SIMMONS BEDS Built for Sleep

No matter how simple or how elaborately furnished the bedrooms of your home may be—there is a Simmons Bed of a design and finish that will harmonize with it. Artistic beauty, refinement of design and elegance of finish characterize every number. Simmons steel beds, in either "twin" or "double" widths, are masterpieces of beauty, and unlike beds of wood, they cannot warp, become loose jointed or noisy. They are strong, correctly proportioned, serviceable, thoroughly sanitary and 100% comfortable. Let us show you these new designs.

These goods can be had at Carr's

ANNUAL SCHOOL MEETING ON MONDAY

Meeting of New Building and New Grounds Discussed—New Teachers Selected

The annual school meeting, Monday morning opened with record attendance of about 60 rate-payers. Last year about 12 men gathered to do business for a district with a valuation of over \$60,000. Generally before that some one had to rustle up enough rate-payers to make a quorum.

W. D. Keith was elected chairman and business was pushed along quite expeditiously up to the point of discussion on repairing the old school house and building an annex or a new building and new grounds.

When the minutes of last meeting were read and approved, the Secretary presented the Financial Report as follows:

Cash Received	
Sal from Sec. Cameron	47.55
A County drafts	185.96
2 Garden grants	20.40
Loans	99.25
Tuition fees	48.00
Taxes	3,990.67
	\$4,404.75

Expenditures	
Teachers salaries	3270.00
Insurance premiums	422.75
Janitor work, total	226.08
Administration	285.22
Loan repay	100.00
Wood	350.00
Water tax	14.25
Garden	33.91
Blanking	5.50
Lighting, cleaning, etc.	124.55
Furnace	25.55
Sundries	12.19
	\$4,474.88
Less cheque outstanding	75.00
	\$4,399.88

Bank balance 4.87

Equal on hand 70.00

Mr. W. D. Keith explained that he had been elected auditor at the last meeting but later on had been appointed by the Trustees Board as their Secretary. He therefore tendered his resignation as Auditor, which was accepted.

Meantime, in order to have the books audited Vernon Nodden, had been selected by the Trustees as Auditor, subject to the approval of the annual meeting. The appointment was confirmed and his report being ready was read and approved, as was also that of the Secretary.

W. D. Keith was re-elected trustee for another year term, the other members of the board being E. C. Morgan, chairman and C. E. Ridout. A. W. Kyle was elected auditor.

The secretary estimated that \$4,100 would be required for teacher's salaries and at least \$900 more for current account. Therefore \$5,000 was ordered assessed on the District this year, with the usual 10 per cent tax.

The minutes of the special meeting, June 7 were read and also a report of the committee appointed at that meeting. A motion was passed by that committee as follows:

"That sufficient accommodation for the children requiring extra rooms be secured elsewhere for the present, and that no money be spent on the present building other than that required for cleaning and putting into fit condition for occupation for a time all to be done with the view of erecting a new building subsequently."

After a good deal of discussion this report was adopted.

Last year the war veterans were granted the privilege of building on the garden lot. Objection was taken to this as the district might wish to erect the school house there. A motion finally passed the understanding that war veterans would be given a chance on any new grounds acquired.

After much speech-making pro and con the following motion was passed:

"That the Trustees be instructed to consider the whole question of a new school building, location, plans and cost, employing an architect and such assistance as may be necessary, calling a special meeting and submitting a report when requested in Writing by 15 rate-payers of the district."

The school board has selected Miss Winifred Clark of St. Stephen as principal for the next year. She has had eight years experience, more than 4½ being in high school work. She holds 1st class superior in N. B. with certificates of physical training and school gardening, 1st class in Alberta and high school in Maine. At McAdam, where 6 teachers are employed

she very successfully taught as principal for 2½ years, spent one year west, taught French and Mathematics at Bluehill Me., and was also principal at Flagstaff, Me. Last year she taught French and Mathematics in Calais Academy. She had arranged to take a special course at Toronto University during holidays, but finding that Latin was not on the list she had already begun work at another college looking toward a B. A. degree. Graduating from St. Stephen high as Valedictorian of her class she spent the next year at grade XII work, being to young to attend Normal. She comes highly recommended by inspectors, school supt. and trustees and writes "I wanted the extra study on some subjects to help me in my this fall" and "am already planning to increase the interest of the Hartland pupils, that their ambition and enthusiasm may be aroused." We aim to make Hartland a real educational centre for the surrounding parishes and would like to see 15 or 20 good students come in, in order that the interest in the work may be kept to the very highest standard.—The Secretary.

HARTLAND POOL YIELDS 25 POUNDER

Many Big Fish are Being Landed From the River Every Day.

During the past week or ten days the fame of Hartland Salmon pool has been greatly augmented. Nearly a score of very fine fish have been landed, and many more, including of course, the very largest got away. In the present low state of the river, however, a much larger fish than that however, a much larger fish than that landed on Saturday by George Boyer could not readily make its way up the stream without doing itself grievous bodily harm on the rocks of the river bottom. This particular fish weighed close to twenty-five pounds and was forty three inches in length. The guide with the monster landed it in less than three hours. This is the first season that George has landed.

The veteran fisherman, Peter Boyer, has landed at least three salmon, one of which weighed 15.12 pounds, while Roy Clark has landed two, one of which weighed 21.14 lbs.

Every day sees a line-up of placid anglers along the shore who are meeting with greater or less success. The fame of the Hartland pool is spreading. A well known druggist of Fredericton was here a few days ago and booked a beauty with almost his first cast. The local sportsmen who try their luck within a stones throw of the Post Office get more and bigger salmon than those who travel all the way up to the Miramichi.

It was noted that fishing continued all day Sunday which is illegal, and if continued will likely result in trouble for some one.

SPIRITUAL CONFERENCE OF METHODISTS IN OCTOBER

Plans are being made by the Methodists of the Woodstock District, comprising the circuits of Woodstock, Jacksonville, Lindsay, Centerville, Andover, Canterbury, Debec, Florenceville and Hartland to hold a Spiritual Conference at Hartland on Wednesday, October 19, at which 100 lay delegates from the various churches are expected to attend.

A program for the morning, afternoon and evening is being arranged and addresses will be given by the lay delegates and prominent speakers from outside the district. The musical program will be under the direction of the Rev. Chas. Flemington, Andover.

RUM RUNNERS BUSY ON MAINE BORDER

Big Smuggling Operation in Progress—Hulton, Me. July 11—Another thrilling chapter has been written in the crusade against rum-runners now being written in Aroostook county.

Early Friday morning officers at Monticello attempted to stop a car carrying contraband. The car did not obey orders and 21 revolver shots were exchanged, the men in the car starting the fusillade which was answered by the officers. No one was injured. Other officers stopped the car and a battle with clubs ensued. One of the occupants of the car escaped by flight into the woods; the other was captured. A second car closely following the first, turned and escaped after an exciting chase by the officers to Canadian territory. The officers brought to Houlton their captures, a Hudson speedster, 1920 model, 275 quarts of Canadian whiskey and one prisoner who gave the name of Bill Lisotte and his residence as Arcadia, a small place above Carleton Place. These are the main facts of a very sensational affair.

All night Thursday until 2 o'clock Friday morning a number of officers awaited rum runners at Lowell hill, at the entrance to Monticello village. It is not disclosed if they had information of the coming of liquor cars or if they were merely waiting developments, but there they were when the car came at about 2 o'clock in the morning, hustling along at a swift pace.

In the official party were Deputy Sheriff James Ross of Monticello, Deputy George Graves and his son and Passmore of Monticello, customs house representative. Two of the officers were stationed at the top and two at the bottom of the hill.

As the car approached the officers at the bottom of the hill called upon the driver to stop. The response was a volley of bullets from an automatic revolver. The officers returned the bullets as the car went by and 21 shots were exchanged but with no fatalities and no one wounded.

The car, however, was stopped by the deputies at the top of the hill who leaped aboard the running board and were met by clubs in the hands of the two occupants of the car. A sharp struggle ensued which was ended when one of the men was overcome the other leaping from the car and escaping by flight in the woods, pursued at the time being useless.

The man who was captured refused to answer questions beyond giving his name of Bill Lisotte. He was considerably injured by the clubbing he received and was taken into a neighboring house where his wounds were washed.

A search of the car disclosed 275 quarts of Canadian whiskey which was taken to Houlton.

Things happened rapidly for hardly had the first car been sighted when another was soon coming rapidly behind the first. The second car was halted at the sound of the shots. The car had just come down an incline and was backed rapidly up the hill and away from the advancing deputies. The driver turned at the top of the hill before the deputies giving chase in their car could overtake him.

Then a dizzy race ensued. The cars were travelling, according to the deputies 60 miles an hour clip and the fugitive smugglers succeeded in holding their own until they reached the Bloomfield road, leading into Canada, and about six miles from where the chase started.

After the fugitives reached Canadian soil the officers relinquished the pursuit.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle. ANTOINETTE BOUCHER

917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle. ANTOINETTE BOUCHER.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

YOUNG WOMEN AVOID PAIN

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask. — "For two years I suffered from periodic pains and nausea so I was unable to get around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to go about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help any one, as I hope it will." — Miss Z. G. BLACKWELL, 2078 Oiler Place, Regina, Sask.

If every girl who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

tin Nixon and Willie Dow.

Mrs. Stephen Orser entertained her Sunday School class of young girls at tea Tuesday afternoon.

Mrs. Richard Nixon is visiting her son, Robert Nixon, at St. Stephen. Miss Jessie and Alice Teddie and Miss Rhena Brown left Saturday morning for Sussex where they will take a course at the Summer School, held there for four weeks. They were accompanied to Bonah Camp ground by Russell Brown.

Miss Gella Webb of Millville, is staying at Stephen Nixons.

On Friday morning Inez London, daughter of Mr. and Mrs. Fraser London, was operated on for appendicitis at her home by Dr. Macintosh. She was in a very critical condition, but at this time of writing is doing fine.

Miss Montague is the nurse in charge. Quite a number of the farmers have begun haying. It is reported very light in places, rain is very much needed at the present time. It seems the showers have all gone around us.

Milford Noble, has moved his family into Beecher Brown's house, back on the hill.

Miss Luella Brown, Devon, spent Sunday with her mother, Mrs. Ada Brown.

Miss Alice Teddie wrote the Normal school entrance exams. at Woodstock, last week.

R. B. Hagerman supplied for Rev. E. A. Trites on Sunday last, here.

BRISTOL BRIEVITIES

Miss Florence Noble of Woodstock is visiting Mr. and Mrs. E. R. Marich. Mrs. Frances McLean returned on Thursday from St. John.

