DIED TODAY

Death of Judge Wilkinson of
Northumberland County

IN HIS 93rd YEAR

During Long Career he Had Filled
Many Public Offices—On
One Decision Given by Him
Ever Was Reversed

Chatham, N. B., Nov. 22—The death of William Wilkinson, formerly judge of the county court of Northumberland, occurred at an early hour this morning at his residence in Bushville. His son, Rev. W. J. Wilkinson, and daughter, Mrs. J. P. Burchill, were at his bedside when the end came. Until a few months ago his honor enjoyed his usual good health but had been sinking rapidly for the last ten days and his end was not unexpected. Judge Wilkinson, who was in his ninety-third year, was the oldest member of the legal profession in New Brunswick and probably in all Canada, and will be remembered well by the older practitioners.

The funeral will be held on Sunday, when he will be laid to rest in St. Paul's churchyard, Chatham Head.

William Wilkinson, of Bushville, Chatham (N. B.), judge of the county courts of Northumberland, Gloucester, and Restigouche counties, was born in Liverpool, England, on February 11, 1826. His parents were John and Catherine Wilkinson. He came to New Brunswick in 1840, arriving at Chatham on September 11, after a long passage of forty-nine days. This step was taken on the advice and encouragement of his half-brother, the late James Johnson, who had arrived in this country many years previously, and who had then lately entered into business as a merchant on his own account.

He remained with his brother as apprentice clerk for two years. Then, with the sanction and good will of all friends he entered into the law office of the late Hon. John M. Johnson, Jr., as a law student, and was entered as such in Michaelmas term, 1842. In the same term of 1844, having satisfactorily passed the necessary examination as to his fitness, he was sworn in and enrolled as an attorney of the Supreme court of New Brunswick, and also received his commission to act as notary public. In Michaelmas term, 1849, he was called to the bar.

For a few years after his admission he practiced alone, but on December 20, 1852, he entered into partnership with the late John M. Johnson, Jr., which partnership lasted up to the time of the death of Mr. Johnson, in November, 1858. During its continuance they were engaged in many very important cases, and always had the reputation of being very careful, successful practitioners.

First Office.

Mr. Wilkinson's first governmental office was that of Surrogate Judge of the late Northumberland, which was resigned by the late Hon. Thomas H. Peters, on July 8, 1851. This Mr. Wilkinson resigned in the spring of 1852, in favor of 1870, when he became a candidate for the New Brunswick legislature; and it may be mentioned that during all the time that Mr. Wilkinson held the office no appeal was ever made from any decision or judgment made by him in any cause before him.

In the spring of 1859, Mr. Wilkinson was appointed, under the first educational act of New Brunswick authorizing inspectors, passed in the previous winter) inspector of school for his county, Northumberland. This office he held for several years, until, fearing that the increasing professional demands on his time and attention might induce a less careful and thorough performance of his duties as inspector, or that the latter might interfere with his professional duties, he resigned the office in the hands of the government. His resignation was much to the regret of the then superintendent, Marshall D. Avery, who was most desirous that he should continue in office and become a district inspector under the new act then about to be passed.

On November 8, 1870, he was appointed, by the commissioners of the Intercolonial Railway an officer for examining and reporting upon the titles of lands taken for railway purposes through Northumberland, and after, by the railway authorities, to perform a similar duty in regard to many unsettled and disputed cases in the adjoining counties of Gloucester and Restigouche; and at intervals for several years after his appointment as railway solicitor he was appointed one of the appraisers, with one or other of the paymasters of the Intercolonial Railway, for the time being to appraise and (after the preparation and exception of the proper transfer of title) pay to the lands of the government.

OLD LAKE MANITOBA
WAS IN DISTRESS OFF
NOVA SCOTIA COAST

Newport, R. I., Nov. 21—The United States shipping board steamer Yackin, Marseilles for New York, which put in here last night short of coal, proceeded today after her bunkers had been filled. Captain Dalpice reported standing by the beleaguered British steamer Lake Manitoba off the Nova Scotia coast for two days. Because of the storm he was not able to give her assistance. It was not until he reached port that Captain Dalpice learned that the Britisher, which was being towed from Montreal to Halifax by the scrapper, had been saved.

