CONTRACTORS PLANNING MILL BUILDERS
DRY KILN DOOR AND SASH FACTORY
CAMPBELLTON, N. B.

Manufacturers of LATHES, DOORS, MOULDINGS, and GENERAL BUILDING MATERIAL.
 Wholesale and Retail Dealers in CEMENT, LIME, COMMON, FRESSED, and FIRE BRICKS, ROCKWALL, PLASTER, CALCINE, PLASTER, FARM TILE, DRAIN TILE, and FITTINGS, NAILS, SPIKES, PAINTS, OILS, VARNISHES, STAINS.

BEAVER BOARD
 If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.

MAIL ORDERS
 We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

OUR OFFICE IS CONNECTED WITH THE N. B. TELEPHONE BY TWO SEPARATE LINES INSURING PROMPT ATTENDANCE.
OFFICE HOURS—7 A. M. TO 6 P. M.

OPPOSITION ORGANIZE RESTIGOUCHE COUNTY

County Associations Formed and Parish Associations Organized Soon

The Local Opposition Association for the County, together with the vice presidents of the different parishes and a large number of interested ratepayers met in the Council Chamber, Murray building, Wednesday afternoon to complete the organization of the Association and also to get under way the organization of the different parishes. President J. Harquail occupied the chair and explained the object of the meeting.

Organizer P. J. Veniot of Bathurst was also present and explained the plan of organization fully.

The following vice presidents were named conveners of organization meeting in the different parishes:—
 John C. McLean, Colborne.
 Thos. Hayes, Durham.
 John Dickie, Dalhousie parish.
 Jas. Drapeau, Balmoral.
 S. Blanchard, Dalhousie town.
 John McBeath, Addington.
 Wm. Copeland, Eldon.
 Alexis C. Levesque, Anderson.
 Francis Lechance, Kedgewick.
 Henry Savoy, Tobique.
 John McLean moved that this meeting confirm the appointment of President Harquail and the vice presidents named be conveners of parishes, and that parish organization be proceeded with upon return of conveners to their homes. Carried.

M. A. Kelly was elected Sec.-Treasurer of the County Association.

W. H. Miller was elected Vice President.

The following, with the officers were elected to form the Executive Committee:—Jas. A. Reid, Dr. Pinault and F. M. Anderson.

Finance Committee:—Jas. A. Reid, E. A. LeGallais and Dr. Martin.

Addresses were delivered by Hon. C. H. LaBelle, Wm. Currie, A. T. LeBlanc, P. J. Veniot and others.

In closing it was unanimously and heartily declared that this meeting of representatives of the Liberal Association for Restigouche County, express their perfect and entire satisfaction with the selection of Mr. A. T. LeBlanc and Mr. Wm. Currie as candidates of the party and to assure the gentlemen of the hearty and undivided support of the whole party.

M. A. Kelly was elected Sec.-Treasurer of the County Association.

W. H. Miller was elected Vice President.

ANTI PROHIBITION NEWSPAPER ADVS.

Indignation Among Temperance and Christian Workers Over Publication of Same

The Anti Prohibition party in the Maritime Provinces are financing a general newspaper advertising campaign setting forth reasons why prohibition would not be beneficial or advisable in these provinces.

In St. John two daily newspapers have published these, and a strong protest has been made to same. The following resolution was unanimously adopted.

"Resolved that this assembly of St. John vigorously protests against the publication of the scurrilous and morally offensive advertisement of the liquor interests, which appeared in one of the morning (The Standard), and one of the evening papers, (The Globe) of this city to-day under the caption—'Who Am I,' the same having been refused by The Telegraph and The Times.

"We consider it most obnoxious to the moral and religious interests of this community and every other respectable community of this province. We call upon the people of this city and the entire province, who believe in decency, morality and religion, to register their united protest against this defiant and impious attitude of the liquor interests against the forces of decency, morality and religion."

In common with other provincial papers the Graphic received an order from a Halifax advertising agency to insert this advertising, but as it is against our principles we refused same.

Right here we may say that this contract is the largest we have been offered this year and means nearly \$200.00 for space to be used in four months. We may further say that this is not the first contract of the same character that we have turned down recently.

DALHOUSIE CURLERS VISIT CAMPBELLTON

Interesting Games Played at the Rink Monday Afternoon and Evening

Four rinks of Dalhousie curlers visited Campbell on Monday and played interesting games both afternoon and evening.

The afternoon games resulted in a tie, while in the evening one rink tied while the other led by six points.

The games were keenly contested and close enough to make them exceedingly interesting.

The scores were as follows:—

Dalhousie	Campbellton
Barbour	15 McDonald
Cragg	16 Gillis
	Evening.
McKinnon	12 W. Marquis
Stewart	12 White

CAPTAIN DRURY TELLS STIRRING TALE

Says 200 Canadians Killed and Wounded 150 Germans With Little Loss

New York, Mar. 1—A surprise night attack on the German trenches on the battle front guarded by the Fifth and Sixth Canadian Infantry in which 200 Canadians killed and wounded about 150 Germans, with slight losses to themselves, was described by Captain G. C. Drury of Montreal, of the 5th Infantry, who was a passenger on the California invalided home.

"The expedition was sent out at night to cut and remove wire entanglements preparatory to a contemplated attack the following day," said Captain Drury. "The men working their way forward came across a new German advance trench. The party divided and entered the trench each end, worked their way toward the centre mainly by using the bayonet but the loss will be considerable. A great quantity of baggage and express matter, as well as valuable railway records, was destroyed, but so far as known no one was injured and no lives lost.

.... three prisoners were taken."

PATRIOTIC FUND NEEDS YOUR HELP

Every Wage Earner Who Cannot Go to the Front Should Think About This

The hastening days call to mind the need of action in providing for the Patriotic Fund. This call for men is incessant and imperative. The 500,000 men offered by our Premier, Sir Robert Borden, as Canada's contribution to the cause in which the Motherland is engaged, are not nearly recruited. If our Patriotic Fund were placed in a position of certainty, might it not put our young men's fears for the comfort of their loved ones on such a basis that they would not have that matter to worry or distract their minds from the great question. When the proposition to enlist comes before a man, there are doubtless several questions that come before him for decision. Our men are not cowardly; it is not for love of bodily ease that they refuse to go at the Country's call. Their question for decision is a difficult one. Let us here in the County show to the whole world if needs be, that we are standing to the back of every man in the County at least, who will don the Khaki and prepare to fight for Empire. It is not fair that the burden of this conflict should be placed altogether on the shoulders of the few brave fellows who so unselfishly give up their comfortable homes and their associations and go out to bear our burdens at the front—and will we accept the sacrifice and do nothing in return? We can set aside so much per month from our salary—or from the profits of our business—or from the farm—and even if we are compelled to go to the capital invested, let us do that something. Better our own hands taking from our capital stock, or from our profits—than to have the hands of Germans upon our throats and upon our business. Let us take up the question of the Patriotic Fund and be ready with a most generous response to the Committee when they call.

Better our own hands taking from our capital stock, or from our profits—than to have the hands of Germans upon our throats and upon our business. Let us take up the question of the Patriotic Fund and be ready with a most generous response to the Committee when they call.

Let us here in the County show to the whole world if needs be, that we are standing to the back of every man in the County at least, who will don the Khaki and prepare to fight for Empire. It is not fair that the burden of this conflict should be placed altogether on the shoulders of the few brave fellows who so unselfishly give up their comfortable homes and their associations and go out to bear our burdens at the front—and will we accept the sacrifice and do nothing in return? We can set aside so much per month from our salary—or from the profits of our business—or from the farm—and even if we are compelled to go to the capital invested, let us do that something. Better our own hands taking from our capital stock, or from our profits—than to have the hands of Germans upon our throats and upon our business. Let us take up the question of the Patriotic Fund and be ready with a most generous response to the Committee when they call.

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for pains in my back and stomach. I took it for four months and I feel like a new woman. I have four girls, I do all my sewing and other work with their help, so it shows that I feel real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCLAIR, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Keeping it Dark
All the passengers in the railway carriage, with one exception, wore some form of war badge. A stranger only was unadorned. A fussy badge-wearer remarked:

"I see, sir, that you are the only one not engaged in some form of war work."

"I prefer to be quite unostentatious about what I do."

"What is your war work?" continued the inquisitive one.

"Sir, I am a German spy; but I do not care to make my occupation too public."

The game laws regulate trout fishing, but a snooker is horn every minute, and there is no closed season.

When the right man and the right opportunity get together, the world begins to prate at luck.

GERMAN DEAD STOOD IN GROUPS UPRIGHT LACKING ROOM TO FALL.

French Retired Under Orders, While Pursuing German Masses Were Mowed Down.

Paris, Feb. 29.—Military critics here express the opinion that the German forces which at the beginning of the battle around Verdun, numbered probably half a million, now exceed 750,000.

