# Report.

---

The Committee have been favoured by Providence with several sources of pleasure during the year. With only two deplored exceptions, when so large a number of persons have been exposed to fatality, the life and health of every Missionary and their wives have been graciously preserved. The first of these exceptions was the Rev. Thomas Fawcett, of the Grand River Indian Mission, who was stopped short by a railroad accident, in a career of earnest and affectionate labour of twenty-seven years' continuance, which obtained for him the love and confidence of his brethren, and brought many sons of God to glory. The second exception was the devoted wife of the Rev. James Musgrove, of the Mount Elgin and Muncey Mission, where, as on every station to which he was appointed, she exhibited the amabilities of womanhood, and the active and patient graces of a Christian Priscilla.

A cause of joy is, the unfixtiness of the limits of the Society's operations. What were frontiers, are no longer: and this, for a long future, seems to be the destined course of the Society.

For a supply to meet the constantly developing necessities of the population, additional Missionaries were required: and the supply has been opportunely and sufficiently granted this year, as a Divine response to the intercessions of the Wesleyan Societies; indeed, for several years there have been special demands for labourers, and every one for the last four years the Conference has received forty, or in that time, one hundred and sixty young men on trial for the Ministry. After appointing "other seventy also," and sending them "two and two before his face into every city and place whither he himself would come," the all-wise Saviour forcibly enjoined the never-remitted duty of his disciples,—“Pray ye therefore the Lord of the harvest, that he would send forth labourers.”

The Agents of this Society having gone forth with "precious seed," have not returned without the sheaves and joys of harvest. They have travelled, preached, and visited, and endured the fatigues and privations of their high calling, without spending their strength for nought, and after supplying the

places of a large number of members, who could no longer be continued on the Church's schedules, because of deaths, removals, and unfaithfulness, a good proportion of the accessions reported at the Conference this year is increase on the Domestic, Indian, and French Missions.

In the progress of these Missions this year, not only have the newest settlements been sought out, appointments for stated preaching in them been made, and hundreds been converted, but Sabbath Schools and Bible Classes have attended the formation of Christian Societies; Churches and Parsonages have been erected, sometimes on freely-granted, sometimes on purchased lots; and these movements have been preparatives in many a rugged locality for the more effectual working of political and municipal institutions, the culture of loyal affections, and have assisted to place the people in a position for giving support to Bible, Tract, Temperance, and Educational and Scientific Associations. A consecrated edifice, with its appendages of evangelical teaching, communion, and enterprize, is the most important erection in any settlement. It then never lacks an oracle of light for age and youth, nor a fountain of consolation for the weary and sorrowful; and the establishment of these centres of usefulness in many parts of the country yearly by Wesleyan and other Ministers, guarantees for the present generation and for generations to come, a salutary influence, which will permeate, as in times past, the households and institutions of Canada, and continue to give this British Province a name that shall not be cut off.

It was the wish of the Committee of the CANADA AUXILIARY SOCIETY to dispense with several Missions, which, by a little effort might become self-supporting Circuits; and this was done, to some extent, at a Meeting held in November, 1858, when a general commercial depression had diminished the Society's Income. In December last a laudable project was joyously carried out for establishing a Mission on the coast of the Pacific in Vancouver's Island and British Columbia, the particulars of which, on account of the late publication of the last Annual Report, were fully given—rendering any detail in this place relative to the establishment of that Mission unnecessary; but of the progress of this and the other Missions, intelligence will now be found in the respective departments of this Report.

It was painful to state in the last Report a reduction of Income, caused by a revulsion in all Canada business affairs: and that cause not having been removed, but perpetuated by agricultural deficiencies, there is a further reduction this year, though the numerous Missions have had to be sustained

at an expense during its history. It was contemplated to augment the further dep

at an expense much greater than last year's income, and the Pacific Mission during its half-year's existence has required frequent and heavy cash advances. It was confidently expected that so expensive an additional enterprise would augment the subscriptions of the Society's friends, and assuredly prevent a further depreciation of income. This should have been done.

The Committee have been concerned to act with circumspection and economy, and yet have found it impossible to bring the outlay within the amount received from subscribers. Injustice cannot be done to the devoted Agents. Solicitations from destitute or partially supplied localities cannot be disregarded; and there remains for the friends of the Society only a course of increased disinterestedness, personal sacrifice, and energetic generosity.

This Society, has, beside the contingent expenses of management and publication, travelling, building, furniture, and special claims for sickness, supported this year 113 Missions in Destitute Settlements, 20 Missions among the Indians of Canada, 4 Missions in the Hudson's Bay Territory, 4 Missions in the Colonies of Vancouver's Island and British Columbia, and 5 Missions among the French Canadian Romanists of Lower Canada; 164 Missionaries to the Destitute; 20 Missionaries to Canada Indians; 4 Missionaries to Hudson's Bay; 4 Missionaries to the Pacific; 6 to French Canadians; 22 Day Schools; 2 Industrial Schools; 18 Teachers; 14 Interpreters; and 1 Printing Establishment. These are all salaried Agents; and, as is the case with the Parent Society, there is an increasing number of gratuitous labourers, male and female, on all the Missions, whose services for Christ, in various capacities, greatly promote the efficiency of the work of God, and deserve, as they obtain, the Committee's cordial admiration.

And now, to the "God and Father of our Lord Jesus Christ," who, in granting the requests of the adorable Intercessor, has commanded abundant blessings to abide on the Missions, and carried His servants farther and farther in their evangelical enterprise, and brought many sinners nigh by the blood of Jesus, be the most fervent praises offered! And to Ministers, Officers, and Collectors, of all the Branch Societies, and to the generous Contributors, adult and juvenile, of whatever Christian community, the Committee beg to present the sincerest acknowledgments and well-wishes, for their valued co-operation, in giving amplitude and perpetuity to the glorious dominion of Him whose name shall endure forever.

## INDIAN MISSIONS.

The brief reports from Missionaries in this department of our work speak of obstacles and success. The Indian Wesleyan Missions of the Society in Canada have never lost their importance; and at a time when its other numerous Missions have increasing claims, it is as it has always been, the intention of the Committee to sustain these Missions efficiently, convinced that it is as much a duty to conserve the good done, as it was to do it.

If only to elicit the talent and charity of the young men of the old Indian Missions, their support is of moment to other Missions, and to unsaved distant tribes. The early day was when this Society sent forth at once into the north-west a company of native labourers, who took different directions as humble preachers of the Gospel they enjoyed; and under the supervision of experienced Ministers, such agents might yet largely, by visitation, exhortation, interpretation, and teaching, be effective in carrying the Gospel to the destitute pagan multitudes of the Hudson's Bay Territory, and of the Colonies of Vancouver's Island and British Columbia.

**NEW CREDIT.**—The Rev. David Wright, after assiduous attention to duty, thus reports this Mission, as it is known to be after his services, in an improving state:—

"I am truly thankful to God, my Saviour, that I am able to say, at the close of the year, 'The Lord reigneth, let the earth be glad.' The year passed has been one of great affliction and trial among our people. Several of our most useful and devoted members have been removed by death; and though we deeply feel the loss, yet truly, 'we sorrow not as those who have no hope.' all died well. Our Camp Meeting, last September, was a great blessing to our people. The season was very wet and forbidding; but proved to be one of great interest to this Mission; many were saved by the Lord; others were quickened, and are now 'living epistles, known and read of all men.' We have received on trial during the year between thirty and forty probationers; a more than usual number have moved away since last Conference; we have have dropped a large number for neglect, and had to cut off a few for improper conduct. On the whole mission, the attendance on the means of grace has been good—never better. We have five classes on this (that is) Church street. We have two other appointments—one west, the other east of this—where we have a few members, but no regular class as yet. There are two classes among the Delawares, numbering between twenty and thirty members, all doing well, considering their peculiar situation and destitution."

"The Day and Sunday Schools are doing exceedingly well; we have in the Day School, on an average attendance, 12 or 13 scholars, reading writing spelling, &c. The Sabbath School is well attended; we have one Bible Class of 6; one Tes-

THE GRAND RIVER truly laments the loss of the Rev. Thomas Fawcett, and the Rev. M. Fawcett says of the Mission:—

"This has been a year of real poverty among the Indians on this Mission in consequence of the failure of the crops.

"In respect to farming there is some little improvement. On the interior of the reserve there is a Day School, which is reported to me to be in successful operation: there is an average attendance of twenty-five. The Sabbath School, which is held in the Indian Church, is in a state of prosperity. And as to the religious state of this Mission I can safely say to you, that the God of Missions is sending them the early and latter rain.

"I find that after deducting deaths and removals, which were not a few, there are in round numbers on this Mission, one hundred and sixty four, which is an increase in full membership of fifty-three. Praise God for growing prosperity. The poor Indians often speak with sadness of the unspeakable loss which they have sustained in the sudden removal of their beloved Missionary. But he died as he lived a noble specimen of the power of Divine grace. Hall-lujah!

'O may I triumph so,  
When all my warfare's past;  
And, dying find my latest foe  
Under my feet at last!

"The congregations are very large here, both among the Indians and Whites. Since my brother's death, the Rev. William Ryerson has laboured faithfully in keeping up the interest among the Indians, and especially among the whites at the Salt Springs, at the old Mission house. Steps have been taken to build a Church near where the old one is."

MOUNT ELGIN AND MUNCEY.—Of this large and useful Mission, where several native languages are spoken, the Chairman of the Chatham District, the Rev. J. Musgrove, writes, as usual, favourably:—

"In presenting our Annual Report of the religious state of this important Mission, at the close of another Conference year, we regret, that, to prevent the name of God from being dishonoured, and to preserve the purity of the Church, we have been obliged, in the enforcement of discipline, to drop, 11 of our number, and 3 others have terminated their probation on earth, died in faith, and now make a part of the Church triumphant in Heaven.

"To make up the loss occasioned by the departed and dropped, 34 have been admitted on trial.

"My respected colleagues, Bros. Whiting, Sickles, and Halfmoon, have laboured faithfully through the year, and might look for more abundant fruit.

"Our class of white persons in the Institution, has been doing well; the Lord has abundantly blessed us. The Indian children in the Industrial School, have been attended to as usual, and have been employed (out of school hours) in the house, and on the farm; and many of them are making considerable proficiency in their studies.

"We pray that the labour and expense expended in their Industrial training may not be lost upon them, but that it may prove to be of essential service to them, and to all with whom they may associate in after life."

From ST. CLAIR the experienced Missionary to Indians, the Rev. Thos. Hurlburt, sends cheering tidings, after all the inaptitude of his people, and balancing the good done against the evils remaining: the proper course for an Indian Missionary everywhere.

"It is now 27 years since I encamped on the site of the present mission house, with three native men, on our way to the Sault Ste. Marie. At that time, this whole region was an entire wilderness, and all of these Indians were pagans, and exceedingly hostile to Christianity. At the present time, I do not know of a single pagan in our band at this place. In 1838, the chiefs of this band in council informed us that from 1830 to 1834, 47 adults had died, mostly by drink: whereas from 1834 to 1838, during which time they had been Christians, only three adults had died. During the past year, we have had thirty births and eleven deaths in a population of about five hundred souls. At this rate of increase, their numbers would be doubled in less than 30 years. In 1832, when I first saw this place and these Indians, there was not a house nor any cultivated land in the place. Now, all live in comfortable houses, and their land is cultivated more or less. Then there were no domestic animals, except swarms of hungry dogs: now there are many cows, horses, pigs and poultry.

"Turning from the temporal to the religious state of the Mission, we are cheered by a steady improvement. Perhaps nowhere in our country among an equal number of white people taken promiscuously, can so many orderly Church members be found, or so little drunkenness, or riot, or crime in general.

"During the past year, it has been our happy lot to preach to full congregations; often our house of worship has been crowded to excess. There has been a good number of conversions on the mission during the year.