Cole of Kentville, N. S.; three daughters, Mrs. Dr. M. S. Campbell, of Lynn, Mass.; Mrs. M. E. Atkins of Salem, Mass., and Mrs. Charles Fraser at home. The funeral will take place tomorrow afternoon.

MRS. CARRIE DEMERCHANT.

Death again visited the home of Stephen Demerchant, Piermont, on November 19, this time claiming Mrs. Carrie, the wife and mother, after a brief illness of influenza, which developed into pneumonia. She is survived by her children and six children, the youngest but a few days old, her father, mother and two sisters, to whom the whole community extend a heartfelt sympathy as she was loved by all who knew her.

March 6, 1877, he was appointed by the vice-admiralty court of New Brunswick; and on March 11, 1881, on the resignation of Judge Williams, he received the appointment of judge of the county courts of Northumberland, Gloucester and Restigouche. On the next day he was sworn in, and held his first county court at Bathurst.

On February 12, 1884, he was ex-officio appointed first commissioner under the liquor license act of 1883 for the several license districts of Northumberland, Gloucester and Restigouche, and held the same until the decision of the privy council declared the act ultra vires. On October 26, 1885, he was appointed, under separate commissions, the revising officer of the electoral districts of Northumberland and Restigouche respectively, under the electoral franchise act passed in 1884. His honor retired in 1905 after being a quarter of a century on the bench during which time he only had one decision reversed on appeal. He was succeeded in office by the present Judge McLatchey of Bathurst.

In Church Life.

Judge Wilkinson was a member of the Church of England, and for thirty years, without a break, he was the vestry clerk of the church corporation in Chatham, where he had always lived, and resigned the office about twenty years ago because of his necessarily frequent absence from home to fill judicial appointments. For a like period, with very rare exceptions, he had been a delegate to the Diocesan Church Society and to the Diocesan Synod and at ever since its formation, and on several occasions he had been elected by the diocesan to the provincial synod. At the formation of the diocesan he strongly espoused the necessity of the bishop's concurrence in all acts of the synod, so in the provincial synod he was with those who held and voted that the House of Bishops should have a veto power on all nominations to the episcopate, both of which views, though not without much opposition, ultimately carried.

On St. James Day, 1850, Judge Wilkinson was married to Eliza Lovibond, only child of the late Rev. Samuel Bacon, D. R. (the first rector of Chatham, and who continued such for the long period of forty-seven years, dying at his post, February 16, 1869), a grand-daughter of a celebrated sculptor, the elder John Bacon. Mrs. Wilkinson died in 1903.

Judge and the late Mrs. Wilkinson had six children, of whom three are now living: Eliza Bacon, wife of John P. Burchill, M.P.P.; Rev. William James Wilkinson, B.D., rector of St. Peter's church, Kingsclear, and Mary Edith, wife of William R. Butler, M. L. C. E., until recently, professor of mathematics and engineering at Royal Military College, Kingston (Ont.). He also leaves eleven grandchildren and two great-grandchildren.

GERMAN BATTLE FLEET NOW
LIES IN SCOTTISH PORT

Surrender on Gigantic Scale Which Has
No Precedent in History; The Climax
of Germany's Downfall; Witnesses
of Wonderful Spectacle Moved by
Contemptuous Pity for Foe Who Would
Not Fight

The Firth of Forth of Scotland will hereafter have new prominence in history, for it was there that the naval delegates of Germany and the Allies met to discuss the terms of the armistice. The map shows the German fleet anchored in the Firth of Forth, with the British fleet nearby.

Edinburgh, Nov. 21—(8 p. m. by the Associated Press)—Germany, as a naval power, ceased to exist today. The heart of her mighty fleet—fourteen ships of the line, seven light cruisers and fifty destroyers—surrendered to an armada of British, American and French vessels, the greatest fighting force that ever stood out to sea.

