British Victory At Neuve Chapelle

LOSS OF GREAT NUMBER OF GALLANT OFFICERS IS SAD FEATURE OF VICTORY

Reckless Bravery Leads Them To Expose Themselves Needlessly

Britain Now Has Million Men in France—Germans Lose Ground in Two Places—Shelling Nieuport, While Allies' Warships Are Bombarding Westende

Paris, March 17.—Heavy casualties among British officers was a distinguishing feature of the terrific four-day fight at Neuve Chapelle. Where the Germans were defeated and forced to retreat four miles, it is estimated that the British lost nearly 10,000 men in killed, wounded and missing, and of these about 200 were officers.

It has been reported that the German soldiers were under special orders to pick off British and French officers, but a more likely cause for the heavy losses among the men of rank is their reckless bravery in battle, which leads them to expose themselves needlessly.

Britain now has in France the largest army that has ever been put upon foreign soil. It is estimated that more than 1,000,000 British soldiers are on French soil, but not all of them are on the firing line yet.

The Germans have evacuated some of the territory they held between Ypres and Dixmude in Belgium.

HOWITZERS AT NIEUPOORT

Paris, March 17.—The enemy is again furiously bombarding Nieuport, this time with 16-inch howitzers, sayan undated message from the Petit Parisien's war correspondent. He adds:

"Thirty shells have fallen in the town making enormous holes and demolishing several buildings, but no one was hurt."

"Belgian troops, profiting by a slight recession of the waters in the district they occupy, carried two German advanced positions near Stuwakenkerke and on the road from Perwez to Schoorbeek."

"Warships and monitors of the Allies vigorously bombarded Westende. The Germans replied feebly, but none of their shells took effect. Torpedo boat destroyers protected the bombarding ships, shelling a German submarine which attempted to approach. The fire against the shore positions was directed by aeroplanes."

American Senator's View

Washington, March 17.—Senator Walsh of Montana, who discussed the British reprisals with President Wilson last night, strongly favors a vigorous protest. He said that senators generally regretted that congress had not empowered the president to place an embargo on American exports to the belligerents, although he did not believe that the president would call an extra session for that purpose.

HIGH SCORES MADE BY LADIES AT RANGE

Two Just a Point Short of Possible This Morning

The range was crowded with ladies and girls again this morning and the results averaged better than ever. Miss Quinn and Mrs. Frank Peters both put on 99 out of a possible 100 and Mrs. R. P. Conroy scored 98 with several others ranking almost as high. Not satisfied with the amateurish standing rest position more of the ladies are devoting themselves to prone shooting and are getting good scores. Several young ladies tried the pistol this morning and made very satisfactory scores.

Commenting on the scores this morning the range officer remarked that the ladies were averaging better scores than the men and attributed it largely to their willingness to accept suggestions while many of the men seemed unwilling to admit that they did not know all there was to be known.

The signaling and gun sections of the 26th Battalion, which both shot at the range yesterday are arranging for a competition between the two sections.

The best average scores yesterday were: Boys, D. Masie, 88; men, W. A. Tweedley, 88; best individual score, Pte. Murray, 97.

General Lemay, Belgium defender of Liege, who is a prisoner of Germany, has refused his liberty under parole.

ELECTION PREDICTION

Toronto, Ont., March 17.—The Toronto World, of which W. F. Maclean, M.P., is proprietor, this morning contains the following from its "staff reporter" at Ottawa:

"There will be a federal election before the hay is cut in Ontario. Parliament today was full of the electricity of the coming conflict."

ERIN'S SONS OBSERVE DAY OF PATRON SAINT

Shamrock More in Evidence in City Than Ever

SPECIAL DAY IN CHURCH

Father Howland Preacher at High Mass in Cathedral—Some Entertainments For Orphans Last Night

The shamrock was probably more in evidence about the streets of St. John today than has ever been the case, not only in honor of the festive day of Ireland and her patron St. Patrick but in recognition of the gallant achievements of her sons under the flag of Britain in the broad arena of the war in France.

Large congregations attended the special services in the cathedral church in aid of the orphans are being given. Sermons were delivered in the cathedral and St. Patrick's by Rev. Wm. Deane, Rev. W. G. officiated, Rev. J. J. O'Donovan in the Church of the Assumption, Rev. C. Collins in St. John the Baptist, in the cathedral solemn high mass was celebrated by Rev. Wm. Deane, with Rev. C. P. McLaughlin, Rev. M. O'Brien, sub-deacon, and Rev. Dr. Bourgeois, master of ceremonies. His Lordship Bishop LeBlanc was on his throne, with Rev. H. Belliveau and Rev. M. P. Howland in attendance.

The Sermon

Rev. Father Howland was the speaker at the special services in the cathedral church in aid of the orphans are being given. He was found just, he delivered an able discourse. He referred to the career of St. Patrick and his planting the faith in the emerald isle. He praised the people for their rigid adherence to the doctrine taught them by their pioneer priest. Fitting regard was paid the national and educational phase of Irish life in addition to the emphasis upon the religious aspect. A glowing tribute was accorded many great statesmen who were wedged by the future was bright. Emmet, Parnell, Wolfe Tone, Curran, O'Connell, and coming to our own time, John Edward O'Leary was on his throne, with Rev. H. Belliveau and Rev. M. P. Howland in attendance.

Apollo Captain Reports Sinking Submarine to Bottom—Two More Vessels Torpedoed

Glasgow, March 17.—The captain of the British steamer Apollo reported today that his ship had collided with a German submarine while en route from Rotterdam to Bristol. He said the submarine sank immediately.

TWO MORE BRITISH STEAMERS TORPEDOED

London, March 17.—Official announcements that the British steamers, the Atlanta and Pingal had been torpedoed was made today.

CHARGES AGAINST FOUR MEN OF THE CORSICAN

Disorderly Conduct and Killing Hen and Pheasant Which Were Part of Cargo

Edward Cavanagh, Joseph Cookson, Harry Deakin and Daniel Sullivan, four assistant stewards on the Allen liner Corsican appeared before Magistrate Ritchie this morning charged with disorderly conduct on the passage from Halifax to this city and also on suspicion of willfully damaging part of the cargo during a drunken brawl. They all pleaded guilty to disorderly conduct and fighting, but denied the charge of killing a prize hen pheasant.

Robert Gallimore, second steward on the steamer, said the men were on board drunk and had caused trouble during the entire trip from Halifax. John Greenweight, the inspector on the steamer, also testified after which the prisoners were remanded until tomorrow morning.

Unofficial reports say that the British cruiser Amethyst was fired upon by Turkish field artillery, damaged, and had some nineteen men killed and several wounded.

Will Government Investigate Charges Made By St. John Globe?

John Globe?

P. J. Veniot in Fredericton Ready To Lay Matters Before Royal Commissioner Chandler Tomorrow

Fredericton, N. B., March 17.—Peter J. Veniot, Liberal organizer for Northern New Brunswick, arrived here last evening prepared to go before Royal Commissioner Chandler and ask for investigation into expenditure upon public works and other matters. Mr. Chandler will open his court tomorrow morning, and both E. S. Carter and Mr. Veniot will make their request for investigation into many matters.

So far no intimation has been given that the insurgents against the management of the public works department by Hon. John Morrissey and his staff are prepared to back up their assertions with any proof. They face the effects of charges. What finder may go, now that he has nothing to lose, may be a question. He and his friends have been saying that the Fredericton bridge was repaired under the eye of the departmental officials, and that it cost much more than it should have. To ask Mr. Chandler to inquire into their assertions is another matter.

The outside work of the public works department is done by men recommended and in most cases under the eyes of the members. They swear to the account, the public works officials check their figures and rates of pay and issue checks, but have no means of knowing whether the pay lists are padded or the sworn information false. Mr. Veniot has been most persistent in his inquiry into bridge and road accounts, and his evidence, it is said, will be of a most startling nature.

Attention will be drawn by Mr. Dugal today to a most startling charge made by the St. John Globe last September. The appointment of Mr. Chandler gives the government and the Globe a chance to further the interests of the province by setting this matter to the bottom. Mr. Dugal will ask the government to take any action toward investigating the very serious allegations made by the St. John Globe editorially in its issue of September 10, 1914, when commenting on the investigation then in progress under the heading "Other Crown Land Frauds," the following statements were made:

"Information given the Globe by men whose sources of information are beyond question, forced a conviction that the horrible disclosures were but a small part of what could and should have been told. In the meantime there are other phases of crown land administration that require consideration and investigation. The public hearing of the methods larger operators followed in securing their privileges has led to whisperings that smaller operators also use methods that are inimical to the public interests. As a result of these many acres of valuable timber lands are said to have been secured practically without cost. Information given the Globe suggests that it is a common practice in some sections for lumber operators to acquire lands under the labor or homesteaded act. The connivance of a crown officer is necessary but if there is truth in the stories told the Globe and in certain sections lumber lands have been secured unlawfully and if the Globe is rightly informed the frauds in this way have reached large proportions."