"The situation is now decidedly better," is the phrase commonly used this morning in the Paris press, regarding the struggle for the great French stronghold. The French are beginning to react vigorously against the German "bludgeon strokes," which are having less and less effect, and are being delivered with diminished energy. It is expected, however, that they will be renewed again today, but at new points. The fact that the battle is now shifting is taken as that the German general staff has begun to despair of making a real impression on the French defences.

"I fought since the beginning of the war," says a soldier who has returned to Paris, and who was present at the fighting at Ornes. "I saw the shambles at Saipues and Souain; they were nothing to what I saw last week. The enemy advanced and we retired under orders, but we killed them by the dozens. It was so terrible that I, who have watched my comrades fall around me, almost with indifference, shuddered as my memory recalls those scenes."

"As their battalions advanced upon us, they were in serried masses, by file of twenty. The shrapnel from 75 millimetre guns and the heavy projectiles fell among them, and you could see the great gaps, as if a mower had passed with a scythe. Then high explosives which burst on contact, fell and limbs shot into the air. We were so close that pieces of their torn bodies fell among us. Eventually we reached Moncourt and took shelter for a time in a wood. Although it was three o'clock in the morning, the bursting shells made it as clear as day, giving the battlefield the aspect of a fairy scene."

"From behind us, the French artillery fired into the German masses, the German shells flying over our heads toward the Douaumont section. Then our machine guns placed in batteries every five yards began to play and we saw the dead in groups upright, where there was no room to fall. From Moncourt, I followed the supply road as far as Fleury, where I took the light railway toward Verdun. The heavy guns near Douaumont and Damplou, were firing as fast as they could be loaded. When we passed between the two points, the air pressure, produced by the continuous discharges, was so terrific that blood gushed from our ears, and our lungs almost ceased working."

INTEREST SPECULATIONS BUT NOT REAL NEWS!
Germany Must Win Verdun as Moderate Success Would Spell Failure

London, Feb. 29.—"The momentous events at Verdun leave little doubt that the crisis of the great war has been reached." This statement by the Pall Mall Gazette fairly represents the general feelings in well-informed quarters here in regard to the German onslaught. It is believed the world now is witnessing the final culmination of the plan which the German high command determined on, long before the war began, when, for various preparations have been in steady progress for more than a year. It is admitted that the Germans have dealt the allies a heavy blow by gaining four or five miles on a front of nine or ten miles and capturing some extremely strong positions, and it would not be true to say that uneasiness is felt in regard to the outcome, despite the glorious defence of the French soldiers, who are resisting the German advance with the utmost gallantry, self-sacrifice and heroism.

The capture of Verdun, which only a week ago, would have been deemed absolutely impossible, by military authorities here, is now discussed as a possibility, which the allies may have to face.

It is not denied that the fall of the great French fort would be a serious matter for the allies, but, on the other hand, to quote Lord Sydenham, who brings to bear on the great issues of the war one of the most acute and well informed minds in this country "if, when the issue becomes clear, it proves that the Germans have only achieved some quite moderate territorial gains, with an extravagant expenditure of life and munitions, the effect upon the enemy must necessarily be profound. Failure, even partial, of a great offensive following upon the splendid successes of the Russian army in Asia, would bring about a complete change in the whole military situation, and probably would be the herald of coming victory of the allies."

WHISPERED STORIES TOLD BY GERMAN GUARDS
Describe Terrible Losses by the Enemy During Verdun Battle

Rotterdam, Feb. 29.—Many new troops have arrived in Brussels and have immediately been sent to reinforce the German positions in Flanders. The quality of ammunition that has arrived indicates that German activity will extend for a long period over a large area.

The German officers at Ghent held premature festivities on the celebration of the victory of Verdun, and the soldiers were confidently assured that they now were nearing the gates of Paris.

Meanwhile, the number of wounded who have arrived at Bruges exceeds anything seen for months. The frontier guards are whispering of terrible losses.

GERMANS BRAVELY LEAPED OVER FALLEN COMRADES
Only to be Mowed Down in Their Turn by the French Guns

Paris, Feb. 29.—A combatant who was in one of the most advanced trenches early in the battle of Verdun, and who has returned to Paris, would give his experience as follows:

"At dawn we received orders to leave the trench and to retire to a strong position in the Vaux woods in front of Douaumont."

"Bending low, we retired the four or five kilometres through the snow, without much loss. Once in the new trenches, we could not hear one another speak, so great was the noise of the cannonading, and when we looked through the periscopes we could only see heavy clouds of smoke shutting out the sky, with jets of fire flashing through the snow flakes. There were about a dozen of us in the trench, and we felt the suppressed emotion so much that at last we all burst out singing, and yet none of us could hear a word spoken, even by himself."

"Then we saw the Germans coming on. They were in serried masses that they looked like a flock of sheep. Then our guns began to speak, while empty spaces showed among the gray of the advancing troops, but they were soon filled up by fresh patches of gray."

"As they neared our barbed wire, our machine guns opened fire, and we had to cover our ears with anything that came handy, the noise was so tremendous. I felt no fear, but I had no feelings or thoughts, only a sort of buzzing or vertigo. When night came on, and the flares lighted up the field, the Germans seemed to be quite close, but it was an optical illusion. They advanced very bravely, waving their rifles or leaping as they passed over heaps of dead. I was knocked over by a shell and had my arm broken, and as the trench was completely destroyed, I crawled away and fortunately met an armoured automobile, which took me to Verdun."

CHATHAM SOLDIER TALKS TO SLACKERS
Flays "Ball Room Heroes" and Hockeyites.—Should Join Ranks

To the Editor of The World, Chatham: Dear Sir,—In this grave hour of the Empire's peril I, as a soldier and a married man, would like, through the columns of your valuable paper, to express the feelings, not only of myself but of every true hearted, loyal British subject, towards some of our young do-the-grand-in-peace-time dandies. One good thing about this miserable war is that it is showing who are really the men. Fellows who were always foremost in any show-off parade, decked out in fancy regalia, are still with us, and by all appearances are likely to be with us until the conscription officer pulls them from under the bed. The same is also true of many of our ballroom heroes. But what is noticed more than anything else is the stalwart young (shall I say) men who are content to stand back and play hockey while their fellows are calling, Come over and help us in Flanders! Then there is the crowd that encourages them, by carrying them on. These people are even worse, for some of them are of a more mature age and should set these young fellows a better example.

New Mr. Editor, as far as the Town of Chatham is concerned, only one hockey player has enlisted so far, and he is a married man, leaving a wife and family of children. This man is a true man. He believes in play—at play time, but work—at work time; and we would also like to know why, when Col. Percy Guthrie held a recruiting meeting in the Opera House some weeks ago there had to be a hockey match pulled off that night, and

BLEW UP ALL THE GERMANS IN THE WOODS
French Mining Operation in the Vicinity of Verdun

Paris, Feb. 29.—"Do you know about the trick we played on the Germans on Caures Wood?" was the question which a French soldier who had been in the Verdun fighting introduced today, in his account of an incident at the front.

"Well, the north of Verdun," he continued, "a little beyond Beaumont, lies Caures Wood. It was a point to which the Germans devoted special attention, and therefore everything was done to give them as good a reception as possible."

"While our infantry on the fringe of the wood held off the enemy, a Lieutenant of engineers and his men made their final preparations in the wood, which had been carefully mined beforehand."

"When all was ready, the infantry fell back, and the Germans, convinced that our men were bolting, tore after them in the woods, yelling exultantly. When the last Frenchman was safely out of the wood, on the other side, some one posted near Beaumont pressed a button. There was a heavy boom, and trees, mingled with bodies, shot into the air. Virtually every man of the enemy in the woods had been killed."

FARMERS SHOULD GROW MORE HARD WHEAT
Good Seed Necessary.—Local Flour Mill Proves Our Wheat Good

A year ago the Dominion Government, through the local papers encouraged farmers throughout the Dominion to grow more wheat. The response to the literature published was such that Canada's wheat crop was more than doubled.

In Restigouche, chiefly on the promise that a first class roller mill would be erected at Campbellton, the farmers sowed a large quantity of wheat, about ten times as much as in former years. This wheat when ground has turned out some of the best flour ever used here, and goes to prove that good wheat can be grown in Restigouche.

Good seed where it is necessary and farmers should, where possible, procure the seed through the government and their local Agricultural Societies. With war prices rising, farmers should plan to put more acreage under wheat this year.

The Maritime Provinces for years has imported virtually all the flour needed. By the encouragement given the farmers in the matter of supplying good seed wheat and subsidizing roller mills, it is hoped that enough flour will be home ground to nearly supply our own demands.

The scheme is a good one and is sure to work out, whereby provincialists will not be depending on the upper Canadian mills for their flour. The wheat will be grown on the provincial farms. Flour mills in the close vicinity of these farms will grind the flour, the people in the province will not be depending on the upper Canadian mills for their flour. The wheat will be grown on the provincial farms. Flour mills in the close vicinity of these farms will grind the flour, the people in the province will not be depending on the upper Canadian mills for their flour.

It is expected that the coming season will find a larger number of farmers growing wheat, and as the crops increase, the more mills will be erected, and it is anticipated that the industry will thrive.