"In common with others, we have had our trials, and have been compelled to discontinue some that walked disorderly. But, after deducting for removals, expulsions and deaths, we have over 200 Indian members in full standing. Our school has been kept up for the entire year, with but about three weeks intermission, and the attendance has been good. I have also formed a bible class for the young people, which is doing well. The small band at the Sauble have been visited regularly, and is in an improving state."

WALPOLE ISLAND.—That trustworthy agent of the Society for many years, the Rev. S. Waldron, sends a convincing confirmation of former spiritual triumphs.

"Having been connected with this Mission from its commencement, two years since, we are enabled to say, the work of God wrought among this band of Natives in their conversion from the most degrading state of Paganism to Christianity, is an additional evidence of the power of the Gospel when brought to bear upon the conscience with the Holy Ghost sent down from Heaven. The reality of their conversion is admitted by all who know them. Their abandonment of the fire-water, throwing their idols to the moles and to the bats; their attendance on the means of grace, their fervent prayers, and praises melodious, their scrupulous observance of the Sabbath, their thirst for knowledge, and love

to God and man, &c., constrain the most sceptical to exclaim, these things are above nature. The tree is known by its fruit. In some respects this is unquestionably the most important Indian Mission in Canada, and we would press upon the attention of the Committee the importance of a suitable provision for the erection of church, &c., &c."

The Pic Station, on the North Shore of Lake Superior, enjoys tokens for good in the faithful hands of a native agent, the Rev. G. Blaker.

MICHIPICOTON, on the same shore, is doing acceptable service among a people exposed to papal deceit and zeal, and the Rev. J. Ashquabe can rejoice with his brother at the Pic in the further surrender of Indian gods and Romish crosses.

GARDEN RIVER.—Known Puseyitical pretensions and tactics have for some time given affairs here unsettledness; and the Mission is weakened by many removals to an Island within the boundary of the United States; still, the esteemed Missionary, the Rev. A. Salt, writes,—“The spiritual state of our members on this Mission is encouraging.”

CAPE CROCKER.—The Indians here were formerly at Newash, and notwithstanding they have hardships imposed they do not deserve, they are healthy, mostly sober, industrious, and for the last few years, the Rev. C. Vandusen states, have “made considerable improvement in habits of industry, frugality and religion.” “The work of the Lord has revived, seventeen have been hopefully converted to God, and meet regularly in class, making in all sixty-four Church members at the Cape.”

COLPOY'S BAY, the same Missionary says, is improving materially, the School has been regularly held, the little Society is prosperous, and the mother of the head chief has died in the Lord.

SAUGEEN has not been without discouragements as well as encouragements to the Rev. J. K. Williston.

“Spiritual and eternal things have not that weight and influence upon the minds and habits of this people it is desirable they should have, yet it is not all lost labour; many have been saved, and we believe got safe home to God; a good number more are on the way contending for the prize. The public services on the Lord's day are pretty generally attended by them.

“The past year has been to this people a year of great affliction and bereavement. Among many others who have died, we have lost six church members, the greater number of whom were amongst the most prominent and faithful in the Church, two of them were Class-Leaders and chiefs. One, John Manedowb, was the war chief; the other, Alexander Madwayosh was first chief of the Band. These men, particularly the latter, were men above almost any others

belonging to the Mission, the warmest and strongest supporters of the institutions of the Church, and the means of grace among the people. Indeed, Alexander was really the head of the band in all things. Now that he is gone, I know not what will be the result—they seem like a family of children bereaved of a father.

“The Temperance cause has also received a fresh impetus among them; the Indians have as a body, pledged themselves afresh to abandon the use of strong drinks. The School has been kept up among them during the year.

“There is a settlement of Indians about seven or eight miles north of the Saugeen, numbering some twelve or fifteen families; these I and some of our leaders and exhorters have visited a few times during the year.”

**SNAKE ISLAND.**—The Rev. E. Hurlburt reports 130 Indian residents, 40 members, and the youth, in care of Mr. Law, who are doing well, are 30 at the Day, and 37 at the Sabbath School.

**RAMA.**—The Rev. G. McDougall is pleased with his people; and kind pastoral devotedness is thus rewarded among natives as much exposed to evil influences as any elsewhere:—

“The past year has been one of marked prosperity; the members of Society have been steady in their profession, and we hope have grown in grace; our numbers have increased, eleven by birth, and thirteen by immigration. The cause of temperance has been well sustained, and cases of drunkenness are of rare occurrence.

“Eleven of our young men are now claiming their franchise, and hope soon to enjoy all the privileges of Canadian citizens. Special efforts have been made to meet the wants of the young. The Day School has been faithfully taught by Bro. Campbell, and the Sabbath School superintended by a native, and numbering nearly fifty scholars, is doing a good work. Our Church debt has been cancelled, and more than \$71, have been raised for the support of the Missionary Society.”

**BEAUSOLIEL.**—The report from the Rev. W. M. Cooley is without statistics, or Society-facts, except that “there seems to be somewhat of an increase of spirituality;” “and some of the pagans express a wish to become Christians;” and therefore is insufficient to enable the Committee to present a fair statement of the condition of the Mission.

**FRENCH RIVER** has—because of its inconvenient locality—to depend upon the services of a salaried teacher; yet good is done, and the Indians prefer Methodism.

**SCHOOGOG**, supplied from Cartwright, has, on account of its isolated position, not been very regularly attended to; the Indians “have however,” as said by the Rev. D. A. Johnston, “kept up their meetings with great regularity, and there appears to be no decrease of spirituality observable on the part of the members.”

ALNWICK.—After a cheerless statement, shewing, from some cause, a deplorable deterioration in the condition of Indians, whose state for many years was a matter of congratulation, and the counterpart of which is, thank God, now apparent on other Indian Missions, the Rev. S. Hurlburt is deeply impressed in sending his well-written report; and earnestly do the Committee respond to his prayer for that sole and effectual remedy of the evils deplored—a “revival” of the same religion which made Grape Island a scene of sanctified and domestic loveliness, worthy of the Missionary pen of an Arthur or an Ellis.

“To the above gloomy description there are a few honourable exceptions. Brother Sanday, our mutual friend, sees and feels these things very deeply, and no man could labour more earnestly than he does to correct existing evils among his people, and to lead them in the right way. But his success is small compared with the amount and character of the labour bestowed. In the examination of the classes at the last leader’s meeting I can make out only 61 members. Three years ago I think Mr. Musgrove, my predecessor, returned about 80 members—a decrease of about 20 in three years, and even 61 is too high a number if we suppose Indians ought to be subjected to the same restrictions and regulations with white people. This Industrial School, will eventually prove a failure. I have neither time nor space to go at length into this subject; but very plain and cogent reasons could be adduced in support of the above opinion. I will however state one or two reasons. In the first place the Indians are opposed to the School; that is the most of the bands who first consented that a portion of their funds should be appropriated to the support of the School. The appropriation to the School lessens their annuities by that amount, and they do not appreciate education sufficiently to make the least sacrifice for the benefit of their children. In some cases I believe they think they confer a great favour on us if they consent to let their children attend the school. In the next place there is a lack of parental training. The school for the village children is, at present in a more prosperous state than at any other former period since my appointment to this mission. This is to be attributed mainly to the diligent industry of our present teacher, Brother Johnson. He is untiring in his efforts to do good to the children.

“Pray for me and for the Indians that the Lord may revive his work among us. A gracious and powerful revival of religion would banish most of the evils that now afflict us.”

RICE LAKE.—The following particulars will be received with pleasure from the Rev. Wellington Jeffers, coming as they do from an old and valued Mission:—

“The members of the Church are very steadfast, and some are very zealous for Christ. Most of the meetings are times of spiritual refreshing; our quarterly meetings especially are truly cheering. Many who come to our services from the surrounding white settlement, when they hear the singing and praying of our people, often exclaim, ‘We wish we could see the worship of God as lively and cheering in our own neighborhoods.’ Our church is crowded every Sabbath with serious hearers, and a very pleasing interest has lately been shown by our white neighbours. Six persons have been added to the church this year, who,

we hope, are seeking salvation; but two have removed, and three have died, and some of the young have been led astray. It is a comfort that our Indian converts do generally die rejoicing in the name of Jesus—a name they love to repeat. One of the three, Mrs. Paudush, during about a year's decline, was very earnest in seeking Christ and died very happy. The other two, Chief Crow's daughter and a young lad, were very happy indeed—the young lad never allowing the Indian Testament out of his sight.

"Our Sabbath School has been kept up through the year, and is well attended. Our Day School, though the attendance has sometimes been large, yet has been very variable in the number of scholars.

"Last autumn, our Indian sisters felt a little ashamed to see our church in so sad a state, and raised a subscription among themselves, and have quite renewed the inside. They have had it whitewashed throughout, and the seats, pulpit and all the woodwork nicely painted; and have carpetted around the pulpit, and placed a carpet and cushion in the pulpit. It must have cost nearly fifty dollars, which I think very creditable to them. I have had a neat picket fence made round the Mission House and garden, which will be no expense to the Missionary Society.

"Our Missionary meeting was a very successful one. With the help of my excellent friend, Bro. McBurney of Peterborough, and some native speakers, we had a very joyous meeting, and a subscription of about twenty pounds, nearly all of which has been paid.

"Though we are happy to say our *members* do not drink, yet if this evil would be suppressed, I believe all our Indian people here, young and old, would soon be serving God."

MUD LAKE has 31 Indian members of the Church, and has been supplied from Bridgnorth by the Rev. W. L. Scott; as a well-behaved body of Indians at WARDSVILLE, and another at AMHERSTBURGH, have received the Gospel from contiguous Wesleyan Missionaries; and the benefits for years have been a satisfactory spiritual return for the appropriations of the Society.

## HUDSON'S BAY MISSIONS.

The recent correspondence from Hudson's Bay is ample, and interesting as any ever received from the Territory, and much of it may be expected to be published in the Missionary Notices. From Norway House, and Oxford House there are the usual statistics; and it is expected that next year the Missionaries at the Edmonton Mission will be able to put their work and report in the usual form. Itinerancy there is most arduous, and very beneficial; and pastoral attentions at the other Missions are of considerable advantage religiously and socially. The gradual acquirement of the Indian

language by the several Missionaries is an encouraging circumstance; and altogether God is with the Society's valuable agents in the Territory.

NORWAY HOUSE. The respected Chairman of the Bay District, the Rev. Robert Brooking, thus writes of Rossville :—

"I have to record my grateful acknowledgements to our Heavenly Father, that He hath given us a tolerable measure of health during the past year, and that He hath spared our worthless lives. I have had, however, another practical illustration of the extreme tenuity of the thread upon which human life hangs. In crossing the lake last Spring, on a dog-sled, after a very hot day, the ice gave way with the dogs and myself, and we were precipitated into the water. I was nearly exhausted. I had never before realized such nearness to the gates of death. But my work was not yet done, and I am spared a little longer, a monument of His mercy, whose I am and whom I serve. O, may my spared life more fully than ever show forth his praise!

"During the past year we have had our trials, arising from various causes. We have not had so much drunkenness the past winter, as during the winter before; yet we have not been entirely free from it. And I have reason to hope that many of our people are setting their faces against it, and I trust that before long the greater part of them will discountenance it. There is also much looseness and many prejudices, which we cannot but grieve over, but which we must expect in a people who are but just emerging out of heathenism. There are, however, a great many of our older members, especially, who are walking in the fear of the Lord, and are enjoying the comforts of the Holy Ghost. Our Quarterly Services are times of much spiritual enjoyment, and are looked forward to by our people with great interest. The means of grace are always well attended, and our Church, especially on the Lord's day, is quite crowded; indeed, it will not now contain our ordinary congregation. We have long been talking about erecting a gallery; our brethren have now collected most of the material, and Sir George Simpson, at my request, has kindly promised us a carpenter to assist in erecting it, when all is ready. Our Society is gradually increasing. Last year I reported 153 members, this year we have 164. We have also had four *very happy* deaths, two male and two female, and one Indian has removed to Red River. There has, therefore, been an increase of 16, and a *net increase* of 11. Small, indeed, in number, but who can calculate the worth of those souls for whom Christ hath died?

