AMERICAN INVASION IN THE TILBURY GAS FIELDS

Gas Will Be Piped To City Of The Straits From Canada

Yankee Magnates Sink Big Capital In A Gigantic Scheme

Apparently an era of prosperity is in store for the gas wells of Tilbury East, and it may not be long before the natural gas is forcing itself through big pipe lines to consumers in Detroit City. American capitalists have a sharp eye on the new venture. As a result, investigations are now being made which may produce the dawn of the Tilbury gas era.

Though at present the schemes are in an indefinite shape, The Planet gained information to-day to the effect that an engineer visited the fields yesterday at the instigation of certain moneyed men in Detroit. This man, it was further learned, is one of the most eminent gas and oil authorities in the States and is consulted far and wide. Of course, he will not reveal the results of his investigations, but he will report favorably without any doubt. That he was surprised when he put the gauges on the gas wells yesterday goes without saying. The first test was made on the well that supplies Chatham, and it ran over 450 pounds pressure for the square inch. This was rock pressure, which does not mean a great deal to oil and gas men, but still other wells tested equally high. Accordingly the gas field of Tilbury promises to equal any in this country.

The wells from which the gas will go to Detroit are owned by Americans for the most part. More of these wells will have to be drilled to satisfy the production of as big a city as Detroit. But a score of wells can easily be sunk in thirty days time.

The piping to Detroit presents no great difficulties. There are many lines of more than thirty miles length in Ohio and in Ontario. As for the Detroit River proposition it may be added that pipes have been laid beneath the river before this, and the new venture will travel in explored territory in the river. A ten or twelve inch pipe will probably be used at the commencement of the enterprise.

It is a well known fact among those interested in the wells of East Tilbury that more wells can be drilled at a profit, if the market is obtained. In this regard Detroit presents the brightest outlook, and the Americans are not slow to appreciate the fact. Experts do not hesitate to say that many wells, probably a score or more, can be drilled which will show as great pressure as those already opened.

The Detroit men behind the scheme have any amount of money at their back, and one of them is connected with rich New Yorkers. Though the experiment at present has every element of success these men are willing to expend a large amount to give the field a good trial.

In the meantime, East Tilbury farmers are watching every move with the greatest interest, because it means more money to them than even the bean crop.

OFFICERS OF BOWLING ASSOCIATION DROP OUT

On account of the friction over the cheap reception tendered to the visiting bowlers at the recent tournament, four of the officers of the Executive of the Chatham Lawn Bowling Association have handed in their resignations as officials of the club.

The names of those who have resigned are Jonas Gosnell, A. E. Pilkey, Rev. J. W. Hodgins and Mr. Montgomery. These gentlemen claim that they were not consulted with regard to the reception to be given the visitors, and they are therefore not to blame. A reporter was told this morning that a meeting of the association will be called shortly, and the Executive will be brought up on the carpet to explain their inaction in the matter of welcoming the visitors.

JULY FROST

The temperature here took a big drop Tuesday evening and during the night north of the Ridge there was a heavy frost. Ice was reported in some localities and the crops suffered severely. It will be impossible to tell for a few days how serious the damage was, but beans, corn, potatoes and tomatoes were turned black in many places and will likely be ruined. South of the Ridge the frost was not so severe, and little damage has been reported.—Blenheim News-Tribune.

Don't overdo. Once a man went forth and scattered flattery indiscriminately. But when he returned his office was crowded with persons who only wanted to borrow money.

REPORT ABOUT HAZARD IS UNTRUE IN DETAIL

Yesterday afternoon the report got about town that Hazard, the man who was assaulted by Sauerman, was in a very critical condition, and that his recovery was not hoped for. This morning The Planet met Mr. Hazard in Dr. G. T. McKeough's office. He is able to move about, and though still a little dazed, does not look much like a dying man. He is suffering from a severe scalp wound, but his chances for recovery appear to be good.

THE WATER PROBLEM IN TILBURY OIL FIELD

The procuring of water is one of the problems of men in East Tilbury have to solve in some manner this summer. Water is needed for the drills, and at present it is being drawn from the Government trenches in many wells this water is being carried for over a mile in tanks. It is then deposited in ditches and pumped by engines to the wells. Last summer, it will be remembered, water was hard to get, but a regular famine may come shortly unless heavy rains fall. The scarcity will hardly have the effect of closing drilling operations, because money seems to be no object to men in the oil district, yet it may produce serious handicaps.

WILL STOP WHISTLING OF RAILWAY ENGINES

St. Thomas, July 4.—The question of locomotive smoke and whistling of the engines while in the confines of the city will be seriously discussed at the next meeting of No. 4 committee. Some nights past the Council warmed up on the speed of the trains were making over and across the thickly-travelled thoroughfares. The next move which the railway people expect the local powers they may be asked to rubber-stamp, their wheels. The latter would be just as sensible and effective a suggestion as the others appear to be so far as their recognition and operation concern the company folk.

ALD. AUSTIN'S FEELING TOWARDS HALF HOLIDAY

This morning, in an interview with Ald. C. Austin, a reporter for this journal learned something as regards Mr. Austin's feelings towards inaugurating a half holiday. He stated, with reference to the article in yesterday's issue, that he believed it was the one referred to as being against the half day. He stated that he is not in favor of giving the half day off, and that there are several in accordance with him. He would be in favor of closing if it were considered a business half holiday throughout the city, but not otherwise. Ald. Austin made the remark that several merchants who advocate the holiday question are usually the ones who do not observe the rules regarding the hours of closing. He states that some, instead of closing at six sharp every night except Saturday, as he does, are open until nine and ten every night, and also open on holidays. People who do that should not advocate for a half holiday. He made mention as regarding early closing, stating that he would rather close at five o'clock every day than give a half holiday.

A prominent member of Ald. Austin's large staff of employees told a reporter this morning that instead of having a grievance, the Austin staff are quite satisfied with the handsome treatment they receive at the hands of their employer as regards holidays.

"We get every Government holiday, and we close sharp at six," said he. "We have positively no complaint to make, nor do we ask for this intercession on the part of outsiders."

NOT FAST ENOUGH

Thomas Allan, a traveller for a grocery firm in London, visited the Maple City last Wednesday. Mr. Allan remained over night, and in order to enjoy himself took one of Chatham's fair ladies to the roller rink. Before going he was quite confident that he was a fancy skater and felt sure that he would perform some clever stunts.

After getting on the young ears his entire knowledge of roller skating left him and he was unable to move any other way except down ward. The stunts he performed were certainly the cleverest ever made on the Chatham rink. He received several bad bruises and sore limbs and returned home with his young lady feeling very much exhausted and sorely hurt.

Do your best and you will succeed.