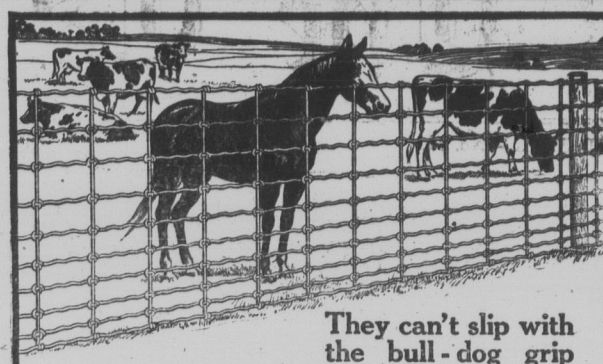

More than half the Smith College girls have bank accounts and pay their bills by checks. Do they always remember to fill in the stub?

You never can tell. A good bit of sympathy is wasted on the poor that is needed by the rich.

The band attended it! Does this not look too outlandish as if the Town of Chatham thought a frivolous game of hockey of more importance than the crisis that faces the world today? (I mean the British Empire and her allies and all neutrals). Shame on you young fellows! The women would not be bothered with such frivolous amusement at the present time.

Thanking you, Mr. Editor, for space, I remain,
Yours truly,
A SOLDIER,
132nd Batt.

Chatham, Feb. 21.
P. S.—The Town of Campbellton has not a single hockey player left; they are all in khaki.

They can't slip with the bull-dog grip
Many farmers are surprised to find Maritime fencing, even when it has been up for a number of years, remarkably free from loose or broken uprights and laterals. Examination shows, however, that the Maritime "bull-dog" lock holds the joints so rigidly that they cannot give or pull out of shape, and because we use nothing but large, strong, "live" wire—No. 5, heavily galvanized—they are able to stand the daily stress of wear and tear without breaking.

Maritime fence is always slightly, always straight, and always efficient. It's bull-strong and built right, because it is made to withstand far greater strains than any it is likely to endure. It gives you all that you can expect in a wire fence at a reasonable price.

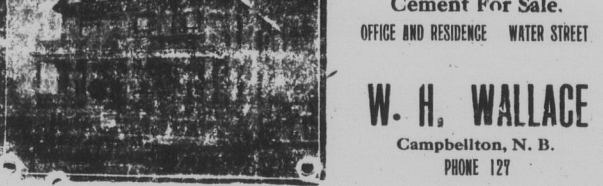

Before you buy or even select your fencing, learn first what the Maritime has to offer in the way of REAL fence wire. A postal brings our illustrated catalogue with full particulars.

"So that my executors may have ready money."
The following extract is from the will recently probated of a keen, successful, and, as the will proves, thoughtful business man. Among the insurance policies on my life which were payable to my children in equal shares, I am endeavoring to arrange that these policies shall be made payable to my estate so that my executors may have in hand ready money for immediate requirements. If this shall not have been accomplished at my death I desire my children to release their interest in the policies and in line direct receive the proceeds.

The \$27,847 life insurance prevented the sale of property which would otherwise have had to be disposed of at a great sacrifice. The moral is plain. There is no estate, be it large or small, but which would prevent issues to your widow or your children that could not otherwise be avoided. Let your life "ready money," especially if placed with

GLoucester RECRUITS
At Shippeagan, Gloucester Co., at a recent recruiting meeting, Chaplain Captain the Rev. J. V. Gaudet, Rev. Father Albert, Rev. Alfred Trudel, Messrs. Charles Poirier, Jean G. Robichaud, Alphonse LeBlanc, P. J. Veniot delivered addresses. The following recruits signed on—Messrs. Francis Paulin, Onesime Chasson, Philo G. Hebert, Wilfred Blanchard, and Villis Letteigne.

SOLDIERS ENTERTAINMENT
About two hundred and thirty members of the 132nd Battalion assembled in St. Andrew's Hall last Thursday evening and were entertained by the ladies of the W. C. T. U. Tables were set and laden with good things, which the boys greatly enjoyed. After the supper a program was carried out and a most pleasant evening spent. The members of the company are loud in their praise of the ladies.

The Harder one contracts a bad habit or a cold, the longer it lasts.

COLD AND STORMY
February has been a cold and stormy month. Lumbermen say that there is more snow this year than during the last five years.

CARD OF THANKS
Mr. James McDavid and family wish to thank their many friends for the kindness shown them in their recent sad bereavement.

PLEASED WITH SCHOOLS
P. G. McFarlane, Esq., School Inspector, who has been visiting the schools in this vicinity, was warm in his praise of the work being done by the Grammar school staff. He found the pupils doing excellent work.

TEMPERANCE RALLY
A temperance rally will be held in the Methodist Church, Monday evening, March 6th at 8 o'clock. Addresses will be delivered by several visiting clergymen, and Miss Hazel Mowat will sing a solo. All are invited.

SUCCESSFUL SEASON
The smelt fishing season which closed last week was a fairly successful one. While the quantity of fish caught was not larger than usual, the price paid the fishermen was very high, 7 cents being paid for most of the catch. Altogether the fishermen made some money.

FOR THE SOLDIERS
A committee of ladies and gentlemen from the different churches will entertain the soldiers in St. Andrew's hall Thursday evening. Refreshments will be served and a program will be rendered. The hall will also be open Friday evening and also every Tuesday, Thursday and Friday for the use of the soldiers. All men in khaki are invited to use the rooms on these evenings.

UNDERGOES OPERATION
J. L. Stewart of the Chatham World, who has been suffering for some time from a very serious disease of the eyes, which threatens complete loss of sight, was taken to Montreal last week, for special treatment. An operation has been performed on both eyes, but it will be some time before the result is known. Word received yesterday was to the effect that Mr. Stewart is doing as well as can be expected. His many friends hope that his sight can be restored, and that he will soon again be at the helm of The World.

OBITUARY
The funeral of the late James Dickenson Sowerby, who died at Oak Bay shortly after midnight on Friday night, took place from his residence on Monday afternoon, Feb. 28th. The Rev. J. E. Purdie of Campbellton officiated, assisted by the Rev. L. J. King of Escuminac and Rev. W. G. Firth of Tide Head. Although the day was blustery and the roads bad, there was a large attendance present. The F. A. M. Order No. 32 of Campbellton and others joined the funeral procession in Campbellton and accompanied it to the Rural Cemetery, where the Masonic burial service was read.

CARD OF THANKS
Mrs. W. T. Glover and family wish to thank their many friends for the kindness shown them in their recent sad bereavement.

At Campbellton, Feb. 13th, to Mr. and Mrs. Walter Sunderland, a daughter.

CARD OF THANKS

Mrs. J. D. Sowerby wishes to convey her thanks to the many friends for their kindness and expressions of sympathy to her in her bereavement.

HOLDER OF LUCKY TICKET

The five pound box of candy, on which Mrs. L. P. Roy and Miss Wall sold tickets, was drawn for at the lecture on Friday evening and won by Mr. Thos. Swift.

NEW MINISTERS

The Presbytery of Miramichi welcomes two new ministers to its vacant charges. Rev. L. J. King, late of Plaster Rock, N. B., was inducted to the pastoral charge of Escuminac, Que., February 22, while arrangements have been made for the induction of Rev. J. Hugh McLean as minister of St. John's church, Dalhousie, N. B., March 9. Rev. Mr. McLean has been supplying the pulpit of St. Andrew's church for the past few months and during their stay in Chatham both Mr. and Mrs. McLean have made many warm friends whose best wishes for success will follow them to their new field of labor.

DEATH AT FLAT LANDS

The death of Mrs. James McDavid took place at her home in Flat Lands on Monday, Feb. 28th, after an illness from pneumonia, aged 63 years. Deceased, who was a highly respected resident of the place and an active member of the Campbellton Baptist Church, leaves to mourn the loss of a kind and devoted wife and mother, a beloved husband, two sons John W. of Campbellton, James W. of Flat Lands, and two daughters Mrs. Ogilvy Ferguson of Campbellton and Sadie at home.

The funeral which took place on Tuesday, conducted by Rev. Mr. Camp, assisted by Rev. Mr. Bright was largely attended. The pall-bearers were Henry McDavid, Nathan McDavid, Wm. Bulmer, Archie Noble, Jacob Hanscom and Wm. Hanscom. Interment was made in the Campbellton Rural Cemetery.

A REMEDY

Again Tuesday morning the Andrew street crossing was blocked by a freight train just when scholars were hurrying to school and business people were on their way to offices.

The blocking of Andrew street is a regular occurrence during the winter months and there seems to be no remedy.

When the street is blocked small children, anxious to avoid being tardy at school run great risks, some being known to crawl under or between the cars, while others walk along the track on the sloping banks of snow to get around, running the risk of slipping under the cars.

As it seems impossible to have a subway erected at this point, we would suggest that the railway officials be asked to build a light overhead bridge for pedestrians. This would allow a means of getting over the blockade.

The Town Council and Board of Trade should take up this matter at once.

