TO RESTORE YPRES CATHEDRAL AND THE CLOTH HALL

Lady Drummond Returns After Visiting Son's Grave.

Belgians Gathering Together Scattered Parts of Ruined Buildings — English Business Conditions — Other Passengers on Montcalm.

(Special to Times) Quebec, Aug. 19.—The Canadian Pacific 16,400 ton steamer Montcalm from Liverpool, in command of Captain A. Renne, arrived at Quebec yesterday with 800 passengers, mail and cargo. The passengers were mostly returned Canadians.

Among the cabin passengers were Mrs. M. Anderson, of Peterboro; Mrs. H. A. Balfour, Mrs. S. and Miss Bennett, Dr. J. G. Fitzgerald, Mrs. Fitzgerald, Miss M. and Master J. Fitzgerald, Mrs. F. and Miss L. Hurst, Toronto; J. Bell, Saskatoon; Mrs. T. and Master Bell, St. Thomas, Ont.; Mrs. Cummings and the Misses Cummings, Victoria; Miss M. and Miss K. Elliott, Miss W. B. O'Connell, G. D. and Mrs. Pope, Ottawa; Mrs. and Mrs. J. J. Pritchard, Harrison, Ont.; Lady Drummond, Miss B. E. Edwards, Mrs. M. J. Flett, Mrs. B. Godfrey, Dr. B. F. Irving, Montreal; Mrs. S. T. Farmer, and Miss G. H. Farmer, Winnipeg; Mrs. and Mrs. W. L. Gage, Hamilton; Mrs. J. G. Hime, Windsor, Ont.; Mrs. P. L. Harvey and infant, Calgary; Mr. and Mrs. H. Lawson, Dominion City, Man.; Mr. and Mrs. H. Ross, Brantford; Mr. and Mrs. R. Simpson, Sudbury; Mr. and Mrs. W. Stephenson, Fort William; J. J. C. Twigg, Vancouver; Brigadier-General and Mrs. Winter, Ottawa.

Lady Drummond proceeded to Cascoona. She said she had been told by the burgomaster, to build a new Cloth Hall and a new cathedral in place of the former structures destroyed by the German.

Speaking of the conditions in the vicinity of Ypres, she said it had been the intention, as she had been told by the burgomaster, to build a new Cloth Hall and a new cathedral in place of the former structures destroyed by the German.

The people of Ypres have succeeded in inducing the powers to rebuild the Cloth Hall and cathedral under the same architectural conditions that prevailed before the war, and are gathering all the scattered parts of the cathedral to put them together again and thereby rebuild the sacred edifice on the lines of beauty as it stood before German destruction.

Business in England. Lady Drummond said that people of England were very hopeful and that business was coming back slowly but surely. It was expected, however, that there would be one and a half million out of employment this winter, which would be a record for the country.

Brigadier-General Winters, who proceeded to England with the Bley team and later crossed over to France and Belgium to visit the grave of his godson and brother, said that the cemetery at Ypres and Arras were in a beautiful condition and reflected the highest credit on the grave commission. The headstones all bore the regimental crest with a short description of the deceased soldier. The French and Belgians were very sympathetic in their attention to these cemeteries.

Brigadier-General Winters said France is in a bad state outside Paris, the country is shabby and no matter what may be said, the Germans owe reparations to France. The Germans are shirking their obligations, their country is prosperous in industry and commerce. They are living in high living, while France is practically on the dissecting table.

NO DOUBT OF LAHAIE ELECTION With Eight Polls to Hear From, Liberal Majority is 536.

Papineauville, Que., Aug. 19.—(Canadian Press)—With seventy polls out of seventy-eight heard from in the provincial election for LaBelle county, the majority of Desires LaBelle, Liberal candidate, is now 636. The balance of the polls are small in voting strength.

GRIMES'S SUSPENSION LIFTED; STAR LEAVES TO JOIN ROBINS New York, Aug. 19.—The suspension of Burleigh Grimes, star right-handed pitcher of the Robins, has been lifted, according to an announcement made by Charles Hercules Ebhardt, president of the Brooklyn Club. Grimes was suspended on Aug. 9 because of a display of temper during a game with the Cincinnati Reds at Ebbett's Field on the previous Sunday. He was taken from the box after Daubert had hit a home run in that game, and when Grimes went to the Robins' bench he engaged in an altercation with Manager McGraw.

BERLIN OFFICIALS GET A BIG INCREASE Berlin, Aug. 19.—The negotiations between the ministry of finance and the organizations of officials and workers, has ended in an agreement to give the officials and workers an increase of 38 per cent in 1922, as from August 1.

THE FINANCING OF THE 1922 CROP

Conference of Canadian Bankers Left in Hands of Sir Frederick Williams Taylor.

Ottawa, Aug. 19.—(Canadian Press)—In response to the request of Premier Dunning of Saskatchewan for the calling of a conference of the Canadian bankers by the federal government, Hon. W. S. Fielding has passed along the suggestion of Premier Dunning to Sir Frederick Williams Taylor, head of the Canadian Bankers Association, asking that the bankers meet representatives of the western provinces and try to arrange methods of financing the 1922 crop. The conference will, it is expected, be arranged directly between Sir Frederick Williams Taylor and Premier Dunning. Present indications are that the federal government will not be directly a party to it unless an occasion arises making it necessary that the minister of finance take some action in the matter.

TRIPLE TRAGEDY ON LAKE HURON

Three Girls, 12 to 14, Victims of Unwitnessed Drowning Accident.

Tiverton, Ont., Aug. 19.—Inver Huron Beach, on the shores of Lake Huron, was the scene yesterday of a triple bathing tragedy, when three girls, their ages ranging from 12 to 14, lost their lives. They were Florence and Marjorie, daughters of D. McKay, of the second concession of Bruce township and Grace Stevens of Detroit. They were not noticed until five o'clock, when discovery of the unwitnessed tragedy was made. The bodies of the drowned girls have not as yet been recovered.

PUTS GIANTS AT TOP OF THE LIST

Ruth's Homer in Tenth Wins Game and Ties Team With St. Louis For Pennant — Yesterday's Games.

New York, Aug. 19.—Babe Ruth indulged in his one-time favorite pastime just for a spell against the White Sox at the Polo Grounds, which tells the story of the Yankees' 8 to 7 win over Chicago in ten innings and their climb to a tie for league leadership with the St. Louis Browns, who were defeated 4 and 4 by the Athletics.

Ruth's home run, his twenty-third of the season, was obtained off the first ball pitched in the tenth inning, and it gave Joe Bush credit for his twentieth victory of the season, his ninth in a row and his second in two days.

Out in Chicago the Giants scored 17 runs against the Chicago Cubs 11. The latter used sixteen players and accounted for twenty hits, while fifteen Giants worked out, gathering twelve blows.

The Braves set down the Pirates 5 to 2, and St. Louis won from the Phillies 3 to 2, in fourteen innings. Detroit suffered one of its occasional rough days, losing to the Red Sox 8 to 9, and the Indians took one from the Senators 7 to 5.

Sydney Races. Sydney, N. S. W., Aug. 19.—Yesterday's races at Sydney resulted as follows: Free-for-all pace, purse \$400.—1st Roy Volo, straight heats, 2nd, White Sox, Best time 2:15.

2:34 trot and pace, purse \$400.—1st The Acrobat, straight heats; 2nd Colorado L. Best time 2:20.

Manager Arrested. Ottawa, Aug. 19.—Larry Carmel, Montreal, manager of the Montreal baseball team, was placed under arrest following the game at Lansdowne Park yesterday. He was released on \$50 bail to appear on a charge of wounding John Caveney, 193 Connor street. Caveney was cut over one of the eyes in the alleged contact with Carmel. It is alleged Caveney had made some insulting remarks.

TRAFFIC CASES. Joseph Garson was fined \$50 this morning for allowing his car to stand on the wrong side of the street without lights. He said the lights were out of commission.

James R. Lazard was charged with speeding in Douglas avenue and pleaded not guilty. There were several sharp passes between him and Policeman McBrien, who made the report. He was fined \$10 and refused to pay, declaring that he was a spotted man. He was sent into jail to think it over.

The Passing of An Old Landmark

View of Mt. Pleasant as it was when the railway was opened years ago.

Old Jack Gates in Wright Street.

Old Gate on Mount Pleasant.