Task Too Great For Von Hindenburg's New Army

More Russian Successes Reported—Fall of Przemysl is Near; Rumor Says it Has Already Been Taken

London, March 17.—The Daily News correspondent telegraphs from Petrograd—

The rear guard of General Von Eichen's army has been beaten repeatedly in the last few days in attempting to protect its transports as it withdraws from Sorawki province across the frontier into East Prussia. General Von Bulow's troops also are being punished by raiding expeditions from Osowitz, where the garrison has crushed the enemy's siege artillery and now uses the fortress as a base for aggressive tactics.

All letters from the front confirm the impression that the new army is not equal to the task that Field Marshal Von Hindenburg has imposed upon it. He is now trying to protect his weakness in the north by the introduction of new batteries on the Beusa in Central Poland, but even there he fears to test his infantry against the Russians.

FALL OF PRZEMYSL NEAR

Petrograd, March 17.—Three sorties within the last two days by the garrison at Przemysl an Austrian fortress in Galicia, all were repulsed. The Russians are pressing closer and the War Office officials expect news of the fall within a short time.

There were unconfirmed reports last night that Przemysl had fallen, but at the War Office announced this as "slightly premature."

Handicapped by the inferiority of the artillery as compared with that of the Austrians, the Russians have conducted the siege of Przemysl with a patience and care unsurpassed in history.

The fall of Przemysl would have an important effect upon the whole campaign in Galicia as it would release at least 75,000 Russian soldiers who have been held there to make the investment effective.

When Przemysl is taken a campaign will begin immediately against Cracow. Other forces of Grand Duke Nicholas are gaining some slight successes about Przasnysz.

put his left hand in one of his pockets and took \$9; one \$5 bill and two \$2 bills. He said he was so badly frightened that he did not remember if he went through all of his pockets. He said he had received the \$9 from his employer, Hum Oak. He said Jeffrey took the money and went out.

Cross questioned by Mr. Barry he said Jeffrey followed him and tried to catch him. At this point a lively tiff took place between the counsel and the magistrate regarding a question under discussion. With reference to addressing the bench Magistrate Ritchie said he would commit him if he did not cease, but Mr. Barry said he was within his rights.

The witness said he had gone to the shop to purchase groceries for Hum Oak. Hop Lee said Jeffrey entered his store on Saturday night and demanded opium and \$500. He could not understand anything else, he said. The prisoner then seized him by the throat and pointed a revolver at him, after which he played with him like a child would a little doll. He said that Jeffrey then took \$2.25 and three car tickets from his pockets, and threw him on top of a trunk, then picked him up and threw him on a table.

The prisoner, he said, remained in his store for more than two hours, and would not let him out. A woman came in to buy some tea and when she saw Jeffrey holding him, she said, she ran away. Jeffrey then took handcuffs out of his pocket and said if he, Hop Lee, had no \$500 he would lock him up. The witness said that Jeffrey pointed the revolver at another Chinese, Hum Gaw, and fired a shot. The policeman, he said, would not allow anyone to move. Later another Chinese ran out to get another policeman. The case will be resumed this afternoon.

BROKE INTO COTTAGE

Two "hoboes" made themselves at home last night at Ingleside, in the summer cottage of Dawson McKendrick, chief clerk in the railway mail department of the post office. They pried off a shutter and thus secured entrance, remaining until early this morning, when people living nearby saw them leaving the house. It is said that they took some clothing which had been there.

In the Boston Marathon race on April 19 the winner will be allowed all traveling expenses to enable him to participate in the marathon race at the Pan-American game at San Francisco. The man finishing second will be given \$100 for the same purpose.

OPPOSITION OFFER IS REFUSED; PREFERENCE TO BRITAIN CUT DOWN

Liberals Ready to Withdraw Laurier Amendment if British Preference Saved

Straight Offer by Hon. Mr. Graham Declined by Government Silence and Conservatives Have Their Way by 45 Majority—Planning to Shorten the Session

(Special to The Times.)

Ottawa, March 16.—"Could there be a worse time for it to be announced to the world that Canada, the greatest of the daughter nations, was raising a barrier against the mother country when the motherland was struggling with the greatest war in history?" asked Hon. George P. Graham at the close of the budget debate in parliament this morning.

"I have an offer to make the finance minister which should prevent this undesirable announcement going to the world," he said. "Here and now, etc. it is too late, I offer, on behalf of the opposition, that if you will drop that portion of the budget which cuts five points away from the British preference we will agree to withdraw our amendment which the government has so strenuously objected to. This will be a considerable sacrifice on our part, but we are willing to make it in order that the announcement may not go to the world that Canada has at this time been guilty of an unfriendly act toward the motherland."

To this offer there was no response from the government. By silence it insisted that the British preference must be hamstringed and the vote was called.

The government majority was obedient. A hundred and four French and English Canadians behind Sir Robert Borden voted against Sir Wilfrid Laurier's amendment which depreciated the increase of protection and the curtailment of the preference. Fifty-nine opposition votes were recorded, so the speaker declared that the government had its way by a majority of forty-five.

Touching on the British preference Mr. Graham declared that, even supposing the increased taxes did not have the effect of keeping out imports as the opposition maintained, the most the finance minister could expect to raise, by taxes five to six millions. This would about equal the interest on what the government was now borrowing from Great Britain for the whole of the war expenditure. In other words the government proposed to let Canada borrow the whole of the war expenditure from Great Britain and then proceed to pay the interest by taxing British trade.

TO SHORTEN SESSION

The administration desires to escape criticism of its failings. In the boot committee soldiers testified that when their boots wore out after twelve days' wear men had to tie shingles upon their feet to keep them from being out by the ground. In the house, the British preference was practically destroyed with shipping conditions as they are today. Therefore the session is to be closed with speed. Notice is given that to shorten the session the house, beginning with next week, will sit in the mornings and on Saturdays.

INTERNED GERMAN STEAMER ESCAPES, LONDON PAPERS WARN THE UNITED STATES

London, March 17.—The newspapers today prominently display a despatch stating that the German liner Macedonia, interned at Las Palmas, Canary Islands, has escaped and put to sea with supplies for German raiders. The papers say:

"The United States may look for the same thing. German ships interned at Las Palmas are likely to make a dash at any time."

LETTER FROM GUNNER BARBOUR

Theodore Pitre, of 92 Princess street, received an interesting letter from Gunner Jas. Barbour, one of the boys who left St. John with the first contingent. He enclosed a picture of himself and several English soldiers which he had taken outside the house where he was billeted, near Salisbury Plain. He said he expected any moment to be sent to the firing line. He spoke highly of the hospitality of the French people and said he hoped it would not be long before he would have a good crack at the Germans. Mr. Barbour was one of the first to enlist at the time of the South African war.

Other Letters

Mrs. T. A. Nash of 800 Brunel street has received a letter from her husband, Driver Nash, dated Reserve Park, Tidworth, Feb. 19, and another letter dated Feb. 28. Driver Nash said that they were in fine quarters, but that most of the contingent had gone to the front, and he expected to go at short notice, as when the last letter was written there was great activity, apparently getting ready to move. Driver Nash wrote that he had received a box from his wife and he was particularly pleased to get the tobacco which it contained.

Mrs. D. Cummings, 22 Forest street, has received a letter dated in France on Feb. 18, from her son, William, stating that he is well and wishing to be remembered to all his friends. He does not say at what point he is in France further than to say that he is with the First Canadian Division, British Expeditionary Force. He is with the Divisional Ammunition Column. The letter was censored.

Loque Gonzalez Garza is reported to have returned to Mexico City and to have assured protection for the public in the capital. It was said that martial law had been declared.

FAIRVILLE NEWS

Rev. Mr. Haughton Addresses Jea Meeting—Some War Verse at Socias Gathering

The Fairville Brotherhood were visited last evening by the Ailsiee Brotherhood of the city. Rev. R. J. Haughton was the principal speaker. He spoke on the church for the kingdom and handled the subject from a very practical standpoint, urging a federation of brotherhoods setting aside all political, denominational, racial and other differences. He said that the liquor traffic and vice in St. John were never so rampant as today. Society would never be cleansed until the individuals were first attended to as individuals. The church in St. John today wanted a revival within herself. For the suppression of these growing evils the churches should unite in mutual effort. What affected St. John must sooner or later touch Fairville, and he urged the men to think over these vital problems. Half a dozen or so from the audience spoke briefly of shocking experiences they had seen or known of in the city and there was some discussion as to the best means to cope with the circumstances. A vote of thanks was tendered Mr. Haughton and refreshments were served.

Last evening about thirty young ladies, friends of Miss Edith Syme, who will soon leave for Boston to resume her duties as nurse in one of the hospitals, tendered her a handkerchief shower at the home of Benjamin Godson. A delightful time was spent. One of the most popular diversions was a contest in original poetry within a limited time, the subject dealing with the war. One of the guests, a mere male, contributed the following which has been deemed worthy of publication, in the interests of choice literature: A dreadnought named Audacious Sailed the Atlantic spacious, She struck a great rock, Her nerves got a shock, And the man who escaped said "My gracious!"

The other prize poem follows: Oh, Kaiser Bill, You pesky Pili, If you'd keep still, This war would end in jig time. But talk your fill, Illusions will For by one skill We'll put you out in due time. Dainty refreshments brought the evening to a close and everyone seemed to enjoy the affair to the utmost. The proposal of Dutch women to hold a women's international congress at the Hague-Antwerp has the support of the non-militant suffragists in London.