FREEDOM'S FIGHT

A number of as fine looking young men as eye could wish to see, paraded in our streets yesterday. They were part of the regiment passing through the town on the way to the seaport. Young men in the pride of life, full of grand hopes and expectations. A stage of the great march. Young men starting out to do their bit in the great struggle. Do we ever pause to consider what these and the other young men, the pride and flower of our land, are about to embark on? To fight for freedom against oppression, for righteousness and a fair deal extended to fellow-man, to protect homes and the honour of women from ruthless attack, to protect the strong and unscrupulous from outraging the feelings and the property of the weaker and less astute. And can the battle only be fought and won on the bloody fields of Flanders? Are we citizens of the homeland concerned about our attitude? Are we making for reform in any way in the field where we have full sway—in our own homes? In our business affairs? In our politics? If we were seriously inclined to a reformation in the ways open to our hands, our voice and our example, there would be a force greater than the force of our armies and a victory would insure us a safe and sound manhood, a smiling and fruitful country, and the approval of the Most High without which no victory is complete or effective of happiness or gain. Let us get together and learn the lesson required and save the young and beautiful manhood whose torn and shattered bodies on the far-flung allied line must pierce the heart of thinking men. We can't give up the contest—it must be fought to a finish—but that finish is in the hands of Him who hates sin and will purge out all the uncleanness. Does not the sight of that clean, magnificent young manhood being offered like a sacrifice upon the altar, lead us to Him in whom are all the issues of strife and who alone can solve the problem.—Cor.

FARMERS AND DAIRYMEN

A Farmer's and Dairymen's Parliament has been held in Fredericton. This seems to be a meeting of farmers for discussion of plans for more effective work on the farm. The interchange of ideas made possible by a

10 CENT "CASCARETS"

IF BILIOUS OR COSTIVE
For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

meeting of intelligent farmers can not be otherwise than of value not alone to the farmers, but to the County at large. Better and greater crops increase the wealth of the country, encourage our young men to engage in farming pursuits and generally to bring about an era of prosperity. New Brunswick is beginning to engage in intelligent farming, a practice that will soon draw men to the ranks of farmers and there increase the prosperity of the country. We commend all such gatherings to our readers and assure them that attendance at such will net splendid results to all interested and engaged in the work of farming—the highest occupation.

MEN ARE PLENTIFUL

Men, unmarried men, are plentiful enough in New Brunswick to enlist fourteen battalions. Why is it being found difficult to secure the two or three thousands required for the battalions now recruiting? According to the census, New Brunswick could out of its single, unmarried men alone, who are still unenlisted, raise fourteen battalions without touching one married man.

If New Brunswick raised eight per cent. of the total population, which is the percentage already reached by one Canadian province, it could supply twenty-five battalions.

If New Brunswick raised eleven per cent. of the total population, the figure reached in England before the voluntary system was exhausted, the number from the province would equal thirty battalions.

If the Canadian Militia Act were by a stroke of the Governor General's pen put into full operation through any cause and the "levee en masse" made, the total share New Brunswick would give the Canadian militia from her men between 18 and 65 years of age would be 90,000.

From the census returns it is seen that New Brunswick has:—

Total males	179,000
Single males	113,000
The total number of single males in all Canada in 1911 was 2,369,700.	
In New Brunswick there are between the ages of 20 and 40 years:—	
Total males	50,130
Single (two-fifths)	21,000
Total enlistments in New Brunswick to date:	
Single men	8,000
Married men	3,000
	11,000..

There thus remains in the province single men unenlisted:—

Between 20 and 40 years 10,000

As the enlistment age runs between 18 and 45, there are the fringes to add to these numbers, as follows:

Single men, 18 to 20	9,000
Single men, 40 to 45 (estimated)	4,400
Total available	23,400
Deduct units (about one-third)	7,400
Total fit	15,000

This total represents about fourteen more battalions of single men in the province of military age and presumed fitness not yet in the ranks. The present call is only for 3,000 men at the outside. The unmarried men who have not enlisted should explain why. If these men and other single men throughout Canada were doing their patriotic duty our army would quickly grow to 500,000, and it would be an army of single men.—Globe.

SAWDUST

March—came in like a lion.

Still in the dark—The town clock.

Peel was too much for Mr. Fallis. He fell. Must have been a banana Peel.

Let us hear no more about that "ground-hog shadow" theory.

This great snowstorm evidently extended to Vancouver—and where are the poor Conservatives?

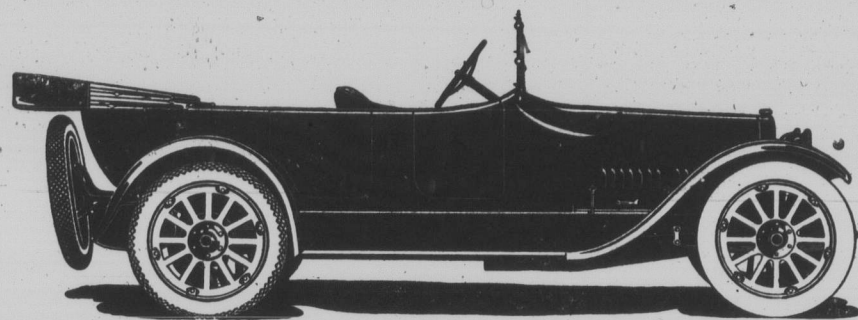

If there is anything in suggesting ideas, perhaps the school authorities may be induced to consider the question of drill of a necessary kind—FIRE DRILL.

The Local Government is undergoing a process of house-cleaning. Expecting visitors evidently—perhaps from Vancouver.

A proposition to deplete the 132nd Battalion for the benefit of the 165th. Cool one isn't it? Restigouche is pretty well seasoned, but this is a little too cool.

Great Britain proposes turning her distilleries into munition plants. Campbellton proposes to turn the plants where the products of distilleries are retailed, after April next into even more useful institutions.

1916 STUDEBAKER SIX FIFTY H.P. \$1395

---the FIRST 50 h. p. SIX at less than \$2000

And the best value in 6-cylinder cars on the market today at ANY price. We bar none. And we are thoroughly content if you will simply let us stand this new Studebaker Fifty H. P. SIX side by side with any car you like and compare it detail by detail. For never before has a car of such POWER, size and HIGH quality been priced so low.

It Has Greatly Increased Power

The new motor, enlarged to 3 1/2 inch bore (5-inch stroke) develops 50 H. P. The carburetor has been hung high on the left side of the motor. The pistons are longer with 4 rings. The bearings are all larger. The crank shaft has been made larger, with larger bearing areas, and balanced better so that there isn't the slightest trace of vibration or loss of efficiency.

And with its irresistible, unbroken flow of power, its flexibility, its silence, is a wonder to drive. It throttles down to walking speed on high. You touch the accelerator and—well, all of a sudden, you are going faster. There is no jolt; it just glides from one speed to another.

It's a hand-somer car than ever. "It looks like a million dollars" said a man who was in recently. And it's the truth. It is one of the hand-somest, one of the most stylish cars that you ever laid eyes on.

Marvelously graceful—BIG, low

hung and massive—but in the best of taste. The lines of the car flow in unbroken curves from the radiator back to the tail-lamp. And this year's bodies are done in a rich, distinctive Blue—a color mixed exclusively for Studebaker.

A Bigger Car Than Ever

This new Six is a BIGGER Car than ever—carries 7 passengers—carries them in COMFORT. The car is larger in every way—longer—roomier—it gives more leg room everywhere. The driver's seat is divided. The folding seats in the tonneau are large, fully cushioned, and disappear completely in the floor when not in use—Studebaker's exclusive design.

Following the latest European design, the body has been made deeper and the seats lower so that you sit down INSIDE the car and not up on it. The cushions, deeper and softer than ever, are tilted to throw you back into them.

The upholstery has been greatly improved. Deeper coil springs—a higher grade of curled hair—a new and exclusive method of cushion construction, that keeps the cushions springy—and the finest grade of hand-buffed, bright, straight-grained leather exactly the same as that used on a Detroit made car costing over \$2,000. All of these combine to make this new Studebaker SIX the most COMFORTABLE car that you ever sat in.

And with the longer chassis, and the better balance that has been achieved and the long flat three-quarter elliptic, UNDERSLUNG springs—well, you can't find a car with more delightful riding qualities than this new Studebaker SIX.

Sets a New Quality-Mark

You take the upholstery for example—and the leather is the best grade of leather on the market.

In the finish, five more operations have been added to the already long list of 20 finishing operations—just to make sure that the lustre is lasting. The steering knuckle is now forged of the highest grade chrome vanadium steel.

In endless other details, this insistence on higher quality than ever reveals itself. You get MORE than ever—you get BETTER quality than ever.

And Yet You Pay LESS

You pay \$400 less than ever "because it's a Studebaker," because it's a product of one of the world's largest producers of cars.

See it—see for yourself what Studebaker resources and manufacturing facilities have accomplished. And judge if you need pay more for a SIX or if you dare pay less, unless you are willing to be content with a car that gives you less. Demonstration at any time. Come in. They are here today.

THE LOUNSBURY COMPANY, LIMITED

CAMPBELLTON, N. B.

