MEET MEMBERS OF PARLIAMENT

Local Delegation Returns Home Very Enthusiastic—Much Good Has Been Done

Ottawa, March 2—The Maritime Province delegation, addressed itself Thursday evening to the members of the parliament, irrespective of political belief.

J. D. McKenna, M. P. P., said the delegates deprecated talk of secession, but it is fair to say that there is a blaze which can be stamped out, but which if given sufficient air, may some day turn into a prairie fire. He declared the Maritime Provinces, in common with the rest of the Dominion had paid millions of dollars for the building of railways in Canada, for the creation of canals and for the payment of the acquisition of western lands. It is only fair that the rest of Canada should realize that the Maritime Provinces were entitled to receive due consideration. He opposed the diversion of Canadian trade through Portland, Me., and New London, Conn., and declared it was time that the heads of the Canadian National system should be taught that these ports were not in Canada but that Saint John, Halifax, Quebec and Montreal were.

Premier Veniot said the delegation advocating better conditions for the Maritime Provinces did not come here on an begging expedition. He admitted that there was a feeling of discontent down by the sea, but in neither was there any question of secession. He declared that inclination on the part of the Federal Government was to look at the national debt but he believed that there should be no fear of bonding the credit of the country to carry on work that would bring about general prosperity.

Mayor Murphy of Halifax, who concluded the discussion was of the opinion that whatever result might come from the present conference, would be due to consideration on the broadest possible angle. "No man," he said, "can make any progress toward the forwarding of a cause when it views it only from his own selfish viewpoint."

Mayor Sanson, Quebec; L. W. Simms, and J. E. Tighe, Saint John, addressed the meeting.

RECENT MARRIAGES

McGuire-Danks

On February 4, a very pretty wedding was solemnized at the home of the officiating clergyman at Upper Woodstock when Thomas McGuire and Margaret Danks, both of Woodstock, were united in marriage by Rev. H. V. Bragdon. The happy couple will reside in Woodstock.

Easler-Shearn

On February 27, at the home of the officiating clergyman, Upper Woodstock, Miss Florence Shearn of Littleton, Me., was united in marriage to Herbert G. Easler of Washburn, Me. by Rev. H. V. Bragdon.

Anderson-Grant

Feb. 27th, 1925, at Upper Woodstock, George Anderson and Miss Velma Grant, both of Benton, N. B., were united in marriage by Rev. H. V. Bragdon. The happy couple returned to Benton by afternoon express, where they will reside.

COLDSTREAM.

Coldstream, N. B., March 2—S. S. Page returned to Detroit last week after spending two months with his family here.

We are sorry to report that W. C. Craig is confined to his home with laryngitis.

Quite a number of the men who are working in the lath mill here, spent Sunday at their various homes.

The special meetings came to a close Sunday evening. Mr. Tagley returned to his home in N. S., Monday. We were all sorry to have him leave us, as he made many warm friends while here.

Mrs. Fred Nevers, Jr., was calling Mrs. Hatfield Shaw last Wednesday. This community was aroused from its slumbers Saturday night, finding itself being rocked in their beds. Most severe quake that was ever felt here.

Claude Estabrooks returned to his school Mon. morning in Mainstream.

BATH

Bath, N. B., March 2—The residents of Bath are not easily shocked, but in the last hours of the last day of February, they did receive a severe shock, which will not be very soon forgotten. It was not the effect of the proclamation that the legislative session would meet in March to provide for new taxation. Nor was it the result of Premier Veniot's promise to dry up the Province, which, judging by the farmers' talk, he has almost succeeded in doing; and we know that on Saturday Bath was as dry as the desert, so that there was no possibility that the trouble arose here. Neither was it caused by the return of our delegates from Ottawa, where they certainly made the Government sit up and take notice that there were a few orators still left down in old New Brunswick. We know now, after the event, that this shock was caused by a species of colic, to which this old earth is periodically subject. The spasm while it lasted, was intense.

The shock some who had retired for the night, out of bed, to see what effect this jazz motion had on domestic utensils and parlor fixings. The shock lasted for but a minute, but the sensation was not so brief. The earth wave appeared to be travelling north and south and increased in intensity as it travelled.