Our city of St. John and every city are constantly undergoing change. In a few years, the old suspension bridge over the falls will be remembered no more, while the picturesque "Beaumont" is already a thing of the past. A short time ago another of these old landmarks disappeared, when the old Jack gates, as they were commonly called, were removed from the entrance to the Jack estate, at the junction of Wright and Stanley streets. Citizens of St. John from time to time have carved homes for themselves out of rocky hillsides covered with scrubby growth that in due course with care and cultivation have added some beauty to the landscape. One late William Jack was one of these pioneers. At the time that his home was built, probably about 1840, there were very few houses between Purpe avenue and the Public Gardens, where now building lots are very scarce. The accompanying photo will show the few residences at the time the first sod was turned for the European and North American Railway on Celebration street, from which ceremony that street received its name. The old iron gate and stone wall which marked the entrance to the Jack property from Mount Pleasant is preserved still and is the back entrance to the grounds of W. H. Halsey. The two gates on Wright street will be remembered by many older citizens as the portal to one of our city's most hospitable homes, and much regret is expressed that the march of time has deprived their removal a necessity. The old Jack home is seen in the picture.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I read that they had a near-hot at a hollow meeting up in Maine the other day — about what could be proved from the Bible." "I dassy!" said Hiram, "that out in China somewhere they had a scrap about what sort of an image a feller orto hev on the shelf." "In London the other day," said the reporter, "the head of an Egyptian king of five thousand years ago, carved in stone, was sold for ten thousand pounds." "Out to the Settlement last week," said Hiram, "we had a feller that told us a lot of us 'ud never die." "How are the potatoes turning out?" queried the reporter. "Fine," said Hiram. "We'll hev a great crop of everything this fall." "I don't know but that the crops are a good subject for discussion," said the reporter. "If they'd talk more 'em up in Maine they could get along with half as many tabernacles 'an hev more religion," said Hiram—"yes, sir."

SAY THAT SOME SHAFTS WILL NOT BE WORKED AGAIN

Government Will Man Pumps Under Protection of Specials.

Miners at Springhill Agree to Allow Officials to Perform Protection Work — Two Killed When Troop Train Hits Truck.

(By Canadian Press Staff Correspondent) Sydney, Aug. 19.—The end of the fourth day of the Nova Scotia coal mine strike saw the collieries in the southern Cape Breton county coal area being invaded more and more by water and gas, and company officials reported grave damage and stated that some of the more worked out collieries would never be opened again. The Nova Scotia government, according to the statement of Hon. E. H. Armstrong late last night, to protect the mines, will man the pumps under the protection of special provincial police. It is not known definitely when pumping under government protection will begin.

The 22nd Royal Canadian Regiment from Quebec was added today to the military forces at New Aberdeen after being twice held up while passing through the coal territory.

SPRINGHILL AGREEMENT. Springhill, N. S., Aug. 19.—At a conference yesterday between representatives of the local United Mine Workers and the Dominion Coal Company an agreement was reached as follows: Company officials and office staffs will be allowed to perform required mine protection work; a mine committee will have access to the mines and works at all times; the company will make no request for military or other outside protection; no coal will be mined and thirty days' output will be given in lieu of termination today's agreement.

Government Action. Ottawa, Aug. 19.—(Canadian Press)—Whatever action is necessary on the part of the federal government to safeguard both life and property in the Cape Breton strike areas will be taken as the occasion for it arises. This was the statement of the prime minister at the close of the cabinet council's second meeting yesterday.

A train of six coaches, containing a detachment of men from the Royal Canadian Dragoons from Petawawa camp passed through the city bound for the strike area.

Two Killed in Crash. Sydney, N. S., Aug. 19.—The troop train with the 22nd Regiment from Quebec, struck a motor truck at Lettice's Creek, near North Sydney, and Jacob Anthony, of Sydney Mines, and John Andrea, North Sydney, were instantly killed yesterday afternoon.

DEATH OF DE VALERA DENIED

Countess Markievicz Says He is Suffering Only From Slight Chill.

Dublin, Aug. 19.—Rumors were circulated in Dublin yesterday that Eamon De Valera, Republican leader, was dead. Countess Markievicz, former member of the Dail who has been closely associated with Mr. De Valera in championing the Republican cause, when questioned said Mr. De Valera was suffering from a slight chill but that his condition gave no cause for alarm.

Ottawa, Aug. 19.—(Canadian Press)—Hon. W. S. Fielding, minister of finance, and Hon. E. Lapointe, minister of mail and fisheries, are expected to sail from Montreal on Tuesday to attend the meetings of the assembly of the League of Nations. Mr. Lapointe has already gone to Montreal and Hon. Mr. Fielding is expected to leave here on Monday.

In addition to attending the league meeting both ministers will take up departmental matters while they are in France and England. Hon. Mr. Fielding is expected to try and bring about better trade relations between this country and France.

AT THE MARKET.

Business was fairly brisk in the city market this morning with good supplies of all commodities on hand except berries. Blueberries were the only ones on hand and there were plenty of them, the supply being so large that they sold at from 8 to 8c. A touch of color is added to the market these days by the profusion of flowers of almost every variety offered for sale. Sweet peas in all shades, asters, poppies and many other well known varieties were displayed this morning. The prices of meats and vegetables were as follows: Beef, 20 to 30c; veal, 15 to 30c; lamb, 20 to 40c; mutton, 15 to 20c; pork, 25c; ham, 30 to 32c; bacon, 40 to 45c; chicken, 60c; fowl, 30c a pound; potatoes, 35c; beans, 30 to 40c; peas, very scarce but a few at about 40c; a peck, carrots, beets and chard, 8c; radishes, parsley and mint, 5c a bunch; lettuce, 8c; celery, 10 to 15c; cauliflower, 10 to 25c; a head; squash, 5c; cabbage, 10c; turnips, 3c; tomatoes, 10 to 15c; a pound; cucumbers, 8c each; butter, 30 to 40c a pound; eggs, 30 to 40c a dozen; cranberries, 25 to 30c a quart.

FOREST FIRES IN ONTARIO

Uno Park, Ont., Aug. 19.—The whole of Southern Ontario has been covered with a thick pall of smoke all week as a result of bush fires which are raging in hundreds of places. A farmer on the 5th concession of Hartley, named Middleton, had his home and farm buildings wiped out, while others in the same vicinity also lost buildings, timbers and crops.

The New Zealand House of Representatives ratified the Washington treaties yesterday.

GOVERNMENT TO TAKE ACTION

President Harding Says Administration Will Use Every Effort to Maintain Train Traffic - Investigation of Coal Industry.

(By Canadian Press.) Washington, Aug. 19. - President Harding announced to congress and to the country yesterday that his administration, having exhausted every means for a settlement of the United States railroad and coal strikes, now was resolved "to use all the power of the government to maintain transportation and sustain the right of men to work."

Accounting for his course during the recent troubles in an address to the senate and house, the president said he did not propose to ask for any "hasty action" by congress in the railroad strike, but that authority should be given to set up a commission to make a sweeping investigation into the coal industry, "to reveal every phase of coal production, sale and distribution."

New York, Aug. 19. - Edward F. Grable, head of the maintenance of way workers, who is here watching the negotiations for settlement of the shipmen's strike, says that no strike of maintenance of way men was imminent.

Renewed Violence. Chicago, Aug. 19. - With peace apparently hanging in the balance until next Wednesday, when spokesmen for the railroads and striking shipmen are due to meet again, dynamite and violence featured the strike activities of the past twenty-four hours.

Outbursts occurred at scattered points from the Atlantic to the Pacific. Bombs were thrown into the Michigan, Typeck and Santa Fe yards at Albuquerque, N. M., and a heavy blast rocked the trestle of a Chesapeake and Ohio railroad bridge near Huntington, W. Va. Neither explosion caused much damage.

Dynamite tore up the track of the Illinois Central at Paducah, Ky., just ahead of a coal train.

All available U. S. deputy sheriffs in the district were rushed to Shawnee, Okla., early today to guard against violence in the shops of the Chicago, Rock Island and Pacific.

Transportation difficulties due to unauthorized strikes of train crews continued to clear away rapidly.

THREE COMMITTED DELEGATION TO GO TO BERLIN

Police Do Not Credit Confession of Woman That She Kicked Brother-in-Law to Death.

Hillcrest, Ala., Aug. 19.-Nick Joy, his wife, Mary, and Sam Villa were committed for trial at the preliminary hearing here yesterday on a charge of murdering Sam Joy, brother of Nick Joy, on July 26.

Mrs. Joy confessed that she had killed her brother-in-law, Sam Joy, who had assaulted her. She said that she had kicked her assailant to death.

The police do not credit her evidence as she is a frail woman. Sam Joy was a comparatively young man.

Because of the unlikelihood of the tragedy occurring in that way, the police also arrested her husband, Sam Villa, who was in the house near the time of the tragedy.

London, July 28.-What is said to be the most up-to-date and complete ventilating system in the world is that installed in the Council Chamber of the London County Council, 24,000,000 palace at Westminster, recently opened by the King.

