ALLIES WITHDRAW OFFER WHICH THEY MADE TO BULGARIA

Was Conditional Upon Her Giving Adhesion To Their Interests—Time of Russian Ultimatum is up But There is No Word of Reply

London, Oct. 5.—There is authoritative confirmation of the statement that the offer of the Entente powers to Bulgaria, conditioned on her adhesion to the allies in the war, has now been withdrawn.

Petrograd, Oct. 5.—Russia's ultimatum to Bulgaria was not delivered to Premier Radolovoff until four o'clock yesterday afternoon. This statement was made officially here today.

Previous advices from Petrograd were that the Russian ultimatum had been delivered on Sunday, and that the 24 hour limit within which a reply was demanded, expired yesterday. As this period did not begin until the time of actual delivery of the ultimatum, the Bulgarian government has until four o'clock this afternoon, (about 9.30 a. m., New York time), in which to decide whether to adopt a policy of strict neutrality or to side openly with Germany, Austria and Turkey.

The foreign office at noon today, stated that no answer had been received from Bulgaria to the ultimatum. It is not expected by the foreign office that an ultimatum will be presented by Russia's allies.

Russia did not insist upon demobilization by Bulgaria, but it is expected that if this is done at once, Bulgaria will gradually reduce her army to a peace footing, in case her reply is favorable to Russia.

The Russian minister at Sofia, may remain there indefinitely as a private citizen, owing to illness, even should diplomatic relations be severed.

WHAT BULGARIA HAS PROMISED GERMANY TO DO

Milan, Oct. 5.—A military convention was signed by Bulgaria, Germany and Austria some time ago, according to a Sofia despatch to the Corriere della Sera. By the terms of this treaty, the despatch asserts, the Bulgarian army is bound to attack Serbia with six divisions of the Nish-First section, and to send Macedonian troops to Vardar to destroy railroad communication with Saloniki, thus delaying the allies in their efforts to aid Serbia.

The opposition Bulgarian leaders, M. Gheorghiev, Malinoff, and Guechoff, after having gone so far as to threaten King Ferdinand because of his stand in favor of Germany and Austria, are now proclaimed to be the nation's united. Bands of students parade the streets of Sofia singing alternately the Bulgarian, German and Austrian national anthems.

NOT YET TIME FOR ROUMANIA

Milan, Oct. 5.—The hour has not arrived for Roumania to enter the war, in the opinion of Premier Bratianu, expressed to a deputation of parliamentary delegates of the opposition, according to a Bucharest despatch to the Secolo.

BULGARIA SCORED BY LONDON PRESS

London, Oct. 5.—Under such captions as "Bulgarian Treason" and "Bulgaria Sells Herself," all the editorials in the London morning newspapers take it for granted that Bulgaria has cast her lot with the Teutonic powers. The Times says:

"Either King Ferdinand has complied with Russia's demands or he has made war with Russia and her allies inevitably. If, unhappily, he has chosen war with one of the Entente powers, he has chosen war with all. Upon that there can be no shadow of doubt.

"We are told that nine-tenths of the Bulgarian people are bitterly determined against the course of King Ferdinand's policy, but we cannot be influenced by the supposed sentiments of Ferdinand's subjects. If they are so weak and docile, they must bear the consequences. They paid the heavy penalty of his treason when, at Austria's invitation, he drew the sword against his allies, after the first Balkan war.

INCREASE IS ABOVE \$14,000,000; WORK OF THE BOARD OF VALUATORS

A total increase of \$14,958,956 in the assessable values of the city and county of St. John has been discovered by the county board of valuers, whose report was submitted to the municipal council at the quarterly meeting this afternoon.

Of the increase of the city is responsible for \$11,491,896 and the county for \$3,467,060. The increase in the county, which was found chiefly in the parishes which are affected by the growth of the city, was greater in proportion to their total value than the increase within the city limits. As a result of this condition the assessable property in the county is now 18.67 per cent of the total as compared with 11.21 per cent under the old schedule and the county in the future will bear that much larger proportion of the taxation of the municipality.

The figures are as follows:—

Table with columns for Assessors, Valuers, and Percentages for various parishes like St. John, St. Martin, etc.

British Guns Roar Again at Dardanelles

Athens, Oct. 5.—Prince Nicolaos, the newspapers state, soon will be named commander-in-chief at Saloniki. He held a similar position in the last Balkan war. A Mitylene despatch says a British light squadron yesterday bombarded the Turkish fort of Fenki, one of the Dardanelles defences. Long range guns, mounted on lighters, bombarded the Narrows and the forts on the Asiatic coast.