E. A. LeGallais,

Local Manager

It was a case where it was better to have the Peel than the lemon.

Australia has begun the construction of a new light cruiser to be known as H. M. A. S. Adelaide. This is what Canada would be doing had Sir Wilfred Laurier's policy been adopted.

A REMARKABLE SPEECH

The New Freeman, of St. John, says: Colonel Currie, M. P., commander of the 48th Highlanders, who has returned from the front, struck a high and patriotic note in the course of his speech before the House, Tuesday. The Canadian of Quebec fighting together, dying together for the one cause. They threw all the differences of race and creed into the sea as they crossed together. These things have no place in the shadow of the great tragedy.

There at the front one would find priests praying for the victory of the Orangemen on the firing line, and many hundreds of those Orangemen buried in "consecrated ground."

Colonel Currie is not the only Canadian who is tired of the things he mentions in his speech. Would that we could, by one fell stroke, lay low forever the monsters of prejudice and bigotry that are to be found in the public life of this country and we would gladly do so. Only when all Canadian citizens, regardless of class or creed, shall be treated alike, other things being equal in the public life of the country can we hope to enjoy the blessings that should accrue from citizenship in our own Canada.

PEEL'S VERDICT

A change of a thousand votes in the by-election in Peel, Ontario, on Thursday defeated Fallis, the discredited provincial representative, and gave the seat to his Liberal opponent. The turn-over is a most important one. A Conservative majority of 627 has been turned into a Liberal majority of 305. The significance of this turn-over lies in the fact that it is the first election in a Canadian constituency in which war graft has been the issue. Taking advantage of his position, as other public men have, Fallis secured a rake-off in the sale of horses to the government for remounts. Legally, he may not have done wrong, although there seems ground for reasonable doubt even on that score. He certainly advertised himself as a purchasing agent of the Remount department, bought horses from the farmers of his constituency which he knew would be accepted by the government buyers, and sold these horses again at a profit. Consideration of these transactions affords ample ground for speculation and comment on the relations of the buyer and the seller. Public opinion forced Fallis to resign, as it forced De Witt, Foster and W. F. Garland to resign. The defeat of Fallis is heard

A Lesson From The Clock

A CLOCK that strikes is better than a non-striking clock. It tells us the time through our ears as well as through our eyes. It saves our steps. It signals, spurs us on, rouses us, speaks to us in the dark and from far away. It is useful far beyond the usefulness of the silent clock.

So with a business that advertises. A shop or store that sends out its message to us in the form of advertisements in our newspaper serves us far beyond the shop or store that is silent—that must be visited before its service or merchandise can be known.

The shop or store that advertises saves our time and money, etc. Speaks to us at the right time, rouses us to attention, and stirs us to action. We buy more as the result of advertising, and we buy from advertisers.

To the Merchants of Campbellton

Put a striker—an attention-getter, an arouser, an stimulator—on your business. In other words—advertise. Strike often and regularly by weekly advertisements in THE GRAPHIC. It reaches over 3000 homes weekly.

Answer the Call of Advertising

of with satisfaction. The voice of Peel is the voice of Canada, and should strengthen the hands of all who are working to eliminate war graft. Peel's message is one that will not be properly interpreted unless it is interpreted by Federal and Provincial governments and all public bodies as an order for honesty and economy in all matters relating to the war. Peel has proven that the people of Canada are against the "rake-off." Fallis deserved his fate.—Globe.

THE DRY ROT OF PATRONAGE

Sir George Foster has declared himself in the House earnestly and thoroughly dissatisfied with the party patronage system. "I have been in public life for 44 years," said he, "and during that time I do not know of one

case where party patronage ever helped the status of the bench, the civil service, a member of Parliament of the Government. It is always a case of dry rot which breaks out and destroys. I trust that in the white light of the present great struggle the two parties will agree to do away with the evil. If there is any laxity in public virtue or corruption in public life in ninety-nine cases out of every hundred it is due to the baleful effects of party patronage."

Sir George joined heartily in the appeal that now was the time for the parties to unite and rid themselves of this curse now, when Canadians were realizing as never before, what were the realities, and what liberty and justice really meant.

HOPETOWN

We have had terrible cold weather for some time, but it has taken a change and we hope it will remain fine for the farmers find it almost too cold to do any work.

Quite a lot of snow has fallen also in the woods, making work very hard but we hope that the storms are about over now.

We hear that Mr. Walter Thompson, who had to come home from Drummondville, Que., is about to return to his work. He also expects to visit Montreal to see his brother Cecil, who is undergoing an operation. Walter has entirely recovered from the fever he contracted in Drummondville.

Mr. Scott Ross is also getting around again after his illness of typhoid fever and rheumatism, which was thought one time would leave him a cripple, but glad to see he is improving.

Mrs. Christina Kruse is also improving after an attack of la grippe.

Mr. John McRae, Jr., has returned home from Saskatchewan, after an absence of eleven years. He was summoned home to see his mother, who is very ill.

We are sorry to learn of the death of Mrs. Alfred LeBrasseur, after a short illness. The funeral was on the 12th, interment in the R. C. cemetery, Paspebiac, a large number of relatives and friends following the body to the grave.

We congratulate Mr. and Mrs. Sidney Ross on the arrival at their home of a bouncing baby girl; also Mr. and Mrs. Hugh A. McWhirter on the arrival of a baby girl.

Quite a number of our young men have enlisted and are now in training at New Carlisle. The remark was made sometime ago that there were no volunteers from here, but this place for its size is doing its part nobly. We wish our young soldiers good luck and hope that when they get to the front, they will do their part as many others have done.

Members of the Presbyterian church here speak highly of their new minister, Rev. Mr. Heron. It is to be hoped that the rev. gentleman pleases all his congregations as he does Hopetown.

MARIA

On the fourteenth day of Feb. last, a meeting of the majority of the progressive farmers of Maria was held in the school house No. 4. The meeting presided by Rev. Father Smith, was to organize associations for improvement in the dairy farming in this parish, by importing Ayrshire sires to head the herds in the different parts of Maria that furnish milk to the butter factory, which is the best money maker we have. Rev. Father St. Laurent, parish priest of St. Omer explained the advantages and terms offered by the Agricultural Department to help the farmers.

Three Associations were organized. West part of Maria under the name of "Société d'Elevage du Banc". Mr. Isidore Cyr, President; Mr. Alphonse Landry, Vice-President; Directors, M. M. Francis Thibault, Joseph Boudreau, J. H. Thibault and Andre Cyr; Guardian of the animal for this society, Mr. Andre Cyr.

2nd Association in Maria Centre under the name of "Société d'Elevage de Maria Centre". President, Mr. Adhemar Cyr, Mayor; Vice-President, Mr. Fidele Gagne; Directors, M. M. Joseph Pelletier, Norbert Dugas, Ernest LeBlanc and Valmor Cyr. Keeper of the animal, Mr. Robert J. Miller.

3rd Association for the East part of Maria under the name of "Société d'Elevage de l'Anse Ste. Helene". President, Mr. Arthur Cyr; Vice-President, Mr. Xavier Cyr; Directors, M. M. Jacob Guite, Isidore Bernard and Alphonse Guite and Felix Cyr. Keeper of the animal, Mr. Philippe Fortier. Mr. Edgar R. Cyr was elected Secretary for the three societies.

Resolutions were passed to apply immediately to the Agricultural Department for three Ayrshire breeders. We expect this is only the initiative to "Better Farming" and soon we will have better breeds of horses, sheep, etc., etc.

The butter factory of Maria is the principal source of income for the farmers in this parish, and is now a complete success, thanks to incessant efforts and zeal of Rev. Father J. Gagne, retired parish priest of Maria. We must also congratulate Rev. Father

DALHOUSIE INSTITUTE DOING GOOD WORK

Receive Letters From Boys at Front
Thanking Them for Xmas Boxes

The following letters among others, have been received by the Dalhousie Women's Institute from the boys at the front, to whom Christmas boxes were sent:—

Signalers Headquarters,
Dec. 29th, 1916.

Secretary Ladies Club,
Dalhousie, N. B.
Dear Madam,—
Your lovely parcel arrived in good order yesterday with its many fine and useful presents. It surely was a delightful surprise for me to receive it, and I assure you its numerous articles will be very greatly appreciated. I have been speaking to one or two other Dalhousie boys who were very much delighted with their parcels also.

Lt. Legere left here today for Canada to take over a position of greater responsibility in a new unit and leaves behind a very good name among both officers and men of the 26th. We take over the trenches again tomorrow for another six day period, and from the condition of the trenches now we sincerely hope it never rains again during our visit here. During our period here in rest camp we have had three nice entertainments. One Scotch Concert at 6th Brigade Y. M. C. A. Marquee and two in our own 5th Brigade Y. M. C. A. One a moving picture show and the other a very amusing minstrel show. Different bands each time supplied very nice music. We have been having very nice weather lately and all the boys are in good health and spirits. Thanking you again for your very fine parcel and wishing you all a bright and prosperous New Year, I remain,

Yours sincerely,
R. Chester Dean,
Signaller, Headquarters Staff, 26th Batt.