IGNORE THE RESOLUTION

"What Have We Got To Do With Electric Lights?" asks Mr. Sheldon

To Which Commissioner Cornell Replies "Amen" — The Water Board

"What have we got to do with the electric light plant?" was the expression Chairman W. D. Sheldon of the Water Board gave vent to, when in reading the various communications received by the Commissioners last night he came across the resolution from the Board of Trade, which put on record the Board's opinion that immediate action should be taken to enlarge and improve the waterworks and electric light plant. This was the resolution moved by Messrs. Landon and Taylor at the last meeting of the Board of Trade.

"We have nothing whatever to do with it," agreed Commissioner Cornell, and the matter was dropped with that.

There was no very important business before the Water Board at their regular meeting last night, and the session was of short duration. Those present were Chairman Sheldon, Dr. Cornell, Secretary Weir and Superintendent Jones.

The Commissioners took occasion to draw the attention of the Superintendent to the fact that the bills for electric light at the waterworks appeared to be extravagant. They thought that the employees might practice a little economy in this respect, and they asked Mr. Jones to look into the matter.

J. H. James made application for a plumber's license in this city. He furnished good references, and on motion of Dr. Cornell the request was granted.

An application for a water service was received from J. Melody, of Paterson Avenue. This was referred to the Secretary.

Sam. Park, for the Park Drug Company, appeared before the Board complaining that the company's bill for water during the past two quarters was unusually high, and no reason could be assigned for it. The bill was incurred while they occupied a store in the Stone Block, and amounted to \$14. The account for similar periods previously only amounted to \$4, and Mr. Park was of the opinion that there must be something wrong somewhere, as they had not used any more water than previously.

The Secretary on looking the matter up in his books, found that the biggest part of this bill was run up during two months. During the balance of the period only the minimum quantity of water was consumed.

Commissioner Sheldon could only account for this as the result of a leakage. As this was the first rebate asked for by Mr. Park, the Commissioners decided to cut the bill in half, but warned him that it was a cast iron rule with them never to grant rebate the second time to the same party.

The cash statement for the month showed that the Board has a balance of \$4,056.80 in the bank. Chairman Sheldon expressed himself as well pleased with this balance.

The following accounts were ordered paid:
Geo. Stephens, 35c.
Chatham Gas Co., \$31.33.
Doherty Mfg. Co., \$22.05.
Bank of Montreal, \$11.75.
W. W. Turner, 20c.
Pennsylvania Salt Co., \$43.75.
C. Shea, \$5.
Federation Filter Co., \$104.20.
Westman Bros., \$1.20.
Garlock Packing Co., \$14.83.
Park Bros., 80c.
Chatham Gas Co., \$10.50.
McCall Bros. & Co., \$16.
Lake Erie Coal Co., \$625.51.

THE JULY CLEARANCE SALE

Overstocks Conduce Sharp Reductions--prices never so low a massing of economies---Sale will be a record breaker.

Let's get at the root of things. What is "clearance?"---as we use it? Ask the directory.

It says, "The act of clearing, riddance, removal of encumbrance or obstructions." That tells a part of the sale story, but it says nothing of the expensiveness of the movement or of the forces employed.

We will Simplify Matters, Explain and Broaden, Suggest and Advise

Spring got lost on the road and never come for the feast of good things we have prepared. The result, we are greatly overstocked with all sorts of warm weather wearthings. Never have such vast assemblages of fine goods participated in the JULY CLEARANCE SALE.

Now's the time to clear decks, to effect riddance, to remove obstruction. There is much to move, hence much of price reducing.

Prices have never been so deeply cut, never such sacrifices such stirring savings, such startling selling. Every department stock is affected. All summer goods must go, all summer goods will go and at a lively rate.

No reservation, no favorites, Everything Summery joins the whirl. Selling will begin with a rush. Stocks will disappear as if by magic. Come early, while assortments are complete. **Sale Begins To-morrow and Lasts 2 Weeks.**

CAPTURED BY BANDITS

Gen. Sir Harry MacLean Seized as Hostage by Raisuli.

To Be Held Prisoner Until Sultan Grants Demands of Bandit Chief—Was on Mission of Pacification—Bearing Presents From Moroccan Ruler—Punitive Expedition Has Been Sent Out.

Tangier, July 4.—Kaid Gen. Sir Harry MacLean, commander of the Sultan's bodyguard and next to the Sultan, the most influential man in Morocco, has been captured by Raisuli, the bandit chief. The latter has announced that he will hold the general prisoner until the Sultan grants the terms which he, Raisuli, demands for his own pardon and MacLean's release.

For some time past, Gen. MacLean, acting in behalf of the Sultan, had been trying to persuade Raisuli to resume a peaceful mode of life, and recently the bandit leader had apparently showed signs of willingness to meet the wishes of the Moroccan authorities, with the result that Gen. MacLean, who is a former officer of the British army, having served in the 60th Regiment of Infantry, the descendant of an old Scotch family, and a man universally respected, even among the most fanatical of the foreign-hating Moors, was entrusted with the task of taking some presents from the Sultan to Raisuli, in the hope of finally persuading him to come to terms.

These gifts consisted of horses, and tents, and to escort them to his stronghold, Raisuli sent 15 of his banditti to the general to act as a bodyguard.

Accompanied by these men, MacLean journeyed towards Rouina, where he was to meet Raisuli. But on arriving there the general was informed that he was a prisoner. Later Raisuli sent a messenger to the Sultan, announcing the capture of his bodyguard and informing his majesty that he would hold the general a prisoner until the following terms were granted for his surrender:

First—The reconstruction of Raisuli's house at Zinat.

Second—The payment of an indemnity of 100,000 doures, about \$200,000.

Third—His reappointment as governor of Tangier and of Fehs, and his appointment as commandant of police.

The officials of the British Legation subsequently confirmed the announcement of the capture of Gen. MacLean.

The Sultan is launching a punitive expedition against the Adjera tribe of this vicinity, owing to the fact that they have not paid their tribute to his majesty's collectors.

What Will Britain Do? Kaid MacLean is now at Elkes, in the heart of a wild mountain district, three days' march from Tangier. He is being well treated, and has been allowed to write to the British Minister and send for his baggage.

The capture of the general was planned carefully. He went out to the rendezvous with Raisuli, against the advice of his companions.

The incident is being discussed with deep interest in diplomatic circles, and the action of the British authorities is awaited with considerable anxiety. It is recognized that the affair may entail the gravest consequences.

CAR DASHED DOWN HILL.

Was Loaded With Bricks—Many People Had Narrow Escapes.

