PRICE TWO CENTS

RUSSIANS SWEEPING THE AUSTRIAN FORCES BEFORE THEM TOWARDS THE CARPATHIANS

CZAR'S ARMY PUSHING ON TO LEMBERG

One of Enemy's Armies Has Been Completely Isolated.

SEVERAL ADDITIONAL PRISONERS TAKEN.

Heavy Fighting in Galicia and Volhynia with Enemy Stubbornly Resisting at Some Places.

Having captured Chernovitz, capital of Bukovina, the Russians are well on their way from that city and from various points along the River Pruth, driving the Austrians before them toward the Sereth river and the Carpathian mountains. Numerous additional prisoners have been captured by the Russians in their drive, and more guns, machine guns, ammunition and foodstuffs have fallen into their hands. Heavy fighting is still in progress to the north, in Galicia and Volhynia, with the Russians generally on the offensive, but with the Austro-Hungarians and the Germans tenaciously battling against their further advance.

In the region of the Pripiet marshes to the west of Kovel, and along the Skhod river, where the Kovel-Kovno railway crosses the stream, the Russian attacks have been practically repelled by the German General von Blomberg's forces, according to Berlin, while the northwest of Lutsk the battle is going in favor of the Germans. Petrograd admits the penetration of the Russian lines by the Austrians west of Lutsk, near the town of Lokatchi, but says that later the Russians retrieved this setback. The announcement of fighting in this region would indicate that the drive in Volhynia has brought the Russians to within twenty miles of Vladimir-Volynsk, the head of the railway running north through Kovel.

Attempts to Check Advance on Lemberg.

The official statement says: "The front of General Brusilov's armies the enemy tried, by counter-attacks, to arrest our advance toward Lemberg. In the region of the village of Bogovitch, southeast of the village of Lokatchi, six versta, (about four miles) south of the main road from Lutsk to Vladimir-Volynsk, the Austrians, in mass formation, attacked our units and, breaking through one sector of the fighting front, captured three guns belonging to a battery which resisted bravely to the last cartridge. On receiving reinforcements we overthrew the enemy, recapturing one gun and taking 300 prisoners and two machine guns.

"In the region of Korytmitsky, southeast of Svinoloukhi, the Austrians launched a counter-attack and put the enemy to flight. Meanwhile a section of our light batteries, posted in a wood in advance, cannonaded the fugitives point blank. We took in this action three officers, 100 soldiers and four machine guns. East of Borohoff, south of Svinoloukhi, we seized, after a desperate resistance a wood near the village of Bojoff, taking 1,000 prisoners and four machine guns.

1,800 More Captives.
"During attacks in the region of the southern edge of Radzivloff the enemy received our troops with jets of liquid fire. We took in this region yesterday 1,800 prisoners.
"Our troops, having occupied Chernovitz and crossed the Pruth at many places, are advancing energetically toward the river Sereth, established by the occupation of the bridgehead at Chernovitz. General Letchitzky made prisoner 40 officers and more than 1,500 men and captured, near the town, ten guns. In the course of the pursuit of the enemy we took prisoner near the village of Kouchournar 400 soldiers and captured two heavy guns, two gun carriages, numerous caissons full of munitions, and over 1,000 wagons loaded with provisions and forage.
"Near the village of Storozynetz we took two officers and 85 men prisoner."
"The total prisoners made in the course of the day amounted to about 3,000.
"At Zoutchka station, north of Chernovitz, we captured a depot of engineering material.
"On the front north of the forest re-

BRITISH AIRMEN AND TROOPS IN THRILLING COMBAT

Twenty-Seven Engagements in a Day, the British Airmen Accounting for Several Enemy Craft—Heavy Shelling of British Line but No Important Infantry Attacks.

On the front in France only one infantry action took place Monday. This was between the Avre and the Oise, where the Germans attempted to approach the French lines, but were repulsed with hand grenades. Only bombardments, violent in the northeast of Verdun, and against the British positions near Neuville-St. Vaast, but intermittent elsewhere, have taken place along the rest of the line in France and Belgium.

Numerous battles in the air, in which six German machines, among them two Fokkers, were driven down by the British, are recorded in the British official communication. The British themselves lost two aircraft.

A severe battle between the Austrians and Italians is in progress on the Sesti Communi plateau, to the west of Anago. On the various other sectors southeast of Trent, numerous Austrians attacked and have been repulsed.

The Italians report some progress for their troops northeast of Asiago the capture of 100 Austrians and two machine guns. Three Italian steamers and five Italian sailing vessels have been sunk. At least one of the vessels, the steamer Leprosia, is reported to have been sent to the bottom by Austrian submarines.

Paris, June 19.—The official communication, issued by the war office tonight, reads:
"Between the Avre and the Oise two enemy detachments, after a spirited bombardment, attempted to approach our lines. They were repulsed by grenades.
"On the left bank of the Meuse the artillery action was intermittent.
"On the right bank there was a violent bombardment north of the Thiamont fortified works, and in the sectors of Vaux, Chaptre and Souville."

"An enemy air squadron dropped numerous projectiles on a village south of Verdun, where a camp of German prisoners was located. Several of these prisoners were killed or wounded.
"The day was calm on the rest of the front."
Belgian communication:
"Calm prevailed today."

27 Air Combats.
London, June 19.—The British official communication issued today reads: "During last night and today the German infantry carried out no enterprises along our front. Except for some heavy shelling of our trenches southeast of Neuville-St. Vaast, the enemy artillery was fairly quiet.

"Arras was shelled last night, and during the day there has been some shelling about Secourt, Thiepval and Hulluch. East of Souchez there has been reciprocal trench mortar actions. Today our artillery dispersed enemy working parties west of Hulluch, and in this region the enemy blew a small mine which destroyed one of his own posts, but did us no damage.
"The chief point of interest to record in the aerial report of yesterday, when there was a marked increase in the work of hostile aircraft. In all there were 27 combats, in which the enemy suffered the following losses:
"One hostile aeroplane was brought down in our lines near Doullens; the occupants were made prisoners. Two of our fighting aeroplanes encountered two Fokkers in the vicinity of Lens. One hostile machine was driven down damaged; the other, shot down, crashed to earth from 4,000 feet. In other air fights two more German machines were driven down in a damaged condition and another was brought down near Wingles.
"Hostile reconnaissance, which crossed our lines in force, were attacked and dispersed by our aeroplanes. One of our pilots reports seeing two hostile machines hit by anti-aircraft fire."
Turkish Statement.
Constantinople, June 19, via London

tion and on the Drina front the artillery duel continues.
"Caucasus front: In the direction of Gumshashan, in the region of the village of Baseardjik, we repulsed a Turkish offensive."

gov. GENERAL AT NIAGARA CAMP.
Niagara, Ont., June 19.—The Governor-General struck bad weather at Niagara-Camp today. With his party he (the Duke) arrived on the special train at 11.15 and was met by Gen. Logan and staff. Rain was falling and he decided to witness one march past and take the salute.
The Duke took off his raincoat when he saw all the men and officers were without theirs and reviewed the troops in the falling rain with no other protection than his field marshal's uniform.

TROLLEY AND TRAIN COLLIDE, TWO KILLED

Train Hits Car Loaded with Passengers Killing Two and Injuring Several Others.

St. Catharines, Ont., June 19.—Killed: I. Abbey, Welland; R. Adams, Welland; injured, not seriously, Robert Colley, Welland; William Suesse, Ridgeway; A. Bechar, Port Colborne; Miss King, Humberston; Stephen Lampman, Welland; S. Major, Welland.
Above is the casualty list resulting from a collision between a closed trolley car on the Welland division of the Niagara, St. Catharines and Toronto railway with a passenger train on the Buffalo and Goderich branch of the Grand Trunk at Port Colborne, early this evening. The cars met on the diamond crossing of the two roads.
The trolley was the regular six o'clock car from Port Colborne and was well filled with passengers, the majority of whom were working people returning to Welland and vicinity. The train struck the rear end of the trolley, just before it had cleared the tracks.
How the accident occurred is unknown as the crossing is fitted with modern half-lifting derails, by which it is necessary for the trolley conductor to throw the semaphore against the on-coming train, before the trolley is able to cross.
The two trolley passengers killed were either knocked off or jumped from the car and were run over by the train. Adams was instantly killed and Abbey died shortly afterwards.

More Food Riots.
Amsterdam, via London, June 19.—Another demonstration against the high prices of food was held here today. A large procession, composed mainly of women paraded the streets. The telegraph announces that the police have prohibited all street demonstrations after today.

Austrians from the Italian Front.
London, June 19.—Among the Austrian prisoners captured in Gallia were many who had recently been captured on the Italian front, says a Reuter despatch from Kiev. They were weary and ragged.
London, June 19.—A portion of the Austrian forces from Chernovitz have retired westward toward Kolomesa and Kut, and the remainder of the forces in the direction of Dornavatra, telegraph Reuter's Petrograd correspondent. General Piarsner's army is now isolated, he adds, and must depend upon its own resources.

Petrograd, June 19, via London.—The Russians took 2,000 prisoners in the city and vicinity of Chernovitz, the war office announced today.

German Statement.
Berlin, June 19, via London (4.25 p. m.).—The following statement on military operations was issued today by the German war office:
"Western front: South of the French frontier, as far as the Somme, fighting continues."
"A French hand grenade attack near Chavonne, south of Vally, was repulsed.
"Explosion of a German mine on La. Fille Mort height in the Argonne gave good results.
"In the Meuse region the firing increased appreciably towards evening and during the night it attained great intensity on Dead Man's Hill and to the west of the hill, as well as in the sector of the front from Thiamont wood to Fort Vaux. As previously reported, during the night of the 17th an enemy attack at Thiamont wood was repulsed. Yesterday further attempted attacks were frustrated by our fire. In the fighting of the past two days 100 French were made prisoners.
"Several attempts at night attacks by the enemy in Pumin Wood were completely repulsed by hand grenade enagements.
"One British biplane fell near Lens and another north of Arras after aerial battles. Two of the occupants were killed.
"One French machine was shot down west of the Argonne. A German air squadron attacked the railway, and military factory establishments at Bacarot and Raon L'Etape.
"Eastern front: On the northern portion of the front nothing of importance has occurred. On the railway lines of Gachoschilimnic, which were being used for military transport, numerous bombs have been dropped."