Mr. and Mrs. John Fulton visited their daughter, Mrs. Hazen Kilpatrick last Sunday. Mrs. Fulton managed to break through the ice near the other shore and got considerably wet, but finished the trip, and is none the worse for the accident.

The remains of Edward Boyd, late of Johnville, were brought from the Fisher Memorial Hospital on Saturday. Mr. Boyd was a highly respected pioneer who carved a home out of the green woods, many years ago. Councillor Boyd is a son. Interment at Johnville Cemetery.

Mrs. H. W. Crain and Mrs. S. Squires visited Mrs. Jane Derrah of West Glassville this week. Mrs. Derrah had the misfortune to fall on the ice and injure her back, and has been suffering much pain ever since. Mrs. Harry Giberson, a daughter, has been in attendance.

Congratulations to Mr. and Mrs. Archie Derrah—a baby girl.

The stork also visited the home of Fred McLaughlin, about the same time.

Mrs. John Murphy left for Limestone to wait on her daughter, same reason.

Matt. Bohan and Miss Mary Ann Bohan, who were down with the flu, are now recovered, although the effects remain.

C. E. Gallagher, who has been sick for some time, is, at last report, somewhat better.

Elbridge Eastman and his colored artistes entertained a fair-sized audience on Saturday evening at the Ellice Theatre. On Sunday evening a sacred concert, silver collection, on Monday evening, with change of program.

Proposed Women's Missionary Aid meeting at the home of Mrs. John Fulton on Wednesday afternoon.

Monday evening, special meeting of stockholders of Consolidated Telephone Co., Ltd., at Bath. Stanley Barker in the chair.

G. W. Parker has a crew getting out logs from his farm.

THE POTATO ENQUIRY WILL COST \$50,000

Ottawa, March 2—The inquiry which is being carried on by Commissioner Harry Havelock under the Combines Investigation Act into an alleged combine of potato shippers in New Brunswick will not be finished for six months and will cost the Dominion of Canada not less than \$50,000.

EARTHQUAKE FELT SATURDAY NIGHT

Five Distinct Shocks Felt Here—Centre of Disturbance was Quebec Where Much Damage Was Done

Five distinct shocks were felt in Hartland. The earthquake which affected most of North America Saturday evening, was very severe in this locality. Old residents claim this to be the worst experienced in recent years. Five distinct shocks were felt, the first at 8:20 p. m., and the last at 3:20 a. m. These figures are unofficial but there appears to be sufficient evidence to substantiate the statement that five tremors were felt, the ones at 10:20 and 3:20 being the worst.

The 10:20 one was the most generally felt and knocked chairs over, upset bottles in stores, caused several chimney tops to fall and scared a big percentage of the populace.

The shocks through the night were not intense with the exception of the one at 3:20 which woke many people and caused quite a few dishes which had become loosened by earlier quakes, to fall with considerable clatter. The sensation as noted over the radio was a terrific rumbling interruption with squeals of violent static.

Starts Clock

Fredericton, March 2—One of the peculiarities in connection with the earthquake was the starting of an old grandfather's clock which had not run for more than 40 years. The clock belonged to Mrs. H. H. Gutter, University Avenue and has been regarded as a precious heirloom. Several clock experts have inspected the clock from time to time, but although they found the mechanism perfect, they were unable to succeed in making it function. Immediately following the earthquake the clock started to run.

DIES FROM SHOCK OF SEEING CHILD SEVERELY BURNED

Edmundston, N. B., March 2.—The people of Edmundston were shocked on Tuesday afternoon to hear of the sudden death of Mrs. A. Burgoin, Canada Road.

The late Mrs. Burgoin, since the death of her daughter about eighteen months ago had been living with her son-in-law, Pat Fournier, and helping to care for her little grandchild.

On Tuesday afternoon she had made some candy for the little fellow and about four o'clock in reaching for this candy, which was still hot, he burned himself quite badly. Mrs. Burgoin sent for the doctor, but in the excitement and fear that he was hurt worse than he was, suffered from her heart, which for many years had been weak.

When the doctor left however, she was apparently resting, but an hour afterwards, was found on the floor. Dr. Derches was immediately sent for but found life extinct.

