Dear Sir:

Referring to your letter 3-129B. T.9. of May 24th last. Enclosed please find paylist sheets, in duplicate, for the Indians of Treaty 9, paid by me.

The amount paid out was $176.00. I presume this amount was included in the cheque for $13,500. sent me in May, as I have received no separate cheque for the payment of Treaty #9.

IN YOUR REPLY REFER TO No. 1590

Sir:-

With further reference to your letter No. 254,038-44, of the 23rd of March last, Mr. J. D. MacKenzie informs me that he can make arrangements for the Company's District Constable, Mr. Charles Attonance to take charge of the party. He has full power as an Ontario Provincial Constable and Mr. MacKenzie states he will be extremely useful if given full control. He suggests, however, that this man should be sent in addition to the crew of twelve, and not as one of them, as otherwise he will not have the same authority over the crew. The extra charge for this man's services and provisions will be $150 and I shall be obliged if you will advise me at an early date whether he shall be engaged for this purpose.

I enclose a schedule giving quotations in connection with a Treaty No. 9 trip this season. As explained to the ~~Department~~ Deputy Superintendent on the writer's visit to Ottawa a few weeks ago, it is impossible to give you a definite quotation for the trip on account of the varying circumstances which may arise to increase the cost, such as delays, etc.

In addition to the charges mentioned in the enclosed schedule there will be the cost of a man to supervise the Indians from Moose Factory to Cochrane. As it is impossible to get into touch with Mr. F. D. Wilson, the cost of this item will have to be left to him, but it will, of course, be kept as low as possible.

IN YOUR REPLY REFER TO No. 1599

Sir:-

Referring to Mr. Awrey's call yesterday, I beg to state that I have received advice from Mr. J. D. MacKenzie that he can make arrangements for twelve Indians to be ready at Hudson on the 14th of June. The wages will probably be $3.00 per day for the head guide, $2.50 for five Bowsmen and steersmen and $2.25 for six middlemen. He states that the wages will depend largely on the rates being offered by the Government Railway for extra gangs.

The rent of tents and equipment, including three special canoes, will be $7.00 per day.

As arranged with Mr. Awrey, he is to make his own arrangements with the Indians as far as wages and rations are concerned, and on their return each man is to be given an order on the Hudson's Bay Company, specifying the amount due him, which will be a matter for arrangement between Mr. Awrey and the men, so that there will be no dispute in connection with wages due for extra time taken on the trip home.

I understand that Mr. Awrey will make the best arrangements he can en route for the different stages of his trip.

I have written Mr. Wilson, stating that the party will be ready to leave Albany about the 10th of August, so that if convenient the "Inenew" will be there at that date to take them. I have also informed Mr. Wilson that if the party is taken on board the "Inenew" on one of her regular trips the members are only to be charged regular fare.

Regarding a charge from Martens Falls to Albany mentioned in the schedule accompanying my letter No. 1590, I would state that the high rate is probably due to the fact that the party have to be sent down on a special boat, as it will not be necessary this year for a boat to go down to Albany to bring up freight, as all freight is going in

Sir,

With reference to your letter of the 30th ultimo, regarding arrangements for the Treaty 9 trip, I beg to inform you that the Department deems the charge of $7.00 per diem for rent of tents, canoes and equipment some-what excessive. In the past the canoes alone have been rented for the trip to Fort Hope and return for $75.00, or about $2.50 per diem, so that the charge of $4.50 per diem for use of tents, etc., seems much too high. Kindly furnish an itemized statement of how the charge which you quote has been arrived at. The charge of 4¢ for use of Tents should appear to be sufficient to purchase them outright.

IN YOUR REPLY REFER TO No. 1611

Sir:-

With further reference to your letter No. 254038/44 A, of the 1st instant, I have gone very carefully into the charge of $7.00 per day quoted by Mr. McKenzie for the rent of canoes and equipment for Treaty Party No. 9, and so far from being excessive, I have come to the conclusion that from a business point of view Mr. McKenzie would have been jusitifed in quoting an even higher rate.

At the outset I would state that the Company do not keep their stock of canoes, tents, etc. for the purpose of renting them as a regular business. The equipment has to be supplied from stock, and when it is returned the goods must either be sold as secondhand articles, or retained for a year - or until an opportunity occurs for renting them again. As far as the canoes are concerned; while these are being rented to the Indian Department they are not available for service in carrying the Company's freight at a time when they are most needed, which means that either capital has to be invested for additional canoes, kept for the use of the Indian Department only, or that the Company's transport must suffer.

It would not appear that you have considered the charge from the point of view of the value of the articles concerned. Mr. McKenzie estimates the value of tents, cooking utensils, pack straps, axes, canoe covers, cod lines, etc. at $250, and his charge for these is $2.50 per day, representing 1% per day only. In all probability these articles would be in use for forty days, and when returned would be secondhand articles, while the depreciation would equal, if not exceed, the charge for hire.

As regards the canoes, I very much doubt if these could be

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

laid down at Hudson to-day for $165 each. Mr. McKenzie bases his charge on $1.50 per canoe per day - less than 1% per day of the value.

Quite apart from the amount of additional capital tied up in these canoes, it will be obvious to you that forty days use of same by men not in the employ of the Company, and therefore not very particular as to what happens to them, must mean considerable depreciation.

From a business point the Company would prefer that you purchase the equipment outright, as the system proposed by you means that we finance the Department to the amount of the equipment, taking all the risk of loss and damage, and have to spread the cost over a period of about three years, which under favourable circumstances is its maximum life; the equipment, as mentioned before, being of no use to the Company, as it would be away on Indian Department work during the time it would be used for our own freighting.

In addition to the facts mentioned above, I would draw your attention to the time and trouble taken by the head office and the District Manager at Fort William in connection with this business, to say nothing of telegrams and sundry other expenses which have been incurred in order that the Company might make the best possible arrangements for the Department.

In addition to this, the Company finance the wages and provisions for the crew for several months, as it is usually some considerable time after the advances are made before payment is received.

Under all the circumstances therefore I am of the opinion that no exception should be taken to Mr. McKenzie's charge.

Regarding the engagement of men at Hudson, and Mr. Awrey's proposition that the men should be brought to Hudson and he would make his own arrangements for engaging them, Mr. McKenzie writes

that when the Indian is approached and engaged, his time starts immediately; his rate of wages must be settled and an advance on same given him. He states that we cannot engage men and take them to Hudson and then run the risk of having Mr. Awrey refuse some of them and engage others who may have come into Hudson in the meantime from other points. I think perhaps Mr. McKenzie has misunderstood Mr. Awrey's proposal, which I gathered was that the Company should engage the men on behalf of the Indian Department, the Department agreeing to accept such men as we engage. It stands to reason that if there is likely to be any disagreement regarding the men engaged, no useful purpose would be served by the Company doing this work. Mr. McKenzie makes the following suggestion, which he thinks will prove more satisfactory to the Department, and I quote from his letter as under:

> "I think the most satisfactory way will be for the Indian Department to buy their own canoes, equipment and provisions complete in the East, ship them to their order at Hudson, Mr. Awrey come up two days earlier, hire his own men, make a cash deposit with the Company at Hudson to the credit of each man's account, to provide for their families during their absence, and then pay them off the balance of their wages in cash at Martens Falls, and arrange with the head man to pack the equipment and we will ship together with the canoes to the Indian Department's warehouse at Winnipeg for storage."

I shall be glad to learn in due course which method you propose to follow.

Sir:-

Replying to your favour of the 11th instant, I beg to inform you that it will not be possible for the Department at this time to carry out the suggestions made by Mr. McKenzie.

The Department will therefore accept your offer to furnish three canoes, tents and equipment etc. at Hudson ready for the party to leave on the morning of the 14th June. You may also make provision to have twelve Indians on hand with whom no doubt arrangements satisfactory not only to the Indians but also to the Department as well as to the Company can be made for the return trip to Fort Hope.

Would you kindly instruct your manager at Lac Seul to have suitable supply of provisions on hand to ration the Indians for this trip.

Regarding the latter part of the trip from Fort Hope on, the Department will leave it with the Paying Officer to make the best arrangements possible.

IN YOUR REPLY REFER TO No. 1612

Immediate

Sir:-

Referring to your letter No. 254038-44, it was presumed from the writer's conversation with Mr. Scott some weeks ago that payment of the account in question would be made immediately, as we had agreed upon a basis of settlement. I presume the original account is still with Mr. W. J. McLean, to whom it would have been rendered by our Winnipeg Office for certification. I have written instructing our Winnipeg Office to request Mr. McLean to certify it after making a deduction of $50 as agreed with Mr. Scott, but without any notification from your Department it is possible that he will still refuse to certify the account. In order therefore that no further time may be lost, and that it may be possible to have the account paid from the funds of 1917-18, I would ask you to be so good as to notify Mr. W. J. McLean that the account, amounting to $1962, can be certified as correct.

of June, but as soon as the weather permitted on the forenoon of the 16th, I had their Cargoes issued to each of the three Canoes, and we started at once after the Crews had their lunch, and therefore no charge for delay should be made for the 16th. The charge made for the 14th & 15th delay may stand on the account, as I stated to you in my letter of the 17th June 1917, that the Treaty party would arrive at Hudson on the morning of the 14th idem. That Statement I was not able however to carry Out, Owing to the change made in the train time for Hudson. No charge must be made for any delay at Marten Falls, so far as I was Concerned. Your trip men might have returned in an hour's time after we arrived at that place, and they alone are responsible for any time which they may have spent at Marten Falls, and I told them so. Just a line or so to let you know I arrived here O.K. and to tell you that I have succeeded in making satisfactory arrangements for the return trip to Port Hope. Mr Williams met me at this point and I must say, has given me much assistance. I hope to get away from here as arranged to-morrow morning but am a little doubtful as there is a powerful north wind blowing which may detain me.

Unfortunately Dr Jacobs came away without his baggage, blankets etc. so I have had to buy blankets etc - or else wait till the next train on Saturday which I certainly did not think advisable to do.

Hoping you are feeling better after your little vacation and with best wishes to yourself and Mrs Scott.

Yours most sincerely
H. Amorey

Ottawa.

Dear Sir;

Your two letters, one from Martens Falls & one from Albany arrived here with our men July 22nd. We are very pleased to hear that the men and outfits were satisfactory to you.

As you request, we are taking up the matter of an estimate on transporting the Treaty Party from Ombabika Crossing to Fort Hope. from Fort Hope to Osnaburg and return and from Fort Hope to Albany. We will give our Montreal Office all the necessary information we can about this matter, so that any time that you want any estimate it will only be necessary for you to apply to them, thus ommiting the delay in writing to us.

Should you decide to come in by Ombabika Crossing, it would be necessary to have the arrangements made and dates set before March 1st. 1919 so that our Company could advise us ~~sf~~ about dates etc, by our March packet which usually reaches the line about March 15th.

DEPARTMENT OF INDIAN AFFAIRS CANADA

512884

Ottawa, 24th August, 1918.

Sir:-

I beg to submit herewith my report of the annuity payments to Indians of Treaty 9, James Bay for the year 1918.

Transportation.

I left Ottawa on the 10th June for Hudson accompanied by Dr. Jacobs as medical attendant and P. Clements as cook. By previous arrangement, I was met at this point by Mr. Jabez Williams of Lac Seul who had in readiness a crew of twelve Indians to take us as far as Fort Hope.

On Friday morning, the 14th June we left Hudson with three canoes and reached Osnaburgh on Wednesday evening, June 19th. We left Osnaburgh on Saturday June 22nd at 11 o'clock for Fort Hope. On the way we were delayed by inclement waather for one day so did not reach there till Thursday evening, June 27th.

The Lac Seul crews returned from here and I engaged a new crew of nine men and three smaller canoes from Revillon Freres, to take us as far as Albany. We left Fort Hope on the 2nd July and reached Marten Falls on the 4th. Next day we continued our trip down the river, reaching the junction of the Albany and Kenogami Rivers on Saturday, July 6th and Albany on the following Tuesday, July 9th.

On Thursday morning, July 11th, we left with two small canoes manned with six Indians for Attawapiscat which place we reached on Saturday morning. The following Monday we left again for Albany which place we reached on Tuesday evening, July 16th, the return trip to Attawapiscat having been made in six days, a record time.

The Hudson's Bay Company's steamer Inenew had in the meantime arrived at Albany, so we were able to take passage on it, leaving early on the morning of July 18th for Charlton Island and

and Moose Factory where we remained till Wednesday July 24th. With two canoes and six men we continued our journey up the Moose, Abittibi and Frederick House Rivers reaching the destination of our canoe trip on Friday afternoon, August 2nd.

The whole trip was made without any misfortune or bad delays through inclement weather. The service given to us by the canoemen was such as to give us no reason for complaint.

Annuity Payments.

The Osnaburgh Indians were paid on the Reserve on June 20th and 21st. In this band there are 474 members, being 4 fewer than last year, but 148 more than when the treaty was made in 1905.

The Fort Hope Indians were paid on the 28th and 29th June. There are now 572 members in the band, an increase of 13 since last year, but 182 more than when treaty was made. The Marten Falls Indians now consist of 138 members, 5 more than the number in 1917 and 34 more than the number in the band when the treaty was made.

The English River Indians did not as usual meet the treaty party at the junction of the Kenogami and Albany Rivers, but many of them were paid at other points along the route. There are now 105 members in the band being 58 members more than when treaty was made.

There are now 1001 members in the Albany Band, about one half of whom were paid at Albany on July 9th and 10th and the other half at Attawapiscat on the 13th and 14th July. There is an increase of 18 in this band since last year, but 626 more than when the treaty was made.

The Moose Factory Band of Indians was paid on June 21st. There are now 399 members in the band, 7 fewer than last year, but 62 more than in 1905 when treaty was made.

At New Post there was not a single Indian waiting to

be paid, these Indians having taken up their quarters near Clute where most of the members were paid.

There are now only 24 members in the band, being 5 fewer than last year, and 14 fewer than when treaty was made.

On the whole the payments were made without a hitch. At Osnaburgh a couple of families of Indians asked to be transferred from the Lac Seul Band, but I would not entertain the application as I knew you did not approve of making transfers from Treaties Nos. 1, 2 or 3 to Treaty 9 or vice versa.

At Attawapiscat a few Indians sought to be taken into treaty, but as they came from Wenisk I told them their application could not be considered.

Occupations, Productions etc.

The opportunities for the Treaty 9 Indians are poor. Indeed it is evident that no great progress can be made in the way of production on account of the natural conditions of these parts. However there appears to be a promise of more thrift amongst the Indians towards the principle of self support, many of them cultivating small patches of soil and growing enough potatoes for their own consumption. The chief occupations of these Treaty 9 Indians are fishing and voyaging during the summer and hunting during the winter. The fur catch during the past winter was very fair, fisher, beaver and otter being quite numerous inland, and foxes plentiful along the shores of James Bay.

The prices paid by the Companies are high, and it might be interesting information to state prices paid by the Companies for the same. The following are a few average quotations:- beaver $10.00 up; red foxes $12.00, $15.00; silver fox $100.00, $300.00; mink $2.00, $5.00; ermine .60¢; fisher $17.00, $25.00; bears $10.00 up; otter $8.00 up; musk rats .50¢ up and marten $6.00 up. Of course these high prices are necessarily counterbalanced by high prices of prints, woollens and food supplies, sugar being .25¢ and .40¢ a pound, and print .35¢ a yard

yard etc. etc.

Food Supplies

There should be no great scarcity of food, as moose and red deer seem to be growing more numerous each year. Rabbits are very scarce, some disease during the last year having almost entirely wiped them out. White fish, especially in the Fall, are very plentiful and with special supplies of nets and ammunition which I would recommend be supplied to the most needy, I feel there should be no great suffering during the coming winter months.

Health of Indians.

Dr. Jacobs examined all cases thoroughly and found nothing of a serious nature beyond tubercular trouble, which of course is and will always be prevalent amongst the Indian race, as long as they disregard the rules of right living. I might add that Dr. Jacobs was ever ready to respond to all or any calls for his professional services. From my own personal observation I am pleased to state that there seems to be a marked improvement yearly in the general health and cleanliness amongst all the Indians living in the district visited.

Morality and Temperance.

I regret to have to report that the morals of the Indians are not of any too high a standard, though the Missionaries both Protestant and Catholic are doing their utmost to suppress all forms of the vice so prevalent. Several cases of immorality were reported to me, but nothing except reproval could be done.

I observed no signs of intemperance, though I regret to have to report the poisoning of several Indians and the death of one of them named Tom Fletcher, caused by drinking a beverage manufactured by some Indians at Moose Factory. The

case

case was brought before my attention at the meeting of the band. I have made no pledges whatever to the Indians except in this case when I told them that next year if the Chiefs and Councillors have proof of any person making the poisonous stuff, I would directly report them to the Government ~~and they~~ which, no doubt, would then take most drastic steps to punish the law-breakers.

Schools.

I visited the day schools at Fort Hope taught by Rev. E. Richards. He is endeavouring to do his best, but the results are not very apparent among these bush children reared in the district in ignorance and want.

At Albany I visited the English Church School taught by Rev. Griffin, and I am pleased to report good results. I asked to see the R.C.School in session, but Father Carriere informed me that he had sent many of the children away, so I had not the pleasure of seeing the work done.

At Moose Factory, I visited the Boarding School under the supervision of Miss Barker and was delighted with the work done. The singing was fine, the writing good and arithmetic fairly fair. In all, work of a very satisfactory nature is being done in this school as evidenced by the results attained.

I would again strongly recommend that a local agent, if possible, be appointed as I am satisfied the control of such an officer would have a moralizing effect on the Indians. I might say that I am quite sure from interviews with the managers of the Hudson's Bay Company and the Freres Trading Company that they not only would be willing to give free transportation, but would also be willing to contribute somewhat towards paying the salary of a doctor, if one were appointed.

In conclusion, I must thank you, Mr. Scott, for the confidence in me. I assure you the work is no [illegible]

Mr. Awrey having to take the Treaty money with him on the train from Toronto to Hudson Station on the G.T.P. Railway, he considered that he should be supplied with a revolver. The one supplied him was my private property, had never been used and was in perfect condition, and the price is what the Department would have had to pay had the purchase been made from a Dealer, as per inquiries made.

Many articles of food are hygienically prepared by us for the market by wrapping and packing, and all lard and shortening in tins are sold by the case and not by weight. All wrapped meats, poultry, butter and cheese are weighed after being wrapped or packed, and in such condition constitute the commodities sold by us, and all bills are marked with the weight so taken after wrapping or packing. Backsets and skewers are included in the weight of meats containing them when sold. Sausage and cooked specialities in cloth bags are weighed after being packed in such bags and are so sold. It is understood that meats, butter, cheese and various other food products shrink in weight on account of evaporation, moisture and other natural causes, and that the goods mentioned in this sale are billed at the gross weight taken at the time of wrapping or packing and without allowance for shrinkage.

Sir,-

The Department desires to receive from you a tender for the cost of transportation of the Treaty 9 annuity party of three persons in 1919 from Bucke's Siding, via Lake Savant to Osnaburgh and Fort Hope. It is thought that a crew of nine men and three 19' canoes, with tarpaulins, will be sufficient for conveyance purposes.

The Treaty party will provide their personal outfits, such as tents, beds, provisions, etc., so that it will only be necessary for you to figure on liberally provisioning the crew and on supplying the latter with camp and cooking paraphernalia. The party will have to be met at Bucke's Siding on or about the 22nd June. In making the estimate you might figure on allowing two full days for making the payments at Osnaburgh, but no definite period need be arranged for payments at Fort Hope, as the crew will be at liberty to return from there. Regarding the latter part of the trip from Fort Hope on, I may say that the Department will leave it with the Paying Officer to make the best arrangements possible.

In addition to submitting a tender such as above requested, the Department desires that you will also submit an alternative tender for the transportation of the above mentioned party from Ombabika Station to Fort Hope and from there to Osnaburgh and return. As above intimated it is considered that a crew of nine men with three 19' canoes, and tarpaulins, will meet requirements of conveyance and as above stated the Treaty 9 party will provide their personal outfit. If it is decided to travel by the latter route, the party will have to

to be met at Ombbbika on or about the 22nd June and in preparing the estimate of cost, you should figure on allowing only two full days at ~~Ombabika~~ Osnaburgh. No additional time need be figured on for payments at Fort Hope, as the trip can be continued without delay to Osnaburgh, the payments at Fort Hope being made on the return journey.

The Paying Officer, as above intimated, will have authority to make the best arrangement possible with regard to the latter part of the trip.

Dear Sir -

I have to acknowledge the receipt of your letter of the 22nd inst., in which you make application on behalf of yourself and Dr. Lewis for positions on one of our treaty parties next year.

In reply I would state that last year we conducted our payments without outside help. In the case of Treaty No. 9 in connection with which your brother, Rev. Dr. Renison, was employed on previous occasions, we made the payments through one of our headquarters staff of the Department, and the Medical work was performed by one of our salaried physicians.

At the present time we have no intention of making any change from this system, but should we do so, I shall be pleased to keep your application in mind.

With further reference to your letter No. 254038/44 A of 16th November, and my reply dated 19th November, I am now in receipt of advice from our Fort William office in regard to the tender for Treaty No. 9.

Mr. J. D. McKenzie, our Officer-in-Charge at that point is desirous of getting the time extended until January, as it is necessary that he should communicate with Osnaburgh and Fort Hope Posts for certain information, before he can submit the required tender.

It is trusted the Department can conveniently make this extension of time.

To Secretary

Dear Sir. While I was absent in Baffin's Land, Isaiah Beck, of the Moose Band, who has been living at Fauquier and other places on the Transcontinental west of Cochrane for about two years, wrote to me in July asking me to get his Treaty money from the Agent on his arrival from Moose. Of course there I could not do. He has however come here to-day to see me and again asked about his money. He has not been paid for two years and is anxious to get his money, as both he and his wife have been ill and hard up. I promised to write to the Department about it and enclose his Treaty Ticket. There has been no change in the number of his family, that is, 5, up to the time of the last payment. A baby was born a few weeks ago, which makes the 4th Child or 6 in the family but I suppose this one will not be included for 1918. If you can pay this money by Cheque in his name I will undertake to give it to him, as I see him from time to time.

Yours Sincerely

Sir::

I beg to say that the Department is in receipt of a letter from Dr James, of Mattewa, stating that several members of Indian families from James Bay, and else-where in Treaty 9 have died from influenza.

As the Treaty 9 pay-lists for 1919 have to be prepared the Department will deem it a favour if you will report all the deaths which have occurred amongst the Indians in question. Kindly give in each case the name of band and band number, also the sex of the individual, and the date of death, if possible.

117 Moose

Dear Sir. John Reuben, who usually goes by the name of John Bear, belonging to the Moose Fort Band and now living at Mattice, Ont., has requested me to apply to the Department for the treaty money of his wife's grandchild, now due for two years. The little girl is about 4 years old. Her mother died at Mattice in Sept. 1917. Elijah Sutherland, the father, of the Moose Fort Band, left his girl in the care of her grandmother, second wife of John Bear and went to Elk Lake. Hence he was sent to Gravenhurst or one of the other Sanitariums where he died. His treaty ticket cannot be found.

John Bear also requests me to apply for his treaty money for 1918 which he did not receive. Evidently he has no ticket or has lost it. There are just himself and wife and the grandchild and a step-daughter, Lydia, 20 years of age.

I may say in this connection that the step-daughter, Lydia, was married by license two weeks ago to a Finlander, Joan Lasse, section foreman at Mattice.

Yours Sincerely

John G. Moosonee

Sir:-

I am in receipt of your letter of the 22nd ultimo, with enclosure, and in reply I beg to say, in reference to the case of Elijah Sutherland, that the Department has recently received a letter from His Lordship, Bishop Anderson of Cochrane furnishing information which does not coincide with that submitted by you with regard to this man. The Bishop states that Elijah Sutherland died at Cravenhurst Sanitarium and that he left his daughter in the care of her grandmother, the second wife of John Bear. This gives the impression that Elijah Sutherland had only one daughter, and I may say that the pay-list shows that he was paid annuity money for 1916 when he received a share for himself and two other shares, one for his wife and one for one daughter. It would therefore seem that there were only three persons in this family. If you have any further information to furnish in the case, the Department will be glad to receive it.

Rt. Rev. Sir:-

I beg to acknowledge receipt of your Lordship's letter of the 3rd instant furnishing information with regard to the family of Elijah Sutherland; and in reply I beg to say that a report in the case has also been received from Mr. C. McCarthy Police Magistrate at Elk Lake. The information which Mr.McCarthy has furnished conflicts with that received from your Lordship, and therefore it is thought advisable to inform you of the nature of Mr. McCarthy'r report. He states as follows:- "Elijah "Sutherland enlisted at Moose Factory about the 20th,1916 and "received his treaty money that year at Moose Factory. He is now "at Gravenhurst. His No. is 1006993, 228th Batt. C.E.F. He was "married at Moose Factory Aug. 26th, 1911. He married Francis "Quachigan who died at Elk Lake Dec. 19,1918. He had three "children. Joe Age 6 born June 10th, Now at Shingwauk Home,taken "there on Jan, 19th, 1919. Mary age. 4 died at Elk Lake Dec. "20th, 1918. Christina age 3 months, died at Elk Lake Dec. 21st "1918. He has not received any treaty money since he left Moose "Factory so there would be 1917, 1918 ~~and 1919~~ and 1919 coming to him."

If your Lordship has any comment to make upon Mr. McCarthy's statement, the Department will be pleased to receive the same. It may be stated that the pay-list in the Department shows that the last payment of annuity money made to Elijah Sutherland was in 1916 when he was paid for himself, his wife and one girl.

With regard to the case of John Reuben, also dealt with in the statement above quoted, I beg to say that the pay-list for 1917 shows that he was paid annuity money in that year for himself, his wife and one girl. The Department will be glad to learn whether the girl now paid is the step daughter Lydia mentioned by your Lordship as having married a Finlander named Ivar Lasse who is a section foreman at Mattice. If this is the same girl she will be given a number of her own on the pay-list.

Dear Sir

There were two Elijah Sutherlands that enlisted from Moose Factory with the 228th Battalion. C.E.F.

Refer you back to yours No 272150-1A March 6th/18 The Elijah Sutherland now at Muskoka, Battalion No 1006993 Married Francis Quachigan at Moose Factory Aug 26th. 1911. They had three children, two of the children died at Elk Lake and the child (Joseph) Age 6 is now at the Shingwauk Home Sault Ste. Marie.

Elijah Sutherland Battalion No 1006991 Was married at Moose Factory Jan 10th 1912 and had one Child. He was discharged from the Battalion at Camp Borden and came back here and I got him on as a Fore-Ranger, during the summer of 1917, that Fall he moved to Matice and his Wife died ther He came back here and took sick and I sent him to Muskoka where he died

The two Sutherlands were no relation to each other.

Ottawa, February 13th., 1919.

Right Rev.Sir,-

Referring to previous correspondence I beg to transmit herewith cheque No. 4979 for $32.00. This cheque covers $12.00 arrears of annuity due John Ruben for himself, his wife, and daughter Lydia for 1918,and also $20.00 arrears of annuity due the late Elijah Sutherland, No. 117 of Moose Factory Band. The last mentioned amount is made up of $12.00 annuity for 1917 and $8.00 annuity for 1918.

The young woman, Lydia, who is the wife of Ivar Lasse will be paid in future under her own name with the Moose Factory Band and a ticket, No. 136 is enclosed herewith. The annuity for the daughter of the late Elijah Sutherland, No. 117 Moose Factory Band will be paid to John Ruben, No. 40 of that band so long as the latter cares for the girl. I beg to inform Your Lordship that the payments above mentioned have been expedited by the receipt from Mr. McCarthy, of Elk Lake, of explanations in the matter. He has stated that two Indians named Elijah Sutherland enlisted for service overseas. One of these men belonged to the Moose Factory Band and bore the number 117,and the other belonged to the Albany Band and was known as No. 243. The fact that two men bore the name ofElijah Sutherland was the cause of confusion. Elijah Sutherland, of Moose Factory Band, died in the Muskoka Hospital.

re 54035-44A
also 54041-44 (Sept. 24th 1917)

Dear Sir. In reply to yours of the 6th inst. I beg to say that there are two or there were two Elijah Sutherlands. Mrs McCarthy's report of the one - now at Gravenhurst - is correct.
The other about whom I wrote - is dead. At least he was reported dead at the Sanitarium not long after his wife died. If you will refer to my letter of Sept. 21st 1917 and yours of Sept. 24th 1917, you will find that Mrs Elijah Sutherland was then very ill. She died some weeks after at her mother's home in Mattice. The husband left for Elk Lake whence he was evidently taken to the Sanitarium and died. I cannot say definitely that he died at the Sanitarium but I heard and his mother-in-law told me that he was dead. His little girl was left with the grandmother. Your statement "that the last payment of annuity-money made to Elijah Sutherland was in 1916 when he was paid for himself, his wife and one girl", clearly refers to my Elijah, and not Mrs McCarthy's. My Elijah was married to Bella Abesapee. Both these men originally came from Albany.
Regarding the case of John Reuben or Bear, your conjecture is right that the girl referred to in the pay-list for 1917 is Lydia Abesapee, daughter of Mrs John Reuben by her first husband. She is now Mrs Evan Lesage and is entitled to a number of her own in the pay-list, and I shall be pleased to get her money along with John Reuben's, whose family are Campions himself, his wife and the grandchild (orphan).

Yours sincerely

Re your file 254038-44 & our letter Oct. 30/18.

Dear Sir:-

In going over the figures quoted you for the transportation of Treaty #9 Party from Umbabica Crossing, to Fort Hope, we find that we made a rather stupid error. We omitted to figure in our quotation the cost of bringing from Fort Hope to Umbabica Crossing the crews, canoes etc., necessary to meet the Party at the Crossing in order to transport them to Fort Hope. The men going with the Party are all picked Fort Hope men and naturally it will cost us just as much to take these men to the Crossing as it will to take the party down to Fort Hope from the Crossing as, from the time they leave Fort Hope we have to pay them wages and supply them with grub etc. Consequently, our figures for transporting the Treaty Party from the Crossing to Fort Hope should have read $600.00 instead of $300.00. We sincerely trust that you will pardon our error and see your way to place this work in our hands at the revised figure.

Whether or not you feel able to meet us, and thus protect us against loss, we can assure you that all arrangements have been made to meet the Party at the Crossing and the contract will be fulfilled in the best possible manner.

P.O. It would be well to send me the Identification Tickets for the four reasons ending March 31st 1920 for the above. They did not ask for them, but it is likely they will expect them. The Indians belonging to the Chapleau Agency all get them, and these people are living side by side with them now and trading at the same places along the line of railway between here and Hearst.

Dear Sir. I hold the following Treaty Tickets which I was to present to Mr. Avery on his arrival here. Unfortunately I met him on the road, and he requested me to forward the names with number in each family & he would remit the money to me.

1. Andrew Mark, Moose, Band No. 136 – 5 in family (same as last year.) File 254,038-44A (See your letter of Feby. 13/19)
2. Mrs. Ivar Lasse, Moose, " " 156 1
3. John Ruben, Moose, " " 40 2 in family – himself wife (granddaughter is now at Chapleau Boarding School and should be paid for her to Principal Rever. This girl daughter of late Elijah Sutherland No. 117. See your letter of Feby. 13/19 and file 254,038-44 A.
4. Isaac Beck, Moose, Band No. 79 – 6 in family (1 girl born Oct. 12th 1918)
5. David SaKabueKeskum, Moose, 45 – 12 in family (1 girl born Janry. 1st 1919)
(This man's daughter – Frances – was married to Andrew Matchepiss, son of Adam Matchepiss, of Brunswick Band, on June 8th 1919 by myself).
6. Henry Ittappe, Moose, 82. This man got his Treaty last in 1917 at Albany. In 1918 there were 3 in family (himself, wife & girl). His wife died in Feby. 1919 so there are only two for 1919. He requests to be transferred to Chapleau Agency.
7. Mrs. J. Linette, Moose, 133. daughter of above No. 6. This woman also wishes to be transferred to Chapleau Agency.

Ottawa, September 2nd., 1919/

Right Rev. Sir,-

I beg to acknowledge receipt of Your Lordship's letter of the 20th ultimo, on the subject of the payment to Indians of Treaty 9; and in reply I beg to say that cheques will be sent to you within a few days for Indians to whom payment should be made.

With reference to the persons referred to in Your Lordship's letter, I may say that as the daughter of David Sakabuckiskum is married to an Indian of Brunswick House, her share of annuity money has been withheld, it being assumed that her annuity will be paid to her with her husband. I may say that the Chapleau pay-lists have not as yet been returned to the Department.

In 1917 Henry Utappe, No. 82 Moose Factory Band, was paid at Moose for four persons, namely, himself, his wife, and two girls. You made application for payment of annuity on behalf of three persons only belonging to this family for 1918, consequently an entry to the following effect has been made in the pay-list, namely, "One girl reported dead". This entry may or may not be correct. The Department will be glad to receive further information from Your Lordship with respect to this family.

Regarding the application made by Henry Utappe, and also the application in the case of Mrs. J. Pinette, for transfer, I beg to say that each of these persons will have to apply for transfer to Agent Godfrey, of Chapleau, who will bring the said bases before the Chief and Councillors of the band into which the said persons desire transf

Enclosed herewith are identification certifices numbered respectively 3661 to 3670 and 3671 to 3680. The Department desires have these certificates given to the Indians who have not already r ceived certificates. Each member of an Indian family who is able to hunt is entitled to a certificate. After issue of the certifica

No Claims Allowed Unless Made Immediately Upon Receipt of Goods.

Many articles of food are hygienically prepared by us for the market by wrapping and packing, and all lard and shortening in tins are sold by the c[illegible] net by weight. All wrapped meats, poultry, butter and cheese are weighed after being wrapped or [illegible], and in such condition constitute the commodities sold by us, and all bills are marked with the weig[illegible] taken after wrapping or packing. Baskets and skewers are included in the weight of meats containing them when sold. Sausage and cooked specialties in cloth bags are weighed after being placed in such bags and are so sold. It is understood that meats, butter, cheese and various other food products shrink in weight on account of evaporation, moisture and other natural causes, and that the goods mentioned in this sale are billed at the gross weight taken at the time of wrapping or packing and without allowance for shrinkage.

Many articles of food are hygienically prepared by us for the market by wrapping and packing, and all lard and shortening in tins are sold by the case and not by weight. All wrapped meats, poultry, butter and cheese are weighed after being wrapped or packed, and in such condition constitute the commodities sold by us and bills are marked with the weight so taken after wrapping or packing. Baskets and skewers are included in the weight of meats containing them when sold. Sausage and cooked specialities in cloth bags are weighed after being placed in such bags and are so sold. It is understood that meats, butter, cheese and various other food products shrink in weight on account of evaporation, moisture and other natural causes, and that the foods mentioned in this sale are billed at the gross weight taken at the time of wrapping or packing and without allowance for shrinkage.

Dear Sir:-

I beg to submit the following report of the work performed by me during the past summer in making the payment of Treaty 9 annuities to Indians residing in James Bay District.

Transportation.

As arranged the Treaty party made up of J.H.Jacobs M.D. P. Currie, Travis and myself assembled at Ombabika, from which point we left early on the morning of the 20th June for Fort Hope and Osnaburgh. We reached Fort Hope on Wednesday June 25th. We spent two days here and then left for Osnaburgh on Friday June 27th, reaching there on the 2nd July, returning again to Fort Hope on the 7th July. The route taken this year via Ombabika was somewhat of an experiment, but with efficient services such as were rendered this year by the crews supplied by Revillon Freres, I am satisfied it is the best and at the same time the most economical route to take into these inland posts.

We left Fort Hope for Martin Falls on Friday July 11th arriving there on Sunday July 13th, leaving again on Monday for Albany which place we reached on Saturday July 19th. We remained here for three days and then took passage on a sail boat for Attawapiscat, and after being tossed about for three days reached Attawapiscat on Friday July 25th. Leaving here on Sunday, we got back to Albany on Tuesday 29th July.

In the past we were able to get transportation from Albany to Moose on the Hudson's Bay Company's steamer, but were unable to do so this year, so had to undertake the trip in canoes. On the trip we encountered bad weather and unfortunately the canoe carrying the cook and our provisions etc. was upset. We lost most of our provisions and some of our camping outfit, but were very fo

tunate

fortunate in losing no lives. For six days we roughed it along the coast, finally reaching Moose on Wednesday August 6th, glad indeed that our journey on the Bay was over.

We remained at Moose for a few days leaving on Monday August 11th in two canoes manned by six men for New Post and Cochrane, reaching the latter place on Wednesday August 20th.

Annuity Payments.

We reached Fort Hope on Wednesday morning June 25th and commenced the payments that afternoon. We continued the payments on Thursday and Friday in the presenne of Chief Papa and Councillors Drake, Ooskineegish and Sagutch. Rev. Mr. Richards interpreted for me not only at this post but also at Osnaburgh and at Martin Falls. The sum of $2492.00 was paid to the Fort Hope Indians.

The payments at Osnaburgh were made on Thursday July 3rd in the presence of Chief Skunk and Councillors Panacheese and Loon. The sum of $1744.00 was paid to the members of this band.

The Martin Fall Indians were paid $584.00 on Monday July 14th. After the payments Chief Weenjack and Councillors Snipe and Achneepinaskum who were present at the annuity payments were re-elected chief and councillors by the members of the band for another term.

The English River Indians were paid $372.00 at the junction of the Albany and Kenogami Rivers on the 16th July, George Farries interpreting for me. The Albany Indians were paid $1852.00 on July 21st and 22nd, and the Attawapiscat Indians were paid $1824.00 on July 26th and 27th., Andrew Wesley interpreting for me. The Chief and Patrick Stephen (councillor) were present at the payments at Albany and the Chief and Councillor Scott at Attawapiscat. $1440.00 was paid to the Moose Factory Indians in the presence of Chief Wamistagoosh and Councillors Cheena, Hardisty and Butterfly, the Chief interpreting for me. The New Post Indians were paid $80.00 The Indians of this Band have apparently deserted the post, and

Health, Schools etc.

I am pleased to report that the general health of the Indians is good, in fact better than usual, despite the adverse conditions in the outside world. So far they have escaped the influenza epidemic which has proved so disastrous amongst the Indians nearer the front. At every post during the payments, the doctor had ample time to visit the Indians and look after their medical necedsities. I also took advantage of every opportunity to impress upon them the need of cleanliness and care. At Fort Hope, Dr. Jacobs reported to me that there were three cases of blood poisoning, and that the patients would die unless they were sent to an Hospital for treatment. I,therefore, gave instructions to the companies to bring them to Ombabika and assured them that the Department would allow them for their rations and railway transportation. There were also many cases of measles among the English and Albany River Indians, but I think the worst was over before we left, only one death being reported.

I visited the Hospitals and Schools and have no adverse criticisms to offer. I am very sorry, however, to have to report the sad accident which happened at Moose. On the evening of the 29th June, twelve of the boys from the Moose Factory Boarding School were crossing the Moose River to Hazey Island, when the canoe was accidentally upturned, and in spite of prompt assistance, seven of the boys were drowned, viz., Alfred Loutitt, Thomas Loutitt, Arthur Sutherland, James Sutherland, Harry Wesley, John Sailors and Sinclair Nepaneshkum. John Carpenter, a boy of fourteen years son of Jimmy Carpenter of Fort Hope Band, supported a small boy of eight years of age until assistance arrived. I feel that this boy should receive some recognition for his gallant services and I trust the Department will take up the question with the proper authorities and have the matter brought before the Humane Society for recognition

Requests.

At both Osnaburgh and Fort Hope the Chief and Councillors applied to me for assistance in the way of clothing. As clothing at these posts is very expensive and as I know many of the Indians are in urgent need of such, I would ask that these Bands be not overlooked, should the Department be fortunate enough to secure any clothing from the Militia Department.

They also asked for garden tools and seeds. I would, therefore, recommend that the following garden tools be forwarded for the use of the Osnaburgh Indians to Chief Skunk, who is doing what he can towards encouraging the Indians in farming on the reserve, twenty-one bags of potatoes having been planted this year,

10 hoes without handles
3 spades " "
4 rakes " "

To Chief Papa of Fort Hope, I would recommend that the following garden seeds be forwarded:-

10 packages lettuce seed
turnip seed
10 packages of radish seed
10 " carrot "

Councillor Ooskineegish of Fort Hope and Councillor Panacheese of Osnaburgh have lost their badges of office. I told them that these articles are the property of the Department and so greater care should have been taken of them. They felt badly over the loss, so I would recommend that new ones be sent them.

Mrs. M. Pusquotch, No. 38 Albany Band, says she has been informed by the Militia Department that there is $255.00 to her credit in the Department being separation allowance for her son, Pte. Pusquotch 1006835 A 228th Bn. A.C.O.L.P. 14758. She says she owes the Hudson's Bay Company about $40.00 and requested that $75.00 be sent her on the 1st October, and $25.00 on the first day of each sucessive quarter. I recommend that her request be granted.

The Chief of the English River Band complained that John Abraham an Indian of Long Lake Reserve was hunting on the English River Reserve against the wishes of the band, and threatened to shoot any one who would molest him. The Chief asked that he be notified by the Department to remove at once from the reserve. A letter should be addressed to him care of the Hudson's Bay Company of English River Post, Pagwa, P.O., Ont. ordering him to leave the reserve at once.

At Moose Factory intoxicating beers are being manufactured by some Indians and half breeds and are being sold to the Indians producing disorder and other bad results. The Chief and Councillors have done their best to prohibit this, and as a protest against the inactivity of the Ontario and Dominion Governments to back them up, called a largely attended meeting of the band at which they asked me to accept their resignations. I refused as I know that Chief Ritchie who can speak well both the Indian and English languages, is a most capable and efficient head of the band and I am sure his resignation would be a great loss to the band. I induced him and his councillors to hold office for another year under the promise that I would lay the matter before the Department. I now strongly urge that firm measures be taken, unless this practice is immediately stopped, and at the meeting I warned the Indians not to blame me should the Department take a very firm hand to punish the offenders.

General

In performing the work of making the Treaty 9 payments for 1919, I have done my best to make the trip as expeditiously as possible and at the same time to preserve efficiency of service. Throughout the trip I had the Hudson's Bay Company and Revillon Freres Company tender for our transportation and always gave the contract to the Company whose tender was the lower. Notwithstandi this I find a sharp increase in prices asked especially at Alban and Moose. I might say the prices of furs are very high, as m

as $28.00 being paid for red fox skins and $1.25 in cash for ermine. The prices of provisions are high, lard selling for $1.20 per lb. butter $1.88 per lb., sugar .25¢ and everything else in proportion, except flour which I am glad to say is selling for $13.50 per bag, which I know is but slightly above the cost price.

On account of the high prices, I urged the Indians to take advantage of the best conditions, to take care of their health and to lay in supplies of dried fish and meat, so as to guard against dire starvation during the stringent winter weather.

I thank you again for the confidence placed in me, and I trust the requests I have asked for on behalf of the Indians may be granted. All of which I most respectfully submit.

The Department desires to receive from you a tender for the cost of transportation of the Treaty 9 party of three persons in1920 from Ombabika to Fort Hope and from thence to Osnaburg and return.

A crew of nine men with three 19 ft canoes and tarpaulins will be sufficient for the conveyance of the party.

The members of the Treaty party will provide their personal outfit, such as tents, beds, provisions etc., and therefore it will be necessary for you to figure only on provisioning the crew and on supplying them with camping and cooking paraphernalia.

The party will have to be met at Ombabika on or about the 20th June, but a definite date will be arranged later. In preparing the estimate you might figure on allowing only two full days stop at Osnaburg, but no time may be figured on for making payment at Fort Hope, as the trip can be continued without delay to Osnaburg, and the payment at Fort Hope made on the return journey.

Regarding the latter part of the trip, viz. from Fort Hope on, I beg to say that the Department will leave to the Paying Officer the question of making the best arrangements possible.

Dear Sir,

We beg to acknowledge with thanks receipt of your folio #254038 - 44A, but unless you are very anxious to receive our quotations for the transportation of Treaty No 9 Party for next Summer immediately, we would prefer to await the arrival of word from our Fort Hope post, which is the post which will have to supply the men for this work. Some time ago our agent at that post, Mr. Spence, promised that he would write us regarding the wages which he would have to pay for next Summer, but so far we have not had any word from him, and do not expect to receive any until the early part of January. If this date will be too late for your requirements please advise us, and we will furnish you with estimates without further delay.

Yours very truly,

Dear Sir

Whan payment of annuity money was made to the Sutherland family in 1917 ,under No. 74 Moose factory band, it was made to or for Clara Sutherland, James Sutherland and Thomas Sutherland, The other brother I mentioned in my letter of the 8th was Elijah Sutherland but he was married and would have a Number of his own. The later died at Cravenhurst ,and his wife died at Matice sometime during the Spring of 1918. James Sutherland and his sister Clara are here in Elk Lake and we do not know where Thomas Sutherland is, and it is Clara and James who are asking for their annuity for 1918 and 1919.

Dear Sir, Your Folio 254038-44A.

As requested in the above folio, we now have pleasure in submitting to you below our tender for the transportation of Treaty Party No. 9 from Ombabika to Fort Hope, and from Fort Hope to Osnaburgh and return.

" Transportation from Ombabika Crossing to Fort Hope $600.00

" Transportation from Fort Hope to Osnaburgh and return $550.00

" These quotations are based on our supplying a
" crew of nine men and three canoes with tarpaulins,
" and on our fully provisioning the crew and supplying
" them with camping and cooking paraphernalia.
" We have based our figures on the supposition that
" the trip from Fort Hope to Osnaburgh and return
" will not take more than ten days, but if it should
" take more than this time, we shall have to make a
" charge to your Department of $18.00 per day extra
" beyond this time for board of the crews. "

Trusting that the above tender will be found satisfactory, and assuring you of our best attention should we be awarded the contract, we remain

Re 254,038-44 A

Dear Sir. Referring to yours of Sept. 21st and subsequent cheques forwarded, I may say that I was unable to deliver all the cheques until last week, as the Indians had gone to their winter hunting grounds when I received their cheques and I waited until they came in for their Christmas trade.
I have given certificates to all the Indians along with their cheques and to three others - John Ka Kabunekiskum & wife, Elijah Ka Kagee, Obadiah Tapas & wife - Moose Indians - who drew their Treaty annuities at Moose, but declare that no certificates were given them. As they are hunting and trading this winter in this district along with their fellow-members from Moose whose cheques I sent home, I decided to issue certificates to them as well. I herewith return the stubs.
There are other Moose Indians hunting in the south this winter who wish to have certificates. These are their names: Simon Cheena (4 certificates): Andrew Cheena (1 cert.): Joseph Ka Kagee (2 certs.): Sam Ka Kabunekiskum (6 certs.):
Besides these Elijah Ka Kagee should have ~~another~~ two certs. for his wife and David Ka Kabunekiskum is entitled to two more.

Your instructions are to give a Certificate to each member of an Indian family who is able to hunt." The Indians however are not satisfied, and request a Certificate for each member of the family on the ground that they have to feed and clothe them all and also that if entitled to annuity, they should also be entitled to these Certificates. I heard from another source that in other places, Certificates are given to each member irrespective of their ability or non-ability to hunt. I promised to make the request for them and shall be glad to have Your decision and a further supply of certificates as needed. There are 19 needed according to the lists I have given You, and if You decide to grant Certificates to all at least 20 more will be necessary or about 40 in all.
Regarding Henry Wappoo, No. 82, Your entry in the pay list "one girl reported dead" is correct. The wife also died last year, so that the man has just one girl living.
I have also to report that a girl was born to David and Elsie Sakabuckiskum on Janry. 1st 1919, so that the number of his family remains the same as for 1918, this girl taking the place of the eldest daughter who was married last June to an Indian of Brunswick House Band, where She now belongs.

Yours Sincerely

I beg to advise you that the Treaty 9 party will make payment of annuity, etc. at Fort Hope on or about the 24th June. Kindly inform the members of the Fort Hope Band to this effect. In the case of those persons who cannot be present at the pay-table; I beg to say that their annuity money will be paid to the persons authorized to draw the same, providing the latter have full information with regard to the number of persons in the respective families.

I have to point out, however, that in the past the Paying Officer has experienced trouble consequent upon persons who have claimed payment of annuity money on behalf of others not being in possession of full information in the matter. Each applicant for payment should be able to state the name and number of the head of the family for whom payment is asked, and should know the number of persons in the family, and give respective dates of births and deaths. If marriages have taken place full information with regard to them should be supplied. Kindly explain this very carefully to all the Indians, as it is a matter of importance and disregard of the same may result in refusal to make payment.

NOTES AND INSTRUCTIONS:

1. File this requisition with the Civil Service Commission as soon as the need for extra assistance is recognized. Prepare two copies; forward one and retain one awaiting "Certificate of Appointment." No letter of transmittal need accompany this requisition. If more space is required for describing the work, for stating the special qualifications, or for any other purpose, attach an extra sheet of paper.
2. File a separate requisition with the Civil Service Commission for each vacancy in a temporary position For permanent or seasonal places use the special requisition forms provided.
3. Give the position the title ordinarily used to designate it in the department. If the position is a new one give it a tentative title which, as nearly as may be, is brief and descriptive of the work to be done.
4. The Civil Service Act, 1918:

23. (1) When from a temporary pressure of work, extra assistance is required, ... the Commission may, on the written report of the deputy head that such extra assistance is required, authorize the employment of such number of temporary officers, clerks, or employees as are required to carry on the work. 1906, S. 94, amended.

(3) Temporary employment in the civil service shall only be authorized for such time, not exceeding six months, as the Commission deems necessary, and the period for which the employment is authorized shall be mentioned in the certificate of qualification issued by the Commission. One or more extensions of such period of employment may be granted by the Commission, but each such extension shall be limited to a period not exceeding six months.

Dear Sir,-

I am inclosing herewith a requisition for the temporary employment of a physician to accompany Treaty No.9 paying party, under an officer from headquarters, Ottawa. The physician will be required to report either at Headquarters Ottawa, or at a point to be arranged, on or about the 14th June. As soon as a physician is named by the Commission the Department will communicate with him and make the necessary arrangements with regard to the trip, which is a fairly arduous one and requires a man in good physical condition - preferably a young man. As it takes considerable time to complete arrangements by correspondence, the Commission is requested to advertise at this apparently early date.

Yours truly,

Deputy Superintendent General.

Sir:-

I have your letter of the 7th instant to Mr. Awrey, and in reply I beg to give you the information desired. However in doing so, I trust that I shall not find any of these Indians using duplicate certificates, for, if so, they will most surely suffer later. As there is such a clamour for trade in the James Bay District, I hope no trader will be found guilty of unduly trying to influence Indians to pursue any course that is wrong or illegal. I might add that many names of the list submitted by you cannot be located, but I am sending you the band and band numbers of those whose names can be found on the list.

Dear Sir,

We are in receipt of your folio 254038/44A as well as the three bales of blankets mentioned therein. As it is more than likely the ice will go out of the rivers within the next day or two, we thought it advisable, in order to ensure delivery of these blankets, to ship them to Pagwa, Ont., by express, so that they would be sure to reach that point in time to go down with our scows.

As requested, we have pleasure in enclosing herewith our invoice in duplicate for $40.45, covering the transportation charges on these goods, and trust to receive your Department's cheque for this amount at an early date.

Many articles of food are hygienically prepared by us for the market by wrapping and packing. All wrapped meats, poultry, butter and cheese are weighed after being wrapped or packed, and in such condition constitute the commodities sold by us, and all bills are marked with the weight so taken after wrapping or packing. Baskets and skewers are included in the weight of meats containing them when sold. Sausage and [illegible] specialties in cloth bags are weighed after being placed in such bags and are so sold. It is understood that meats, butter, cheese and various other food products shrink in weight on account of evaporation, moisture and other natural causes, and that the goods mentioned in this sale are billed at the gross weight taken at the time of wrapping or packing and without allowance for shrinkage.

Dear Sir. William Reuben, son of John Reuben, of the Albany Band, James Bay, a returned soldier, is living in Cochrane for the present. He married in England an English girl and has brought her over here. He came to see me yesterday and is anxious to know what status his wife has under the Treaty with the Government. Will she be entitled to Treaty money and should he take her back to his home at Albany, will she be recognized as a member of his band?

He requested me to write to the Department and get an answer to these questions. I shall be glad to hear from you as soon as possible and let him know your decision.

Yours Sincerely

Mr. J. D. McLean,
Sec. Dept. Indian Affairs,
Ottawa, Ont.

Dear Sir:

I beg to submit herewith my report of the payment made to Indians of Treaty 9 for year 1920.

The Treaty 9 Party consisting of Dr. Baker, H. Black, Travis and myself assembled at Ombabika Crossing on Thursday, June 17th. As previously arranged with Revillon Freres Trading Company, we were met here by a crew of nine Indians with Peter Yesno in charge. Early next morning we embarked for Fort Hope which point we reached on Tuesday, June 22nd. We were well received by nearly a full membership of the band, the Indians being present in large numbers to celebrate the 250th anniversary of the founding of the Hudson Bay Company in Canada, a feast and a dance being given by the Company in ~~commeration~~ Commemoration of the same.

At all the posts we were received with the same zeal. By their attitude it would appear they deem us not only pay-masters but also distress relievers, peace restorers and moral persuaders.

ANNUITY PAYMENTS

The payments at Fort Hope were made for the first time on the Reserve, the Indians having camped there instead of around the Trading Posts as in the past. The payments at the other posts were made as usual, the total sum of $10396 being paid. There was a total decrease of twelve in the membership of the bands during the year there being 100 births and 111 deaths.

ELECTIONS.

Elections for chiefs and councillors were held at Fort Hope, Osnaburgh and Albany with results as follows.

At Fort Hope
Chief---- Papah No. 91;
Councillors-----Chas. Drake No.26; H. Ooskineegish No.84;
D. Sagutch No.181 and Mishell No.54.

At Osnaburgh

HUNTING CERTIFICATES

As authorized by the Provincial Government, I issued Identification Certificates to 1432 Treaty Indians and non-treaty Indians as follows:

	Men	Women	Boys	Girls
Osnaburgh	70	104	48	16
Fort Hope	101	86	58	3
Martin Falls	28	30	7	4
English River	21	19	17	3
Albany	184	171	106	51
Moose Factory	79	87	55	35
New Post	4	6	1	4
Non-treaty	16	12	2	4

HEALTH AND MORALITY

There seems to be a somewhat improvement in the general conditions of the Indians. Tuberculosis seems to be most prevalent among the Indians and at every opportunity I tried to impress upon them the need of more care and sanitation. Many complaints were made regarding immorality, intemperance, etc., but these charges have to be passed by owing to the lack of means to enforce law in these backwood districts.

REQUESTS

The chief and councillors of Osnaburgh band asked for many things, but I would recommend that the following articles be sent to Chief John Skunk, c/o Hudson Bay Company, Osnaburgh, via Bucks Landing.

1 long saw for ripping lumber.
1 Cross cut saw.
2 Hammers.
1 Long plane
10 rolls of ready roofing
4 rolls of sulphide paper
1 Keg of 2" nails.

I would also recommend that a flag be sent to councillor J. N. Scott of Attawapiscat. I paid over four hundred Indians at this point and I certainly think a flag to hoist there is quite necessary. It should be registered. Father Boisseau of Attawapiscat states he requisitioned for drugs but received only a full case. I think a gross of bottles of electric oil. He says he only asked for a few bottles of oil along with the other drugs, so some mistake must have occurred in shipping the same.

There were no Indians at New Post. In this band at present, there are only 21 members, most of whom I met at Clute. They approached me regarding the advisablility of the Government taking back their Reserve and securing them another nearer this line. I took no action but told them to meet, discuss the matter and submit their request to the Department in the form of a petition.

I have again done my best to make the trip as expeditously as possible, but in spite of same the expenses are unusually high owing to the high cost of goods and of labour. Dr. Baker, I must say, did his very best to alleviate the sufferings of the Indians, and I hope such a practitioner as he can be secured next year.

I thank you again for the confidence placed in me.

Honourable Sir,

We the undersigned Indians belonging to Band No 9 and residing in the neighbourhood of the Mamawattama Reserve on the English River respectfully ask for your consideration on the following.

First we would respectfully ask that you would consider allowing Treaty Party No 9 to come down the English River next year, 1921. In past years our Treaty Annuity has been paid at the Junction of the Albany & the Kenogami Rivers. This point is some 60 miles distant from our Reserve. This being the case it is impossible for the Doctor attached to the treaty party to give either advice or medicine to our

sick. It is on account of the Doctor that we ask for the payment of our Treaty Annuity at the English River Post where we camp during the summer months & where our children attend school. The Paymaster of Treaty No 9 only calls for 3 hours at the Junction of the River, and even if we were able to take our sick to that point it would not give the Doctor time to attend to any cases of sickness.

The Paymaster expressed a desire for an Interpreter & it is not always possible to secure the services of a person able to speak English & Cree, but at the Post there would be no such difficulty.

2. We also respectfully ask you to give us permission to elect a chief to represent us. At present we are represented by the Albany chief.

We feel sure that you will see the fairness of this desire, as the Indian Department has set aside a Reserve here for our own particular use. Both Martins Falls & Albany Indians residing on or nearly this

Reserves have a chief of their own, and we are over 220 miles from either of those places.

3 We would respectfully ask that an Indian Agent be appointed who would be within reach of this Band. The Indian Agent for this reserve is some hundreds of miles away.

And lastly we would ask for information as to cultivation of the Reserve Lands. With the incoming of White Men it will be necessary before long for us to live on and cultivate our Reserve. We beg to ask for what information you can give us as to the assistance the Indian Department can give in cultivation of our Reserve Land. There are about 150 Indians living in the neighbourhood of our Reserve.

We respectfully ask your kind consideration & help.

Dear Sir. The following Moose Indians who come to Mattice with Cree Juns have requested me to apply for their Treaty money for last summer and also for Beaver permits, viz:—

Andrew Mark, returned soldier, Band no. 136, himself and wife, 2 boys and 2 girls ~~with~~ or 6 in all — one boy is 10 years old.

John Ruben or Bear — Band no. 40 — himself and wife —

David Sakabuckishum — Band no. 45 — 3 boys and 5 girls — himself and wife or 10 in all — his eldest daughter was married to Andrew Keegan and now belongs to Chapleau Band — She is not included in the 5 girls above mentioned. He does not tell me in his letter how many are 10 years of age or over, but I know 3 at least are over 10 years.

Francois Lacroix (wife of John Lacroix) says her money is due for two years. Other Indians called at my house when I was absent on the same errand, I believe; but they did not bear their band no. and were away to their hunting grounds before I returned. I am sure they will call for their money and permits when they arrive at Christmas, so that if you care to send the money & permits for those who applied through me last winter it will save time when they arrive. You have the list on the permit stubs which I returned to you in June last.

Ottawa, 23rd November, 1920

Right Rev. Sir:-

In reply to your letter of the 4th instant in which you applied for annuity money and permits on behalf of certain Indians; I beg to inform your Lordship as follows:-

No. 136 Moose Factory Band. Andrew Mark,, Last year you applied for this man's annuity money and cheque No. 3138 for five shares was issued (it covers payment for one man, one woman two boys and one girl), which cheque was sent to you. In the present case you have asked for payment for six persons Kindly account for the increase of one in this family.

No. 45. Moose Factory Band. David Sakabuckiskum. Last year you applied for this man's annuity and cheque No. 3132 for eleven shares was issued. It made payment for one man, one woman, four boys and five girls. You reported the birth of one girl on the 1st Jan. 1919 and the marriage of one daughter, this leaves the number in the family the same as the number of persons paid for in 1918. This year you are asking for ten shares, kindly account for the decrease of one in this family.

You have asked for payment of annuity for Frances La Croix for years 1919 and 1920. Seemingly there is no person paid under that name. Kindly obtain the Band number and report the same.

When the Department is in receipt of definite information with regard to the foregoing cases cheques will be issued.

With reference to your statement in the closing paragraph to the effect that certain Indians called at your office during your absence and did not leave their Band numbers, but applied for their annuity money and for permits, I beg to say that cheques in those cases will not be issued by the Department until the individuals in question makes formal application for the money due and furnish particulars with regard to the number of persons in their respective families. If changes in the said families have occurred since last year, the same will have to be explained.

With reference to the "Identification certificates, I have to inform your Lordship that they are now issued by the Provincial Government, but this Department is prepared to make application for the same on receipt of accurate information in each case. The certificates for each family will be issued only to those individuals who are ten years of age or over, and every applicant for certificates should show the number of persons in a family, and should indicate the sex and age of the persons belonging thereto.

Dear Sir.

Re. 3-44 A

In reply to yours of the 23rd inst. I beg to report as follows:—

No. 136 Moose Factory Band. A daughter was born to Andrew Mark or wife on March 9th 1920 on the Groundhog River, which accounts for the increase you have over the year 1919.

No. 45. Moose Factory Band. In applying for this man's treaty money and permits I was guided by his letter to me dated Sept. 4th 1920 in which he states, "I have 3 boys, 5 girls and our two selves. We are 11 in all." Knowing that a girl was born on Janv. 1st 1919 and the eldest girl married on June 8th 1919, as I reported to you, I ~~took his~~ interpreted his statement to mean that there were 11 persons in all, but only 10 on his Treaty ticket. You say that my report of a girl born and one married leaves the same number as paid for in 1918. ~~Understood~~ not Confusing 1918 with 1919? If the married daughter was paid on her fathers ticket in 1919, the explanation is clear. I would refer you to your letter of Sept. 2nd 1919 (754,038-44A) and the 2nd paragraph. Later I received from you cheque 3142 (not 3132) for $44 which I gave to David Latchatechistum. He chose his old ticket, for which he want a new one.

No. 40 Moose Factory. You do not mention John Henken, I suppose his application is clear. Two are just married and wife as last year. The Grand daughter is at the Chapleau Boarding School and her money is likely paid over to the principal for her.

No. 156 Moose Factory. Mrs Tesse, formerly paid under No. 40.

No. 77 Moose Factory. Isaiah Beett - one man - one woman - 1 boy - 4 girls - 7 in all. One girl was born on Sept. 2nd 1920.

Frances La Croix. Evidently I made a mistake in this woman's case. She is a daughter of John Ntappe, who, I think, got his treaty from the Chapleau Agency. She did not send

me her ticket and did not say where she got her annuity. I have across an old memorandum which shows an application made for her and her father at the Chapleau Agency.

Permits. I have no definite information regarding the number in each family of the above mentioned who are ten years of age or over, as this is a new regulation of the Department and the Indians in this district did not know of it when they sent in their applications. They are now all away to their hunting grounds and will not return till Christmas or shortly before. They will then expect their money and permits in order to dispose of their furs. I can only speak from the number in the family and my recollection of their ages.

Regarding No. 136 I believe there is are boy who is about 10 years, possibly more.

No. 45 has at least four who are ten and over. The girl who is married is nearly 19 from the age she gave me when married on June 8th 1915. The rest follow in regular order with about two years between each. I remember that there are two boys and two girls who are over ten years, judging from their size.

Nos. 40 and 156 are clear.

No. 99 has one girl who must be at least 10 years old.

I shall be glad to have cheques and permits for the above as soon as I can be able to give them as soon as possible, so that I may be in a position to help them out when they arrive from their hunting grounds.

Yours Sincerely,
J. Thos. Moosonee

Dear Sir, File No. 3-44-B.

We duly received your letter of the 16th instant, and thank you for your invitation to quote for the transportation of Treaty #9 Party. We beg to submit a tender as follows:

Provide a crew of nine men, fully provisioned and equipped with their own camping and cooking outfit.

Provide three 19 foot canoes with the necessary covers.

Arrange that the above men, with the stated canoes and equipment, meet the Treaty Party, to consist of not more than four persons, on or about June 19, 1921, at Ombabika Crossing, and from that point transport the party to Fort Hope. This based on the understanding that the Department will advise us before March 15th next if there will be any deviation from the date of June 19th.

All of the above for the sum of Six Hundred Dollars ($600.00).

Provide the same number of men, with similar equipment as above, to transport the said Treaty Party from Fort Hope to Osnaburgh and return to Fort Hope, for a maximum period of ten days, for the sum of Five Hundred and Fifty Dollars ($550.00). Should the time taken for this Osnaburgh trip exceed ten days, a charge of Eighteen

Dear Sir. Referring to yours of Dec. 7th I have to say that all the cheques and identification Certificates as marked have been given to the Indians named.
John Sutherland, Moose Band, 1 man, 1 woman, 2 girls and 2 boys (1 born recently) has requested me to apply for his annuity and 3 identification Certificates (himself, wife and one boy about 12 years old). This man lost two boys, aged 8 years and 6 years respectively, by drowning in the Opasatika River on Sept. 26th 1919. I am giving you these particulars in order to enable you to identify him, as he says he has lost or misplaced his ticket and can't give me the number.

Translation of attached letter

1. September 25th 1920

Government

You are Mr. Scott Winnipeg Ontario
I have something to relate concerning you
who controls the law.
This then that I say. I Chief Wesley,
Albany, I do not know what it is
like, this that I say about the law.
Towards the north the law book is not
given to me by which I might know
what law is like.
And now let me say what it is that I do
not like on account of my people. The
young people are not in a right state - they
do not dwell together (as they should in married state),
and I am not at all able to stop these
evil doings at Albany as I have not
authority or power in my hands. Even if
the Chief says anything, nobody takes
any heed to him, as they know that the
Chief cannot do anything to them.
But if it so happens that a policeman
lands here at Albany, there is a great
calm on all sides and on the part of everybody.

Indian Affairs. (RG 10, Volume 6888, file 486/28-3 pt. 5)

because it is known that he will not pass
by anything that he sees need be judged
or righted, and that is why he is feared.
On the other hand the Chief often is threatened
with assault when he rebukes any thing
that is evil in virtue of his position.
I would like therefore that a policeman
come and see Albany.

Also an account of the killing of a
person by shooting with a gun in
mistake for a moose. I cannot say
that it was done on purpose in the
statement of mine as I have not yet
formed evidance that the man did it on
purpose. He was his own young brother
that he shot by mistake thinking it was a
moose, as it was during a moose hunt.
Again the Chief does not pay for what he
stole according to what the Company paid
him (he means of course when found out),
although Jean was often told to go what
was right. He got 175 for the fox he stole
from me and only paid me 70. He is now 3

writers that I have been waiting for him
to pay me. That is why I am telling this,
as he was already told what to do about
that. Only once he was spoken to by the
Indian Agent about the amount he paid
me. Although I asked him in a friendly way,
he refused even to try to put himself right.
Here is another thing too which always
goes on here, I mean at Albany. Those who
are married are very cruel to one another
in the matter of what is bad. They will not
at all listen to the Chief though he is always
rebuking them.
Again there are some who will not leave
drinking alone, I mean of heathy persons.
And when the Chief tries to stop them, at once
they want to fight him in their drunkenness
And now I see here in connection with what
I am saying white men using drink. Those
that I spoke about, a good many, had already
given it up, because I had always spoken to
them about it and others had spoken to them
from long ago.
About another matter I want to say a little.

I am many times very tired at night on account of my work and I do not get even a little for it, nor the Councillors. And therefore I ask again now, as we have often asked in the past Concerning the Government (Big Chief). We feel very sore (or much disappointed) that the Big Chief (Government) has never been kind enough to give us an answer - to say to us, I will indeed do so, or I will not do so, or I cannot do so. We were told always to ask for anything which the Big Chief kept by him who gave us the money. We would be glad therefore for once to get an answer in this connection.

I am Moses Wesley, Chief at Albany.

Right Rev. Sir,-

I beg to acknowledge receipt of Your Lordship's letter of the 8th instant, making application for payment of arrears of annuity money in the case of John Sutherland, of Moose Band; and in reply I have to inform you that there is not at the present time a family on the Moose Factory pay-list known by that name. An Indian named John Sutherland was paid under No. 74 Moose Factory Band, but at the last distribution of annuity money, the family which consisted of three persons, Clara, James, and Thomas, were each given an individual number by which they will henceforth be known.

In the Albany Band there is a family, the head of which is John Sutherland, and he is known by No. 109. Payment at the last distribution in this case was made to J.N.Scott, No. 91 of the Albany Band. The annuity paid was for one man, one woman, two boys, and one girl. I may say also that Identification Certificates were ~~also~~ issued. Possibly this man (John Sutherland) may be the individual in whom you are interested, but in the absence of more definite information, I regret to say that payment of annuity money cannot be made nor can Identification Certificates issue. If Your Lordship is able to furnish further information in this matter of a satisfactory character, I shall be pleased in making further investigation in regard thereto.

Dear Chief,

The Department has received your communication of the 25th. September, with reference to conditions at Albany.

Owing to the distance and expense involved, the Department is not disposed just at present to send in a constable, but may consider doing so at a later date should the illicit manufacture of intoxicating liquors continue. It is to be hoped, however, that the influence of yourself as chief and of the missionaries will result in obtaining better conditions among your people. This remark also applies to the immorality to which you refer.

As the new chief of the band, I would ask you to make every effort you can to raise the standard of living among your people so that it may not be necessary to make reports of this kind to the Department. I shall ask the paying officer next year to make special inquiry into the conditions which you state prevail.

I wrote some days ago for Treaty money and Certificate for John Sutherland. I have since been to Matheee and found his Treaty-ticket marked "John Napashe, Moose Band No. 31."

I shall be glad to have the money and certificate for the above two Indians as soon as possible, as they need the certificate badly in order to dispose of their beaver.

DEPARTMENT OF INDIAN AFFAIRS CANADA

MEMORANDUM

Mr. Paget,-

The Treaty 9 Party has not made any payments at English River since 1905, the year the treaty was made.

In 1905 the Commissioners, Mr. Scott, and others, paid these Indians and set aside a reserve for them, though they did not consider them a band, the Indians being properly members of Albany Band. There are now ninety-two members in the band, and I believe it would be to the interest of the Indians if they were allowed to be recognized as a distinctly separate band and be permitted to elect a Chief from among their numbers. I have already suggested to you the feasibility of the Treaty Party next summer coming out to the line, via English River Post, instead of coming up the Abittibi. In fact I notified the New Post Indians that I contemplated doing this, providing the Department approved.

We are all agreed that the day is not far distant when those Indians living near the line will have to resort to other means than hunting to earn a livelihood. In the case of the English River Indians, I would suggest that the Department give assistance in some way - by supplying tools, etc., to the band for the use of the Indians, when convinced that they are in earnest as to their desire to farm.

Sir,-

On the 16th December the Department wrote to you asking for a tender from the Hudson's Bay Company for the cost of transportation of the Treaty 9 party of four persons in the present year from Ombabika to Fort Hope and from thence to Osnaburgh and return. On the 12th January you wrote stating you were corresponding with the Fort Hope Post, since which date no further information has been received. I shall be glad if you will give consideration to the matter at as early a date as possible. Your tender should reach the Department before the 20th of this month, as by that date it will be necessary to make final arrangement for transportation.

Sir :-

I am in receipt of your letter of the 2nd inst. with regard to transportation of Treaty 9 party to Fort Hope and Osnaburgh. I regret that it will not be possible for the Company to tender, as you request, for this work before the 20th inst., as certain particulars have to be obtained from our Fort Hope Post and no mail can be received from there before the middle of March.

Sir:-

Referring to your letter of the 29th December last, relative to the transportation of the Treaty 9 party during the approaching summer; I beg to inform you that the Department hereby accepts your tender to furnish for the purpose, a crew of nine men and three canoes with tarpaulins, and to provide provisions for the crew and supply them with camping and cooking paraphernalia at the following cost, viz.,

Transportation from Ombabika to Fort Hope $600.00
" " Fort Hope to Osnaburg and return $550.00.

It is understood that if the round trip from Fort Hope to ~~Onaeburg~~ Osnaburg occupies more than ten days, the Department will pay an extra charge of $18.00 per diem for the period in excess of the ten days for board etc. of the crew.

Arrangements have been made to have the Treaty party arrive at Ombabika on Wednesday morning, June 22nd, and it is hoped it will be possible to have the party leave without delay on the same day for points inland.

Regarding the latter part of the trip, I may say that the Department leaves with the Paying Officer the matter of making the best arrangements possible. Kindly acknowledge receipt of this letter.

Sir:-

In reply to your letter of the 8th instant, I beg to say that the Department regrets that the Hudson's Bay Company finds it impossible to tender before the middle of March for the transportation this year of the Treaty 9 party. It is necessary that the matter be given immediate attention and therefore, arrangements for transportation to Fort Hope are being made. It is hoped that the Hudson's Bay Company will be able to submit to the Paying Officer at Fort Hope, a tender for transportation of the party from that point to Albany.

I beg to advise you that the Treaty 9 party will make payment of annuity, etc. at Fort Hope on or about the 27th June. Kindly inform the members of the Fort Hope Band to this effect. In the case of those persons who cannot be present at the pay-table, I beg to say that their annuity money will be paid to the persons authorized to draw the same, providing the latter have full information with regard to the number of persons in the respective families.

I have to point out, however, that in the past the Paying Officer has experienced trouble consequent upon persons who have claimed payment of annuity money on behalf of others not being in possession of full information in the matter. Each applicant for payment should be able to state the name and number of the head of the family for whom payment is asked, and should know the number of persons in the family, and give respective dates of births and deaths. If marriages have taken place full information with regard to them should be supplied. Kindly explain this very carefully to all the Indians, as it is a matter of importance and disregard of the same may result in refusal to make payment.

Identification certificates giving permission to trap otter and beaver will be issued to all Indians ten years of age and over. I trust you will instruct each of the Indian belonging to your Band who has a family to be prepared to give the correct number of persons, boys and girls, in his family for whom he desires certificates as above mentioned.

Dear Sir,

We beg to acknowledge with thanks receipt of your letter of the 14th instant accepting our tender for the transportation of Treaty Party No. 9 this coming Summer from Ombabika to Fort Hope and from Fort Hope to Osnaburgh and return, for the sum of Eleven hundred and fifty dollars ($1150.00), with the proviso that should the trip from Fort Hope to Osnaburgh occupy more than ten days an additional charge of Eighteen dollars ($18.00) per day for the number of days in excess of ten days will be made to your Department.

You may rest assured that we will lose no time in making the necessary arrangements, and that everything possible will be done to make the Party comfortable and to carry out the work to your entire satisfaction. We have taken note of the fact that the Treaty Party will arrive at Ombabika on Wednesday, the 22nd of June, and will do all we possibly can to see that they leave that point on the same day.

Yours very truly,

MEMORANDUM

Mr. Scott. Approved DES

When the James Bay Treaty was made with the English River Indians in 1905, they were granted a reserve, though they were given to understand that they were only a branch of the Albany Band; there being but forty-seven Indians residing there at the time.

Since then the membership of the band has increased to ninety-two members. These Indians now are asking that they be recognized as a separate band and be allowed to elect a Chief and Council from among their number.

As English River is about two hundred miles from Albany, I believe it would be to their welfare, and I therefore recommend that their request to be made a separate band be granted. The Chief and Councillors who would be elected from among their number would naturally be more interested in the moral, physical and intellectual welfare of the members of the band amongst whom they reside, than could be expected of officers living at Albany, many miles away.

Last year I experienced some difficulty in getting at Moose, a proper crew to transport us up the Abittibi River to the line. At New Post I did not pay a single Indian, the whole band having moved up the River to a point near Clute. This year with your approbation, I suggest that I return to Albany from Moose and come out to the line Via English River Post. It may take a few days longer but I believe there are many old people living at English River who are in need of medical assistance.

Arrangement could be made to pay the New Post Indians, of seven families, by cheques.

I would be grateful therefore if you can inform me when the Treaty Party is likely to be at Osnaburgh which is the first mission in my Diocese on the western boundary in that district. I assume that the Treaty Party will follow the route formerly used by them, proceeding down the Albany River from Osnaburgh to Fort Hope from until they reach Albany on James Bay. Ottawa, Canada.

