THE HAMILTON TIMES

WEDNESDAY, JULY 21, 1909.

GOLD-BRICKING HAMILTON.

London, which appears to have been much alarmed lest Hamilton should be given favorable differential terms by the Hydro-Electric Commission, has had a talk with Adam Beck, and has been somewhat reassured.

DEATH OF JAMES DICKSON.

A cablegram from London brings the sad news of the death of James Dickson, barrister, of the firm of Nesbitt, Gould and Dickson, following an operation for a malignant disease of the stomach.

FRANCE WITHOUT A CABINET.

The Government of Premier Georges Clemenceau was defeated last night by a vote precipitated in a debate on the Algerias matter by a majority of 275 to 212.

Clemenceau has held together a government longer than any man in the history of the third republic, and, in spite of numerous political combinations formed for his defeat, his been absolute master for three years in France.

Our "floppy" contemporary the Herald accuses the Toronto Globe of being about to "flip" on the Hydro-Electric power question.

SIR CHARLES TUPPER'S VIEWS

Sir Charles Tupper contributes to the Nineteenth Century an article on "The Unity and Defence of the Empire," in which, after a review of the action of Australia and New Zealand, he proceeds to approve of Canada's course in the matter of defence.

Sir Charles can find no words of censure strong enough for dealing with those tuft-hunting, mud-souled Canadians who, in the effort to make themselves appear as more British than their countrymen in general, pretend to think that Canada has done less than its duty toward the Empire.

Contrary to the forecasts of sporting men, horse racing promises to survive the suppression of gambling. The Empire City race track officials and the officers of the New York Jockey Club, while complaining that the anti-gambling laws have practically put an end to bookmaking, admit that the various racing associations of the State have made money ever since the large stake events of over a year ago.

The argument that the increased traffic that is likely to follow the permanent paving of a street is an evil to the owners fronting on that street is far-fetched, says a contemporary.

CANADIANS SIT TIGHT.

President Taft is said to favor the Congressional House proposal for reciprocal free trade with Canada in coal. It might be supposed that the President's support would strengthen the cause of free coal; but Speaker Cannon is to be reckoned with.

Some feeling was created in the British Isles owing to the fact that Canada did not, by resolution or by speech from the Prime Minister, vouchsafe the offer of one, two or three Dreadnoughts.

The leader of the Opposition puts the effect of the Canadian declaration of policy quite fairly. It may not suit some of the blatant mouth-patriots of his own party in Canada, but it at least brings him into line with the common sense of the country.

The gyp moth is doing much damage in Massachusetts, which State is spending vast sums of money in the endeavor to exterminate the pest.

EDITORIAL NOTES.

The 409th anniversary of the founding of St. Paul's School, London, will be celebrated this week. It will be a great event in educational circles.

Strikes and threats of strikes in the large industrial centres of the United States would appear to indicate that good times are trying to struggle back. Pity that labor disputes should hinder.

A few of us could not get away to accompany the grocers to-day; the rest of the inhabitants of the city went, less to see whether the Falls were still doing business than to associate one day with a jolly lot of fellows.

The New York Taxicab Company has cut its rates for the first half mile from 50 to 30 cents, and 10 cents for each additional quarter mile.

St. John County has returned a Liberal for the Legislature of New Brunswick, notwithstanding the Hazen Government's trick of abolishing a non-returned vote in the county.

HOW DID SUTTON DIE?

Witnesses Differ as to How the Officer Shot Himself.

Lieut. Bevan Declares Sutton Was Being Held Down at Time.

Sutton's Mother Believes He Was Beaten to Death.

Annapolis, Md., July 21.—When Lieutenant Sutton fired the fatal shot, he was lying face downward upon the ground. Lieutenant Utley was sitting on his legs. Sergeant De Hart was sitting on his body and I was holding him by the shoulders. Suddenly at the sound of a voice crying, "He has killed Roelker!" Sutton's arm, which had been folded under him, shot out toward his head. There was a flash and a dull report, a report such as I had never heard from a revolver before. His body became limp and Lieutenant Willing, who was near, came and took the revolver from him.

This was the description of just how Sutton died, as given by Lieutenant William E. Bevan, who was officer of the guard at the marine barracks here on the night of Oct. 12, when Sutton was killed. Bevan is now on duty aboard the New Jersey, on the Atlantic station. DO NOT AGREE. Annapolis, Md., July 21.—Lieut. Wm. F. Bevan, of the Marine Corps, resumed his testimony to-day when the court of inquiry continued the investigation into the death of former Lieut. James N. Sutton, of Portland, Ore., who was shot and killed on the marine barracks grounds on the night of Oct. 12, 1907. Henry E. Davis, counsel for James Sutton, the dead lieutenant's mother, said he would subject Lieut. Bevan to a lengthy cross-examination. Bevan's graphic story yesterday of the incidents leading up to Sutton's death varied in many essential points from the testimony of Lieut. Adams and Osterman, all of whom were present and testified they saw Sutton kill himself. According to Bevan there were three men, either sitting upon or holding young Sutton down when he fired and shot himself. Sutton's mother, in view of this part of Bevan's testimony last night, again expressed her belief that her son was beaten to death in the quarrel with the officers, and the bullet wound in his forehead inflicted afterward.

Major Henry Leonard, who is conducting the inquiry for the Government, had a long conference last night at Carvel Hall with Mrs. Sutton and her daughter, Mrs. Hugh Parker. It was said afterward that the conference might lead to an unexpected turn in the investigation. Nothing has been heard here by the naval authorities of Lieut. Edward P. Roelker, the much wanted witness, although it was reported yesterday he had been found. It is not thought likely that Miss Margaret Stewart, of Pittsburgh, the girl who spent the evening with Lieut. Sutton before his death, will be called as a witness. Lawyer Davis said to-day he had not heard from Miss Stewart's father, who went to Canada to see her and endeavor to persuade her to return here and testify.

FOUND DEAD IN BED.

Woman Had a Stocking Tied Round Her Neck.

Bayfield, July 20.—The people of this quiet village are considerably worked up over the mysterious death of Mrs. Jas. Burns, who was found by her husband dead in her bed with a stocking tied around her neck and a bruise on her head, on his return from work last Thursday evening. Some years ago Burns built a splendid home and had a small business, but now he lives in a small house and does odd jobs around the village. Mrs. Burns was about 54 years old and had been in poor health for the last year or more and confined to her bed most of the time. The daughter was also in bed when the mother was found, and apparently knew nothing of her mother's death. There were no signs of Mrs. Burns having been strangled, as the stocking was not tight enough around her neck. Dr. Stanbury, the local doctor and coroner, summoned a jury as soon as possible, and their verdict was that it was a case of suicide. Crown Attorney Sager, of Goderich, on hearing of the case, asked Dr. J. W. Shaw, of Clinton, another coroner to come over, also Dr. W. Quinn, of Clinton, who conducted an autopsy, a new jury meeting on Saturday, and not being able to come to a decision, adjourned to meet on Thursday of this week, when the matter will be gone into more fully.

