THE PEOPLES

Entire Satisfaction

AND

Good Service to All

are the Golden Rules of this Organization---

Consistent with this policy that has made the A. D. Farrah & Co. a recognized Maritime Institution and gained for them hundreds of friends and customers not in the Maritimes only but as far down the Matapedia Valley and the Gaspe Coast.

Our Store will remain Open on all
Wednesday Afternoons

This decision has been arrived at after due deliberation and after consulting the majority of our customers who did not look with favor upon closing Wednesday afternoon. Therefore from now on Wednesday afternoon will be instituted as a—

Super-Bargain Afternoon

We mean by super-bargains offerings of such a nature that cannot be obtained under ordinary merchandising methods and that represent values beyond your dreams of economy.

For This Wednesday:

Voile Dresses

\$3.50

The price will not mean anything until you see the Dresses themselves and then you'll realize the big value you are getting for your money.

Broadcloth Dresses

\$3.50

In the very latest stripes of excellent silky broadcloth, wonderful stripping effect. They are worth twice the price.

Men's Dress Boots

\$2.90

Worth \$4.75 of any man's money—in good quality mahogany side calf, rubber heel in latest style and last.

NOTICE—These bargains will be displayed in our windows and none of them will be sold at above prices except on Wednesday Afternoon.

The Anniversary Golden Cake

will be cut and distributed amongst our patrons next week—beginning Monday JULY 20th. You are cordially invited to share it with us.

Holidays For Our Clerks

have been arranged as to give them convenient afternoons and weeks of recreation and pleasure without interfering with the service of the public. These Holidays began May 1st and will continue until the end of October

Newcastle, N. B.

Newcastle Loses To Nelson And Wins From Chatham

Nelson Defeats Newcastle

Before a large gathering of fans on the Soldier Memorial Field diamond last Friday evening, Nelson baseball team defeated the locals in a five inning game by a score of 4 to 3. This game was conceded by many to have been the best brand of ball seen here this year. Mayes of Chatham umpired the game in a most satisfactory manner and every person present was perfectly satisfied with each and every decision he gave. This is the type of baseball and umpiring which Newcastle wants, irrespective of who wins the game and it is the avowed intention of Newcastle to continue the war against unclean baseball in all branches, to the bitter end. If such baseball as seen here last Friday evening is continued there will be no objection on the part of Newcastle baseball enthusiasts. Lindon and Graham worked for the locals and Coughlan and Briggs for the visitors. Both pitchers worked in excellent form and were given good support by their team-mates. Newcastle scored one in their first, one in the second and one in the third giving them a total of 3. Nelson scored in their second inning, two in their third and one in their fifth. It was any team's game up to the last minute of play, but the locals were unable to pull themselves to the top.

Chatham Wins

Chatham added another to its win column by defeating Loggieville, three to two in a regular Miramichi League game in Chatham on Friday night. The batteries for Chatham were Keoughan and Moar, for Loggieville, Malley and Harriman. Green of Newcastle was umpire in chief. Both the twirlers pitched good ball and were given good support by their team mates.

Newcastle Defeats Chatham

Another good game of baseball was played here last evening when the locals defeated Chatham by a score of 4 to 3 in a regular scheduled Miramichi League fixture. A record crowd of fans were in attendance and they were given good snappy base-

ball, full of intense moments which were enjoyed by the enthusiasts. Green was umpire-in-chief and Mayes looked after the bases. The visitors came up with blood in their eyes, determined to win the game but they were unable to accomplish their task.

Graham and Lindon worked for the locals and Veno and Moar for Chatham. Both Graham and Veno pitched good ball and were given tight support by their team mates. Graham had 4 strike-outs to his credit and Veno three. Chatham scored one run each in their 1st, 2nd, and 3rd, while they were blanked in their 4th and 5th. Graham did some excellent pitching with two down and two men on bases with Veno at bat. Graham put three strikes over on Veno, which the batter did his utmost to connect with but to no avail thus retiring the side. The locals scored 2 runs in their first and two in their 4th, giving them a total score of 4.

At Loggieville, Nelson defeated the home team by a score of 4 to 2.

Next Friday night the locals play in Chatham. On Monday of next week Loggieville plays in Newcastle; on Wednesday night the postponed game between Newcastle and Chatham will be played here and on Friday night the locals play in Nelson. This completes the series for the year unless the disputed game between Newcastle and Nelson is played over again on the decision of the Miramichi Amateur Baseball League which will convene soon to decide the matter. Next week will be one of great interest in baseball circles as the series finish and the winner of this year's league will be definitely known.

The following is the standing of the league at present.