Dear Sir. James Kooses, aged 20 yrs, son of George and Emilia Kooses, of Moose Fort, James Bay, born at Moose Fort and Eileen Chapees, 19 years, daughter of Job and Mary Chapees, Moose Fort, born at Moose Fort, were married on Sept. 30th 1919 at Cochrane, Ont. by me. ~~They are to~~ They are now making their headquarters at Mattice, Ont. and wish to have a Treaty Ticket issued to them. They have now a little girl, so there are three, 1 man, 1 woman, 1 girl. James Kooses' father died while he was a child and he has taken his treaty money under his uncle's Ticket at Moose Fort. The uncle's name is James Tapees but he cannot give me his Band number.
His wife, as far as he knows, has never had treaty money, as he was adopted by Andrew & Caroline Mark, Moose Fort, and stayed with them until he was married.

Yours sincerely - John G. Moosonee

Return to Mr Ackery

Ottawa, April 30th.,1921.

Right Rev. Sir,-

In reply to Your Lordship's letter of the 25th instant, I beg to say that the Treaty 9 party proposes leaving Ombabika about the 23nd June for Fort Hope and from the latter place they will travel to Osnaburgh, which point it is expected to reach on or about the 6th July. They will return from Osnaburgh to Fort Hope where they will remain for a day or two, after which they will continue on their trip to Albany, remaining for one day at Martens Falls. It is intended to go from Albany by canoe to Attawapiscat and also to Moose Factory and to return to Albany and come out to the railway line via the Albany and Kenogami Rivers spending a day or so at English River and paying the Indians their annuity at that place.

The New post Indians, or other Indians living at Clute or in the vicinity thereof, will have to make application to the Department for their annuity money and identification certificates, which latter will be given this year to all members of the different bands who are eight years of age or over. If these Indians make prompt application to the Department for their annuity money, payment will be made, but if they delay in taking such action it will be necessary for them to wait until after the return of the annuity party before their shares of annuity will be paid to them.

I am,

Your Lordship's obedient servant,

J.D.McLean
Asst. Deputy and Secretary.

Chief:-

I beg to inform you that it is expected that the Treaty 9 annuity party will reach Moose this year about the 1st or 2nd of August, and upon their arrival at that place Moose Indians will be paid their annuity money for 1921. In the case of those persons who cannot be present at the pay-table: I beg to say that their annuity money will be paid to the persons authorized to draw the same, providing the latter have full information with regard to the number of persons in the respective families.

I have to point out, however, that in the past the Paying Officer has experienced trouble consequent upon persons who have claimed payment of annuity money on behalf of others not being in possession of full information in the matter. Each applicant for payment should be able to state the name and number of the head of the family for whom payment is asked, and should know the number of persons in the family, and give respective dates of births and deaths. If marriages have taken place full information with regard to them should be supplied. Kindly explain this very carefully to all the Indians, as it is a matter of importance and disregard of the same may result in refusal to make payment.

Identification certificates giving permission to trap otter and beaver will be issued to all Indians ~~ten~~ eight years of age and over. I trust you will instruct each Indian belonging to your Band who has a family to be prepared to give the correct number of persons, boys and girls, in his family for whom he desires certificates as above mentioned.

Your obedient servant,

Chief R.Wamistagoosh,

With reference to letter to you of the 17th February regarding the payment of Treaty 9 annuity money; I beg to say that the Department has decided to pay the English River Indians at English River Post, not as stated in the letter mentioned at the Junction of the Albany and Kenogami Rivers. It is probable therefore that the English River Indians will be paid their annuity money about the end of July, at which time it is expected the Treaty party will reach English River.

Dear Sir. I wish to inform you that, after Banns, Sarah Abraham, 19 years, daughter of John and Mary Abraham, was married by me to a white man, Lawrence Theodore Hennig, 35 years, resident of Grant, Ont. a Fur Buyer, at Grant, Ont. on May 30th 1921. John Abraham, whose wife died during the Influenza Epidemic in 1918-19, is an Indian who takes his Treaty at the Long Lake Reservation. I do not know the Agent of the Government at Long Lake, and so I cannot report them. Will you kindly give him the information so that he can record the same in his Pay List and Abeja

Dear Sir,-

Since speaking to you yesterday on the telephone, we have found your letter of the 16th, and regret that same has not been answered. We beg to quote you on tent size 8 x 10, 3' wall, 10oz. Army duck, complete with sod cloth, etc. as follows:

Tent with sod cloth	@ $28.60.
Poles and pins	1.90
Tent bag	1.50
Peg bag	.50

32.50

The tent would be exactly as per your specifications with rings for mosquito netting sewn into the roof of the tent, tucked patches, and wall patches, also reinforced ridge with tie ropes, for outside poles. We are in a position to make delivery of this tent two to three days after receipt of order, and will appreciate your instructions.

We might say that this tent has been figured on as made from the best quality of non-absorbant Army duck.

Yours truly,

Dear Sir,

I beg to submit a report for the year 1921 on the Treaty payments made to Indians of Treaty 9 residing in the James Bay District.

TRANSPORTATION

The Treaty Party, Dr. E. C. Day of Sioux Lookout, Travis and myself left Ombabika Crossing for Fort Hope in three canoes manned by nine Indians sent by Revillon Freres from Fort Hope to convey us to that place and to Osnaburgh. We left promptly as arranged on Wednesday morning, June 22nd, and reached Fort Hope on Monday June 27th, receiving the same welcome from the Chief Councillors and other members of the band as was later given us on our arrival at the other posts.

We left Fort Hope for Osnaburgh on Thursday, June 30th, returning to Fort Hope on Saturday July 9th.

The two companies were asked to submit tenders to take the party to Martin Falls and Albany, in two canoes. The contract was given to Revillon Freres, The H. B. Company not submitting a tender as they had no men or canoes available.

We left Fort Hope for Martin Falls on Tuesday, July 12th, and reached there on Thursday leaving again on Friday for Albany which place we reached on the following Thursday July 21st.

Here I made arrangements to retain the services of three of the Fort Hope canoe-men to take us to Attawapiscat, Moose and English River, thus being able to get the transportation somewhat cheaper than engaging new crews.

Travelling on the Bay this year was exceedingly trying. It took us eight days to make the return trip from Albany to Attawapiscat, July 25th to August 2nd. We left Albany again for Moose on August 3rd expecting to be back to Albany in ten days, but it took us seven days alone to reach Moose and seven days to return the weather being most unfavourable, cold and disagreeable with rain and high winds.

We left Albany on Friday August 19th for English River Post which we reached on Tuesday August 30th, remaining for one day, and then continuing our trip via the Kenogami and Pagwachuan Rivers to Pagwa which we reached on Sunday September 4th. On account of shallow water, an extra canoe and two men had to be engaged.

This was the first time the Treaty-Party came out via Pagwa and with my present experience, I would not recommend any Treaty Party to take this route in future. The English River Indians as in the past should meet the paying officer at the junction of the Albany and Kenogami Rivers.

ANNUITY PAYMENTS

The annuity payments at Fort Hope were made in the neat little council house built by the Indians on the Reserve on June 28th

and 29th, and on July 11th and 12th, Rev. Richards interpreting for me. The sum of $2552.00 was paid out and identification coupons for hunting beaver and otter issued to 310 Indians.

The payments at Osnaburgh were made on Tuesday and Wednesday, July 5th and 6th, in the council house on the Reserve built on a point about one mile across Lake St. Joseph from the Hudson Bay Company's Post. $1776.00 was paid out and identification certificates issued to 286 Indians. The Martin Fall Indians were paid on Thursday and Friday, July 14th and 15th, the sum of $512.00 being paid out and identification certificates issued to 87 Indians.

$1668.00 and $1860.00 were paid to the Albany Indians located at ~~at~~ Albany and at Attawapiscat on Friday and Saturday, July 22nd and 23rd, and on Wednesday and Thursday, July 27th and 28th. 601 Identification certifications were issued to Indians of this band.

The Moose Factory Indians were paid on Tuesday and Wednesday, August 9th and 10th, $1492.00 being paid and 249 identification certificates issued. The English River Indians were paid on September 1st, $560.00 being paid and 70 identification certificates issued.

In all, the sum of $10428.00 was paid in annuity and 1700 identification certificates issued. I might add that the total membership of the different bands visited is 2722 being 22 more than the membership of last year.

ELECTIONS

An election was held at Fort Hope to elect a Councillor to replace Councillor Sagutch who handed in his resignation as it was impossible for him to act any longer. Moses Moonias, No. 186, was elected to fill out the balance of his term.

The deferred election at Moose which should have been held last year was held this year and after a somewhat spirited contest, the old council was overthrown and new men elected. B. Achimist - Band No. 1 was elected Chief and J. H. Smallboy No. 50, A. Chum, No. 12 and J. Fletcher No. 86 were elected councillors. At English River, John Farries was elected Chief and James Shabana-queb, Councillor for three years.

OCCUPATIONS

As previously stated, the opportunities for these Treaty 9 Indians are poort at the best. A few of the Indians are employed by the Trading Companies to do freighting, but the main occupation of these natives is hunting, fishing and trapping. The fur catch, during the past year, was poor, but the Indians seem quite optimistic as to the prospects for the coming Winter.

It is quite evident that the Indians at present have no desire to do any farming, but judging from observation of work done by the Company, I believe good results can be secured from cultivation of the land and I believe sooner or later these Inland Tribes will have to resort, for a living, to farming in a more or less degree to supplement the fall off in the yield of furs.

MORALITY, TEMPERANCE, HEALTH, ETC.

I believe the morality of the Indians is good considering the conditions under which they live. Fewer complaints were reported to me than in the past, and I believe credit, for this higher standard, is due not only to the missionaries, but also to the managers of the various trading posts who are working in conjunction with the Missionaries in trying to suppress immorality and intemperance. Regarding Intemperance, I might say I never saw any signs of intoxicating beverages being made by the Indians. Both Messrs George and Rea, Inspectors of the

French and Hudson Bay Companies as well as the Post Managers Messrs. Neil and Ward at Moose are strongly pronounced against the Indians making it and assured me that no matter what the result, they would upbraid any Indians whom they suspected. The visit of Inspector Philips and Corporal ~~Reinor~~ Skinner will also prove beneficial as they also threatened what they would do if any person was caught. I might also add that the visit of Mounted Policeman Cole of Fort Williams to Osnaburgh to investigate the accidental shooting of Nekanikesick will also prove beneficial as it has shown the Indians that the Department will take steps to suppress wrong and punish wrong doings when the occasion demands the same.

EDUCATION

At Osnaburgh, there is no school and education is entirely neglected. I visited the day and boarding school at the other posts, Rev. Richards is doing his best at Fort Hope, but as most of the pupils are children of bush Indians, results are not very apparent.

At Martin Falls, the Missionary Mr. Anderson is doing good work, and I was surprised at the apparent progress made. The same also could be said the the work done by Mrs. Northam at English River, and I would recommend that their work be encouraged by the Department by granting them more supplies for these schools should they apply for same. Good work is being done at both the day and boarding schools at Albany and Moose.

I regret to have to report the deplorable death of Prin. Haythornwaithe of the Moose Boarding School. For sometime he apparently had been suffering from Dementia Precox which possibly was intensified by an accident received on 3rd June for on June 19th he committed suicide. Fortunately Rev. Walton was there at the time. Bishop Anderson who was at Albany was summond and was making satisfactory arrangement to have the work of the schools continued. He has placed in charge Rev. Griffen from Albany until more satisfactory arrangement can be made.

It was discovered that severalof the children in the boarding school were very badly affected with T. B. and Gland Trouble, so a weeding out was necessary in order to prevent the spread amongst the other pupils. Dr. Day examined every pupil and as a result some action had to be taken.

In the shool there were five Neepineskum orphan children Lizzie died last Winter with T. B. and three of the other children Mary, Peter and Henry have developed the disease. These children are orphans and Bishop Anderson has agreed to place these children with the grandmother and to be looked after and properly rationed until such time as they are able to return to school, on condition that the Department continues to allow the usual grant to be paid the school for them.

I have authorized Bishop Anderson to send George Neepineskum to the Cochrane Hospital to have his tonsils and adonoids removed.

Donald Hester aged 8 years is paralized as result of Tubercular Spine. He is unable to walk and at present is being cared for by Mrs. D. Wesley. This boy was taken from the school on 21st July. I have authorized Mrs. Wesley to take care of the child and to send in proper vouchers for same.

I authorized Bishop Anderson to purchase a tent in which to place Chas. Carpenter another orphan boy who has been several years in the school as this boy has funds to his credit in savings. I told Bishop Anderson to submit vouchers for any expenditures made. Dr. Day states this boy cannot possibly live very long.

Bishop Anderson was taking necessary steps to have the Boarding School conducted according to rules. As already stated, every pupil was examined by Dr. Day and also all new Applicants, a list of whom he has forwarded to the Department. The Bishop has made contracts with parents for three years as the parents would not consent to send their children if the contract was for a longer period. Bishop Anderson considers t this time limit better and I acquiesce in his idea, and would suggest that he be authorized accordingly.

At Attawapiscat, I was informed by Mr. Anderson, Manager of the Hudson Bay Company, that he had in his possession for the late Maggie Edwards, ten cheques totalling $366.00. The late John Jakomolin, No. 38298, B. P. C. who died overseas left a widow, Maggie, later married to Edwards, and one child and two

I told Mr. Anderson and Father Boisseau to submit to Department any accounts which they had against the estate.

That S. Iserhoff of Martin Falls be authorized to issue five dollars monthly in rations, etc. to Tom Ice a poor blind boy.

That Chief Jas. Weenjack of Martin Falls be sent at once to a Sanitarium for treatment. Dr. Day thinks that he may recover if under proper care. I suggest that immediate action be taken in this case.

4. That Annie Louttit age 13 and Nellie Louttit age 9, daughters of G. Louttit No. 192 Albany Band, be sent to Chapleau Boarding School. Their mother is dead and the father is anxious to have them placed in the school. His address is Sunstrum.

5. That the following goods be sent to John Farries, Chief of English River Band:- 6 hoes, 6 rakes, 6 spades and 5 bags of seed potatoes. These should be forwarded in April so as to be taken down when navigation opens in May

We reached Ottawa on Tuesday September 6th after a somewhat tedious journey due to some extent to extremely hot weather followed by a spell of wet weather which continued off and on every day for over three weeks. May it be pleasing to you honourable great Chief
again a little. I write to you as it also reached me
your letter and now I will relate for what reason
now I am writing as you asked me why I desired
to see a policeman here at Albany one
man here could not be stopped from making an
adulteress his own daughter and
at the same time keeping his wife already twice he is like this
in spite of being over & over again spoken to on this account
not to be like this again but already twice he has been like this
Surely it is not right that such should be. I think why I tell it
how it would be then if he personally the policeman
spoke to him seeing him here ~~thank~~ was what I thought
when I spoke about this man and again they think bad of me
some people here on account of my position though I try to treat them right
they expect too much of the Chief to speak for them. I mean
those who are not poor who do not need to be
spoken for it is true indeed here are some poor here
such persons are poor as orphans and old men
and old women and also the Chief just in the
same way am poor this summer have no
work this summer It is going very bad with me
on account of the position I have now From the Company (H.B.Co) I always
made a living by working, that is in the past but now some
days I have nothing to eat and I have some
small children and how poor I am just now
I am telling you. that I am living on all sorts of things

I did not kill any fur either last winter everything was very poor from which the Indians used to earn as I personally saw it last winter and indeed that was the experience of many as I say in the fur line and now I want to speak about another thing already I do not see anything less this summer here at Albany I have not yet been able to see it here this summer pretty often I used to speak to the Indians about drink last summer when I left this position I have stopped it much I think this goes on But there are also many who listen and who show love to their Chief and some also it must be said who despise the Chief And it was so from the first with the first Chief then did the same some of them as I said and now another thing Jimmy George won't pay for what he stole as I told him already last summer 300 why did he send me this summer and now the Chief also has assurance of what he related I personally and others are positing that it is true this which I have stated this is all I am Moses Wesley Chief at Albany

Dear Sir. I found your two letters of Sept. 1st here on my arrival from James Bay a few days ago, enclosing two documents in Cree Syllabic.
I have translated both as far as possible word for word and I think you will follow their meaning.
The letter is from Moses Wesley, Chief of the Albany Band.
The other is not an account but evidently a Census of the Indians at Albany showing how many in each family are over ten years of age & qualified to receive Beaver & Otter Certificates. This is not dated and there is no explanation nor is the list signed, but it appears to be from the Chief above named and for the purpose I have stated.

Yours Sincerely

Dear Sir

I a few days after receiving your letter asking for Treaty Money for some of the Indians I answered it with the necessary information about James Wayne His family is the same as last year except a baby girl died last fall

An account of some of the other Indians receiving there checks Wayne is very anxious about his name came to me several times asking for same

Now this Agnes Hunchback whom I wrote you about relief I have given her relief as she is in very poor shape I have buried her boy since she came here she is from Tamaught or that is near she received her Treaty Money from George Cooper this is about all the information I can able to get

Dear Sir:-

Just a line to let you knew that I have decidedto spend the winter at Ombabika with my brother Joe Joe as my wife is still not right, she has been ill ever since you left here.

my son John has gone up to Attawapiscat out West to spend the winter with Old Harry his father-in-law, he was quite well when I seen him last August. It makes it very hard for me to make a living as I am never sure whether my wife will be in her right mind or not from day to day. Some days she is quite rational and the next day she is out of her mind. Well I hope that I will have a little better luck this winter. Now if my wife gets very bad and I cant look after her, will you kindly, or could you write me an order on Sells & Sadle, Ombabika for them to buy a ticket to Cochrane for my wife to go to Hospital if she is very bad only. I would like to have this order from you in case my wife gets very bad any time. If I was able to hunt and work like other men, I would not trouble you for this, but I have been up against it all summer as I could not do any workas my wife was ill all summer but a little better right now. She may be getting al l right for good now & I hope she is as Iam entirely br ken down watching her all the time.

Hoping you will be able to do me this favor. Thanking you for many past favors. I thank you very much for the roofing you sent me, will use it on my house on the Reserve, not where I will winter.

I remain yours obt servant

Charles Drake.

I will try to make the trip with you next summer if my wife is well, Iam very sorry that I was not able to take you through last July.

Dear Sir,-

re- Estate Rev. W. Haythornthwaite

We are applying for Administration in Ontario of the Estate of the above deceased who died at Moose Factory on the 21st July 1921. Among the assets is a life policy in the Prudential Assurance Company of England. and in order to establish a claim to the proceeds, it will be necessary to furnish a Certificate of Death. The question of such a certificate proves one of some difficulty, as we are informed by the widow that the deceased was himself Registrar of Deaths and that it may be some time before a new appointment is made. We should be glad to know if you could furnish us with a certificate which we are of the opinion, would be acceptable to the Insurance Company.

Please also advise us if the appointment of Registrar carried any salary with it and if so whether anything was owing to the deceased from the Department at the time of his death.

Dear Sir:-

I have before me your letter of the 9th December enclosing also a copy of a letter of the 31st October, re estate of Rev. Haythornthwaite, which sorry to say I never received.

I might say, however, that I received a letter from Mrs. Haythornthwaite asking me to furnish a Certificate of Death. I took up the matter with the Manager of one of the Insurance Companies of this City and he informed me that evidence of proof of death must be sworn to by some person or persons who saw Mr. Haythornthwaite in death. I then forwarded instructions to her to at once write to Mr. Ward, Manager of Revillon Freres Trading Company, and to Mr. Neil, Manager of Hudson's Bay Company, at Moose Factory, to sign the necessary death certificates as both could vouch to the fact of his death.

I think Mrs. Haythornthwaite carried out my suggestions and should soon, if not already, have the necessary information which no doubt she will forward to you. I shall be quite pleased to do anything I can to help you to settle this matter, and, if you desire, will write to the persons before referred to for certificates. I am also sending you a declaration from myself.

I hereby certify that I was at Moose Factory on or about August 9th, that I truly believe that Rev. Mr. Haythornthwaite of Moose Factory came to his death at Moose Factory on 31st July, 1921, being so informed by Rev. Mr. Walton, of Fort George, by Mr. Ward, Manager of Revillon Freres, Moose Factory, by Mr. Neil, Manager of Hudson's Bay Company, Moose Factory, and by others and I make this declaration believing it to be true.

We are obliged for your letter of the 13th instant.

Mrs. Haythornthwaite is now in England and we do not know whether she acted on your suggestion and wrote to Mr. Ward and Mr. Neil for the necessary death certificate. If it would not be too much trouble we would be obliged if you would kindly write to these parties and obtain death certificates from them. In the meantime we will ascertain from the Insurance Company if they would be willing to accept your declaration in proof of death.

You did not advise us if there was any salary attached to the position of Registrar and whether any amount was due to the deceased at the time of his death.

INDIAN OFFICE

At Kenora, Ont.

23rd Decr, 1921.

Dear Mr Aurey,

I am in receipt of your letter enclosing schedule of proposed dates in connection with Treaty No 9 payments.

The dates appear to be right if the plane can make the treaty grounds on those dates, it all depends on them and the weather

I enclose a schedule of proposed dates for the payment of the other Bands in the Kenora and Savanne Agencies, which I would ask you to go over with Mr Paget and see if they are suitable to the Department and the Air Board.

As soon as the dates are definately decided on I will notify the Hudsons Bay Co's officially, I have already seen Mr A.W. Patterson, District Manager at North Bay and Mr J.D.MacKenzie , District Manager at Fort William. and they will be able to do all we require at their various posts.

My idea is to pay on the Lake of the Woods first, them the Bands along the Can Pac Ry, from there take a Gasoline boa as far as possible and then canoe down the Winnipeg River to Islington, Pay there and ~~take the train to Sioux Lookout~~ and pay Frenchmans Head, Lac Seul, and Grassy Narrows & Wabuskang by plane just before we make the Treaty No 9 payments.

Plane

Let me know what Mr Paget and the Air Board think?

Should this be a success we might make almost all the payments by plane next season.

In making the dates I have arranged to give myself about a week at Kenora before going to Sioux Lookout to make the payments by plane, so as to clean up any correspondence &c before making the long trip.

With the seasons greetings to everyone.

Yours faithfully

Frank Edwards.

Dear Sir:

I am enclosing herewith a copy of a letter received from Messrs. H. A. Sells and J. Sadlo of Ogokoe in regard to the issuance of Indian Identification Certificates to non-Treaty Indians.

I would be glad to have you advise me if you are in a position to report in connection with their request, and if you can recommend or advise that these Certificates be granted.

One of the principal objections is the inability to have these Certificates placed directly in the hands of the Indians.

Dear Sir:-

In reply to your request of the 30th December, 1921, I regret that I cannot give you any definite information regarding the persons to whom you refer.

There is a family at Osnaburgh No 57 by the name of Jack Whiskey, but four identification tickets were issued to this family last summer.

There is also a family at Fort Hope No. 135 by the name of Wid. Jack Whiskey, one woman and one boy to whom I issued one certificate for the boy. Probably this certificate may have been used by the mother, but of course this is only a supposition. My opinion is that these Indians should have made application to me when I was in the District, but not having done so, it is only a guess on my part to give you any information regarding them.

Memorandum.

Mr. F. H. Paget:

I understand that in the near future letters will be addressed to the chiefs of the bands in Treaty No. 9. Would it be possible to incorporate in these communications a note in connection with school matters?

I would be grateful if you would draw the attention of the chiefs and others to the desirability of having the eligibility of Indian children, who are seeking admission to residential schools, passed upon by the Department representative at the time of treaty payments.

The reason for this is that many children are started upon the long journey to the boarding school, without a certain knowledge of their admission being approved. Upon arrival at the school, the local authorities are hesitant about returning non-eligible children to their homes, due to the long and arduous journey, and the result is the Department is practically forced to approve of their admission.

The information concerning the admission of half-breeds is on File 150,000-9; questions in connection with religious belief on File 150,000-9; the latest ruling on compulsory education on File 112220-2.

I beg to inform you it is expected that the Treaty 9 annuity party will reach Osnaburg this year by Seaplane on or about the 13th July.

As an Indian Agent has been appointed to make the payments, it is most desirable that the heads of all Indian families be present when the payments are made. If it is impossible for all the Indian families to present themselves at the pay table, their respective shares of annuity money will be paid in each instance to the person authorized to receive the same providing full information is furnished by the representative as to the number of persons in the family for which he claims payment. It is important that information with regard to births, deaths and marriages,as well as with respect to ages of children, be furnished, and disregard of the Department's requirements in this respect may result in refusal of payment of annuity money.

Identification certificates granting permission to trap Otter and Beaver will be issued to all Indians of eight (8) years of age and over, and I have to request that you will instruct each adult Indian belonging to your agency, who has a family,

The Department wishes also to draw your attention to the fact that it is desirable to have all Indians children, who are seeking admission to residental schools, examined at the time of treaty payments by the doctor who accompanies the treaty paying party in order that it may be ascertained whether they are eligible for admission to such schools. The children in question should be passed upon also by the Department's respresentative at the treaty payments. In this connection I may say that if children are sent to Indian Boarding Schools without their admission thereto being approved, as above referred to, the principal may refuse to receive them and they will have to be returned to the reserve to which they belong at the expense of the person responsible for sending them to the school.

As the date set for the arrival of the seaplane at Osnaburg is only aproximate, the Indians should be there a day or two in advance of the date upon which the plane is expected, as if the weather is favourable for flying the party may arrive earlier then the schedule time.

Sir,-

In reply to your letter of the 10th instant, I beg to say that seemingly you are under a misapprehension with regard to payment of annuity money to Indians of Treaty 9, and also with regard to the issue pf identification certificates. The Department did not in any case make payment direct to Mr. Golding, of Clute, of annuity money due Indians. Cheques for the amounts payable were drawn in favor of the Indians and forwarded to him and consequently the said cheques could not be cashed until they were endorsed by the respective Indian payees, who then had the money wherewith to pay for goodspurchased, and as you must be aware all Indians who make purchases should pay for the goods which they thus obtain.

With regard to the identification certificates in the case of James and Clara Sutherland, I beg to say that they were given by Mr. Awrey, the Department's Paying Officer, to Frank Mark, No. 84 of the Moose Factory Band. Mr. Awrey also gave these Indians' annuity money to Mark for them, and he requested the Department of Game & Fisheries, at Toronto, to issue duplicate certificates, but the request was refused. The Indians in question should write to Frank Mark, at Moose Factory and request him to forward the certificates to them.

Dear Sir:-

We received a letter recently from our Agent at Pagwa,which had been sent to him by the Kenora Indian Agent, in which it was stated that Treaty Party No.9 would use a Sea-Plane,next Summer,for transportation between the different points where payments will be made; the letter also requests that we notify our Agents to be prepared to accomodate the Treaty Party with Sleeping Quarters and Meals on their arrival at the various Posts.

It is unusual for us to be approached by anybody but your own Department on the subject of Treaty Party arrangements. It is also rather surprising that we are asked to provide the accomodation mentioned. We are delaying action on the Kenora Agent's letter pending the receipt of further information from you, and trust you will write us early if you are looking to us to provide the accomodation. It is also requested that we carry a supply of Gasoline on our scows from Pagwa.

Dear Mr. Edwards,-

(Incl.)

I am inclosing to you a copy of a letter received today from the head office of Revillon Freres, Montreal.

I am unable to give them an answer as I do not quite understand the import of the letter. In conversation with you, I was given the impression that you had made or were making arrangements with the Hudson's Bay Company as to accommodation, etc. Before replying to letter I would like to know just what arrangements are being made for accommodation at each of the posts in order that explicit information may be furnished to Mr. Coward, as he should know exactly what is expected of his Company at each or any post.

The letter also refers to the matter of transportation of gasoline. I think Col. Gordon stated that the Air Board would attend to this as they are in a better position to decide the quantity and the places where required.

For your information, I might add that I consider the best accommodation at different posts could be given as follows,-

At Osnaburgh	-	Hudson's Bay Company
" Fort Hope	-	" " "
" Martin Falls	-	" " "
" English River	-	Revillon Freres
" Albany	-	Hudson's Bay Company
" Attawapiscat	-	Revillon Freres or Hudson's Bay Co.
" Moose	-	Hudson's Bay Company.

Kindly reply as promptly as possible, as reply to Mr. Coward's letter will be withheld pending an answer from you.

Dear Mr Aurey,

I am in receipt of your letter of the 24th instant, enclosing copy of a letter from Revillon Freres.

Enclosed please find a copy of the letter sent them from this office which explains itself,

I may say that I have made arrangements with the H.B.Co to provide accommodation at all their posts for us should we require it, but I have made no arrangements for accommodation at English River Post as I understand the Hudsons Bay Co do not have a Post there, so if you will be kind enough to ask the Revillon Freres, perhaps they will make arrangements.

You will notice that I ask them in my letter to supply accommodation at their posts should we require it, but English River is the only place where we shall likely want this, unless we have trouble with the plane, which is not expected. I wrote the firm so that the Indians and white people could be informed and look out for us and give us assistance should is be necessary.

The Air Board will no doubt get into touch with them in regard to sending the Petrol up.

Trusting this gives you enough material to answer their letter,

Yours faithfully

Sirs,

The Indian Department has decided to pay Treaty to the Indians of Treaty No 9 next summer by plane.

The party will consist of the Agent, Clerk, Doctor, two Pilots and the Mechanic.

Petrol will be sent in by Pagwa to Martins Falls, at the Bay there is sufficient for our needs.

Owing to the large party and having to travel as light as possible, I write to ask that you will be kind enough to be prepared to give us accommodation at your posts should we require it.

We shall be glad if you will notify all Indians you may se so that should we be forced ~~to land at~~ for any reason at places other than the Treaty grounds, they will be prepared to come to us in canoes and help us.

I send herewith a list of probable dates, but we cannot quarantee the exact dates it will depend on the weather and other factors.

Please notify your Post Managers so that they may be on the look out for us about the dates mentioned.

Mr Aurey who paid Treaty last year will accompany the Party.

Dear Mr. Edwards,-

I have your letter of 30th January before me, and have noted what you have done towards providing accommodation for the Treaty 9 Party at the various posts, excepting English River. I also note that you ask me to make the necessary arrangements with Revillon Freres to furnish accommodation at English River, but I really think it would be better for you to carry out the arrangement in order to avoid any complications that might arise through any misunderstanding between us.

I am enclosing to you a copy of the letter which is being officially forwarded today to Mr. Coward, and I think you should definitely advise him as to the exact accommodation, if any, you require.

You will observe that both the Hudson's Bay Co. and Revillon Freres have posts at English River.

Dear Mr Aurey,

I am in receipt of your letter of the 2nd enclosing copy of letter sent by Mr McLean to Revillon Freres,

As regards English River, what do you suggest? Should we pay at the forks, or at the Reserve? and what Company should we request to give us accommodation? (the H.B.C. or Revillon Freres)? Please let me know what you suggest so that I can get in touch with the Company decided on as soon as possible?

I understand there is no Post at the Forks, Please let me know which is the best landing place for the planes? and which is the most suitable for accommodation &c? The Company we decide to patronise could no doubt arrange for a tent and food should there be no House suitable for our accommodation, and in any case you are arranging for a tent and emergency rations to be carried in the plane, but of course we do not want to use the emergency rations unless we are compelled to.

Do you know who is likely to be our Pilot? I should like to get in touch with him, so that we can make sure that there will be no hitch when we start out.

In reference to English River, Revellon Freres write and ask if it is our intention to pay Treaty at the Branch of the English and Albany Rivers, or at their English River Post? If at the Branch, they are afraid they cannot offer us much accommodation . They have a couple of small shacks there, but there will be only a single man in charge. If we pay at English River Post, which is 60 miles up the English River from the branch, they can offer us better accommodation and they say it is at this Post where the Indians congregate.

As regards Martins Falls Revellon Freres say that they have very poor accommodation at the Falls and that their Post is at the Branch of the Ogoki and Albany and it is reported to them that the H.B.Co is abandoning their old Post at Martins Falls and locating near them, so they presume we shall pay Treaty in the neighbourhood of the Posts and on the Reserve.

Is this a good landing place

Please advise me on these matters.

would be all right at the Branch of the Ogoki and Albany Rivers, in fact better than at Martin Falls, where the Indians have always assembled in the past.

Dear Mr. Edwards,-

In reply to your letter of the 10th instant, I have pleasure in giving you, as far as I am able, the information requested.

Regarding the payments at English River, I might say that notification has already been forwarded to the Chief of the English River Band informing him that the payments would be made at the Post and not at the Forks of the Albany and Kenogami Rivers. The accommodation at the Post certainly will be much better. Last year we were well used by Revillon Freres when at this Post. I am satisfied that the Hudson's Bay Company could also use us well and give us suitable accommodation, although possibly the former Company could house us better on account of having to keep up proper accommodation for the crew of the Power Boat.

For the trip, the Aid Board themselves provide provisions, etc., in case of emergency. Mr. Paget will purchase for us one tent large enough to accommodate us all in case of need.

Now regarding Martin Falls, I cannot give you any definite information.At this post I am quite satisfied we will not have very good accommodation, but I believe if we got an early start from Fort Hope we might be able to make the payments, etc., at Martin Falls and be able to reach English River Post the same evening, but of course this means some hustling.

As to landing places, I am quite sure the landing would

Dear Mr Aurey,

I am in receipt of yourletter No 3-44B in reference to payments at English River &c.

I suggest that we make payments as follows:-

13 to 15th July 13th, at Osnaburgh, using H.B.Coy.
16th to 20th " 15th, " Fort Hope, " " " "
" 21st, " pay at Branch of Ogoki and Albany River, and if possible go on to English River Post after payment same day, if not possible then use our emergency tent and rations.
21st & 22nd to 24th " 22nd, " English River Post, Pay at the Post, and making use of Revellon Freres.
25th to 27th and 30th & 31st " 25th, " Albany, using the Hudsons Bay Coy. and also using the H?B?Coy at Moose and Attawapiscat
28th & 29th at attawapiscat aug 1st 2nd & 3rd at moose. At several of these posts we shall have to stay a few days.

Let me know if these arrangements meet with y your approval, so that I can send up definate word by the first available mail which goes in early in March.

Please let the Indians know exactly where to meet us for the payments so that we shall not have a mixup.

I received a letter from the District Manager of the Hudsons Bay Coy and he also thinks the junction of the Ogoki and Albany would be better for us than Martins Falls.

If you have any other pointers or suggestions please let me know?

I would suggest the cash for payments come to us care of the Imperial Bank at Sioux Lookout,(The only Bank there)

Dear Mr. Edwards,

In reply to your letter of 20th instant, I beg to inform you that the dates, etc., are quite satisfactory to me. The arrangements are practically the same as previously decided upon with the exception of Martin Falls.

I shall at once write to the Chief of the Martin Fall's Band and tell him that the Treaty 9 payments to his band will be made on the Reserve, near the forks of the Ogoki & Albany Rivers, and not at Martin Falls, and for him to notify his Indians to assemble on the Reserve where the payments will be made on or about the 20th or 21st of July.

For the past few years the New Post Indians have assembled at Clute which is about 12 miles from Cochrane. I think the best way to pay them is to run out in an auto from Cochrane when we have finished the other payments. I will see that the cash to make the payments will be provided for by the Imperial Bank at Sioux Lookout. I presume the cheque for the payment of the annuity money to Lac Seul and other bands will be sent to you at Kenora, as in the past. I have received no further definite news from the Air Board.

Dear Sir:-

I am sorry that I have to make this report to you, but I think it is my duty to do so.

Widow Whiskey Jack # 135 and her daughter Mrs Alphus Goodwin # 222 of the Fort Hope Band have caused a great deal of trouble here among their neighbors. First they smashed a window in one of the H.B.Co servants houses and then they attacked Mrs John Okis and nearly hit his crippled daughter with a stick of wood. Then Widow Whiskey Jack went into Mr Williams' house and raised a row in there, then she went out, Mrs Williams happened to go out after & them Widow Whiskey Jack picked up an Axe & threatened to hit Mrs Williams with twice. Then Mrs Alphus Goodwin hit Mrs Williams on the head, behind the ear with a stick of wood.

Mrs Williams had a severe bruise back of her ear, this bruise was seen by myself and several other people. Now this has caused Mr Williams to sack Alphus Goodwin, his brother and Widow Whiskey Jack's son. They all had good jobs for the winter and now they are all out of work just by these two women being so quarrelsome and wanting to run the men instead of their men running them. These women had no cause to raise this trouble with Mrs Williams or the H.B.Co as they were well treated by them. They are always causing trouble at both stores and with their neighbors.

I have tried my best to advise them to live in peace with the stores and their neighbors, have advised them twice in as nice a way as I could, but they pay no attention to what I say. Now I would like for you to take this matter up and make an example of them, they desrve x some kind of punishment as talking to them does no good after the Agent leaves here. I cant do anything at all with them. If they get some punishment it will make us all behave properly.

Dear Sir,-

On account of unforeseen circumstances, the Air Board is unable to undertake the transportation of the Treaty 9 party to James Bay. It will, therefore, be necessary for us to make the trip in the old way - by canoe. Some time ago Mr. Wright wrote to me informing me that he would be able to provide transportation to Osnaburgh and Fort Hope, providing we would come in by way of Bucke. This is the route I desire to take, so I shall be pleased to learn definitely from you if an arrangement can be made and carried out.

I desire to receive an assurance from you that the Hudson's Bay Company will undertake the transportation of the Treaty 9 party of three persons from Bucke to Osnaburgh and Fort Hope, and also an estimate of the cost of transportation.

A crew of six men with two large canoes and tarpaulins, or three smaller canoes with tarpaulins, will be sufficient for the conveyance of the party.

The members of the party will provide their personal outfit, such as tents, beds, provisions, etc., so it will be necessary for you to figure only on provisioning the crew and on supplying them with camping and cooking paraphernalia.

The party will have to be met at Bucke on the 23rd June, the same day we arrive, so that there may be no delay whatever.

If the arrangements are satisfactory, I shall at once place an order with the Hudson's Bay Company, Winnipeg, for our supplies to be delivered at Bucke. Tenders will be asked for at Fort Hope for transportation of party from Fort Hope to Albany, etc. A prompt reply is requested.

Yours truly,

Chief,-

Owing to unforeseen circumstances, I regret to inform you that the Treaty 9 party will be unable to travel this year by sea-plane as was arranged, and, consequently, cannot visit English River post. It will be necessary, therefore, for the English River Indians to meet the party (which will travel by canoe as in previous years) at the junction of the Kenogami and Albany Rivers about the 15th or 16th of July. Kindly notify the Indians accordingly, giving them the instructions as furnished to you in letter of the 5th January.

Dear Sir.

TREATY # 9. PATRICK FLETCHER.

I beg to enclose herewith my Treaty Coupon and from which you will note that this calls for my residence as Moose Factory. Owing to my being unable to secure good employment up there I lately removed to Missanabie and wish my transfer to be registered to this place, coming under the jurisdiction of Mr. T. Godfrey at Chapleau.

Should it be necessary for you to issue me a fresh Coupon I should be glad if you would attend to that matter forwarding the same to me here at Missanabie so that I may be able to draw my Treaty money in this district.

Kindly let me hear from you that this is in order.

Very truly yours,

Patrick Fletcher

In reply to your communication of the 23rd instant, I have to inform you that the Department does not approve of your being transferred from the Moose Factory to the Missanabie Band, but, if you make application to the Department for your Treaty 9 Annuity money a cheque for the same will be forwarded to you. It will be necessary for you to have a reliable person vouch as to the number of persons in your family, namely, men, women, boys and girls. If there has been a change in the number since last year full particulars regarding the change should be furnished; an identification certificate will be forwarded to you for each member of your family of eight years of age and over if you make application for the same stating for whom they are required. It will be necessary for you to state whether they are needed on behalf of men, women, boys or girls.

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir. Referring to yours of Oct. 28th 1919. I wish to say that William Reuben called on me to-day and stated that he had not received annuity money for himself and wife since his return from overseas in 1919. Before going overseas he had instructed his father, John Reuben, Albany Band, to draw his annuity during his absence. He is not aware whether his father has continued to draw his annuity since 1919. If not, he wishes the Department to send him what is due for himself and wife to date through me. I may add that William Reuben has been hunting for several winters in the Hearst district and working at odd jobs during the summer in the same district. He usually makes his headquarters at Hearst: his wife is living at Hearst, Ont. now and it might be as well to send him his Cheque, if any is due, addressed to him at Hearst, unless you prefer to send it in my care.

Yours Sincerely

I have to inform you that the Department has received a letter from His Lordship Bishop Anderson, of Cochrane, making application on your behalf for payment of arrears of annuity money. Before payment can be made to you it will be necessary for you to furnish a certificate signed by a reliable person showing the date of your marriage. The Department should be informed also of your wife's name before marriage. If she was an Indian the name of the band to which she belonged should be furnished and if possible the number under which she was paid annuity. If you have children the Department requires to be informed of their names and to be furnished with the dates of birth.

I may add that if you desire to receive identification certificates you should make statement to that effect.

When you have complied with the foregoing requirements the question of payment of arrears of annuity money to you will be considered.

Sir:-

Your letter of February 24th. 1922, No. 3-44 B to hand and contents noted. I should like to ascertain the names of the Trading Companies who made this request, and certainly the Indians are quite unconcerned as to where Treaty is paid. I am quite sure the Hudson's Bay Company had nothing to do with the matter, and the only other company here is the Revillons Freres Trading Co. Ltd. It is only natural that the Revillons Company should wish Treaty to be paid on the Reserve, as their Outpost from English River is situated there, and to obtain this end they must have spoken to Chief James Wonjack while he was on his way to the Sanitorium at Gravenhurst. I am certain that the Indians and their Councillors have not been consulted in this, as they approached me last Spring on the matter, and when I had pointed out the disadvantages such a course would entail they agreed with me that it was better to have Treaty paid at Martens Falls.

Not only is the Hudson's Bay Company affected by this change but the Missionaries also, are put to much inconvenience. The Church Missionary Society have a Church here and the Rev. Father Bilanger of the Roman Catholic Church holds service here during the week that Treaty is paid. If for no other reason than that of their religion, which they can only observe properly in the summer, the Indians would prefer payment of Treaty at Martens Falls. Both the Revillons Freres and Hudson's Bay Companies have Outposts at the Ogoki Reserve, but Martens Falls is a Parent Post and I think it is more fitting that Treaty No. 9 should be paid here as in former years.

Many articles of food are hygienically prepared by us for the market by wrapping and packing. It is understood that meats, butter, cheese and various other food products shrink in weight on account of evaporation of moisture and other natural causes, and that the goods mentioned in this sale are billed at the weight taken at the time of wrapping or packing and without allowance for shrinkage. Meats that are not manufactured, but are from carcasses of animals slaughtered and divided into commercial cuts, are sold at the gross weight taken after wrapping. Backsets and skewers are included in the weight of meats containing them when sold. Sausage and cooked specialties in cloth bags are weighed after being placed in such bags and are so sold.

Dear Sir

I beg to submit herewith a statement of my expenses re Treaty 9 payments for 1922 and $92.01 in cash being balance of the accountable cheque for $1500 advanced to me.

This year I was able to cut down the expenses considerably by going inland via Osnaburgh and also by getting three Fort Hope men to come through the whole trip with me to Cochrane instead of having to engage Moose Factory Indians whose charges are very much higher.

Only two accounts remain unpaid; one to H.B.Co. Osnaburgh for $540.00 and one to H.B.Co Fort Hope for $826.55 both of which accounts I have certified for payment

Yours truly

Translation of Thomas Stephens Letter

If these Indians stay in the summer time on the grounds that they hunt on in the winter this will be a lot less animals next year (?) There will be nothing to kill in a few years time. Then they will starve when that time comes, because we would kill a lot (of just bearing animals) in the summer time especially the young animals. CL[illegible]

Translation of Walter Stephens letter.

It is getting worse about the Indians.
We have nothing to live on, no money, we cant get debt. All the Indians the same.
It is going to be like this — we are going to starve as we have nothing to use. We cant get debt from the Companies. You say that the Government will stop all their help. What are you going to do now? Are you going to leave only (or do nothing) Then the Indians will starve.
You dont even let the chief speak to you.
The Indians all say "I don't see why we make a chief here, just as well none at all.
And you speak all trouble
The chief should speak to the paymaster for the Indians.
And then I speak for the Indians who are sick. If they send news to the post, they can't get

Translation of William Woodworm letter

Age about 65.

July 21st

I want to say a little about my hunting a long time ago, & when I was getting old. There was a lot of times I feel cold, because I try to make money. When I try to kill some fur I sleep anywhere. Sometimes I go very far. When I make a camp to stay in I make a hole in the snow & cut brush for my bed. I have just my cappo only, no blanket. Of course I feel very cold. I think I have got heavy job. When I make on a big fire I have got heat alright on one side, but one side almost frozen. I have a small kettle and melt snow in the kettle to make some water to drink, and I drink hot water to try and warm myself. Nothing to eat for two days. Of course when I not eat I feel weak. When I not eat I feel very hungry

When the Indians have to haul their stuff on toboggins they feel weak just the same as I feel. The Indian has to haul his children & his blankets and all his stuff and his skins & find it very hard. When the Indians are short of grub, they cannot get anything to eat until they kill some thing.

Of course we cannot get Enough for $4 to Keep us all the winter. We can buy Enough for $4 to do us for the day we start, but it is finished by night. By the time I make the first camp I finish my grub. $4 & what shall I do then next day. I do not think I

can live if I cannot Kill anything, if I can't get anything from the Companies and I have finished my #4

of Course I am talking about what I see before and I think it is going to be so again. ~~But~~ A long time ago some Indians starve & if they cant get anything from the Companies or the Government they are going to starve again. Indians will not be able to have flour, tea, sugar & powder & I am ashamed to think that it is going to be so again.

Of course, now, every body belongs to Treaty. Now the Government ought to see about these people before the starve comes. When the King started to give Treaty Money the Government promised the Indians to look after them so that they would not starve. You can let me Know what you think about my letter.

Dr. Day took a deep interest in the work and I am sure did his very best during the short periods at each post to help those actually in need of his services, but had to turn away many who were well but looking for help for fear they might get sick.

Requests.

The following children made application to be admitted to the Moose Factory Boarding School,-

Mary Richard (orphan) No.88 Albany Band.
Sofia and Evadney Solomon, No.160 Albany Band. (Mother dead)
Rodrick McDonald and Emily Chum.

All were examined by the doctor and their admission approved.

Jacob Wynne made application to be admitted to Chapleau Boarding School. He was found medically fit but I could not definitely state whether there is room in the school. Rev.Northam, Albany, C/o Hudson's Bay Company, Mattice, should be notified.

EXTRACT ON 63-1-10

The Albany Boarding School asked for the following chart,- Tableau Berlitz, artistic illustrated wall chart for object lessons, size 47 x 38 inches - a great help in teaching - set of 4 maps, $5.00. The Sister in charge of the school says she thinks they can be gotten at,- L.E.Lafontaine, Librarie, 112 Rue Rideau, Ottawa.

EXTRACT ON 44-2-4

The R.C. Mission at Albany also made a request for a stretcher.

EXTRACT ON 44-2-5

Chief Papa, of Fort Hope, has built for himself a house on the Reserve and asked the Department to supply him with ready roofing for same. The house is 14' x 24'. I recommend this be sent to him at once - to Taskota - he agreeing to get it in from there without any extra expense to the Department.

EXTRACT ON 55-44

I also recommend a new flag be sent to him and also that one be sent to Jas. Wenjeck, Chief, Martin Falls Band, C/o Revillon Freres Company, Pagua.

EXTRACT ON 123-44

I have done my best to make the trip as quickly and as economically as possible. I did not remain one hour longer at any post than necessary, and on the trip travelled late and early. I used every opportunity to press upon the Indians the need of greater application as the Department was becomming wise to the fact that much want among the Indians was due to themselves.

All of which I respectfully submit.

Asst Deputy R.T.

574431

Ottawa, September 5, 1922.

Sir,-

I beg to submit herewith my report of the Treaty Nine trip to James Bay for 1922.

As previously arranged, Dr. Bell, of Sioux Lookout, Travis, and myself left the C.N.R.line at Bucke for Osnaburgh in two canoes manned by six Indians provided by D. Wright, Manager of the Hudson's Bay Company at Osnaburgh. We left the line on Friday, June 23rd for Osnaburgh via Lake Savant, and reached there on Tuesday evening, June 27th. We made thirteen portages, the longest not being over one-half a mile in length.

I believe this is the proper and most economical route to take to reach Osnaburgh, and the route that should be taken in the future providing suitable arrangements can be made with the Hudson's Bay Company for transportation.

We left Osnaburgh for Fort Hope on Friday morning, June 30th, but did not reach there till the evening of July 6th, the delay being caused by such inclement weather that it was impossible to travel.

At Fort Hope I called for tenders to take us to Albany, the contract to supply us with two canoes and six men being given to the Hudson's Bay Company. We left for Albany on Monday morning, July 10th, reached Martin Falls on Wednesday evening, the Martin Falls Indian Reserve on Thursday evening, and the Forks of the Kenogami and Albany on Saturday evening, having remained for only a few hours at each of the above places. We reached Albany on Tuesday, July 18th, and left for Attawapiscat on Friday 21st, reaching there on Tuesday, July 25th. We returned to Albany on Sunday, July 29th, and left for Moose on Tuesday, August 1st, where we remained for two days, leaving for the line on Wednesday, August 9th. We found low waters in the Moose and Abitibi Rivers but managed to reach Clute on Sunday, August 20th.

Treaty Payments.

Treaty time is considered by the Indians to be the greatest holiday of the year. At the various posts we were as usual given a fine welcome, all flags being hoisted and the Indians firing a salute. When possible, the payments were made on the reserves, the Chiefs and Councillors always being present.

The number of Indians this year in the various bands visited by me totalled 2770, all of whom, with the exception of 162 Indians, were present at the payments.

Occupations.

A few of the Indians work for the fur companies during the

the summer, in freighting, etc., but as a whole they devote most of their time to the hunt. They are not very good riflemen but are adepts in trapping, which after all is the most satisfactory way as otherwise the furs of the smaller fur-bearing animals would be damaged.

The principal furs obtained in these districts are the beaver, otter, marten, muskrat, fox, mink, fisher, and bear. The flesh of these animals,as well as that of the moose, the skins of which are made into moccasins, are used as food. These foods and fish have to be used as flour is too expensive for the Indians to purchase. I was surprised to learn that during the past winter at Fort Hope the companies took in over twenty-one thousand muskrat skins. I am mentioning this as the number appears so great. I might say that the greatest menace to the fur industry in this district is destruction by forest fires. I have issued for the Ontario Government 1752 Identification certificates and in making my report to them have pointed out the need of greater precautions for fire prevention being taken, especially in the vicinity of Martin Falls where the fires were most prevalent during this summer.

Indian Properties.

The Indians live in tepees covered with birch bark during the winters, but in canvas tents during the summer, which are better suited to their nomadic habits. A few live in log cabins but such are few as the Indians consider it too arduous a task to build homes for themselves. All Indians have dogs of the mongrel husky breed. Half fed they are always on the lookout for food and but few tourists leave a post without having suffered loss in some way, these animals being ready to consume boots, straps, etc. We lost our supply of bread at Albany, the dogs having chewed the box to pieces during our brief absence and ravenously devoured its contents

Health.

The general health of the Indians was good, the greatest cause of sickness being tuberculosis which is getting worse each year. The doctor reported many severe cases to me but I only gave orders in a few cases to have the patients sent out to the hospital.

I found the supply of drugs too meagre at Fort Hope, so had to make a special request for more drugs to be forwarded to this post in care of Rev. MacReynolds, the resident missionary, who agreed to see that they would be judiciously looked after and given out to those in need of medical assistance.

Education, etc.

United Ry. At Osnaburgh, education is entirely neglected, but at Fort Hope Rev. Mr. MacReynolds is doing his best. I visited the schools at Albany. The day school is in charge of Rev. Mr. Northam who is doing good work. The R.C.Boarding School was closed for a few days. Rev. Father Carriere,who is in charge,

informed me that he had to close the school on account of the unsafe condition of the building and provide quarters elsewhere. He now has accommodation for only eighteen pupils. It is his intention to build a new school and hospital about three miles farther up the Albany River where the land is high and dry and the soil well adapted for agriculture. The R.C. Church will remain where it now is.

I also visited the boarding school at Moose, now under the charge of Rev. Mr. and Mrs. Griffin. This school seems to be in good condition and good work is being done.

Three children had to be discharged from the school on account of tubercular trouble, but others are being admitted, the doctor having examined and passed them as medically fit.

EXTRACT ON 33.54

One of the children, Ronald Hester, is so crippled and paralyzed with tubercular trouble that I had to send him out to Cochrane to the hospital, as it was impossible to get anyone to look after him. He is an orphan. Just what will be done with him I cannot say, but I hope some institution will be available in which to place him. I had to ration B. Achimist, his wife and family, and pay their railway fare from Mattice for taking this child out.

I also sent the step-son of Achimist out to the Hospital. This boy is only about sixteen years old but he is in a bad condition. The doctor stated that, if the one eye was not removed very soon, he would go stone blind. Hence my reason for action.

With so many cases of sickness it is a question to decide who should be sent. If I would listen to the doctors I could fill several hospitals at the line with patients.

I might say that I believe the day is not far distant however when the Department will have to equip and furnish a hospital for the treatment of Indians affected with tuberculosis.

General Conditions.

As a result of the present attitude of the trading companies to give no credits to Indians or outfit them for the winter hunt as in the past, I was besieged with requests for the Government to authorize the companies to see that they are properly equipped as before. I turned a cold shoulder to all the appeals stating that relief would be given only to the old and infirm, the sick and orphans, but under no conditions to Indians able to work. Both moose and rabbits are plentiful and Indians will have no trouble to make a good living if they only ~~better~~ bestir themselves a little.

The idea seems to be growing among the Indians that the Government must feed and clothe them, and I am enclosing herewith one or two letters, out of the many which I received, which substantiate their contention.

We made the trip this year in two months. We travelled

Sir,-

I am in receipt of your letter of the 13th July, in which you report that you have adopted Gilbert Harper's two little daughters and that you desire to receive annuity money on their behalf; and in reply I have to inform you that you should obtain an order from Harper requesting that payment of the money be made to you. The said order should specify the years for which payment of annuity money on the children's behalf is due to you, and it should give the christian name of each child.

Harper should make application also for the arrears of annuity money due to him personally. The matter of payment will be given consideration when action such as above indicated has been taken.

Dear Sir. The following Indians have requested me to apply for their Treaty money and Beaver Certificates:—

2 Beaver Certs. John Reuben, Moose Band, no. 40 - 1 man 1 woman for 1922
3 Beaver Certs. John Fletcher, Moose Band, no. 86 - 1 man 1 woman 1 child for 1922
1 Beaver Cert. Mrs Joan Lasse, Moose Band, no. 156 - 1 woman for 1921 and 1922
1 Beaver Cert. Mrs Maria Stevens, Albany Band, no. 165 - 1 woman and 2 boys for 1922

John Fletcher did not tell me in his letter whether his child was a boy or girl. He simply said that his family was the same as last year which will enable you to judge. He also stated that he was entitled to 30 coupons or 3 Identification Certificates.
John Reuben is entitled to 20 coupons, Mrs Lasse 10 and Mrs Stevens 10. Mrs Stevens' boy died in the hospital after the date of treaty payment and is therefore entitled to annuity for 1922.

Yours Sincerely
John G. Moosonee

Dear Sir. Samuel Cheena, no. 164 Moose Band, has written me in Syllabic Cree requesting that I apply to you for his Treaty money and Beaver certificate for 1921 and 1922 and his wife and child (girl) for 1922. His wife, he tells me, got her Beaver Certificate last summer from your Agent - Thomas Godfrey of Chapleau, who told her she and her child would be paid their treaty money under his ticket for 1922. I have his ticket here and there is a note on the back of it. What effect:
Sam. Cheena and Juliet Matcheepuio (or Neegan) were married by me at Mattice on May 30th 1920 and a girl was born to them on March 19th 1921.
Sam requests that the money (or cheque) and Beaver Certificate be sent to him addressed "Tanquier, Ont", a village and station on C.N.R. 50 miles west of Cochrane.

Dear Sir:

In a letter just to hand from our Mr. Ward, Manager of our Moose Post, he complains of the manner in which the Treaty payment was made last summer. It has been customary for the past few years to pay part of the Treaty on Moose Island in the neighbourhood of the Hudson's Bay Co's premises, and part close to our buildings which are three miles away from the Hudson's Bay Company. Although Mr. Ward's letter does not state definitely that this was not done last summer, we conclude that that is what he means when he says that some of our Indians working for us were obliged to lose three days through attending at Moose Island for the payment of their small amount of Treaty money; or in other words, it cost either them or us very considerably more than they received.

Altogether apart from this particular point, there is the business side to be considered. We have just as great an investment and just as much at stake at Moose as has the Hudson's Bay Company, and it is a distinct advantage to have the Treaty paid near the store, for you will readily understand that the Indians spend their Treaty money very shortly after they receive it and will go to a store which is just at hand rather than travel three miles by canoe.

We believe it is the intention of the Department to treat everybody fairly and that the matter needs only to be represented to be corrected.

Thanking you in anticipation of your giving this matter your consideration, we remain,

Yours very truly,

REVILLON FRERES TRADING CO. LIMITED.

Sir,-

In reply to your letter of the 16th instant regarding payment of Treaty 9 annuity money to Moose Factory Indians, I have to inform you that I referred your letter to Mr. Awrey, the Paying Officer, and he has informed me that in 1921 he made payment at the French River Post but that only about one-half dozen Indians presented themselves at that place for payment. Mr. Awrey is prepared to make payment this year (1923) both at the French River Post and the Hudson's Bay Post. The Chief will be notified as to the approximate date upon which the Paying Officer will reach the French River Post. He will go there first and from thence cross to Moose Island to pay the Indians who wish to meet him there.

Dear Chief,-

I regret that it will not be possible for Mr. Awrey and the doctor to visit English River Post this summer. However, the Treaty Party expects to be at the junction of the Albany and Kenogami Rivers about the 10th July and will be pleased to pay the annuity there and also attend any Indians requiring medical assistance.

The annuity of those Indians unable to be there will be paid either to yourself or other Indians providing they have full information regarding the families. They should have the orders properly filled out giving full information. Identification certificates will also be issued to all hunting members of the band of full age of 8 years or over.

Referring to your letter of the 23rd instant, in which you have made application for payment of annuity money on behalf of your son, I have to inform you that the Department was not aware until the receipt of your letter of your having married. Before payment of annuity money can be made as requested, it will be necessary for you to report when your marriage took place. You should state the name of your wife and give not only the date of your marriage but also state to what band, if any, she belonged previous to marriage, and if she was paid, you should state the number under which she received payment. The date of the birth of your son should be reported also and a certificate should be furnished by you from a reliable person to the effect that the statements made are correct.

When action such as indicated has been taken the Department will be in a position to deal with your case.

Sir,—

An application for payment of back Treaty money has been made to me by one Mrs.Henry Budd, whose husband is ~~xxx~~ non-treaty, and who is resident at Norway House.

This woman's name was Minnie Wesley, of Fort Albany, left that place about 1908 in the employ of James Mowat as servant girl. James Mowat was Hudson's Bay employee.

The name of the mother of the girl was Dorcas Wesley who took Treaty at Fort Albany as a widow with children. Of these children for whom she was paid was this girl Minnie. It is said that the mother drew Minnie's Annuity for about three years, when the Agent refused to pay her any longer, as he supposed the girl was being paid here. He probably supposed her husband to be Treaty. Dorcas Wesley, the mother, died about 6 years ago. There are two brothers of Minnie living somewhere near English River, but no sisters. The brothers are Fred and Harold Wesley. I do not know in what year Dorcas Wesley first took Treaty, but probably about 1908.

I am sorry that the information is so indefinite, but the girl was young when she left home, and while letters have been received from the brothers, I was unable to secure any fuller information. The Department may be able to trace the family from the Treaty books of the Agency to which the mother belonged, and will know what Bands received Annuities in the locality of Fort Albany, say, between the years of 1908 and 1912.

Sir,-

In reply to your letter of the 3rd instant, I have to inform you that the claim of Mrs. Henry Budd cannot be substantiated by the pay-lists. No family has ever been entered under the name of Widow Dorcas Wesley. If Mrs. Budd could give her father's christian name, probably it could be traced from that. The paying officer when visiting Albany during the coming summer will make investigation unless more definite information can be secured in the meantime.

Sir,-

I beg to acknowledge receipt of your letter of the 23rd March, and I have to inform you that before paying arrears of annuity for your son, the Department desires to know if your wife is living. It would appear that she has been paid since her marriage under her father's number. Much trouble and confusion is caused by your negligence in not reporting your marriage, and also the birth of your son. When full information is received, the payment of annuity will be considered.

I return herewith, as requested, your marriage certificate, and also certificate of the birth of your son.

Dear Sir,

I am in receipt of your letter of January 25th, for which I thank you.

I have had this letter translated into Indian, and I am very much obliged to you for the general information contained in same as it will help me out a great deal by being able to state the exact conditions among people in civilization. I will impress the fact on all the Indians that they are all to do the best they can for themselves, and not to expect any help from outside; that of course applies to those that are able to work, and the real needy cases will be the only ones to expect any help.

Re Potatoes, I will be very much obliged if you will send these along with Revillon's Car, and I will make the trip out for them myself so that it will not cost anything to get them up to Fort Hope. I have also received the Waybill for the Rubberoid and I will bring that up also at open water.

I can assure you that your friendship towards Fort Hope Indians is appreciated, and I hope that myself, and all other Indians will always act right towards you so that, that friendship may be continued.

Thanking you for your numerous kindnesses in these hard times.

Your Obedient Servant,

Dear Chief,-

Dr. Scott, Deputy Superintendent General of Indian Affairs, has requested me to take an accurate census of the members of your band.

I shall therefore be pleased if you will instruct the heads of all families to bring to the pay table a written note giving the names of all the persons in the family and their ages. For example say - John Brown is paid under No. 15 Osnaburgh band for himself, his wife, two boys,and two girls. He would give me a note as follows:-

John Brown	-	30	years
Wife	-	28	"
Albert "	-	14	"
Peter "	-	12	"
Sarah "	-	10	"
Jane "	-	8	"

I am sure this could be done without much difficulty and,I assure you,would be a great help to me in making out the return.

Dear Awrey

Mr Joe Ritz has asked me to write you at once asking you to bring a Naturalization Form with you as he wants you to fill in same for him in order to save him the time and expense of going out to the track for same. He had these at one time made out in the U.S.A. but lost them. Now he wants to become a Canadian Citizen & you would oblige me by bringing Form up ready to fill in when you are here.

Mr Ritz as you know is living here and married & would like his proper Papers in order to avoid any difficulties with the Game & Fisheries Department.

Thanking you in advance for same.

Am addressing this direct to the Deptartment of Indian Affairs, so that it will be opened by them and Papers forwarded to here at once if this should not be in Ottawa before you leave.

Mr Ritz may lose a lot of time if he has to go out to track for these Papers and he cant very well spare the time or the expense.

Hoping you or the Dept will do what you can for him in this matter.

Yours very truly

Sir:

I have the honour to acknowledge the receipt of your letter of the 20th instant, No. 3 - 44C, respecting the naturalization of Mr. Joe Ritz, of Fort Hope.

As the regulations under The Naturalization Act now stand, there will be difficulty in having a certificate granted to a person living in the North-West Territories. The subject was recently discussed, however, with a representative of the North-West Territories, and it was arranged that commissioners are to be appointed for the purpose of making the necessary reports in naturalization applications. When this is done, the subject of your letter will receive further consideration.

Telephoned Mr Bagley re this matter & he promised Recd application form 6 Mr Spence 23/6/23

Sir,-

I beg to acknowledge receipt of your letter of the 31st July, regarding a letter addressed to Chas. Penwick at Franz[illegible], Ontario (assumed by you to be an Indian of Treaty No. 9 district), which letter has been returned to the Dead Letter Office stamped "Unclaimed", and in reply I may say that Mr. H.N. Awrey of this Department, who is the Paying Officer for Treaty No. 9, states it is impossible to furnish a definite address for Indians belonging to the said Treaty as they have no permanent place of residence.

With reference to your statement that you have been endeavouring to ascertain not only the present address but the full name of the owner of the certificate inclosed in the letter mentioned, I may say that the name of Charles Penwick does not appear on the paylist in this Department, but if you furnish the Department with the name of the Band and the Band number entered on the certificate, the name of the Indian to whom the same belongs can be furnished. I may say further that if the certificate was issued before March 31st, 1923, it has ceased to be of value, and will not be accepted by the Game and Fisheries Department.

Memorandum:-

Mr. McLean.

On the 20th June, 1923, the Treaty 9 party, consisting of Doctor Bull, Travis and myself, left Bucke for the lonely wilds of Northern Ontario. We travelled in two canoes supplied by Mr. Wright of the Hudson's Bay Company, Osnaburgh. On the 23rd of June we reached Osnaburgh and arrived at Fort Hope on July 1st. The Osnaburgh crews returned from Fort Hope as new crews of six men (Fort Hope Indians) were engaged to take us to Marten's Falls and Albany. We reached the latter place on Saturday, July 14th. The Fort Hope Indian crews returned from Albany and other crews who understand travelling on the Bay were engaged to take us to Attawapiscat and to Moose Factory. We reached the former post on Friday, July 20th, and the latter on Thursday, August 3rd. Owing to wind and rain travelling on the Bay was exceedingly difficult but by journeying through the night we were able to reach the different points on schedule time. From Moose Factory we were conveyed by hydroplane to Remi Lake, and made the distance in the extraordinarily short time of 2½ hours. Had we travelled by canoe it would have taken us from 10 to 12 days. In future, if possible, the whole trip should be made by hydroplane. I am satisfied that this would result in a saving in expenses as well as in time.

Payment of Annuity.

The Treaty 9 payments were made at each point without delay. Identification certificates were issued to all Indian hunters over 8 years of age who desired them.

When at the different point, as accurate a census as was possible was taken of the members of the Band, namely the number respectively of men, women, boys and girls, and information with respect to their religious beliefs was obtained. The returns of the population of the various bands are as follows,-

The religious beliefs of the above, as nearly as can be ascertained, are as follows,-

Church of England	1,857
Roman Catholic,	858
Pagan,	62

Full details of the census will be submitted separately.

The total membership of the above Bands in 1906 was 2,048, and in 1916, 2,634. The increase is accounted for by the admission into treaty of many Indians who for superstitious or other reasons did not earlier seek admission.

I also took at this time the advantage of the opportunity to impress upon them the importance of observing habits of thrift, of the need of taking care of their health, and of living moral lives, also the importance of their protecting forests from destruction by fire, as by so doing the moose and fur-bearing animals are likely to be preserved. I pointed out that their destruction would result seriously to the Indians in future years.

I saw several moose, but I am sorry to have to report that these animals are being ruthlessly destroyed in spite of repeated warnings to the contrary. I am sorry also to have to report the enormous devastation of forests by fire this year. Hundreds of thousands of acres have been burned. The greatest havoc in this respect is confined to the territory between Bucke and Osnaburgh, and I fear that the Osnaburgh Indians will suffer in their hunt during the coming winter as a result of these fires.

Elections.

At Osnaburgh, Peter Moquano, No. 61, on the paylist, was elected Chief of his Band, and Joseph Ash, No. 3, and Joseph Keesicknayosh, No. 134, were elected Councillors.

At Fort Hope, Papah, No. 91, was re-elected Chief after a somewhat spirited contest.

Chas. Drake, No. 26, Mishell Moomas, No. 54, N. Neshinapaise No. 77, and Moses Moomas, No. 186, were elected Councillors.

At Marten's Falls, Henry Wenjeck, No. 56, was elected Chief, for the balance of the term of the late Chief James Wenjeck.

At Albany also, after a somewhat close Contest, Moses Wesley, No. 136 was re-elected Chief, along with three new Councillors, viz,- Patrick Steven, No. 105, Xavier Spence, No. 102, and David Solomon, No. 161.

Councillor Xavier Chookomoolin, No. 233, was elected at Attawapiscat to replace J.N. Scott, the former Councillor at that place.

Occupations.

The Indians of Treaty No. 9 are hunters and devote the greater part of their time to the pursuit of fur-bearing animals, such as beaver, otter, fisher, martin, ermine, fox, bear, etc. The prices paid for the furs by the Companies are very high, but the supplies exchanged for them too are high - easily three or four, and even more, times the prices of the same articles at the line.

Commutation.

Several women, formerly Indians, married to whites or half-breeds applied for commutation. In each case I have taken an application, and I am submitting the same under a separate letter. I recommend these applications for favourable consideration and trust cheques will be promptly forwarded to the applicants.

Health.

The health of the Indians on the whole was good, although of course tuberculosis is more or less prevalent, and always will be until the Indians learn to take care of themselves, live more moral lives, and under better sanitary conditions.

Health (Continued.)

Dr. Bull seemed deeply interested in the Indians and co-operated with me in pointing out to them the urgent need of their observing precautionary methods to prevent the spread of those diseases from which they suffer. He treated not only the Indians who came to his temporary office, but he also visited those Indians who were unable to leave their tents. Many persons whom the doctor attended were ill enough to be sent to the hospital for treatment were they living in the proximity of a hospital, but under the circumstances I could approve of only those urgently in need of such treatment, being sent out to the hospital.

Ash-tay-ash's wife No. 162, and Thos. Panacheese's daughter of Osnaburgh and the son of Mathew Shawinmash, No. 217, Sarah Shawinimash and Annie Mussewace No. 55 of the Fort Hope Band were sent to the Sioux Lookout Hospital, it being distinctly understood that in every case no charge was to be made on the Department for their transportation to the line.

Education.

There is no doubt that those Indians who have had educational facilities are superior to members of other Bands who have lived in less favourable conditions.

There are no schools at Osnaburgh, nor at Attawapiscat, and the contrast in physique and the mentality between those Indians living at Fort Hope, Albany, & Moose, where education is available, is most striking.

The Fort Hope School is now under the charge of Reverend Mr. MacDonald, who I am sure will do satisfactory work. He has a good knowledge of the Indian language and is able to speak Cree fluently. I visited the schools at Albany and at Moose, and considered that good work is being done.

Repairs are being made to the Albany Boarding School; it is being prepared for temporary occupation until a new school is erected, which probably will be within three or four years.

Extract from Albany

David Sagutch, No. 181, Fort Hope Band, made application to have his two children, Peter Sagutch, aged 8 years, and Mary, aged 11, admitted to the R.C. Boarding School at Albany. Father Carriere informs me that he will be able to accept these children next June, and I would recommend that David Sagutch be advised accordingly. These children were examined by Dr. Bull and found healthy.

George Baxter, No. 51, Marten's Falls Band , made application to have his son Robert, aged about 8 years, admitted to Chapleau School. This boy was also declared healthy by Dr. Bull, and I would recommend that his application be accepted.

Sam Iserhoff, a half-breed, also requested that his two children, Vadney, aged about 11 years, and Robert, about 10 years, be admitted to Chapleau School. These two children were examined by Dr. Bull. Robert was declared healthy, but Vadney has tubercular glands. I am making no recommendation, but would ask that S. Iserhoff be advised by the Department regarding the acceptance of young Baxter and of his two children into the School. His address is S. Iserhoff, Manager Hudson's Bay Company, Ogoki, c/o Hudson's Bay Co., Pagua, Ont.

Reserves.

At Osnaburgh a few Indians have built small houses on the Reserve, and have sowed small patches of potatoes. The Fort Hope Indians, to the number of about four hundred, were located on the Indian Reserve where I made the payments in the small Council house erected by the Indians. They too have small patches of potatoes, but the frost did considerable damage to them a day or two before I reached there.

The Marten Falls' Indians who assembled last year on the reserve located at the junction of the Albany & Ogoki Rivers about 60 miles down the Albany River from Marten were conspicuous by their absence there when we arrived. A fire during the past spring swept through the portion of the Reserve where the Indians usually camped and where the Revillon Freres had located. No objections whatever were raised by the new Chief or Councilllors against the Company occupying land on the Reserve. The Hudson's Bay Company, under S. Iserhoff is constructing substantial buildings on the island opposite the reserve and many of the Indians have taken up quarters there, instead of on the Reserve.

The Albany and Moose Factory Indians do not live on the reserves, but many of them have permanent houses and plots of ground near the trading companies for whom they do work during the summer months.

Requests.

The Fort Hope Indians requested that the following building supplies be forwarded to Chief Papah, Ombabika Crossing, in May, next year, and I hope this request may be granted.

100 lbs. nails - assorted - 3, 4 and 5 inch.
24 panes glass 10 X 12.
5 rolls - 2 ply - roofing felt.
6 pairs hinges, butts and screwws.
2 sets door locks & knobs, etc., complete.
2 hammers.
2 screw drivers

Father Carriere of the R.C. Albany Boarding School requested that the school be supplied with 25 iron bed -steads.

Left at Post-Office Albany

I have made the trip again as quickly and as economically as I possibly could. I remained as long as I thought it essential at each post, and gave Dr. Bull ample time to attend to all cases requiring professional skill.

I found the Indians of the various bands in very fair physical condition, and not in great need. Of course there are always a number of aged Indians, widows, & orphans, who must receive help and I gave the Companies instructions to issue relief to these at such times as they required them.

As in the past I have done my very utmost to perform the work in an efficient manner and I trust what I have done may meet with your approval.

All of which I respectfully submit,

H M Awrey

Dear Sir,-

With reference to letter to you of the 20th June in which you were requested to forward naturalization papers in the case of Mr.Joe Ritz to Mr.John Spence, C/o Revillon Freres, Fort Hope, I beg to say it appears from a letter dated the 21st August, received from Mr. Spence, that the said papers had not on that date been received by him. The reason probably is that the address furnished you was incomplete. Request should have been made to have Mr.Spence addressed C/o Revillon Freres Trading Company Limited, Fort Hope, via Tashota,Ont. Mr. Awrey, of this Department, who was absent on the Treaty 9 trip to Moose Factory and other points at the time the letter was written you, has returned to the Department, and states that it is unlikely that mail would reach Mr.Spence unless sent via Tashota. If the papers mentioned have been returned to you through the mail, I shall be glad if you will be good enough to have them mailed to Mr.Spence at the address now given.

I regret that the address sent you on the 20th June was incomplete.

Rt. Reverend Sir,-

I beg to acknowledge receipt of your Lordship's letter of the 23rd ultimo regarding the case of David Sakabuckiskum, No. 45 of the Moose Factory Band, and in reply I may say that cheque No. 3260 for $24.00 in his favour is being forwarded to you for him, under separate cover.

This Department is making application to the Department of Game and Fisheries, Toronto, for the issue of identification certificates on behalf of this Indian and his family and when the same are received they will be sent forward. If Sakabuckiskum is unable to be present himself at the pay table in 1924 when distribution of annuity money and certificates is being made, he should make application for the same in the latter part of May.

With reference to the mother of the above mentioned Indian and his request that the Department make her a weekly allowance at Mattice, I have to inform you that it is considered that he should support her, and he should arrange with the Hudson's Bay Company at that place to issue her, from time to time, such supplies as she requires. The Department, I may say, does not undertake to issue relief to Indian widows who have sons who should support them.

Dear Mr. Awrey,

I am writing you to say that I have seen all the Cat Lake Indians. - I told them that they should live right and not want too much.

I saw also 3 of the Aroma Indians - they were getting a bit better after the flu & most - but quite a lot of them have died & left their widows & children - who it will be necessary to give some relief to. -

I might say that the dog is quite a bit broken and I would like you to let me have another one. I would like it by Xmas if you can manage it. so I will be in at Xmes & New Year.