The minutely detailed programme of submission laid down by the commander of the British fleet was carried out strictly according to plan. The German warships, strung out in a single column almost twenty miles long, appeared at the rendezvous at the appointed time and were led into the Firth of Forth between two columns of Allied ships which overlapped the Germans at each end. Tonight the enemy craft are anchored in the Firth under guard as prisoners.

A surrender on such a gigantic scale has no precedent in naval history. Although the wonderful naval spectacle was the same as a peace time review and evoked little enthusiasm, the haze blotting out the horizon, officers could scarcely credit the evidence of their eyes. It was an event which shattered all naval traditions and ideals.

Men animated by the spirit of Lawrence's "don't give up the ship" and Nelson's "England expects every man to do his duty," could not conceive of such an inglorious fate as that to which thudding on the deck of an American dreadnought, heard an officer remark: "Even the poor old Spaniards, knowing they had not a chance, came out of Santiago."

But for the most part, both officers and men were silent. They realized they were witnessing the climactic act of Germany's downfall. They showed no elation and seemed to feel a sort of contemptuous pity for the fallen giant of the sea who had refused to fight. Their imaginations dwelt on the foe's shame.

The main Allied fleet, extending over a line fourteen miles long in the Firth of Forth, began to weigh anchor at 1 o'clock this morning. The Scotch mist which for days had obscured the harbor, was swept away by a stiff breeze, and the moon shone brilliantly out of a clear sky. The ships quickly took their stations in the long double line they held throughout the day. British battle cruisers led the way followed by dreadnoughts. Admiral Beatty's flagship, the Queen Elizabeth, led the squadron in the northern column. The American warships fell into line behind Admiral Beatty's craft, balancing a British squadron similar in power in the opposite file.

The rendezvous was approximately fifty miles distant and the ships gauged their speed to arrive at the appointed place at 9 o'clock.

Inspection parties from the grand fleet boarded the German ships to make sure that all conditions of the armistice were observed. The enemy vessels will be interned in Scapa Flow. Part of the crew will remain for maintenance work and the remainder will be returned to Germany soon.

King George visited the American flagship New York yesterday. It was a notable occasion throughout.

As the king entered the royal barge the order came from the officers on the bridge to the sailors and marines: "Three cheers for the King of England!" Cheers were given with such a will that they brought an answering cheer from the men on the distant ships of the American squadron.

An Historic Signal.

Edinburgh, Nov. 21—Admiral Beatty's historic signal after the German fleet had been moored at the appointed place was: "The German flag is to be hoisted down at 3:45 and is not to be hoisted again without permission."

PRESIDENT TO
ARRIVE IN PARIS
ON DECEMBER 12

Paris, Nov. 22—President Wilson is expected to arrive in Paris about December 12, according to information here today. Plans are being made for the entertainment of the American president, as well as the Allied rulers who will visit Paris in November and December. The visits will begin at the end of this month with the arrival of King George and Queen Mary of England. King Albert and Queen Elizabeth of Belgium will come on December 5, to be followed by President Wilson.

Popular demonstrations will mark the visits of the president and the rulers of Great Britain and Belgium, who will also be entertained at a series of fetes and official functions which will take the form of military and civil celebrations of the Allied success in the war.

The arrival of President Wilson is expected to be coincident with the resumption of the activities of the inter-allied conference. The peace congress then will begin to take definite form.

LAST OF WAR CHRISTMASSES.

St. John's fourth war Christmas, from the viewpoint of gift goods and novelties, is already disclosing the same features that characterized the three previous ones. Japanese goods predominate, even among kiddies' toys, with a scattering of American-made novelties and mechanical toys as well as a few English soldier-made wooden playthings. Christmas cards and greetings now on hand are marked with war time greetings, but dealers expect some enterprising American and Canadian houses will run out special lines of Victory cards before the holiday season arrives.

Wholesale buyers predict a wonderful Christmas season next year, when France, England and the United States get back into peacetime manufacturing.

COMPANIES AFFECTED.