Judging by Food Served Out to the Soldiers and Civilians, Canadian Released from Prison Camp Says.

London, June 15.—(Montreal Gazette Cable)—Premier Morris, of Newfoundland, arrived in London tonight. He deferred any definite statement, but it is gathered that he will take up several matters of political and financial interest regarding the colony. Lady Morris was already staying in London.

Sir George Foster intends to remain in Paris a little longer, although the other delegates of the Economic Conference returned to London today. The Canadian Trade Commissioners reach Bordeaux today from Paris, where they had a busy time, both from a commercial and social point of view.
A fifth Highlander of Montreal, who is among the latest arrivals from Switzerland from German prison camp, writes Mrs. Bulkeley Rivers, of the Canadian Red Cross, that it is now unnecessary to send parcels of food. He speaks in glowing terms of the kindness shown by the Swiss, which makes him feel as if he is dreaming after experiencing long months of German cruelty. Judging by the food served to soldiers and civilians, he thinks, the Germans cannot hold out much longer.
Cardiac failure, due to gastric irritation, was the verdict returned at the inquest at Shorecliffe on Leslie P. McCormick, 52646, of the Medical Corps, found dead with a morphine syringe in his pocket a fortnight ago. The theory of suicide was dismissed.
Cultivation of the ground in Bramshot Camp for growing vegetables is the subject of a recent order by General Watson, and soldiers are already doing garden work. Efforts are being made in various directions to induce ordinary citizens to cultivate house gardens with a view to easing the anticipated rise in food-stuffs next winter. The price of meat has risen so high that the press is advocating that the government should commandeer all supplies.

Washington, June 19.—Upon Gen. Carranza's reception of a stern refusal to heed his demands for recall of American troops from Mexico hinges the question of the Mexican war, in the opinion of President Wilson's close advisers. They were prepared tonight for the possibility of open hostilities after the note, which will be sent forward tomorrow, has reached Carranza's hands.
While the diplomatic steps were in progress today the nation was stirring throughout its width and breadth with the movement of national guardsmen mobilizing to guard the border. At least 100,000, and possibly a far larger number were preparing for active service under President Wilson's call. For the present their mission will be purely one of defense; but should war come, they will be ready also for that.
No marching orders for the new forces had gone out tonight. They will not be assigned for border duty until mustered into the federal service. Even when mobilization is completed only such units will be ordered south as Gen. Funston desires to fill the gaps in his 3,500 mile guard line. The remainder will rest on their arms at the state mobilization camps for the present, awaiting the turn of events.
Official reports from many quarters show that a flame of popular feeling against the United States is being kindled throughout Mexico. Apparently it is being done with the sanction of Gen. Carranza, for the acts in

WASHINGTON PREPARED FOR A WAR WITH MEXICO

On Carranza's Reception of Refusal to Withdraw Troops Hinges Question of War—Flame of Popular Sentiment Against U. S. Being Kindled Throughout Mexico.

Washington, June 19.—Upon Gen. Carranza's reception of a stern refusal to heed his demands for recall of American troops from Mexico hinges the question of the Mexican war, in the opinion of President Wilson's close advisers. They were prepared tonight for the possibility of open hostilities after the note, which will be sent forward tomorrow, has reached Carranza's hands.
While the diplomatic steps were in progress today the nation was stirring throughout its width and breadth with the movement of national guardsmen mobilizing to guard the border. At least 100,000, and possibly a far larger number were preparing for active service under President Wilson's call. For the present their mission will be purely one of defense; but should war come, they will be ready also for that.
No marching orders for the new forces had gone out tonight. They will not be assigned for border duty until mustered into the federal service. Even when mobilization is completed only such units will be ordered south as Gen. Funston desires to fill the gaps in his 3,500 mile guard line. The remainder will rest on their arms at the state mobilization camps for the present, awaiting the turn of events.
Official reports from many quarters show that a flame of popular feeling against the United States is being kindled throughout Mexico. Apparently it is being done with the sanction of Gen. Carranza, for the acts in

many cases are those of his authorized military or civil agents.
From Juarez to the west coast of Mexico posters have appeared calling the people to arms, and asserting that the United States is preparing to hurl its armies into Mexico. Chaotic conditions prevail everywhere, it is said, and relations are strained to the breaking point.
Neither the state department officials nor members of the diplomatic corps have been able to satisfy themselves as to Gen. Carranza's motives. There are some, however, who believe he hopes to ride into popularity on a diplomatic triumph over his powerful northern neighbors, or upon a war wave which might establish his tottering government in popular estimation. Once the war was on and a certain defeat of his armies foreshadowed, these observers say, Gen. Carranza might sue for peace, trusting to the magnanimity of the Washington government to leave him.
Declares War on U. S.
San Diego, Calif., June 19.—The governor of the State of Sonora has declared war on the United States, according to a radiogram today from Commander Arthur Kavanaugh of the gusboat Amnapolis, now at Mazatlan. No further details of the alleged declaration of hostilities were given in the message, which was directed to Admiral Winston, of the Pacific coast fleet here.

Thirteen N. B. Men in Casualties

The casualty list sent out by the militia department last night contains the names of several Maritime Province men. Of these thirteen are from New Brunswick, Lieut. J. Edgar March being the only St. John man mentioned in the list.

GERMAN SHIP TORPEDOED

London, June 19.—The German steamer Ems, from Christiania for Lubeck, was torpedoed this morning off the coast north of Falkenberg, Sweden, supposedly by a British submarine, says a Reuter despatch from Stockholm today. The crew was saved.

The German steamer Ems was a vessel of 620 tons gross, built in 1907 and owned in Hamburg.

ALLIED DRIVE THIS MONTH IN MACEDONIA?

Serb Army Weeded Out and Ready to Play Role.

ALLIED ARMY OF 680,000 SOON ON SCENE?

Entente Army Ready to Strike While Teutons are at Great Disadvantage.

Saloniki, May 28.—Correspondence.—The Allied offensive in Macedonia, originally scheduled for mid-May and postponed on account of the condition of the Serbian army on its arrival in Corfu, is now confidently anticipated towards the end of June or at the latest, early in July.
The activity of the Bulgarians east of the Struma the past week, and a gradually increasing extension of artillery operations, have led to the assumption, from time to time, that Gen. Sarraff's plans might be hastened, and the Allied attack begun at once. This is possible; but the general opinion is that the activities of the Bulgarians are merely in the nature of taking up the slack in their line, and that they will not precipitate an attack.
The outbreak of cholera among the Serbs on their arrival in Corfu proved a mixed disadvantage. It made their transport to Saloniki in time to participate in an offensive, impossible. Moreover it reduced their numbers very materially; a great many more Serbs died than will ever be known, not simply of cholera, but from gastritis, malnutrition and sheer exhaustion.
The Serbian army was in far worse shape after its retreat through Albania than had been supposed. The entire force needed full re-equipment, and the recruits from Serbia and the volunteers from America required drilling. Marshal Putnik was no longer physically able to command, and many of the leading officers were dead, or too worn by their late hardships to continue active service, and a new set of officers had to be taken. All of this demanded time. The idea of any offensive from Saloniki in May was therefore given up, and the work of re-making the Serbian army pushed as rapidly as possible.
This decision, however, entailed an alteration in the general plans for the Allies. Instead of striking a first blow in the Balkans to draw off the German reserves from the west front, while a decisive action was being planned in France, it was decided to make the Macedonian offensive of the Allies coincide with, instead of precede, the general Allied offensive on all fronts, generally supposed to be scheduled for mid-summer.
The Serbs are now safely in Macedonia. Already they have begun to take up their positions on the frontiers of their native land, from the Vardar west of Lake Prespa.

Serb Army Weeded Out.
There are now some 120,000 first class Serbian troops in Macedonia. All the old and the unfit have been weeded out. What is left is an army tried and capable. Roughly, there are some 350,000 British and French in Saloniki today. The major portion, are British. Now that the transportation of the Serbs has been completed, transports are beginning to arrive every day with new contingents of French troops—despite Verdun. General Mahon has gone to Egypt to superintend the selection and embarkment of the larger part of the British armies concentrated there when a German attack on Egypt was regarded as possible. According to experts estimate 200,000 men have been available from this quarter. Their transportation has already begun.
By mid-June, there will be some 650,000 men on the ground here ready for the Macedonian offensive. Experts estimate hold that is 600,000 men, that sufficient for every purpose of attack.

When the Macedonian offensive was first discussed it was assumed that a certain number of Turks have accumulated troubles of their own at home, and have no stomach for widely extending their line. The Austrians need every possible man for the Russian and Italian fronts; there are no Austrians in front of Saloniki. The Germans, little by little, have with-

FIGHTING IN THE TRENCHES GROUWS IN VIOLENCE

ENEMY ADMITS ITALIAN FORCES ARE STRIKING HARD

FIERCE FIGHTING AT SEVERAL POINTS ON THE AUSTRO-ITALIAN FRONT, EACH SIDE CLAIMING THAT EFFORTS OF HIS OPPONENT HAVE FAILED IN THEIR PURPOSE.

Rome, via London, June 19.—Heavy attacks are being delivered by the Austrians between Magna Boschi and Boscon, in the Trentino. The war office announced tonight that all the assaults had been repelled, and that the Italian line remained unshaken. Progress for the Italians northeast of Asiago and north of the Franzosa Valley is claimed. The official statement follows:

"The battle continues fiercely on the Sette Comuni plateau. To the southwest of Asiago the enemy made repeated efforts against our positions. To the northeast our counter-offensive is making good progress."