Toronto, July 4.—A freight car loaded with brick broke away from a northbound train on the Metropolitan Railway on Yonge street yesterday forenoon and ran back down the steep grade to the C. P. R. When the car struck the curve turning into the station it jumped the rails, crossed the sidewalk and smashed to pieces on the C. P. R. track. The bricks were scattered in every direction, the rails were torn up, and the car, which was a flat-car built on one of the old horsecar trucks, was smashed to kindling.

There were several people on the street at the time, and two women had just got clear of the car when it made its leap across the railway crossing. Traffic on the street was blocked for a couple of hours.

Kaiser's Windsor Visit.

Berlin, July 4.—Emperor William has acknowledged King Edward's invitation to visit Windsor Castle for five days in November in a most courteous manner, but without accepting it unconditionally, saying, "It is understood, that he will only be able to give a final answer after some questions regarding public business are settled."

No one, however, doubts that the Emperor ultimately will accept, but he is not disposed to accept hastily, as the invitation has been a long time coming.

The Kaiser and the Empress are now at Copenhagen.

Several Hundred Damage.

Jarvis, Ont., July 4.—Fire broke out yesterday afternoon in the upper store-room of P. W. Armstrong's general store. The fire brigade apparently extinguished the fire, but last evening it broke out again. Damage will amount to several hundred dollars.

Two Dollar Bill the Limit.

Detroit, July 4.—Justice Ott has set a Michigan precedent by deciding that a street car conductor is not required to change a piece of money larger than \$2 when tendered by a passenger.

Bricklayers Locked Out.

Winnipeg, July 4.—There is trouble in building circles again, the contractors having locked out the bricklayers, who are demanding 60 cents an hour.

EX-Governor of Wyoming Endorses Pe-ru-na.

As a Catarrh Remedy.

As An Excellent Tonic.

"I have such confidence in prominent personal friends who have used and endorsed Peruna that I feel justified in assuming that it is a valuable remedy for catarrh and an excellent general tonic."

John W. Hoyt.
Victoria Falls,
Washington, D. C.

The Magnificent State Capitol Building of Wyoming.

Responsible People.

PEOPLE occupying positions of high responsibility and trust are always very busy people.

They have little or no time to devote to idle issues.

It is therefore very rare that such people are willing to write testimonials for anything.

Then again there is a natural diffidence in giving public endorsement to any commercial enterprise on the part of people who are much before the public.

Rare Endorsements.

It is thus that it is very rare that public officials, like governors, congressmen, consuls, senators, etc., give public endorsement to a proprietary medicine.

It is therefore a great triumph that Peruna has the unqualified endorsement of so many men in official position.

Scores of public officials of national reputation have enthusiastically declared in favor of Peruna in public print over and over again.

A Startling Fact.
There is no way to account for such a startling fact as this except that Peruna has extraordinary unusual merit.

After all, people high and low, are constituted very much alike.

AN EXAMPLE.

Do you really believe that Samson lost his strength by having his hair cut? asked the non-believer. I have no reason to doubt it, replied the practical man.

Natural Enthusiasm.

When a person has been really helped in getting rid of some chronic malady, after other things have failed, it is quite natural for enthusiasm to lead people to make a statement of the fact.

For great services, gratitude is natural.

This is the only way that it can possibly be explained why it is that so many persons prominent in public, diplomatic and social life give testimony for Peruna.

Actual Benefit.

Peruna promptly relieves.

This is the explanation.

Catarrh is a disease difficult to relieve.

A great many of the doctors fail to relieve it.

Gratitude Results.

A few bottles of Peruna cure a chronic malady of many years standing and it is almost impossible to repress the natural feelings of gratitude which spring up.

Catarrh of Head and Throat.

Mr. Joseph Reiss, 3424 N. 14th street, St. Louis, Mo., writes:

"I had catarrh of the head and throat, but through the use of five bottles of Peruna and two bottles of Manalin I was cured."

A MANNISH GIRL.

Well, it may be so. A talkative barber always makes us tired.

Mannish sort of girl. Is she, really?

Catarrhal Fever.

Mr. W. K. Good, Broadway, Va., writes:

"When I was fifteen years old I had catarrhal fever and for nine years I have had catarrh of the head."

"Through neglect it went to my throat and nose. After consulting you I used Peruna for four months as directed, and I am entirely well and have my natural health."

"I cannot praise Peruna too highly. It will do all that it is recommended to do."

Peruna Relieves Catarrh.

Mr. L. CHafford Figg, Jr., 2323 E. Marshall St., Richmond Va., writes:

"As soon as I got a cold I send for a bottle of Peruna, and it soon drives it out of my system."

Despaired of Being Cured.

"For several years I was not entirely well, and despaired of ever being cured, as I had used numerous remedies that my friends advised. I doctored for two years without any improvement."

A Last Resort.

"As a last resort I tried Peruna, and am pleased to say that in a short time I was completely cured."

"I have not been troubled for over a year. I am pleased to endorse Peruna as it saved me a world of suffering."

Yes. She used the telephone today for the first time in her life, and that she didn't giggle once.

The man who tells his troubles usually convinces his hearers that he is getting his deserts.

IMPORTANT TO INVESTORS

On account of the continued results from the recent developments on the properties, and on the advice of our engineers, the shares of the Lucky Boys Gold Mines, Ltd., now selling at 6c per share, and the shares of the Blue Bell Gold Mines, Ltd., now selling at 50c per share, will each be

ADVANCED to \$1 PER SHARE

AFTER SATURDAY, JULY 6.

We wish to inform our clients and investors that present indications point to a further and rapid increase in the value of these shares. Work is being vigorously prosecuted on all the properties of the above Companies under the supervision of the most practical and capable mining men in the world.

The progress made on these properties has been remarkable, and the developments have enthused all the miners and prospectors in the Larder Lake District. We believe they are richest in the Larder Lake District. The properties of the Blue Bell Gold Mines, Ltd., consist of twenty-eight forty-acre claims, making a total acreage of eleven hundred and twenty acres; and those of the Lucky Boys Gold Mines, Ltd., consist of twenty forty-acre claims, making a total acreage of eight hundred acres. The properties of both the above Companies are free of debt and other incumbrances.

We have been expecting this raise, and have been constantly advising our clients and investors that immediate action was necessary if they wished to secure these shares at the present prices. Investors who take our advice and BUY NOW will greatly profit thereby. In a few days you will be too late. This is your last opportunity to buy Blue Bell at 50c per share (par value \$1, fully paid and non-assessable) and Lucky Boys at 6c per share (par value \$1, fully paid and non-assessable).

At the close of business on Saturday next, July 6th, Lucky Boys and Blue Bell shares will jump to \$1.00 per share, and not a share can be had after that date for less than this price. If you miss this opportunity you will miss the greatest chance in your life. Our advice to you is "THAT YOU MUST NOT DELAY." If you wish to secure some of these shares you must positively send in your order with remittance to cover on or before Saturday next, July 6th.