Mr. and Mrs. H. V. Giberson of Bath were guests of Mr. and Mrs. J. S. Davis on Sunday.

Mrs. W. A. Kyle and Mrs. John Kyle of Moncton were guests of Mr. and Mrs. George Caldwell last week.

Maxwell Davis spent last week at Centreville with his sister, Mrs. L. A. White.

Mr. and Mrs. A. W. Phillips, Mrs. E. R. Marich and son George spent Tuesday in Woodstock.

Fred Bailey of Fredericton spent last week with Mr. and Mrs. S. N. Banks.

Mrs. J. E. Barter of Vancouver is visiting friends and relatives here.

On Monday evening the choir of the Baptist church met at the home of Mrs. William Bell where a very pleasant time was spent. After refreshments were served. Gordon Caldwell, on behalf of the choir, presented F. Cecil Long with a scarf pin in token of their appreciation of his services during the past year. The evening was enjoyed by all. Among those present were: Mrs. H. H. Banks, Mr. and Mrs. Guy Welch, Mr. and Mrs. E. R. Marich, Mr. and Mrs. Gordon Caldwell, Miss Alice K. Merritt and Miss Beulah Phillips.

Roy McCluskey returned from Bangor on Tuesday and is spending some time with his parents, Mr. and Mrs. E. R. McCluskey.

CLOVERDALE

Some of our men have been taking advantage of the dry weather by improving the roads. Last year and this summer they have turned out 1 1/2 miles long, 28 ft. wide, which makes a beautiful road. You should see the smile the motorists have when they see a good road ahead. This road was built free. The government has been too poor to support the roads so the people thought they had waded in mud long enough.

The many friends of Carvell Crabb are very glad to have him home again after a very serious operation for appendicitis. He was in Hartland seven weeks under the care of Miss Helen Neales.

Mr. and Mrs. Sam Wallace of Woodstock and Mr. and Mrs. Guy Williams and two boys of North Anson, Maine, were callers here last week.

There was a very bad thunder shower here last Thursday morning. Lightning struck Jacob Wallace's house and set it on fire. His son Alfred was going in the house with his dog at the time. The boy was burned very badly from shoulder to foot, and the dog killed. This week Alfred seems to be improving.

Mr. and Mrs. Jim Crabb and Mrs. Jones motored to Burt's Corner to attend the wedding of Miss Cora Jones.

Our school closed this week and we will miss our teacher who has been well liked by the whole place, and we all wish her every success wherever she may be. She is Miss Mary Griffith of Keswick, York Co.

THE COMING EXHIBITIONS

The C. P. R. announces the following dates of sale of tickets for coming provincial exhibitions as follows:

N. B. Provincial Exhibition—Date of sale Sept. 16 to 24, inclusive. Return limit Sept. 26.

St. John Exhibition—Dates, Sept. 2 to 10. Return limit Sept. 12.

BANK OF MONTREAL

ESTABLISHED OVER 100 YEARS

Total Assets in excess of \$500,000,000

Branches in London (England), Paris (France), New York, Chicago, San Francisco, Spokane, Mexico City, and Newfoundland. Correspondents everywhere.

One Car to 24 Persons.

There is a motor vehicle in the United States for every 24 persons; in Canada the proportion is probably one to each 50; in England, one to 200; in Denmark, one to 300; and in France, Belgium, Holland, Switzerland and Germany about one to every 400, says the Compressed Air Magazine, New York. In 1917 it was estimated that Italy had one car to each 1,000 of population; Portugal to each 1,890, Spain to each 1,900, Austria-Hungary, to each 2,350, and Russia to each 5,000. In Australia there was one for each 140 of population, and in South America, as a whole, one for each 1,430.

Many a minor city in the United States has more cars than the whole of China or Japan.

Famous Art Collection.

The unique collection of Chinese works of art made by the late Li Hung Chang, one-time viceroy of China, which for years collectors tried vainly to acquire, has finally been bought by a Swedish syndicate. The purchase price is understood to have been more than a million krona (nominally about \$250,000), but the intrinsic value of the collection is incalculable.

Li Hung Chang died in 1901. He had a collection of works of art larger than anything of its kind in the empire. It included numerous old paintings, bronzes of great worth and ancient ceramics. The bronzes date from a time before Christ and the paintings were done from the tenth to the twelfth centuries.

Radium Economy.

The use of radium on a large scale therapeutically involves danger of loss, and this factor has been a big one in inducing hospitals and clinics with a gram or more of the element in use to utilize radium emanation instead of applicators containing the radium itself. There has been installed in a Pittsburgh laboratory a collection, purification and testing of radium emanation obtained from a salt of the element. It differs from earlier apparatus in that liquid air is replaced by chemical means of purifying the emanations, which are felt to be more reliable. —Scientific American.

ANDOVER NOTES

Mrs. Grover Dorsey of Fort Fairfield is visiting Mrs. Roy Farnham of Aroostook Junction.

Mrs. Howard Porter of St. John is the guest of Mrs. Annie and Miss Grace Porter for a few weeks.

P. Savage of Woodstock was a business visitor in the two villages during the past week.

The friends who celebrated the annual family reunion last Monday at the home of Mrs. Chas. Everett were: Charles Baker and daughter, Miss Anna, of Carlingford; Mrs. Rodney Elliott and family of Fort Fairfield; Mr. and Mrs. Samuel Bishop and family of Carlingford and Mrs. Myra Merritt and daughter of Andover. A most pleasant day was spent by all.

Mrs. Roy Farnham of Aroostook Junction spent a few days of the past week with friends at Fort Fairfield. Miss Easter Merritt was successful in attaining the highest rank for the year in the Aroostook Jct. School and was presented with five dollars in gold.

Mrs. Charles Paget and little son of Litchford are visiting Mrs. Charles Everett and Mrs. Myra Merritt.

Mr. and Mrs. N. J. Wootton and daughters Miss Isabel and Frances are enjoying a motor trip to Halifax. Miss Christine Anderson of the Scotch Colony spent a few days of the past week with Miss Erma Bull.

Rev. J. R. and Mrs. Belyce and little daughter Elizabeth, are visiting some friends in St. John and Belyce's Point.

Mr. and Mrs. G. G. Porter and Mr. and Mrs. H. S. Wade are enjoying a week or two on the headwaters of the Tobique.

Mr. Grace Bull spent part of the past week in Presque Isle.

Mrs. John Grant of Aroostook Jct. has been the guest of relatives in Fort Fairfield for the past week.

Dyson Wallace, B. A., conducted the Normal School exams that were held in Andover during the past week. Mr. and Mrs. Dow Boone made a trip to St. John and return on Saturday.

The ladies of the Women's Institute had their annual picnic Tuesday afternoon on the pleasant grounds of Mrs. Samuel Work, Litchford.

Mrs. Charles Baker and little daughter of Riley Brook were recent visitors at the home of Mr. and Mrs. James Burns of Carlingford.

Several from Andover and Perth were at Grand Falls Wednesday to attend the game of baseball played between that town and Perth. The last

ter team were successful in winning the game with score 5-1.

Mrs. Haggerty of Cleveland, Ohio, and John P. Forrest of Fort Fairfield were in town Tuesday evening.

Mrs. John Grant of Kilburn was the guest of Mrs. Pringle Kelly last Monday.

Mrs. Martha Hagerman of Scotch Settlement is the guest of her sister, Mrs. H. H. Tibbitts and Mrs. Mary Curry.

William Sutton of Woodstock was a recent visitor in the two villages.

A son was born to Mr. and Mrs. Stanley Wagon last Tuesday.

Miss Anne Sutherland of Riley Brook was the guest of Miss Gertrude Tibbitts last Saturday.

Mrs. James Murphy of Red Rapids is visiting Mrs. H. A. Murphy of Aroostook Junction.

Percy Bull of Andover was very badly hurt Saturday afternoon when his automobile went over a bridge near the home of Fred Brown of Beldersville. Dr. A. F. Macintosh was summoned and the injured man conveyed to his home where he was attended. It was feared at first that he was very seriously injured but all are glad to know that hopes are held for his recovery.

Miss Jennie Wakem of Aroostook Junction is visiting friends at Centerville.

Mrs. John Anderson of the Barony spent a few days recently with friends in Andover and at Upper Kent.

Miss Alward, district nurse of St. John, passed through Perth Tuesday en route to Piaster Rock and Riley Brook.

Mr. and Mrs. Herman Jamer and two children motored to Woodstock Tuesday.

Mrs. McFarlane of Bangor was in town the early part of the week. This is Mrs. MacFarlane's first visit to Andover in seventeen years and many old friends extend to her a hearty welcome.

Henry C. Baird leaves today, Monday, for St. John and Digby, where he will visit friends for a week or two.

Sincere sympathy is extended to Mr. and Mrs. William Adam of Bon Accord in the loss of their daughter, Emily, aged seventeen years. Miss Adam recently underwent an operation for appendicitis in the hospital at Fort Fairfield from which she did not recover.

Rev. Francis H. Hine and Mrs. Hine of Cleveland, Ohio, were in town Thursday evening. Mr. and Mrs. Hine are staying in Fort Fairfield for a

month or two.

Mr. and Mrs. Lee Lundy of Boston were recent visitors at the home of Mr. and Mrs. Ray Murphy of Aroostook Jct.

Mrs. H. H. Tibbitts, Mrs. Martha Hagerman, Mrs. John Anderson and Mrs. F. M. Howard motored to Upper Kent Wednesday evening.

Mr. and Mrs. Shepherd Wright are receiving congratulation upon the arrival of a baby girl.

Mr. and Mrs. Frank L. Titus are visiting old friends at Hampton.

W. A. Gillett is visiting Mr. and Mrs. Ernest Marsters and his daughter, Miss Violet Gillett of Toronto.

Mr. and Mrs. Lewis Hutcheon and family are spending a few weeks at Backport, Me.

Bruce Waugh of Aroostook Junction suffered from a slight stroke last Wednesday.

Rev. C. O. Howlett united in marriage on June 17, Miss Margaret Purvis of Three Brooks to Frederick Archibald Walker of South Tilly.

The Misses Morris of Limestone are guests of Mr. and Mrs. George and Mrs. James Wright.

Mrs. Patrick Heffernan and Mrs. J. W. Niles spent Saturday at Hillsdale the guest of Mrs. Harry and Miss Gertrude Thomas.

Mrs. Melville and little daughter of Florenceville were week-end guests of Mrs. E. J. Waugh.

Mr. and Mrs. Seth Salmon, Miss Jewel and Paul Salmon of Upper Kent spent Sunday in town with Mrs. W. A. Gillett and Mrs. Ivan Rivers.

Mrs. Havelock Kelly of Peace River Alberta, was calling upon Andover friends during the past week. All were pleased to see Mrs. Kelly in town after an absence of eight years.

