THE SCOTT ACT FOR ST. JOHN.

Temperance People May Bring It Into Force.

Dissatisfied at the Government's Refusal to Grant Reforms a Campaign Will Be Begun.

The temperance people have not yet set a date for a meeting to consider the reply of the Tweed government to the petition which they presented in March last, but the Star has reason to believe that the date for such a meeting will be fixed in the immediate future.

A leading official of the Sons of Temperance in speaking to the Star this morning outlined briefly the temperance people asked for provincial prohibition, but, of course, as they expected, the government refused absolutely to countenance such a proposition.

Among the other principal reforms asked by the temperance people was a change in the hours during which liquor saloons can be open. The present hours are from six o'clock in the morning till ten at night, except on Saturdays when the closing hour is seven o'clock.

ST. JOHN STAR. ST. JOHN, N. B., OCTOBER 11, 1904.

THE SITUATION IN ST. JOHN. It is difficult to see where there is any possible ground upon which the Liberals of this constituency can have even a hope for victory.

It is difficult to see where there is any possible ground upon which the Liberals of this constituency can have even a hope for victory. The faction strife in the party is even keener than it was last February.

Confronting this disrupted party with colorless candidates and a policy of proved unpopularity in this city is a party enthusiastically united in its policy, under its leader and in support of its candidates.

LIBERAL NOMINATIONS. As the Star predicted yesterday, Col. Tucker was practically ignored last night and the city and county nomination went to the man who showed the most strength on the first ballot.

Mr. O'Brien's nomination was, of course, unanimous, but with that unanimity which "lets 'em wait upon 'em." The nomination is not a popular one with the party.

The sentiment of the disgruntled Liberals is well reflected by the Telegraph, which yesterday declared that the nomination of Mr. O'Brien would be equivalent to making the Conservatives a gift of the constituency.

swing the deciding vote to Mr. McKewen. The showing made by the voters by Col. Tucker will naturally be a source of considerable disappointment to that gentleman and his friends.

THE TELEGRAPH TO THE CONTRARY, local Conservatives did not take the date of the Liberal convention into consideration when fixing upon Thursday night for their own.

Here's a little question in arithmetic. If H. A. McKewen, running an election with the whole strength of the government at his back and with the certainty that his opponent, if elected, would sit on the opposition side of the house.

McKewen? McKewen? Where did we hear that name before?

THE USE OF OIL FOR SHIP FUEL. Naval Experts Discuss the Risks and Their Remedies.

LONDON, Oct. 7.—The all fuel fire on the destroyer Spithead marks an important period in the coal versus oil controversy. Naval and fuel experts are forecasting and criticizing theories on the subject.

An official inquiry into the occurrence of the explosion and the immediate future of oil fuel on ships will probably depend considerably upon the results of that investigation.

"Such a fire," said an engineer captain, "is one of those perils which have all along been feared in connection with the use of oil fuel."

"Whatever precautions you may take it is impossible to raise the flash point high enough to leave a reliable margin of safety from the contingency of the hot engine and boiler rooms."

"If a shell casing into a coal bunker finds very solid resistance, not only is this protection abolished by the substitution of petroleum, but the menace of a violent explosion would be introduced."

"When one of the German Kaiser class of battleships, all of which are fitted with supplemental oil fuel, was running her trials the other day she pitched her boiler and arranged a sea of fuel came brimming to the level of the furnace doors, and the fires were only doused in time to save a pretty conflagration."

Mr. Benjamin, of the Shell Transport Company, considers that oil fuel is safer than coal.

"Before a fire can occur with the oil fuel," he says, "it must come into actual contact with flame. Every possible precaution is used to prevent such a contingency, but, as the present case shows, accidents will happen. I maintain that with proper care no such occurrence should be possible."

Mr. Benjamin admitted that when an oil fire does break out at sea it is a serious matter. On shore oil fires are extinguished with sand or earth, but to throw water on burning oil increases the evil.

#### BOSTON AMERICANS WON

NEW YORK, Oct. 10.—Boston vanquished New York on the base ball field here today, winning the American League championship pennant for the second time. It was a sensational finish to a thrilling struggle, which has been going on for several months, and while Boston won, the New York representatives were not disgraced. In fact, they almost shared the honor with Boston. During the last two months these teams have been seeing in the lead for championship fame, and the fact that the issue narrowed down to the outcome of today's double-header on the Washington Heights grounds, concentrated how close the battle was. In order to win the pennant the New Yorkers required two victories today, while Boston decided on a win at the end of the fifth inning the local men seemed to have the first game well in hand, as they had scored two runs, one of which was earned on singles by Killebrew, Chesbro and Dougherty, and the other was scored by the New Yorkers after giving Keeler a base on balls, did a similar favor for Ellerbefeld, and allowed Chesbro to walk over the plate. With a bases filled again, Williams was an easy one from Dinsen to Lachance.