Its unique feature is that each member is able to control his own immediate atmosphere. He has a "control" button below his desk, so that if he is feeling cold he can make the air automatically feed him a little warmer-or vice versa-without upsetting his neighbor.

Apart from individual regulation, forty tons of air are automatically admitted and extracted from the Council Chamber every hour.

A mass of pipes beneath the floor of the chamber connects the air inlets and outlets, with a room full of wonderful machinery in the sub-basement, including large but noiseless fans, water sprays, thermometers, dynamos, polished gauges, and a network of brass control pipes.

Through the agency of this machinery the climatic conditions of any country in the world can be reproduced in the Council Chamber and the large committee room.

A remarkable feature of the ventilated apparatus is that the effect of a sudden change in the outside temperature conveyed to the sensitive instruments in the room is immediately and automatically adjusted so that they promptly adjust their efforts toward maintaining an even temperature inside.

A fall of rain on the roof, or a spell of sunshine, are felt by the instruments, and they act accordingly.

More remarkable still is the fact that a single member coming into the Council Chamber when overcast automatically effects the entrance of an additional proportion of cool air to balance the sun's heat.

SIR ROBT. HONRE. (Toronto Globe) Gossip from London is to the effect that Sir Robert Horne, Chancellor of the Exchequer in the Lloyd George cabinet, may retire and become Chief Justice of the Bench.

Whether the rumors are true, however, give the rumor and popularity of Sir Robert. Only a few weeks ago he performed a most useful function in conferring with Sir Auckland Geddes on the question of the British debt to the United States, and it has been noted that he would visit Washington shortly and personally supervise the funding of the debt.

It is held by both the Chancellor and the Ambassador to Washington that it would be inadvisable, even if Washington agreed, to cancel this debt under present circumstances.

In the remote event of Sir Robert Horne retiring from the cabinet it is presumed that Winston Churchill would succeed him at the Exchequer, an office which, gossip says, he might have had when Sir Robert was appointed if he had not been absent, for one reason or another, in Palestine at the time the change was made.

Sir Robert Horne has been so useful to the cabinet that his retirement is one of those things that would not be expected, according to the rules prevalent in politics. His personality may be judged from the nickname he has long enjoyed of "Hall, Snalling Horne."

It has been said of one of the British statesmen hailing from north of the Tweed, writes Frederick Cunliffe-Owen in the New York Times, "that he was half Scotch and half soda." Nobody will ever say that of Sir Robert Horne. He is like his friend, Sir Auckland Geddes, all Scotch, and pre-war Scotch at that.

"He has a very keen sense of infectious humor, a contagiously cheerful expression, a persuasive voice, and, with an inexhaustible store of entertaining anecdotes, has achieved the reputation of being one of the very best story-tellers in parliament. No man at Westminster has so few enemies, and even most of his political adversaries there are his personal friends. Very tall, balding, clean-shaven, with bushy eyebrows, beneath them blue eyes that convey the impression of sincerity, he imparts confidence by the impression which he conveys of being thoroughly wholesome, alike in character and physique.

"The main feature of his work, in the conciliation of labor and capital, is that he has always managed to maintain and to enhance the authority and prestige of the government. Neither has he suffered through his tactful intervention, and in this fostering the confidence, alike of the employers and the employed in the administration he has proved a tower of strength in the Lloyd George cabinet."

TWO KILLED. Brattleboro, Vt., Aug. 19.-Two persons were burned to death and a woman, probably fatally burned, late yesterday when an aeroplane crashed during the dedication of a new flying field here. GRAVE FINANCIAL CRISIS IN AUSTRIA. Vienna, Aug. 19.-The financial crisis in Austria is daily growing in intensity and rumblings are heard forecasting a catastrophic unless means are found to remedy the situation.

An official statement issued to the newspapers says the central European problem is being discussed in the London conference, has assumed so grave a form that it may "press for practical solution earlier, perhaps, than the world expects."

The phrase "practical solution," as far as it concerns Austria, is construed to mean either a convulsive fusion with Germany or the disintegration of the state.

There is increasing business stagnation as more shops close their doors.

MISS MARGARET COTTER. Miss Margaret Cotter, daughter of Mr. and Mrs. John Cotter of Sussex Corner, passed away at the St. John County Hospital this morning. She leaves besides her parents five brothers, Edward of Glenelg, Albert of Patrick, John, Walter and Bernard all of Sussex, and one sister, Elizabeth of Montreal.

Up To The Minister. It was Sunday evening. The minister had arrived at "thirty," and the hour was nine. Suddenly he noticed a man sleeping-and in the front pew.

"Will you please wake up that brother next to you?" he said in a low tone to a man sitting beside the sleeper.

The latter replied loudly: "Wake him yourself. You put him to sleep."

THE PRICE OF COAL. Referring to a paragraph in a morning paper to the effect that H. A. Marvin of the Maritime Mail Co. had said a cargo of British anthracite now on the way would sell at \$27, Mr. Marvin informs the Times that he was misunderstood, as he did not quote a price on this cargo.

The Japanese freighter Ryokki Maru, of the Mitsui Bussan Kaisha Line, with a cargo of 2000 tons of coal, is in a sinking condition on a coral reef twenty days' sail south of the Mindoro coast.

The Bay on the morning train, and more are expected to go this afternoon. Rev. C. Clark, pastor of the church, accompanied the picnic.

STRIKER IS SEIZED AS TRAIN BOMBER

West Shore Detective Tells of Confession Implicating Forty Others - Prisoner Denies Story.

New York, Aug. 18.-Harold Grassfield, twenty-one, of 197 Monroe street, North Bergen, a striking railroad shopman, was arrested in connection with the investigation of the bombing of a West Shore railroad train on Sunday night near the Granton yards. He is locked up in the North Bergen police station, charged with unlawfully having explosives in his possession.

The warrant for the arrest was sworn out by Chief George Bardol, special police officer of the West Shore Railroad, who alleges that Grassfield admitted that he and forty other strikers had placed bombs on the tracks, "watched them go off and went away." Grassfield, when questioned by Chief Bardol, denied having been present at the time.

"I told that story to Bardol just to get what he would do to me. He is alleged to have told the police.

Grassfield says he was not near the railroad bridge on Sunday. He told the police that he played ball in the afternoon, had his dinner in a restaurant and that night went to a dance.

Tell Co. Grassfield says he was not near the railroad bridge on Sunday. He told the police that he played ball in the afternoon, had his dinner in a restaurant and that night went to a dance.

Bardol in his affidavit sets forth that the day after the explosion Grassfield told him that he and forty other strikers had placed bombs on the tracks, "watched them go off and went away." Grassfield, when questioned by Chief Bardol, denied having been present at the time.

"I told that story to Bardol just to get what he would do to me. He is alleged to have told the police.

Grassfield says he was not near the railroad bridge on Sunday. He told the police that he played ball in the afternoon, had his dinner in a restaurant and that night went to a dance.

Bardol also alleges that three weeks ago Grassfield was seen by him carrying a sack on his back on the Hackensack plank road, near the railroad yards, and that when the officer asked him what was in the sack, Grassfield answered "The officer in his affidavit alleges that he then asked Grassfield what he intended doing with the bombs, and that the latter replied, 'Blow up a coal bin.'

When questioned about this incident Grassfield said he intended to use the bombs at that time in a parade to advertise a block dance.

On Sunday night the Dumont local of the West Shore road was bombed as it was crossing a trestle over the Erie Railroad near the Granton yards.

The miners cannot expect to see the rails of the train in the morning. The railroad officials, the police and other authorities began investigations immediately and since then all had been working on the outrage.

Grassfield's father is an engineer on the West Shore Railroad. The police have a clue which they predict will result in adding to the list of names.

When Bardol was asked by Chief of Police Marcy why he did not take Grassfield into custody at the time he alleged Grassfield was carrying the bombs, the special officer said he believed the story told him by the striker.

Grassfield insisted that he was not there at the time while he did tell the special officer that strikes placed the bombs on the tracks, there were twenty-four in the train of the story involving him.

"I told him that I was not there," Grassfield declared. "He is a coal bin and I told him the story just to see what he would do."

LEADING HITTERS IN BIG LEAGUES. Chicago, Aug. 19.-Charley Hollocher, captain of the Chicago Nationals, has swung his batting stride which has swung his team mates in line with the hustling slugger of experts to finish fourth in the second division, is trailing the pair with 380.

George Sauer and Ty Cobb are entering the home stretch only six points apart for the batting honors of the American League. Sauer is out in front with an average of .405, six points ahead of Cobb, whose mark is .399.