WANTED MONEY.

Prying Open a Dead Man's Mouth When Interrupted.

New York, July 21.—Michael Murphy, an East Side character, was interrupted to-night in the operation of prying open the mouth of a corpse. When discovered in an undertaking establishment fumbling with the body of a man who, he said, was a friend of his, Murphy admitted that he was looking for money. Examination revealed three \$5 bills in the dead man's mouth. They had been there since Sunday last, when Andrew Erickson, whose blue lips were closed over the currency, met death in Jamaica Bay. To the police Murphy told a weird story. He said he and Erickson had hired a drunken sailor to a boat and had robbed him. Then an oar broke and Erickson, stuffing part of the money in his mouth to keep it dry, jumped overboard after it. He sank, says Murphy, but the police think there may have been a struggle, for Erickson's head bears a deep gash. Charity may cover a multitude of sins, but they are apt to show through.

OPINION OF AN EXPERT.

M. D. Munn on the Duluth-Superior Franchises.

In connection with the offer to the public of Duluth-Superior Traction Co. common stock, as per advertisement in this paper, the following copy of the opinion of Mr. M. D. Munn, of St. Paul, of the legal firm of Munn & Thygeson, will be of interest. Mr. Munn's letter is as follows: "The charter of the Duluth Street Railway Company gives that company, quoting from the legislative grant, 'the exclusive right and privileges of constructing and operating a single or double track for passenger railway lines with all necessary tracks for turn-outs, side-tracks and switches in any of the streets of Duluth and its suburbs, including New London and Oneita, and on the roads connecting same, during the term of its charter.' The charter referred to was granted in October, 1881, for a period of fifty years. The Duluth Street Railway Company franchise, therefore, has yet 22 years to run, but, in addition to this, there is good authority for the opinion that the charter is actually perpetual, being co-existent with the charter of the company, which is the Duluth Street Railway Company. This may itself renew from time to time for such period as may be determined by a large majority of its stockholders, not exceeding 50 years at any one time."

In the city of Superior, the company's position is as follows: The owners of the property, now comprising a large portion of the city of Superior, when laying out the town and before the streets were dedicated, grant by deed to the Douglas County Street Railway Company the perpetual right to use for street railway purposes all the streets embraced within the lands owned by the grantors and described in such deed. These streets were thereafter dedicated, subject to this provision, so that the rights of the company, through a large portion of the city of Superior, do not depend upon any grant from city or municipal authority, but the city owns the streets subject to the rights in perpetuity of the Street Railway Company. As to all streets not included in the city grant from the original owners of the lands, the company has, for a period running for 22 years, namely, until July 9th, 1903, "the right and privilege of constructing, maintaining and operating a system of street railways with a single or double track, and all necessary tracks for turn-outs, side-tracks and switches in and through and upon any and all of such streets, avenues, highways and bridges of the city of Superior as are or may hereafter become suited to the use of street railways." The Duluth Street Railway Co. legally succeeded to and acquired all these grants and franchises.

The Duluth-Superior Traction Co. owns and controls all the street railway franchises in the cities of Duluth and Superior, through its ownership of all the capital stock of the Duluth Street Railway Co.

IT'S MILITARY YEAR.

Big Array of Famous Military Bands For Canadian National Exhibition.

Fourteen out of the fifteen bands so far engaged for the Canadian National Exhibition, Toronto, are military organizations. This is in keeping with the military nature of the special attractions and the specially expressed intention of the management to make this military year at the fair. The list of bands engaged to date is as follows: Winnipeg Citizens' Band, Royal Can. Regiment Band, Halifax, Royal Can. Horse Artillery, Kingston, Queen's Own Bugle Band, 48th Highland Pipe Band, Queen's Own Band (Exhibition band), Royal Grenadiers, 48th Highlanders' Brass Band, Governor-General's Body Guard, Cadet Battalion Band, 13th Regiment, Hamilton, 91st Highlanders, Hamilton, 38th Battalion, Brantford, 30th Battalion, Guelph, 6th Regiment Band, Buffalo.

AXMINSTER RUG SALE

A Leading Reliable Maker Sacrifices His Stock to Right House.

The Thomas C. Watkins store has just received from a leading and reliable manufacturer of Axminster rugs at a price scarcely an assortment of beautiful room and hall size rugs, medium quality, in rich two-tone greens, in attractive floral and medallion designs, also Oriental and Turkish patterns on rich crimson, blue and green grounds. Besides being suitable for parlors, dining rooms, halls and libraries, they are adaptable for "denes." On sale tomorrow at from \$3.95 to \$25.00, and regularly worth \$8.75 to \$33. They are all fresh and new.

TOOK POISON.

Married Man and an Affinity End Their Lives With Carbolic Acid.

Elmira, July 21.—A suicide pact was carried out at a lonely spot on East Hill near this city to-night by James R. Adams and Bertha Thomas. They drank ten ounces of carbolic acid mixed with whiskey from two glasses and died about the same time, leaving no word as to the reason for the commission of the crime. Adams was a harness-maker and had been out of employment for some time on account of ill health. His wife was grief-stricken when she learned of his death and is under the care of a physician. In a locker which hung by a chain around the Thomas woman's neck was found a picture of herself and Adams. John Greenwall, a carpenter, was found dead in a shack at 611 Alford street, Victoria, B.C. He had been dead several days. The charming dancer who does the serpentine dance might not be able to get a job as a snake charmer.

Grand Essay Writing Contest for Children

PRIZES Open to Every Boy and Girl 10 Ten-Trip Ticket Books Given as Prizes PRIZES

Most Enjoyable Prize You Ever Tried For—Most Delightful Prize You Ever Won SUBJECT FOR ESSAY

“My Steamship Trip to Toronto”

INFORMATION: The "Macassa," "Modjeska," and "Turbinia" are delightful pleasure boats—for the most delightful trip upon the lake, the journey to and from the neighboring city of Toronto. It's the ideal trip for family outings—refreshing, invigorating and health-giving—a complete change from the routine of daily work. Many mothers with their children are taking advantage of this 80-mile fresh water sail, and such a competition as this will tend to teach the children to be inquiring and observant.

CONDITIONS OF ESSAY

Competition in three classes as follows: Class A, for children 12 to 15 years of age. Class B, for children 9 to 12 years of age. Class C, for children 9 years and under. Essays to be not less than 150 words, no more than 300 words, and may be illustrated. Ask questions from any official or employe on the boats, or at the ticket offices. Take a trip and observe the beautiful scenery, notice the clear, cool atmosphere, the exhilarating effect of such an outing, then write the story in your own words. The winning essays may be published later on. Contest is now open and closes at 6 p. m. on Saturday, July 31st. All essays must reach the Contest Manager before that time.