	Won	Lost	P. C
Nelson	10	4	714
Chatham	8½	4½	655
Newcastle	8	6	571
Loggieville	1½	13½	100

The above standing gives the disputed Newcastle-Nelson game of July 3rd, to Nelson but this game may yet be played over again.

BOARD OF TRADE OFFICERS RESIGN

Owing to the lack of interest shown by the members of the Newcastle Board of Trade, by absenting themselves from regular monthly meetings The President Mr. R. C. Clark and the Secretary Mr. Wm. Ferguson, expressed their intention of resigning their respective official positions last evening when a regular meeting of the Board had been called and a quorum failed to make an appearance at the meeting.

DEMPSEY-MADDEN BOUT PLANNED

For World's Heavyweight Championship on Labor Day.

Floyd Fitzsimmons, Michigan City promoter, has announced that Bartley Madden, of New York, has signed articles to meet Jack Dempsey in a ten-round no decision fight for the world's heavy-weight championship on Labor Day.

Fitzsimmons said he would be unable to complete negotiations with

LOCALS DEFEATED BATHURST AT TENNIS

The first tournament to be played on the Bathurst tennis courts was played last Saturday, when the Newcastle club were guests of the Bathurst Club. Two matches were played in the morning and continued throughout the afternoon and evening. Newcastle was victorious by a score of 7-6. The schedule included two ladies singles, two men's singles, two ladies doubles, three men's doubles and four mixed doubles. The ladies of the Bathurst Club served afternoon tea to the players and in the evening a dance was held at Gatain's Hall.

Arrangements are being made to entertain The Bathurst Tennis Club at a similar tournament on the Newcastle courts on Saturday, the 18th. inst.

Results of the play were as follows
MEN'S SINGLES—R. F. Cottor (N) vs. J. S. Bates (B). Won by Bathurst 6-4, 6-2. W. H. Teed (N) vs. A. E. McLean (B). Won by Bathurst 6-2, 6-3.

LADIES' SINGLES—Miss Jean Jardine (N) vs. Miss J. Wright (B) Won by Newcastle 6-3, 6-1. Miss Margaret McCurdy (N) vs. Mrs. R. McMillan (B). Won by Newcastle 6-4, 2-6, 6-3.

MEN'S DOUBLES—P. R. Giberson & W. H. Teed (N) vs. A. B. Bond, & S. Morse (B). Won by Newcastle, 6-4 5-6, 6-2. R. F. Cottor & T. Clarke (N) vs. J. S. Bates & R. McMillan (B) Won by Newcastle, 3-6, 6-5, 6-2. J. A. Creaghan & J. H. Sargeant (N) vs. C. Gammon & A. Michaud (B). Won by Bathurst 6-3, 6-4.

LADIES' DOUBLES—Misses L. Manny & Aileen Creaghan (N) vs. Mrs. R. McMillan & Miss I. Doucett, Won by Bathurst, 6-1, 6-5. Misses Jean Jardine & Margaret McCurdy (N) vs. Misses H. Williams & I. Doucett, Won by Newcastle 6-4, 6-3.

MIXED DOUBLES—Miss L. Manny & Thos. Clarke (N) vs. Mrs. N. Reulle & Elol McKenna. (B) Won by Newcastle, 6-5, 6-5.

Miss Elva McCurdy & Ray Clarke (N) vs. Miss E. E. McKay & J. A. Brown (B) Won by Bathurst 6-5, 6-1. Miss Jean Robinson & H. Atkinson (N) vs. Miss L. D. Theriault & W. R. Kingston. (B) Won by Newcastle 1-6, 6-3, 6-5.

Mrs. Florence Ball & P. Giberson (N) vs. Miss G. Howard & L. G. McKenna. (B) won by Bathurst 6-5 6-2.

Jack Kearns, manager of Dempsey, until the champion and his bride returned from Europe on July 14. He declared he had received a cable from Dempsey, however, stating that the latter would accept the match if he could get into condition on such short notice. Fitzsimmons proposes to stage the bout in his own arena at Michigan City.

Boxing followers look upon a match between Madden and Dempsey as the first of a series of preliminary fights which the champion has declared would be necessary to prepare him for possible battles next summer with Harry Wills and Gene Tunney. Madden is one of the rugged, aggressive, battle-scarred veterans of the ring. He has fought most of the outstanding men of his class, and has never been knocked out.

Madden has frequently lost bouts in decisions in the past two years. Wins: Grab, Tom Gibbons and Wainert Kolditz verdicts over him. His only chance to win the title would be a knockout or on a draw.

Vol. 2 No 28 NEWCASTLE, N. B. JULY 14 1925 FREE

Thank You, Mr. Ting!