"I am also thankful to state that there is a movement among the few heathens who still remain connected with the Norway House. I have lately had several conversations with one band of them. The Chief, with most of his people, have attended the means of grace, and have also intimated their determination to settle down. I have now, at the present time, two pagans,—a man and his wife, candidates for baptism.

"Our population is still rapidly on the increase. Since my last report was written there have been 30 baptisms, and only 5 deaths, so that there has been an increase by births over deaths, of 25; and there has also been an addition, by families coming in from other places. During the two years of my residence here the population has increased from all sources fully 100. Five marriages have been solemnized during the past year.

"Several new houses were finished last Fall, and there are 6 more now in frame, and the material got out for three or four others, which are to be raised when the boating is over. A larger quantity of ground is fenced in and under cultiva-

tion than has ever been before ; so that if their prosperity does not keep pace with our wishes, yet we have every reason to thank God and take courage. In fact, there seems a general desire among our people to improve their circumstances.

"The very great scarcity of fur-bearing animals of all kinds during the past winter has placed many of our people in difficulties, especially those who are too old to work on the boats; so that among this class there has been, and will be, considerable distress; and they have not been able to discharge their obligations with the Company. We hope there is not a permanent decrease in these animals, as they appear to a great extent to depend upon the number of rabbits and these have never been known to be so scarce as during the past winter.

"Although we have had a very late spring, and extremely dry weather during the last month, yet the crops throughout the settlement are looking well, and hitherto the grubs have done but little injury. We are hoping, therefore, that a bountiful Providence will continued its care and protection, so 'that our garner may be full, affording all manner of store,—that there be no complaining in our streets.'" Quite a number of our people have milch cows, and many more would get them, but the Company cannot supply them fast enough, it being both difficult and expensive to raise them here.

"Our school has been kept up through the whole year, with the exception of a fortnight during the Fall fishing, and a short period during the goose-hunt. The number on the books is upwards of 100, and a great many more might be received, but who are yet too young.

"It is consoling to my feelings, after all the difficulties and trials sustained, to know that my labours among this people are appreciated by themselves, and that they are anxious for my services."

OXFORD HOUSE. The following is from the Rev. Charles Stringfellow of Jackson's Bay :—

"As to the numbers in our Church, there is a decrease of 16, being last year 99, the present year they number 83. There are 18 persons on trial for membership in addition to the 83 members. Of this decrease 10 have removed to hunting grounds contiguous to Rossville Mission, and therefore will augment by 10 the numbers there in society. Five other persons, four male and one female, have died during the year. One only of these died at the Mission village, James Eastwood; he died in peace, and in assurance of a resurrection to an infinitely better life, than the greatest pleasure of an Indian hunter can impart to the soul of the most auspicious season of life's short day. With respect to two other male Indians who died, I saw them shortly before death, and am convinced that they

'Shall stand with the sheep  
At God's right hand.'

"One other male and female; in connection with both I am able to declare that although late in life, they sought and fled to Christ, nevertheless they also shall be

'Far from a world of grief and sin,  
With God eternally shut in.'

"One Indian youth I have been obliged to exclude from the society in the hope that it may lead him to be more consistent in his conversation and statements.

"During the year I have administered the sacrament of baptism to 17 adults, and 18 infant persons. Nearly all, if not the whole of these adults, I expect in

two more weeks to join the Society, as some have already intimated, but as they have not actually done so, being some of them 10 days journey from us, and have been distant since the Fall of the past year, I have not thought proper to include them, though in so doing I believe I should be safe in forestalling their names, and this would have given an increase upon the year, instead of, as I have represented it, a decrease. I have joined in matrimonial bonds five couples during the past year.

"As to the religious state of the Society, by far the bulk of the members of our church are very seldom with us. Sometimes we hear from them, and occasionally they visit us, but from this circumstance we cannot know so fully their religious life and character as we would like to do. They state that they serve God, and are seeking through Jesus Christ, his faith and his blood, remission of sins, purity and bliss. One thing is clear, they seldom meet their fellow-men, and many of them can but commune with their own thoughts, so that thus they are removed from temptation of many kinds, and we trust find a companion in their solitudes, with whom Enoch walked for 300 years, until he was not; for God took him. ✓

"We can speak with more accuracy of those families and members who settle for seven months in the year, at least, at the Mission. Since the removal of our Interpreter eight months ago, the services of the sanctuary have undergone a change, *i. e.*, formerly part of the services were in English, especially the lessons, now the entire services, with the exception of an opening prayer, is in Cree. It is pleasing to see so many copies of St. John's Gospel in use every Sabbath; in fact there is not a single copy of the Scriptures here but what is in active use. I have not had a single copy to distribute for a full year. Old and young, male and female, take equal delight in reading, (as we did yesterday) how 'Jesus loved Martha, and her sister and Lazarus,' whilst we endeavoured to set forth what was commendable in each of these characters. If searching the Scriptures, constant attention upon religious ordinances, the greatest earnestness and interest in what is spoken, be marks of religious well doing, then all these exist.

"Again, eight months ago I had an uncertain knowledge of their prayers, but since that time, I have been so circumstanced that I must either learn the language, or be a mere cipher at Oxford Mission, and thus by exertion I have arrived at some ability in the interpretation of their prayers, speeches and exhortations, I must acknowledge that my conviction is they improve their opportunities to become acquainted with saving truth. Their prayers are ever fervent and scriptural, invariably supplied with some telling promise from the lips of the "Most High," assuring success, and often, whilst mingled with tears and strong crying, are eloquent by beauteous figure and ready flowing language. The doctrines of repentance, pardon, faith, and continuance in well-doing, are properly understood. I never hear them speak or pray without the mention of sorrow for sin, and thanks for Gospel truth and privileges. Some of them enjoy real religion, but are sorry that they do not enjoy it constantly.

"I must add, we meet with many inconsistencies, and have to contend with much that is depressing. Much has been done here, but very much remains to be done. There are also numbers without the pale of our Church.

"One more thing I will state, illustrating the Indian's views of religious rites, and domestic relationship. One of our Indians shortly after leaving the Mission in the fall of last year, lost his wife, by the hand of death. This gave him much distress of mind (I believe him to be a Godfearing man). He resolved that (although eight long days journey from the Mission), her body should rest with those who have died in Christ, and he with that view kept the body frozen, nigh his tent, until the present Spring; when, after the Sun had melted the snow in part

and the morning and evening frosts had crisped its crust, he took her cold, frozen corpse, and placed it upon a flat sled, yoked himself as the draught animal, and in this manner on the ninth day after his departure, reached the desired destination, saw her sacred remains confined and receive a Christian burial. Thus gladdening his heart. I add no comment to this.

"I should remark that Mrs. S. affords me the assistance it is in her power to bestow, consistent with her delicate health, and manifold duties."

EDMONTON AND ROCKY MOUNTAINS. The following is extracted from the Journal of the Rev. Thomas Woolsey:—

January 1st, 1859,—Received interesting letters from my colleague, brother Steinhaur, at White Fish Lake, of December 3rd. He observes, "Our religious concerns are progressing, inasmuch, as there is a deeper concern awakened in the minds of our people for their own salvation. . . . The room where we hold our meetings has been far too small to accommodate all who wished to attend. Our friends from the Plains, however, committed some depredations last fall, and helped themselves to the produce of our gardens; but we did not even shun to tell them "the Gospel of the grace of God."

From his letter of December 25th, I make the following quotation: "I visited the Classes on the 22nd, 23rd, and 24th instant. We had good times. Yesterday was observed as a fast-day, when, at our prayer-meetings, we implored the Almighty the more abundantly to shower down his blessings upon us. This we have already realized. He has looked in pity upon us, and blessed us—Would that you were here, so that we might be comforted together with you, by the mutual faith of you and me." Brother Steinhaur was also about to administer the Lord's Supper to some who were deemed suitable communicants.

"Jan. 23rd,—Blackfeet, Crees, and Assineboines have made our Indian services quite imposing. Myriads, who dwell in lands remote, would rejoice to see different tribes of Aborigines thus represented; but at 'the name of Jesus every knee shall bow.'

"26th,—As a large band of Assineboines are a few days' march from us, and cannot leave their hunting grounds, there is no alternative but to visit them; and, therefore, accompanied by an Indian guide, and a youth, who may assist me in the Cree, I once more make my exit, although the cold is most intense.

"Feb. 3rd,—About mid-day we beheld smoke in the distance, causing an outburst of gratitude that the pinchings of hunger were not likely to be endured much longer. Our provisions had been exhausted for nearly four days, (as we had been deceived as to the exact locality of the Indians, and had not made preparations beyond the fourth day's consumption,) and we had gladly eaten up the refuse of our bags, and devoured tea leaves with a zest. Not a rabbit had been seen; and even the very crows had kept a respectful distance, lest they should become food for man. We fired off a signal shot as we neared the band, which was at once responded to; and speedily a vast number of these 'children of nature,'—many with tears in their eyes—grasped the Missionary's hand, and thanked God for what they then saw. We were soon comfortably seated in the chief's tent, and the choicest meat set before us; of which, of course, we partook—but sparingly at first. Let civilized man, surrounded by civilized men, and all the comforts of this life, talk about sacrifices, in contributing to the Mission cause, and he uses unmeaning words, when contrasted with those made by the herald of the cross. and then I may safely conclude he would give more liberally than before. But, alas! it may be said, in regard to many an one, that ere long mortal's may inscribe upon his tombstone, 'Here lies one who never did for God an hour's work!'

"5th.—We are now located, between Ghost and Bow rivers, with the mountains immediately contiguous to us, presenting the most imposing sight that I have yet witnessed. Here is one very conspicuous, called the Devil's Head; but every lofty peak and mountain ridge produces strange emotions in the breast of the beholder, and seems to say—

'The hand that made us is divine.'

"There are about seventy tents of Assineboines in this section; and Blackfeet are quite proximate. Settlements must be formed; and it remains to be seen whether Protestants or Romanists will lead the way. To fear what the Blackfeet will do to us, is cowardice indeed. They must be shown that 'he who fears his God has no one else to fear!' Nearly twenty years ago, a Romish priest, who crossed this continent, remarked in reference to Puget Sound,—a locality of great importance at the present time—'In my opinion, it is on this spot that we must seek to establish our holy religion. It is here that we should have a college, convent, and schools. It is here that one day a successor of the apostles will come from some part of the world to settle, and provide for the spiritual necessities of this vast region. It is here that we must establish a beautiful mission,' &c. And shall we be less energetic? Methinks there are multitudes who will answer, 'No!'

"6th.—Sabbath. Hundreds have this day worshipped our common Lord within a spacious tent, whilst many, unable to gain admission, remained outside, wrapped up in their buffalo robes. The people have been very attentive, and deeply affected. Baptized eighty-seven children and one adult, besides conducting two public services.

"7th.—Spent the greater part of this day in ascertaining particulars as to the parents, &c., of those who were baptized yesterday. This has only been effected by furnishing duplicates of names to those baptized, and then requiring them to-day. An Indian will not give his own name; but they make known each other's names very readily.

"10th.—Examination of adults prior to baptism. The marriage service has also been read over for the instruction of several who design submitting themselves to that ordinance.

"12th.—The buffaloes are very numerous, and are shot down daily, furnishing the finest meat that can be eaten. Here are immense cedar trees, one of which measures 12 feet in circumference.

"13th.—Sabbath. Baptized 48 adults and two children, besides uniting in marriage nine couples. One of the baptized, an aged man, had formerly five wives. He is the father of 28 children.

"14th.—Translated the Lord's prayer into Stone Indian. Books must be printed in that language.

"15th.—It is reported that two Indians, west of the mountains, have recently been flogged by the priests, because they would indulge in polygamy.