PRIZES: 3 IN EACH CLASS

1st—3 ten-trip books. 2nd—2 ten-trip books. 3rd—1 ten-trip book. One special prize at the discretion of the Judges.

JUDGING: All competitors will receive equal treatment—Essays will be judged by capable persons. Marks will be awarded for—Accuracy of Information, Language and Composition, Spelling and Punctuation, Illustrations and Neatness.

IMPORTANT: Each and every essay must be signed by parent or guardian as well as with your own name, age and address.

Address all communications to: ESSAY CONTEST, Hamilton Steamboat Co., Limited, James Street North. Steamers MACASSA, MODJESKA, TURBINIA. THE EVERETT TRUES ENJOY A VACATION IN THE WOODS—NO. 3.

MURDER DREAM

Woman Tells of Her Vision to Clairton Police. Later Her Body Was Found—Murder a Mystery.

Detroit, July 21.—After dreaming that her husband was going to murder her, Mrs. Mary Solomon, aged 40, of Taylor avenue, Clairton, a Syrian peddler and a fatalist, on Saturday evening went to the Clairton police, according to their report to the county officials sent to investigate the case. Detective John J. Cavanaugh and Deputy Coroners A. J. Boyle and H. T. Ewing, and told her dream. The Clairton police laughed at her. On Sunday she was murdered. Her body was found last evening. Saturday was payday in Wilson Bruce, Town No. 7 and Large, small towns near Clairton. Mrs. Solomon had made business deals with men employed in these hamlets. A quarrel occurred between her and her husband on Saturday morning. This and her dream impelled her to impart her fears to the Clairton police. The next chapter in the singular case was on Sunday afternoon, when a report was made to the Clairton police that the body of a woman was lying in Scotia Hollow, near Large. The news quickly spread throughout the town and a great crowd, including nearly all the nearby residents, followed the police to the scene of the tragedy. In the assemblage was Gori Solomon, the husband of the dead woman. Working the case on the lines mapped out by the fatalist, the po-

MOUNTAIN THEATRE.

The usual large crowd was at Mountain Theatre, East End Incine, last evening, and all present seemed to enjoy "May Blossom," as presented by the Summers Stock Company. Miss Belle Stevenson has never appeared to better advantage, and Mr. Wm. E. Blake gives an exceptionally fine performance. For next week the celebrated English comedy, "Our Regiment," will be the offering.

CAN'T BE TRUE.

Police Believe Mrs. Saylor Sat On Dying Husband.

Bloody Imprint of Watch Chain Found on Hidden Clothing.

Waukega, Ill., July 21.—New evidence in the Saylor-Miller murder case has been discovered. Part of the contents of the sealed packet left by J. B. Saylor, the murdered banker, have been made public by a person who saw it. It is said to have contained an intercepted letter from Dr. Miller to Mrs. Saylor. It is said this letter was written in endearing terms and convinced Saylor his wife was intimate with Miller. Saylor's will, about which there has been so much speculation, was also in the packet. It was drawn some time ago and left a substantial sum to Mrs. Saylor, her daughter and Mrs. John Grunden, his mother-in-law, now dead. However, this will cannot be probated, as it is signed by only one person. The most sensational evidence yet found is a shirtwaist belonging to Mrs. Saylor, found in her bedroom and said to have been concealed under the carpet. This shirtwaist contained marks from a bloody watch chain and the prosecution claims Mrs. Saylor sat on her husband's chest during his dying moments. A revolver, it is said, was found on the person of John Grunden, Mrs. Saylor's father, and the prosecution alleges it was a bullet from this revolver which made the dent in the interior wall of the building close to the place where Saylor sat just before he was killed. Bloody fingerprints were found on the ceiling of the room where the tragedy occurred and the prosecution is of opinion that while the struggle was going on between Miller and Saylor, Miller, after wounding himself, climbed to the piano stool, placed his injured hand on the low ceiling and fired the remaining shots in his revolver at Saylor.

KILLS BROTHER.

North Carolina Upheld by His Sister-in-Law For Act.

Charlotte, N. C., July 21.—James Bivens instantly killed his brother David with a hoe at Patatow last night. The slayer surrendered at Goldsboro this morning, and following a preliminary examination was released on \$200 bond. Bivens stated that he heard his wife screaming in his cotton field, and running up saw she was being choked to death by his brother. After telling his brother, Bivens carried his wife home and by vigorous efforts saved her life. The dead man's wife, a sister of Mrs. James Bivens, the only witness to the fratricide, testified at the hearing that the killing was justifiable.

THE STEEL STRIKE.

Only About One-Fourth of Foreigners Go Back to Work. Butler, Pa., July 21.—Notwithstanding an agreement reached late last night, not over one-fourth of the foreigners employed at the Standard Steel Car Co.'s plant returned to work this morning, when the gates were opened. The men declare they have no definite assurance of increased wages within sixty or ninety days and give as another reason the continued presence of the state constabulary. They also say that they did not understand the agreement as ratified last night. Rev. Father Beszewski of the Polish Catholic Church, who was instrumental in persuading the men to agree to the terms of the company, is using his influence to have the men return to work and says that he believes all of the foreigners will be at their places within a day or two.

Stanley Mills & Co., Limited Wednesday, July 21st, 1909

STORE CLOSURES AT 8 O'CLOCK DAILY (EXCEPT SATURDAY)

EXTRAORDINARY SALE OF White Waists

We have just 100 fine Persian Lawn Waists in 7/8 length sleeves, and we are going to let them go at a sacrifice. One could not ask for a daintier waist, and for the money—\$1.49—why they can't be duplicated in the city. The regular price runs from \$2.75 to \$3.75. Just the thing for those hot days in August. These waists will sell very quickly. We are sure of that, so you will have to be on hand Thursday morning bright and early if you would purchase one of these real bargains. FINCH BROS., 29 & 31 King St. W.

ROUTED MOORS

Spain Rushing Troops to Melilla to Fight Moors. Madrid People Riot and Protest Against the War. Melilla, Morocco, July 21.—Moorish tribesmen to-day attacked Spanish forces at the railroad station just outside this town, but were repulsed by Gatling guns. REINFORCEMENTS SENT. Madrid, July 21.—The first body of soldiers to reinforce the Spanish troops at Melilla, where severe fighting has been going on for several days past, between the Moorish tribesmen and a Spanish force, left this city at 3 o'clock this morning. Despite the early hour an enormous crowd had gathered and cries of protest against the departure of the troops were numerous. BRIGADE FOR THE FRONT. Seville, Spain, July 21.—An infantry brigade was to-day ordered to Melilla to reinforce the Spanish troops there. OPPOSE WAR. Badajoz, on the Portuguese frontier, July 21.—Great excitement prevails in the Spanish capital. The population is clearly opposed to the Spanish-Moroccan war in Africa. There were several demonstrations in front of the War Ministry to-day, and much rioting in the streets, in which women took a prominent part. "Would you believe that I once had these shots hung to my waist?" "Did you, indeed?" "Yes," continued the conscientious girl, "but waists were under the arms that year."—Louisville Courier-Journal. The fellow with a hot temper doesn't always make a warm friend. All claim kindred with the prosperous. —Latin.

