STATEMENT BY DOMINION CANNERS' REPRESENTATIVE

Toronto, Nov. 20.—Referring to the G. W. V. A. charges, which allege that canned goods unit for human consumption were supplied to the British War Department by Canadian firms, and which despatches from Ottawa would indicate are to be pressed in the House of Commons, C. L. Marshall, Toronto representative of the Dominion Canners, said yesterday that, in view of the fact that all of his firm's products made for the consumption of overseas troops were passed twice by government inspectors, both on this side and Britain, it was difficult to understand how they would not be as they should have been.

WORKING MEN'S SALE AT OAK HALL IS VERY POPULAR

The class of wearing apparel being offered by Oak Hall this week at their Working Men's Sale has proved a great surprise to the hundreds who have already taken advantage of this opportunity. They expected real Oak Hall bargains of course, but knowing that prices have advanced considerably during the past year and that real quality merchandise has been very hard to procure, they did not believe it possible to get such splendid values for so little money, as this opportunity has offered, and they have certainly taken full advantage of it by buying in complete winter outfits in hosiery, underwear, sweaters, shirts, night shirts, overalls and many other lines of wearing apparel.

MORNING NEWS OVER THE WIRE

A Balshovich wireless message says that the army of General Yudenitch on the Petrograd front has been cut in two, eleven natives were killed and sixty wounded during a riot in Cairo on Tuesday. British troops fired on a crowd which was besieging a police station. Order resumed yesterday. It is expected that the Sinn Fein members will take their seats at Westminster for the first time when the government announces its Irish government bill. Countess Markievicz is expected to appear to forestall Lady Astor as the first woman member of parliament.

At a meeting of Jewel Rebekah Lodge No. 6 last evening twelve new members were initiated. Mrs. Helen Nelson, noble grand mistress, presided.

It is reported that the Nashwaak Pulp & Paper Company have purchased a site at South Devon for a new pulp and paper mill. The property consists of twenty acres located near the mouth of the Nashwaak river.

William Stewart, formerly of the firm of Sinclair & Stewart of Summerside, P. E. I., has taken up his residence in St. John. Mr. and Mrs. Stewart are now guests of their daughter, Mrs. Philip Nase, Carrell Hall, where they will make their home until they can find a suitable residence in the city.

At the first regular meeting of the Retail Clerks' Association held last evening with A. C. Wilson in the chair, a committee of management was appointed to interest the clerks in the city who have not yet joined the association. About 150 members are now enrolled.

The Victory Loan returns are gradually being straightened out, but there are very few changes from Tuesday's report, although York county reports that it is running close to \$1,750,000 and Westmorland's total up to date registers \$1,615,700.

The Badminton Club of St. David's church held a reorganization meeting last evening and the following officers were elected: Allan Crookshank, president; Miss Blenda MacIntyre, vice-president; Miss Elizabeth Campbell, secretary-treasurer.

The Women's Missionary Society of the First Presbyterian church, Carleton, held its annual thank-offering night last evening and was addressed by Mrs. C. F. Sanford, who gave a very interesting talk on mission work in general. A solo given by David Allan, was very well received. Rev. Dr. Morison presided and there was a good attendance, all present greatly enjoying the meeting.

A pleasant evening was spent by the members of the Newfoundland Mutual Benefit Society and Marlborough Lodge, Sons of England, in a joint social entertainment last evening. Excellent speeches were delivered by E. J. Funder, Isaac Mercer, Charles Ledford, A. J. Green, E. A. Lawrenson, E. W. Thomas, W. Roberts and P. H. Lewis. Musical numbers were contributed by E. C. Tremaine, W. J. Blackwall, R. E. Storey and N. J. Curtis, after which refreshments were served.

Grant Hall, vice-president of the C. P. R. corporation, who is in the city inspecting the facilities of the company here, said last night that he had looked over the West Side docks and, after a few minor improvements were made, everything would be in readiness for the opening of the winter port business. He did not expect, however, that the new baggage shed would be ready for the first boat but it would probably be completed during the early part of the season.

CHINESE IMBIBING WESTERN MORALS New York Court Called on to Decide Divorce Suit of Orientals Main Guy acted as interpreter in the court proceedings, and Luu, who is 45 years old, testified that he had married his wife, Ange Luu, in Canton, China, in April, 1917. He had previously lived in New York, and after the marriage returned to the city and opened a restaurant in Bayard street, bringing with him his twenty-one-year-old bride. Soon after arriving in New York the plaintiff's wife, he said, left him, and according to the husband's testimony, went to live with another Chinese restaurant owner, Ung Luu, in Eighth avenue, near 125th street.

KILLED FOR TWELVE CENTS London, Eng., Nov. 19.—While climbing into a lift well to recover a sixpenny piece which his friend had dropped, Harry Lawles, aged seventeen, a G. P. O. employe at Denman street, S. E., was crushed to death by a counter-weight weighing 25 1-2 cwt. In continuing the evangelistic services on the West Side, Rev. Dr. M. S. Rees last night spoke to a very large and attentive gathering in the City Hall on the subject, "Where Shall I Spend Eternity?" He took as his text Matthew xxv:46. He said that the term eternity is in comprehensible. The question whether we spend it is an important one and a personal one and must be determined in this world. There will never be a declaration of war against socialism or liberalism or any other ism to push aside the fact that, as we live and die, we shall forever be a part of eternity. According to the life you are living here you will spend eternity will be determined. "Behold, now is the accepted time, now is the day of salvation."

A large congregation assembled in St. David's church last night at the third of the series of week night services. Dr. Clark conducted the opening exercises; Mr. MacKeigan made the announcements and St. Andrew's choir had charge of the music, rendering a very fine anthem. Mr. MacKeigan announced that the services would be continued tomorrow night and Friday, Friday night's service being of a special nature preparatory to Sunday's communion, and at that service an opportunity would be given to any who wished to unite.

In the sealed package, you get not only full weight, but full flavor, full strength and all the good qualities of Red Rose Tea protected against the air, odors and dust. New York, Nov. 20.—Justice Vernon M. Davis of the supreme court will within a few days decide what is said to be the first Chinese divorce suit brought in the state of New York. Ex-Alderman Frederick A. Ware, author of the "peace treaty" between the On Leong and the Hip Sing tong of Chinatown ten years ago, appeared as counsel for the complaining husband, Luc Won. Main Guy acted as interpreter in the court proceedings, and Luu, who is 45 years old, testified that he had married his wife, Ange Luu, in Canton, China, in April, 1917. He had previously lived in New York, and after the marriage returned to the city and opened a restaurant in Bayard street, bringing with him his twenty-one-year-old bride. Soon after arriving in New York the plaintiff's wife, he said, left him, and according to the husband's testimony, went to live with another Chinese restaurant owner, Ung Luu, in Eighth avenue, near 125th street. The papers show that when the process was served on the defendant she was in company with Ung, both greatly interested in a Chinese baby which the defendant wife held in her arms.

HERE'S A NEW ONE

The Woodstock Press, the organ of the provincial opposition and of Hon. B. Frank Smith, furnishes a new indictment against the old government.

The action in the chancery court whereby the provincial government has sought restitution of certain moneys from Hon. J. K. Fleming of Woodstock, alleged to have been voluntarily contributed to him by Mr. A. R. Gould and the Prudential Trust Company for election purposes, will not be further pressed for the present at least, owing to the serious illness of Mr. Fleming.

If it be true, the old government conceded from the people facts which the people had a right to know. Who were the persons who appealed to that government not to divulge the fact that they had done as Mr. Fleming did?

HOW MAINE WAS SAVED

They are still laughing in the United States at the action of the senate regarding Sir Andrew Macphail's proposition in an article in the University Magazine, that northern Maine should be ceded to Canada, to give this country better access to the sea.

"Maine is saved to the Union—saved only in the nick of time. Had it not been for Senator Johnson of California, who discovered only yesterday the horrible fate hanging over her, and for the late Hale who passed through today at the last minute a reservation protecting her, Sir Robert Borden and Lloyd George might at this very moment be plotting no less than the dismemberment of this sovereign state through the League of Nations. But the country need have no fear; they have been foiled."

The manner in which Maine was saved is described in the same entertaining way by Mr. Stokes. We quote further:—"Picture, then, the California Senator wending his way home to Culver Mansion, near Riverside, last night, through the ill-lighted streets of the national capital, conscious of a week well spent and wondering only if overnight he cannot reach the door to further amendments and reservations is shut forever by the adoption of closure, devise some way of putting a few finishing touches on the treaty which he loathes so well."