The St. Louis star has played in seven more games than his rival. Sauer cracked out 182 hits, while Cobb made 158. Speaker is trailing the pair with 380.

Sauer continues to show the way to the base stealers with 37 thefts, and Ben, Detroit, is the best run getter with 10.

Ken Williams, leading home run slugger of the major leagues, failed to increase his circuit drive record, which remains at 30, but he has boosted his total mark to 276; Walker, of Philadelphia, is trailing with 24, and Ruidis is third with 23.

The other leading hitters for ninety or more games: John St. Louis, 339; Heinemann, Detroit, 338; Williams, St. Louis, 333; Ed Miller, Philadelphia, 332; O'Neill, Cleveland, 330; Galloway, Philadelphia, 325.

PICNIC AT GRAND BAY. As they were all ready and since the weather looked as though it might turn out fine, those in charge of the Fairville Baptist Sunday school picnic decided to take a chance and hold their outing today. A good number of the school children were present, and more are expected to go this afternoon. Rev. C. Clark, pastor of the church, accompanied the picnic.

THE REDS TO BLAME FOR THE STRIKE

They are Out For "The Destruction of The Capitalistic State."

(Cor. Halifax Chronicle) Sydney.-The attitude of the miners is largely due to revolutionary doctrines that were first taught these doctrines, the leaders of the strike are their property for the taking, and have announced that after August 15th, the date when the strike will be commenced "the constructive work of the revolution."

The Nova Scotia coal strike is not a mere labor dispute, it is a struggle between the capitalist and the proletariat, and it is a struggle that will result in the destruction of the capitalist state.

The miners of Nova Scotia have, willingly or unwittingly, followed the lead of the international convention of the National Association of Life Underwriters and the Life Underwriters of Canada, and also to take part in a conference of the Confederation Life Association field staff, which will be held at the King Edward Hotel and the Bigwin House.

Mr. and Mrs. E. Percy Olive and daughter Sybil of Arlington, Mass., who have been visiting Mr. and Mrs. S. M. Wetmore of 20 Martindale Road West St. John, will leave for their home by steamer this evening.

Frederick Hall, Mr. and Mrs. Frank L. Cooper are leaving this evening on a trip to Montreal and Toronto during their stay in Montreal. Mr. Cooper will consult a specialist in regard to his health.

Many War Widows Re-married. London, Aug. 19.-Canadian Press.-Nearly one-third of the 236,000 war widows in this country have re-married. The rate of re-marriage at one time was as high as two thousand monthly, but recently has dropped to something less than one thousand monthly.

PLAIN TALK FROM GLACE BAY PAPER. (Glace Bay Gazette, Thursday) A grave situation faces Glace Bay and the province of Nova Scotia today. Unless pumppen are at work at the collieries within the next twenty-four hours the miners cannot expect to see the rails of the train in the morning.

The situation at Reserve is said to be beyond all hope and fear. The water works at this morning that the pits there would never reopen.

A crisis has been reached at Waterford. The mines are fast filling with water and gas, and no effort is being made to save them.

Nothing is to be gained for the men by such tactics as the closing down of the power station and water works at New Waterford. It rather operates to their disadvantage for it deprives them of any public sympathy which they might have.

To deprive the community of coal for domestic purposes and the running of public utilities is no going beyond legitimate strike warfare. Even in ordinary warfare there are well recognized limits beyond which belligerents cannot go without entailing penalties for those who permit them.

Objection is taken to the bringing in of the military force which is stationed today at No. 2, but the need of it was demonstrated immediately upon its arrival. Instead of wisely showing by their demeanor that there was no necessity for troops some of the men at No. 2 greeted the arrival of the troops with a volley of stones, thereby proving that they were quite ready to resort to violence, and on very small provocation.

It is to be feared that those who object to the presence of troops here miss the essential point altogether. It is not so much a question of keeping the peace as it is of saving the pits.

What are Mayor Morrison and the war veterans doing to prevent the destruction of No. 2 colliery, the chief mainstay of the town of Glace Bay? Are they aware that the fires are out? Are the pumps and fans at a standstill and that the mine is filling up with water and gas? If so, what do they propose to do to prevent this wanton vandalism?

If the town of Glace Bay were burning and threatened with destruction would Mayor Morrison say there was no need of outside assistance because there was no disorder in the streets? This morning ex-President Baxter received a further telegram from John Lewis repeating his position regarding the situation here. President Lewis says in part:

"It is the policy of this organization to permit men to work to maintain properties and working conditions or prevent any damage to property so long as strike-breakers are not employed. This has been the policy of the organization during the great strike through the State this year which is now coming to a successful termination. I argue with all sincerity that necessary arrangements be made for men to give proper protection to properties."

"JOHN L. LEWIS."

COMING ORDINATION. On August 24th, Rev. T. P. Cashen will be raised to the deaconate in the Cathedral of the Immaculate Conception and on the following Sunday will be elevated to the holy priesthood at the 11:15 o'clock mass by His Lordship Bishop LeBlanc. The young man is a son of Michael Cashen, Sydney Mines, C. B., and a graduate of the University of St. Joseph's College in the class of 1917. He was a classmate of Rev. Roy C. B., and a graduate of the Holy Cross Order. He spent his novitiate in the institution of the order outside Montreal, and completed his studies at the Quebec Seminary. Father Cashen, after his ordination, will become attached to the teaching staff of St. Joseph's College, which is conducted by

BOY SCOUTS WATCH LEADER TROUCE TWO ARMED BANDITS
Raleigh, N. C., Aug. 19.—How Troy Baucum, a twenty-year-old Boy Scout leader, used his fists to impress the

principles of uprightness on two hold-up men, was related here by boys returning from the Scout camp near Morehead City.
The Scouts said their troop, headed by Baucum, was returning from a hike when it was stopped by two men armed with revolvers. Baucum rushed one with such a shower of upercuts as to disarm and disable him and then covered and disarmed the other with the captured weapon. He completed the lesson by thrashing the second offender and by lecturing both of them on the evils of

THE PEOPLE'S RIGHT.

In connection with the matter now absorbing public attention the citizens in St. John have but one object in view. They want light and power at cost and freedom from the clutches of the New Brunswick Power Company.

THE ACADIAN MEMORIAL.

The dedication of the memorial chapel at Grand Pré has excited the sympathetic interest of far more than the descendants of the Acadians. In it will be gathered relics of Acadian history and articles of historic value.

The decision of the government to be less lenient with violators of the prohibition law in this city is both wise and necessary. Conditions are bad. It is not pleasant to hear a man boast that he can get a drink in a score of places one after another when there is too much reason to suspect that he is not indulging in exaggeration.

The city council should confer at once with the New Brunswick Electric Commission on the contract for Musquash power. There is nothing to prevent such action and failure to proceed would create a bad impression on the public mind.

The week ends with a better prospect of terminating the strike of American railway shippers, but the whole country faces a coal shortage which will affect the industries for some time to come, and may yet impose great hardship on the householders.

In Maine the fuel administrator has ordered certain coal dealers of Portland to restore former prices on supplies bought before the price to them had advanced. He holds that they should be content with a fair profit, which seems reasonable enough.

The Nova Scotia government has taken prompt action to protect the coal mines. While the miners are idle special police will be busy, and the province will have to pay the bills for this as well as suffer the loss of fuel supply.

It is not found to be all difficult to recall signatures to the petition to recall the mayor. The selection of a strong candidate to oppose him is only a matter of a few days.

BRITISH CAPITAL

St. John and New Brunswick generally should be interested in the statement frequently repeated of late that British capital is more and more looking to Canada as a field for investment. With cheap power soon to be available, there will be opportunities here to establish many industries.

Every effort should be made to attract the attention of British capitalists to the advantages and opportunities offered by the maritime provinces.

GET THE FULL BENEFIT.

The Toronto Globe remarks that "the future is on the side of the water power districts" in this country. So far as New Brunswick is concerned the future is safe because the provincial government has adopted a policy which ensures that the people the full benefit of the water powers.

The New York Evening Post makes this biting comment on the efforts of the high tariff men in congress:—"Bumper crops are forecast in the government's bulletin for August. Hay threatens to break all records, with a total of 93,000,000 tons. So do sweet potatoes. While potatoes look good for the second largest crop ever grown. Like-wise peaches. The fourth largest crop of tobacco seems to be impending, as does a maximum crop of apples, while for the fourth time in our history crops promise to do its bit to the extent of 3,000,000,000 bushels. This is fine. We are evidently going to have a lot of farm produce to sell abroad. But how are we going to sell it if we erect so high a tariff that our prospective customers cannot sell anything to us in return?"