CLEMENCEAU CABINET FALLS.

French Premier Makes Fatal Mistake in Debate.

Taunted Mr. Delcasse For Humiliating France.

President Fallieres Astounded—No Successor in Sight.

Paris, July 20.—The Clemenceau Cabinet fell suddenly to-night under dramatic circumstances, at the conclusion of a violent debate over several days. M. Delcasse, Chairman of the Investigating Commission, led the attack upon the naval administration, especially during the incumbency of M. Pelletan and M. Thomson, former Ministers of Marine. But M. Poirou, who succeeded M. Thomson, had promised in the name of the Government to complete a series of reforms, both in the administration of the department and the methods of construction, and the Chamber was ready to vote confidence in the Government, when an incident occurred which changed a majority into a minority.

CLEMENCEAU TAUNTS DELCASSÉ

French Premier Clemenceau, who always has been an adversary of M. Delcasse, smarting under the criticisms, and doubtless over-confidence on a majority, which only July 15th, upon the general policies of the Government was 182, taunted the ex-Minister of Foreign Affairs, who was thrown overboard by the Rouvier Ministry at the dictation of Germany during the crisis of 1905, with having led France to humiliation at Algiers. The spectre of that chapter of France's foreign history, in which Delcasse was sacrificed, was a fatal error. Instantly there was an uproar of dissent from both sides of the Chamber. Delcasse flung back the taunt in Clemenceau's face with bitter words, declaring, amid cheers, that France had gone to Algiers in the interest of peace.

PREMIER LOSES HEAD.

Hot words were bandied back and forth. It was a veritable duel between two enemies. M. Delcasse, intimated that Clemenceau had inspired articles in the foreign press during the crisis, but the latter emphatically denied this imputation. The Premier seemed for the first time in his parliamentary career to lose his head. Finally, M. Delcasse, as he was entering upon an explanation of the situation of 1905, drew himself up proudly and said: "I shall say nothing further on that subject. I have nothing to fear. Nothing in the past, nothing in our common memories of twenty-five years embarrasses me. If I look back I see I have left something besides ruins."

DELCASSE REPLIES.

Then, turning directly to Clemenceau, he said: "You were President of the Naval Investigation Commission of 1904. Your unsparring attacks upon every Government during twenty-five years seemed sufficient guarantee that you would find the root of the evil. What were the results, I ask?"

M. Clemenceau, now evidently in a rage, tried to parry the thrust by returning to the charge.

"Your policy as Foreign Minister," he shouted, "led us to the greatest humiliating. France has experienced in twenty years."

Another storm of hostile cries arose. But the Premier tried to assume his old cynical air. "Oh, no false indignation, I pray you," he exclaimed. "You brought us to the verge of a war without military preparation."

Again the tumult was rebeld. "Yes," he shouted above the roar, "the whole world knew that the Minister of War and the Navy, when the question was put to them, replied that France was not ready. I have not humiliated France; Delcasse has done that."

GOVERNMENT DEFEATED.

The scene when the Premier took his seat was indescribable. Amid the wildest excitement the vote was taken, and when it was announced that the Government had been beaten 212 to 276, Clemenceau clapped his hat on his head, pulling it far down over his eyes, and stalked out of the Chamber, followed by the other Ministers, in token that he intended to resign.

M. Clemenceau went immediately to the Elysee Palace, and told the story to President Fallieres, who seemed stupefied at the incident which caused the fall of the Cabinet, but he accepted the resignations of the Premier and his Ministers.

OPINION IN PARIS.

There is but one opinion in Paris to-night—astonishment that an old Parliamentary war horse like Clemenceau should have committed political suicide by his awkwardness in recalling the Algerias spectre upon the eve of adjournment, when the Government was assured of a majority on the naval question. The Premier's action drove about fifty members of the Republican bloc into a combination with the Right and Extreme Left, unhorning the man whose Ministry has been the longest in the history of the third republic, and who for three years has been absolute master in France. More than sixty members of the majority, enough to have saved the day, were absent, visiting their Parliamentary conferees of Sweden when the vote was taken.

Many times during his Ministry M. Clemenceau apparently was on the eve of defeat, as many strong combinations, especially by the enemies of the income tax, were formed to accomplish his downfall, and often there was much secret opposition in the ranks of the majority. But when the decisive moment

came the rebels never dared to brave Clemenceau's whip.

NO SUCCESSOR IN SIGHT.

The fall of the Cabinet was so unexpected that the political world is completely at sea as to who will be Clemenceau's successor at the head of the Government. President Fallieres will consult with the presidents of the Chamber to-morrow, in accordance with the usual custom. The name of Leon Bourgeois, former Premier and former Minister of Foreign Affairs, is most frequently mentioned, but his age and health are against him. M. Briand, Minister of Justice; M. Poincare, former Minister of Finance; M. Millerand, former Minister of Commerce; M. Pichon, Minister of Foreign Affairs; M. Barthou, Minister of Public Works, and M. Delcasse are also mentioned, in the order named.

SOCIALISTS REJOICE.

The Socialists naturally are overjoyed at Clemenceau's downfall. M. Jaures, the Socialist leader in the Chamber, said: "With Clemenceau disappears the most dangerous man in the republic."

Family Physician Said Incurable

She was cured completely by Dr. Hamilton's Pills.

A Terrible Experience with Indigestion.

Another example of the marvelous merit of Dr. Hamilton's Pills comes from Kingston, Ontario. Mrs. E. E. Holton was snatched from the grave and restored to sound health by this wonderful medicine.

"Three weeks ago I was taken suddenly ill. My head throbbled and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fullness in my left side and all the region of my stomach and liver was sore even to touch. I was in a terrible state—had no appetite, in fact, I was afraid to eat because of the suffering I had to endure after meals. I got so bilious and had such pains across my eyes that I could scarcely see. My doctor said I had incurable indigestion.

"As a last hope I used Dr. Hamilton's Pills. I saw clearly they were doing me good and continued the treatment. My appetite and strength gradually returned—my color improved and day by day the stomach and liver derangements were less troublesome. All symptoms of biliousness and indigestion have now passed away. I am cured by Dr. Hamilton's Pills."

"The same medicine that so wonderfully cured Mrs. Holton will cure any case of biliousness, constipation, indigestion, headache, poor color and stomach trouble. Get Dr. Hamilton's Pills to-day—refuse any substitute, 25c per box, or five boxes for \$1. By mail from the Catarhozene Company, Kingston, Ont.