CITY MUST REMOVE MAIN STREET CONCRETE AT ONCE

Judge Grimmer So Orders — City Also Must Pay Costs — Commissioner's Action Criticized and Conference For Settlement of Differences Suggested — Appeal, Says Mr. Potts

Mr. Justice Grimmer has ordered the city to remove the concrete put down by Gen. Potts in Main street, in the westerly track just beyond Douglas avenue. The city must also pay the costs. After reviewing at length the whole case and the proceedings taken in connection therewith, His Honor says: "From the evidence before me I find it as a fact that the commissioner (Potts) by laying the concrete as stated has made it impossible while the concrete remains so placed for the company to replace its rails upon a suitable foundation, and at the same time the street as contemplated and provided by the statute, and that the damage done by the placing of the concrete with its result comes within the legal definition of irreparable damage. This act of the commissioner, I am of the opinion, cannot be justified, and was an injury to the plaintiff company. The nature of the removal of the concrete is the only remedy which will meet the requirements of the case. The wrong is the obstruction of the plaintiff's line of railway by placing the concrete which is the subject of this case. In this case and brings the subject matter thereof within the class of cases which ought to be treated by granting the order asked for in this case as to the removal of the concrete, and as there is no rule which prevents the granting of a mandatory injunction when the injury sought to be restrained has been completed before the commencement of the action, the motion will be granted and the injunction allowed, with costs to the plaintiff.

W. Harriott, her brother-in-law. Miss Morris, who in private life is Mrs. Frederick C. Harriott, is sixty-six years old.

Both Sides Bombard In The Artois Region

Artillery Exchanges Also Continued in Champagne—Major General Wing of British Army Killed—French Steamer Sunk by Austrian Submarine

Paris, Oct. 5.—The French War Office reports:—

"In the Artois there was yesterday, a fairly violent bombardment, both sides taking part, along the entire front, to the north of La Scarpe. There was also fighting with bombs and torpedoes in the sectors of Quenneville and Vic-Sur-Aisne, and on the plateau of Nouvron.

"In the Champagne district, there has been a continuation of the artillery exchanges, particularly in the region of Epine De Vezevres, near the Navarin farm, and in the vicinity of Butte De Jouan.

"In the Argonne district, there has been fighting from trench to trench with hand grenades and bombs at Courtes Chaussees and at La Fille Mort.

"To the north of Verdun, in the suburbs of Ornes, artillery was successful in reaching a German troop train, and causing a very violent explosion. There is nothing to report from the remainder of the front.

"One of our aerial squadrons has thrown down some fifty shells on the railroad at Blaches, near Peronne."

GENERAL WING GIVES UP HOPE

London, Oct. 5.—One of the British killed in the recent fighting was Major General Frederick Drummond Vincent Wing, while Brigadier-General N. T. Nickalls is reported wounded and missing, and it is feared he is dead. General Wing was an artillery officer, who had seen wide service in South Africa, where he was in command of the mobile columns during the last six months of the war.

FRANCE BUT IS VERY LAME

Marseilles, France, Oct. 5.—The French steamer Providence, 2,948 tons, was sunk by an Austrian submarine on Sunday morning, off Cerigo, on the southwest coast of Greece. The submarine ordered the crew into the boats, and while the forty men aboard were making for shore the submarine sank the steamer Clapton. Fabre & Company, owners of the Providence, were informed yesterday by the marine authorities.

CHICAGO TO BE DRY NEXT SUNDAY

More Than 7,000 Liquor Selling Places to Be Closed—First Time in 44 Years

Chicago, Oct. 5.—Chicago for the first time in forty-four years, will be dry next Sunday. The order, which takes saloons, cafes and gardens, where liquor is sold, shall obey the Illinois Sunday Closing Law, will go into effect at twelve o'clock on Saturday. No liquor will be permitted to be sold, nor given away, between that hour and twelve o'clock on Sunday.

The closing order read to the city council by Mayor Thompson last night, came as a shock to the liquor interests. Counsel for the brewers' association announced that a meeting of all saloons interested would be called to discuss the order which, they said, would force many small saloons out of business. It is estimated that a fight would be made to have the license fees of \$1,000 reduced.