"16th.—A party of Americans attempted to cross the mountains last Fall, and have long been understood to have lost two of their number, who took a wrong track, lost their footing, and were precipitated from a considerable elevation.

"20th.—Baptized 30 adults, and 29 children, and married 13 couples.

"21st.—Solemnized two other marriages.

"23rd.—Off in search of other Assineboines, on the other side of Red Deer River, having been accompanied by the band two days in our homeward route. The people loaded us with choice provisions, and entreated me to return as soon as I could.

"25th.—At sunset came to the other camp, where we had to subsist on our own provisions, as they were comparatively starving, through not meeting with red deer. Received a hearty welcome.

"27th.—Sabbath. Baptized 11 children and 2 adults, and solemnized one marriage. The day has been fully occupied in religious duties, as I must leave on the morrow.

"28th.—Made an early start for Rocky Mountain House, under a conviction that much good had been instrumentally effected during my stay amongst this people. The total number baptized, including those on January 16th, is 83 adults, and 134 children. Marriages, 26. About 500 Indians have been met, and others communicated with. To God be all the glory! When it is considered that I have gone through the baptismal and marriage services in Cree, and that the same has been interpreted into the Stone Indian, some idea may be formed of the duties discharged. The same remark applies to all our other exercises. The Assineboines are doubtless the same as the Sioux Indians, from whom they have separated ages ago. They have many words in common.

"March 3rd.—Capt. Palliser and other gentlemen welcomed a poor wanderer. They had expected us for several days.

6th.—Sabbath. Four farewell services, for a year at least. Some will probably hear the gospel trumpet no more. Solemn thought!

"12th.—Arrived safely at Edmonton House, greatly fatigued, having been travelling to a great extent on foot for six days, my horses being completely jaded out. A messenger having preceded us, W. J. Christie, Esq., kindly sent two horses to relieve us, or the fort would not have been reached until Monday.

"13th.—Sabbath. Performed my accustomed duties, though with considerable exertion.

"29th.—My time has been partly devoted to scholastic instruction, &c, since my return; but to a great extent occupied with correspondence, which brings me up to this date; and with it I close the day. If yourself and the friends of Missions are interested, I am amply rewarded."

LAC-LA-PLUIE. Information has been received, that the labours of the Rev. Allan Salt have had a good effect; and the wish of many Indians is, that he should return to them. The Committee hope it will soon be practicable to send a Missionary to this important post.

## BRITISH COLUMBIA MISSIONS.

The sending of four Missionaries to the North West British Pacific Coast in December, 1858, is a fact which the Committee had much satisfaction in stating in the last Annual Report, when the best feelings of the Society's friends were fully awake, and their prayers for success were general and fervent. By a gracious hand the brethren and their families were conducted during a long and trying winter journey of more than six thousand miles without casualty and without sickness, and brought in good time to their destination, where they were received by His Excellency, Governor Douglas, and His Excellency, Lieutenant Colonel Moody, and other gentlemen with great respect and cordiality; where, amidst extreme labours and exposure, they have been favoured with health, the good will of all classes, and spiritual fruitfulness as christian husbandmen;—and where, while wisely settling the preliminaries for an extensive and permanent Wesleyan connexion, dependence has been placed upon Divine direction, and thanks have been humbly ascribed by his servants, as they now are by the Committee, to God, by whose blessing the generous purposes of Canadian and British Christians are being accomplished.

Copious and diversified letters have been received by the General, Superintendent from time to time from the Chairman of the District and his associates, such as were necessary for the Committee in judging of the nature and progress of the undertaking; some of which have already appeared, and others will most likely appear, in the Society's official organ, the Missionary Notices. Where every thing is preparatory, it is too soon to expect a formal connexional report from every Station, such as will no doubt be transmitted from each of the Superintendents in due time next year. From recent letters, however, in which there are touching references to Canada and Canadian Methodists, it is gratifying to take the following very interesting particulars.

VICTORIA. No sooner were the Missionaries arrived, than an application to Governor Douglas resulted in the loan of a Government Police building for public worship; and from the first Dr. Evan's congregations have been large, and lately larger than ever. A Christian Church was soon formed, with Mr. Pidwell for the first Leader, and since then a second Class. Right it was that spiritual efforts should have precedence of all others; and these made, Dr. Evans at much expense of time and strength, took journeys to Nanaimo, and up the Frazer, and elsewhere, to ascertain the condition of the people, and provide the best sites for parsonages and churches; and in every way his important, arduous duties have been discharged with great discretion and effect. A convenient parsonage has been built for his residence; and August 15th, the foundation stone of a spacious

and respectable Wesleyan Church was laid at Victoria by the Governor, which is expected to cost £2,000. This sum cannot be raised at once, or by subscription; and in freely furnishing a most eligible site, the Honorable Hudson's Bay Company has acted with great liberality; numerous friends of all countries there have subscribed liberally; the Ladies of the Mount Allison Academy in New Brunswick have sent £10, a Lady at Three Rivers £50, and more recently Edward Jackson, Esq., and Mrs. Jackson, of Hamilton, Wesleyans long esteemed in Canada, have remitted £250 to Dr. Evans for the first Wesleyan House of Prayer on the British Pacific.

NANAIMO. Here, the Rev. Arthur Browning writes, the people, most Europeans, were painfully in need of Gospel privileges; and he has gathered attentive congregations, in a School House, conversions have been granted him, a Society has been formed, and his laudable anxieties for youth have prompted him to establish a Sabbath School, which he superintends, and in which he teaches an adult class. Numerous Prayer Meetings are held; the Lord is with him; and he has been promised a beautiful site for a church. Dr. Evans speaks of Mr. Browning as being "much encouraged."

NEW WESTMINSTER. The Rev. Edward White's place of worship, as yet, is the Colonial Treasury, where, he states, "our congregations and our little class during the summer have been fluctuating." He preaches to the Military, Colonel Moody reading prayers. Has held his first Temperance Meeting—largely attended. He gathered with great toil materials for a parsonage, and in five days removed his family into it; assigning this as his reason for much personal labour: "In clearing, building, fencing, &c., I am acting on the principle, that a dollar saved is a dollar earned." Dr. Evans says, "Brother White is doing what he can to plant and give impetus to the growth of the Truth, and I doubt not that before the close of the year, he will reap gratifying fruit of his labour."

FORT HOPE AND FORT YALE. The Rev. Ebenezer Robson, who with Mrs. Robson, are at the farthest point on the Fraser the Society has reached, are faithfully devoted to the toilsome duties committed to them, and anticipate much spiritual prosperity. Of him, as of his other respected colleagues, Dr. Evans takes pleasure in bearing a satisfactory testimony: "Brother Robson is busy in the erection of a dwelling house, much of the labour being performed with his own hands. He has not yet commenced arrangements to build a Church, in consequence of the recent depression of business, and the fabulously high price of materials. He preaches by kind permission in the Court House."

June 1st, Mr. White says in his journal, when thinking of the Hamilton Conference,—*"would like to be with them, but glad I am here."* This, the Committee have good reason to know, is the spirit of every British Columbia Missionary, and it is a source of gratification that their labours are harmonious and strictly

Wesleyan, and confirmatory of the expectations of the Canadian projectors of the Mission. The religious results already, and the results in prospect, show the necessity of vigorous continuance in well doing; and, if it were possible, of adding to the number of labourers without delay. Nothing in the untiring Chairman's communications is so urgent as his appeals for at least two additional Missionaries. The deplorable condition of the Indian Tribes is a distressing reason for attempting their regeneration; and the demand for pioneering on the part of the Chairman, is a reason why a second preacher should be stationed at Victoria; but with the present unavoidable and large expenditure there, and the Society's Income greatly reduced by the times, it is impracticable. The outlay already for the Pacific Mission, including outfits and travel, is \$6,000, and it remains with the Society's friends to say what extension shall take place in a Mission which is adapted to the bestowal of immense local benefits, and might be made incalculably conducive to the evangelization of the Northern Esquimaux, and of Japan, China, and the barbarous Islands of the great Pacific Ocean. This noble enterprise immediately requires, for its sustenance and enlargement, an *extraordinary* Christian liberality and zeal in Canada.

## DOMESTIC MISSIONS.

---

The imperative consideration and law in the origination and conducting of the Wesleyan Home Missions of Canada is this,—“Thou shalt love thy neighbour as thyself;” and in the midst of much toil and expenditure, and sometimes of misrepresentation, the Committee desire to feel afresh from year to year the authoritative force of this command.

The system practised by this Society is simple and sufficient. Good men are sent by the Society to the destitute New Settlers, and their scantiness of means is, as long as required, subsidized by the voluntary contributions of many; and what is of great importance, prayer not seldom accompanies the generosity of the purse. Here, too, are religious facilities for the disconsolate, yet hoping, Immigrant. Such an unostentatious procedure is as the dew upon the fields: all is silence, but there is fertility and beauty.

The following condensed statements from the numerous Domestic Missions will convey intelligence as acceptable to the Society's supporters, as it is to the Committee; and there is only one regret in publishing it. However necessary it is that the Missionaries should communicate freely and fre-

quently respecting their labours with the General Superintendent of Missions, limited space, and an avoidance of cost, are reasons for putting little more than the pith of the intelligence in the Annual Report; and this is attempted with the scrupulous intention of doing justice before the public to every Mission and Missionary. There are yet unaccountable delinquencies, but the local reports received were never so numerous; and the supervision of the May District Meetings has added to their correctness and excellence.

*Toronto District.* The work at MONO, the Rev. R. Pinch states, has not been without trials, yet upwards of sixty persons have been admitted on probation, and they promise well, and it is hoped the numbers will grow. ORANGEVILLE, two years ago, commenced with twenty members, and the number now given by the Rev. W. Sutton is 40 members, and 20 on trial. A comfortable church of brick has been erected, and there is great need of churches at different places. Classes, Congregations, and Sabbath Schools are prospering at STOUFFVILLE; not without difficulty; for, remarks the Rev. C. Taggart, "nearly every sect and party have their advocates, from those who claim the Pope to be the supreme head of the church, down to those who claim Joseph Smith to be an evangelical prophet." The Rev. J. W. Savage says of PRINCE ALBERT:

"The labours of the last year have been attended with unusual anxiety. At its commencement we had charge of upwards of 300 members, more than three-fourths of whom were only of nine or ten months standing, and nearly a third on trial. It was with deep regret that we noticed a falling off especially of those on probation, and though on our going over our class books we were obliged to drop others for irregular and non-attendance, it is gratifying to return an increase rather than otherwise of those in full membership.

"The whole on the Mission at present, including those on trial, numbers 256: two years ago, we could not find more than 70. Our churches are well attended. We have three Sabbath Schools all doing well."

*Hamilton District.* NANTICOKE. New ground is promising, the Church's institutions are well sustained, and the Rev. T. Williams is of opinion, that Wesleyan Methodism has a stronger hold on the community. The Rev. Thomas Jeffers, of DUNNVILLE, offers a tribute to the mercy of the Lord for preservation in abounding afflictions. There has been commercial pressure; yet "seventy precious souls have professed to find peace through the blood of the Lamb." The Rev. J. Shaw, though perplexed, does not lack encouragement at CAYUGA. SUSPENSION BRIDGE, in charge of the Rev. G. N. A. F. T. Dickson, is a station which fluctuates in numbers, yet is healthy in its spiritualities, and needs a church edifice for permanent success.

*Brantford District.* DELHI. The Rev. C. W. M. Gilbert says,—

"We have on this Mission a quiet, affectionate, and united people, some of whom are perhaps as deeply pious, as ardently attached to Wesleyan Methodism, and considering their ability, as liberal as any in the connexion. Ill health (bronchitis) has prevented your Missionary from doing as much this year by way of extra effort as he would otherwise have done. We have received during the year, on trial 21; into full membership 36; removed 21.