"Yesterday morning, after heavy artillery preparations, strong columns of the enemy made renewed attacks on the front between Monte Magna Boschi and Boscon, but each time they were turned back with a heavy loss. This was followed by an intense bombardment by a large number of hostile batteries of all calibres, in spite of which we remained firm on the line between Magna Boschi and Boscon. To the north of the Franzosa Valley the enemy tried yesterday to relieve our pressure by counter-attacks, which were everywhere defeated, thus enabling our troops to continue their slow but sure advance. The best results were attained on the right wing, where the Alpine group which had al-

ONCE PRIVATE YACHT, NOW IN COASTING TRADE, ALTHOUGH 50 YEARS OLD

Schr. Vesta at Yarmouth—Three Weeks on Trip from New York—Has Interesting History.

Yarmouth, June 17.—The schooner Vesta arrived this morning from New York. She was three weeks on the passage. The schooner has had a remarkable history. Built fifty years ago for a private yacht for many years she held the record for fast trips across the Atlantic. Falling upon evil days she changed owners a number of times and is now owned by G. C. McLearn, of Liverpool, who is using her in the coasting trade. Being old and consequently "tender" she does not carry a full cargo. She developed quite a leak on this trip and will likely repair here. The Halifax tug Goliath arrived here last night for coal and water. She has the Boston fishing schooner Ellen and Mary in tow. The Ellen and Mary, which is probably as fine a specimen of the modern fishing fleet as is afloat anywhere, left Boston recently on a shacking trip. Running into Canoe she struck on a shoal, but was afterwards pulled afloat. It was found she was taking in water. Acting on this report it was decided to send her to Boston for repairs, principally because there is no slip in Nova Scotia big enough to take her. A large steam pump is keeping her free.

THE UKRAINIAN PRESBYTERIANS SEND MESSAGE OF LOYALTY

Winnipeg, June 19.—The following resolution on behalf of the large and growing body of Presbyterian Ukrainian citizens, giving assurances of their loyal support, has been telegraphed to His Royal Highness, the Governor-General, at Ottawa:

"We, the Ukrainian ministers and elders of the Presbyterian church of Canada, assembled this 16th day of June, 1916, in Manitoba College, have unanimously decided to extend to your Royal Highness and your government in our name and in the name of all Ukrainian Presbyterians in Canada, our expression of loyalty and devotion toward our adopted fatherland, Canada, and the British Empire, with the assurance that we stand firmly in this grave hour of national trial by the British flag; stimulated and united, with other citizens of our common Empire, by the deepest faith in the certain and glorious victory of the high ideals of the true liberty and democracy of Great Britain and her allies; believing that these make the progress and civilization of the world and welfare of the citizens of Great Britain, of her allies, and of all oppressed nations, including the thirty-five million Ukrainians, God save the King."

POST OFFICE DEPT' KEEPING EYE ON FAKERS

Watching Closely for Fraudulent Circulars and Letters—Order Against Sending Sugar Outside Empire Not Applicable to Gift for Men at Front.

Ottawa, June 19.—The post office department is watching closely at present for fraudulent circulars and letters sent through the mails. Fraud orders have been issued against L. Thompson, Toronto, Kansas City, Mo., Madame Wentworth, New York, Henri C. Lavigne, London, Eng. Capt. Walter I. Rand of Boston, against whom a fraud order was issued last year, has moved to London, Eng. adopted the order applies to him at the new address.

Fraud orders had already been issued against the following fortune telling agencies: Hassan Wadl, Norman Backley, and the National Institute of Sciences, Elmer E. Knowles, all of London, Eng. Large quantities of circulars from these agencies are being received in the Canadian mails and postmasters are instructed to watch for them and send them to the local post office.

The post office department announced the government order prohibiting the exportation of sugar and candy to places outside the British Empire, does not prevent the sending of surplus maple sugar and candy by mail to soldiers in any of the forces of the Allies.

Postmasters at all places where the daylight saving scheme has been adopted are generally asked where the public are agreeable, there is no objection to the post office co-operating, wickets to be opened and where letter carrier delivery is in operation and arrival of trains will permit, mails to be delivered by carriers according to the advanced time.

LINCOLN THE SPY PLEADS FOR MERCY

Says He Devised Scheme to Destroy German Navy, but British Gov't Refused it as it Would Disclose Location of British Navy.

London, June 19 (6.02 p. m.)—After a preliminary hearing on the charge of forgery, at the conclusion of which he was committed for trial, Ignatius Lincoln pleaded guilty. He expressed the hope to the court that justice would be tempered with mercy. At the conclusion of the preliminary hearing before the court, he decided to plead guilty, Lincoln made a statement to the court summing up his case in which he defied the government to proceed with the trial. He contended no evidence had been put before the court to prove that the forged signatures had been written by him, and declared the prosecution had been undertaken by a vengeful and vindictive government.

ARE GERMAN DESTITUTION TALES ENEMY'S INVENTION

St. John, N. B., June 19, 1916. To the Editor of The Standard. Sir,—It is right to say that much of the information herewith given has been secured from recognized European statistical publications, and can be verified by anyone interested. The references are not quoted, but include a number of generally accepted reports which beyond doubt are as nearly correct in their statements as is possible.

Time and again, since the beginning of this war, we have been informed, from various sources, that Germany is on her last legs. Her supply of metals required for the production of munitions is said to be depleted; she can no longer summon men to the colors, women are carrying on the work of the country; her credit is gone; her people are starving. Every little while these stories crop up, and just now they are particularly noticeable, as they have been on several previous occasions. Yet despite the tremendous losses at Verdun and elsewhere Germany seems to have all the men she needs. There is no apparent reduction in what we have been taught to regard as a reckless waste of ammunition. She is not meeting with any serious objections on the part of those from whom she is purchasing goods. And while it may be true that more of her women are now at work than was the case a few years ago, still it is not this equally true of all the European nations engaged?

I do not desire to suggest that Germany is getting along swimmingly in every phase of conduct of a great war, but certainly we should not run away with the idea that she is without men or munitions, bankrupt, and starving. Much of the alleged information so freely circulated these days is either based on an utter misapprehension of Germany's real strength, or else is fostered by the German themselves in the hope of creating over-confidence among the Allies. It is rather unfortunate that for many years we have either deliberately misjudged Germany or else have failed to give attention to the information which she has been carrying on and which will in the next few years prove a source of great strength.

German Agriculture. It must be remembered that since the earliest days of Bismarck agriculture of the Germans, as a nation and as people, has been directed along those lines which tend to make Germany a nation and an agriculture in all lands the greatest natural source of wealth, let us have a look at German agriculture.

In the three years 1899-92 Germany had 23,000,000 acres under cultivation in wheat, barley, oats and corn. This land was worked by less than 8,000,000 people, and it produced 17,000,000 tons of the cereals named, an average production of 189 pounds per acre. On the average price of \$7.50 per ton, which was the average in Britain last year, the average German crop in the years named was worth \$750,000,000. Now in the three years 1911-13 Germany had increased her productive soil by 6 per cent, and on 35,000,000 acres had produced 27,500,000 tons of the four cereals mentioned. The average value of these crops, on the same price basis was \$1,569,000,000, and the production was 1,570 tons per acre. This is an increase of more than fifty per cent. Adding the value of the straw, it is found that in the twenty-one year period Germany has increased her average annual yield in this one department of agriculture, by a value of \$950,000,000.

In these few lines alone, Germany shows an average annual increase through systematic development, of some \$1,770,000,000 over her crop values of twenty years or so ago, an increase which may well be compared with the great development of the West Indian wheat crop. Even on the basis of before-the-war prices, of \$35.00 per ton for cereals, \$22.50

SIR SAM HUGHES TO VISIT WEST

Ottawa, June 19.—Gen. Sir Sam Hughes will inspect the military camp at Niagara on Wednesday, and on Thursday he will be at London. He will return to Ottawa on Friday, and the same evening he will leave for the west. He will go as far as Vernon, B. C.

MCCORMICK'S Sodas

What could be more appetizing than fresh, crisp, McCormick's Jersey Cream Sodas which have been baked in white enamelled revolving ovens, by men in snowy white suits? Sold fresh everywhere in 5c, 10c and 25c packages.

CRUSHED TO DEATH IN WOODS

Heavy Log Strikes Advocate, N. S. Man, Breaking Collar Bone in Two Places and Crushing Chest.

Special to The Standard. Parraboro, N. S., June 19.—Daniel McAleese, of Advocate Harbor, died at Port Greenville Saturday afternoon from the effects of an accident which happened to him last Wednesday in the woods. He was helping get two heavy logs down a bank when he was knocked down, another log passed over him, breaking his collar bone in two places, and crushing his chest. He was carried to the nearest house and surgical aid was obtained, but nothing could be done to save his life. His remains were taken to Advocate Harbor, where interment took place. He leaves a widow and two small daughters.

ASK SPANISH KING TO INTERVENE IN MEXICO EMBROGLIO

Spanish Colony in Mexico City Wants Alfonso to Prevent War Between U. S. and Mexico.

Madrid, June 19.—The Spanish press association today received a cablegram, sent to the Spanish colony in Mexico City, urging that King Alfonso take action to prevent war between the United States and Mexico. The selection of the king to arbitrate the differences between the countries is suggested, and the press is requested to give its support to this project.

Pale Cheeked Women Told About Restoring A Rosy Complexion

A few years ago the girl with pale drawn cheeks scarcely knew what to do in order to restore her fading appearance. At that time there was no blood-food medium made that really would put color and strength into systems that were more or less worn out.

Today it's different. The blood can be quickly nourished, can be made rich, red, and healthy. All you have to do is to take two Ferronone Tablets with a sip or two of water after meals. The effect is almost magical. Mothers, look at your children. Are they ruddy and strong—do they eat and sleep well, or are they pale, weak, and anemic? FERRONONE will rebuild them. Take your own case—is your blood strong and rich? Have you that old-time strength and vigor, or are you somewhat under the weather? FERRONONE will supply the strengthening elements you require. It is a blood-forming, nourishing tonic that makes every ailing person well.