The late Mrs. Burgoin had for many years previous to her retirement two or three years ago, been the proprietress of the well known Victoria Hotel on Canada Road. After that place was burned she retired from the hotel business and gave herself unstintingly to her children, first of all living on 21st Avenue and after the sad death of her daughter, eighteen months ago, with her son-in-law, on Canada Road, where the rest of the family also lived.

She leaves to mourn her loss one daughter and five sons, Miss Albina at home, Edgar, Charles, Robert and Emil at home, Frank of Edmundston, and Emery of the Provincial Bank at Campbellton.

The funeral was held on Thursday morning from the Immaculate Conception Church, the Rev. Father Conway officiating, a very large congregation being present. Much sympathy goes out to the stricken family, to which the Edmundston Observer would add its quota.

The deceased lady was predeceased by her husband ten years ago.

VOCATIONAL CLASS IN EDMUNDSTON IS 4 OVER CAPACITY

Edmundston, N. B., March 2.—Short courses in welding and automobile electricity were opened in Edmundston on Feb. 18 in the Composite High School with a total enrollment of 34 students. The course under the New Brunswick Vocational Education Board must have an enrollment of 20 students, but in view of the large number of applications in both courses, 24 men were accepted in the day classes and an additional ten in a special night course meeting three nights a week.

Many applications had to be refused in spite of all efforts to meet the need. A large percentage of those who took the course last year have returned again this year for advanced work.

The entire cost to the students is the \$5 registration fee asked by the Vocational Education Board in addition to travelling expenses, board and lodging. In the past it was necessary for the men of this province to go to a trade school in the United States or western provinces which entailed a loss to the province of from \$500 to \$800 in money.

The courses in Edmundston are under the supervision of W. B. Main, who also teaches the electric course. B. W. Kelly of the Smith Foundry Company has charge of the welding.

RIVER BANK

River Bank, N. B., March 12.—Ernest Smalley has returned to McAdam after spending a few days here.

Miss Ina Cronkite of Southampton was the guest of Mrs. Judson Rideout over the week-end.

Fennie Waugh had the misfortune of losing one of his toes while cutting wood recently.

Miss Mamie Shaw spent Sunday with the Misses Pearl and Dorothy Long.

Mr. and Mrs. George Clark returned to Royal Oak, Mich., on Friday accompanied by Mr. and Mrs. Lealie Kinnear and son Douglas. Many friends gathered at the station to say good-bye.

Mr. and Mrs. Henry Bell and daughter Kathryn of Florenceville were calling at the home of Mr. and Mrs. George Elliot on Sunday.

Lorne Campbell of Stickney was the guest of Mr. and Mrs. Wayman Campbell on Thursday.

MISERABLE AND ALWAYS IN PAIN

Lydia E. Pinkham's Vegetable Compound a Dependable Help for Mothers

Port Greville, Nova Scotia.—"I took your medicine for a terrible pain in my side and for weakness and headaches. I seemed to float all over, too, and my feet and hands were the worst. I am the mother of four children and I am nursing my baby—the first one of four I could nurse. I took Lydia E. Pinkham's Vegetable Compound before the baby's birth, so you can see how much it helped me. I cannot praise it too highly for what it has done for me. I took all kinds of medicine, but the Vegetable Compound is the only one that has helped me for any length of time. I recommend it to any one with troubles like mine and you may use my letter for a testimonial."—Mrs. ROBERT McCULLY, Port Greville, Nova Scotia.

Before and after child-birth the mother will find Lydia E. Pinkham's Vegetable Compound a blessing.

Many, many letters are received giving the same sort of experience as is given in this letter. Not only is the mother benefited, but these good results pass on to the child.

No harmful drugs are used in the preparation of this medicine—just roots and herbs—and it can be taken in safety by the nursing mother.

98 out of every 100 women reported benefit from its use in a recent canvass among women users of this medicine. C

Here and There

An unusual consignment passed through Montreal recently is the care of the Dominion Express Company when six Rocky Mountain sheep were shipped to Austria to form part of a zoological exhibit there. The animals, which are valued at \$600, came from the National Park at Banff, Alberta.