We have only a limited amount of shares of both Blue Bell and Lucky Boys for disposal, and applications will be filed in the order that they are received. All over-subscriptions will be returned to the senders. Wire or telephone orders at our expense.

H. S. Clements, M. P., is in Ottawa on business.

Mrs. A. Bedford, William street, spent yesterday in Detroit.

H. Macaulay is much improved today, the operation, which lasted two hours yesterday, being a very successful one.

Miss Clara Clements, of Thomas Stone & Son's store, is spending her vacation at her home. She expects to visit friends in Walkerville next week.

John Price, of Woods' Survey, received a nasty gash in the head yesterday, as the result of a blow. The gash is a serious one and necessitated the attention of one of Chatham's prominent surgeons.

D. S. Paterson is acting as presiding examiner at the Ursuline Academy, where fourteen of the young ladies are writing on the Junior teachers' Senior teachers' and University Matriculation examinations.

C. W. Powell, of Guelph, formerly of the Stratford branch of the Thornton & Douglas firm, has received the appointment as manager of the local store. Mr. Powell, wife and family are expected in the city in a few days.

Tell your friends to come along Saturday morning. Northway's July clearance sale begins at nine o'clock. Everything exactly as advertised, and your money back if you're not satisfied. That's the rule at Northway's July clearance sale. Begins Saturday.

The Northway July sale will commence to-morrow and will last for two weeks. These announcements are always of interest to the ladies, and this mid-summer sale will contain a large number of most excellent bargains, as advertised on page two.

ONE FROM ST. LUKES

William Gordon, Harry Andrew, A. C. McKay, Col. Wilson and Mr. Galbraith returned yesterday from a couple of days spent in fishing at St. Luke's Club. They were successful in landing a lot of fine fish, and are very well satisfied with the success of their trip.

"The catch of the season was made by Galbraith," said Mr. "Mac," when The Planet made the usual morning call at Taylor & McKay's store.

"Yes sir, it was one of the most exciting hauls I ever witnessed," and Mr. "Mac" puffed another big black cigar smoke ring ceilingwards. "Galbraith had been out by himself in a boat. Suddenly we, who were on shore, sighted him coming in. He came slowly and appeared to be toying in some great weight. We waited anxiously, and finally after much puffing and exertion, Mr. Galbraith made the shore.

"Keep away boys," he commanded. "I've got a whopper."

"We all kept a civil distance, and waited to see Galbraith pull the monster from the deep.

"But apparently we were doomed to wait in vain. The man tugged, and tugged, and tugged, but he could not land the big fish.

"Finally he fastened the line to a pile nearby, and securing a club, started to belabor his finny victim. We thought it must be a whale to judge by the commotion made in the water. Mr. Galbraith gave one final smash at the fish, and all was silence.

"Then he drew in the line. "Imagine the laugh that went up when his 'catch' turned out to be an ordinary eight pound carp!"

ALD. GEORGE MEYNELL
LANDS AN MASCALONGE

A party of very lucky fishermen spent a day at the Syke and report an excellent catch. Ald. Meynell is to be congratulated on his ability as a fisherman. Mr. Meynell landed a fine muscalonge weighing over seven pounds. He was much delighted when he secured the small whale, and it is stated by his comrades that he cheered and shouted for over twenty minutes, also that he carried his capture a distance of four and one-half miles without letting it out of his hands.

Mr. Olmstead, his brother-in-law, of London, was with him and captured some forty pike and bass. J. C. Tucker made some good catches. Pete Cowan and Herb Fisher were also fishermen of the day, each catching about thirty pike and bass. Both are good fishermen. Mr. Fisher thought he had them all beat, but Cowan put it all over him, catching nearly twice as many as Fisher. All did exceedingly well, but Ald. Meynell is considered as the captain of the bunch.

FOURTH BRINGS DEATH

New York, July 5.—Independence Day, ushered in with a racket, went out last night in a blaze of pyrotechnics, the most imposing and expensive that New Yorkers have ever witnessed.

On the darker side the police and hospital surgeons were busy all day dealing with accidents. Last night the police were reckoning the casualties from the day's celebration.

At a late hour it was known that this Fourth's observance had cost seven lives, that a half dozen persons were dying and that hundreds of others were being treated at the hospitals for injuries ranging from slight burns, with the possibility of tetanus, to bullet wounds and lost limbs.

Of the dead, three died in premature celebrations, the others were killed during the day.

Arthur Carraro rapidly discharged a revolver in his backyard and a bullet entered the head of his aunt, Mrs. Alfonso Fuciarino, who fell dead. The next bullet killed the celebrator, Henry Engelhardt, aged 4 years, was killed by a bullet while looking out of the window of his home.

Jesse Guseveter is dying from a bullet wound.

James Benese, 6 years of age, was all but burned alive when a firecracker ignited his clothing. He cannot live.

John Graham, 10 years, was internally hurt by a toy cannon. His condition is critical.

Arthur Carfoot is one of a dozen whose hands were blown off.

Lost eyes and fingers added to the total of emergency cases.

Poles Fight; Two Are Killed. Utica, N. Y., July 5.—While celebrating the fourth of July at Yorkville, a suburb of this city, at an early hour yesterday morning, a number of Poles began fighting, with the result that two of them are dead.

The fight started in a saloon and the men were ejected by the proprietor. Hostilities were resumed in the street and later on the canal bank, where two of the party, Joseph Goscinski and Joseph Szczalk, aged 20 and 24 respectively, were knocked or thrown into the water and drowned.

Subscribers who are leaving the city for their vacation will kindly notify us as soon as possible where they wish their papers sent, to avoid any break in the delivery.

Robert L. Jarvis, License Inspector for East Kent, says the bean and potato crops in Harwich were badly injured by the recent frosts, and that Douglas McNaughton, of concession 3, has commenced to plow up his fields to resow, and that another field on the same concession, owned by John Burkhay, was ruined.

The Water Commissioners, at their meeting last night, decided to pay Park Bros. \$1,000 as a progress estimate on the new filter, on the certificate of Superintendent Jones. The Commissioners have accepted the agreement with the C. P. R. to supply the latter with water at a flat rate of \$700 per annum. The former rate was \$375.

On Tuesday, July 2nd, Mrs. Robert McNaughton, concession 3, Harwich, gave a shower party to Miss Ada C. Jarvis, eldest daughter of Robert L. Jarvis, License Inspector, on the eve of her marriage to Geo. M. Field, son of Mr. Lott Field, of this city. The residence was beautifully decorated and she was assisted by Mrs. Peter McGeachy in entertaining over forty young people. Miss Jarvis was the recipient of many handsome presents in china and silver.