In the seventh inning a bad throw by Williams to the plate allowed Lachance and Ferris to cross the plate and tie the scores for Boston. Each side being equal, things went smoothly until the first half of the ninth inning, when Criger reached first safely on an infield hit. Dinsen advanced him to second by a sacrifice, and Chesbro, losing control at this critical stage, misaimed his pitch, the ball hitting the press stand, while Criger was running in with the winning tally. New York failed to offset the advantage which Boston gained, and the pennant went to the New England team by a score of 3 to 2.

Over 25,000 persons were within the enclosure when the victory was won, and the scene which ensued will not be forgotten easily by any one of those who were present. The Boston contingent, some 300 strong, which, headed by both bands, during which McGovern hooked his left to the neck of the runner for the count, and in the Hanlon break ground. McGovern upturned Hanlon with a right and then swung his left to the runner, and then right to the runner, and then right to the runner, and then right to the runner.

Both men took things easier at the opening of the third round. McGovern landed three hard swings on the jaw, but Hanlon fought him back, and a revolver with one cartridge discharged, lying near. The coroner's jury returned a verdict of suicide. Deceased was shot in the forehead, and has been in poor health for some time.

At the Dufferin Hotel last night a prominent Salmon River lumberman shot and killed a man who was detected in Kings, and the same amount that he would carry the constituency. He also put up \$250,000 in the Dufferin Hotel, and was carried to St. John city, and \$25 that McGovern would be defeated.

The monthly report is as follows: Number of scholars enrolled, 7,128, being an increase of about 100 over the corresponding month of last year. The attendance was 6,274, being 59 1/2 per cent of the enrollment.

THE LINE OF BATTLE IS NEARLY COMPLETED.

More Candidates Nominated--F. H. Hale, the Unanimous Choice of Carleton County.

F. H. HALE THE CHOICE OF CARLETON COUNTY. WOODSTOCK, N. B., Oct. 10.—The conservative convention held this afternoon to nominate a candidate for the commonwealth...

A. Dibble. Certainly the convention was most successfully arranged and everything went like clock-work, speaking a lot for the organization of the party in this county.

Next came a resolution proposed by E. W. Smith, M. P., seconded by ex-Warden Critchley, favoring the construction of the new trans-continental railway as a curative measure.

It is rumored that Hon. John Costigan does not wish to run, and is endeavoring to get a strong candidate to take his place, so he will be free to accept a senatorship, which he so much covets.

Mr. Borden, who was seconded by Richard Wheeler of Florenceville, and unanimously carried, the three cheers and a tiger for Mr. Borden. A. B. Connell then moved that the meeting now proceed to nominate, and L. R. Harding seconded the motion, which was carried.

It is believed that a battle of magnitude must be fought in the next few days. It is believed that the Japanese will make a stand at Liao Yang. Several positions have been assumed by the Japanese forces near Mukden.

He was proud of the large attendance here today. It was not necessary to pack a convention for him. It was the third time he had appeared before them as a candidate the fourth time in all. He had first gone to Ottawa as an independent liberal. He looked for a liberal policy, but looked in vain, and the liberals themselves are looking for it at present.

It is not so much on account of the Russian reverses in the war in the East as the indications that Germany and Russia are having together that has produced a feeling of uneasiness and distrust in France.

During the meeting addresses were made by the movers of the various resolutions, including Col. Vince, J. T. Flemming, Frank Smith and J. T. Fleming.

GREAT BATTLE IN A FEW DAYS.

Kuropatkin is Advancing on the Enemy.

Liao Yang May be the Scene of Another Terrible Conflict Before Long.