"Fancy him further, dinner over and the dishes cleared away, drawing a chair before the fire and opening the familiar pages of the Gospel according to St. Cabot, more widely known, perhaps, among laymen than the Bible."

"Senator Johnson realized that there was not a moment to lose. The Senate was to meet at ten o'clock in the morning, and to vote on closure at eleven, after which no more amendments or reservations might be introduced. It may be imagined with what trembling fingers he clipped the tell-tale columns from the Transcript, how he rushed down to the Senate and at the very first available moment asked leave to have the article printed in the Record, and then, without stopping but for the briefest possible exposition of the contents of the article, sought out in the lobby the Senator from Maine and told him how Great Britain was going to steal 8,000 square miles of territory of that State unless he took action to prevent the steal within the next thirty-five minutes."

"The effect on Senator Hale of this staggering revelation may easily be conceived. What! All of Aroostook and most of Piscataquis, Penobscot and Somerset counties to become foreign soil? Moosehead Lake and Kineo, Millinocket, Seven Islands, and the Allegash, shimmering waters of Chibougamau, took, Umbagogous and Lobster Pond, not to mention Patagonomus Lake and the rapids of Fish River—all these to be Maine's no more! From his first casual and horrified study of the map it looked to Senator Hale as if even Patagonomus might have to go. Hurriedly he pencilled and sent to the desk this amendment to the pending reservation, insisting on the right of the United States to decide what questions are within his domestic jurisdiction, and refusing to submit them in any way to the consideration of the League of Nations."

"And all questions affecting the present boundaries of the United States and its insular or other possessions. It was so hastily scrawled that the clerk had difficulty reading it to the senate. And it fit in only just in time. Not forty seconds later Vice-President Marshall laid the closure motion before the senate. By such narrow margins are empires saved."

The peace treaty failed to pass the United States senate. The Republican leaders have had their way. The whole question will come up again next session, but for the present no action is taken. Failure to adopt is the result of reckless partisanship. It cannot be believed that it represents the sentiments of the majority of the people of the United States. These Republican senators have made of themselves and their country a sorry spectacle.

While the prospect of a soft coal famine confronts the United States, we are told there is to be a strike at Minto because the miners will not accept the award of the conciliation board. The quantity of coal mined at Minto is relatively small, but to cut off the supply would injuriously affect a number of industries.

The Soldiers' Comforts Association made a splendid record during the war, and its work was of incalculable value to the men in the field. In devoting the balance of its funds to the welfare of soldiers' children it fitly crowns a worthy career. The women who devoted so much time and energy to its work deserve the lasting gratitude of soldiers and their families.

In Winnipeg there is a straight fight in the civic election between labor and the Citizens' Committee. The latter is fighting for the defeat of every labor candidate. This is a result of the strike last summer, and the outcome will be awaited everywhere with keen interest.

One of the duties of the new Commercial Club will be to check corporate greed and prevent the exploitation of the city by private interests. This is as essential as any other task the club may undertake.

It is announced that the Canadian government will proclaim a naval policy in the near future. It is quite safe to say the old Borden policy will not be revived. It was a makeshift and a delusion.

The British policy in Egypt looks to self-government in that country under British protection. That is the purpose of the new constitution, and it is in accord with British precedent.

The Bolshevik hope, it is said, to strike England by a movement in Turkestan and Afghanistan, aimed at India. Bolshevism is a world menace.

The question of the open shop has been raised in Moncton, where union men have refused to work with non-union men.

The civic grant of \$5,000 clears the way for the programme of work already planned by the vocational training board in this city.

With 115,000,000 gallons of whiskey released by the government, Great Britain will have a real wet spell.

CANADA—EAST AND WEST

Dominion Happenings of Other Days

SIR WILFRID LAURIER

On November 20, 1841, at St. Lin, a little Quebec province village, Wilfrid Laurier, destined to be a leader of the Dominion of Canada, and one of the most outstanding characters in the empire for many years, was born.

After his defeat in 1911 he continued at the head of the Liberal Party and made many appearances in all parts of the dominion, appearing huge at the time of his last public appearance in the Parliament buildings at the capital. A few days later he passed away. His funeral was one of the greatest ever held in the dominion.

ROOFS

The road is wide and the stars are out and the breath of the night is sweet. And this is the time when wanderlust should seize upon my feet. But I'm glad to turn from the open road and the starlight on my face, and to leave the splendor of out-of-door for a human dwelling place.

PLAYS UPON WORDS

The teacher said, as reported in Strickland Gilliland's "Sample Case of Humor": "Some one in the class gave me a sentence containing a conjunction; pick out the conjunction and tell what it connects." A boy finally puzzled out this answer: "The conjunction connecting the goat and the boy."

Thought Her Drunk; She Dies in Cell
Ottawa Police Stirred by Death of Women Arrested on Street Car
Ottawa, Nov. 19.—Mrs. Sarah Maria Shipman died in a local hospital Saturday afternoon and her death is the cause of a considerable stir among the police force and civic officials. Deceased was taken from a street car in the Albert street car barns on Friday in a helpless condition, and the police sergeant in charge diagnosed her case as drunkenness, allowing her to remain in a cell overnight. The sergeant who came on duty next morning, however, at once saw that the woman was suffering from a stroke and ordered her removal to a hospital.

\$5,000 FOR SPIRIT GOLD.
Paterson, N. J., Nov. 20.—Frederick Loehrs, pastor of the Congregation for the Enlightenment of the Soul and Spirit, probably will never again give his note for \$5,000 toward purchase of buried treasure on a New Jersey farm. He testified in court here he had been "inveigled into" giving his note for an Oakland tract after he had been interested in a dream, in which a colored woman appeared and explained that more than \$2,000,000 worth of jewelry and gold lay buried there.
Mr. Loehrs took the witness stand in a suit brought against him by Daniel Balsinger, who sought to recover on the clergyman's note. He testified Mr. Balsinger was the man who had the dream and told it to him.

Board of Health Asks City Council to Cancel Leases—Some Residents Said to be "Squatters"

A communication from the district board of health received by the city council and read in committee this morning, enclosed a report from the district medical health officer as to conditions on Navy Island and asked that the city council end the leases of lots on the island. Doctor Brown's report said that most of the people on the island were living in a condition of squalor. The houses, the report said, were too small, were insufficiently ventilated and there was neither water supply nor sewerage system on the island; all the fresh water was carried from the mainland. There are eight families on the island and in one there is a bedridden old man. Dr. Brown said, who was living in pathetic conditions. He recommended that the island be evacuated as soon as possible. The matter was referred to Commissioner Bullock for a report as to the lease of lands on Navy Island. The commissioner said that he was quite sure some of the residents on the island were squatters, and it was said by the common clerk that when the original leases were granted it was not intended that they should be used for the building of dwellings but for the taking care of fishing equipment.

**COUNCIL DECIDES TO SETTLE FOR \$2,500**

Will Pay Claim For Delay in City Road Work

At a meeting of the common council at noon today, on motion of Commissioner Jones, it was decided that the claim of the New Brunswick Contracting & Building Company for \$2,500 for expenses incurred during the work of trenching and backfill for the City road water and sewerage work should be paid.

On account of the heating system being out of order the meeting was held in the office of the common clerk which is heated from the small furnace still in operation. The mayor presided and all the commissioners and the common clerk were present.

Commissioner Jones presented a statement from Thos. Cassalino, president of the contracting company, in which he pointed out that the claim was for extra work occasioned by the delay in the delivery of pipe. A part of the trench which had been dug had caved in on account of the heavy rains which fell while the water department was awaiting the arrival of the main. The actual loss was placed at something like \$3,200 but the company was willing to settle for \$2,500.

**DAILY TRAIN FOR CHRISTMAS ON VALLEY RAILWAY**

Announcement of Prime Interest to Patrons and to the Merchants of St. John

Traffic upon the Valley Railway between St. John and Fredericton has, it is understood, been of a very satisfactory character since its inception early in October and it is hoped will soon require the operation of a daily express train. The chief complaint at the present time among those who prefer to travel along the river route is that the express train running only on Tuesdays, Thursdays and Saturdays, makes it impossible for them to purchase return tickets with the liberty of coming back at any time they wish. The accommodation train on alternative days is altogether too slow for business traffic.