J. C. Pritchard, Grand Trunk agent, has received a circular letter from Division Freight Agent McDonald, of Hamilton, respecting marking and addressing of freight packages. The Grand Trunk is insisting upon each package or piece of less than carload freight, and also carload freight being plainly marked with the name and address of consignee, so as to insure prompt delivery even if separated from the waybill. Old marks on freight boxes must be removed or effaced. Tags should not be used when the nature of the goods will permit of the address being stencilled on packages or pieces. The waybill and bill of lading for carload and less than carload shipments must show the number of packages or pieces.

James J. Couzens received a card to-day from his son, James Couzens, Detroit, who is in Holland on business, in connection with the Ford Motor Company. He had just visited the Castle at the Hague, the card showing the cell of the King and little Queen, whom all Germans love so well.

Turnkey Christopher Somerville, who was brutally attacked by a prisoner in the County Gaol yesterday morning, suffered no very serious results from the blow with the badlock, as his many friends will be pleased to learn. A scalp wound was inflicted, but the plucky turnkey is still able to get around and perform his duties.

George M. Field, son of Mr. Lott Field, was married to Miss Ada C. Jarvis, eldest daughter of Robert L. Jarvis, License Inspector, Harwich, on Wednesday, 3rd inst. Mr. Field has an interest with his father in 640 acres of land ten miles from Moosejaw, and left this city for the West five years ago. Their fourth crop consisted of 14,700 bushels of grain—8,700 bushels of wheat and the balance in oats—and this year they have 860 acres in wheat and 120 acres in oats. He will return in about ten days with his bride.

MR. LEE RETIRES

John Lee, of Highgate, a former member of the Ontario Legislature from East Kent, is to leave the employ of the Huron and Erie Loan and Savings Company. Mr. Lee has been engaged by the company for 20 years, acting as inspector of properties on which local agents all through the western district wished to place loans. He is probably one of the best known men west of London, and his many friends will regret that he is leaving the company. When the amalgamation of the Erie and Huron with the Canadian Loan Company took place, it was stipulated that the inspectors of the latter company should be retained. As there was no berth for Mr. Lee, his territory being covered by the inspector of the Canadian Loan Company, he was let out. The company have granted him three months leave of absence, after which he will retire from the employ of the company.

ROCKEFELLER FOUND.

Served With Subpoena at Pittsfield—Caught by a Ruse.

Pittsfield, Mass., July 4.—John D. Rockefeller accepted service in person of the subpoena issued by Judge Landis of the Federal Court at Chicago at the summer home of his son-in-law, E. Parmlee Prentice, in this city, yesterday.

The subpoena directs Mr. Rockefeller to appear before the Federal Court at Chicago on July 6.

Service was affected, according to Deputy Marshal Frink by a ruse on his part. The deputy marshal explained later that he was not satisfied with the condition of affairs at Mr. Prentice's estate as he found them on an earlier visit yesterday, and after apparently leaving Pittsfield for his home in North Adams he returned unexpectedly to Taconic Farm, the Prentice estate. He saw Mr. Rockefeller sitting on the front piazza. Mr. Rockefeller greeted his visitor with a smile and accepted service in person. He said that he had not been trying to evade service, but he did not exactly understand what was wanted of him. After accepting service, Deputy Marshal said, Mr. Rockefeller shook hands with the deputy and expressed pleasure at meeting him.

TELLER DECAMPS WITH CASH.

\$96,317 of Windsor Trust Co.'s Money Is Missing.

New York, July 4.—Detectives throughout the United States are searching for Chester B. Runyan, paying teller of the Windsor Trust Co., who, the directors allege, is missing with \$96,317 in cash.

Runyan is accused of having placed \$96,317 in currency in a suit case last Saturday, and, after shaking hands with his banking associates, left the trust company. Since then he has not been seen.

Runyan, it is said, did not even go to his apartment to bid good-bye to his wife, to whom he had been married five years. He is said to have taken all the cash available in the bank last Saturday. The directors, it is stated, have made up all the loss of the defalcation.

Runyan was a man of exemplary habits, so far as known, and was a trusted employee. When the auditors went over his accounts on May 1 they were found to be all right.

SMASHED INTO STEAM BARGE.

R. & O. Steamer Prescott Does Considerable Damage.

Montreal, July 4.—The Richelieu & Ontario Navigation steamer Prescott was entering the first lock of the La Chine Canal last Tuesday when the wire of the signal bell from the wheelhouse to the engine-room broke, and the man at the wheel being unable to signal the engine-room to stop, the boat steamed straight into the second gate, smashing it to splinters.

The rush of water carried the first gate, which were, by this time, partly closed, and sweeping the steamer back into the canal basin, where she collided with the steam barge Havana, smashing in her stern. The Havana sank, but the crew were saved without trouble.

The Havana had a load of pulpwood. The Prescott was little damaged. The canal was repaired during the day.

\$2,000 FIRE AT HAMILTON.

Explosion on Gasoline Launch the Cause—Several Boats Burned.

Hamilton, July 4.—J. W. Castell, son of ex-Sergeant Castell, was seriously burned last evening by the explosion of a steam launch, and a \$2,000 fire was started which destroyed two boat-houses, a number of boats, and did damage to the extent of about \$1,500 to the Acadia. Mr. Castell had a close call.

He went to his boat-house last evening and turned on the switch of the engine in his gasoline launch. There was a big explosion. Castell's clothes caught fire, and he had to dive into the water, leaving a suit of clothes, a gold watch and \$30 in his pocket. He had to be rescued by a boat. He had to be burned with his boat-house. He had to be burned with his boat-house. He had to be burned with his boat-house.

Killed By a Street Car.

Kingston, July 4.—Yesterday morning, shortly after 9 a.m., a little girl, Hilda MacGillivray, aged two years, daughter of R. J. MacGillivray, Collingwood street, was killed by a passenger street car on the corner of Union and Collingwood streets.

The little girl was on her way home wheeling a little doll's carriage. She tried to cross in front of the car, but was too late.
The car cut off the child's leg and otherwise mangled her.

Jumped Into the River.

Binghamton, N. Y., July 4.—Meritt Treadwell, one of the oldest letter-carriers in Southern New York, committed suicide here yesterday by fastening an anchor to his wrist and jumping into the Susquehanna River. Treadwell completed his morning's work and borrowed a boat from a fellow-carrier rowing into deep water, where he plunged in.

Does Not Suit Longshoremen.

Montreal, July 4.—The award of the board of conciliation and investigation in the trouble between the longshoremen and shippers of Montreal has been accepted by representatives of 17 shipping companies, but is unsatisfactory to the men.

Drug Clerk's Tragic End.

Winnipeg, Man., July 4.—G. J. Griffin, drug clerk, committed suicide last night by cutting his throat, and then jumping out of a second-storey window at his boarding-house.