The strike situation in the United States has somewhat improved, in regard to the railways and some of the coal mines, but a coal shortage next winter is now inevitable. The Nova Scotia strike makes matters much worse for Canada.

Griffith sleeps with Farnell and O'Connell in Glenview Cemetery, but his last message to the people of Ireland will live. "Let the people stand firm for the Free State. It is their national need and economic salvation."

It is said that thirty school teachers from this province went west with yesterday's harvesters. That is a loss the province can ill afford, as it is said they will locate in the west and the home supply is not too large.

The New Brunswick coal mines do not have a large output, but they are flourishing at present, with no labor troubles except a scarcity of men to enable them to fill all their orders.

Premier Foster has called a meeting of coal dealers for Aug. 29 in this city to discuss the fuel situation. Practical results of value should result.

Ottawa, Aug. 19.—(Canadian Press)—Following the shooting of the governor general's match, the chief entries on the closing day of the annual meet of the D. R. Eastman-Langstroth. A quiet wedding was solemnized on Tuesday evening at the home of the bride's parents, "Wayside Inn," Hampton, when Miss Fannie S. Langstroth, daughter of Mr. and Mrs. William Langstroth, was united in marriage to Arthur H. Eastman, of Wollaston, Mass. by the Rev. G. Ross. They will reside in Wollaston.

Riordon-O'Brien. In the Cathedral on August 10, Rev. William Duke united in marriage Serena Isabel, daughter of Mr. and Mrs. James O'Brien, of Titusville, to George Riordon, of St. George. Miss Josephine O'Brien attended the bride, and Vincent Riordon was groomsmen. They will reside in Bangor.

Hay-Dorcas. Frederick Glenzer—The Presbyterian manse was the scene of a pretty wedding Wednesday afternoon when Miss Margaret May Dorcas, of Williamsburg, and Newton R. Hay, of McAdam, were united in marriage by Rev. Dr. Sutherland. They left on the evening train for Niagara Falls where they will spend their honeymoon before taking up residence at McAdam Junction, where the groom is in the service of the C. P. R.

MORNING NEWS OVER THE WIRES

News of a marvellous cure comes from the village of Cap de La Madeleine, Quebec. During the celebration of the eighteenth anniversary of the crowning of the statue of the Virgin Mother, the cure is reported to have been effected. It seems that a small girl was suffering from an infirmity, which prevented her from walking, but after the benediction of the Blessed Sacrament she took several steps. About 8.30 last evening lightning struck a barn, the property of Councillor J. E. McAuley, about three miles from Apohaqui, and in four hours' time his residence, general store, two barns, repair shop, and several out-buildings were reduced to ashes, entailing a loss of between \$20,000 and \$30,000, with insurance of only about \$7,000. Mr. McAuley was in St. John at the time of the fire and left for home on the Halifax train. The fire brought out more than 1,000 people to assist, but little was saved owing to the rapidity with which the flames spread. Of a herd of twenty cattle belonging to Harry Rogers of Woodstock, and pastured on the Houlton road, eleven were found dead and four missing yesterday morning. Those dead had apparently taken some form of poisoning, and it is believed that this was done deliberately and maliciously. The authorities are working on the case. The stomachs of the dead animals will be sent to St. John for analysis on order of the attorney-general. Warren Dignard, son of Amie Dignard of West Bathurst, was drowned on Wednesday night. The little lad was fishing off a boom when he slipped into the water. The alarm was given, but the child could not be located until the next morning, when grappling irons were used.

Mary J. Barlow, was knocked down by a motor truck driven by Harry Toole at the corner of Mill and Pond streets yesterday. She was not seriously injured.

About 600 harvesters left on the C. P. R. last night, and between fifty and sixty left on the Valley train to join the C. N. R. harvest special at McEgiver Junction. The C. P. R. men went out in seven cars attached to the second Montreal train. At McAdam they were joined by three cars from the Upper districts, and the train then proceeded as a special train of ten cars. Thirty school teachers left last night.

Gordon Grant, representative of the Federal Aid Council who recently made an inspection tour over the main trunk roads of the province has expressed himself as well pleased with the work being done by the provincial department of public works. Hon. P. J. Veniot, who was in the city last night, made reference to the visit of the federal representative and replied to some criticisms which had been levelled at his department.

Premier Foster has called an emergency meeting of the coal dealers of the province to be held in the government rooms in the Merchant Bank building on August 29 to consider the coal situation. The annual consumption of anthracite coal in the city is 40,000 to 60,000 tons and it is certain that the amount obtainable this year will not exceed half that amount. The annual consumption of soft coal is placed at 400,000 tons. With reference to the situation the local dealers are very reticent and do not wish to make any statements which might alarm the people.

There are now 376 men and fifty-nine women on the list waiting for work at the Employment Service of Canada office in the city, according to W. Ryan, the superintendent. There are openings for skilled miners and general laborers, and some skilled blueberry pickers can be placed.

The regular meeting of the trades and labor council was held last night in the Prince William street hall, with F. S. A. McMullin in the chair. The report of the delegates to the last three meetings of the United Organizations was read. It was announced that the drawing for the return tickets to the world's series games had been postponed.

NINE GUNMEN TAKEN BY LONE POLICEMAN

Punctures Tire of Fleeing Car With Shot and Covers Fugitives.

New York, Aug. 19.—Nine gunmen were arrested single-handed by Policeman Frank Franzese at Tenth street and Second avenue yesterday after, according to the police, they had beaten and shot at the non-union employes in two garment factories. As they passed the policeman in Tenth street in a motor car Franzese called on the gunmen to halt, and when they failed to obey, fired three shots, the last puncturing a rear tire and bringing the car to a stop. Covering the occupants, five of whom have police records and three of whom carried guns without permits, Franzese held them at bay with his revolver until Detectives Quinn and Murray of the Mercer street station appeared to help him put them under arrest.

DEAD, 7 PROSTRATED IN BOSTON WEDNESDAY

Mercury Reached 93 Once and was Above 90 for Five Hours.

Boston, Aug. 18.—The third day of the heat wave which has gripped this city since early Monday, resulted on Wednesday in three deaths and seven known prostrations. The mercury which reached scorching 93 as its highest point, remained above 90 for five long hours, and was responsible for thousands flocking to the beaches and other resorts to escape the scorching sun rays.

Four persons, including a mother and son, lost their lives in Eastern Massachusetts waters. Mrs. Alfred J. Demers of Worcester, seeing her 10-year-old son in danger in an Auburn pond, went to his aid. Both were lost.

After rescuing two little girls from drowning at Pembroke and while bringing in a third, Jeremiah P. Sylvester, of Quincy, fell exhausted in three feet of water and before help arrived he was drowned.

Mrs. Irene H. Forbes, of Melrose, lost her life in a pond when she leaped too far from the side of a boat while drying her hair, and fell into the water.

CRIME AND PROHIBITION.

(Halifax Chronicle.)
In a recent despatch from Ottawa there was a palpable attempt to misrepresent facts in the statement that "the measure of prohibition adopted in Canada shows so far but little neutralising effect upon crime in this country, according to an abstract of criminal statistics just issued for 1921 by the Dominion Bureau."

It is true, as The Toronto Star remarks, that the figures for the year show an increase in crime for the Dominion as a whole, including the wet provinces of Quebec and British Columbia. But either through carelessness or for ulterior reasons, no comparison is made with the years before prohibition came into effect.

Going back to pre-war days we find Canada is less given to crime and violation of civic by-laws than it was eight years ago. Take the following figures for example:

Number of charges of indictable offenses in 1914, 28,007. In 1921, 24,943.
Number of convictions for non-indictable offenses in 1914, 183,088. In 1921, 157,704.

Number of persons convicted of drunkenness in 1914, 80,067. In 1921, 34,392.
This works out to a reduction of 18 per cent. in the more serious criminal cases; 13 per cent. in the less criminal cases, and 42 per cent. in drunkenness as against eight years ago. And the census shows that in the last ten years the population of the country increased 21.95 per cent.

For reasons that can be readily imagined a certain class of citizens like to believe and spread the news that a crime wave has swept back and forth over the country since most of the provinces adopted prohibition. But, as the Star says, "it is a poor kind of citizen who thus slanders his own country."

PORTLAND DEALERS TOLD TO WITHDRAW COAL BOOST

August 19.—Fuel Director Andrew P. Lane Tuesday night wired certain Portland dealers that if the papers were correctly quoted they have advanced the price of bituminous coal from \$9 to \$10.50 per ton.
"This price should be withdrawn," says Director Lane in his telegram, "as the coal that you are offering at \$10.50

is based on old coal which you have contracted for, and does not cover the coal which you have purchased recently."
The state fuel administrator announced that it is informed as to the price of coal at the mines and then figure the cost of freight and other charges, and it intends to follow up all advance in price and give the information it obtains to the press. If the report of the advance in price is correct, the state fuel admin-

istration says that it does not believe that coal on hand and received previous to the present development should be sold at any price in excess of what was formerly charged.