Alberta farmers have recently been shipping a new commodity to the market. During the past few years there has been a considerable increase in the number of bee-keepers and last year 160 keepers had a total production of nearly 60,000 pounds of honey, valued at approximately \$15,000. The exact number of bees is not known.

Contract for aeroplane spruce has been made between Vickers Limited, manufacturers of aeroplanes, and Frank L. Buckley, of Vancouver, B.C. The spruce will be logged on the Queen Charlotte Islands and milled at the Buckley Mill at Port Clement, on Graham Island and at Burrard mill, in Vancouver. The contract calls for the delivery of two million feet during 1925.

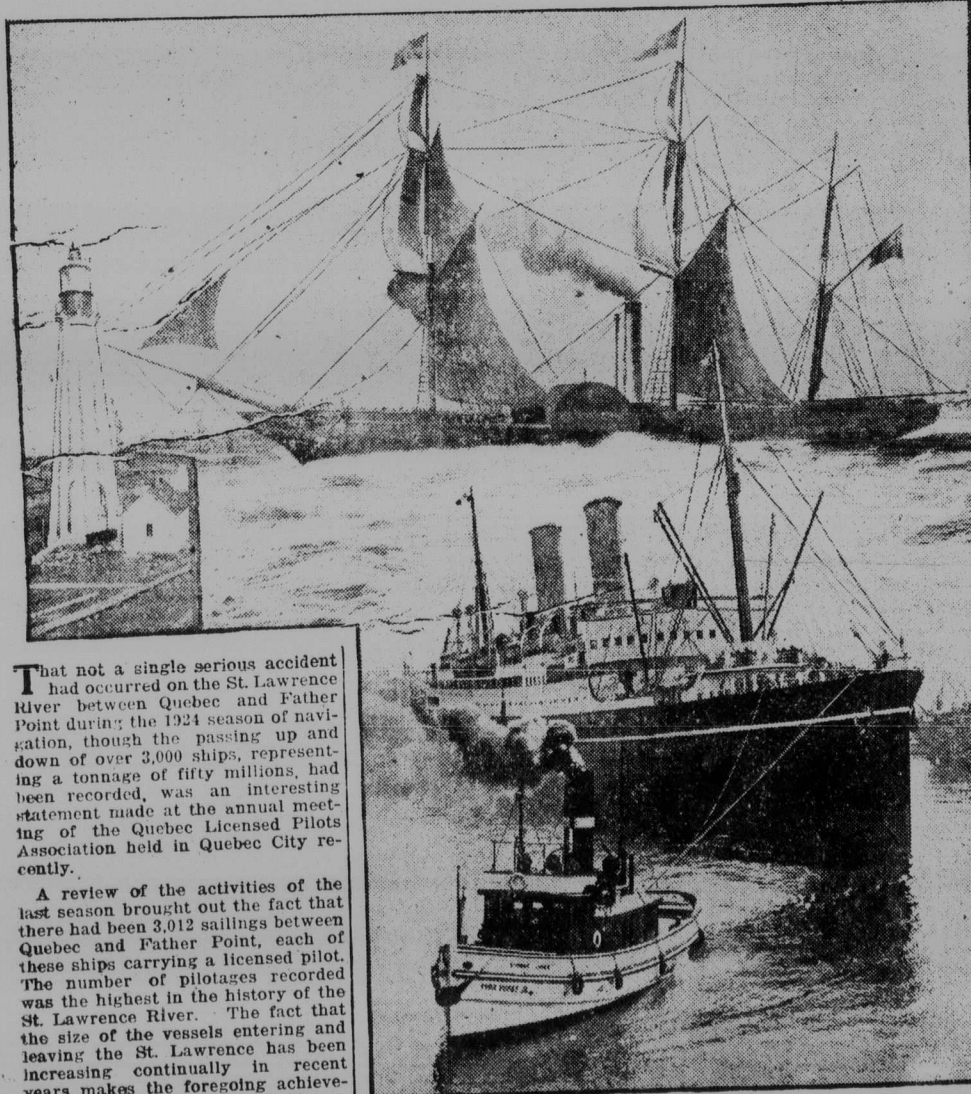

Canada leads the world in automobile exports in proportion to production, domestic sales or ownership of motor vehicles or to population. Not relatively but absolutely the automobile exports of the Dominion are only exceeded by those of the United States. Since 1920 the motor vehicle exports of Canada have nearly doubled, the increase being from 9.8 per cent. to 17 per cent. of the automobile export trade of the world.