Somewhere in France,
Jan. 15th, 1916.

Women's Institute,
Dalhousie, N. B.

Dear Friends,—
I received your most welcome parcel today and enjoyed it very much. It was fine and quite a few of the boys had a sample of the contents. It was very kind and thoughtful of you and must have been considerable bother getting it together, so will try and express my deep thanks to you all in this humble letter which I'm writing in a French barn loft among the hay. The boys always think an awful lot of the kindness of the women at home for all that they have done and are doing for us here in this great Battle of Freedom, and one is often at a loss to express our feelings towards you, and I hope to see you all before another year and thank you all personally, I remain, full of hope for an early victory,

Sincerely yours,
18373 L. C., J. W. McNeill,
No. 4 Co's, 2nd Batt.,
1st Canadian Division,
France.

Jan. 30th, 1916.

The Women's Institute,
Dalhousie, N. B.
Please accept my sincere thanks for the parcel of comforts which through your kindness I received a few days ago. It was very acceptable and we appreciate very much the interest taken by your Society in providing us with comforts while on active service. I am,

Very truly,
C. D. HICKS.

PROFESSIONAL
Dr. A. Pierce Crockett, eye, ear, nose and throat specialist of St. John, will be at the Waverly Hotel, Campbellton, FRIDAY, MARCH 3RD, where he may be consulted professionally.
Feb. 23-24 ins.-pd.

CARD OF THANKS
On behalf of my brothers and sister and myself, I wish to extend sincere thanks for exceeding kindness shown by many friends in our recent bereavement.

M. McKAY.

Gagne for having won a prize of \$115, offered by the Department for the best equipped butter factories in the province.

Our best thanks to Rev. Father St. Laurent, who was so kind to come and help us to organize our societies. "A FARMER".

ROY COES ONCE MORE IN HANDS OF POLICE

Young Man, Formerly a Soldier,
Has Been Before Court on Several Occasions for Vagrancy

"Too strong to work," appears to be the principal thing wrong with Roy Coes, who has figured every other day in police circles for the past couple of weeks. Coes was a soldier and his first appearance in police court was two weeks ago when he was arrested for disorderly conduct in a house on Long Wharf. He was discharged from court, and was also discharged from the battalion with which he was connected. His next appearance in court was when he was charged with vagrancy. The magistrate did not desire that the county should be put to the expense of feeding the "hobo", and he was ordered out of court, and instructed to get out of the city.

Coes did not leave the city, for yesterday afternoon Police Officer Hopkins found him hiding under a bed in a house in the rear of 120 St. Patrick street. The prisoner will appear in court this morning, charged with breaking and entering. The house in which the man was found has attained quite a history as it is the dwelling in which Detective Frank O'Leary was murdered a few years ago. Recently the same house was raided, and the occupants are now on trial for conducting a bawdy house. It is claimed that Coes is a native of Campbellton, N. B.

Roy Coes, who figured in Friday's police court charged with vagrancy, was again before the magistrate this morning. He answered the charge of drunkenness. Coes is a queer character and evidently wants to spend a few months in jail. In endeavoring to have this lofty ambition realized, he has become a public nuisance. The beginning of this week he was arrested, while in khaki, for raising a disturbance in a house on Pond street. On Friday he again occupied a prominent place on the prisoners' bench, minus, however, his uniform, charged with vagrancy. He was then told to leave the city and go to his home, which is in Campbellton, where his father has a good position with a lumber firm. Today his name again figured on the police books, charged with drunkenness. The magistrate, upon seeing him, actually chased him from the court room, and again told him to return to his native place. Whether or not he goes is a matter of conjecture, but if he is desirous to get into jail, his wish may be too truly granted, and with a little extra added. St. John Globe.

INFANT SON OF BUGLER THOMAS CHESTER OF 145TH, DIED AT JACQUET RIVER

Bugler Thomas Chester, of the 145th Battalion, returned on Monday from Jacquet River, to which place he had been called by the illness and death of his little son, Fred Velman Chester, aged one year and two months. The funeral took place at Jacquet River on Saturday. Bugler Chester is a native of Sheffield, England, and has seen much service with the Imperial army. For some time past Mrs. Chester has been residing with her sister, Mrs. J. T. Homer, at Jacquet River, and it was there that the child sickened and died. Bugler Chester has the sympathy of his comrades of the 145th and 165th, and of the citizens of Moncton generally.—Transcript.

BARACHOIS

A very pretty wedding took place in the church of St. Pierre de Malbaie on Monday, February 21st, when Mr. Thos. E. Rehel and Miss Beatrice Vardon were united in marriage. The Rev. J. G. C. Plourde officiating. The bride was attired in a becoming gown of white peau de soie and was untended. After the ceremony the happy couple left for a trip through Coteau, Belle Anse and other places.

We all join in wishing them a long and happy wedded life.

Miss Delaney of New Carlisle has arrived here, where she will take up the position as teacher left vacant by Miss J. Bechevais.

"LEELA".

A SKIM MILK VARIETY

Most of our dairy farmers are well accustomed to hear of milk "testing" so much, either high or low, understanding thereby that it contains a certain percentage of fat. What is not quite so clear to the majority, is the fact that milk varies considerably

THREE VITAL QUESTIONS

Are you full of energy, vital force, and general good health? Do you know that good digestion is the foundation of good health? Pain and cure.

pression in stomach and chest after eating, with constipation, headache, dizziness, are sure signs of indigestion. Mother Seigel's Syrup, the great herbal remedy and tonic, will cure you.

AND BANISH STOMACH TROUBLES

OBITUARY

MRS. CHARLES GREENE

One of Miguasha's oldest and most respected residents passed away early on Monday morning last in the person of Mrs. Charles Greene. She had been ill for eight years and about four weeks ago she became so low that all the members of her family were called home. She was sixty four years of age and besides her husband she is survived by four daughters, Mrs. Michael Norton, Upper Miguasha; Mabel, New Richmond and Edith and Alma, at home, and six sons, Edward, Fred, Math, William, Robert and Mansfield. The deceased was formerly Miss Elizabeth Stewart, daughter of the late Charles Stewart of Carleton West, P. Q. She is also survived by four sisters, Mrs. Henry Disbrow, Mrs. John Miller of Jacquet River, N. B.; Mrs. John Enright, Port Daniel, P. Q.; Mrs. Ed. Loyd, Pictou, N. S. and one brother, Mathew, St. Omer, P. Q. She was a sister of the late Mrs. Daniel McAlister, Jacquet River, and the late Mrs. James Verge, Carleton, P. Q. Mrs. Greene leaves a fragrant memory to all who came within the home circle who could not but feel how nobly she fought during her long illness. The great kindness and care extended to her by a loving and devoted husband and family will draw to them the sympathy of a very large circle of friends in their sad bereavement. The funeral was held on Wednesday morning, interment being made in the R. C. cemetery of St. John Evangeliste, P. Q.

FAREWELL AND PRESENTATION

On Monday evening, February 28th, the people of Tide Head Congregation gathered at the home of our good elder Mr. Robert Gerrard, to bid farewell to their pastor and his wife. The gathering was a surprise to them as they had been asked to test Mr. Gerrard's home, but shortly after tea the drawing room suddenly filled with people and Mr. Murray Gerrard asked Mr. and Mrs. Firth to come forward. He then read a short address, at the close of which Miss Bessie Adams on behalf of the people, presented a little silk bag containing \$45.00. Mr. Firth thanked the people for all their kindness shown Mrs. Firth and himself through their stay here, after which the orchestra rendered a few selections and a very enjoyable evening was spent.

The following evening Mr. and Mrs. Firth were the guests at a dinner given by Mr. and Mrs. H. C. Gillis when they were presented by them and their daughter Mrs. Fraser, with fifteen dollars in gold.

The following is a copy of the address delivered by Mr. Murray Gerrard at the presentation on Monday evening:

Tide Head, February 28th, 1916.

To Rev. W. G. and Mrs. Firth:
As you will shortly be gone from our midst, I take this opportunity on behalf of the Tide Head section of the Restigouche Congregation to attempt to express by a little token and few inadequate words our feelings of want and loneliness when we seriously consider that in a very short time we will be left, not only without our Pastor, but our loss is greater still, we lose a friend.

But we cannot let you go without attempting to express, in some measure at least, how very, very deeply we appreciate the struggle that you and Mrs. Firth have had for our sakes. The disappointments, hardships and discouragements you have both gone through bravely and cheerfully. You did not even falter when we exacted the supreme sacrifice of your health.

To Mrs. Firth, through her endeavors in our social welfare in the Club we would like to say that owing to hard work, cheerfully done and her example, the social and church life of this community have been blended together. The church has been broadened and softened, made more humane by realizing and appreciating the good that existed in her. Socially we have been made bigger and better by coming in contact with the church life.

Although the church and Club may go back without their leaders, time nor absence can ever erase from our memories the picture and the result of your labors, and the home will always burn brightly in each heart here tonight that some time you will come back again and the threads of our lives woven together this time to the very end.