Local insurance representatives are somewhat perturbed over the advent of the Workmen's Compensation Act on Jan. 1 next, as it will doubtless reduce the volume of business now going into casualty insurance companies. The assessment of all employes by the government is a compulsory measure, but, of course, it is attended by the benefits of the Compensation Act which insures through the regular business companies may be retained if employers desire to insure their employes. A great volume of personal and individual accident insurance will doubtless be retained in the local companies as the Compensation Act is designed for working people chiefly.

She was sixty-six years old. Besides her husband she leaves one daughter, Mrs. McFadden; one brother, F. W. McIntyre, of Colorado; two sisters, Mrs. James Henderson of Detroit and Mrs. John DeVenne of New York.

SEAMEN'S COMPLAINT.

Captain Ryder of the schooner General George Hood was before the police court this morning on a charge of refusing discharge to seamen when the schooner was not in seaway condition. Captain Ryder explained to the court that his vessel was not seaworthy but that he had come from Digby to St. John for the purpose of going on the blocks to undergo repairs. J. King Kelly appeared in the interests of the seamen. After a lively tilt between the magistrate and Mr. Kelly, the case was set over until tomorrow morning.

ARE BEGINNING TO
FORGET THE EPIDEMIC

The general effect of the influenza epidemic is wearing off quickly and St. John is returning to its normal trend of living. The armistice celebration, coming in at the wind-up of the epidemic upset the routine of things for a few days and kept back a resumption of accustomed activities and habits. Now the celebration is over and each day finds the city becoming more like pre-war normal Copenhagen.

This is especially noticeable in the shopping hours of the afternoon, when crowds of buyers fill the stores. The first systematic social calling, the extra weeks is now going on again and night parties are re-assembling, such as sewing clubs, Red Cross workers, literary groups and fraternal societies in regular session.

At church week-night meetings since the influenza ban was raised the attendance has been large and clergymen expect that next Sunday congregations will be large. The houses of amusement, which resumed after the "flu" ban with very small numbers of patrons, are now gathering their usual crowds. In spite of the rain of the past week the movie houses have been having larger attendance each succeeding day.

WEATHER REPORT

GOOD THINGS COMING TO THEATRES OF ST. JOHN

NEW SERIAL OF THRILLS AND ROMANCE AT THE OPERA HOUSE

Albert E. Smith, president of Vitagraph, and Cyrus Townsend Brady, in writing "The Woman in the Web," Vitagraph's new serial, the first episode of which will be seen in the Opera House tonight, strived to get into it all the thrills which made famous "The Fighting Trail" and "Vengeance—And the Woman," but to make the big picture "different." In this they appear to have been remarkably successful, especially as to location and atmosphere.

The serial is fortunate in its stars, Miss Hedda Nova, a beautiful young Russian actress, who won her laurels in "The Bar Sinister" and "The Sign Invisible," and in J. Frank Glendon, with nine years of success on the speaking stage, and who on coming to the screen won instant recognition by his work in O. Henry pictures and in Blue Ribbon Features. Both are stars of action, all-around athletes who do not count personal risk to gain realism in the filming of a scene.

The story is that of a young girl bound by royal blood to marry a noble knight, but who loves a young American. She undertakes a weighty mission and in carrying it out is fought at every turn by powerful enemies whose influence stretches around the globe and against whom she is protected only by her sweetheart.

GOOD ATTRACTIONS COMING. The Imperial will next week show the great animal story "Tarn of the Apes," which held Broadway screens for several weeks recently. It is in eight reels and deals with the nursing and mothering of a child by a she-ape found in the jungle. The picture is from a well-known English fiction.

On Dec. 4 and 5 the Imperial will present a New York company of well-known merit in the late metropolitan success "Turn To The Right." There will be twenty people in the cast and the story is something of the character of "Daddy Long Legs." Ticket sale next week.

Dec. 9 and for that week the Imperial will be devoted to a masterful presentation of David W. Griffith's masterpiece "Hearts of The World," now running concurrently in New York, London and Paris at high prices. A special orchestra is to be used in this ten-reel production of France in war time.