I hope you were none the worse of your journey - and did not have any trouble

I have not yet got the tools & the [illegible] John Skunk. Hope he will bring them soon.

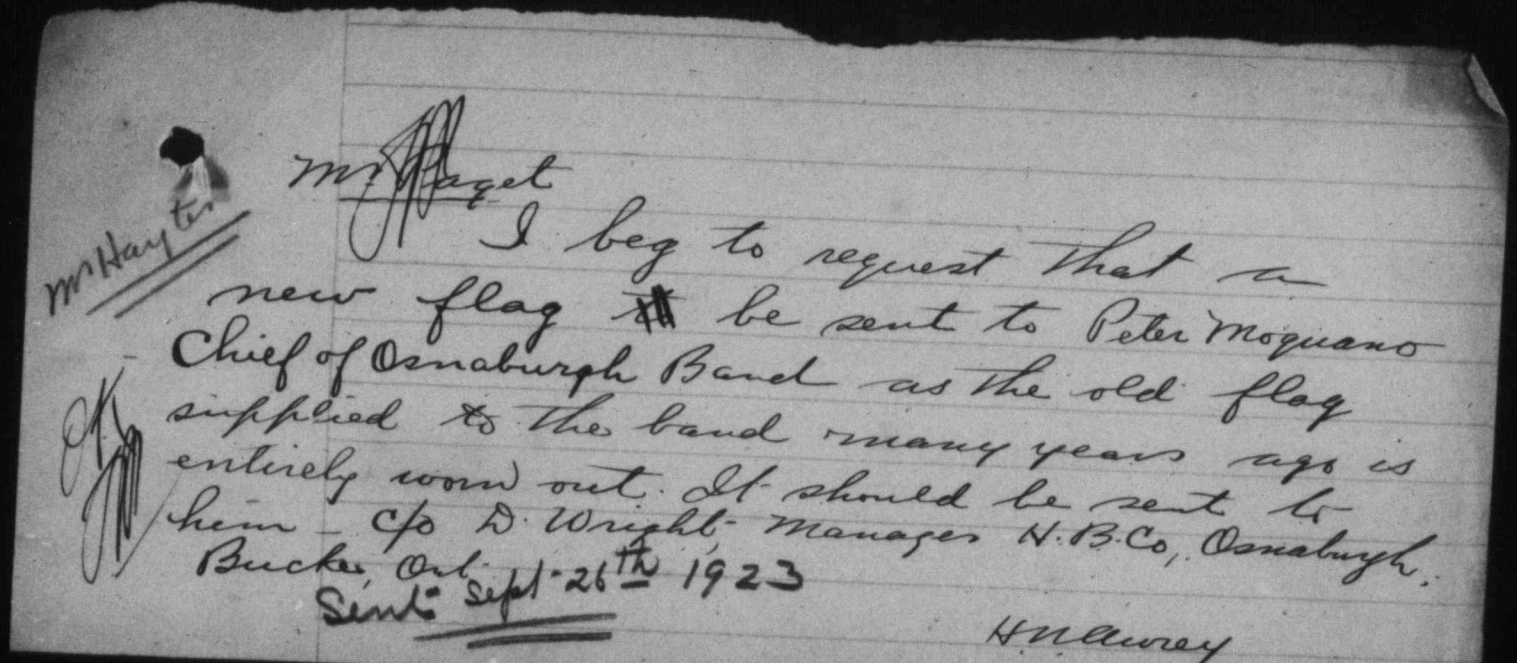

I am looking after old Shaviacum - now I do not think he will live very long.

Dear Sir,

Your letter of the 18th Oct. '23 reached me on the 28th of December '23, informing me of the two bales of clothing. I thank you very much for your kindness in helping us so well, - it is very kind and thoughtful of you to show in such a suitable way your care of us. I will not be able to get the bales out at present but will go for them in the Spring. D.V.

I feel sorry to mention that I had a long spell of sickness since last Fall. When the ice on the lakes began to form I fell through near the shore, and in slipping under tore the nail off one of my big toes which put me in bed, and complications set in keeping me down for two months. I was hardly able to come home for Christmas and was so unwell on Christmas Day, that I could not go to Church. I am now able to move around but do not feel myself yet. I am very thankful to say our Heavenly Father in His kind Providence gave me kind friends in the Officers of the Trading Co, the Missionary here, and my Indians. I was

Dear Mr. Scott.

Your letter of the 9th inst. was addressed to Cochrane, Alberta, and so has been delayed in reaching me. I return the letter of Moses Wesley translated word by word. In case you do not catch the exact meaning I give you now the free translation as follows, viz:

" December 10th 1923 in winter.

I received your letter asking me to see that the people meet the Agent as they should every summer. Well, some will not meet the Agent on his arrival (when he comes to land), though I tell them the exact time when the Agent is due to arrive here at Albany. And so the Agent never sees all the people, because some of the people do this, though I speak properly to those who act in this way. Some of the people (Indians) who do this will stubbornly rule themselves, though I also tell them exactly what the King says about this matter. This time is all I wish to say. "

Dear Chief;-

I beg to inform you that Mr. Awrey, paying officer for Treaty 9, and the doctor who will accompany him on the treaty payment trip, will reach Ogoki by hydroplane on the evening of ~~July 11th.~~ June 25 As they can only remain at Ogoki until the afternoon of the ~~12th~~ 26, it is desirable that you have the members of your band present at Ogoki when the party arrives in order that there may be no delay in making the payments and in furnishing attendance to those Indians who are ill.

If any of the families cannot be present at the pay table, they should arrange in each case with another Indian to draw their money, but the persons to whom payment is to be made should be able to state the number in each family for which payment is requested, and be able to account for any changes which have occurred therein, as a result of births, marriages or deaths, since payment was last made.

I beg to advise you that arrangements are being made whereby Mr. Awrey, paying officer for Treaty 9, and the doctor who will accompany him, will arrive at Moose Factory, by hydro-plane, on or about the ~~18th of July.~~ 9th July

As it will not be possible for the party to remain longer than a couple of days, at Moose Factory, it is most desirable that all members of that band be present when the party arrives, to draw their annuity and to receive such medical attention as they may require. Those Indian families who cannot possibly present themselves at the pay table should furnish full information to the persons authorized to draw their annuity. In each case information should be supplied as to the number of persons in the family, and if any changes have occurred as a result of births, marriages or deaths, since payment was last made, the person applying for the money should be able to clearly explain the same.

Dear Sir,-

We thank you for your letter of the 3rd instant enclosing copy of your letter dated 19th January regarding supplies for Chief Papah, Fort Hope Band, Ombabika, Ont. Your letter of the 19th January duly came to hand, and we regret very much that a proper acknowledgment was not sent you.

The goods in question will go forward with our own supplies in the spring, and you may rest assured that everything in connection therewith is receiving our very best attention.

We shall forward you invoices in duplicate, including freight charges, in due course.

Yours faithfully,

INDIAN OFFICE

At PORT ARTHUR, ONTARIO

May 27th, 1924 19

Dear Mr. Awrey -

I beg to acknowledge receipt of yours of the 28th ultimo regarding Clara Okittick formerly paid under No. 98, Osnaburgh band, in 1922. I am very sorry to state that I cannot find any person by that name in this agency. I have also made inquiries from other agencies but cannot find any tract.

Regarding your inquiry of Gilbert Harper, I have at last located him at Sand Point, Lake Nipigon. His first wife died January 22nd, 1919, and baby boy January 25th, 1919. Another boy, aged three years, died June 1919 and a girl died in October 1922. He married again in October 1921 to the daughter of Peter Esquigo of the Nipigon band. He has two children by this second marriage - a boy aged one and one-half years and another baby boy one month old. He is now working for Chief Fire Ranger T. Cummings at McDiarmid. The cheque could be sent in care of this office. I trust this is the information desired.

I hope you will be able to drop off a few days in Port Arthur at treaty payment time.

With kind regards,

Yours very truly,

Ottawa, Canada.

Dear Sir. Henry Ittapp, an Indian of the Moose Band, Treaty No. 9 and Band number 82, living at Fauquier, Ont. requested me to-day to write to you saying that he desired the Department to bank his treaty annuity for 1924 and succeeding years. There are three in the family - himself, wife and boy - same as in 1923. He has left his Treaty Ticket in my care. I mentioned to him that Mr Avery was paying the annuities at Mattice to-day according to schedule, which is 60 miles west of Fauquier. But it appears that he had not known of this as he was away in the bush and has only just returned to Fauquier, and it was now too late for him to get to Mattice to catch Mr Avery. If you cannot comply with his request as above, that is, to open a bank acct. for him in Ottawa, then he wishes the money sent to him at Fauquier or through me, as he has a small bank acct. here in Cochrane.

Yours Sincerely — John G. Moosonee

Dear Sir.

I am sending my treaty money ticket, ~~which~~ I never get my treaty money for three years, I never had a chance to see the treaty man to ask him for the money and I didn't had my ticket with me too.

I'll tell you the reason why I didn't get my money. First I was in Moose Factory Indian School And Bishop Anderson told me that he will take me to the Hospital in Cochrane, I stayed one week in that Hospital.

May I trouble you to answer a question regarding Treaty Money payment and Registration Day among the Indians? Is Registration Day, the day on which the treaty money is paid and on that day are all Indian children born during the year officially registered as Reserve Indians? Do they receive treaty money from the first year of their lives?

Dear Dr Scott:-

The Vickers' flying machine which was to transport the doctors and myself to James Bay has not yet arrived though we have been waiting now for about two weeks.

We were to leave here on the 11th July. The plane arrived at Haileybury on 9th July but came to grief by striking a sunken log. They telegraphed us that they would be here on the 13th or 14th. Then later we received word that it would be the 16th. followed by a third saying the 18th. Lured by these telegrams we patiently waited till we received another wire that they had left and would be here for sure on Sunday 20th. but at time of writing, have not yet appeared so they must have met with some misfortune.

Now, Dr Scott, if they do not arrive soon I shall have to proceed as usual by canoe

I have already paid the Osnaburgh and Fort Hope Indians. If I have to go by canoe to the other points, I am sure, owing to the delay and the length of time required to reach the various points, that I will find only a few Indians as many will have departed for their hunting grounds. Under the circumstances, I do not see the necessity of taking the doctor but will be guided by your advice.

I myself could go alone and pay the Indians at very much less expense. I always find that Indians who cannot remain at the paying centres till our arrival, always leave instructions with others to draw their annuities.

Kindly wire me a reply to Moonbeam, Ont.

I regret very much what has happened and have done what I thought best under the circumstances.

Yours obedient Servt.

Montreal, August 9th, 1924.

Mr. H. N. Aurey,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr.Aurey:

I enclose herewith for your approval invoice for transportation of your Treaty Party recently.

In acknowledging your letter of the 6th inst. I wish to thank you for your kind remarks regarding the crew in charge of the machine, etc. While we regret the fact that any inconvenience was caused owing to delays in starting the trip I am sure you appreciate the fact that this delay was caused through reasons beyond our control, and that everything possible was done by us to carry out our contract.

After you had left Remi I considered reporting to the Department the causes for the delay but decided it was better to await your return and have you make such explanations as you deemed advisable. If there is anything you wish done in this connection now I would request that you advise.

Trusting that the enclosed account will meet your approval and anticipating the pleasure of transporting yourself and party again next year, I remain,

Yours very truly,

Dear Mr. Aurey:

We beg to acknowledge receipt of your letter of the 13th inst. enclosing cheque for $2000.00, in payment of transportation of Treaty Party, for which please accept our sincere thanks.

We reciprocate your wishes that we may have the pleasure of again transporting your party on this work next year and trust that you may be able to so arrange matters that we can transport you by air for the entire trip and will do everything in our power to see that you do not have a recurrence of this year's unfortunate delay.

Again thanking you for your many kind remarks regarding our personnel, etc., and with best personal regards,

Dear Mr Awrey,

David Sagibishcom asks me to write you to send him his annunity here, as he happened to be on the river and missed you both here and at Moose Factory. He says there are 6 in the family, himself, four girls and one boy.

I have given Mrs Lemieux supplies for two months amounting to $20.00, also paid Mrs Shesheguan on her account $30.00 for furniture; total $50.00 altogether, have sent accounts to the Department for this and also for $200.00 in payment of Reuben's house but up to the present have heard nothing; the matter was probably shelved until your return to Ottawa. Please look into this when you have a moment to spare.

Hope you had a good trip and enjoyed your little flight.

With kindest regards,

Yours sincerely,

Oscar Griffith

August 21st 1924

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir. The following Indians have asked me to request that their Treaty money be banked for them at Ottawa by the Department, viz:—

1. Widow Tom Pamo, No. 36, Moose Band, same as last year, 7 in family, herself, 3 boys at the Chapleau School, 2 girls at Moose school, and 1 girl with her.

2. Sam Quatchekum, No. 39, Moose Band, one man.

3. James Wynne, No. 88, Moose Band, 8 in family, 1 man, 1 woman, 5 girls, 1 boy. (one girl died Dec. 1923 and 1 boy born March 1924).

The following wish to have their Treaty money sent to them by cheque through me, as they missed the Agent on his visit to Mattice. viz:—

1. Isaiah Beek, No. 97, Moose Band, 6 in family, 1 man, 1 woman, either 3 girls and 1 boy or 2 girls and 2 boys. (One boy born in March 1924).

2. David McKabueckishum, No. 45, Moose Band, 6 in family, 1 man, 1 boy and 4 girls. David also requests that Treaty money, as promised by Mr. Amey, be paid to Enoch Sutherland, husband of his daughter Louisa and her money as well. Her husband, a widower, Enoch Sutherland, also of Moose Band, to whom Louisa was married on Jany. 8th 1923, died several months afterwards, I am not sure just when, but I understand that Mr. Amey's attention was drawn to this case. Happens that no money was received for Louisa other husband in 1923 and her own for 1924.

Yours Sincerely — John G. Moosonee

Right Rev. Sir:-

Referring to your Lordship's letter of the 22nd. of August, I beg to say it is considered advisable that the money belonging to the undermentioned Indians, be placed on deposit in a chartered bank in Cochrane for them, instead of being held "In Trust" by the Department. I enclose, therefore, cheques as follows and I have to request that you will be good enough to see that the amount in each case be put in the bank and each depositor furnished with a Bank Book:

Cheque No.	3244-	Wid Tom Pans	36	Moose Factory	- $28.00
" No.	3245-	S.Quatchewan	39	" "	- 4.00
" No.	3246-	Jas.Wynne	88	" "	- 32.00
" No.	3247-	Isiah Beck	77	" "	- 24.00
" No.	3248-	Henry Uttappe	82	" "	- 8.00
" No.	3199-	D.Sakabuckiskum-		" "	- 24.00

The amount in each case represents annuity money paid for 1924.

$4.00 of the amount payable to D. Sakabuckiskum is for his daughter Louisa, Mrs. E. Sutherland, who has been paid under his number. This woman will be given a new number next year. The money ($797.) which belonged to her late husband is being held by the Department "In Trust" for her and will be paid to her in small amounts as she requires it.

At Albany and at Moose, the Chiefs and some of the Councillors wanted to resign because they felt that they should receive some remuneration for their services during the year. I could not accept their resignations but promised that I would bring the matter before the Department.

EXTRACT 32-44

I feel that there would be more satisfaction and better results if the Department would approve of payment of say $20.00 extra to the Chiefs and $10.00 extra to the Councillors, the same to be paid by voucher from Ontario and Quebec Vote. The total amount required for the district would amount to two hundred and eighty dollars.

CONCLUSION.

I have made the trip, Dr. Scott, as quickly and as economically as I possibly could. I remained as long as I thought it essential at each Post and gave Dr. Hartry ample time to attend all cases requiring professional skill. I must not close without expressing my gratitude, and I am also sure the thanks of the Department to the Managers of Revillon Freres Trading Posts and of the Hudson's Bay Company's Trading Posts at English River, Albany and Moose Factory for their kindness in providing accommodation, board and lodging for the Treaty Party without remuneration.

I have done my very utmost to perform the work in an efficient manner and I trust that what I have done will meet with your approval.

Ottawa, August 13th, 1924.

Memorandum,-

Dr. Scott.

On June 16th, 1924, Travis and I left Ottawa for Bucke, where we were joined by Dr. Hartry, who accompanied us to the various posts. On the route to Bucke we spent one night and a day at Mattice where several Indians had assembled to receive their Treaty money.

We left Bucke on Thursday, June 19th, and with six good Osnaburgh Indian canoe-men, willing to travel early and late, we were able to reach Osnaburgh on Sunday evening. We remained at Osnaburgh till Tuesday evening when we left for Fort Hope. with the same canoe-men, arriving there on Friday evening, June 27th, where we remained until the following Wednesday when we left for Ombabika, 210 miles distant. We were taken out by Fort Hope Indian canoe-men, the Osnaburgh crews having returned. After crossing eight lakes and paddling up twelve different rivers and making about 20 portages, we reached Ombabika on Monday morning, July 7th, from which point we took the next train, Travis returning to Ottawa, and Dr. Hartry and I getting off at Moonbeam. From that place we were taken by a taxi to Remi Lake, about three miles distant, where we engaged a motor boat to take us to the Flying Station of the Laurentide Air Service, located at a distance of about six miles. We reached this point on Tuesday evening, July 8th, two days before the date fixed to meet the Seaplane which was to convey us to the various posts. The Plane, in charge of Pilot Grandy and Engineer B. McLatchie, did not reach Remi until July 23rd, being several days after the appointed time, the machine having been damaged at Haileybury by striking a sunken log. Mr. Wiltshire, the Managing Director of the Company also came to Remi and expressed his regrets at the delay but said he would make allowance for the extra expenses caused by the delay.

We flew the same afternoon for English River, leaving Remi at 4.45 and reaching English R. at seven o'clock. Dr. Hartry and I did our work that evening and left at seven o'clock next morning for Ogoki, which place we reached about four o'clock in the afternoon. We would have reached Ogoki five hours earlier had engine trouble not forced us to make a landing on the Kenogami River, causing a delay for that time.

We left Ogoki on Saturday morning, July 26th, at 8.20 and reached Albany, 240 miles distant, at noon. We were just three hours in the air, one hour being spent in replenishing the gas supply at the junction of the Albany and Kenogami Rivers.

On Monday evening, August 28th, we started for Attawapiscat, about 80 miles north of Albany, and reached there in one hour. We remained there until Wednesday afternoon and then flew to Moose Factory, making the distance of 175 miles in the remarkable time of one hour and a half, which by canoe usually requires six to eight days. We spent two days here and then returned to Remi Lake, about two hundred miles, the time in the air being only two hours. From here, the Doctor returned to Sioux Lookout, but I continued the air-flight to Haileybury from which point I returned to Ottawa by rail, on Tuesday morning, August 5th.

I am thoroughly convinced that the most efficient and economical means of transportation to make the Treaty 9 Annuity Payments to Indians of James Bay District is by Sea-plane. The price was somewhat high this year, but I consider that the Laurentide Air Service will be able to make better quotations next year, as there is now no doubt regarding landing places, etc.

ANNUITY PAYMENTS.

To the Indians, Treaty Payments are considered the greatest holidays of the year. This year, as usual, we were well received, all flags flying and guns saluting.

The payments at the different points were made without any interruption while Dr. Hartry was kept busy attending to cases of actual and imaginary illness. At the same time a census of the births, marriages and deaths was taken, a report of which will be given under separate cover. Several applications for commutation were made by women who are married to

other than Indians; these also will be submitted under a separate letter.

HEALTH OF THE INDIANS.

I do not think I have ever seen the Indians in better health than this year, though of course that dreaded disease, tuberculosis, is very prevalent. At every opportunity both Dr. Hartry and I pointed out to the Indians, the great necessity of cleanliness and carefulness in other respects.

EXTRACT ON 50-44

At Osnaburgh, I authorized the Hudson's Bay Co., to send Mrs. John Muckuck to the Sioux Lookout Hospital for an operation which the Doctor thought could be successfully performed and thus enable her to look after her family of young children. There were many cases of tubercular limbs, etc., beyond hope of recovery.

At Moose Factory, I met a lady physician, Dr. Cockburn, who had been sent in by the Provincial Government to spend a few months there, consequent upon an appeal from the Managers of the Companies. She apparently devoted considerable time doctoring the Indians, thus leaving very little for Dr. Hartry to do at this point.

GENERAL.

I beg to report again the enormous destruction of the forest resources by fire due largely to direct human carelessness. These fires destroy the hunting grounds of the Indians, thus interfering much with their means of earning a livelihood. I wish also to point out the increasing destruction of the moose during the summer months. In my trip, from Fort Hope to Ombabika, I saw evidences to indicate the slaughter of seven moose in three days. In some cases, only a few pounds of moose meat had been taken by the unprincipled canoe-men who had killed these moose with axes in the water in which they had taken refuge from the flies. I am referring to this matter in the hope that this Department will write the Ontario Government who owns these lands and endeavour to have them make regulations re-

garding the taking of these wild animals, and to appoint at least one Game Warden in these ~~un~~travelled districts. I am sure much good would result from such action.

EDUCATION.

EXTRACT ON 44-10-1

At Osnaburgh education is entirely neglected. There are many children here during the Treaty Payments but as their parents are bush hunters, they remain for only a short time at the Post and then return to their hunting grounds some many many miles inland.

At Fort Hope, I visited the school under the charge of G. Linklater. There were only five Indian children present, and these were children of bush hunters, being there for only a few days. Mr. Linklater said it was impossible to keep school during Treaty Payments.

EXTRACT ON 44-5-1

The school is built of logs,15' X 21', and has accommodation for 15 pupils. Mr. Linklater seems quite interested in his work, and I think with experience will improve. He asked for holidays. I told him I thought he was entitled to same, and told him to take a month as he wished to go out to the line for a visit. I hope I have not in any way conflicted with the regulations of the Department in granting him this concession.

EXTRACT ON 103-44

At Mattice, I was approached by Mr. Christianson, Secretary of Public School Board, asking for a small per capita grant for each Indian child attending the school. I promised to bring his request before the Department on receipt of further information by letter from him, but at time of writing this no further word has been received regarding his request.

EXTRACT ON 44-3-1

At Albany, I had an interview with Father Carriere regarding the building of the new boarding school on the Yellow River, about one mile from the junction of the Albany and Yellow Rivers - five miles distant from the present site. No building has yet been done but a small clearing has been made and about sixteen hundred logs taken out. Father Carriere informed me that it was not their intention at present to build. Department shipped to them has not yet reached Albany, but is lying at Pagwa River Crossing pending transportation as soon as there is suitable water for navigation.

MORALITY.

Considering the habits and customs of the Indians, I think their morals are good. However, I wish to point out one glaring case of gross immorality, and I feel some very urgent steps should be taken to either bring the culprit to justice or warn him of the consequences if such practise is continued.

Sandy Metatwabin, No. 59, Albany Band, is guilty of incest with his daughter, to whom I believe two children have been born. This man keeps away during the Treaty Payments, and I have refused to pay his annuity to other Indians, telling them to inform him that no annuity would be paid till he appeared personally before me to draw the same. For three years he has absented himself, and I belief is continuing the crime which I think should be suppressed and for which he should be punished in order to act as a deterrent to other Indians who might follow the same practise. This man has a wife, two boys and three girls. I think a threatening letter should be sent to him, care of the Hudson's Bay Company, Albany, via Mattice, Ont., pointing out the results of his indiscretion and informing him of the penalty if arrested and convicted..

REQUESTS.

Some person or persons are constantly selling intoxicating liquors to Indians coming to the line from Moose Factory. J. Pinette of Moonbeam, presented an account to me for payment of $75.00 for board and care of A. Mark, who was stabbed in a drunken brawl, but I refused to consider it, telling him that he would have to look to the Indian for payment. The Indians around Mattice and Faquier are the principal offenders. Mr. Coward, Manager of the Revillon Freres Trading Company came to Mattice on the 4th June, wishing to go to Moose, but was unable to get men at once as he found the Indians in a drunken condition. He wrote to Premier Ferguson regarding the lawlessness in this district and I feel a letter should also be forwarded from the Indian

Willie Frenchman, a returned soldier, pension No. 115234, desires to know why he is not receiving his pension of $7.50 per month. He has not received any pension since the 30th October, 1923. This matter should be taken up with the Pension Commission and a letter sent to Wm. French, care of O. Griffith, Hudson's Bay Co., Mattice, Ont., explaining the reasons. A copy of letter inclosing last pension to French is inclosed herewith.

Applications were made for the admission of Redfern Ernest Louttit, No. 73, Albany Band, aged 9 years to Chapleau Boarding School, and for admission of Daisy Maggie Faries, No. 174, Albany Band, aged 6½ years, and of Agnes Louttit, No. 73, Albany Band, to Moose Factory Boarding School. These children were examined and passed by Dr. Hartry, and I recommend their admission.

EXTRACT

At English River Post, there is an old Indian named Peter Taylor who openly defies the law by declaring that the Dominion Government, nor any other Government, cannot and will not stop him from killing beaver, otter and moose whenever he feels disposed to do so. This is a very bad example to the Indians and I strongly urge that a letter be sent him, care of Revillon Freres, English River, via Pagwa River, pointing out to him that he is amenable to the laws of the country and so liable to prosecution by breaking them. I would also advise that a letter be written to D.F. McDonald, Deputy Minister of Game and Fisheries, Toronto, referring them to this man's action, and the serious consequences that may result by others following his example.

Dear Sirs:

I send a [illegible] two months ago and I never had a answer yet, it about my treaty money and I send my treaty ticket with the letter.

I never had treaty money for three years now and I am awful anxious to get it.

I have been waiting for it for about three or four weeks, and I am just reminding to you

Yours very truly.

9th Septr, 1924

Dear Mr Awrey,

Received your letter this morning and was glad to hear from you. Mrs Lemieux did not tell me anything about writing you for the balance of her money. I guess it would save all further trouble to give her the balance due, $77.50, less $20.00 which she owes to the Company for supplies during the months of August and Septr, it was only yesterday that she took her allowance for this month as they went away this morning for a week or two.

We are moving our store up on the hill next to the hotel, at present we are somewhat more than halfway up, stuck in a very muddy place, the weather has been so bad that the work had to be stopped quite often and I am afraid the moving wont be finished by the date set on the contract, 15th inst; however the new cement basement is all ready as soon as we get the store up. We are building over the store for a dwelling, so everything will be much more convenient.

Would it be in order to give Louisa Sagibisheom any supplies on account of the money left by her late husband Enoch Sutherland.?

Instructed to give her these supplies 17th

Kindest regards, in haste,

Yours sincerely,

Owen Griffith

The Secretary, Depart. of Indian Affairs

Dear Sir. Charlotte Ritchie, as she calls herself, wife of Ritchie Wameestigooche, ex-chief of the Moose Band, has written to me stating that Mr. Avery requested them (herself and husband) to write a letter regarding her Treaty money, which she declares was not paid her for nearly 30 years. Tom Taylor married her mother Sophie. Her mother, she says, did not receive her Treaty money regularly. It was while I was living at Rupert's House that my mother told me she had been paid, she states. I am getting my Treaty now. for 3 years since I married my present husband (Ritchie Wameestigooche). The last time I received my money was at Long Lake, she says. If the Government look up their books they will surely find these facts she declares.
The above is the substance of Charlotte's letter written in Syllabic to me. I gather that her family including herself lived at Long Lake 30 years ago and more and that it was there that her mother and herself received their Treaty. About 30 years ago was the last time she received hers at Long Lake. She now claims that the arrears should be paid to her. She requests me to send her your decision as soon as possible. She and her husband are now trapping near New Post. Yours Sincerely — John G. Moosonee

Right Revd Sir,-

I beg to acknowledge the receipt of your Lordship's letter of the 22nd instant, written in the interests of the wife of ex-Chief Ritchie Wamesstigooche of the Moose Band; and in reply I may say I observe your statement that this woman considers she is entitled to receive payment of arrears of annuity as a Long Lake Indian, to which band she states she belonged previous to marriage. It would appear that she basis her claim on the ground that her mother "Sophie", the wife of Tom Taylor, drew annuity. It has not been found possible to identify "Sophie", but if further particulars are furnished with regard to her another effort will be made to trace her record. I may say, however, that the status of an Indian born into a band is derived from the male side of the house.

Dear Sir. With further reference to yours of Oct. 30th last. I wrote to Charlotte, wife of ex-Chief Ritchie Wawaetyoocke of the Moose band, for further particulars of her mother, where she was born etc.

I have her reply to-day. She states that her parents were born at Albany, James Bay, and went to Long Lake, where she and they received Treaty before Treaty was begun at Moose. She repeats that her mothers name was Sophie, wife of Tom Taylor. I trust that this additional information with that contained in mine of Oct. 29th will enable you to trace the records of this family and ascertain the amount of arrears due Charlotte Wawaetyoocke which she will be glad to receive as soon as possible.

Right Reverend Sir,-

Referring to your letter of the 29th December and previous correspondence, I beg to say a thorough search has been made of the Long Lake paylist with a view to identifying thereon the wife of ex-Chief Wameestigooche, but no success has attended the effort made. Proof will have to be established that she was paid annuity before payment of arrears can be made to her. It is considered she should be able to give fuller particulars than she has supplied regarding her family. The fact that she has stated that her mother was "Sophie" does not throw light on the matter. Entries in the paylist refer only to the heads of families generally on the father's side. This woman should inform the Department whether her father is now living. She should give also the names of her brothers, and, if possible, the numbers under which they were paid. If they are living, she should state where they are being paid.

I may add that the Department is anxious to establish claim in this case,but, as has been pointed out, has no data upon which to work.

I beg to inform you that Mr. Awrey, paying officer for Treaty 9, and the doctor who will accompany him on the treaty payment trip, will reach Ogoki by hydroplane on the evening of June 25th. As they can only remain at Ogoki until the afternoon of the ~~26th~~ 18th, it is desirable that you have the members of your band present at Ogoki when the party arrives in order that there may be no delay in making the payments and in furnishing attendance to those Indians who are ill.

If any of the families cannot be present at the pay table, they should arrange in each case with another Indian to draw their money, but the persons to whom payment is to be made should be able to state the number in each family for which payment is requested, and be able to account for any changes which have occurred therein, as a result of births, marriages or deaths, since payment was last made.

As it will not be possible for the party to remain longer than a couple of days, at Moose Factory, it is most desirable that all members of that band be present when the party arrives, to draw their annuity and to receive such medical attention as they may require. Those Indian families who cannot possibly present themselves at the pay table should furnish full information to the persons authorized to draw their annuity. In each case information should be supplied as to the number of persons in the family, and if any changes have occurred as a result of births, marriages or deaths, since payment was last made, the person applying for the money should be able to clearly explain the same.

Dear Sir.

I am returning Jacob Swanavis cheque as he has been transferred to the Christie St. Hosp. Toronto. Ont

I regret any mistake that may have happened in placing this mans hospital account but when he came to us. it was. Inspector Bown of Winnipeg, who made the arrangement - An Indian coming, for the Indian Wing - belongs to Treaty No 9, and wants to be near his people. and not until a few days before he left. did I know he was under the D. S. & R.

I shall send his account to the D. S. & R. and am sorry the mistake has been made. even Bishop Anderson thought he belonged to us. and he never referred to the D. S. & R until Dr Caul received a letter from them.

Yours truly
M. A. Morris.

Madam,-

I beg to say the Department has received your recent letter in regard to the Indian Jacob Swanson, and desires to thank you for returning official cheque No.590 in his favour. As you have stated he is in the Christie St.Hospital, Toronto, the Department is sending the cheque there for him.

It is observed you have stated that you will send the Lady Minto Hospital account on this man's behalf to the Department of Soldiers' Civil Re-Establishment.

WITH CHEQUE

Ottawa, May 11, 1925.

Sir,-

I beg to say that recently this Department sent cheque No.590 for $16.00 to the Superintendent of the Lady Minto Hospital, Cochrane, for Jacob Swanson, an Indian of the Albany Band Treaty 9, it being understood that this man was a patient in the said institution. The Superintendent of the Hospital mentioned has returned the cheque to this Department and states that Swanson is now a patient in the Christie St.Hospital,Toronto. In view of this statement I transmit the cheque in question herewith, and I shall be glad if you will hand it to Jacob Swanson and inform him that it was issued in payment of his annuity money for the years 1922, 1923, 1924 and 1925.

It is possible that this Indian may require clothing, and, if so, I shall be glad if you will induce him to use the money in the purchase of suitable wearing apparel.

I may add that Indians are at times liable to squander their money, and the Department wishes to guard against Swanson so doing.

If Jacob Swanson has left the Christie St.Hospital, kindly return the cheque to this Department.

It is understood that this man is a pensioner of the Department of Soldiers'Civil Re-Establishment,and it is assumed that he will be able to pay his hospital account.

Your obedient servant.

Dear Mr. Aurey:

The writer expects to be in Ottawa some time during the middle of this week and shall be very pleased to call upon you then with a view to discussing your flying programme for the coming Spring.

I may say that in addition to our Vicker's "Viking" in which you made your trip last year, we are constructing two other modern high-speed flying boats. These we hope will be in operation early this Spring.

With kindest regards,

Last year the Laurentide Air Service contracted to take the Treaty 9 party, Dr. Hartry and myself, from Remi Lake to English River Post, Ogoki, Albany, Attawapiscat and Moose Factory.

This year it is my desire to make the whole trip by plane, that is to visit the following points where I shall have to remain for a certain time as shown below,-

Osnaburgh	3 days.
Fort Hope	4 "
Ogoki	1 day
English River	1 "
Albany	3 days.
Attawapiscat	3 "

bringing the total up to twenty five days, however, should you be able to cut down the flying time and the daily rental, we will deduct from the above $100. for every day less than twenty five and $40. per flying hour for every hour less than twenty eight hours which may be saved. The final adjustment will be made from pilots' daily flight reports which you will be asked to sign and retain one copy. Of course, there will be no daily rental charge for days on which our machine is unserviceable through mechanical trouble.

Flying equipment and emergency rations will be supplied by us, but board and lodging for our personnel, after departing from Remi, will be supplied and arranged for by your Department.

We have written to the Hudson's Bay Company, Fort William, about gasoline supply at Osnaburgh, Fort Hope and Ogoki and should have a reply during the course of the next few days.

While in Ottawa last week I had an opportunity of discussing this operation with the officials of the Ontario Air Service, Mr. Maxwell and Mr. Zavitz. They both assured me that their department would not be in a position to do your work this year, and in any case, they would not do it gratis.

I hope that the above proposal will meet with your approval and that we may hear from you at an early date.

O t t a w a.

Dear Mr. Awrey:-

We beg to submit for your consideration the following figures relating to your proposed trip this Spring, starting from Remi Lake on or about the twenty-second of June, the definite date to be decided upon later.

June 21. North Bay to Remi Lake. —
22. Remi to English River.
23. English River.
24. English River to Ogoki.
25. Ogoki.
26. Ogoki to Osnaburgh.
27. Osnaburgh.
28. Osnaburgh.to Fort Hope.
29. Fort Hope.
30. Fort Hope.
July 1. Fort Hope.
2. Fort Hope to Ogoki.
3. Ogoki to Albany.
4. Albany.
5. Albany.
6. Albany to Attawapiscat.
7. Attawapiscat.
8. Attawapiscat.
9. Attawapiscat to Moose.
10. Moose Factory.
11. Moose Factory.
12. Moose Factory to Remi Lake.

You will note that we have figured that this journey will take about twenty five days. The charge for the machine is $100. per day. The flying distance, 1800 miles, may be flown in twenty eight flying hours atda charge of $40. per flying hour will be made in addition, making a total of $3,620. for the machine for a period of twenty five days and twenty eight flying hours. You will actually require the machine, according to your letter, eighteen days. We have figured weather and other conditions

Dear Mr. Awrey:-

It is with much regret that I have to inform you that our Company will not be able to carry out their flying contract with you this year as they are discontinuing operations entirely.

Your contract has received every attention to date and will be carried out as per our agreement with you by Captain H.S. Quigley of the Northern Explorations Company. Captain Quigley is well known and for the past three years has carried out flying operations for the Quebec Government and he will drop in to see you personally in the course of the next few days. The Ontario Government has also offered to carry out your contract should we be unable to find a commercial company to do so; therefore, you may rest assured that you will not be let down this year.

The Hudson's Bay Company are delivering to Osnaburgh, 100 gallons of gasoline and have guaranteed to have it at its destination by June 15th.

I am indeed sorry that we are obliged to hand your valued and interesting work over to another Company but the situation is one over which I have no control. You will probably be interested to learn that I am leaving this week for British Columbia to carry out exploration work and will use the Viking, which is the same machine that carried you on your trip last year.

Thanking you for your past kindness and wishing you every success in your forthcoming trip.

Yours very truly,

Dear Sir:-

With reference to the letter our Mr. J.S. Williams wrote you, dated April 23rd., regarding flying contract entered into with the Department of Indian Affairs by this Company; we have pleasure in stating that Mr. H.S. Quigley of the Dominion Aerial Exploration Company has advised that he is in a position to undertake this contract. He has no doubt seen you in regard to the matter and we feel assured that everything will now be satisfactory to yourself.

Yours truly,

Dear Sir,-

In reply to your favour of the 29th ultimo, I beg to inform you that Mr.Quigley called upon me a few days ago and that we have completed arrangements for his company to transport us on the Treaty payments.

I was very sorry when I received the letter from Mr.Williams stating he could not carry out the contract, but I hope the Company which Mr.Quigley represents will give us the same - if not better - service as given us by the Laurentide Air Service.

Dear Dr.Bell,-

The Department is contemplating having us visit Ruperts House, East Main, and Fort George before returning from the Treaty 9 trip. I desire to know immediately if you are willing to make this extra trip, the remuneration of course being the same per diem as that paid you as Treaty 9 doctor. The extra time will probably require about eight or ten days.

The Laurentide Air Board has cancelled their contract, so I have had to make new arrangements but I will give you full particulars later.

Yours truly,

Dear Sir,

Reference your letter of the 5th inst., regarding the proposed Seaplane trip to Posts on the East coast of James Bay.

I do not consider it adviseable to carry out this as an extension to the trip already proposed, but it could be undertaken as a seperate trip. By this I mean that after completing the posts to the west of James Bay that the machine should be brought out near the railway, possibly Remi Lake, where any overhaul work necessary could be attended to and after the machine had been thoroughly gone over the second trip could be undertaken. The delay in carrying out this overhaul work, would take under ordinary circumstances from 4 days to 1 week.

If this arrangement would be satisfactory to you and if gasoline is available, we would undertake the second trip at a price of $1400.00

I will find out as soon as possible just what gasoline is at the posts in the new area.

Yours very truly,

Ottawa, May 5th, 1925.

Dear Sir,-

With reference to arrangements for transportation in connection with Treaty 9 Party, I beg to say that the Department wishes to have me and the Doctor visit the Indians who are residing on the East coast of James Bay. I shall be glad, therefore, to receive from you at the earliest possible date an estimate of the cost of transportation.

For your further information, I may say that we would require transportation from Moose Factory to Ruperts House, 100 miles distant, at which place we would expect to spend two days, and go from there to East Main, which is about 50 miles further North. It will be necessary for us to spend two days at East Main, and go from thence, about 100 miles North, to Fort George, where we will remain two days. From Fort George we would expect to return direct to Moose Factory and to complete the trip in regard to which arrangements have already been made.

I shall expect to receive your estimate of cost for this extra trip, it being understood that your Company will provide gas, emergency rations, etc., the Department paying for board and accommodation at the posts.

I may add that I think there will be an ample supply of gas at Charlton Island, but you will be able to obtain definite information on this point from the Hudson's Bay Company, or from the Head Office of Messrs. Revillon Freres at Montreal.

I shall be pleased to receive from you definite instructions as to the point of departure this year, as the doctor who is to accompany me must have ample time to make necessary arrangements .

Dear Mr. Awrey:

Just received yours this A.M. and may say that it will be perfectly satisfactory with me to make the extra trip to Pelican Falls, East Main and Fort George.

Yes I just heard yesterday that the Laurentide people had gone ahead and trust you will be able to make satisfactory air arrangements elsewhere. We expect Ontario Forestry planes here next week in fact this season is about two weeks earlier than regularly. They tell me that the Ont. Government will have a plane at Remi Lake also so that they might be persuaded to take over our transportation if you thought fit.

I would be greatly obliged if you could let me know your arrangements at your earliest convenience.

Dear Sir,

Reference your letter of the 13th, regarding a definite point of departure for the trip to the Posts in Northern Ontario. We have gone into this matter very thoroughly and have decided that the most practical point is Remi Lake. I regret this, as I know you do not favor it yourself, but at present the only alternative appears to be a place near Kabina, which we have no information about.

We will therefore make preparations to leave Remin Lake on June 22nd. I will plan to have the machine at that point a few days ahead of this date so that no delay will ~~be~~ occur ~~at~~ there.

Yours very truly,
H. S. Quigley.

P. S.

If very encouraging reports arrive from Kabina, I will let you know and if it is then not too late to alter your plans and agreeable to you we may arrange to start from there. However for the present we will consider Remi as definite and make arrangements accordingly.

Sir,-

In reply to your letter of the 16th instant,re point of departure for trip inland,I beg to inform you that the arrangements with the Laurentide Air Service were to make the point of departure North Bay. Your suggestion to make Remi Lake the point of departure does not meet with my approval.

You know I have to carry with me thousands of dollars in cash,so for this reason I am strongly averse to making Remi Lake the point of departure. I would arrive at Moonbeam,the nearest railway point at 9.30 at night,and unless you are prepared to pay the expenses of a Mounted Police-man to accompany me,and the extra cost of a livery to take us to Remi Lake,and a gasoline launch to take us across the lake,I shall insist on making the point of departure North Bay,or some other point where there is a bank.

Mr Williams'contract was to leave North Bay on the 21st June for Remi,but I am quite willing to make the point of departure any place where there is a bank,where my money can be placed for safe-keeping,if compelled to stay over night,or longer by bad weather.

I am sorry to have to raise objection to your arrangements,but I think I have given you satisfactory reasons.

30th May 1925.

Captain W.R. Maxwell,
Director Provincial Air Service,

Toronto, Ontario.

Dear Sir,

In February last this Company, through its late Managing Director (Colonel J. Scott Williams) entered into a Contract with the Department of Indian Affairs, as per copy attached. Through circumstances entirely beyond its control, the Company found that it would not be able to carry out this Contract, having had to suspend its flying operations, and therefore negotiations were entered into with the Dominion Aerial Exploration Co., Roberval, to take over the work, and in a letter dated 1st May, Mr H. H. Avrey, Department Indian Affairs, advised us that he had completed arrangements with Mr Quigley (D.A.E. Co) to carry out the Contract.

Mr Quigley was duly given full particulars, relative to routes and gasoline caches &c., but to our surprise we received a letter from him dated 29th May advising that he has been informed that permission cannot be given by the Ontario Forestry Department for the use of gasoline at their caches, and that therefore he has informed Mr Avery that "it might be impossible for him to carry out the flight".

As we feel to have a moral obligation to the Department of Indian Affairs in this matter, we would especially ask you to be good enough to undertake this Contract, as per terms of same. We also attach a copy of our letter to Mr Quigley dated 20th April, giving details as to our intended plans &c.,

As you will note, this Contract is for $3000, for 18 full days, with an additional allowance of $100-00 per diem should the 'plane used be held beyond that period.

We realize the request we are now making is at very short notice but the situation which now exists only came to our notice to day, and it would be more than appreciated if your Department will be so good as to undertake the Contract. May we ask that you will kindly communicate with Mr Avery, Ottawa, at the earliest moment, also notify us by telegram of your willingness to carry out the work in question.

Thanking you in anticipation of your very best consideration of this request.

Dear Sir,

We were much surprised to receive a letter dated 29th May, from the Dominion Aerial Exploration Co., Roberval P.Q. (per Mr H.S. Quigley) forwarding a copy of a Night Letter sent by that Company to you to the effect that it might not be possible for them to carry out the flying contract arranged with them as per your letter of the 1st May last.

In this connection we might say that Mr Quigley was notified of the proposed caches, which were used by the Laurentide Air Service Ltd last year, and was advised to arrange with Captain W.R. Maxwell, Director of Provincial Air Service, Toronto, for their use. This was the procedure we followed last year and proved quite satisfactory.

Mr Quigley now informs us, however, that he was of the opinion that we had arranged with the Ontario Government for permission to use their gasoline at their different caches, but that he has been advised by Captain Maxwell that permission cannot be granted for the use of such gasoline. In our letter to Mr Quigley of 20th April he was informed as to disposition of caches, and later advised to apply as above.

We exceedingly regret that the Dominion Exploration Company does not now see its way to carry out their arrangement with you, and we have therefore written (as per copy enclosed) to Captain Maxwell requesting him to undertake the Contract. On receipt of his reply we will immediately convey it to you.

Dear Sir:

Subject:- Indian Treaty Trip
File 200-0-5

Attached herewith for your information a copy of the wire received in answer to the communication which was sent to Mr. A. Brabant of the Hudson Bay Company Friday when you were in the office.

I do not quite understand there inquiry relative to our confirmation with regard to Laurentide being out of business.

The condition asked that we pack in extra heavy sealed five gallon tins. This in no way insures that this gas will arrive at Osnaburgh in O.K. condition. Our experience with gas transported even in the very heaviest of metal containers is very dissapointing. In view of this I am, to-day, communicating with J. R. Ross, Provincial Air Service, Superintendent of Western Flying, and asking him to advise me approximate cost of transportation of gas from Allanwater to Osnaburgh by aeroplane. I am inclined to think that we may possibly be in a position to put in sufficient gas to take care of our requirements with reference to the Treaty Party Flight and then be in a position to know that the gas is there in the desired quantity.

I have further to advise that I have been in conference with Mr. Zavitz, Provincial Forester, and he has given me authority to make the necessary arrangements for the desired program of Flying necessary in connection with the paying of Treaty money as you outlined to me in the office this A.M.

I attach herewith, also, a copy of the memorandum that I have drawn up relative to your program. Will you check this over please and advise me by letter if same is correct. Please be advised that I will keep you constantly informed with regard to the various arrangements that will

The itenery of the trip, as submitted by you, leaves Osnaburgh off the list, which I think was an oversight in copying. The trip as outlined to you was as follows,-

Reach English River on June 24th, and leave on June 25th for Ogoki. On June 26th leave Ogoki for Osnaburgh and remain there June 27 and 28th, leaving on the 29th for Fort Hope, remaining there the 30th and July 1st, 2nd and 3rd. Leave July 3rd for Albany where we shall remain July 4th, 5th and 6th. Leave Albany on the 6th for Attawapiscat, remaining there July 7th, 8th, and 9th, when we shall leave for Moose Factory, remaining there for July 9th, 10th, 11th and 12th, when the return to Remi Lake will be made.

I shall leave here for Moonbeam, the nearest railroad point to Remi on Monday night, June 22nd, arriving at Moonbeam on Tuesday night at 9.30, and shall notify Dr. Bell to leave Sioux Lookout so as to reach Moonbeam also on the 22nd, so that we all may be able to continue the trip together to Remi Lake (as suggested by you, as soon as possible after the arrival of the evening train.

Dear Sir:

Subject: Payment Treaty Money,
File 200-0-5

Returning from the north to-day I have for acknowledgement your letter of June 13th relative to the Treaty Trip. In this connection I have to advise that I have practically completed the arrangements in regard to your trip. In view of the fact that we had such short notice in connection with the placing of gas and etc., I deem the following proceedure the most practical means of fulfilling your promises in connection with time of arrival at various posts. As previously arranged you will advise the Superintendent of Flying, Remi Lake Station, time of your arrival at Moonbeam. He will, then, personally meet you and take you to Remi Camp. I hope to be there, myself, on the date of June 22nd or 23rd and will be with Mr. Schiller and meet you also. The arrangements with regard to flights are as follows:

Leaving Remi Lake proceeding to English River Post, remaining there the desired time, thence to Agoki, remaining there the desired time and returning to Remi Lake. You will

then take the National to Sioux Lookout where J. R. Ross, Superintendent of the Western Flying Operation of the Ontario Air Service, will convey you to Osnaburgh House from Sioux Lookout, remaining there the desired length of time. Thence from Osnaburgh House to Fort Hope fulfilling your engagement there and flying from Fort Hope to Collins on the Canadian National. You will then proceed to Moonbeam and will be met again by the Station Superintendent and conveyed to Remi Lake and be flown from Remi to Moose to Albany Post and Attawapiskat and return to Remi Lake.

This means considerably more travel for you by train, however, it means a more flexible, saner way of performing the flights for your Department. Thus enabling our machines in the East and in the West to constantly be in touch with the movement of the party, standing by at all times to render assistance in the case of a forced landing. I will keep you advised by wire of my whereabouts as from the 20th of June, as previously stated. I hope to be at Remi Lake on June 22nd.

Yours very truly,

CONDITIONS.—Approved by Board of Railway Commissioners for Canada, under Order 162, dated March 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors the Company will repeat back any telegram for an extra payment of one-half the regular rate; and, in that case, the Company shall be liable for damages suffered by the sender to an extent not exceeding $200.00, due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission and delivery of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding one thousand miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

Ottawa, July 20th, 1925.

Memorandum;-

Mr. McLean.

I beg to submit my report on the Treaty 9 payments throughout the James Bay district for the year 1925.

On June 24th, Dr. Bell of Sioux Lookout, met me at Remi Island, located about six miles from the South shore of Remi Lake, which lies about three miles north of Moonbeam, the nearest railway point on the C.N.R. Remi Island is the headquarters of the Ontario Provincial Air Service for the James Bay District. We were met here by Captain R.M. Maxwell the Managing Director of the Air Force, who had a plane in waiting to convey us on the first part of our trip inland.

On Wednesday morning, June the 24th, we left Remi at 9.35 for English River Post, the plane being in charge of Pilot Schiller. We arrived at the Post at 12 o'clock. During this part of the trip, which is across country, we had to fly at a height of five thousand feet. When following rivers we flew at a height of about two thousand feet, but when crossing country as above the height must vary according to the distance from small lakes on which to land in cases of engine trouble, the plane being able to glide about one mile for every thousand feet the same is in height above the land.

During the afternoon I paid the English River Band of Indians, the total membership being 92 Indians, which is the same number as was paid in 1924. During the year there were four deaths and four births. The membership comprises 19 men, 22 women, 26 boys and 25 girls. The general condition of this Band seemed to be good, and the Indians satisfied. An election was held. John Faries, No. 18, was re-elected Chief, and James Shakanaqueb, Councillor, for the next three years.

On Thursday morning, June 25th, we left at 8.20 for Ogoki, reaching there at 11.40. During the afternoon I paid the Indians while Dr. Bell was busy attending to their physical ailments. An election was also held at this point. Henry Wenjeck, No. 56, was re-elected Chief, and William Snape, No. 31, and Shapias Kakaychewan, No. 18, were elected Councillors. The health of the Indians of this Band was much better than last year, and no complaints were made. The membership of the Band is 138, which is 10 less than the previous year. During the year there were 2 births and 10 deaths. The membership of the Martin Falls Band is made up of 24 men, 35 women, 41 boys and 38 girls.

We intended leaving early on Friday morning for the return trip to Remi but we were held up by a big snow storm which covered the ground to a depth of one inch. However, we were able to get away at 1.20 and reached Remi at 6.30. We had tea and then left for Moonbeam, nine miles distant, to take the train for Sioux Lookout, where another plane was in readiness to convey us to Osnaburgh and Fort Hope. We reached Sioux Lookout at noon next day but were unable to leave there till noon of the next day on account of bad weather.

At 12 o'clock on Sunday, June 28th, we left Sioux Lookout for Osnaburgh, the plane being in charge of Pilot Ross, and Mechanic Sears. We reached Osnaburgh at 2 o'clock, the flight being over a district covered largely by water studded by thousands of islands.

On Monday and Tuesday I paid the Indians while the Doctor was also kept busy though as a whole the health of these Indians was good - even better than in 1924. The membership of this Band is 507, which is 15 more than in 1924. During the year there were 21 births and 6 deaths. The membership of this Band embraces 86 men, 116 women, 157 boys and 148 girls.

At this point education is entirely neglected, due no doubt to the fact that the members of this Band depend entirely upon hunting for their sustenance, and so do not remain long enough at the post to make it worth while to appoint a teacher.

I am sorry to notice that the little English Church, which occupied such a prominent position on the height of land is falling into a dilapidated condition, but I believe steps are being taken to have it repaired.

We left on Tuesday for Fort Hope, which point we reached in two hours. As usual we were received at this point by salutes fired by the Indians from different points.

I paid the Indians of this Band on their Reserve, Chief Papah and his Councillors being present. On Wednesday evening, Dr. Bell and I addressed the Indians pointing out to them as we did at all points, the great necessity of thrift and cleanliness. Chief Papah, who is quite an Indian orator, replied to us and referred to the good points but said the Indians soon forgot them. He urged the appointment of a resident physician, but I referred him to Departmental letter stating that the opportune time for such an appointment had not yet arrived but that the Department was ever ready to send in a Doctor on the shortest notice should the necessity for one arise.

The Chief asked for certain implements, etc., a list of which he was to give me, but he failed to do so. I expect such a list will later be received by the Department.

On Friday we left for Collin's, a point on the C.N.R., about twenty-five miles west of Armstrong. In about three hours we reached this point, Pilot Ross and Mechanic Sears returning to Sioux Lookout. We took the evening train later for Moonbeam, which point we reached on Saturday about two o'clock. We took a taxi to Remi Lake where a gasoline launch was waiting to convey us to the Provincial Air Board Camp on the island. Here I met the Honourable Mr. Lyons, Minister of Mines and Forests, who informed me that the Provincial Health Department of Ontario had sent in by plane to Moose Factory, Dr. Cockburn, a lady prepared to remain for two years to attend to the physical ailments of the Indians on the Bay.

On Sunday morning we left at six o'clock for Albany, which point we reached at 12.15, being fully five hours in the air. We crossed country to English River, flying at a height of about one mile, and in three hours reached the Forks where we had to land for gas which operation took about one hour. When we reached the Post, the church service was somewhat abruptly ended as the younger red-skins made a hurried exit when they heard the din of the plane in the distance.

On Monday and Tuesday I paid the Albany Indians, Chief Moses Wesley and Councillors being present. On Monday evening, the Chief assembled the members of the Band who were given the regular admonitions regarding their health, morality, etc. Bishop Anderson was also present and in eloquent language addressed the Indians in Cree, of which language he is a master linguist. Bishop Anderson left Albany on Tuesday morning for Rupert's House, East Maine and Fort George. I told him that it was rumoured that the Indians and Eskimos on the East Coast of James Bay were in distress and need, and that any report from him regarding their condition would be appreciated.

Some dissatisfaction was expressed not only by the Chiefs and Councillors but by the Missionaries and the Companies because the Department was taking no steps to punish Metatawabin who refuses to taking warning, and I believe even dares to threaten to shoot any person who would arrest him. Father Carriere succeeded in getting him to send his second girl to the Albany Boarding School but he later stole her away.

On Tuesday evening we left for Attawapiscat to pay the Indians of the Albany Band, located here. There were about five or six hundred Indians here. I paid the Indians on Wednesday and Thursday, while the Doctor was also busy. Charges of forgery and of theft were made against two members of the Band whom I asked to be brought before me but they were not to be found. At the general meeting of the Band, I had the Treaty Nine agreements interpreted to them and they promised to be good loyal subjects and to keep the laws of the King in every respect. In this Albany Band there are 1,118 members, being 36 more than last year. During the year there were 41 births and 27 deaths. The Band membership now is comprised of 227 men, 249 women, 362 boys and 280 girls

We left Attawapiscat on Thursday evening, July 9th, for Moose, but were forced to land at Albany owing to weather conditions. We left at six o'clock next morning for French Post where I paid the Indians and then crossed to the Hudson's Bay Company's Post at Moose, where the remainder of the Band were paid.

In the evening an election was held. R. Wamistagooche, No. 58, was elected Chief, and Angus Chum, No. 12, and George Hardisty, No. 18, and John Fletcher, No. 86, were elected Councillors. There are 362 members in the Moose Band, which is one less than in 1924. This Band is comprised of 39 men, 95 women, 92 boys and 86 girls. During the year there were 13 births and 11 deaths.

On Saturday we left at 4.45 for Remi, reaching there at seven o'clock, leaving early next morning and arriving in Ottawa on Monday morning.

The whole trip was made in the remarkably short time of three weeks. The services rendered by the Ontario Air Service was admirable.

I found the Indians in better condition than at any former visits. A few complaints were made by the Indians against the White trappers for setting out poison and not taking it up when they leave. No real complaints of any hardship were made and when they were made I am inclined to think they had themselves to blame. There seems to be plenty of fish and game, and with a little thrift and energy I do not think that there will be any real suffering.

The following requests were made,-

EXTRACT ON 123-44

(1) A flag is required for the Ogoki Band as the present one is completely worn out.

EXTRACT ON 53-44

(2) The Fort Hope band requested the Department to send them some garden tools, etc., which I would recommend being sent when the proper list is received as to the tools required.

EXTRACT ON 96-44

(3) The Albany Band asked the Department to supply them with seed potatoes. I gave the Chief an order to buy five bags from the Catholic Mission next Spring for seed purposes only.

EXTRACT ON 44-7-5

(4) Mr. Waller requested that the Department supply new metal roofing for the Day School at Moose. The present roof is in bad condition.

EXTRACT ON 44-1-5

(5) The day school at Albany is now inadequate for the number of pupils attending. Mr. Northam has undertaken to build a new school 20' x 40'. The Indians have promised to raise $500.00 towards the construction of same. Mr. Northam asked me to recommend a grant of $1,000.00 from the Department, which I have no hestitation in doing as the work done merits this assistance. The Church will finance the balance which I am sure will be considerably more than that granted by the Department.

(6) The Chief of the Albany Band for the first time asked that the following garden tools, etc., be supplied for the use of the Band, and I think they should be sent them.

½ dozen spades,
½ " hoes,
½ " rakes,
2 squares; 3 hammers; 6 axes, and 1 X-cut saw.

They also asked for following garden seeds,- turnip; onion; cabbage; carrot; beet; radish and lettuce.

(7) Applications for Commutation of Annuity were made by Mrs. David Moore, No. 368 Albany and by Mrs. M. Terreault, No. 306 Albany, but these will be dealt with under a separate letter.

(8) Application was made for the admission of Isaac Wesley, aged 14 years, son of Chief Moses Wesley of the Albany Band, and of Alfred Iserhoof (half-breed) into the Chapleau Boarding School. Application was also made for the admission of Abraham, Oliver, and Walter Richard, aged respectively 11, 9 and 8 years, sons of Frank Richard, No. 229 of the Albany Band, into the Chapleau Boarding School. All the above children were examined by Dr. Bell and pronounced medically fit. I would recommend the admission of all of these children.

Peter Iserhoff, the father of Alfred, is willing to pay for the boy's education in the school, otherwise I would not have approved, as Peter Iserhoff was one of the men who was formerly in Treaty but strenuously objected, stating that he was not an Indian.

(9) On November 13th, 1923, (file 452-437) British War & Victory Medals were sent to Patrick Stephen to be handed by him to Rufus Ice, son of the late Pte. Samuel Ice, No. 1006932. These medals were not received. Patrick Stephen desires to know if they could possibly be traced. Stephen's address is c/o Hudson Bay Company, Albany, via Mattice, Ontario.

Dear Mr. Edwards,-

In reply to your letter of the 27th July, re Moosewayass, I beg to inform you that your request to have him paid at Lac Seul in future will be carried out. There however, seems to be a question as to the number in this man's family. On June 17th, 1925, Mr. Brown of Allan Water wrote to the Department stating that Moosewayass was residing there and asked that his annuity money,- 5 shares, viz., 1 man; 1 woman; 1 boy and 2 girls, be sent to him. Accordingly cheque No. 1535 for $20.00 was forwarded. As you state there are only three members, I should be glad if you would question him about the same, and advise me as to the correct number in this family.

Dear Mr. Awrey;-

I am extremely sorry I could not answer your letter of July 29th, 1925 owing to the fact that I could not locate John Paskaton on the Nipigon Band Treaty Books, although there is a John Pashoons No.165 White Sand Band, but this man has been married for a considerable time.

On receipt of your letter I wrote to the Chief of the White Sand Band who is familiar with the Nipigon Band Indians. I just received a report today, and he tells me that he does not know of any Indian by that name, and he referred me to John Pashoons the above mentioned Indian.

I expect to be going to Gull Bay Reserve about the middle of this month, and will try and locate this man if possible.

You certainly made a record trip by sea-plane to James Bay. It surely must be a wonderful trip. I expect within a very few years that sea-planes will be very popular.

Dear Sir. The following Indians have requested me to apply for their Treaty moneys, viz:—

O.K. (1). John Solomon, no. 162, Albany Band, 1 man 2 girls or 3 altogether.
(This Indian lost his wife in Oct. 1924, girl in Dec. 1924 and boy in Jany. 1925—)

O.K. (2). Jas. Byrne, no 88, Moose Band: 1 man 1 woman 1 boy 4 girls or 7 in all.
(His oldest girl was married to John Lavoie, Fauquier, last fall)

O.K. (3). Mrs Daniel Spinnel - She has lost her ticket and I cannot give her number but she belongs to the Moose Band and that section whose Indians live round New Post—)
1 woman, 2 girls, 1 boy or 4 in all. She claims Treaty annuities for 1924, 1925.
(This woman has been married to a white man named Clarence James Bradish)

O.K. (4) Harriet Spinnel, widow, mother of above, claims annuities for 3 yrs. 24/25/26
She also belongs to the New Post section of the Moose Band. No Ticket—

(5). Mary, widow all alone, claims annuities for 1924 and 1925.
She also belongs to the New Post section of the Moose Band. She also has no Ticket.

Those who follow will likely be applying for their annuities as I have reasons to believe that they have not received their money for 1925 viz:—

(1) Widow Tom Pawo no. 36 Moose 3 boys, 2 girls or 6 in all. The oldest girl was married to a Frenchman and I think has got her Commutation.
(2) S. Quatchewan, no. 39, Moose, brother of above, all alone.
(3) Isaiah Beck 97, Moose Band: same number as last year or 6 in all.
(4) Henry Wapp 82, Moose Band, 1 man 1 woman or 2 in all.
(5) David Sakabuckiskum, Moose. 1 girl died last Oct. or 5 in all including Louisa, widow of Enoch Sutherland.

Sir,-

I beg to transmit herewith copy of a letter of the 15th September which the Department has received from Mr. Frank Edwards Indian Agent at Kenora in regard to annuity money for Abraham Matchemite, No. 188 of the Ignace Band. It appears from this letter that you have interested yourself in the case and therefore I beg to say that before payment can be made the Department requires further information.

Apparently you have stated that Abraham Matchemite married Widow Loon of Osnaburgh Band, who had three children by her first marriage, but I may say that no woman bearing that name, with three children, was ever paid with the Osnaburgh Band. One woman, known as Emily Loon was paid up to and including the year 1915, but she was struck off the paylist in 1924. No information could be obtained regarding her whereabouts. Probably this is the woman to whom you have made reference but as above mentioned she never received payment for children. I may add it will be necessary for the Department to be informed of the date of Abraham Matchemite's marriage to the woman named Loon, and any other particulars which are obtainable should be supplied. Payment to Matchemite for his wife cannot be made until the said information is received.

Dear Mr Awrey,

Received your letter this morning and was glad to hear from you; regarding James Coussis, the addition in the family, girl - number 2 arrived on Decr 8th last.

Am glad to say we are all well here, most of the Indians are now away to their hunting grounds and I hope will not be back until Christmas, we did not advance so many this fall as the Moose Indians residing at Fauquier have become so crooked this last few years that we cannot trust them at all; I am afraid some of them are going to be hard up this season but they have themselves to blame.

Did I tell you in my last letter that I had a trip down to Toronto with the wife, for the exhibition, we stayed there 6 days and had a very enjoyable time, stayed with Rev Walton, who I daresay you met down in the Bay; he used to be at Fort George.

I suppose winter will soon be on us again, the weather has been quite chilly these last few days and evidently summer has gone for good.

Sir,-

I beg to say that the Treaty 9 paylist for 1919 (Martin Falls Band) shows payment made to Simon Whitehead, No. 45. He drew annuity for six persons in that year and opposite his name is the following entry "Reported married to a Long Lake Indian. Name unknown".

In connection with the foregoing I beg to say that in July of this year Mr. H.N. Awrey, paying officer for Treaty 9, made the following report to the Department,-

"In 1919, the daughter of Simon Whitehead, No.45, Martin Falls Band, was reported married to an Indian from Long Lake Band, whose name was unknown. This year an Indian by name of (as near as I could make out) John Chapocomick appeared before me saying he was the person, and asking me to apply for arrears due his wife and family. This man states he was paid at Long Lake in 1924.

Arrears are apparently due him as follows,-

Wife	7 years	(1818-25)
Son	5 "	(Born in December, 1920)
Girl	3 "	(" " " 1922)
Girl	1 year.	(Born in December, 1924) "

Yes, the widow is a Weenusk that is, her husband's name was Weenusk. Her daughter, whose name is also Mary, is married to a white man, John McLeod. Mr. Avery will remember John McLeod, as at one time Manager of the Hudson's Bay Company Post at New Post, between here and Moose Factory. Mr. H. N. Awrey,

I left Albany for Pagwa on September 15th, and do not think it is exaggerating to say that between Albany Post and the branch of the English River fox traps were placed at an average of not more than half a mile apart. I saw fifteen foxes - silver, cross and red - alive in traps, and at one place where Indians had recently made fire there were seven freshly skinned fox carcasses in the bush. These things I actually saw with my own eyes, and you will realize that one travelling in a canoe can see one side of the river only, so it is fair to assume that what I saw could have been seen on the other side of the river also.

I talked to several of the Indians and protested against this early trapping, and the only excuse they could give was that foxes are easier to catch in September than they are after the snow comes. When I tell you that foxes caught in September are worth not more than one-sixth of what they would bring if taken in December, you will at once realize the economic waste of such a proceeding. The Trading Companies could alter the condition if concerted action could be taken, but I am afraid there is little prospect of this at present. If there were a Mounted Police Detachment in the district discreet action on the part of the Police would very soon stop such wasteful practices.

Thanking you in anticipation of a few words of advice and information on these points, I remain,

Yours sincerely,

Mr. H. N. Awrey,
Department of Indian Affairs,
OTTAWA - Ont.

Dear Mr. Awrey,-

I returned from James Bay recently by way of the Albany and English Rivers, and when at English River Post our new Manager there, Mr. Coates, mentioned to me that treaty had been paid at the Hudson's Bay establishment. I trust you will not misinterpret my motive in bringing this point to your attention, but I would very much like to know if you had any particular objection to raise against our late Post Manager, Mr. Etcheverry, and if this had any bearing on your decision to pay the Hudson's Bay Company. You will realize that we wish to have our business at the Posts carried on in a proper manner, and any points which indicate that such condition does not exist, will always be welcome to the Management.

You will remember that at Albany we had a discussion on the possibility of the establishment of a Mounted Police Detachment at some point in the southern part of James Bay and the advisability of such a move in order to control the Indians - especially of the Albany section - who are getting altogether out of hand. If any further developments along this line have taken place I shall be very pleased to know, because I have been thinking of taking up the matter with the Indian Department and, possibly, with the Mounted Police Headquarters, with the object of seeking for the protection from the Government to which I think the Trading Companies are entitled.

Another point which came to my attention very forcibly this fall, upon which the Indians require some control, is that of trapping furs early in the season.

Dear Sir,-

I have before me your letter of the 15th inst., and in reply I wish to assure you that I paid annuity money at the Hudson's Bay Company's Post at English River without any thought of being unfair to your Company and I regret if any action of mine has in any way proved otherwise.

When I reached English River I inquired of Mr. Snape, at whose house we were entertained, where I could make payment and accepted his offer to pay on his premises without, as above stated, any thought of unfairness to your Company. I assure you, Mr. Coward, I will, in future, endeavour to secure some place in which to make the payments which will be satisfactory to the Managers of both Fur Companies from whom I have always received courteous treatment.

Regarding the trapping of foxes early in September. I agree with you that it is a great mistake. You are aware, however, that this is a Provincial matter and it is not the policy of the Department of Indian Affairs to dictate in any way to Provincial Officials. I think the question should be taken up by you with the Ontario Government. Possibly the matter may then be referred to the Department of Indian Affairs and I am satisfied that the Department will agree with you that it is a mistake and a loss to the Indians to trap early in the Autumn.

Dear Mr. Awrey,

Many thanks for your kind letter of the 16th instant and for your assurance that you did not find anything objectionable in our establishment at English River.

I quite realize the difficulty by reason of the Game Laws being under the control of the Provincial Government, but I represented the matter to you feeling that whatever could be done for the good of the Indians must be of interest to the Indian Department. I am sure that nobody realizes better than yourself that the Indian needs a strong hand to keep him in order, and that the more he is kept in order the better it is for himself. In other words, but few of the Indians are able to judge what is most advantageous for themselves.

I sincerely hope that a definite decision may be taken to establish a Mounted Police Patrol, and in the meantime, with kindest regards, remain

Yours sincerely,

Dear Mr. Coward,-

Upon receipt of your letter of the 20th instant in further reference to trapping done by Indians out of Season, I beg to say I arranged to have letters written in the matter to Chief John Faries, Chief Ritchie Wamistegoochе, and Chief Moses Wesley. A copy of the letter sent to each of these Chiefs is inclosed for your perusal.

I hope that the action taken will have beneficial results and I desire to thank you for having drawn attention to the matter.

Sir,-

I have to inform you that information has reached the Department from a most reliable source that Indians have trapped fur bearing animals this year out of Season. This is a matter for regret.

By following the course mentioned the Indians not only breke the law but also suffered loss. If they had delayed their operations until later in the season the furs of the animals trapped would have brought better prices.

The Department desires you to bring this matter to the attention of the Indians generally, in order that you may impress upon them that the practice mentioned should be discontinued in the interests of all persons concerned.

Foxes and fur bearing animals should be protected until the Season is advanced and the furs have become valuable.

The Department I may say relies upon you for hearty interest and co-operation along the lines above mentioned.

Your obedient servant,

J.D. McLEAN

Dear Mr. Awrey,-

Many thanks for your letter of yesterday, enclosing copy of letters you have sent forward to Chiefs Faries, Wamistegooche and Wesley. I was more than pleased to learn of this prompt action, which I believe will help towards the desired results, and am sure that the interest you have always displayed in the affairs of the Indians will inspire you to follow the matter up when you see them next Summer. I can assure you that I have not exaggerated in the slightest and that, ultimately, the continuation of such practices will create great hardship for the Indian or a material increased expense for the Indian Department.

Sir:

With further reference to your letter of the 12th inst., File No. 3-44C in connection with an Indian by the name of John Chapocomick who married a girl from No.45 Martin Falls Band .

In reply I beg to report as stated in my letter of Sept. 11th. I made enquiries at the Gull Bay Reserve regarding the above noted Indian. The Indian informed me that they knew an Indian by the name of John Otocomick, not Chapocomick, who was hunting on the Ogekee River but were of the opinion that this Indian came from the Pic Band. This man cannot be located in the Pic or Long Lake Bands. However, I am making further enquiries, and will advise you of any information I may receive.

John Paskaton who was reported married to No.136 Osnaburgh Band cannot be located in this agency.

Dear Sir:

Referring to yours of March 13th, 1925 I regret to say that widow Maria Stevens has been unable to support herself.

x x x

She gets $30.00 a month where she works but this is only sufficient to feed and clothe herself & children. I questioned her about her Treaty money and she tells me that she only received one annuity since she came to live in Cochrane which was 6 years ago. Her husband's name was Simeon Stevens and they lived in his lifetime in Albany. She tells me however that when she moved to Moose Fort she received the Treaty money for herself and boys for the 4 years she was there. Would you kindly look into this matter as it appears to me from her statements that there is money due her on her annuities. She has one boy living with her, 12 years of age besides the illegitimate child (boy) born here 2 or 3 years ago.

Yours sincerely

Right Reverend Sir,-

Referring to the concluding portion of your Lordship's letter of the 23rd September regarding the case of Maria Stevens who has stated that she has not received her annuity money since she took up residence in Cochrane about six years ago, I beg to say that the Department's records show that this woman's annuity for 1922 was paid by official cheque No.3369 to your Lordship, and that her annuity money for 1923 was paid to Mr.Hunter on her behalf. The annuity for 1924 and 1925 has not been paid, but a cheque for $16.00 covering the same will go forward to your Lordship within a day or two.

I may state further that the question of arranging to have the boy aged twelve years placed in the Chapleau School is under consideration. The Department will write you later with regard to this phase of the matter and also with respect to the question of relief, etc.

Dear Sir,-

I have your letter of the 4th instant enclosing account for flying services during the past Summer. In reply I wish to express my surprise at the amount of the same, the charge not being in accordance with the verbal agreement made with Mr. Maxwell.

The distinct understanding with me was that the cost would be considerably less than $3000.00, but in reality the charges will considerably exceed that amount, taking into consideration the extra travelling expenses from Remi to Sioux and return, and of other expenses at Remi for transportation and board.

I am, therefore, asking that new accounts be issued in accordance with the verbal agreement so that the appropriation voted by Parliament may meet the same.

I would also be pleased to receive at your very earliest convenience an estimate of the trip for next Summer, as per my letter of October 30th to Honourable Jas. Lyons. Upon the amount of this estimate, the question of whether the trip shall be made by plane or by canoe depends.

Trusting the matter will receive your immediate attention, I am,

Dear Sir:-

Reference is made to your communication of November 5th relative to our account for flying services during the past summer.

My understanding, in conversation with W.R.Maxwell at the time this flying was requested by your Department, was that we should carry out your program on the same price basis as that entered into with the Laurentide Air Service. Our reports show that the actual flying time used on this operation was 28 hours and 25 minutes.

Will you kindly advise me what the verbal agreement was, as referred to in your letter of November 5th.

I am taking up your request for estimate on next season's flight with the Minister and you will probably hear from him direct in connection with this matter.

Dear Sir,-

Referring to my letter of November 5th, and your reply of November 12th, re account for flying services, I beg to inform you that I cannot give you much further particulars. I might however state that I pressed Mr.Maxwell for a definite figure and in reply received the assurance that the price would be much less than that charged by the Laurentide Air Service.

I took Mr.Maxwell at his word, and expected to receive an account for considerably less than $3,000.00, the amount which I was to pay the above firm, but in reality the cost will amount to much more. I regret our arrangements had not been in writing, but in future it will be more satisfactory for all persons concerned to have the agreement in writing.

On receipt of new accounts, issued in accordance with the verbal arrangements, I shall O.K. the same and promptly send you a cheque.

I regret that there should have been any question as to the payment of the account, but my desire is to transact Government business in as economical a manner as though I were doing business for myself, and in accordance with arrangements.

Dear Sir,-

Some time ago I wrote to Captain Maxwell asking him to submit to me the account for services of sea-plane during the past summer, but as yet I have not received any reply. I shall be pleased to receive the account at your earliest convenience.

As the estimates for the year 1926-27 have to be prepared I shall also be pleased to receive from you an approximate estimate for services of plane for next Summer. Starting at Sioux Lookout the following posts will have to be visited but particulars as to dates will have to be supplied later. The approximate time at the different posts will be as follows,-

English R. - 1 day
Osnaburgh - 2 days. - June 17-18
Fort Hope - 4 "
Ogoki - 1 day.
Albany - 3 days.
Moose Factory - 5 days.
Attawapiscat - 3 "

Any itinery arranged by you would be satisfactory to me, but the dates must be definitely arranged not later that the 31st January in order that the Indian Chiefs may be advised. I think calculations should be made to start about the middle of June.

I was very highly pleased with the services I received last summer, and I shall be much obliged if you will convey to all concerned my thanks for the efficient manner in which the whole transaction was carried out. There was no hitch whatever. The equipment was kept in the best possible condition and from the time we started on the trip until our arrival home, nothing went wrong showing that the staff was composed of men absolutely at the top of their class.