A special train of forty-two cars containing nearly 900 head of stock for export to Great Britain, arrived at the Canadian Pacific Railway's East End stock yards, Montreal, recently. Those, added to shipments from Pakenham, Ont., Toronto and other points in Ontario and Quebec, made up what cattlemen claimed to be the greatest concentration of Canadian cattle for export in the history of the trade. From the yards the cattle were shipped by special train to the ship's side at St. John, N.B.

When the round-the-world cruise passengers aboard the Canadian Pacific steamship "Empress of France," reached Egypt recently, they were entertained by Enani Khattab, a prominent sheik holding authority over a large number of villages along the Nile. Unfortunately, the sheik succumbed to a sudden attack of heart failure. The visitors from across the Atlantic before returning to their ship were permitted to attend the funeral, which was conducted in the desert with weird and impressive religious rites, an experience few world-travellers have known.

Between 300,000 and 400,000 Canadians and Americans of Norwegian origin will gather at Minneapolis and St. Paul in June next to celebrate by a great national gathering the hundredth anniversary of the landing of the first organized party of Norwegian settlers on this continent. President Coolidge, King Haakon of Norway and Lord Byng, Governor-General of Canada, have been invited to attend. Meetings of some forty Norwegian organizations, divine service by the Bishop of Oslo (formerly Christiania), field sports, musical contests and historic pageants will make up the programme.

St. Lawrence Route Claims Pilotage Record

That not a single serious accident had occurred on the St. Lawrence River between Quebec and Father Point during the 1924 season of navigation, though the passing up and down of over 3,000 ships, representing a tonnage of fifty millions, had been recorded, was an interesting statement made at the annual meeting of the Quebec Licensed Pilots Association held in Quebec City recently.

A review of the activities of the last season brought out the fact that there had been 2,012 sailings between Quebec and Father Point, each of these ships carrying a licensed pilot. The number of pilotages recorded was the highest in the history of the St. Lawrence River. The fact that the size of the vessels entering and leaving the St. Lawrence has been increasing continually in recent years makes the foregoing achievement all the more remarkable, as this has naturally increased the draught of the liners, some of which, as in the case of the Canadian Pacific steamships, reached thirty and at times thirty-three feet.

Advance bookings to date, indicate that the St. Lawrence route during 1925 will prove even more popular than heretofore. A large number of Holy Year pilgrims to Rome will enjoy a trip down the River on the

Above, "The British Queen," one of the first steam vessels to ply the St. Lawrence. Below, a huge Canadian Pacific steamship, with pilot aboard, is towed into the stream at Montreal. Inset, the lighthouse at Father Point, where the pilot will leave her.

Canadian Pacific S.S. Melita early in May, and when the more general movement of tourists to Europe begins later in the year, large numbers of them, whether from the United States or Canada, will leave from Quebec or Montreal. With but four days on the open sea, this route to Europe affords advantages other than scenic which are responsible mainly for the increase in traffic and the corresponding increase in tonnage and size of vessel operated over it.

RLYS. CUT RATES FOR N. B. POTATOES

Big Shipments Will Be Started to Western Cities—Shippers and Rat's Experts

Montreal, March 2—The Canadian Pacific and Canadian National Railways have agreed to put into effect special freight rates to make possible the marketing of New Brunswick's big surplus stock of potatoes in western Canada and thus provide an outlet for the large quantities of potatoes which it had been expected would be sent to the British market, until the embargo upon Canadian potatoes was suddenly imposed by the British ministry of agriculture.

This afternoon the rates are to be announced, the rates experts of the railways having been busy engaged in preparing the figures since a conference which was held here on Saturday between representatives of the New Brunswick potato shippers and the chief freight traffic executive of the railroad, G. G. Porter of Perth, H. H. Hatfield of Hartland, C. W. Clark of Woodstock, Warden W. F. Anderson of Carleton County, and Harry Webb, representing the New Brunswick Potato Exchange of Woodstock, representing the shippers at the conference.