The increased accommodation that will be afforded by reason of the two express trains leaving at different hours in the afternoon and connecting at Fredericton Junction with trains for Fredericton may serve to point out to the Canadian National Railways the necessity of a daily service on the Valley line. A short time ago the directors of the St. John and Quebec Railway made representations to L. S. Brown, the general superintendent of the C. N. R. at Moncton, pointing out the necessity for a daily train service between Centreville and St. John during the Christmas and New Year seasons and this morning the secretary, E. S. Carter, was advised by Mr. Brown that he had received instructions from the general manager that this daily train service would begin on Dec. 22 and last until Jan. 8. This news will be cordially received by the residents along the river route, who during the Christmas season, have often been placed at great disadvantage in reaching shopping centres. The merchants in both St. John and Fredericton will also be glad to learn of the increased holiday service.

**FORMERLY OF ST. JOHN**

Mr. and Mrs. O. Cappers of Milton, Mass., Celebrate Golden Wedding

(Boston Globe)

Mr. and Mrs. Osgood Cappers of 21 School street, Milton, celebrated their golden wedding last evening at the home of their daughter, Mrs. E. A. Clark, 570 Norfolk street, Dorchester. The reception was attended by their four children, a brother, George R. Cappers of Lewiston, Me., relatives and a few intimate friends. In addition to good wishes received from friends by telegrams and letters, they received a jar of gold, the gift of the children.

The children, who planned the celebration, are Mrs. E. A. Clark, E. A. Cappers of Briston, Pa.; F. W. Cappers of Milton and Mrs. W. E. Gunter of St. John, N. B.

Mr. and Mrs. Cappers are natives of Levant, Me., where they were married on Nov. 17, 1869. They lived for many years in St. John, but have made their home in Milton the last few years.

Mr. Cappers served the last two years in the Civil War with the 1st Maine Cavalry. He enlisted at the age of sixteen.

Mrs. Gunter, whose home is on the Manawagonish road, Fairville, arrived home last evening after taking part in the happy celebration. Her parents lived here thirty-two years and removed to the United States some five years ago. They are held in kindly remembrance by St. John friends. The Boston Globe published nice pictures of them.

**KIDDIES FREED FROM STUDIES DEC. 17 FOR CHRISTMAS HOLIDAYS**

C. A. Magrath, re-appointed as fuel controller for the Dominion who is now in Washington in an endeavor to have Canada's fuel requirements filled as adequately as the situation in the United States will permit.

MINTO STRIKE ON FRENCH VIEW OF THE U. S. SENATE'S TREATMENT OF TREATY

Paris, Nov. 20—In French official circles today, although there was disappointment over the United States senate's adjournment with the treaty situation still unsettled, no surprise was expressed, and it even seemed that the event had been expected. Apparently the situation had been discussed and measured taken in advance to meet the eventualities, as Foreign Minister Pichon, who presided over the supreme council at this morning's session, urged that Versailles treaty be put into force not later than December 1.

The trouble is a result of the demand of the men for a ten per cent wage increase, and the award of a board of conciliation granting less than one per cent. A. Ackland, deputy minister of labor, has wired J. B. MacLachlan, secretary of U. M. W., District 26, suggesting that if the union orders its men to keep on working, he will undertake to re-open negotiations with the company's representative to obtain some modification of the terms of the McKewen board award.

Mr. MacLachlan declines to accede to this request. The strike, he says, is on and will remain in force until the miners get what they consider justice. Unless the company makes substantial concessions before Monday, the U. M. W. will then commence to transport the miners and their families to Alberta.

In WALL STREET. New York, Nov. 20—Further selling of speculative shares at the opening of today's stock market seemed to be largely inspired by the defeat of the peace treaty. General Motors lost six points and others that class one to three, oils, steels, equipments, shippings and tobaccos eased to a like extent, but rails offered better resistance. Crucible Steel was the one noteworthy exception to the downward trend, its six point rise being attributed to the scarcity of that stock in the loan market. General Motors and some of the oils made complete recoveries within the first half hour.

GERMANS ASSUME ATTITUDE OF PROTEST. Paris, Nov. 20—No formal meeting has yet been held between the German delegates who arrived yesterday and the U. M. W. in Sydney yesterday that concerns the proposed protocol to the German peace treaty. It now seems certain that the protocol will be signed before the end of November, as the Germans have shown a disposition to resist the provision regarding the replacement of the workshops sunk when their fleet was scuttled at Scapa Flow.

ONE MORE DIES OF "SLEEPING SICKNESS". Winnipeg, Nov. 20—One more death from sleeping sickness was reported yesterday, bringing the total number of deaths caused by this malarial fever to two. More cases have been reported to local health authorities since Tuesday, making the total number of cases reported since it was discovered here to fifteen.

Quirk-Sinclair. The marriage of Miss Edith Dodge Sinclair, daughter of Mr. and Mrs. Norman Sinclair, of Moncton, and John Henry Quirk, jr., of New York, took place in New York on Tuesday evening, November 18th. The ceremony took place at the Church of the Transfiguration. Among those present were her aunt, Mrs. Harold Goodrich, of Tulsa, Oklahoma, formerly Miss Jessie Weis, of Moncton; Miss Grace Warman, daughter of Mr. and Mrs. H. H. Warman, of Moncton, and Robert Keddy of New York, and Thos. F. Quirk, brother of the groom.

The Bride wore a gown of sapphire blue panne velvet, with black picture hat. Mrs. Quirk is a native of Moncton, where she has many friends and has frequently given musical entertainments. She is a vocalist of more than ordinary ability, and gave her last recital about a year since.

It is nearly six years since Miss Sinclair went to New York to continue her studies, since which time she has sung at various entertainments in New York, and in Saratoga. Mr. and Mrs. Quirk are expected in Moncton in December, when Mrs. Quirk will give a number of entertainments in the different parts of the province.

New Industrial Conference. Washington, Nov. 20—President Wilson today appointed a new industrial conference and called it into session December 1.

Policeman William Stinson, who was shot recently when attempting to arrest two violators of the law, is reported today to be resting comfortably.

THE VANISHING COCKSCREW. London, Nov. 20, (C. A. P.)—The managing director of a well known firm of distillers is quoted as saying that it is remarkable that though Canada had largely gone dry his firm was shipping more spirits there than in wet times, and that the Canadian agents had requested that stoppers be substituted for corks as corkscrews are now difficult to obtain.

The Bank of England's rate of discount was unchanged today.

Rare Old Wine Seized; Who Is Responsible?

Through Mr. Brindle, manager of the Seamen's Institute of this city news was received of the shipwrecked crew of the Schooner Bianca, sailing from St. John's, Nfld., en route to England. The survivors of the schooner were picked up about 600 miles from the coast of Newfoundland by an American steamer which conducted them to South Carolina and from there they left for Halifax. The crew landed here on Wednesday morning and left that evening for Truro where they made connections for Sydney en route to their homes in St. John's, Nfld. Mr. Brindle says that all cast away clothing will be gratefully received to help such worthy cases of practical charity as come before him from time to time. This is the seventh shipwrecked crew that has been the recipients of the good offices of the Seamen's Institute of this city since October 2 of this year.

PEACE MATTERS

New York, Nov. 20—Hope that an agreement for the ratification of the peace treaty will finally be reached among the warring state factions, is expressed by most of the newspapers here today. Ottawa, Nov. 20—That the action of the United States senate in declining to ratify the peace treaty is not likely to delay the formal proclamation of peace is the opinion held in government circles at the capital. It is not known here whether or not the ratification papers of Great Britain, France and Italy have all been deposited at Paris, the doubt being in regard to Italy, but once they are, peace can be formally proclaimed, the peace treaty having been ratified by three of the Great Allied powers which participated in the war.

Canada's formal proclamation of peace is expected to follow close upon the heels of that of Great Britain. Russian Affairs. Omsk, Nov. 19—The staff headquarters of the All-Russian government armies have been established at Tatarskaya, whither Admiral Kolehnik has moved. He expects to proceed soon after to Irkutsk, from which point he will direct the affairs of the All-Russian government. London, Nov. 20—(Russian)—Lethal troops, after heavy fighting, have occupied the town of Bansk, in Courland, about twenty-five miles southeast of Mitau. The Lathish legion here announced today. Enormous forces of the Germano-Russian forces of Colonel Bermond were captured there. The process surrounding Mitau is declared to be progressing favorably.

GETTING TO END OF ST. LAWRENCE SEASON. Quebec, Nov. 20—The government steamers are starting today to take up the boats in the St. Lawrence route, in preparation for the close of navigation. It is understood that east of Quebec the marine department will replace the gas buoys by steel spar buoys as guides to vessels for winter navigation.