FERRONONE is a marvelous remedy, it contains in concentrated form certain rare qualities that especially fit in cases of anaemia, poor color, thin blood, tiredness, and loss of weight.

Every day you put off using FERRONONE you lose ground. Get it today, sold in 50 cent boxes by all dealers, or by mail from the Catarpozone Co., Kingston, Ont.

REXTON. Rexton, N. B., June 19.—The Rexton Tennis Club has been re-organized by the following officers: President, Dr. R. G. Girvan; vice-president, Miss Helen B. Carson; secretary-treasurer, Miss Estella Langman; executive committee, Rev. G. S. Gardiner, E. J. Pointier, J. L. Bishop, Dr. R. G. Girvan, Miss Gaudine McInerney, Miss Emma Langman, Mrs. Moseley, Miss Nellie Langman; social committee, Mrs. R. G. Girvan, Mrs. Dobson, Miss Dixon and Miss Short.

Afflicted with Lame Back! THREE YEARS AGO COULD NOT SWEEP THE FLOOR. Women are coming to understand that weak, lame and aching backs from which they suffer so much excruciating pain are due to wrong action of the kidneys.

The kidneys are overtaxed—give more work than they can do, and when the back aches and pains it is hard for a woman to look after her household duties, for no woman can be strong and well when the kidneys are out of order. On the first sign of any weakness in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble, cure the weak, aching back, and prevent any serious kidney trouble from following. Mrs. L. Goshaw, 683 Manning Ave., Toronto, Ont., writes: "I take great pleasure in writing you, stating the benefit I have received by using Doan's Kidney Pills. About three years ago I was terribly afflicted with lame back, and was so bad I could not even sweep the floor. I was advised to use Doan's Kidney Pills, and before I had used one box there was a great improvement, and my back was completely cured. I highly recommend 'Doan's' for lame back." Doan's Kidney Pills are 50c per box, 8 boxes for \$1.25; at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. See that our trade mark, "The Maple Leaf," appears on the wrapper.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M. The King.
TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

WHY?
frank the Telegraph itself called their surpluses "faked" and their account of their stewardship "false and misleading". Would it be the men who have recently promoted the most scandalous campaign of slander and falsehood this province has ever known? Would it be the men who, while in opposition, devoted their whole attention and energy to muck-raking and the most venomous sort of partisan politics and from whom the Clarke Government during its term of office never received one helpful suggestion?

PROVINCIAL AFFAIRS.
When, some months ago, there was a possibility that the Dominion Government would go to the country and seek from the people endorsement of their policy and administration, the Daily Telegraph raised its voice and shrieked against the enormity of a war time election. The Telegraph held that such an action would divert the people from the more important matter of participation in the Empire's war, and would introduce a spirit of discord and strife when all should be singleness of thought and harmony.

It is to be presumed that when the Telegraph protested in that strain it had the people of New Brunswick in mind, and it was in this province that it feared the direful effect of a war time election. Now, however, it has found it expedient to sing another tune, for it calls upon Lieutenant Governor Wood to send the Clarke Government to the country and precipitate a general election. Such a contest would arouse much more bitterness in this province than a Dominion election, so it is not easy to see where the Telegraph, which protested against the people of New Brunswick being called upon to elect Dominion representatives can justify its present demand for a provincial contest.

THE DEPARTING SOLDIERS.
The soldiers who have left St. John this week, and those yet to go, carry with them to their summer training camp and, later, across the seas the hearts of the men, women and children of this city and province. There is scarcely a home in New Brunswick that is not represented in one of the regiments already at the front, or in training for active service, and the news brought by the cables the past few days indicates that while the tide of battle is running strongly in the direction of the Allies there yet must be grief and tears before complete victory shall crown the Empire arms.

Let us suppose for a minute that His Honor the Lieutenant Governor should heed the Telegraph's demand and call upon the Government to resign. Who would be placed in control of provincial business? Would it be the representatives and heirs of the men who promoted the Central Railway deal, and the "W. F." overdrafts, and who so muddled our financial ac-

every confidence to a happy re-union when the Empire's task is done. In the meantime we can only wish them Godspeed.

Even
("Even the food of the men was wholesome and abundant."—Report of a German correspondent who visited the High Canal Fleet.)
Sing ho, for the Fleet in the Kiel Canal.
Where every man is the Kaiser's pal,
And lives upon beer and bread;
And they all have food, so help them, Bill!

For every officer gets his fill
And even the men are fed,
His beard as long as his hair is short,
Von Tirpitz says with a mighty snort,
"We've money and men and boats;
We're here today and we're here to-morrow;
Pass up the beer and drink death to us!"
Why, even our Navy floats!

"Behind the locks of our snug retreat
We hurl defiance at Jellicoe's Fleet
From Rosyth down to Dover!
We look across at the wet, wet sea
And we drink our beer till grams we
Are almost half-seas over!"
Our men can eat, and they even drink;
They walk and talk, and they almost think;
They can turn to the left and right;
And when we strike a blow in the back,
Or sink a liner or fishing smack,
By Odin, they even fight!" —Punch.

Frederick Pope Believes This
Country Can be Independent
of World for Supply.

Within a few years the United States not only will manufacture dyes in sufficient quantity to supply her home market, but will have enough left to supply many foreign markets. If the war lasts another year and the dyemakers are afforded adequate protection against cheap competition this country will be independent of the world for its dyestuffs supply.

It is unnecessary to again deal at length with the matter of this elevator. The citizens expressed a desire for it, stated that the port was suffering because the old structure had not been replaced and expressed much displeasure at the delay. Hon. Mr. Hazez procured the vote for the necessary expenditures and the manager of the Canadian Government Railways came to St. John to look into the matter of site. He has made his selection in what he believes to be the best interests of the railway and port and is prepared to go ahead and erect the structure. There is but one obstacle in the way—opposition by the City Council. If that obstacle becomes so serious that the elevator is not built the citizens of St. John will know where to place the blame.

The High School entrance examinations were begun yesterday and will be continued all week. 343 names were handed in to the superintendent which is about 20 more than last year. Some of these are from outside the city limits, three or four from Lancaster, nine from Robbsey and five from Westfield, Welsford and Nerepis. The papers written yesterday were—in the morning, Geography; in the afternoon, Composition. The papers for the rest of the week are as follows:
Tuesday—A. M., Arithmetic; P. M., Drawing.
Wednesday—A. M., Algebra; P. M., Nature and Health Lessons.
Thursday—A. M., English Grammar; P. M., History.
Friday—A. M., Latin.

MORE N.B. MEN GO TO FRONT

PAY THE PRICE REJECTING THE WATER ST. SITE AT THE FRONT

Major Alexander McMillan Seriously Wounded—Capt. McKinney Killed in Action—Others in Casualty Lists.

The number of New Brunswickers in the casualty lists is still growing. Yesterday added several more names, some of which are well known in St. John.

Major Alex. McMillan.

Word was received from Ottawa yesterday morning by Mrs. John McMillan, that her son, Major Alex. (Sandy) McMillan had been seriously wounded in the back and admitted to No. 14 Hospital, Boulogne on June 17. Mrs. McMillan immediately cabled for further particulars, but had not received any answer last night.

Major McMillan, who was the head of the firm of J. & A. McMillan, has always been identified with local militia affairs, and when Lieut.-Col. McAvity was authorized to recruit a battalion, asked for and obtained an appointment with that unit. He was one of the best officers in that battalion, which was especially fortunate in having probably the best set of officers of any unit sent from Canada to the help of the Motherland. His many friends will hope that later reports will be of an encouraging nature.

Capt. D. J. McKinney.

Word was received yesterday by John A. Davidson that his half-brother, Capt. D. J. McKinney, a former resident of this city, had been killed in action on June 15.

Captain McKinney was a son of the late William McKinney, and resided here until about twelve years ago. He was a member of the third South African contingent and on his return became a member of the permanent force as an instructor at Halifax, afterwards being transferred to London, Ont., where he was at the time war was declared. He immediately offered his services and was given a commission in one of the first battalions of the first contingent and went overseas with them, serving through practically all the big engagements in which the Canadian troops fought. He is survived by his wife and four children.

Private James Porter.

Mrs. Eliza Porter, of 12 Harding street, received a telegram from Ottawa on Sunday stating that her husband, Private James Porter, of the 26th Battalion, had been wounded and admitted to No. 12 Stationary Hospital, Wimereaux, France, on June 12th.

Private George Yeomans.

At noon yesterday George R. Yeomans, who resides at Lower St. Mary's, York Co., received official advice by telegram that his son, George, who enlisted about a year ago in one of the N. B. overseas infantry battalions, had sustained a gun shot wound in the back in the recent fight and is in the hospital as a result.

Private Herbert Sanson.

Mrs. J. E. Sanson, of Stanley, York county, has received official notification that her son Herbert, has been dangerously wounded while fighting with infantry. He is the youngest of three sons now overseas, having enlisted with the first Canadian contingent, and is a grandson of Sherif Howe, of York, and nephew of Mrs. H. W. Gregory, of Fredericton.

Private E. R. Fish.

Mrs. J. S. Curry, 18 Victoria Lane, received a letter from her grandson, Private Edmund R. Fish, who was admitted to hospital on June 17, to the effect that while he had a number of wounds on the leg, arm and face, they were all flesh wounds and he did not expect to be in hospital long. Needless to say her mind was greatly relieved on receiving the letter, as the official notice left the impression that he was seriously wounded.

PECULIAR ACTION IN REGARD TO PROPOSED GOVERNMENT ELEVATOR TAKEN BY CIVIC RULERS.

All the members of the common council were present at the committee meeting held yesterday at noon. It was decided by the casting vote of the mayor to recommend that the council disapprove of the Water street site for the proposed grain elevator. Commissioner Fisher announced that he did not intend to make any extended improvements in Market Square this year. He did intend to pave the section between the fountain and grass plot for the convenience of those using the street cars. The first matter taken up was the site for the elevator. Letters were read from L. P. D. Tilley and the Prince William Apartments, objecting to the Water street site. Commissioner McMillan said he had heard a number of objections and moved that the council disapprove of the site. Commissioner Russell seconded the motion and said he did not see any reason why the old site could not be used.