Killed By Fall From Bridge.

Alvinston, July 4.—Alton Irving, six years of age, son of John Irving, tailor of Alvinston, fell off the overhead Grand Trunk Railway bridge and died shortly after.

DOES YOUR HEART FLUTTER?

You know heart fluttering means you're not as well as you should be. It's an evidence of impaired nerve and muscular power. To obtain sure relief, try Ferrozone; it has a special action on the heart, as seen in the case of those who, of Cole Harbor, N. S., who says, "If I exerted myself it would bring palpitation. To carry any heavy weight, or go quickly upstairs completely knocked me out. When bad attacks came on I lived in fear of sudden death. Ferrozone gave my heart the very assistance it needed, and now I am quite well." For heart or nerves it's hard to excel Ferrozone; 50c. per box at all dealers.

Scarcity of Tailors.

London, July 4.—At a sitting of the alien immigration board, Mr. Taylor declared there was a scarcity of tailors in London owing to the large number emigrating to Canada.

Two Killed, Five Injured.

Danbury, Conn., July 4.—A steam shovel at the new reservoir hit a stick of dynamite, and the explosion killed two men and injured five others.

I'll stop your pain free. TROLLEY CAR COLLISION.

Motorman Receives Fatal Injuries in Street Car Collision.
Washington, July 4.—A dozen persons were seriously injured and as many more slightly hurt in a collision yesterday between a Washington-bound trolley car and two cars loaded with steel rails were pushed out without waiting for the Washington trolley to pass. The rails on the forward car extended several feet beyond the truck, and when the crash came, almost completely telescoping it. One rail passed entirely through the abdomen of Motorman William Mock, who died later in the day, and one passenger had both legs severed.

WHY CHEST COLDS ARE DANGEROUS.

They lead to pleurisy and pneumonia. (Follow the Advice of W. H. Powles, of Powles' Corners, Ont., says: "I used to be subject to attacks and although I used most everything, nothing relieved quickly till I discovered Nerviline. I have used it for pleurisy and sore chest, and found it just the proper thing. For Lumbago or Neuralgia it's a quick as lightning. I cheerfully recommend Nerviline." The strongest, cleanest, most pain-destroying liniment on earth is Polson's Nerviline. 25c. bottles sold everywhere.

SENDING CHINESE HOME.

Work of Repatriation Has Begun in South Africa.
Durban, Africa, July 4.—One thousand nine hundred and forty-eight repatriated Chinese laborers sailed from here Tuesday for home. Measures were adopted last month for the abolition of Asiatic immigration to Natal by Dec. 31, 1908, and providing at the same time for the repatriation of the Chinese coolies now in the colony at the termination of their contracts.

I will mail you free, to prove merit, samples of Mr. Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

HORRIBLE TORTURE.

Burning Resin Poured On Bare Bodies to Extort Information.
Hong Kong, July 4.—It is reported here from Woungkong that imperial troops surprised a band of insurgents recently, capturing eighty of them. The prefect of Woungkong tortured the prisoners, pouring burning resin upon their bare bodies in an attempt to extract the names of the leaders of the uprising, in which, however, he was not successful.

DISTRICT

BLENHEIM

Blenheim, July 4.—Mr. E. G. Thompson was a Port Stanley visitor on Dominion Day.

Mr. Peter Caughell is accompanying Mr. Peter Haggart on his trip through the Canadian West. Mrs. Caulstone, of Peoria, Ill., is visiting friends in town.

Miss Carrie Rice, of London, was the guest of the Misses Putnam this week.

Mrs. Murdock, of London, is visiting her daughter, Mrs. (Rev.) Gilmore, this week.
Mr. George Cairns spent Sunday and Monday at his home in St. Thomas. He also visited at Port Stanley.
A successful raising took place on the farm of Mr. Bert Shanks, Ridge Road East, yesterday.

Miss Viola Hanson, of Cleveport, Wyoming, is visiting her parents, Mr. and Mrs. J. H. Ransom.

Mr. Wilfrid Samson has gone to Detroit, where he has secured a position.

Miss Cora Putnam left for Syracuse, N. Y., this week, where she will spend her holidays.

The property on Hall street, owned by Mr. McNutt, has been purchased by Mrs. Catharine Thorne.

The results of the June promotion examinations in the Blenheim Public schools do credit to both teachers and pupils.

The annual Presbyterian picnic will be held at Erieau to-morrow, going down on the 11.20 a. m. train.

Mr. John Coker will replace his present place of business with a cement block building in the near future.

Principal A. A. Merritt of the Blenheim Public school is presiding at the examinations being held at Ridgetown this week and next.

Miss Florence Oak, lately a clerk in Mr. E. G. Thompson's store, left this week to take a position as clerk at Springfield.

Mr. J. McLehlan, of the staff of the Standard Bank, Blenheim, is spending his holidays at his home in Durham.

Mr. and Mrs. H. Wodehouse, of Hamilton, and Mr. M. E. Mitchell, of Toronto, were the guests of Mr. and Mrs. S. Wodehouse on Dominion Day.

Mr. W. Fellows, proprietor of the Road Eau boat livery, deserves great credit for his promptness and presence of mind on Monday last.

Two little boys who were in a row boat were caught in the squall which came up in the afternoon, and despite all their efforts drifted out on the Eau. Mr. Fellows saw their danger and at once put out with his gasoline launch, rescued them, and brought them safely to shore.

Three rinks of local bowlers attended the Ridgetown tournament on July 1st and 2nd.

Gibson's rink—W. C. White, G. J. Gibb, J. W. Shillington, R. L. Gosnell skip; won second in Laing trophy, getting a beautiful cut glass celery dish.

Johnson's rink—H. M. Winters, J. H. Ferguson, P. S. Shillington, L. F. Johnson skip; won second, consolation, getting one each, handsome chocolate jug.

Taylor's rink—J. M. Denholm, A. G. Shillington, Wm. Henry, George Taylor skip.

Johnson's rink played eight games and lost three; Gosnell's rink seven and lost three; Taylor's five and lost three.

There were thirty rinks at the tournament, and the showing for Blenheim was most creditable. W. C. White also carried off the first prize for the kitty touchers.

OLD VIOLINS.

Reasons Why Ancient Fiddles Are Better Than New.
Fabulous prices are sometimes paid for old violins, and many an enthusiastic musician would part with his last dollar to possess one of the masterpieces of Stradivarius or Guarneri, or another of the famous makers of a century or two ago.

The questioned superiority of these old and often battered instruments has been variously ascribed to the peculiar quality of the varnish used in their construction, to the elasticity of the wood employed and to the ripening and improving effects of age and long use.