Dear Mr. Awrey -

Replying to your letter of October 30th. and your letter of November 5th. to Mr. Zavitz the Provincial Forester, I beg to advise that it appears to be the understanding that a minimum of Three Thousand Dollars, ($3,000.00) would be paid for the service rendered you. We spent in actual flying 28 hours and 25 minutes and, if we charged you One Hundred Dollars, ($100.00) per hour, the ordinary rate it would reduce the account but a very small amount, but, I am giving instructions to do this notwithstanding the fact that the expense of getting gas up into the remote areas costs a great deal of money. As a matter of fact we had to pay Two Hundred Dollars, ($200.00) to move gas from one of the points in the North over to another point where it would be accessible for our use in connection with this trip.

In connection with next year's flying for your Department, I may say it would be well if some of our officers met you in Ottawa or you were to meet them here,

Dear Sir:-

Your letter of December 12th, has remained unanswered until today because the writer was taken suddenly ill with pneumonia and has not been able to think of correspondence until today.

Under the circumstances, I am taking the liberty of sending you a new Aviator's Suit, the largest size we have in stock, which I am sure will be big enough for your measurements. We have none of the hooded Aviator's caps but I would be glad to order it specially for you for the sake of supplying you one to suit you, but as they have to come from England it would require about three weeks at least unless I cable. On receipt of your reply, I could cable and have them post it which would probably make the delivery around two weeks.

The price of the suit is $18.00 and the cap is $6.00.

Yours very truly,

Mr. H. N. Awrey,
Department of Indians Affairs,
OTTAWA - Ont.

Dear Mr. Awrey:-

We are now considering the matter of freighting to our Fort Hope Post, and in discussing our experience of last year with Mr. Allebone and with Mr. Spence, we find that at the very best part of the season, when the water was high, the men who should have been doing the freighting were lying around the Post, with the excuse that they were waiting to see the treaty party. As most of them declined to do any work for at least two weeks before the 'plane was scheduled to arrive, we fully realized that they were merely seeking an excuse to escape work. At the same time, however, if this excuse could be removed it would be good for the Indians and good for ourselves, for the work of carrying the freight is increased very much later in the season when the water has fallen, and the risk of damage is correspondingly increased.

While I know it is asking a great deal of you, I thought perhaps there would be no harm in bringing the matter to your mind and asking you to consider whether or not it would be possible to delay the payment of the treaty at Fort Hope until the end of the Summer rather than the beginning. I am sure you will see that I am not trying to interfere with your arrangements but rather to see if we cannot cooperate for the mutual benefit of the Indians and the Company.

Thanking you in anticipation, and taking this opportunity of wishing you all happiness and prosperity during 1926, I remain,

Yours very truly,

Referring again to my letter of the 31st ultimo and also conversation regarding the transportation of the Treaty Party for 1926, I shall be pleased to receive from you a prompt reply.

I have before me a letter from Mr. Coward, Managing Director of Revillon Freres Trading Company, asking for information, but I am unable to give him a satisfactory reply until I hear from you as my reply must be based upon whatever arrangements are made regarding the method of making the trip.

I might state that it is also most essential for me to know definitely whether I shall have to make the trip by plane or by canoe. If by canoe, I require all the time at my dipposal to make arrangements.

Thanking you for a prompt reply, I am,

Dear Mr. Coward,-

I have your communication of the 8th instant before me, but regret that at present I cannot give you a definite reply due to the fact that the mode of transportation into James Bay has not yet been decided upon.

However, I have been in communication with the Ontario Air Service and have arranged the following dates subject of course to their acceptance.

Osnaburgh	-	June 17th and 18th.
Fort Hope	-	" 18th, 19th, 20th and 21st.
English River,		" 22nd and 23rd.
Ogoki	-	" 23rd and 24th.
Albany	-	" 24th, 25th, and 26th.
Attawapiscat	-	" 27th, 28th and 29th.
Moose Factory-		" 29th, 30th, & July 1st, 2nd, & 3rd

Our intentions are to fly from Sioux Lookout to Osnaburgh & Fort Hope and then come back to the line. I might possibly be able to visit English River, Ogoki, and Albany, etc., first, and leave Osnaburgh and Fort Hope till the last if that would be any more satisfactory, but it would not be possible to change the dates otherwise. This change of course could only be made with approval of the Air Board, in case they were engaged to make the trip.

I shall be glad to have your opinion regarding the change of schedule as above suggested.

Dear Mr. Awrey:-

Many thanks for your letter of the 9th inst., outlining your tentative schedule for your work in the payment of treaty next summer.

As you will readily understand, we get the best stage of water in the month of June and that is the time when we like to get most of our freight up and thus avoid the loss and damage we suffer later in the season when the water has gone down. If you could possibly arrange to pay the Fort Hope treaty after having completed the payment at the posts in James Bay, we believe it would help the situation very much and would be better for all concerned.

Yours sincerely,

Dear Sir,-

I am in receipt of a letter from Mr. Coward, Managing Director of Revillon Freres Company, asking me to arrange, if at all possible, to pay the Indians of Osnaburgh and Fort Hope after making the payments first to the remaining bands.

As you well know, supplies for these posts have to be brought in by canoe, and as the best stage of the season for this work is during June, when the water is high, he desires to monopolize as far as possible every moment of this time. It is impossible to get the Indians to move for about two weeks before the schedule time as they make the excuse that they must wait to see the Treaty Party. If an agreement is arrived at to make the trip by plane, I shall be pleased to learn if the following schedule, based upon our former calculations, will meet with your approval. If so I shall notify the Chiefs and Managers of the various trading companies accordingly.-

English River	-	June 17th and 18th.
Ogoki	-	June 18th and 19th.
Albany	-	June 19th, 20th and 21st.
Attawapiscat	-	June 22nd, 23rd and 24th.
Moose Factory	-	June 24th, 25th, 26th, 27th, 28th, 29th & 30th.
Osnaburgh,	-	July 1st, 2nd and 3rd.
Port Hope	-	July 3rd, 4th, 5th and 6th.

The above schedule would require 20 days, counting the time for transportation. Hoping to hear from you promptly, I remain,

TREATY NINE PARTY.

1926.

1. We, the Provincial Air Service, of the Ontario Government, agree to transport Treaty Nine Party -Mr Awrey and Doctor, to the various posts of James Bay and district, as tabulated below, arranging that the party will be at the posts as per dates specified below, insofar as weather permits sane use of aircraft.

   This series of transportation flights to be made for the sum of three thousand dollars($3,000.00)

2. (A) It is understood that the schedule tabulated below will require twenty (20) full days, as a minimum, to carry out the series of flights necessary for the payment of treaty.

   (B) If medical attention to the various Indian Bands or other emergency requirements requisitioned for by the Indian Treaty Party necessitates the use of machines in excess of the stipulated time, the Provincial Air Service agree to abide such delay at the rate of one hundred dollars per diem.($100.00)

3. It is further understood that Mr Awrey, in charge of Treaty Nine Party, agrees to arrange for accommodation and food to be supplied at the various posts visited.

   It is however understood that in the event of a Forced landing, or Mechanical breakdown, the Provincial Air Service will supply tent, sleeping robes and provisions necessary to take care of the emergency.

4. The flights will be carried out as two (2) seperate

As they can only remain at Ogoki until the afternoon of the 19th, it is desirable that you have the members of your band present at Ogoki when the party arrives in order that there may be no delay in making the payments and in furnishing attendance to those Indians who are ill.

If any of the families cannot be present at the pay table, they should arrange in each case with another Indian to draw their money, but the persons to whom payment is to be made should be able to state the number in each family for which payment is requested, and ~~xx~~ be able to account for any changes which have occurred therein, as a result of births, marriages or deaths, since payment was last made.

I beg to advise you that arrangements are being made whereby Mr. Awrey, paying officer for Treaty 9, and the doctor who will accompany him, will arrive at Moose Factory, by hydro-plane, on or about the 24th June.

As it will not be possible for the party to remain longer than a couple of days, at Moose Factory, it is most desirable that all members of that band be present when the party arrives, to draw their annuity and to receive such medical attention as they may require. Those Indian families who cannot possibly present themselves at the pay table should furnish full information to the persons authorized to draw their annuity. In each case information should be supplied as to the number of persons in the family, and if any changes have occurred as a result of births, marriages, or deaths, since payment was last made, the person applying for the money should be able to clearly explain the same.

January 19th, 1926.

Dear Councillor,-

I beg to inform you that Mr. Awrey, paying officer for Treaty 9, and the medical attendant will arrive, it is anticipated, at Attawapiscat, by hydroplane on or about the 22nd June.

As it will not be possible for the party to remain longer than two days at Attawapiscat, it will be necessary for the Indians to be on hand, so that no time may be lost, to receive their annuity money and such medical attention as they require.

If any of the Indians are unable to meet the party, their annuities will be paid to you or to some other reliable Indian, provided Mr. Awrey is furnished with full information as to the number of persons in the family for which payment is claimed, and provided also that the applicant for the money is able to account for all changes which may have occurred since the last payment, either as a result of births, deaths or marriages.

Dear Mr. Awrey:-

I duly received your letter of the 15th inst. and am glad to note you have been able to make definite arrangements with the Ontario Air Board for the transportation of the Treaty Party.

You mention in your letter that the schedule outlined in yours of the 9th inst. will be followed, and this calls for payment of treaty at Fort Hope from June 18th to 21st. As mentioned in my previous letter on this subject, this covers the period when freighting conditions are at their best and the result is that none of the Fort Hope men will be available for freighting for probably a couple of weeks around the date of the payment. Judging by the difficulty we have experienced during the past two or three years in getting up our freight, this is going to be a tremendous handicap and will mean that the very objectionable feature of bringing in outside men to do the freighting will have to be resorted to. I am sure you are familiar with the demoralizing effect that the introduction to a district like Fort Hope of halfbreeds living in places along the railway lines has upon the people, and if you can possibly change the payment date at Fort Hope and make it after the James Bay points have been attended to, I am sure it will be of distinct advantage.

Dear Mr.Coward,-

I have your letter of the 19th January, and in reply I regret that in my letter of the 15th instant I referred to the wrong letter, thus giving you the impression that I had not done anything towards carrying out your suggestions.

However, I am now pleased to inform you that I have arranged as you suggested to make the payments on the Bay first, leaving payments at Osnaburgh and Fort Hope till the last. The following is the schedule as now arranged, and I have notified the Chiefs accordingly,-

English River	June 17th and 18th.
Ogoki	June 18th and 19th.
Albany	June 19th, 20th and 21st.
Attawapiscat	June 22nd, 23rd and 24th.
Moose	June 25th, 26th, 27th, 28th, 29th and 30th.
Osnaburgh	July 1st, 2nd and 3rd.
Fort Hope	July 3rd, 4th, 5th and 6th.

I again regret my mistake, and trust you will accept my apology in the spirit it is given.

My dear Mr. Awrey;-

I have been requested by the chief ~~me~~ to make requisition for him to the Department for sufficient roofing material for the council house on the Fort Hope Reserve.

I understand from the chief that rubberoid has previously been used but that the wind has blown off quite a bit of it and the chief recommends that some metalic material be sent up as it would be more substantial and not so liable to be torn away by heavy winds.

When promising the chief that I would attend to this matter for him I asked if I might say that the indians would be willing to transport whatever was sent from the track to Fort Hope and he stated that they would.

We have just spent a very quiet and may I say enjoyable Xmas? and the even flow of life as it is tolerated in this part of the world moves calmly on as before. The weather for the most part has been exceptionally considerate of us and very mild. Mrs Race has been busy since the beginning of winter with her pet stock. However she had to call for assistance when the time came for the assasination of the foxes and we also entended the same sort of treatment to the wolf. He was becoming rather troublesome so we decided to court-martial him and end his career. Mrs. Race is now busy with his hide, skull and cross bones and intends making him up into a floor rug and ~~mount~~ mount him with open mouth. You may see the result of her efforts to be a taxidermist on your visit next summer.

Dear Mr. Race,-

I received your letter this morning and in reply I beg to inform you that you may order sufficient standard galvanized shingles with necessary ridge roll and nails to shingle the Council House located on the Indian reserve at Fort Hope.

These shingles are quite expensive but as the Indians have promised to transport them inland free of cost, I have been able to meet the Chief's request.

I do not know the size of the building, so will have to depend upon you to see that the proper dimensions are given when placing the order.

Kindly send the account for payment to the Department, quoting this letter and file number as authority for making the purchase.

I thank you for your kind wishes and sincerely hope Mrs. Race and yourself may be favoured with the same blessings.

Dear Sir,

1. Mr Thompson in his report of the Flying Operation of Treaty Nine Party of 1925 reports that considerable difficulty was experienced in the mooring of the Flying Boat at Albany Post.

2. He advises in his report that it was necessary to tie the Boat to the Schooner which was anchored there, or to the Hudson Bay dock: The dock in question appeared to be of flimsy construction, and the risk of tying the machine to the dock was out of the question on account of tide.

I might say that I took the matter up with the Chief Accountant of the Department and he informed me that he would not pass any accounts for expenditure in connection with the work. I would, therefore, suggest that you submit an estimate of the expenditure to Mr. Maxwell, as it is thought they should authorize and pay for any expenditure of this nature.

Ottawa, February 5th, 1926.

Dear Mr. Wilson,-

In compliance with your request by telephone I beg to submit the following report of my trip by plane during the summer of 1925.

On January 23rd Dr. Bell and I arrived at the beautiful camp of the Ontario Air Service, located on one of the islands in Remi Lake.

Next day, Wednesday, June 24th, we left this point about 9.35 a.m. for English River Post, arriving there about mid-day. Next morning at 8.20 we left for the Ogoki Indian Reserve, located at the junction of the Albany and Ogoki Rivers. From English River we followed the Kenogami River to the point where it empties into the Albany, a distance of about seventy miles. At this point the gas and oil cache of the Air Board is located.

We arrived here about 9.20 and after filling up the gas and oil tanks left at 10.12 for Ogoki, which place we reached about 11.40. On Friday, June 26th, we left Ogoki for the return trip to Remi Camp about 1.20, reaching the cache above mentioned at 2.30 and leaving there again about four o'clock. The weather was not very favourable for flying but under the able management of Pilot Schiller we arrived safely again at Remi Lake about 6.30. The same evening we left for Sioux Lookout and about 12 o'clock, noon, on Sunday, June 28th, we left for Osnaburgh, Pilot Ross and Mechanic Sears being in charge. We reached Osnaburgh about 2 o'clock, where we remained until Tuesday, June 30th, when we left at 10.30 for Fort Hope, arriving there about mid-day.

On Friday, July 3rd, we left at 3.30 for Collins. We reached this point about 5.30 and after taking on a supply of gas, etc., left for Sioux Lookout, where we remained to take the train for Moonbeam and Remi Lake. Sunday morning, July 5th, we left Remi at 6 o'clock in the morning for Albany Post, via Engl

English River Post, the plane in charge of Pilot Thompson and Mechanic Cheeseman. We reached the cache at the junction of the Albany and Kenogami Rivers at 9.15 where the gas tanks were replenished, and at ten o'clock we started again for Albany, arriving at that point at 12.15. Here we remained until Tuesday, July 7th, when we embared at 4.25 for Attawapiscat, arriving there at 5.40. On Thursday, July 9th, we left Attawapiscat at 3.20 for Moose, but on account of bad weather we were forced to land at Albany at 4.30, from which point we left early the following morning at 6 o'clock, for Moose, where we arrived at 7.20. We remained at Moose until Saturday, when we left at 4.45 for Remi, arriving there at 6.15, the finishing point of our trip for 1925.

I might say that the services rendered by the Ontario Air Board were most satisfactory in every respect, and I have congratulated Captain Maxwell on the par excellence of his staff, viz., Messrs. Schuller, Cheeseman, Thompson, Ross and Sears.

A summary of the places visited and dates is as follows,-

Wednesday	- June 24th,	Left	Remi for English River.
Thursday	- " 25th,	"	English River for Ogoki.
Friday	- " 26th,	"	Ogoki for Remi.
Sunday	- " 28th,	"	Sioux Lookout for Osnaburgh,
Tuesday	- " 30th,	"	Osnaburgh for Fort Hope.
Friday	- July 3rd,	"	Fort Hope for Sioux Lookout via Collins.
Sunday	- " 5th,	"	Remi for Albany.
Tuesday	- " 7th,	"	Albany for Attawapiscat.
Thursday	- " 9th,	"	Attawapiscat for Albany.
Friday	- " 10th,	"	Albany for Moose,
Saturday	- " 11th,	"	Moose for Remi.

Sir,-

I have to draw attention to the fact that when the Indian Treaty, known as No. 9, was made, you were recognized as a member of the Fort Hope Band and you and your family were placed on the paylist of that Band. It has been represented recently to the Department that although you resided at Fort Hope when the treaty was signed you were not natives of the district and consequently should hat have been accorded membership in the said Band. It appears, therefore, that your membership in the Band was established in error and I may say that unless you can produce evidence to the effect that you have a legal claim to be recognized as belonging to the Band the Department proposes to strike your name from the paylist and discontinue paying annuity money to you as head of ~~the~~ a family. Similar action will follow in the case of your son David.

Sir,-

I beg to transmit herewith copy of a letter of the 15th September which the Department has received from Mr. Frank Edwards Indian Agent at Kenora in regard to annuity money for Abraham Matchemite, No. 188 of the Ignace Band. It appears from this letter that you have interested yourself in the case and therefore I beg to say that before payment can be made the Department requires further information.

Apparently you have stated that Abraham Matchemite married Widow Loon of Osnaburgh Band, who had three children by her first marriage, but I may say that no woman bearing that name, with three children, was ever paid with the Osnaburgh Band. One woman, known as Emily Loon was paid up to and including the year 1915, but she was struck off the paylist in 1924. No information could be obtained regarding her whereabouts. Probably this is the woman to whom you have made reference but as above mentioned she never received payment for children. I may add it will be necessary for the Department to be informed of the date of Abraham Matchemite's marriage to the woman named Loon, and any other particulars which are obtainable should be supplied. Payment to Matchemite for his wife cannot be made until the said information is received.

Ottawa.

Dear Sir,

With reference to your letter of Jany 30th re Anchorage Buoy for the Flying Boat which is to transport Treaty Party No 9 this summer, we would inform you that in agreement with the manager of the Hudson's Bay Company at this post, it is arranged that Revillon Frères Trading Co Ltd., will anchor a buoy, painted white, providing safe anchorage for the Flying Boat during the days of June 19th, 20th and 21st, as detailed in Lt Maxwell's letter of Jany 28th.

We are, at your suggestion, submitting an estimate of the expenditure for this work to Lt Maxwell. Doubtless his department is aware the painting, setting and lifting this buoy will necessitate an annual expense, besides the cost of the materials put into use.

As there is not time however,

Dear Sir. Mary McLeod, wife of John McLeod, formerly widow of Chief Omukees, of the New Post Band, requests me to apply for her Treaty Annuities for 1924, 1925 and 1926. She states that the last annuity she received was for 1923. She has no Treaty Ticket & evidently lost it, if she ever had one. And she does not remember the number. Mr Aurey will likely know the woman and her present husband, John McLeod, who used to be Manager of the Hudson's Bay Post at New Post.
As I will be absent from home for the summer, it would be better to send her cheque c/o Rev A. W. Golding, Clute P.O. Ontario.

Ottawa, May 21, 1926.

Sir,-

I beg to acknowledge receipt of your letter of the 25th May with which you forwarded a letter which you received from Mr.Aldous, Manager of the Hudson's Bay Company at Lac Seul, requesting payment of arrears of annuity money for eight years on behalf of Juliette Skunk, of the Lake St.Joseph Band, wife of Albert Derwain,and in reply I may say that the Department has caused the Osnaburgh paylist to be examined with a view to identifying this woman. The said paylist does not show that she was ever paid at Lake St.Joseph.

I may state also that arrears of annuity money seemingly are not due any persons named Skunk for eight years, but I may say that there is a family entered under No.136 the head of which is widow Thomas Skunk,Jr. The persons said to belong to this family are,- one woman, one boy, and one girl. The following are the entries relating to them,-

	Man.	Woman	Boy	Girl	
1920.	1	1		1	Paid. Girl born.
1921.	1	1	1	1	Paid. Boy born .
1922.	1	1	1	1	Paid.
1923.		1	1	1	Paid. Man dead.
1924.		1	1	1	Not paid.
1925.		1	1	1	Not paid.

This may be the woman to whom you have made reference. When you are at Lac Seul you should make further inquiries into the case with a view to ascertaining definitely whether there is annuity money due her, and, if so, to what amount and for what periods, and for what person.

JUL 20 1926
RECORDS

Ottawa, July 19, 1926.

Sir,-

I beg to submit herewith my report of Treaty 9 payments to Indians of James Bay District for 1926.

I left Ottawa on Tuesday, June 15th, for Remi Lake, where Captain R.M.Maxwell, Director of Ontario Air Forces, had in readiness a F.S.2 L flying boat, the Albatross, to convey the doctor and myself to the various posts where the Indians had been notified to assemble.

Owing to unfavourable weather, the Treaty party was unable to make the first flight till Sunday, June 20th. At 9.30 the machine, in charge of Captain Maxwell and Mr.George Doan, ascended, and, after flying at a height of about five thousand feet over the forests, marshes, lakes, and rivers, reached Mammamattawa at 12.15, where we were well received by Messrs.Snape and Coates, Managers of the trading companies, and also by the Indians who are always pleased to see the Government Party. At this post, as well as at all the other places visited, not only the Chiefs but also the Churches and the trading companies hoisted their flags in honour of our coming, the arrival of the treaty party being considered by them to be one of the most important events of the season.

We left English River for Ogoki on Wednesday morning, June 23rd, at 10 o'clock, following the Kenogami River to its junction with the Albany River, and then west along the Albany River to the junction of the Albany and Ogoki Rivers, reaching this post at 11.55. The Martin Falls Indians had assembled at the Hudson's Bay Post located on an island at the mouth of the Ogoki River and in front of their reserve. We remained till Thursday, June 24th, when we left at 8.45 for Albany, landing at the Forks for gasoline at 9.45. Here we were held all day as the plane was unable to rise on account of adverse side winds. At 5.10 o'clock we were able to make the ascent and at 7.05 reached Albany.

We left Albany on Sunday morning, June 27th, at 8.35 for Attawapiscat, arriving there at 9.15. We remained here till Tuesday evening, when we left at 6 p.m. for Moose Factory. We flew at a height of about four thousand feet over the waters of James Bay. We found this part of the flight very cold as we encountered dense clouds of fog rising from the bay, due no doubt to the large floes of ice, miles in extent, that had been driven southward from Hudson's Bay. So great were these fields of ice that the Hudson Bay Company's boats were unable to make their way to Charlton Island, the chief base of supplies for the Bay. We were unable to reach Moose Factory on account of the fogs and rain, and so had to return to Albany for the night, reaching there at 9.20 p.m.

Next morning, Wednesday, June 30th, we left again for Moose at 8.50 a.m., and reached the post at 10.05, remaining here till Friday, July 2nd, when we left at 10.45 for Remi Lake, arriving there at 12.45.

The same evening we left for Moonbeam where we entrained for Sioux Lookout, arriving there at noon next day intending to leave sa

same afternoon for Osnaburgh and Fort Hope, but were unable to get away till next day as the plane which had been allotted for us had met disaster on Lake Lac Seul but fortunately no one was hurt. Another plane in charge of Major Thompson and Mr.Hill was sent at once from Orient Bay, so that we were able to continue our journey on Sunday, July 4th, leaving Sioux Lookout at 9.40, and reaching Osnaburgh at 11.15.

We left Osnaburgh early Tuesday morning, July 6th, at 9 o'clock for Fort Hope, reaching there at 10.15. On Thursday, July 8th, we left at 8 o'clock for Sioux Lookout, the finishing point of our air voyage. We encountered bad weather, and were forced to land on White Sand Lake, where we remained for six hours. Then we again ascended, but were forced to land again at Collins Inlet where we had to put up for the night. We left next morning at 5 o'clock for Sioux Lookout, arriving there at 6.30.

The whole tripwas made without any serious draw-backs, though we encountered very bad weather throughout the whole air voyage. I cannot speak too highly of the services rendered by the Provincial Air Service, and in this respect particularly I wish to refer to the kindness and courtesy of the officers, Captain Maxwell, Geo. Doan, Major Thompson, and Messrs.Hill and Brintnell, who so well and satisfactorily piloted us through the whole trip.

Annuity Payments.

The annuity payments, as usual, were made at the different points on the reserves where possible, the Chiefs and Councillors being present. This year there was a large increase in the number of Indians paid, due to births, but during the same time there was a big decrease through deaths. During the year there were 109 births and 96 deaths, the total membership of the bands now being 2839, a net increase of 20 persons over last year.

Elections.

The Chiefs of the different bands each year call the members of the bands together in order that they may have an opportunity of hearing a few words of admonition from the doctor and myself. The doctor on these occasions gave them a chat on "How to take care of the health", whilst I confined my remarks to things of general interest to the band.

Elections were held at Osnaburgh, Fort Hope, and Albany, the results being as follows:-

At Osnaburgh,-	Chief - James	Ruben, No.42.
	Councillors -	John Carpenter, No.141.
		Robert Ash, No.4.
At Fort Hope,-	Chief -	Papah, No.91.
	Councillors -	Mishell, No.54.
		Jas.Drake, No.182
		Chas.Wabano, No.201
		John Bois, No.213.
At Albany,-	Chief -	Moses Wesley, No.136.
	Councillors -	Patrick Stephen, No.105.
		Xavier Spence, No.102.
		David Solomon, No.161.
		Xavier Chookomoolin, No.233.

Morality and Temperance.

The morality of the Indians, considering the conditions under which they live, is good.

At Moose Factory, some Indians were being supplied with liquor from outside. Mr.Rae, the District Manager of the Hudson's Bay Company, who is a magistrate, sentenced Willie Frenchman, an Indian, out to jail for three months at hard labour. He had to swear in three special constables to take him out, the cost in connection with the same being about two hundred dollars. I told him that he would have to look to the Ontario Government for this expenditure as this Indian was not prosecuted under the Indian Act.

I think the action of Mr.Rae will have a very salutary effect upon the Indians, and do much towards suppressing the liquor traffic among the aborigines of the Bay.

Mr.Rae informs me that the Company is not now in a position to provide a house for the police, but will still be pleased to provide free transportation round the Bay, but meals and beds must be paid for. From conversation with Mr.Rae I am inclined to believe that he considers it would be better for the police to establish quarters for themselves on an Island located across the Moose River from the Hudson's Bay Company's trading post. In this way the police could act without prejudice, and prosecute any one guilty of doing wrong.

Education.

I visited the day school at English River, in charge of Mr.Walker, who seems to be thoroughly interested in his work.

At Fort Hope and other points I was unable to see the day schools in session. At Albany, Mr.Northam is busy erecting a new day school, which is located about one hundred yards from the bank of the Moose River.

albany

The building has advanced to the stage of the erection of the roof rafters. The building is forty feet long and twenty feet wide, with a height of thirteen feet to the eaves. The foundation is built of logs squared ten inches and covered with a heavy coating of Stockholm Tar. The studding is 2" x 6" scantling placed two feet apart. The sheeting is B.C.Fir. The wall plates and corner posts are of lumber 6" x 6". The doors, windows, and sidings, as well as the roofing material - 13 cases of Eastlake Galvanized Shingles - are on the ground. So far, the building, labour, and material, has cost about two thousand dollars. Mr.Northam requested that an advance of $500.00 be sent to Bishop Anderson, and I certainly have no hesitation in recommending this payment.

I visited the Boarding School at Albany but,as usual, did not see any of the pupils. At Moose Factory I visited the Day School at English River, and cannot speak too highly of the work being done by Mr.Waller. The children of the Boarding School are being well cared for by Mr. & Mrs.Griffin. They are well clad, neat, and clean. Mr. & Mrs. Griffin are leaving the school, and I am sure their place will be hard to fill.

Requests,- which I recommend being granted.

Mr.Walker, teacher at English River, requested that a foot-ball, three soft base balls, a few skipping ropes, and a small counting frame, be forwarded to him for use of the pupils attending the school.

Geo.Baxter, of Martin Falls Band, requested that his two children, John aged 12 years, and David aged 10 years, be admitted to the Sioux Lookout Boarding School. These children have been examined and passed by the doctor. He asks that he be advised as soon as possible at Pagwa, C/o S.Iserohoof.

Father Bilideau asked for a flag for the Boarding School.

Chief Moses Wesley, of Albany Band, asked for following seeds,-

Turnip seed	-	1 pound.
Onion "	-	5 packages
Carrot "	-	6 packages
Beet "	-	6 packages
Beans for seed	-	5 pounds

These goods to be sent to him C/o Revillon Freres, Albany, via Pagwa River.

The following goods to be sent to Attawapiscat, C/o Father Saintol, via Pagwa River,-

3 spades, 2 snow shovels, 2 paint brushes 1½", and 2 brushes 2", 1 pick, 2 hammers, 1 brace and bits ¼", ⅜", and ½", one rip saw and one hand saw.

For Chief Ritchie Wamistagouche, of Moose Factory,- one truss 33" for rupture on left side. The Chief certainly requires this, and I strongly recommend one being sent as soon as possible.

Mr.Waller, teacher at Moose Factory, asked that the following book be sent him for use in the school, entitled "Hand Book of "Indians in Canada".

whether requisitions asked for by him will be granted. This will give him a chance to buy any articles elsewhere should the Department refuse to grant any articles asked for.

I have again made the trip as quickly and as expeditiously as possible, giving the doctor ample time at each post to attend to the medical needs of the Indians at every post visited. The services rendered by the Ontario Provincial Air Service were most satisfactory, notwithstanding the very inclement weather which we encountered during the three weeks required to do the work.

should be told to write to Mr. Wright for it.

In 1924 and previous years five children, namely, one boy and four girls were paid under number 80 of Osnaburgh Band. The names of these children are as follows, Joseph, Maggie, Sarah, Hattie and Charlotte. In 1925 you paid the shares of two girls, and two girls were paid by Mr. Awrey. This left Joseph's share unpaid. In 1926 these children were given the following numbers:-

Maggie, No. 230, Osnaburgh Band - Paid
Sarah, No. 231, Osnaburgh Band - Paid
Joseph, No. 235, Osnaburgh Band - Paid
Hattie, No. 236, Osnaburgh Band - Not Paid
Charlotte, No. 237, Osnaburgh Band - Not Paid

The shares of the three children; namely, Maggie, Sarah and Joseph were left with Mr. Wright, but the shares of Hattie and Charlotte are not paid as above referred to. There appears to be a misunderstanding regarding these children. At Osnaburgh it was stated that Hattie and Charlotte are at Lac Seul, and that Maggie and Sarah are at Osnaburg, but payments were made as above stated.

Kindly request Mr. Wright to send to you the money that was left with him for the children now living at Lac Seul.

Dear Sir

Referring to yours of Oct. 2nd 1925 - I wish again to apply for the Annuity money for 1926 of the same Indians mentioned in that Communication.

David Takabuckistum has personally written me asking that I get his Treaty money as usual and Henry Utteppe has written to ask why his Treaty money was being arranged for at Moose as he arranged to have his money banked for him by me which I have done and he has his bank acct. here in Cochrane. I do not know what he means by his Treaty money being called for at Moose. It is likely that all those mentioned will be coming in from time to time expecting their Treaty money. So it will be as well to send me their cheques as you did last year. They have the same numbers in their families as James Knows. Widow Keemuck's proper name is Louisa and not Mary, which is only a nickname. She told me, when I gave her her cheque. She lives round Lowbush but often comes in here.

Mary the elder daughter of Widow Tom Paus has been married to William McKay, who is a member, I think, of the Chapleau Band.

Re 3-44

Dear Sir. Referring to yours of Sept. 15th I wish to acknowledge receipt of cheques Nos. 3349 to 3358 inclusive. I have given cheques to Jas. Hynes and Isaiah Beck already and will give the others as soon as the Indians call or write for them.

I have received to-day another request for Treaty money for 1925 and 1926 from Henry Davie and his brother Daniel who evidently from his letter are paid under one ticket. He says he has lost his ticket. These brothers are members of the Moose Band and are at present and for the winter hunting north of Fauquier on the Ground Hog River.

If you can issue cheque for them, I will be pleased to see that they get it in due course.

Yours sincerely
J. G. Moosonee

These Indians or their Guardians should advise yourself - the Manager Lake or myself before treating as to their wherabouts so that you can make diversion in them - otherwise they have none to blame but themselves if they lose any of their monies etc (after steps were taken to find their wherabouts) by their own neglect.

Dear Sir. Henry Utappe, No. 82, Moose Factory Band, was here to-day and asked me to inquire of your Department why his daughter Christiana did not receive her Treaty money for some years past. The history of the family is as follows, viz: —
Henry Utappe's first wife Maria (nee Hester) died in 1919 and he was married again on Sept. 13th 1921 to Caroline Davie or Tibbace, widow of John Davie. Henry Utappe's daughter, Christiana (mentioned above) was married to Robert Matchegijus (son of Joseph Matchegijus, better known at Mattice as King George, formerly of the ~~Matagami~~ ex Brunswick Post Matagami Reserve) on Dec. 27th 1922, Christiana being then 17 years of age. He claims that Christiana was at Moose Factory last summer (1926) and asked Mr. Awrey about her Treaty money and was told that he (Awrey) could not give her Treaty money as she was still registered under her Fathers ticket, No. 82, as above. It seems to me that possibly Christiana's marriage to Robert Matchegijus and Henry Utappe's second marriage to Caroline Davie are not known to the Department and that the man & woman paid under No. 82 are supposed to be Henry Utappe and his daughter Christiana instead of Henry Utappe and his wife Caroline. Henry Utappe tells me that his son-in-law, Robert Matchegijus, gets his Treaty money at Mattice (letter from Agent Thomas Godfrey, of Chapleau & from Mr. Awrey. I shall be glad to hear from you on this matter as soon as possible.
Yours Sincerely — John G. Moosonee

Ottawa, January 11, 1927.

Right Reverend Sir,-

Referring to your Lordship's letter of the 4th instant, I beg to say that, from letters on file in the Department and from the records of the Moose Factory Band, it is apparent that the following payments were made to Henry Utappe, No.82 of that band, namely,-

	Man.	Woman.	Boy.	Girl.	
1917.	1	1		2	Paid $16.00 for man at Albany.
1918.					Not paid at distribution.
1919.					Not paid at distribution.

On the 20th August, 1919, your Lordship made application for annuity for Henry Utappe, and wrote as follows,- "Henry Utappe, "Moose No.82. This man got his treaty in 1917 at Albany. In 1918 "there were 3 in family (himself, wife and girl). His wife died in "February, 1919, so there are only 2 for 1919."

On the 27th October, 1919, official cheque No.3143 for $20.00 was sent to your Lordship being payment as follows,-

	Man.	Woman.	Boy.	Girl.		
1918.	1	1		1	$12.00.	Decrease of 1 from 1917 not explained.
1919.	1	-	-	1	8.00	Wife dead.
1920.	1	-	-	1	Absent.	
1921.	1	-	-	1	"	
1922.	1	1	-	1		Wife from No.57. Paid $12.00 for 1922, $8.00 for 1921. and $8.00 for 1920 to to Henry Tibbaie.
1923.	1	1	-	-		Paid $8.00 to Mrs. Pinette who reported the girl married to Robt. Matchequis, No.55 of Brunswick House Band, Chapleau Agency.

From the foregoing it will be apparent to your Lordship why Mr.Awrey, of this Department, refused to pay this girl as, on her marriage to Matchequis, she automatically ceased to be a member of her father's band and became a member of her husband's band. Reference to the Brunswick House paylist shows that she was paid with her husband for the years 1925 and 1926. She is, therefore, entitled to arrears for herself only for the years 1923 and 1924. A cheque, No.5977, for these arrears is inclosed herewith. Her husband was paid for these years with his father, No.29.

Dear Chief,-

I beg to inform you that Mr.Awrey, paying officer for Treaty 9, and the doctor who will accompany him on the treaty payment trip, will reach Ogoki by hydroplane on the evening of June 17th. As they can only remain at Ogoki until the afternoon of the 18th, it is desirable that you have the members of your band present at Ogoki when the party arrives in order that there may be no delay in making the payments and in furnishing attendance to those Indians who are ill.

If any of the families cannot be present at the pay table, they should arrange in each case with another Indian to draw their money, but the persons to whom payment is to be made should be able to state the number in each family for which payment is requested, and be able to account for any changes which have occurred therein, as a result of births, marriages or deaths, since payment was last made.

I beg to advise you that arrangements are being made whereby Mr.Awrey, paying officer for Treaty 9, and the doctor who will accompany him, will arrive at Moose Factory, by hydroplane, on or about the 25th June.

As it will not be possible for the party to remain longer than a couple of days at Moose Factory, it is most desirable that all members of that band be present when the party arrives, to draw their annuity and to receive such medical attention as they may require. Those Indian families who cannot possibly present themselves at the pay table should furnish full information to the persons authorized to draw their annuity. In each case information should be supplied as to the number of persons in the family, and if any changes have occurred as a result of births, marriages, or deaths, since payment was last made, the person applying for the money should be able to clearly explain the same.

Dear Chief,-

I beg to advise you that Mr.Awrey, paying officer for Treaty 9, and the doctor who will accompany him on the treaty payment trip, will arrive at English River on or about the morning of the 16th June.

As it will not be possible for the party to remain longer than a day at English River, it is desirable that you notify the members of your band to be present when the party arrives in order that they may receive payment of their annuity money, and consult the doctor if they are in need of medical attention.

Those families which cannot possibly be present at the pay table, should furnish full information to the Indians whom they desire to have draw their annuity money. Particulars in each case should be furnished as to the number of persons in the family, and with respect to the changes which have occurred as the result of births, marriages or deaths, since the last payments were made.

Dear Chief,-

I beg to say it is anticipated that Mr.Awrey, of this Department, and the doctor who will accompany him on the Treaty 9 annuity trip, will reach Osnaburgh on or about the 1st July. I shall be pleased to have you notify the Indians of the Osnaburgh Band accordingly.

The annuity payable to Indians who are unable to present themselves at the pay table will be paid provided the persons authorized to draw the money are able to give full information to Mr.Awrey as to the number in the family and as to any changes which have resulted from births, deaths, or marriages.

Dear Councillor:-

I beg to inform you that Mr.Awrey, paying officer for Treaty 9, and the medical attendant, will arrive, it is anticipated, at Attawapiscat, by hydroplane on or about the 22nd June.

As it will not be possible for the party to remain longer than two days at Attawapiscat, it will be necessary for the Indians to be on hand, so that no time may be lost, to receive their annuity money and such medical attention as they require.

If any of the Indians are unable to meet the party, their annuities will be paid to you or to some other reliable Indian, provided Mr.Awrey is furnished with full information as to the number of persons in the family for which payment is claimed, and provided also that the applicant for the money is able to account for all changes which may have occurred since the last payment, either as a result of births, deaths, or marriages.

Dear Mr. Awrey:

Yours of the 14th to hand. I note what you say regarding the increase which I am sure will be very much appreciated although I hear rumours that the postmen are sending delegates from all over Canada and apparently are very hostile, but as you say it is practically impossible to draft a bill that will be satisfactory to all concerned. It certainly seems a shame that all the old government employees are not going to benefit by this new act. Here's hoping that the bill will be adjusted later on, and that everybody will be satisfied.

Gilbert Harper just called at the office and informed me that his family consisted of:

1925	1 man	1 woman	2 boys	1 girl.	
1926	1 "	1 "		1 "	Boy died.
1927	1 "			1 "	Woman died.

I hope this is the desired information you wanted. Gilbert told me that he expects to make a trip to Fort Hope this Spring, but will go back to Sand Point to live. He seems to be a very good worker and a good fisherman, and apparently likes the Lake Nipigon District better than the territory north of the T.C.R.

Navigation has at last opened up at the Head of the Lakes. The boats are coming and going in great numbers. Last evening our Bay was still full of ice, but this morning when we got up, the wind had taken it all out. It seems a shame you cannot take your trip by boat as the lake is certainly very enjoyable. No doubt, you might be able to take the lake trip this year.

Mrs. Burk and our little daughter are in the very best of health. Our child is growing like a young weed. It is marvellous what a change a child can make in a family. We very seldom go out as the youngster is a great source of amusement.

I just heard from Mr. Paget the other day, and he said he was in fairly good health, but up to his eyes in work. I do hope he is not overdoing it.

Yours sincerely

P. S. Have you purchased a Derby yet? They seem to be the rage up this Way. We are having wonderful weather.

Right Reverend Sir,-

I beg to inform your Lordship that the Department is in receipt of a letter from Mr.Indian Agent Godfrey in regard to the case of George McKay, No.29 of the Metagami Band. This man is said to be married to the widow of Louis Angus, of New Post Band, but no person bearing the name of Angus was paid at New Post. It is thought, therefore, that probably the woman may have been known by some other name on the paylist. There are two widows on the list, namely, Mrs.A.Weenusk, and Mrs.Daniel Squirrel. If your Lordship can furnish particulars which will throw light on the foregoing case, the Department will appreciate the receipt of the same.

No. 3-65

Dear Sir. Referring to yours of the 7th inst. I wish to say that the woman married to George McKay No. 29 of the Metagama Band is Mrs Angus Keemuk, No. 1. New Post-Band. This woman was commonly known as Mrs Angus before her marriage to George McKay. It is a common thing for women, especially widows, to be called by the Christian name of their husband, the surname being dropped. For some reason also she was called Mary Angus though her real name is Louisa. When I questioned her regarding her name, she said that Mary was only a nickname. If you will refer to yours of Oct. 2nd 1925 (File 3-440) and also to yours of Sept. 15th 1926 and file 3-44, you will see that you have been paying her treaty money under these names with surname Keemuk.

Once again I have been sent to take duty at E. R. I have not received any supply from the Educationndept: so I wondered whether or not you were able to obtain the abacuses and skipping ropes I asked you about when you came to pay treaty money. Is it at all possible?

Then I have one or two more propositions to put before you, I am doing this simply in the interest of the Indians and mayhap asking too much but I hope you will excuse this on the plea of ignorance regarding school supplies,grants etc,.

I would first of all ask if there were any text books other than the usual readers for teahers, if there was one on drilling instruction song book (with music) ? Secondly, would the Govt: supply the school with wooden boards, knives and paper also handbook on making models with this semi-cardboard? The other question is, do you supply foot-balls etc, for play? If these requisitions are granted I would like you to send them along at your earliest convenience.

One other necessity I have just thought about is, am I supplied with a book of instructions, directions or whatever it maybe concerning the medicine I have possession of in my house? If this is true will you kindly see that it is forwarded on to me .

Hon. F.J.C. Lynch,
Director Natural Resources Intelligence Service,

Dear Sir,-

Over a year ago as president of our local library, I received your admirable booklets on Canoeing and on Camping in Canada. These interested me both because of an extensive exploration trip taken by Mrs. North and me into the Lake Savant country in 1913 and because of an outing contemplated by my son Robert and me for late 1926. Of the success of this latter venture, you may learn from the enclosed Youth's Companion article and press clippings.

Robert's remarkable success has in nowise turned his head, rather it has aroused his ambition to continue exploration and to write of what he sees. (Perhaps this is natural, being bred in the bone.) During Easter vacation he goes alone to Washington to complete his official credentials. For this coming July he plans a conoeing trip (already financed through his own efforts) from Bucke, Northern Ontario, up Lake Savant, down the Palisade river and to the Albany River and back. I am putting my own affairs in order so as to accompany him as photographer and pal.

Having thus arranged a considerable summer expedition and having maintained high rank in school, the lad already figures for November on a dog sled journey cross country between Lakes Kashaweagama and St. Joseph. Of his own volition, he is prudently dividing the returns from his writings into two funds, the one for higher education, the other for further explorations.

The July trip now arranged, Robert is already pondering over the financing of the November venture. The purpose of this letter, accordingly - which father is writing without consulting son - is to ascertain whether your appropriations are such that you would be in a position to entertain his application in the event he addresses you five or six weeks hence, with highest credentials from our government at Washington to your Minister, seeking opportunity to prepare, at a reasonable compensation, an illustrated article for a new booklet for your department based on a well educated, forest bred lad's adventures by canoe and dog sled through Canadian wilds. While you would thus be enabled to utilize this valuable and unique material, he would retain magazine

and book rights - and I assume you would be delighted to have him through such channels bring to the immediate attention of an American public the great possibilities of Canada as a holiday land for those south of the border. Indeed, it would seem as though this was a rare opportunity for co-operation to mutual advantage.

Yours very truly

Dear Sir,-

Referring to correspondence early in spring: My son Robert's book of Canadian travel is now printed and merely waiting its turn for August publication, he has Washington credentials and his school is about ready for closing. Accordingly, you may look to see us, perhaps by Thursday, eager to pour over surveys and maps, for his publishers wish him to prepare for American youth a second book of Canadian travel.

We are advised that the first week of July there will be rather considerable gatherings of Indians at Osnaburgh House, Ft. Hope, etc. to receive treaty payments delivered by Indian Bureau aviators. We are anxious to ascertain whether it may not be possible for Robert to fly with one of these men from Osnaburgh House to Ft. Hope. A boy's account of such flight would make splendid reading for our youth.

Dear Sir:- Re: James Wynne,Moose Band,No 83.

This man,with his family,is now resident at Elsas on the Line of the Canadian National Railway.

He claims that he received his last Treaty money in the year 1922. That there are ,besides his wife,five children - Lizzie,Lydia,Agnes,Dorothy and Peter - still living and eligible for Treaty.That Lena,another Girl died December 1924.That one daughter,Margaret,now married to John Lacroix, and living at Peterbell,has had her Treaty Commuted.

He asks that his money be sent either in my care here,or be for warded to him,direct,at Elsas,where there is a Post Office.

Will you kindly look into this matter and advise me as to what action you are taking,and oblige.

Honourable Sir:-

If my memory serves me correctly I think I promised to drop you a few lines regarding my trip into the James Bay district.

I left Ottawa on the 14th of June for Remi Lake where I took the hydroplane for English River, Ogoki, Albany, Attawapiskat and Moose Factory. I made this part of the flight in the short time of two weeks; then I took the rail for Sioux Lookout from which point I flew into Osnaburgh and then to Fort Hope. At the latter point I met your son who apparently is enjoying the outing as he looks more hail and hearty than he did when you and he called at the office. He certainly has the very best of company to travel with as I know that there is no more congenial person residing in the country than Bishop Anderson. I am sure His Lordship will do everything he possibly can to assist him in getting any desired information for his proposed history.

I am sorry that I did not have more opportunity to associate with your son as he is so agreeable. Such boys are always sure to make friends wherever they go. I am sure you have reason to be proud of your worthy son.

Yours truly,

Your letter of the 22nd of June received, but as the official in charge of this work was absent on the Treaty payments, your letter has been left unanswered until his return. Cheques in favour of John Reuben, Geo. Sutherland, Tom Sutherland, Mrs. H. Moore and Jos. Allisapie will be forwarded to you under separate cover. Cheques for John Sutherland, David Sagibishcome and Lawrence Wesley have not been issued as no explanations were given regarding the changes in the number of persons in these families. In future you should not apply to the Department for the annuity of Indians unless they produce their annuity tickets giving the Band and Band number and also fully explain any changes that have occurred in their families.

Not knowing your name and as the signatures to your letters are almost indecipherable, we have in the address used a name as near as possible to what we think it should be.

S.Paul's Mission, Albany, James Bay.

New School Building towards which the Dept. of Indian Affairs has pro[illegible]d a Grant.

The foundation is twenty feet by forty feet, and is built of logs squared ten inches, there being three tiers of logs making the foundation two feet six inches in height. Each log in the foundation is covered with a heavy coating of Stockholm Tar. The cost of cutting the logs, rafting them down the river to the mission, hauling them up the river bank, squaring and buildung them into the foundation was slightly over $300.00.

On the log foundation we are erecting a frame building, the length of which is twenty feet wide, and forty feet in length, and from the ground to the eaves thirteen feet. The studding is 2 x 6 scantling placed two feet apart. The sheeting is B.C. Fir. The wall plates and corner posts are of lumber 6 in. x 6 in. The height of the school, room from floor to the ceiling rafters is 9 feet. The ceiling rafters or joists for the floor of the upper room are of B.C. Fir 4in. x7in. This material I obtained by purchasing from the Trading Companies four Scows. The cost of a Scow is $50 and it costs about $ 15.00 to take a scow apart so that the material may be useful for building purposes. The Doors and Windows cost at the factory in Sudbury $178.00 and th that must be added the River freight from ~~Albany-t~~, Pagwa to Albany, which is approx. $50.00. The roofing material is Eastlake Galvanized Shingles, and it will take 18 cases to cover the Roof. These I have in readiness The first cost of the shingles being $152.00 and the freight on same approx. $60.00

The outside of the building will be covered with cove siding which I have on hand having obtained it from G B. Nicholson of Chapleau. This ~~50000~~ 5,000 feet of lumbercost landed at Albany is $800.00. I have over $75.00 worth of White lead and Paint oil on hand for the painting of the building outside.

At the present time the building is advanced to the stage of erecting the roof rafters I have ordered from the H.B.C. at Moose sufficent country sawn flooring for the Building, and it wil arrive by the schooner in the course of the next month.

The upper part of the building will form a storeroom for supplies and would also be suitable if properly finished for a second class room. The main school room will be capable of desk room

Dear Sir:-

I wished to notify you that the Metataban family have been placed on rations since the beginning of December last, this could not be avoided as I took Sandy Metat away, and the younger son John is pretty young as yet to support the family; I am taking the the wife Jane and the daughterLaura out to the line as witnesses for this case, if they are not here whenyou come back this year to pay Treaty would you please leave their money at Albany for them until their return.

When I was at Attawapiskat on patrol in March I received information to the effect that Thomas Chakasim a half-wit was in pretty poor condition, he is drawing a Government ration and is living with a relation but this man finds it hard to live at times as he has a large family, I would respectfully request that this man if possible could have his allowance madea little more, however you will know about this man but as I heard this I thought it would be best to let you know.

Also at Attawapiskat I heard that there was a bad case of mental deficiency existant on the Ekwan River, namely Mary Longpeter, personally I have not as yet seen the woman, but I heard that she would be at the post when treaty is being paid, I would like if possible to have the docter who accompanies the party examine her, and if it is a very serious case possibly it would be the best to deal with it, I am leaving this communication in the care of Mr. J.W. Anderson who is Manager of the Hudson's Bay Co here at Albany.

Dear Mr Avery.-

I am flying with the above concern and operating out of Hudson around the mining camps to the North. When I heard you were coming to Sioux Lookout I flew down to see you and have a chat, but found you had left with Jack Leask on the western end of your trip. When you returned I was down at Senneterre Que. doing some flying there so we missed both times. Would have liked to have seen you and discussed old times and maybe taken you on at horse shoes again as I remember you were decidedly a winner last time we played at Remi.

you about your trip next year as we would like to take you around in a real machine. We use Fokker monoplanes with a closed cabin with a heating arrangement, carrying four people at 90 miles an hour and our motors are muffled so that conversation is quite easy in the cabin. I knew if I could show you the machine and how comfortable it is to fly in that you would never be satisfied with an H. boat again.

We have the organization and machines to carry out any remote flying and our work last winter to Ft. Churchill for the Dept. of Railways and Canals is well known in Ottawa.

I would like to hear from you in any case Mr. Amey and if your trip is open for next year let me know care of Western Canada Airways, Hudson, Ontario. Sorry to have missed you and with kindest personal regards I am.

Sir:-

I received your communication this morning and indeed am very sorry that I did not have the pleasure of meeting you when I was at Sioux Lookout. I certainly have not forgotten our pleasant associations together and certainly made enquiries about you during my trip.

I am pleased to know that you are still engaging in aviation and I am confident you will give the same satisfaction to your new employers as you did to the Ontario Air Service. I had a most enjoyable trip this year and needless to say cannot but speak very highly of the service rendered to me. I had Major Clayton and Geo. Doan with me to The Bay and Major Leach and Mr. Billington with me to Osnaburgh and Fort Hope. These men, you know, are superior air-men in every respect.

I note what you say regarding my trip next year. At present it is rather difficult for me to make any definite statement, but in all probability I will call for tenders and certainly will not pass giving you a chance to figure on the same that is providing your Company will be in a position to carry out the undertaking and not disappoint me. I think you know I was turned down twice in one year by two different commercial firms and I feel somewhat under a debt of gratitude to Captain Maxwell and the Ontario Air Service in coming to my assistance when I was really up against it.

Wishing you every success,

Yours very truly,

Dear Mr. Walker:-

I received your letter this morning and am sorry to hear that there is an outbreak of chicken-pox and some other kind of skin disease among the Indians of the English River Band.

I am also sorry to hear that old Indian Mattamas has been deviating from the right path. When at English River, I was informed that this man was behaving himself properly and for this reason I wrote to Constable Trolove not to arrest him and take him out to jail. If he is still guilty of the crime which you refer to, he certainly should not and will not escape the clutches of the law, but will sooner or later be brought to justice and probably receive the punishment which the crime merits. I sincerely hope he will not get off as lightly as old Sandy Metat, but that a flogging will be attached to the punishment.

I am glad you received the books, etc., which I ordered for you. I will send you a number of the photos of the English River Band as soon as possible.

Wishing you every success in your work at English River,

I remain,

Yours truly,

DearvSir:

Have received song book and drill instruction book also football, three base balls and am now awaiting a package containing the skipping ropes and abucuses.

I thank you very much for your interest with me in this good good work, enabling me to overcome the difficultiesthat appear from time to time. I must say there is a marked improvement in the childrens eagerness to acquire the use of the English language. If only they could continue during the winter while away with their parents I am sure that in a very short time the majority would be speaking the language with some understanding.

While you were here I forgot to ask you if it were possible for me to obtain a print of the photograph of the tribe. Perhaps if you have the negative you could do me this favour.

Enclosed you will find the school returns for Quarter. I have marked the fact of the low average due to sickness which you can readily understand. We are having our share of sickness this year there is another epidemic spreading wich appears like huge water blisters and then bursts forming a scab. It is not fatal but is certainly unpleasant.

The Mattamas family have all contracted the Chicken Pox. The eldest girl has just recovered from a severe attack of suppression of the menses. This may be due to another visitation by her father if so, I shall be able to determine next month and then I shall write to Mr Trolve, the M. P. at Moose.

However everything else and everybody are getting over their their troubles and progressing nicely.

Hope you are enjoying the best of health after your flighty trips around the Bay. I don't suppose you will be attempting a worldn non stop flight just yet but if you continue thereis no saying what you will do!

With all best wishes,

I remain,

Re my letter of the 21st instant, I now beg to enclose two photos of the English River Band.

Regarding the Indian Mattamas, I wish to state that Constable Trolove in his report to Commissioner Starnes refers to the matter and also states that through my instructions no action had been taken. I took this attitude after careful enquiries, being informed that this man had been conducting himself right since the time he was brought before me, two years ago. The Department has replied to Commissioner Starnes giving him this information, but telling him that action should be taken against this man if he is still guilty of this serious offence.

Dear Mr. Spence:-

When making the annuity payments at Fort Hope, two boys, Adam and Jeremiah Shugonaqueb, claiming to be sons of Mark Shugonaqueb, No. 243 Fort Hope Band, appeared before me and asked that they be paid their annuity.

They claimed that they had been paid annuity with their father, but that their names had been struck off. I could not pay them but promised to look up the records. I find that Mark Shugonaqueb was paid for the first time under his own number in 1921, his wife being a non-treaty Indian. This year Shugonaqueb was paid for himself, his wife and three girls.

You can readily see that the claim of these two boys to be his sons by this marriage is without foundation and unless they can produce further evidence as to the validity of their claim, I am sorry I cannot see the way clear to place them on the list.

JUL 25
RECORDS

Ottawa, July 18th, 1927.

Sir:-

I am submitting, herewith, my report on the annuity payments throughout Treaty Nine, James Bay District, for 1927.

The Trip.

On the 14th June, I left Ottawa for Remi Lake, the summer quarters of the Provincial Air Service. I arrived at Moonbeam, the nearest railway station, about 9.30 the next evening and at once engaged a taxi to take me to the Lake, about five miles inland. Then I secured a canoe to take me across the lake to Remi Island six miles away, arriving there about mid-night. Here I was joined by Dr. Bell of Sioux Look-out who had arrived earlier during the same day, also by Captain Maxwell, Director of the Provincial Air Service.

Early on the morning of the 16th at 6.25, we embarked in the air-ship H. S. 2, L., in charge of Major Clayton, pilot, and Geo. Doan, Air Engineer, for English River. The weather was ideal. We flew at a height of over five thousand feet, passing over the town of Kapuskasing and a tract of country covered by dense forests, reaching English River at 9.25.

The next day, Friday, June 17th, we left at 9.30 for Ogoki. We reached the junction of the Albany and Kenogami Rivers at 10.30 where we landed at the cache to refuel. We rose again at 11.45 and arrived at Ogoki at 1.15.

On Saturday, June 18th, we again set sail for Albany at 12.25, following the Albany River. We reached the Forks at 1.35 where we landed to refuel. Leaving again at 3 o'clock and aided by a most favourable wind we reached Albany at 5 o'clock.

On Wednesday evening, June 22nd, we left for Attawapiscat at 7 o'clock and reached there at 8.15, departing on Saturday, June 25th, at 11.40 for Moose Factory. We arrived at Albany at 12.40 to refuel and have dinner. At 3 o'clock, we again set sail arriving at Moose Factory at 4.45. On Wednesday

morning, June 30th, we left Moose Factory at 9.30 for Remi Lake and after a somewhat rough flight we reached the latter place at 12.30.

From here we left for Sioux Lookout to complete the work in the Western division. Owing to inclement weather we were unable to fly on Friday, July 1st, but left Saturday morning, July 2nd, at 8.45 for Osnaburgh, the plane in charge of Major Leach and Engineer Billington. We reached Osnaburgh at 11 o'clock after a very bumpy flight during which we encountered a heavy snow-storm making the trip a very cold and disagreeable one. We left Osnaburgh for Fort Hope on Monday evening, July 4th, at 5 o'clock, arriving there at 6.45. We left on Wednesday afternoon at 1 o'clock for Sioux Lookout which place we reached at 5 o'clock, thus completing the last stage of the work of flying.

Annuity Payments.

As soon as possible after reaching the different posts I set to work to pay the annuities, while Dr. Bell was busy looking after the sick. At all the payments the Chiefs and Councillors were present. The membership of the various bands is as follows:

	Men	Women	Boys	Girls	Total
English River, ...	20	21	25	25	91
Ogoki, ...	26	35	44	37	142
Albany, ...	234	258	383	297	1172
Moose Factory, ...	85	88	90	89	352
New Post, ...	4	8	5	7	24
Osnaburgh, ...	88	117	158	147	510
Fort Hope, ...	118	140	170	161	589

There was a net increase of 39 in the population since last year. The total number of births being 116, of deaths 74, and net increase from other causes, 54, net decrease from other causes, 57.

Occupations.

Most of the Indians in this district are bush Indians who earn their living by hunting and fishing. They gather at the different posts each year where they remain for a short time to renew their friendship before again returning

arrears of annuity, was due this family, but instead of giving it to them, I placed it in trust with Revillon Freres Trading Company with orders to advance it to them in supplies as they needed them and to account for same to the Department.

I also sent out to the Sioux Lookout Hospital, the son of John Ka-Ke-Ka-Ke-Kung, No. 185 Osnaburgh Band. This boy's limb will have to be amputated in order to save his life.

The Hudson Bay Company brought down to Osnaburgh from Cat Lake, an Indian whom they declared was insane. Both Dr. Bell and myself interviewed this man, and though somewhat peculiar, yet we did not think him bad enough to send out. I authorized the Company to give him a tent, and I, myself, equipped him with clothing from the supplies which were forwarded by the Department for relief purposes.

Elections.

Chief Ritchie Wamestagooche of Moose Factory Band died during the past winter, so I held an election. John Fletcher, No. 86, was elected Chief and Caleb Cheena, No. 101, was elected a Councillor to fill the vacancy caused by the election of Councillor Fletcher as Chief.

Education.

It being the holiday season, I was unable to see the pupils at work in the schools.

I, however, visited the Boarding Schools and found them in very fair condition. At Moose Factory I discovered that an idiotic creature was sleeping in the same apartment as the girls. I strongly protested against this, and I believe steps are now being taken to have her removed.

I approved of the two daughters of James Longpeter being admitted into the Albany Boarding School. I approved of the son of Chief Archibald of the New Post Band being sent to the Sioux Lookout Boarding School and also of the transfer of Hugh Roderick McDonald from the Moose Factory Boarding School. Re this transfer, I beg to refer you to letter of the 5th July, 1926, file 44-6-10, I agreed to send them a requisition for transportation from Cochrane to Sioux Lookout.

I also approved of the application of Alfred Goodwin, son of Widow John Goodwin No. 30 Fort Hope Band, for admission to the Sioux Lookout school.

At Albany I inspected the new day-school which has recently been erected by the English Church at a cost of over three thousand dollars. Las year I recommended that a grant of one thousand dollars be given to assist in the undertaking. The Indians themselves raised about five hundred dollars. The Department gave a grant of eight hundred dollars, but I candidly believe that this amount should be increased to twelve hundred and certainly not less than one thousand dollars, as I think the claim is a worthy one and should be met.

I visited the site of the new Roman Catholic Boarding school. It is about three or four miles up the Albany River from the present school and the site seems to be a good one. The foundation is dug out and at present they are busy putting in a saw-mill. It will be some time before this school will be completed.

I was unable to get any information re the four children sent to the McIntosh School from Hearst last summer. In fact it is almost impossible to glean from Indians any information of this character and as Mr. Anderson is a new factor, he also was unable to throw any light into the matter.

Requests.

The Chief of Osnaburgh Band asked that the following supplies be sent him next spring:

Four bags of seed potatoes;
One pound turnip seed;
Five packages of carrot seed;

Rev. Mr. MadDonald asked that five gallons of CodLiver Oil be forwarded to him, c/o Mr. Sells, Ombabika, to be forwarded to Fort Hope. No Cod Liver Oil was forwarded before on account of delivery of the drugs being made during the winter.

There are a large number of Indians living in Cat Lake District who are in need of medical assistance. I strongly recommend that the following drugs be sent to Cat Lake next year, addressed as follows:

The Hudson Bay Company,
Hudson, Ontario.
258-HB-K.12.

1 gallon cough medicine;
1 gallon white liniment;
1 gallon cod liver oil emulsion;
1 pint castor oil;
1 pound absorbent cotton;

12 packages gauze, 1 yard, S & J;
1 pound Iodine;
2 pounds Citrine Ointment;
1000 Seetosal tablets;
3 dozen 3 ounce bottles with corks.

The Chief of the Osnaburgh Band complained that a white man named Geo. Austin is trapping beaver and other at Blackstone Lake near Lake St. Joseph, and that he has threatened to shoot the Indians who attempt to hunt there. They threaten to shoot him if he again resorts to tactics of this kind.

The Indians residing around Cat Lake asked to have a reserve set aside for them, but I informed them that this could not be done as their allotment was included in the land already set aside at Osnaburgh as Osnaburgh Indians.

Two boys claiming to be sons of Mark Suganaqueb, No. 243 Fort Hope Band, claim that they were formerly paid with their father, but pay-list did not show that they had been paid. I promised to look into the matter and if their claim could be established, I would send them their money. Their names are Adam and Jeremiah.

Robert Sheshiquan, No. 31 Moose Factory Crees (Missanabie) asked that his annuity for 1927 for himself, his wife and three girls be sent to him c/o The Hudson Bay Company, Moose Factory, Via Island Falls.

Mr. Ray asked me to do what I could to have the Department pay the expens account which he submitted for taking Willie French out to Cochrane jail for infringements of the Indian Liquor Act.

At all the points which I visited, the Indians live for only a short time during the summer months and then return again to their hunting grounds.

At every post the Indians were called together addressed by Dr. Bell and myself and an opportunity given them ask questions regarding different matters. On the whole, I fo things quite satisfactory notwithstanding varying conditions. also have made the trip as economically as possible and trust tha whatever I have done may meet with your approval. I have taken several snapshots which I think would be of interest to the Department and I am attaching them hereto.

Dear Sir I am writing you to ask if you will kindly send me the Badge for Councillor Robt Ask- which Joseph Keesicquayash lost. as he has asked me to write you to send it. I am also requesting you to please send on the nails you mentioned at Treaty to me - to Hudson and I will fetch them myself.- I am also asking you if you will kindly send me for myself and the Indians.- early next Spring! Enough Roofing for 1 House as I am to have another House Built at the Payment Grounds.- also if you will be good enough to send me all to Hudson here for next Spring Enough Seed Potatoes for myself & some of the Hardup Indians. for which I would be glad. Also please send to Wapiti some more Cough Medicine if you can as there are very bad Flues going around- it is all done also most of the Medicine was left at the HB Post.- but no Cough Medicine at all now. I am not too bad at present myself- I am telling you I brought down some Indians here & canoes to take up to Wapiti to Freight.- so that is giving us some work. I hope you are well after your long journey & thanking you for all favors on my behalf. Yours Faithfully James Reuben. "Chief"

Sir:-

In reply to your letter asking for a badge for Councillor Ash, I regret that there is not one at present in the Department. Regarding your request for roofing and nails, I might say that the Department does not make a practice of furnishing materials of this kind to Indians, however, Mr. Awrey has asked that an exception be made in your case, since you wish to build on the reserve and purpose placing some of the land under cultivation. You should, however, state the number of rolls of roofing you require as well as the amount of nails. On receipt of this information we will send you the above supplies to Hudson on the understanding that they are to be transported from there by you free. I shall also send you, next spring, the seed potatoes for the Indians. Regarding the drugs, I beg to inform you that the Department will send drug supplies only to one dispensing place at Osnaburgh and as the Hudson's Bay Company has always looked after these supplies, the Department will continue to send the supply of drugs to them.

I note your remark re-applying for Annuity for Indians, as I have applied to Department for these Indians on account that No Agent ever calls to see them, and having in view that it is apparent it is causing the Department a considerable lot of trouble to look them up, I feel that next year these Indians will simply have to make the trip to Moose Factory to get this annuity as I will not be troubled any more about it.

Dear Mr Awrey:-

Mrs A.Goodwin has asked me to write you as follows regarding her little daughter Vadney.She would like to have her go to the Public School,in Cochrane,Ont & to live with her sister there.Do you think that you could arrange the usual allowance allowed one child to be paid to her sister in Cochrane for her board and clothing.She would prefer to have this little girl ~~xxxx~~ under the care of herm married Sister in Cochrane if it can be arranged by you.

Her boy Alfred is now at the School near Sioux Lookout.Of course if it cannot be arranged to pay her board at Cochrane with her sister,she will be compelled to send the girl up to Sioux Lookout,but there is no doubt but what the child would be better under her Aunt's care.

Dear Mr. Spence:-

I am very sorry that your request regarding the little daughter of Mrs. A. Goodwin cannot be granted. On receipt of your letter I interviewed the Superintendent of Indian Education. He says the Department has, at a great expense, erected a boarding-school at Sioux Lookout where children of Indian parents may receive the best of educations and also the best of care. If this little girl is over seven years of age and is healthy, you may at the very earliest convenience send her out to the Sioux Lookout boarding-school. This is the best I can do in the case.

Dear Mr Aurey,

Re widow Shawayahamaisk, #234 Fort Hope Band. You say the daughter is married to Joe Bottle.

The only Joe Bottle I have under that name is #207 Lac Seul Band, his name is Jas Fobister or Joe Bottle, he is a man of 47 married with a family of 7, so I do not think it can be him, There is another man #353 John Fobister or Bottle, no doubt a son of #207, who was reported single, and his Treaty money paid to the Councellor William Tuckoosequan, as he was away working at the Mines at Red Lake. He was not reported as married so was only paid as one man, this is perhaps the man referred to, if so, things will be straightened next Treaty.

Pay Henry Utaffie No 82
Moose Factory annuity for 1927
No. 3-44

The Secretary
Department of Indian Affairs
Ottawa, Canada. sent Oct. 10/27

Dear Sir. Referring to yours of Sept. 15th 1926, I wish to say that Henry Utaffie No. 82 Moose Factory has requested me to apply for his treaty money. This reminds me that the cheques you sent me last September will also be expecting to receive their money when they come in to see me. I shall be glad therefore to receive cheques for those unless you have already paid some of them elsewhere.

There is only one of last years cheques that I have not disposed of and that is one in favour of Mrs Enoch Sutherland Go Moose Factory. I have been unable to reach her though I sent word that I had her cheque. The fact is that she ran away from her father and has been living with a Frenchman by name William Philion in the bush and up the river from Mattice. I am told that a child has been born and that the man is to see me. So far he has not come. I have been told that the man has a wife living that I have been unable to have this confirmed.

Yours Sincerely
John G. Moosonee

My dear Mr. Awrey:

Herewith attached please find our invoice relative to the transportation of the Treaty Nine Party, 1927.

You will be glad to know that our season thus far has been most successful. At the time of writing the Service has flown approximately 4500 hours, which is 1000 hours more than we had flown at this time last year. You undoubtedly have heard that we this year tried out new aircraft purchased from the De Havilland Aircraft Ltd. of England. These new machines for spotting fires have proved very successful indeed. We have operated the Moths for a period of approximately 600 hours and we find from our reports that the average fuel consumption is approximately 3.8 gallons per hour. This you must know is certainly a considerable saving in fuel as compared with the Liberty engine, which used 24 gallons per hour.

I trust that your summer has been most pleasant indeed. Looking forward to seeing you on my next trip to Ottawa, which should be in the near future.

Sincerely,

L. D. Maxwell

Dear-Captain Maxwell;-

Your letter of the 26th ultimo received today, the delay being due to my absence from the city. As requested I now beg to enclose cheque No. 1711 for $3,000.00 being payment in full for the services furnished by the Provincial Air Service of the Ontario Government.

I wish to thank you and your efficient pilots and mechanics for the excellent service and great courtesy shown me during the whole trip. I wish also to particularly thank you for your assistance in aiding me to arrange and carry out the trip successfully.

I am pleased to learn that you had a most successful season; at the same time I wish to join with you in expressing my regret for the loss of two of your most efficient officials, Messrs. Medcalfe and Tully in their attempt to make a successful trans-Atlantic trip.

At present I cannot say what arrangements will be made regarding the trip next year. I fancy I will have to call for tenders as some of the commercial aeronautical companies have been asking for an opportunity to tender. If you are in Ottawa, I shall be pleased to meet you again and hope you will call upon me.

Yours very sincerely,

With Cheque.

Reverend Sir:-

In reply to your letter of the 26th ultimo asking for Treaty Nine annuity for David Sutherland, No. 108 Albany Band, I beg to inform you that the annuity will not be paid him until he gives more satisfactory proof of the number of persons in his family.

At the distribution in 1925, this man was paid for himself, his wife, two girls and two boys. He now asks for the same number of shares though a birth has occurred since he was last paid. This would make seven shares instead of six. An explanation is required regarding the other child. A cheque in favour of Henry Utappe will be forwarded to you at an early date. The annuities due the other members of Treaty Nine will be sent to you when the applicants furnish you with the correct number of persons to be paid.

My dear Mr. Awrey:

Acknowledgment is made with thanks of your very nice letter of October 7th with cheque enclosure. I appreciate exceedingly your very kind expressions in connection with the Service of the Ontario Government.

With reference to your remarks in connection with the possibility of tenders being called for flights next year, it might be well to advise at time of tenders that the gas supplies of the Ontario Government Air Service at Remi Lake, Moose Factory, Albany and Attawapiskat are not available for the use of commercial enterprise. These supplies are placed at these points for our Service in the event of emergency or hazard conditions.

Looking forward to seeing you on my arrival in Ottawa, which I hope will be within ten days' time.

Again thanking you for your prompt attention in forwarding the cheque in payment for transportation Treaty 9 Party James Bay District.

Dear Sir. Referring to yours of the 4th inst. I wish to say that I have been able to confirm the information given me last May by David Sutherland by inquiries at the local Hospital. His wife and children were all at the hospital, ill with various diseases, and the matron tells me that there were two girls and one boy brought in. The mother gave birth to a boy in the hospital. One boy must have died after the distribution in 1925. When a death occurs while these Indians are trapping in the winter, they often bury at their camping or hunting ground. At any rate the matron understood that the whole family were there.

I received the cheque in favour of Henry Thappe and duly banked it in his local account here according to his instructions to me.

Yours Sincerely

Sir:-

I received this morning three cheques which were issued in August, 1926, by your instructions. I scarcely know how to deal with these cheques as you know we make a claim on the Ontario Government for the money paid out in annuities to Treaty Nine Indians. The Ontario Government has paid us for these persons but it would not look good business on our part to now refund to the Ontario Government the amounts paid. It would appear these Indians do not know their own minds for one minute so I think it would be advisable in the futur not to pay any attention to their applications since they are really rovers not having any fixed place of abode. I might add that one of these parties Mrs. Papoonaches appeared for payment this year at Fort Hope but of course I did not pay her for 1926 as I thought she had received the cheque. In future I think it would be better for you to tell them to send in an order with some other Indian to get their annuity providing they are not able to appear themselves. I think you understand the difficulties that arise in not having Indians cash their cheques which have been issued for them.

Gentlemen:-

As the time is again nigh when arrangements must be made for transporting the Treaty Party to the various posts in the James Bay district and in compliance with my promise to Mr. Brintnell, I am now giving you a chance to tender for the same. This work, as you know, has in the past been done by the Ontario Air Service in two divisions, the eastern and the western, but it will not matter much to me how the work is done this year, as long as the Schedule of dates arranged to be at the different posts is carried out.

I have no doubt as to the capability of the Ontario Government to carry out the trip as per the Schedule attached hereto, but I cannot say how you are situated to do the work. Although I state the starting point is Remi Lake, yet any other place would suit me as long as we could reach the various points at the time specified in order that the Indians may be on hand to receive their annuity and other attention. Any point more convenient to the railway than Remi Lake would even suit me better.

In submitting your tender you can figure on allowing me 17 full days at the posts, namely,

English River,	one day;	Attawapiscat,	three days;
Ogoki,	one day;	Moose Factory,	three days;
Albany,	three days;	Osnaburgh,	three days;
		Fort Hope,	three days.

With fine weather the whole work can be done in three weeks. The Department considers that the cost of the plane has been too high considering the time required to do the work, so I hope you will make the tender as low as possible. I may not require the above time at some posts and more at others. In figuring on the cost, figure on allowing me 17 days; should I hold you longer than the 17 days, kindly state the extra per diem charge that you will make. On the other hand, if I am ready to go but you cannot fly on account of winds or inclement weather, then that is your loss. Also in tendering figure on my providing food and accommodation at the various posts, but in case of a forced landing, etc., I will expect you to carry along the necessary supplies of food and bedding. The Schedule as to the dates and places is enclosed. If you can suggest any more convenient starting point than Remi, I will be glad to consider the same or give you any further information you may desire.

In conclusion I might add that it is my ... to finish the trip at Sioux Lookout on Wednesday, July ... order to catch the train at 7 o'clock, on Thursday morn... leaves Port Arthur.

Yours truly,

... Awrey,

Subject: Tenders for Indian Treaty Trip. 200-F.4

My dear Mr. Awrey:

1. I have your letter of December 14th before me. Delay in acknowledgment was occasioned due to the fact that the writer was absent on a survey of aircraft and engines in United States. May I state quite frankly that the department have no desire to compete with commercial enterprise and these trips have been made in the past to accommodate you, as you know.