The club members met at the East Side ferry boats at one o'clock and embarked on the journey. They had as their guests M. G. Murphy, district passenger agent; H. C. Groat, general superintendent of the Atlantic division, and D. Kirby, divisional engineer of the C. P. R.

Lunch was served by Bond's on the boat and a very pleasant two hours was spent in the sail up and down the harbor, viewing the terminal facilities at close range as the boat went up into several of the West Side slips.

The crew of the boat, Capt. Mabel, George H. Waring, Engineer Cunningham and Fireman Campbell gave their services for the occasion so that there was no cost to the city for the trip.

Rotarian H. L. Ganter occupied the chair and after the good wishes had been disposed of he called on M. G. Murphy of the C.P.R. to speak. Mr. Murphy spoke of the many advantages which St. John possessed from a tourist standpoint, and pointed out very clearly the splendid assets they had in this line, or they would advertise them more and also take steps to provide access to them, and he instanced the Reversing Falls, one of the wonders of the world. Visitors desiring to see this attraction had to run the risk of missing themselves getting to a point where they could get a good view. He felt that the tourist association should take up the matter and see if some improvements in conditions could not be made.

H. C. Groat.

The chairman next called on H. C. Groat, who referred briefly to the amount of traffic which had been handled through this port last winter and to the proposed extensions which would enable them to handle an increased amount of the coming winter, which increase he estimated at between 30 and 40 per cent. He referred to berth No. 16 which it was hoped to have ready for the coming winter. He would provide for additional sailings.

D. Kirby.

Mr. Kirby said he was a new comer to the city but as far as he could judge St. John was most favorably situated for a national port and it was up to the citizens of the city to see that they got what was coming to them. He thought that institutions such as the Rotary Club could not be better engaged than working toward making this the best port in the world.

Mayor Hayes.

His Worship Mayor Hayes was called on in reference to the growth of the port he said: While the citizens of the city and the government had provided the wharves, the C. P. R. and brought the freight, and it was very largely due to the co-operation of that corporation that the export trade of St. John was so large as it was. The interests of both were mutual and he felt that the city was fortunate in having in its midst such representatives of the C. P. R. as Messrs. Groat, Murphy and Kirby, men who he was sure had the best interests of the city at heart.

Commissioner Wigmore moved, seconded by Dr. J. H. Barton, that the thanks of the club be extended to "Admiral" Russell for his kindness in providing this very pleasant and instructive trip. In making the motion he said he was very glad to hear the words of the C.P.R. men present and he was sure that every Rotarian would work to make it the best port in the Maritime Provinces.

In reply Commissioner Russell said he had been very glad to arrange for the outing for the club and he was especially glad to hear of the plans for bigger business for the port this coming winter.

Rotarian Wigmore announced that next Monday the club would have lunch as usual at Bond's and then take automobiles for Sussex, visit the camp grounds and have tea at Hampton on the way home.

We have removed to our new store at 54 King street—The C. H. Townsend Place.

ROTARIANS HAD WINNER ON HARBOR

W. J. Swetka Tells How He Was Wounded

Signalier William J. Swetka, who was wounded on the left fore-arm on June 2d writes cheerfully to his parents. His letter follows:

"Am writing this in hospital hut at Boulogne, No. 13 General Hospital, while waiting for my name to be called to get my uniform and get ready to go to England. I have on the hospital uniform of blue now.

"The afternoon I got wounded, June 2nd, there had been a very heavy bombardment on our left and it spread to our front. It started about 8.30 or 8.45 p. m. About 1.40 p. m. a whizzbang exploded first on a parapet next to where I was sitting and pieces of shrapnel hit three of us. I was just getting up to go out to get washed before I went on duty at the phone. I was to go on at 2 p. m. I was hit slightly in the left fore-arm. I left the front-line trench after the stretcher bearer had bandaged my arm and went to the dressing station to headquarters, when the doctor redressed my arm.

"At half past eight or so that night all of us who were wounded started for the next dressing station behind the trenches. The bombardment was still very heavy, the worst I've heard shells exploding everywhere, all kinds. We got to the dressing station and had our wounds dressed again. A fellow from an ambulance corps who dressed my wound here said he was from West St. John.

"We left this dressing station in ambulance motor cars. The one I was in only got about 300 yards when a wheel came off on a railway crossing. Shells were bursting all around us, shrapnel and high explosives—don't know why we weren't hit. Two or three of the fellows got on the other cars, but the rest of us, about four or five, had to go along the road, and the Hun artillery certainly had the range of that same road down fine. We hurried along as fast as we could, and dodged behind anything for shelter from the terrible 'searching' shells.

"We had to walk several miles, passing through that ruined city of Belvedere, there is some destruction here, caused by the continued shelling of Hun artillery. Not a building but what was struck. Shells bursting on all sides, searching out the road for our transports. We had very nearly reached another town in _____ when we were overtaken by the ambulance truck, which had broken down for the second time.

"We were here given a dandy cup of hot cocoa and then received an injection to prevent lock-jaw.

"From here we were conveyed in motor ambulance to the next dressing station, which was also a clearing station, from where we took train to Boulogne. (This station contained mostly of tents where we slept on stretchers for the night.)

"We went aboard the train about 6 a. m. and the train left about 6 a. m., reaching Boulogne about 9 a. m.

Funerals.
The funeral of Mrs. Alexander Logan, West Side, was held yesterday afternoon. The service was conducted by Rev. W. H. Sampson, assisted by Rev. W. R. Robinson. Interment in Cedar Hill.

The funeral of Mrs. George Morris, Pleasant Point, took place yesterday afternoon at St. Rose's church, where the burial service was conducted by Rev. Chas. Collins. Interment in Holy Cross cemetery.

DIED.
HUMPHREY—At Hampton, June 19, Nellie Elizabeth, wife of the late Frank M. Humphrey, and daughter of Thomas A. Peters.

Funeral from her late residence on Tuesday, June 20, at three o'clock.

ELLIOTT—In this city on the 17th inst. Mary, widow of William Elliott, leaving five sons and one daughter to mourn.

Funeral on Tuesday morning from her late residence, 300 Brussels street, at 8.30 o'clock to the Cathedral for requiem high mass. Friends invited.

J. Conroy, Megawick; A. Mahoney, Verne Reynolds, Lubec, Me.; J. F. Ehrig and wife, Yarmouth; J. E. Humphrey, Petticoat; Fred J. Mealey, Truro; T. Arthur McKenzie, Chatham; Mr. and Mrs. P. W. Scovill, Upper Hampstead; Everett E. Irving, Hillsboro; C. A. Fraser, Victoria, B. C.; W. R. Mills, Moncton; Hattie G. Mills, Granville Ferry; J. W. Right, Harry R. Ryan, St. John; H. B. Durost, Woodstock; Fred W. Porter, Toronto; Mr. and Mrs. W. T. McLeod, Fredericton; S. C. Merritt, Grand Falls; F. P. Corbett, D. R. MoLean, Woodstock; J. Talbot Rogers, St. John West.

LATE NEWS AND VIEWS FROM SPORTING WORLD

THISTLES WON FROM ROSES, SCORE 9 TO 6

Interesting Game in St. Peter's League Last Evening Filled With All Sorts of "Baseball"

The Thistles defeated the "Nomads" last night in a game of baseball full of thrills, hair raising plays, prize fights and controversies. The Roses started away like a house on fire and scored three runs in the first inning. Again the Thistles were on the bench. In the sixth inning the Thistles got on their feet and scored three runs in the sixth inning. The Thistles scored one run in the first, Milan doing the stunt. From that up until the first Hanson held the "Burr" on the bench. It was in the sixth inning that the Thistles got on their feet and scored three runs in the sixth inning. The Thistles scored one run in the first, Milan doing the stunt. From that up until the first Hanson held the "Burr" on the bench. It was in the sixth inning that the Thistles got on their feet and scored three runs in the sixth inning.

JESS WILLARD'S BACKWARDNESS

The Champion Side-steps Dinners and Presentations—He is a True Home-Loving Man.

Boxing fans are beginning to understand Jess Willard's backwardness as being a true sign that he is a plain, unassuming home-loving man, remarked Jack Curley the other day. "You wouldn't believe it if I told you some of the school boy pranks that he has indulged in out of our swing around the circus circuit."

"Jess Willard will never be a Jim Corbett, a fellow to step out and grab his way through the world after he is done physically. He balks and shies at every little thing. A great many people want to meet him. Some arrange little dinners, so that Jess will attend and they can see and hear him. That's just when Jess beats it over the back fence for home. Why, even I arranged a little home dinner for Jones, Willard, Monahan, O'Rourke and myself. Jess promised positively to be there."

"He got as far as the front door, found that Jim Flynn was doing the company, turned on his heel and went home to bed. All the excuse that he gave later was that perhaps he and Jim might get arguing about boxing. When he began training for Moran out in Chicago, he was a guest of the Chicago Athletic Club. They thought a good deal of Big Jess, he so lacked brag and bluster."

"The night before he packed up to go on to New York to finish his training, the club members decided to give him a little informal dinner and as a mark of their esteem, they purchased a beautiful watch for him. It had a row of diamonds all around the edge. I daresay it cost \$2,000."

"Jess started for the club to attend the dinner. He walked into the big entrance to the club and his eye fell on a sacker. "Myer" he loosing. Who was that long drink of pump water from Carlton? Morphine, Freddie became discouraged and left in the sixth. It's no use trying to win without "Chaplain."

Billy Donahue may be required to referee the next game. The Maine Carpet Manufacturing Company are now putting up cigars.

St. John, N. B., June 17, 1916. The officers and men of the 115th Battalion, C. E. F., take this opportunity on the eve of their departure from St. John, of publicly thanking the firm of J. & W. Shaw for the prompt delivery and the quality of bread delivered to us during our training in your city.