"Mark E. Ting" who conducts the breezy Hoist the Sales page in Marketing, Canada's Business Magazine, says in the July issue "among the few puns that haven't

nauseated me is 'The Moir you have, the merrier'."

It is necessary to point out that Moir and More are not pronounced the same way, though they mean the same thing when you taste Moirs Chococates.

Mr. W. J. Wetmore, distributor for New Brunswick, was in Halifax recently.

PROVINCIAL POLITICS

A. D. Holyoke, the Provincial Organizer for the local Opposition, arrived in Newcastle Friday, where he met delegations from various parts of the County and discussed with them

the political situation in Northumberland.

A free, full and friendly discussion took place, and as a result a proposal was made for the organization of the Parishes and election of delegates to

a Convention to be called to meet in the Opera House, Newcastle, July 29 for the purpose of nominating candidates to contest the County in the interests of the Opposition in the approaching election and any other business to come before it.

A SICK PARLIAMENT

Looking back over the past five months, the Ottawa Journal sees "the worst session of perhaps the worst Parliament that Canada has known in years". It finds the five months barren of achievement and their concluding weeks such as to inspire disgust and amazement, with grave public questions sidetracked or compromised and millions of dollars voted without scrutiny. It wishes that the nation could have been congregated in the galleries of the House of Commons to witness the spectacle the inference evidently being that were the people to see the performance of Parliament under its present leadership they would be quick to make a change. The Journal recites the reasons for its conclusion in part as follows:—

"Of the long list of promises in the Speech from the Throne practically nothing got to the statute books. The pledged solution of the railway rate question brought little but compromise to cover retreat from an impossible position; the much heralded measure to control ocean rates ended in a Cabinet bout; high cost and humiliation; amendments to the Grain Act so favored elevators over farmers that even the Progressive worm turned and rent its erstwhile leader; a \$10,000,000 rural credits scheme, an evident deliberate fake, was luckily killed by the Senate; a high sounding, coking scheme, brought in at the last minute, was either still-born or a victim of infanticide; a transferable vote bill, promised repeatedly, never made an appearance; the Home Bank depositors bill had to be taken in hand and put into half decency by the Senate; incapacity, muddle, and miasma, marked most Ministry's record.

"Of the vital needs of the country—check of extravagance, reduction of taxation and debt, prevention of the drain of human and raw material to the United States, a vigorous immigration policy—this session brought not a hope. Continued heightening of tariffs the world over was met by Government fiscal tinkering based on an elec-

toral map. Industrial depression, unemployment, and mounting obligations of the Government march on in extravagance, oblivious to world conditions, careless of business stagnation, heedless of the strain and drain on the nation through taxation, emigration and debt. Decline of immigration, declared and admitted to be a vital necessity, saw the Government but confess impotence and failure. Manifestly dishonest budget statements, enormous increases in debt, sustained high taxation, patronage means distributed like manna from Heaven to favored constituencies—these were the Ministry's only reply to a condition growing in increasingly grave.

"The truth is that this is a sick Parliament. Weakened by the loss of men like Fielding and Gouin, still further weakened by retention of men like Motherwell; the combined disease of intrigue within its ranks, and of log-rolling and barter with Progressives without its ranks, destroys the Government's usefulness and makes it a national menace. Without a sure majority, it improvises from day to day, living on hand to mouth policies, keeping one eye on St. James Street and the other on the West, a creature of the arithmetic of division lists, with of vice its central aim.

"And the Progressive record is no better. This party coming to Ottawa to sanctify politics has been an influence towards hypocrisy and dishonesty and sectionalism in Parliament. The old parties had and have their faults, but never professed perfection. The chief evil of the Progressive party has been its insincerity, a deceit greater even than its incapacity. Through four years, four years when its numbers were great enough to control legislation, it has divided its time between selling out its principles or proving its incapacity to promote them. Foaming for Free Trade in the constituencies, it has slavishly voted for tariffs. Challenged to move its platform in Parliament, it has never had the courage of the act. Its professed passion for economy was reduced to oyster-like silence in the face of a great deal of extravagance, and of clamor for a great deal more. In its feebleness in debate, in its inability to take the initiative in anything, in its failure to achieve cohesion, or unity, or discipline in its own ranks, and lastly, in its downright recreancy to principle and its willingness to play mean politics, it has lowered the tone of even this Parliament and made Government less honest and stable.