MOUNTED RIFLES TO AMHERST ON FRIDAY

Shamrocks For Every Man of The 26th Sent by Mrs. J. L. McAvity

The departure of the 6th Royal Canadian Mounted Rifles for Amherst for mobilization was scheduled this morning for Friday at 10 a. m. on a special train.

Recruiting still continues brisk in St. John for the Canadian Railway Construction Corps with many experienced men volunteering. A squad arrived in the city today to aid in the local arrangements for mobilizing. Many more than the 500 necessary have applied.

In Montreal about thirty men are awaiting transportation to St. John, while some 200 experienced men have made application to be enrolled.

When the 26th Battalion lined up for a route march this morning every man displayed a bit of shamrock in his cap, from the colonel to the youngest drummer boy in the unit.

Another day has passed with only three or four volunteers. Very few men are offering from St. John, and little stimulus has been given throughout the country districts. Until more definite orders are received as regards the point of muster, appointment of officers, and other details in connection with the new battalion list is expected to be done towards completing the rolls.

In recognition of his having been a soldier of the king, and having been a member of the forces in South Africa as well as joining the 26th Battalion, the members of "The Company" of that unit will attend the funeral of John Geary, which will be with military honors.

Orders have been sent from St. John by Lieut. J. A. Leeger of the 26th, to the Moncton police to detain two men from that city who had overstayed their leave. Search failed to locate them there.

CHAS. W. SHAMPER DEAD AT AGE OF 91

The death of an old and highly esteemed resident of St. John occurred today in the person of Charles W. Shamper, aged ninety-one years, following a brief illness.

He was a man of good health until Saturday when he sustained a stroke of paralysis which caused his death. Mr. Shamper was very well known about St. John where he had resided all his life.

Two daughters and one son survive. The son is C. A. Shamper of the Western Union Telegraph Co., while Mrs. J. C. Leonard, postmistress at West St. John, and Mrs. John Dixon of Hattton, Alta., are the daughters.

HEAD STUFFED FROM CATARRH OR A COLD
Says Cream Applied in Nostrils Opens Air Passages Right Up.
Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sneezing, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears.
Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and restores instantly.
It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Canada in the War
Capt. H. A. Kaulbach, of Truro, N. S. has been twice wounded in action in France.
George, the thirteen year old son of Mr. and Mrs. Francis Bamford, Hibernia, Queens county, N. B., has had the honor to be mentioned in dispatches, and to be recommended by Vice-Admiral Beatty for the distinguished service medal. He has been a member of the crew of the H. M. S. Tiger and was wounded in action in the North Sea some time ago. He has now fully recovered.

THE PRESBYTERY
At the afternoon session of the Presbytery of St. John yesterday, Rev. J. H. A. Anderson reported on the Augmentation Fund. It shows an improvement but not enough to warrant raising the minimum stipend to \$1,000 and more.
The synod will be recommended to remove the flat rate of assistance to mission stations.
St. John's church, Moncton, was given permission to raise \$80,000 on mortgage to complete the cost of rebuilding their church.

RECENT DEATHS
Friends of Mr. and Mrs. J. J. Terrie, of City road, will sympathize with them in the death of their six-year-old son, Vincent. His funeral will take place Thursday afternoon.
Matthew O'Neill, the well known meat and vegetable dealer in Brussels street, died suddenly yesterday afternoon. He had been to the funeral of his brother in the morning and at that time complained of not feeling well. In the afternoon he took a pain around his heart and in a few minutes passed away. He was seventy years of age and for many years was connected with the firm of O'Neill Bros., in the market. He was a prominent member of the I. L. & B. He is survived by one brother, John, of the same firm, one sister, Mrs. Peter Clarke, of Dorchester, Mass.
The death of James McGowan, formerly of Bangor, Me., occurred on Thursday last at his home in Gagetown. He is survived by his wife, five daughters and one son.

Relief is Almost Unfailing From Even the First Application
RUB ON NERVILINE
Cold has a vicious way of finding out aching muscles or weak joints. How often pain settles in the back, causing inflammation and excruciating soreness. Stiffness and aching all over follows. An application of Nerviline at the start gives immediate relief and prevents worse trouble.
When the pain is very acute, Nerviline has a chance to show its wonderful penetrating and pain-subduing power. It strikes in deeply, and its strike-in-deep quality quickly proves its superiority to feebler remedies. Then this goodness is magnified by its strength, easily five times greater than most liniments. Surely so powerful and curative a liniment as Nerviline offers perfect security against pain.
Nerviline is the only guaranteed pain remedy sold in Canada. Forty years of success in many countries warrants its manufacturers saying: If it does not relieve, get your money back.
No curable pain, not even neuralgia, lumbago, sciatica, or rheumatism can resist the magic power of Nerviline. Try it today. Rub it on your tired back, let it ease your sore muscles, let it take the swelling and stiffness out of your joints. It's a marvel—thousands say so that use Nerviline.
The large 50c. family size bottle of Nerviline is more economical than the 25c. trial size. Buy the larger size today. Sold by dealers everywhere, or the Cartier & Co., Kingston, Canada.

THE WAR NEWS

Britain and France are hastening their preparations for the great drive against the Germans in the western war zone, and in the meantime continue to make slight but important gains in the trench fighting.

Today's news from Petrograd says that the Germans have been losing heavily in their withdrawal into East Prussia, and the whole situation continues to be favorable for the Russians. In Italy popular sentiment in favor of intervention on the side of the Allies appears to be growing more and more pronounced, although Germany is putting forth the greatest efforts to induce Austria to make such sacrifices to induce Italy to ally with her.

The policy of the Allies in declaring a practical blockade of the German coast has not been favorably received in Washington, and it is said that President Wilson may not be able to carry out his policy. However, in view of Germany's utter disregard for neutral rights the United States surely has no very sound reason for serious complaint against the Allies.

The sad news comes that the British loss in killed, wounded and missing in the four days' battle at Neuve Chapelle was nearly ten thousand, of whom two hundred were officers. The heavy loss of officers is chiefly attributed to their reckless bravery. It is estimated that there are now more than a million British soldiers in France.

BURDENING THE MOTHERLAND

The quality of the loyalty of the Tory-Nationalist alliance at Ottawa was revealed yesterday when Hon. George P. Graham, in behalf of the Liberal party, offered to withdraw the amendment if the government would drop that portion of the budget which cuts five points away from the British preference. Hon. Mr. Graham protested against raising a barrier against the Mother Country at this time, and declared that the Liberals were prepared to give way on the other items of the budget if by that means they could prevent the announcement going to the world that Canada had been guilty of an unfriendly act toward the Motherland when the latter was struggling with the greatest war in history.

The natural resentment aroused in the public mind by a knowledge of this fact is added a feeling of indignation that the government now proposes to increase the burdens upon the people, in order that it may go on in the old way without due regard for the interests of the country. The indignation is the deeper and the more widespread because British trade is to be made to suffer at a time when the Mother Country is engaged in a life and death struggle.

BETTER GO SLOW

The proposal to double the assessment of vacant lots having failed to secure a second in the city council, Com. Potts now proposes to secure legislative authority enabling the city to expropriate any or all vacant lands in the city at the assessed value, and build on them homes for workmen, for which the tenants would pay on the instalment plan. This is so radical a proposition as to require careful consideration. There is no question about the desirability of providing sanitary homes for working people near their places of employment at rentals which they can afford to pay. In Philadelphia and some other cities the problem has been met by the erection of two story houses in blocks, each house to accommodate a single family. The Washington Sanitary Improvement Company, however, favors the two-flat plan, in blocks. Apparently it has not been found possible to erect single detached houses on city lots at a price which the average workman could afford to pay. The usual policy is to buy a block of land and erect blocks of houses. These must be very plain, and necessarily the yard space connected with them is very small. Except that they are nearer to the places where the people work they are not nearly so desirable as the detached cottage or even the double cottage or two-flat building with some garden space such as may be obtained in a suburban district. Whether St. John, which already owns much land and some houses, should adventure further and adopt the plan suggested by Com. Potts is not a question to be decided at an hour's sitting of the city council. Whoever has read the annual reports of the National Housing Association of the United States from year to year and noted the experiments that are being made in cities all over the country, realizes how easy it is to

make a serious blunder, and how many important considerations must be weighed very carefully before any particular plan is adopted. The housing problem is one of the most serious in any large city, and therefore ought to be seriously considered, the more so if it involves a large expenditure.

It must not be forgotten that the province of New Brunswick has one of the best housing laws in existence. It was prepared by the Conservation Commission of Canada, and the people of St. John, having seen and heard Mr. Thomas D. Adams, the town planning expert of the Conservation Commission, do not need to be told that what it provides in the line of suggestions for housing has nothing whatsoever about it but is the product of expert knowledge. The St. John city council under the present housing law may proceed to have workmen's houses built under conditions much more favorable to substantial workmanship and moderate price than if the city undertook the work. Moreover, how many of the workmen for whom it is proposed to build houses could afford to pay fifteen per cent. of the purchase money? This whole question, as already observed, is not one to be settled offhand and without serious consideration of all that is involved.