IMPERIAL'S CROWD IS BACK AGAIN. The re-opening of the Imperial Theatre this week, which occurred with a burst of bad weather, rather stalled the usual volume of attendance, but now the crowds are coming back with all their old-time enthusiasm and numbers. The business of Wednesday and Thursday indicated this. For the present weekend Vivian Martin is the bright star in a delicious comedy-romance entitled "Viviette." There will be a Vitagraph comedy with Larry Senon and other reels. The Imperial has been a source of much favorable comment during the past week upon its tasty renovations and furnishing improvements.

SEE "TARZAN OF THE APES" AT THE IMPERIAL WEDNESDAY. Maddened by the death of his ape mother—at the hands of the cannibal chief—TARZAN races through the jungle. Leaping from tree to tree with the speed of a bird—he overtakes the fear-stricken black—grasps him in his great hands—and when life has flown—flings him far out into the soggy, mangrove-infested lair. Then Tarzan returns and mourns over his wild apes—his real mother. Then calling his friend the elephant—ralls the cannibal village and destroys it.

CHANGE OF VAUDEVILLE AT THE OPERA HOUSE TONIGHT. The change of vaudeville program at the Opera House opening tonight, offers the Charles Edwards Trio in a merry mélange of mirth, music and melody; Jack Dempsey, the dancing tramp and comedian; The Ritanos in novel pantomime, "Fun in the Jungle"; Norton and Model in a little gossip, songs and clever dancing; Conkey and Chick in a comedy skit with songs and chatter; and the opening chapter of the new Vitagraph serial drama, "The Woman in the Web." Usual two performances tonight at 7.30 and 9, tomorrow afternoon at 2.30—always the same little popular prices.

THE GEM AT GEM TONIGHT. Tonight at 7.15 and 8.45, Theda Bara in "The Soul of Buddha" will be shown at the Gem for the last time, with a rollicking Harold Lloyd comedy and a fine Pathe News Weekly. The Bara picture is a gripping five reel story of the mystic East and the gay life of Paris. Tomorrow five big acts of vaudeville.

HERE ARE THE ACTS AT THE GEM SATURDAY. The Gem will have five big vaudeville acts and a two reel picture at 2.30, 7.15 and 8.45 Saturday. The acts are: LeRoy's man and woman, singing, talking and dancing; Leoncel, the only rag-time accordion player and yodler; The Philinis man and woman in a variety novelty; May Hamilton in good songs and bright stories. The programme to conclude with a fine new trio.

Boxing Benefit. Boston, Mass., Nov. 21—More than 7,000 boxing enthusiasts attended a benefit entertainment here tonight for the family of Matty Baldwin, former New England lightweight boxing champion. The receipts exceeded \$10,000. Willie Jackson and Frankie Bell, Jack Britton and "Harem" Tommy Murphy took part in exhibition bouts.

Music, numerous novel attractions and dancing are features. The prize winning tickets are going well and the first series is nearly sold out. HELP THE GIRLS TO HELP THEMSELVES

There never was a time when greater moral danger confronted the girls of this city than in these war times, for there never was a time when so many girls were in the business world and away from home, and never a time when the cost of living was so high or temptation more present. The girl who is taking a fighting man's place in the business world must be supported in her effort to hold high the standards of womanhood. The girl employed during the day needs wholesome recreation in her after-work hours; the girl away from home and a stranger to this city needs supplementary education through night classes, and the girl who is lonely needs a place where she will find friends and kind sympathetic leadership. The Young Women's Christian Association of St. John have acquired the Sears building, 23 King street, for a Boarding Home. Your support is urgently needed.

A Billiard Record. Chicago, Nov. 21—Angie Kleckhefer, title holder, defeated Robert Canfield tonight in the second block of their match for the world's three cushion billiard championship, 50 to 25 in thirty-four innings, beating the world's record of thirty-six innings held jointly by Charles McCourt, of Cleveland, and the late Frank Day, of New Orleans. The new mark, however, may not stand officially as the rules provide a record can be made only in a single block of play, while Kleckhefer resumed play tonight in his 48th inning, which he did not complete in last night's block.