NEW CARDINALS. Rome, Nov. 19—The Observator Romano officially announces today that a secret consistory will be held on Dec. 16 and a public consistory on Dec. 18. The cardinal, the newspaper says, will be Monsignor Sili, vice chamberlain of the church; Mr. Sardi, assessor of the consistorial congregation; Mr. Canassi, patriarch of Constantinople; Mr. Valere di Bouzo, nuncio at Vienna; Mr. Kakowski, archbishop of Warsaw; Mr. Bertram, archbishop of Breslau; Mr. Dalbor, archbishop of Posen, and Mr. Soldevila Romero, archbishop of Saragossa.

OSERVE ANNIVERSARY. Quebec, Nov. 19—Sir William Price, who organized the 171st battalion and took it overseas, will on Saturday night tender a dinner and smoker at the Clarendon to the former officers, non-commissioned officers and men of the battalion, the occasion being the third anniversary of their sailing from Canada to take part in the Great War.

BANK CHANGES. Quebec, Nov. 20—Bank clearings for the week ending today were \$5,871,329; same period last year \$5,871,329. Halifax, Nov. 20—Bank clearings for the week ending today with 1918 comparisons: 1919, \$5,647,988; last year, \$6,075,843.

THE PRINCE. Premier Foster had a request from Moncton that if the Prince of Wales were coming this way on his way to Halifax, it might be arranged that he stop in Moncton. Hon. Mr. Foster wired this to Lieut.-Col. Henderson at Ottawa and received a reply that His Royal Highness was going to Halifax on the Renown.

Halifax Fire. Halifax, Nov. 20—Fire broke out last night in the garage of Rhodes and Curry. There were several gasoline barrels in the garage and one of these exploded. A motor tractor and a Ford truck were in the building and were reduced to scrap iron. The loss is estimated at several thousand dollars.

SOON READY. Mr. Robinson, treasurer of the Provincial Memorial Home for Children, states that the furnishings and repairs to the Wright street home will be far enough advanced in the course of two weeks that a certain number of children will be admitted.

Rare Old Wine Seized; Who Is Responsible?

(Special to Times). Ottawa, Nov. 19—The seizure of more than 500 bottles of rare old wine consigned from Montreal to the exclusive country club on the Aymer road has created a social and legal situation of some interest. The country club is located across the river in Quebec province, although its members are almost exclusively residents of Ottawa. The liquor was shipped by Canadian Express and while in transit and still in the office of the express company here, was seized by the license inspector of the province, who then communicated with J. D. Flavelle, chairman of the Ontario Liquor License Board. The liquor ordered him to release it and warn the inspector at Hull, Quebec, to seize it there. Then the Ottawa police stepped in, seized the liquor and took it to the police station, where it still remains.

The ultimate destination of the liquor is affected by the laws of the province in which its seizure is finally confirmed. If in Ontario, it will probably be confiscated, members of the House of Commons on the other hand, it will probably go down the Alimentary Canal, as liquor seized in that province is not destroyed, but handed over to the licensed vendors for sale.

The country club at first denied ownership, but the lady in charge of the club informed the inspector that the shipment had been ordered from Bovin, Wilson & Co., wine merchants of Great Britain. It appears that the latter made a mistake in shipping via Grand Trunk instead of C. P. R., in which case it could have gone entirely through Quebec territory. The point at issue, however, is that no matter how shipped, the country club has been breaking the law as the County of Wright, where the club is situated, has been dry under local option for four years. The Prince of Wales and party were extensively entertained at the country club while here.

The prime minister and many members of the cabinet, the speaker of the house, members of the supreme court bench, members of the House of Commons and of the senate and many other dignitaries are members of the club.

NORTH ONTARIO MAY BREAK AWAY FROM SOUTHERN PORTION. Cobalt, Ont., Nov. 20—In Northern Ontario the question of the secession of this part of the province from Southern Ontario is one of the chief topics of discussion. The movement has gained such proportions as to be impossible now to ignore. Rightly or wrongly, the advisability of such a step will probably be discussed at length and in the next detail by the citizens of the north. To this end a monster convention is being planned. Northern Ontario part from the districts of Patricia, Kenora, Rainy River, Thunder Bay, Algoma, Sudbury, Cochrane, Temiskaming and the northern part of Nipissing. This is 1,000 miles from east to west. From North Bay to Albany on James Bay is 470 miles, and Ontario goes farther north than that point. The southern part from the boundary line between Quebec and Ontario, to the boundary between the State of Michigan and Essex county is 500 miles and from Toronto to North Bay is 225 miles.

ROUGHLY, the north has 470,000 square miles and the south or old Ontario, 112,500 square miles.

LAW 1,400 YEARS OLD DECIDES BE DISPUTE. Bath, Eng., Nov. 20—A decision which depended on a law 1,400 years old was given in the county court when Judge James had to rule whether or not the owner of a house which leaves its five chimneys and stone distance away is entitled to regard them as his property. James Barstone claimed damages from Herbert Rummaging, a neighbor, for a swarm of bees which had left their hive situated to regard them as his property. James Barstone claimed damages from Herbert Rummaging, a neighbor, for a swarm of bees which had left their hive situated to regard them as his property.

THE JUDGE said it had been clear for hundreds of years, under a law laid down by the Emperor Justinian, that a swarm of bees belonged to a man as long as they were in his sight, and could easily be pursued. Otherwise they became the property of the first person who saw them. The law, he said, was just as it was hundreds of years ago and he decided for the defendant.

**CLOSING RALLY  
IN LADY ASTOR'S  
CAMPAIGN**

**She Scores Triumph—Black  
Cat Walks Across Stage  
and Crowd Hails it as Omen  
of Victory.**

Lady Astor, Unionist candidate for  
parliament in Plymouth was one of the

first women to vote after the opening of  
the polls.

Lady Astor had a triumphal passage  
through the normally quiet streets of  
Plymouth the night before, after a tu-  
multuous meeting which concluded the  
city's most gripping parliamentary cam-  
paign in years. She took her leave of her  
last audience in the Guildhall.

"My victory," she said in her speech,  
"will be another historic occasion for  
Plymouth. Plymouth sent out Drake to  
fight for freedom. It is now sending out  
a woman to a great place called Parliam-  
ent."

"Because of my trust in you I am pre-  
pared to sail the unknown sea, praying  
help and guidance, but above all determi-  
nation to be a credit to the people of  
Plymouth and to emulate the virtues of  
her great past."

As she concluded, Lady Astor pointed  
to the tablets on the walls of Guildhall  
bearing the names of Sir Walter Raleigh,  
Drake and others of England's famous  
men. As she pointed, a black cat stalked  
leisurely across the front of the platform,  
and there was a renewed outburst of ap-  
plause and a shout from the back of the  
hall, "You are certain to win now!"

Carrying in her hand a large bouquet  
which was presented to her when she be-  
gan her speech, Lady Astor started for  
her carriage after the meeting, but her  
way was obstructed by hundreds of  
cheering admirers. Finally the police  
forced a passage, and Lady Astor, ac-  
companied by Mrs. David Lloyd George, wife  
of the British Prime Minister, entered  
the carriage. Lady Cynthia Curzon, Lady  
Astor's sister, and Mrs. Brand and Mrs.  
Phipps also finally reached the vehicle.  
Viscount Astor was lost in the surge of  
humanity, but eventually succeeded in  
hopping up to a seat beside the coach-  
man.

The cheering which had signalled  
Lady Astor's first appearance then be-  
gan anew, and hundreds of persons trail-  
ed behind the moving carriage, shouting,  
"Will we win?" to which the ringing  
answer "Sure!" was thundered forth.

Standing on the back seat of the car-  
riage, Lady Astor joined in the singing  
of "Hail, Hail, the Gang's All Here" and  
"Pack Up Your Troubles in Your Old  
Kit Bag," which was started by the sol-  
diers, and thus a procession, unparalleled  
in the city's history, continued on  
through the heart of the otherwise de-  
serted business section to the Astor  
home. Here Lady Astor, hoarse from  
talking, singing and shouting, said with  
apparent feeling:

**The new  
flavour  
H.P.  
sauce**

This new, thick, fruity sauce  
from England is simply de-  
licious, and such a welcome  
change to the old-fashioned  
sauces.

Wouldn't it be worth your  
while to try the one and  
only H.P. Sauce?