Mr. and Mrs. Bennett and Dr. and Mr. and Mrs. Bennett and Dr. and spending a week or two with Mr. Aaron and Miss Cecil Shuen.

Benjamin Reed of St. Elmo was a recent visitor in the two villages.

Mr. and Mrs. George Upham of Woodstock spent the week-end in town.

PERTH LOCALS

George W. Upham and family of Fredericton, were in town Saturday by auto.

M. L. Stewart and sister Miss Esme who have been spending the summer with their brother, contractor B. R. Stewart in Taymouth, York county, were summoned home last week on the very serious illness of their father, J. B. Stewart.

Sherry S. Anderson, who has been spending the summer at Musquash, where he had a position with the N. B. Construction Co., returned home on the late train Saturday.

H. H. Hatfield of Harland was in the town last week.

Mr. and Mrs. Stanley E. Waugh of this place, who have been spending the summer months at their farm in Upper Andover, are receiving congratulations on the arrival of a son at their home early on Wednesday morning, July 6.

Mrs. L. A. Fenwick of Jacksonville was called here last week to see her father, James Stewart who is ill.

Mr. and Mrs. F. D. Sadler and son Harry, left on Wednesday for St. John where they will spend several days.

L. A. Anderson of the Surveyor-General's office, Forestry Department, Minneapolis, was in town last week, calling on M. H. Craig, whom he had not seen for about 30 years.

Mr. and Mrs. Frank White, Mr. and Mrs. H. O. White and Misses Dorothy and Margaret of Fort Fairfield, called on friends here on Sunday.

The Boy Scouts enjoyed a picnic supper up the gulch on Sunday. Grover Craig of the U. S. Navy, was the guest of honor. The Scouts expect to go on Friday to Oxbow for the week-end.

Mrs. Earle Brewer was obliged to take her little son to Fredericton on Friday for treatment at the hospital. The little child has just had a bad attack of pneumonia and it was found necessary to operate.

Last week M. H. Craig spent a few days in Hamilton with his son Roy. Miss Annie Wakem and two brothers, Frank and Murray are spending a few days in Carleton county.

CROP REPORT, JULY 5

Department of Agriculture, Province of New Brunswick

Reports from District Agricultural Representatives state that prospects for hay are very bad, indications pointing to a seventy-five per cent crop

Grass pasture greatly in need of rain. Fruit prospects only fair, strawberries in particular being very few.

Tent Caterpillars have done much damage to fruit trees. In some Northern sections the cut-worms have attacked grain fields and caused serious loss.

Potato fields show a large percentage of missing hills. The indications are that Potato and Flea beetles will be more numerous and more destructive this year than for many years past.

Root crops generally are not promising; many fields have required to be re-sown. Country beef and lambs are very plentiful.

MT. PLEASANT SCHOOL

The average for Mt. Pleasant school for term ending June 30, are as follows:

Grade V—Bernice Lloyd 90.2; Max Rideout 72.5; Emily Lloyd 83.9.
Grade IV—Maude Campbell 68.1, Essie Drake 79.7.
Grade IIIa—Willie Hallett 77.9; Gordon Cheney 69.1; Albert Hallett 86.3; Berton Lloyd 62.2; Lily Campbell 67.3; Vera Treacart 41.4.
Grade IIIb—James Crandlemire 77.6; Edna Foster 68.1.
Grade IIa—Aubrey Crandlemire 70.7; Muriel Craig 71.3; Fred Stephenson 66.3; Avis Somerville 82.5; Talmage Campbell 69.3.
Grade IIb—Myrtle Stephenson 85.5; Anna Craig 95; Clifford Adams 71.5; Douglas Lloyd 92.
Grade I—Miles Craig 51.5; George Adams 75; Charles Derrah 74.

Keeps Motors Smooth Running

Quality maintains economy. You may pay less "per gallon" for other lubricating oils but you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

USERS of Imperial Polarine Motor Oils enjoy a singular freedom from engine trouble, which is at once a source of profit and pleasure to them.

Every bearing and rubbing surface is cushioned with an unbreakable oil film which relieves friction and minimizes wear. Good compression is also maintained, saving both fuel and oil and increasing power.

Lessened repair bills, lower upkeep costs, better satisfaction and longer service from your car follow the use of Imperial Polarine Motor Oils.

Consult our Chart of Recommendations for the grade of Imperial Polarine best suited to your motor. See Charts at your dealers or write to 56 Church Street for "Automotive Lubrication," a booklet which contains the Chart and other valuable information.

IMPERIAL OIL LIMITED

Branches in all Cities

FOR A CLEAN EFFICIENT MOTOR

The crank case of your motor should be drained, cleaned and refilled with fresh Imperial Polarine every 1,000 miles or less. Dealers who display this sign give expert crank case cleaning service, using Imperial Flushing Oil, a scientific cleaning agent which removes all dirt, grit and impurities which are so harmful to your engine. It will pay you well to employ Imperial Polarine Crank-Case Service to-day.

Purity-Quality-Economy
The combination of purity, quality and economy has made **Magic Baking Powder** the standard baking powder of Canada. **Positively contains no alum or other injurious substitutes.** Its use insures perfect satisfaction. **"Costs no more than the ordinary kinds"**

THE OBSERVER

Published every Thursday in the interests of Carleton and Victoria counties from the office in the Town of Hartland, N. B. Liberal in politics and practicing the apostolic injunction to "Provide things honest in the sight of all men." Owned by The Observer Limited, Fred. H. Stevens, Editor and Manager. Branch office at Grand Falls.

SUBSCRIPTIONS, in Canada, \$2.00 a year; in the U. S. \$2.50, cash. The paper will be sent until a written order to discontinue is received and all dues are paid.

ADVERTISEMENTS: Small ads of 30 words or less will be inserted one week for 50 cents, 3 weeks for \$1.00. Rates for larger ads on application. All forms of announcements except births, marriages, deaths and church services must be paid for.

Items and correspondence on live local topics are invited. Address all communications and make all orders payable to Observer Limited, Hartland, N. B.

HARTLAND, N. B., JULY 14, 1921.

MARITIME HOME FOR GIRLS

Rev. V. M. Purdy, Financial Agent,
Touring County in the Interest
of this Worthy Institute

Rev. V. M. Purdy, financial agent of the institution, is touring the county in the interest of the Maritime Home for Delinquent Girls. He was here six years ago when the institution was first started and he relates to The Observer a story of remarkable success attending the Home.

A Reformatory Home and School for Protestant delinquent girls of the Maritime Provinces. The Provincial Governments legally recognize the institution and legislation secures grants for its maintenance.

The delinquent girl is one under sixteen years of age beginning a life of crime or vice. She is committed by process of law, and may be held past her sixteenth year. After her training in domestic and religious life she is placed in a foster home, or returned to her former home if it is morally fit. By far the most of delinquent girls never had a fighting chance. A large majority of them can be reclaimed. Maternity cases are not received.

The present housing is inadequate, hence too many reclaimable girls are debarred from reformatory advantages. Protestants must voluntarily provide the money necessary for additional buildings. The Roman Catholic Church has carried on this preventive work for several years, and has helped many Protestant delinquent girls, but Protestants, in self-respect, should care for their own.

We must reform a delinquent girl or keep a criminal. To do the former is more promising and profitable. It is more effective and less costly. It is better to prevent crime than to punish the criminal.

A wise statesman once said, "We are civilized fools, to let children go to the bad and then provide expensive jails for criminals."

By far the great majority of girls sent to the school come out clean and wholesome. Only in very few cases has any one of them gone back to an evil life. Those who have been placed on probation in selected homes have made a remarkable showing and one of the features of this showing is that almost invariably the girls who have been freed from the institution want to spend their vacations at the "home" where they received moral encouragement and a fair start in life. Another remarkable feature is that the girls of the school passed their examinations with higher averages than all the pupils of two counties.

The present need of the institution is not for money for maintenance but for new buildings so that all the girls sent or sentenced to the Home may be accommodated. This is not now the case. There are 62 girls which taxes the capacity of the present equipment of buildings.

Those who wish to contribute to this good work may hand their offering to Mr. Purdy or mail it to him at Truro, N. S.

RIVER BANK SCHOOL

Following is the result of the June examinations of the River Bank school:

Grade VIII—Pearl Long 77.8, Jennie B. Bell 71.2.
Grade VII—Dorothy Grant 92.6, Dorothy Long 87.5, Leota Montgomery 79.7.
Grade V—Helen Shaw 80.95.
Grade IV—Tilly Shaw 70.3, Marjorie Ebbett 68.4, Pauline Lovely 61.1, Evelyn Brooker 57, Marjorie Shaw 54.4.
Grade II—Clayton Milbury 85.3, Earle Hunter 82.5, Bernice Shaw 64.7.

Vera Foster 60.8.
Grade I—Velma Foster 100, Martha Grant 70, Eva Tompkins 56.
Vida G. Hamilton

BEST GAME OF BALL YET PLAYED

By all odds the most scientific game of ball ever played in Hartland was that on Tuesday, when Isl and Falls came over to follow their streak of luck and walloped Hartland. The visitors made three runs but the effort cost them hard work and much strategy. Hartland team was no easy picking this time. It is said that Isl and Falls ransacked the state of Maine for their talent, and they seemed to have got it. Hartland team had the support of two Florenceville players, Hare as catcher, and Estabrooks as short stop. With this assistance they succeeded in holding their heavy weight opponents within reason.

It was skillful ball all through, practically without an error on either side. Hartland got only one man on bases and that was James Lavigne, who died at third. Each team had but one hit. The game was marked by absolutely no wrangling and yet was the most serious that has been played on this diamond. Boyne was placed at second at the last moment and in this position he did pretty work. Hare of Florenceville stood behind the plate and held the post on most credibly. A detailed report of the game will be published next week.

GRAND FALLS

The play "Sleeping Beauty" was repeated here again last night at the request of the people. The hall was packed and everybody enjoyed it very much. The children took their parts splendidly. Their play was given in aid of the Anglican church. Great credit is due to the directors, Rev. Mr. and Mrs. A. J. Paterson.

Mrs. George McMillan and master Herman left for Old Orchard, Portland and other places last Wednesday. Mr. and Mrs. Allan McLaughlin were over to Limestone for the weekend. Mr. McLaughlin has been very busy lately along the border with the American Revenue officers. Liquor conditions are in a very bad state over along the border now as there is so much liquor being brought in by cars from Madawaska county. It is hard for the inspectors to keep the liquor down when nothing is being done in Madawaska.

Rolfe Kilpatrick went to St. John Monday, where he expects to stay a couple of months.