"Mr. Meighen, contrasted with this story of his opponents, has united and vitalized his party, his programme, resting upon unchanging principle, but applied intelligently to change, is the ablest, clearest, sanest statement of policy that the country has had in years. And Mr. Meighen is the puppet of nobody. No body owns him. Nobody controls him. His policies are his own policies. His principles are his own principles. His mistakes are his own mistakes. Beside the wavering, the back-sliding, the muddling and vote-baiting of Liberals and Progressives, his clear-cut, uncompromising advocacy of a Canadian policy for Canada, the old tried historic policy that buffed Confederation, stands out in hopeful relief.

"The country, we are convinced, is turning to that policy. It is sick of this Government and of this Parliament. It is sick of log-rolling and bartering for votes. It is sick of Government by listening; sick of extravagance; sick of debt, of taxation, of drift and impotence; sick of the things which, in four years of beautiful harvest and favorable opportunities, have seen Canada move backwards, her industry languishing

ROYAL YEAST CAKES

Make Wonderful Home Made Bread

Standard of Quality for over 50 Years

her people becoming exiles, her riches being exploited by others. It is preparing, we think, to wipe out this Ministry and this Parliament, and to give Canada a leader who will lead and a Government that will govern."

CANADA'S FLAG WILL NOT BE CHANGED AT PRESENT TIME

Until the whole matter of a Canadian flag is discussed in parliament and a decision reached no further steps will be taken in the matter, said Hon. E. M. MacDonald, Minister of National Defence in discussing what he stated to be "considerable misapprehension" in the matter of the flag.

At present all merchant vessels registered in Canada fly the red ensign with the badge of the Dominion on the fly, and the blue ensign with the badge of the Dominion is flown on all government owned vessels.

In Australia since 1904 the national flag of the commonwealth has been the blue ensign with the southern cross of six white stars on the fly.

In New Zealand since 1901 a similar national flag has been used. In British Columbia, Mr. MacDonald pointed out, a well known organization named the United Sons of Canada had offered substantial award for the winner of a competition to produce a Canadian flag and on the order papers of the House of Commons last session a resolution in the name of A. R. MacMaster dealt with the subject.

The Minister of Defence explained that the position of the government was that there should be no change until parliament had made a decision in the matter.

In Loving Memory

OF
Walter Wilmot Mahoney

Who died July 8th., 1924. Aged 14 Yrs. (ACROSTIC)

Walter dearest, fare you well,
Adieu until we meet again,
Living now where angels dwell,
Time's troubles past and all its pain
Eternal rest is thine today,
Rest in that Land so far away,
When life is past, its trials o'er,
In joy we'll meet upon that shore,
Life's labors done, we hope to meet,
Most dear, to part thee nevermore,
O dearest boy, in joy complete,
There in high heaven, in rapture sweet
Memory shall ever fondly dwell,
Around your name these lines entwine,
Happy are those who say farewell,
O happier than those they leave behind
Now fare thee well, beloved boy,
Your life now crowned with purest joy
MOTHER

Head of Fuel Board Says "Fill the Bins"

Grave possibilities of an industrial struggle in the anthracite regions of the United States upon the termination of the present wage agreement on Sept. 1 were indicated by the latest reports received from these fields, stated Dr. Charles Camsell, chairman of the Dominion Fuel Board. Homeholders, he declared, in so far as was humanly possible, should therefore obtain at once supplies of whatever kind of domestic fuel they intend to use during the fall and winter months.

Dr. Camsell pointed out that even in normal conditions, transportation facilities were strained to the limit in the fall and winter to handle the peak loads which occur at that time and if trouble developed in the American anthracite fields during the coming fall we would probably be confronted again with the necessity of begging for small amounts of any kind of fuel at any price from our coal dealers.

He also drew attention to reports from many of the local operators to the effect that under the present wages in the unionized fields of the United States they could not compete with the non-union fields, and that either, organized labor would have to accept wage reductions or another gigantic struggle would result.

Dr. Camsell remarked that a great many domestic consumers in Canada had turned from American anthracite to British anthracite coke and low-volatile coals during the past years with the result that importations of American anthracite had decreased by nearly a million tons.

When Pay Day Comes

THE first claim you should meet on pay day is your savings. Your money will prove your best friend in time of sickness or unemployment—if you have saved it.

There comes a time for all of us when earnings decline and ability to earn must weaken. Only one thing can take the place then of your present earning power—that is, the capital acquired through your present savings.

Ask for our booklet, "The Measure of Your Income." You will find it helpful.

The Royal Bank of Canada

Newcastle Branch Thomas Clarke, Manager

New "Baby City" of Ontario

(1) North Bay's Main Street. (2) The Canadian Pacific Station, North Bay. (3) The Post Office.

An "Old Home Week Celebration" to celebrate the attainment of City status will be the big attraction for Northern Ontario the first week in August. North Bay, to-day the largest town in the Province, with a population officially estimated at 12,011, will become the Baby City of Ontario on Sunday, August 2nd. For the following six days, it will be a case of "open house" with all the well-known hospitality of the North Country.