ST. PETERSBURG, Oct. 10.—The rumor of the existence of a secret understanding between Russia and Germany covering the war in the far east has again been revived. According to the latest version Germany gives certain guarantees to Emperor Nicholas regarding the German frontier, which will enable Russia to withdraw troops from the big Russian main body in Russian Poland and dispatch them to the far east, besides agreeing to support China in the peace negotiations at the end of the war.

here is that the impending battle is likely to develop with startling rapidity. It is reported that the Japanese have abandoned Sianchian, Siametza and Meichoulin, position east of Liao Yang. Considerable stress is laid upon the moral effect on the Chinese that may be expected from General Kuropatkin's advancing without being compelled to abandon the sacred city of Mukden, it being remembered that the Japanese failed to reach the city of Imperial tombs during the Sino-Japanese war.

GOVERNMENT'S LATEST.

Have Promised to Build a Chicken Coop at Vancouver.

OTTAWA, Oct. 10.—Every pretext known to the government is being used for the purpose of hobbling the electorate to vote for the liberal candidates. Probably the funniest of the governmental devices is that which has developed at Vancouver. It was just discovered that the Gateway city to the Pacific would make a splendid location for a chicken fattening station, or, at least, according to the request of Mr. MacPherson, late member for Burrard, S. Elford of the goodly division of the department of agriculture, has been hustled to Vancouver to select a site for the proposed station. Mr. Elford has evidently learned his lesson well, as he has caused to be announced that a chicken rearing and breeding station will be established in Vancouver next spring, so that farmers of Vancouver may be given an object lesson and provided with valuable information. Many benighted westerners were of the opinion that Vancouver was a flourishing city, but clearly in MacPherson's view, it is a rural community. It will be in order now for other places in the goodly division of the department of agriculture, to select a site for a chicken fattening station.

MONCTON NEWS.

MONCTON, Oct. 10.—Mrs. James McCully of Salem, near Hillsboro, Alberta, died at her home here at an early hour Sunday morning. Mrs. McCully had been enjoying her usual good health and retired on Saturday night at her usual hour. About 3 o'clock Sunday morning her husband awoke and found her dead in bed, breathing, and on lighting a lamp discovered that she was dead. Dr. Marshall, on being called into the house, decided that an inquest was necessary. Mrs. McCully is survived by her husband, one brother, Edward, in Moncton, and two sisters, Mrs. Thomas Gilles of Hillsboro and Mrs. Thomas Gill of Roseville.

FRANCE TO INVEST MONEY IN CANADA.

Financial Institutions of France Are Turning from Russia to the Dominion.

OTTAWA, Ont., Oct. 10.—Public confidence in France has been disturbed by the religious troubles which are agitating the republic, there is a likelihood of large investments of French capital in Canada, according to a representative of one of the leading banking institutions of Paris who is in Ottawa. Although Canada has attracted much outside capital in recent years, little of it has come from France. "I have brought some Canadian railway securities for my clients to invest in a good deal of Hudson Bay paper," said the banker. "I am here now on investing business. The fact is that there is a good deal of French money available for investment at the present time. A good many Russian securities have been bought in the past, but the appetite of the French people for these securities has been pretty well satisfied. It is not so much on account of the Russian reverses in the war in the East as the indications that Germany and Russia are having together that has produced a feeling of uneasiness and distrust in France. After all the money we have invested in Russia it would be a serious thing for France if she should be replaced in the Russian market by Germany. The principal cause, however, for the demand for new outside securities has been the action of the authorities at home in enjoining the societies. In attacking the religious organizations and confiscating property the government has not stopped at the property owned by the church, but has confiscated what has really been private property loaned by owners to the church for its use. This is discouraging domestic investments and driving capital out of the country, where there are now millions on deposit at one per cent. interest, and at some cases at no interest at all. Much French money will come to Canada, which has a great future before it. Many Parisian banks are now looking to Canada as a field for investment."

On Wednesday, the 19th, the grand officers of the Grand 'M' will institute a new temple 'Orange hall,' with a large charter membership.

JOHN S. TRITES DEAD.

MONCTON, Oct. 10.—John S. Trites, a prominent merchant of Lewistown, parish of Moncton died this afternoon after a brief illness, in the 64th year of his age. Deceased was a son of the late John S. Trites and was born at Salisbury, and carried on business at Sussex for some years before coming to Moncton. He was twice married. His second wife survives him, being a daughter of the late Oliver Jones of Moncton. He also survived by two daughters, George Trites, the well known traveller of St. John, is a brother of deceased. Deceased was prominent in religious work and was president of the Westmorland County Sunday School Association. The funeral will be held on Wednesday.

ACTORS STRUCK; NO SHOW.