2. With reference to the use of gas, the property of the Provincial Air Service, at the various bases and Hudson Bay posts, may it be understood please Mr. Awrey that this gas is not for the use of commercial enterprise. Strict instructions have been sent to the various posts of the Hudson Bay and French Companies regarding the use of this gas. I particularly refer to the gas of the Ontario Government cached at English River Post, Albany Forks, Albany Post, Attawapiskat and Moose Post.

MEMORANDUM:-

Dr. Scott:-

On the 14th of December last I wrote to Captain Maxwell, Director, The Provincial Air Service, Toronto, and also to A. A. Oaks, Manager of the Western Canada Airways, asking them to submit prices for the transportation of the Treaty Nine Party of two persons to Osnaburgh, Fort Hope, Ogoki, English River, Albany, Attawapiscat and Moose Factory which would require the services of a plane for about three weeks.

Captain Maxwell in his reply quoted no figures, but stated that it was not the desire of the Provincial Air Service to enter into competition with commercial enterprises. He stated that the trips had been made in the past in order to accommodate the Department of Indian Affairs.

Manager Oaks has submitted a price of $2550.00 for the use of a plane for twenty days at the different posts, with an extra charge of $50.00 per day for each day the plane is retained longer than that time, it being understood that this Department will provide lodging and accommodation for the whole party while at the different posts.

During the past three years the Provincial Air Service charged $3000.00 for the trip for twenty days and an extra charge of $100.00 per day in excess of this stipulated time, it also being understood that arrangements for accommodation and food were to be made and paid for by this Department. In the event of a forced landing or mechanical break-down, the time caused by the delay was not to be charged. In these cases sleeping robes and provisions to take care of the emergency were to be supplied by the Provincial Air Board.

I might add that I think the plane provided by the Western Canada Airways is more suitable for the trip as it has a cabin which would protect passengers from exposure to severe winds, thus making the trip more pleasant.

On the other hand, passengers in the Ontario planes are exposed for the whole trip to the cold penetrating winds.

I cannot but speak in the highest terms of the kindness and courtesy of all the officials who have ever accompanied me on the trip, but if you are agreeable I think the offer of the Western Canada Airways Company should be accepted.

I shall be pleased to be guided by your opinion in the matter at as early a date as possible as the Company should be notified in order that they may make provision for the supply of gas for the trip.

Dear Mr. Hooker:-

I beg to enclose, herewith, a letter which I received from Mr. Thos. W. Gibson, Deputy Minister, Department of Mines, Toronto, Ontario, giving full information regarding the granting of Licenses to Indians.

You will see that all licenses expire on the 31st March, and that the fee from now until then is $3.00. I am re-enclosing the $5.00 which you sent me as I fancy that if the license is issued from the 1st April next, it will meet the requirements of Okitik. If he wishes to have the license issued at once, he may send the $3.00 direct to Thos. W. Gibson, Deputy Minister of Mines, Toronto, Ontario, who will then see that the necessary certificate is issued. If he wishes to continue the license for another year from the 1st April next, he should enclose $8.00.

Trusting this information may be satisfactory,

Gentlemen:-

Attention: Mr. Oakes.

Referring to our conversation regarding the schedule of dates, I beg now to submit a revised schedule showing the approximate dates when we should arrive at the different posts and showing the amount of time required. From this schedule you will see that the total number of days from the time we leave Hudson until we return, if the schedule is carried out, will be twenty days which I think will be sufficient time. Should I require longer time I will be willing to grant you the per diem allowance of $50.00 for each day I hold you longer than the schedule time.

Trusting to receive from you a tender as soon as possible in order that the proper notices may be sent out to the Indians in time to give them no excuse for not being present when the payments are being made.

Yours truly,

H N Awrey

Western Canada Airways
Limited

Winnipeg, December 27 1927

Western Canada Airways will make arrangements to keep a check on the progress of the Treaty party to avoid any delays which might arise from mechanical trouble.

A charge of $50.00 per day will be made for each day after the twenty that the machine is held by the Department of Indian Affairs. It is probable from the schedule outlined that the trip will be completed in less than twenty days.

Trusting that you will give this your favorable consideration,

Yours very truly,

MEMORANDUM:-

Dr. Scott:-

On the 14th of December last I wrote to Captain Maxwell, Director, The Provincial Air Service, Toronto, and also to A. A. Oaks, Manager of the Western Canada Airways, asking them to submit prices for the transportation of the Treaty Nine Party of two persons to Osnaburgh, Fort Hope, Ogoki, English River, Albany, Attawapiscat and Moose Factory which would require the services of a plane for about three weeks.

Captain Maxwell in his reply quoted no figures, but stated that it was not the desire of the Provincial Air Service to enter into competition with commercial enterprises. He stated that the trips had been made in the past in order to accommodate the Department of Indian Affairs.

Manager Oaks has submitted a price of $2550.00 for the use of a plane for twenty days at the different posts, with an extra charge of $50.00 per day for each day the plane is retained longer than that time, it being understood that this Department will provide lodging and accommodation for the whole party while at the different posts.

During the past three years the Provincial Air Service charged $3000.00 for the trip for twenty days and an extra charge of $100.00 per day in excess of this stipulated time, it also being understood that arrangements for accommodation and food were to be made and paid for by this Department. In the event of a forced landing or mechanical break-down, the time caused by the delay was not to be charged. In these cases sleeping robes and provisions to take care of the emergency were to be supplied by the Provincial Air Board.

I might add that I think the plane provided by the Western Canada Airways is more suitable for the trip as it has a cabin which would protect passengers from exposure to severe winds, thus making the trip more pleasant.

On the other hand, passengers in the Ontario plane are exposed for the whole trip to the cold penetrating winds

I cannot but speak in the highest terms of the kindness and courtesy of all the officials who have ever accompanied me on the trip, but if you are agreeable I think the offer of the Western Canada Airways Company should be accepted.

I shall be pleased to be guided by your opinion the matter at as early a date as possible as the Company should be notified in order that they may make provision the supply of gas for the trip.

Mr. Pratt.

Attached hereto is a memorandum from Mr.H.N.Awrey who pays treaty money to the Indians in the Albany River districts. He travels through the air and I know of no reason why we should not make an arrangement with the Western Canada Airways. Their planes are much better equipped than the Ontario planes and I think we ought to consider the comfort of the people in our service who take these risks.

Dear Mr. Maxwell:-

I beg to inform you that the Canadian Western Airways has been given the contract to convey the Treaty Nine party this year to the different posts in the James Bay district.

In giving them this contract I do not wish you to think that it was due to any inefficiency on the part of yourself or any officials who have accompanied me in the past on these trips. Indeed I wish to thank you for the kindness you have always shown me and in no small way do I attribute the success of my aeronautical trips to your efficiency.

I always enjoyed the company of the men whom you sent with me, but as I stated to you some time ago, I had to call for tenders and even before giving the contract to the Canadian Western Airways I had to get the approval of the Minister.

Again thanking you for your kindness and wishing the Provincial Air Service which is under your direction, the very best of success,

Yours truly,

H. N. Awrey.

Ottawa, January 30th, 1928.

Dear Chief:-

I beg to inform you that Mr. Awrey of the Department of Indian Affairs, has again been appointed to make the treaty payments. He and the doctor, who will accompany him, will arrive by plane at Ogoki on or about June 22nd, 1928.

As it will not be possible for the party to remain longer than a couple of days, it will be necessary for the Indians to be on hand to receive their annuity and such medical attention as they may require.

If any Indians are unable to be present their annuity may be paid to some reliable Indian providing an order is given with full information regarding the number of persons in the family; any changes that have occurred since last year must be fully explained. Unless this is done the paying-officer will have to refuse payment.

My dear Mr Avery

I have been asked by James Drake to write you concerning his Treaty money for last Summer.

What I understand from this man is this:- You were short of money last summer at Fort Hope and promised some Indians living at Ombabika that you would forward their money to Mr. Sells. It appears as I get it from James that all the money owing to the Ombabika Indians arrived except his and James is wondering if some one else received it or if he was overlooked.

I would be glad to receive your reply on this question so that I may set this fellow mind at rest.

It is reported that over 100 tons of mining machinery are to be taken into Fort Hope this winter so the old post may be shown on future maps in larger letters.

Everything quiet here just now and very little disturbance of any kind except some slight scandal coming to notice here and there.

One question you may be called upon to decide next Summer is the justification of Jonas.

Dear Mr. Race:-

I received your letter this morning making enquiries regarding the arrears of Treaty Nine Annuity due James Drake No. 182 Fort Hope Band. In reply I beg to inform you that no applications whatever have been received from anyone for the annuity due Drake. I might add, however, that I have not in any way neglected to send cheques to those who applied to me for the same. I will gladly issue a cheque in favour of James Drake if he sends in a certificate signed by you vouching to the number of persons, boys, girls, etc., in his family and fully accounting for any change in the number since last paid.

I am sorry to hear that the Indians are suffering more or less for food due to the scarcity of rabbits. This again calls to my mind the advice which I gave to the Indians that they should in the fall, make more or less provision for the winter in way of drying fish and providing winter wood for just such occasions as these. When times are hard Indians must work harder to eke out their existence.

I am glad to hear that you are getting along alright. I will miss you at Fort Hope when I arrive there by way of Osnaburgh on the 19th June. With best regards to Mrs. Race who, I hope, has become more efficient in playing Five Hundred,

Yours truly,

H. N. Awrey.

Dear Sir:-

FORT HOPE TREATY

Possibly you are aware that a considerable change is taking place at Fort Hope in Northern Ontario, in that a gold discovery has been made within five miles of the post and that a number of men are going in there this winter with a full equipment of machinery for developing the discovery. This is almost certain to have a bad effect on the Indians, and we are wondering if it will be possible for you to change the point for payment of treaty from Fort Hope to Lansdowne Lake. This point is less than one hundred miles from Fort Hope and would make but little difference as far as we can see to the aeroplanes going in with the treaty party. Our fear is that the Indians coming in from the surrounding country to Fort Hope to receive treaty in the summer time are sure to be brought into contact to a great extent with the mining operations, and the probability is that the Indians would be less inclined to return to their natural mode of living during the summer months than they have been under the old conditions.

We shall be very pleased to have your views on the matter and, if necessary, shall be glad to give you any further information we can.

LANSDOWNE HOUSE INDIANS

As you are no doubt aware there are mining activities starting up in the vicinity of Fort Hope. It has occurred to me that if the Lansdowne House Indians were paid treaty at Lansdowne House instead of at Fort Hope as in the past it would discourage them from coming to Fort Hope in the summer with their wives and families, and becoming corrupted, as is always the case with activities of this kind taking place in their midst.

Lansdowne House Indians are better able to take care of themselves at Lansdowne House than at Fort Hope, and if you can see your way clear to adopt my suggestion, I feel certain that the band would be all the better for it in the future.

I shall be glad to hear from you on the subject.

I have to acknowledge receipt of your letter in answer to my enquiry regarding Treaty Money of James Drake and after communicating the information to James he wishes me to request you to send him at your earliest convenience the amount that was due him at the last Treaty payment.

James says that he gave his certificate to the chief and this brings to my mind that before I left Fort Hope the chief gave me several certificates of those who had not drawn their money and these I left in the Hudsons Bay Safe.

However I can vouch that there are Eight persons all told in the family as per the following list

Another point I have been asked to write about is concerning assistance to those Indians who live all the year round at Ombabika. This, by the way, has to do with old clothing such as has been shipped from time to time to the Port Hope Band My own impression is that this free clothing is only an inducement for a great many Indians to lay up and quit work but as there often is an individual case where honest hard luck has brought want to a family I can see no reason why these cannot be dealt with individually and when the occasion arises. It has always been my experience that when the Indians know that clothing has been sent for their benefit the occasion is always at hand

Fur in this locality has been pretty scarce this winter and all of the Indians are pretty hard up, for spending money though most of them have had moose meat enough to live on

May I ask you to be good enough to

Dear Sir:-

Some days ago I was applied to by an Indian,James Luke by name, claiming to belong to the Moose Factory Band,to assist him in straightening out matters in connection with his Treaty Monies.I made note of the main particulars in his case which are as follows:-

At the time the Treaty was first made with the Indians,there was himself,his wife,Caroline,and three boys,Richard,William and David.He drew his Annuity two years after the Treaty was made,but moved over to Charlton Island,where William died shortly after he recived his last payment.His wife died,in child-birth at Rupert House shortly afterwards.The child also died.David appears to have been about three years old at this time,and was taken care of by his Grandmother,a~~s~~ Mrs Iserhoff..~~William~~ Richard,subsequently was admitted as a pupil at the Moose Fort Indian Boarding School, and apparently grew into young manhood there.When the recruiting took place at Moose Factory,this boy enlisted and went overseas,and was killed in the trenches.He does not know the day nor the year.David is still living.

On the 14th of September,1916.the father re-married.This time to a widow,Ellen Shy,of the Flying Post Band,and on July 10th,1917,a boy,Charles was born.

The ~~Widow~~ and her son Simon,by her first marriage have continued on the pay list for Flying Post,in the Chapleau Agency,and have received their annuity regularly.No money has been paid to the boy Charles, nor has the wife been accounted a member of the Moose Factory Band.

The applicant,as a general rule,resides in the neighborhood of Matachewan,near to the T.&.N.O.Ry.and only occasionally comes in to the Line. I asked him how it was he allowed these matters to run on so long and his reply was that he had on various occasions made application for his reinstatement and was always told that his application was being considered but nothing had ever come of it.He stated that,when the fire occurred at Biscotasing something over 14 years ago,his Treaty Ticket,with other belongings,which were in one of the houses,together with $200.00.of his savings were all burned.The loss of his ticket led him to believe that it could not be renewed unless he presented himself at Moose Factory when the payments were being held.

The above are the particulars just about as near as it is possible to get them from an Indian.It is always difficult to hold them down to exact dates or years.I think your records will reveal a good deal.I got the impression from this man that he was not desirous of obtaining anything that he was not justly entitled to.Ottawa will likely have the record of the son killed overseas.

This matter was more particularly brought to my notice owing to the condition that this ~~xxxxxxx~~ man's wife was found in down on the Matagamah River,out~~?~~ from Gogama,I had been called up to see her,and found that she had been brought in,a distance of over 60 miles,through the most severe weather on heavy trails,for medical attention.and had lain there for about three weeks with no attendant but her husband.I at once decided that her best place was in a hospital.We narrowly missed the train,owing to the heavy trail,but the C.N.R authorities very courteously held the "Confederation"till the patient reached the line,for 5 minutes.I was somewhat afraid she might expire ere we reached the Hospital.However the doctors diagnose her case as Acute Stomach and bowel trouble,and general debility.They hope that,if she continues to improve as she appears to be,She may return in the course of two or three weeks.

Owing to the fact that the husband's status does not appear to be determined - the woman evidently being still on the Flying Post List- I have some difficulty in instructing the Hospital authorities and the Doctors as to just where the charges, in this case belong.

I should be pleased if you will kindly give a ruling on the matter and instruct me as to what course to take.

The case is not likely to be a very costly one, the woman being eligible, for admission to the Public Ward, and the medical attendance ought not to be very high.

Believe me.
Very faithfully yours.

In reply I beg to inform you that James Luke was last paid in 1906. He was paid $24.00 for himself, his wife, three boys and one girl, but although enquiries had been made from time to time regarding his whereabouts, yet no definite information could be found. However, one of the boys appeared before the pay-master and was placed on the list under No. 132 Moose Factory Band and paid up until the time of his death.

According to the information given in your letter it would appear that the mother, one boy and the girl died shortly after the payments made in 1906. This would leave only two members in the family, namely, the father and one son, David, to whom arrears are due for the years 1907 to 1927.

It is further learned from your letter that James Luke was married on the 14th September, 1916, to Ellen Sky No. 38 of the Flying Post Band, but as she continued to draw her annuity for herself and her child, that was paid with her before her marriage, to date no arrears will be due her. However, arrears will be due James Luke for the son Charles, born July 10th, 1917, for the years 1917 to 1927, inclusive. This, as you will see, will make arrears due James Luke No. 91 Moose Factory Band as follows:

Arrears for himself and son David, 1907 to 1927 inclusive, $168.00.

Arrears for son Charles, 1917 to 1927 inclusive, $44.00.

I might add that Agent Godfrey of Chapleau is being written to regarding the payment of these arrears as it is not thought advisable to send a cheque to Luke for this amount but that it is thought that this money should be spent by the Agent in providing for necessary food and clothing. The hospital account for Mrs. James Luke, who will in future be paid with her husband under No. 91 Moose Factory Band, should be forwarded to the Department for payment.

I might also ask you to be good enough to inform Luke that he should have some responsible person apply to the Department in future, for his annuity, being sure to give the exact number of persons in his family which now according to the records will be one man, one woman and two boys.

Your obedient servant,

Dear Mr. Seguin:-

I beg to inform you that the Treaty party consisting of four persons namely, the pilot, mechanic, Dr. Bell and myself will again visit Fort Hope Post on or about June 19th. It is my intention to leave Hudson for Osnaburgh on Saturday, June 16th.

In the past, Mr. Race, your predecessor, was kind enough to provide lodging and accommodation for two of the party. I shall be pleased to learn from you if you can see your way clear to accommodate two of the party. I have writtento Mr. Spence asking him also to do the same. Of course all expenses are paid by the Government and as in the past, I am prepared to pay you for any trouble that you are put to. I expect we will remain at Fort Hope for three or four days.

Wishing you success in your new field of labour.

Sir,-

The Department recently received a letter from Bishop Anderson stating that Mrs.James Linklater, formerly Lily Archibald, has been sick for some time in the Cochrane Hospital. I am unable to just ascertain who this person is, so am applying to you for information. Is this woman a member of the New Post Band, and, if so, is she one of the girls who has been drawing her annuity along with the family of David Wynne, No.15 of the New Post Band? Sir:-

I shall be pleased to learn from you if an Indian by the name of Cephas Sheshequan No. 49 Moose Factory Band, is residing in your district. Some time ago this Indian made application for the arrears of annuity due him but a cheque was not issued as he did not give full particulars regarding his family.

At the last distribution that he was paid, in 1921, he was paid for only himself, but I believe he has since been married. Arrears are due him from 1922 to the present time and if he makes application for the same, giving full particulars of the date of his marriage and of the births of any children that may have been born, a cheque will be issued in his favour providing he has some reliable person to vouch to the correctness of the number in his family. Any information you can give will be appreciated.

Dear Sir,

Your letter No 3-44 reached me yesterday on my return from a trip up north. The following information I am pleased to be able to give you.

The Indian referred to in your letter Cefus Sheshequin resides in this town and has been here ever since he left Moose Factory.

He was married on the 24th September 1909, and as you state in your letter he has received treaty for himself up to 1921, his wife has been receiving treaty every year here, they have one child a boy born 29th April 1915 who has never received any treaty, n'or yet have his parents received any for him since his birth, Gilbert Sheshequin by name.

I trust the above information will meet with your approval.

Glad to be of assistance to you.

Ottawa, April 27th, 1928.

Sir:-

Your letter of the 24th instant received and I wish to thank you for the trouble you have taken. I regret that the information is not sufficient to warrant the issue of a cheque for arrears of annuity due Cephas Sheshequan. It is observed that you state this man was married on the 24th September, 1909, to a woman who you report has been, and is still, drawing annuity with some other Band.

I shall be pleased if you can ascertain the name of the Band and the Band number under which she has been drawing annuity since the date of her marriage and give the name of the Agent who has, during all these years, been paying this woman irregularly. On her marriage to Sheshequan she should have automatically ceased to be a member of her former Band and should have become a member of her husband's Band. It will, therefore, be necessary for Sheshequan to send in his marriage certificate to the Department and also a certificate from the Missionary or some other reliable person certifying to the date of the birth of his son Gilbert. On receipt of this information a cheque will be issued in favour of Sheshequan for all the arrears due him and also his son. Some time ago this Indian was asked to give full information regarding his family but neglected to do so and deserves to be censured for his neglect. It may be too much for the Department to ask you to secure the above information, but if you have not the time but can give the name of the Indian Agent, who, for so many years has been paying Sheshequan's wife in error, the Department would then write to him to secure the information. It will be to Sheshequan's own interest to have this matter straightened out. Again I express our appreciation for what you have done. In addressing a letter to the Department it is not necessary for you to place a stamp on same, if you put the letters O.H.M.S. at the top of the envelope.

Dear Sir,

I beg to acknowledge receipt of your letter No3-44 in reply to my letter of the 24th April. Mrs Sheshequin was married to Cefus on the 24th September 1909. I am herewith enclosing her treaty card which you will note is still in her maiden name, and is marked as belonging to Moose Factory Crees at Missanabie. I am also enclosing baptisimal certificate for their son Gilbert, as they have not got a birth certificate on hand, and I trust this will be satisfactory. I may say that Cefus is a very quiet inofensive Indian, does not speak English, so I guess he has been very bashful in attending to this matter, however anything you can do for him I am sure he will greatly appreciate.

Trusting this information will help clear this matter up satisfactorily. Sheshequin's wife has been paid her treaty every year by the Indian Agent from Chapleau named T.J.Godfrey.

I am,

Yours truly,

D M Stuart.

Sir:-

I beg to return, herewith, the marriage certificate of Cephas Sheshequan and Caroline Richards and also the birth certificate of their son Gilbert which you forwarded to the Department with your letter of the 1st instant and in which you so clearly gave the information which we asked for.

I am now enclosing cheque No. 702 in favour of Cephas Sheshequan for $88.00 being $12.00 annuity for Sheshequan, his wife and son for 1928, and $76.00 arrears. $52.00 are the arrears due his son for the years 1915 to 1927, inclusive and $24.00 are the arrears due himself for the years 1922-1927.

I am also enclosing a new treaty ticket for Sheshequan. You should advise him to apply regularly to the Department each year for his annuity, being sure to have yourself or some other reliable person certify to the number of persons in his family accounting fully for any changes which may have occurred in the meantime.

Thanking you again for your kindness in getting the desired information.

Your obedient servant,

With Cheque.

Dear Mrs. Reuben:-

I received your telegram this morning informing me of the sad death of John Reuben. I have examined the annuity pay-lists but have been unable to locate any person paid by that name. I have concluded that the telegram should have read Wm. Reuben and should this be the case, I wish to express to you my deepest sympathy in your great loss. I shall be glad if you will kindly inform me whether I am right or wrong in my assumption.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 14th instant applying for the Treaty Nine money due four families who are apparently members of the Osnaburgh Band.

I regret that I am unable to send you a cheque for each of these families as in each case it will be necessary for you to give the Band number under which each of these persons is paid. It will also be necessary for you to give the number of men, women, boys and girls in each family and if there has been any change in the number since they were last paid, it will be necessary for you to explain fully the causes of any increases or decreases.

If any members of the family are married it of course will be necessary to give the name of the Indian along with the Band and Band number under which he is paid. It will also be necessary for you to certify to the correctness of the information given. I might add that I am unable to locate the families on the Osnaburgh pay-list as the names which you now give cannot be locate

In future, when addressing a letter to the Department for my attention, it will be unnecessary for you to put a stamp on it, but at the top of the envelope place the letters O. H. M. S.

On receipt of the above information, I will be pleased to issue cheques in their favour which I will forward to them in your care.

Dear Mr. Awrey,

I had occasion to go through the fyles at Fort Hope Post today and discovered therein a letter dated April 3, 1928 and addressed to you by Mr. J. F. Seguin. In this letter he acknowledged your communication regarding the arrival of the Treaty Party for 1928 and expressed willingness to accommodate two of the party.

While at Fort Hope, you remarked to me that you had received no reply from Mr; Seguin, and I am thus prompted to write advising you that he did indeed acknowledge your letter.

The two priests arrived at Fort Hope on the evening of the Saturday you left for Ogoki. One of them, Father Tucure, is going up to Lansdowne today.

Yours sincerely,

Ottawa, July 17th, 1928.

J.D. McLean, Esq.,
Assistant Deputy and Secretary,
Department of Indian Affairs,
O T T A W A.

Dear Sir:

I beg to submit herewith my report of the payments of Treaty 9 Annuity, to Indians of the James Bay District, for the year 1928.

I left Ottawa on Wednesday, June 13th, for Hudson where I was joined by Dr. Day who was to accompany me on the trip.

On Saturday, June 17th, we left Hudson for Osnaburgh at four o'clock in a Fokker monoplane supplied by the Western Canada Airways Company of Winnipeg, and in charge of Pilot F. Farrington and Mechanic A.Roach. We however, were forced to return on account of lowering clouds. It rained all day Sunday but we were able to get away on Monday at 9.30 in the morning. We reached Osnaburgh at 11.45. At this point, and as is usual at all the other points, we were gladly received by the Indians and well used by the Post Managers.

Mr. C. Hooker is in charge of the Osnaburgh Post of the Hudson Bay Company. About five hundred Indians were assembled here ready to receive their annuity and free medical attention. We completed our work and left on Tuesday evening for Fort Hope where we remained till Saturday, June 23rd, when we left for Ogoki from which point we left on Sunday for English River. On Monday, June 25th, at 5.20 we left for Albany arriving there at 8.35. Continuing our trip, we left Albany on Wednesday evening June 27th, for Attawapiscat where we remained till Sunday July 1st, when we took the air for Moose Factory, the last point at which payments were to be made. We returned to Sioux Lookout, via Longlac on

Thursday July 6th, the whole trip having been made without any mishap whatever, the services rendered by the Western Canada Airways being satisfactory in every respect.

ANNUITY PAYMENTS

The annuity payments at each centre were made on the reserves when possible and in the presence of the chiefs and councillors to whom I gave not only a couple of plugs of tobacco, but also a small cash consideration for their services.

Osnaburgh Band

I paid the members of this band on Monday and Tuesday, June 19th and 20th, in the council house located on the Indian Reserve about one mile across Lake St. Joseph from the Hudson Bay Company Post, which is now under the charge of Mr. Claude Hooker,- Lawrence Vincent interpreted. James Rueben is the chief and Robert Ash and John Carpenter are the councillors. The membership of this band is made up of five hundred and seventeen persons, viz, eighty-nine men, one hundred and eighteen women, one hundred and fifty-seven boys and one hundred and fifty-three girls, being an increase of eight persons over the number paid in 1927. During the year there were sixteen births and five deaths. About eighty-five per cent of the members of this band belong to the English Church, the remainder to the Roman Catholic Church.

Fort Hope Band

This band was also paid in the council house built on the reserve which is about one mile across Lake Eabamet from the trading posts. Chief Papah and his four councillors were present. This band consists of five hundred and eighty-four members, viz, one hundred and sixteen men, one hundred and thirty-seven woman, one hundred and seventy one boys and one hundred and sixty girls, being five less than the number paid in 1927. During the year there were seventeen births and twenty-two deaths. About sixty per cent of the members of this band belong to the English Church, thirty-five per cent to Roman Catholic Church and the balance are Pagans.

Martin Falls Band

This band was paid on Saturday, June 23rd, at the Hudson Bay Company Post, located on an Island at

Indian Affairs. (RG 10, Volume 6889, file 486/28-3 pt. 8)

the junction of the Albany and Ogoki Rivers across the Albany River from the Indian Reserve. The membership of this band consists of twenty-five men, thirty-five women, forty-eight boys and thirty-seven girls, one hundred and forty-five members in all, being an increase of three persons, there occuring during the year seven births and four deaths. About fifty-five per cent of the members of this band belong to the English Church, the rest to the Roman Catholic Church.

English River Band

This band consisting of ninety-two members, viz, twenty men, twenty-five boys, twenty-one women and twenty six girls, were paid on Monday July 25th, in the school house in the presence of Chief Farries and his councillor James Suganaqueb. Last year ninety-one persons were paid, there being four births and two deaths during the year. Almost all the members of this band belong to the English Church.

Albany Band

The Albany Band is paid at two points, viz, Albany and Attawapiscat. The total membership consists of eleven hundred and ninety-four persons, being an increase of twenty-two over the number paid last year. The band is made up of two hundred and thirty-nine men, two hundred and fifty seven women, three hundred and eighty-six boys and three hundred and twelve girls. During the past year there have been forty nine births and twenty-eight deaths. At Albany the payments were made in the presence of the Chief and three councillors, but at Attawapiscat in the presence of one councillor, Xavier Chookomoolin who seems to be an Indian with intelligence above the average. About sixty per cent of members of this band belong to the Roman Catholic Church, the remainder are of the English Church.

Moose Factory Band and New Post Band

These bands were paid on July 2nd, 3rd and 4th. The Moose Factory Band consists of three hundred and seventy members, viz, eighty-seven men, ninety women, eighty-seven boys and ninety-six girls, being an increase of eighteen over number paid in 1927. During the year there were forty-nine births and twenty-two deaths. New Post Band consists of only twenty-one members, viz four men, eight women, four boys and five girls, being a decrease of three, due to three deaths during the past year. All the members of these two bands belong to the English Church.

ELECTIONS

Elections were held at Ogoki, English River and Moose Factory. Great interest was manifested at these elections, and though bribery was not apparent, yet tactics which I would not permit were tried. At Martin Falls, Henry Wenjick the former Chief was defeated, William Snipe being elected. The two councillors elected to assist him were Shapia Kay-Kay-Chewan and William Achnespeneskum. At English River, John Farries and James Suganaqueb were re-elected as was also the case with the Moose Factory Band, John Fletcher being re-elected chief, and George Hardisty, Angus Chum and Caleb Cheena being re-elected councillors.

EXTRACT ON 34-44

OCCUPATIONS

The Indians in the districts visited have now to depend almost entirely upon the hunt for their living. The trading companies are getting in supplies by plane, horses and by scows, this depriving the Indians of the work of freighting their supplies by canoe. They complained about this, but I told them it was something that could not be helped. I however pointed out at the same time that this state of affairs made it most apparent that they, like the white man, would have to work much harder, especially during the hunting season in order to make their living.

I am, however, pleased to report that some of the Indians are endeavouring to do some gardening and have asked for some assistance. I promised to send them some seeds and also some working tools which action on my part I trust will be approved.

HEALTH

I think the health of the Indians in the sections visited is very good. At Fort Hope and the other posts, there was an outbreak of flu but of a rather light type. Of course tuberculosis is very prevalent and I am afraid will not decrease unless the Indians follow out more closely the precautions which the doctors and ~~nurses~~ at every opportunity try to impress upon them.

EXTRACT ON 34-44

RELIEF

Due to the scarcity of work and the paucity of rabbits and fish, a greater demand was made for relief. I again

instructed the Companies to give relief where it was necessary, but to more more slowly if it was observed that want was being brought on by slothfullness. I particularly told them to see that the old and infirm widows and orphans were properly looked after, and authorized them to give gilling twine and snaring wires to them in order to help them earn their own living. I also made close inquiry regarding the need of blankets, and would ask that blankets be forwarded to the different bands as follows:-

Osnaburgh:- 10 pair,- C/o Claude Hooker, Manager Hudson Bay Company, Hudson, Ont.
5 pair,- C/o D. Wright, ~~Bucke, Ont~~ Lake Savant, Ont

Fort Hope:- 10 pair,- C/o John Spence, Fort Hope, via Ombabika.
10 pair,- Hudson Bay Company, Fort Hope via Ombabika.

Martin Falls:- 6 pair,-Hudson Bay Company, Ogoki, via Pagwa River.

English River:- 12 pair,- Hudson Bay Company, English River, via Pagwa River.

Albany:- 12 pair,- Hudson Bay Company, Albany, via Pagwa River.
8 pair,- Revillon Freres, Albany, via Pagwa River.

Attawapiscat:- 12 pair,-Hudson Bay Company, Attawapiscat, via Pagwa River.
16 pair,-Revillon Freres, Attawapiscat, via Pagwa River.

Moose Factory:-12 pair,-Hudson Bay Company, Moose Factory, via Pagwa River.

143

I might add that I am quite confident that these blankets are urgently required as I know there are very many old widows and orphans in need of same. During the past, I have done my best to induce them to make rabbit skin robes but this is not possible now as rabbits are very very scarce.

I am enclosing under separate covers, letters from Father Sandon of Attawapiscat and from Willie Allan asking special remuneration for care of Nancy Wabano (a helpless orphan) and Jeremiah Kakatchewan (deceased), I recommend payment of both of these accounts as I consider they are most reasonable.

I received a letter from A.W. West, District Manager of the Hudson Bay Company, requesting payment for transportation of John Blueboy a sick Indian from Rupert's House and for rations. I gave instructions to ration him for a reasonable period until he was again able to work but I did not approve of payment for transportation.

At Fort Hope, I authorized the Hudson Bay Company to give monthly rations of flour, sugar, tea, baking powder salt and pork to two old widows with no support and to another widow with four young children to support. I am enclosing the same under separate cover.

The question of paying a branch of the Fort Hope Indians at Lansdowne was brought to my attention. I brought the matter before the chief and councillors of the band and learned from them that a large part of the band had moved back to Lansdowne about fifty miles north of Fort Hope where there was better hunting. Among these are many old people who are unable to make the trip unless meeting with undue hardship. Asthe cost of making this payment at Lansdowne will be small, I would recommend that the request of these Indians be granted and that the Treaty Paying Officer be instructed to visit this point in future. I might say that a branch of the Albany Band is paid each year at Attawapiscat which I know has proved a great boon and convenience to them, and for this reason I consider the request of the Fort Hope Indians should be favourably considered.

REQUESTS

1. That seeds as per following list be sent to the Chiefs of the different bands, as per following addresses:-

5. At Fort Hope, two young Indians named Adam and Joseph Suganaqueb, claiming to be sons of Jos.Suganaqueb, No. 106 of the Fort Hope Band (deceased), claimed that they were at one time paid annuity under their father's ticket. As I had no means of determining the justness of this claim, I promised to look into their application and to send them a cheque C/o John Spence, if I could establish their claim.

Harvey Smallboy, an Indian, complained that poison was being used by a white man about one hundred miles south of Moose Factory in the district around the Abitibi River. He informed me that this white man had taken about fifty foxes, not one of them being caught in a trap. I promised to bring this matter to the attention of the Department.

EXTRACT ON 123-44

Moses Wesly reported to me that the flag for the Albany Band was completely worn out. I promised to send him a flag when I had finished the annuity payment at Moose Factory.

I would also request that Widow Wamistagooshe be written to at Island Falls regarding the Chief's badge and the flag which was in possession of the late Chief and be asked to hand them over to the new chief John Fletcher. Her address is Island Falls, Ontario.

EXTRACT 32-44

EDUCATION

At Osnaburgh, Martin Falls and Attawapiscat, education is entirely neglected, but the cause is easily explained. At these posts, the Indian trappers and their families assemble annually, bringing in their furs and exchanging them for supplies of food and clothing. At the same time they receive their treaty, enjoy the fellowship of their friends and relations a few days and then depart for their hunting grounds.

At Fort Hope, and English River, the children remain a little longer and receive the careful attention of the teachers. At Fort Hope, the Rev. Mr. Macdonald's son has been giving the boys and girls instructions in the small school building located on the church grounds. Mr. Walker is doing good work at English River and seems to be very diligent and painstaking. Mr. Northam teaches the day-school at Albany and though not enjoying the best of health, yet does not spare himself. Mr. ~~Dawson~~ Walker gives his full time to teaching at Moose Factory and certainly is making a success in his work. Mr. Dawson as a teacher is away above the average.

The Roman Catholic Boarding School at Albany and at Moose Factory were closed for holidays. The new school at Albany is slowly progressing in construction. The foundation is not yet completed. It will be a couple of years before this school is erected and ready for use. The Boarding School at Moose Factory is kept neat and clean, though the building is only a shell and I am sure must require a great deal of work to make it at all comfortable especially during the winter months. Rev. Mr. Maggrah, Mrs. Maggrah and Mrs. Saucier are certainly doing their part to make the school a success. I am sorry to report that Mr. Maggrah, on account of ill health, will be compelled to resign as the doctor states be cannot possibly continue his arduous duties.

Mr. Maggrah asked that the little girl Mark be transferred from Moose Factory Boarding School to the English Church Boarding School at Sioux Lookout. I approved of the change, providing the daughter of Edward Butterfly, an Indian without hands, be placed in her place in the School. I would ask that my action be approved and that transportation from Capuschasing to Sioux Lookout be forwarded to Mr. Maggrah for her.

EXTRACT 129-6-12

Geo. Baxter of Martin Falls asked to have his son Gilbert Baxter, nine years of age, admitted to the Sioux Lookout School. This boy is nine years of age and the doctor pronounces him to be hale and hearty. I would also ask that a transportation requisition for this boy be forwarded to Mr. Sam Iserhoof, Pagwa River, Ont., for him from Pagwa River to Sious Lookout with instructions.

Mr. ~~Dawson~~ Walker reported to me that many children of school age were not regularly attending the day school at Moose Factory. I spoke about this matter to the Indians when I addressed them, and pointed out to them that the law made it absolutely necessary that these children should attend. I also spoke to Mr. Chisholm, of the R.C.M.Police force regarding them and asked him to do what he could to make the parents see the necessity of sending their children to school.

EXTRACT 44-7-1

CONCLUSION

I have again done my work to the best of my ability and in as economical a way as possible.,I remained at each place long enough for the doctor to complete all necessary medical attention before taking flight for a new seat of labour. I am pleased to report that I found the Indians as a unit, in better condition than last year but I regret that more relief will have to be given to many old widows who have in the past been able to help themselves somewhat.

I thank you for the honour in appointing me to fulfill the important duties of this office and trust my work may prove satisfactory.

Your obedient servant,

H.M.Avery

Ottawa, July 24th, 1928.

Sir:-

In reply to your letter of the 17th instant, I beg to inform you that cheques for Xavier Moonias No. 203 Fort Hope Band and for widow James Moonias No. 59 Fort Hope Band, are being sent you under separate cover.

Cheques in favour of Geo. Sagutch No. 108 and William Meeson No. 197 Fort Hope Band will not be issued until full explanations are given regarding the number of persons in these families. In 1927, widow Geo. Sagutch drew for herself, one boy and five girls. She is now asking for herself, one boy and four girls, which is a decrease of one. If this girl is dead this information should be given or if married the Department will have to be advised whether she is married to a white or an Indian.

Regarding William Meeson No. 197, I might say that when he was paid in 1926, there was only one girl. You are now asking for payment for two girls, being an increase of one. It will be necessary to give the date of birth of this girl. I am returning herewith, the annuity tickets for these families. In future it will not be necessary for you to forward these tickets to the Department, but in your application you should give the Band and Band number as this is the purpose for which these tickets are issued.

Dear Mr. MacDonald:-

Your letter of the 27th instant received. I thank you for your good wishes and take pleasure in wishing you the same.

Regarding your appointment as a teahher for the Fort Hope Day School, I beg to inform you that this matter lies entirely with Bishop Anderson. The Department, however, has and still will be willing to pay a grant according to attendance of all pupils whether Indian or half-breed. Regarding the sending out of children to the Residential schools, I beg to say that I heartily approve of this course. I wish to warn you when soliciting the parents to be sure to satisfy them that their children will be sent to either the McIntosh School which is a Roman Catholic school, or to the Sioux Lookout School which is an English Church school. You must be careful to see that the children are sent to the school taught by teachers of their own religious belief. You will also advise the parents that the children must be brought out to the nearest railway station without any charge upon the Department but from there to the school their railway fare will be paid.

In selecting these pupils I also wish to caution you to send only those children who are hale and hearty for when they enter the schools they will have to undergo a medical examination and if their health is not good they will be returned to their parents.

Regarding your request for me to apply to the Ontario Government for a grant for you, I think this matter should be entirely dealt with by yourself as it is outside the jurisdiction of this Department to ask for grants for children who are not Indians. I am enclosing several application forms to be filled in by you when the children are being sent to the school and forwarded to the Secretary of the Department.

Yours truly,

H. H. Awrey.

Ottawa, August 1st, 1928.

Sir:-

An Indian named Harper, who claims to be a member of the Fort Hope Band, appeared before Mr. Paget and claimed that he had not been paid his Treaty Nine annuity for several years.

In looking up the matter, it is ascertained that on April 23rd, 1927, cheque No. 315 for $40.00 was forwarded to you in favour of Gilbert Harper, No. 33 Fort Hope Band, which cheque apparently has been cashed by Harper as the endorsation on the cheque shows that Harper endorsed it by his mark which mark was witnessed by E. H. McLeod and John Murchison.

As there are no other Harper families on the Fort Hope pay-list, it is thought that this man, who appeared before Mr. Paget, must be the same Gilbert Harper and must have forgotten that he had been paid. There are arrears due him for 1928, unless he appeared before you at the recent payment and was paid. Possibly you will be able to give some information regarding this man and the payment which has been made.

Dear Sir.

I beg to inform you that the daughter of Simon Whitehead No. 45 Marten Falls Band was reported married in 1919 to an Indian from Long Lake Band whose name was unknown, and has not been paid since.

In 1925, an Indian appeared before me, at Marten Falls claiming to be this Indian. His wife was with him. but I could not pay them annuity as he said he was paid in 1924 at Long Lake. I have written this note, asking him to go back to the band to which he belongs and present this to the agent. His family in 1925 was as follows. Himself. his wife (not paid since 1918), one son born Dec. 1920, one girl born Dec. 1922 + girl born Dec 1924.

Mr. H.N. Awrey,
Department of Indian Affairs,
Ottawa, Ont.

Dear Mr. Awrey:

I beg to acknowledge receipt of your letter of August 7th, and to apologize for the mistake which was made in the office, in that two separate accounts went out, one for June and one for July. This all occurred during my absence in New York. I now enclose a complete statement of the whole trip.

We have not heard from you since the completion of the trip, but hope that everything was to your entire satisfaction and that we may have the privilege of taking you around on the same trip again next year.

I would be glad to hear from you any time you can find leisure from your many duties to write.

With kind personal regards, I am,

Dear Sir:—

Replying to your 610-a received yesterday:

I was lucky enough to run into Gilbert Harper a few minutes after seeing your letter. He says that he made no application to Mr Pugsley in any way this year for annuity arrears and knows of no other Harper at Fort Hope or elsewhere.

If there is anything else that I can do for you in this matter, or any other, just let me know.

Sir:

I have your letter of the 1st inst., file No. 3-44 E, relative to annuities paid to Gilbert Harper, No. 33 Fort Hope Band, who received a cheque from the Department covering arrears 1925-26 also annuity for 1927, cheque No. 315, and in reply I beg to advise I just received a communication from Mr. McLeod at MacDiarmid, Ontario, which is self-explanatory. Harper's cheque was sent direct to him at MacDiarmid last year, where he has been residing for some time.

Referring to the 1st paragraph of your letter, I beg to advise that the Indian who interviewed Mr. Paget at Whitesand Reserve this year was William Cater. This man comes from the Fort Hope Band, but apparently is not shown on the Fort Hope books as William Carter.

I expect to visit Sand Point, Gull Bay, Jackfish Island, and Whitesand Reserves at the latter end of next month, and will undoubtedly see William Carter and possibly be able to ascertain his right name.

RE : SAGIBISHCOME DAVID SNR.

In reply to your letter dated August 7th. wanting more information as regard this Indian annuity, your letter was given me by this Indian for reply. He informs me thathis family is as follows :-

Band Moose. No. 45

Sagibishkum	David Snr.	(self)
Do	David Jnr.	(His son)
Do	Lousia	(His daugther)
Do	Jane	(His daugther)
Do	Elizabeth	(His daugther)

His son David Jnr. xis living with him, Louisia, xis living now with a White Man, Jane is living with him, Elizabeth previous to this summer was living at Moose Factory Mission School, but now living with Robert Shesheguan,

He tells me that Lousia has been drawing for the last four years her own money direct from the Department, and that himself, his son, and his two daugthers, Jane and Elizabeth have not been drawing their Annuity for the last two years. His wife is dead for many years.

Hoping that the above information will help you to settle this Indian claim.

As regard these children living I am perfectly satisfied to refer you to Rev. McReynolds the local Indian Missionnary that they are living.

Dear Sir, Attention Mr. Aurey.

I wrote you last spring about that Lake St. Joe Indian by the name of Moosajins who took my canoe and out board motor and the rest of my outfit I cached on the shore of Savant Lake. I understand that you took this matter up with this man at treaty time and I also understand that he claimed he only took the stuff belonging to me to use for the time being and that he would return it to me. I have never heard from him and now it is getting towards fall when I have to go tranping to make a living and I cannot go without my canoe, etc.

Shoyld this man not be punished ? There is no question about him stealing the outfit. His past record from any of the traders will put him on record as a bad character.

I would like to get my stuff back or have him pay me for it.

Dear Mr Awery

Your letters to Mr Maggrah were sent to him at Brandon and he has forwarded them to me, to give me some idea of the contents. The Books came from Mr Downing and we are glad of them..they will provide pastime during the long tedious winter evenings. You can imagine being cooped up here, during the long dark days of winter, is anything but pleasant at times, and anything like that is a great help to make a dull hour interesting.

We are all sorry and I think you will be too, to know that Mr and Mrs Maggrah are not in the work now. They both had to make a change on account of their health. We miss them very much and it has left Mrs Saucier in a very difficult position. We have much to do, and seem to just have sufficient strength to get through but one day at a time. At present I am in charge although we are daily hoping that someone else will be here. You may have a few complaints from the people here as regards my ministrations, they naturally came to see what they could do, and if I could be imposed upon, but things are going as smoothely as one can expect.

We are doing the best we can and I doubt whether the Indian people themselves could do any better for their children. They are not considerate, however, and do not go out of their way to make things easy. Unfortunately we cannot use the Requisition for transport for Dollie Mark immediately. She was to have travelled with Mrs Maggrah to Kapaskasing, but it happened Mrs Maggrah went by another route. However we may yet get a good chance, but I must be careful with whom she travels. We have just painted the school on the outside...you will admit it needs it. By the way if possible send us more stuff to give out to the old widows when you make another purchase. We still have some left, but only sufficient

Dear Mr. Waller:-

I received your letter today and at once interviewed the Schools' Branch to see if I could not persuade them to supply blankets for the children attending the boarding school. In view of the fact that the Department has recently decided to increase the per capita allowance from $185.00 to $200.00, they felt that my request could not be granted. I presume you already have been notified of this increase which will date from the 1st April, last. I shall, however, forward you some jackets, shirts, socks and underwear to be given to the persons whom you think require the same. These goods cannot be shipped until next spring.

I knew that Mr. and Mrs. McGrath were leaving Moose Factory and I am sure they will be missed. I am glad to say, however, that Mr. McGrath has been appointed teacher at the Brokenhead School. I am sure that the school will not suffer and I know both Mrs. Saucier and yourself are capable substitutes and I wish you both the very best of success.

Dear Mr. Awrey
I have just returned from the Arctic regions and find yours of July 19th among my letters.
Mrs. Anderson received the cheque in favour of Henry Tibbaie, but he had already called for his money and she had advanced him the $4.00. If the bank will not cash the cheque on the strength of a receipt - Henry Lane my wife will enclose the receipt and cheque for a refund. The bank cashed cheque and I enclose receipt.
I paid 3 letters from Mrs. Tom Paul and 2 from Isaiah Beck, No. 77 Moose Factory Treaty for their treaty money.
Mrs. Paul has the same number as last year, herself and 3 boys. Two girls are married and getting their money with their husbands. There is a third girl, as you know, Nellie Alexandrie (Mrs. Paul's maiden name which for some reason was given to the two girls when at the Moose school) now at the Shingwauk Home, for whom evidently she does not claim treaty.
Isaiah Beck has 2 girls, 1 boy, himself and wife. He got his money through me last in 1926. He does not say when he wants his treaty for, but I believe he was at Moose in 1927 and probably got his treaty then. Your books will show.
I see, all sports as well as his own say that Mr. Northam is getting quite like himself. I am sorry that Mr. Graham has been compelled to leave. Glad I know you had such a nice trip. Mine was pretty rough the last six weeks.

I am glad you arrived safely home after a somewhat tedious trip and hope you are not now feeling any the worse for the hardships which you had to encounter. I was sorry myself when Mr. Maggrah informed me that he was compelled to leave the Moose Boarding School on account of ill health. A few weeks ago the Schools Branch asked me if I would recommend him for a school at Brokenhead but I understand he has refused to accept the offer.

I presume you heard of the death of John Spence, Manager of the Revillon Freres Company at Fort Hope, I have not received any particulars but am afraid that there have been too many tourists visiting that post.

Dr. Scott is very anxious to make an adhesion to Treaty Nine during the coming summer and I think it will be done if the Ontario Government will accede to his request.

Dear Sir. Widow Maria Stevens has requested one to apply for her Treaty money for 1928-herself and boy. I thought I had her Treaty Ticket but I cannot find it. My recollection is that her Ticket showed that she was a member of the Albany Band. However by referring to your File No. 3-44 and letter dated Nov. 4th 1928 and the enclosed, you will be able to see her membership sent Nov. 6th Bishop's. and the money due her and son for 1928.

Dear Sir

I received cheque about a week ago, and was very pleased you have sent it, and was glad to hear of the little sum you have saved up for me, as I might need it later on.

As for the present time I am doing fine. I am working here for a timber contractor, and it's pretty hard work, as I have never handled timber before, although he says that I am a good worker.

Could you please let me know how much money is there for me, as you know every person likes to know how much money's coming to him.

Dear Mr. Carpenter:-

I received your letter and am glad to know that you are engaged with a timber contractor and I hope you will do your best to give him satisfaction.

Now, I might say we hold here in trust for you $1225.73 to which sum will be added $61.25 on the 1st April, 1929. I might say that part of this sum was realized by myself from the sale of an old stove and a sewing machine which belonged to your father. The balance is insurance money. This sum to your credit is bearing interest at 5% and will not be released to you until good reasons are given.

Wishing you every success,

Dear Mr. Golding:-

I received this morning the account for relief supplied to Widow Squirrel. I am not passing this over to the clerk who checks the relief accounts as I know it would be turned down due to the fact that you have not given sufficient information. Now Mr. Golding, I observe that you have given 24 lbs flour to her on the 18th July, on the 30th July, on the 15th August; 49 lbs on the 2nd September, 24 lbs on the 16th October and 98 lbs on the 24th October. I presume that this flour is intended as relief for herself and daughter, but you have omitted to send a covering letter explaining the number of persons for whom the relief is given. I wish to point out to you that the Department allows 24 lbs flour as full rations for an adult and half that quantity for each child. I might add that the monthly allowance of sugar is only two lbs for an adult and one lb of tea. I also observe that you have supplied this woman with Wampole's Cod Liver Oil. I will see that the payment is allowed this time but in future Dr. Stone the Director of Medical Supplies, informs me that in cases requiring this kind of medicine, Scott's Emulsion of Cod Liver Oil must be supplied.

Now Mr. Golding, you know I have not had the opportunity of seeing this family but I am quite sure that you would not issue relief unless absolutely necessary. I now think you should send in a covering letter explaining fully the number of persons in this family for whom you have to supply relief and give the reasons; in the case of the children you should give their ages. Trusting to hear from you,

Yours truly,

A. W. Golding, Esq.,

P.S.

TO DATE OF THIS LETTER

Port Arthur, Ontario,

November 15th, 1928.

~~Sir,~~

Dear Mr. Awrey:

At last I have received authentic information regarding our old-friend William Carter, who is now residing at Ombobika, Ontario. His Indian name is Sa-Sa-Kwon, or Sas-eggsone. Carter apparently was last paid in 1925, and at that time there were 4 children in the family. In 1926 a girl by the name of Minnie died, and in March of the same year a girl Harriet was born. He, therefore, has arrears due him since 1926 for 4 children, himself and wife. The children's names are as follows: Edward, Laurie, Harriet and Saybedee.

It certainly was impossible to connect his Indian name with William Cater. These fellows often forget their Indian name and take on different names, which certainly makes it very difficult to locate.

I expect to visit Ombobika some time next week and will be only too pleased to interview Carter personally, and also Mr. H. E. Race, General Merchant, at Ombobika, and check up on Carter's family. I trust you will be able to locate this man on the Pay List. His back pay will come at a very good time, as it will undoubtedly assist him to buy a winter's grub stake.

We are now having wonderful weather at the Head of the Lakes, the mildest fall weather ever encountered.

I just returned from Grand Bay, Gull Bay, Jackfish Island, and Whitesand Reserves last week. We encountered very heavy snowstorms in that locality and had to break 3½ inches of ice going up the Gull River.

I trust this letter finds you and your family in the best of health.

Yours sincerely,

Mr. H. M. AWrey,

My dear Mr Avrey

In reply to yours of Nov 17 with Mr Burke's letter enclosed would advise that I have again spoken with this Indian but can get no more satisfaction from him. He says he is positive he is known as William Carter on the pay lists but I notice that the name is pronounced differently at different times. Sometimes it is pronounced Cotton. Other times Carton and then again it sounds like Catton as well as Carter as Mr Burke has it. James Drake says it is Carter. and curious enough Carter says that you paid to Jas Drake $20.00 about 3 or 4 years ago to settle some dispute over some dog harness between Drake and Carter. All the other information I can get about him is that he is the father-in-law of John Stead who obtained matrimonial rights over the daughter by abduction. His ticket is supposed to have been sent to Ottawa some time ago and was never returned.

Very sad & sudden about Mr Spence, was it not? The poor fellow never wished it to happen that way but I believe there were many things that had influence on him that may never be explained.

With best regards I am

Yours very truly

MEMORANDUM,

Dr. Scott:-

For your information, I beg to enclose, herewith, a statement showing the present population and the population of the different Bands paid in the James Bay District when the treaty was made.

You will observe that there has been a very great increase in the number of Indians paid under the Albany Band which, as you know, includes the Indians now paid at Attawapiscat numbering between 500 and 600 Indians.

I wish to draw your particular attention to this as I feel that a new Reserve should be set aside for the Attawapiscat Indians. I might add that an area of 140 square miles was set aside for the whole Albany Band, which, at the rate of 1 square mile for every 5 persons, would be sufficient for only 700 Indians. I refer to this condition of affairs and trust that the Ontario Government will be agreeable to allow a new Reserve for these Indians at Attawapiscat.

I wish, also, to point out to you that in discussing the itinerary of the trip, a definite date should be set by the Air Board for the departure of the Treaty Party from a certain point in order that sufficient notice may be given to the Commissioners and doctor when and where to meet.

Ottawa, December 7th, 1928.

Dear Mr Avery

Further to our correspondence regarding Treaty money claimed by William Carter I have now to advise that I have lately spoken to Mr. Taylor, late of Port Hope and Mr Taylor seems to think that you will find this man listed either on the Osnaburgh or Cat Lake lists.

I trust that I am not indulging unduly on your patience by stretching this subject beyond its merits but the Indian is hard pressed for funds just now and I thought that if there is any possible chance of getting his money for him it would be doing him a very great favor.

In your reply would you kindly tell me whether or not it is lawful to sell to Indians 4% Beer. This stuff is being sold to them in dangerous quantities around here and I am of the opinion that it is not within the law to do so.

Dear Mr. Race:-

Referring to your letter of the 2nd instant regarding the payment of treaty money to Wm. Carter, I beg to inform you that no payment can be allowed this man as no person by thename of Wm. Carter has ever been paid annuity either at Osnaburgh or at Fort Hope. I have carefully examined the pay-lists and if this man has ever been paid he must have been paid under some other name. I do not think anything further can be done. This man should appear before me at the place where he claims he was last paid in order that he may be able to substantiate his claim by bringing before me persons who are known to him and who may know the name under which he was paid.

Regarding the latter part of your letter, I do not think that I have any right to say what is or what is not considered an intoxicant. If these Indians are squandering their money in buying useless beverages as 4% beer, I do not think that any of these persons should ever ask the Government for assistance in any way. I am enclosing a copy of the Indian Act which gives you full information regarding the use of intoxicants. I beg to refer you to Sections 126 to 137 inclusive.

I will later advise you of the dates of annuity payments at Osnaburgh and at Fort Hope in order that you may notify this Indian.

I am returning, herewith, the letter which you forwarded to the Department making enquiries regarding an Indian named John Jeffries in order that you may take this matter up with Indian Agent Godfrey who will be in a better position to ascertain the facts regarding him.

I might add that this man's name does not appear on the Missinabi annuity pay-list. It seems rather peculiar that this man should appeal to you instead of to the Indian Agent for the information and for any arrears due him. It will now be up to him to prove that he is entitled to annuity payments as an Indian.

If any Indians are unable to be present they must give written orders to any Indian whom they wish to draw their money being sure to give the number of persons in their families and accounting for any changes by birth, death or marriage.

Unless this is done, the payment of their annuity may be withheld. The Commissioners appointed to make the payments will be very strict in this respect. The Post Manager where they deal will, I think, cheerfully write out this note for them.

Ottawa, January 23rd, 1929.

Sir:-

I beg to inform you that the Commissioners who will make the Treaty payments this year, will arrive at Fort Hope on or about July 9th, 1929. Kindly advise the members of your Band. If any Indians are unable to be present they must give written orders to any Indian whom they wish to draw their money being sure to give the number of persons in their families and accounting for any changes by birth, death or marriage.

Unless this is done, the payment of their annuity may be withheld. The Commissioners appointed to make the payments will be very strict in this respect. The Post Manager where they deal, will I think, cheerfully write out this note for them. Again let me impress upon you the necessity of doing this.

The Department has decided to pay at Lansdowne House the members of the Fort Hope Band who present themselves for payment at that centre. This will save the Indians the great inconvenience of making the trip to Fort Hope.

Your obedient servant,

J. D. McLean,
Assistant Deputy and Secretary.

I beg to inform you that Commissioners have been appointed to make the payments of annuity this year and will arrive at Albany on or about July 14th, 1929. Kindly advise the members of your Band. I might add that the Commissioners are being authorized to make a new Band at Attawapiscat so it will be most important that those Indians at present members of the Albany Band who live in the vicinity of Attawapiscat should appear before the Commissioners at Attawapiscat and give good reasons why they desire to be entered as members of the Attawapiscat Band. I beg to inform you that two Commissioners have been appointed to make the payments of annuities this year. They will arrive at Attawapiscat on or about July 18th, 1929. These officers have been given the authority to create a new Band at Attawapiscat to be comprised of those members of the Albany Band whose hunting grounds are in the vicinity of Attawapiscat and also of any non-treaty Indians who wish to enter Treaty for the first time.

It is most important that every Indian who wishes to be taken into this Band should appear in person before the Commissioners and give the reasons why. Any Indians who are at present members of the Albany Band will still be considered members of the Albany Band unless they appear before the Commissioners and are granted the transfer. I trust you will make a special appeal to all the Indians who reside in the vicinity to be on hand. When the payments are completed and the new Band established, the Commissioners will then hold an election for a new Chief and two or three Councillors, the number to be decided when the payments are completed. I hope you will discuss the matter with your Indians and try to settle on some person who you know will make a good Chief and also on Indians who you know will make good Councillors.

Dear Mr. West:-

For your information I am enclosing, herewith, a schedule showing the itinerary of the Treaty Nine trip for 1929. From this you will observe that the Indians residing in the vicinity of Trout Lake are to be treated with for an adhesion to Treaty Nine. It was the Department's intention to also treat with the Indians of Fort Severn and Weenusk for an adhesion to Treaty, but owing to the lack of gas facilities the Royal Canadian Air Force who has undertaken to transport the Treaty Party is unable to reach the latter two placed. However, arrangements will be made so that these Indians at these places may be visited next year and negotiations made with them to be admitted into Treaty.

The Treaty Party this year will be made up of two Commissioners, one of whom will be appointed by the Ontario Government and the other by the Dominion Government, a doctor, two pilots and a mechanic. The Commissioners will be authorized to divide the Albany Band and make a new Band at Attawapiscat. If I am appointed the Dominion Commissioner, I hope I will have the pleasure of meeting you at Moose Factory.

Disaster after disaster seems to have overtaken them. Simon Wesleys little Girl also we buried the other day. They are just as bad at the Windigo Junction & that Northern Part;- & we have them all to deal with here- as there is no other Store save our own,- I just acknowledged receipt of the drugs to the Purchasing Agent- I presume this is all right as I did this last year.

Perhaps you will be good enough to let me know when you are going of making Treaty with these northern Cree & Ojibway Indians.- There are now some pretty

Department of Indian Affairs,

Ottawa, Ont.

Dear Mr Awrey,

I received your letter last fall, and will do as you suggest regarding the cheques for the two Wabequay Indians. They wil be handed to the men in due course.

At present Chas Head is living in one of our buildings. The Chief brought him here this winter, pretty sick from what appears to be consumption. He looks like a very sick man. I have done what I can for him, and am supplying him with food for self and wife, and trust I am doing rightly. Of course he wants more than I care to give him without permission, but have made him understand that he will not starve. Now I would like to hearfrom you as to what further arrangements are to be made. If it is thought advisable to send him to the track the best opportunity would be by the horse-teams as he could keep fairly warm. Naturally I do not wish to have him on our hands longer than possible for various reasons which you will understand. The Chief's reason for bringing the sick man here was that he could not look after him properly.

Three Indians have died recently, Daniel Ogema, Stephen Papa, and Andrew Indian, also a daughter of Henry Boyce. All the others appear to be fairly well.

Dear Chief:-

I have just received your letter of the 11th December, 1928, and am very sorry to learn that David Sagutcheway is not conducting himself as he promised he would do when I was there last summer. I am sorry that I am at present unable to take any definite steps as you now have failed to give me full information as to the wrongs he is now committing. I shall be pleased if you will send in a letter giving a full history of this man and state therein his misdeeds. Then I will present your case to the Department and do what I can to have the matter placed in the hands of the police.

Regarding the second paragraph of your letter, I might say that this matter reverts to show that the opinion which I always tried to carry out is correct. I have always maintained that the period was not yet ripe when houses should be built for Indians. I still maintain that the proper abodes for Indians is the tepee and not the modern tent which, sorry to say, is almost entirely used by the Indian. I certainly will have the doctor who accompanies the Treaty Party to your post examine these houses and will be guided by his decision.

With reference to the latter part of your letter, I am very sorry that the Chief's medal for the Ogoki Band has been lost or mislaid. However, I fortunately have the medal which you gave me for repairs in my possession and Iwill give it to the Chief of the Ogoki Band . If you remember, I myself had mislaid this medal but presented you with a much more valuable one.

I wish to sympathize with you over the loss of your son and know how much you and your wife will miss him.

You, no doubt, will receive an official notice of the dates when the Treaty Party will arrive at Fort Hope;as an Ontario official is accompanying the Party I wish to impress upon you that I must be more strict in handing out the annuities of Indians who are absent. I hope you will use your best endeavours to persuade all Indians to be present either at Fort Hope or at Lansdowne House where we also are going to make payment to the Fort Hope Indians. It is absolutely imperative that those Indians who cannot be present shall give written orders to have their annuity paid to you or to some other Indian being sure to give the number of persons in their families and accounting for any changes by births or marriages which may have occurred during the year.

Dear Mr Awrey,

I have received you letter for which I thank you.

I am again writing you again regarding some important matters which I am going to ask you to look into. The first is with regard to David Sagathhewayo of my nabá- band, a resident of Snake Falls. You will remember last summer you spoke to him regarding his marriage duties. This he has failed to do, but is carrying on worse than ever. This man refuses to obey us. What is the best thing for us to do about him?

Another thing, I would like to have a thorough inspection made this summer by some medical officer, and have a number if houses condemned, and one in particular, that of the late Peter Yesno. I believe it should be burned, and have a thorough clean-up so that better precautions could be taken to preserve health, as T. B. is a ravaging detriment to our race. Could you have this done this summer? It is very important that this should be done by the proper authority.

Another thing I may mention. The Ogoki chief the newly- elected one, has asked me to ask you to let you know that the medal the ex-chief had cannot be found. The ex-chief claims he gave it to Mr Sam Iseroff, late Hudson's Bay Company manager at Ogoki to be repaired. Enquiries were made to Mr Iseroff, and the reply was that he nevere had possession of the medal, and no doubt that is right

Dear Mr. Souter:-

I received your letter of the 4th ultimo today and have noted the pathetic contents of the same. Now Mr. Souter, from the tone of your letter, I do not think it would be desirable to bring this Indian out. On the other hand I maw give you the authority to look after this man and his wife who is taking care of him and see that they are given proper food and clothing.

Under the circumstances you may also give to this sick man any little extras such as milk, rice, dried fruits, canned tomatoes, sugar, etc. I am going to leave this entirely to your good discretion as you very well know that it is not the desire of the Department that this sick man should suffer for the want of food or warm clothing. In submitting your account you may quote this file and letter from me as authority.

I am sorry that fur is very scarce this winter but probably the spring hunt may be very much better than anticipated. With best regards and hoping to see you this summer,

Dear Mr. Awley, Just a few lines to say that I received your Letter of the 19th inst- and very sorry that you had considerable trouble in Getting the Windigo Lake &c Passed- I am sending in a pretty Particular Letter to our Outpost Man there- who informed me Last Communication that Sickness was very prevalent amongst these Cree Indians- especially in the Windigo Lake Section,- where there is a very large number of Indians,- and we have to attend to them all there as there is no Hudson Bay Post there. Yes it is quite true that the more Indians get the more they want- yet I have had a Heavy Toll of Sickness to deal with here this winter- more than I have seen for many years & the most of them seem to want me to attend to their wants.

I received your Confidential note also re the Proposed making of an Addition to Treaty #9 in Paying these non-Treaty Cree Indians, and I will be most pleased if you are the Paying Commissioner for the Dept of Ind. Affairs- as no one

understands these Indian matters so well as yourself.
The Medicine just came in at the right time when I had heavy demands on it - & I will have to send some out to the Outports - many thanks for having it put through - & also the clothing helped them out I told the Indians - at least the Principal ones that they owed you quite a debt considering all the trouble you had taken for them - I know quite well that no Previous Paymaster in this Treaty ever considered their ways in the same manner from every Point - as I have been in this Section since Treaty was made - amongst them.
I have written a few Lines in Reply to Mr. McLeans Letter re the Outports - as probably Mr. McLean may not be aware of the number of Indians around Windigo - I did not give an approximate figure - but there are somewhere over 200 in that Locality - & we have to attend to them, - & with so much Epidemic Sickness - & scarcity of Moose & Rabbits - makes more than the usual demands - in fact I am cutting down a lot of the demands for Relief now and telling the Indians that one must help the other out when in sickness as much as possible. that

Dear Mr. Avery,

Just a Hurried Line to say that the Goods arrived OK and it is certainly helping out the Poor Indians. who have had a most serious time this winter - so many deaths. - Peter Moggie's wife the late Chief's wife died close here the other day also Camille Johnnie Carpenter's wife - and I guess another of C. Dickechoos family will be dead by this time. This has made more than the usual Requests for relief - I explained to them that I knew if there had been any other Baymaster - they would not have been help so well attended to & I guess they know that.

Mr. McLean just advised that a Bale of Blankets were being sent for them at your Request - and I have told them this - so they seem to be much more relieved - & is certainly extra good of you - as this takes a bit of Burden off me. Now Mr. Avery you will see from the Heading of this Paper that the name of our Comp.y has been changed. to Patricia Stores Ltd. - on the recommendation of our Vice Presidt H. Edwards of Savanne - which name I think very Good as it is after the District in which we live. -

I just had a note from Mr. A.V. North from Hudson saying that he was going in on X mas day via Cat Lake Cedar Lake etc. - He asked me to send down a Team but as I had no Dogs to spare - I was rather handi - capped - as I have them all in use Freighting & am rather short 3 or 4 of my best ones having died from some disease..

Now Mr Aveley I had to take in the Boy Joseph Kakegamic No. 87 - to our Indian House - as he got himself severely Burned - & I had to have one man stay with him there - as he takes these Epileptic Fits - & falls any place - so fell in the fire where he was - & just after chance on the Indian Boy - went in & caught him out of the fire in time. - I wish to send him to Sioux Lookout to Dr. Day for a week or two's treatment - if you will authorize me to - I will send my Trapper to Dr. Day's with him - as he has to go to Bucke for freight or the Mail - but I will await your reply first He is an Orphan & poore to look after him.

This has certainly been a winter of severe sickness & deaths amongst our Indians both here & Windigo section. The Blankets we got just when the sick people wanted and I am quite sure the Flu - Pneumonia & other Epidemics would have destroyed much more of the Indians - if it had not been for the Trouble you put yourself to.

Dear Mr. Awrey:-

The Chief asked me to write some letters for him to the Department, this I have gladly done, but I am making it clearly understood that I will not forward any letters to the Indian Department without your censorship. I think this is the proper way, that is for the Indians and their Chief.

Further more I cannot be responsible for contents of the letters written for the Chief as it is exactly his own words and requests. I am only too glad to write for anyone who cannot write for himself and if any correspondence should have to go to a higher official over you, I would like for you to see that there is nothing in these letters that would be contrary to the Indian Act.

If it is quite in order for me to carry on behalf of the Chief, I will have to ask you to send some stationery for Indian Affairs, such as writing paper and envelopes .

Yours sincerely,

J. A. Macdonald

Dear Mr. Wright:-

In reply to your letter of the 20th instant, I beg to inform you that you may send the orphan boy Jos. Kichemokeman who was severely burned, to the Sioux Lookout Hospital if you think it necessary. I am sorry to hear there is so much distress among the Indians and to hear of so many deaths. I am glad that there is now on the way to Lake Savant another shipment of clothing and blankets which I know you will see are given to those who are urgently in need of the same. If you send this boy to the hospital, I wish you would advise me. You state that the boy is paid under No. 87 but there is no person paid under No. 87 so I shall be pleased if you could give me his exact number. Would you also advise me of the age of this boy and give me a little information regarding his health as I consider he could be placed in the Residential School, but of course this depends much upon his physical condition.

With best regards,

Yours truly,

A couple of years ago one of the Councillors of the Osnaburgh Band had the misfortune to lose his medal. I am sending you, under separate cover, a medal which I happened to find in the Department and I shall be pleased if you will see that this is delivered to the Councillor who has not this emblem of authority.

You no doubt will have received before now a letter from the Deputy, Dr. Scott, regarding the importance of advising the Windigo Indians to be present at the Treaty negotiations at Trout Lake. I understand that these Indians would like to be paid at Windigo, but that question will have to be taken up by them with the Commissioners when they are at Trout Lake. I think you will understand the position of the Department in this respect.

Dear Sir,

I am writing you to say that I have got D. Wright's dog teams to turn back from the Indian Camps at Pickle Lake for more Supplies for the Indians - as it looks as if they were all to be cleared out from the Influenza. D. Wright is sending up an extra man to assist to bury the Dead ones - also sending more Supplies of Food - Clothing and Medicine - they being all so seriously ill & are even unable to get wood to keep in fires. The flu is getting even worse now than it is already & extra hard on the Indians. It is pretty Expensive - but I hope your Department will not Begrudge this under such an Emergency - as I have seen the mothers not able to feed their young children - and travelling through the country and know the conditions. Have given my own Provisions to assist them but I am not asking anything. It is very sad on the young children - who are helpless.

There are 3 or 4 families on Pickle Lake in this distressful Condition. Please try and help them out as much as you can.

Yours faithfully,

In reply to your letter of the 25th ultimo asking me to not pay any Indians belonging to the Ogoki Band their treaty money except at Ogoki, I regret to say that it will not be possible for me to accede to your request as you are well aware it is the policy of this Department to encourage Indians to do their best to earn their living wherever they find they can best do so. It would not then be good policy to try to force these Indians to live or hunt in some district where furbearing animals are not as numerous as in other districts. I, however, shall do my best and in fact the Department is strongly opposed to Indians coming out to the railway lines to dispose of their furs as from past experiences it is most apparent that this procedure is not to the best interests of the Indians.

Dear Mr Avery.

I have received your letters and note the contents. I might say, that I really do not care about sending in letters to the Dept for Indians, in fact I would not do it for anyone but the Chief, and it must be something that is of urgent importance and immediate necessity, that is the reason I always send his letter through your hands for Censorship as I mentioned to you in my last letter.

I quite understand how Indian Affairs are administrated, so that I would not encourage Indians to unnecessary bother their officials, as it is an indictable for anyone to Incite Indians. So that it is only to oblige the Dept and to the best interest of these untutored Indians, that I am only too glad to oblige both parties with necessary correspondence, as there is no Indian Dept Representative in Hopes Indian Reserve here especially at such times when this place is

Sir:-

Referring to our conversation over the telephone and also to the letter which you have forwarded to me from Mr. Mulvihill, Manager of the Bay Rock Camps, I beg to inform you that I have taken this matter up with the official who makes the payments to the Indians of the Osnaburgh and the Fort Hope Bands. He informs me that application on behalf of this man, William Cartiers, has been made several times but that the Department could not allow payment of the same as no person by the above name has ever been paid as a member of the above Bands. I might add that it is our opinion that this man is a member of one of the above Bands and has been paid under some other name.

Mr. H. E. Race, Fur Merchant at Ombabika in January made application for the arrears due this man and for your information I am enclosing copy of letter sent to him. I further assure you, Mr. Maloney, that this matter will not be lost sight of but every possible means to try to secure this man's correct name will be taken.

Sir:-

The Department today received a letter from Dr. Maloney, M. P., making further enquiries regarding the payment of annuity to an Indian named William Cartier. No person by the name of William Cartier is paid annuity as a member of either the Osnaburgh or the Fort Hope Bands. It is thought, however, that Cartier probably may have been paid under some other name. An Indian by the name of William Cathkin has not been paid his annuity for a few years and it is thought that probably Cartier may have been known by the name of Cathkin. I wish you would interview this Indian and ascertain if he was ever known by this name and also ascertain from him if he has a son-in-law by the name of Jonathan Hill as this latter person drew the annuity money of Cathkin for the years 1923, 1924, 1925 and 1926. Pending this information from you the Department will hald the matter in abeyance.

Sir:-

In reply to your letter of the 24th ultimo, I beg to inform you that if you will fill in the enclosed blank showing the exact membership of the family of Wm. Cathkin for the years 1927, and 1928, I will be pleased to send you a cheque in Wm. Cathkin's favour.

I am also enclosing an identification ticket which you should hand to Cathkin informing him to take care of the same and present it when applying for any arrears. I might add that in making the return you should account for any increases or decreases that have appeared in the family since that year when they were last paid, 1926. The family at that time consisted of one man, one woman, three boys and one girl. I wish to thank you for the interest you have taken and I trust that no further trouble may arise in future regarding this man's name.

Dear Sir:-

In reply to your letter I beg to enclose, herewith, cheque No. 570 for $20.00 in your favour. I notice that you are residing in Mattice. I might state that the Department is not very favourable to Indians coming out to the railway lines and spnding their time and especially during the peridds when they should be engaged in trapping and hunting from the proceeds of which the Indian of northern Ontario is largely dependent upon for sustenance. Of course I am not writing this in any way to censure you as you are only asking for your own but when Indians come out to the line and then ask for relief it is a different question.

Ottawa, December 14th, 1927.

Sir:-

I wish to call for tenders to take Dr. Bell and myself again on the Treaty payments in 1928. As I have already intimated to you, I am asking the Western Canada Airways to submit a tender.

I might say that the Department thinks the work should be done for less money in view of the fact that only 17 days will be required to do all the work at the different posts. As you will see by the Schedule enclosed, herewith, the total time required from the time we leave Remi Lake on June 13th till we complete the final lap at Sioux Lookout on July 4th, is 21 days in which time I am sure the whole work can be completed providing there is no delay caused by accidents or inclement weather which under any conditions could hardly be charged as these are things over which we have no control. Should I hold you longer than 17 days at the different posts, then of course you would be entitled to an extra per diem allowance the amount of which per diem allowance you should state in your tender.

I do not want you to think I am not satisfied with the service rendered in the past. I certainly have not forgotten the great interest manifested by yourself and the courtesy shown to me by every official of the Ontario Air Service. In fact I cannot speak too highly of the valuable services rendered. On the other hand, in your business capacity I know you fully comprehend my position and necessity in calling for tenders.