A ball game was played here on Wednesday last between Perth and Grand Falls, the scores being 9 to 1 in favor of Perth. The boys here seemed to lack interest in the game as they had not fully recovered from the call down in Perth on July 1. The team had played very well before this event and all seemed to take great interest in any game that had been played before this season, but there is always somebody to take the joy out of life.

LOCATION OF NEW SIDEWALKS DECIDED

On Thursday evening of last week there was a special meeting of the Town Council to decide whether to build the new Main street sidewalk inside the line row of trees on the east side of the street. The trees are very ornamental and it is quite out of the question to consider their removal. To build the sidewalk inside, as had been the idea of some, would destroy the lawns in front of the residences, and the council finally decided that the walk from the corner of Queen to Prince street be built outside the trees but as close to them as practicable.

A PLEASANT OUTING

A few days ago George P. Bartt, loaded into his car his relatives, Mr. and Mrs. H. S. Belyea of Vancouver, Miss Ella Belyea and Miss Emma Graham, and with the running boards piled with good eats and camping outfit, started up the east side of the river. Camping by the wayside where ever mealtime overtook them they crossed over to Mars Hill, where old acquaintances were visited, and returned home by way of the west side of the river. The party voted Mr. Bartt capital entertainer when he gets started.

ENTERTAINMENT COMING

Three bright young ladies of Carleton county, Miss Willa Semple of east Florenceville who has studied pianoforte at Mt. Allison and the Boston Conservatory of Music, and Misses Hilda and Grace Page of Centerville, the former a mezzo soprano with training at Acadia conservatory, and the latter a graduate of oratory department, are touring the county.

They are giving very entertaining recitals and will be in Hartland on July 26. The young ladies are training for Chautauqua work and if reports are true they have not far to go to get into Chautauqua class.

NEVERS-GRANT

On July 7 at the home of the officiating clergyman, Rev. H. V. Bragdon Stickney, Miss Emmeline A. Grant was united in marriage to John M. Nevers, both of Hartland. The happy couple will reside in Hartland where Mr. Nevers is engaged in business.

ANDOVER NOTES

Mr. and Mrs. J. Wiley Grant and daughter, Shirley, were callers at Bairdville on Sunday.

Mrs. Harry Armstrong and two children, Martha and Margaret of Belleview, Mass., were visiting Mrs. Armstrong's sister, Mrs. Chas. Baird on Sunday, also Reuben Kilpatrick, Eugene Kinney and two brothers and sister, also Miss Mildred Baird, motored to Greenfield on Friday returning Sunday.

Emery Baird has been visiting relatives in Greenfield.

We were all sorry to hear that Jas. Bradley, who was attending the military drill at Woodstock, was operated on last Monday for appendicitis.

A number of the boys who attended the drill at Woodstock returned home on Saturday.

Miss Hazel Lamoreaux has been visiting her sister, Mrs. Rex Flewelling of Easton.

Mr. and Mrs. James Howlett and son, Harrison, also Mrs. Frank Baird and Mrs. Hugh Evers motored to Grand Falls on Wednesday.

BAIRDVILLE

On Wednesday evening July 6th, Mrs. Herbert and Mrs. Harry Kilpatrick of Florenceville, entertained informally a few of their friends in honor of Mrs. John McKnight, Mr. Kilpatrick's sister. Among those present were Mrs. John McKnight, Frederick Holmes, Vernon, Miss Hutchins-McCann, Wolfville, Mr. Lewis, Truro. Old acquaintances were renewed and a pleasant time spent in conversation.

ation and music. Refreshments were served.

Herbert Kilpatrick of Greenfield, who is spending the summer in the Okanagan Valley, B. C. reports a very rainy season there and an abundance of fruit.

Mr. and Mrs. Gurney Day and family, and Mrs. G. H. Gunnison and George Stevens spent Tuesday at Woodstock.

Mrs. G. H. Gunnison and daughter, Miss Geneva G. Stevens of Boston, Mass. are guests at the home of her brother, Gurney Day of Upper Bright.

Popular Organist Rejected

Musicians have never been well paid. At the William and Mary coronation Henry Purcell, who is regarded as the greatest of all the early English master musicians, attempted to add to his income by admitting a few spectators to the organ-loft of Westminster Abbey, where he was organist, at a somewhat heavy charge. But the Dean and Chapter heard what he had done and claimed the money. In his recent book, "Twelve Good Musicians," Sir Fredrick Bridge quotes the following Chapter order: "April 18th, 1669. It is ordered that Mr. Purcell, organist to ye Dean and Chapter of Westminster, do pay to the hand of Mr. John Neecham, Receiver of the College, all such moneys as was received by him for places in the organ loft at ye Coronation of King William and Queen Mary, by or before Saturday next, being ye 25th day of this instant April. And in default thereof his place is ordered to be null and void. And it is further ordered that his stipend or salary due at our Lady Day next be detained in the hands of the Treasurer until further order." And Purcell was compelled to hand over £78 4s. 6d.

Popular British Melody

It is said that no British melody has ever had such a phenomenal transatlantic success as "God Bless the Prince of Wales." It was played by bands and sung by crowds everywhere in Canada and the United States during the prince's visit. Yet how many people are aware that the song, which has become a second national anthem, is itself less than sixty years old. Of that a little over a year ago there occurred the centenary of its composer, Henry Brinsley Richards, who was born at Carmarthen, Wales, in November, 1817. "God Bless the Prince of Wales" was first published in 1905, and five years later, on St. David's Day, its composer was presented to King Edward, then Prince of Wales, who offered the Welsh musician royal felicitations on his addition to Britain's national songs.

Special Discount on Sprayers

For the next 15 days. See us or our agents in Brown Sprayers.

The BROWN SPRAYOR is the favorite with the potato growers for the reason that it has a 100 gallon tank made ofypress wood that resists the liquid better than any other wood known. It sprays six rows at a time and is fitted with a whirl spray nozzle, that gets the liquid over every part of the plant. The prodigious pump is got by double cylinder displacement pump fitted with brass plungers and packed with graphite packing, also large air pump fitted with all cheek valves that can be ground. Runs on the axle, doing away with all strain on the frame giving an overcast balance when tank is full of liquid. Has revolving twin paddles in tank to give a perfect mixture of Bordeaux. Has hickory seven wheels 31 in. tire wheels and 1 1/2 in. cold rolled steel axle that does not break. Also fitted with steel frame that does not sag sides. As we can only procure a limited number of these for 1921 Farmers will do well to place their order with us early, or with one of the following Agents:

BELL MOTOR SALES CO.	Woodstock, N. B.
WM. GAUNCE	Upper Kent, N. B.
BISHOP GRAHAM	Perth, N. B.

Local News and Personal Items

The Observer takes every pains to help make this interesting by contributing local news of personal items they may have about. The editor must depend on the reader to supply him with the news. Don't blame the editor if what you see in the paper is not what you want. We want to see the paper in the hands of the people. Anything to the nature of advertising appearing in these columns will be for the benefit of the community. This applies to Cards of Thanks, Announcements of Births, Deaths, Weddings, etc. The charge for these items will be 10 cents a line. Send the money with the item, enclosing the words as a line. No advt. less than 20 a week.

Born to Mr. and Mrs. Burwell Graham, July 12, a daughter.

J. W. Doucette left on Monday for a visit on Deer Island which is his birthplace.

Miss Myra DeWitt of Woodstock has been visiting her grandmother, Mrs. A. B. Plumer.

Miss Edna Hagerman, stenographer for J. Clark & Son at Grand Falls, is home for her vacation.

County Warden E. W. Melville returned last week from a pleasant business trip to Toronto.

On Saturday Mrs. Jane Noyes upset a pan of boiling water, scalding one of her limbs very severely.

Mrs. Pyne, a sister of the late D. H. Kewick of Hartland, and very well known here, died on Sunday at Lynn, Mass.

Typewriter for sale—L. C. Smith with 15 inch carriage. Good condition and would cost now \$150. Can be seen at Observer office.

Mrs. R. L. Shams with her two children, was a recent guest of her parents, Mr. and Mrs. John Glass.

Sugar, molasses and paraffine are all cheaper. Get Carr's prices before purchasing.

Miss Grace Donkin, who is employed in the millinery department of Manchester, Robertson, Allison, St. John, is home for her vacation.

Herbert Kilpatrick, Greenfield, who is spending the summer in the Okanagan Valley, B. C., reports a very rainy season there and an abundance of fruit.

Bert Shprella, Rideout of Somerville and Miss Jennie Elizabeth McKay of Florenceville were married Wednesday morning at the United Baptist parsonage by Rev. R. A. Tritts.

Rev. and Mrs. J. M. Mallory of Middle Simonds, are guests this week of Mr. and Mrs. W. F. Cogswell and E. P. Sprague and family. Mr. and Mrs. Edwin Lipsitt and Mr. and Mrs. Charles Palmer of Waterville were among recent auto parties in town—Fort Fairfield Review.

The Hartland ball team went to Florenceville on Friday and played the team of that town, winning the game in a score of 5-3. The manager of the Florenceville team protested the game as counting in the league score on account of Hartland playing two outside men. Thus the event goes into history as an "exhibition game."

Rev. F. R. Hayward, Ph.D. of Toronto, with his family, is visiting his brother, M. L. Hayward at Hartland and Mrs. Hayward's relatives in Woodstock. He holds an important position in connection with the National Council of the Y. M. C. A. and is editor of the Canadian Mentor, a monthly publication for the leaders in Canadian Standard Efficiency Training, and is also a contributor each week to the B. Y. P. U. column in the Canadian Baptist. Dr. Hayward is one of our own boys of whom we may be proud.

Born to Mr. and Mrs. James Hovey, July 4 a son.

A. B. Lovely of East Florenceville was in town yesterday.

Born to Mr. and Mrs. Frank Shaw, Somerville, July 6 a daughter.

For sale—a new milch Jersey cow. Apply to Harvey Palmer, Hartland.

Wanted—A few cars of good bright hay. Phone C. M. Rideout, Hartland.

Mr. and Mrs. E. F. Cudworth of Greenfield, Mass., are visiting Mrs. J. S. Panikner.

On Sunday a nine-pound baby girl arrived at the home of Mr. and Mrs. Paul Raymond of Middle Simonds.

A. A. Moore returned last week from Luceville, Que., where he was employed as starch maker in the factory of F. G. Scott.

Hon. F. B. and Mrs. Carvell, Mr. and Mrs. A. G. Bailey and Dr. Rutherford of Ottawa were guests of Sheriff and Mrs. Foster on Sunday.

Remember the Church of England picnic on the Village Green next Tuesday, July 19. This annual event is always a pleasure-giving one and should attract a large crowd.