"We have, during the year, commenced and completed an excellent frame Church at Lyncdock, 34 feet x 43, which was dedicated in January. The collections and subscriptions received at the time freed it of debt. We have another in the way of completion in Simon's neighborhood, 26 x 36 which will probably be ready for use by the first of September, perhaps before."

*London District.* The Rev. N. Brown mentions struggles, and gracious outpourings at STRATHROY: The Rev. T. S. Howard thus writes of WARWICK:

"During two years time, not less than 260 have been received on trial for membership, and most of them were regarded as worthy of a place in the visible Church of Christ, and are now fellow travellers with us in the way of life. In addition to paying liberally to the support of the Missionaries labouring amongst them, and paying to other connexional funds, and twenty-six dollars to the Victoria College Fund, they have paid more to the Missionary fund than they have received from it, during the past year. During the two years our church has been erected and completed with only \$80 debt, and another is in course of erection."

The Rev. W. Dignam, in noticing the nineteenth year of his Mission work, rejoices with his colleague in a gathering of 134 souls into the visible Church. At THAMESFORD there is increase of members, and the Rev. J. Doel remarks, "Our members are generally clear in their Christian experience, and many of them can testify that the blood of Jesus Christ cleanseth them from all sin."

*Chatham District.* MOUNT BRYDGES and NAPIER have been greatly favoured spiritually and temporarily, in charge of the Rev. W. Savage.

"During the past year we have had gracious manifestations of divine favour; many souls have been brought to God; and although we have lost very many by removals, yet our nett increase is considerable. We have erected a church in the village of Napier 40 by 38 feet—two valuable village lots being given to the Society by Col. Arthur. The churches in Mount Brydges and Melbourne are in a great measure relieved of the very heavy debt through the kind co-operation of our friends, and a grant from the Chapel Relief Committee."

The Rev. E. Peake, of WARDSVILLE has had success. WALLACEBURGH is briefly and satisfactorily thus presented by the Rev. E. Cragg:

"The moral aspect of this Mission is very encouraging. The Lord has favoured us with much success. Last year the returns were 95 in full membership, and 55 on trial. This year, after accounting for 8 removals, 4 expulsions, and 13

dropped, we return in full membership 129, and 36 on trial. The congregations have increased at nearly every appointment, and what is best of all, there have been 32 cases of sound conversion to God, and several who were in a backslidden state have been restored unto the joy of his salvation. Our connexional funds are equal to last year, and our mission fund £9 in advance."

The Rev. W. Hawke states that FLORENCE three years ago "was set off from Wardsville, with 50 members; there are now 228, and 13 on trial." The Rev. A. Dayman has had a church opened, and says that at most of the MORPETH appointments "there has been religious prosperity." The Rev. S. Tucker has good indications at SANDWICH and WINDSOR.

"We have an increase of ten in our membership, and eight on trial. Our congregations are good. The Sabbath-school is well sustained. We have commenced a 'Bible Class' since last Conference, with thirty-eight pupils in attendance. If we return again another year, we hope to commence another in Windsor also. We have also a temperance organization in connexion with our church in Sandwich, numbering over a hundred members. Upon the whole we have reason to be thankful and courageous."

AMHERSTBURGH is a peculiar and important station, with some conversions, under the ministry of the Rev. W. Chapman. Notwithstanding the Rev. W. Ames' statistics show a loss of 58 members by removal, and 32 by unfaithfulness, he has had peace, and an increase of 31 members at PORT SARNIA. The Rev. J. Hodgson sends the following from MOORETOWN:

"During the past year the Lord has favoured us with prosperity, and many have been hopefully converted. Our membership has increased from 100 to 150, including 30 on trial. We have built one new frame church which is nearly free of debt, but we are still in great want of several more. With the blessing of God, and the assistance of a second preacher, whom we hope will be appointed at the coming Conference, we believe this will, in a few years, become a desirable field of labour."

*Guelph District.* ELORA, according to the report of the Rev. M. Swann, is doing what it is very desirable many other Missions should do, in becoming independent of the Mission fund.

"This Mission was formed about eight years ago by taking a few appointments from Guelph and I feel to give it a commencement. At that time there were about 120 members and two churches. During the first year of its existence as a Mission, less than £50 was raised for the support of the ministry. This year we have to report 275 persons in full membership, and 47 on trial. There are 7 churches and a parsonage; and during the year the Mission has raised £165 in support of its ministers, besides its gifts to the Missionary and other funds. Thus it may be seen that under the blessing of God, and the fostering care of your Missionary Society, Elora has been rising and gathering strength, till she is now prepared to take her place among the circuits of our beloved Zion."

Of BERLIN the Rev. S. C. Philp thus very interestingly writes :

"This Mission embraces besides the Town of Berlin, appointments in the Townships of Wellesley, Woolwich, Waterloo, and Puslinch, extending about thirty miles. The population is principally German, many of whom do not understand English. Their religious services are held in the German language. In Berlin we have six German Churches. In some villages they have no other English service than what is furnished by your Society, and the English would have no religious service but for your Society.

"The limited number of English inhabitants prevents the extension of our work, and though many contribute largely, yet they cannot fully sustain the work. Our prosperity during the year has not been great. We have received on trial 18, but we have had 30 removals. We have succeeded in forming two small classes in the German villages of St. Jacobs and Bridgeport, which we hope will be a nucleus around which others will gather. We have, through the persevering efforts of our friends, erected a very neat and substantial stone Church in Puslinch."

ERIN is not reported. Increase at WELLESLEY has gladdened the Rev. T. Robson. ELMA, speaking by the Rev. D. Hunt, must be heard.

"The past year has been one of prosperity for this Mission. Through the blessing of God two new Classes have been formed, and sixty received on trial for membership. Two years ago when we received our appointment to the field of labour, we found seventy-five members, two classes, and five appointments; since that time we have received on trial 115 members, organized four new classes and taken up eight new appointments. So that now we have 193 members, 6 classes and 13 appointments. Our congregations were never so large as at present—nor our prospects so encouraging. One frame church has been erected and dedicated during the past year, and two more are expected to go up during this summer; and there is no doubt that under a faithful minister the Mission will soon become self-sustaining."

WALLACE is represented by the Rev. W. M. C. Luke as having large congregations, accessions of members, good doing to Germans, Sabbath Schools progressive, and the Mission hoping soon to be a Circuit. Howick, says the Rev. J. Hough, has "done nobly, though suffering from last year's short crops: 54 new members and 3 new classes, and congregations increasing: "forests soon become vocal with the praises of God." These places, like many others, were made Missions only a few years ago, and they are now repaying the Society for its care and expenditure.

*Goderich District.* Of GODERICH, the Rev. T. Cosford, Chairman of the Goderich District, says:

"Unlike many Missions in other localities, the ministers receive *very little* towards their support from the country. The interests of Methodism, both as to its spiritual prosperity and financial success in town, have been greatly limited by a want of suitable and sufficient Church accommodation in the past; noble efforts are now, however, being put forth to remove this evil. We are now build-

ing, and confidently hope to complete at least the body of a new and respectable Church, during the present year. The evil effects to which this state of things gave rise are not now removed; but we trust that when these wants are supplied, and the necessary means are used, Methodism will here, as also elsewhere, evince its vitality and power, and God will honour the benevolent exertions of his servants with a gracious outpouring of His Spirit; then will the official board most gladly take the position of a regular Circuit, and efficiently aid the Missionary Society in its great and onerous enterprise."

The Rev. O. H. Elsworth has progress and fair prospects at STRATFORD. The Rev. A. Campbell has advance in numbers, churches, and finances, at St. MARY'S. The Rev. J. S. Evans rejoices in additional preaching places, and more than eighty converts at MITCHELL; and at BAYFIELD the Rev. T. Hadwin's societies are growing in number and grace, and need a second Missionary. KINCARDINE AND BRUCE, though depressed by the scantiness of the last harvest, has enabled the Rev. A. Edwards to put down his members, who amounted to 110 last year, 181 this. There has been financial struggling at WAWANOSH, and some decrease of membership, yet the Rev. E. L. Koyle speaks of the healthiness of the Societies. The Rev. E. Sallows says of TEESWATER, "we have an encouraging increase, and a good prospect of many others uniting with us. We praise the Lord and take courage." The Rev. J. Crane, of MORRIS observes, "our congregations are generally good; many of them have steadily increased during the past year. New appointments are opening up, so that this Mission should be decided in order to secure the future interest of our cause. May the Great Head of the Church bless this Mission."

The *Lake Superior District* consisting almost entirely of Indian Missions, BRUCE MINES, taking in the Wellington Mines, is the only Domestic Mission in it. Its population is diversified, and its distance deprives it of some special religious facilities; but the stated means are appreciated by many; the official gentlemen at the Mines are obliging, and good is done. The subjoined is the Rev. D. Jenning's report:

"There has been a steady improvement in the congregation during the past year; but I am sorry that we have to take up the lamentation of the Prophet's, 'Who hath believed our report, and to whom hath the arm of the Lord been revealed?' There is great want of vital piety, and many impediments to the advancement of true religion. I have received much kindness from many of the people, especially from the officers of the two locations.

"The Sunday School engages the attention of our members, and it is in a state of prosperity. We have a few individuals here who are truly in earnest to do good. May the God of their fathers bless, keep, and preserve this people, and guide them by His counsels, and afterwards receive them to glory."

*Owen's Sound District.* BROOKE unreported. Of ST. VINCENT the information from the Rev. J. L. Kerr is good:

"This field of Missionary toil is entirely too large, for two men to labour efficiently, especially in view of the extreme badness of the roads—distances, large memberships and other difficulties, incidental to Missionary labour.

"On the plan we have 18 appointments, which we have sustained in the form of a five weeks' round, yet we cannot supply many important places, which earnestly desire the Sabbath labours of Wesleyan Ministers.

"Able assisted by my zealous colleague, we have held during the fall and winter six protracted services, attended by the blessing of God. We have reaped a rich harvest of souls, which we earnestly pray may prove faithful until death, and be our crown of rejoicing in the day of our Lord Jesus."

SOUTHAMPTON has had a year of "unprecedented embarrassment," and the Rev. S. Brownell observes, "we have a diminution of numbers and finance," though no loss of piety. ARRAN, as testified by the Rev. W. R. Dyre, has had a good revival, built one church, and is preparing for another. DURHAM where the Rev. P. Rose has toiled, has been productive of harmony and conversions. The Rev. T. Culbert has good congregations and special meetings and would have a second Missionary, at MOUNT FOREST. PAISLEY, the Rev. J. Iveson thinks, "the aspect of affairs is more cheering than at any other period of the history of this Mission." The Rev. G. Jacques has experienced hardship and privation, and some success at HANOVER. BELMORE has in some degree repaid the efforts of the Rev. W. Irwin. At ARTEMESIA the Rev. J. Hill made four special efforts during the year, and he writes, "there are 13 classes on the Mission, numbering 283 members, 45 of whom are still on probation. We are numerically stronger here, as a Church, than at any previous period. Methodism has a strong hold, and has taken deep root here." He mentions labours and anxieties, as do many others of the Missionaries, but in all cases much less is said of them than of the work which the Lord is doing.

*Barrie District.* INNISFIL, in charge of the Rev. E. Hurlburt, has added to its members and financial raisings, and was erecting a church. The Rev. Dr. Aylesworth has been in season and out of season, the KLINEBURGH Mission, classes, churches, funds, and temperance have increased, and he suggests a plan for making this a circuit. No report received from COOKSTOWN. HOLLAND LANDING is well reported by the Rev. T. Hanna:

"In reviewing the labour of the past year, your Missionary is grateful to Almighty God for the success which He has been pleased to grant to His own word, and for the power with which that word has been attended; so that 45 souls have been gathered from the world, and added to the Church; a number of

whom have stood their probation honourably, so that we report but 32 on *trial*. Your Missionary has also to state that he has taken up three new appointments, and one that was occasionally attended. At one of the new appointments I have formed a class of twenty-two members; at the other two there is a prospect of good. "To God be all the glory."