Audience in the Opera House Last Night Got Their Money Back. A large audience assembled at the Opera House last night to see the first performance of "The Cracker Honeycomb," but the performance did not take place. It was all due to the actors, who refused to play unless their wages, which were in arrears, were first paid. Consequently, the audience were refunded their money and left to seek amusement elsewhere. The gods made a big blunder and were beginning to convert the gallery into a bedlam when the police appeared and hurried the actors out. The "Cracker Honeycomb" Company have been touring the maritime provinces for some time. Their business, however, has not been the best, with the result that wages had to be held back. When the company reached St. John yesterday Mr. Coleman, the advance agent, secured the local services of H. P. Robertson to recover for him his arrears of wages. It was in this way that Mr. Drew, the manager of the company, was summoned to the Landownde House, where he met Mr. Coleman with his lawyer and a constable. Once within the meshes of the web, he was compelled to sign a check in Coleman's name for the amount of his back wages, amounting to \$80. This occurred just before supper time last evening. After supper Mr. Drew went about it in the fair way, and informed the rest of his company what had taken place, with the result that they, too, balked.

THE FINDING MAN CHAMPIONS AT PRESENT IN THE BRITISH ARMY.

LONDON, Oct. 10.—The spurned lance is now finding many champions in the army. General French and many other well known cavalry officers are said to be in the recent account of fighting in which Japanese cavalry were met by Cossacks armed with lances has an impressive Lord Roberts is said to be against the lance, but, according to cavalry officers, that is because he is a cavalry officer. Colonel C. E. Swaine, who lately commanded the 11th Hussars, has recently spent some years in a lance regiment, interviewed this week, strongly urged the claim of the lance before the "account published in the 'Standard' 'Viva,'" he said, "should be read by every officer. It states that the Japanese did not know how to deal with the lances, and they were routed, one squadron being annihilated. It is all very well to say that on some occasions the lance has been beaten by the sword in the military tournament. There is a great difference between two single men hand-to-hand at the Agricultural Hall and a charge of cavalry where real war is going on. Sir H. Coleman and I have decided to take the charge of the 17th Lancers that did such execution among them. They speak with bated breath of the lance. The great advantage of the lance over the sword is that the moral reach his opponent first, but the moral

DO ALL MERCHANTS REALIZE THE IMPORTANCE OF ADEQUATE SPACE FOR THEIR ANNOUNCEMENTS?

IN A BATTLE NOT MORE THAN ONE IN A HUNDRED EFFECTIVE. THE OTHER NINETY-NINE BULLETS "FIND THEIR BILLET" OF COURSE; BUT REACH HIM? TARGETS. BUT WITH THE ARTILLERY—THAT IS A DIFFERENT STORY. THE BIG "BIG STORES" MUST BE EQUIPPED WITH "ADVERTISING ARTILLERY" OF LONG RANGE AND QUICK-FIRING. The little store, like the company of soldiers, may get along with little ad, if they are placed in "long range" mediums. A "bigger store," like a regiment, must have some display space—some field guns, for offence and defence. A "still-bigger-store," like a brigade, must carry "bigger guns," must expand its display advertising from inches into columns. A really "big" store, like an Army Division, must carry the "biggest guns," must use "wholesale advertising," and must make its advertising its "malted food" for competition, and its "glorious hand" for patron.

RAFFLE FOR A MAN AT \$1 A CHANCE.

Resident of Arizona Asks Government if Lottery Scheme Can Be Legally Carried Out. WASHINGTON, D. C., Oct. 8.—Who wants to pay one dollar for a chance in a man? The man lives in Arizona, and he has a gambling proposition to offer, knowing how the element of chance appeals to every woman. He has written to the post office department asking if it is against the law for him to put himself up at a dollar a chance. Here is the letter, but the post office officials refuse to allow the writer's name to be made public. "Tomestone, Ariz., Sept. 28, 1904. Assistant Postmaster General, Washington, D. C.—Dear Sir,—I wish to ask a question in regards to the Postal Laws, would it be against the law for me to advertise and Raffle My Self off? There are so many men in the Western States and so few women I have decided to Raffle My Self off at 2,500 Chances at one dollar Per Chance and each Lady Buying a Chance will get a number and the one drawing the Lucky Number will get me and the Money is to Start us up in life. LIBERAL CANDIDATES FINALLY SELECTED.

O'Brien Won Easily. But McLean Pressed McKeown Closely--- Col. Tucker Not In It.