MUTT, MEET ME! I'VE GOT A CAR!
BUT A CAR COSTS AT LEAST \$1000. AND YOU AIN'T EVEN GOT \$142! ALL YOU'VE GOT IS \$12.81

THIS IS A FRIENDLY CAR. A FRIEND'S GONNA GET AT ME FOR TEN BUCKS. I MIGHT AS WELL BE BROKE AS HAVE ONLY \$12.81

BUT, LISTEN—

A CAR WORTH ONLY TEN BUCKS WOULDN'T RUN IF YOU PUSHED IT DOWN A HILL! I WONDER WHO THAT IS?

WANT TO TAKE A RIDE, MUTT?

IN THAT THING? NO!

HE'S BEEN GONE TEN MINUTES. NOW IN THERE BOUNCING HIS BRAINS OUT! I CAN WALK FASTER THAN THAT CAR CAN GO! WHO KNOCKS?

MUTT, HAVE YOU GOT TWENTY FIVE BUCKS? I WAS ARRESTED FOR SPEEDING!

OLD MEMORIES AND MONUMENTS

(Staff Cor. Moncton Transcript.)
Grand Pre, the land made famous by the poet Longfellow, was, yesterday, the scene of much activity when the chapel recently constructed on the memorial park, was dedicated. The land today lies the same as it did on the fateful day of September 8, 1758, when the men of the Minas were called together at the church grounds and shipped off—the last of the ships that removed them leaving the Gaspe Peninsula late in December. Today, as in that fateful year, the visitor sees clustered homes with their gardens nearby, orchards with colorful fruit, cattle grazing on the marshlands, and everywhere an evidence of prosperity.
At the entrance of the grounds stands the bronze Evangelist looking back on Grand Pre laid in ashes under a December sky. She truly represents the event of the deportation of her people. Upon the road that leads from the village of Grand Pre to the church of St. Charles that became a prison, she depicts in her face the tragedy of that last march to the shore when the Acadian country was laid desolate. The visitors stand at her feet and there trace the limits of that Acadian Minas as it had grown from the coming of the first colonist from Port Royal in 1680 to a flourishing region of farms and villages with extensive dyked marsh lands beside all tidal waters.
And how fitting—an Acadian artist of Fitchburg, Mass., is presenting a painting of the memorial church of Grand Pre entitled "Le Miracle Acadien." In name and treatment, the painter, Richard, a descendant of the exile people, has made a picture that represents on canvas the fact of the rebirth and restoration of his race. Within the walls of the memorial church, dedicated yesterday, it will be one of the many things, to show who and what the Acadian people are.
A statue is to be erected to the mem-

ory of the poet Longfellow and it is also proposed to have erected a monument to the memory of Colonel Noble, who fell at the hands of the Indians soon after the 1755 deportation. This monument will be outside the park where the colonel's grave is said to be located. Mr. Thomas F. Anderson, 166 Essex street, Boston, is interested in this monument and is lending every assistance possible.
Miss Alice M. Longfellow, 106 Brattle street, Cambridge, Mass., a descendant of the late poet, is also expected to take a particular interest in the Grand Pre movement. Suitable signs are to be erected in the park telling tourists what happened there on those sacred grounds. There is the old cellar of the priest's home, the mound that marks the church, the fact that Acadian coffins were dug up at this particular spot, the famous dykes, mentioned by the immortal Longfellow, the trace of the old post road, etc., etc. All these, as well as the French willows, the Evangeline well, and everything historical, is to be marked.

CROPS A MONTH AHEAD.

Sussex Record.—The crops this season are practically a month ahead of last year. New oats are now on sale at some of the stores and from present indications potato digging will commence very shortly. Hay is about over and the yield has been large. Crops of all kinds are excellent and the harvest will be a bountiful one.

CRIPPLE WALKS AFTER 39 YEARS

Infantile Paralysis Victim Tries Out Long Disused Muscles After Operation.

New York, Aug. 18.—Frederick C. Birge, the fifty-three-year-old man who has not walked since he was stricken with infantile paralysis at the age of 14, took five faltering steps yesterday. Aided by crutches and with two nurses of the Hospital for the Ruptured and Crippled, where he has been a patient since last December, Birge stood upright for the first time in thirty-nine years and hobbled forward on limbs that he had long regarded as useless.
"I am mighty weak, but feel no pain," he said smilingly as they lowered him back in his invalid chair. "I can hardly remember what it feels like to walk as other men, but I believe I am going to learn again."
Birge's case has attracted attention all over the country, both among doctors and laymen. He was a boy in Middlebury, Vt., when he was attacked by infantile paralysis. His was the first case in Vermont, and doctors told him that there was no hope of recovery from the effects. His family had a farm near Middlebury, and young Birge got himself a wheel chair and with his sister managed the place for years.
A year ago the United Hospital Fund of New York learned of his case and he was brought here and placed under the care of Dr. Armitage Whitman, assistant surgeon of the Hospital for Ruptured and Crippled.
Dr. Whitman's examination disclosed

that the big leg muscles had contracted, so that it was necessary to perform several operations, relieving the tendons. The patient's limbs were in a plaster cast for more than thirty weeks. They chose yesterday, the thirty-ninth anniversary of his being stricken, to take the casts off.
Dr. Virgil P. Gibney, surgeon-in-chief of the hospital, said that Birge would have electric treatments and a course of massage to rejuvenate his muscles.

THOUGHT DEAD IN FOREST FIRE BUT STILL ALIVE

(Canadian Press Dispatch.)
Duluth, Minn., Aug. 18.—Ten persons believed to have perished in forest fires in northern Minnesota were reported to be safe this afternoon. A special detachment from Bismark, Minn., said that six members of the Neimich family who were thought to have died at Markness, were reported to be safe in a nearby town. The family, which was reported to have been burned in the White Face district, escaped the flames by automobile, according to newspaper advice late today.
Swinging from the southwest to the northwest early today a fifteen-mile wind was fanning forest fires in the Kelsey, Cotton and White Face districts, placing the three towns in a more precarious position than yesterday. The shift in wind is regarded by forest rangers as anything but satisfactory. It is estimated that more than 200 fires are burning in the forest sections of the state, the majority of them being in past bogs, but the tinder-like conditions of the woods make even the smallest fire a potential menace.

OLD WOMAN CURED; WAS DEAF AND DUMB SINCE GIRLHOOD

New York, Aug. 19.—The strange and unexplained curing of an old woman, deaf and dumb since girlhood was told yesterday in the following account from the Federation for the Support of Jewish Philanthropic Societies, 114 Fifth Avenue.
"Lena Stein, thought to be between 80 and 85 years old, after having been deaf and dumb since her early adolescence, is recovering both hearing and speech in a manner which puzzles the physicians in charge of the Federation of Jewish Philanthropies' Home for Aged and Infirm Hebrews, 109th Street, near Columbus Avenue, where Miss Stein has for the last twenty-five years been an inmate. The recovery and the use of ears and vocal cords followed a severe attack of pneumonia of last winter, from which Miss Stein, or 'Polly,' as she is known to all of the 830 inmates of the home, is slowly recovering.
"Because of her long period of deafness, Polly had forgotten all she knew about the German language, which she learned at Frankfurt-on-the-Rhine when she was a girl.
"Dr. S. Newton Leo, who has been in charge of the medical treatment of the inmates ever since Polly came to the home, is unable to account for the recovered use of these organs, except that he feels a general improvement in physical condition, despite the ravages of pneumonia, had had something to do with it.
"It is remarkable enough," Dr. Leo said, "to see a woman who must be close to 85, and perhaps is even older than that, withstand a severe attack of influenza followed by pneumonia. This Polly has done three times in the last five years. During the convalescence from the last attack, which took place about ten months ago, Polly had regained her hearing and has been struggling to use her vocal cords. Some of the old women in her sick ward are able to understand a great deal of what she says, and more than I can recognize in an old German expression which she used decades ago.
"Experts examined this lady when she first came to the home and pro-

Modern Home-Dyeing is more than a mere money saver

It offers an easy way to beautify the home—an increased opportunity for tasteful dressing—to express individuality—to increase self-respect. SUNSET enables every woman of good taste and judgment to accomplish wonders with old or new fabrics in a pleasant, thirty minute operation.

Silk, wool, cotton, linen or mixed fabrics may be dyed the same depth of color *permanently* in one dye bath. SUNSET cleans as it dyes, thus saving a long and arduous operation.