Signed, Murray Gerrard

in its tests, or content of fat, from day to day, even from one milking to another on the same day, and from month to month. This applies to mixed herd milk and more particularly to milk from single cows.

Thus, if milk is valued according to its fat content, it is evidently of extreme importance to every dairy farmer to know what the milk does test; further, he needs to know, whether selling cream or pooling milk, if Spot's milk tests 2.5 or 4.8, if Blossom's milk tests 3.1 or 5.2 per cent of fat. In one herd where six samples

LETTER FROM THE FRONT

The following letter was received by Mrs. A. Johnstone, wife of Private Johnstone, 3rd Canadian Field Ambulance, Somewhere in France.

He says it is not as bad to be at the front as some of the Canadian boys believe. He says that all men of age should enlist, and it would end the war quicker. We Canadians have to defend our king, home and country. Although I left a wife and three children at home and am a awful lonesome for them, I would not like to be in some of the fellows places to draw back. A man has to look for honor as well as his family, and should not be scared to die, for we will only die when we are called. For myself I came over to France on the 13th of June and I am in good health. I have gained in weight 35 pounds since I came over here and am well used and have a good captain, and I am going to stick to him as long as I can. I expect to go over to Scotland on a pass to see my aunt. You can get my letter published to show the boys not to be scared and come over to fight.

From Archibald Johnstone to his wife, Ada Johnstone.

Campbellton FIRE ALARM

A. E. O'DONNELL, Chief
PHONE 78.

INSTRUCTIONS

1. To give an alarm break the glass, turn key, open door and pull down hook slowly "Once"
2. Alarms are to be given from the box nearest to the Fire.
3. Every individual should make himself or herself, acquainted with the location of the nearest Fire Alarm Box to their residence or place of business so that in case of Fire valuable time may be saved.
4. Only pull down the hook "ONCE".
5. Remain at the Box until the apparatus arrives to notify them of the location of the fire.
6. Do not telephone for Fire but go to the nearest box.
7. Second alarm is to be given by Officers of the Department only.

SIGNALS

- 4 strokes on bell assembly at Fire Station.
 - 5 strokes assembly at Rooms.
 - 6 strokes Engine call.
 - 7 strokes out of town Fire.
 - 1 stroke All out.
- These signals will be repeated 3 times.

System will be tested at noon by 1 stroke.

LOCATION OF BOXES

- 12 Cor. King and Queen St.
- 13 Cor. McMillan and Prince William Street.
- 14 Harquail's.
- 21 Cor. Cedar and Water St.
- 23 Shives Mill off Water St.
- 24 Cor. Aberdeen and Andrew St.

- 34 I. N. R. Station.
- 35 Cor. Cromwell and Gerrard St.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

of milk from each cow were tested each month, it was found that three cows averaged only 1.8, 2.3 and 2.7 per cent of fat for the whole year. Do your cows give real milk or only a skim milk variety? You need quality as well as quantity, are you getting both? Cow testing is necessary for your peace of mind.

Perhaps it is no more than right that a bad official and a worse government should sink or swim together.

RED ROSE TEA "is good tea"

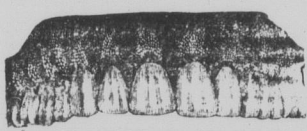

Jingle Bells

New is the time for pleasure driving. Not too cold. Not too much snow. If you want a drive that will give satisfaction in every way, ring up DOYLE'S LIVERY, Phone 24, and ask for a rig, and it will be sent to you to any part of the town.

Good comfortable sleighs, lots of buffaloes, and horses that cannot be excelled. Hack meets all trains, except Nos. 33 and 34, but a special order to them will be attended to. I also drive parties to dances, tea-parties, etc. Prices right.

H. P. DOYLE

DEESIDE

Our roads are getting fine again after the big storm.

Mr. William McNaughton was visiting friends in Runnymede on Sunday.

Mr. Fred Beltenhouse was in Deeside on Monday.

Mr. Fred McNaughton spent a few days at his home this week, returning on Wednesday morning to Val Brabant, where he is employed with the Fenderson Lumber Company.

Mr. Leslie Myles returned home on Tuesday, after visiting friends in Matapedia.

GASCONS

Mrs. P. A. LeBlanc and little daughter Laura, are visiting at her home in Port Daniel West.

Mr. J. P. LeGallais spent Friday with Mr. and Mrs. P. Acteson.

Miss Annie Chapados, now teaching in New Port, returned home Saturday morning to attend to her music pupils, but owing to the storm she was unable to give them her attention.

Commercial travellers in town last week were Langlois, Stroud, LeGallais, Salvas and LeMarquand.

Mr. J. E. Levesque passed through here Friday, on his way from Chandler to Paspebiac.

We are all pleased to have Lester Chedore home again, after spending the winter in Campbellton.

We are sorry to say little Miss Romer Jandron has the whooping cough.

We all wish her a speedy recovery.

THORBURN-LEMARQUAND

The home of Mr. and Mrs. Rod P. McKenzie, Westville, was the scene of a happy event on Wednesday afternoon, Feb. 23rd, at one-thirty o'clock, when Miss Ella L. Thorburn, New Richmond, P. Q., was joined in the holy bonds of wedlock to Mr. Edgar LeMarquand of the firm of E. & E. LeMarquand, Newport, P. Q.

The bride entered the parlor on the arm of her brother-in-law Major James G. MacKenzie of the 25th Battalion, C. E. F., and was dressed in a travelling suit of blue gabardine.

The officiating clergyman was the Rev. W. W. McNair, M. A. After the ceremony had been performed, a dainty luncheon was served.

The wedding was a very quiet one, taking place in the presence of immediate relatives of the bride and a few intimate friends.

The young couple took the afternoon express for Halifax, where their honeymoon will be spent. They will also spend a few days at Amherst and Sackville whilst en route home, which they will reach at the end of next week.

The bride is a sister of Mrs. (Major) James G. MacKenzie and has made many friends whilst visiting Mrs. MacKenzie from time to time. She is followed to her new home by the best wishes of her Westville friends, who heartily congratulate Mr. LeMarquand upon winning the hand and heart of such an attractive young lady. In these good wishes we heartily join.—Free Lance, Westville, N. S.

GOOD PROFIT IN RAISING GEESSE

During recent years the high price of turkeys has had the effect of increasing the demand for geese and other fowl which sell at a smaller price per pound, and which make very good substitutes for turkeys. The raising of geese has not been practised very extensively on Ontario farms, owing, no doubt, to the fact that there is a tendency for them to get into and destroy growing crops. However, this may be fairly easily overcome by the use of "pokes" and the furnishing of plenty of water for the birds. The man who has running water on his place or a pond nearby where the geese may go at will, will find little trouble in raising this class of poultry, and being more easily raised than other poultry, many might find it profitable to give the goose a fair trial. Her meat is good and her feathers are more valuable than those of any other domesticated bird.

It is time now to make the selection and mate up the birds which will be laying early next spring. As a general thing, one gander is mated with from two to four geese. More than four geese should not be mated with one male bird, and the mating should be made as soon as possible, for if the geese are comfortably housed and fairly well fed, they should begin laying in March. By comfortable housing we do not mean that they should be shut in. They should have a warm place at night or at least a pen free from drafts and well ventilated, and should be allowed out for free range around the farmyard during the day. There will be very few days during the winter that geese, if they have free access to the outside yard, will not come out of their pen for a short time at least. They may be very successfully wintered on grain with a liberal supply of pulped roots. In fact, geese will fatten on pulped turnips, and where these are used in conjunction with some such grain as peas they will fatten very rapidly. We have known a breeding flock to be wintered year after year on nothing more than pulped roots, and the grain they would pick up when the hens were fed. They were wintered in the same pen as the

BLACK CAPE

On Wednesday evening the 23rd, some very interesting races took place on the Black Cape rink between the young people of New Richmond and Black Cape. Those from Black Cape were successful in winning all the races.

The names are as follows:—Men's race, Evan McKenzie. Boys' race, Hector LeBlanc. Potato Race, Hector LeBlanc. Couple Race, Miss Bella Johnston and Earl Campbell.

Tug of War between New Richmond and Black Cape, our boys being successful in winning the fight.

Mr. George Steele, who has been spending two months at his home here, returned on Friday to Halifax to resume his duties there.

Mr. and Mrs. John Campbell have the sympathy of their friends in the death of their infant child, which occurred on Saturday.

The funeral of the little one is being held today, interment in the Black Cape cemetery.

Despite the heavy snow storm of Monday, the train from Matapedia reached here only about two hours and a half late. They are doing their best to keep the line open and have trains running on schedule time.

BOOM PREDICTED

IN LUMBER TRADE

Demand for Spruce Increasing and Outlook Good.—Shipping Facilities Bad

A great boom in the Canadian lumber business may be anticipated during the present year, declares an exchange. If shipping facilities can be furnished, the year 1916 is likely to witness a tremendous revival in the lumber business from ocean to ocean and the largest exports of sawn timber from Canada that the country has ever known.