The liberal convention was held in Berrymans' Hall Monday night, when Richard O'Brien was chosen as the standard bearer for the city and H. A. McKeown for the county and out of St. John. Col. Tucker was out of it altogether, but Col. H. H. McLean

RICHARD O'BRIEN Unanimously Nominated as Candidate For City.

grave Mr. McKeown's very close call, being defeated by only seven votes. One hundred and thirty delegates were present, but two or three evidently did not vote. Thomas McAvity secretary and H. S. Keith acted as scrutineer.

On motion it was decided that if three names were proposed for the candidature the lowest on the list after the third ballot should be dropped. T. H. Estabrook proposed the name of Richard O'Brien as the candidate for St. John city, who was declared the nominee of the party, as no other nomination was named. Mr. O'Brien's name was greeted with applause.

Then followed nominations for the city and county.

E. Lantulum, M. P. P., proposed Col.

LT. COL. H. H. McLEAN, who came within a few votes of getting the nomination for the county. Tucker and T. Gorman proposed Col. H. H. McLean, A. O. Skinner proposed H. A. McKeown.

THE RAILWAY COMMISSION

OTTAWA, Oct. 10.—The railway commission met today and delivered judgment in several applications. In the case of the United Factories, Limited, of New Market, the Grand Trunk, the application was for an order compelling the railroad to reduce its rate on logs from Penetanguishene to New Market. The rate up to November, 1902, was three cents per 100, but was then increased to four cents, and thus the total carload movement from Penetanguishene to New Market had increased from 150 cars in 1894 to 107 cars last year. The object of the railroad company in raising the New Market rate was to secure the New Market industry was accomplished. The board held that the four cent rate with the conditions attached to a second haul is in force on the principal railroads in Eastern Canada, and it is not unreasonable. When compared with the usual rate of seven and a half cents per 100 by the ordinary embargo tariff the four cent rate is low. The tariff not being unjust or unreasonable, the board had to disallow the application. The commissioners also disallowed the application of the Canadian Freight Association for permission for the railroads to make a concession on the current rates on material for construction and equipment of new industrial plants. It has been the custom of the railroads to allow

Messrs. Lantulum, Gorman and Skinner were appointed scrutineers. The roll was called, the delegates voted and the result was as follows: McKeown..... 53 McLean..... 54 Tucker..... 15 Total..... 122 Mr. Lantulum said that he desired to withdraw Col. Tucker's name from the list of candidates. Several of the delegates said this could not be done without rescinding the motion passed that the lowest candidate would be dropped after the third ballot. After a brief discussion the name was withdrawn. The second ballot resulted as follows: McKeown..... 65 McLean..... 58 Tucker..... 8 Total..... 131 Mr. McKeown was then declared the winner, and the announcement was received with applause.

After cheers for the King, the candidates and the liberal party the meeting dispersed.

Col. McLean, speaking to the Sun last night, said that he had been in a position to take the nomination if it was offered to him, but since Mr. McKeown had been selected he was prepared to go into the fight red hot and give Mr. McKeown his heartiest support. He was a liberal and would work for the party rather than personal interests.

Col. Tucker told the Sun that while he was not surprised at the result of the meeting, he had not had any idea that the contestants had so many friends amongst the delegates. It was

no surprise to him that he had not been selected, but evidently thought he would receive a much larger vote.

Richard O'Brien had no particular statements to make. He had been selected as the standard bearer and would endeavor to do his best. He was asked if it was true that a new morning paper would be started in St. John in his interests, and replied that so far they had not thought about the matter.

According to street talk last night, however, a new morning edition will shortly be issued from the Globe office. Some contend that it will be used as a campaign sheet only in the interests of Mr. O'Brien and will go down after the election. Mr. O'Brien has made this seem necessary, and there is little doubt at present that St. John will soon have another morning paper.

REDUCED RATES.

The Western Union Telegraph Co. and the Anglo-American Cable Co. have reduced their rates to points in Prince Edward Island. Thirty cents for a ten word message and two cents for each additional word will be the rate now. Hitherto it was fifty cents for a ten word message and three cents for every additional word.

THE BORDEN CLUB

Held Its Second Meeting At the Conservative Headquarters Last Night.

The R. L. Borden Club held its second meeting last evening for the purpose of electing two delegates to the convention in addition to the three which were elected last week. A large number were present and the delegates elected are D. S. Macrae and D. McKinney. The matter of holding a public meeting was left to the executive and it is probable that a meeting will be held in one of the smaller halls, perhaps in the north end.