Of late years, however, much credence has been given the suggestion of an eminent authority that the reason is due to a peculiar warping of the wood to a higher arch, a buckling caused by the position of the "f" holes and sound post.

It might at first thought be supposed that the same effect could be produced by giving an equal arching to a new instrument, but the effect, if attained, is not permanent, because with age the arching increases until too great a degree of rigidity is the result.

"Plugging" a Hotel Guest.
The hotel detective stepped out of the elevator and walked over to the counter.

"Well, I plugged him," he said.

"Plugged him? Who? What for? Where did you hit him?" quickly asked a friend who was standing by.

"Didn't hit him anywhere. Just plugged the keyhole of his door. Never heard of plugging before? When we have a guest whom we suspect is getting ready to leave without settling or whose credit is exhausted and falls to settle up, we just wait till he leaves his room and plug the keyhole in his door. Then he has to settle up or leave his baggage. The plug fits over the end of a key. It is placed in the lock and turned. The key is then withdrawn, leaving the plug in the door."

YOUNG GIRL MURDERED.

Assailant Escapes to Woods But Whole District Is After Him.

Sherbrooke, Que., July 4.—A brutal assault, resulting in the death of the victim, a 16-year-old daughter of John Lynn of Melbourne, is reported here.

The assailant was Albert Greenwood, an Englishman. He escaped in the woods and the entire district is searching for him.

It is stated that the local militia will aid in the search.

BLUE PILLS NO LONGER USED.

When the stomach needs cleansing, the bowels increased activity, the liver additional power, don't use mercurial pills; try Dr. Hamilton's Vegetable in competition, extremely mild, yet sure to flush out all impurities and wastes, no remedy is so well adapted for family use. Positively a cure for biliousness and sick headache, uncleaning in constipation and bowel trouble, exceptionally good for indigestion, no medicine is so universally needed in every home as Dr. Hamilton's Pills. Good for the young, the old, the sick and the well ones, the benefits of Dr. Hamilton's Pills are manifold. Sold everywhere in 25c. boxes.

Appointments at Queen's.

Kingston, July 4.—Prof. Cecil Lavall, M. A., graduate of Queen's, and son of the late Warden Lavall of Kingston Penitentiary, has been appointed dean of the new faculty of pedagogy to be established with Government aid at Queen's University, and has accepted.

Hector Anderson, M. A., of Oxford University, a recent candidate for the chair of Latin in Queen's, has been offered the position of professor of education.

DOCTORS CHANGE THEIR METHODS.

Years ago they fought catarrh by internal dosing. They saw this used the stomach and changed to the ozonated air cure, better known as "Catharhozone." This treatment is sure to cure. It goes to the source of the disease; it destroys the causes that maintain catarrh and even in the worst cases permanent cure is guaranteed. Failure with Catharhozone is impossible. Antiseptic, healing and far-reaching, it's bound to cure every time. Endorsed by more than twenty thousand physicians in America alone and sold in 25c. and \$1.00 sizes by all dealers.

DO IT NOW!

CANADIAN IS CHAMPION

Tommy Burns Wins Out In Two Minutes And Eight Seconds

Squires Goes Down And Out With One Stiff Punch

San Francisco, July 4.—Bill Squires, the much-heralded champion pugilist of Australia, succumbed to the blow of a Canadian first at Colma to-day after he had been in the ring two minutes.

The men who witnessed the brief meeting between the two fighters were charitable enough to call him a "dub." They designated him as a "false altham" who should have been pitted against a fourth-rate fighter rather than any pugilist with the slightest possession of ring skill.

To say that the 6,000 persons who journeyed out to Colma to witness the fight were disappointed would be phrasing it mildly. Indeed, it was a hot day and the journey to Colma was disagreeable.

Hundreds of persons came from other states to see the leading fighter of the Antipodes battle with the light-weight champion of America and the fight was keyed up to the highest point from the standpoint of the average spectator the outcome would have been amusing if less effort had been required to reach the arena.

ENDED WHEN STARTED.
The fight was as good as ended the moment the gong sounded for the men to advance to the centre of the ring. That the defensive skill of the Australian was exceedingly poor was speedily attested, for in the ten seconds he was prone on the mat. A well directed right by Burns struck him flush on the jaw.

It did not have force enough behind it to give Squires his quietus, and after taking a count of four he rose again and again the champion of Australia was on the canvas, with Jeffries standing over him slowly calling off the seconds.

SQUIRES WAS GAME.
Burns lost no time in following up the advantage he had gained so early. Out shot his grim right again and again the champion of Australia was on the canvas, with Jeffries standing over him slowly calling off the seconds.

But Squires evidently had some staying powers in the face of punishment, for he rose weakly and slowly while Jeffries held Burns back until his adversary was in a position to defend himself. Squires had little defence left. The terrific rights to the jaw had accomplished the result and the man was barely in position again when the Canadian resumed his tiling aggressive campaign. Burns landed where he pleased and in a few seconds the rain of blows caused the Australian to drop his arms helplessly.

Then came the finish. Burns deliberately hit his mark and with all his power sent his right to the point of the jaw. It landed a user less than a Jiffy to go through the formality of counting the man out. There was not a spectator in the arena who did not realize that the fight was over and a rush was made for the ring to congratulate the victor.

2 MINUTES 8 SECONDS.
The fight lasted exactly two minutes and eight seconds, and it proved nothing more than that Squires was an overrated man. Burns demonstrated his immense superiority over the Australian, who did not have an opportunity to show what he is actually entitled to the high pugilistic title that has been bestowed upon him or not.

The receipts from the fight were far beyond expectations. The enclosure was crowded and it is estimated that the proceeds were between \$26,000 and \$27,000. Burns earned \$18,000—the \$10,000 side bet and his \$8,000 guarantee. Squires takes 24 per cent of the gross receipts, about \$6,300.

SON DYING, MOTHER GONE.
Charles Lancaster's Pathetic Search For His Missing Wife.

Detroit, Mich., July 4.—While his four-year-old son lies dying on a farm near Woodstock, Ont., as a result of being kicked by a horse, Charles Lancaster is vainly searching Detroit for his wife, who left him last week. The couple had a disagreement, and Mrs. Lancaster left her husband to go to London, Ont. Lancaster placed his little son with friends on the farm. Tuesday the little fellow was playing about the stables, and was kicked by a vicious horse, and is thought to be dying. The distraught father thought of his wife in his new trouble and wired to London to reach her. Word came back that she had returned to Detroit, and yesterday he appealed to the police to aid him in his search.

COULDN'T DELIVER THE GOODS.
And Fake Advertiser Had to Give Back Money He Got.

St. Thomas, Ont., July 4.—Norman Lindop of this city answered an advertisement for a Buffalo firm, offering for sale ready-made cottages. Lindop sent \$275, but repeated queries brought no answer.