Hartfield and Co., give warning that any parties found trespassing in or around the woodworking or starch factories will be prosecuted. The buildings have been broken into on several occasions of late.

Mr. and Mrs. H. H. Hatfield, Misses Helen and Gertrude Raymond, Miss Lyda Reid and Miss Beatrice Tompkins left on Friday for several weeks sojourn at Old Orchard Beach, Me., where they will occupy a cottage.

Next year's convention of the Canadian Weekly Newspapers Association will be held in Halifax and the excursion is likely to include the St. John Valley from Edmundston to St. John.

For sale—a mowing machine and raking machine, both new last year; will be sold at a bargain. May be seen at Rockland. Enquire of Barry Drake, Hartland for further particulars.

Last Thursday the record for high temperature was again broken when the mercury attained an altitude of 97 degrees. The record for the Sunday before was erroneously given, the correct figure being 94.

Wanted—An experienced second class female teacher for School District No. 2, Parish of Wakefield. Apply stating salary to Havelock Hoyt, Hartland, R. R. 2. Farmers' phone 3-21.

Miss Viola Hassan and Miss Viola Parkhill of Chipman were guests of Mrs. L. A. J. Ward and Mrs. W. F. Thornton last week.

The junior baseball team of Plaster Rock came to Hartland on Monday and played nine innings with the Hartland Juniors. The score stood 5 to 3 in favor of the Hartland Juniors who had the assistance of two of the regular team. The game was very quiet and the visiting boys show promise of becoming good sportsmen.

Born to Mr. and Mrs. Stanley DeWitt, July 7, a son.

Carr wants eggs and packed butter, but cannot handle prints.

Persons wanting wood either 16 inch or 2 foot, call on Clyde Rideout. 4-3. Buy an oil stove at Carr's and save money. Its cheaper than burning wood, and Oh! the comfort.

The Observer is asked to state that those found fishing on Sunday will be prosecuted to the full extent of the law.

F. A. Alton and family left on Monday morning for Beniah camp grounds where they will occupy a cottage for a time.

A. B. Craig and Shirley Craig of Millinocket motored over on Monday and visited Mrs. Craig's sister, Mrs. John Glass.

Farmers are deep in the process of haying, and while the crop is light the wonder is that in view of the long drought there is any hay at all.

Miss Agnes Beirya left on Saturday for Beniah camp. After spending a few days there she will proceed to Sussex to attend the summer school for teachers.

Miss Inez London, daughter of Fraser London, Lower Brighton, was taken ill with appendicitis at her sister's in Centreville, became suddenly worse after being moved home and was operated on by Dr. Macintosh. Abscess had formed and her condition is considered serious. Miss Montague of Woodstock is nurse.

On Wednesday evening, July 6, Mrs. Herbert and Mrs. Harry Kilpatrick of Florenceville entertained informally a few of their friends in honor of Mrs. John McKnight, Mr. Kilpatrick's sister. Among those present were Mrs. John McKnight, Fredericton, Miss Janie Kinney, Formosa, Mrs. Sam Long, Bristol Columbia, Miss Elizabeth Holmes, Vermont, Miss Hughina McCain, Wolfville, Mr. Lewis, Truro. Old acquaintances were renewed and a pleasant time spent in conversation and music. Refreshments were served.

The following have been operated on lately for throat troubles by Dr. Macintosh, tonsils and adenoids being removed. Donald Quick of Lansdowne, Mrs. Stanley Shaw's child, Lower Windsor, four children of John Wallace, Howard Brook, Beniah Macintosh, Mrs. D. Scott and Arthur Scott of Centre Glassville, Eda Saunders' child of Wakefield, Winnifred Shaw, Mainstream and Allison Shaw of Wapske.

PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the question: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? and Why has this preparation so far outstripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten ingredients in Tanlac. Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says:

"It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 13th Edition of Potter's Therapeutics, a standard medical text-book, states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down condition," uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in

Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonic which is called health.

The United States Dispensary makes the following comment regarding another ingredient:

"It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text-books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood stream passing through them. In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

Tonic and Body Builder

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

CARLETON CO. COUNCIL

Report of the Session, June, 1921
TUESDAY MORNING
(Official Report)

The semi-annual meeting of the County Council opened at 11 a.m. on Tuesday morning. Warden Melville in the chair. Officials present: Rev. M. E. Conron, chaplain; J. C. Hartley, secretary-treasurer; Chas. Comben, auditor; J. F. Maloney, reporter; Herbert Holmes, janitor; H. V. Moores, deputy sheriff.

The personnel of the County Council follows:

Aberdeen—Arthur McIntosh, Jas. Miller.

Brighton—W. D. Keith, Fred W. Smith, M. L. A.

Kent—G. W. Perry, Stephen Kinney.

Northampton—Henry Phillips, Arthur Gibson.

Peel—E. W. Melville, Frank L. Tompkins.

Richmond—W. E. Fleming, K. E. Dalling.

Simonds—Oscar Shaw, James Peters.

Wakenfield—Robert Bell, Harley Hannah.

Wicklow—R. K. Tracey, M. L. A.

John Fulton.

Willmot—W. F. Anderson, H. P. Carvell.

Woodstock Parish—F. Byron Bull, Charles Clark.

Woodstock Town—H. D. Stevens, James W. Gallagher, Alex. Benn.

Hardland Town—Jas. S. Faulkner.

Rev. M. E. Conron, Methodist, a returned chaplain, opened the proceedings with prayer.

The National Anthem, led by ex-warden E. C. Morgan of Hardland, was sung by the councillors.

The secretary-treasurer read the minutes of the January session which were approved.

Moved by Coun. Keith, seconded by Coun. Miller, that a committee be appointed to take up bills and accounts and report as soon as ready.

Carried.

The warden appointed Couns. Keith, McIntosh, Stevens, said committee.

Warden—Can we have a report from the dog tax committee before dinner?

Coun. Carvell—I was a member of that committee but I rather left it to the county members who are members of the Legislature.

Coun. Tracey—When I went to Fredericton I took the question up with the Premier. I asked him if it could not be arranged to leave the enforcing of non-enforcing of the dog law to the Municipal Councils. He was agreeable and referred me to the minister of agriculture. Mr. Smith said I called upon that gentleman; he had a bill drafted to meet our wishes.

While I was a member of the Agricultural committee, I was unable to attend as I was a member of another committee. When the bill came before the Agricultural committee, it met with objections so strong that it could not get through. I took the matter up in the House, but as the Agricultural committee did not approve of it, and the law had so many sympathizers, that I could not make headway. If we could get a resolution through the Farmers and Dairymen's Association, favorable to a change,

Sure.

When you buy King Cole Tea you are sure—sure of that full rich flavor that has won for it its widespread sale.

"You'll like the Flavor"

Are you sure of the tea you are buying?

something might be done at next session of the House.

Warden Melville—Did you tell them that we had a notion to take the law in our own hands?

Coun. Tracey—Yes, but it did not scare them one bit. The Agricultural committee thought that the change was too radical and would hurt the whole law.

Coun. Smith—I was a member of the Agricultural committee and en-

deavored to get the change. The minister of agriculture promised to make the change. Mr. Robichaud of the North Shore opposed it so strongly that the minister of agriculture dropped the bill.

Coun. Perry—I was on the committee but as we had the honor of having two members in the House it took the responsibility off our hands. When the law is put on a district, it seems to be hard to get it off. We certainly should

have some redress. The government should place the power in the hands of the Municipal Councils. The election for Councillors comes often, and we are more scared of the people than any other legislative body.

J. S. Leighton—As one of the valuers, I said that the work entails a lot of labor. I would suggest that you appoint a committee to consult with the valuers.

CARLETON COUNTY COUNCIL
(Continued from 6th page)

Moved by Coun. Stevens, seconded by Coun. Bell, that a committee of five be appointed to confer with the valuator and report when ready.

Carried.

The warden appointed Couns. Bell, Carvell, Keith, Phillips and Flemming said committee.

TUESDAY AFTERNOON
Council met at 2 p.m., Warden Melville in chair. All councillors present, but Couns. Hannish and Clark.

IMPROVEMENTS IN RECORD OFFICE

Donald Munro, recorder, was heard before the board. Mr. Munro said: There is a phone in the Court House now, but in the interests of the county one should be placed in the Registry Office. It would cost \$30 a year, less 25 per cent to public utilities, which would make the price \$22.50 a year. We are now using the Elliot Fisher Typewriter machine. Since April 27, 1914, this machine has filed 14 books, and typed 3557 documents. Similar machines were in use and had been discarded in the registry offices of St. John, Westmorland and York counties. All up to date offices are now using Remington Typewriter, with loose leaf books. A letter from the provincial secretary to me advised that Carleton County purchase two Remingtons for our buildings, etc. Carleton County is considered one of the most up to date counties in the province, but it is behind the times in the particulars mentioned. A Remington Typewriter will cost \$165 and each book will cost \$47.50. We used three books last year, but as a result two books will do one year. We might get along with one Typewriter. The office receipts last year were \$3800 for York and \$3850 for Carleton.

Moved by Coun. Bull, seconded by Coun. Perry, that the Building Committee take the matter up and deal with it as it thinks fit.

Coun. Stevens—There is no advantage in delay. The cost of repairs to the old machine and expressage is a big item every year.

Mr. Munro—You might be able to sell the old machines but to be frank with you I don't think you can. My information is that St. John and York counties have not been able to sell the old ones they formerly used.

Carried.

Moved by Coun. Stevens, seconded by Coun. Benn, that the request of Mr. Munro be granted and that a telephone be installed by the Building Committee in the Registry Office.

Carried.

Every 10¢ Packet of

WILSON'S FLY PADS

WILL KILL MORE FLIES THAN 50¢ WORTH OF ANY STICKY FLY CATCHER

Clean to handle. Sold by all Druggists, Grocers and General Stores.

THE DOG TAX

Coun. Tracey—Coun. Perry thinks I should be censured for not attending a meeting of the Agricultural committee. I had other duties to perform and my colleague, Coun. Smith was looking after the interests of the county at that committee. Coun. Perry's parish is much interested in the dog law and as he was a member of the committee he had a chance to do something for his parish.

Coun. Perry—When Couns. Tracey and Smith, at last meeting of Council, refrained from entering the discussion about the dog tax, as they did not want to commit themselves, I was sure they would look after the matter more vigorously when they reached Fredericton.

A COUNTY VALUATION

Coun. Bell, on behalf of the committee, reported as follows:

Your committee met Mr. Leighton and Mr. Morgan of the Board of Valuers and it was pointed out to the committee that a proper estimate as recommended by law would entail an expenditure of probably \$10,000 and cover a period of possibly two years and in order to be properly kept up to date would require a lot of work each year recording transfer, etc., and your committee would recommend that instead of such a valuation being taken that the valuator take an actual valuation of say two or more properties in each school district or somewhere near that basis and decide from such a valuation what percentage of valuation the parish assessors are working on and in that way arrive at a proper basis to determine the value of each parish as between the parishes for county purposes.