**ORILLIA.** The Rev. G. McDougall says, "We have a large congregation, a thriving class, and a commodious church. At the country appointments nearly fifty souls have experienced converting grace, and united with our Church." Of **FLOS AND PENETANGUISHENE**, the Rev. A. Milliken writes thus :

"When we came on this field three years ago, there were 172 connected with the Societies. This year, after deducting over 90 members given to Orillia last year, there are 240 united with us in Church fellowship. Many of these are happy in the enjoyment of the blessings of pardon and peace through faith in the blood of the Lamb, and some few are enabled to rejoice in a full salvation. 'To God alone be all the praise.' In one place during the past year, a grog tavern has been turned into a house of prayer. We have now three good Churches; three years ago we had none. The Church at Penetanguishene was finished during the past year. It has been erected and finished principally through the liberality and zeal of Edward Jeffrey, Esq., and his estimable wife, who is a devoted member of our Church. The Government has also made us a liberal grant of four acres and a half of a Park lot in a very eligible part of the town, upon which we hope yet to see a comfortable parsonage. God has owned the labours of Bro. Cooley, my esteemed colleague in that place during the past year. We have now a flourishing class in that hitherto unfruitful soil."

The opening of a church at **COLLINGWOOD HARBOUR** having removed inconveniences deplored by the Rev. K. Creighton, the congregations are "large and attentive." The Sabbath School has been sustained, and prospects are encouraging. **NOTTAWASAGA**, as a Mission, is 40 miles long, and 25 broad, with an industrious and intelligent, not affluent population, among whom the Rev. G. T. Richardson states the work of God has made encouraging progress at several appointments, and some members have died, "leaving a blessed testimony."

**Cobourg District.** **CARTWRIGHT** has been favoured by the Holy Spirit in charge of the Rev. D. A. Johnston, and the praise is rendered to Him to whom it is due. Still, it is a matter of regret that labours on the Domestic part of the Mission should have interfered with the equal claims of the Indian Mission at Schoogog; for however desirable and gratifying they are, special means cannot be made to justify a remission of attention to the divinely ordained, and established Wesleyan means in every part of a Mission. They are and will be of paramount importance and utility. He writes,—

"It is with feelings of humble gratitude to Almighty God, that I at the close of the year record the prosperity with which He has blessed us on this Mission. Whilst the result of our protracted services, has been a large increase of membership, the general tone of piety on the Mission has been greatly improved, many justified souls having sought for and obtained the blessing of holiness, and these have given an impetus to the Church, and a general desire for the baptism of the Spirit pervades the membership. Another pleasing feature of the work is, its permanent character; very few have either gone back to the beggary elements of the world, or given indication of such a tendency.

"But of the Indian department of the work I cannot report so favourably; a combination of circumstances such as the continued and arduous labour necessary to sustain our interest on the domestic part of the Mission, together with the impossibility of crossing over to the Island at certain seasons of the year, has prevented me from giving that attention to this part of the work which it should receive, in order that the work of God may prosper amongst them."

*Peterborough District.* The Rev. D. Clappison, of LINDSAY, sends several satisfactory statements, especially the last, relating to the manner of his "Quarterly visitations:—"

"We are happy to state that we have two Churches in course of erection, and are to be ready for dedication in October next. During the year we have had a number of conversions, and so far as we are able to judge, an increase of piety on the part of the membership. We can confidently state that the principles of our beloved Methodism have been more fully attended to, and particularly the attendance at Class-Meetings. At the last Quarterly visitation of classes, it was our aim to return none but those who meet in class, and continue to manifest a desire to flee from the wrath to come, and to be saved from their sins."

The report from NORWOOD, by the Rev. H. McDowell is of a mixed character, the good, however, preponderating. BRIDGENORTH, though the Rev. W. L. Scott has said nothing of the most needy portion of his work—the Mud Lake Indian Mission—has about doubled its members, built two churches, advanced the connexional funds, and doubled the Missionary contributions. The Rev. S. Fear conveys the best intelligence from BROCK:—

"The abundant blessings of the past Conference year have laid us under increasing obligations to praise the Lord for His goodness to us on this Mission,—health of body and vigour of mind during eight months of incessant labour; many happy meetings in the house of God; and some remarkable displays of saving power. The numerical fruits of one meeting were the conversion of 70 souls; of another just closed, 120; and several smaller numbers at other places. On coming to this Mission three years ago, I observed a token of good to come, in the erection of several new churches and a respectable parsonage. The hopeful anticipations of faith and prayer have been realized. The Lord has graciously sustained us, and has done great things for us. Our Missionary List shows an advance on all former years, being £20 more than last year."

The Rev. J. A. Dowler is not without agreeable indications on the rugged BOBCAYGEON Mission:—

"This Mission is becoming more consolidated and matured, but will require aid

from the Connexional funds for some time to come. During the year we have secured to the Church nearly eight hundred dollars worth of property, consisting of a comfortable parsonage and stable, three building lots, and a small Church, which is in course of erection. Although more than twenty professed conversion, and united with the Church, I cannot return an increase of Church membership, owing to the usual causes, viz., delinquency, death, and removals. Most of our congregations, however, have been steadily increasing during the year, and the prospects of this Mission are somewhat encouraging."

*Belleville District.* In reporting HUNGERFORD, the Rev. W. Coleman says: "We have been favoured with a good degree of prosperity, both religiously and financially. In three neighbourhoods we have been cheered with very gracious revivals, resulting in the conversion of many souls, and the reception of over 50 on trial." FLINTON and ADDINGTON ROAD the Rev. L. Houghton speaks of a kind people, increase of appointments from 5 to 12—and more needed, a multiplication of members, the liberality of Billa Flint, Esq., in providing a parsonage property, and of the zealous aid of local preachers. MADOC and HASTINGS ROAD:—It is a cause of gratitude that this and other Missions in townships not long settled are productive. The Rev. T. McMullen remarks:—

"In reviewing the labours of the past two years, your Missionary is grateful to Almighty God, for the amount of success with which he has crowned the work here. Our membership is nearly double what it was two years ago: 54 souls have professed faith in Christ, the past year, and a few are striving to live wholly to the Saviour. The general state of the Mission is increasingly spiritual. We have now on this field still white unto harvest, and promising, two commodious churches put up, and completed the past year—and a comfortable parsonage with the necessary appendages; 28 members on trial, 144 full members, being an increase in the year of 54; removals 4; deaths 2. We have 4 Sabbath Schools; 120 scholars; 150 vols. in the library, and 25 teachers. We have on the Mission a warm hearted and affectionate people—may they continue firm and faithful to the end."

Regretting that SEYMOUR has sent no report, the notice of this District is agreeably closed with an extract of a letter from the Rev. John English, of STIRLING:—

"Between 30 and 40 have been made the subjects of converting grace,—many are enquiring after holiness, and several testify joyfully that the 'blood of Christ cleanseth from all sin.' Some of our congregations have considerably increased; one new Sabbath-school has been established, and increased attention is given to those formerly existing, and fresh supplies of S. S. Books, Papers, Testaments, and Catechisms have been provided from time to time during the year. All the financial returns are in advance of last year, while we have also commenced this year to provide Parsonage furniture, about £12 10s has been raised and expended for this purpose."

*Kingston District.* HARROWSMITH is moved to a noble act, according to the Rev. W. Burns:—

“There are still signs of progress on this field generally, and especially in the village of Sydenham, where, instead of having a congregation numbering about 30, and paying annually about 13s 9d for regular preaching, as was the case two years ago, we have a congregation of from 250 to 300, and paying about \$60 per annum; and here, also, we have purchased a beautiful site for a church, at a cost of \$100; and subscriptions, to a considerable amount, have been secured, and the contract for the erection of a new church on the premises, at a cost of about £650, is about being let. This will be the first church in the place, and will command considerable influence.”

BATH and AMHERST ISLE. From the Rev. J. H. Starr comes the opinion, that Amherst Isle has “a little band of Wesleyans, ever found at the post of duty.” The Rev. G. Carr, reports favourably of numbers, and attendance on means, at GANANOQUE. Unfaithfulness at BREWER’S MILLS has made it necessary for the superintendent, the Rev. J. Ash, to reduce the number of members. The Rev. J. S. Youmans, writing from CENTREVILLE and TAMWORTH notes an increase of 73 members after a severe disciplinary sifting; and now most of the members “love the class-room.” He speaks with much cordiality of his colleague, as indeed do other Superintendents.

*Brockville District.* The cords are lengthened at CORNWALL, and the Rev. P. German writes:—

“The state of the work on this Mission is very encouraging. We commenced a protracted meeting in Moulinette last fall, which was owned and blessed by the Great Head of the Church. Parents and children, husbands and wives, were brought into the light and liberty of the Gospel. The work has continued all winter, and we still have frequent awakenings and conversions. Our Society in Moulinette now numbers over 60. Our congregations on the Mission are increasing, so that many of our places of worship are too small to contain them.

“A brick Church will soon be completed in the centre of the Mission, and arrangements have been made to build another on the front. The last two years have been years of spiritual prosperity on this field of labour. During that time we have held five protracted meetings, and have taken into society over 150.”

The Rev. W. M. Pattyson is made joyous over seed sown at WINCHESTER by others producing largely. He has 13 appointments where the soil is hard and labourers are few, but has 76 persons on probation for membership, lately brought to God. How many of the spiritual harvests are the produce of the labours of Methodist itinerants, who went before in faith, and weeping!

*Ottawa District.* The Rev. W. Creighton says of LOCHABER, "The Lord has graciously poured out the Spirit on this Mission during the year. \* \* \* \* The local agency is increasing in numerical strength and spiritual power." OSGOODE, says the Rev. G. Case, has been favoured with an "awakening, and scores of sinners were converted;" yet painful it is to note, that there has been "a falling off" in the membership. Last year GATTINEAU sent no report, and this year the Rev. J. Roy writes, "Spiritually, the Mission is very low;" and there can be little doubt of it, for he says the "majority" of the appointments are monthly. CLARENDON and PORTAGE DU FORT is very satisfactorily reported of by the Rev. W. T. Hewitt, and shews what can be accomplished:—

"We report, removed four, dropped two, added to the Society as full members twenty-six, on trial twelve. The Lord has by Wesleyan instrumentality done much for the people in this section of Lower Canada; hundreds have been saved, some gone to glory, others on their way. Ten young men from this Mission have joined the ministerial ranks, and are calling sinners to repentance. There are a good church and spacious burying-ground, good parsonage, partly furnished during the year, and two acres of land, all clear of debt.

"If spared to labour here another year, we purpose building one or two new churches. We have sixteen Sabbath and week-day appointments; preaching every Sabbath at two of them. If we could have a young man another year or two, I think the Mission would become self-supporting. Puseyism has made several attempts to raise its head, but the atmosphere is too evangelical for its growth; it is sickly, it is dying. Wesleyan Methodism is taking the lead. O that old 'Christianity' may spread and fill the world. Amen."

ONSLOW, with some ecclesiastical anomalies, is reported of by the Rev. A. Doxsee as having had a year of prosperity, and of doubled financial returns. The far-off, and once unattractive Mission of WESTMEATH, has, by hard labour, become extensive enough for division; and the Rev. W. Morton reports well of spiritual and numerical matters, and assures the Committee that when financial embarrassments are over, the Missionary appropriation will "be refunded with interest." BELL'S CORNER'S reports improvement by the Rev. R. Robinson. Mr. Morris writes encouragingly of GRENVILLE. The following from Mr. Morton indicates the tendency of a Wesleyan Mission in its preparations for the future at POINT ALEXANDER:—

"This Mission is somewhat necessary. It serves as a connecting link between Pembroke and the Hudson's Bay Territory. The Agents of the H. H. B. C., are kind and favourable to our Missionaries. Bro. Maybes has formed a small Class, and I think the Mission will become important. The people are kind and intelligent, and much interested in the welfare of their ministers.