CARGO OF RUBBER IS CONFISCATED

Judgment Given in Halifax Case Dating From Early War Days—German Officer Smuggled on Board. Halifax, N. S., Nov. 22—Mr. Justice Drysdale of the admiralty court, has rendered judgment in the case against the Swedish steamer Svithold, seized in the early days of the war and brought to Halifax, confiscating the ship and her cargo of rubber. Counsel for the ship have applied for permission to appeal to the privy council. Mr. Justice Drysdale, in his judgment, finds that the captain of the Svithold acted in collusion with people in Pernambuco in attempting to smuggle the third officer of a German steamer on board there to Germany. The judgment relates that the Svithold's captain protested on his arrival here that he did not know he had the interned officer on board. The admiralty judge holds that the captain lied in so protesting and finds that this alone is justification for the confiscation of the ship. The cargo of rubber is condemned because it was contraband and carried without authority.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, NOVEMBER 22, 1918

WHITMAN TO FIGHT FOR GOVERNORSHIP. New York, Nov. 21.—Governor Whitman defeated for re-election by Alfred L. Smith, Democrat, on the face of the returns in the recent election, announced today that he would apply for a judicial review of rejected ballots in a primary. Smith apparently was a winner by a plurality of 8,000.

Cost-Laden Ship Ashore. New York, Nov. 21.—The American freight steamer Carib, 2,100 tons gross register, went ashore in seventeen feet of water near Point Lookout, Long Island, today. Unless weather conditions change, it was expected she could be floated without serious damage. She was bound here from Lisbon with a cargo of cork and soap.

JOHN LETT AND DOUGALL HAVE BEEN FOUND GUILTY. Toronto, Nov. 21.—John Lett and James Gordon B. Dougall were found guilty by a jury this afternoon of the theft of \$30,000 from Canadian Express Company messengers on a Grand Trunk train just outside of Toronto. Dougall, who was strongly recommended to the mercy of the court, was remanded for sentence till tomorrow morning.

GROWING DEAF WITH HEAD NOISES? TRY THIS. If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Parmitin (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

THE BOLSHEVIKI!

Must We Fight Another War To Save the World From Its Menace?

A shudder runs through the Western nations as they watch the millions of Central Europe plunge from anocracy toward anarchy, and publicists begin to ask if we must fight again—against the new foe. "Must we save the world from anarchy" is on every lip and the fact that such questions as these are being asked everywhere is proof enough that "the war does not end when the enemy surrenders" according to The New Republic. On the other hand, we find the Hartford Courant convinced that the scientific socialism of Germany can never develop the disorder that was bound to accompany the Bolshevism inherited from the old Russian nihilism. And the Boston Globe reminds us that "whereas Russia was predominately illiterate, in Germany illiteracy is less than one per cent."

The leading article in THE LITERARY DIGEST this week deals with the greatest menace that threatens the conclusion of world peace—the Bolsheviki. Other newsfeatures in this particularly interesting number of "The Digest" are:

- Records of American and British Navies in the War. The Veil of Silence is Lifted and in This Article Tribute is Paid to the Wonderful Work That Both Navies Have Performed. An "Unconditional Surrender" The Spectre of Famine Over Europe Denmark Wants Schleswig The Oil-can as a Globe-Trotter Fire as a Weapon Art Theft in France and Italy The London Theatre's Prosperity Shall Soldiers Pay for Comforts from Y. A Fine Collection of Half-tone Illustrations, Cartoons, and Maps. How "THE DIGEST" Will Serve You in the Future. Just as THE LITERARY DIGEST has provided during the long years of war that have just ended the most authoritative and dependable of news articles from week to week, so now, in the wonderful period of reconstruction that lies before us, it will furnish the vital news upon all the great questions of the day in a similarly interesting and comprehensive way. It will cover fully the movements of our troops in Europe, the return of our armies to their native land, the arrangements for disbanding the various units and restoring their members to civil life, the great readjustments that will become necessary in the worlds of finance, commerce, and industry, the rehabilitation of the wounded and crippled, the means by which they may be made self-supporting, etc. All these and many more allied topics in the social, political, and economic fields, will be treated without bias and with the simple aim of presenting the facts for your consideration and judgment. Study them each week in The Digest.

THE LONG VIGIL ENDED.