Robert Bell
H. P. Carvell
W. D. Keith
E. A. Flemming
Henry Phillips

Moved by Coun. Bell, seconded by

received

Coun. Stevens—What will it probable cost and how long will it take to do the work?

Coun. Bell—It would be hard to tell the cost and the work will take three or four weeks.

Coun. Tompkins—I fully believe there has been a great change in the valuation in 20 years. The average assessor is not doing the work; he is merely copying from the former valuation. I have advised our assessors to go into the work thoroughly, particularly on the property along the river.

Moved by Coun. Faulkner, seconded by Coun. Tompkins, that the chairman of the valuator be heard before the board. Carried.

Mr. Leighton said that he had looked up the law on the subject of a county valuation, and visited Fredericton and St. John. If a valuation was made as was done in York and St. John counties it would cost a lot of money and take two summers to complete the work. We purpose getting data from the secretary's office. Then we will take one or two farms in each school district, and can finish the work in three or four weeks.

Coun. Stevens—What will it cost?

Mr. Leighton—The three of us will travel by auto, the latter to cost 20 cents a mile. We will not cover the ground twice. We will make the cost as light as we possibly can. We will get a good valuation as between parish and parish, which is what is required.

Mr. Morgan—We would like advice as to whether this board should or should not make a valuation of the town of Woodstock.

Mr. Hartley—By legislation, the town of Woodstock pays one seventh of the whole cost for running the county, but think it would be wise to make a valuation of the town of Woodstock, so that we may have the total valuation for the county, but it will not affect the payment that Woodstock Town now makes. That change would have to be made by legislation.

Carried.

SOLDIERS MONUMENT

Coun. Anderson—After last session of the Council, we wrote Mr. Tarbox about his contract but could get but little information. We cancelled the contract with Mr. Tarbox. Coun. Gallagher and myself, Coun. Tompkins concurring, then made a contract with H. McCafferty & Sons, St. George. The old contract was for \$5700. The new contract is for \$8300. We had accumulated interest of \$427.50, which when used, made the cost only \$172.50 more than the old contract. There will now be 142 names of soldiers on the monument. The McGratton people are a reputable firm and the work will be high class. The monument will be placed on the county grounds on or before Sept. 30, 1921.

Coun. Gallagher—We found that the relative of every soldier who died during the last two years wanted these soldiers names on the monument, and we found that the four sides would not hold the names. The sides were four feet six inches square, and we had to raise them six inches more to get on all the names. We made a good contract. The monument will be nine feet square at the base and will weigh 40 tons; block letters will be used. This monument will be set up at the quarry and the committee and an inspector will examine it before we take it off their hands; this will be extra cost for the firm, and it will also have to pay freight, expenses, etc. to Woodstock. The people have been clamoring for the early erection of the monument.

Moved by Coun. Stevens, seconded by Coun. Tracey, that the action of the monument committee be ratified by the Council.

Carried.

PROPERTY AT BRISTOL

Coun. Perry—There is a building at Bristol, in the parish of Kent, owned by the county, that is in a bad state of repair. It was needed at one time, but the people moved northward to "the happy land of Canaan," and that lock-up has not been used for some time. The people there having some funds put a new roof on it at one time. It would take about \$100 to put it into repair. I do not want to be personal, but, as it is a small building, it might be shipped and used in the parish lower down, to advantage, judging by recent articles in the local newspapers.

Coun. Stevens—There is a great reform in Kent during Coun. Perry's regime, but that parish might keep the lock-up, because Coun. Perry will not always be a councillor and Kent may slip back to the old ways.

Mr. Hartley—I will look over the Municipal Act and see if it is a county or parish charge.

Mr. Melville—The secretary will have the necessary information tomorrow morning.

PARISH MATTERS

Moved by Coun. Carvell, seconded by Coun. Anderson, that \$22 be paid E. L. West, collector of rates, and charged to Wilnot. Carried.

Moved by Coun. Anderson, seconded by Coun. Carvell, that A. J. Lee be appointed collector for Wilnot in place of Jack Lee. Carried.

Moved by Coun. Bull, seconded by

by Coun. Fulton, that

be added to the list of pound keepers and field drivers for the parish of Wicklow. Carried.

Moved by Coun. Flemming, seconded by Coun. Dalling, that John Grant and James Rush be appointed constables and George Farrell pound keeper for the parish of Richmond. Carried.

Moved by Coun. McIntosh, seconded by Coun. Miller, that Arthur Jordan be an overseer of poor for the parish of Aberdeen, in place of H. M. Donette, removed from Parish. Carried.

Adjourned till 10 o'clock tomorrow morning.

WEDNESDAY MORNING

Council met at 10 a.m. Present, Warden Melville and all the councillors.

FISHER HOSPITAL

Moved by Coun. Gallagher, seconded by Coun. Bell, that the trustees of the Fisher Memorial Hospital be heard before the board. Carried.

F. O. Creighton said he was chairman pro tem of the Hospital Board and he read a resolution passed at a recent meeting looking to the better management of the hospital. They were here to discuss ways and means for the financing the hospital. The trustees have been making some improvements. Under a vote of the County Council, it was decided to secure Miss Budd as supervisor of nurses. In defining her duties, and she came well recommended, it led to the resignation of the matron, Miss Lane. Miss Budd was given charge and she has a supervisor of nurses under her. The hospital went behind in finances the past year. In making inquiries at the Presque Isle, the Chipman and the Madigan Hospitals, we made up our mind that the principal cause was the lack of private rooms. Now we have taken over the Nurses Home, which will give us more room, but these rooms are on the third floor; we cannot put the patients there unless we have a new elevator. Then under the provisions of the will of the late Mr. Fisher we have to take care of all the deserving poor. We have not only done that, but have looked after "poor" patients who should have paid and did not pay. The Presque Isle and St. Stephen hospitals are not supposed to and take in but very few patients.

We want to remodel the building, build a new elevator, and get some more equipment. We found out many things in a visit to the Presque Isle Hospital, which by the way, is in charge of Carleton county nurses. It is our intention to put on a drive for the Hospital, the same as they have done in other places. Carleton county should have one of the best hospitals in the province. We want to raise \$25,000 on the drive and will spend it on capital account and in equipment. With the ordinary receipts and a substantial grant from town and county, we can make the hospital self-sustaining. We have installed a new and efficient accounting system, and a new purchasing system; we get our groceries now at the same rate as the town merchants get them from wholesale houses. The drive should be a success. Only the other day, Mount Allison raised about \$3000 in Woodstock, and a short time ago \$2000 was taken in this town for a home for delinquent girls at Truro. We should be more interested in our own hospital than in outside places. If the County Council is sufficiently interested to take hold in their own parishes the success is assured. It is said that a man's first duty is to his family, and his second duty is either to his church or to the local hospital; some say one and some say the other, but anyway the hospital should be at least third. If we pay as much attention to this drive as we have done to election contests we would be just as well off in this world and a whole lot better in the next.

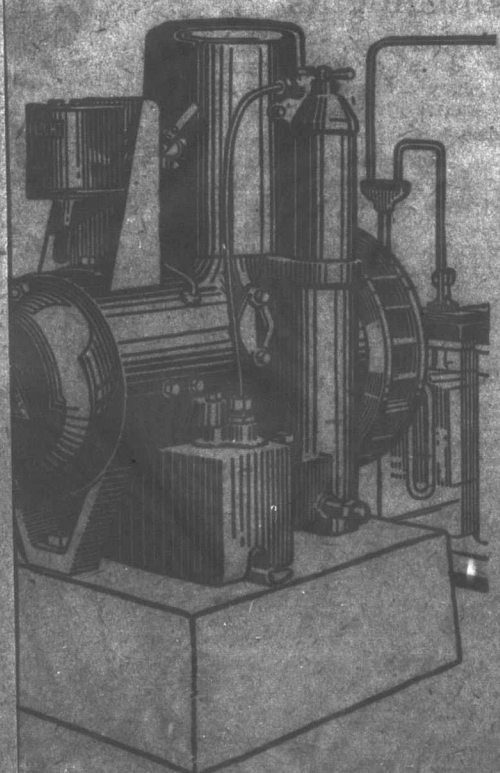

E. W. Mair—After getting reports from other hospitals, we believe the whole matter is summed up in the word efficiency. We visited the Presque Isle hospital, which is scientific catering to what the people need. Of course the former matron was handicapped in many ways. Our free patients is a great load to carry that other hospitals have not. They only treated 23 free patients in Chipman Hospital last year; we have to take any free patients sent down by doctors; they are here for months at a time and each patient costs about \$3 a day. Of course all hospitals are carrying big debts, but they are making improvements all the time. If we put in the new elevator, we can raise

(Continued on 8th page)

DELCO-LIGHT

The Complete Electric Light and Power Plant

for **\$440**

LIKE all other Delco-Light plants, this model at \$440 has the famous valve-in-head, four-cycle, air-cooled motor. It is self-cranking. There is only one place to oil. It runs on kerosene, is economical and easy to operate.

Years of Delco-Light engineering development, together with the experience gained from over 135,000 users have combined to produce the value that is represented in all Delco-Light Products.

There are twenty-five styles and sizes of Delco-Light plants, to meet every need of farms, stores, country homes and all those places where individual lighting plants are a necessity.

Write for catalog or come in and let us tell you what Delco-Light can do for you. Delco-Light betters living conditions and pays for itself.

ZAM-BUK
IS SOOTHING!

CARLETON COUNTY COUNCIL
(Continued from 7th page)

\$3000 or \$4000 from the patients in the new rooms. The drive should be put on in October or November either by the present or newly elected Council.

W. S. Sutton—Messrs Creighton and Mair have covered the ground fairly well. We are asking the County Council to help us put on this drive for our own hospital. It was always a question to my mind whether the Fisher home was suitable for a hospital. It is a big building and costs a lot to heat. If we had built a new building we might have been better off, although we got \$10,000 in four per cent bonds as a gift. The Presque Isle hospital is a square box of brick and cost \$80,000 when equipped. In the interests of humanity we must look after our deserving poor. My own opinion is that all hospitals should be conducted by the County Councils. The Trustees now spent considerable time on hospital work, and if this work for the drive was distributed, it would be easy to put it over, with the central organization.