The special rates, it was promised, would be actual cost of haulage and it is expected that big shipments to western cities from Winnipeg through to the Pacific coast will be soon started from all over New Brunswick.

LETTERS TO THE EDITOR

THE MISSION TO OTTAWA

Editor Observer,
Dear Sir:

Having been appointed as one of the delegates from our town to join the large delegation from our provinces by the sea to present our claims to the Government at Ottawa. We left Hartland the afternoon of the 25th Feb. and arrived at Ottawa at 12.20 the 26th. We immediately went to the Chateau Laurier, and assembled in one of the large rooms for organization. Mayor Murphy of Halifax was appointed chairman, a programme was drafted to present to the government, speeches were made by delegates from different parts of the Dominion. Afterward we proceeded to the railway committee room. On the platform were Premier King and his cabinet, Premier Veniot and others. The first speaker was Mayor Murphy of Halifax. He was well received and made a good impression. Mr. McCauley of St. John also spoke, as well as others. Premier King replied on behalf of the Government. He took up the different points and said these were not new questions, as they had been pointed out to him and his cabinet by members from the Maritime Provinces many times. He said it is the policy of this Government to equip all the ports of Canada. This would take time. The transportation problem was to be thoroughly gone into, particularly the ocean rates. This he thought the greater hindrance to traffic and must be controlled. Premier King impressed me as being very sincere when he said the Government would do all it could to meet the wishes of the Maritime Provinces. In the evening at 7 p. m. we met again in the same room. Hon. Mr. Kyte was chosen chairman. He called to the platform members of the three different groups in Parliament. The speakers were, one from Quebec, one from Ontario, one from British Columbia and Mayor Murphy of Halifax. Mr. Simms from St. John Premier Veniot and others. I thought this was the better meeting and I am expecting something practical to be the outcome of this delegation. This is only the beginning and must be followed up and with all the different provinces working together, good and lasting results will surely follow.
L. E. McFARLAND.

This was the challenge placed before the members of the Hartland Baptist Church last Sunday morning by the pastor in the form of the one-win-one-more fellowship. The call was for fifty persons who would consecrate themselves to the task of winning at least one person to cherish our Savior and Lord during the next three months. This, said the minister, was the real work of the church, and the truest kind of evangelism and called for the united efforts of the church. Already an interest is being manifest and last Sunday evening several persons responded to the appeal to accept Christ as Saviour and Lord.

When the evening shades are falling And we're sitting all alone, In our hearts there comes a longing If he could only come home.

Friends may think we soon forget him And our wounded hearts are healed But little do they know the sorrow That's within our hearts concealed.

Do not ask us if we miss him Oh, there's such a vacant place Can we ever forget his footsteps Or his bright and smiling face?

He will never be forgotten, Never shall his memory fade, Sweetest thoughts shall ever linger Around the grave where he is laid.

ACHES & PAINS

RUB Zam-Buk in to relieve the sharp twinges of rheumatism sciatica or lumbago. Rub it in to aching backs, stiff joints and sore muscles, and to move cold-on-the-chest. Zam-Buk does far more real good than poisonous liniments. Its penetrative pain-killing essences get right to the root of trouble, allaying soreness, congestion, swelling and inflammation in a wonderful way.

Use Zam-Buk for all cuts, wounds and bruises. It prevents festering and blood-poison and ensures rapid healthy healing.

Also for eczema, pimples, rashes, bad legs, piles, poisoned wounds, etc.

This Little Brandon Lassie Is Never "Dosed" for Colds

The Browns Now Use the "External" Treatment for Croup and Cold Troubles.