LIKE TO BE BACK IN FRANCE BUT IS VERY LAME

Miss Florence M. Stevenson, of 111 St. Patrick street, has received a letter from her cousin, Driver Lyle Dargaves, of the first Canadian contingent. The letter reads as follows: "I am in England, Shorncliffe, England, Sept. 18, 1915. Dear cousin—I was wounded a long time ago by being shot through the knee, and have been in the hospital here ever since. I am quite well at present and able to be around again, but I have not the proper use of my leg. I do not like this place very well. I would like to be back in France with my old unit, but I do not know as I will ever get back, as I am very lame and it will be some time before I will be all right again."

Recruiting Making Rather Slow But Steady Progress

COLIN MCKAY SAVES A LIFE

Gift For Capt. McCaskill—Gets Commission on Field of Battle—Chaplain Hooper Tells of Trip to Trenches

Seventeen men signed the colors here yesterday. The only recruiting meeting held for enrollment in Mill street, which has been made most attractive.

Those who enlisted yesterday were: Raymond Hall, St. John; Ernest Arbo, Milford; Edward Wheaton, Clarendon Station, Queens Co.; William Chapman, Great Salmon River; Robert M. McArthur, Fredericton; Louis D. Train, St. John; J. L. Harrison, St. John; Geo. M. Fountain, St. John; William Thibodeau, St. John; Samuel W. McKim, St. John; Harold T. Draper, St. John; George G. Reid, St. John; Gordon E. Speight, St. John.

For other overseas units—Frederick J. Wilson, Charles Allen. For the composite battery—Two men, Phillip Gannon, M. P. 2, presiding last night's meeting and spoke of the need of men. He thought St. John men would come in greater numbers.

As they realized the imminent danger to their homes. W. C. Kingston also addressed the men assembled, speaking of the justice of the cause for which British fought and adding that any men who joined might be certain that they were fighting for a righteous end.

Mr. E. Fletcher, of West St. John, who has been an ardent supporter of recruiting in the city from the first and has volunteered to go as chaplain with the 64th, gave an account of much interest and of a rally quality that just suited the men. He mentioned the privilege of being a British subject as proved by the well known case of Cameron, who in 1867, was cast into the Abyssinian abyss and brought out by an expedition of 16,000 men under Lord Napier of Magdala at a cost of \$85,000,000.

He contrasted this with the slowness of some other nations in supporting their subjects. As an instance of the excellent wages paid the men in the field, he said that his own son, who had been at the front for some time had saved \$1000 the year and hoped with his savings in the way to pay for his education that he had broken off to enlist.

Mr. Fletcher has another son of sixteen in training. At least three young men were enlisted as a result of the meeting, so that small as it looked compared with others that have been held, its directness was most effective.

Another innovation last evening in the story of recruiting here was the address given by Lieutenant-Colonel B. R. Armstrong, of the Imperial Theatre at both performances. This was listened to with great interest by perhaps a class of people who would not otherwise have heard anything about the pay, the conditions, and the pensions that are offered Canadian soldiers.

WAR IS CANADA'S BUSINESS

It is necessary to continue to lay emphasis upon the fact that the chief business of Canada today is the prosecution of the war. Upon the successful prosecution of that business the success, and indeed the existence of all other business depends.

THE NEED OF RECRUITS

One of the most striking pronouncements which Lord Kitchener has made since the war began is that quoted in the Times cables of last evening, from an address he made to labor leaders in London.

MILITARY TRAINING

Gov. Walsh of Massachusetts favors compulsory military training in schools. He says: "Military education would make the boys better citizens and make them better mentally and physically."

THE GERMAN PRESS

The people of Germany are deceived by their press. It gives them a very one-sided story of the war, and represents the allied nations as torn by dissension.

pates the downfall of the French cabinet as a result of grave disagreements. Russia is represented as in such a state of internal discord and strife as to render that country unable to prosecute a vigorous war.

With pumpkins at \$800 each the farmers should manage to get along. But all pumpkins are not patriotic.

St. John welcomes the ministers and elders of the Presbyterian church in the maritime provinces as they arrive to meet in synod session.

Our business men no doubt are giving much time to the many patriotic matters that demand attention, but the Board of Trade meetings should not fail for lack of a quorum.

The London press comments today on King Ferdinand of Bulgaria are extremely bitter, but they are justified by his conduct.

The extent to which women are giving their services in England to enable men to take up other duties is illustrated by the following extract from a London paper.

The Montreal Financial Times says: "Canadian participation in the Anglo-French loan is likely to be of a fairly extensive character according to present indications."

The combined weight of a man and his press. It gives them a very one-sided story of the war, and represents the allied nations as torn by dissension.