There is a lot of money in this county as shown by the Victory Loan drive, and \$25,000 is not a large amount to raise. I have no particular fault to find with the former management of the hospital, but we had a deficit of \$5600 last year. During the war, there was a lack of interest in our hospital and the finances run behind. Now that the war is over, everybody should assist the hospital. I know of some who will contribute quite largely. We contributed largely to the Patriotic funds and not one of us suffered. When the councillors go home I would appeal to them to talk hospital drive.

Warden Melville—When I was elected a trustee, at first I did not go very often to trustee meetings. I was called down by Trustee Nodden who told me that I was to blame if the hospital was not being conducted properly. I have been attending trustee meetings frequently since, particularly when the Council decided to pay a superintendent of nurses. I was not satisfied with the old management, neither were you. I am greatly pleased with the new management. I have not had much experience with drives, but Messrs. Creighton and Mair are experts in that line of business. I will do anything I can for the drive. The trustees always used me well; they get no pay and spend a lot of time on hospital work. It is a public institution and should do it has done in the past.

Moved by Coun. Sutton, seconded by Coun. Bell, that we conduct a drive for the Fisher Memorial to raise \$25,000, the same to be held early in November.

Coun. Keith—The drive should be supported along the lines mapped out to-day. Now half a dozen men are to-day all the work. The trustees are striving for efficiency. I have heard complaints in the past, but let by gones be by gones. Brighton will do its share in the drive. We must remember that if we did not have the hospital to look after our deserving poor, the different parishes would have to look after the sick and infirm poor which would cost much money. This drive is as important as any patriotic drive and we should all stand behind it.

Coun. McIntosh said that the county was experiencing hard times and thing did not look much better. However let us hope that prices of potatoes and other products will be satisfactory. Personally we would help the drive in any way we could.

Coun. Perry said that although one of the poorest members at the board he would contribute and help along the drive, remembering that the Scripture says we are our brother's keeper. Whether elected or not in Kent, this fall, he would help along the drive.

Coun. Tompkins said that we would always have the sick and poor amongst us and in the interests of humanity the hospital should be supported. Every parish is helped out financially by having the hospital in Woodstock, because, if not we would have to raise more money for poor purposes. He was in favor of the drive and in favor of a larger grant by County. Many in his parish had been treated in the hospital and they had no complaint to offer.

Coun. Phillips—We must raise more

money or let the hospital go down and I see no better way than by a drive, particularly when we have such men as Messrs. Mair and Creighton to take the lead.

Coun. Faulkner—I have no objection to the hospital. My wife was treated there for five weeks, she was used fine and they made a perfect cure. I know of many good patients that should have been treated here. There were 125 operations in Hartland last year, where in many cases the patients were treated in private houses, and they should have been treated in Woodstock. I will guarantee that Hartland will do its share, when our people know what they are giving money for.

Coun. Smith—I think that November is an opportune time for a drive as work will be over to a certain degree at that time, but we can change the date if it is thought necessary. I have always been in sympathy with the hospital. I think there has been a great improvement in the management. We cannot afford to let it go down and I will do everything I can for the success of the drive.

The motion carried unanimously.

BILLS AND ACCOUNTS

Moved by Coun. Bell, seconded by Coun. Perry, that we resolve ourselves into a committee of the whole, with the warden in chair, on bills and accounts. Carried.

The following bills were ordered paid:

Dr. Commins	\$ 21.00
A. R. Foster	42.00
A. R. Foster	300.25
A. R. Foster	143.00
H. V. Moore	599.25
A. R. Foster	40.60
Dr. G. N. Belyea	10.00
P. A. Kirkin	4.50
Avin A. Nevins	3.00
Press Printing Co.	17.00
J. R. Lenehan	7.50
J. C. Hartley	7.00
Owen Kelly	35.90
Carleton Sentinel	2.00
Wilcox Gray	27.00

In connection with the bill of A. R. Foster for \$42, it appears that it was for the burial of a stranger who took sick while in Brighton, was taken to Woodstock Hospital where he died, and Sheriff Foster looked after the burial.

After Mr. Hartley explained the law on the matter, the bill was ordered paid on a division of the Council, and charged to Brighton.

In the bill of Deputy Sheriff Moore there was an item for 44.25 for an inmate of Kent.

Moved by Coun. Bell, seconded by Coun. McIntosh, that Mr. Moore's bill be paid, and \$44.25 charged to Kent.

Moved by Coun. Perry, seconded by Coun. Kinney in amendment that the bill be paid as read.

Coun. Perry took the ground that the inmate if placed in jail must have had some charge against him, consequently he was a criminal and the county should pay the bill.

Coun. Stevens—While it may be law it is not common sense that when a man, like in the Brighton case, having no residence there, takes sick in a parish, that parish should pay the bill. It should be a county charge. The same thing applies in the Kent case.

Coun. Bell, as a member of the Municipal Home committee, explained the case and thought Kent should pay the bill.

Coun. Phillips—I have been a councillor for many years and during that time many similar cases came before the board, and in every case the parish where the man was taken sick, paid the bill.

Coun. Tracey—It is the law, but it is not right—the county should pay such bills. We can do nothing as the law stands but make the parish pay.

Mr. Hartley in explanation showed that the law was proper, and the only possible way by which the sick man could get assistance from the overseers of poor. The parish could collect afterwards if it was shown that the man had established a residence anywhere else.

Coun. Gallagher—This able bodied Kent parish man, and wife, had been a charge on Kent for 19 years. He refused to work and Kent had difficulty in finding a boarding house for him. When the Municipal Home was established, Coun. Perry sent him and his wife to the home, where his wife was cared for until she died, and the committee had her decently buried. The man started to beat up the inmates at the home and I had Chief Kelly arrest him and put him in jail. After a few days he promised to be good, we let him out and he went to Kent. After a time the overseer of poor for Kent brought him down here, said they did not want him up there as they could find no one willing to board him. I tried to get a boarding place for him in Woodstock until I could see Coun. Perry, but his reputation was such that no one would take him. I would not put him in the Municipal Home again, as the caretaker and patients were afraid of him, and as the board would cost about the same in the Municipal Home and the jail, I placed him in jail and his confinement was the best thing that ever happened to him. The parish would pay his board at the Municipal

Home, why should it not pay his board in jail.

The amendment was lost and original motion carried.

On motion of Coun. Gibson, seconded by Coun. Bell, the bill of Messrs. Nevins and Kirkin were reduced to the amount above stated, which includes witness fees and mileage, and cut out pay for services in connection with the finding of Stevens Bros. drugs and liquors, stolen by the McDonalds, as these gentle gentlemen were drawing salaries under the Prohibition Act.

Coun. Stevens—in view of the fact that we will have the soldiers monument erected in the autumn, and that this will be the last meeting of the present board, the monument committee should give suitable recognition to the affair and have a day set apart as a memorial day and arrange for speakers such as Judge Carleton and others. I have been much interested in the erection of the monument and it is due to the fathers and mothers of the deceased soldiers that the day should be fittingly celebrated.

Coun. Gallagher suggested that the unveiling be left to the monument committee.

Moved by Coun. Stevens, seconded by Coun. Keith, that the matter be left in the hands of the monument committee to take charge of the unveiling ceremonies.

Carried.

Mr. Hartley—in regard to the Bristol lock-up. In the Act relating to municipalities it gives the county power to establish lock-ups, and I would say that the building at Bristol be long to the county.

Moved by Coun. Perry, seconded by Coun. Kinney, that the building committee be authorized to make repairs to the Bristol lock-up.

Coun. Faulkner said that the building was not used and was no good.

Coun. Bell—if it is no good why throw money away on it?

The motion was lost, and the Council, having finished its business at 12:45, adjourned.

HOW YOU CAN TELL GENUINE ASPIRIN

Only Tablets with "Bayer Cross" are Aspirin—No others!

There is only one Aspirin, that marked with the "Bayer Cross"—all other tablets are only acid imitations. Genuine "Bayer Tablets of Aspirin" have been prescribed by physicians for fifteen years and proved safe by millions for Pain, Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, etc.

Handy tin boxes of 12 tablets—also larger "Bayer" packages, can be had at any drug store. Made in Canada. Aspirin is the trade mark registered in Canada, of Bayer Manufacturing of Monacoeleide of Salicylic acid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

Shifting Misery.

C. Winslow, a Terre Haute business man, recently went back to his home town for a visit. While there he met an elderly village character in the street. The man was bent and complaining. "Why, how are you?" began Mr. Winslow, genially.

"Not very well, fact I'm pretty poorly," whined the man. "You see I have the most terrible misery here, and he indicated his stomach."

"But I thought it was in your neck when I was home last," Mr. Winslow commented.

"Yes, it was there then," the man agreed, "but you see since then I swallowed that misery and it's been in my stomach ever since."

Boom in Lobsters.

Very extensive lobster catches are reported off the eastern coast of Canada. Recently the boats were taking these faster than the factories could pack them. The catch was divided over the various cannelling factories. One boat, belonging to a well-known fleet, took as many as 4,400 fish. A resident of Beauséjour reports that he put 9,000 live lobsters, which he was unable to pack at the time, into a boat which he had transformed into a cage, and sunk it in order to keep the fish alive until such time as he could use them.

Chinese Trade.

The Foochow branch of the American Association of China was recently formed. The new organization will largely care for American commercial interests, which are rapidly expanding in the Foochow consular district and will take the place of an American chamber of commerce, the number of local Americans being too small to support a chamber of commerce.

EXPERT WORKERS IN DEMAND

Great Need for Those Who Are Capable and Willing to Do Special Tasks

"What we need in this country in expert workers," says a woman who makes smart hats for smart people and who says business would be very good if she could get people to work for her. "I hear it all along the line," she continued. "They say there is a great need of employment, but it can't be so, for people don't want to work. I want expert workers and I can't get them. An advertisement won't bring them. It won't bring anyone. They won't even come to see what you are willing to pay for them. Where are they? I don't know. Perhaps the girls prefer to ride up and down in elevators."

"There were some I knew who went during the war to work on gas masks, but they can't be doing that now, and I don't know where they are. They made good money, and perhaps they are still spending it. I want some models that I am having made in New York, but I have been waiting weeks and I can't get them. I suppose the others are having the same trouble that I am. I talked with a jeweler the other day and he told me he could see twenty expert workmen if he could get them. He can't do it. He has found one old man, and that is the best he can do. What are we going to do? People don't want to do any careful, expert work. They want to do something that is quick and easy and make money doing it."—Brooklyn Eagle.

JAP WOMEN DEMAND MUCH

Their Ideal Man Would Have to Be Something Above the Ordinary Run of Humanity.