(Sgd.) C. F. SANFORD, Capt. Quartermaster 115th Batt.

RESULTS OF THE ROTHEWAY SPORTS

Several Events Run Off Yesterday Afternoon and Well Contested—The Winners.

The closing exercises of the Rothway Collegiate School were begun yesterday. The following events were run off in the sports: Throwing Cricket Ball. Senior school—First, P. Starr; second, Brydona Jack. Middle school—First, Nase; second, Carson. Junior school—First, McPhail; second, Sancton.

Running Broad Jump. Senior school—First, Clowes, 13 ft. 1 in.; second, Brydona Jack. Middle school—First, Nase; second, Carson. Junior school—First, Peters; second, Sancton.

Quarter Mile. Middle school—First, Carson; second, L. Diago. Half Mile. Senior school—First, Nichols; second, Brydona Jack.

This morning the sports will be continued and in the afternoon the distribution of prizes will take place at which His Lordship the Bishop of Fredericton will officiate.

RECENT GOSSIP OF SPORT IN BRITAIN

Memories of Other Days Recalled Through Presence of Frank Slavin—English Athletics' Military Meeting Marked Success.

London, June 14.—Memories of other days are recalled by the presence of Frank Slavin in our midst. Old-timers will recall how the Australian visited England in the eighties, and met Peter Jackson in contest at the Sporting Club which was memorial. He subsequently went to the United States and, when the Klondyke "boom" came along, he was one of the hardy pioneers. Though Slavin is now over fifty years of age, he is still a tough proposition, as some German may have cause to know before very long.

The one-time champion, who is now in London, has been giving his views on boxers of the present day to a representative of the Weekly Dispatch. Slavin says: "The science of boxing has sadly deteriorated since my day. True I do not take the same interest in the game as I did in years gone by, but when called on to referee a bout between two fairly well-known men in Canada about three years ago I was astonished at the amount of hugging and wrestling which went on. The main feature of boxing, as I had been taught by Larry Foley, seemed utterly unknown to these boxers. Of course there is a reason for this occurrence and it is this: Many boxers of the present take the right foot off the ground when leading with the left. My point is this, whilst a tap with the glove scores a point, a real punch, with the driving power of the right foot behind it must be of more value. It stands to reason that the force of a hit must be lessened if its driving power is resting upon nothing more solid than air."

This opinion, as expressed by Frank Slavin, fully bears out what has so frequently been expressed, viz., that many of our boxers (of whom Billy Wells is a notable example) lack aggressiveness and the ability to hit, with the result that they are frequently knocked out by punches which are inferior to those of a scientific point of view.

A Reversal of Form. The match between Young Symonds and another well known competitor, in

FOUND FINANCIAL SENTIMENT IN LONDON CHEERFUL

Montreal, June 19.—G. W. Farrell of G. W. Farrell & Company, who returned today from a business trip to London, confirms the reports that financial sentiment at that centre is cheerful and confident, as indicated by the better tone in the stock and money markets.

Mr. Farrell stated that there is an impression in the best informed financial circles in London that so far as the actual fighting is concerned, the war will be over some time this year. The peace negotiations may run into the following year, but the bloodshed will be over before that if expectations are realized.

NEWS LETTER FROM MONTREAL EXCHANGE Montreal, June 19.—The Mexican situation was the depressing influence in the American market today, and this had the effect of depressing prices on our local market. Our market acted well and took the liquidation. The only stock which showed any rallying power was Steel of Canada, but there was very little seen shown in the market. We will undoubtedly be governed by the Wall Street market.

The American market closed at about the bottom. There still continues to be a good demand for the Dominion War Loan, and there is plenty of money offering. McDUGALL & COWANS.

THE NEWS AND COMMENT FROM THE FINANCIAL WORLD

A REVIEW OF THE ATTITUDE OF THE NEW YORK MARKET

Plenty of Reasons for Enthusiasm and Rising Prices, but Equally Strong Factors to Check Extravagant Advances.

General business is proceeding vigorously and has taken on a further favorable aspect in that probably the crest of the wave in prices has been seen. This is the opinion of the iron age regarding steel.

The conservatism which has not allowed any undue inflation of credit is one of the gratifying features of the situation.

There is prosperity enough in the country to cause a general bull market, but such augmentation in earnings and declaration of increased dividends, as is being taking place, would, under ordinary circumstances, produce enthusiasm and rising prices.

There is no doubt that the heavy mobilization of American securities in London and the resulting great accumulation of high-class railroads, which may be fed out on our market quietly whenever prices are favorable.

ON THE HOME-STRETCH THE GIRLS ARE HOLDING THE LEAD

Several Important Changes Are Noted in Today's Standing — Miss Lockhart Still Leads; Miss Stout and Miss Winter Are in a Close Fight for Second Place, With Miss Newton Right on Their Heels.

The week has started well. Several members of the Travel Club who have apparently been loafing during the past week or two, came in with big remittances, which will put them well up in the list. More than this, several of the headliners have at last settled down to real work and are hustling to beat the band. Some of these leading workers, however, need a further incentive and a glance at the standing today will show what is doing. A few are holding on to their subscriptions and have the opinion that on the prospective business in hand they should be given credit. No votes can be published until the money is paid into this office.

TODAY'S LEADERS

1. Alice Lockhart, City.....	47,604
2. Florence V. Stout, City.....	47,612
3. Hazel Winter, Fredericton.....	47,373
4. Hazel Newton, Grand Manan.....	39,979

WELSFORD

Welsford, June 14—Private E. C. Armstrong writes happily from England. At the time of writing he had just returned from six days holiday which he spent in Scotland, visiting amongst other places, Edinburgh, Glasgow, Loch Katrine and Lomond. Whilst in London he writes of meeting many Canadians amongst whom were Miss Gertrude Harding, and Mr. and Mrs. George Harding. He writes interestingly of Kent which he calls the "Garden of England"; on Easter Sunday he attended Divine Service at Canterbury Cathedral, the service he says was such he should never forget, and the singing simply grand. He also had attended services at St. Paul's Cathedral and Westminster Abbey. He writes that he was well and wished to be remembered to all his old friends.

Fred Godfrey of Welsford, whilst working at the McDonald Saw Mill, last Friday morning, was overcome by a slight seizure of paralysis. He was however able to walk the short distance home, one of his sides seemed quite numb and his speech was affected, but now he is as well as ever and able to get around again.

The semi-annual meeting of the local lodges of the I. O. L. Association, took place at Oliville on Wednesday afternoon last, under the presidency of County Master Clifford Goding. The following lodges were represented: Gagetown, Headline No. 4, Hibbard, Welsford and Oliville. The brethren set down to business at 7 p. m. The Scarlet Chapter assembled in the evening at 8:30 p. m. The meeting was thoroughly enjoyed and was pronounced as one of the best which has been held in Queen's West.

SALISBURY

Salisbury, June 17—Miss Helen Barnes, who has been spending a few weeks in Moncton has returned home. Mrs. R. A. Brown and daughter, Marion, are spending a few weeks with relatives in Boston and Portland.

Pta. Aubrey Wheaton of the 145th Battalion, who was visiting his mother, Mrs. Truman Wheaton, has returned to Moncton.

Mrs. A. Brown and Miss Ada Lester returned recently from a visit with friends in St. John.

Mr. and Mrs. Kenneth Campbell of North River, were recent guests of Mrs. Campbell's parents, Mr. and Mrs. Jack Bleakney.

Friends of Miss Jennie Bent who underwent an operation recently at Dr. Burnett's private hospital, Sussex, will be glad to learn she is doing as well as can be expected.

Miss Pearl O'Brien of New York, is spending her vacation here with her parents, Mr. and Mrs. Avarad O'Brien. The friends of Bandman Frank Stappell of the 145th Battalion, who was seriously injured in an automobile accident near Riverside, will be glad to learn that he is slightly improved.

U. S. NAVAL REVIEW OFF EASTPORT

Warships East of Portland to Assemble at Eastport This Week.

Campobello, Charlotte Co., June 19.—Mr. and Mrs. Robert Calder, Jr., are receiving congratulations upon the arrival of a baby girl.

Mr. Gorham Hubbard and family have recently taken up their abode in their summer residence here. The servants of the Rosswald cottage have also arrived preparatory to the arrival of Mr. Franklin Roosevelt, secretary of the American navy, and family who will arrive July 1st.

MT. PLEASANT

Mt. Pleasant, June 19—Sunday being a nice day, a large crowd attended the dedication of the Primitive Baptist church at Bannock Rev. Addison Giberson, who was to speak in the afternoon meeting, was called away to preach a funeral sermon, and Rev. P. J. Quigg, who was to preach the evening meeting was taken ill and could not attend.

Mr. and Mrs. Edward Clark also Mr. Amos Hartley of East Florenceville, were guests at Bart Clark's, Sunday.

The Misses Nellie Ebbett and Edna Jensen also Perry Drake and Neville Jensen were guests of Gladys Clark, Sunday.

Elas Campbell of Gordonville, was the guest of Allen Greer, Monday.

Mrs. Fred Cook, also Isaac Carr of Bridgewater, Me., were guests at Ted Cook's, Sunday.

THE BEST THING FOR DYSPEPSIA

WHY PEPsin, PANCREATIN, ETC., SO FREQUENTLY FAIL.

An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, keeping the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the flame instead of the fire. He claims, and facts seem to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bisulphated magnesia in a little water immediately after eating or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travellers it may be noted that most druggists are now able to supply bisulphated magnesia in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

WRECKED CARGO BY AUCTION

Unsightly Pimples Covered His Face.

All diseases and blemishes of the skin are caused by the blood being in an impure condition.

You cannot make a good complexion from the outside; you must get to the seat of the trouble. You must make the blood pure and rich by taking a medicine that will drive out all the impurities and poisons from the blood; one that drives out everything from the system that is the cause of these unsightly skin eruptions.

The best blood cleansing medicine on the market to-day is Burdock Blood Bitters; a medicine that has been used with the greatest success for the past forty years; a medicine you don't experiment with when you buy it.