"My Dear Sir—I see in the local press that you are to deliver an address on Friday evening before the Y. M. C. A. on 'The Sinner's Unbalanced Account'."

"Young man," said a rich and pompous old gentleman, "I was not always thus. I did not always ride in a motor car of my own."

He had not properly adjusted his saddle, and on mounting he swung—saddle and all—right over the side of the horse between its legs, where he was suspended for a few seconds.

"No, no, sergeant," was the instant answer, "the instant answer is the answer."

I Have Tasted the Wine of Death

IMPRESSIONS OF CORRESPONDENT

Robert R. McCormick Tells of Experiences With the Czar's Forces and Their Methods

"I have tasted the wine of death and the flavor will be forever in my throat. The great debacle, which periodically affects mankind, will come to us again, as it has come before, and when it comes I know that a million men must fall, while we are striving to learn in the streets of war, with the best men fighting the lesson that so easily could have been taught in peace. Oh! you who forbid means of defence to our country, what agony are you storing up for your countrymen who will have to fight without preparation and suffer without limit when we are invaded!"

Morning War Summary By Cable

London, Oct. 4.—Field Marshal Sir John French, in a report dated October 4, 7.40 p.m., says: "Yesterday afternoon the enemy commenced a heavy bombardment, and delivered repeated attacks over the open against our trenches between the quarries and the Sermedes-Hulluch road. These attacks, which were pressed with determination, were all repulsed with severe loss to the enemy and failed to reach our trenches. Further to the northwest the enemy succeeded in re-capturing the greater portion of the Hohenlorenz redoubt. Paris, Oct. 4, 10.40 p.m.—Trench fighting of a violent nature in Artois throughout the day is reported in the French official communication issued tonight, which adds that to the south of Ginchy the Germans have gained a footing at the crossing of Five Roads, but were repulsed everywhere else.

SAINTS ON SIDE OF THE ALLIES

Many Soldiers Believe in the Supernatural

SOME PROMINENT INSTANCES

Relief of Paris and British Victory at Mons Miraculously Assisted

Spreading over the world are rumors and whispers to the effect that the miraculous rescue of Paris from the clutches of the invading Germans was in fact due to miraculous or supernatural means; and that the British in their great fight at Mons were assisted by St. George, the patron saint of England, who appeared at a critical moment at the head of a company of the bowmen who had fought at Agincourt and turned the tide of battle. Many there who believe and many who laugh. Few there are who are willing to testify that they beheld either St. Michael or St. George hovering over the battlefield in the clouds, as some say, or riding a ghostly charger as others claim. The Heavenly cohorts, these stories were for the most part told in the hospitals by wounded men, who, if they were not delirious from wounds, undoubtedly believed what they said. Their names were not of prime importance to save Paris, and she did not hesitate to express her belief to Sterling Hellig, Paris correspondent of the Pittsburgh Dispatch. She referred to the legend that St. Genevieve, the patron saint of Paris, saved the city from the Huns in 429. She did it by prayer. The Huns turned aside from Paris when they seemed as near destruction as it was a year ago last month. It has not passed without comment that the Germans began to neglect Paris on September 6, 7, the anniversary of the very days in which St. Genevieve prayed for deliverance from the Huns. It is noteworthy, too, that at Mont St. Genevieve, which was considered the key to Nancy, just as Nancy is the key to Paris, the Germans mysteriously retired after having occupied the place. There is a church there the balcony of the saint, and after the battle was over a little copper box containing relics of St. Genevieve was found intact standing upright at the foot of the side altar, from which it had been stolen. Grandmother kept her hair beautifully darkened, glossy and abundant, with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this elegant mixture was applied to her hair. By asking at any drug store for "Wright's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair. A well-known downtown druggist says everybody uses Wright's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen your hair with water and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Farmer Edward Crane, of Kinburn, Ont., writes—"I was driving three horses on a disbarrow when the harness broke, and while fixing it, one of the horses kicked me against the sharp edges of the barrow. I sustained a nasty cut on my elbow and wrist, and as I could not leave work to get the wounds dressed, dirt got into them and my arm became very painful. It looked for some time as if I were going to have some very bad sores, but I was advised to use Zam-Buk. I did, and in a few days my arm was much better—less painful, and the stiffness less troublesome. I continued using Zam-Buk