Ward committees were appointed and the members of the club are taking an interest in the work of the campaign.

After the business had been transacted L. P. D. Tilley, who was present, was called on to address the club and referred to the fact that over in the adjoining hall a friendly meeting was going on where candidates were falling over each other. He appealed to the judgment of the members of the club in the north end.

The club will meet again on Friday night.

MAY GET IT.

One Returning Officer Wants a Steamboat and Four Thousand Dollars.

OTTAWA, Oct. 10.—The burden of the returning officers for the preparation and revision of voters' lists in remote districts as well as in large cities is being increased by the return of the election is no light one for Secretary of State Scott.

The chief trouble is with the Ontario constituencies of Algoma, Nipissing and Thunder Bay and Rainy River, in which the returning officers are being asked to have the elections held at later dates than that of the elections throughout the country generally. To have the lists prepared, printed at Ottawa and revised for some of these polling subdivisions is impossible and the expense of having them forwarded free direct to the deputy returning officers will be resorted to in some cases.

"Send me at once four thousand dollars and a steamboat," was the request which the secretary of state received by wire today from his returning officer for Comox, Atlin, B. C. The requisites will probably be supplied in the case of the election in that constituency does not take place until after Nov. 3rd.

LIKE A PACK OF CARDS.

That is the Way Dowie Styles Politicians.

NEW YORK, Oct. 10.—A despatch to the World from Washington, Missed says: "The politicians of today strike like a pack of cards. The more they are shuffled the dirtier they get, likewise the more politicians are thrown here and there, the more dirty they become." Apostle Alexander Dowie is quoted as saying, while speaking at Zion City on Sunday, "The nation is 'The people of this land,' he said, 'can never be wisely governed as long as they are governed by themselves. Instead of government of the people, by the people and for the people, it should be a government of the people, by the people, and for the people, and that is what we are going to vote for.'"

Zion City, he said, would use its influence pleading to God, and the issue of Zion's theocratic party was before the world, and as soon as strong enough to elect a ticket in Zion it would put a national ticket.

ANOTHER ASYLUM TRAGEDY.

HAMILTON, Ont., Oct. 10.—James Martin, head baker at the Hamilton insane asylum, died Saturday evening from injuries inflicted early in the afternoon by George Lingwood, a patient from Guelph. Lingwood had been employed in the bakery for about a year, and was regarded as harmless, but for reason unexplained he suddenly turned on the head baker and cut a big hole in the right side of his head with an axe. The assistance of two physicians was had within a few minutes, but they could do little for him. Lingwood remarked that he had done for the baker. A GREAT MEETING

At Tremont Temple in Boston Yesterday

Addressed by the Archbishop of Canterbury—Overflow Meeting Held in St. Paul's Church.

BOSTON, Oct. 10.—The Archbishop of Canterbury and Bishop representing various parts of the world, addressed a great missionary mass meeting in Tremont Temple tonight. The attendance was so large that it was necessary to hold an overflow meeting in St. Paul's Church, at which most of the addresses were repeated. The addresses of the archbishop were probably the last that he will make in public during his stay in America, as he will sail for New York on the following day.

The archbishop had a busy day, speaking at three functions. He was presented with a loving cup at Bishop William Lawrence's residence by St. Stephen's Church of East Liverpool, Ohio, many of whose members are of English birth or descent, and he replied to the committee which made the presentation in a short address. He addressed the Evangelical Alliance, an organization of evangelical churches, at noon, in Park street church. His Father Osborne is the third English primate met the members of the Episcopalian Club at an informal reception held at the University Club late in the afternoon.

The only important business transacted by the convention today was the adoption of a resolution naming Richmond, Vt., as the place for the next triennial convention in 1907. The house of deputies in executive session, voted to confirm the election of Rev. Ed. W. Osborne, of Boston, superior of the American branch of the Society of Mission Priests of St. John the Evangelist, as bishop coadjutor of Springfield, Ill. Father Osborne is the third priest from among the Cowley Fathers to be chosen a bishop in the American Church.

The Archbishop of Canterbury made his last public appearance and utterance on his present visit tonight at the greatest missionary meeting ever held in the history of the Episcopal church in this country. Tremont Temple, the largest church building in the city, and St. Paul's church, a block away, were both crowded to overflowing, and thousands of people were waiting outside either church. No building in the city could have accommodated the people who wanted to hear and see the greatest missionary meeting ever held in the history of the Episcopal church in this country. Frederickton. Death of Two Gibson Residents—Store at Stanley Broken into.