Mr. Lennox D. Cooks, Indian Path, N.S., writes: "I am writing you a few lines to tell you what Burdock Blood Bitters has done for me. Last winter my face was covered with pimples. I tried different kinds of medicine, and all seemed to fail. I was one day to a friend's house, and there they advised me to use B.B.B., so I purchased two bottles, and before I had them taken I found I was getting better. I got two more, and when they were finished I was completely cured. I find it is a good blood purifier, and I recommend it to all."

B.B.B. is manufactured only by The E. Williams Co., Limited, Toronto, Ont.

Notice

The first regular meeting of the Weir Owners' Association of St. John and Charlotte Counties will be held in the Imperial Theatre, St. George on Saturday, June 24th, at 1:30 p. m.

As business of importance to all weir owners will be discussed, a full attendance is earnestly requested.

George E. Frauley, President.
George H. Ellis, Secretary.

WELSFORD

On Wednesday evening last, Brother Greg who is in the rear future leaving the district, was presented by the members of the S. T. Lodge, No. 426 at the parsonage with a fountain pen. The proceeds of the concert got up under the auspices of the Boy Scout Movement, which took place at the Orange Hall, yesterday evening, amounted to \$34.00 and will go for Patriotic purposes and the general Scout Fund.

Private Andrew Kupky who had been under treatment at St. John, has returned to his sister's, Mrs. Harry Laey, Clarendon, and is apparently feeling much better.

Mr. and Mrs. Howe received a cablegram the end of last week, saying that their son, Lance-Corporal James Howe had been slightly wounded at the front.

THE POLICE COURT.

In the police court yesterday morning breaking dishes in Mrs. Jones' house, Unio, alley, was remanded.

Mary Dezan was sent to the Home of the Good Shepherd for nine months on the charge of vagrancy.

Margaret Sullivan for being drunk and breaking dishes in Mrs. Jones' house, Unio, alley, was remanded.

Leonio Watts, charged with assaulting her husband by striking him on the head with a griddle, was remanded.

James Daley, charged with vagrancy and one drunk, was remanded.

James M. Lasky and wife, charged with theft, were before the court and remanded after some evidence had been taken. The charge against Lasky for escaping from the county jail will be taken up on Monday next.

A Column With Be Of Interest

Herein are Related Activities of Home, Fashions

The circles which give so chic a touch to this small hat could be carried out in round brim straw or in cord formed of silk, in the desired shade. With a button centre of a different color they would make a delightfully ornamental crown. In black this would be a useful mourning hat.

A contributor has kindly sent in the particulars of the Glove Waistcoat Fund. Surely conservation of material could be carried no farther than the uses made of every part of the glove. Nothing is wasted. This is just another opportunity to help the soldiers who are doing so much for us. Glove Waistcoat Fund, 75, Chancery Lane, London, W. C.

1.—To provide (leather) windproof waistcoats for soldiers and sailors for a few pence.

2.—To employ on useful work women distressed through the war, and unable to go into workrooms.

3.—To utilize for these purposes, in the interest of national economy, material hitherto so sorely wanted.

One of the greatest hardships of a winter campaign is the suffering caused by icy winds on sea and land. Leather is the only effective protection; but generally beyond the means of those who need it so sorely.

The Glove and Waistcoat Fund of 75 Chancery Lane, London, W. C., England, has solved the difficulty of supplying leather coats by utilizing waste soft leather of every possible description, such as cast-off gloves (kid, suede, etc.), discarded furniture covers, and also the fur linings of ladies' worn-out cloaks. The fur coats are in great demand by mine sweepers, as also the overall gloves made from the very small pieces of fur.

These materials are applied by machine on to a brown linenette windproof waistcoat, weighing in the case of boys from 7 1/2 to 9 oz. By the sale of the waist coats 2-6-5 (in bulk 1-6), and seamen's overall gloves 1-6 (in bulk 6d), the work is now self-supporting. The small profit on these sold singly covers the cost of the necessary print assistance, rent, printing, carriage, postage, etc.

The work has been carried on through two winter seasons. The waistcoats are in such demand that orders are coming in from all over the North Sea, that the committee beg most earnestly for supplies of gloves, &c., to enable them to "carry on."

Contributors of gloves &c. will know that their gifts mean work for a woman and warmth for a man.

They would be glad to hear from any who are interested, and would be glad to furnish local collecting centres. The more the work is carried on in endless quantities are needed. That the men appreciate the coats is proved by the fact that all are very willing to pay the small price asked.

As regards the waste from the necessary print assistance, rent, printing, carriage, postage, etc. The leather cuttings are strung into household rubbers. The large leather cuttings are sewn into dust sheets.

Suffered Much From Kidney Disease
Came With the Use of Dr. Chase's

Doctors had tried to cure this man but failed to get at the cause of the trouble, probably because they relied on medicines which act on the kidneys only. The strong feature about Dr. Chase's Kidney-Liver Pills is their combined action on liver, kidneys and bowels. In many of these cases the disease is so complicated that ordinary kidney medicines fail to be of much benefit. Under such conditions Dr. Chase's Kidney-Liver Pills usually touch the spot and effect a cure.

Had they been only moderately successful Dr. Chase would never have selected them for worldwide distribution. As it was, the demand for these pills resulted naturally from their superior merit, and there was nothing else to do but supply them in large quantities.

Mr. Strain Shalock, Birchook Overhead, Birchook, B.C., writes:

News Of The St. John Theatres Told In The Right Way

Who's Who and What's What in the Picture Game and on the Stage—Film Favorites and What They Say and Do.

The Rosary, Imperial. It is rather odd that three picture plays of Monday should have a religious hero or a priest for the central figure. The Rosary at the Imperial, with the ideal priest, Father Kelly, the Hypocrites, at the Opera House, with the artist monk and later the clergyman, and the Quality of Faith at the Lyric, with a minister in the leading part.

The Rosary is so well known as a play that many people desired to see it as a picture and with Kathlyn Williams, Charles Clark and Wheeler Oakman playing it, the Selig Company producing it, it will be a disappointment to no one.

Letters Received by Uncle Dick From His Boys and Girls

TODAY'S LITTLE JOKE.
Teacher—Mary, have you been vaccinated yet?
Mary—Yes, m'm; once on my arm and it didn't take; once on my leg and it didn't take; so I can't be vaccinated again, for I ain't got no other place to be vaccinated on.

BIRTHDAY GREETINGS.
Dear Uncle Dick:—I received your answer in Tuesday's Standard. Thanks very much for the big welcome. Was my last puzzle correct. I am trying the Proverb Contest. Although I did not get anything for my last puzzle, I hope to get something for this one. I suppose the girls in St. John and vicinity stand better chance for a prize than we at a distance. On another page I will write the proverbs which I found. My letter is getting long, so I must close with best wishes.
From your loving niece,
Elaine Billard.

Has Some Nice Pets.
Dear Uncle Dick:—I would like to enter your Corner. I have one sister, her name is Elmina. We both go to school every day and like our teacher fine. We have two cats and a dog. The dog is a good watch dog, also a good playmate. I am not trying the contest this time, as it is quite hard. My birthday is the 5th of June and I will be ten years old. My sister will be twelve the 16th of June. Hoping to see this letter in print.
Your loving niece,
Phebe Teakles.

Tells About Her School.
Dear Uncle Dick:—I am very much pleased with the answers to my letters which I have written for the Children's Corner. I will tell you a little about my school. We have a holiday in our school Monday. One of the little girls which went to our school is on her way to Scotland. There is not many going now. As one of the families have got the measles, Anna is the little girl which is sick. She said that she wrote to you, but I never saw her name in the paper. We had a letter from the boy in England, he is pretty well. I have got a cousin in France also, and a cousin in the 104th Battalion. I saw in The Standard who got the prize. I know good writing counts and that is something I can't do is write well. Best wishes.
From your niece,
Miriam Anderson.

Finds Letter Interesting.
Dear Uncle Dick:—I am trying this week's contest. I would like very much to get a prize. I go to school every day and I am in the fourth reader. I read the letters of the other members that are in The Standard and some of them are very interesting. I will close with best wishes for the Corner.
Your loving niece,
George Steeves.

Back Was Lame and Ached; Could Do Very Little Work

Suffered Much From Kidney Disease for Years, but Cure Came With the Use of Dr. Chase's Kidney-Liver Pills.

Doctors had tried to cure this man but failed to get at the cause of trouble, probably because they relied on medicines which act on the kidneys only. The strong feature about Dr. Chase's Kidney-Liver Pills is their combined action on liver, kidneys and bowels. In many of these cases the disease is so complicated that ordinary kidney medicines fail to be of such benefit. Under such conditions Dr. Chase's Kidney-Liver Pills usually touch the spot and effect a cure.

"For several years I suffered greatly from kidney disease. I was weak and could do very little work. My back was lame and ached and I suffered much from headaches. Tried doctors and obtained no relief. Dr. Chase's Kidney-Liver Pills were recommended by a friend, and after taking four boxes I think I can say that I am cured, for I feel as well as I ever did."

This statement is endorsed by Mr. Harry Anderson, J.P., who writes:—"This is to certify that I am personally acquainted with Mr. Simon Shieloff and believe his statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct."

Around the City

Anniversary of the Fire.
On June 20th, 1877, or just thirty-nine years ago today, the greater part of the city of St. John was damaged by fire. The total loss was \$12,500,000.

No Meeting.
The special meeting of the Board of School Trustees which was to have been held last night did not materialize, as enough members to form a quorum were not present.

Rev. F. P. Dennison of the Tabernacle Baptist church has received a call to the South Brooklyn Baptist church, Brooklyn, N. Y. Mr. Dennison has not yet met with his mind whether to accept the call.

Information Asked For.
The secretary of the Board of Trade received a communication from a resident of Saskatchewan, asking for information in regard to farming lands along the St. John river, as he intended to come to this part of the country to live.