Special services in all the City churches, conducted in most cases by former pastors, who were identified with the early history of the town, will inaugurate Old Home Week. The following day officialdom takes charge with "Civic Day", when the formal presentation of the City Charter will be made at Memorial Park and representatives of the Federal and Provincial Governments will attend their congratulations to the Gateway City of the North.

A race track has had to be gene-

really rebuilt, two privately owned parks have had to be taken over for the year and other large expenditures incurred, but the citizens are behind the celebration movement and are determined to make it something that will be long remembered in the Northland.

The history of North Bay is one that is not generally known to all Canadians, even though the name is familiar from the Atlantic to the Pacific, as a great railroad centre. North Bay was originally discovered by Samuel de Champlain in 1615 and was a post on the old trail from the Ottawa to the Great Lakes in the time of the great French explorer.

The first settlements here are recorded as in 1852, with the coming of the first train over the Canadian Pacific Railway. North Bay was never incorporated as a village. The town, it just grew and became officially a town in 1891. In 1895, the population was 2,024, in 1905 it was 2,512, and in 1915 it was 10,041, and

the last municipal census placed it at 12,011, while the rapid growth of the town this year indicated that it will be at least 15,000 when it takes its position as a City next August.

The Canadian Pacific paved the way for North Bay. The old Grand Trunk followed with its first train in June, 1858. Next was Northern Ontario's own railway, the Temiskaming and Northern Ontario, which was built north to the mining areas from North Bay in 1904, the first train being operated out of here on January 12th, 1905. The Canadian Northern was the fourth line to come in here, their first train arriving on September 14th, 1915.

Three and a half tons of gold bullion pass through North Bay every month from the Northern Mines, together with 15 tons of silver bullion, 100 tons of high-grade silver ore, 6,000 tons of pulp and 12,000 tons of paper. It makes a formidable array when checked up.

KEATING'S KILLS

Spentable for children houses and on children and for to **KILL LICE**

Here and There

This year's receipts from motor vehicles licenses in New Brunswick already amount to \$422,000. This amount is larger than the total for any year, except last year when the gross receipts for the whole twelve months were \$452,489. The estimate for the present year is half a million.

The mines and quarries of the Province of Quebec produced to the value of \$18,952,896 during 1924, according to the final report issued by the Provincial Department of Mines. Building materials account for \$11,380,977; other non-metallic minerals \$7,191, and metallic minerals \$380,804.

"In the Cascades and falls of the Canadian Rockies there is enough hydro-electric power to supply the American west with all the electric energy it will need for ages to come," declared W. Faxton Little, treasurer of the Niagara Falls Power Company, who recently visited Banff with a party of distinguished American electrical magnates.

That the Province of Quebec abounds in historic and romantic material for the construction of popular novels, is the judgment of two popular writers—James Oliver Curwood, author of scores of best sellers, and Edwin Balmer, well-known short story writer—who have recently toured the province and Western Canada in quest of "local color."

There has been an unusual distinction conferred upon Prof. Camille Couture, a Montreal musician, who, besides being a violinist is also a maker of violins. He has been honored with a medal and diploma from the British Empire Exhibition at Wembley for a magnificent violin of his make, which he exhibited there.

In order to dispel the existing impression in England regarding the coldness of the Canadian climate, five thousand peony blooms are being distributed at the Canadian Pacific Railway Pavilion at the British Empire Exhibition. These plants were produced by W. Ormiston Roy, of Montreal, who states that peonies are the best landscape flower and can be grown in all parts of Canada, irrespective of climatic conditions.

Hon. W. G. Nichol, Lieut.-Governor of British Columbia, and D. C. Coleman, Vice-President of the Canadian Pacific Railway, opened Crystal Gardens, the new and unique indoor salt-water swimming pool at Victoria, B.C., recently. This amusement centre, which has two dancing floors, a gymnasium, art gallery and tea-rooms, is regarded as the largest and finest of its kind on the continent.

Being exceeded only by Mexico and the United States, Canada now ranks third among the silver producing countries of the world. Records of Canadian production have been kept since 1858 and show a total recovery of 451,000,000 fine ounces to the end of 1923. In 1924 production was slightly in excess of 20,000,000 ounces. During 1858-1923 the value of production totalled \$290,705,532, while for last year it amounted to \$13,519,043.