Mrs. John Brown, of 426 24th St., Brandon, Man., is the mother of this fine little girl and one of the many Canadian mothers who now use the vaporing salve, Vicks VapoRub, in treating the colds of all the family. After using Vicks for some time Mrs. Brown writes:

"I have eight small children—aged from one to twelve years—and can certainly say that Vicks is the only cold remedy I have in the house all winter. If the cold is in the child's head I just put a little up each nostril and it gives relief in a short time. If it is in the chest I rub Vicks well in at night and by morning the cold has almost disappeared. I also use Vicks for chilblains and for burns—in fact, I use it too for severe headaches and find relief in a very short time. I always recommend Vicks

to my friends especially those who have children. Vicks is the external direct treatment for cold troubles—absorbed like a liniment and inhaled as a vapor. It is the ideal treatment for children's colds. Just as good, too, for adults.

EDMUNDSTON

Edmundston, N. B., March 2.—Mrs. T. J. Scott and Miss Helen Stevens, who were in Montreal for a week or two, returned this week. Donald Fraser, Jr., has been in Montreal recently.

Miss Myra Goodwin of St. Jacques spent the week-end in Edmundston, the guest of Miss St. Onge.

Mrs. Merton returned from Moncton on Tuesday where she was the guest over the week-end of her sister, Mrs. Lutz.

The Hillside Bridge Club met this week at the home of Mrs. F. S. Murchie and the prize-winner was Mrs. J. Reith.

A. E. Levesque who was at one time on the staff of the Royal Bank here and who recently has been on the staff of that bank at its Grand Falls branch, has been transferred here to the great delight of his many friends.

M. Abbis was in Montreal last week, returning on Sunday. Mr. Abbis purchased a large quantity of spring goods, and is enthusiastic about the quality. He promises some great values in the spring opening in a week or so.

We have received the very attractive little booklet, containing Lenten and Easter Services of St. John the Baptist Church. During March the Rector, the Rev. N. Franchetti is giving a series of sermons on "The Father's Discipline," and during Holy Week, there will be daily services.

We regret to report that Mrs. D. Sinclair, who has been sick all the winter, is no better. Mrs. Sinclair has been a sufferer with rheumatism and this winter her attacks have been worse. We hope with the coming of spring that she will be better. For cheerfulness and patience, however, she cannot be beaten.

Mrs. Douglas Stevens held her post-nuptial reception at her residence on Friday of last week. The hostess was assisted in receiving by Mrs. A. W. Brebner. The rooms looked charming with decorations of red carnations. Miss Mary Stevens received at the entrance and Miss Marion Dunbar escorted the guests to the dining room. Mrs. Murphy poured the tea. Mrs. George Dunbar of Cabano, assisted at the ices and Mrs. Alec Dunbar, and Mrs. James Dunbar served.

The Ladies Circle met this week at the home of Mrs. Reith, Burpee St. C. M. Matheson is in Bangor this week on business for Fraser Companies Ltd.

The Knights of Columbus held a very successful Charlemagne on Monday evening in the Knights of Columbus Hall. There was a large attendance and everyone reports that a good time was had.

A very enjoyable evening was spent one night last week, at the home of Mrs. Geo. B. Birnie, when a number of friends were entertained at bridge. The guests of the evening were, Mrs. Hayes, Miss Michaud, Miss Dunn, Miss Chambers, Miss Hayes, Miss Young, Miss Mavor, Miss Walsh. The prizes were won by Miss Hayes, first and Miss Dunn second.

Thos. Guertette and His Honor Max D. Cormier left on Wednesday morning for McAdam where they were to meet the special train and delegation going from all parts of New Brunswick to impress upon the Government the necessity of using Maritime ports for Canadian business. It does seem an anomaly that we should use Government roads to take freight to a foreign port, in some cases to load Government-owned steamers to carry freight to another British port. We hope that the delegation with which our two representatives went will be

able to remedy in some degree this anomaly.

There will be a meeting held at the Knights of Columbus Hall on Friday evening next to consider the advisability of forming a Fishing and Sporting Club. The invitations to this meeting have been issued by Frank Fournier, Acting Organizer, and Martin Theriault, Acting Secretary. The purpose of the proposed club is to establish a permanent organization for the purpose of developing sportsmanship and helping to have the law governing the preservation of fish and game enforced. A hearty invitation is extended to all those having the interests of true sport at heart to be present Friday evening, Knights of Columbus Hall, at 8 o'clock. Don't forget, come.