TIMES PATTERNS.

A PRETTY LITTLE FRENCH DRESS No. 8527.—The little model shown here is one of the daintiest and most attractive that the season has given us.

The long waisted French dresses have always been favored for the little tots, and this one is unusually simple and becoming. It is made of sheer white dimity trimmed with bands of Swiss insertion. Other materials such as nainsook, lawn, China silk, challis, albatross and cashmere are available for reproduction. For a child of 5 years 2 1/2 yards of 36-inch material is required. Sizes 3, 5, 7, 9 years.

Pattern here illustrated will be mailed to any address upon receipt of 10 cents in stamps or silver.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

COMMON'S TROUBLE.

The Budget Causing Scenes in the British House.

London, July 20.—The Government is experiencing the greatest difficulty in forcing the budget through the House of Commons. After sitting until 6 o'clock Tuesday morning, the jaded House reassembled this afternoon, and at midnight it looked as though there would be another all-night session.

Angry and acrimonious scenes were witnessed, the Opposition strongly protesting against the constant application of closure. Mr. Balfour described the Government's methods as "little short of a public scandal." David Lloyd-George, Chancellor of the Exchequer, was present.

AVIATORS AT PETAWAWA.

Preparing for Professor Graham Bell's Experiments. Ottawa, July 20.—The first experiment at Petawawa camp with Prof. Bell's two aerodromes now being assembled there will probably take place under the direction of Messrs. Baldwin and McCurdy early next week. The steps for housing the aerodromes has been completed, and the aviators expect to have everything in readiness in a few days for the first trial flight.

OFFERING AT \$61 PER SHARE OF \$1,500,000 COMMON STOCK OF THE DULUTH-SUPERIOR TRACTION COMPANY

CAPITALIZATION: Bonds, 5% \$2,500,000 Preference Stock, 4% 1,500,000 Common Stock 3,500,000

The Duluth-Superior Traction Company was formed in the year 1900, and under its electric street railway systems were built and have been operated in Duluth, Minn., and Superior, Wis., adjoining its cities. The bulk of the common shares of the company have been owned by a few interests, amongst them being the estate of the late Thomas Lowry, President, until his death, of both the Twin City Rapid Transit Company, of Minneapolis and St. Paul, and the Minneapolis, St. Paul & Sault Ste. Marie Railway; Mr. C. G. Goodrich, now President of the Twin City Rapid Transit Company, and President, since organization, of the Duluth-Superior Traction Company; and other important interests in Great Britain, and in Minneapolis, New York and Duluth. In addition to these, common shares of the company are held by 79 shareholders in moderate amounts, 2,310 shares altogether being so held.

The death of the late Mr. Lowry led to disposal of a portion of the stock formerly held by him, and in this connection, arrangements have been made for the benefit of all concerned which it is believed will result in a wide market for the common shares.

Applications will be made in due course to have the common stock listed upon the Toronto, Montreal and New York Stock Exchanges, and Transfer Agencies will be established in these cities.

Mr. Goodrich, who is peculiarly fitted for valuable service through his successful experience in charge of construction and operation of the two important electric railway systems before mentioned, continues indefinitely as President of the Duluth-Superior Traction Company, and remains a large shareholder.

The earnings record, present position and prospects of the company are such that the directors have authorized a statement that they intend to pay, on October 1 of this year, the first regular quarterly dividend upon the common stock, at the rate of four per cent. per annum.

The directors of the company are:—C. G. GOODRICH, President, Minneapolis, Minn.; L. MENDELHALL, Vice-President, Duluth, Minn.; EDMUND ZACHER, New Haven, Conn., and HORACE LOWRY, Minneapolis; RODOLPHE FORGET, M.P., Montreal, Que., and A. E. AMES, Toronto, Ont., are to be added to the board at the annual meeting next January. They also join the board of the operating company, the Duluth Street Railway Co., at its annual meeting, to be held during the present or the following month.

WE OFFER FOR SALE 15,000 FULL PAID SHARES OF \$100 PAR VALUE EACH, AT \$61 PER SHARE, as follows:— \$10 per share, with subscription. \$51 per share within five days from notice of allotment.

Subscription books are now open at our offices and will close not later than four o'clock on Tuesday, the 27th inst. The right is reserved to allot only such subscriptions and for such amounts as may be approved, and to close the subscription books without notice.

At \$61 per share the present yield on the investment is 6.55%.

We recommend purchases of these shares from the standpoint of security, present dividend yield, and enhancement of value of the principal.

Full particulars of the company's franchises and power agreement are on file and may be seen at our offices. Memoranda are appended, signed respectively by the President and Auditors of the company, and also by Messrs. Thomson, Tilley & Johnston, Solicitors, of Toronto, and Messrs. Clarkson & Cross, Accountants, of Toronto, who have acted on behalf of the purchasers.

A. E. AMES & CO., Limited, 7 and 9 King Street East, Toronto R. FORGET, 83 Notre Dame Street West - - - Montreal

DULUTH-SUPERIOR TRACTION COMPANY

Since September, 1907, the Duluth-Superior Traction Company has operated with power furnished by the Great Northern Power Company, which has, on the St. Louis River—about 22 miles from the cities of Duluth and Superior—I believe, the largest development of water power on the continent, next to Niagara Falls. The population of the two cities, given in the census reports of the States of Minnesota and Wisconsin for 1906, was: Duluth, 64,942; Superior, 36,551; total, 101,493. Since 1905 there has been an important growth, and I believe the present population of Duluth is about 85,000, and of Superior 40,000, making a total of 125,000.

Back of the cities are the immense deposits of iron ore in the Missabe and other ranges, and the business resulting from the activities of the United States Steel Company and other corporations is enormous.

Over 400 vessels, with a net tonnage of more than 600,000 tons, are enrolled in the dock of Duluth, and in one season there have been shipped through this port 34,786,705 tons, valued at \$287,529,690. Nearly 14,000 boats arrive and depart each season.

The Superior shipbuilding yards, during the last eight years, built 26 ships, with a carrying capacity of nearly 200,000 tons.

On the borders of the Duluth-Superior harbor are 33 grain elevators, with a capacity of over 35,000,000 bushels, besides large flour and sawmills, and the largest ore and coal docks in the world.

The railways entering Duluth and Superior are as follows: Great Northern, Northern Pacific, Duluth, Missabe & Northern; Duluth, South Shore & Atlantic; Chicago, Milwaukee & St. Paul; Chicago, St. Paul, Minneapolis & Omaha; Chicago Great Western, and Canadian Northern Railway Company. In addition, the Minneapolis, St. Paul & Sault Ste. Marie Railway and the Wisconsin Central Railway have both been actively constructing their entrances into these cities for about a year, the first of these coming in both from Brooten, on the west, where it connects with the great northwest grain growing area, and from St. Paul and Minneapolis and Chicago on the south, and it is likely they will both be operating their train services in and out of the cities before the end of the current year.