SUNSET maintains the 'sheen' on silk and the 'finish' on cotton and wool so perfectly that SUNSET dyed materials do not have that dyed-over look.

Today is SUNSET day, time to dye the SUNSET Way.

M. T. KANE,

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest on 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmaturing coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

CAMPOBELLO ISLAND
FOE TO HAY FEVER
Have of Rest for Afflicted, Victims of Disease Declare.
New York, Aug. 19. - Campobello Island, New Brunswick, is the most favorable spot that has yet been discovered on the American continent for the victim of hay fever. This is stated in an announcement made by the United States Hay Fever Association, as the result of investigation by members of that organization.

Statistics compiled by the association indicate the highest rating, and is recommended as a comfortable vacation place for those afflicted with hay fever. Forty-eight members of the association visited Campobello, and all were immune while there. Sixteen visited Montreal. Three were immune, six partially immune, and seven went right on sneezing.

A TRAVELING CLINIC.
Halifax Chronicle. -Arrangements are now almost completed for the placing of a Red Cross mobile clinic in Lunenburg county, similar to the one which has carried on such excellent work in the counties of Antigonish and Guysboro. The clinic will spend one month in Lunenburg and will endeavor to reach those districts where medical and dental service is not easily available. The medical sections of the clinic will deal only with tuberculosis and will be in charge of a well known tuberculosis expert. The clinic will begin its tour on Tuesday, August 22.

LIBRALS OF ONTARIO
TO HONOR PREMIER KING
Ontario Liberals, men and women, are uniting in a great testimonial banquet to Premier Right Hon. W. L. Mackenzie King at the King Edward Hotel, Toronto, on the evening of August 30. Following the banquet, at which Ontario ministers in the Dominion cabinet will be guests, a reception will be held by the prime minister.

The testimonial banquet will be held in connection with the annual meeting of the Ontario Liberal Women's Association in the Gage Institute on August 30, and there will be an executive meeting of the Ontario Reform Association in the King Edward Hotel the following day. E. Wellington Hay, the Ontario provincial leader, will also attend both meetings and speak at the banquet. Right Hon. Mr. King will be the guest of the directors of the Canadian National Exhibition on August 28.

FUEL PROBLEM WILL BE GRAVE

Secretary Hoover Says There Will Likely Be Rationing During Winter—To Halt Profiteering.

Washington, Aug. 18.—Although the administration is convinced that the coal strike is on the verge of solution, it realizes that the effect of the struggle is far from over and that the problem of fuel will be a serious one all winter. Coal conservation and coal rationing will be necessary throughout the fall and winter, in all probability. They certainly will be if the railroad strike is not settled. The administration is considering a proclamation to the public to conserve coal by cutting down on advertising lighting and expensive illuminations in the cities, as was done during the war.

Congress, Secretary Hoover announced today, will be asked within the week for passage of legislation for controlling coal prices and to provide for continuation of the Federal distribution organization formed since the strike to prevent a famine next winter.

Coal operators, Mr. Hoover declared, are very generally breaking away from the fair-price agreements, and legislation will be required to prevent profiteering. A week will be needed, he said to study the depth of the nation's coal problem before proposed legislation can be drafted covering a Federal fuel organization created by law.

APPLES WILL BE WANTED.

Trade Commissioner Predicts Better Old Country Demand This Year.

"There should be a very fair demand for Ontario apples in Great Britain this year," stated J. Forsythe Smith, Dominion Fruit Trade Commissioner stationed in the Old Country, to The Toronto Globe.

"The crop in England is by no means a good one," continued Mr. Smith, "and prospects on the continent are only fair. The buying power of the British public, on the other hand, has increased since last year."

Mr. Smith advised shipping in barrels except for fancy fruit such as the Snow and McIntosh, and claimed that the most had been made by barrel shippers during the past season. There was a tendency for the British family to buy apples by the box, he claimed, but this may have been only because box apples were extremely cheap last year.

One factor mentioned by Mr. Smith may help a good deal in stimulating the British market. "The United Fruit and

HUNT FOR JEWEL THIEVES.

Gloucester Police Without Clues to Tener Home Robbers.

Gloucester, Mass., Aug. 19.—The police were without clues as to the identity of burglars who stole jewels valued at \$7,000 early Monday morning from the summer home at Eastern Point of George F. Tener of Pittsburg, a brother of former Governor Tener of Pennsylvania.

The jewels included three large diamonds valued at \$3,000. They were removed from Mrs. Tener's room, which was unoccupied Sunday night. A ladder was found near the house.

**A JOY RIDE WITH
A FATAL ENDING**

One Life Crushed Out and Another Despaired of From Accident at the Gore Bridge.

(Toronto Globe.)

The expected happened on the outskirts of the town, at the "Gore" bridge Tuesday evening, and one life was instantly crushed out in an automobile "accident." Another life now hangs by a slender thread.

Alden Clarke, of Woodland, about twenty years of age, borrowed a car belonging to his uncle, and with three other young men of about his own age, Ray Lanigan, Wm. Boomer and Waldo Harbell, drove to Calais.

There they gathered in four young women, Genevieve Marshall, Freda Doucette, Norma Stinson and Elisabeth Harmon, all in their teens or not much beyond, and started for a dance at St. Andrews.

The bridge at the "Gore" near the old Eaton tannery, is approached at either end by a considerable curve. When this bridge was rebuilt about a year ago it was generally hoped that it would be built a few feet up-stream to avoid these curves, but this was not done. That, however, has nothing to do with this accident for it has constantly been crossed in safety.

The approaches are walled on either

side by substantial posts surmounted by heavy planks about four inches thick by six inches wide. The car Tuesday evening swerved from the road and collided with these posts on the up-stream side, snapping two of them and tearing a third from the ground.

The heavy top rail swung as on a pivot, sweeping the car and causing the fatality, while a section of the lower

rail was firmly wedged the whole length of the car, between the axles and the body and close to the wheels.

In the car, four of the young joy riders occupied the front seat and four the back seat.

It was a five passenger Gardner car comparatively new.

Genevieve Marshall, a daughter of Mrs. Samuel Marshall of Calais, was one of the occupants of the rear seat.

The heavy timber demolished the radiator, then passed over the hood and the tops of the seats, demolishing the raised top as the car headed down a slight embankment.

Miss Marshall was instantly killed. She was bruised about the chest and a main artery severed.

Clarke was cut about the head and bruised about the body. He was taken to Chipman Memorial Hospital in an unconscious condition. Last evening he was still alive but had not regained consciousness.

A car coming towards town brought the party to the hospital and it was narrated that beyond what has been narrated the others, almost miraculously, escaped severe injuries.

Dr. Lawson, coroner, was summoned and empanelled a jury. Evidence of those in the party and of others early on the scene was taken and a verdict of "accidental death" returned.

**CANADIAN ADOPTION
OF LABOR DECISIONS
WILL BE DISCUSSED**

Dominion Trades Congress Will Consider Eight-Hour Day and Protective Legislation — Employment of Troops Probable Subject.

(Canadian Press Despatch.)

Montreal, Aug. 18—Recommendations for legislation putting into effect the decisions of the three annual conferences of the International Labor Organization which grew out of the Versailles treaty, will be the main subject debated at the thirty-eighth annual convention of the Dominion Trades Congress which opens

in Montreal on Monday next. These decisions include an eight hour day; protection of women in industrial pursuits and agriculture, and protection of children.

The situation in the Nova Scotia coal fields will, it is believed, also be dealt with, and the question of the employment of military force will be raised by delegates from that province.

**GIRL HURT IN A
MOTOR COLLISION**

Campbellton, Aug. 18—John Connors and family and niece, Miss Bella Martin, met with a bad accident recently while returning from Bathurst. When nearing Jacques River, running at from twelve to fifteen miles an hour, after noticing a narrow culvert Mr. Connors stopped the car, but was run into by a

fast speeding car, damaging both

sideways. Miss Martin is suffering from a fractured hip in the Hotel Dieu here. The rest of the party escaped without injury.

**Two Ships Sunk,
Another Abandoned
In Chile Storm**

(Canadian Press Despatch.)

Santiago, Chile, Aug. 18—Much damage has been caused by a heavy storm that has raged over central and southern Chile during the last two days. The

steamer Antofagasta, 2,900 tons, ran aground and was abandoned, while the steamers Alga, 640 tons, and Ulma Esperanza, 846 tons, sank off Valparaiso. There was no loss of life. The storm today was abating.