A POLICY OF DECEPTION

The Tory orators at Ottawa seek to justify themselves in their extravagant expenditure by asserting that it is made necessary by the legacy of obligations left to them by the government of Sir Wilfrid Laurier. They know in their hearts that this is not true. When they came into power there was an abounding revenue and a splendid surplus. They dissipated the surplus and went on spending; and they are determined to continue the spendthrift policy, laying the burden upon the people of the country. If the people could be satisfied they had been getting value for the expenditure, some sort of excuse might be found, but the government has been chiefly engaged in the task of enriching its friends and paying political debts. There is a fine illustration in the military boot scandal of how this government is regarded by certain manufacturers. If they had not expected to get away with the job they would not have taken the risk. It is so in all expenditures made by the Borden government. The natural resentment aroused in the public mind by a knowledge of this fact is added a feeling of indignation that the government now proposes to increase the burdens upon the people, in order that it may go on in the old way without due regard for the interests of the country. The indignation is the deeper and the more widespread because British trade is to be made to suffer at a time when the Mother Country is engaged in a life and death struggle.

THE CIVIC GRANTS

The city council might very well consider its decision in regard to the cancellation of grants, and provide at least a portion of the grants from general revenue, which presumably will be considerably larger this year than usual. The entire withdrawal of the grant would practically cripple a number of valuable organizations, whose work is entirely for the benefit of the poorer people of the city. They will be the more crippled because they have been getting so large a proportion of their funds in the form of civic grants. This is true of Rockwood Park, the Free Kindergarten Association, and the Playgrounds Association, and possibly some of the others. It would be most unfortunate if there should be an abandonment of the ordinary care of Rockwood Park. To hamper the work of the Free Kindergarten Association is to strike a blow at the children of the poorer families of the city. To discontinue the work of the Playgrounds Association, with its Boys' and Girls' Clubs and other features of work which are of the greatest value to the children, and especially the poorer children of the city, would be a positive injury to the community. What is true of these organizations is true of the others. The Tourist Association, for example, should be in a position this year to do more advertising than usual, to attract travel this way when there will be so little travel to Europe. The Associated Charities is doing a splendid work, and not one of the institutions whose grant has been cancelled deserves such treatment, for if the city gives money there are also earnest men and women constantly giving time and thought without any other reward than the desire to do a good thing for the community.

RECORD FREIGHT TRAIN

The largest freight train ever hauled by a single engine from Bangor, left the Maine Central yards on last Saturday afternoon for the west. The train consisted of sixty-five loaded cars. The engine was one of the new 600 class which have been recently purchased, and are now running regularly between Bangor and Portland. The load for the older and smaller engines is approximately forty cars, and the new engine haul from sixty to seventy loaded cars.

NO PASSPORTS NEEDED (Bangor Commercial)

We are in receipt of a letter from the secretary of the St. John Board of Trade, written to correct an error that the board notes seems to have gained some ground. This is that in consequence of the war Americans are not permitted to enter Canada without producing passports or being subjected to other restrictions. This idea is entirely in error, as the war has added no restrictions to the free entrance of Americans to Canada. As the communication from the St. John Board of Trade very kindly states: "Americans on friendly intent are as welcome in Canada as the flowers in May. The war has added no restrictions to their free entrance, and no passports are required other than their friendly faces and a pocket-book sufficiently ample to meet their obligations. The latch-string is always out in Canada for its friends across the border, whether war is on or not."

June 10 Date Mentioned in Ottawa—Straight Party Vote Defeats Laurier Amendment

Ottawa, March 17—At an early hour this morning the government majority in the commons turned down, on a straight vote, Sir Wilfrid Laurier's amendment to the finance minister's tariff proposals. The horizontal tariff increase of 7 1/2 per cent in the general tariff and of five per cent against all British goods is to remain in effect until the country has a chance to decide whether it wants to continue the present regime of extravagant expenditure, increased taxes, increased profits to the favored tariff beneficiaries, and increased cost of living to the whole body of consumers, or whether it wants to put no additional barriers against British goods when British is fighting the world's battle, wants a cessation of the riot of spending which has practically doubled the national expenditures in three years, a return to sane national finance, fair play to consumers as well as to manufacturers, and war taxes that really are war taxes, rather than an excuse for more protection.

That the country will have a chance to pronounce on this issue was made pretty evident from the tone and temper of the speeches given by Premier Borden, Hon. B. Bennett, and Hon. Arthur Meighen, the three government speakers today.

All three speeches were evidently designed for campaign and stump purposes, and for a beclouding of the real issue raised by Sir Wilfrid's amendment.

Liberal Contentions.

On the Liberal side, Messrs. Carvell, E. M. MacDonald, Lapointe, Verville and Hon. George F. H. Bigham brought the house back to the real issue before the country. They emphasized the fact that the tariff taxes were not needed for war purposes at all, since all the money for war was otherwise provided; that protection, and not economy or revenue, was the motive behind the budget proposals; that the deficit which confronted the government was due not to any "inherited situation" but to the reckless financing and the dissipation of the revenue surpluses of the Laurier regime, by the present administration; that the new taxes bore heavily on the general consumer and lightly on the wealthy and protected interests; and that to impose additional barriers against British trade at the present time was unparliamentary, unjust and unwise.

It is said that June 3 has been tentatively fixed for nominations and June 10 for the elections.

MR. CARTER REPLIES

Sends to Royal Commissioner List of Witnesses in Stumpage Matter

Fredericton, March 16—Replying to the letter of Royal Commissioner Chas. G. Peter in connection with the investigation of his charge concerning the payment of a certain sum of money as stumpage which did not reach the principal witnesses, E. S. Carter wrote Mr. Chandler as follows:

March 16, 1915.

W. B. Chandler, K.C., Moncton, N. B.

Dear Sir—In reply to yours of March 13, received yesterday, in which you ask for a brief statement of the facts "as to which you propose to give testimony," I beg to refer you to the letter of the 12th inst., which claims that a payment of \$2,908.32 was made by the Dalhousie Lumber Company, Limited, in 1913 for "Balance of stumpage account," as arranged with W. H. Berry, superintendent of scalers, for the crown land department, which sum of \$2,908.32 does not appear among the receipts in the public accounts of this province.

"I ask that you investigate these facts, and would suggest in order that you do so that you summon as witnesses with all papers bearing on the case in their possession, Willard H. Berry, Oak Bay, Charlotte county; John W. Brankley, manager of the Miramichi Lumber Company, Chatham; W. F. Comeau, accountant, Dalhousie Lumber Company, Limited, Dalhousie; Col. T. G. Loggie, deputy minister of crown lands, and the auditor-general of New Brunswick.

Should evidence be given by any person tending to show that the transaction was a proper one, and justified by a claim of another lumber company against the province, or should the original documents have been mislaid, it would probably become necessary for you to summon the Hon. W. W. H. Grimmer, formerly surveyor-general of this province, and F. B. Carvell, K.C., who has memoranda made from the original, or larger bill of stumpage, and also from the second, or smaller bill of stumpage, which was sent to the Dalhousie Lumber Company after the second payment of \$2,908.32 had been made, and also memoranda of Mr. Brankley's statement to him of the transaction.

SCROFULA AND ALL HUMORS GIVE WAY

There are many things learned from experience and observation that the older generation should impress upon the younger. Among them is the fact that scrofula and other humors are most successfully treated with Hood's Sarsaparilla. This great medicine is a peculiar combination of remarkably effective blood-purifying and health-giving roots, barks and herbs, and has been tested for forty years. Get it today.

deem necessary I would be glad to furnish you with anything in my possession that will assist to make the investigation as thorough as possible.

SEVEN YEARS PAIN FROM ACUTE NEURALGIA

Cured Through the Use of Dr. Williams' Pink Pills

Neuralgia is not a disease—it is only a symptom. It is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the one cause—good, rich, red blood is the only cure. There you have the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains, in correct proportions, the very elements needed to make new, rich, red blood. This alone reaches the root of the trouble, soothes the jangled nerves, and drives away the aching, stabbing pain, and brace up your health in other ways. Mr. M. Brennan, an ex-sergeant of the 2nd Cheshire Regiment, now a resident of Winnipeg, Man., says: "While serving with my regiment in India, on a hill station, I contracted a severe cold which brought on acute neuralgia, at times lasting for three weeks. I was constantly suffering almost every month in the year for over seven years, the pain being sometimes so severe that I wished I was dead. On my return to England I seemed to get no better, though I spent large sums of money for medical advice and medicine. Then I came to Canada, and about a year ago saw the advertisement of Dr. Williams' Pink Pills in a Winnipeg paper. I was suffering from terrible pains when I began taking the Pills, but before the second box was finished the pain began to disappear, and under further use of the Pills it disappeared entirely, and I have not had a twinge of it during the past year. Only those who have been afflicted with the terrible pain of neuralgia can tell what a blessing Dr. Williams' Pink Pills have been to me, and you may be sure I shall constantly recommend them to other sufferers."

These Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE BEST KIDNEY REMEDY

I always carry a large stock of Swamp-Root and it has a steady demand for kidney, liver and bladder troubles. Very frequently my customers give personal testimony as to the medicinal value of Swamp-Root, and it is a common occurrence for me to sell to people who buy the remedy on the recommendation of others who have used it. Have sold Swamp-Root since it was first put on the market, and will continue to sell it until a better kidney, liver and bladder remedy is found.

CHAS. G. PETER,
New Orleans, La.

Personally appeared before me this 8th day of July, 1909, Chas. G. Peter, druggist, who subscribed the above statement and made oath that the same is true in substance and fact.

WM. RENAUDIN,
Notary Public.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove what Swamp-Root will do for you. Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information telling about the kidneys and bladder. When writing, be sure and mention the St. John Daily Times-Star. Regular 75c. and \$1.25 size bottles for sale at all drug stores.

GOOD VARIED PROGRAMME OF VAUDEVILLE AND PICTURES AT THE LYRIC.

Special interest is attached to the programme now running at the Lyric Theatre in as much as Morn and Melvin, two boys who have a host of friends in the city, are practically making their first professional appearance, and their efforts are meeting with great success. Their work is well executed and they impress the onlooker as having been well schooled in the acrobatic and tumbling work. Many feats are accomplished that would do justice to performers who have spent years in the business. The act is nicely dressed, both boys presenting a very neat appearance in white shirts and red velvet knee pants. The various tumbling antics and clever acrobatic manoeuvres called forth rounds of applause from the audience of the past two days. There is no doubt that if the boys take up this line of work as a living they will be successful. Al Anderson, billed as a comedy tricker, lives up to that title. His manipulation of the cards suggests novelty and cleverness, the dexterity in which he handles them having a tendency to place truth in the old saying, "One cannot believe their own eyes." Pictorially the programme was up to the usual high standard. The weekly news contains a number of interesting war studies, while the two part Malesic drama, The Sisters, presents a theme that is new and pleasing. Halpin and Woods, in songs and dances, are billed for the latter part of the week.

WAS MARKED SUCCESS

The highly satisfactory total of \$250 was taken yesterday at the tea and sale at the Bungalow held by the ladies of the Monday Club. The little ferry was busy all the afternoon with a full passenger list so that in spite of the somewhat threatening weather of the morning the day was most successful. One of the special features was the candy table, laden with delicious home-made candy. The fancy work table was also well patronized. The ladies of the club last night particularly desired their thanks to be conveyed to the patrons of the tea and sale. The proceeds are for the Associated Charities. Chances were sold for a number of articles and Mrs. Armstrong won the hand-painted tray and Miss Coyle, of Pleasant Point, won the bon-bon dish. A ham, donated by Shipp & Flowering, was won by an almost exact guess of its weight by Mrs. E. L. Riving; a fruit cake, also donated, fell to Mrs. Alexander Paterson, and Miss Brown, Leinster street, won the needlework centerpiece. Miss Marton Holly donated the hand-painted tray, Mrs. Armstrong the bon-bon dish, Mrs. F. Holly the fruit cake, which weighed six pounds, and Miss Berry the needlework centerpiece.

DON'T BE FUSSY ABOUT EATING Your Stomach Will Digest Any Kind of Food When Given the Proper Assistance

We are prone to fall into the error of singling out some article of food and soundly berating the fiend who first invented the dish. The habit grows with some people till almost all food is put down as "indigestible." What is required is a little assistance with those agencies upon which scientific students for many years have set their seal of approval because they have become absolute facts. Stuart's Dyspepsia Tablets for all stomach disorders are recognized; they have a fine record; they are rated reliable, dependable and worthy of confidence just as the president of a big bank puts his O. K. on a depositor's check. And so you can eat what you want, whatever you like, knowing well that should indigestion, sour risings, gas formations, fermentations or any other stomach distress arise, Stuart's Dyspepsia Tablets in a few moments will put you right. Coated tongue, bad breath, heartburn, belching, flatulency, heart-all the symptoms of indigestion, troubles disappear quickly when these tablets are used. They are not a cure for anything but indigestion and kindred complaints. But they have brought relief to more sufferers from digestive diseases than all the patent medicines and doctor's prescriptions put together. The stomach does the heaviest work of any of the bodily organs, yet it is the one we treat with the least regard. We eat too much of the wrong kind of food at any time. The patient stomach stands such treatment as long as it can and then it rebels. You get notice of the rebellion in the shape of the gases and distension caused by undigested, fermenting food. Stuart's Dyspepsia Tablets are sold and recommended by all druggists at 50c a box.

THE HUNTS DIARY Percy S. Bullen, a London Journalist, has performed a useful service in translating the war diaries kept by a number of German soldiers, giving accounts of the murders, shooting, pillage, incendiarism and mutilations perpetrated by the Germans in France and Belgium. The translations are published by Sydney J. Clarke of New York, along with an article by Mr. Bullen, in which he seeks to show that the official German War Book "is largely responsible for the crimes alleged, the soldiers have been faithful to the precepts of their instructors." The whole is a neat little book called "The Hunts Diary" and can be got by any one sending twelve cents to Sydney J. Clarke, P. O. Box 1066, New York.

Free Advice About Your Manly Strength TO MY READERS: If you are not yet back an abundant vigor, there is a free offer which will surely interest you, and through which you may easily profit from now on to the end of a life, healthy, advanced age. I have compiled a little treatise for self help (book form) which I am pleased to send absolutely free by mail in a perfectly plain, sealed envelope to any man anywhere who writes for it. Over 100,000 copies have already been distributed to those who wrote for them from all over the world. There is no obligation whatsoever involved in this offer, nothing which you are required to buy, nothing which you are required to pay for in any way, other than the postage. It is just simply a little book of 72 pages, 5,000 words and 30 half-tone photo reproductions, I have endeavored to give a straightforward talk to men, young and old, single and married, a concise compendium for self-reference, a perfectly plain discourse upon those important personal matters relating to vital strength of men, the preservation of vitality, its possible self-restoration, its legitimate uses and its wanton abuses. Every man should be in possession of this book. One part describes a little drugless mechanical vitalizer, which I make and distribute, it is a little appliance that men who desire to restore lost vitality are using everywhere today. The book in one part fully describes it. You wear this vitalizer comfortably upon your body all night. It weighs but a few ounces and pumps a great, gentle stream of FORCE or VITALITY into your blood, your nerves, your muscles and organs, while you sleep. Men say it drives away the nervous weakness or pain in small of back often by one application; that vigor is restored in 60 to 90 days. With special attachments my vitalizer is also used for rheumatism, kidney, liver, stomach, bladder disorders, etc. It is a wonderful little appliance and generates and sends out a marvelous force. Possibly you might want to use one of these vitalizers in your own case. If so, you can, after reading the free book, let me know and I will make a special proposition whereby you may have one. If you live in or near this city I should be most pleased to have you call and get a free demonstration of the vitalizer, otherwise write. Hours 9 to 6.

Let Me Send You This Book FREE If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 5,000 words, a complete compendium of useful information for men young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration and its legitimate uses and wanton abuses. You get it all, free.

DR. E. F. SANDEN CO., 140 Youngs St. Toronto, Ont. Dear Sirs-Please forward me your book, as advertised, free, sealed.

MERCHANTS SAY BUSINESS BETTER

Replies To Enquiries by Board of Trade TRAVELERS CHEERFUL Say Trade in Maritime Provinces Almost Back To Normal-Business Men Say Made-in-Canada Movement Effect Beneficial Whether it is the people that have taken hold of the Made-in-Canada movement, or whether it is the Made-in-Canada movement that has taken hold of the people, an impetus has certainly been given to trade that is being felt all over the Dominion. This is being demonstrated by the activity along many industrial lines, and by the improved state of feeling which prevails in general throughout the provinces. The board of trade recently sent out enquiries among business men of the city. The questions were: "Do you find evidence of improvement in the business situation, particularly as it affects your business?" "Is the Made-in-Canada movement having a beneficial effect?" One of the first replies to these queries was Messrs. Puddington, Wetmore & Morrison, Ltd., wholesale grocers and manufacturers. Their reply is certainly very satisfactory. They say: "There are quite decided evidences of improvement in business in the steady nature of the markets. Manufacturers and distributors are becoming more acquainted with the actual, rather than the estimated disturbances caused by the war and are thereby able to overcome to some extent the sudden fluctuations in the market which were so harmful to business in the earlier stages. "The Made-in-Canada movement is certainly having a beneficial effect. We find that manufacturers, brokers, jobbers and retailers are all emphasizing it quite strongly and the fact that manufacturers who a short time ago were not paying any attention to the 'signal' are now using it in their advertisements both in magazines and on bill boards, goes to show that they feel that they must make the public know that their goods are made in Canada if they are to receive a fair share of the trade offered in their lines." The Corona Company, Ltd., manufacturers of fine confections, also note an improvement in conditions. They say: "We have had a very good increase in business from the first of the year, and feel that further increases are possible by manufacturing the right class of goods and in properly getting after the trade. "We feel that the Made-in-Canada campaign does help out, but that its advantages in our line are rather limited. There are too many concerns, in our opinion, paying too much attention to selling their goods on lines rather than on quality. There should more attention be paid to increasing the quality of their goods they would produce better results for themselves and for the 'Made-in-Canada campaign.'" Capt. Christian Christopher of New Bedford has built a model of a full-rigged clipper, with sails furled, riding at anchor. It is twenty-four inches long and thirteen inches to the top of the mainmast, and contains, in miniature, everything necessary for complete equipment, including 300 blocks and pulleys, four lifeboats, buckets, bells and numerous ropes, all in their proper places.