**Curtiss  
Aeronola**

The Last Word in Talking Machines.

**Hear It—To-Day—Do!  
You Certainly Will Be Interested.**

We say it quite frankly—we want you—yes, we are  
anxious to have you, go and hear a Curtiss Aeronola.

We feel that we have built the finest talking machine ever made,  
and we are backing our judgment with the financial resources and skill  
which we put into the making of Aeroplanes.

We have already sold thousands of Curtiss Aeroplanes, but—we  
want you to buy an Aeronola. First of all, then, listen to its Tone. It  
brings from the record everything that the artist intended should be  
brought out. We often play records on it, simultaneously with the  
playing of the same records on other instruments, and in this, the  
greatest of all tests, the immense superiority of our reproducer, tone  
arm and specially designed horn has been proven over and over again.

When, in addition to this, you see for yourself the three exquisite  
cabinet finishes (Fumed Oak, Walnut and Mahogany), we feel that you  
will surely wish to buy a Curtiss Aeronola.

Do not let another week go by. Go to a music store and ask them  
to demonstrate the Aeronola to you, or write for our Catalogue and we  
will send it by return mail and tell you the name of a dealer near where  
you live.

ARRIVE IN NEW YORK**

Seven Foreigners Come to Prepare  
For The Six-Day Grind

New York, Nov. 17.—The first string  
of foreign "bike" stars in the six-day  
race at Madison Square Garden, Nov.  
30, arrived this morning on the French  
steamer Lafayette, four of the seven to  
arrive being champions of their class in

their respective countries. Brocco and  
Dupuy are the only two known to the  
New York fans, the others being Tiberg-  
hein, Bayse, Speissens, Arets and Beyl.

Four of the newcomers are Belgians,  
Bayse holding the sprint title and  
Speissens winning the long-distance  
championship this year. Two other  
titleholders in the party are Dupuy, the  
French sprint champion, and Brocco,  
who holds the sprint championship of  
Italy. All the men are in excellent phy-  
sical condition.

Arrangements have been made to  
quarter the riders at the Sheepshead

Bay Speedway, where they will tra-  
in for the race and live on the grounds.

**A Great Export  
Offensive by Britain**

Notable World Tour of Industrial Films—Canada is Included

The following has been received by W. E. Anderson, imperial trade correspondent at St. John:

For some considerable time past readers of the Kine, will have read with interest that the kinema, as a medium of propaganda, has considerably increased in popularity amongst the large business firms of the country. Propaganda, by means of the screen, has now become an established fact, and it is a pleasure to announce that through the activities of the Moving Picture Exhibitions of British Industries Ltd., a world tour is shortly to be undertaken for the purpose of exhibiting, in foreign countries, films pertaining to British industries. By this means it is hoped to foster and develop British trade abroad. The films will illustrate the methods of manufacture, finished articles, and their uses.

**Origin of the Scheme.**

This company is the only organization of its kind at present in this country and the combined tour will be made under the auspices of British Chambers of Commerce in Allied countries and in self-governing Dominions. The scheme was originated some five years ago when the bulk of the work was in hand when hostilities broke out. Naturally, for the time being, everything came to a standstill. The author of the scheme was A. S. Watson, M. A., F. R. G. S.,

who is managing director of the company, and, as a publicity expert, he at once realized the possibilities of the kinema as an advertising medium. Coming to this country about six years ago from Australia, he specially became convinced that the visual demonstration of the production of articles was a more effective way of advertising than by the ordinary announcements. At first the idea was not particularly well received owing to the conservatism of most British manufacturers, but by personal interviews the officials of the company were able to convince the various firms that the use of the kinema was absolutely the best method of propaganda for the expansion of overseas trade. The result is that nearly one hundred of the leading manufacturers of the United Kingdom have become imbued with Mr. Watson's ideas and are co-operating in a combined world tour. Some of the firms have had films taken of their industries to the extent of about three or four thousand feet, and nearly every "key" industry of the country is being illustrated.

**Countries to be Visited.**

It is proposed to visit nearly one hundred capital cities of the world, and the tour will embrace Europe, India, Ceylon, Eastern Treaty Ports, South Africa, Egypt, Soudan, Australia, New Zealand, United States, South America, Canada, Mexico, Java, etc. At each city exhibitions will be given under the auspices of the Chambers of Commerce and other official bodies. Invitations will be extended to the leading buyers of the particular city to visit the exhibitions. Besides seeing the film the visitor will be handed a booklet describing the industry and even the titles of all the films will be in four languages—English, French, Spanish, and Portuguese. This policy does away with one of the greatest objections of all propaganda which has in the past years emanated from Great Britain—that is the non-publication of the matter in foreign languages.

**Kinema as Advance Agent.**

The company will send to each of the exhibitors the names of the visitors to the exhibition, and, in short, the exhibition will act as advance representative for the British manufacturer whose films are shown. Such a scheme will open up new territory for British trade, and will induce those present of the possibilities of their own particular trade in any section of the world. The entire direction of the tour will be superintended by J. W. Verity, the organizing director of the company.

**Nature of the Exhibitions.**

The company is in a position to make films equal in every respect to those made in any other country. Owing to its good lighting system, the company has had no difficulty whatever in securing excellent results as regards photography, and has taken some splendid pictures of men at work in a coal mine. All the films used in this exhibition are subject to the approval of the Board of Film Censors. As a general rule, exhibitions will start at ten o'clock in the morning and will remain open all about six in the evening, and continue from two to six days, according to the importance of the city where the exhibition is being held. The general manager of the company and a qualified assistant will accompany the exhibitions throughout the entire tour, in order to supervise and to give necessary explanations to those interested. Arrangements are also to be made for the films to be loaned (during the visit), free of charge, to the leading picture palaces, to be exhibited in the evenings to the general public for instructive purposes.

A unique feature in Kinematography will be introduced in the nature of a moving picture catalogue, the idea being to illustrate the ordinary advertisements by means of the screen. Arrangements have also been made for a special section of the Times weekly edition, the Imperial Foreign Supplement in connection with the tour. Not only are private firms supporting this novel project but the greatest possible interest is being taken by local public bodies. Some of the corporations of the British cities and towns are participating in the scheme for the purpose of the centre for the establishment of industries. One of the most pleasing films to be shown in this respect will be that showing the Mersey, ordered by the Mersey dock and harbor board, depicting the advantages of Liverpool as the leading port in the British Isles. The company, it is interesting to note, has been authorized by the Federation of British Industries to arrange a special display of commercial films at the forthcoming Athens Exhibition.

Before leaving on the tour the company intend to give demonstrations in the principal centres of the United Kingdom. The next tour of the company, which will soon be in process of organization, will visit the Far East and the newly-formed countries. The advertising agents of the company are Bemrose and Sons, Ltd., 153, High Holborn, W. C. 1, and the head office of the company is at Midland Place, Derby.

**IT WAS** during the famous siege of 1759 that General Wolfe, "the overshadowing hero of the conquest of Canada," arranged a banquet in the honor of several prominent French ladies who had been taken captive.

As he sat among the brilliant company, exchanging reminiscences of Paris and the beau monde, his young, clean face lighted up with the excitement of conquest, he was grateful for the keen razor, which, even in the midst of a hard campaign, made him fit for such an occasion.

Today, as in Wolfe's time, the general design of the old-fashioned razor stands unequalled—improved only by the added safety, the detachable blades and the convenience of the

**Railway Trainmen Sign New Agreement**

Winnipeg, Man., Nov. 19.—The general committee of the Brotherhood of Railway Trainmen and Order of Railway Conductors have today signed a new agreement with the Canadian Pacific Railway, which carries an increase in

wages for most of the men in train and yard service and makes a few changes in the rules governing working conditions of yardmen and switch tenders now being included in the employees legislated for.

The contract signed is nearly the same as obtains on United States roads, but being the greater portion of the increase in wages has been paid by the company

since last summer. The men having an interim agreement to that effect.

WOMAN CONFESSES KILLING ANOTHER

Admits Slaying Housekeeper—Crime Followed a Quarrel.

Minneapolis, L. I., Nov. 20.—After being grilled for several hours in the Nassau County jail here, Mrs. Marie Warren broke down and confessed to District Attorney Charles R. Weeks and other country officials that she had killed Mrs. Clara Branch with a hammer in the home of Captain Henry Wright in Lynbrook on Friday morning.

Following the murder, Mrs. Warren told the prosecutor, she took \$181 from a pocket in the dead woman's dress and went to New York to the home of Miss Catherine Hayes, a friend, whom she asked to take care of it for her.