The Japanese magazine Chonogoshu (Victory woman) invited its Japanese women readers to send in their opinions on what constitutes an ideal husband. Here are the thirteen virtues they demanded of a Japanese husband:

- He should not be greedy.
- He should not spend too much time "primping."
- He should have a manly appearance.
- He should not be too familiar with other women.
- He should express himself clearly.
- He should make prompt decisions.
- He should have high ideals.
- He should never show himself in the kitchen.
- He should never criticize the culture or the mores of his wife or any other woman.
- He should not bore his wife by telling her all his pet tales.
- He should not drink too much.
- He should not be a dude.
- He should not be too jealous.

The symposium aroused the humor of the Japanese males, who sent in some suggestions of what constitutes an ideal wife. They paraphrased the last of the thirteen points and all agreed that "she should not be too jealous."

Invisible War Weapon.

Owing to the enormous range and accuracy of modern naval guns it is highly important for small war craft which depend upon speed rather than armor plate to weather the attacks of the enemy to render themselves as invisible as possible. Heretofore a dark gray paint has been considered the best color to apply to a war vessel. Now experiments are being made with varieties of colors. Ideas are being borrowed from the mimicry of nature. We find certain animals coated with spots of their environment. In exactly the same way certain naval armaments are trying to render themselves invisible by painting navy ships on them, which at great distances are scarcely distinguishable from the natural wave formation of the ocean's surface.

Bidding for Wine Tanks.

Wooden wine tanks made useless in California by prohibition still can be counted in the asset column of their owners. Buyers from Argentina, France, and Italy are already bidding for well-seasoned oak tanks. Redwood tanks are not as popular, but may be purchased by the foreign buyers.

H. Romero-Day of Buenos Aires is the first foreign buyer in the field, says an exchange. He is trying to obtain options before Pierre Martens of Paris and M. Collin of Rome arrive in California. Only 4,000 of the 14,000 wine tanks in the state are of oak. It is said Mr. Romero-Day is authorized to buy a shipload of knocked-down tanks for shipment to his country.

Norway's Building in London.

The British dominions now have great buildings in London, where their activity is centralized and proclaimed to the world. So far no foreign nation has an establishment of this kind, but Norway has acquired Victory House, Charing Cross, where Norwegian activity in London will be centralized. The sum paid for the building and site is \$1,125,000, the whole amount being raised by public subscription in Norway.

United States Wireless Stations.

The government shore wireless stations numbered 155 on June 30, 1913, of which eighty-eight were in continental United States, twenty in Alaska, nineteen in the Philippines, three in the canal zone, two in Hawaii and one each in Porto Rico, Guam and Samoa. The government ship stations total 470.

Less Troublesome Adjustments

As a rule the adjustment you get on a defective tire, doesn't quite satisfy you. Mainly, we suppose, because we are all human and want a little more than we are entitled to.

But even our most private opinions on the fairness of an adjustment, can find no fault with the method of settling claims on Ames Holden "Auto-Shoes."

You are always right with ourselves and the manufacturer. We personally look after your interests. There is no needless red-tape, delay or argument in fixing our measure of responsibility and your compensation. Ames Holden "Auto-Shoes" are guaranteed against any defect in material or workmanship without time or mileage limit. They are adjusted on that basis without quibble or evasion.

GETTING MARRIED.

Strange Examples of Ignorance Displayed by Happy Couples.

"Sir, will you please send me a marriage license for a soldier in khaki? Postal order for 10s. 6d. enclosed. Yours truly,

This is an example of the ease with which some bridegrooms think marriage can be licensed and settled. Some do not know the names of the girls they want to marry. Apparently they think they can take out a license, carry it about with them until they meet the right girl, and then get married without any further trouble.

The ignorance of some English people is illustrated by the extraordinary answers they make to the questions asked on the forms sent out by the Surrogate in Doctors' Commons. Creed Lane, Ludgate Hill, London, who supplies licenses to those desiring to marry without publication of banns. These licenses cost £2, but one of the parties has to attest to a certain affidavit.

"I know the contents of the affidavit," was written down by various perspiring bridegrooms as follows:

"I know the contents of the acts of David."

"I nobly contend with the 'appy savi."

"I know the contents of the ante-dated."

"I know the contents of the epidemic."

Another wrote: "Does the law forbid marriage between a man who is a British subject and his mother's sister, who is also a British subject?" He had evidently got mixed up with the Deceased Wife's Sister Act.

It was a Scotsman who wrote: "I want a license because the marriage only lasts for seven years, and at the end of it we can part if we do not agree. I have only known her a short time."

Instances of quaint ignorance are given by Mr. A. S. May in his handbook on "Marriage." He was once told that if a portmanteau "re-sided" in a parish for fifteen days its owner was entitled to a marriage license; that under recent changes in the law a man may marry his main aunt by proxy; and that parental authority ceased at eighteen years of age.

As a matter of fact, while an English boy of fourteen and a girl of twelve can get married according to law, the consent of parent or guardian is necessary in the case of all persons under twenty-one. And for the benefit of those who are thinking of marrying French or Belgians, it might be mentioned that in France the consent of parents is required up to the age of thirty, and in Belgium up to twenty-five.

Referring to the extraordinary ideas some people have in regard to the filling up of marriage forms, Mr. May says he has seen the applicant nationally described as "Anglo-British," "Domestic Servant," and "Presbyterian Scottish." One man, when asked the length of his residence, said "500 yards," and another "a quarter of a mile."

There is a tragic side to this unconscious humor. On one occasion a woman named Ney insisted, for an idle whim, on having her banns put up in the name of Wright. Years passed and children were born, and then her marriage was pronounced to have been void from the first.

A poor ignorant woman, the legitimate daughter of Job and Martha Hodgkinson, who had always been known as Mary Hodgkinson, gave her surname as White when she put up her banns, because of her parents' error, the name of her parents appeared as White in her baptismal certificate, and she thought she was bound to follow it. On that ground her marriage was annulled.

Antiquities of the Thames.

Very few people in London realize that they are living on top of a great historical record. According to Prof. Arthur Keith anthropologists are looking less and less for relics of primitive man in books and tomes, and are searching the Thames Valley.

The ancient level of the river was once as much as 120 feet above the present level. It stretched to Highgate on the one side and to Galley Hill, near Woolwich, on the other. In the gravel terraces that it has left implements, a human skull, and human bones have been found. Recent discoveries have shown us that there were Englishmen differing marvellously little from the modern type, and evidently of superior mental ability—it is we may judge by the beautiful stone implements that we have found—actually living in this island 4,000 years ago. Prof. Keith says that fashion is extraordinarily ancient. Fifteen hundred years ago, when the English Channel and the North Sea were merely rivers, there was a school of art, a primitive polychrome, existing in France, and the type of stonework that was done there spread, in just the same manner as fashions in dress spread, to England and other parts of Europe.

The Pigment Deposits.

The discovery of an extensive deposit of other and silica at no great distance from the surface and within 20 miles of Adelaide, South Australia, has attracted much local interest, particularly in view of the abnormally high price of imported paint pigments. During the years of war the paint industry was handicapped to some extent by the necessity of importing most of the requisite raw materials. This new find of other and silica therefore extends the possibilities of the paint industry and should render it largely independent of overseas supplies of the basic pigments.

Penetrating.

The teacher's last question was meant to be a scientific query. "What is it that pervades all space?" he said, "which no wall or door or other substance can shut out?" "The smell of onions, miss," promptly answered a boy in the front seat.

THE FARMER'S FRIEND

Relieves caked bag, garget, spider or infection of the teat, also thrush in horses' feet, fistula, etc. Stops bleeding at once. Removes proud flesh, soreness and swelling.

At all Dealers and Druggists. Manufactured only by DOUGLAS & CO., NAPANEE, Ont.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

LOCAL AND PERSONAL ITEMS

Tinker's Singing Orchestra of Worcester, Mass., played a concert and dance in Lee's Opera House on Wednesday. The hot weather prevailing kept a good number from attending but those who went were treated to a real feast of music.

The members of the W. W. G. will hold another party sale of bread, rolls, cookies, cakes, pies and preserves, etc., on the lot next the Opera House on Saturday at 2 o'clock. A rare chance to secure your Sunday dinner all predigested.

Miss Mary Gallagher of the Model School staff, Fredericton, is spending her vacation with her brother, J. I. Gallagher.

Charles Camp, a former resident of Centreville, but now of Sussex, was here on Sunday renewing old acquaintances.

Letcher Wead, Wilmet Wead and Mrs. W. R. Harold left on Thursday for Winsted, Conn., to visit the former's daughter, Mrs. Esther Wead.

On July 7 Rev. H. R. Bell will preach as follows: Centreville, 11 a. m.; Good Corner, 8 p. m.; Lakeville, 7 p. m. Special music at the evening service. Come and hear.

Mr. and Mrs. R. J. Clark returned on Monday from a trip to North Shore points.

Douglas Downey, principal of the school at Bathurst, arrived home Wednesday evening to spend his vacation with his parents, Mr. and Mrs. Amos Downey.

Miss Jones of Florenceville, is visiting her sister, Mrs. Charles Boyer. Mrs. Duncan Lunn, Summerfield, is visiting her daughter, Mrs. Harvey Green.

Mr. and Mrs. Burt White of Grand Falls visited Mr. and Mrs. G. A. Jameson on Monday and Tuesday.

A. C. Gibson was seriously ill over

the week-end but is well along toward recovery at the present writing. Miss Emma Grant is visiting her uncle, Harry Grant.

Roy Watson of St. John was here on Wednesday.

Wallace Goodspeed returned from his vacation on Monday. Mrs. Goodspeed remained with her parents for a visit. Walter is receiving hearty wishes for a long and happy married life.

Rev. E. W. Thompson spent the end with friends in Presque Isle.

Mrs. Alice Vanlin and granddaughter, Doris Chaney, arrived on Thursday from Portland for a visit with relatives in the place.

D. Harvey Howard left on Wednesday for Boston after a few days' visit with his uncle, L. B. Clark.

Amos Downey visited G. W. Bishop at Grand Falls last week, returning with him on Thursday.

A young child of Mr. and Mrs. Clyde Campbell of Lewiston, Maine, visiting with its parents, at Mr. and Mrs. Harvey Green's was taken suddenly ill and died on Thursday evening. The funeral was held at the home of its grandparents, Mr. and Mrs. Duncan Lunn of Summerfield.

Miss Waken of Arcootook Jct. visited her cousin, Miss Nita Estey, last week.

J. R. D. White and daughter Margaret of Arcootook Jct., were callers in town on Wednesday.

F. Saunders, W. Montgomery, C. VanWart, H. Briggs and P. McNally of Woodstock, as deputy grand officers paid an official visit to Centre Lodge, I.O.O.F. and installed the officers for the ensuing term. A splendid evening of business and recreation was indulged in.

A Davis of Bristol is the guest of his sister, Mrs. A. W. White.