PALPITATION CAUSES COLLAPSE Now in Wonderful Health Through Dr. Cassell's Tablet

So Bad She Thought She Was Going to Die Also Had Acute Dyspepsia and Simply Awful Headaches No Treatment Tried Was of Any Permanent Avail

Obtained Quick Relief and Speedy Cure Through DR. CASSELL'S TABLETS

Elderly folk all over the Dominion who suffer from Dyspepsia or heart palpitation should read this story. They will then know what wonderful power there is in Dr. Cassell's Tablets to cure these torturing maladies, and to restore bright health and comfort even to those of middle and advanced age. "I can't praise Dr. Cassell's Tablets enough for all the good they have done me," says Mrs. C. Harris, of Chatham street, Hungerford, England. "When I first got them," she continues, "I really thought I was going to die, and now to see the splendid progress I have made it is almost a miracle. For years I had suffered with my heart, and windy spasms, and this brought me so low that I had hardly any strength left. I was so troubled with Dyspepsia, too, and simply awful headaches. My head used to ache till I really wished myself dead. But it was the heart palpitation that was my great affliction. It just fluttered like a bird, and if I exerted myself at all I felt cold from head to foot, and so faint that I almost collapsed. I could not do any housework at all; if I tried to I fainted right away. I used to be in bed for days at a time. Pounds and pounds I have spent on treatment, but it was little use. I was told I could only be patched up, that there was no real cure. Once I tried a convalescent home, but I was so weak and faint that I could do nothing. "Of course, I had medicine. I also tried other things. But it was all useless. I seemed incurable till at last I got Dr. Cassell's Tablets. Then I grew better. All pain left me, all the sickness and palpitation; I could eat without fear, and now I am as well as ever in my life."

with Dyspepsia, and during that time I am sure I have gone through martyrdom. The trouble came on with heartburn, which got worse and worse till I could keep nothing on my stomach. I was afraid to eat the lightest thing. Sometimes even a glass of water would return. My life was a daily misery. Another trouble, perhaps my worst, was the frightful heart palpitation I had to endure. My heart used to flutter till I felt like to collapse, and I had to throw myself down on a couch, utterly helpless. Sometimes I hardly cared whether I lived or died. I was so tortured and miserable. There was pain constantly at my chest, and I was so weak and faint that I could do nothing. I also tried other things. But it was all useless. I seemed incurable till at last I got Dr. Cassell's Tablets. Then I grew better. All pain left me, all the sickness and palpitation; I could eat without fear, and now I am as well as ever in my life."

LARGEST SALE IN BRITAIN Popularity Now World-wide Remarkable as these cures undoubtedly are, the facts as here given are true in every detail, and are simply an unvarnished story of what Dr. Cassell's Tablets are accomplishing every day in homes both here in Canada and elsewhere. Make a trial of Dr. Cassell's Tablets today, you will never regret it. They are a remedy of world-wide repute for Nervous Breakdown, Nerve Failure, Infantile Weakness, Neurasthenia, Rheumatism, Anemia, Kidney Trouble, Dyspepsia, Stomach Disorder, Wasting, Palpitation; and they are specially valuable for nursing mothers, and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 80 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. A free sample will be sent on receipt of 5 cents for mailing and packing, by the sole agents for Canada, H. F. Ritchie and Co., Ltd., 10, McCaul Street, Toronto, Ont.

ORANGE GRAND LODGE OPENS

Large Attendance at Annual Gathering in Sussex—Delegates Welcomed—Address and Report

Sussex, N. B., March 16.—At the opening of the Provincial Grand Orange Lodge of New Brunswick in annual session here today much business of importance was transacted. The attendance was large. An address of welcome was read by Mayor Wallace of this town, and replied to by W. B. Wallace, grand master. Mrs. John Thompson, worthy mistress, of Harmony Lodge, read an address of welcome and the reply to this was made by A. D. Thomas, P. G. M., of Fredericton. W. A. McFarlane, county master Kings east, E. A. Pearson, of Kings county Royal Chapter, C. H. Perry, W. M., Lodge No. 24, and D. Hipwell, P. G. M., of St. John, with others made speeches at the opening also.

The committee to appoint standing committees reported as follows: Credentials—J. M. McIntyre, Samuel Killam, A. D. Crandall, Joseph Stockford, H. T. Brown. Correspondence—Rev. W. B. Crowell, A. Pearson, J. W. Duke, J. Barry Allen, A. B. Linn. Petitions and appeals—J. H. Burley, W. T. Crute, Robert Mean, W. H. Perry, Robert Willis. Finance—W. B. Ward, D. P. Hipwell, Rev. F. P. Denniston, William Erb, J. B. Stevenson. Suspensions and expulsions—W. J. Murray, S. F. Vennist, J. H. Cochrane, A. H. Robinson, P. W. F. Brewster. Press—W. M. Campbell, R. G. Magee, S. J. Perry. The grand master conveyed greetings to the members of the lodge in his address. He referred in tones of regret to the deaths of many active members during the year, among them Hon. Robert Maxwell, J. E. N. Hunter, and William Rogers. He gave a detailed resume of various works done during the year. On the subject of memorials and legislation, he said: "Acting under the resolution of grand lodge, memorials were forwarded to the dominion and local governments in the matter of dual language post cards and free non-sectarian public schools. In the latter matter letters were received from Premier Fleming and Premier Clarke, of the local government, and also a report of the chief superintendent of education, which are on the grand secretary's desk. It appears from the superintendent's report first, that there have been no reports to him of any breach of the regulations in the matter of sectarian teaching—and he would be glad to have any complaint made specific so that the department may be better able to inquire into it. Secondly, that as to the renting of

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will Know

Gray hair, however, handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray. Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Weyth's Sage and Sulphur Compound". Thousands of folks recommend this ready-to-wear preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

While we have not received any answer to our memorial on the bi-lingual school buildings, the board of education has no control over this, it being the prerogative of local school boards. Thirdly, that as to regulation 21, this was a part of a compromise of the King government to enable the teaching orders of the Sisters of Charity to continue their work under the law. I think that this is the first definite communication we have received in answer to our many requests in this matter, and I do not propose to criticize it, but to leave it in the hands of grand lodge. Finding Relief She Tells Others

MRS. W. J. MALONEY TOOK DODD'S KIDNEY PILLS FOR BACKACHE. She Had Tried Numerous Other Medicines, But Found No Relief Till She Used the Great Canadian Kidney Remedy, Dodd's Kidney Pills. Barabois West, Gaspé Co., Que., March 12 (Special).—Mrs. W. J. Maloney, a well-known resident of this place, is recommending Dodd's Kidney Pills to those who suffer from kidney troubles. In an interview Mrs. Maloney says: "After suffering for many years with backache, and trying many remedies without obtaining relief, I read about Dodd's Kidney Pills and decided to try them. "After using two boxes I was greatly benefited, and recommended them to other sufferers. I also used them for my little girl for kidney troubles." Mrs. Maloney got relief from her backache because Dodd's Kidney Pills cured her kidney trouble, and that was the cause of her backache. Dodd's Kidney Pills do their work and strain all the impurities out of the blood. That's why Dodd's Kidney Pills cure so many diseases that are caused by impure blood. properties to be sold on easy terms. He said that he had been converted to the idea of the city becoming a landlord when he found how some other landlords treated their tenants. The bill was laid over for the special meeting on Monday. Commissioner Wigmore's motion to restore seventy-five per cent. of the civic fund was also laid over for the special meeting. A motion for amendment to the license law providing for the \$100 tax on insurance agents was adopted for the purpose of including about ten agents who escape under the present law. Awards for terra cotta pipe were awarded to T. McAvity & Sons and tenders for cast iron pipe were opened and left with the commissioner of water and sewerage to figure and report. Walter C. Ross was granted renewal of school lot 19, Lancaster, at \$24 a year. Commissioner Russell was authorized to call for tenders for 12,000 deals required for repairs to North Wharf and South Wharf. A communication asking damages of \$100,000 on behalf of Oscar D. Hanson for injuries to sewer from city retaining wall was referred to the commissioner of public works. William Murdoch, city engineer, was given permission to attend the Canadian Goods Roads convention in Winnipeg at his own expense. H. A. Knox wrote asking for a share of the city's electrical work and recommending the appointment of an electrical inspector was referred to Commissioner McLellan, who said that no discrimination was shown and who approved of the recommendation. William Paine's request for a pension after fifty years' service in the city's employ was filed. Permission was given to open Union street, W. E. to repair the conveyor foundations; to the Empire Garage to erect electric signs in Paradise row; to the Y. M. C. A. to use Hasen avenue extension tennis courts and to grant erection of three poles in Millidge street. The order permitting the extension of the street railway tracks along Broad street was recalled. Commissioner Potts moved that his bill to double the tax on vacant lands be read on the table but there was no seconder and the matter drops. Commissioners Russell and McLellan were named a committee to report on a site for a morgue, to be erected at a cost of \$2,000 by the county council. Water will boil without fire. After five hours of constant rapid stirring with a paddle, boiling water was produced at Johns Hopkins University.