Children's Aid Society.
A meeting of the Board of directors of the Children's Aid Society was held last night. Routine business was transacted and the resignations of Caleb B. Howard, the agent, and Mrs. Howard, the matron, were accepted. It was decided to immediately appoint a matron while a selection of an agent will be further discussed at a future meeting.

Ludlow Off for Repairs.
The ferry steamer Ludlow will be taken off the route today and given a thorough overhauling and repairs made wherever necessary. The Governor Carleton has been released from the hands of the workmen who were repairing her and she is now good as new, and will go on the route in her place.

Inspection of Cadets.
The Lancaster Cadet Corps commanded by Mr. John White, principal of the Tower School, was inspected yesterday morning by Capt. J. R. Black, of Halifax, the organizer and inspector of Cadet Corps. The inspection took place in the Tower school yard, and the cadets made a very good showing. Each wore a straw hat, turned up on the left side. They were put through a number of movements and showed such proficiency in their drill that the inspector expressed warm appreciation.

War Heroes in City.
Two men who have done their bit and returned home passed through the city yesterday. Sergt. H. A. Seely, of Hampton, and Sapper William Russell, of Minto. Sergt. Seely enlisted with the 8th Battalion in the West and is home on a six weeks' furlough. While at the front he was injured by the collapse of a trench parapet. Sapper Russell belongs to Sudbury, Ontario, but previous to his enlistment he was employed at Minto, N. B., where his wife now resides. He went overseas with the first contingent and spent more than six months on the firing line. He was injured in the back by the explosion of a mine and will not be able to return to the front.

Prentice Boys Return Home.
The Grand Lodge of the 'Prentice Boys' which met in Bellville, Ontario, concluded its business last Wednesday and the maritime representatives have returned home. Councillor Golding and Mrs. R. H. Merrivether of Fairville; D. Hamm and Charles Stevens of Grand Bay; George E. Ralston, A. E. Belding and Harry Sellen of the city, were the representatives from this vicinity and they report having had a splendid time. The grand officers elected were as follows: Grand Master, George B. Haynes, Gansaque, Ont.; Senior Deputy Grand Master, R. E. Bolton, St. John, N. B.; Junior Deputy Grand Master, D. Hamm, Grand Bay, N. B.; Grand Lecturer, W. Golding, Fairville, N. B.; Director of Ceremonies, R. H. Merrivether, Fairville, N. B.

We have removed to our new store at 54 King street—The C. H. Townsend Piano Co.

COUNCIL DECIDED A QUESTION THAT WAS NOT REFERRED TO IT

Yesterday's Action on Elevator Site Unnecessary and Un-asked for—Why the New Elevator Cannot be Constructed on Site of the Old One—Immense Reconstruction of Terminals Planned.

At yesterday's meeting in the City Hall the commissioners, by the casting vote of the mayor, rejected what was described as a project for the Canadian Government Railways to construct an elevator on Water street at Reed's Point. By this action the city commissioners put themselves on record on a question which was never submitted to them, and which will not be submitted to them.

Some weeks ago General Manager Gutelius was notified that through the efforts of Hon. J. D. Hazen an appropriation had been made for all necessary expenditure in connection with the erection of a grain elevator in St. John. Mr. Gutelius came to the city laid before the commissioners and others his plans for the proposed work. He put all his cards on the table and informally discussed the possibilities of various sites, among them being the so-called Harding property at Reed's Point between Water street and Prince William. He suggested that the city might grant permission for the construction of conveyors to the two berths fronting this property. This was the only suggestion made to the commissioners, who, yesterday, did not give any reply to this informal proposal, but expressed disapproval of the Water street site.

It may be pointed out that this was not the question they were called upon to decide, and The Standard understands that the original proposal will be formally submitted to them immediately.

This proposal is that the Canadian Government Railways be permitted to construct grain conveyors to the two city wharves in question from an elevator to be erected on property which the Canadian Government Railways will secure, the city of St. John to impose its own conditions with regard to the collection of wharfage and such other points as may be involved.

The Standard knows that it is the intention of the Canadian Government Railways to build the elevator on the Water street site unless the city of St. John absolutely blocks this plan by refusing to permit the construction of conveyors. The Standard also knows that a grain elevator will not be erected on the old site near Union Depot. The contract between the C. P. R. and I. C. R. regarding the joint use of the Mill street terminals expired a year ago and has merely been continued as a temporary arrangement until such time as a more permanent plan could be carried out. Some time ago preparations were begun and all preliminaries have now been completed, in so far as negotiations between the two lines are concerned, for the entire reconstruction of railway terminals in St. John. Every inch of property now owned by the Canadian Government Railways on the Mill street frontage, and a great more as well, will be required for the two railways. The present Long Wharf will not now run hereafter by the use of grain loading berths by either railway. In the city of Quebec an entire reconstruction of the city terminals is now being carried on by these two railways, on property owned by the C. P. R. In the city of St. John on property which, in this case, is owned by the I. C. R. similar reconstruction will take place. For this work authority has been secured and action will be taken as soon as the money market is favorable.

Meanwhile by absolutely refusing access to the water front over city wharves the city of St. John can prevent the construction of a grain elevator on the only site on which it will be built—an action such as St. John has never previously taken.

The commissioners during the next few days will have the opportunity of reaching a decision.

At the regular weekly meeting of the European War Veterans' Association held last night in their rooms, 28 Charlotte street, it was decided to make the grand celebration on July 1st a strictly military affair.

Charles B. Tippetts occupied the chair. Besides the field sports there will be a monster parade, baseball matches, amusements and other attractions. It was decided to hold the following events:
Crossing No Man's Land race.
First aid to the injured race.
Victoria Cross race.
Bomb throwers' race.
Field artillery race.
Ration distribution race.
Red Cross ambulance race.
Rum ration race.
Building parapet race.
Baseball—North End Nationals vs. East End Nationals.
There are at present 40 members in the St. John branch of the association. Tickets will be for sale by the members on Wednesday.

The Don Frederico Ashore.
The dredge Don Frederico was left with her nose in the bank of the channel when the tide went down yesterday afternoon. One of the hoppers who tried to push her off was left high and dry on the flats. As the tide receded the stern of the dredge sank and it was feared at one time that she might fill and sink when the tide came in. However, a couple of the hoppers were run up in the channel and made fast to her stern and used as lighters to float her as the tide came in. As far as could be learned last night she was coming up all right and was expected to float at high tide.

Genuine Leather Handbags.
Gundry's has this week stocked a beautiful selection of Genuine Leather Handbags. Priced from \$3.50 to \$20.00. This lot represents superior quality. You will be offered nothing of the same class elsewhere in the city. Most suitable for a bridal gift.

I. C. R. suburban train No. 322, due to leave St. John at 11:45 a.m., will be held on Tuesday, June 20th, until 12:30, Atlantic time, to accommodate those wishing to attend the closing exercises at Rothessay College.

115TH AWAY YESTERDAY TO VALCARTIER

Col. Wedderburn's Battalion Got Fine Send-Off at Depot—The 140th Leaves Very Soon.

The 115th Battalion which left here at an early hour yesterday morning will arrive at Valcartier today. Although their departure was at an hour when the majority of the people in St. John were enjoying their beauty sleep, a large number of relatives and friends gathered at the depot to say farewell to the gallant boys who have signified their willingness to make, if necessary, the supreme sacrifice.

The 140th Battalion, which is now up to strength, will leave St. John on Thursday for Valcartier at the same time of day as the 115th left, viz. 6 o'clock and 8 o'clock in the morning. Yesterday the men turned in all their equipment and accoutrements for the purpose of having them stamped. This means that further field tactics and rifle drilling will be dispensed with until they arrive at Valcartier.

Tonight at 6:15 the advance party under command of Major Fairweather and Captain Newcombe, consisting of 100 men, will leave for Valcartier, arriving there tomorrow evening.

The ladies of the Ludlow street Baptist church, the Charlotte street Baptist church, St. George's and the Methodist church, West Side, entertained the battalion to a delightful supper in the Curling rink last evening.

It was the intention of the ladies to give the supper in the open air at Seaside, but owing to the unfavorable weather their plan had to be changed. The regimental band added greatly to the pleasant time by rendering a number of selections during the evening.

A 1,500 over 1,000 men sat down to the tables heavily laden with good things to eat, and a glance at the tables after their departure would be sufficient proof that Carleton could boast of a few culinary artists of the first class.

The following ladies acted as convener for the different churches. Mrs. A. Belyea, Mrs. Reader, Mrs. Chene, Ludlow street Baptist; Miss Nellie Rogers, Mrs. LeBaron Clarke, Mrs. N. McLeod, Charlotte street Baptist; Mrs. F. Belyea, Mrs. Stairs, Miss Simpson, St. George's; Miss Hazel Holder, Mrs. Westonsland, Mrs. Beatty, Methodist church. The convener were ably assisted by a number of ladies from each church.

Today embarkation preparations will be carried on. The orderly officer for the day will be Lieut. J. V. Calkin, with A. W. Thorne next for duty. Lieut. H. Bennett will be the officer of the guard, and Lieut. E. J. Cronin will be next for duty.

The magazine and ordnance guard will be taken over by the battalion until they depart for Valcartier, after which the Composite Battalion will perform that duty.

Three men enlisted at the recruiting office yesterday—Chas. F. Homer Southfield, Kings county; Elias Coombs, Upper Island, Newfoundland, and B. Carter, Elgin, Albert county.

The recruiting clerks brought the Dominion One of the party who acted as the chief spokesman, was a bright looking chap and possessed a good knowledge of English. When asked by a Standard reporter why they broke parole, he said: "We are not used to working in coal mines, and they only paid us one dollar a day for our work and we had to buy our own powder and pay our board. After we got all through paying for the war we had about ten cents a day left, so we just walked away."

"I tell you it is no fun to be kicked around detention camps for fourteen months," said one chap, "and I hope the war will soon come to an end." The party will be interned at Amherst. The guard will return today in order to be here when the remainder of the 140th leaves for Aldershot.

MAZDA Electric Auto Lamps For Cars of All Makes