He went to Buffalo, enlisted legal aid, and went to the address, but the proprietor could not produce the cottages and was forced to disgorge the \$275.

Three stenographers were at work in the office and stacks of mail were in evidence. The business is well advertised in Canadian papers.

DON'T DIE AT 45

Cure The Indigestion Which Is So Liable To Lead To Apoplexy.

Rush of business, eating too fast and too much, excesses of any kind, soon result in indigestion. Then when the digestive organs cannot care for the food properly the coats of the blood vessels in the brain get little nourishment, become brittle, and finally yield to the fierce blood pressure. One is then said to have a "shock," to be paralyzed, or to die from apoplexy.

People suffering with headache, giddiness, palpitation, sleeplessness, bad taste in the mouth, drowsiness, coated tongue, distress after eating, specks before the eyes, and any other of the many distressing results of a weakened stomach, should profit by the discovery of Mi-o-na stomach tablets.

In recent years the greatest advance in medicine has been in the study of diseases of digestion and nutrition and no other prescription has proven itself of as much value as Mi-o-na. It is relied upon as a certainty to-day in relieving the worst troubles of digestion and assimilation and making a complete cure.

The strongest proof that can be offered in substantiation of the claims that Mi-o-na will cure the worst forms of stomach trouble, cancer excepted, and give immediate relief in indigestion is the guarantee that C. H. Gunn & Co. give with every 50 cent box of Mi-o-na to refund the money unless Mi-o-na cures. A guarantee like this must inspire confidence in Mi-o-na. C. H. Gunn & Co. take the whole risk and the remedy will not cost you a penny unless it cures.

A MORTGAGE.
You've been giving Boroughs more money, haven't you?

Oh, I suppose he considers it as merely a loan.

Well, what security did you get? Well, he gave me a mortgage on one of his castles in the air.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvellously efficient in curing cases of blood disorder and liver and stomach troubles as well as many other chronic or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver or biliousness, and kindred derangements.

SOME BOYS.
The principal occupation of some boys seems to be explaining that it was not their fault.

The tourist's season is now on and we are advised by W. E. Rispin, general passenger and ticket agent, that he has some especially attractive tours for the present summer season, leading to all the summer resorts of Canada, including Muskoka Lakes, the Thousand Islands, Georgian Bay, Lake Superior, River St. Lawrence, and Gulf and Atlantic Coast points, and would be very pleased to furnish information to any intending passengers.

HEINTZMAN & CO. PIANO

(Made by Ye Old Firm of Heintzman and Co., Limited)

That it has won the warmest approval of the great masters of music from abroad and at home.

"I had no idea so good a piano was manufactured in Canada."—Friedheim.

"I shall insist on having a Heintzmann and Co. Piano whenever I visit Canada."—Burmeister.

"It excels any piano I have ever used."—Albani.

"Reflects the utmost credit upon your house and upon Canadian skill and enterprise."—A. S. Vogt, Conductor of the Mendelssohn Choir.

Rare and empty statements of the merits of a piano can be made by the most insignificant manufacturer. It is open to any one to declaim. But it is a very different thing to have artists like those whose own words we have quoted, and others such as Calve, Nordica, Gadske, Plancon, Jonas, who have used this great Heintzman & Co. Piano, tell of its distinctive and supreme qualities.

LOST HIS EYE

A harrowing accident is reported from Chatham Township, near Wallaceburg.

The report runs that Henry Lowes, son of Gordon Lowes, of the 5th concession, R. T. Harwich, who is foreman for W. M. Draden in his bush near the 'Burg, was engaged in teaming work on Saturday, when in some way, the victim does not know how, he was struck in one eye, and the optic was so seriously injured that its sight was completely destroyed. The young man's other eye was already practically useless, owing to a defect, so that by the accident he is made totally blind.

It is understood that one of the horses kicked him, or else a bolt from a pile nearby fell and struck him fairly in the eye. — Blenheim News-Tribune.

CORN CROP IS DESTROYED

Frost Does Immense Damage Throughout County Of Kent

Low Lying Districts Suffer The Most—General Outlook Is Blue

The farmers in Kent County have been badly hit with the frost, and as a result there will be many heavy losses. Corn and beans have suffered the worst, and a gentleman who took a trip over a large area of the country yesterday stated this morning that the damage done was simply beyond belief.

"I saw corn fields which were absolutely ruined," he said. "In places the frost had simply cut the tender corn as if it had been mown with a scythe. There were other spots where the entire crop had been blackened on the tops, and though there seemed some hope for such spots, the farmers were most pessimistic concerning the outlook."

"The low lying lands suffered the worst of all, and where a field was the least bit knolly the low spots were killed, while the higher places escaped somewhat more lightly. At any rate the general outlook is most blue for corn. Potatoes also suffered."

The information was obtained yesterday that in the year 1816 there was frost every month of the year. Will this year prove a repetition of that unfortunate occurrence?

CORNELIUS BROTHERS WILL ARRIVE HERE TUESDAY

Ald. W. H. Westman, chairman of the Property Committee of the City Council, was interviewed by a Planet reporter with regard to the visit of the Cornelius Brothers, of the Wolverine Brass Goods Company, of Grand Rapids, Mich., about whom there has been considerable inquiry recently.

"President L. A. Cornelius and his brother, who are the joint proprietors of the Wolverine Brass Works, have informed me by letter that they will be in this city to select a site not later than Tuesday of next week," said Ald. Westman.

The delay on the part of the Cornelius brothers in arriving in the city, has been occasioned through pressure of business.

LAWN BOWLERS' ROLLER IS RESCUED FROM DEEP

Seven boys, very penitent, and all under the age of fourteen, were lined up in Police Court this morning. Investigation made by Officer Dodson showed they all knew something about how the lawn bowlers' lawn roller was rolled into McGregor's creek a short time ago. Officer Dodson found a cue, which he worked on till he landed the seven, all of whom were present, when the roller was given its bath.

Four of the boys pleaded guilty to the offence this morning. They were remanded, but it is understood that they will pay the costs of the cue and the recovery of the roller, and there will be no further trouble over the matter.

Albert Cooper, the man who had the scrap with Marriott on Adelaide street recently, was rounded up by the police yesterday. He was found guilty of disturbing the peace, and was fined \$2 and costs. In default of payment of which he would have to take fifteen days in gaol. Cooper promised to pay this fine.

Minard's Liniment Co., Limited.

Dear Sirs,—Last fall I got thrown on a fence and hurt my chest very badly, so I could not work, and it hurt me to breathe. I tried all kinds of Liniments and they did me no good.

One bottle of MINARD'S LINIMENT, warmed on flannels and applied to my breast, cured me completely.
