ST. JOHN, N. B., OCT. 16, 1872.

The Petroleum Question in St. John.

For sometime nothing was discussed

n the Board of Trade, in the Common

nagazine. That was easy, it only re-

quiring a little talk and the physical ex-

accomplished, After much delay it

able injunction—a nuisance that requires

abatement if it costs a Judge. Nothing

Now here is where the trouble be

age of more than ten barrels is in force,

and there is no authorized place for

storing large quantities. What can the

dealers do? They receive cargoes of oil

and are compelled to take care of them

plexity with an elephant in the shape of

two or three hundred barrels of kero-

sene on his hands. The regulation is

proper and would not be grumbled at if

a petroleum magazine existed; but it is

most oppressive under the present cir-

work at the request of every man who

furnishes fuel to feed the flame of their

vanity by seeking their interposition.

we must expect trade to be restricted

and the mental and material development

The Custom House

trouble in our Custom House too serious of violence on his part will be prevented. for immediate settlement. The truth as to why the bonded warehouse was left without an excise lock, and how \$150,-000 worth of goods could be removed without the knowledge of the officials, or whether the officials were not aware of the state of affairs all along, is to be tunity afforded his enemies and those of the Government to make capital if the city by the affair, and the frequency of investigation were conducted by Mr.

In disease appears to be a catarnal fever, of an epizootic nature, the result of some atmospheric influence, as is shown by its sudden appearance over a large extent of country, attacking all kinds of

mands of the public and freely consented The prospect is that England will not to incur the expense of carting their oil have to pay all of that \$15,000,000 Alato a public magazine and the inconbama fine. The British and American enience of keeping only a small quantity on hand. That was supposed to be the cases that have been considered, and the settlement of the question. The nagazine was then considered a sure thing, The only question was whether public or private credit should erect it-

The Corporation took the matter in hand and made vigorous demonstrations. Regulations were framed prohithe German troops, and threatened with iting the keeping of more than ten parrels of kerosene on the premises of any one merchant after a given time. They were easily made, the Common Clerk doing the work and the pensioners from the opposition of the Government of the dog fund only requiring to vote to the pretensions of the clergy. on them. It was resolved to erect a

Stopping Leaks at Sea.

Chambers' Journal gives a description of mixed Commission has decided against an ingenious method of stopping leaks in febrifuge medicine.

In an ingenious method of stopping leaks in febrifuge medicine.

Irreparable injury may be easily done by the United States in a fair percentage of iron ships when at sea, which has been patented by Mr. M'Cool, who effects his object by means of what he calls "safety trums and complex mixtures which are the cases that have been considered. We shall be more reconciled to paying the amount of the Geneva Award if half of it goes directly to British subjects.

object by means of what he cans salesty plates.' These plates are, as artisans salesty reported to cure this and all other completes amount of the Geneva Award if half of it goes directly to British subjects.

We are confident that where ordinary care and proper means of treatment are used, the percentage of fatal cases will be very small. France is relieved by the departure of screws. By a clever contrivance when once the leak is discovered, means can at agitation on the question of the expulsion of the Bor apartists; that the rebel- A weighted line is dropped through the lion in Spain is likely to be suppressed hole; this is laid hold of by lines drawn without bloodshed; and that Germany under the ship; the weight is taken off has not got rid of the trouble arising and replaced by a screw bolt; a plate, with men, at least in some cities. They bur-

make up a world who need looking after india-rubber covering the inner edges, is glarize the property they are appointed to next screwed to the bolt, is dropped overboard, and drawn into position by the line hanging through the leak; an inner plate Mr. Pullman is introducing his palace and thus the leak is completely covered now, both corrupt and criminally careless, pars upon the route between Paris and on the inside and on the outside, and the up to all kinds of diabolism; but their water is kept out. That this means of principal penchant seems to be murder. The Earl of Breadalbane has been lately safety can be made use of in the open sea, and under different circumstances, without Leonera Carlotta Graham, youngest daugh | the necessity of docking the ship, is not the least among its recommendations.

Tampering with the Ballot.

N.S. for do: Florence, Price, and McDowall, hence for do. ed at Deal, 2nd inst, Maggie M., Cor. King and Germain Sts. NEW STORE. NEW STOCK. NEW YORK, Oct 12th-The market has rul

New York, Oct 12th—The market has ruled quiet since our last, owing to the scarcity of tonnage and lack of shipping margins on some of the leading export stables. Rates remain steady, if we except a slight shading, in some instance by vessels on the berth for trans-Alantic ports. The entagements include—To L verpool, per sail, 400 b les cotton at 7-32@\dd 61,000 bush corn at 10@102d and per steam. 2000 bales cotton at 3-607-16; 56,000 bush corn at 10@102d. The chart is embrace a Br steamship, 1060 tons (to arrive), from New Orleass to Liver pool. Havre or Bremen, cotton id and primages: an Am bark to arrive). 2200 bbls refined petroloum; to a direct Medicierranean port, excluding Spanish, 6:61, privileze Adriatic 7s 6d; an Am brig (to arrive). 3000 bbls refined petroloum; to a direct Medicierranean port, excluding Spanish, 6:61, privileze Adriatic 7s 6d; an Am brig (to arrive). 3000 bbls refined petroloum; to Christiar for orders to the Mediterranean 6s 74.1, privil Adriatic 7s 74d.

PHILABELPHIA, Oct 12th — Current rates of freights from Port Richmond for week ending Oct 10th, 18:2 — Portland, \$2.50: Porsmouth, \$2.50:@2 for Providence, \$2.10@216; Pawtucket, \$2.50@2 for Providence, \$2.10@216; Pawtucket, \$2.30: Bridgeport, \$1.80.

Galvestov, Oct 5th—Freights to New York by steam \( \frac{1}{2} \) easign at the close. The supply of room is more liberal, and rates generally are easier at quotations: Cutton—Liverpool, sail, \( \frac{1}{2} \) b \( \frac{1}{2} \) 0.126; Pawtucket, \( \frac{1}{2} \) 30: Bridgeport, \$1.80.

Galvestov, Oct 5th—Freights to New York steam, 100-6; les do do bales, \( \frac{1}{2} \) B \( \frac{1}{2} \) 0.126; Pawtucket, \( \frac{1}{2} \) 30: Bridgeport and rates generally are easier at quotations: Cutton—Liverpool, sail, \( \frac{1}{2} \) 0.26; New York, steam, 100-6; les do do bales, \( \frac{1}{2} \) 1.26; New Orleans, \( \frac{1}{2} \) 1.26; 1.20

EVNING CLASSES at this Institution will open for the Winter Season on MONDAY, the clast inst., at 7 o'clock—thus affording young men an excellent opportunity of becoming acquainted with the duties of a Merchant, Banker, Agent or Book-keeper, where a good penman and scientific accountant may be required. The branches are those which must be employed in business, and our facilities for teaching these season complete, and the whole course rendered so interesting and practical, that a person cannot attend a term at the College without being greatly benefited.

Writing Classes will be formed as applications are received, which will be under the instruction of Mr. I. C. Eston, an experienced and accomplished Penman.