Mrs. Warren was taken before Justice of the Peace Edward P. Neu in Lynbrook, who held her on a charge of murder in the first degree to await the action of the grand jury.

The substance of Mrs. Warren's confession as given out by Mr. Weeks was as follows:

"Clara and I had had an argument on Friday morning and I went to her room to see how she was feeling. I said to her, 'How are you?' and she replied 'not so well.' I answered, 'When I go up to New York I will get some medicine for you, and she said, 'All right, I'll give you some money to pay for it.'"

District Attorney Weeks said the woman was unable to recall whether or not Mrs. Branch was facing her at the time she committed the crime.

Could anything be more trying or more exhausting? Peps will end it! The Fine vapor breathed down the air passages when a Peps is dissolved in the mouth relieves the irritation, soothes the inflamed place and stops the cough.

cerned manner, she suddenly cried out, according to Dr. Martin.

He said she sat with her head in her hands for five minutes and then everything said: "Yes, I did it. I want to confess everything. Will you men please take my confession?"

At the jail last night Mrs. Warren appeared on the verge of collapse, and Dr. Guy F. Cleghorn, prison physician, was summoned to attend her.

STAMFORD, CONN., BOYS GET A SPANKING IN COURT ROOM

TWO BILLIONS TOTAL LOANS IN DOMINION

Success of the Present Flotation is Highly Gratifying—Expenditures to Meet

The loan just consummated in Canada brings the domestic borrowings since the war up to a total of more than two billion dollars.

It may be said that the success of the present loan exceeded expectations, and is highly gratifying to the government.

He therefore contended that they must be made attractive. It has been demonstrated, however, that the people, in time of peace, when patriotism is not so much a factor in the loans as it was when the war was on, have found the bonds offered quite attractive enough even without the exemption.

Speaking before the Commons Committee on Soldiers' Civil Re-establishment, I. C. Boville, deputy minister of finance, concluded as follows:

"To sum up I estimate that during the next twelve or eighteen months, including the present Victory Loan, for sums aggregating from \$650,000,000 to \$800,000,000. Unless financial conditions abroad improve very materially these amounts will have to be obtained from the Canadian people."

Objects of Present Loan.

The expenditures which the amount raised by the present loan is intended to meet, partly at least, include \$225,122,445 provided for under capital account in the estimates for 1919-20, to which must be added \$15,000,000 to cover interest and deficits on the G. T. P., \$125,000,000 for credits to Great Britain and allied countries, \$3,000,000 for Halifax relief, and \$25,000,000 for housing.

All the above sums must be met out of borrowings. They do not include ordinary expenditures, interest on the national debt and pensions, which in all will total some \$250,000,000, and which will be met out of revenues.

WAR COST ABOUT \$370,000,000,000

Direct Outlay is Put at \$186,000,000,000 — Number of Dead Estimated at Nearly 13,000,000.

Washington, Nov. 20.—The first comprehensive report of the "direct and indirect costs of the war" has just been made by the Carnegie Endowment for International Peace and published in a volume of that title.

The capitalized value of soldier human life, which is given among the "indirect" costs, is placed at \$38,531,276,280.

On land \$29,960,000,000; to shipping and cargo, \$6,800,000,000. Loss of production is an indirect cost of the war which has meant to the nations \$45,000,000,000.

The number of known dead is placed at 9,598,771 and the presumed dead at 2,991,800.

All Fat People Should Know This

COALITION SYSTEM STRONGLY ASSAILED BY BRITISH PRESS

Strongest Majority of Ages, Feeblest Instrument of Modern Times, Says Daily Express

LONDON, Nov. 19.—(By the Canadian Associated Press).—Bonar Law's speech defending the present system of coalition government has brought an editorial reply from the Liberal Westminster Gazette declaring the Unionist party's hope lies in a coalition which secures it a certain number of Liberal votes, also an opportunity for slipping in between Liberals and Labor.

The warmest supporters of the government, says the Westminster Gazette, deplore the absence from the House of Commons of experienced statesmen to sustain the work of a critical opposition.

The Times, while making no reference to Bonar Law's speech, says that with every debate of serious interest the quality of the present House of Commons becomes daily more apparent.

Fatally Wounded Because He Defended Former Hurdy Gurdy Girl

KING IN DUSTER LADLES OUT SOUP

Ferdinand of Roumania Puts in Afternoon Working Behind Counter.

Cibiu, Roumania, Oct 1.—(Correspondence)—The picture of a king, with a linen duster covering his uniform, ladling out soup and sugar to his hungry people is one that will live long in the memories of the girls on duty at the Red Cross supply depot here.

The king as a distributing agent for the American Red Cross almost wrecked the proceedings, for his subjects could not grasp the idea of their king standing behind a counter and passing out canned goods.

DISASTROUS EXPLOSION

Two Men Killed When 10,000 Pounds of Powder Blows Up.

PATERSON, N. J., Nov. 20.—Two men were killed and two women and a boy slightly injured when 10,000 pounds of black powder blew up in a finishing house and vault at the plant of the du Pont Powder Company at Wayne, eight miles from here.

There were two "blows," one following the other. The building in which they occurred, known as the finishing room, where the glaze is put on the powder, was about 25 by 40 feet. It was leveled to the ground.

Teeth Do Not Stain

It is Film that Clouds Their Whiteness

Learn the Cause of Decay

Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

Sidelights On Sport

The great Polish wrestler Stanislaus Zbysko is to return to America after four years in a German prison camp. He has consented to meet Piestina, who is said to be one of the greatest mat artists since Frank Gotch's time. A meeting between these stars should attract widespread interest.

In a morning paper an article appeared crediting Joe Donnelly of this city with making good in the Michigan-Ontario league last summer. Doctor Donnelly is overseas and did not play professional ball for some years. He played a few games with the Depot Battalion and then went overseas. The Joe Donnelly mentioned is a native of New York and was with the London team at the first of the season. While there is little doubt that "Doc" would make good, it is doubtful if the small salary in that cage would attract him.

Moncton is out for all kinds of sport, but they are fighting shy of boxing. The Johnny Herman is anxious to show in that city and credit him with winning the championship of the maritime provinces by defeating a boxer named Jones in eight rounds. Some three ago Frankie Burns of this city had all arrangements for a match to be staged in Moncton, but he was not allowed to go on with it. He was told if he could secure Sergeant Detective J. T. Power of this city to act as referee it would be all right, but as he failed to do so he had to cancel the bout.

Joe Page is wearing a new watch chain in the form of a gold medal, which was presented to him by J. M. McCready, secretary of the Baseball Writers Association of America. On the face is the emblem of the old championship Athletics, bordered by blue enamel. On the back is the following inscription: "Presented to Joe Page, World's Series, 1919, by J. M. McCready, secretary of B. B. W. A. of A." It is a pretty and prized souvenir.

COURT ACTION TO GET MONEY FOR PLAYERS

New York, Nov. 19.—At a meeting of the directors of the American League here today a call was issued for the annual meeting of the members of the American League at the Hotel Biltmore here on Wednesday, Dec. 10. The annual meeting of the directors will be on the same day, two hours earlier. President C. A. Comiskey of the Chicago club presided at today's session. H. H. France of Boston and Col. Jack Ruppert of the local club were the other members present. President B. B. Johnson and J. C. Dunn of the Cleveland club did not attend. After discussing the failure of the National Commission to pay the players of the New York American League club their share of the world series receipts the board authorized the employment of counsel to take immediate action to secure the payment of the money to the players.

Colonel Ruppert reported the progress of a committee appointed to nominate a new chairman of the National Commission and President Johnson's refusal to meet his own appointee in conjunction with the National League members of the committee. Colonel Ruppert was requested to submit his report in writing so that appropriate action could be taken at the board's next meeting here on Dec. 2.

FLEMING IN GREAT COME-BACK WINS FROM NEW YORKER

Aired, Nov. 19.—Fighting with determination and aggressiveness never previously shown in a local ring, Frankie Fleming, Canadian featherweight champion, defeated Nick Michaels of New York tonight here in a ten-round bout. Fleming's effort was a real comeback. He never let up in his aggressive tactics and forced the fighting with the exception of the opening round, in which Michaels outpointed him. He cut loose in the second round and from then on left little doubt as to the outcome of the encounter.