FREDERICKTON, N. B., Oct. 10.—The death occurred yesterday at Gibson of the widow of the late Silas Thomas, at the age of seventy years. The death also occurred at Gibson of James Kidd, a respected resident of that place.

The general store of Jeremiah Rogers, near Mr. Turnbull's hotel, Stanley, was broken into on Saturday night and some clothing and biscuits stolen. The clothing taken consisted of a suit of clothes, a pair of trousers, and some boots. The robbery was perpetrated very quietly and it was not until Mr. Rogers entered his store yesterday morning that he was aware he had been the victim of the burglar.

VASSALBORO INN BURNED. VASSALBORO, Me., Oct. 10.—All that remains of the beautiful Canabas Inn, the finest building in this section of the town, is a mass of ruins, free from the structure at 8:30 tonight, and it was burned flat in a short time. The house was erected about 15 years ago by W. A. Yates of Waterville at a cost of \$15,000. It was large and roomy and was lucratively furnished. No one lived in the house at the time of the fire, the owners, Dr. and Mrs. Ralph H. Pulsifer, having closed the place some months ago. The insurance is placed at \$8,000. The insurance is about one-third this amount.

FAMOUS STALLION SOLD.

NEW YORK, Oct. 10.—Hamburg, the famous stallion, was sold tonight to Harry Payne Whitney for \$10,000. The sale took place at Madison Square Garden, where the entire racing stud of the late Wm. C. Whitney was put up at auction by the Fasig-Tipton Company. When bids were called for Hamburg, H. P. Whitney offered \$50,000, which was raised by Jas. R. Keene to \$90,000. Mr. Whitney then bid \$70,000 and the great sire went to him at that figure.

A QUEBEC CANVASS.

MONTEREAL, Oct. 10.—Hon. Senator Choquette has been got to work after leaving the bench. In his remarks at Chateau Richer, the judge asked the question, "Are our religious thinkers not more assured in the hands of our own like Sir Wilfrid Laurier than in the hands of an English Protestant like Mr. Borden?"

Another was: "I doubt race prejudice, but blood is thicker than water. Let us support our blood in preference to that of Mr. Borden."

DR. DAVIDSON.  
Extract From a Letter in Which He Discussed Scottish Church Affairs.

Dr. John Davidson, formerly of the U. N. B., who is now undergoing treatment in a sanatorium in Scotland, discusses the Scottish church case as follows in a recent letter to a friend here: "I have felt ill at ease since these last six weeks since the great church case began. You can't discuss spiritual independence on your fingers, and I have a great deal more sympathy for the Scottish church history has always been one of my side issues, and I have written a great deal on some of its topics. This church case sums up all the interest of that history and is enlarging all the attention of the Scottish public. The parliamentary solution of this monstrous situation is gradually emerging as the only possible solution. From a Scottish point of view the law of the lords about trusts is said to be doubtful, and from the point of view of the law of Scotland, a case by documents only and not by reference to the whole teaching of history is ridiculous. As a matter of fact the free church did change and for the better, and in the narrow technical views was justly deprived of its property. But that a church should be deprived of its property because it forms a union, which from every point of view is a monstrous and unchristian thing, is monstrous, and public opinion will not tolerate the disorganization which is threatened. I have more sympathy for the poor ignorant Highland remnant than perhaps most educated people, but they are not bearing science as well as adversity. The division has an obvious bearing on the question of church union in Canada."—Frederickton Herald.

WHO IS RESPONSIBLE?

David H. Waterbury, representing the Dominion government, appeared in the police court yesterday afternoon, at the instance of the Board of Health, to explain why the building in which the North End post office is located was allowed to remain in an uncleanly condition. Mr. Waterbury did not think that the government was responsible, as the building is now owned by Dr. Maher, who recently bought it. Dr. Maher has not yet taken possession, and accordingly disclaimed any responsibility. The case will come up again next Monday.

TO HELP HIS BROTHER.

OTTAWA, Oct. 10.—Dr. Devlin, M.P. for Galway, has arrived in Ottawa. Mr. Devlin stated positively that he has no intention of resigning from the British parliament nor of contesting Wright county or any other constituency for a seat in the Canadian house of commons. He is here for the purpose of assisting his brother, whose name will go to the convention as the liberal candidate for the county of Wright.