There is only one particular favour that I would ask you to consider if you submit a tender, and that is to provide a little protection for the doctor and myself by installing a windshield of some kind which I know would add very much both to our comfort and to the pleasure of the trip. All other conditions are about as they were last year, I to make provision for food and accommodation at the various posts, but you to provide such in case of a forced landing.

Hoping to receive from you a tender,

Yours truly,

Sir:-

Your letter of July 8th, applying for the arrears of treaty money due Abel Shapwaykeesick, has been referred to Mr. Awrey for payment. He informed me that when this money was last paid in 1926, he drew annuity money for himself, his wife, 5 boys, and 3 girls. Before payment can be allowed him for 1927, 1928, and 1929, it will be necessary for him to give the number of boys and girls for each year, fully accounting for any changes that may have occurred in the family during each of these years. On receipt of this information, a cheque in his favour will be issued.

Dear Sir:-

The following is the copy of an extract from a letter to hand today from our Lansdowne Lake Post:-

"Enclosed please find the sum of $4.00 (four dollars) and Treaty Ticket of one, Widow Moquano, No. 48. This woman received $12.00 (twelve dollars) in treaty money instead of $8.00 (eight dollars) and we now enclose the balance of $4.00 (four dollars) which we would ask to be forwarded to the Indian Department. This woman is very old and owing to sickness was not able to receive her Treaty money last Summer but the party who came for her Treaty money this Summer told the Indian Agent that she had not received it for two years when she really only missed one year. The ticket will identify her and she desires it back when the Indian Department are satisfied with her explanation so that she will have it for her Treaty money next Summer".

We are also enclosing the treaty ticket referred to and the $4.00 in currency. We trust you will have no difficulty in adjusting this matter.

Ottawa, August 19th, 1929.

Sir:-

I beg to acknowledge the receipt of $4.00 which you returned to this Department stating that it was an over-payment made to an Indian woman named Widow Moquono, No. 48 of the Fort Hope Band. The question of this payment was taken up with Mr. Awrey, who informs me that there must be some mistake regarding the payment to this woman. He states that the pay-list shows he paid only $4.00 to No. 48. He, however, also states that he paid to Widow Thomas Moquono, No. 47, Fort Hope Band, the sum of $12.00. It would appear that the persons who drew the money for these widows has in some way, inter-changed the tickets, and the matter will be taken up during the payments next year at Fort Hope.

Sir:-

Your letter of 4th instant to Mr. H.N. Awrey has been transferred to me for action. In reply to same, I beg to inform you that I am not in favour of granting you your request to return to Attawapiscat. It is much better for you to remain in Winnipeg where you can receive free medical attention in the hospital for returned soldiers. You are in receipt of a monthly pension of $75.00, so that it is apparent to me that with this money and the good attention you are receiving you should be satisfied.

A cheque for $4.00 in your favour is being forwarded to you under separate cover, being your share of Treaty 9 annuity for 1929.

Dear Mrs.Reuben,-

I received your letter to-day informing me of the death of your husband. Please accept my sincere sympathy.

In reply to your request, I beg to inform you that the Department of Indian Affairs does not pay any pension to widows. I have to-day 'phoned to the Department of Pensions and Health regarding a pension for you. I have been informed by them that no pension will be paid to you unless it can definitely be proved that his death was caused by injuries, etc., received during the late war. It will, therefore, be necessary for you to forward to the Department of Pensions and Health, Ottawa, a death certificate. Be sure to have the doctor state the full cause of your husband's death, and, if he can attribute it to injuries, etc., received in the late war, it will aid very much in helping you to get the pension.

I sincerely hope you may be successful as I feel you are entitled to the same.

Sir,-

In reply to your letter of the 25th instant, I regret that payment of annuity cannot be allowed Abel Shapwaykeesichk for the years 1927, 1928, and 1929, as full explanations have not been given regarding the change in the number of persons paid in the family during each of these years. In 1926 this man was paid for ten shares. For 1927 he states that there are only nine persons in the family, there being one boy fewer than was paid for in 1926. Again, for 1928 he is asking arrears for three boys and four girls, being one fewer boys and one more of girls. Reasons for these changes should be given. In 1929 he states there is still one fewer boys than paid in 1928, but no reason for the decrease given. On receipt of the above information a cheque in his favour will be issued.

How many of each type of medal are being presented? Where were they struck?

The last Canadian Indian Treaty medal I know of was issued in Queen Victoria's reign. Have there been any since?

Will any of the medals be available for Museum or Private collections?

There is no more out of the study of the development of our natural resources but also as a numismatist in the study of Canadian medals and currency.

Dear Madam:-

Your letter applying for arrears of annuity money due you received, but as you have not given full information regarding your family, payment necessarily must be withheld. In 1928, you made application through Bishop Anderson, who stated that your family consisted of yourself and 3 boys and, acting under this information, cheque No. 5054 for $16.00 was sent you. In your present application, you state your family consists of yourself and 2 boys. You will therefore see that you were paid $4.00 too much in 1928, unless you can fully explain what has become of the other boy. On receipt of this information, your application will receive prompt attention.

Ottawa, September 18th, 1929.

Sir:-

The Department today received a letter from David Sakabuckiskum applying for arrears of annuity due him for the year 1929. In the application he asks for the annuity for himself, 1 boy and 3 girls. He will receive a cheque for only $16.00, being the share for himself, 1 boy and 2 girls. In the letter certified to by you he has included in the family as one of the girls a daughter who was married to the late Enoch Sutherland No. 90, Moose Factory. If this woman wishes to draw her annuity for the years 1928 and 1929, she will have to make application for the same. I might add that Sakabuckiskum will knew that this daughter is not now a member of his family, and by making misrepresentations like this, the Department is compelled to be more strict before issuing cheques.

Dear Father Belleau:-

When making the annuity payments at Attawapiscat last summer, Michel Metatawabin presented himself for payment, but I could not locate his name on the pay-list. He stated that he is the son of David Metatawabin, who is paid under No. 208 of the Albany band. On investigation, I find from the records that there are two Xavier Metats on the pay-list; one paid under No. 391, and the other under No. 429. The Xavier Metat entered under No. 319has not been paid since 1924, so it is quite evident that the name under No. 391 should have been entered as Michel Metat, and not as Xavier. I am now enclosing a cheque for $76.00 in favour of Michel, being the arrears due him as per the following statement:-

Dear Sir :-

Attention ; A.F. MacKenzie, Esq.,

I have yours of the 18th. instant and note what you have to say about David Sakabuckiskum, as you will see in this case I have only certified as to his signature for I know by experience when dealing with the majority of our local Indians their words are not what the ones are from the average fair Indians.

As regard Treaty Money, these Indians, they give us considerable trouble and no doubt your Department having to look them up from time to time in your own records, that it does help matters very much, allow to suggest that I would consider it a favor if you could make some arrangements that they be paid only once a year at a specify time for all of them, and if you think I could help you in this matter I would be only too glad to do so, for it is rediculous to let them have these cheques at any time during the year and they certainly abuse the privilege extended to them by your Department.

I have before me your letter of the 21st instant, and have noted what you have to say regarding Indians. As much trouble has been caused the Department by these Indians on account of them sending in wrong information regarding the number in their families, I think these applications in future will not receive consideration. In future, these Indians will have to present themselves for payment before the pay-master, or have some responsible person, who knows their family, draw the money for them. I shall be pleased if you will so inform any Indians regarding this ruling.

Just another note to let you know that I made a gathering with the Indians of Albany before they left for there hunting grounds telling them how to behave and take care of them Selfs. before they all went of all the young lads that I gave a talking too. to behave and lesson to what there Berants Says to them. and turn in Soon.

And when ever I have Something to tell you that is out of the way with our Band I will let you know Soon as Possible.

with best wishes to you and the Department.

Yours Faithfully

Sir:

Re: Chief Isiah - Albany Band.

I beg to enclose a letter given to me by Chief Isiah of the Albany Band which he asked me to deliver to the Government.

During my stay at Albany I received every help and assistance from this Indian. He was of practical assistance to me in the Sandy Metat or Metatawaban case and displayed a keen sense of responsibility as to his office as chief. He did not beg for anything.

The Chief asked me to address the Indians on the law as relative to the interference of trap lines and the shooting of migratory birds before sunrise and after sunset, which I did.

With a little encouragement this band might be started growing potatoes for their own use.

I have the honour to be,
sir,
Your obedient servant,

C.D. LaNauze, Inspector.

Treaty No 9
Ottawa

Dear Sir,

I am writing to tell you that so far this fall we have all been well.

We have not had a very good Summer there have been a lot of fires in the bush all about our trapping grounds. None of us were employed by the Fire Rangers, the Indians who helped were brought from Lac Seul & Pine Ridge. The clothes that were left here at the Hudson's Bay Company have now all been given out, and we shall be glad if you could let us have some warm clothing for men women as some of us have not many clothes warm enough for the winter. I am sorry to say that since Treaty six of our people have died

Dear Chief:-

Your letters of the 1st ultimo received today. I have carefully noted their contents and I am pleased to inform you that I have already taken steps to provide blankets for the needy members of your band. I shall not forget to send you a few bags of seed potatoes early next Spring and trust you will see that they are distributed among those Indians who will be willing to plant and care for them.

By this time Dr. Hamilton, who has recently been appointed Indian Agent and physician for the different posts on James Bay, will look into all matters regarding relief and, no doubt, will see that those who are justly entitled to receive the same are looked after.

In conclusion, I wish to express my pleasure at the interest you are taking as Chief of the Band. I must commend you for setting the good example to the Indians to exert themselves to make the very best out of their hunt during the trapping season.

Yours very truly,

Dear Chief:-

I received your letter today, and am pleased to note the interest you are taking in the welfare of the Band. I am particularly pleased with the good example you are setting for the Indians in losing no time in getting to the hunting grounds. If all the Indians followed your good example, there would be a less demand from the Government for relief. However, I am quite aware that certain cases spring up where it is necessary to give relief. At the present time there is scarcely any clothing on hand to be sent to the Indians, but I shall be on the alert and if any can be procured, you may be sure I will not forget you nor the members of your band. I am sorry to hear of the death of so many of your Indians.

Sir:-

I beg to acknowledge receipt of your letter of the 1st instant, File 29D 400-5 E 8, enclosing a letter from Chief Isiah Sutherland of the Albany Band; in reply, I beg to inform you that instructions were given to the Manager of the Trading Post at Albany by Mr. Awrey, when he paid his official visit to Albany, to supply food and clothing to those Indian families who were in need of the same. On his return to Ottawa, he requested the Department to send to Albany 44 blankets to be handed to those urgently in need of the same. He also informed the Indians that he would see that seed potatoes would be supplied to those who were willing to plant the same. I might add that it is the desire of this Department to do all it can to assist the Indians to help themselves.

XXI. That a right inguinal truss size 34 be sent to William Loutit c/o H.B. Co. - Albany, via Island Falls, Ont.

XXII. That a copy of the Indian Act be sent to

J. Watt, Manager of H.B. Co., Albany.

XXIII. Much uneasiness exists among the Indians because of the apparent decrease of fur bearing animals in the northen districts. They attribute this to the rights given to the white trappers, who they say resort to tactics not permitted by law. Already the Provincial Government has manifested a sympathetic attitude towards the Indians by permitting only resident Indians to trap beaver and otter, but notwithstanding this, the Indians think that hunting and trapping permits should not be granted to any other persons than resident Indians.

They are also much exercised as the rumour has got abroad that commercial licenses for fishing in the lakes and rivers are being sought by certain commercial companies. They claim that at the present time, they have a hard time to eke out an existence, which condition will even be worse, should the Government decide to grant such license. These matters I discussed with Mr. Cain, and from what I can infer from our conversation, I am quite satisfied that Mr. Cain will not recommend to his Government any course that will greatly interfere with the existence of the aborigines of the district.

CONCLUSION

In conclusion, I wish to inform you of the most cordial relations that existed between Mr. Cain and myself in the performance of the important duties entrusted to us. His broad mind and wide experience in dealing with Government affairs did much to lighten the responsibilities placed upon us. I regret that he was not able to complete the full trip owing to his severe illness, but I am pleased to inform you that any work left undone can be completed next year without any inconvenience whatsoever either to the Indians or to the Government.

I wish also to record our appreciation of the kindness

Sir:-

I beg to submit herewith my report of the annuity payments for 1929 to Indians whose homes and hunting grounds are in the James Bay district. The report of Mr. Cain and myself as Commissioners will be presented later.

THE TRIP.

On Wednesday morning, 26th of June, the Fairchild Wasp plane in charge of Pilot Rose and Mechanic Shaw, and with George Rutherford, Provincial Moving Picture Representative and myself as passengers rose from the Ottawa River at 9.45, bound for Remi Lake and other points in Northern Ontario. Squadron Leader Godfrey, Capt. Grandy, and Messrs Shore, Conley, and Fee of the Indian Department were at the aerodrome to see us off and to wish us a bon voyage. The plane - a brand new one, and worth about $30,000 was placed at the disposal of the Indian Department through the courtesy of A.G. Desbarats, Deputy Minister of National Defence, and Group Captain J. Lindsay Gordon and Wing Commander Godfrey of the R.C.A.F. had very skilfully mapped out the best routes by which the different centres could most safely and expeditiously be made. The Indians were notified in January to assemble at the following points to receive their annuities and other considerations -at dates as follows:-

Arrangements were also made with the Fur Companies to provide accommodation for the treaty party during their official visits at the different posts.

In our flights we flew at heights of from two to five thousand feet, the altitude varying according to the nature of the country over which we were flying, the pilot taking every precaution to secure safety in case of a forced landing. At times light mists limited our visibility and at other times, heavy clouds completely obscured the view of the country beneath. In our first flight we followed the Ottawa River, passing over Pembroke and other towns, arriving at Trout Mills at 12.15. We took a taxi into North Bay where we had dinner and then returned to Trout Mills, from which point - after replenishing the gas supply - we again took the air at 3.30. We reached Remi at 6.45, just a few moments ahead of the Moth plane with Mr. Walter C. Cain, the Provincial Commissioner, who was to accompany [illegible]

trip.

The next morning, Dr. Bell arrived from Sioux Lookout, and our full party being now on hand, we planned to leave early next morning, June 28th, for English River. Though the Dominion plane was the official plane, yet Mr. Cain decided to travel in the Moth machine along with Capt. Maxwell.

We were unable to leave on Friday morning on account of fog - but later, when the fog cleared, Pilot Rose decided to go. It is well known that the trip across the country from Remi to English River is more dangerous as there are but few lakes upon which an airship could light in case of engine trouble. As a ship can glide for one mile for every thousand feet it is in the air, the pilot for this reason flew at a height of about four thousand feet. We had proceeded well on this lap of our trip when we encountered a most dense fog which almost completely shut out the visibility. The pilot had to turn back and descend to a height which was most hazardous but unavoidable. After circling round and round, he finally succeeded in making a safe landing on a small muddy lake called Bear's Tooth Lake. Soon after, farmers who had heard the plane, assembled on the banks and one farmer who had an old boat came and took us ashore. We were taken to the home of Mr. Fitzpatrick, a brother of Mr. Fitzpatrick, Principal of the Frontier College in the city of Toronto. Though living alone, he made us welcome and gave us a good dinner - but which, after the rough trip we had just had, I could not enjoy. The fog later cleared, and we were able to continue our flight. We left at 4.30, and reached English River at 5.40. The plane with Mr. Cain arrived the same evening about 8 o'clock.

Both planes left English River on Sunday morning at 10.30 for Osnaburgh . Owing to the location of the gas cache, we had to call at Twin Lakes, a point on the C.N.R. about six miles east of Nakina. We arrived here at 11.45, and were taken by a speeder into Nakina for dinner. Owing to inclement weather, we were detained on the lake till 5.15, when we got away again, reaching Osnaburgh at 7.45. The machine with Mr. Cain did not arrive till noon next day, they being also detained by bad weather. The route taken by them was entirely different to that taken by us. They followed the Kenogami and Albany Rivers to Osnaburgh.

On Wednesday, July 3rd, Mr. Cain left for Trout Lake, reaching there the same evening. We also had decided to leave the same day - but owing to the calmness of the waters we were unable to rise. After making many unsuccessful attempts to rise, Pilot Rose decided to leave Mr. Rutherford and the Mechanic at Osnaburgh and to take Dr. Bell and myself to Trout Lake in order that there might be no hold up in the work. With our load lightened, we had no trouble to rise, and succeeded in reaching Trout Lake in about three hours where we were welcomed by Chief Sampson Beardy, by the Post Manager Mr. Allison and by Mr. Garret, the English Church Missionary, and also by the Indians all of whom rushed forward to shake hands with us.

Next morning, Friday July 5th, Pilot Rose left for Osnaburgh intending to bring back Mr. Rutherford and the mechanic. Saturday, Sunday, Monday and Tuesday to noon passed by without any word from him.

About 3 o'clock on Tuesday afternoon the keen eyes of the Indians observed in the distance a plane. The news quickly spread, and as the sea-plane drew near, we soon recognized that it was not our plane which had left a few days before. The plane was in charge of Flight Lieut. Higgins and Sergeant Green who brought the news regarding the crash of our plane, the injuries to Pilot

Pilot Rose and Mr. Hooker of the H.B. Co., and of the death of Mr. Morrison. Mr. Higgins informed us that he had been sent by the Dept. of National Defence to carry out the itinerary of the Commissioners' trip as per schedule.

The same evening, Tuesday July 9th, we left Trout Lake for Lansdowne House where Mr. Cain and I were to interview several Trout Lake Indians who had assembled there and where I was to pay the members of the Fort Hope Band their annuities. The Moth plane with Mr. Cain left Trout Lake at the same time as we, but failed to arrive that night at Lansdowne. Next morning Flight Lieut. Higgins made a return trip to Trout Lake in search but without any success. In the meantime, I paid the Fort Hope Indians their annuities and when our plane returned, we at once flew to Fort Hope. The Department of National Defence, and the Provincial Air Service were at once notified that the Moth plane with Capt. Maxwell and Mr. Cain was lost. Soon many planes were sent in and though a district covering ten thousand square miles lying between Trout Lake and Lansdowne was carefully scanned from the sky, yet no trace of them could be found. However, late on Friday evening word was received by radio that they had been picked up at a point fully one hundred miles west of their course, by a plane belonging to the Western Canada Airway Co. and taken to Sioux Lookout and that Commissioner Cain was in the Sioux Lookout Hospital.

Later, I sent a radiogram to Mr. Cain asking him if he would be able to continue the trip and I received word in reply that owing to his physical condition it would be impossible for him to continue the trip, but for me to carry on the work. On Monday, July 15th, I returned to Lansdowne and took into treaty forty-eight Indians as members of the Trout Lake Band and paid them their gratuities and annuities. On Tuesday afternoon, July 16th, we left for Ogoki where we remained over night and next day flew to Albany. On our arrival we were informed of the serious illness of Rev. Mr. Northam, the English Church Missionary and teacher of the Indian day-school. Dr. Mitchell, as soon as possible, went to see him in the R.C. Hospital where he was receiving the best of attention. He reported that it was absolutely necessary for him to be taken out to Sudbury Hospital for an operation in order to save his life. Flight Lieut. Higgins informed me that his Department in cases of this kind gave him the licence to use the plane, so I decided to send Mr. Northam out under Dr. Mitchell's care. They left here on Friday and returned on Saturday. We purposed leaving here on Sunday for Attawapiscat, but were detained on account of some trouble with the plane. We left on Tuesday, July 23rd, for Attawapiscat by canoe, our plane having to return to Ottawa from Albany for repairs to the floats. We had to travel nearly all night by canoe to avoid tides and winds. We reached Attawapiscat about 8 o'clock on Wednesday evening, just one week late. We remained here till Sunday and then flew to Moose Factory, the plane in the meantime having returned on Thursday. On our arrival, I was immediately informed of the gun accident to a young Indian at Fort George, and asking for assistance - I decided to hastily complete the work at Moose and fly to Remi where we could get into touch with the Department. I knew the attitude of our Department in cases of this kind, but felt that official instructions should be definitely received.

I later received word to proceed to Ottawa by train and to

and to send the plane back after the wounded boy. On August 1st, they left Remi at 4.45 in the morning, made the trip to Fort George, and from there to Ottawa making the remarkable flight of about twelve hundred miles in the same day. Dr. Mitchell and I returned to our homes by rail.

ANNUITY PAYMENTS.

The annuity payments to the different bands were made, whenever possible, on the reserves and in the presence of the chiefs and councillors. During the payments any matters regarding morality, etc., were discussed and any Indians adjudged guilty of any misdemeanours were duly reprimanded and warned not to repeat a similar offence. Any law is just as good as it's administration and owing to the remoteness of these districts, Indians and others guilty of offences are allowed to escape with censure or light punishment when the law really demands a more severe penalty.

The annuity payments were made by me as usual at all the centres, while Dr. Bell or Dr. Mitchell was attending to their physical ailments.

Special interest, however, was taken in the payments to the Indians at Trout Lake, where the greatest enthusiasm existed. For days before the arrival of the planes, which were to bring to them through the air Mr. Cain, the Commissioner for the Province of Ontario, and myself as Commissioner for the Dominion of Canada - the Cree and Ojibeway Indians scanned the sky looking for the great birds that were to bring to them the Commissioners sent in by the Great Ogema or King. At last, they were not disappointed for in the distance they observed the tiny specks. The excitement grew as the faint hum gradually increased in volume as the airships approached nearer and nearer, the Cree and Ojibway Indians gazed stolidly at the great bees as they lit on Trout Lake a short distance from the H.B. Co.'s Post. As we stepped ashore, we received a real welcome from the Indians who had so long been awaiting our arrival and were wondering with much anxiety what concessions would be granted to them if taken into treaty. The full account of our negotiations with them for an adhesion to Treaty 9 will be given in our report as Commissioners. The following statement shows the approximate membership of the different bands. It will be observed that there is a total increase of 641 Indians of which number, 627 were Indians taken into treaty at Trout Lake for the first time.

As instructed, I paid the Fort Hope Indians whose hunting grounds are in the vicinity of Lake Attawapiscat, a point about fifty miles north of Fort Hope at Lansdowne House. Fully fifty per cent of the Fort Hope Indians had assembled there and I think that the Department's decision to pay them at this centre was well warranted and I believe appreciated by the Indians. When here, with consent of Commissioner Cain, I also took into treaty, as members of the Trout Lake Band, forty-eight Indians.

I also paid those members of the Albany Band, whose hunting grounds and homes are in the vicinity of Attawapiscat - near James Bay - under a new band of their own - Commissioner Cain agreeing to same.

At Trout Lake, Mr. Cain and I could not agree regarding the claim of five families to be admitted into membership of the Trout Lake Band. These Indians are at present residing at Island Lake, some of them being married to Island Lake women. I maintained that these Indians who were born and brought up in Ontario should now be recognized as Ontario Indians even though domiciled in Manitoba. Mr. Cain thought they should be accepted into treaty at Island Lake. Finally, we agreed to favourably consider their claim next year - providing their application to be taken into Island Lake Band was turned down. The names and membership of these families are as follows:-

Jimmy Barkman	-	Wife, son and daughter
John McKay	-	Wife, son and 2 daughters
Elijah Beardy	-	Wife, son and 2 daughters
Job McKay	-	Wife, 2 sons and 4 daughters
Jemima McKay	-	One woman

Great interest is always manifested at these elections. Before calling for nominations, I always explain to them the duties of the chief and councillors, especially trying to impress upon them the necessity of electing men who were men not only of good moral habits, but men who were good hunters, men not lazy, but men always ready to be up and doing. After the elections, the chief and councillors were presented with their emblems of authority and with the flag. The Indians were then asked to give rousing cheers for their newly elected advisers and also for the King, which they did with vim. No part of the program is more heartily indulged in and enjoyed by the Indians, old and young, than the cheering for their chief, councillors and for the King.

RESERVES

Owing to Commissioner Cain's illness, we were unable to definitely decide matters regarding the size and location of all the different reserves. This question will have to be further considered when the Commissioners complete negotiations with the Indians next year.

I might however add that, after holding a conference with the Indians at Trout Lake, we decided to recommend that four reserves be set aside for the Trout Lake Indians, the principal reserve comprising fully one half of the allottment being located on Trout Lake, the others at Sachigo Lake, Meagamow (Round Lake) and Wunnimin (Summer Beaver). The Indians however were informed that the annuity payments for all the Indians would be made at Trout Lake each year and not at the other points unless the Department later thought it advisable.

HEALTH

With the exception of several minor symptomatic and nervous ailments, we found the health of the Indians very fair, though of course tuberculosis is quite prevalent at all the centres visited. The condition may be attributed largely to heredity, mal-nutrition and wilful neglect, the Indians apparently ignoring the advice given to them by myself and by the doctor.

In cases of communicable diseases, they lack the advantages of being under the care of a doctor or nurse, and thus have to depend upon the Missionaries and officials of the trading companies for advice and assistance. Every effort, however, is being made to teach them how to live, how to clothe themselves and to house and properly take care of their health. Liberal supplies of drugs are annually sent in to the different centres by the Department for the aid of the Indians and to relieve their sufferings.

sufferings.

I regret to have to report the unusual number of deaths, thirty-one, at Osnaburgh last winter due to an outbreak of flu.

On our arrival at Albany, I was informed by Father Saindon that three families were isolated as they had small-pox. On investigation it was discovered that they were merely suffering from the effects of vaccination, about two hundred Indians having been vaccinated during the previous week.

The question of health no doubt will be more fully dealt with by Doctors Bell and Mitchell in their report.

OCCUPATIONS, HOMES, Etc. of INDIANS.

The Cree and Ojibeway Indians in these remote districts have to depend largely upon hunting and fishing for their livelihood. A few of the men get employment during part of the summer in freighting supplies for the trading companies, but this work is gradually slipping away as other means of transportation arise. Supplies for Fort Hope and its outposts are now taken in by sleighs and tractors during the winter, thus depriving the Fort Hope Indians of work during the summer. Planes are also being used by tourists and others which too means loss of employment for the Indians as guides and canoemen.

Many of the Indians live in tepees which in my opinion is the proper kind of abode for them. I find that the majority of the Indians are not fond of work. They live in the present, not giving much thought for the morrow. Their property consists of a canoe, a tent, a gun, and one or more dogs. Many of the families are large and poorly clad.

Owing to the excessive cost of food supplies, they have to depend for their sustenance to a large degree upon the products of the country - fish and flesh. They do not seem to worry much over failure to make a good hunt as they seem to have it fixed in their heads that the Government will not permit them to freeze or starve.

The irregularities in their living lead to malnutrition and consequently make them easy prey to all kinds of infectious and contagious diseases.

Complaints were made at all the points regarding the ingress of the white hunters with their destructive methods which has resulted in greatly depleting the wild animal life. We pointed out to them that the Provincial Government was doing its part to draft laws and regulations regarding hunting with a more or less sympathetic attitude for the Indians. The Government has also shown much leniency for the Indians upon compassionate grounds when they have been found guilty of taking moose and other game out of season for their own food supply. The government, however, does not feel disposed to deal so generously with Indians who are making it a business to take moose and other game out of season for commercial purposes.

I am pleased to report that there seems to be a greater desire among some of the Indians to grow potatoes. Requests were made for seed potatoes which requests I said I would be pleased to grant them. I wish here to refer to the good example and the proffered assistance of the Trading Companies to help them make their new

EDUCATION

The Cree and Ojibeway Indians of the District of Patricia are bush Indians and consequently their children have not the opportunity to get much of an education. As soon as navigation opens, with their families and belongings, they set out in their canoes for the nearest trading posts to exchange their fur products for food and clothing. They only remain at the posts for a short time, visiting and having a good time among themselves and then again start on their return trip to their hunting grounds.

While at the posts, the missionaries do their best to teach and enlighten them. At Osnaburgh, and Ogoki education is entirely neglected. At all the other points the Indian children are receiving an education in a greater or lesser degree.

At English River, the Rev. Mr. Walker is doing good work. He informs me that his intention is to undertake at once the construction of a new church and then to use the present church as a school.

At Fort Hope, the school is being taught by J.A. Macdonald, son of Rev. Macdonald, the English Church Missionary at that point. He asked me to recommend the construction of a new school, but I turned his request down as I thought most of the Indian pupils could be taught to better advantage at the residential schools at Sioux Lookout.

Under separate letters, I have enclosed the applications of four pupils whom the doctor has passed as being medically fit.

At Albany, I visited the R.C. Residential School. I was not able to see the school in session, but I met several of the boys and girls who apparently are receiving instructions along lines of a domestic and agricultural nature. I am sorry to report the loss by fire of their new saw-mill and all the materials, lumber etc. which they had on hand for the erection of the new school. The loss will amount to fully fifteen thousand dollars according to their report. However, Father Bilideau already has taken steps to provide a new mill and Father Saindon states that he hopes the delay in the structure of the new building will not exceed five months.

I am sorry to report the severe illness of Rev. Northam, whose illness I reported in the forepart of my letter.

At Moose Factory, I visited the English Church Residential School and was highly pleased. Inside I found everything neat and clean, the children being taught to do all their work in a systematic and methodic manner. All the buildings have been repainted outside, thus giving the whole surroundings a fine appearance. Though many of the pupils were home on their holidays, yet I met many of them and was pleased with the manner they could speak the English language. I cannot speak too highly of the work being done by Mr. Waller and by the matron, Mrs. Soucier. Mr. Waller was greatly delighted because he had just received word a few days previous to our arrival that it was the Department's intention to build a new residential school at Moose Factory in the very near future.

HOSPITALS

The R.C. Hospital at Albany has room to accommodate six patients. The Hospital is well looked after by the Sisters one of whom is a qualified nurse. Like the school, everything is kept neat and clean, and patients are well cared for. The Department annually sends in a supply of drugs which, without cost, are to be used to relieve and restore to a normal condition the health of Indians who require the same.

EXTRACT ON 1962

Father Saindon made a request that the Department supply them with three hospital beds. I know this hospital has been doing work for years at a very small cost to the Department and for this reason I now strongly recommend that three hospital beds be purchased and forwarded to the Albany Hospital, the only hospital carried on for the whole year in the James Bay district.

I told him that he should keep a proper register of the children whom he is now teaching and submit quarterly reports to the Department, when a grant would be allowed, based upon the attendance. I also told him to make a requisition for school supplies which, if not beyond reason, would be supplied.

I might state that in the Trout Lake Band, there are many bright intelligent looking boys and girls, but as the parents are bush hunters, they assemble at Trout Lake, as a community, only for a short time, and then leave again for the hunting grounds. The request for a new school at present is uncalled for.

XXIII. Much uneasiness exists among the Indians because of the apparent decrease of fur bearing animals in the northen districts. They attribute this to the rights given to the white trappers, who they say resort to tactics not permitted by law. Already the Provincial Government has manifested a sympathetic attitude towards the Indians by permitting only resident Indians to trap beaver and otter, but notwithstanding this, the Indians think that hunting and trapping permits should not be granted to any other persons than resident Indians.

They are also much exercised as the rumour has got abroad that commercial licenses for fishing in the lakes and rivers are being sought by certain commercial companies. They claim that at the present time, they have a hard time to eke out an existence, which condition will even be worse, should the Government decide to grant such license. These matters I discussed with Mr. Cain, and from what I can infer from our conversation, I am quite satisfied that Mr. Cain will not recommend to his Government any course that will greatly interfere with the existence of the aborigines of the district.

CONCLUSION

In conclusion, I wish to inform you of the most cordial relations that existed between Mr. Cain and myself in the performance of the important duties entrusted to us. His broad mind and wide experience in dealing with Government affairs did much to lighten the responsibilities placed upon us. I regret that he was not able to complete the full trip owing to his severe illness, but I am pleased to inform you that any work left undone can be completed next year without any inconvenience whatsoever either to the Indians or to the Government.

I wish also to record our appreciation of the kindness

kindness extended to the Treaty Party by the Fur Trading Companies. I particularly wish to refer to the great interest taken by the Department of National Defence in voluntarily furnishing an up-to-date Fairchild Sea-plane for the trip. I regret the loss of this machine which was in charge of Mr. Kingsley Rose, a careful and capable pilot. I wish also to express my gratitude to Flight Lieut. Higgins and Sergeant Green through whose technical skill the aerial flight was so successfully made to all the other points enabling the work to be completed almost at dates as previously arranged.

Doctors Bell and Mitchell were deeply interested in their work, and always did their best to impress upon the Indians the importance of taking better care of their health and the necessity of living moral lives.

As in the past, I have conscientiously performed the work allotted to me to the best of my ability and trust the same may meet with your full approbation.

Your obedient servant,

H.N. Awrey

TREATY INDIANS

One of our Native Employees, Tom Taylor, is married to Annie Cheecho, of the Moose Factory Band.

Taylor resides at Charlton Island with his family, and tells me that he has not drawn his wife's treaty money for some time. Will you please leave it at Moose Factory with our Post Manager, when paying Treaty this coming Summer, if the payment is in order.

In 1927 - her annuity for 1926 & 1927 paid to her self

Dear Madam:-

Your letter applying for arrears of annuity money due you received, but as you have not given full information regarding your family, payment necessarily must be withheld. In 1928, you made application through Bishop Anderson, who stated that your family consisted of yourself and 3 boys and, acting under this information, cheque No. 5054 for $16.00 was sent you. In your present application, you state your family consists of yourself and 2 boys. You will therefore see that you were paid $4.00 too much in 1928, unless you can fully explain what has become of the other boy. On receipt of this information, your application will receive prompt attention.

Dear Sir,— Mrs Beatrice Paul forwarded the enclosed to me asking me to write you and to say that she was notified (I suppose from the Chapleau Indian Boarding School) last January that one of her boys had died. She had 3 boys at the Chapleau School, Simon, George and Alex. I understand that the oldest, Simon, has left the School. One of the others was, I believe, sent to the Hospital for Consumptives at Weston. You should be able to check up on these points from your records of children sent to the Hospital in Toronto for T. B. treatment and from your correspondence and returns from the Chapleau School. Tom Paul, her husband, died on Oct. 28th 1922 and was buried here. Mrs Paul states that she is in destitute circumstances and would like to get her money as soon as possible.

Yours Sincerely

In reply to your letter of the 14th instant applying for the annuity money due Widow Tom Pans, I beg to inform you that a cheque for $12.00 in her favour will be forwarded to you under separate cover. On investigation it is found that this woman's family consists of herself and two sons, Alex, attending the Chapleau school and Simon, whose whereabouts at present is unknown as this boy is a truant from the Chapleau school, having skipped from there in March, 1927. The other son, George, died on January 21st, 1929.

I might add that particular care has to be taken to secure correct information regarding the number of persons in a family. Every increase or decrease requires to be carefully accounted for.

Sir:-

I am enclosing to you a book containing the names and band numbers of all the different families belonging to the Albany, Attawapiscat, Moose Factory, and New Post Bands. Whenever you have reason to refer to the Department concerning any of these families, you should give not only the name, but the band and band number under which they are listed. Some of these families do not reside in the vicinity of James Bay and, consequently, you will not meet them. The heads of all these families have been supplied with identification tickets which you should insist upon them presenting to you when they apply to you for assistance or information. You should keep a record as well as possible of any changes that may occur in the membership of any of these families either through deaths, births, marriages, or transfers.

Trusting this pay-list may prove beneficial to you in carrying out your work.

Dear Sir:— I am returning attached cheque, as I learn that "widow, John Reuben No. 40 Moose" is dead. She died on or about Nov. 21st. I received a wire from her daughter, Mrs Lydia Lasse, under date of Nov. 21st from Franz, saying that her mothers body would be buried next day at Mattice. I waited for word to inform me where she had died, but I could not get in touch with Mrs Lasse. My opinion is that she died at the Chapleau hospital from what I have heard, as Mrs Lasse lives at Hakinia. I am told that Mrs Lasse undertook and paid all the expenses of her mothers transportation and funeral. If that be the case, and her wire I have from Franz would seem to confirm this information, I would suggest that the amount of this annuity $4.00 be paid to Mrs Lasse.

Sir:-

I beg to inform you that the Treaty Party will arrive at Moose Factory on Saturday, July 17th. Kindly notify as far as possible all the Indians under your charge. If any of your Indians are unable to be present, they must give to you or to some other Indian whom they wish to draw their money a written order, giving the number of persons in their families and accounting for any changes due to births, marriages, or deaths.

Yours truly,

H.N. Awrey.

Sir:-

I beg to inform you that the Treaty Party will arrive at Attawapiscat on or about Friday, July 11th. Kindly notify as far as possible all the Indians under your charge. If any of your Indians are unable to be present they must give to you or to some other Indian, whom they wish to draw their money, a written order giving the number of persons in their families, and accounting for any changes due to births, marriages, and deaths.

I wish to remind you that it is most essential that every Indian who wishes to be transferred from the Albany Band to the Attawapiscat Band should be present, as this will be the last opportunity they will have to get a transfer. A reserve for the Attawapiscat Band will be allotted by the Commissioners at the rate of 1 square mile for each family of 5 persons, or in that proportion, based upon the number of Indians that will be recognized as members of the Attawapiscat Band at the conclusion of the annuity payments this summer. I wish also to point out to you the great importance of your band selecting some district for a reserve where the land will be good and, I hope, covered by good timber. The selection will pretty much depend upon yourselves, as the Commissioners will be guided by your selection.

Yours truly,

H.N. Awrey.

Sir:-

I beg to inform you that Mr. W.C. Cain, Deputy Minister of Lands and Forests, Toronto, and myself have been appointed Commissioners to negotiate with the Indians whose hunting grounds are in the vicinity of Winisk, an adhesion to Treaty 9. We expect to arrive by plane on or about Wednesday, July 9th. I hope you will do your best to see that every Indian, who desires to enter treaty, be present with his wife and family. No Indian will be admitted into treaty unless he appears in person before the Commissioners to prove his case for admission. It is assumed that the Commissioners will have no trouble in negotiating a treaty as it is understood that the Indians are unanimous in their desire to enter treaty.

As I understand Winisk is so situated that it is very difficult to get a suitable place to land with the plane, I shall be very grateful if you will write to me and give me full information regarding the place and enclosing a plan pointing out where you think it would be the best place to land. Do you think there would be a good place further up the river to land? When I met you at Albany you told me that you would mark out by flags what you considered the safest place to land. Any information you can give me will be thankfully received, not only by myself, but also by the Department of National Defence, who have asked me to secure what information I could. You might also inform me if there is any gas available at your post. I wish you would instruct the Indians to select where they would prefer to have their reserve situated, pointing out to them the necessity of selecting good land covered with good timber.

Dear Mr. Halverston:-

For your information, I am enclosing a schedule showing the dates when the Treaty Party, made up of Commissioner Cain, a doctor, and myself, besides the pilot and mechanic, will be at the various centres. I will be very pleased if you will make arrangements with Mr. Tosh for accommodation of the Treaty Party while at Lansdowne.

Yours truly,

Dear Mr. Wright:-

As you will notice from the enclosed schedule, the Treaty Party is expected to leave Osnaburgh about the lst of July for Windigo, where, I presume, we will have to remain over night. At present, I have no definite information as to the most convenient place where the Indians will gather. I hope there will be a Trading Post of some kind at that place where we can be accommodated. I shall be pleased if you will give me some information regarding these Indians as to where they desire to meet, and what accommodation we can expect.

Yours truly,

H.N. Awrey.

Sir:-

For your information, I am enclosing to you a schedule showing the dates when Commissioners Cain and Awrey will be at the different centres.

The Department will not require you to make the treaty payments this year to the Attawapiscat, Albany and Moose Factory Bands, as Mr. Awrey can conveniently perform this work. This, however, should not in any way interfere with your making regular visits to the above centres.

Complaints have been made at Attawapiscat that the constable had never been present during the Treaty payments at that point. It would be well if you could arrange with him to be there during the treaty payments this year.

Your obedient servant,

A.F. MacKenzie,
Acting Asst. Deputy and Secretary.

Dear Chief:-

I beg to inform you that Commissioners Cain and Awrey will arrive "at the mouth of the Windigo River where it enters Nikip Lake, the Lake on which the Government Moth Plane with Commissioner Cain landed last July about 15 miles north of Dawes Falls", to negotiate with the Indians for an adhesion to Treaty 9, on or about July 15th.

It will not be necessary for your Indians to go to Trout Lake, but at the suggestion of Commissioner Cain, you will assemble as above directed where the payments will be made. You should notify all the families to be present as this is the last time they will be given an opportunity to be paid four dollars gratuity, as well as four dollars annuity. You should instruct every Indian to have a certificate showing the names and ages of every member in the family.

You should also decide where you would like to have your reserve located. In making a selection, I would advise you to decide on a location where there is good soil covered by good timber.

I beg to enclose herewith a copy of a letter which I desire to send to the Chief of the Windigo Indians and would be most grateful to you if you would translate the same into Cree. Last year, a notice was sent to this Chief in English, but the meaning was entirely misconstrued. I am most anxious that no such error may occur this year.

Sir:-

I am enclosing to you a revised schedule of the Treaty 9 trip. I regret that, owing to unforeseen circumstances, this change has been necessary. The Department of National Defence requested that the dates be changed as they had received information from the Department of Marine and Fisheries that, owing to the ice conditions at the earlier dates, it may be impossible to land with the planes at Fort Severn and at Winisk.

Yours very truly,

Dear Mr. Halverson:-

This morning, I received a letter from Mr. Tosh, which has been more or less annoying to me. Mr. Tosh made a requisition for drugs on the recommendation of J.A. Macdonald, who has no right whatever to give instructions. In the same letter, Mr. Tosh informs me that there will be no interpreter at Lansdowne, and advises me to make other arrangements. If I had anticipated that any such trouble would arise, I certainly would not have arranged to come to Lansdowne, but would have notified the Indians to assemble at Fort Hope as in the past. However, Mr. Halverson, I know that you will not see us stuck, even if you have to do the interpreting yourself. I hope to receive a letter from you which will remove any worry re interpreting.

I also received your letter this morning, and wish to thank you for your kind offer and good wishes. I might further add that the date when we will arrive at Lansdowne has been changed, as per the enclosed revised schedule, copy of which has already been forwarded to you.

Yours very truly,

I beg to inform you that the Department has received word from Bishop Anderson informing us that he had sent to the Chief of the Windigo Band in care of yourself a letter written in Cree. Before delivering this letter I will be pleased if you will change the date from July 1st to July 15th.

I also beg to inform you that I have received word from the District Manager of the H.B. Co., that instructions are being given to John Wesley to establish a post at the point were we are to land. He has also been instructed to provide shelter and accommodation for the Treaty Party at that point. This considerably relieves my mind, as I had fears regarding the accommodation there. I wish also to thank you, Mr. Wright, for the information you have given me.

Dear John:-

I am today forwarding to the Chief of the Windigo Indians a notice informing them when and where to meet the Treaty Party this summer. I will be pleased if you will point out to them that the date when the Commissioners will be there will be on or about July 15th and not July 1st as was first intended. A letter has been forwarded to the Chief by Bishop Anderson, written in Cree and if I have in that letter given the date as July 1st, will you kindly see that it is changed to July 15th. I received a letter this morning from Mr. Bartleman informing me that he had given instructions to you to provide accommodation for us at Windigo. I hope you will arrange to assist us by interpreting for us.

Dear Mr.Awrey:-

I have just forwarded to you an official note acknowledgeing receipt of your schedule for this season, and offering you our hospitality for your entire party,as is the wish of the Company.

Your letter arrived here yesterday by a special packet,and I have been wondering since then if you received your map,which I forwarded to you by the December packet team,which left this point the day after Christmas.

I also sent you a short personal letter at the same time,but,of course,it is just possible that the latter has got lost en route,which would not matter so much,as it did not contain news of any importance,but if the map has also gone astray, you may have some difficulty in replacing it.

We are now enjoying spring like weather,the severe part of the winter is now past,and in about two months from now we will see open water again.

Mr.West,our District Manager,left this point for the south last Friday morning,having now almost completed his winter inspection of all the west coast posts,from Moose Factory to Weenusk.

I have not seen the Chief since he left last summer,and I do not expect that he will come to the Post now until after open water,as he is hunting on the Weenusk side again this season.

Well Mr. Awrey,I must close now,as there is really nothing of any interest to relate at present.

Trusting this short note will find you in your usual good health,and wishing you a pleasant trip around the'Bay' again this summer.

With our united kind regards and best wishes.

Yours very sincerely,
H. Ambrose.

POST Lansdowne Lake,

ANSW[illegible]S FOLIO March 18th, 1930

H.N.Awrey Esq.,
Department of Indian Affairs,
Ottawa, Canada.

Dear Sir,

A letter from Mr Mackenzie dated Feb. 27th, has come to hand and while the tone of this letter rather surprises us, we think that a little explanation might clear the matter up.

DRUGS. J.A.Macdonald informed us in January that a Requisition written on one of the Department Forms was necessaryto order Drugs for this Post. In explaining the situation to Mr Lockhart-Smith (assistant at Lansdowne) Mr MacDonald led him to understand that it was a new system inaugerated by the Department , of which our knowledge was nil. We therefore sent in the Requisition which was received by the Department.

Interpreters. Our reason for stating this was to give the Department a full chance of procuring a desirable Interpreter We stated in our letter that there was no one suitable at Lansdowne Lake for the job at the present time. Mr. Halvorsen of the Hudson's Bay Co. has advised us that you have requested him to find Interpreters for the Treaty Party and should he be unable to do so we, while we are not sure that we will be able/-

Dear Sir,

Your letter of 22nd. February to hand and we note the contents of this letter. The Post, this Summer, will be in charge of Mr. Lockhart-Smith in the absence of Mr. Tosh and Mr. Lockhart-Smith has received instructions to do the best he can for the comfort of the Treaty Party while at Lansdowne Lake.

We have made arrangements with Mr. Halvorsen that we shall provide for Mr. Awrey, Mr. Cain and the Doctor while Mr. Halvorsen will have the balance of the Party.

We conclude this now by wishing you all possible success for your tour of the Posts.

Dear Mr. Awrey:-

I have your letter of February 27th, In regards to Interpreter at Lansdowne-House, Mr Tosh my have informed you that there is none at present, But it is along time from now till July and I will try and have one around here then, If not I will see you through my self, Interpreter at best only listen to what you say and tell's the other fellow what he thinks about.

I note also that a requisition for drugs has been sent in by Mr Tosh on the recommendation of J.A. MacDonald, Just what I expected they get most of the drugs last spring and the balance while I was away this summer that was over from the last year, as I would not be responsible for any trouble with the drugs split between the two places, and I have left them go to it, but have given them help in dressing wounds Ect, I have seen Mr Tosh and he informs me that he was informed by MacDonald to send requisition for drugs while he was at Fort Hope this winter as MacDoniad gave him that he was in charge of such things.

I also note the change in the schedule of Treaty NO.9. as per your letter of the 22nd February, and Two Planes comeing instead of one.

Wishing you the best of Luck on your trip this summer.

Dear Mr. Tosh:-

I received your letter of the 18th ultimo this morning, and wish to thank you for your kindness in arranging accommodation for Mr. Cain, Dr. Bell, and myself during our official visit to your post.

I have also received your letter furnishing explanations regarding your order for drugs. Personally, I was quite surprised that you should take instructions from Mr. MacDonald, as he is not authorized to give any such instructions. When at Lansdowne last summer during your absence, I spoke about drugs and informed the boys in charge that I would see that the same would be supplied and, true to my word, I forwarded the drugs which I hope you will receive in good shape.

I am very pleased to learn that Mr. Halversen and yourself will see that I will not want for an efficient interpreter. Again thanking you for your kindness in the past, and also for your kind wishes for a safe trip.

I received your letter of the 19th ultimo this morning, and now wish to thank you for your kindness in offering to interpret for the Treaty Party if another interpreter cannot be secured. This is one of the favours which I expect to receive from only such obliging persons as yourself, and I assure you that I appreciate your kindness in this respect very much.

Regarding drugs, I might say that I have also forwarded to you the same quantity of drugs as I have forwarded to the Revillon Freres Co. I have sent the drugs to both companies as you know it is not my desire to show favouritism to any companies that are in opposition. I wish to retain my good friendship with all the companies and, for this reason, I have always endeavoured to treat them the same.

Again thanking you for your extreme kindness.

Dear Mr. Aldous:-

I received your letter of the 25th ultimo this morning, and I am pleased to learn that you have received the blankets and medicines in good shape. I notice you are keeping a list of the persons to whom you give the blankets, and I think this is the proper thing to do. I had previous knowledge regarding the thorough way in which you perform your work, and this step of yours proves to me the truth of what I have heard.

I am sorry to hear that the Indians are making a very poor hunt, but this seems to be a general cry. I realize that there will be a greater demand for relief. You will have to use your best discretion to see that those who are actually in need of food or clothing are given the same, as it is not the Department's desire that any Indians should freeze or starve. On the other hand, if Indians are in need because of their slothfulness, it will not hurt them to endure a little heardship due to their own inactivity.

Hoping to have the pleasure of meeting you soon.

Sir,

Re: Attawapiscat Post.West Coast.James Bay.

I have the honour to report that I have been informed by Dr Hamilton.Indian Agent,that he has received a letter from his Department stating that they had received a complaint from ~~XXXXXX~~ Attawapiscat to the effect that the R.C.M. Policeman has never been present there during the payment of Treaty. and asking Dr Hamilton to see if he could arrange for me to be ~~XXX~~ there this year.

The Treaty plane is scheduled to be at the Attawapiscat Post on the 26th of July.1930,and at Moose Factory on the 1st of August. I informed the Indian Agent that in all probability I should be tied up with the East Main cases at that time,but promised to notify the Officer Commanding.

There is no reason given as to why the presence of an R.C.M.Policeman is wanted particularly at ~~this~~ time.

Mrs Mackenzie.

Last summer the Chief at Attawapiscat complained that a constable never visited Attawapiscat during the Treaty Payments.

When you wrote to Dr Hamilton on 15th January - you referred to this complaint and asked Dr. Hamilton to arrange with the constable to be there but the matter is not at all urgent. At the time we did not know that he had so much work to look after on the East Coast of the Bay.

Dear Doctor Scott,

I send you herewith a copy of a letter I have received from the Officer Commanding at Toronto, with respect to the payment of Treaty at Attawapiscat.

This is the first I have heard of a complaint having been received from Attawapiscat, and shall appreciate it if you will let me know the details, and if there is any urgent need for a member of the Force to be present at this Treaty Payment.

It is likely that our man at Moose Factory will be occupied in attending to criminal cases at East Main this summer. If, therefore, a man is definitely required at Attawapiscat, it may be necessary to send in someone else.

How does the Treaty Money go in, and do the Treaty Party go in by plane, and would there be room for a Constable if one is absolutely required.

Dear Colonel Starnes,

I have your letter of the 31st. ultimo with regard to the presence of a constable at the time treaty is being paid at Attawapiscat next summer.

Last year when treaty was paid, the Chief and some of the more important Indians asked that a constable should be present at the payments this year, the object being to impress upon the natives of this district the necessity of respecting the laws of the land; there had been some minor cases of thieving and like infractions of the law among them. I do not think it is necessary to send in a man specially for the purpose, and, in any event, the plane which will carry the treaty party this year will be loaded to capacity. I did think, however, that it would be a good thing to have the constable stationed at Moose Factory present at Attawapiscat on the 26th. July when treaty will be paid. We are providing a boat for the use of the agent and if it is possible for him to be present at the Attawapiscat payment it might be well for the constable to accompany him, but the matter is not pressing and I do not wish to intimate that more important engagements should be neglected on account of this proposal.

I trust this makes the situation clear to you, and I thank you for your interest in the matter.

Dear Doctor Scott,

I beg to acknowledge receipt of your letter of the 3rd instant, with regard to the attendance of a Constable of this Force on the payment of Treaty at Attawapiscat, during the summer of 1930.

In reply, I desire to say that it is likely that important cases will be tried at East Main, and it is very likely that it will be necessary for Constable Covell at Moose Factory to be in attendance on those cases, and this may prevent him from going to Attawapiscat. If, however, through any unforeseen circumstances, his services are not required at East Main, he will accompany your Agent to Attawapiscat.

Sir,

I herewith beg leave to enclose a letter from David Luke, who has always been paid under his fathers ticket No· 91 Moose Factory Band, and who is paid direct from the Department·

This Boy David Married Margaret Fletcher of Moose Factory Band No. 3 Chapleau Agency and they have one child a girl·

I did not pay this girl with her Father this year, and if you will forward me cheque for their 1930 Treaty along with their Treaty Number 1 will give it to them·

It would possibly save trouble if this boy was added to the Moose Factory Band Missanabie as this is where he is making his home and there is no complications to prevent this as this band have no property of any description and it would not effect them in any way.

Your obedient servant,

The Secretary,

Sir,

Re: General Report re patrol to Albany,Kapiscow and Attawapiscat.

I have the honour to report that on the 19th of March,I left Moose Factory in company with S/Const Gagnon Dr B.H.Hamilton.Indian Agent,and Thomas Nickoshie,Dr Hamilton's hired man on patrol per hired dogs and sled for Albany and Attawapiscat.

The arrangement that I made with Dr Hamilto was that he should pay half of the cost of the hire of dogs and sled,and half the feeding of the dogs during the period that he was travelling with us,and pay for his own and his man's ratior Dr Hamilton was travelling with us until the 1st of April,a to of 14 days,he therefore paid for 7day hire of dogs and sled an purchased dog feed for the 22nd,23rd,24th,25th,26th,27th & 28t March.

As many of the dogs used by Mr West of t Hudson's Bay Co were still in too bad a condition for use,I only able to use a few of them and had to make up the rest o the team with scrub dogs that were ill fed and in poor condi We therefore had to go very carefully with them at first bad weather made our outward trip necessarily slow,they good working condition for the return journey. We used

We were unfortunate as regards weat the outgoing trip,and had much new snow which spoilt the previously good crust,and our sled which was shod with m Spring weather,dragged badly in the fresh snow.

At Albany there were no complai ar hunt there has been about the same as last year,very . There have been only three moose killed in this district and there are practically no fish this winter,consequently the Government relief accounts are very high this year,at this Post. There were many calls for the Doctor's services.

We left Albany on the morning of th 25th March and made halfway to Attawapiscat that day. But fr then were beset by regular Vernal Equinoctial Gales wi heavy The coast from Albany to Attawapiscat is very po (or ,the bush is away back from the coast fronted grassy swamps and stunted willows. One should midday firewood with them,and carry fish or seal as it is hard enough to find wood for the tent be next to impossible to find enough to cook en when picking on the highest bunches of wi cessary to splice poles for use of the tent 28th March we ran up the Kapiscow river ab mall outpost of Kapiscow. There are about here. Although this is chiefly a fox dist practically no foxes this year,all have been mink and otter. No government relief h s post this year. There were several min ng the Doctor's attention,and one boy h usly chopped off a finger with an a

healing in an unsightly way with the bone protuding and was duly attended to by the Doctor. There were no complaints at this Post.

We left Kapiscow on the morning of the 29th and after travelling 7 miles up the Attawapiscat river,which was very deep with snow we arrived at Attawapiscat Post at 2-00.p.m

There were only about 100 Indians at Attawapiscat, there are usually 500 or 600 here in the summer. Infant mortality has been very high here this winter. The coastal fox catch has declined this year but inland fur has been better making the fur average about the same as last year,which was poor. Much hardship has been felt at this post this winter and the Government relief is about the same as last year,which was high. There have been no Moose and very little fish or country foods. The indians here are the dirtiest that I have yet encountered in James Bay District,they all live in wigwams, but never move them or change the brush on the floor,some have not been cleaned for years and the stench is terrific. Dr Hamilton has put out orders for a general cleanup this Spring and has asked the companies and mission to co-operate in remedying this state of affairs. There were several complaints with regard to an Indian Joseph Weesk and also a complaint against one Simeon Katakwabit,which were attended to.(See reports) I enquired why the presence of the policemmn was required at Treaty time,and was informed by Father Belleau that there were a few minor cases of wife -beating and illtreatment by some of the indians,and that these indians needed severe warnings by the police as his efforts along these lines had so far proved unavailing. All these indians in question were absent from the Post and only came in for a few weeks around Treaty time.

We left Attawapiscat on the morning of the 31st March had good weather and fair going,left a cache of medicines at mouth of Kapiscow river as previously arranged,for Kapiscow indians. Arrived at Albany Post on the night of the 1st of April. Dr Hamilton stayed at Albany,where he has some operations to perform and is receiving his boat this Spring. We left Albany on the morning of the 3rd of April,stopping at the Wabiscow River at noon on the 4th inst,to interview John Loon and family,they had done well this winter but old John Loon was suffering from a badly swollen hand apparently caused by a bad sprain or slight fracture. I advised him to go and see the Doctor at Albany and meanwhile to keep it bathed in cold water and rest it in a sling. We arrived at Moose Factory on the night of the 5th inst. Mileage hired dogs 389 miles.

Dear Mrs. Reuben:-

I received your letter today, and I am very sorry to learn that you are not well.

In compliance with your request, I am enclosing to you cheque No. 989 for $4.00, being your Treaty 9 annuity for the year 1930. I am also enclosing to you an order allowing you to purchase supplies to the value of $10.00 per month. The merchant to whom you present this order must submit his accounts at the end of each month in duplicate showing the amount of goods sold and their prices. Of course, you will understand that relief supplies must consist of such articles as flour, bacon, beans, tea, sugar, salt, etc. No luxuries will be allowed. This account may date from the 1st of April, so you see you will be able to have your account for April paid. The order will be good until such time as you are able to work, or until it is cancelled by the Department.

Yours very truly,

Dear Sir-;

Re; Jas Wynne

This party has requested me to apply for him for his treaty money. He does not know his treaty number. He belongs to James Bay band **Moose Factory.** He states that his wife left him a couple of years ago and took his identification ticket with her. He appears to be about sixty years of age.

He was some time around Alsace and has a brother Stephen Wynne at Mobert. His wife was formerly Louisa Trapper and came from James Bay. He has five living children Lizzie, Lydia, Agnes Peter and Dorothy.

This may help you identify him. He has just stated that Wm McLeod of Chaoleau assisted him in getting his treaty money last year, so doubtless you have had correspondence on the subject before.

To avoid confusion would state that his brother Stephen has a son named James who would be this mans nephew.

Kindly advise further.

Sir:-

In reply to your letter of the 27th ultimo, I beg to inform you that no annuity will be paid to James Wynne No. 88 of the Albany Band until a certificate is received from him signed by some responsible person vouching to the number of persons, man, woman, boys and girls in his family. I am afraid that this man is not giving correct figures as to the number in his family. In June 1929, he made application for his annuity and was paid for himself, his wife, one boy and six girls, stating in his letter that one child was born in February 1929. In your present letter, you state that his wife deserted him two years ago. You now apply for his money, his share, as well as the share of one boy and four girls. I desire to learn what has become of the other two girls, and also something regarding the whereabouts of his wife. I might add that if it is found that Indians are misrepresenting the number in their families, the Department will have to refuse payment unless these persons appear before the Paying Officer and produce their families to show that they are entitled to draw annuity for them.

If satisfactory information is now received from this man, and you can vouch to the correctness of his statements, payment will be considered.

INDIANS TO RECEIVE $25,000 NEXT MONTH

OTTAWA, June 9 — (C.P.)—Bearing $25,000 in treaty money, officials of the Department of Indian Affairs will next month visit Indian tribes in the isolated regions of Northern Ontario. For many of the natives it is the one occasion in each year that evidence comes to them of the white man's civilization. Each member of the treaty tribes receives $4 annually and in the case of two tribes with which treaties are to be consummated this year an additional single payment of $4 is to be paid each Indian as gratuity.

Two seaplanes pilotted by Royal Canadian Air Force officers will carry the party into the north country. They leave here on July 2. The party will be headed by H. N. Awrey, treaty commissioner of the Department of Indian Affairs, and W. C. Cain, Deputy Minister of Lands and Forests in the Ontario Government. Flight-Lieutenant Dave Harding of Ottawa will be in charge of the R.C.A.F. Detachment. Further stops will be made and 34 days will be occupied in the trip.

Dear Sirs:

Would you kindly let me know the dates Treaty Payments will be made at Fort Albany and Attawapiskat on James Bay.

I intend to make a trip in there from Pagwa Station, and should like to be there about that time.

I propose to take in a small outfit of souvenirs, etc to sell, to help pay expenses of trip.

Is there any special authority or license necessary for this?

Thanking you and anticipating an early reply,

Yours very truly,
Peter J. Spence.

Dear Dr. Bell:-

Just a line or two to remind you that Mr. Cain and myself will be leaving Ottawa on Wednesday morning, July 2nd, for Remi. We will be leaving Remi on Friday morning, July 4th. Kindly make arrangements to be on hand. The planes this year will be in charge of Pilot Harding. The other pilot will be our old friend Rose who, I am sure you are pleased to learn, is coming with us again.

Dear Dr. Woodall:-

I appreciate very much the receipt from you of a letter conveying to me and the other members of the Treaty 9 Party your thanks for services rendered to the Rev. P.A. Northam last summer. What we did was only a little deed which Bishop Anderson or yourself would have done for me or any other worthy official in such a time of need. I am conveying to the R.C.A.F. a copy of your letter showing them how much you and your worthy synod appreciate the services rendered by them.

Dear Mr. Cain:-

I received your letter this morning, and I am pleased to inform you that everything is in readiness for us to leave here on Wednesday morning, July 2nd.

Knowing we were going to make a treaty with the Indians at Windigo, I had our engrosser make provision for them to sign in the books which we had with us last year. I am sorry that there are no copies of the original Treaty 5 on hand. Fortunately, I had one copy which I had preserved for my own use, but I will be pleased to bring this copy along with me.

I have done my very best to get as accurate information as I possibly could regarding the point on Sandy Lake where the Deer Lake Indians wish to have their reserve allotted to them, but at the best the information is very meagre.

As Tuesday is a holiday, I am afraid I will not be at home as we have made arrangements to be away from the city. If I do not go, I will try to see you. If I do not see you, I hope to meet you on Wednesday morning at the Bank of Montreal or probably in the office about 9 o'clock.

I thank you for your good wishes and I feel that we are going to have a very pleasant trip together. I am not at all anticipating any bad luck.

My Dear Mr. Awrey,-

Do you think it necessary in the original engrossed Treaty Surrender Pages of the Record Book that we had with us last year to have additional provision made for the signatures of the Round Lake Indians or the Nikip chaps whom we shall meet at a point other than Trout Lake? If so, your engrossers could get it ready in a day or so.

The time is drawing to a close and while there were a few points I desired to discuss with you, I think they can remain in abeyance until I can chat with you on the 1st of July as I am expecting to reach Ottawa on Monday the 30th inst. I realize that your office will not be open on the 1st but I probably can get in touch with you by telephone.

I earnestly hope that you are feeling in the best of condition and that you are ready for our somewhat lengthy journey which I hope will be as interesting but less tragic in some ways than last years.

If you have a copy of Treaty No.5 typewritten you might bring that along with you because to carry a volume where all the Treaties are consolidated would add weight to the party. I would like to have a copy of this and I am a little afraid that I shall not have time to get one ready because we shall have to make reference to it when we are dealing with the question of allocating for the Deer Lake Indian Reserve at Sandy Lake. I have the typewritten agreement of 1910, which you were good enough to send to me, made between the Deer Lakers and the Indian Department prior to the final boundaries of the Province being established.

Dear Mr. Awrey,

19129-6

This Boy was sent to Stoney Mountain Penitentiary about Two Years ago, and has written us here re his Treaty Money. If he has anything due him we shall be glad to have you send it to the Penitentiary for him.

We wrote the Department some time ago re getting him out on parole and would like if you would take this matter up with the Department of Justice, as Justice Rose informed me after the sentence that we should apply for parole after a year or so, and he would be in favour of recommending it.

Edward is only a young man and we consider that the ends of justice have been served, and he has been in jail long enough.

Dear Sir:-

I am in receipt of your letter of the 13th instant in reply to mine of the 7th naming to do with the family of the late Tom Pans No 36.Moose factory.

I find, since you call my attention to the fact, that there are two boys still alive, belonging to this family. I had overlooked the fact that there is a boy (Aleck) about ten years of age, a pupil at the Chapleau Boarding School.

As the mother will, after this year, be taken in to the Brunswick House Band, I would suggest that the two boys be paid on separate tickets after this year, and if possible their money be sent to them direct.

Perhaps, for this year, I shall be in position to distribute the money to them individually, but future payments, if sent to Simon at Peterbell, and Aleck C/O the Principal at the Chapleau School will likely reach them. I believe Simon, due to the fact that his mother and a married sister make their homes at Peterbell, will likely make that place his center.

Trusting that the above information will make clear the situation.

Believe me.

Faithfully yours. Geo. Prewer.

Ottawa, August 15th, 1930.

Sir:-

I beg to submit my report of the Annuity Payments for 1930 to Indians whose homes and hunting grounds are in the James Bay Districts.

The report of Mr. Cain and myself as Commissioners to negotiate with the Indians at Windigo, Trout Lake, Fort Severn and Winisk will be presented later.

THE TRIP.

As per arrangements with the Department of National Defence, Mr. Cain and I left Ottawa at 12:20 P.M. on July 2nd, for Remi. Two fine Fairchild air-crafts, in charge of Flight Lieuts. Harding and Rose, and Mechanics McManus and Gauthier were placed at our disposal. Group Captain G. L. Gordon, Wing Commander Johnston, Squadron Leader Godfrey and several officials from the Department were at the Rockliffe Aerodrome to see us off, and to wish us a bon voyage on the long flight to the following centres where the Indians had been notified to assemble to receive their annuities and other considerations.

We arrived at Trout Lake, a gas base of the R.C.A.F., at 2:30. We took a taxi to North Bay, about three (3) miles distant, and had dinner. We then returned to the base, intending to continue the flight to Remi Lake, but were detained on account of unfavourable weather. Next day we left Trout Lake at 10:30, and reached Remi at 1:30, where we were joined by Dr. Mitchell of Sioux Lookout. On Friday, July 4th, we left for English River at 10:45, and arrived there at 12:05. About three hundred Indians awaited our arrival. All flags were hoisted at this post as was done at all the other posts, the Treaty Party being welcome guests, not only to the Managers and employees of the trading companies, but also to the Indians who always deem the occasion the greatest event of the year.

On Sunday, July 6th, we left at 12:06 for Ogoki, arriving there at 4:43. Next morning we paid the Indians while the Doctor looked after their physical ailments. We left Ogoki at 4:32 P.M. next day for Fort Hope, arriving there at 5:45. We remained here until Thursday afternoon when we left at 2:50 for Lansdowne, arriving there at 3:50. Lansdowne House, which is the new name given the old Attawapiscat Outpost under Fort Hope, is far removed from civilization. All supplies for this post are brought in by canoes from Fort Hope, requiring three and one-half days - twenty-three portages having to be made.

We left Lansdowne House on Sunday, July 13th, at 12:10, arriving at Osnaburgh at 1:40. Shortly after our arrival we were waited upon by the Chief asking us to go over to the Reserve and give addresses to the Indians. This we did, as we have done at all centres, Mr. Cain dealing particularly with matters concerning hunting, fishing and care of forests, Dr. Bell with matters concerning health, while I referred to matters concerning the general interests of the band in regard to morality, education and relief.

Osnaburgh Post of the Hudson's Bay Company is in charge of Mr. Aldous, one of the most interesting persons whom I have ever met on the trip. He is a typical gentleman, and I am sure his influence will mean much to the five hundred Indians who are paid at this centre.

The planes left for Sioux Lookout on Tuesday and returned on Wednesday bringing back Dr. O'Gorman of Sioux Lookout who completed the balance of the Treaty Medical work.

We left Osnaburgh on Thursday, July 10th, at 2:50, and landed at Kapikik to refuel. Owing to the calmness of the weather, one of the aircrafts could not rise with the heavy load, so it was decided to leave the baggage behind and continue the trip. We rose again at 4:10 and reached the point on the Windigo River-about one mile from Lake Nikip - where one hundred and seventy-six (176) Indians were waiting to be admitted into Treaty. After supper the planes returned to Kapikik for our baggage, but on account of unfavourable weather did not arrive back till Saturday. On Sunday they had to go back to Kapikik for our extra load of gas - as it was learned that about two hundred and seventy (270) gallons of the gas that had been sent into Trout Lake had leaked out - due to bad management of the shipping company, the tins not having been properly sealed. I might say that gas laid down at Trout Lake costs four ($4.00) dollars a gallon.

They returned to Nikip the same evening, and early Monday morning, July 21st, we left for Sandy Lake where we were to discuss with the Chief and representative members of the Deer Lake Band the location of an Indian reserve. We found them camped on the narrows between Sandy Lake and Lake

Oo-pe-te-qua-yash. We met Chief Fiddler of the band who informed us that he desired to have the reserve for them laid out at this point - on both sides of the narrows. We informed him that we would recommend the site he selected, but we had to leave in abeyance the size of the reserve until we returned to Ottawa to review the figures in regard to the actual number of persons in the Deer Lake Band who were entitled to a reserve here, it being thought that several of these Indians,now claiming membership in the Deer Lake Band, were provided with lands as members of the Island Lake Band before their transfer.

We returned to Nikip with the interpreter, John Wesley, whom we had to take with us. We left Nikip on Monday, July 21st, at 3:15 for Trout Lake arriving there at 4:30. We remained at Trout Lake til Thursday, July 23rd, and then left at 11:45 for Fort Severn,arriving there at 1:45. The Indians were in a state of great excitement as this was the first time a plane had ever visited this post.

The next day we called the members of the Band together, and explained to them the terms of the Treaty which they agreed to accept. The Treaty was then signed and seventy-five (75) Indians were enrolled and paid their Annuities and Gratuities for the first time. The Indians then prepared for the feast which they apparently enjoyed.

Owing to inclement weather, we were unable to leave for Winisk on Saturday as intended. We, however, left on Sunday, but were caught in a dense fog which suddenly arose from the icy waters of Hudson's Bay. We were forced - after flying for some time at a hazardous height - fifty (50) feet from the surface - to light at the mouth of the Winisk River about three (3) miles from the post; but fortunately landed in a place without striking any obstacles in the shallow waters. The Post Manager of the Winisk Post, Mr. Harris, sent five (5) canoes and twelve (12) Indians to bring us to the Post where we, cold and wet, were glad to gather around the stove to get warm. We completed out work at Winisk, but were again detained on account of bad weather, which continued almost continuously for four days. On Wednesday morning we decided to leave for Attawapiscat. We were taken in canoes to the planes, about four (4) miles distant, but on our arrival found them on dry land, the high winds and powerful tides having driven them ashore. With the assistance of about a dozen Indians, after five hours hard work, they were launched. We then expected to take the air at once, but unfortunately the pontoon of airship No. 113 struck a rock and soon filled. After considerable trouble it was run ashore for repairs, which required about two days to accomplish.

When the tide was in, the pilots decided to take off without passengers or cargo and fly to a suitable place on the Winisk River, about six (6) miles above the Post. The Doctor, Mr. Cain and I were taken in two canoes to the aircrafts by the Indians up the swift stream - polling, paddling and towing

having to be done. It took over two hours to make the river trip.

On Friday, August 1st, we left at 11:45 for Attawapiscat about three hundred (300) miles distant. We were warned to not attempt the flight along the coast on account of the dense fogs, so the Pilots took a compass course across country, but this action was somewhat risky. The country between Winisk and Attawapiscat is an immense unexplored marsh, and had engine trouble occurred, the planes would have landed in a place where it would have been impossible to get out until Winter. They observed the danger of this pioneer course, and have mapped out a more safe course for next year.

We arrived at Attawapiscat about three o'clock where we remained till Sunday when we left for Albany. The work at Albany completed, we left on Tuesday for Moose Factory, and on Wednesday from there for Ottawa, via Remi Lake, arriving home on Friday evening, August 8th, about 7 o'clock.

ANNUITY PAYMENTS.

The Annuity payments were made, whenever possible, upon the reserves, and in the presence of the Chiefs and Councillors. All matters regarding morality, etc., were discussed and individuals guilty of any misdemeanours were censured and warned not to repeat a similar offence.

The full account of our negotiations with the Indians of the Caribou Lake Band, the Fort Severn Band, and the Winisk Band will be given in our report as Commissioners. It will be observed from the following statement that there has been an increase of three hundred and forty-seven (347) in the total number of Indians paid, of which number three hundred and thirty-six (336) Indians were taken into Treaty for the first time. During the year there were one hundred and thirty-one (131) births and one hundred and eleven (111) deaths.

From Fort Hope I had to take an interpreter to Lansdowne as I received a letter from the Hudson's Bay Company informing me that there was no one living at Lansdowne who would be able to interpret. I took from Fort Hope to Lawnsdowne a half breed, Interpreter, Sinclair Ritch, who returned to Fort Hope with Inspector Anderson of the Hudson's Bay Company, returning from his annual inspection of the Post.

ELECTIONS.

Elections this year were held only at the centres where Treaty was made with the Indians, and Chief and Councillors elected for the first time. The method of electing their representatives was new to them, but they seemed to enjoy the proceedings, and after the contests were over the Indians and Squaws shook hands with their newly elected officers and heartily joined in the cheers for them.

After the elections were over, the Chief was presented with a Chief's brooch and with the flag, and the Councillors with their brooches. Mr. Cain and I then held a private interview with them pointing out to them their duties.

Chief - Xavier Patrick No. 1.
Councillor - David Sutherland No. 3.

I had to take John Wesley along to interpret for us as there was no one among the Indians of the Caribou and Deer Lake Bands who was able to do this work.

RESERVES.

There are now in Treaty 9, twelve (12) distinct bands, each having reserves varying in sizes according to their membership.

Reserves for the Indians taken into Treaty last year and this year have been selected and recommended for approval. A new reserve has also been recommended for the Attawapiscat Band of sufficient magnitude to allow one square mile to each Indian family of five persons, over and above that already set aside for the Albany Band whose reserve already surveyed should remain unchanged.

RACF 27074-11

New reserves are recommended as follows:-

For Caribou Lake Band.

A reserve on the south shore of Caribou Lake approximately 5 X 7 miles.

RACF 27074-12

For Fort Severn Band.

A reserve 3 X 5 miles deep fronting on the Fort Severn River - one and one-half (1½) miles on each side of the Beaverstone River where it flows into the Severn.

The Moose Factory Indians made a request to have a new reserve allotted to them at Hannah Bay as they thought the land there would be better for farming. I discussed the matter with Dr. Hamilton, and we decided that it would be better to leave the question for the present at abeyance until he cruises the present reserve and getsfirst hand information regarding the soil, timber, etc., on it.

I might add that Commissioner Cain does not seem to favor the proposition of having the reserve changed. He thinks that dissatisfaction might later arise with other bands should they not be permitted to select a new reserve, and I agree with him.

HEALTH.

The health of the Indians at the various centres is very fair - though of course there are the usual minor symptomatic and nervous ailments, and the prevalence of tuberculosis which condition will continue to exist until they learn to take better care of themselves.

The Indians of the Caribou Band were dirty and very poorly clad, though their health seemed to be fairly good. The question of healthwill be more fully dealt with by the Doctor in his report.

OCCUPATIONS, CUSTOMS & MODES OF LIFE OF INDIANS.

The Cree and Ojibeway Indians of the remote district of Patricia recently surrendered dwell in tents and tepees which are made of long poles tied together at the top and spread out in the form of a tripod. Over these poles birch bark or canvas is spread, leaving an opening at the top for the egress of smoke. A small opening is left for a door which is made of a stick and a piece of canvas.

The floors of the tepees are generally covered with layers of spruce boughs. In the centre of the tepee is placed the wood fire which, when burning brightly, gives a warmth and comfort,even in the most severe winter weather, greater than could scarcely be believed.