DEMPSEY SAY HE WILL MEET WINNER

Heavyweight Champion to Defend His Title Against Carpenter or Beckett

Salt Lake City, Utah, Nov. 17.—Jack Dempsey, world's heavyweight champion, in Salt Lake City today for a short visit with his mother, declared his physical condition "fit as a fiddle."

Regarding his next fight, Dempsey said he would meet the winner of the Carpenter-Beckett match to be staged in London on Dec. 4, if the victorious European fighter will agree to come to America. If not, Dempsey says he is willing to go to London or Paris. He confirmed the report that he had signed a \$175,000 contract with Dominick Torricelli, the New Orleans promoter, to meet either Carpenter or Beckett if the proposed match can be arranged for New Orleans. This match probably would take place March 17.

Jack Kearns, his manager, is expected here tomorrow. In a few days the champion plans to leave for Southern California to begin work on a moving picture contract.

FAMOUS WRESTLER COMING BACK

Stanislaus Zbysko Was a Prisoner For Four Years—Will Wrestle Piestina

The first great athlete to be released from a German war prison—Stanislaus Zbysko, strongest of European wrestlers—will sail for the United States this week on the steamer Oscar II, leaving from Copenhagen. The huge Zbysko, captured early in the war by the Germans, and immured four years in a prison camp, claims to have entirely recovered his health and strength since his release. He suffered considerably from the shortage of rations—M. Zbysko eats as much as five ordinary mortals—but he has devastated Poland and Denmark since his release, is back to his normal bulk, and declares he is in grand condition.

Zbysko wired ahead that he would cheerfully meet Martin Piestina, the big Czech who is outwalled by the American wrestling trust, and that he considers Piestina superior to any wrestler developed since Frank Gotch. "If I had tried a thousand times," writes the Polish champion to a Chicago friend, "I could never have beaten Gotch—he was the best that ever lived."

Zbysko—university man, attorney, Polish soldier, and champion wrestler—is a strange, romantic character. He is noted for his sense of fair play, which impels him to give first chance to Piestina, barred by the wrestling trust simply because he won't become one of their stall-fed champions, winning or losing according to orders.

NEW BILLIARD CHAMPION IS R. L. CANNEFAX

Cleveland, Ohio, Nov. 19.—R. L. Cannefax of New York is the new three-cushion billiard champion of America. He acquired the title tonight through the defeat of Charles McCourt of Cleveland, by Pierre Maupeome of Milwaukee, 50 to 48 in fifty-eight innings. Tonight's game was a thriller throughout. Maupeome led McCourt 26 to 22 up to the thirty-fifth inning. He then read at a rapid pace until, in the fifty-first inning, he had forty-eight points against the Clevelander's forty. Maupeome's next was a hard shot and he missed it by a fraction of an inch.

After McCourt took two points, Maupeome added another with a long massie, and then went scoreless until McCourt had forty-eight in the fifty-eighth inning, leaving a natural cushion first shot for Maupeome. The Milwaukee player shot carefully and deliberately, and the ball caromed around the table with barely enough force to kiss the white ball and eliminate McCourt. Both had high runs of four.

Cannefax's title is for one year. With it he gets a prize of \$1,500 and a \$2,400 annuity coupled with a handsome salary for an eighteen week tour. McCourt gets second prize, which is \$1,250. The third prize, \$1,000, goes to Maupeome. Otto Reiser of Chicago and Charles Otis of Brooklyn divide the fourth prize of \$750.

THIEF GETS \$4,000 BY TRICK

New Haven, Nov. 20.—On Friday morning a stranger called at the First National Bank of this city, asked to see the president, and introduced himself as P. D. Hanson of New York. He asked permission to open an account and deposited \$4,800. On Saturday morning he cashed a check for \$4,000 soon after the bank opened.

Just as the bank was closing at noon, he presented a check for \$8,800 to another teller and just as the check was presented, the teller was called to the phone and informed that his wife had been run over by an automobile and taken to the hospital.

The teller came back very much excited and cashed Hanson's check for \$8,800. An hour later the bank discovered that Hanson had overdrawn his account by \$4,000. No trace has been found of Hanson.

The police believe that he is the same individual who has been operating out west under a different name. In every instance this trick has worked. Hanson left another check on the counter for \$800, which it is thought had been prepared to show that he had made a mistake if the bank refused to cash the \$8,800 check.

Both games were marked by clean, fast basketball.
In the senior game, the Y. M. C. A. had somewhat of an advantage on account of their past experience in the game. Their combination was good. The St. Andrew's boys played well but there was a tendency for blind passing and a failure at times to check up their opponents. With a little more experience, St. Andrew's should be a factor before the finish of the series.
Willett netted the ball for the first court and was followed almost immediately by Margets. While they scored for St. Andrew's from the floor and also added one point to the count on a penalty throw. Thorne for the "Y" placed two more baskets. Roland replaced Murray for St. Andrew's. Thorne and Willett for the "Y" again scored a basket each. The first half closed with the Y. M. C. A. in the lead 29 to 4.
Play in the second half lived up and there was some fast combination by both teams. Nixon of the "Y" received a pass in the nose and there was a deflection while he sought the basket. The Thistles netted the ball twice. The game was even in the last stages and ended with Y. M. C. A. in the lead.
The teams were as follows:
St. Andrew's—Forwards, White and Dykeman; centre, Christie; defence, Holder, Murray and Boland.
Y. M. C. A.—Forwards, Thorne, Willett; centre, Margets; defence, Marshall and Nixon.
Referee—A. W. Thorne.
The intermediate game was a fast exhibition. The Y. M. C. A. intermediates were much heavier and stronger than the High school and they showed more experience.
The teams were as follows:
Y. M. C. A.—Forwards, Urquhart, Logan and Seely; centre, Malcolm; defence, McKay and Urquhart.
High school—Forwards, Pattison, Potter; centre, Thomas; defence, Robinson and Josselyn.
Referee, R. Robertson.

RING.
Want McDonald to Train.
The Sydney Post says:—"Roddie McDonald has never taken the fight game seriously and trained for his bouts. He is a hard hitter, aggressive and game, but even a game fighter cannot stand the gaff when the physical condition is lacking. Cross is admittedly a better boxer than McDonald, but some Halifax men want to place some coin on the Cape Bretoner if he will take things seriously for a month and get in condition for a hard battle."
Cline Outpointed.
Detroit, Nov. 19.—Ritchie Mitchell, of Milwaukee, outpointed Irish Patsy Cline of New York, in a hard fought ten round bout here tonight, in the opinion of newspaper writers. Mitchell was forced to extend himself to the limit in several rounds.
Mennonites to Appeal.
Winnipeg, Nov. 19.—Leave to appeal to the supreme court of Canada, the decisions against the Manitoba court of appeals, was given by the latter court today. The decision being appealed was made by the police magistrate of Morden (Man.), against two Mennonites—Doerkerson and Hildebrand—who were convicted and fined for not sending their children to school under the school attendance act.
The appeal was carried from the Manitoba appeal court up to the supreme court of Canada, but the Mennonites were refused a hearing until they had obtained permission from the Manitoba court. The appeal will now be carried to Ottawa.

ROWING CLUB HOUSE OF OLD MARKET PLACE
Oarsman Makes Suggestion and Tells of Shells Being Built For Next Summer

Slip—I see by the paper that the old Market Place or court house in West St. John is about to be made a land mark. Now why not make it a famous land mark by letting the boys of St. John make a rowing club house out of it, and name it after the famous Paris Crew. It is situated in a good spot for rowing purposes and for the convenience of any visiting clubs meeting the St. John oarsmen. This would stimulate the sport of rowing and place St. John once more in position of producing world famous crews. The Belyea boys of the old Belyea Crew have done wonders in the way of getting sport started again. We have John Harned building a fine shell for the Lord-Harned crew of Water street, and it is also known that the Stackhouse brothers, who made such a good showing in the harbor this summer, are building a shell. Harold Belyea has just finished two fine single shells. It looks as if next season will be a banner year for rowing in St. John, so that if the city would consider this suggestion its support would greatly enhance this sport.