**HARVESTING GENERAL
IN WEST THIS WEEK**

Winnipeg, Aug. 19—The Canadian National Railway crop report for the week ended August 12 confirms reports that conditions have been materially improved in Central Saskatchewan and Alberta by heavy rains that fell during the week, and throughout the ex-

tensive area that had been suffering from a prolonged lack of moisture there will now be a fair crop, prospective yields being estimated at from eight to 20 bushels per acre, and in some localities more. Harvesting is now in progress in three Prairie Provinces and will be general everywhere this week.

In Manitoba and Southwestern Saskatchewan, and in the Carrot River Valley, Central Saskatchewan, heavy yields of all cereals are indicated, yields of 40 bushels per acre being reported for wheat, 35 for barley, 80 to 85 for fall rye, and from 60 to 110 bushels for oats.

Home Preserving and Canning Outfit

Comprising one 18-quart Enamelled Cook Pot with Wire Rack to hold six 1 quart jars, which lifts out bodily without fear of breakage.

SPECIAL FEATURES
Size of cook pot (in Enamelled Ware—the Clean Ware)
Top 13 inches. Depth 9 1/2 inches.
Fitted with Enamel Cover.

- The jars are kept above the floor of the boiler, allowing free circulation of the hot water and preventing the bottles from cracking.
- Each single jar can be removed separately without interfering with the others.
- Six one-quart jars of either fruit, vegetables or meat can be handled and separated at one time.
- When not in use as a canner, the large enamelled round kettle can be used for other cooking requirements.
- It represents a plain, strongly-made, efficient kitchen tool which increases the efficiency of the cook, and tends to improve the flavours and food values of the varied products which can be prepared in the canning way.

This simple equipment makes canning a joy instead of a task

Fruit juices, Marmalades, Jellies and all Preserves, Vegetables or Fruit, are greatly improved if canned in the Cold Pack way. The fresh garden taste has not been destroyed, the natural color of the fruit is preserved, and none of the food value is lost. Everything is evenly and perfectly cooked. The use of this outfit makes home canning certain of success. An attractive, bright colored tag is attached to each rack, giving full instructions as to how it is to be used and operated.

These outfits are supplied in two colors—**COLONIAL GREY and PREMIER BLUE** with white lining.

Complete Enamelled Outfits make housework easy at Preserving time. They represent a real help—are sanitary and easy to clean. On sale at all the better hardware stores.

It is located on the Old Orchard Beach road, near Pine Point, Me. Mrs. Brown has had charge of this business for Fred Snow, one of the leading packers. It has been such a success this year that she is planning on enlarging the building next year. There is an up-to-date dance floor and large piazza that overlooks Old Orchard.

LEG CUT OFF IN C. N. R. YARD TODAY

Henry F. LeBlanc in Serious Condition at Hospital — Stepped From Between Cars on Side Track

Henry F. LeBlanc, a yardman, belonging to Moncton, had his leg cut off this morning, when he was run over by a light engine, just opposite the yard office in the C. N. R. yard.

After the Hampton suburban had arrived at eight o'clock, according to an eye witness, a shunting engine of which LeBlanc was a member of the switching crew, hitched onto the rear end of the train and pulled the cars away and onto the cut-off track, to allow the engine of the Hampton train to proceed down the main line to the engine shed. Just as the engine came down the main line, LeBlanc stepped out from between the side-tracked cars, directly in the path of the engine. He was knocked down and his leg was run over and crushed just above the knee. He was rushed to the hospital in the ambulance, where it was found necessary to amputate his limb above the knee. Late reports from the hospital this morning were that his condition was very serious.

EXILE FROM RUSSIA AGAIN ADOPTED

Moscow, Aug. 19.—Exile, one of the chief punishments resorted to under the czarist regime, which banished many of the present soviet leaders, appears to have again been adopted in Russia, as banishment abroad or within Russia of political offenders, without trial, is decreed in an order by the central executive committee, just published in Ivestia. The term of banishment, by the decree, is limited to three years.

EXTEND DAYLIGHT SAVING PERIOD

Montreal, Aug. 19.—Upon the protest of the Canadian National, Canadian Pacific, Grand Trunk and other railways as voiced through the railway association of Canada, against the proposed reversion of this city to standard time on Sept. 1, the city council yesterday agreed to let summer time remain effective in Montreal until October 1, as originally planned.

PREPARING FOR THE EXHIBITION

Big Event Opens Three Weeks From Today — Record Entries Expected in Some Classes.

Three weeks from today the St. John Exhibition will hold its official opening for the year 1922 and many things must be changed and got into shape before that date.

When the Times reporter visited the buildings yesterday he found everywhere this year is assured by the fact that the city's coming workers, the Boy Scouts, will have this as their job. The various scouts will work and turn in their money to their troop funds, thus aiding both the exhibition and the scouts. Maybe, who knows, they have visions of a camp somewhere next summer under just such green and fragrant cedar.

The repairs are about completed except to the grounds themselves and these will be rushed through in good time. The dog show is about ready with all the benches placed and everything ready for the canine boarders. The cattle sheds are ready except for the erection of a partition between those cattle which have passed the accredited tests and those not under this system.

The poultry show is beginning to take form and some idea has been formed of its completeness. In this department demonstrations will be given by a government official and there will be attendants on hand all the time to demonstrate. The specialties in this department will be as follows:—Tuesday, 2:30 and 8:30 o'clock, killing and plucking demonstration; Wednesday at 2:30 o'clock, caponing demonstration; Thursday at 2:30 o'clock, the question on the provincial egg-laying contest featured.

The pens for the sheep and swine are ready but it is expected, from the number of entries already on hand, that the accommodation for sheep will have to be increased as was the case last year. The number of sheep entries has been increasing steadily for the last ten years and are today almost double what they were in 1912, while the prize money given has easily doubled in the same time.

Parking of Cars.
In regard to the matter of car parking there will be special facilities on the grounds and free parking places will be provided on Broad street. This matter is being looked after by Commissioner Theobald. The Retail Merchants Association are endeavouring to arrange for other places in the city where cars may be left without the city's present feeling that the thirty minutes is up and a cop is probably taking their numbers.

The space inside the building is all gone and some people have had to be turned down when they applied for exhibit room. The midway privileges has been let to Ben Williams the man who was in charge last year. The dining-room this year will be in the hands of the women of the Tabernacle Baptist church. The kiddies' delight, the fireworks, are on their way to the grounds from the D. W. Hand factory in Hamilton, Ont. An expert has been engaged to set them off and to see that the finest possible effects are reached.

BOARD OF HEALTH SPECIAL MEETING

Drinking Water Said to Be of Good Average Quality — Interesting Reports Submitted.

At a special meeting of the sub-district of the board of health yesterday afternoon Dr. H. L. Abramson, bacteriologist, reported that the water for drinking was of good average quality and there was no need for preventative boiling. Dr. T. Fred Johnston reported that in June and July 4,765 animals had been killed for food purposes in the city exclusive of swine. He also reported on the war against impurities in milk. Miss S. E. Brophy, reporting on the tuberculosis act by the reports from sanitary inspectors outside the city as well as the city inspectors. Dr. Mabel Harrington submitted a report on her work as medical inspector of schools. It is a tribute to the efforts of the board of health to care for the health of the children. The report of the Victorian Order of Nurses gave interesting information on child welfare work.

CLAIMS EXPOSED RAIL DID DAMAGE

An Overland sedan, owned by Glendon H. Allen, was badly damaged last evening near the highway bridge on the western side of the Reversing Falls. Mr. Allen was driving to Fairville and started across the street railway tracks, when his automobile struck one of the exposed rails and was thrown a considerable distance. The owner notified the company of the accident and demanded that someone in authority be sent to the scene. He refused to allow anyone to touch the car until the details had been noted by an official of the company, and as a result street car traffic was held up for some time. Mr. Allen contends that the accident was a result of the exposed rail, which, he claims, is a menace to automobiles or any type of vehicle traffic. He claims his car, which he only purchased recently, is practically ruined as the engine, gears, etc., are broken.

COAL AT CHATHAM

A Chatham paper says: "The coal situation is serious in Chatham at present, as there is scarcely enough coal to keep industries going. The pulp mill needs thirty-five tons a day for pulp making, and it has only five days' supply on hand, with poor prospects of any arriving in time to save the situation. The J. B. Snowball Co. will use up all the coal they have for purposes in a week."

Striking Features of the New Dresses

Individual models have reached Magee's representative of every turn of the fashions. Embroidered trimming is still in vogue in colors just quiet enough to touch a note of distinction. Embroidery with beads enters the scene and leather girdles join the steel.

Silk braid is prominent in some dresses, in others a self strap effect caught with a self girdle. Navy tricotines come in contrasts with canton crepe and steel creponge for cuffs, for insets and panel notions. Serge appears with a hairline.