The first lot of buffalo, numbering some 200, to be transferred from the Wainwright Park to the new Buffalo Park, north of Edmonton, left Wainwright, Alberta, recently. For some time past the herd at Wainwright had been growing too rapidly and the Federal authorities decided to ship a number to the Buffalo Park to determine whether or not they can acclimate themselves in the new district as they did in the old, southern area. Altogether two thousand buffalo, in lots of two hundred each, will be shipped to the Buffalo Park.

MILL SAW BILLS

We have just printed a large quantity of Mill Saw Bills, and can supply them to the different mills either singly or in quantities.

THE ADVOCATE

Ottawa Speculates On Probability Of A General Election

Nothing is Certain, However—Cabinet Changes Also Discussed, But no Definite Information Given—Changes Made in Election Act at Recent Session

Decision whether a general election is to be held this fall will not be reached till cabinet resumes business after the holidays, but the more speculatively inclined are offering six to four in favor of dissolution. During the two or three weeks of respite there will be a sounding out of constituencies and a general survey of the country. The heavy Liberal defeat in Nova Scotia for a time checked the talk of dissolution, and should New Brunswick follow suit. It is quite conceivable that there would be further delay in appealing to the polls. None the less, all parties have been organizing for some time past. Prospects of a bountiful harvest, coupled with gold prices, are further taken as favorable to dissolution.

Some ministerial changes are due and should the government decide for a general election there will be a cabinet re-organization with an appeal to the country on a new slate. A whole series of appointments remain to be filled. There are vacancies in the Senate, there is a vacancy on the Railway Commission, the post of Canadian Minister at Washington for which an appropriation is made in Parliament, year by year, has never been filled. The retirement of Hon. P. H. Roy, as Canadian Commissioner in Paris, has likewise been mentioned from time to time, rumor associating Hon. Dr. Beland, Minister of Soldiers' Civil Re-Establishment, with the appointment should Mr. Roy

Worries In The Home

It is These That Cause Many a Breakdown in Health.

Almost every woman at the head of a home meets daily with little worries in her household affairs. They may be too small to notice an hour afterwards, but it is the same little worries that break down the health of so many women. Their effect may be noticed in nervous headaches, fickle appetite, indigestion, pains in the side or back, and a sallow complexion. To those afflicted in this way Dr. Williams' Pink Pills, by improving and purifying the blood, bring speedy relief. Among thousands of weak women who have tested and proved the merits of this medicine is Mrs. Gustave Hutt, Bruxelles, Man., who says:—"It is with profound thanks that I write to tell you what Dr. Williams' Pink Pills have done for me. Before I began taking these pills I was weak, and my blood thin and watery. I was so thin that I looked like a skeleton. I was troubled with headaches and indigestion, did not sleep well, and was terribly constipated. I decided to try Dr. Williams' Pink Pills and I soon found that they were just what I needed. Under their use my appetite returned, my food digested properly, and I slept better at night, and gained in flesh as well as strength. The result is that now I am a perfectly healthy woman, and there is no doubt that it is due to the use of Dr. Williams' Pink Pills, a supply of which I now always keep in the house, and I would advise other women to do the same."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CANADIANS EAT LOTS OF BUTTER

Canadians are becoming the champion butter eaters of the world. Every man, woman and child in the Dominion consumed about twenty-eight pounds of butter each last year, a report issued by the Federal bureau of statistics shows.

Total consumption of butter in Canada, in 1924 was 254,203,762 pounds, according to the report. This was an increase of 4,000,000 pounds over the 1923 total. Total production was 298,690,099 pounds compared with 277,480,207 pounds the year before. Exports of butter amounted to 22,343,939 pounds a gain of 9,000,000 pounds the 1923 export. Imports amounting to 1,173,857 pounds averaged only half of the previous year's volume.

Growth of dairying in the Western provinces has been a factor in the increased output. In 1900 Manitoba, Saskatchewan and Alberta combined produced less than one million pounds of butter. In 1924, the report shows their combined output was 47,000,000 pounds. At the present rate of growth production will be about 80,000,000

A Sweet Breath at all times!

after every meal!

pounds annually by 1928, experts estimate.

Statistics in the report on consumption of other foods show that people in the Dominion ate 166.6 pounds of meat last year made up of 87.71 pounds of pork and 70.02 pounds of beef and 8.43 pounds of lamb. This was an average increase of about six pounds per person above the 1923 consumption. Every person in Canada ate an average of 3.25 pounds of cheese 7.54 pounds of poultry and 26 dozen of eggs each in the course of the year.

Per capita consumption in the United States is 18 pounds.

Condition Of Crops Much Improved

Rains Have Worked Wonders in Past Few Weeks—Potato Districts Report Many Mis-

A marked improvement in general crop conditions throughout New Brunswick has been noticed in the past three weeks because of heavy rains. Up to the time that the long period of drought was broken by the first of the rains, grass was looking very poor in the central and southern parts of the Province. In the north things were different because of steady rains during the spring. The prospect at that time was that the highland hay crop would be very light.