Mrs. R. Murphy entertained at a delightful Bridge Party at her home on Thursday evening of last week in honour of Mrs. George Dunbar of Cabano, Quebec. Those present were Mrs. Douglas Stevens, Mrs. A. Dunbar, Mrs. J. Dunbar, Mrs. Rex Sergeant, Mrs. A. W. Brobner, Miss L. Brebner, Mrs. Deroches, Mrs. W. Matheson, Mrs. J. Hardwick, Mrs. F. S. Murchie, Mrs. S. E. Burpee, Mrs. J. Reith, Mrs. L. Sherwood, Mrs. M. Amos, Mrs. Goode, Mrs. A. Armbruster, Mrs. J. M. Stevens, Mrs. Merritt, Mrs. W. Morton, Mrs. C. M. Rideout, Mrs. R. L. The prizes were won by Mrs. Merritt, Mrs. Owens and Mrs. Alec Dunbar. The guest prize was presented to Mrs. George Dunbar. Delicious refreshments were served at midnight, the hostess being assisted by Mrs. Alec Dunbar, Mrs. James Dunbar, Mrs. Malcolm Amos and Mrs. Douglas Stevens.

Jos. David returned from Montreal on Sunday. Whilst away Mr. David bought a great quantity of spring goods. He reports that trade in Montreal was very dull, and that he was able to make some good purchases. Mr. David is doing an unprecedented thing. He says he realizes that business has been dull and times not as prosperous as we have known them to be, and he is determined to give the people of Edmundston a chance to get bargains that they never had the chance to get before here. He is placing on sale Monday for a short period only his entire stock of goods in his spacious store at bargain prices. Not only is he selling the balance of the winter's stock at these sacrifice prices, but is putting on sale also the entire stock which he purchased last week in Montreal. The editor called on Mr. David on Wednesday and was shown some of the stock as preparations were going forward in the store for the big sale. And we can say this, there are bargains there, and we miss our guess if Mr. David does not find that he and his staff and the extra hands employed for this sale are not kept busy during the days the sale is on.

WOODSTOCK FIRE DESTROYS CHURCH

Catholic People Lose Fine Edifice—St. Gertrude's is Prey To Flames.

Woodstock, N. B., March 2.—St. Gertrude's church, one of the finest Catholic edifices in New Brunswick, outside the cities, is a mass of smoldering ruins as the result of a fire which was discovered at 12:30 this morning. The buildings near were saved but the steeple fell upon the roof of the convent and that building was badly damaged. The biggest snow-storm of the year helped the firemen.

The residence of the priest and the convent were saved from the flames.

The church was built 68 years ago and had recently undergone extensive repairs and improvements. Outside the cities it was considered the finest Catholic Church in the diocese.

The sacred vessels were saved and a few articles from the altar.

Father Lockary, the pastor, left two weeks ago for Rome, and the parish was in charge of Rev. A. D. Cormier of Shediac.

The loss will probably reach \$50,000 with insurance about \$8,000.

The fire was first seen in the belfry and it is supposed that it started from defective wiring.

The firemen did excellent service in saving the surrounding buildings.

Beautiful Home of J. L. White, Former M. L. A. Destroyed at Grand Falls.

Grand Falls, N. B., March 1.—Grand Falls was visited last evening and early this morning by a succession of earthquake shocks. The first and most severe occurred a few minutes after 10 o'clock. The shock was by all odds the heaviest ever felt in this locality. People ran into the streets and several fainted. A second shock was felt at 11 o'clock and between 2:30 and 3:30 this morning.

Five Residence Burned

The fine home of J. L. White, former M. L. A., was completely destroyed by fire on Sunday morning and it is believed that earthquake damage was the cause. Mr. and Mrs. White escaped in their night clothes and fur coats. The fire took place between 7 and 8 o'clock when the maid had just lighted the morning fire and she was the only member of the family up at the time. In 15 minutes the house was ablaze and the front stairway was afire.

Mr. White, when he had closed his store on Saturday night carried home with him the money from the cash drawer and this was also lost in the blaze.

The loss is estimated at between \$8,000 and \$10,000. The loss on the house is covered by insurance, but there is no insurance on the furniture.