INQUEST INTO DEATH OF JOHN CASEY

Was Sick When Arrested—Died in Cells of Alcoholic Poisoning—Condition of Cells. An inquest into the death of Private John Casey an ex-member of the 29th Battalion, was conducted last night by Coroner W. F. Roberts, and after much evidence was given adjournment was made until Friday night at eight o'clock. Different witnesses told of Casey having been fond of liquor, but said he had not been very drunk on Saturday when arrested. He was more sick than drunk but, despite the fact that he had served his country in foreign action and had the King's and Queen's ribbons, they said several lodging houses where they had sought to admit him. The result was that he was picked up in the street and charged with drunkenness by the police, dying a few hours afterwards from "alcoholic poisoning" in central station. Several witnesses were examined, including Capt. George Keefe, in whose company he had formerly served; Sergt. Major Edwards, Privates McEneaney, Roddy, Walsh, J. Keefe, H. Graham, E. Whittle, G. D. Sweeney, W. G. Roddy, Dr. F. T. Dunlop, Deputy Chief Jenkins and Pte. Peter Russell. The latter had been with Casey on Saturday and told his own version when Capt. Keefe happened along and giving Russell and other soldiers some money, instructed them to see to it that Casey was taken to a room and provided for. They were trying to do this when a policeman came along and arrested the soldier. Deputy Chief Jenkins described the condition of cells in central station. Chief of Police Simpson, who is to be called on to give evidence regarding their state, said last night that he had reported to the common council on the matter of their condition and expected the cells would be improved.

SIR GEORGE TURNER DIES OF LEPROSY

Contracted it While Trying to Find a Cure. London, March 17.—The death of Sir George Turner at Colyton, Devon, is announced. Death was caused by leprosy contracted during research work to discover a cure for the disease. Sir George worked for many years in South Africa and discovered a cure for leprosy. He also had seen service as medical officer of health in Cape Colony and the Transvaal, and later was engaged in research work in England. He was born in Melbourne in 1851. Dr. Turner's most important medical achievements were in South Africa where he not only discovered a serum which stamped out the leprosy and checked the ravages of an epidemic of typhoid fever which was sweeping the military hospitals and concentration camps during the Boer war, but gave up his life in the service of leprosy. He first became interested in a leper asylum at Pretoria, while supervising the campaign against the second scourge of leprosy in 1901. In the leper camp were nearly 100 Dutch and native patients. Dr. Turner gave all his spare time to research into the nature of the disease. In addition to his regular work he saw these patients twice a day. The desire to find a remedy for the disease became his chief ambition, but it was found exceedingly difficult, because none of the lower animals on which it is possible to experiment are capable of contracting the disease. After several years' work, most of which was done after his retirement from the health service upon reaching the age limit, he found he had contracted leprosy. From that time until his death he lived at the leper camp and gave himself up exclusively to his researches. He was regarded as one of the most eminent authorities on that disease. Remarkable "She's a remarkable woman in more ways than one. "Is that so Name one." "She has a checking account at the bank and hasn't once overdrawn it."

STOMACH RELIEF! NO INDIGESTION, GAS, SOURNESS—PAPE'S DIAPEPSIN

Time it! In Five Minutes Your Upset Stomach Will Feel Fine. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you must not injure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unflinching action in regulating the matter of their condition and expected the cells would be improved.

THE LEGISLATURE

Mr. Pinder Ousted From Public Accounts Committee Chairmanship

FREDERICK, N. B., March 17.—J. K. Pinder is no longer chairman of the public accounts committee. Mr. Allan of Northumberland, succeeds him. A. R. Slipp is replaced by L. P. D. Tilley as chairman of the corporations committee. Titus J. Carter is chairman of the standing rules committee, and J. L. Stewart was appointed as Mr. Dugal's request to the public accounts committee, in place of Mr. Pelletier, who asked to be relieved. Mr. Dugal's inquiry in the house yesterday brought the information that the province had been called on, under its guarantee, to pay the interest on the bonds of the Southampton railway. This was Pinder's railway. It was also stated that Mr. Gould and his associates got \$71,360.88 to help pay the interest on the Valley railway bonds. The provincial secretary added to his reply to Mr. Pelletier that the province holds collateral security for this amount, but did not explain the nature of it. It was also announced that there is still \$924,648.98 of money to build the Valley railway in the hands of the Prudential Trust Company. Mr. Pelletier obtained the information that nearly \$600 had been paid by the province to assist in the building of the 29th Battalion to the following persons: H. P. Robinson, \$100.87; Kennedy's Hotel, \$25.80; U. W. Gannon, \$50; Malcolm McAvity, \$70; W. C. Birell, \$20; St. John G. B., \$7.50; Isaac Erb & Son, \$3.75; Famous Players Film, Limited, \$125; Frank R. Fairweather, \$1; D. F. Pidgeon, \$10; W. Vessie, 14; Walter Golding, \$26.95; Stillwell & Hoyt, \$10; John E. Seyres, \$15; George F. Ryder, \$2.50; N. B. Telephone Co., \$18.57; Capt. W. Vassie, \$9.37; J. A. Pugsley & Co., \$3.21; W. H. Barnaby, \$12; D. F. Pidgeon, \$10; Western Union Telegraph Co., \$1.01; Sydney Cooper, \$10; Sergt. McGowan, \$5; Maurice Clark, \$10; F. Riley, \$10; Murray, \$10. It was announced that the full amount of expenses of the Dugal inquiry were not yet ascertained. Hon. John Morrissey told Mr. Dugal that the new bridge at St. John had cost to date \$257,600.20, and that it would cost about \$42,000 to complete. He expected it to be ready for traffic early in the summer. The house went into committee and agreed to bills to amend the act relating to partnerships and also to the superannuation of W. Walker Clark.

SUFFERED INTENSE PAIN IN HER BACK. Could Hardly Do Her Housework.

If a pain attacks you in the back "stop and think" what it is and what causes it. If the kidneys are at fault—and in a large majority of cases of pain in the back they are—doctor them at once, and doctor them persistently, as it is impossible to have a well strong back unless the kidneys perform their functions properly. Doan's Kidney Pills cure all forms of kidney trouble, and cure them to stay. Mrs. H. F. Jacob, Lavant Station, Ont., writes: "I take pleasure in telling you how much good your medicine has done me. I had suffered from intense pains in my back, and was so bad I could hardly do my housework. My kidneys were also bothering me a great deal. I tried several kinds of patent medicines, and was almost discouraged, and was looking for some other kind of medicine to try when I noticed your advertisement of Doan's Kidney Pills, so I thought it could not hurt to try them. I noticed a great difference when I had used one box, and to my great relief when I had used three boxes I was entirely cured, and I have not been bothered since. I will hesitate to recommend them to all I know." Doan's Kidney Pills are 50¢ a box, or 2 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's"

SPECIAL SESSION ON THURSDAY

Council Postpones Consideration of Mr. Potts' Building Project—Double Tax on Vacant Lands Dropped

A petition from many of the largest business houses in the city asking that the bill to exempt small incomes from taxation be withdrawn, that no change be made until the assessment commission is appointed and that no commission be appointed until an educational campaign has been carried out was presented to the common council yesterday. Commissioner Potts moved that the assessors be instructed to report whether the signers of the petition had complied with the law requiring citizens to make statements of their property but received no seconder. The petition will be dealt with at the special meeting on Thursday. Commissioner Potts introduced a bill to enable the city to expropriate vacant lands for the purpose of erecting working men's dwellings thereon, the price to be paid not to be greater than the assessed value, with provision for the issue of bonds to cover the cost of land and the erection of houses, the completed

Why Try to Fool Your Stomach?

Some folks have an idea that if they eat big meals, their brains and bodies will be strong. Strength and energy don't come from gorging the stomach, but depend upon eating the right kind of food. For nourishment of brain and body, Nature abundantly supplies in her field grains the elements needed. The famous wheat and barley food

contains in splendid proportion all the nutriment of the grains, retaining the mineral salts—phosphate of potash, etc., stored under their outer coat, and which are especially necessary for keeping brain, nerves and muscle in working trim. Grape-Nuts food is in the form of crisp, nut-like granules—delicious with cream or good milk—easy to digest—economical—

Kick a cripple and get a laugh

Any guy who can kick a cripple out of bed in a hospital and create spasms of mirth, is some comedian. That's real humor. Any 2x4 comedian can be funny when funny lines are tossed to him, but to make you laugh like the devil at a cripple (in a hospital) say, that's being subtle. And subtle humor is Billy Ritchie's speciality.

He is a Universal comedian and he drags down a big salary for being a darn fool. His face is like the preliminary work on a clay statuette, and the instant it is flashed on the screen, there's a scream of laughter. Get acquainted with Bill. Ten minutes with him is a mic.