CUMBERLAND is another nucleus of good for the future; and notwithstanding it is, as the Missionary, Mr. Thornton, says, "entirely new," nine months of patient, weary exertion have been fruitful:—

"This Mission is entirely new. There was not an organized Class, or legally constituted official member on it when your Missionary went there nine months ago. Since then six congregations have been collected; four classes have been organized, comprising in all 26 members. The country is accessible to us, and if the people were sure of a Missionary being continued, many others who now avail themselves of our Class-meetings, stand ready to join. There is one Sabbath School, mostly sustained by Methodist influence, and others could be raised. The Missionary has performed his labour chiefly on foot, and visited all the families to which he could find access, paid attention to the children, and as far as he could obtain them, to the distribution of tracts. Part of the year a Bible Class has been kept up.

*Montreal District.* Removals westward, popery, and intemperance cause a gloom at RAWDON, which the Rev. W. Richardson deplures; yet he writes, "some faint streaks of light can be seen amid the oppressive gloom, and fruits have been gathered from the unpropitious soil." Discouraged at first, the Rev. E. Ward now thus writes cheerily of WESLEYVILLE:

"It is with unfeigned gratitude to God, we are able to report improvement on this Mission. Our congregations on the old ground occupied by my worthy predecessor have increased, and we have taken up one new appointment which promises to do well. The length of the Mission now is upwards of 50 miles. During the winter we have been engaged in protracted services, which have been productive of great good. Many returned as members last year, without a well grounded hope of their acceptance with God, are now rejoicing in sins forgiven.

"During the year 2 of our members have died happy in the Lord, 11 have removed to other circuits; 4 have been dropped; 3 have been received from other circuits, and 45 have been received on probation. We now report 101 full members; 39 on probation; total 140, being a nett increase for the year of 30; for which we render sincere thanks to God.

"The Mission has also improved financially. The circuit fund has increased nearly 100 per cent, and all the other connexional funds with one exception are in advance of last year.

"The prospects of the Mission are very encouraging; for although in some parts of it the people are taught the doctrine of 'Baptismal Regeneration,' and faithfully warned against hearing self-made, and unauthorised preachers; yet the Protestant population generally believe the doctrines of Methodism, and only regard those ministers of the apostolic order, who labour with apostolic zeal, and meet with apostolic success."

ST. JOHN'S and CHAMBLY have not been for a long time so favourably reported of. The Rev. G. H. Davies states, that at St. John's "our membership has more than doubled; the congregation considerably increased, and every thing is now indicative of future advancement." The Rev. J. Webster speaks of revival, advance in funds, and a new parsonage and church at

RUSSELLTOWN, and gives God thanks. At ORMSTOWN the Rev. S. E. Maudsley is pleased with the self-reliance, christian faith, and liberality of his people, and believes that "the Protestant element is aggressive and pushing into the homesteads of our French neighbours." The Rev. R. Brown and his colleague rejoice at St. ANDREWS :

"Your Missionaries have cause to 'thank God and take courage.' Though most of the people are very poor, money and grain very scarce, and some other circumstances not the most promising; yet, by God's grace our motto is onward; and with the blessing and presence of Jesus, the very efficient and providential supply sent us, in the person of Bro. Bland, whose labours have been greatly blessed among us, and the fervent prayers of God's people, we are enabled to report an increase both in members and money. Our circuit and connexional funds are more than \$150 in advances of last year. There has also been about \$110 paid towards the debt on two of our churches; besides, nearly or quite another \$100 expended in purchasing church lamps, repairing and furnishing parsonage, and other etceteras.

"But, the best of all the good news is 'God is with us.' Souls have been saved and added to the Church; upwards of 90 have been received on trial during the year and after making allowance for losses by deaths, removals, and otherwise, we are enabled to return 22 probationers, and 226 full members, giving us a nett increase of about 80, members, in full and on trial. To God alone be all the praise! O may the coming year be much more prosperous than the past."

The Rev. A. Armstrong, itinerating between the Ottawa and the St. Lawrence rivers, has not given attention to remote settlers, classes, Sabbath-schools and Bible classes at CAVIGNALL, without a blessing to reward him; and altogether, the respected Chairman last year must have been gratified with the Missions on his District.

*Quebec District.* At THREE RIVERS there is a small, respectable, liberal society, and the Rev. W. Hansford states reasons why the place is considered important, and should continue to have the Wesleyan Ministry. The Rev. R. Wilson transmits an acceptable report of LEEDS :

"Methodism on this Mission, and, indeed, throughout the Megantic County, takes no secondary position. It is properly enough esteemed as the most active and useful branch of the Church of Christ. Also new doors of usefulness are opening to us, inviting our entrance.

"The Mission embraces the large parish of St. Sylves'er, the whole of Leeds and of Nelson townships, and a part of Inverness. It is 23 miles long by 18 broad. By far the greater part of the roads are very bad, both in summer and winter. Thus it will be seen that one Missionary is inadequate to the task of properly cultivating it. Two are needed, and, perhaps, there is no more promising field in Lower Canada.

"We have to rejoice over some ten or twelve conversions. In several parts of the work the spirituality of our people has been deepened. And two important new preaching places have been taken up,—one of them is at the Leed's Copper Mines."

**NEW IRELAND.** A statement from the Rev. B. Cole will shew the wisdom of Conference arrangements, and the unabridged length of it will not be displeasing to readers who have an inadequate conception of the Wesleyan Missions in Lower Canada, which are yearly more important and effective:

"The separation of Ireland from Leeds, and making them distinct Missions, has been attended with beneficial results. Up to the last year your Missionary had to travel over an immense tract of country. Important appointments were visited only once a fortnight, and others only once a month. Since the boundary line has been drawn, your Missionaries have devoted their time to their separate fields of labour.

"Ireland is divided into Upper and Lower. You have two Churches neatly papered. The Church in Upper Ireland, with five acres of land attached, is beautiful for situation, commanding a view of Front Lake and the surrounding country. There is also a burying-ground a short distance from the Church. In Lower Ireland the burying-ground is attached to the Church. There are five other preaching appointments. The congregations are good and attentive. A great deal of prejudice has existed amongst the Church of England people against us; their minister has preached against us, representing us as false teachers, which caused some of their members to hear for themselves, who have become constant attendants on the ministry of the word; and some have rejoiced in God's pardoning love for the first time, acknowledging publicly that although they attended the English Church for years, they never felt the necessity of giving their hearts to God. The visit of the President and the Rev. W. H. Poole, and of the Chairman of the District, who attended the Missionary and Quarterly Meetings, has greatly tended to break down the prejudice against us.

"In reviewing the last year's labours, we have abundant reason to feel thankful to the Great Head of the Church, who has watered the seed sown with his Holy Spirit, and caused it to bear fruit to His honour and glory. During the special services held last winter, 32 persons joined our Church, and bore honourable testimony before God and his people, that God, for Christ's sake had pardoned their sins. Many of these were from the world, and some of them were backsliders. A number of the members living without the enjoyment of religion, were enabled to pass through the straight gate of conversion; others were able to rejoice that the blood of Christ cleanseth from all sin. Thanks to our loving God they have been kept to the present steadfast, and have proved in their walk and conversation, that there is a glorious reality in the religion of our Lord Jesus Christ. The attendance at Class is very regular. The official members work well. Our Sabbath Schools are flourishing, and of course tend to keep up the spiritual interest of the Church.

"All our Connexional fund collections have been more than doubled; more Missionary money has been raised during the past year than in any previous year; and there exists a strong determination to become independent of the Missionary Fund. To God alone be all the praise!"

**MELBOURNE.** Another good account comes from the Rev. J. Bate:

"The state of this Mission is one of contrast with former years. A few years ago there was only one Minister, now there are three; then it raised some £40 or £50 for preaching, now upwards of £200; then it embraced Danville; two years since, that was set off as a Mission by itself, and the last Quarterly Meeting requested another division of the Mission, with a view to the more efficient invigoration of the interests of Christianity and Methodism. Within the last two years, two

new Churches have been built, one renovated, and the building of another is in contemplation. The spirit of hearing among the people is deep and extensive. This year presents progress in the financial income of the Mission, and in all the Conference collections, excepting one. It is hoped that in the course of a short time this Mission will take the position and character of an *independent circuit*."

DANVILLE. "The spiritual state of our Mission is upon the whole most gratifying. The Family Altar, the Prayer Meeting, and the Class Meeting are hailed by our members as precious means of grace. And when we consider that all our official members (two excepted) are the fruits of the past blessed revival, we praise our God for converting and sustaining grace." "The congregations are good everywhere, and the people are Methodist hearers from choice." "The present year is a great improvement upon the past in finances." "Our members at present number nearly five to one, as compared with numbers two years ago." Of SHERBROOKE the Rev. W. D. Brown says,—

"In furnishing a report of the state of things on the Sherbrooke Mission, and its workings for the past three years, I would say they have been years of hard labour and anxiety. When I entered on the Mission the membership was small, things low, and church matters in town embarrassed and unsatisfactory. These things my predecessor said I would find, and he regretted they were so. By the blessing of God on the means used, things have improved, notwithstanding the fluctuating state of things peculiar to this portion of our country by which we suffer annual loss of membership, yet the Mission has really, not nominally, more than doubled its membership. In Sherbrooke we have built during the present year an excellent and convenient brick church which is deeded to the Connexion. The circuit income is nearly a hundred per cent in advance of what it was three years ago, and quarterly proportions over three hundred per cent. The Missionary income has risen thirty-three per cent during the same period. The people are very kind to their minister, and according to their circumstances, the most liberal of any among whom I ever laboured."

EATON is Methodistic in the hands of the Rev. T. W. Constable:

"This Mission during the year has taxed the faith and energies of your Missionaries, and will probably do so for a time to come, situated as it is in the midst of a population, among whom Methodism, as a system, is comparatively a new thing, and where a good deal of hostility to our modes of operation prevails. My predecessors up to the latter part of last year, had worked the Mission after the fashion prevailing here and in the New England States, of having two services in one place, with half an hour's intermission between, an arrangement that is now thoroughly broken up. We now have services on the Sabbath in six different places, and the members of the Church have submitted to the new arrangement, but they do not as yet admire it, and the congregation at the center has been injuriously affected; but the time has gone by when one small congregation can monopolize so much of missionary time and labour. We have commenced building a parsonage, and have a small increase of members. Two new Classes have been formed, and an anxiety created for the continuance of our labours in some new appointments, and yet there is much unoccupied ground."

DUDSWELL has failed to report.

*Stanstead District.* From COMPTON AND COATICOKE no report. Conversors from "infidelity and sin," five Sabbath Schools, and activity in church building, are the main items of intelligence from the Rev. J. Walton, of HATLEY. The Rev. S. E. Philips must speak for EAST BOLTON.

"This Mission through the past year has been visited with showers of blessing; nearly a hundred in different parts have felt the mighty power of the Holy Spirit, and numbers of them are hopefully converted to God; thirty adults have been baptized, and about sixty received into our Church. We report an increase of our members, aside from those who have died, withdrawn, and removed, fifty-one persons.

A difficulty in reference to the Mission, is now settled, our people have purchased the Methodist New Connexion interest in that property, and deeded the house and five acres of land to our body. They are also making repairs to the amount of three hundred dollars."