During the latter part of June and early July a great change took place and now the reports are that even on the highlands the hay crop gives good promise and grain of all kinds is in excellent condition.

From the potato districts on the Upper St. John River come reports of a heavy percentage of misses in the potato fields. The reason for this state of affairs is not known but the tendency will be toward reducing the yield.

The strawberry crop has been heavy throughout New Brunswick.

The Montreal market is taking many of the berries and owing to a shortage in the Ontario and Quebec small-fruit crop the price is satisfactory to the New Brunswick shipper. The height of the season has not yet been reached and shipments of berries will continue for some time. Sackville is a heavy shipping point, but King's County and the district about Fredericton also are shipping.

Happy Augury of Empire Relations

No Justification for Talk of Estrangement Between Canada and Britain.

Calling it another "Link of the Empire," the Morning Post, which has taken occasion recently to chide the Canadian Government for its attitude towards British connection, finds in opening the Canadian building a happy augury of imperial relations.

"Pessimists talk about the growing estrangement between Britain and Canada," says the Post, "but we see not the slightest justification for it. On the contrary, we firmly believe that the changes which have occurred during the last few years in relations between London and the great Dominions, disconcerting though they may appear, will in the end make not for the division but for unity, not for separate policies but for growing realization of the truth that the interests of each self-governing state are best served by framing a common policy for the commonwealth of nations of which the King is the head.

"At the moment some anxiety is being expressed concerning the possible influence which the proposed pact may have in estranging Dominion sentiment. We quite understand the misgivings which have been expressed in both Canada and South Africa regarding British commitments in Europe, but we ask overseas critics of Chamberlain's policy to remember one fact: If we throw over the pact we are once again at the mercy of the unknown and above all at the mercy of new moves in European diplomacy and dangerous combinations which might soon become a very serious menace to the British Empire. One way of escape from embroilment in continental politics is to exercise a moderating influence in its chancelleries to prevent ascendancy of any one aggressive power to safeguard our sea communications by securing if not friendship of all the European countries, at least goodwill to a certain number of them."

DRIVING CLUB'S COMMENDABLE WORK

At a meeting of the Miramichi Driving & Sporting club Tuesday evening it was decided to prosecute a strong campaign for increased membership and a large committee was appointed to carry on this work. The Club represents the last chance Chatham has of keeping in the racing circuit and it deserves support from the community in general in its efforts to keep this racing track in the forefront of the province. Every membership ticket that is taken helps the Club to this desirable end.

British Trade Depression

Reports from England indicate that unemployment is drawing each month towards the zero industrial depression, and that the present total of one and a third million of workmen, lacking the means of livelihood unless government dole is forthcoming, constitutes the worst record known for several generations. The unemployment problem emphatically overshadows all other questions with which the people and the governmental authorities have to deal, remarks the Montreal Gazette. And facing it is a serious matter for the problem has assumed the proportions of a national crisis. Nothing could better show this fact than the recent conventions held by masters and men as touching the parlous plight of the coal, steel and ship-ping industries—the trident which has heretofore been the main support of British commerce. But where lies the responsibility for this graveling situation? The members of the Labor party, we are informed, are just now working overtime to organize mass meetings throughout the country with a view to calling the present administration to book for not tackling the industrial slump. They might be much better engaged in reviewing and studying their own errors and the maldroit policy which, instead of proving itself, as predicted, the industrial redemption of the masses, has landed the whole country in a quandary from which it will be difficult to escape. Time and again the workmen have been warned that they were driving trade into foreign countries by the demand of the unions for shorter hours and a scale of wages which industrial conditions could not support. The warning came first from the owners of the mines, shipyards and steel plants, then was perforce taken up by some of the leaders of the Labor party, who were called traitors for their pains. Today, with one-third of the big industries at a standstill and a large proportion of contracts placed with German firms (orders which might have been filled) in English industries had the unions exercised some rational tact and shown the spirit of fair compromise, the paramount question is not so much wages to scale but whether British industry can survive the blow it has received and recover its prestige? The proposed nationalization of industries under a Socialist regime, discussed at the Gloucester Labor convention, has protem fallen into the background. The uppermost question of the hour is, What national industry will there be to socialize or conduct under any system if the present downslide keeps increasing? Have the Clydesiders any recipe for the modifying competition which comes from the workers themselves? Premier Baldwin's timely summons to Labor and Capital to get into consultation and closer partnership is a hint worth more than all the specious and illusory items the Laborite programme contains. We recall the Laborites' advent to the governmental function begot the apology that they "had a mess to mop up"—a political legacy left by their predecessors in power. What about such a plea now? Might not Premier Baldwin and his associates in the British Cabinet adopt this very phrase?