WRESTLING NEWS
Boston, Nov. 19.—Any doubt about the return of Earl Caddock to active competition has been dispelled by the fact that he will be seen in Boston early in December, according to dates assigned to Promoter Tuohy by Gene Meisdy, manager of the western wonder. Just while the exact date will be is not known, but that it will be before Christmas is certain. Promoter Tuohy is looking the field over for a suitable opponent. Cyclone Burns, because of his style and build, would be the right man if he could get away from his school work long enough to train properly. Wladek Zysko, the Polish heavy-weight, has settled down to hard training at Old Orchard for his match with Brostranger Ed Lewis, which is to be decided in Mechanic's Building Thanksgiving night. Lewis will do most of his preparing at Bothner's Gymnasium in New York, where he has a special room set aside for him. The match has already created intense interest throughout the country.
The Kilonis-Ketone match at the Grand Opera House Thursday night is one of the most popular events of its kind held here in years, with Ketone the popular favorite to win. Kilonis, however, is going in such good form at present that his followers cannot see

how he can be beaten, and they are backing him to the limit. So great is the anxiety to see that match that the Ketone rooters are coming from Worcester in a big party, while Kilonis admirers are talking of a special train from Manchester, Nashua and other New Hampshire cities.

Educational Enterprise.
(Winnipeg Tribune.)
Educationalists will watch with keen interest the working of the plan being adopted by the government of Alberta to secure full classes at their Normal schools, and thus recruit their teaching staff. Great difficulty has been experienced in securing enough teachers to supply the schools of Alberta. Quite some time, but these only in a measure solved the question. Hence the government is offering to loan money to students who wish to attend the Normal schools. In this way the government hopes to have teachers to take care of their schools. It is proposed to make the teaching profession at least as attractive as ordinary business calling. The Calgary School Board is showing the same enterprising spirit as the provincial government. The trustees are making an effort to secure a large attendance at their high schools. Free text books are provided in the first year of the high schools and the plans promised that this policy will be extended throughout the whole four years. When the entrance examination results were announced, the superintendent of the Alberta schools addressed a letter to every successful student, urging his attendance at the high schools, pointing out the courses being offered, and emphasizing the benefits coming from this superior training. The result of the campaign was, according to the Alberta Education Department, that out of four hundred who passed their entrance this year, already about three hundred and ninety-four are attending high school courses, or have signified their intention of doing so quite soon. This is a record that would be hard to beat. But this is not all. The Calgary school authorities are after the

MARINE NOTES

The four-masted schooner Holmes A. Frank, recently launched at Newcastle (N. B.), and en route from Gaspe to New York, put into Liverpool last week with her rudder damaged.

The following charters have been reported: Schr Jean F. Anderson, oal from Norfolk to San Domingo and then from the Gulf to North side of Cuba.

Sh. Jennie V. Merriam from St. Andrew's Bay to Jamaica.

The steamers Prince Arthur and Prince George have been towed from Boston to New York, where they will be repaired.

Owing to threatening weather the whole of the Yarmouth fishing fleet re-

turned home last week with only ordinary supplies.

The four-masted schooner Holmes A. Frank, recently launched at Newcastle, N. B., and en route from Gaspe to New York, put into Liverpool last week with her rudder damaged.

The D. G. S. Laurentian arrived at Yarmouth towing the automatic gas and whistling buoy, previously reported by the steamer Northland as drifting south-west by west of the Lunenburg lightship.

The finishing touches to the new steamer Bras d'Or, belonging to the Coastal S. S. Company, of Sydney, are now being made at Yarmouth and it is expected she will be ready for sea about the end of this month.

A New York publication of recent date contained the news that the steamer Yarmouth, formerly on the Yarmouth-Boston route, has been sold and is now known as the Frederick Douglas.

The schooner Isahia K. Stetson has arrived at Yarmouth from New York with a cargo of hard coal.

The schooner Seth W. Smith, which recently arrived at Yarmouth with coal, will be laid up for the winter at St. Andrews, N. B.

W. T. Marlow, freight agent of the C. P. O. S., announced in Montreal yesterday that the Drammensfjord will come to St. John in January and will be followed by the Ransenfjord in February.

Word was received from Montreal yesterday that the Steamship Checkers Union, No. 1287, are asking for better working conditions in St. John this winter. They are now getting forty-seven cents an hour and it is rumored they will ask for seventy cents for day work and eighty cents for night work.

All efforts to refloat the schooner Arabia of Fortune Bay, Nfld., have failed and the vessel has been abandoned as a total wreck.

The Arabia, loaded with produce from Montague, P. E. I., struck on a shoal off the entrance to St. Peter's Canal, Nova Scotia, last Saturday.

Several tugs failed in an effort to pull her off the shoal.

The steamer Metaganis, which sailed from Liverpool for this port, will be the first steamer of the C. P. O. S. to arrive here for the winter season.

She is due to open the sailing list of the C. P. R. from here on December 4.

The Greek steamer Eleni Stathos sailed at 10 o'clock this morning for Piraeus, Greece, with a full cargo of grain.

The Furness Withy liner Comino will sail tomorrow for London via Halifax with general cargo.

The Manchester Exchange sailed from Manchester on Nov. 16 for this port. After discharging here she will proceed to Philadelphia to load back to Manchester.

ANTI-DUMPING BILL IN BRITISH COMMONS. London, Nov. 19—An anti-dumping bill has been introduced in the House of Commons. It is designed to regulate the import of foreign goods and protect industries affected by the depreciation of foreign exchanges.

In New York, yesterday "Big Jim" Larkin and Benjamin Gitlow were released on \$15,000 bail.

Until He Took "Fruit-a-tives" The Fruit Medicine

R. R. No. 1, Lorne, Ont. "For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit."

Finally, I tried "Fruit-a-tives." Before I had used half a box I saw improvement; the pain was easier and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

L. O. B. A. FAIR

The officers and members of Cullum Lodge No. 36, L. O. B. A., wish to convey a hearty vote of thanks, through this paper, to the citizens and merchants of this city for their help in the fair that they held in their hall, Simonds street, last week, in aid of the new orphanage in Wright street, especially for the handsome donations from the merchants.

They had an electric toaster, a casserole dish, and a nickel coffee pot donated, for which a gentleman paid a generous sum, especially for the aid of the orphanage.

They also wish to thank the "Prentice Boys of Caxleton for the use of their games, also the Master of L. O. L. No. 141, Richard Stackhouse, Mr. McAfee, Mr. Adams and Mr. Louis McDonald for their generous help in running the games; also O. S. Dykeman for receiving the donations and looking after the same, and they hope that in the years to come the community may reap benefits from their work in providing a home for the orphan children.

Theatres exclusively for colored people are being started by a syndicate in New York, Philadelphia, Chicago, Washington, Pittsburg, Richmond and other large American cities.

ACTIVITIES OF WOMEN'S COUNCIL

At the meeting of the executive of the St. John Local Council of Women held in the King's Daughters' Guild yesterday afternoon with Mrs. E. Atherton Smith, the president, in the chair, the financial statement showed a balance in the council's favor after \$500 had been deducted for payment for a metal drinking fountain with a bubble system which is to be erected at the corner of Union and Brussels street.

Mrs. W. F. B. Paterson, who reported on the fountain, assured them that their wishes would be granted. A satisfactory report was read by Mrs. H. Lawrence of the immigration hostel committee. It was decided to rent the Metropole in Britain street which, according to the budget read by Mrs. J. Boyle Travers, the convener, would cost \$3000 a year to maintain.

Plans for a Rosebud day were discussed, and the needs of the home in Garden street were referred to by Mrs. David McLellan and Mrs. W. B. Tennant. It was said that there was about twenty-eight children in the home.

Mrs. Edmund Flewelling and Mrs. E. A. Young were appointed to interview the mayor and report back as to any clothing being left over from the contributions for the Halifax disaster.

Mrs. B. Tennant invited the council to hold their meetings at her residence. This was gratefully accepted.

Arrangements were made to have Dr. Mabel Hamilton give a ten minute talk on child welfare. A desire was expressed to have women appointed as censors of motion pictures and vaudeville performances. Mrs. Hooper's resignation as first vice-president was regretfully accepted.

Mrs. J. Boyle Travers was appointed to fill the office of first vice-president until the annual meeting. Mrs. W. E. Raymond was congratulated on her appointment to the vocational training committee.

PIGION MOTHERS KITTENS. London, Eng., Nov. 20—Three kittens at a Chertsey house have been "mothered" by a pigeon. The bird has been most attentive to them, and they are asserted to have nestled round her in the most approved style.

The HIGH SCHOOL FELLOW - he has his own style ideas - we match them here

Uncle Jack says:

"There is a corner in my store devoted to him and to his sort of clothes.

"They are apart from the smaller boys—the knicker suits—and they have the quality and factors which are characteristic of all my High School Clothes.

"The College and University young man will instantly recognize how well we have studied his style preferences—how accurately our designers have expressed them.