SHEFFORD, according to the testimony of the Rev. J. Armstrong, has been "quite prosperous," having joined 80 persons to the Church, formed five new classes, and improved the finances. There is affirmed, by the Rev. J. Thorne-loe, to have been the good hand of the Lord upon the people, and truth has sunk deeper, and grace converted sinners, at GRANBY. The report of DUNHAM from the Rev. J. Tomkins, Chairman of the District, is inserted at length:

"The interests of Methodism in this large and important Mission cannot be sustained and advanced, without more ministerial labour on the Sabbath day. Within its limits are six flourishing villages; in two of them we have no service: one of which is made the seat of justice for the district of Bedford, where the public buildings are about to be erected, and where our friends are desirous of building a church, could they be supplied with preaching on the Lord's day. In this Mission week-day services are but little esteemed, owing to a number of ministers of other denominations, who have lately come in, tendering to our people, their services on the Sabbath-day, and as a matter of course they will accept of them, if their own Church cannot supply them. We have within the limits of this Mission ten ministers of other denominations, and seven of them pointedly opposed to Methodism, most of them being seceders from our body. The fact is, we are diffuse to weakness, and unless more labourers can be sent to occupy the field, others will reap the fruits of much of our past labours. Your Missionary preaches three times on the Sabbath, and travels from 14 to 20 miles, and yet only one place in the Mission has weekly Sabbath services. During the year we have had cause of thankfulness, having been able to attend all the appointments excepting one in four weeks, which the kindness of Bro. Davies has supplied for me. The interests of the Mission have been sustained, but we regret, that religion is at a low ebb. May the Lord send prosperity."

At FARNHAM, the Rev. J. Davies is grateful for spiritual progress, and financial too, and his hopes are raised for the future. The Rev. H. Fowler says of SUTTON, "The attendance upon the preaching of the word has been good; Class Meetings have been well attended; souls have been converted, and members dying have passed from earth away in the triumphs of the Gospel." At ST. ARMAND, in the midst of domestic affliction, the Rev. F.

Hunt has been blessed with "a goodly number turned from darkness to light," among a kind people; and they are "doing considerable in the way of building and repairing places of worship." Of CLARENCEVILLE, the Rev. R. A. Flanders thus cheerfully writes: and in closing this review of the Domestic Missions in Lower Canada, it elicits the Committee's gratitude to God, that a work but recently confided to them, is, with hardly an exception, advancing on all the Missions.

"We present a brief statement of the work on the Clarenceville Mission during the past year with feelings of devout gratitude to the Author of all good. A very encouraging measure of improvement has been secured in connection with both the spiritual and financial interests of the Mission. We have lost from our membership during the year 13 by removals, 2 by death, 22 have been dropped. We have now 151 members and 30 on trial. The preaching services have been maintained at the several appointments with regularity, and a very encouraging degree of interest is manifested to hear the Word of life. At three of the Sabbath appointments there has been considerable improvement in the congregations. At Clarenceville the church has become far too small to accommodate the congregation, and a new church has become necessary. Early in March some "special services" were commenced in this congregation, and continued each evening for several weeks, by the means of which a very blessed work has been wrought in the Church and, in the conversion of sinners. Upwards of 49 professed conversion, and 30 have connected themselves already with the Church, several of them heads of families, and persons of respectability and influence in the community. To God be all the praise!"

## FRENCH MISSIONS.

---

The clerical and lay Auxiliary Committee of Correspondence on these Missions in Lower Canada, appointed at the Conference of 1858, has vigilantly and usefully corresponded with the General Superintendent of Missions, and otherwise promoted the good of French Canadians; and the continued sympathy and liberality of several intelligent gentlemen, and the hearty goodwill of many, stimulate to further action.

History, ecclesiastical and civil, offers many reasons for Christian and Protestant effort among the adherents of Popery; and the Popery of Lower and Upper Canada is an abhorrent transcript of the Popery of modern as of medieval Rome. Its most boasted tenets are unscriptural, its evangelism hardly better than heathenism, and its morality immorality; and taken as a gorgeous system, it is the chief work of the "father of lies," and the most hateful barrier to the world's conversion. A Wesleyan Missionary, an eye witness of what he states, says, "Surely if the moral destitution of a people is the ground of claim on the sympathy, and Missionary efforts of the Christian Church, we are inclined to think there are none between the shores

The time is not fully come when the Committee can present to the Society's friends ample statistics of the French Missions, as they are happy to do of the other Missions. And it cannot be unnoted, that though large is the yearly willing expenditure for them, the first subscription from a French Mission has yet to appear in this Report. It is suggested to the respected Missionaries, that they all be prepared next year to report in English preaching appointments, visits, classes, members, hearers, Sabbath-Schools, and Missionary subscriptions, as well as general operations and effects. They have laboured faithfully; and the reports of Stanstead and Melbourne being too long for these pages, their excellence and interest will, most likely, procure them a place in the *Missionary Notices*. That from Stanstead, by the Rev. T. Charbonnel, occupies several sheets of folio, recording daily for eight months, the families he visited, miles travelled, and sermons preached; and his spirit, labours, and suggestions will make the reader think of Neff of Switzerland.

QUEBEC. The following is extracted from the Rev. H. Tetron's report:

"Since July last I have been engaged in visiting the French Romish population in the city of Quebec, and I have found a good number anxious to know the truth, but are afraid to declare themselves Protestants just now, because they are few in number, and apprehend persecution.

"Great numbers know by the reading of the Gospel that they have been deceived, and they are pleased to read the Scriptures, to know more and more of the truth, and by the blessing of God several of them have shaken off the yoke of Rome, and chosen the truth as it is in Jesus. I have five families, some of whom attend the meeting, and many others I visit are convinced, but do not dare to come yet. During the summer and the fall time I have received a good many visitors, who come to inquire about religion, and especially five persons belonging to my parishioners of the last parish where I was present. I talk a great deal with them about the Scriptures; they are all pleased to hear it, except one. Some of them don't know if there is a Gospel. Great numbers of them came into Quebec last fall, and I have visited them in their schooners, and they were glad to see me. One of them, a young man of good intelligence, defended his religion very stiffly, but he likes to talk about ours. I saw he was very anxious to know something, and when he started he asked me what time I intended to go to their parish; he would like to have me there. I gave him a New Testament.

"One of the converts lately, a sick woman, has had the visit of a Roman priest, who came on purpose to confess her. She said to him, she did not want him, that she had a good confessor, the best confessor in the world, better than all the priests. He tried again to persuade her, but in vain; so he went away. There are some families on the other side of the river, called Point Levi, who are anxious to know the truth, and I go to visit them. A young man from Eboulemens came from the States to live with his parents, but he declared to them he was Protestant, so they persecuted him, and he can't live there: he came to Quebec to me to enjoy the benefit of the meetings.

"Father Chiniquy was at Quebec last week; he made great impressions on the mind of the people, so much that after his second lecture they came in crowds asking for Bibles; so he distributed a hundred New Testaments, and every day somebody came to get more, but we had no more. I have distributed 15 Bibles and Testaments, and 150 tracts to some in the City, and to some coming from the country. A good many had, before, some Bibles or Testaments in their houses. The priest tried to take some of them, but did not succeed. There is an appearance of doing some good among them, but that is the work of God. We must pray for it."

ROXTON. Mr. Pepin has had this for his station, and his brief statement will show the need of faith and patience:

"Some degree of prosperity has been enjoyed by us on this Mission. But we have had to pursue our way in the midst of much hostility to the work of God. On the 31st of October last, our new church, which cost about \$800, was burned by an incendiary; other minor signs of hostility have also been shown, which remind us of what we must expect from an anti-christian hierarchy. But our trust is still in the great Head of the Church, for whom we are still looking for success in our work."

STANSTEAD. A mere synopsis of Mr. Charbonnel's report is all here inserted, as found in his own hand writing:

"The past year, being my first in this field, has been a year of great labours. The opposition of the Roman priests has been even stronger than anywhere else where I have laboured; yet there are 18 members on trial, 2 preaching places, 142 New Testaments or Bibles distributed and read, and a number of tracts distributed. By my journal I find that I have travelled near two hundred miles a month, and have preached, on an average, 6 times a month. My work has chiefly consisted in visiting from house to house; I had to begin the work on the stump, and, on an average, I have made some 80 visits a month, and I trust God has been pleased to bless me so far as to give me souls for my hire."

MELBOURNE. This an important station, and the operations upon it being very similar to those on other stations, space here is not occupied with the report,—which however, affords evidence of the devotedness of the Rev. J. A. Dorion, and of good done under difficulty.

ST. ARMAND. The Rev. A. Parent is explicit. "The Lord has done a great work among the French Canadians in the conversion of a goodly number of them, and the removing of the veil from off their eyes. I have had the pleasure of adding five persons to our class. I believe they are of such as shall all be saved: besides these there are six on trial for membership, and many more there are who are seeking the way to God." "There is much need of more labourers in this work of love: there is an opening in which a faithful agent might be employed to much advantage."

## CONCLUSION.

The various and authentic local reports from Missionaries now presented will have exhibited to the candid reader the *utility* of this Society, spiritually, temporally, and socially; and of this every former Annual Report has been a proof and confirmation; and whether individuals, families, white settlements, far-off frontiers, Indian villages and territories, or Canada in the aggregate, be considered, the work done has now abiding upon it the blessing of God.

These reports shew the *indispensability* of this Society as a Colonial institution. It need not here be stated in detail what the moral and ecclesiastical necessities of very many are; nor will it be fully said how prevalent in numerous communities are errors of belief and life. The orthodoxy of zealous Churches is of paramount importance with Divine power; and the Wesleyan Church and Missionary Society of Canada have assumed heavier moral and financial responsibilities than any other, and their duty and intention is—under the guidance of Providence—to advance. The Society's zeal is not a monopoly: its vocation of zeal is an essential to Canada.

These reports shew the necessity for this Society *enlarging* its operations. Does it not appear that the Domestic Missions cannot be limited either in number or circumference? Are not the present Canada Indian Missions less in number than they should be, with thousands of natives on Lakes Huron and Superior, and in Lower Canada, yet without a pure Protestant Christianity? Have the numerous, hapless Aborigines of the Hudson's Bay Territory ever had full justice done them? Have the Colonies of Vancouver's Island and British Columbia—though promptly favoured with a Wesleyan company of pioneers—a sufficient supply of evangelists? The emphatic request of the Chairman, the Rev. Dr. Evans, is for as many more men; and when more are sent, the superstitious and ferocious tribes of Indians there have not yet a special Wesleyan agency to teach and save them. The Society has, thank God, supported efficiently not far from a hundred and fifty Missions the last year,—and every one is a light in darkness; but what are they in the vast British breadth of a Continent, from the Gulf of the St. Lawrence on the Atlantic, to the Gulf of Georgia on the Pacific, and from the Lakes to the frigid land of Franklin's grave!

These are statements which cannot be impeached, facts that force them selves on the Committee; and duty, and responsibility, and labour, and outlay *are not* to be placed in abeyance,—they will not say, dishonourably evaded. Very painfully are they impressed with the unusual fact, that commercial depression, and the scantiness of Canadian harvests, have for

two years reduced seriously the Society's Income, and rendered expensive supplementary monetary measures for carrying on the work unavoidable. The first great reduction, of £2,000, being known throughout the Connexion when the costly Mission to the Pacific was undertaken, it was confidently considered, that as this project was according to their wish, and was accomplished under their glad auspices, no farther reduction of subscriptions would be allowed by the trusted supporters of the funds; certainly, that deprecating a diminution of income in a year of greatly augmented expenditure, it was expected every Branch Society would, as some praiseworthy have, submit to *inconvenience* and *sacrifice* rather than the Society be damaged by a second large deficiency. The evil has come. The Society in this very important matter has no personal interests of its own. It exists on the basis of good faith in the piety, pledges, and generosity of its subscribers; and on this basis the present appeal is made with respect and urgency.

To ministers, officers, contributors, and collectors,—to societies, congregations, schools, and households,—to parents and children,—to age and youth *everywhere*, this unprecedented pressing occasion presents itself, with claims, considerations, and responsibilities demanding action. Shall a systematic benevolence be tried? Shall acts of self denial for souls be everywhere performed? From many a white community comes the asseveration—We depend on you for the glorious Gospel! From tribes of pagan Indians is heard the cry—We perish without you! To every Christian comes from Calvary the reasonable and pungent question, How much owest THOU to Christ?