Regarding the drop in surplus earnings in 1908 to \$121,656.67 as compared with \$189,636.02 for 1907, the conditions bringing this about were these: During 1906 and 1907 the number of cars operated by the company

became more and more inadequate for the growing traffic, but inasmuch as the steam power generated by the company's own plant was almost fully used during "rush" hours, with a diminishing margin of safety, it was thought wise not to increase the number of cars until the waterpower to be supplied by the Great Northern Power Company, and for which we had contracted, should be available. The citizens were patient under the circumstances, and the net profits of the company were for the time unduly large. After receiving power from the new source, in September, 1907, the company put on a number of new cars, increasing operating expenses proportionately. This happened to be coincident with an increase in wages, amounting to nearly \$20,000, and an increase in accident damages of about \$25,000.

The very prosperous business conditions which have obtained in Duluth and Superior for some time have brought the surplus profits to a basis practically equal with those of 1907, and the basis is more substantial, inasmuch as the company now not only fully occupies the territory, but is well equipped from the standpoint of its roadbed, character and number of its cars, and source of power supply.

Taking the basis of actual net earnings for the first six months, and making as close an estimate as possible of the earnings for the last six months, I expect that the surplus profits for the year 1908 will be at least \$185,000, or, say, 5 1/2 per cent. upon the capital stock.

The momentum which has been achieved through the activity in building and in general business, coupled with the strength of the situation of the two cities, would seem to justify the prediction that their population will have more than the ordinary increases which have ruled with cities of their size in North America. Based, however, only upon the history of the cities and upon ordinary growth in gross earnings, which have increased steadily each year over the preceding year (except in the year 1904), from \$452,703.83 in 1901, to \$830,295.68 in 1908, I feel that the directors are justified in commencing dividends at this stage at the rate of four per cent. per annum, and see no reason why this rate should not be maintained; while prospects for increases in dividend are such as relate to a healthy company expecting a normal growth in its business.

C. G. GOODRICH, President. Duluth, July 8, 1909.

AUDITORS' CERTIFICATES.

We hereby certify that we have made running audits of the accounts of the Duluth-Superior Traction Company from December 31, 1905, and that the following is a true statement of the earnings and expenses for the three years from that date to December 31, 1908:—

Table with 3 columns for years 1906, 1907, 1908. Rows include Gross earnings, Operating expenses, Net earnings, Fixed charges, Surplus, Fixed Charges, and Balance Sheet for December 31st, 1908, split into ASSETS and LIABILITIES.

New York, June 18, 1909. We have examined, at Duluth, the accounts of the Duluth-Superior Traction Company, and have satisfied ourselves that the above statement of Messrs. Marwick, Mitchell & Co. is correct. CLARKSON & CROSS.

SOLEICITORS' OPINION. We have inquired into the franchises of the underlying Companies of the Duluth-Superior Traction Company, and are of the opinion that they are valid and free from onerous restrictions, and have at least 22 years yet to run. THOMSON, TILLEY & JOHNSTON.

BOTH TALK OF VICTORY.

Coal Company and Strikers Both Pleased With Result.

Do Not Wish Labor Minister to Interfere Just Now.

Company's Output Expected to Top Eight-Thousand-Ton Mark.

Ottawa, July 20.—In response to a suggestion made yesterday from Glace Bay by James Simpson, Vice-President of the Trades and Labor Congress, that the intervention of the Minister of Labor be requested in an effort to settle the coal strike, the following telegram has been sent to Mr. Simpson by President Verville and Secretary Draper on behalf of the Congress Executive: "Congress deems it inadvisable at this juncture to request the Minister of Labor to visit the strike premises at Glace Bay, believing that his mission would be fruitless."

COMPANY JUBILANT.

Glace Bay, July 20.—Two weeks ago to-day the strike at the mines of the Dominion Coal Company was inaugurated, and the fifteenth day of the struggle between that company and the U. M. W. finds both sides as confident as ever. The company declare the conditions are brighter from their standpoint than they have been at any previous time in the contest, while the men assert that the trend of events is entirely favorable to them. There was jubilation among the officials of the company and the men of the P. W. A. still at work in the mines when the announcement was made to-night that the output of the day would probably top the 8,000-ton mark. At 4 o'clock the figures claimed by the company were 7,595 tons. Of this amount they credited 4,489 tons to the mines and 3,006 to the banks.

"The U. M. W. on the other hand, asserted that the output was not as large as that, and that many of the men the company are importing are leaving their work and coming over to the international order. For the company it was claimed that the output from Dominion No. 1 would go over the two thousand mark, and that all the other collieries would show proportionate gains. Their output at 4 o'clock, they claimed, was thirteen hundred tons better than at the same time yesterday. Grand Master McNeil states that in the past four days the ranks of the P. W. A. had been augmented by nearly three hundred, and that from their standpoint everything looked rosy.

Another phase of the contest between the men and the company which is attracting attention is the arrival and departure of workmen. Unskilled labor is being brought into the region by the company and many men are being sent away by the U. M. W. A. The company claim that they can bring men in very cheaply, as they come down from Montreal in their own steamers, while the U. M. W. A. say that except for Newfoundlanders, whose passage they advance home, it costs them nothing to get men away from here, as railway contractors take all they can get.

INVERNESS MINE BUSY.

Inverness, C. B., July 20.—The strike here is practically a thing of the past, and the output of the mine is almost up to its usual standard again. The company have a big staff of men at work, and the town is quiet, there having been no hostile demonstrations of any kind. The presence of the troops has had a good effect. One week ago to-day the output was 480 tons instead of a normal supply of 1,600 tons. To-day the workers turned out 830 tons. There has been a steady increase of output ever since the men quit work, and as a result the strikers have been coming back almost daily and going on their regular shifts. The company have eighty per cent. of their normal staff on duty.

MINISTER WON'T GO.

Ottawa, July 20.—Hon. W. L. Mackenzie King, Minister of Labor, stated to-day that he will not go to Glace Bay. He takes the position that the board of conciliation he appointed has done its work, which he does not intend to revise. To do so would be establishing a bad precedent.

LETTER-THIEF SENTENCED.

A Postoffice Caretaker's Son Yielded to Temptation. Montreal, July 20.—Raymond Campeau, the twenty-year-old son of Mr. Michel Campeau, caretaker of the St. Louis postoffice, was today sentenced to three years in the St. Vincent de Paul Penitentiary. Campeau was arrested a few weeks ago by officers of the Thiel Detective Agency, acting for the Federal Government, on a charge of stealing letters containing money and valuables. One letter, a decoy, was found on his person, altogether with several trinkets of jewelry that had evidently been stolen, though he said that he found them. The youth was in the habit of assisting his father in the cleaning of the building and had opportunity to steal.