In these tepees,erected on or near their hunting grounds, they dwell during the winter months as long as game can be secured, and then remove to some other district, leaving behind them the naked poles of their former homes. The property of these Indians consists of a canoe, a tent, a gun and one or more poorly fed dogs. Owing to the excessive cost of food supplies, they have to depend in a large degree for their existence upon the products of the country - fish and flesh - but they do not seem to worry much over this as they know that the Government will not permit them to starve or freeze to death. During the Summer months, however, they subsist almost entirely upon fish, tea and flour, when able to get it, but during the Winter months they live more luxuriously as they eat the flesh of all the fur bearing animals except that of the weasel or ermine.

Once or twice each year they, with their families, make canoe trips to the nearest trading posts to barter their furs, meet their friends and enjoy a few weeks vacation with them. The greatest event of the season, however, is the visit to the posts during the Treaty payments, this being considered the greatest holiday of the year. They look forward to meeting the Ogema (the paying officer) and the muskikinnine (the doctor) before whom they pour out all their complaints and physical ailments.

Through the labours of the Missionaries almost all these Indians have accepted Christianity, and do not forget to attend to their religious devotions during their encampment. The effects of civilization are very apparent as the Indians who have accepted Christianity are much cleaner than their pagan friends.

The Trout Lake, Fort Severn and Winisk Indians have not yet learned the value of goods in dollars or cents, but still reckon values according to the unit of skins - a skin being valued at fifty cents. Though unacquainted with the handling of money, yet I believe the companies deal honestly and fairly with them.

RELIEF.

The fur catch during the past winter was exceptionally poor. The traders informed me that the majority of the Indians worked very hard, but with little success as the fur bearing animals were very few. As a result I am sure there will be a much greater demand for relief. At Lansdowne, Caribou Lake and Trout Lake the Indians are living almost entirely upon

fish as they were unable to pay the high prices that of necessity must be paid for food supplies. For your information I will quote the prices of a few of the commodities required as they prevail at Trout Lake.

Flour	-	$38.75	per hundred pounds.
Sugar	-	$ 1.00	" Pound
Tea	-	$ 2.00	" "
Lard	-	$ 1.00	" "
Pork	-	$ 1.00	" "
Salt	-	.50	" "
Cotton	-	$ 1.00	" Yard

The prices paid for furs for some reasons are much lower than were paid a couple of years ago, though the catch is much less. The prevailing prices paid for furs are as follows:-

Beaver	-	$ 30.00
Otter	-	$ 30.00 to $35.00
White Foxes	-	$ 40.00 to $50.00
Red Foxes	-	$ 25.00 to $ 30.00
Silver Foxes	-	$150.00 up
Muskrats	-	.50 cents
Wolf	-	$ 7.00
Marten	-	$ 15.00 to $20.00
Fisher	-	$ 45.00

At every cente I visited, the Chief and Councillors made appeals to me for relief - to which appeals I gave them the same reply as I have always given - "that it was not the desire of Dr. Scott, the Deputy Superintendent General of Indian Affairs, that any Indian should freeze or starve to death, but that he expected every Indian who was able to work to do so and not look to the Government for relief" - I also took the question up with the Post Managers and asked them to carry out with discretion the Deputy's wishes.

EDUCATION.

The Indians of the District of Patricia are nearly all bush Indians, spending only a few weeks at the trading posts and then departing for their hunting grounds. As a consequence the Indian children are unable to procure the education which they so badly require.

At English River, Albany, Moose Factory, Fort Hope and Trout Lake the missionaries are doing their best to teach the children who come under their care for a short time. I visited the residential schools and found them in good condition. The children were well dressed and clean, and are being given instructions in domestic and agricultural pursuits as well as in elementary education.

At Ogoki, Osnaburgh and Nikip there are no schools, not through neglect by the Department, but because of the inability of the children to attend school as their parents are trappers remaining for only a short time at the posts and then returning with their families to their hunting grounds many miles away.

10. Pte. William Semia No. 821025 of the 52 Batt., a member of the Osnaburgh Band when he heard about the outbreak of the late Great War travelled from Cat Lake to Port Arthur in order to enlist. He was accepted on the 13th day of September, 1916, and served his Country in France and Belgium. He was wounded and discharged on January 13th, 1919 as medically unfit for further service; he having been wounded in the abdomen, thigh and right wrist. He, like many others, accepted a cash grant, but now finds that he is unable to work on account of the wounds he received. He was examined by Dr. O'Gorman whose report I am inclosing. I do think that this Indian has a just claim for a further pension and trust his case will be taken up by the Department.

been sent to the Hudson's Bay Company, but the Manager of the Post states he has not the time to look after the distribution of them to those in need.

16. David Wynne No. 374 Albany Band, made application to have his daughter, Mabel, born February 27th, 1923, admitted to the Pelican Residential School; also Clara Wynne, No.170 Albany Band, born August 15th, 1916, an orphan admitted to the same school. I had Dr. Gorman examine them and he pronounced them both medically fit. As he was coming out to the line, I approved of the applications and trust I have not overstepped my duty in doing this.

GENERAL.

At Attawapiscat, Albany and Moose Factory, the Indians still thinking I was the Indian Agent, wanted to bring before me the great need for more relief. I pointed out to them that these questions must be dealt with by Dr. Hamilton who was now the Agent, and who would undoubtedly deal fairly with those who were actually in need.

From my conversation with Dr. Hamilton regarding different matters in connection with his work, and from what I saw and learned, I am quite sure he will prove himself to be a most efficient Indian Agent and Physician.

CONCLUSION.

In conclusion I wish again to refer to the most cordial relations that existed between Mr. Cain and myself in the performance of our important duties as Commissioners. Mr. Cain, very kindly, helped me to make the payments at the different centres.

I wish also to record my appreciation of the kindness extended to Mr. Cain and myself by the Fur Trading Companies. I particularly wish to express my gratitude to Flight Lieut. Harding and Pilot Rose, through whose technical skill the aerial flight over a vast unexplored district was so successfully made.

Doctors Mitchell, Day and O'Gorman were deeply interested in their work, and at all times did their part in impressing upon the Indians the great need of taking better care of their health and the necessity of living moral lives.

I have done the work which you entrusted to me to do - to the best of my ability and hope it may meet with your full approval.

I am inclosing a few snap shots taken during the trip.

WITH CHEQUE.

Dear John:-

I received your telegram last evening informing me that you had definitely decided to get married and asking that the money to your credit in the Department be forwarded to you. I am today enclosing to you a cheque for $554.02, being the total amount to your credit in our savings account here. I hope you will take good care of this money, and not spend it foolishly, for if you do, remember you cannot expect the Department to show you any sympathy at a future date should you be in straitened circumstances. I desire to receive a letter from you giving the date of your marriage, when you are married, and name of your wife. You should inform me if she were an Indian, and if so, kindly ascertain from her the name of the Band and Band number under which her father is paid. If she were a white woman, you should state so.

I am also enclosing to you under separate cover a cheque for $8.00, being the arrears of annuity due you as a member of the Fort Hope Band.

I wish you the very best of success in your proposed journey through life. When you are married, kindly send me your Marriage Certificate, in order that I may place your wife on the pay-list with you, and pay her annuity in the future. I will promptly return the Marriage Certificate to you.

Yours very truly,

Dear Sir:-

When negotiations were being made with the Fort Hope Indians in 1905, you were present at Fort Hope and were placed upon the list as a member of the Fort Hope Band. It appears that you had no right whatever to be taken into membership of the Band, as you were at that time only a visitor among the Fort Hope Indians, your real place of abode being in Quebec. The Department has from time to time recognized you as a member, and paid you under No. 139. A son of yours was later given a number of his own and paid for his wife and family under No. 238. As neither of you has applied for your annuity since 1920, the Department is more than ever convinced that your names should be struck off the list as members of the Fort Hope Band. I hope to receive from you a letter substantiating your claims, and if you still consider that you should be members of the Fort Hope Band, you should make application for arrears due you since 1920. You should show carefully the membership of your family for each year, that is, yourself, your wife, number of boys and number of girls. If there have been any increases or decreases, you should show this, and explain the cause. Your application should be along the following lines:-

Jacob Salt No. 139 Fort Hope.

1921	1	1		
1922

Sir,

Reply ng to official letter # 3-44 of Sept. 29th I beg leave to report that I have made extencive investigation of this Man Wynn, # 88 Albany Band and find that his family does consist of One man One Woman One boy and six girls, and when the old man made application for annuity that he left out the married one Lydia, there is another girl married since then to a man by name of Navue of the Matagama Band this is Lizzie, who was recently discharged from the Chapleau Indian School, her share should be held untill such times that I can get this mans number which I have not at the present.

The old man is badly in need of help and if he could get his annuity now, and I would advize giving him the eight shares that is for himself, his wife one boy and five girls, and as the woman is not with him having been chased out of this country by the Police on account of her character I think the man should have the money as he is trying to keep the children together, and if you will forward cheque to him at Missanabie, Ont, c/p Mr. D.M.Stuart, H.B.Co, Factor, for the eight, and a cheque to me for Lizzie I will forward it to her and advize the Department as to the transfer to be made on the records as soon as I get the Information from the Chief of the Metagama Band as it is a Nephew of the Chief that Lizzie is married too, this much information I can confirm.

Return to Mr Avery

3-44.

Ottawa, October 27th, 1930.

Sir:-

I am sorry to have to trouble you again regarding the application of James Wynne No. 88 Moose Factory Band for the annuity due him for the year 1930. There still seems to be some obscurity regarding the number of persons in this man's family. In 1927 Wynne was paid $28.00 for seven persons; in 1928 he was paid $32.00 for eight persons, namely, one man, one woman, one boy, and five girls (one girl reported born). In 1929 he was paid for one man, one woman, one boy and six girls, another birth being reported. You are now applying for eight shares, namely, one man, one woman, one boy, and five girls, stating that the other girl, Lizzie, is married to a man by the name of Navue of the Matagama Band. A few days ago, the Department sent a cheque to Mrs. Wm. Nepton who claimed that her name previous to her marriage was Lydia Wynne, daughter of James Wynne No. 88 Moose Factory Band. You, therefore, can see according to her statement that Wynne is entitled to be paid for only seven shares, if this woman's statement is correct. I would like you to ascertain from Wynne the full names of his different daughters, in order that we may arrive at some definite conclusion regarding this family.

Your obedient servant,

A.F. MacKenzie,

Dear Sir,

Your letter of the 6th inst. to hand together with that of the Indian Department dated 27th October regarding James Wynn No 88 Moose Factory Band.

I herewith submit the information required in respect to the above and his family.

James Wynn Father Male
Louisa Wynn Mother Female.
o Agnes Wynn Female (At present livin, with her father)
✓ Dorothy Wynn Female Chapleau School
o Lidyia Wynn Married Mrs Bob Nepton Mattice Female. Now 208 Moose
o Lizzie Wynn Married Mrs Louis Neaveau Gogama. — Now 47 Mclagan
✓ Mabel Louisa Wynn Female C/o Mrs Wynn. Mother
✓ Dave Wynn Female C/o Mrs Wynn Mother
✓ Peter Wynn Male Fort William School.

You will see from the above that Mrs Bob Nepton nee Lidyia Wynn Mattice is one of his daughters, if she wants her money there will still be 8 for the old man. I think the whole trouble seems to be that he has had several people writing in about his family, and evidently got all mixed up. The above names are correct, so I think you will not have any difficulty in getting the monies due the old man.

Yours sincerely,

Sir,

Replying to official letter No.3-44 of October 27th, relative to James Wynn's application for his 1930 Treaty and I am enclosing a letter I received from Mr. D.M.Stuart, the Hudsons Bay Factor, at Missanabie, where J. Wynn, is living and his report is according to the list sent in by me in my letter of October 23rd,.

- James Wynn,
- Mrs. Wynn,
- Peter Wynn,
- Agnes Wynn,
- Dorthy Wynn,
- Lydia Wynn, Married to Bob Nepton of Mattice, Paid,
- Lizzie Wynn Married to Louis Navue of (Matagama Band, Gogama, Ont.)
- Mable Wynn,
- Olive Wynn,

sent Nov. 19/30

I would reccomend that James Wynn receive all the Money except Mrs. Neptunes, which you advize was sent her and that a cheque be sent to Gogama to Lizzie(Mrs Louis Navue) to Gogama, Ont, this would leave the balance of seven to be sent to the Man at Missanabie, Ont. in care of the Hudsons Bay Manager Mr. Stuart, this I think should square up the whole matter, and as the woman is not doing anything to help keep the family together I would think the man should get her share as well as the girl she has with her, and as she is still raising children I think steps should be taken to get the girl Olive away from her if possible as she will never come to any good end remaining with the Mother who has been driven out of every community in this District, and as they do not belong to my Agency I have not much controle over her.

I beg to inform you that the Department will forward to you in the course of a day or two a cheque for $32.00 in favour of James Wynne, being the arrears of Treaty 9 annuity for the year 1930. Next year only seven persons will be paid in this family, as the daughter, Lizzie, will be paid with her husband, Louis Navue. I shall be pleased to learn from you the Band number under which she will be paid in the Matagama Band, in order that a proper entry may be made in the pay-lists of the Moose Factory Band.

I shall also be pleased to get the correct name of the man to whom Lydia is married. In your letter you state her husband's name is Bob Nepton, but a letter from Mrs. Nepton states that her husband's name is William.

Information is also required regarding the little girl, Olive, who is with the mother, as to her age and whereabouts. If she is old enough, the Department will take steps to have her placed in a Residential School.

The Department also desires to learn the ages of Agnes and Mabel, as it is thought they should also be placed in the school if of school age. Kindly advise us if there is, at present, room in the Chapleau school for these children.

Sir,

I herewith beg leave to report regarding letter of the 17th, of November No. 3-44.

I have been unable so far to get Lydias Husbands name will secure it on my next annuity trip North.

Louis Navue, of Matagama Band who married Lizzie Wynn, of No. 88 Albany Band will have Number 47. Metagama Band.

Regarding the girls of James Wynn, namely Olive, Agnes and Mable, I do not think it wise to have these girls taken into the Chapleau school as they are past the age when it would be of much use as they are past sixteen years of age and their characters are of such a nature that I am afraid that it would be bad for the school to take these girls in after them running around loose as they have been and bearing the name they have, and at present the Chapleau school has two pupils over its quota of one hundred there being 102 children in the school at present but I will try and locate the girl Olive and have her placed with the father at Missanabie who is doing his best to look after these girs but the Mother is a bad number of the worst kind.

Sir:-

In reply to your letter of the 27th ultimo, I again wish to inform you that it is not the Department's desire that the Indians from Moose Factory should take up their hunting quarters in vicinities that really should be the hunting grounds of Indians who took treaty near that centre. I, therefore, wish you to inform these Indians that they should appear before the paying officer at the centre where they took treaty and present to him papers showing not only the full name of the father and mother, but also the name and age of each child. I might add that the paying officer has always been most particular to see that every family was given an identification ticket, and he also cautioned them to take great care of their tickets or else trouble might later ensue in having them identified. It seems to me that you should use your influence to persuade these Indians to go back to the district to hunt where they really belong. If these Indians take up their abode in the bush, you can readily see that they can procure firewood, etc., without any cost. I think that these Indians from Moose Factory should return to Moose Factory and get their annuity tickets from the parties to whom they gave them.

The Department is always ready and willing to give assistance to old infirm Indians, but feels that applications for such relief should come from the Indian Agent of the Band to which they belong, and who is in a position to look into their needs, if they live within his agency district.

Your obedient servant,

A.F. MacKenzie,
Secretary.

Dear Sir :-

Last fall I asked the Company's Manager here at Mattice to write at Moose Factory to get the Treaty Tickets which are held by the Chief at Moose, for many of the Indians at Mattice, the Manager told me that he wrote that the Tickets cannot be sent.

The reason why I want the Indians to get his ticket, is when the Doctor come to see them he wants the right name, and right number for the Indians, which they cannot give, when they go to the station to get a railway ticket the Agent was his ticket to get the right number and also the Company's Manager, is always asking to see the Ticket when we ask him to do anything for us.

Hoping that you will ask the Indian Chief or the Agent to send all these Tickets to me of the Company's Manager at Mattice so that everybody will have his Ticket and can show it when he is asked to do so.

Yours very truly,

Dear Sir:-

Jacob Salt, Fort George Indian, has requested me to acknowledge on his behalf your letter dated 24th.October,1930.

In the year 1905, When treaty was made at Fort Hope, Jacob Salt was then employed by the Anglican Mission at Fort Hope, and had every entention of making the above mentioned place his home; acting on the advice of the Hudson's Bay Company manager at Fort Hope Post, took treaty.

Three years later, Jacob left his situation at Fort Hope and joined Messers Revillon Freres at Rupert's House. Since then, he has been employed as a servant of the Hudson's Bay Company at Eastmain Post.

It is rumoured amongst the Indians at this point that you are paying treaty this coming summer; if this is correct, Jacob and family would desire to take treaty with the Eastmain men.

Yours faithfully,

A. T. Louttit.

MEMO

Dr. Scott:-

When the treaty was made with the Fort Hope Indians in 1905, a Quebec Indian named Jacob Salt, who was at that time employed by the Anglican Mission, was admitted to treaty. Three years later, he went back to East Main where he has been residing ever since.

At the time his family consisted of himself, his wife, and one son. The son is now married, and when last paid in 1920, he had a wife and two sons. On 24th of October last, I wrote to Salt, pointing out to him that through misrepresentation he had been accepted into treaty at Fort Hope when he really had no right whatever to be taken into treaty. I asked him for a letter to substantiate his claim, if he still considered himself to be a member of the Fort Hope Band. In his reply, he states that at the time the treaty was made, he was employed by the Anglican Mission at Fort Hope, and had been urged by the Hudson's Bay Company to take treaty. He now claims that he should be taken into treaty at East Main, if a treaty should ever be made there.

I think this family should be dropped from the Fort Hope list, and, with your consent, I will do so when making the next distribution. They are not Ontario Indians, and should not be paid as such.

About $600.00 in arrears are due them, to which, I think, they are not entitled.

Referring to your letter of the 6th instant, I beg to inform you that I have carefully investigated your claim and find that you are entitled to be paid annuity as a member of the Moose Factory Band. You were formerly paid with your father, John Jeffries, under No. 23 but, as I could not get any information regarding your whereabouts, your name was dropped off the list in 1923. I now find that you are entitled to arrears for the years 1922 to 1930 inclusive, and I am enclosing to you cheque No. 10139 for $36.00, being the arrears due you for the above years. I am giving you a new number in the Moose Factory Band, and I hope you will, early in April of each year, make application to the Department for the arrears due you. You should write to the Department again early in April asking for your annuity for 1931, giving your band number as 209, Moose Factory Band.

I am enclosing to you an identification ticket which you should keep so as to know your band and band number.

Dear Mr. Avery:—

Thanks for the schedule of your trip for 1931, which I received in due course with your letter of Febry. 17th. I am making the trip via Lavant Lake, Osnaburgh, Ft. Hope etc to Albany this summer, and hope to meet you somewhere.

I am enclosing application for Treaty money with form filled in by Gilbert Quacheture who married last year Caroline Mark, widow of the late Andrew Mark who shot himself near Moose, as no doubt you know. At her marriage to Gilbert she placed her 3 children named in form at the Chapleau School. Gilbert and his wife are now living at Peterbell and this is their first visit to Moose since their marriage.

Mrs. Smiley Mark also applied for her Treaty for last year and I sent her a form to fill in on Febry. 25th but so far have had no reply. She was at Mattice and must have gone to the bush. She told me she had lost her ticket and wanted a new one with her money. She had forgotten the number. She will likely be back from the bush shortly

Dear Sir

I just received news today from Imperial Bank in Cochrane in regards to my treaty money as that is where I used to get it. The manager there told me it. wasn't there.

The last time I got it was in 1929. I never drew any since that time and as I need the money very bad and have three children to support I would like you to ans as soon as you can. I would also like you to send me a duplicate ticket as I lost the one I had.

Dear Madam:-

In reply to your letter of the 10th instant, I beg to inform you that on the 16th of February last your husband, James Kooses, applied for the arrears of annuity for 1930. He wrote from Peterbell, Ont., and on the 3rd of March, cheque 9953 for $20.00 was forwarded to him. The annuity for 1931 is still due, and before paying it, I would like to learn from you why you are at Pagwa and your husband at Peterbell.

I might add that I will be paying annuity to the Treaty 9 Indians at Mattice on the 9th of June. However, I hope that all the Indians will gather at the place where they took treaty, when the payments are being made.

Yours very truly,

Dear Sir:-

Referring to our conversation re taking of census, I now beg to report to you as follows.

I will be quite willing to undertake the work to secure as accurate a census as possible of the Indians who are members of the following bands, known as Indians of Treaty 9 James Bay District:-

Martin Falls - paid at Ogoki
Fort Hope - paid at Fort Hope
Fort Hope - paid at Lansdowne House
Trout Lake - paid at Lansdowne House
Osnaburgh
Cat Lake
Windigo
Sandy Lake
Trout Lake
Fort Severn
Winisk
Attawapiscat
Fort Albany
Moose Factory

All the members of the above bands are paid their annuities by me, with the exception of about 44 Indians who are paid at Lac Seul, but I will do my best to get the proper information regarding them, and enter them on my list. I will also enter on my list the children who are attending the Pelican Lake and McIntosh Residential Schools whose parents are members of one of the above bands.

I will also take an accurate census of all the whites and half-breeds who are residing at all the above centres except those residing at Moose Factory.

As I stated to you, these nomadic Indians may turn up at any centre, but if I am given proper time, I feel satisfied I will be able to get an almost one hundred per cent census of them.

I wish to thank you, Mr. McPhail, and also Mr. Pelletier for the courtesy extended to me during my interview with you this morning. If there is anything further I can do for you, I will be very pleased to do it.

Your obedient servant,

H.N. Awrey.

Dear Sir:-

I am enclosing to you a list of the Indians of Treaty 9 who are paid their annuities by Mr. Edwards at Lac Seul. As a complete census of the Treaty 9 Indians has to be made during the coming summer, I shall be very pleased if you would be good enough to give me the christian and surnames not only of the fathers and mothers, but also of their children, giving in each case their approximate ages, their religion, their occupation, and the kind of language they use. If there are any changes in the number in their families, you might state so giving the cause.

Dear Sir:-

In further reference to your letter of the 9th instant regarding the enumeration of Indians under Treaty No. 9 James Bay District.

We would like to have a copy of the list of localities you showed us, with the approximate number of persons at each station and also the amount of time that you could spend at each place. As we understand it you will not enumerate either the Indians or Whites at Moose Factory, these will be attended to by the Indian Agent there. The same will be true of Fort Albany and English River which appears as No. 2 on the map you left us.

We realize that these Indians may turn up for treaty money at any station and their allocation to their particular point may be done at a later date, providing you know to what Post they belong.

I am enclosing herewith copies of the population schedules which indicate the amount of work that will be required at each station to take the Census. When you have gone over these schedules perhaps you will find it necessary to revise the amount of time you will require at each Post or Station. When you have done this we would like to have another interview with you on this subject.

Dear Sir:-

Referring to your letter of the 25th instant re the taking of the census, I beg to inform you that my proposition was to take the census of all Indians, half-breeds and whites at all the different centres as per schedule enclosed with the exception of Moose Factory, at which point I would take a census of the treaty Indians only. As you thought, and I agree with you, that the census of the whites and half-breeds should be taken by an official specially appointed for the purpose. This official should be appointed to take in all the points along the T. & N.O. Railway between Cochrane and Moose Factory, including Moose Factory. I do not think the work could be satisfactorily performed in any other way.

Last year it required about five weeks to complete the work, but by the schedule you will se that I am allowing about seven weeks. As a longer time is required, the Department of National Defence has very kindly consented to permit me to retain the planes long enough at each point in order that I may complete the work. Of course, I know that there is much work to be done, and it could not possibly be done in the above time if the Government working hours for the month of July from 9 A.M. to 4 P.M. were strictly adhered to. My working hours on these trips are from seven in the morning till eleven o'clock at night.

It is not possible for me to give you the exact number of Indians whom I shall meet at each centre, but I presume the total number persons including Indians, half-breeds and whites, would be in the neighbourhood of between 4000 and 4200.

The number of Indians and others in the different centres will approximately be as follows:-

Place	No. of Indians	No. of Whites & Half-breeds.
English River	99	6
Ogoki	146	3
Fort Hope	330	25
Lansdowne	228	4
(Osnaburgh		
(Cat Lake	495	10
Windigo	176	—
Sandy Lake	326	3
Trout Lake	638	8
Fort Severn	75	10
Winisk	85	6
Attawapiscat	534	15
Albany	600	30
(Moose Factory	360	(Do not know)
(New Post		

Of course, Mr. Macphail, the above is only an approximate figure. Many of the Indians of the Moose Factory Band may be found at other centres, and many of the Albany Indians also may be found at other centres. These Indians, you know, are more or less nomadic, but my idea is to have them taken as members of the Band to which they ~~possibly~~ belong. I have not received the copies of the population schedules which you stated you were enclosing to me. I shall be pleased if you will kindly take up the matter at once, as I wish to send out letters to the various centres informing them of the approximate dates when we shall be at each centre.

If you will phone me, I will be pleased to come down and discuss the matter with you at your convenience, but as already stated, as soon as possible.

Yours truly,

H.N. Awrey.

Dear Sir:-

I beg to enclose the schedule showing the itinerary of Treaty 9 for 1931, and the approximate dates when the Treaty Party, made up of two pilots, two mechanics, a doctor, and myself, will be at the different centres.

As a complete census of the Indians and others will have to be taken, we of necessity will be detained longer at each post, and I hope that you will be able to provide accommodation as in the past.

Yours very truly,

H.N. Awrey

Dear Mr. Macauley:-

I am enclosing to you the schedule showing the approximate date when we hope to arrive at Cat Lake. I am also enclosing a schedule to John Wesley, Cedar Lake.

Our Treaty Party this year will be made up of two pilots, two mechanics, a doctor and myself. I would like to know if you will again provide accommodation for us at Windigo, and make arrangements for me to have John Wesley as interpreter, not only at Windigo, but also at Sandy Lake. I have received a letter from the Fur Trade Commissioner stating that the accommodation at Sandy Lake is very poor, but I will see that special emergency rations will be taken in by us from Sioux Lookout to Windigo and Sandy Lake, as was done last year. If John can give us as good accommodation as he did last year, I will be pleased. Last year you supplied three tents, but I think two will be sufficient as I can use one of the tents as an office.

I am enclosing to you some forms which I desire to be filled in by every family at Cat Lake whether Indians or whites or half-breeds. Anything you can do towards helping to have these forms filled in will be appreciated by me.

I am also writing to the Fur Trade Commissioner and also to the District Manager at North Bay, and I am enclosing a copy of this letter to them.

I am enclosing to you the schedule of Treaty 9 for 1931, showing you the approximate date when we will be Winisk. As you are aware, we had a narrow escape in landing at Winisk last year, and I told your predecessor, Mr. Harris, that we would not attempt to land at the mouth of the river, but would land about twelve miles up the river. I told him that we would not stay over, but as the census has to be taken this year, it is imperative that we will have to stay over night.

Would you kindly arrange to have a canoe at the landing point to bring the party down to the post, where the payments will be made as was done last year.

There will be six persons in our party, and I shall be pleased if you will provide accommodation and shelter for us while at Winisk.

Dear Mr. Bartleman:-

For your information, I am enclosing to you a schedule showing the dates when the Treaty Party will arrive at the different centres.

I am also enclosing to you a copy of a letter which I am forwarding to Mr. Macauley at Cat Lake, asking him to provide accommodation for the Treaty Party at Windigo, as he did last year.

I particularly desire to have John Wesley interpret for me, not only at Windigo, but also at Sandy Lake. I will take him with us in the plane from Windigo and bring him back to Windigo when the work is completed at Sandy Lake, which will require two or three days. As it is difficult to get letters to and from Cat Lake, I hope you will approve of anything I have done regarding accommodation and the appointment of an interpreter before first getting your consent. I assure you it is not because of any disrespect to you, but because of the shortness of time.

Dear Dr. Hamilton:-

Definite arrangements have now been made with the Department of National Defence for the transportation of the Treaty Party. I am enclosing to you a schedule showing you the dates when we will arrive at the different centres.

I have been asked to take a census of the Indians at the different places I visit; thus necessitating a longer time to do the work. I intended this year to make the payments and take the census, but I am not going to take up with the Indians any other questions that may arise, but will refer such matters to you, as I know you will be in a better position to deal with them. By doing this, I will not in any way cross your track and thus avoid duplicate actions. I will, however, deal with all matters arising at English River, Ogoki and all the other points I visit excepting at Attawapiscat, Albany, and Moose Factory.

Dear Sir:

We beg to acknowledge receipt of your letter of the 17th inst., together with enclosures. We have today written Mr. McCauley requesting that he make arrangements to provide accommodation for the Treaty Party at Windigo as was done last year.

We have no objection to letting John Wesley go with you as Interpreter at Windigo and Sandy Lake, and have instructed Mr. McCauley to have Wesley at Windigo on July 1st., awaiting the arrival of the party.

We would say that our charge in this connection will be $3.00 per day from the time Wesley leaves Cedar Lake until he arrives back at that Post, plus cost of his transportation to and from Windigo.

We trust that these arrangements are satisfactory and will meet with your approval.

Yours faithfully,

For the Hudson's Bay Company,

Dear Sir:-

Referring to your letter of the 18th instant, File 3285, regarding the employment of John Wesley as interpreter for me at Windigo and Sandy Lake, I beg to inform you that I am quite prepared to pay John Wesley for the days I would use him as interpreter at these centres, which probably would take about five or six days. I do not think that any charge should be made for transportation or time in coming and returning to Cedar Lake, as I presume he will be bringing in supplies to sell to the Indians, as he did last year, and would be coming to Windigo at any rate. I was not charged anything for transportation last year, and do not think a charge should be made this year.

Yours truly,

Dear Mr. Awrey:-

Replying your letter of the 29th ultimo re the Census enumeration of Indians, halfbreeds and whites at the different centres in the district of Patricia as per enclosed list, with the exception of Moose Factory at which point we have been requested to permit Dr. Hamilton, the Indian Agent, to take the Census, and probably also Dr. Hamilton (who, I believe, does not get too much pay) should be permitted to take Albany but in this case I should like to discuss the matter further with you.

Ottawa, February 20th, 1931.

Dear Sir:-

Referring to our conversation, I beg now to give you the following information.

It is my intention to leave Ottawa on June 6th for Mattice, where I expect to meet and pay about forty Indians belonging to the Moose Factory Band and the Albany Band. There are also some Indians there belonging to other agencies, a census of whom I will also take if you desire me to do so.

The next post I will visit will be English River. Last year, there were 99 members in this Band. I also paid about 100 Indians belonging to the Albany Band whom I found camped here.

At this post, the two largest trading companies are established, each possessing stores and dwelling houses. The Anglican church carries on a Mission here with a church and a residence.

<u>OGOKI.</u>

In this band there are 146 members, but some of these Indians are located at Pagwa River, but I will get what information I can regarding them. The H.B. Company has a store and dwelling house here. The English Church has built a small church.

FORT HOPE.

At this post I paid last year about 330 Indians. Besides these there are about 25 other persons than Indians.

The two trading companies possess stores and dwellings, and the two religious bodies the Roman Catholics and the Anglicans own comfortable churches. The Provincial Air Board has a small radio transmitting station at this point.

LANSDOWNE.

Here last year I paid 228 Indians. The two trading companies are established here, having stores and dwellings. No church has been erected at this point.

OSNABURGH and CAT LAKE.

At Osnaburgh and Cat Lake, there are about 495 Indians, and 10 other persons. The H.B. Company, with their rivals, the Patricia Stores Limited, carry on business. Each of these possess stores and dwellings. At this centre there is a small Anglican Church, in a bad state of repair.

WINDIGO.

At this point I paid 176 Indians. There is no trading post here. There is a small frame church with a bark roof which is but little better than no roof at all. No half-breeds or whites are here.

SANDY LAKE.

At Sandy Lake, I hope to pay for the first time about 330 Indians. At present there are no stores or churches here.

TROUT LAKE.

In this band there are about 638 members, all of whom are Anglicans and worship in a partially completed frame edifice. The Missionary has a fairly good home. The only trading

only trading company established here is the H.B. Company. They have a store and a dwelling. There were only three whites and few half-breeds here.

FORT SEVERN

The H.B. Company is the only trading company here. They have a store and dwelling. About 75 Indians and 10 other persons make their headquarters here. The Anglicans own a neat little church at this point.

WINISK

At this centre I paid last year 85 Indians most of whom are Roman Catholics, and attend the beautiful little church that has been erected for their use. There are about six other persons than Indians.

The H.B. Company is the only trading company established here, and has erected a store and dwelling house for their use.

ATTAWAPISCAT

The two largest trading companies have established stores and dwellings at this point. The Roman Catholics are erecting a fine church and own a fine mission house and also a saw-mill. The Anglicans also have a small church.

There are about 534 members in the Band, most of whom are Roman Catholics. There are about 15 persons other than Indians residing here.

ALBANY

At Albany the two largest trading companies are established owning stores and dwellings. The Roman Catholics and the Anglicans have erected churches and dwellings. The Anglicans have also built a fine day school, while the Roman Catholics are erecting a new residential school at a point about three miles up the River, where they also carry on considerable farming operations, and run a saw-mill.

About 600 Indians belong to this Band, but about 120 of these

120 of these were paid at other points. At this centre there are about 30 other persons than Indians.

MOOSE FACTORY

About 360 Indians belong to this Band, but several of them are at Mattice where I purpose paying them this year.

There are the two trading companies here with stores and dwellings. I think the census of the whites, half-breeds and others should be taken by a person specially appointed for the purpose.

Any figures I have given are only approximate estimates. It is impossible to give accurate figures on account of the nomadic nature of the Indians. I hope I have given you the desired information.

Dear Sir:

Replying to your letter of the 19th inst., we would state that as the amount of cash to be paid out at Windigo Lake this year will only be about $700.00, it is very doubtful whether it would be worth our while going to the expense of freighting goods in for the purpose of selling at this Treaty.

We had this in mind when we informed you that we would expect the Department to pay for the transportation of Wesley. We are, however, taking this matter up with Mr. McCauley, and should he report to the effect that we should place goods at Windigo for the Treaty no charge will be made for John Wesley's transportation to and from Cedar Lake.

We will again communicate with you in reference to this matter upon receipt of a reply from Mr. McCauley.

CENSUS 1931

Dear Sir:-

Replying your letter of the 20th instant relative to taking the Census in the district of Patricia. In so far as Moose Factory is concerned it appears to us that owing to the fact that Dr. Hamilton is the resident Indian Agent at this place that we should not pass him over in this matter but should permit him to take the Census of the population which will be located at Moose Factory on June 1st. Any Indians, full blood or half breed, belonging to Moose Factory, which you may find at other posts during your process of enumeration you are authorized to take them where found.

We are particularly anxious that a record should be made of all houses and churches and plots of cultivated ground. This may not have an economic value but it will have a historic value as showing the extent to which vegetables and grains can be grown in this northern area.

The Bureau will make up for you in a convenient parcel, books for taking the Census, we presume that three or four would be quite sufficient but this can be further discussed between us and the approximate number arrived at.

It would also be convenient, if before you go North, you could pay a visit to the Bureau to receive some further instructions regarding the work.

Sir:-

Referring to my letter of the 17th instant, I beg to inform you that I have today been notified by the Census Department that you will be requested to take the census at Moose Factory as it is thought you could more conveniently do so on account of your residence there.

I have forwarded to the Chief some forms to be filled in by each Indian family at Moose Factory and to be presented to me. I think you should see the Chief and have him notify the Indians to give these sheets to you.

The Census Department has asked me to take the census of all Moose Factory Indians whom I may find at Mattice or any of the other centres, outside of Moose. So you will see it will only be necessary for you to take the census of those whom you find at Moose Factory.

However, I presume you will receive full instructions regarding your appointment and duties.

In connection with my application I wish to submit the necessary details of education, teaching qualifications, war service and business experience, on the attached schedule, for convenient reference.

Just a line or two to let you know definitely that I expect you to provide shelter and accommodation at Windigo as you did last year. I will, however, endeavour to bring in some supplies such as bread, butter, etc. to supplement what you may be able to provide for us.

I might say that John Wesley did admirably last year, and I have no complaints. If he does as well this year, all will be well. Of course, you will understand it will take me longer this year on account of having to take the census. I will also require the services of John at Sandy Lake for two or three days, but I will make arrangements as to accommodation at that point, although I will have to ask John to bring with him from Windigo his own sleeping outfit.

I might also add that I have placed an order for potatoes to be forwarded in two boxes to you, to be given to the Indians who will plant them under your supervision, and not use them for a feast.

Dear Sir:-

I beg to inform you that it is my intention to pay annuity to all Treaty Indians who will appear before me at Mattice on Tuesday, June 9th. If there are any Indians at Hearst who will be unable to appear before me at Moose Factory, they should try to meet me at Mattice on the above date.

I am enclosing to you some forms which I desire every Indian family to fill in and present to me when the payment is made. If these forms are properly filled in, it will not be necessary for all the Indians to come to Mattice, but one Indian will be paid the money for the others, if these forms are presented.

Yours very truly,

Dear Mr.Awrey-; I have to thank you for yours of Feby Twentyfifth which reached me on last mail together with enclosure showing schedule of your itinerary trip for 1931.

Re Sandy Lake. I expect to go in there this summer if possible but am afraid that the dates of your arrival and stay at that point will be be considerably earlier than I can manage .It will be possible/ August ere I can arrive there.

Please allow me to make the following ~~statements~~/statements .

There is no accommodation whatever at Sandy Lake for visitors.

There is no one who would be able to interpret for you unless you take an interpreter along.

I believe the landing or rather alighting is good for a Sea Plane.

It is 16 years since I first visited the people at Sandy Lake. At that time they were all Cranes.Lately the ''Little Suckers'' as you are aware have moved out to ''Long Narrows''.

Very Respectfully Yours

Dear Sir:-

As there are so many Indians of Treaty 9 whose hunting grounds are in the vicinity of Mattice, I have decided to spend a day at Mattice, in order to pay the Indians their annuity, and take a census of them.

For the latter purpose, I am enclosing to you some forms which I desire to be filled in by every Indian family who must present the same to me when they apply for their annuity. I am also enclosing to you identification tickets for the different families which I hope you will be good enough to give to the different families, if you can identify them, along with the census sheets which, no doubt, they will request you to help them to fill in.

All well, I hope to leave here on Sunday night, the 7th of June, and will make payments on Tuesday, the 9th of June. Kindly advise the Indians accordingly.

I shall be pleased to meet you again.

Dear Sir :-

This will acknowledge yours of the 23rd. inst., together with documents sent me to be given to Indians.

These forms will be given by me proper attention as the Indians call at the Post, from now until your arrival.

I return attached hereto three Tickets, in favor of Sailor, Tibbaie, & Cheechoo, these Indians were told that they should go to Moose Factory, for the summer, on account they never lived here full time, and they have I believe children at Industrial School at Moose, in other words they have no business here at all, although they come up near to Kapuskasing every year to hunt and live during winter months, and put in a few weeks around Mattice, probably they will ask you to be considered as Mattice Indians, however until such time I have told, to return to Moose, and they can talk the matter over with you.

I am returning you also Emily Tapnatse Ticket, this women is now married to Andrew Cheena.

I note you have omitted to mail Tickets, in favor John McAlpine, and Thomas Sutherland.

Dear Sir:-

I received your letter this morning, and am forwarding to you, as requested, identification tickets for John McAlpine and Thomas Sutherland. Before issuing the ticket to Sutherland, would you definitely ascertain from him if he is a member of the New Post Band and, if so, then issue him the ticket.

I agree with you that the three Indian families mentioned in your letter should receive their annuity at Moose Factory. I might add that I have received an intimation that some of these are asking for relief when they are not entitled to the same.

I wish to thank you for your kind offer to give me what assistance you can when I come to Mattice where, of course, I will only pay the Indians belonging to the James Bay District.

I do not think that Agent Godfrey should be asked to meet me at that point as, no doubt, he will have an itinerary mapped out for making his own payments.

Recently we had two cases of Indians, have been refused and sent to our store to cause a proper " Racket ", however we are not prepared to give in, to like of these types, and cover them up to your Department, the two Indians in question are :-

Edward Hunter of Chapleau Agency

Dear Sir :-

Yours of the 30th. ult., together with Tickets demanded came to hand.

I note your remark re:Thomas Sutherland, for your information as these Indians are coming in to the Post the Forms sent me are being given attention and I have decided to hold same together with the Tickets, until you arrive, so that they can present them to you in " Clean order ".

As regard relief, I can honestly assure you that these Indians are not getting relief when I consider it against the spirit why this relief is being given out, and that I am living strictly up to the mark understood with your Mr. Godfrey, and if I find or discover that an Indian did tell lies, or otherwise do things that he should not do, they are being cut out with hesitation.

However I have noticed that recently a pressure has been to the Indians that they should get more and this is coming from outside storekeepers, particularly one, and recently they have told me, that they were told that " Government want to give them enough to make a living but it was our fault if they are not getting it ", however regardless of what Mr. Indians, have to say I am not departing from the original understanding, there is no doubt whatever that these Indians are in distress, as a whole so far they have turned in to us in the way furs for the whole season not over $ 1,000.00, these are official figures, however I have informed every one of them that your Department is doing all they can, and until such time you call at Mattice, nothing more will be given in the way of relief outside of strictly what has been granted.

Dear Mr.Awrey,

Many thanks for your letter of the 16th.ult., which I received a short time ago, also the schedule of your trip next Summer, and the forms for census.

The Indians are in poor circumstances this Winter, there being no fur in the country, and some of them have had trouble with the white trappers annoying their traps, and killing out the beaver on their hunting grounds.

I am sure that you will be surprised when you see the earnings of the hunters next Summer, some of them have not been able to earn more than 25.00 for the full year, therefor you can see the reason that we are obliged to issue relief to them. Lots of them are beginning to look a bit ragged also, but we have been unable to supply them with any clothing. However, the warm weather is here and there will be no danger of any of them getting frozen now.

It is too bad that white trappers are allowed to hunt north of the line, as this seems to be the principal reason for the shortage of furs. If white trappers were not allowed to hunt north of the line we think that the fur would increase, and there would be less necessity of issuing relief to the Indians around here.

Anything you can do in the way of supplies(~~[illegible]~~ (clothing), will be appreciated, also potatoes. We will do our best to get the natives to get their potatoes planted, and care for them.

To conclude, I wish you the best of health, I will be looking forward to seeing you next June, and hope that you will stay with us, also that you will enjoy the trip.

Yours very sincerely,

We will do our best to accomodate you all.

I shall be pleased if you will be good enough to impress upon the Indians of Treaty 9, who are camping in the vicinity of Pagwa, the importance of appearing before me at English River or at Albany or Moose Factory, to receive their annuity.

As you are aware, the Dominion Government desires to obtain as accurate a census of the Indians as possible. Each Indian family should be prepared to furnish me with the names and ages of every child in their family. Other information is required, making it quite necessary for the Indians to appear before me.

Dear Sir:

In regard to John Wesley's transportation on returning from Sandy Lake I wish you would arrange with Mr. Awrey to fly him back to Cedar Lake Outpost instead of Nipik Lake, as by the time John gets through at Sandy his men will be back to Cedar Lake with Outfit. Also we would have to pay these men and feed them for three days waiting for John to return. Kindly advise if Mr. Awrey will do this for us.

Yours faithfully,

I. W. McCauley,

Dear Sir:-

In reply to your letter of the 6th instant, File No. 4286, I wish to inform you that I will arrange to take John Wesley, my interpreter, back to Cedar Lake, providing assurance is given that the lake is large enough and deep enough for the plane to land. If this cannot be done, then it will be necessary for me to make other arrangements before leaving Nikip Lake for Sandy Lake.

Trusting this arrangement may be satisfactory.

Dear Dr. Arney:— Referring to yours of Feby. 14th last,
Isaiah Beck has just been in to see me,
wanting his treaty annuity for 1931. I enclose
one of the forms you sent me, which I filled
in for him. His daughter, Clara, was married
a few months ago to Angus McCrady, but has
not yet been transferred, but is still included
on her father's ticket, 77 Moose Band.
He is off to hunt for about 10 days in the Coral

Dear Sir:

With reference to your letter of the 7th inst., Mr. McCauley advises us that Cedar Lake is a very fine Lake for planes to land. The Lake is about 3 miles long and 2 miles wide, with lots of ddep water, and is a far nicer Lake to handle a plane in than Nipik.

We understand that the Ontario Forestry Department are establishing a plane base on Cedar Lake shortly.

In view of the above information, we do not think you will have any difficulty in landing your planes in Cedar Lake.

Yours faithfully,

Dear Mr. Wright:-

I wish to inform you that the relief accounts for April have been received by the Department, and I wish to inform you that I had to use my influence to have these accounts passed. The Chief Accountant assures me that he will not, in future, stand for the authorization of the payment of your accounts, as he considers them entirely too great. In comparing your accounts with the Hudson's Bay Company accounts, I find that yours are very much higher which, as you can see, is a good reason for his taking the above stand. He has asked me to make enquiry and investigate the account. Now, Mr. Wright, I trust you will use your best endeavours to point out to the Indians that they must depend more upon themselves from now on, as the Department is raising objections to the payments of the accounts, the impression being that Indians are receiving assistance who are not entitled to the same.

I am leaving Ottawa on Sunday for the north, and hope to see you in the course of a week or so.

Dear Sirs,

We are enclosing treaty tickets belonging to Joel Kitchkeeshik No. 39 Fort Hope Band and his daughter, Mrs. Guy Brennan, No 250, Fort Hope Band, and they request that their money be sent to them here as they have no money nor food to take them to Fort Hope Treaty.

There are only seven on ticket No. 39 at the present time, the father and mother and five boys.

This Indian also would like to get two bags potatoes for planting purposes here and if you will advise we can supply good potatoes fit for planting at $ 1.50 per 80 lb sack.

Like most of the Indian families, Kitchkeeshik is in very poor circumstances also all the boys. They are above the average as trappers and workers but they cannot make any thing at trapping as the furs were not to be had this past winter. He would like to get his treaty money so he can purchase some flour and provisions, fish nets, etc.

Dear Sir:-

Your letter of the 28th ultimo making application for the annuity for Joel Kitchkeeshik and for Mrs. Guy Brennan has been received. As you are already aware, it is most important that all Indians appear before me to draw their annuity. However, under the circumstances, I will be willing to send these people their cheques, providing I receive full information regarding their families. I am enclosing to you the census sheet on which the full names of the mother and of each child should be given, as well as all other information asked for. The same should be given for Mrs. Brennan, whose Christian name should be given.

I am leaving here on Sunday for Mattice, and will be at Mattice until Tuesday. I would, therefore, ask you to send me the letter with the statement to Mattice, c/o The Hudson's Bay Company. If I received it I will then return cheques to you for them.

At the last distribution, Kitchkeeshik was paid for himself, his wife, and six boys. You now state there are only five boys. You should explain what has become of the other boy, and if he is deceased, the date of his death should be given.

If there are any other Indians at Allan Water who will not be able to appear before me, I will also be pleased to send to them cheques, providing full information regarding their families is also given to me on the census sheet enclosed.

I am returning to you the identification tickets

Dear Sir:-

With further reference to your letter of the 28th ultimo, and my reply of the 4th instant, I wish to inform you that I am today forwarding you cheques in favour of Mrs. Guy Brennan and also of Joel Kitchkeesic. I thought it would be too bad if these Indians had to wait for their cheques till my return. However, I hope I may receive from you the history of their families or of others who may be at Allan Water and who will be unable to be present during the treaty payments at Fort Hope or other inland centres.

When Kitchkeesic was paid in 1929, his family consisted of himself, his wife, and six boys. You now state that there are only five boys. I have reported in the pay-list that one boy is deceased.

If you cannot secure the information in time to forward it to me at Mattice, I will be grateful if you would send the information to me at Sioux Lookout, c/o Dr. Mitchell, as I expect to be at that centre on or about the 27th of June.

Thanking you for your trouble.

I recevied from your office last year the Treaty due to our pupil Alec Pants. The No of his ticket is given as follows. Alec Pants. Band Moose Factory Band No. 207. I presume this will be again sent to him as he is still here in our care.

I shall be very glad to acknowledge receipt of same for him and will see that he gets it as required for little extras from time to time.

I write at this time in case you may be waiting to hear from me before forwarding same to him in my care.

To H. N. Awrey Esq.
Deputy Commissioner,
Dept. of Indian Affairs,
Ottawa.

Dear Sir,

We desire to express our gratefulness to the Dominion Govern-ment through you for the extention of rations granted during last winter.

Although many of us were well nigh to starvation owing to the distance we were from the post, when we arrived there, ample relief was given us by the Post Managars, who informed us that you had come to our aid.

These years being the most severe that many of us have experienced we would ask for a continuation of same until we are able to do without rations. We also beg to make request for other absolute necessities, namely, Duck for tenting, net twine for fishing, snare twine and ammunition for hunting food. We realise that extra rations would tend to make us indolent and lazy whilst if we are so fortunate in obtaing the latter addition to our present ration we would be indebted to you for giving us a chance to exist.

Thanking you most Sincerely for all past favours

Dear Mr. Aldous:-

I arrived in Ottawa on Saturday evening, July 25th, one day ahead of my schedule time. We completed the balance of our air trip without any mishaps whatever, everyone of us arriving home in the best of spirits, and enjoying the best of health.

I wish to sincerely thank Mrs. Caron and yourself for the most hospitable manner with which you entertained the whole treaty party. Your kindness could not be estimated.

I am enclosing to you a statement to be signed by Mrs. Emon in your presence. In December 1927, cheque No. 6953 for $36.00 was issued in her favour and was forwarded to Mr. Hooker. This cheque has never been cashed. I am, therefore, of the opinion that it has been lost and, in order that Mrs. Emon may not be kept out of her money, I am willing to see that a duplicate cheque is issued. Before such can be done, however, it is necessary for her to sign the enclosed duplicate pledging herself to not cash the original, should it come into her possession, but to return it promptly to the Department.

Thanking you for any assistance you can give in the matter.

I remain,

Yours sincerely,

REQUESTS

English River.

For 30 bags of seed potatoes to be sent to Chief John Faries, English River, via Pagwa River.

The Chief promised to have these brougt down by two canoes, providing I would ration two men for six days, the time required to make the trip.

Ogoki.

The Chief made a request to have building materials such as nails, roofing, etc., sent to him as the Indians were anxious to build houses on the reserve. I told him that I could not accede to his request as I thought that this was not an appropriate time to undertake any such work. I, however, promised to send in seed potatoes, but left the quantity in abeyance until I learned from him how many bags he required, which amount will depend upon the success of their yield this year. I also promised to send in a case of carbolic soap to Mr. Mathieson who is now in charge of the Hudson's Bay Company, Mr. Anderson, the former manager, having resigned. This soap is to be given to the Indians who are more or less affected with skin diseases.

Fort Hope.

The Indians at this centre are manifesting a keener interest in growing potatoes. I commended their desire to undertake such work, and promised to send them seed potatoes. Chief John Bois asked for 25 bags, which he promised to bring in from Ombabika, without charge, if they were forwarded to him tagged as follows:- Chief John Bois, Fort Hope Band, c/o H. Sells Ombabika, Ont.

He also asked for 12 hoes and 6 good spades, which he promised he would look after. I also promised to send him some turnip, carrot and onion seeds.

Rev. McDonald asked for biscuits for school children. I recommend his request that 200 lbs. be sent him December 1st, 1931 to Fort Hope via Tashota.

Lansdowne House.

Requests were made for the following:- 10 bags of potatoes, 6 spades and 6 hoes, the same to be forwarded to Albert Wapoos, Ombabika, Ont., c/o H.A. Sells, (to be held for him)

Osnaburgh & Cat Lake.

The Chief and Councillors asked for nets, etc., which I instructed the companies to give them, providing they used them as an aid to make a livelihood, instead of appealing for relief in other ways.

Jane Emon, No. 8 of the Osnaburgh Band, claimed that she had not received her annuity for about ten years, but I was

I was unable to give her any further information than that I thought a cheque for $36.00 had been forwarded to her. I promised to look up the matter.

Mrs. McCauley, No. 251 of the Lac Seul Band, made application to me for her arrears of interest and annuity which I promised to send her if I found the same had not been paid.

A request was made by the Cat Lake Indians to be supplied with four or five bushels of wild rice seed to sow in some of the shallow lakes in this district. They informed me that the Indians of the Lac Soul band gathered in supplies of rice annually, which they used as food. I promised to take this matter up with Mr. Edwards who, I knew, would be in a position to give me full information.

Mr. McCauley, the Manager of the Cat Lake Post, informed me that no blankets need be sent in next Spring for the Cat Lake and Caribou Lake Indians, as he thought he had a sufficient supply on hand. I am pleased to inform you that nine families are cultivating this year at Cat Lake, small patches of potatoes. I promised to forward them seed potatoes next Spring, providing they had not enough seed from this year's yield to do them. No seed potatoes, however, are to be forwarded unless they apply for same.

No drugs are to be sent in for the Osnaburgh Band, as Mr. Aldous thinks he has a sufficient supply to carry him through. Should he require more, he will make a special application for them.

Only the following supply of drugs should be forwarded to Hudson's Bay Company, Cat Lake, via Sioux Lookout, c/o O.F.B. -

Potassium Permanganate - 6 ozs.
6 - 8 oz. bottles of Tannic Acid (dry powder) for burns, to be used as follows:- Water to be added to make a three per cent solution.
200 C.T. Gastric Alkaline tablets -
(above to be sent as soon as possible.)

Caribou Lake Band.

The Chief and Councillors made a request for assistance in the way of clothing, etc. for their band. Aware of their great need, I promised to give their request attention as soon as I returned home.

Trout Lake.

At Trout Lake I purchase from the Hudson's Bay Company 120 bottles of Scott's Emulsion of Cod Liver Oil at 50¢ a bottle. I thought there would be no objections to my doing this, as Mr. Garrett informed me that there was no Cod Liver Oil in store, and besides that there was a great scarcity of bottles.

The Chief and Councillors asked for turnip, carrot, and lettuce seed to be sent in at once, addressed to Rev. L.Garrett, Trout Lake, c/o Consolidated Mining & Smelting Co., Sioux Lookout. Rev. Leslie Garrett informed me that he had not received his cheque for dispensing drugs, etc., so I promised to look into the matter.

DEPARTMENT OF INDIAN AFFAIRS

CANADA Ottawa, July 31st, 1931.

Dear Dr. Scott:-

I have the honour to submit my report on the annuity payments made to Indians of Treaty 9 for the year 1931.

On June 7th, I left Ottawa by C.N.R. for Mattice, where I took a census of, and paid, fifty members of the Moose Factory Band, four members of the New Post Band, sixteen members of the Albany Band, and ten members of the English River Band, who claimed that their hunting grounds were in that vicinity.

I took up the question of relief with Mr. Lariviere, and was surprised to learn that in future the Hudson's Bay Company had decided to grant no relief to Indians at that centre unless special instructions were given to him by the Department to do so. He informed me that he had taken in only $1,600.00 worth of furs during the past year, due partly to the scarcity of fur bearing animals, and partly to the attitude of the Indians to barter their furs with free traders and bootleggers for booze. He pressed me to ask the Department to request Commissioner Starnes to appoint a mounted policeman to regularly patrol the district, and for this reason I am now bringing the matter to your attention.

I visited the Indian houses and tents and, in many cases, I found them in a very insanitary condition. I told them that there was no excuse for this lack of cleanliness, and ordered them to take steps to improve the condition that existed. I found a few cases for relief that required special attention and, accordingly, gave written instructions to the Hudson's Bay Company to issue the necessary rations to them. I am enclosing a copy of the instructions given under a separate cover.

I visited the public school taught by Miss Foster. I learned from an examination of the register that there were on the roll twenty-six names, of which number eighteen were Indians. I was later interviewed by Mr. Christenson, Secretary of the School Board, who thought that the Indian Department should give some financial assistance towards educating these Indian children.

Mrs. Lemieux, a sister of the late Tom Sutherland, wanted to know what disposition had been made of his estate. By his will, he bequeathed all his estate to his Aunt Sophia, but Mrs. Lemieux states that he had no aunt by that name, and therefore desired to know what disposition had been made of his estate.

I refused to pay any annuity to James Koosees or his wife, as they were living immoral lives. Their three children are in the Chapleau Residential School.

From Mattice, I came to Remi Lake where I was met by

Duncan C. Scott, F.R.S.C., Litt. D.,
Deputy Superintendent General,

met by Dr. C.W. Clare whom Dr. Mitchell had appointed to do the medical work at English River, Ogoki, and Fort Hope. The two Fairchild planes in charge of Flight Lieutenant Harding and Flying Officer Bryan, and Mechanics McManus and Dunning, left Ottawa on Wednesday June 10th, but did not reach Remi till the 11th as they were compelled by bad weather to make a landing on a small lake about thirty miles away where they had to remain over night.

On the morning of the 12th, we left Remi for English River at 8.35, and reached there at 10.40. We were received in the usual manner at this and all the other posts, all flags flying and the Post Managers, Chiefs, Councillors, and Indians all assembled to extend to us the glad hand of welcome. I informed Chief John Faries that I would commence the annuity payments at once, while Dr. Clare would attend to those who required medical assistance. During the payments I heard much about their distress, and had many appeals for relief, many of which I could not possibly turn down when I saw the absolute necessity for granting the same. I however, at this centre and all other centres informed the Post Managers that the Department usually approved of assistance in the way of supplying twine for nets, wire for snares, hoes, spades, etc., to aid them in earning a livelihood.

I am pleased to inform you that there seems to be a movement among the Indians to plant potatoes, which movement I commended, telling them that the Department would be glad to assist them in this worthy undertaking.

Joe Sutherland, a young Indian, the son of Elijah Sutherland, a returned soldier, appealed to me for assistance. He informed me that he had been a pupil for many years at the Shing-wauk Home, from which he was discharged about two years ago. He cannot speak the Cree language, and expressed a strong desire to earn his living at the front, so I authorized the H.B. Co. to issue to him sufficient rations to take him to the line, and to advance him in cash twenty-five dollars, all of the above to be charged against his savings account in the Department.

We left English River on Sunday, June 14th, for Ogoki at 3.40, and made the trip in exactly two hours. We completed our work here on Monday, and Tuesday forenoon. In the afternoon, we again embarked for Fort Hope, arriving there at 3.45. The payments at Fort Hope as usual were made in the Council Chamber located on the Reserve about one mile distant from the Trading Posts. At this, as well as at all the centres I visited signs of distress were evident. The supplies of clothing for relief brought by plane during the treaty payment were examined, and some of them given to the families most urgently in need of the same.

We left Fort Hope on Sunday, June 21st, for Lansdowne House and, soon after the arrival by plane of Dr. Mitchell who carried on the medical work at Lansdowne and Osnaburgh. We left Lansdowne for Osnaburgh on Wednesday June 24th. We remained here till Saturday, June 27th, when we flew to Sioux Lookout. On account of the extreme heat, and most unusual calm weather, we were

we were detained here for two days, as the planes could not be lifted from the water, though several attempts were made.

During my sojourn at Sioux Lookout, I met Mr. Frank Edwards, and also Mr. Byers, the Principal of the Cecilia Residential School, with whom I had an interesting conversation. On Tuesday afternoon, we succeeded in getting off for Cat Lake, but were forced by bad weather to land at Kapikik. Later, after the storm had settled, we continued the trip, arriving at Cat Lake about sunset. Next day, I paid here for the first time one hundred Indians who, in the past were paid their annuities at Osnaburgh. Owing to inclement weather, we were unable to leave Cat Lake till Thursday, July 3rd, when we again embarked for Nikip Lake, where I met and paid one hundred and seventy-six members of the Cariboo Lake Band of Indians. Dr. Mitchell was unable to get away from his practice in Sioux Lookout, so sent Dr. Gordon of Winnipeg, to do his work, which he did in a very satisfactory manner. I found the Indians at Cat Lake in a fairly good condition, but at Nikip the Indians were in gross need of assistance, both for food and clothing. Relief supplies in the way of clothing had been forwarded to Cedar Lake for distribution among these needy people, and they were told that these supplies would be distributed among them when they visited that Post. I tried to get them to consent to have the payments next year made at Cedar Lake, but they would not agree to this proposition. From Nikip we flew to Sandy Lake, taking with us John Wesley to interpret. We arrived there on Saturday about two o'clock, and we had dinner, after which I at once set work in order to complete the payments as quickly as possible, as the accommodation at this centre was not very good.

I paid here for the first time about 350 Indians of the Deer Lake Band who, in the past, were paid their annuities at Deer Lake. I authorized the H.B. Co. to advance them a few bags of flour, to be returned when the supplies for the Indians which were still at Deer Lake, were brought in. I also informed the Chief and Councillors that they would have to bring in their own supplies from Deer Lake, as the Department did not comtemplate doing so. They seemed to be quite agreeable, but requested that they be permitted to transport their own supplies from Berens River to Deer Lake, and be paid for doing the work, which I think was a very reasonable proposition, and which I informed them I would submit to the Department for consideration.

EXTRACT ON

It was ascertained at Sioux Lookout that there was not a sufficient supply of gas at Trout Lake to carry the planes through to Fort Severn, so Flight Lieut. Harding returned to Cat Lake to secure a sufficient supply to carry us through, while the doctor and I were carrying on our work at Sandy Lake.

On Monday evening, July 6th, we left for Trout Lake, having first to return to Nikip to bring back John Wesley whom we had to take with us to Sandy Lake as interpreter. I met and paid here 638 Indians. No serious complaints were raised by the Indians though I saw some who were in need of assistance. I told them that bales of clothing were on the way in, which were to be distributed to those in need of same.

We left Trout Lake for Fort Severn on Saturday, July 11th. I paid 75 Indians here, and left next day for Winisk where I paid 90 Indians. On Monday, July 13th, we left for Attawapiscat

for Attawapiscat. Last year we took a compass course from Winisk to this place, but Flight Lieut. Harding, knowing the dangers of the course taken last year, took a new course following the rivers and lakes farther inland till he reached the Attawapiscat River, which we followed to its mouth where the Trading Companies are located, and where the Indians assemble to receive their treaty. Here we met Dr. Wall and also Constable Cavel. At Attawapiscat, Albany, and Moose Factory, I informed the Indians that any complaints or requests were to be submitted to the Department through Dr. Wall, who now was their Indian Agent and Medical Adviser, and that my work was to take their census, and pay them their annuities.

The Treaty Payments.

The total membership of the various Treaty 9 Bands paid by me is 3941, being a net increase of 30 during the past year. The total number of births during the year was 143, and of deaths - 111. The large number of deaths is attributed to the spread of flu during the past winter. The following schedule shows the exact membership of the Bands, the number of births and the number of deaths:-

You will observe from the above schedule that there has been an unusual increase in the number of deaths, but I wish to inform you that these deaths cannot in any any way be attributed to starvation due to neglect on the part of any officials of the Department, of the Trading Companies, or of the Missionaries. I particularly refer to this because of the untrue reports that have been circulated concerning the Wynne family, which matter I have taken up with you under a separate cover.

Occupations of Indians.

The Indians of Treaty 9 devote their winter months in trapping fur-bearing animals. The last two winters, these fur-bearing animals have been scarce, but I am glad to inform you that there is every indication that conditions will be greatly improved during the coming winter. Rabbits are becoming numerous, and ptarmigans by the thousands are now making their appearance along the west coast of the Bay.

At almost every centre I visited, complaints were made by the Indians that white trappers were invading their hunting grounds, and were interfering with their traps. They even charged that their traps were lifted by some persons unknown, who left notice that the traps were taken because the season for trapping was closed. At any rate, there is no doubt but that the fur-bearing animals are being annihilated, and I believe the source of this can be traced to the white men, who, I believe, are better trappers than the Indians, resorting to methods unknown to the Indians. As an instance, I wish to refer to the report which I believe is authentic, that two Swedes from York Factory last winter trapped or caught thus or otherwise, fourteen hundred white foxes. With such hunts, it can readily be concluded that the foxes will soon become extinct. I think steps should be taken to preserve these fur-bearing animals, which I believe can only be done by refusing to grant licenses to the white man to hunt in the northern districts. I also think that the Game & Fisheries Department of the Ontario Government should be requested to send in notices in Cree Syllabic to all the Trading Posts, giving the exact dates when the trapping season closes. I believe the Indians are quite prepared to follow out the Department's regulations, which have been disregarded because of their ignorance of the law.

I must here refer to the work of Dr. Wall, who certainly is a real live wire, doing his utmost to induce the Indians to exert themselves. I spent some time with him in his office at Moose Factory, but I assure you the accommodation is very meagre. He asked me to do what I could to get some chairs, tables, etc., for him, but I told him that I felt confident he would be granted anything he required for his office, if he applied to the Department for the same, without any assistance from me.

Now, Dr. Scott, I have again performed the work to the best of my ability. I am quite aware that in some cases the Indians have received more relief than they are entitled to, and the post managers have been so advised. However, on the whole, I think the Department has dealt fairly with the Indians who, with the exception of a few cases, seem to feel so, as far as I can judge.

I wish to record my appreciation of the kindness extended to the Treaty Party by the Fur Trading Companies. I particularly desire to refer to the great interest manifested by the Department of National Defence in voluntarily furnishing two fine Fairchild Sea-planes for the trip, and for the careful and capable pilots through whose technical skill the aerial flight was made without the slightest mishap. I would ask that the Department of National Defence be advised officially of the most satisfactory services rendered.

I again thank you for the assistance and backing that has been

I am writing you a few lines to let you know. I am going to tell you a few things. And I want you to tell me. Can any Indian give these Chief any talking And there is one here that is doing a lot talking when the Chief gathers the Band together to give them a speech and this man always interfers and has something to say before the Chief and Councellors through with their speech. And this I am very displeased about.

I would be very pleased if you could tell him few things about this so this will not occure again.

And he always seems to know more talkings than Chief and Councellors the manis name is (Henry Wenjack) This man is trying to get Chief again And he can not get that name as Chief. That all I am going to say about this and I hope you will give me a right reply about this.

Dear Mrs.Fox,-

As promised, I have carefully examined the treaty paylists for several years back, but cannot get any information to substantiate your claim.

I find that your father, William Scott, was paid 8 shares in 1925 for himself, your mother, three boys and three girls.

In 1926, 1927, 1928 and 1929, he was paid for only seven persons, viz.,- himself, wife, 2 boys and 3 girls, one boy being reported dead in 1926.

In 1930 he was paid for himself, wife, 2 boys and 2 girls, one daughter, Mrs.S.Iserhoff, being paid under her own number.

In 1931 he was paid for himself, 2 boys and 2 girls, your mother being reported dead.

Probably you may be able to give me the names of all the members in your father's family say beginning one year before your marriage, and account for any changes since then.

I shall be pleased to do what I can to help you to establish your claim.

Your father, Wm. Scott, was married in 1914 and, in 1915 was paid for the first time under No. 268 Albany Band for himself, his wife, and one girl. You state you were married in 1924 and, assuming that you were the eldest daughter in the family, you would only be nine years old when you were married in 1924, which, as you can see, could scarcely be the case.

Dear Sir:-

James Luke,No.01.Moose Factory Band,does not appear to have received his Annuity for the current year

Early in the year,when reporting the number of members of the James Bay Agency,resident along the line of the Canadian National Railway,to Mr Awrey of your Department,I gave this man as resident at Gogama.

He had been resident at some inland point for the greater part of the Summer and I had not met him,in consequence I was not aware that his money had not reached him.When I saw him a short while ago he stated that he had not received it.Possibly the letter has miscarried or become lost.

On August 10th,last,I married the Widow of Robert Mutcheguis of the Brunswick House Band to Simon Pans,Moose Factory Band.Thus this woman passes from the Chapleau Agency into the James Bay Agency.I ordered the discontinuance of relief to this woman after the end of August, and also discontinued payment of rent for the house she was,with her father and step-mother at Peterbell,which in fact they had not occupied for some time prior to this.The boy,Joseph,a son of this widow,having been placed in the Chapleau School,I would suggest that his Treaty money, in future,be paid to the Principal of that institution as his Guardian.

Faithfully yours. Geo. Prewer.

Dear Mr Avrey.

Enclosed is thy School Returns which finishes up this season. I closed School today the number of Pupils was down to three boys & three girls. We are expecting another Sea plane in on Oct 3rd which will enable me to send this out instead of waiting till Feb when we expect the next plane.

I am glad to say that the complete shipment of 300 lbs Eskimo Biscuits and 50 lbs of Prunes have all arrived safely in good condition. Also 8 cases of drugs. but there are three cases missing they do not seem to have arrived at Severn yet. We are very short of Cod liver oil but have plent of everything else. I also received a bale of clothing for the children which caused much rejoicing and we hope there will be some

Madam:-

In reply to your letter of the 2nd instant, I wish to inform you that before any action can be taken to pay you, it will be necessary for you to give the exact date of your marriage to Phillip Sheshewabuick. It will also be necessary for you to give the name of the Band and the Band number under which he is paid, if he is an Indian.

On receipt of the above information, the necessary action will be taken.

Dear Bishop Anderson:-

I received your letter today, but am sorry that I cannot favourably consider your request to have the illegitimate children of Mrs. Geo. Sutherland admitted into treaty, as they cannot be considered Indians, their fathers being whites. I have during the past, irregardless of their legal claims, favourably considered such applicants, but a much closer line must from now on be adhered to. These Indians are now coming in touch with civilization, and as a consequence, must learn to take proper care of themselves.

At the present time, the Department has so many demands from indigent Indians and, as the funds for relief are limited, a closer check must be kept to see that others than those entitled are not added to the list.

Yours very truly,

Dear Mr. Amey, — George Sutherland and his wife Alice Cree Neegan, of Mattice, Ont. were in to see me to-day regarding the status of her two illegitimate children, Maria and David Neegan. Alice, who is a sister of the Chief, John Neegan, wishes to make application for the admission into Treaty of her two children named above, Maria and David Neegan. The husband, George Sutherland, tells me that you rejected the names of these two children at Mattice when you were there in June last. I suppose, this means in connection with the Census and that you asked him whether these children were living with him and that you rejected them as members of his family.

I may say that these children have all along and are now living the Indian mode of life. Their fathers were men connected with the C. N. Railway, now known as T. C. R. and you know what that means. I baptized Maria myself and had a conversation with the reputed father, a Fred. Paré, but he denied promise of marriage, which Alice said he had made, and nothing resulted. George Sutherland, the husband, is one of the Superior Indians of Mattice and owns cattle. His wife Alice has also developed into a really good woman and has taken good care of Maria and David. Best wishes — Yours sincerely — John G. Moosonee

Dear Sir,-

Would you please give me the authority to issue William Cathkin & family with groceries this fall. They are in very bad shape,- the old man is sick & they have quite a few children.

Both the family of Cathkin & Shapwaykasic need clothes very badly. both men & womens also for children & materials for making nets as neither family have a net.

If you would forward me clothes & net twine for these Indians to Ferland Station I would gladly give it out to them as they certainly require help right away.

Dear Sir:-

I received your letter this morning and in reply I wish to inform you that I am giving instructions today to have 15 khaki shirts, some caps, 40 yards of kersey and some spools forwarded to you as per your instructions.

I am sorry we have not any further supplies in stock, but I now authorize you to buy for these destitute families whatever necessary underwear they require, and also to give them some assistance in the way of flour, beans, pork, rice, etc., but under no conditions must you give them any luxuries. I am leaving it to your discretion to see that only the real necessities are provided, and then only given to them in such a way as to only help them to earn their own living.

If you will write to me and describe the exact kind of nets that are required for these Indians, I will then if possible, send the same to you.

Kindly quote this file and letter as authority when sending in the account for payment.

Dear Mr. Aldous:-

I received your letter this morning and wish to thank you for the information.

In compliance with your request, I am today sending to you three hundred more khaki shirts. I am sorry there are not any further surplus supplies here, but if you will be good enough to let me know the number of trousers you require - being careful to give me the respective sizes and number of each size required - I will then do what I can towards sending these to you.

I have placed on order for you forty blankets which will not be baled and forwarded to you before the 1st of December, unless you desire to have them forwarded earlier. Kindly advise me when you would like to have the blankets forwarded. The trousers, of course, could not be sent at the same time, but will be forwarded as soon as possible after receiving instructions from you.

We are having delightful weather here. I was out into the country a few days ago and came to an orchard where they had an abundant supply of good apples. I would like to have forwarded you a bushel, but I know they would not be in good shape by the time they reached you.

In future, when dealing with matters concerning any of the families connected with the above mentioned Bands, you should be very particular to see that the Indians use the names as given in the pay-list; in fact you should insist on the companies also using the same names and Band numbers; otherwise, the payment of their accounts might be disallowed as their names could not be established from the pay-list.

Each year you should present this pay-list to the Paying Officer in order that he might note therein any changes or additions that may be made to the Band during the payments.

Dear Sir:- Referring to yours of the 31st ult.
I enclose a literal translation of the letter in
Cree Syllabic. Chief Isaiah Sutherland is
not a clear writer, his finals are not correct,
his vowels are not marked and some finals are
omitted, thus making his meaning rather obscure
in parts. For example, he writes the name John Martin
so badly that it may be taken to be George Bartis or Bertie.
Again it is not clear whether it is the old woman
or somebody else who wants John Martin to pay $5.00
for 50 shells, evidently in a broken box. However, no
doubt, the Constable will know the right interpretation.

Dear

I am enclosing to you the schedule showing the dates when we expect to arrive at the different centres to make the treaty payments.

I shall be pleased if you will, as usual, make provision for the accommodation of the party.

I shall be pleased if you will have in readiness for me a list of those who may require blankets, as by this list I will be guided as to the number I shall recommend to be purchased.

With kindest regards to all.

Yours very truly,

Dear Sir:-

I am enclosing to you a schedule showing the different dates when the treaty party will arrive by plane at the different centres in order to pay the Indians their annuity and deal with any other questions that may arise.

I should be pleased if you would notify your Indians, and have as many as possible, especially the heads of families, be present to draw their shares.

If any families are unable to be present, I will be pleased to pay their shares to someone authorized to draw the same, providing they can give full information as to the number of persons in the family, and account for any changes that have occurred since they were last paid.

Dear Mr. Lariviere:

I am enclosing to you the schedule showing the approximate dates when the treaty party will be at the different centres. You will observe that I have made no mention whatever regarding any payments at Mattice. It is, however, my intention to try to come to Mattice by rail when on my way to Remi Lake, where I will join the rest of the Treaty Party. I could not set any particular date as I have not, at the present time, any idea as to the best way to reach Mattice since the through train has been taken off. However, unless something in the meantime turns up, I will try to come to Mattice. We have had much correspondence since I saw you last, and I think we understand one another pretty well as to the needs of the Indians.

If I can, this year, I will have more time to myself, and will look more minutely into the individual conditions of the Indians.

With best regards.

Dear Mr. Awrey :-

In reply to yours of the 1st. inst., I am very pleased to see that you have in mind calling on us again this year, for Annual Treaty to Indians, this on about June 16th. at that time all the Indians, the Mattice Indians, will be here, sometimes in April or early May I will tell them, that you will call here on about June the 15th., and they should all be here to receive their Treaty money.

For your information I am informed that the Trains will return to their old schedule on May 26th., however actually a train is plying between Cochrane and Hearst making all connections, running on about the same time.

I feel that you are well aware of what our Indians are up against to at Mattice, however, they like others are in the depression, they are facing it, perhaps on less then we could, but in the meantime, they are getting along not too bad, very fortunate this year fresh food increased particularly the rabbits and birds, but the weather was extra bad for trapping, water being very high, many of them have all their traps under the ice and cannot get them out, however those that made a few dollars are already providing for some provisions on account next summer, unfortunately this they cannot all do, what a blessing if they could, however this year I can sincerely tell you it is plain they have made up their mind to do with as less as they can, and they are staying out in the bush, so far very little sickness amongst them, which is also better then last year, some of them are complaining however, the Department no doubt is doing all they can, and in turn I can sincerly tell you, that I am personally doing all I can, so they get over this depresssion with as less as possible in the form of relief,

no other Indians butthe Mattice Indians, came to Mattice this year, one Moose family, wanted to come, but they were plainly told to get back to Moose.