Incidentally don't forget that E. Phillips Oppenheim wrote "The Black Box" the Universal's great serial now under way, and that we filled his waste basket with money when we asked him to do the job. Don't you let your favorite theatre overlook this weird yarn of Oppenheim's. And you theatre owners, if you want to increase your patronage, book this serial before you're an hour older. And remember that the UNIVERSAL is calling on the world's most famous people to write its stories. Take the SANTA FE direct to Los Angeles. Universal City is only a few minutes from there. Acid Stomachs Are Dangerous

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer.

FALSE REPORTS IN CIRCULATION GIVEN DENIAL

Untrue Tales Which Reach Our Soldiers in England

MR. STURDEE WRITES

The Reason Why All New Brunswickers Are Not At Front—Whole Matter Arranged Before First Contingent Left Canada

The Editor of the Times:

Sir—I have received a letter from my brother, Captain H. E. C. Sturdee of the 12th Battalion 4th Brigade, now commanding No. 1 Company at Tidworth, in which he refers to many ridiculous and untrue stories that seem to be going the rounds of St. John and other parts of Canada regarding himself and other officers of the 12th Battalion, and which he wishes emphatically denied; he had just been shown a letter from St. John which stated that Colonel McLeod was dead and that he (my brother) had been dismissed from the service, while other officers had got into serious trouble. I wish to say that there is not one word of truth in any of these statements and they must have been started maliciously so I think a public denial is only fair in the interests of the officers and men of the 12th Battalion in which are many from St. John.

With regard to the status of the 4th Brigade, I find that the whole matter was arranged before the First Contingent left Canada, to the effect that this brigade, consisting of the 6th, 9th, 11th, 12th and 17th Battalions, was to remain in England as the base brigade, and supply reinforcements to the other brigades as required, though this was only announced to them definitely about the end of December.

My brother states that just before the other brigades left for the front they turned over to the 4th Brigade all their mules and underriders, etc., and took the best men in their places. These mules, medically unfit, etc., are being sent home every day from there, and one cannot see how such men were ever allowed to leave Canada. With one or two exceptions these men were not from New Brunswick or the lower provinces. Those that were from New Brunswick, etc., developed troubles after leaving Canada in their places. There is no leaving for the front all were placed on the British establishments, consequently they have about 120 officers in the ranks of the 4th Brigade, the majority of whom are surplus.

All the staff officers of the 12th Battalion have been retained at Tidworth, the training depot, as well as all the former company commanders, and the staff still retains command of No. 1 manor company, after completion of a month's staff rotation as they are to be promoted to the rank of major, and their duty at present is to train men to go to the front, and take on new men as they come to them from time to time and get them into shape. This is rather disheartening to these New Brunswickers, but orders are orders and there is no getting away from them. However, they have no doubt that they will get their chance shortly, and are waiting patiently.

I do not like going to the papers on matters of this kind. I do not think it right to let such malicious stories go around without denying them in justice to all concerned.

Yours truly,
H. RUSSELL STURDEE
St. John, March 17, 1915.

RADIUM CURES AT INSTITUTE IN LONDON

London, March 17 — Of 749 cases treated at the Radium Institute during last year, nineteen are described as cured, fifty apparently cured, and 222 improved. The diseases ranged from cancer, in which the results were varying, to spring catarrh, of which several cases were cured. Birthmarks of the "port wine stain" type, were rendered unnoticeable; also warts that defied acids.

Com. Potts' suggestion that the city should build houses for the workmen would receive more support if he had not insisted on adding the suggestion that they would have to be paid for.

Any More Ex's?

So far the citizens active in the promotion of the campaign to return to the old ward system, who have come under the notice of the Man in the Street, consist only of four ex-sergeants, two ex-policemen, one ex-fireman and one ex-city constable. There may be others but it seems to be more than a co-incidence that the leaders are men who could not hold down jobs under modern administration.

Who said that there was any scarcity of money in St. John? The police have been searching diligently for a week for some one to claim a fortune, with not a single volunteer.

W. J. Mahoney Writes From Netheravon

WENT ACROSS LAST MONTH

Sees Places Where First Contingent Camped and Says Stories Were Not Exaggerated—Meets Some St. John Friends at Tidworth

Mrs. William J. Mahoney of 811 Brussels street has received a letter from her husband, dated No. 1 General Hospital, Netheravon, Wiltshire, Eng., Feb. 25. Mr. Mahoney is with the Army Medical Corps and is one of those who sailed from Halifax on the steamship Zealand on Feb. 8. He says he was for a week at the big training place called Tidworth, but they were then drafted in small lots to other places. He writes—

"There have been four drafts of us up to date. Some have gone to hospitals outside of London, and thirty of us came here last night. We had to march six miles, and the water was muddy. One part of the road was flooded for 800 yards, and we thought it was a river. We looked for a bridge, but the guide told us to wade in and we did. We passed most of the huts the first contingent stayed in. They looked like old barns in a country place, and it is no wonder the men were sick, for much like no name for the heat they had to put up with. The troops are all out of those grounds now except a few. There are some at Tidworth and Bulford and here, but the rest are all gone to France. I met a few St. John boys at Tidworth. They included young Daley, Trotter, Joe Addison, Tom Nash and several others I worked with at Longshore work. Outside of these all the St. John boys I knew have gone to France, although there may be some I don't know of who are still in England.

It is all very true about the hard time the men had here this winter, and the people in Canada have no idea what they went through. We arrived in a good time of the winter, and even now some of us think it is awful; but when we hear and see what the first lot had to contend with we have no chance to kick. It is cold here at night and very damp, and feels colder than the coldest day I ever felt in St. John; but the days are nice and warm, and the frost can't last long. We are quite comfortable in our bunks, but when the huts are in a hill with valleys all around us and it is a fine place, only we miss the city life and luxuries. "This part of the plain, however, is nice. It has been a nobleman's place in days gone by, and the grounds are lovely, and put me in mind of Rockwood Park, but a lot larger. The big building is called the mess, and the huts are for the soldiers, but when the huts are full they use the huts for hospitals. A lot of the boys are quite comfortable in our bunks, but when the huts are in a hill with valleys all around us and it is a fine place, only we miss the city life and luxuries. We are quite comfortable in our bunks, but when the huts are in a hill with valleys all around us and it is a fine place, only we miss the city life and luxuries.

We get along fine, and there are eighty or ninety other A. M. C. men here. I am attached to No. 1 General Hospital Corps and Doctor MacLaren is in charge. He is lieutenant-colonel, and Doctor Corbet, of St. John, is captain. I have met both, and had a talk with them. They are looking well and were quite surprised to see me. I am the only St. John fellow at this station and I feel more at home on account of meeting the two doctors.

"I don't know where the seventy-one nurses went who came over with us. They went from Liverpool to London and I suppose they will be drafted as they are needed. There are a lot of nurses here and they are a very smart, bright looking lot. They burn oil lamps and I have to look after them. They are all big brass ones, with round wicks, and there must be seventy or more of them and it takes five hours to fix them up. I have to put them all where they belong and light some of them at dark, but I have more time to myself than if I were at hospital ward work. The ward orderlies have to work twelve hours. I don't know how long we will be here, but have heard that we will go to France in a month or two, for when the war starts in earnest they will need all the A. M. C.'s they can get, and we will likely be a base hospital. We will be miles behind the trenches, so there will not be much danger of us being shot, unless the German airmen drop shells on the hospital.

"We were in luck to get here safely, as several ships were sunk where we were picked up our pilot."

Mr. Mahoney asks that some Canadian tobacco be sent to him, as the kind he gets in England is "rank" to a Canadian.

refrain that some business men sang this week when some of their skilled employees were summarily ordered to Halifax with the artillery.

The police are so trained so that they will render first aid to the injured. Time was when a policeman with his billy could joyously provide a subject for first aid.

If a very special and exceptional act of Providence has been responsible for the mild winter in the southern part of New Brunswick, the boys who wintered on Salisbury Plain and those who stood waist deep in water in the trenches in France and Belgium will wonder why they were overlooked. There is always a certain risk in the task of interpreting the ways of Providence.

The people who say that the children of the streets and allies should not have any playgrounds next summer, because of the financial stringency caused by the war, have not yet declared themselves in favor of closing all theatres and places of entertainment this winter and spring. They attend these places themselves. Isn't human nature a curious combination?

Pants and Boots

Referring to the war Sir George T. Foster in parliament said—"You can hear the quick short pants of the contending forces." Yes, Sir George, and if they are Canadians you may also hear their boots.

SHAMROCK DAY AGAIN

This Morning—St. Patrick's Day—2500 Small Pots of Shamrocks Will be Distributed Free

It's an old time custom of this store to give away on St. Patrick's Day these pots of Shamrock. The seed was imported direct from Ireland by ourselves and handed over to McLean & Charlton, the florists, who planted it and nursed the plants, until now they are without question the finest plants we have yet given away, and with proper looking after should grow and become good-sized hardy plants.

We have 2,500 pots, and the hours of distribution will be from 9 a.m. to 12 noon.