Views of the West

On his way to the east Mr. McCormick visited England and France. In London he lunched with Prime Minister Asquith, who was shocked to learn that America's public opinion was not unanimously pro-Ally. Mr. Asquith felt very strongly that the course of his government, with special reference to the achievement of Home Rule for Ireland, the assurance of religious equality in Wales, the various carefully worked out measures for the improvement of living conditions, the supremacy of the public over the aristocracy, entitled it to the whole-hearted support of the American Republic against the German military monarchy. Mr. McCormick was surprised to find that Sir Edward Grey, foreign secretary, was no mere politician like Mr. Bryan, but a real expert in foreign affairs. Winston Churchill, next to Grand Duke Nicholas, he found the most aggressive person he ever met. Speaking of the British expeditionary force, he says that interest in it can never die, although most of the force are dead. Without a whimper, without a protest, it went to its destruction in the defence of the nation which had neglected

CARLETON CASE IN POLICE COURT

Mrs. Manson's Home Invaded, Paint Dabbed About and Piano Spoiled

Andrew Bennett, of Market Place, West St. John, is in jail as a result of charges preferred against him by Mrs. Mary Manson. He is charged with entering the home of the complainant and willfully damaging her property to the extent of \$200.

Mrs. Manson testified that on last Saturday night she retired about eleven o'clock, and when she awoke in the morning and went into the front room in her house, 119 Market Place, she found the place in a terrible state. Red paint was splashed about on the furniture and epitaphs of anything but a complimentary nature inscribed upon the wall. Her piano, which was ruined as cement and glue had been poured into it and over the keys. She said she suspected the defendant, as he previously went into her house with an axe and threatened to destroy her furniture.

A young woman, who was present at the time the case was made, corroborated the statements of the complainant. She also says she saw Bennett, more a ladder from the side of the house on Sunday morning and carry it to a barn nearby.

As the house had been entered by means of a ladder, suspicion fell upon Bennett. His house was searched by the police, and as red paint and glue were found in the cellar, he was arrested on suspicion.

As several witnesses are to be heard, the case was set aside until tomorrow morning at 10:30 o'clock. J. Starr Fair appeared for Bennett.

POLICE TO KEEP BOYS AND GIRLS OFF THE CITY STREETS AT NIGHT

Magistrate Ritchie, in the police court this morning emphasized the fact that during the remainder of this month, any boy or girl found in the streets after 9 o'clock in the night will be arrested. He said that in November, December and January the policemen have received orders to take into custody any who are found out after 7 o'clock. He said they were determined to put a stop to little girls and boys street walking. The responsibility, he said, rests with the parents, but as they apparently do not endeavor to prevent them, the police will take a hand and put a stop to it.

NEW BRUNSWICK BROTHERS' "PILOT" GETS INTO TROUBLE

The following is taken from a recent issue of the Chicago Examiner:—

"The Allen brothers, 'Sandy' and 'Donald' are as normal as the normal court is at least. Therefore, when they were arraigned there on charges of disorderly conduct yesterday they were released.

Not so, however, with J. H. Mooney, taxicab driver, who drove the defendants to trouble and back. He was held for trial under the Kate Adams law, which provides a penalty for anybody who interferes, or seeks to interfere, with the morality of somebody else.

On Monday night the Allens, just arrived from New Brunswick, Canada, thought they would go to a picture show, and they were discussing the project earnestly when, it is alleged, the tempting Mr. Mooney proposed to take them to a 'real picture show' they went. The 'pictures' were living and shocking.

ENTERTAINMENT AT THE GIRLS' CLUB

A pleasing entertainment was held in the Girls' Club rooms, 92 Princess street, last evening under the auspices of the Girls' club of the Playgrounds Association. A large number of people were present, judging from the applause, the participants' efforts were greatly appreciated. The programme follows:

God Save the King.

POLICE COURT

In the police court this morning, Louis Kennedy, arrested last evening for drunkenness and using profane and obscene language in Main street, was fined \$24 or six months in jail. Policeman Linton testified against him.

Louis McDermott was fined \$10 or four months in jail for drunkenness and using profane language in Sydney street. Policeman Moore testified.

A soldier arrested on a drunkenness charge was remanded. He was warned that he was liable to be sent to jail for nine months for interfering with pedestrians.

A preliminary hearing against John Jamieson was commenced. Policeman Linton testified that he arrested the defendant on last Tuesday under the influence of liquor, and carrying a double-barrelled shot gun and a revolver. Other witnesses will be heard in a day or two.