The long vigil in the North Sea is over. The Grand Fleet is practically free to cruise in quiet waters, after having done its incomparable part in making the world safe for democracy.

A FAIR CLAIM.

The claim of the maritime provinces for a money grant, if the western school lands are to be given over to the western provinces, is a just one. The people of the east opened up and developed the west, and are joint owners with newer provinces of the reserved lands which the latter now ask to have handed over to them.

THE VALLEY RAILWAY.

From some remarks that appear in the press it would appear that there is doubt in some minds regarding the relation of the federal government to the Quebec and St. John Railway. That government is pledged to take over the railway on its completion.

Dr. W. S. Carter and Mr. Fletcher Peacock are members of the delegation which will ask the federal government to give financial aid to promote technical education in the various provinces.

Every fresh evidence of German brutality to prisoners is another argument in favor of a just and full accounting. The guilty should be punished, as a warning to all barbarians for all time to come.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and un- strange, some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-weak, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere.

The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living.

For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms poisonous poisons which are absorbed into the blood.

Just as necessary as it is to clean the sies from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulations of indigestible waste and body toxins.

Men and women, whether young or old, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights, have become real cranks about the morning inside-bath.

A quarter of a pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and freshening effect upon the system.

So-called stomach troubles such as indigestion, gas, sourness, stomach-ache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach.

The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of bisurated magnesia, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt.

This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisurated magnesia which can be obtained from any druggist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants.

Magnesia comes in several forms, so be certain to ask for and take only Bisurated Magnesia, which is especially prepared for the above purpose.

A Shoe Service Backed by Experience

We number among our customers many who were the first to patronize our tiny store in the old building in Union Street, where we first opened shop. There is nothing that pleases us more than to have a customer recall our first feeble efforts to please.

From the first day we opened we firmly resolved to give such service that the customer would never trade elsewhere for Shoes than at Wiezels. And the fact that thousands of customers buy their family footwear from us testifies to our success.

After all it is service that you buy. It isn't the countless pieces of leather and stichtings that go to make up a shoe. It is the service given by that shoe that you actually buy.

And what greater feature in service is there than prices? Why pay \$10 for a pair of shoes that don't give the service that another pair bought in the right way give at \$8?

Four Exceptional Offerings

Can you re-bottle a Woman?

WHEN the men come back, the women will welcome them with open arms. But will they welcome them with open jobs? Will they hand over the positions in which they have "made good" during the men's absence? Will they hand over the nice fat pay envelopes they've enjoyed?

Helen Ring Robinson opens up some pretty exciting questions in this article. Can you re-bottle a woman? How can you pour all these women in industry back into their homes and put the cork in?

For the most interesting thing is not

that women are turning lathes, working in munitions, making airplanes, building ships, but that they are reaching out for executive positions! Think what that means!

And what is to become of that old standby, the "sponge" woman? Will she be sunk without a trace, that pretty little parasite who contributes nothing?

How is the adjustment to be made, what of the home, how do women themselves regard it? *Helen Ring Robinson* has some very pertinent glimpses of woman and her position in the new world after the war in "Releasing Women for the Top."

The man who jumped into the sea

BY ISRAEL SOLON

A man is swimming after the little boat steadily, persistently, relentlessly. After the solitary life boat, already overcrowded with men and women. "Get away! Keep away from us!" they shriek. "Knock him on the head—brain him, somebody!" Then from the water came the proposal, "Sell me a place, one of you—I'll pay you well for it." Who was *this man* that another, a man with wife and children, jumped into the sea in his place? This is one of the strangest stories of the war that has come to light.

The kind of wife he had

He was sick of it. Sick of the same meals, the same office, the same wife. He went to New York.

What women his friend's wife and sister-in-law were! He'd been a fool to marry the first girl that came along. Eagerly he saw more of the wonderful women. And then it happened!

A scream—a woman's scream cut suddenly through the thick darkness of that house. When he got back to his hotel he *knew!* Don't miss this illuminating story of the crisis in a man's life—"Just Plain Wife" by William Dudley Pelley.