In the era of economists, philosophers and prophets, during the early weeks of the war, much was heard of "the waste and destruction of wealth," accompanying war like operations. We now know from experience that the loss of wealth which a great war entails is not so much from destruction as from lack of production. In at least one commodity, however, lumber—the European world is certain to come out of the great conflict much poorer than when it entered upon it. Lumber is being rushed by all the belligerents to every battlefield at an enormous rate, both for the building of huts for the troops and for the other countless demands of military operations.

The forests of Norway, Sweden, and the other neutral countries, as well as those within the confines of all the belligerent nations, are being rapidly denuded of their forest wealth, to meet the requirements of the world's greatest war.

The European supply is already running low, and the British Government is taking steps to obtain inventories of the timber resources of the Empire; for, if the war lasts any length of time the lumber question promises to become as vital as the munitions problem has been during the last six or eight months. It is said that British experts will shortly be commissioned to visit Canada to take a census of the cut and the uncut timber in the Dominion. It is known that the Dominion Government anticipated the present situation almost a year ago, and that the Dominion Forestry Department has for months been directing an investigation into the timber resources of the different provinces, and that reports are now in process of preparation containing a very complete record of the Dominion, its distribution, character and extent.

It is highly probable that Canadian exports of the forest in 1916 will surpass in volume those of 1915 by an even larger proportionate margin than the products of the soil. It may also be regarded as certain that abnormally high prices will rule in the world's lumber markets, both during the remainder of the war, and for a considerable period after peace has been restored.

Flour is so respectable—welcome in every home.

We hate to breathe a word of scandal, but flour has been noticed taking a drop or two this week.

But then flour is so moderate about it—never takes a drop too much—never noticed staggering.

When wheat goes up flour finds it out by direct private wire. When wheat goes down, flour gets the news by slow freight.

FARM NEWS AND NOTES

One of the chief essentials of "Safety first" is "thinking first."

Many houses are burned by sparks igniting clothes or kindling placed near the stove to dry.

The best way to get rid of bad habits is to form and encourage good habits to take their place.

The farmer's duty is to take an interest in politics, but not to be married to any political party.

Organization is the strength of many institutions; it could be made the strength of agriculture.

Many a good farmer is not a successful manager. There is room for more training on this phase of agriculture in our agricultural colleges and schools.

Cribbing or wind sucking is a vice, not a disease, and cannot be cured by medicine. Applying a mixture of red Dettmer and hair soap, or better still, aloes, around the stall will sometimes stop this habit.

Feeders tell us it requires more care to keep the stock from going "off its feed" in a mild spell than in cold snappy weather. Possibly a little more exercise would improve their appetites when the weather is mild.

The Hon. George E. Foster hit the mark squarely when in a recent address he advised better organization for recruiting, so that Canada's efficiency in field and factory be not impaired too greatly.

The demand of the west for free wheat is insistent. It is ignored by the Borden government, but western men say there is a time coming. It will not be long till the wheat belt is represented by more members of the

This Book

Shows How to Make Better Farm Improvements.

A copy will be sent to you *free of charge*. If you intend making any kind of farm improvements—you need this book. It tells how to build everything a farmer needs—from a barn to a fence, better and more economical than is possible in any other way.

It is the standard authority on farm building construction. It has proved of untold value to more than 75,000 progressive Canadian farmers.

Bronchitis

"There is no disease that should cause more anxiety in the home than Bronchitis, for if neglected in the earlier stages it often becomes chronic and may even prove fatal.

Chamberlain's Cough Remedy is the medicine for this disease, and if given in regular doses will relieve the cough, ease the pain, remove the difficulty in breathing, and produce a free and easy expectation, thus reducing the inflammation.

Old people, and those who have weak lungs, cannot be too careful in guarding against this disease.

Chamberlain's Cough Remedy

strengthens the throat and lungs and makes them less susceptible to changes of the atmosphere. In fact, the use of Chamberlain's Cough Remedy will prevent an attack of Bronchitis becoming chronic."

Yours for Health —Glen J. Chamberlain

Commons than it is today.

An old farmer who kept up the fertility of his farm was asked how he did it. His answer was right to the point: "I always plow something under." He fed his land humus-making material. Either it was a good dressing of manure, a crop of rye grown for that special purpose, or something else.

A farmer recently told of a new malady with which city folks are occasionally afflicted. It is called "Farmomania." Dictionaries today do not include the term, though coming editions must do so. It will be defined as a fantastic brain storm on rural economies.

Commenting on the fact that five western sheep states have gone dry, the American Sheep Breeder, of Chicago, makes this original proposition to those of its readers who work in the sheep folds for wages: "Pledge us your word of honor that you will cut out booze for twelve months and you may have the American Sheep Breeder free of charge for one year. This is our treat, boys. Who will be the first to accept it?"

Never Be Without Herbine Bitters

CONTAINS the active principles of Dandelion, Mandrake, etc., and is an old-fashioned remedy that has been on the market over 50 years and cannot be displaced because of real merit. As a Blood Purifier—a cleanser of foul stomach and tongue—cure for headache and biliousness it has no equal.

Specially valuable at this time of the year when the blood is sluggish from indoor living.

See at your store. Family size, five times as large \$1.00.

FOLLOW THE BLUE PRINT TRAIL

Business occupations are an open book to the one who is trained, just as intelligible as the architect's blue print is to the contractor. As a graduate of our school, you have the knowledge and power to choose a business which will produce the most money for you. Knowing where you are going, knowing the process by which you can win out, gives you confidence and courage to stick until you are successful.

It pays to attend the Moncton Business College.

Friends of J. J. Allison will be interested to learn that he is now in France, with the 22nd Battery, Pte. Allison, who is a Restigouche boy, enlisted in Vancouver and has been on the firing line for some time.

CALL A MINISTER

At the third quarterly meeting of the Official Board of the Methodist Church, an unanimous call was extended to Rev. Geo. M. Young, now stationed at Tryon, P. E. I.

APPOINTMENT OF GUARDIANS

On Friday, Mr. Geo. Gilbert, K. C. of Bathurst, as a member of the Supreme Court, held an inquiry at the office of Mr. M. A. Kelly. The purpose of the inquiry was the appointment of guardians for the persons and estate of the infant children of the late David Sansom. Mr. Daniel E. Richards of Campbellton and Mr. Thos. Sansom of Fredericton were nominated as such guardians and as the choice of these gentlemen was made by the late Mr. Sansom just previous to his death and being found worthy of the position by inquiry, it is quite probable that the appointment will be made in accordance with the request as shown by the inquiry. After conducting the inquiry, Mr. Gilbert returned home by the suburban train.

DIED SUDDENLY

Many friends were pained to hear of the sudden death of James D. Sowerby, which occurred at his home, Oak Bay on Saturday. Deceased who was in his 36th year was highly respected and much esteemed by all who knew him and his passing away will be mourned by a large circle of friends. He was only ill a few days with pneumonia, and although all that loving hands and careful nursing could do for him was done, he passed peacefully away as above stated, on Saturday morning. He leaves to mourn the loss of a kind and devoted husband and father a beloved widow and two children. He is survived by one brother, John, and three sisters, Sadie in Boston, Mrs. H. F. McLatchey and Mrs. Helen Wilson of this town. The family will have the heart-felt sympathy of the community in this their hour of sore bereavement.

GIRL WANTED

A capable girl for general housework. White clothes sent to laundry. Good wages. Apply to MRS. JOHN WHITE, P. O. Box 329 Sugarloaf St. March 2-11.

Extra Values in Clothes For Men and Boy's at OAK HALL

It is a well known fact and has been for the past 18 years, Oak Hall has sold nothing but the very best hand Tailored Goods for much less than you can buy elsewhere and today the markets in all-wool clothing such as we handle have gone out of sight. We were far sighted enough to buy up enough goods to insure our patrons Fast Colored, Pure Wool Clothing at the old prices, which means a saving of not less than 30 per cent.

We are showing today a line of Blue and Black Serge Suits from \$15.00 up for men and young men than cannot be touched.

Colored Suits in Browns, Greys and Mixed Tweeds
\$12.50, 15.00, 18.00, 20.00.

Our Boys' Dept. has a larger stock than ever. Fancy Norfolks, Two and Three Button Suits with pleated backs, Sizes up to 36.
\$4.50 up to \$15.00

BOYS' EXTRA BLOOMERS, all sizes.

Children's Suits in Khaki
Including Caps, Suit and Puttees
at \$5.00
Also Reefers and Overcoats
\$4.50 and \$5.00

Boy's and Children's Furnishings. Caps, Gloves, Shirts, Stockings, Underwear, Collars, Ties, etc.
at Lowest Prices.

Our Men's Furnishing Dept. was never more complete than it is today of everything—Pure Wool Sox, Underwear in light, medium and heavy weights, Shirts, Ties, New Collars, Gloves, etc.

Our new Spring Cloths for your new Made-to-Measure Suit are now here. **FIT GUARANTEED**

Do not overlook Oak Hall if it either Quality, Quantity or Price.