Influence was brought to bear upon the authorities to get a suspension of sentence, but Judge Choquet today pointed out that the law gives no traces whatever of poison were found. A verdict of death from natural causes will be given at the conclusion of the inquest at North Buxton to-morrow.

NO TRACE OF POISON.

Mrs. Carrie Edison Died From Natural Causes. Chatham, July 20.—Crown Attorney Smith has received the report of Provincial Analyst Ellis regarding the stomach of Mrs. Carrie Bradford Edison, of South Buxton, which was sent to Toronto by the authorities on account of alleged suspicious circumstances in connection with Mrs. Edison's death recently. The analyst says no traces whatever of poison were found. A verdict of death from natural causes will be given at the conclusion of the inquest at North Buxton to-morrow.

VICTIM'S CONDITION.

Stratford, nt., July 21.—Of the victims of the explosion of gas last evening, Miss Alma Kischel lies at the point of death at her home, and William Evans and wife are at the hospital, the latter in a most serious condition.

WINDSOR O. B.

Windsor, Ont., July 21.—The committee of arrangements for the Windsor Old Boys' home coming celebration has received an offer from Tom Longboat to give an exhibition three-mile run on Windsor's Civic Holiday, which falls upon August 5th, during the celebration.

"Spike" did some classy stunts in centre garden.

NEWS RIGHT UP TO DATE

WORLD OF SPORT

WHAT IS GOING ON NOW

LEAFS LOST THE GAME.

Newark Won by One Run in the Twelfth.

Montreal Twice Beaten by Jersey City.

Other Games in Three Big Leagues.

Toronto, July 21.—Sometimes baseball is very serious, sometimes it is a grand joke, and the Toronto-Newark farce yesterday surely comes under the latter classification.

There was a little good baseball in the pot pourri, but there was so much bad that the joke classification goes. In one inning, the second, all but one of the Newark batters faced the twirler, and in the Toronto half of the same round all of the Leafs went to bat at least once, and "Kid" Mahling rambled up to the edge of the infield and delivered a single each time.

There was a little good baseball in the pot pourri, but there was so much bad that the joke classification goes. In one inning, the second, all but one of the Newark batters faced the twirler, and in the Toronto half of the same round all of the Leafs went to bat at least once, and "Kid" Mahling rambled up to the edge of the infield and delivered a single each time.

Muller started for Newark, but the plate was swinging for him like the pendulum of a grandfather clock. Frill was just as bad, and was hit harder. Finally Wolverton moved over from third base to the rubber. Pfeiffer opened for Toronto, and was succeeded by Rudolph, who was no better, and finally Newson was brought into the game.

AT MONTREAL. Jersey City won two games from Montreal yesterday. Merritt's pitching was too much in the first, and in the second the Skeeters made a show of the Royals. In the opener Montreal did not get a hit off Merritt from the first till the thirteenth. The Skeeters won in the thirteenth, making six hits in succession off Winter after two men were out. The score:

AT ROCHESTER. Rochester yesterday duplicated the score of yesterday, when Baltimore won by 8 to 2. In the fifth Anderson batted. Hall fielded the ball, but Anderson was safe at first. The Orioles then claimed the hunt was foul. Hall and Myers were banished, and away went the ball game. Hughie Hearne had his right thumb broken clear off in the eighth. The score:

AT BUFFALO. Buffalo beat Providence in the ninth yesterday, when Blackburn heaved the ball over Anderson's head at first, allowing White to score, with but one man down. It proved a splendid pitcher's fight between Kissinger and Laiffie, there being but ten hits all told. The score:

DETROIT LOST ANOTHER. Detroit, July 21.—Yesterday's game was tossed off by Detroit in the seventh, when New York scored three runs without a hit, or without putting the ball out of the infield. With two out, Donovan issued three passes, forcing in a man who was on third. Two errors followed, scoring two more. All of New York's runs were made with two out. New York misplays saved the locals from a shutout. Score:

DAVIS MAKES HOMER. St. Louis, July 21.—St. Louis batters could not solve Morgan's delivery yesterday, and Philadelphia won, 2 to 0. Captain Davis hit another long home run in the seventh, the ball clearing the left field bleachers fence. Score:

game ended. Graham's playing was a feat. Score:

BOSTON WON. Cleveland, July 21.—Boston defeated Cleveland 4 to 0 yesterday. Wood was very effective with men on bases, and was backed up by sensational fielding.

GIANTS BEATEN. New York, July 21.—Doubles by Phelps and Evans, the latter a former member of the local team, gave St. Louis a 4 to 3 decision over New York yesterday, the game lasting eleven innings.

PITCHER DISABLED. New York, July 21.—New York's chances for the National League pennant received a serious setback yesterday afternoon, when in the seventh inning of the game with St. Louis Christy Mathewson, the team's star pitcher, had the second finger of his left hand broken in stopping a liner from Deleahanty's bat.

NEW TWIRLER. Toronto, July 21.—Jersey City play at the Island to-day in the first game of a four-day engagement. The Skeeters have been changed around considerably since they were here last. Jack Ryan, Toronto's former Buffalo backstop, is managing the team in place of Eugene McCann.

ZINGARIS TOTAL 173 IN SECOND. Canadians Returning to Form Again. Philadelphia, July 21.—By a margin of 11 wickets the Belmont Cricket Club defeated the Toronto Zingari at Elmwood yesterday. Over night each side had completed an innings, the Belmont total reaching 171 and Toronto Zingari 51. D. W. Saunders and W. J. Fleury stayed together for quite a while yesterday morning and 42 runs were scored before Fleury was run out on a good throw to the wicket by Melville, after having compiled 14. A. H. Gibson put together four and Seagram was bowled by King the first ball. Rathbun then partnered Saunders and was bowled by King for 14. Reid hit out merrily but his innings netted only 17. Southam got out 9 and was caught by Graham. Saunders and Wooley carried the score to 182. Saunders played a clean, careful innings. The score of the second inning was:

Zingari—W. Saunders, b Hitchen, 80; W. J. Fleury, run out, 14; A. H. Gibson, c Bottomley, b King, 4; N. E. Seagram, b King, 0; L. M. Rathbun, b King, 17; H. S. Reid, c and b Cornish, 17; G. H. Southam, c Graham, b King, 9; H. G. Wooley, l.b.w., b Cregar, 16; S. R. Saunders, not out, 4; H. E. Beatty, l.b.w., b Cregar, 0; H. E. Beatty, l.b.w., b King, 1; J. L. Counsell, c Melville, b D. Graham, 3; Extras, 3; Total, 173.

