable St. Charles' name, while driving north toward Eldorado, was confronted by two highwaymen about two miles from the village and with revolvers to his head was requested to hand over his valuables. Mr. St. Charles was unarmed, and had to allow one man to go thru his pockets while the other fingered the revolver. After relieving him of his cash he was allowed to go. It is thought they were the same men who robbed the bank at Marmora.

TO CONSIDER GRANTING OF CONTRACTS TO MONOPOLIES

Question Comes Up Before the Board of Works—Auto for Mr. Follows.

The board of works yesterday made a new record, getting through the engineer's report and other business in less than two hours.

Chas. N. Candee appeared on behalf of the Gutta Percha & Rubber Co. to urge haste in the matter of closing the north end of O'Hara-avenue.

The city engineer was asked to report on the advisability of closing the street, but he and the assessment commission will report at a special meeting next week.

MR. PETTYPIECE INTIMATES HEAVY TAX ON RAILWAYS

Mentions \$2,000,000 as Amount to Be Realized in Conference With Solicitors.

A tax on railways in Ontario after the example shown in the United States, and the amount so to be realized placed at \$2,000,000 a year, constituted a declaration on the part of Chairman Pettypiece of the provincial railway taxation commission yesterday.

An informal discussion on the subject was held with solicitors representing the railways at the commission's office.

The commission had not yet decided on anything. Prof. Shortt said that the evidence obtained, and the impressions created before the commission, led him to believe that it would benefit the railways to contribute as much as they could to the public treasury.

Prof. Shortt emphasized the fact that the high tax in Wisconsin and Michigan had followed resistance against taxation. What was desired was something fair that could be defended from all standpoints.

The question of the betterment of the railway line to the north end of O'Hara-avenue, and the assessment pavements on the local improvement system.

Pettypiece received asking for immediate repairs to the Lake Shore road. Mr. Rust said he had difficulty in securing street cars on the advisability of taking over Mulock-avenue, formerly Cavendish-avenue, and constructing a pavement there on the local improvement system.

The city engineer was asked to report on the advisability of closing the street, but he and the assessment commission will report at a special meeting next week.

JAPS CHASE UP RUSSIANS

Leave Small Garrison at Liaoyang and Push on to the North.

Advices from Mukden and an official report from St. Petersburg indicate that the Japanese forces are again reconnoitering the Russian lines.

Gen. Kuruyama's report states that they are massing on his east flank, and bodies of Japanese are moving up the Liao River valley.

St. Petersburg, however, still believes that a serious engagement will not immediately take place, but that the Japanese will continue to fortify the Pass and statements that Kuruyama will not abandon Mukden are received in St. Petersburg with some scepticism.

St. Petersburg expects that Kuruyama's efforts before Port Arthur and another sortie of the fleet is expected.

Mukden, Sept. 15.—It is reported here that the Japanese are advancing on Mukden from the north, and a force of Russians is ready to meet them.

WOUNDED COSSACKS. Mukden, Sept. 15.—Early this morning twenty-six wounded men belonging to the Russian army were brought into Mukden. Particulars of the skirmish are not available, but the following is a simple outline of the affair.