Christmas color pages for the children

Wonderful, bright-colored pages, made especially for the children! One full of merry, irresistible Christmas cards all ready to be cut out and mailed to little friends. Two more of holiday fun with the beloved Twelvetreec Kiddies.

Others with fat Christmas stockings and holly wreaths for the doll house, puppies and kittens, the Christmas tree blazing with candles, and Dolly Dingle, herself with her soldier boy—all just waiting to be cut out and played with.

Special patriotic Christmas pictures

In a double-page Christmas supplement, Pictorial Review is reproducing three masterly Christmas war canvases.

These are Arthur I. Keller's "Keep the Home Fires Burning" and "There's a Long, Long Trail Awaiting," and S. J. Woolf's wonderful and

poignant "His Soul Goes Marching On". In the ruins of an old church at Rambecourt, destroyed by the Germans, this great American artist secured his inspiration for this masterpiece. All reproduced in the original colors. Ready to cut out and frame.

Little bewildered children whose fathers have been crucified for daring to fight

Little homeless children whose mothers and sisters have been carried away to horrors worse than death! A little baby girl waiting on a gutted doorstep—a little baby girl with a face like an old woman, rocking herself back and forth, back and forth, droning, "I'm

hungry, I'm hungry." And all about her the village—crumbling, wrecked, deserted. One of thousands of children lost in the mad fights from burning villages! When you hang up your holiday wreath and light your Christmas candles, think of them.

Thirteen cents will send one of them a quart of milk! Read the article on these little children in the Christmas number of Pictorial Review.

The Easiest Way To End Dandruff. There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Some Facts About Our Made-To-Measure Garments That Make Our Concern Supreme In Value Giving

To begin with, we want you to remember that the fabric quality of our Made-to-Measure garments cannot and should not be judged by the price alone; to do this not only works an injustice to the clothes—it also keeps you from sharing in the saving we are giving to thousands and thousands of men of the Dominion who have been wise enough to investigate. All we hope for is that this message will bring you to one of our twenty-two stores and tailor shops. After that we leave the selection of the fabric pattern and the style of your garment to your own good judgment. Our Made-to-Measure Garments have always been most economical and today our patrons are sharing in the advantages accruing to us because of our direct mill connections and our large fabric contracts made months ago prior to the many big advances in the cost of woolsens—our big range of woolsens in individual patterns would astonish you—they enable us to be of increasingly greater service to our customers.

Our Dominion wide tailoring service offers you all the advantages of custom tailoring at a price actually less than Ready-Made Clothiers can buy garments of like quality from wholesalers when delivered in dozen lots. PASSPORTS STILL NEEDED.
James V. Lantulum, immigration agent, informed The Times this morning that permits which have been abolished apply only to men of military age desiring to go to the States. He said that those desiring to go to England must have their passports and must apply to the department of internal affairs in Ottawa as usual. In the case of women, especially, they must clearly state their reasons for wishing to make the trip.

William Daley, a coachman, was before the court charged by Constable Roberts with rushing at a passenger in the Union depot and grabbing his suit case. He was also charged with not standing in the place assigned to conductors at the station. Roberts gave evidence and when Daley went to take the stand the magistrate told him that he believed that he had been drinking and refused to have him sworn. The case stood over until tomorrow morning. Daley was allowed to go on depositing a check for \$20.

MONSTER LOCOMOTIVES FOR THE GOVERNMENT RAILWAY

Moncton, Nov. 21.—Several monster freight locomotives have been ordered by the Canadian Government Railway from the Montreal Locomotive Works. Some of the engines are arriving this week, and are attracting a great deal of attention among railway men. The huge locomotives are even bigger than the Mikado, which is an engine of huge dimensions. The new type is known as the Santa Fe engine—the heaviest used on any of the railways in Canada. These engines are said to have great hauling capacity. It weighs about 250 tons and is 105 feet in length. One that arrived in Moncton this week is so large that it cannot go into the round house, or on the turntables. In turning it is necessary to go to the "Y" and tied because the tracks form the letter Y.

M., has been awarded a French military medal in addition to the honor conferred on him by the Canadian military authorities.