How Teams in the Big Leagues Stand. EASTERN. Clubs. Won. Lost. Pct. Rochester, 47, 32, .593; Providence, 40, 38, .513; Newark, 40, 40, .500; Baltimore, 40, 41, .494; Buffalo, 40, 42, .488; Toronto, 40, 43, .482; Montreal, 38, 42, .475; Jersey City, 37, 42, .469.

AMERICAN. Clubs. Won. Lost. Pct. Detroit, 52, 30, .633; Philadelphia, 48, 32, .600; Boston, 47, 33, .589; Cleveland, 46, 36, .562; New York, 45, 37, .550; Chicago, 45, 37, .550; St. Louis, 45, 37, .550; Washington, 24, 55, .300.

NATIONAL. Clubs. Won. Lost. Pct. Pittsburgh, 48, 32, .600; New York, 46, 31, .597; Cincinnati, 42, 39, .519; Philadelphia, 41, 40, .513; St. Louis, 33, 44, .429; Brooklyn, 29, 31, .383; Boston, 25, 46, .320.

Games to-day—Jersey City at Toronto, Newark at Montreal, Providence at Rochester, Baltimore at Buffalo.

Gossip and Comment

Talent Had Lucky Day at Fort Erie.

Jack Atkins Returns to Form at Empire City.

Teasel Won 2.11 Trot at Windsor.

The work of Dice Saunders on the Toronto-Hamilton Zingari team in Philadelphia, is a source of satisfaction to the old timers of Ontario, of which he is one. Saunders was a star among the wicketkeepers of a decade ago. He has not played very much of late, but what he has played has evidently kept him in good trim as his fine work behind the wickets and his batting show.

The final of the consolation round, left unfinished at the O. E. A. tourney at Niagara, was played yesterday on the Granite lawn, and resulted in a victory for W. H. Doherty's Canada rink over the Granites skipped by John Rennie. The score was 19 to 11.

The Toronto athletes and C. A. A. U. officers returned yesterday from the championship meeting at Winnipeg thoroughly pleased with the results, even if all the round honors did go to Mr. Gillis, the valiant Vancouver cop. Secretary Crow is satisfied that George Goulding's time is a world's record for the mile walk and further believes that the Central ped can still cut several seconds off the 6.25. In regard to Yeoman's mile in 6.21, Mr. Crow points out that the English Amateur Athletic Association refused to accept the same.

One more word before passing up eternally, as per promise, the Jeffries-Johnson controversy. Jeffries and Johnson were present simultaneously in Chicago on Saturday. It elaborately was set forth that they would get together and agree upon something that might even turn in a fight. We susceptible gawks had it from the usual reliable authority that at least a tentative understanding would be reached. Jeffries went through the motions of a boxing exhibition at a south side amusement park and Johnson performed as umpire at a semi-professional baseball park. The pair talked as they have been talking, at long range.

The way the Gray Ghost from Canada, The El, is breaking track records on the two lap rings makes him look like better than a 2,000 pacer when he strikes a good, fast mile track. His mile in 2:02 1/2 at Fort Huron, while it is not a world's record, is a most wonderful performance and probably never was beaten so early in the season. While the Fort Huron track is a good one it never has been considered so fast as tracks like Lima, O., the West Chicago and others of the two lap variety. Dan McEwan certainly has the great side wheel in splendid condition and believes he can reduce his record materially at the track across the river, next week.—Tom Gahagan in Detroit News.

ENTRIES FOR Y.M.C.A. SPORTS. Entries for the Y. M. C. A. sports at Britannia Park to-night are: 100 yards, boys—C. Church, W. Burkholder, H. Graham, W. Lees, R. Farmer, C. S. Morgan, H. McCulloch, C. O'Donnell, E. B. Hyslop, F. Cole.

100 yards, men—J. Burns, C. R. Forener, W. J. Hotrum, N. Dornan, J. Stewart, C. Ogilvie, T. Murphy, A. Kehoe, H. Fraser, A. McGinnis.

12-pound shot—J. Burns, G. B. Forener, W. J. Hotrum, J. Bainbridge. Half-mile run, boys—W. Lees, A. Olier, B. Farmer, G. Dyer, M. Colman, H. McCulloch, A. H. Race, F. C. Rae, J. Young, J. Thomas, F. Pearson, J. Lightheart, J. Miller, A. Bradford, W. E. Smith, A. Argent, J. Evans.

FOUR FAVORITES WON.

Talent Had Lucky Day at Fort Erie.

Jack Atkins Returns to Form at Empire City.

Teasel Won 2.11 Trot at Windsor.

Buffalo, N. Y., July 21.—The placing of Daisy Garth first over Lotta Creed in the sixth race yesterday brought on an unusual storm of protest from the backers of the Hawkins filly, who labored under the impression that she had gotten up in time to head the recently acquired McLaughlin racer. Close observers agreed with the judges, and the demonstration was entirely uncalculated. This incident was the only happening of an otherwise routine afternoon of racing. There was a noticeable absence of class to the various races, and enthusiasm seemed to be lacking. The finishes in several instances were close enough to suit the most exacting.

The only race not having setting conditions was the second, in which a mediocre band of two-year-olds, all started, and was won by Western Lady in a spirited finish from W. H. M. and Mae Henley.

Form players started the day auspiciously, when Ozana, the favorite, took the purse in a common career from the outside Odin in the opening dash. The victory of Western Lady also favorite, helped them considerably, but they sustained a setback in the third, when Carthage just did manage to get up in time to land the purse. Carthage, stretch run was a sensational one, and he deserved the victory, as he was clearly the best.

Hyperion and Arionette, former stable mates, had the race between them in the fourth, and again the sharp fell, as Hyperion took the measure of the speedy filly, which had been installed favorite.

The unwieldy field of fourteen starters in the fifth race were lucky to escape going down because of the frequent crowding of the narrow track. Anne McGee, which got away in a forward position, developed an anterior speed over a recent effort, and never left the issue in doubt, winning with much in reserve from the long shot Occidental. Pert was probably best in the race, but frequent interference during the early period was responsible for his failure to land better than third. The ding-dong finish between Daisy Garth and Lotta Creed was a thriller, and under a better ride Lotta Creed would have won.

The closing dash was only a center for the favorite, Giles, which won commandingly from Belle Scott, with the frequently interfered-with Red Hussar in third place.

Because of taking up Ada O. Walker sharply soon after the start, the judges suspended Jockey Gilbert for the remainder of this meeting.

Robert Boyle will in future train the horses of E. A. Brennan, succeeding W. McDaniels.

Nothing further developed in the investigation now on by the judges regarding the steeplechase races in which Archibald and Beamish were using fraudulent practices. It is almost certain that Stone, who is at present under temporary suspension, will have it made permanent. There are others who will be hauled over before the investigation is dropped.

The Best Beer

“What Beer’s the best?” —a question long defied, But R-E-G-A-L now has answered that— It’s the “Best” you’ve ever tried.