I am sure all the Indians will beglad to see you again this summer, and the fact that you call on them, appears to create amongst them better disposition to do what they should do, needless to mention that we always appreciate the visit ourselves.

Hoping that you are enjoying the best of health, and that year 1932, will return to all of us, what we are all aiming to get, normal times.

Dear Mr.Awrey:-

Many thanks for your letter and schedule of your trip next Summer,which I received when the mail arrived a few days ago. I am pleased to hear that we will see you again, and you can be sure of a good welcome.

I will be very pleased if you will stay with us again this Summer, yourself and the doctor, Mr. Bailey is married now, and Mrs.Bailey is a good cook,so I hope that you will find it O.K.

Everything is going along much as usual around here, business is very poor and the natives are getting even less furs than last year,not because they are not trying,but because there is no fur in this part of the Country.

There has not been much sickness around which I am thankful for, as I have been doing the doctoring since Mr.Walker went out last September. We have been very short in some of the staple lines of drugs,such as Epsom Salts,Castor oil, Cathartic Pills,and Asperin Compound, and are nearly out of Cough mixture,however I suppose that Mr.Walker has sent in an order for the coming season.

I think that if you send us eight or ten pair of blankets it should be sufficient for the coming season as some of the Indians have been able to make themselves rabbitskin blankets this Winter.

We have had a very mild Winter but we are having lots of snow these last few weeks.

There is no special news around here,so, with best wishes to you,and looking forward to your visit next Summer,

I remain,
Yours very sincerely,

per H. M. Avery
Letter May 12th 1931

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir:—

Isaiah Beck, No. 77, Moose Band, writes me dayfully for his annuity for 1932. There has been no change in his family since last year, 4 in all.

He does not say anything about his daughter who is married to Angus McCready, for whom Mr. Avery sent me an Identification Ticket. It is likely that she will apply for her annuity too, as also Mrs. Frank Johnstone, another daughter whose number is 200, also Moose Band. It might be as well to send them cheques at once and save trouble later on.

Yours truly
J. G. Moosonee
Treasurer.

Sir:-

In reply to your letter of the 15th instant to Mr. Awrey, I might say that cheques in favour of John Shapwaykeesic No. 266 Fort Hope Band, of Widower Shapwaykeesic No. 115 Fort Hope Band, and of Wm. Cathkin No. 12 Osnaburgh Band, will be forwarded to you as soon as the money for 1932 is available.

I am returning to you the applications of Abel Shapwaykeesic and of Jodas Shapwaykeesic, as payment cannot be allowed these until more accurate information is received regarding them.

In 1931, Abel Shapwaykeesic was paid for one man, one woman, one boy and four girls. By your present list you will see that he is asking for five girls, the increase of one being due to a birth. Nothing is said about the boy who, probably, is the boy for whom you are now making application under the name of Jodas Shapwaykeesic.

I wish you would look into the history of this family, and make a full report which, if satisfactory, will receive consideration.

Your obedient servant,

A.F. MacKenzie,
Secretary.

Dear Sir,-

I have been informed by the former Postmaster of Willet that a letter from the Indian Dept. was sent down to Ferland for me on Sunday May 1. and to date I have not received it and can get no trace of it whatever.

The mail that day was brought down to the end of Willet Section and put into the Ferland mail box and from there picked up by a sectionman from Ferland and brought to the station, but nobody at the Ferland section can say what mail there was for me.

According to the Postmaster my mail that day consisted of three papers and two letters, one letter from the Dept. of Pensions and National Health, containing my check and the other from the Dept. of Indian Affairs.

I received papers only, which makes two very important letters missing. Would you please inform me of the contents of your letter.

There is resident in Peterbell an Indian of the above name. He asks me to inform you that he is sick, and that he would like his treaty money to be payed him. He has one daughter in hospital I believe, and claims he did not receive any treaty money last year. He asks me to enclose his ticket, and I attatch same herewith.

Solomon is undoubtedly T.B., and mentally he is not by any means normal. I have suggested to Canon Prewer, that he receive a ration each month on this account.

Re. No. 3-44.

Dear Sir,-

Re your letter of May 19th.informing me that you forwarded three cheques to me on the 28th of April. To date I have not received that letter, or my own Pension cheque.

As Ferland is seven miles from Willet P.O. it has always been the custom for the section men to get the mail and an May 1 st the former Postmaster turned the mail over to be brought down. I received two papers that day only and did not know that there had been any letters until I came to Willet on May 3rd. when the Postmaster informed me that he had sent down two.

On May 23rd one letter was picked up on Willet section mailed in Winnipeg on April 28th addressed to one of the Ferland sectionmen. It had also been sent down to Ferland the same time as my letters.

The Willet Section Foreman searched the track on both sides within a mile of where the letter was found, but could get no trace of any more, and the grass had all been burnt in that region sometime before the finding of the letter.It happened to get caught under a tie, that is the only way it could ever have been found.

I am very sure the letters were lost that day by being blown off the moter car and burnt up when the grass was burned. None of the section men can say what the mail consisted off and did not know that they had lost any.

I received the cheque for Aber Shapwaykeesic but very sorry to have to report the loss of the others as I am sure they will never be found.

At present I am Postmaster at Willet.Will it be possible for you to issue other cheques in the Indians favor? Please advise re the above as soon as possible as I wish the Indians to receive their cheques as soon as possible as it was no fault of theirs or my own that the cheques were lost as it has always been the custom for the sectionmen to bring the mail.

Sir:-

In reply to your letter of the 25th instant, I regret that duplicate cheques cannot be issued to these Indians until they sign declarations that they will not cash the original cheques should they come into their possession, but that they will return them immediately to the Department for cancellation.

I am now enclosing to you three declarations to be signed and returned to the Department, when duplicate cheques will be issued should the originals in the meantime not be found.

I presume the same course will have to be followed regarding the payment of your pension cheque. You should, at once, correspond with the Pensions Department regarding the same. I thank you for the interest you have taken in these Indians.

In future, when writing to the Department, you need not place a stamp on the letter, but place the letters O.H.M.S. at the top of the envelope.

Dear Sir:- The enclosed speaks for itself.

Nellie Allisappie is the youngest of 3 girls, as far as I know, of the late Tom Paws and his wife Beatrice (now married again at Peterbell, I am not sure or cannot think of the name of her present husband. It may be the name attached to the enclosed letter - Mrs Simeon Thechetowen). Her ticket, that is, of the family of Tom Paws is No. 36, Moose Band - the one I hold being under the name of "Widow Tom Paws". The eldest girl, Barbara, is married to a Frenchman by name Joseph Labrèille; the second, Mary, to William McKay and Nellie was a pupil of the Moose Fort Boarding School and some years ago was transferred to Shingwauk. I cannot say when she left Shingwauk.

Kindly send your reply to "Mrs Simeon Thechetowen, Peterbell, Ontario," where evidently Nellie is staying with her perhaps her mother. "Paws" was a nickname. "Allisappie" is or was the proper surname of the family.

Yours sincerely

Dear Mr. Aldous:-

I arrived in Ottawa on Saturday evening, July 25th, one day ahead of my schedule time. We completed the balance of our air trip without any mishaps whatever, everyone of us arriving home in the best of spirits, and enjoying the best of health.

I wish to sincerely thank Mrs. Caron and yourself for the most hospitable manner with which you entertained the whole treaty party. Your kindness could not be estimated.

I am enclosing to you a statement to be signed by Mrs. Emon in your presence. In ~~December~~ Jan 10/28 1927, cheque No. 6953 for $36.00 was issued in her favour and was forwarded to Mr. Hooker. This cheque has never been cashed. I am, therefore, of the opinion that it has been lost and, in order that Mrs. Emon may not be kept out of her money, I am willing to see that a duplicate cheque is issued. Before such can be done, however, it is necessary for her to sign the enclosed duplicate pledging herself to not cash the original, should it come into her possession, but to return it promptly to the Department.

Thanking you for any assistance you can give in the matter.

I remain,

Yours sincerely,

Return From Visit To Indian Tribes

H. N. Awrey, of the Department of Indian Affairs, accompanied by Dr. Post, returned recently to Ottawa after a lengthy trip into the District of Patricia in Northern Ontario where they visited several Indian tribes and paid annuities to 4,370 Indians. Mr. Awrey reports that the health of the Indians is much better than expected and that they expressed themselves as being well satisfied. He stated that "depression" is a word never heard or thought of up there.

For many years Mr. Awrey has made this yearly trip to visit the Indians and usually it took him three months. This year instead of travelling by canoe, the party uses seaplanes and completed the journey in six weeks. The party left Ottawa on June 15th.

During the year, Mr. Awrey reports there were 163 births and 81 deaths. At the most northerly post visited, Trout Lake, 694 Indians were paid annuities an increase of 28 over last year. Only three deaths were reported at this post. The Indians there live on fish, rabbits, and what they can grow, as imported foods are rather high in price. Flour costs thirty-five cents per pound, sugar, $1. per pound and other foods correspondingly high. Gasoline laid down at Trout Lake sells for $7.50 per gallon and is used very sparingly.

On July 14th the p[illegible] at Fort Severn on [illegible] Hudson Bay and Mr. [illegible] that as far as [illegible] bay was covered [illegible]

Your letter of the 7th instant has been received. I am returning to you the three identification treaty tickets which you inclosed as payment can not be made to these persons until full information regarding each of the families is supplied to the Department. In each case it will be necessary for you to give the number of boys and the number of girls in each family. If there have been any increases or decreases you should in each case give the dates of the births or the deaths.

In future please remember that these tickets are given to the Indians in order that they may know the Band and the Band number under which they are paid. In applying for their arrears it is only necessary for you to give the name of the Band and their Band number as shown on this ticket. On receipt of full information the payment of their arrears will be considered.

I am inclosing to you a cheque for $4.00 in favour of Mrs.Guy Brennan, being her annuity for the year 1932.

Before a cheque can be issued in favour of Joel Kitchkeeshik, No.39, Fort Hope Band, it will be necessary for him to give full information regarding his family. In your letter you state that two of the sons are married. It will therefore be necessary for you to give the dates of their marriage and in each case give their Christian names and state whether their wives were Indians before their marriage. If so, the Band and Band number under which they were paid must also be given.

I may add that some member of this family should have appeared before the paymaster when making the recent payments in order that the above information might have been given first-hand.

I am inclosing to you the identification tickets for Mrs.Brennan and for Joel Kitchkeeshik.

In future when making applications for arrears of annuity you should not send in the ticket but merely give the Band and Band number of the applicant as shown on the ticket.

I am inquiring about my treaty money. Bishop Anderson of Cochrane wrote and told my mother Mrs Simeon Sheshewalbic that he had send her address to you, so you could send the money.

I have not been receiving treaty for six years, since the year 1926. I would be very glad if you would send me my ticket and also send the money. Since the marriage of my mother to Simeon, my brothers have had the possession of their own tickets.

Hoping to hear a favourable reply

RECORDS

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, July 26, 1932.

Sir,-

I beg to submit herewith my report for 1932 on the annuity payments made to Indians of Treaty 9 whose homes and hunting grounds are in the District of Patricia and along the western shores of Hudson's and James Bay.

The Trip:

I left Ottawa on the 12th June for Mattice, arriving there on Monday night at 11:25. I left Mattice on Wednesday the 15th for the Provincial Air Station at Remi, where, by previous arrangements with the Department of National Defence, I was joined by the air-crafts which were to transport us to the following centres where the Indians had been notified to assemble to receive their annuities and other considerations,-

English River	-	June 18th
Ogoki	-	June 20th
Fort Hope	-	June 21st
Lansdowne	-	June 24th
Osnaburgh	-	June 26th
Cat Lake	-	July 1st
Cedar Lake	-	July 3rd
Sandy Lake	-	July 5th
Trout Lake	-	July 7th
Fort Severn	-	July 10th
Winisk	-	July 12th
Attawapiscat	-	July 13th
Albany	-	July 16th
Moose Factory	-	July 20th

Two fine Fairchild air-crafts, V.E. and W.G., in charge of Flight, Lieut. Carter, Flying Officer Bryans, and Mechanics McManus and Wiseman, with Dr.Post who was the medical officer appointed to accompany me on the trip, left Ottawa at 12.45 on Wednesday June 15th for Remi. At 3.35 they arrived at Champlain Camp on Trout Lake near North Bay where they remained for the night, leaving next morning at 9.30 for Remi Lake, arriving there at 1.10. During the evening there was a fierce electric storm, but next morning the weather was favourable for flying, so we left at 8.30 for English River, arriving there at 10.10 o'clock. As usual, all flags were flying in honour of the Government Party who are always welcomed not only by the Indians but also by the Post

Managers of the Trading Companies and the Missionaries of the Anglican and Roman Catholic Churches, these being the only two religious bodies carrying on Missionary work in these parts.

We left English River on Sunday, the 19th, at 10.40 for Ogoki, arriving there at 12.30. Leaving Ogoki on Monday July 20th we arrived at Fort Hope in about one hour and a half, where we remained till Thursday afternoon when we embarked again for Lansdowne House, which flight required only fifty-five minutes to complete. On Saturday morning we left for Osnaburgh where we remained till Tuesday afternoon, departing then for Sioux Lookout where we remained for four days in order to give the mechanics ample time to thoroughly overhaul the engines before embarking for the more remote centres in Northern Ontario. The mechanics discovered a flaw in the propeller of the W.G. which necessitated a still longer delay as they had to telegraph at once to Ottawa for a new propeller which was immediately forwarded to Sioux Lookout. In the meantime Dr.Post and I left Sioux Lookout in the V.E. with Flight-Lieut. Carter for Cat Lake where we finished our work,ready to leave on the arrival of the V.E.

This latter plane was repaired and left Sioux Lookout on Monday. On Tuesday morning, July 4th, we left for Cedar Lake at which point the Cariboo Lake Indians had agreed to assemble instead of assembling at their old meeting grounds at Nikip. We remained here for one day, leaving early on Wednesday morning for Sandy Lake, arriving there in about one hour. We remained here till noon on Thursday when we again returned to Cat Lake with the interpreter. Here we were held up as a flight could not be undertaken on account of unfavourable flying weather due to the density of smoke and threatening storms.

We left Cat Lake on Saturday, July 9th, for Trout Lake, where we were welcomed by about six hundred and sixty Indians who had been watching for us for two days. We remained here till Wednesday, July 13th, when we took the air for Fort Severn, leaving again next day for Winisk. Owing to the shallowness of the water in the river near the Post at Winisk, we are compelled to light on the river about five miles above the Post. We spent one day here and then left for Attawapiscat, Albany and Moose Factory, remaining only long enough to pay the Indians their annuities and then proceeding on our journey. In these latter flights we had to fly along the western shores of Hudson's Bay and James Bay, and were somewhat surprised to see the waters covered with large floes of ice covering an area of many square miles.

We left Moose Factory on Thursday morning for Remi, but were forced to turn back on account of rain and dense fog. In the fog the planes lost trace of each other, the W.E. returning, but the W.G. managed to reach Remi but with considerable risk. We left Moose again on Friday for Remi, and continued the flight after dinner to Trout Lake near North Bay where we remained for the night. Next day we left this camp at 10 a.m., arriving in Ottawa at 12 o'clock noon.

Interpreting.

At every post we employed local interpreters when possible. I had, however, to take with us from Fort Hope John Ritch, a half-breed, to interpret for us at Lansdowne. We did not have to bring him back as the Trading Companies agreed to do this without any charge to the Department.

I had also to take an interpreter, John Wesley, from Cat Lake to interpret for us at Cedar Lake and at Sandy Lake.

Annuity Payments.

The annuity payments were made, whenever possible, upon the reserves and in the presence of the Chiefs and Councillors. During the payments any charges regarding immorality, dishonesty, etc., were discussed, and Indians adjudged guilty of any misdemeanours were duly reprimanded and warned to not repeat similar offences. Any law is just as good as its administration, and, owing to the remoteness of these districts, Indians guilty of offences are allowed to escape with censure when really they should be more severely dealt with.

I am inclosing a table from which you will be able to observe that there has been an increase of 71 Indians over the number paid last year, thus plainly proving that the reports circulated by Mr.Highfield in the Toronto papers that the Indians are decreasing is not true.

Bands, Treaty 9	Members 1930	Members 1931	Members 1932	Net increase or Net decrease.
English River	99	104	108	4 increase
Martin Falls	146	148	146	2 decrease
Fort Hope	590	595	607	12 increase
Osnaburgh	497	491	497	6 increase
Caribou Lake	176	176	181	5 increase
Trout Lake	638	666	694	28 increase
Fort Severn	75	75	75	-
Winisk	85	90	93	3 increase
Attawapiscat	534	529	537	8 increase
Albany	690	686	691	5 increase
Moose Factory	360	363	365	2 increase
New Post	21	21	21	-
	3911	3944	4015	71 increase

During the past year there has been an increase of 147 by birth and 76 other causes, but there has been a decrease of 79 by death and 73 other causes. The net increase in the number of Indians for the year paid in the District of Patricia was 71.

I

I might add that there seems to be an increased tendency for the Indians to move from the inland posts to points along the railway lines. I do not think that any great objections should be made to them doing so, providing that when there they do not throw themselves upon the Government for their support. However, I would suggest that no relief should be granted to the Indians of Moose Factory and other inland posts without the authority of the Department or of Indian Agents. Persons not in the employ of the Department should not be permitted to authorize assistance. I am sure if this course were followed it would prove beneficial to the Indians as well as to the Department, as the Indians removed from the railway centres would then come more directly under the supervision of the Indian Agent who would be in a position to investigate their needs before authorizing any assistance.

Besides paying the annuities to the Indians of Treaty 9, I also paid 351 Indians belonging to the Deer Lake Band, whose reserve is located on Sandy Lake. A report of my work here will appear under a separate cover.

I might, however, state that I consider that better and more satisfactory results would be obtained if the annuities were paid to the members of the Deer Lake Band by Mr.McPherson, their Indian Agent, as he is in a much better position to deal with their requirements. Though I had no trouble in making the annuity payments, yet due to lack of proper information considerable trouble was caused in the collection of debts and in the payments to Indians for transportation of supplies from Berens River to Deer Lake, but this matter is being dealt with under a separate cover.

Health of Indians.

During the many visits I have made among the Indians of Northern Ontario, I have never seen them in better condition physically. Dr.Post will no doubt deal fully with this subject in his report.

However, at every opportunity I impressed upon them the necessity of cleanliness, the dangers of expectorating in their tents, the need of keeping their clothing dry, etc., but in many cases I fear my words have fallen on barren grounds. During the past year there have been 147 births and 79 deaths, which plainly indicates that there is no foundation for the rumours that the Indian race in the District of Patricia would soon be completely extinguished.

I wish to refer to the satisfactory work performed by Dr.Post who accompanied me throughout the whole trip. I hope the Department will pursue this course in future as I am confident a doctor thus appointed is much more interested in the work than a doctor appointed for part of the trip, which

position he accepts more as a holiday. Any doctor appointed should not take it with this impression as there is plenty of work to do for a doctor who is interested in the work.

Education.

At English River.

The school is in charge of Rev.J.Walker who also dispenses the drugs to the Indians. As these Indians are bush Indians, the school attendance fluctuates, the average attendance being about 16 pupils. The children are taught in the Church as there is no other place to carry on the work. Mr.Walker seems to be anxious to make the work a success, but the soil is poor and results not any too glowing.

At Ogoki.

Education is entirely neglected as there is no local missionary stationed here to teach the children who spend only a short time around the trading post and then go with their parents into the bush to pursue their usual avocation of hunting.

At Fort Hope.

The children assemble in a small log building located on the grounds of the Anglican Church where they are taught by John A.Macdonald, the son of Rev.J.Macdonald, the missionary in charge. I can not speak very highly of the work done as, like the former places, the children do not remain long at the post to receive much benefit intellectually.

At Osnaburgh.

Education at this centre is entirely neglected, there being no resident missionary to carry on the work here. The same remarks are also applicable to the work performed at Cat Lake, Sandy Lake, Cariboo Lake, Fort Severn, and Winisk, and this condition no doubt will prevail until these Indians settle on their reserves and the task of teaching them made more plausible.

At Trout Lake.

This is one of the largest bands in Treaty 9. Many children come to the post in summer along with their parents, and are then given a smattering of education by Rev. Garrett, the local missionary, who is very much interested in their advancement, and I must say he is doing good work when the conditions under which he has to labour are considered. Mr.Garrett is urging the necessity of a proper school in which the children could be taught, and made a certain request which is being considered under a separate note.

Education (Cont'd.)

At Sioux Lookout.

Dr.Post and I accompanied Dr.Mitchell on his regular medical inspection of the children in the Pelican Lake Residential School. This is the first time I have had an opportunity to see this beautiful institution under the charge of Rev.Mr.Marshall. I was shown through the different rooms and was greatly impressed with the lay-out, and with the cleanliness of the rooms, and of the hundred and thirty beds. Over one hundred boys and girls came to shake hands with me, which gave me an opportunity to observe that they were clean and were being well looked after.

I met several members of the staff, all of whom seem to be deeply interested in their work. While the younger children were being taught the simple elements of education, I was pleased to observe that the older boys were working on the farm, while the older girls were busy knitting and darning, thus plainly showing that all children were being given not only a theoretical but also a practical education.

- - - - -

At Albany, Father Billideau very kindly took Dr.Post and myself up the Albany River to view their new school which is in course of erection. I was greatly impressed with the new site and the fine school which they hope to have in readiness to accommodate about sixty children on or about the end of September.

I also visited the Residential School at Moose Factory, in charge of Rev.Mr.Blackburn, who is doing his best to make the work a success. In the past he has had as an assistant a male teacher, but in future the work will be placed in the hands of a lady teacher as he fancies better progress will thus be made.

I have taken snapshots of the three residential schools and will file photos of them if they are clear enough for presentation.

Reserves.

The Indians of Trout Lake, Cariboo Lake, Fort Severn, Winisk, and Attawapiscat, desired to know when their reserves would be surveyed. I informed them that the work would have been undertaken before this, but,owing to the great depression that now exists, the work could not be done for a year or so. I told them to not worry as there was no immediate danger of their lands being taken up. I told them that there was no objections to their settling upon their proposed reserves wherever good land was available.

At only two centres I made the payments on

the reserves. I followed the Department's instructions in forbidding free traders to carry on business on these reserves. At Osnaburgh, the free traders from Kenora felt quite annoyed, and I am sure lost considerable money in his adventure at this centre.

Homes, occupations, etc.

The Cree and Ojibeway Indians of the remote district of Patricia spend the winter seasons in trapping. During these months they live in tents or wigwams, mooving from place to place as the hunt demands. In the summer time they bring their families in canoes out to the nearest trading posts where they dispose of their furs and buy whatever they require in food and clothing. Some of the Indians have built for themselves log houses upon their reserves and are cultivating small patches of potatoes. The Department has very much encouraged this industry by sending to the Indians scores of bags of potatoes for seed, even though the cost of these potatoes laid down ran as high as $16.00 per bag. I have personally inspected many of these patches, and have highly commended the Indians for their thrift.

The chief worry of the Indians at all places visited is the apparent scarcity of fur-bearing animals. There is indeed good reasons for their fears as no doubt the enormous bush fires, the ingress of White hunters (many of whom resort to illegal methods by using poison) are the causes of the great decreases during recent years.

However, I have no hesitation in stating that the Indians of Northern Ontario are much better off to-day than the White men. Every Indian who is strong would be able to earn a good living with but little exertion. At every opportunity I pointed this out to them, and referred them to the attitude of the Government in drafting laws and regulations regarding hunting and fishing so favourable to them in order to make it easier for them to earn a living.

RELIEF

For many years the supplies required by the Trading Companies were freighted from the line by the Indians during the summer months. The Indians of the Osnaburgh and Fort Hope Bands are now deprived of this work as the goods are being brought in cheaper and in better shape by planes. The Indians complained about this, but I told them that it was something that could not be helped. I, however, at the same time, pointed out that this state of affairs made it more apparent

that

that they would have to work harder especially during the hunting season in order to make a living.

I instructed the Companies to give relief where it was necessary. I particularly told them to see that the old and infirm did not suffer and that the orphans and sick received proper attention.

At Trout Lake I met and paid 660 Indians. I wish to refer to the thrift and independence of these Indians in earning their own livelihood. Even though prices of all commodities are very high - flour .35¢ a pound, sugar $1.00 a pound, lard $1.00, etc. - yet notwithstanding these high prices the average monthly relief accounts for the past year have averaged about thirty dollars per month, thus showing plainly that the Indians living inland are making their existence without any great burden upon the Department. I candidly believe that all Indians from the inland bands who are living along the line and constantly asking for relief should be denied it, and be asked to return into the interior where they can more easily secure the country food.

Elections.

Elections were held this year only at Attawapiscat. This work should have been done by Dr.Tyrer but at his request were held by me. Xavier Chookomoolin, the retiring chief, did not desire to run, so there was a close and exciting contest between two of the old councillors, John Nakooche, returned soldier, and Jacob Gull, the former winning by only a few votes. He was then presented with a chief's brooch and the flag, which he was instructed to fly on all special occasions and during the visit of the Treaty Party.

Jacob Gull, No.142, David Shisheesh, No.137, and David Spence, No.124, were elected councillors without any opposition.

Estates.

The heirs of the late George Linklater and of the late Jacob Chookomoolin, made inquiries if anything was being done towards having the estates settled and the proper distribution made to the legal heirs. I told them that when the Department received accurate information regarding them the necessary action would be taken to make the distribution among the legal heirs.

inquiry and several of the Indians admitted that liquor had been sold to them very recently. I would respectfully suggest that more stringent steps be taken to suppress this evil as I believe some of the Indians are spending their money in this way, leaving their wives and families dependent upon the Government for relief. I think the Provincial Government should be asked to urge their police in that district to do their best to bring to justice the offenders in this regard.

I would also suggest that a letter be written to Chief John Negan, Mattice, Ont., asking him to point out to the Indians the evil and to warn them of the consequent result as the Department will have to cut off relief to these persons who are found guilty in this respect.

At English River.

Chief John Faries and Councillor James Suganaqueb, unsolicitated, informed me that the English River Indians were well treated by the Government, and wished to express their gratitude for the assistance given. They informed me that the Indians had planted the thirty bags of potatoes supplied by the Department and that a good yield was anticipated. No seed would be required next year as they were preparing a suitable place to store enough potatoes for seed for next season.

EXTRACT 3-44

On the 22nd April, 1925, John Kakamenino, or Abraham, No.104 Long Lake Band, was married by E.Blanchue, O.M.I., to Mary Bird, the daughter of Xavier Bird. She claims that she has never been paid with her husband as a member of the band. She has one child, a girl, born in December, 1927. Her husband died in July, 1928. A cheque for arrears should be sent to her, Mary Abraham, at Pagwa River, C.N.R., Ont.

I gave an order to Revillon Freres Trading Co. at Pagwa River, to issue to Peter Bird, No.452 Albany, sufficient rations to enable him to return to Albany where he intends to live in future instead of at the line.

The following supplies of clothing to be forwarded to Revillon Freres Trading Company, English River, via Pagwa River.

100 yards 7 oz. duck for tenting.
100 yards khaki drill for trousers.
30 spools of thread
20 dozen buttons
20 suits of men's woollen underwear, large sizes.
20 " " women's " " " "
30 pair of men's winter hose.

To send them some caps as well as the following:-

100 yards khaki duck for trousers.
100 yards khaki flannel for dresses.
100 pair of woollen socks (large and small)
100 suits of underwear for winter - large and small

No blankets this year as they agreed to make robes for themselves out of rabbit skins.

The daughter of Simon Whitehead, No.45 Martin Falls, is married to William Magiska, a member of the Long Lake Band. She says she has been married for 2 years but has not been paid with her husband. She requested me to make inquiry and to see that she is paid.

Fort Hope.

Edward Agash, No.179 White Sand Band, was married several years ago by Rev. Mr.Macdonald to Sarah Shawayahamaish, daughter of No.121 Fort Hope Band. He claims arrears for his wife since her marriage as well as for her son born Nov.15, 1930. If cheque is issued, it should be sent to Edward Agash, C/o Chief John Bois, of Fort Hope Band, via Tashota, Ont.

Rev.Mr.Macdonald made a request for a new flag for the school to replace the old one which is completely shattered. The flag should be forwarded to him to Fort Hope via Tashota.

A request was made by the Chief and Councillors for permission to build a new Anglican Church on the reserve. I told them that they had better let this matter drop as this was no time to contemplate such action but to wait until this period of depression, which is general, had passed. They accepted my suggestion and decided to leave the question in abeyance till a later date.

A request was made by Chief John Bois for nets to assist the aged to earn a living. I authorized each of the two Trading Companies to give him three nets for those who were in need, and to quote this letter as authority.

John Ritch, a half-breed, made application to have his two sons admitted to the Indian Residential School at Pelican Lake. I had the two boys, Christopher, born March 19th, 1919, and Charlie McLean, born December 23rd, 1921, examined by Dr.Post who pronounced them eligible as far as health is concerned. John Ritch is married to an Indian woman, and, as these boys are almost pure Indians, I strongly recommend their acceptance into the school.

The above supplies, as well as any drugs to be later requisitioned for, should be sent to "The Paying Officer, Lansdowne "via Ombabika," about 1st May.

be approved. I might add that the retail price of above goods to the Indians was $1.50 a yard, so I consider it was a stroke of good business to make the purchase especially when the same was required.

In December, 1927, cheque No.6953 for $36.00 was issued in favour of Jane Emon, No.8 Osnaburgh Band, being arrears of Treaty 9 annuity due her for years 1919 to 1927 inclusive. She claims she never received the cheque, and has signed a declaration to that effect. Under a separate letter I am submitting her appeal to the Department to receive her arrears of annuity, and hope that a duplicate cheque will be issued if it is found that the original has not been cashed.

The Chief and Councillors of the Osnaburgh Band asked to be supplied with four axes and fifty pounds of nails. I approved of their request as these were for the band as a whole, and authorized the Hudson's Bay Company to supply them with the same.

Albert, the six year old son of Alex. Moquano, No.238 Osnaburgh Band, has a pronounced hernia. Dr.Post advised me that he should at once be sent to the Sioux Lookout Hospital for an operation. Sandy Lawson agreed to take the boy out with him to Sioux Lookout, providing I gave him the necessary rations for the child. This I agreed to do and accordingly authorized the Hudson's Bay Company to provide him with rations to the value of five dollars.

No blankets this year for Osnaburgh.

Simon Emon, No.158 Osnaburgh Band, claims that arrears of annuity are due his wife who was Alice Kwiash before her marriage. I promised to investigate her claim.

At Cat Lake.

The Biological Survey, Washington, D.C., placed a band, No.B 609999, on the leg of a duck with a request to notify them where this duck was shot. Chas. Amewaykeesick, an Indian paid under No.1 Osnaburgh Band, informed me that he shot the duck when flying over Gull Lake, which is a small lake in Northern Ontario about 120 miles north of Sioux Lookout on the C.N.R.

A633872 was removed from leg of a duck shot by an Indian in Spring of 1932 when flying over a point about 180 miles south-west of York Factory on Hudson's Bay, Dominion of Canada.

I was requested to report that the wild rice seed supplied last year by the Department to sow in some of the shallow lakes in Northern Ontario is growing. The seed was carefully sowed by Mr.McCauley, and he expects to see it producing results in another year or so. This will prove a boon to the Indians as a food, and, besides, will be an allurement for wild ducks.

coffins, in such cases, to the value of five dollars, the Indians themselves being expected to supply the coffins and dig the graves. I impressed upon the Chief and Councillors the necessity of having in stock a supply of lumber ready for such an emergency.

EXTRACT 44-13

Rev. Mr.Garrett expressed his thanks to the Department for the biscuits which had been so gratuitously supplied by the Department for distribution among the large number of children who gather in the Church during the summer months to receive instructions. I recommend that five hundred pounds be again ordered in Winnipeg and forwarded to Rev.Mr.Garrett, Trout Lake, C/o Hudson's Bay Company, via Fort Churchill, not later than middle of May.

EXTRACT 1-3-44

A further request was made by Rev.Mr.Garrett for a grant of One Thousand dollars to assist him in building a new frame school large enough to accommodate say 80 pupils. He also asked me if the Department would be good enough to prepare for him as soon as possible a suitable plan for a frame building, giving him an idea of the amount of lumber required. Kindly send it to him, Trout Lake, Ont., C/o Canada Airways, Sioux Lookout, Ont.

I could not give him any assurances of the above grant asked for, but told him that assistance might later be given when the scheme was well under way.

There are fully 150 bright little Indian boys and girls here during the Treaty payments, and I am informed that the majority of them are here for about four months during the warm weather. I do think that something should be done for these children who are about the brightest Indian children I meet in my work. The time is fast approaching when these people will have to look to some other vocation for their living, which is a good reason why I think some action along educational lines should be considered. Every year these children are becoming older and older without receiving the benefits of an education to fit them to become better men and women and worthy citizens of our country.

EXTRACT 96-44

The Chief and Councillors asked for the following implements to aid them in gardening, which I promised to send to,-

Dear Mr. McCauley:-

I received your letter today, and was sorry to learn that the potato crop in your district has been a complete failure. I know what this will mean to the Indians, but I hope it will not discourage them from sowing seed next year. I shall be pleased, on your request, to take the matter up with the Department to send in seed potatoes for the Indians next Spring, providing you would arrange to have them brought in at a minimum cost to the Department from the most convenient point which you would suggest. You should also state the amount that will be required.

I am also enclosing to you the Identification Ticket for Mishshenogeesick No. 145 Osnaburgh Band. In your letter you stated that this man's family consists of himself and five children, but my pay-list shows that at the last payment he was paid for himself, his wife, one boy and three girls. Dear Mr. McCauley:-

I am today forwarding a letter to the Chief and Councillors of the Cariboo Lake Band trying to persuade them to have the annuity payments made again at Cedar Lake instead of at Nikip, and I hope you will use your influence with them to do so.

However, if they still insist on being paid at Nikip, of course, the payments will be made there, but they will be the losers. As you know time does not mean anything to them, so they should not hesitate on account of this. If they do insist on being paid at Nikip, would you be good enough to have a small case of drugs forwarded to Nikip for the use of the doctor. These should be taken in by the Indians without any additional charge.

Dear Chief and Councillors:-

Last summer the annuity payments were made to the members of your Band at Cedar Lake which, I thought, was very satisfactory. However, at that time you expressed a desire to be paid in future at Lake Nikip where the treaty was made. I told you then, and I still think so, that the payments should be made at Cedar Lake where there is an excellent camping ground convenient to the Hudson's Bay Company Post.

As you know, Nikip is far away from a post, and besides, a poor district for fish and rabbits. However, if you still insist on being paid at Nikip, I will make arrangements to meet you there, but remember I cannot promise to give your most needy Indians any assistance due to the fact that there will be no supplies at that place.

I hope you will give this matter your most thoughtful attention, and advise me as soon as possible, in order that proper arrangements may be made for the payments next year.

Dear Sir:-

I am just writing to advise you how things are at Osnaburgh with the Indians here.

In the Fall we had a heavy rain which froze as it fell and the whole country is covered with a coating of ice. This is going to be bad for the Indians as it will drive the Moose out of the country since they cannot feed on the willows owing to this coat of ice. It is also bad for rabbits as lots of them are frozen in their burrows and they may be scarce later on.

There has been quite a bit of sickness among the Indians but perhaps this will not be so bad later on in the Winter.

Dear Mr. McAuley:-

I received your letter this morning regarding the deplorable condition of an Indian named "Skunk". I at once took the matter up with Dr. Stone who agreed to write at once to Dr. Mitchell of Sioux Lookout, and authorize him to take whatever action he thought advisable. As you are well aware, Dr. Mitchell is now the Indian Department Doctor for all the Indians, so that all cases sent to the hospital, or otherwise, must come under his charge. No doubt Dr. Mitchell will give the case his attention, and you may, therefore, expect at any time to receive word from him.

Regarding the idiotic child of Shingebis, I am sorry I am not in a position to give you the desired information, and besides, I might add that I do not think it will perturb the peaceful mind of Shingebis very much. When he had the child with him, he did not treat her properly, as you well know how displeased I was with him when I found his child a mass of filth and dirt: even then, after my orders to clean up the child, he neglected to do so, so that the child was anything else but a credit to him when he arrived at the hospital. I certainly will pay very strick attention this year in the matter of cleanliness when making the annuity payments, when the Indians who present themselves before me with filthy hands and faces, and dirty clothes, will be refused payment until such a time as they can properly present themselves before me.

I have not yet heard from the Chief of the

Dear Albert:-

I received your letter today, and was glad to learn that the Indians were getting along fairly well at Lansdowne.

I have referred your letter to the higher officials to deal with regarding the setting aside of a new reserve for you at Lansdowne Lake, and, no doubt, you will receive from them, in a few days, their decision regarding the matter.

Yours very truly,

H.N. Awrey.

I am enclosing to you a schedule showing the approximate dates when Mr. Awrey and the other members of the Treaty Party will arrive by plane at the different centres. I should be pleased if you will arrange to accommodate the Treaty Party during their stay at your post.

You will observe that the Party will land at Cedar Lake, if the Chief and Councillors of the Cariboo Lake Band will decide to meet them there. On the other hand, if they still are determined to have the payment made at Nikip, then the party will fly direct to Nikip, providing word is received from you that your outpost Manager at Cedar Lake will be proceeding to Nikip with some supplies. As you are well aware there is no interpreter at Nikip or at Sandy Lake. It will, therefore, be necessary for an interpreter to be taken along with the Treaty Party to Sandy Lake, as was done last year, and if necessary he will be brought back to Nikip or to Cedar Lake as circumstances permit.

January 11th, 1933.

Memorandum.

Dr. McGill

When the Treaty was made with the Fort Hope Indians, provision was made for the Band to select a reserve in the locality where they desired to have it. Consequently, they selected for their reserve a tract of land on the northern shore of Lake Eabamet. The chief hunting and trapping district of this Band covers approximately a radius of fully sixty miles. Since the Treaty was made about one half of the members of the Band have taken up their hunting quarters in the vicinity of Lansdowne House, and are now making a request to have a special reserve set aside for them at that point, which is only about fifty miles north of the location of their present reserve. I, therefore, do not think that there is any immediate necessity of acceding to their request.

I am quite sure that the Provincial Department of Lands and Forests would not be agreeable to setting aside further lands for these Indians without being suitably remunerated for the same.

I think that Albert Wabash, who is one of the councillors of the Fort Hope Band, should be officially notified that it is not the Department's intention to consider his request, as it is thought the present reserve should be satisfactory.

Dear Sir:-

I, the chief at Attawapiskat is sending you this letter to let you know how everything is going along here, a few of the Indians have died, and others are still sick, but the rest are allright, in fact there has not been any more sickness than usual. It is not very good for furs but every one is killing a little. No big hunts are being made. Every one seems to be acting allright and I do not have any wrong doing to report. I know that you will be pleased to hear this.

I would like you to try and get a Reserve for us at Attawapiskat Lake, we know that our Reserve is laid out at Fort Hope for us, but Fort Hope is quite a distance from here and we all believe that it would be much better if we had our Reserve here where we are all living. We would be glad if you would see what you could do for us in this matter.

I would also like to inform you that we have built a church for ourselves here, north of the Post on an Island and that is another reason that we would like to get some land here. we would be pleased if you would let us know just what can be done. and if there is any possibility of our wishes being granted.

Everything is allright with me, and I hope this letter will find you well.

Ottawa, February 9th, 1933.

Madam:-

Your letter of the 4th instant to Mr. Awrey has been referred to me for action and, in reply, I wish to inform you that on your marriage to a white man, you automatically ceased to be an Indian and, therefore, you are not entitled to any further benefits as an Indian except to share in the annuities of the Band to which you belong.

This annuity could be commuted by you if you applied for the same, the amount payable being $40.00.

I presume you are aware that you and your husband are eligible to apply for old age pension as soon as you reach the age of seventy years. These privileges, as you are aware, are not granted to Indians.

From the above you will see that according to the record there are only six of the family living, and your father has been paid for six of a family. He should have been paid for only five of a family, as Mrs. Iserhoff drew her own share for the years 1930, 31, 32, so the $12.00 overpaid him will have to be retained from him next summer.

I think from the above you will see that your father has been drawing your share, but I will see that you are given a number of your own on the pay-list and, in future, you will be paid your own share, but I would like to hear from you.

You were married July 30th, 1924, so your father has apparently drawn your annuity for the years 1925, 26, 27, 28, 29, 1930, 31, 32, eight years in all. You should look to him for your money for these years, but in future I will see that you are paid your own share.

I am sorry this trouble has arisen, but the fault is due to proper information not being given me during the payments.

Yours truly,

H.N. Awrey

Dear Sir :-

I received yours of the 23rd. informing that probably Mr. Awrey will call at Mattice again this summer, owing to the present train service, if I could be of assistance to your Department, I would be only too pleased to call for Mr. Awrey at Kapuskasing, and drive him to Mattice, and if he desired to go west, it would be with pleasure that I would extend my assistance to as far as that point, which I believe would save him a few days.

When times comes, please do not hesitate to let me know ahead of time, and if you feel I could assist your Department, I will do all in my power to do so.

Dear Sirs:
Enclosed please find cheque
Gen. M No. 4034 dated Sept 18th 1927
payable to Jneson Inoonas 60 Ind.
Hopi band. (annuity 1927)

The above Jneson Inoonas got from
me in the fall of 1927 One canvas
Canoe 18 feet and Grdse
amounting to $193.90
This he was to pay in furs the following
winter.
But he never done so in fact he
disappeared from this part
I feel sure in hopes that he might
turn up but no such luck.
I would appreciate it very much if
you would oblige me and let me have
this amount on his account.
Hoping that you will see your way clear.

Sir:-

In reply to your letter, I wish to inform you that this Department does not stand responsible for debts incurred by Indians. When you sold Meeson Moonas a canoe in 1927 you did so at your own risk. The cheque in favour of Meeson, issued in 1927, returned by you, was year after year marked outstanding, until at last it had to be written off and, therefore, today is of no value. The Department is quite surprised that you should have held this cheque for so many years. When you applied for the cheque it was assumed that Meeson had requested you to do so, and had he endorsed the cheque, then, over to you, there would have been no trouble. As it now stands, the annuity is due Meeson, and must be paid to him.

RECEIVED

Dear Mr. Duvey.

Received your letter advising me when you would arrive here to pay treaty and I will advise my people.

My people have made poorer hunts this winter than ever before they have all worked hard but the fur bearing animals are not in the country in any quantities.

Some of the best hunters have not killed a single skin to date.

If it was not for the help the Government have so kindly been giving us, without doubt some of us would have starved.

It has been a very severe winter more snow and colder than I ever remember before.

We are very grateful for the help the Government has been giving us, but hope some way will be found so that we can support ourselves in the near future.

The potato crop last fall was fair, most of the Indians have saved enough for seed, so we will require no seed this Spring from the Dept.

Yours sincerely.

Madam:-

In reply to your letter of the 10th instant, I wish to inform you that on your marriage to Wm. Nepton you ceased to be an Indian and, therefore, have no further claim for the rights or benefits of an Indian except to share in the annual distribution of annuity, which money may be commuted to you at a ten years' purchase.

I am not forwarding your annuity as there is some doubt as to the correct address. When the Department receives assurance from you of the correct address, the cheque for $4.00 will be forwarded to you.

Dear Mr Awrey,

I see by the Treaty Party Itinerary that you are coming again to English River, & I wish to extend to you and as many of your companions as wish to do so, to make our house your abode while here.

I intend to take a little holiday myself, together with my wife, this summer, but I do not think that our travels will take us father than Cochrane. We have both been suffering from Neuralgia, and toothache and intend to have this remedied.

The Indians are in very poor circumstances this winter, as there is a great scarcity of Furs, and if they did not get government relief, they would most certainly starve.

This Post is very quiet now that Mr. McLeod has left, and we see so few white men now. It will be a great pleasure to have your party here to liven things up for us a little. My wife has not seen a white lady since last August and I think that she is very brave to stay here, don't you?

My wife joins me in sending you our best wishes, and looking forward to Friday, June 16th,

I am,
Yours very sincerely,

Dear Sir,

I am in receipt of your Letter No. 3-44, together with the schedule of the Treaty Party.

Arrangements will be made to accomodate the party as in former years, with the greatest of pleasure, I can assure you.

I would like to inform you that the Indians are in very poor circumstances this winter, as therenis exceedingly little Fur, and they have to rely to a great extent on the government relief. When I tell you that some of the best hunters have not caught a single skin so far this season, you will gather how dependent they are.

Dear Sir:-

Mrs Gilbert Quachigan,who is the mother of Annie,Samuel & Clarence Mark.Whose first husband was the late Andrew Mark,No.136.Moose Factory,has asked me to make enquiries regarding her children's annuity.

She states that they have not received their money for the year 1932.She has received her own,having been paid under her present husband's ticket.The two boys are pupils at the Chapleau Residential School,but Annie obtained her discharge something like a year ago.

I had thought there was a likelihood that the money had been sent to the Principal at Chapleau,but he informs me that it had not been received.

My records show that the widow Mark was married to Gilbert Quaichigan on Jan 10th,1931.

Possibly the cheque has miscarried.

Faithfully yours.

I wish to inform you that I am requesting Mr. Awrey to make the Treaty payment again at Mattice, and to submit to the Department a full report of conditions existing there.

It is to be hoped that the report will be more favourable than that submitted last year. If it is found that the Indians are spending their money for liquor or are spending their time without making an honest endeavour to support themselves, then these Indians cannot expect the Department to listen to appeals made on their behalf for relief.

Your reports during the past year have been somewhat encouraging and I trust the Indians will keep up the good work to maintain themselves, and help others.

Mr. Awrey will leave Ottawa on June 11th, and will make the payments on June 13th. Kindly notify the Indians of the date when their annuity will be paid.

On the 3rd of July last year the Department received a letter from your wife stating that she and two of the children were not living with you, and had received no support for four years, and asking that her money in future be paid to herself.

I now wish to learn if you have with you the four children and your wife. If your wife is not living with you, give the names of the children whom she is looking after.

Dear Sir:-

I appreciate very much the full information required in your letter of April 28th 1923. No 3-44. regarding my family affairs.
I want to state it all though my wife fault. She did not live like straight forward life while I was out working.
She lived with another man as married couple would do and committed sin and she got a child from him. while she was at Thamas. After this happened they did not want us to live there.
So we left Thamas and lived in Chapleau but one year when she had another child there. Then that last she got while I was out trying to make a living for them.
After she did this she left me, and at present time living with another man as before at Muskat. Ontario
I have advised the Indian Agent and wanted Police and other authority to investigate the matter, without any result. I have considerably worried & Trouble about this deed which my wife committed knowing it breaking the law. after she did vowed to keep them forever, and still I can forgive her all this misdeeds.
I wish you would take up this matter for investigation

The annuities paid to her would only encourage her to keep on living the life she has been living these four years.

I always thought this was paid to head of family. then would be distributed to each member of family providing they are orphans.

I have before me your letters of the 1st of May and, in reply, I must inform you that the payment of the Treaty 9 annuity to yourself and your family cannot be allowed until you give the information which the Department asked you to give in the letter to you recently. I might further add that any information you have already given makes it most apparent that your trouble is caused largely by your desire to roam. Had you remained at Moose Factory, where you belonged, I am sure you would have been far better off as you would have been under the direct supervision of Indian Agent Tyrer.

Now what I desire is for you to give me the names of the children who are with you, the names of the children who are at school, and the names of the children who are with your wife. I cannot see why you should ask for the annuity of your children whom you are not supporting. Every year the Department has trouble in trying to pay your annuity. I hope that you will make an effort to return to Moose Factory as soon as you possibly can, unless you find you are able to support yourself and family without asking assitance from the Government.

Dear Sir:-

With reference to your letter NO. 3-44. May 5th/ I beg to give you the following imformation about my childrens as requested, I have one daughter in Chapleau School "Dorothy Wynn 8 Years" Then I have another boy "Peter" whom my wife took with her when she left me, and 2 other girl were born to her since she had left me, but I am unable to give you the names and age of them and I do not apply for the payment of their annuity to my-self, But I would appreciate it very much if you will pay my own annuity to my-self, cheque to be forwarded C/O Hudson's Bay Company, Missanabie Ont,.

Now about my return to Moose Factory, I would also appreciate it very much if you will let me stay here at Missanabie where I am provided with good shelter, as I am living in one of the Hudson's Bay Company Camp, on their land, with free rent, I am getting fairly old "about 70 years" and as my married daughter lives in this vicinity Peterbell & Franz Ont,. I am satisfied to live here and hope that you will continue to give me the monthly ration of $5.00, that is $4.00 for the summer months, and it is not my desire to make any trouble of any kind.

Hoping that you will grant my request I Remain Dear Sir;

Yours Truly

Sir:-

I am in receipt of your letter of the 17th instant regarding your family.

As the facts stated in this letter do not agree with the statements made in your letter sent to the Department on the 24th of April last, how can you expect the Department to have confidence in any statement you make. As already stated, the Department will not force you to return to Moose Factory, but now that you are alone I do not think you should look to the Department for relief, especially during the summer months.

I am enclosing to you a cheque for $4.00 being your annuity for the year 1933.

Dear Sir,-

We have been in correspondence with Dr. Price of Cleveland, and he wants to know when Treaty would be paid at Trout Lake and vicinity. I would be glad if you would give me a list of the dates of that part of Treaty No. 9, so that I can forward them on to Dr. Price, together with other information regarding the country. I rather think he may make a trip in to visit some of these northern Indians by 'plane this summer.

Thanking you for your attention, I remain,

Dear Sir.-

As I am contemplating on taking a trip down to Moosnee and w@ll up one of the big Rivers flowing into the Bay , I will be requiring the services of one of the Indian guides , perhaps one of the Sagbishcome Brothers, I would be very much obliged if you would be good enough to drop me a line and give me the date of Treaty Day at Moosonee or Moose factory.

I am thinking that it would be difficult to get any of the Indian men to leave the Reservation or Post before they had received their Treaty Money and had had their good time with the Good Paymaster.

I am now living in this big City and so far have enjoyed the interesting change. May be some day we will be able to Motor to Ottawa, we have some friends there.

I hope you will have a very pleasant trip and arrive home safely. Planes' sometime are so uncertain.

With best Regards.

Dear Mr. MacKenzie:-

I was very pleased to hear from you again. Your letter reminded me of one of our trips from Hudson to Osnaburgh. Especially do I remember the advice you gave me, and the event happening later. If you remember you told me to never accept a present from an Indian, and your advice I have ever since carefully followed out. Shortly after you had given me the advice, old Mrs. Goodwin gave you a pair of moccasins as a present, but before I left the post, I remember you had to put up $4.00 for these.

I am enclosing to you the schedule of the Treaty 9 itinerary, and I shall be very pleased to meet you again at Moose Factory.

Memorandum.

Mr. Awrey.

It is my wish that you again make the annuity payments to Indians of Treaty 9 whose habitations and hunting grounds are located in the District of Patricia along the western shores of Hudson's Bay and James Bay. I also desire you to pay at Sandy Lake and the Deer Lakes Indians of Treaty 5, as well as the Indians of the York Factory Band who may present themselves for payment at Fort Severn.

Owing to the remoteness of the district, I hereby authorize you to issue the necessary relief to any needy aborigines of the above district, and to make a report on your return upon the economic, sociological and physical conditions of these Cree and Ojibeway Indians.

You will be accompanied by Dr. Newbigging who will be under your charge and will be instructed to report all important matters to you before taking any definite action.

I wish also to remind you of the Minister's orders to not permit casual traders to carry on business on the reserve. I shall also be obliged if you will kindly take action to investigate the merits, having regard to the interests of the Indians, of the proposal of the Hudson's Bay Company to establish a beaver preserve, under lease, on Akamiski Island. Furthermore, will you please investigate conditions among the hunting Indians generally throughout the district covered by your trip, and let the department have the benefit of your views as to the best means of giving effect to the recommendation of the Special Game Committee of the Province of Ontario, with reference to restrictions upon hunting and trapping by others than Indians in the Patricia District or parts thereof.

Dear Mr. Awrey,

Would you be so kind as to again take up a small package of letter mail to Weenusk for us?

Your kind assistance in this regard in the past has been very helpful to us in our business and if you can extend the courtesy again, we will forward a small package of letter mail for your address before you leave on your annual aeroplane visit to the north.

At Moose Factory and Moosonee we are all "het up" over the forthcoming visit of his Excellency the Governor General and Countess Bessborough. This, ofcourse, will be quite a gala day with us.

Dear Sir.

We arrived here yesterday the trip so far being uneventful. We have withstood well the attacks of mosquitos and blackflies which though fierce enough, have not been as violent as I expected. The worst however is yet to come for I am dreading the bull dog flies that are so numerous along the shores of Hudsons Bay and James Bay. We have a fine treaty party. Dr Newbigging has extracted many teeth and performed many vaccinations.

I am enclosing a couple of items for the attention of the Department. With best regards

Dear Sirs,

Thos. Koostachin, Albany band 1º 223 (Tommy Spence) was expecting to receive two years Treaty $36.00 for 1932 and $40.00 for 1933. He only received this years treaty, and was told a cheque was issued for 1932 in amount of $36.00, he never received this cheque. would you kindly look this up and if cheque was returned to you, please send another to me and I will see that the Indian receives it, as he is badly in need of same.

The Indians from Albany who have ben, were told at Treaty so they tell me that they cannot get rations even if they go to Albany, in your letter to me you said they could. Am I at liberty to give some of them a little flour if in real need? there with families.

Sir:

I beg to report that during Annuity payments Nindakagejik, No. 54 Whitesand Band, appeared with his wife and 2 children, and reported he married a woman from the Fort Hope Band, who has not been paid for 5 years. The interpreter informed us the woman's name, from Fort Hope, sounded very much like Waynaben. The boy should receive arrears for 1932, and the girl for 1930, 31, and 32.

I would be very pleased if you would advise at your earliest convenience if you can trace this woman on the Fort Hope Books. We paid the 2 children arrears. Kindly advise if this woman has been paid for this year on her father's ticket. If not, I presume it will be in order to transfer her to the Whitesand Band and pay her on this ticket.

Resolutions.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

OTTAWA, July 25th, 1933.

Dr. H. W. McGill,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to submit herewith my report for 1933, on the annuity payments made to Indians of Treaty 9, whose homes and hunting grounds are in the District of Patricia, along the western shores of Hudson's Bay and James Bay.

The Trip.

On Sunday, June 11th, I left Ottawa by C.N.R., for Mattice, where I met and paid several Albany and Moose Factory Indians. On Wednesday, June 14th, I left Mattice for Moonbeam, from which place I took a taxi to Remi Lake Point, about three miles inland, and from there hired a gasoline launch to take me across the lake to the Provincial Air Camp where by previous arrangements with the Department of National Defence, I was to be met by the aircrafts which were to transport us to the following centres where the Indians had been notified to assemble to receive their annuities and other considerations at the following specified dates:-

English River	June 17th
Ogoki	June 19th
Fort Hope	June 21st
Lansdowne	June 24th
Osnaburgh	June 27th
Cat Lake	June 30th
Cedar Lake	July 2nd
Sandy Lake	July 5th
Trout Lake	July 6th
Fort Severn	July 10th
Winisk	July 11th
Attawapiscat	July 12th
Albany	July 15th
Moose Factory	July 19th

The two Bellanca aircrafts U.Z. and U.X., in charge of Flight Lieutenant Carter, Sergeant Thomas, and mechanics Mirabelli and Harvey, with Dr. Donald Newbigging, the Medical Officer, arrived at Remi Lake on Friday, having been detained at North Bay on account of inclement weather.

We left Remi at 7.40 on Saturday morning for English River. The weather was ideal for flying, thus making it possible to complete this lap of the trip in about one hour and a half. The Indians were anxiously awaiting our arrival as we were one day late. We, as usual, were well received by the Post Managers and by the Indians, who always deem the treaty time the greatest holiday of the year. We left English River on Monday evening, June 19th, for Ogoki, and next day continued the flight to Fort Hope, where we remained until Friday morning, June 23rd, when we again embarked for Lansdowne. From here

We flew to Osnaburgh and on Tuesday we left for Sioux Lookout where the planes were carefully overhauled for the trip inland to Cat Lake and the other centres. We left Sioux Lookout on Friday morning, June 30th, but were forced to land on account of dense clouds and rain. We had to remain a day in the bush before continuing our trip to Cat Lake. After completing our work at all these points we then set out for Attawapiscat, Albany, and Moose Factory, where we remained only long enough to make the payments; no other matters were dealt with, as the bands are under the supervision of Dr. Tyrer. We left Moose Factory for Remi on Thursday, July 20th, and on Friday returned to Ottawa, having made the whole trip on schedule time..

Annuity payments.

As usual the annuity payments were made on the reserves whenever possible, and in the presence of the chiefs and councillors, care being taken to carry out the Minister's instructions to not permit any free traders to locate there during the payments. At the same time Indians accused of immorality, dishonesty and other misdemeanours, were reprimanded and warned not to repeat the offences. Owing to the remoteness of the districts, many Indians guilty of offences are permitted to escape with censure when they should have been meted more severe punishments.

The following table shows the comparative membership of the different bands of Treaty 9, for the years 1931, 1932 and 1933:-

Bands Treaty 9	Members 1931	Members 1932	Members 1933	Changes since 1932
English River	104	108	110	Increase 2
Martin Falls	148	146	147	Increase 1
Fort Hope	595	610	630	Increase 20
Osnaburgh	491	495	501	Increase 6
Caribou Lake	176	181	190	Increase 9
Trout Lake	666	694	703	Increase 9
Fort Severn	75	75	76	Increase 1
Winisk	90	93	105	Increase 12
Attawapiscat	529	537	553	Increase 16
Albany	686	691	692	Increase 1
Moose Factory	363	365	361	Increase 4
New Post	21	21	21	
			Total increase 73.	

You will observe that during the year there has been an increase of 160 by births and 110 other causes, but there has been a decrease of 92 by death and 105 other causes. The net increase for the year was 73 Indians.

I might add that there seems to be an increased tendency for the Indians to move from the inland posts to points along the railway line. I cannot see any objections to Indians who are self supporting doing this, but it is my candid opinion that it would be more beneficial to the Indians, as well as to the Department if the relief allowances at the lines were considerably cut and such Indians ordered to return to their posts where they would be under the direct supervision of the Indian Agent, who would be in a position to investigate their needs before authorizing any assistance.

Besides paying the annuities to Treaty 9 Indians, I also paid 373 Indians of Treaty 5, at Sandy Lake, being ten more than paid last year. At the request of the Commissioner of the R.C.M.P. I also paid several members of the York Factory band their annuities for 1933, and arrears for 1931 and 1932.

Interpreting.

At every post we employed local interpreters whenever possible. Last year it was imperative to take an interpreter with us from Fort Hope to Lansdowne, but this was not necessary this year as Mr. William McLeod, in charge of Revillon Freres Trading post kindly consented to help us out in this work.

As no local interpreters can be secured at Cedar Lake and at Sandy Lake, it was absolutely necessary for us to take with us from Cat Lake, Joseph Wesley, whom we had to return to Cat Lake after making the payments at the above mentioned centres.

Reserves.

When the treaty was negotiated with the Indians, whose habitations are north of the Albany River, they were allotted reserves at certain points, and were informed that these reserves would be surveyed at an early date. I have been approached again by the chiefs and councillors to have this work done, but I informed them that owing to the present depression, the task could not be undertaken at the present time.

As usual there were some free-traders on hand, but they were not permitted to locate on the reserves as per the Minister's order of last year.

I am pleased to report the progress made by many Indians belonging to the Martin Falls, Fort Hope and Osnaburgh bands. These Indians have built for themselves suitable homes and have undertaken to cultivate small patches of potatoes. I commended them for their thrift, and feel confident that the seed potatoes furnished them at an apparently exorbitant price was money well spent, and has proved to be an incentive to other Indians to undertake similar steps to help themselves in future.

The Cat Lake and Lansdowne House Indians asked if theycould not have a reserve at their centres, but I informed them that as reserves were already set aside for them at Osnaburgh and Fort Hope, their request could not be granted.

Homes, occupations, etc.

These Cree and Ojibeway Indians come from their hunting grounds at the close of the hunting season bringing with them their families and furs which they exchange for food and clothing. During the winter months they live in tepees, but during the summer in tents which are easily moved from one place to another. They have no gainful occupation during the summer, so in many cases I had to authorize the issue of twine to make fishing nets and wire for snares in order to assist them to aid in earning their own living.

The Indians of the Cat Lake and Trout Lake bands are employed by the Trading Companies to transport the supplies required for the posts. The supplies for Cat Lake are brought in from Hudson at a cost of eleven cents per pound, and to bring in the goods from Fort Severn to Trout Lake costs sixteen cents per pound. The supplies also for the English River and Martin Falls bands are freighted by the Indians, but ~~for~~ all the other centre's are brought in by rail or by boat thus depriving the Indians of work which they formerly got to do.

Education.

The opportunities for education at most of the points visited is very limited. At English River a school is run in the summer time under the auspices of the English Church, a young missionery, Mr. Clarke, being in charge. He also looks after the medical needs of the Indians during his stay. At Fort Hope the school is under the charge of John A. Macdonald, and at Trout Lake under the charge of Reverend Leslie Garrett. At Trout Lake I counted one hundred and eighty-six bright Indian children between the ages of seven and sixteen years, who are being taught to read in English. The work being done by Mr. Garrett is most commendable.
At Ogoki, Lansdowne, Osnaburgh, Cedar Lake, Fort Severn and Winisk, education is entirely neglected, there being no permanent missionery or teacher at these places. I visited the residential schools at Albany and at Moose Factory, but did not see many of the children as they were absent on vacation. The Reverend Blackburn, Principal of the Moose Factory Residential School, has resigned on account of ill health, and will be leaving in a few weeks for the front.

Health of Indians.

EXTRACT 2-44

In spite of the adverse conditions I am glad to report that the general health of the Indians as a whole is good. Dr. Newbigging was both painstaking and sympathetic. I am confident that the policy of Dr. Stone, the Medical Supervisor, to appoint doctors to accompany me throughout the whole trip has already proved to be superior to that of appointing doctors for parts of the trip, for doctors ~~this~~ appointed are more interested in the work.

Dr. Newbigging will, no doubt, deal fully with the subject in his report.

I might add, however, that at every opportunity I impressed upon the Indians the necessity of cleanliness, the dangers of expectorating in their tents, and the need of keeping their clothing dry and clean. In some cases I refused to pay them any annuity until they bathed or washed themselves. I hope my exhortations have not fallen on barren grounds, but will be carried out during the next year.

Relief, etc.

EXTRACT 24-44

Many times I have pointed out to the Department that the Indians of the Albany, Moose Factory and English River bands, are gradually being attracted to the front by the magnet of civilization. No great objection could be raised against them doing this providing they did not then depend upon the Government for relief. When making the payments at English River I ascertained that many Indians had left the inland posts for the line at Pagwa River where they claimed they received better treatment. I ascertained that some of them were getting relief, supposedly from the Revillon Freres Trading Company, when the same was really being paid by the Department. I am attaching to my report a letter received from T. Metcalfe, of Pagwa River, asking for authority to issue relief, but I wrote him that it was not the Department's

desire to encourage Indians to settle along the railway lines, and that he should notify these Indians to return inland where they would be under the direct supervision of Dr. Tyrer who would be in a position to look after their needs for relief. My opinion now is that these Indians are being too generously rationed at Pagwa, and I think the Post Manager of Revillon Freres Trading Company should be so advised.

At Osnaburgh I went carefully into the Relief Accounts, and have no hesitation in stating that the relief issued and charged for by the Patricia Stores is entirely too great. I think at the very outside the Relief Accounts at this point should not exceed $50.00, and unless they are kept down to this amount, I would suggest that the authority to issue relief by him be entirely withdrawn.

Fires, etc.

North of the Albany River I observed many large bush fires destroying in many cases the timber on large limits. I received from Mr. Parsons, Assistant District Forester, of the Department of Lands and Forests, at Sioux Lookout, a letter informing me that in many cases the Indians were responsible for these fires, and soliciting my cooperation by reprimanding certain Indians whom he suspected. I interviewed these Indians, but they declared their innocence. I, however, brought to the attention of the Indians the seriousness of fires which destroyed not only the timber, but also ruined the district as the haunt of the wild and fur-bearing animals. At the same time I also did my best to impress them with the necessity of protecting the female moose which actually brought food to their doors.

Morality.

On the whole the morality of the Indians is very fair. A few cases were brought to my attention, which I dealt with as I thought best. I am sorry to report however, the arrest of four Indians at Osneburgh for breaking into the Hudson's Bay Company's store at Pickle Lake. These Indians have acknowledged the wrong, but the case will be dealt with by the Ontario police who now have the matter in hand.

Trapping and hunting.

The question of hunting and trapping is a momentous one. The Indians in the northern part of the Province have always depended for their living upon these occupations, claiming the fur-bearing animals as their heritage.
Much uneasiness exists among them because of the apparent decrease of the fur-bearing animals, the chief cause of the decrease being attributed by them to the ingress of white hunters and Indians from the older parts of the Province. The Provincial Covernment which controls these industries has always manifested a sympathetic attitude towards the natives, and has given them already special valuable and exclusive concessions regarding the trapping of beaver and otter.
The Indians however, feel that as they have no other gainful employment than that of trapping and fishing, further steps should be taken to protect them by placing greater restrictions on the hunting and trapping privileges granted to whites. I have discussed this question with the Indians and with several representative

residents of the north, and am pleased to enumerate some of their views and suggestions on which they were almost units in relating:-

1. That the Indians should be given the sole fur rights regarding trapping in the district north of the C.N.R. line, in the Province of Ontario, but with the following stipulations:-

(a) That the half breeds, recognized more or less as Indians, born and brought up in the above mentioned district, should be given the same rights as Indians.

(b) That whites who are British subjects and who have resided for ten years and still are residing in the above mentioned district should be given special privileges.

(c) That whites who are British subjects should not be deprived of sporting hunting rights in the district, subject, of course, to regulations laid down by the Department of Game and Fisheries.

(d) That there should be a close season for beaver and otter for at least ten years, Indians as well as whites being excluded.
In support of this proposition it is maintained that the thrifty beaver is considered a real game warden and a good fire ranger, for it is a recognized fact that where the beaver dams are found there are fewer fires, and consequently, will be found more of the other fur-bearing animals.

(e) That the fur harvest has been depleted fully 75% during the past ten years by trapping and by ravages of wolves and bears, and that therefore further means should be taken to exterminate these animals. Special rewards should be given for the destruction of these animals, more particularly wolves, during the nursing seasons.

The above suggestions are concurred in by H. Lariviere, Manager of the Hudson's Bay Company at Mattice, by L. G. Clay, Station Agent at Moonbeam, by Ronald D. McKay of Cochrane, formerly manager of the New Ontario Colonization Company, by William McLeod, manager of Revillon Freres Trading Company at Lansdowne, and by J. G. Anderson, Bishop of Moosonee, Cochrane, Ont., who kindly sent me the following resolution passed by the Synod at their session held in May 1933:-

Diocese of Moosonee held May 16th, 17th and 18th, 1933.

That the Synod now in session views with extreme anxiety the situation that is fast making itself felt when the depletion of the fur-bearing animals throughout the north country will create great hardship among our Indian people, and where within a very short period their means of providing a livelihood will be taken away. We would suggest that the Department of Indian Affairs in conjunction with the Game and Fisheries Department, of the Province of Ontario and Quebec, enact regulations whereby all fur-bearing animals be protected for a period of five years, and that at the end of that period none but Indians be allowed to trap and hunt in these areas.

To sum up I might add that the general concensus of opinion seems to be that more stringent steps should be taken to shut out whites from trapping north of the C.N.R. line, and that unless such steps are taken the entire district will soon be entirely depleted of fur-bearing animals, leaving the Indians who have no other gainful occupations, entirely dependent upon the Government. They claim also that such restrictions will eventually prove beneficial not only to the Indians, but to the Government.

In support of the above suggestions I wish to add that at all the inland northern posts where the districts are not overrun by white trappers, I have ascertained that a more bountiful fur harvest has been reaped by the Indians, thus making them more independent.

At Trout Lake I met about seven hundred Indians, and though this is by far the largest band of Indians which I visited yet I found the Relief Accounts for May $62.54, and for June $5.83, which clearly proves that these Indians are doing their bit to support themselves during this period of depression.

At Attawapiscat as requested, I made inquiry regarding Akimiski Island. This large island is located in James Bay, extending for a distance of about seventy-five miles from the mouth of the Attawapiscat River, to the entrance to the north channel of the Albany River. It has an average width of from ten to twenty miles. There are hills and valleys, marshes and dry lands covered with trees. There are several fresh water streams and lakes on the island, making it an excellent habitation for beavers and others which have been completely exterminated. The island is also excellent for the rearing of foxes, the pelts of which are much superior to those of foxes trapped on the mainland. The island is also an excellent sanctuary for wild geese and ducks, it being in the direct course of these birds when migrating.

EXTRACT 486-10-2

I have been informed that the Hudson's Bay Company has been endeavouring to secure this island as a game preserve, which if they secure, will deprive the Attawapiscat Indians of hunting on the island as they have always done.

At Fort Hope.

Masonegeesic or Wayendowpamedka, No. 188, Whitesand Band, was married about seven years ago (pagan marriage) to Widow Papoonaches, No. 248, Fort Hope Band. On June 15th, 1933, he was married according to church belief. He has two children, Peter, born in January 1927, and Edward, born December 30th, 1928. He claims his wife and children have never been paid.

Joe Isaacs, No. 184, Nepigon Band, paid at various places, was married in July 1931, by Father Coutoure, to Francis Mooneas, No. 191, Fort Hope, but has not been paid for his wife for the years 1932 and 1933, nor for a son born December 20th, 1932. Joe is paid under his father's number, but desires in future to be paid under a ticket of his own. He asks that a cheque for his arrears be forwarded to him care of Revillon Freres Trading Company, Lansdowne, via Tashota. He also asks that a cheque for arrears due his mother be forwarded at the same time.

John A. Macdonald wanted to know if he could get the wood required for the Fort Hope School, from the reserve. I told him I could not authorize this, but for him to write to the Department to secure this authority.

Chief John Bois, of Fort Hope Band, asked for the following:-

6 spades (round points)
3 picks
50 pairs women's stockings
25 suits underwear, 36, 38, 40
60 pairs rubbers, 3,4,5,6,7,8
Bale of Kersey.

He promised to bring them in from Ombabika free if we rationed him and his assistant.

Lansdowne.

Albert Wapoos, Councillor of Fort Hope Band, asked for the following to be sent to him about May 1st, 1934, to Ombabika, care of Revillon Freres Trading Company, he agreeing to bring them in free of charge if rationed for the trip.

6 spades (round points)
6 hoes
2 grubbing hoes
1 pick.

He also asked for potatoes for seed which I promised to send him at the same time.

Osnaburgh.

Hudson's Bay Company requests that no drugs be forwarded unless requisitioned for.

No. 158, Osnaburgh, claims arrears for his wife and two children due them about six years ago. Her name before marriage was Widow Tuayosh. I promised to look this up.-

At Trout Lake I found the son of Henry Fiddler, No. 33, of the Trout Lake Band, hoplessly insane, blind and deaf. This boy, Joie Fiddler, was born on December 11th, 1922.

After being examined by Dr. Newbigging we decided that the boy should be sent out to some institution. I agreed to ration three Indians to take this boy out to Ombabika, which will take at least twenty-seven days to make the round trip.

Dr. Stone no doubt will make the necessary arrangements to have this boy looked after when he reaches Ombabika. I have written a letter to H. Sells, Merchant at Ombabika, to telegraph the Department when they arrive, providing definite arrange-

Conclusion.

In conclusion I am pleased to inform you that the whole trip has been made without any great delay or trouble. Before closing, however, I must refer to the excellent work performed by Dr. Tyrer, who certainly is a most devoted agent and doctor, sparing neither time nor pains for the benefit of the Indians.

EXTRACT 9-44

I would suggest and strongly recommend that Dr. Tyrer be appointed next year to accompany the Treaty Paying Officer on the whole trip. I am sure this move would prove both more satisfactory and economical to the Department.
For eleven days the doctor at present appointed does not have any work to do as the work at Attawapiscat, Albany, and Moose Factory, is already done by Dr. Tyrer. If he were appointed to accompany me it would save the wages of a doctor for about five weeks which I think would be worthwhile, especially when the regular work on the Bay would not suffer. I hope my suggestion will receive favourable consideration.

The trip has been made as efficiently and as economically as possible, and I hope my appeals for assistance to these natives of Northern Ontario will receive your approval.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, February 22nd, 1933.

Dear Mrs. Fox:-

Would you be good enough to give me the names of your brothers and sisters who are still paid under your father's ticket. I have been doing my utmost to substantiate your claim, but the records here do not agree with the information given by Rev. Father Belleau who also has been doing what he can to clear up matters. According to information given by Father Belleau, had there been no deaths, there would be the following family:-

Mary - born May 1st, 1900 - Now Mrs. Fox
Maggie - born September 29th, 1902 - now Mrs. Iserhoff
dead — George - born January 1st, 1905 - dead
dead — Peter - born November 8th, 1906 - dead
Alfred - born - 1907 - dead
dead — Emelda - born September 16th, 1912 - dead
dead — Fabiola - born September 1st, 1914 - dead
dead — Henry - born April 15th, 1917 - dead
Cecelia - January 30th, 1919
Dorothy - January 9th, 1922
Matthew - December 12th, 1924

From the above you will see that according to the record there are only six of the family living, and your father has been paid for six of a family. He should have been paid for only five of a family, as Mrs. Iserhoff drew her own share for the years 1930, 31, 32, so the $12.00 overpaid him will have to be retained from him next summer.

I think from the above you will see that your father has been drawing your share, but I will see that you are given a number of your own on the pay-list and, in future, you will be paid your own share, but I would like to hear from you.

You were married July 30th, 1924, so your father has apparently drawn your annuity for the years 1925, 26, 27, 28, 29, 1930, 31, 32, eight years in all. You should look to him for your money for these years, but in future I will see that you are paid your own share.

I am sorry this trouble has arisen, but the fault is due to proper information not being given me during the payments.

H.N.Awrey Esq.

English River,

Dear Mr. Awrey,

I thank you for your letter of Feb. 22nd. and for your efforts in assisting me to obtain my back Treaty payments .

I am enclosing your letter containing the information obtained from Father Belleau, which to the best of my knowledge is quite correct-with one exception, that of Alfred, whom you have listed as dead, but who is very much alive. Of this I am quite certain, as we hear from him right along; he is about 23 years of age and was married only last summer before going north of Attawapiskat to trap, last fall.

The fact, then. of Alfred being alive instead of dead proves that my Father, in being paid for six of a family, has not received my share, as you point out that Mrs Iserhoff has been drawing her own share as well as my father receiving payment for her, and which you say will have to be deducted from him this year.

As far as being able to get anything from my father, even if he had received my share, I think you will readily agree that that would be utterly impossible, and in any case that responsibilty would not be mine.

I hope everything will be quite clear now, and as this means a great lot to me in these hard times, I would be truly thankful if you could clear up this matter while you are at English River, and either forward my back payments and also my four dollars due this year, amounting altogether to $36.00, by Tommy Spence who will immediately turn it over to me; or, arrange with Revillon Freres Trading Co. Ltd. to have it transferred to me here, along with my new Treaty Card.

I will be very grateful if you can do this for me.

Yours respectfully,