TWO MORE ST. JOHN BROTHERS MEET IN FRANCE

Otty and Harry Lingley of North End Have Four Hours Together in France

It was a very happy meeting when Driver Otty D. Lingley, who is serving with the Ammunition Column in the first contingent, met his brother, Harry, who is with the 20th Battalion, now in France. The brothers met on Sept. 22 and were together for four hours, when they had to separate, owing to Harry having to take his place in the trenches. There has been no word from Harry except a field card, but Otty, in a letter, tells of another North End boy being with Harry at the time of their meeting. This was Herb McKay.

Harry is quite well again after being injured in England in a motor cycle accident, and Otty, who is a younger brother, writes that he is in the pink of condition. Otty sent his father a piece of French money, a Franc, worth twenty cents in our money. The Lingley boys are sons of Mr. and Mrs. William Lingley of 87 High street.

IS NOW A CORPORAL

Ernest Earle Says Experience in North End Store Helps Him in War Work

A letter received by W. H. Dunham of Indiantown from a former employe, Corporal Ernest Earle, reports his recovery from injuries which kept him for some time in hospital. He was not in form to be sent to France, so has been kept in England attending to the distribution of stores, and has been promoted to the rank of corporal. He is now at Moore Barracks, Shoreham, Eng.

"The experience which I got while working for you," said Corporal Earle, has helped me, as I am familiar with the classification of goods, keeping account of the shipping and other details. I have the whole charge of the shipping, sorting and re-packing the goods coming for the comfort of the Canadian boys. The re-packing is done in waterproof cases, fifty-six pounds to a bale. No. 3 Co. A. S. C. left for the front on Sunday, Sept. 19, and the 20th have also gone.

DREDGE McMARTIN ATTACHED AT EASTPORT IN A \$10,000 MATTER

An Eastport despatch of Monday's date to the Bangor Commercial, says:—

An attachment for \$10,000 was placed on the dredge McMARTIN through the office of Lamond and Sullivan on Thursday, and James A. Muldon of this city was placed on board as keeper. The McMARTIN is owned by the Monarch Construction Company, Ltd. of Montreal, Canada, and has been the object of more or less litigation since having been brought to this port several years ago from St. John, N. B., where it was used in the dredging of Courtney Bay, and this past action will no doubt result in prolonging the stay of this unique craft in these waters for some time. The McMARTIN is of the excavator type and valued at several hundred thousand dollars. It has finely fitted up quarters for the captain and crew, and two caretakers have been retained constantly on board since coming to this port.

COUNTY COUNCIL

Another proposal for an extension of the sewerage district in Lancaster will be laid before the county council this afternoon. In July the area was enlarged and a considerable extension authorized in the direction of Fort Dufferin. The new proposal is for a further extension in this district.

The council also will deal with a proposal to put the issuing of county tax bills in the hands of the county secretary, making him responsible for them and penalizing any of the collectors who attempt to issue their own bills, as has been done in the past.

VICTORIAN ORDER NURSES

At a meeting of the Victorian Order of Nurses held yesterday at the residence of Mrs. M. B. Edwards, Queen square, a committee was appointed to arrange for a nurse for the West Side, Fairville and Lancaester. It was reported that Miss Cutforth has resigned and Miss Collins was coming from Ottawa. Those present at the meeting besides Mrs. Edwards were Mrs. David McLellan, Mrs. George F. Smith, Mrs. J. V. Ellis, Hon. R. J. Ritchie, Senator Daniel and C. W. Hallamore, secretary-treasurer.

BACK TO DUTY

Fred McAvity, who has been home for the week-end also with his mother, Mrs. John McAvity, 731 Main street, returned to Halifax last night to join the Heavy Battery.

Gunner W. J. Tufts left last evening for Halifax after visiting his mother, Mrs. Elizabeth Tufts, Lancaester Heights.

Cutting Down Expenses

The advertising in this newspaper can be made a potent factor in reducing your expenses.

"It will teach you how to buy right."

It will show you how to get the most for the money—sometimes it will show you ways to make money.

Knowledge is power always and buying knowledge is the safeguard of the prudent.

The Clothing of the Future Citizen

Is a vital question in the moulding of his ideas. The effect on his character is even more marked than it is on the man's—his mind is keener, the capacity for impressions more receptive. The boy knows when his clothing breathes individuality—knows when it is made the way he wants it made. And so in the Oak Hall Clothing Store for Boys, is that very individuality, that vast difference between men's and boys' clothing.

The new models, new fabrics, in the specially drafted clothing to fit boyish figures, are ready! The tables are begun in earnest.