Professional figures of the census taken last month show that the population of Germany is, roughly 62,500,000, excluding the Sarre Region, the population of which is estimated at another 750,000. Thus, the population of Germany is about the same as it was in 1908, whereas at the outbreak of the war it was roughly 68,000,000. It is estimated that Germany lost nearly 7,000,000 by the cession of various territories under the terms of the peace treaty another 2,750,000 by deaths during the war and 2,500,000 through a decreased birth rate during the war period. But for the war, it is pointed out, Germany would now have had a population of about 75,000,000. Nevertheless the population is steadily increasing. As compared with the census taken in 1919 there are about 8,350,000 more people or an increase of 5 1/2 per cent.

H. WILLISTON & CO.
Jewellers Est. 1889 Newcastle, N. B.

A committee of five members are going to Woodstock to get definite assurances that the N. B. and Maine circuit horses with its stellar fees for all attractions will come here for the meeting at the end of July.

MARITIME BOARD OF TRADE CONVENTION THIS WEEK

During the coming week considerable interest will be centred in the economic conference representing business, agriculture and industry which is to be held at Moncton N. B. on July 15th, and 16th.

Invitations have been extended by the Maritime Board of Trade to all of the local Boards of Trade and many other organizations through the Maritime Provinces whose object is to promote community and Maritime activities. They will meet for a frank, round-table discussion as to the problems of the Maritimes, with the hope that some definite and concrete policy may be adopted insofar as the question of Maritime Rights wrongs or requirements may be reflected in their relation to the rest of the Dominion.

A national conference will probably be held in the autumn, presumably at Winnipeg, to define a policy for the whole country that would bear evenly upon the four natural geographic divisions—Maritime Provinces, Central Provinces, Prairie Provinces, and Pacific Slope.

A number of prominent people have signified their intention to bring before the conference some very important questions. This meeting should be one of the most momentous gatherings ever held in these Provinces, for the conclusions there arrived at will have a material effect and bearing on the adjustment of present manufacturing conditions in this part of the country.

The executive has prepared a tentative programme for the convention which, while outlining a number of questions to come up, still permits any delegate to introduce further subjects for consideration. In fact, the presentation of any worthy matter will be welcomed. The work of the conference will not be confined to the mere passing of resolutions, but means and methods will be developed of following up by active work, the conclusions so arrived at.

POPULATION OF GERMANY GROWS

Professional figures of the census taken last month show that the population of Germany is, roughly 62,500,000, excluding the Sarre Region, the population of which is estimated at another 750,000.

Thus, the population of Germany is about the same as it was in 1908, whereas at the outbreak of the war it was roughly 68,000,000.

It is estimated that Germany lost nearly 7,000,000 by the cession of various territories under the terms of the peace treaty another 2,750,000 by deaths during the war and 2,500,000 through a decreased birth rate during the war period.

But for the war, it is pointed out, Germany would now have had a population of about 75,000,000. Nevertheless the population is steadily increasing. As compared with the census taken in 1919 there are about 8,350,000 more people or an increase of 5 1/2 per cent.

OPPOSITION CONVENTION

The Opposition Executive met yesterday at Newcastle, and made preparations for organizing the County.

Arrangements are now in progress to hold Parish meetings immediately for the purpose of selecting delegates to the Convention, which is to be held at the Opera House, Newcastle on Friday July, 24th at 2 p. m. The committee expects a large attendance of delegates.

ANNIVERSARY SALE
50 YEARS IN BUSINESS
Mon. July 20th. to Saturday Aug. 1st.

**FORCE OF COLLISION
 THREW PASSENGER
 OUT OF AUTO**
**Mrs John B. Bell of Napan
 Painfully Hurt in Collision
 on Tarvia Highway.**
 Mrs. John Bell of Napan, received
 a very severe shaking-up Sunday
 night July 5th, when thrown out of
 a car on the tarvia near Bushville.
 Mrs. Bell with two of her sons, had
 taken her daughter Edna to New-
 castle, Sunday evening, and on their
 return, it is said, they were crowded
 so close by a truck which was coming
 in the opposite direction that a col-
 lision occurred.
 The Bell car was turned over on
 its side, its fender and running board
 smashed and the axle bent while the
 force of the collision threw Mrs. Bell
 out through the side, and she sustain-
 ed very painful injuries, though on
 examination the doctor declared no
 bones were broken. It is stated that
 the truck was clearly to blame as
 George Bell who was driving the
 lighter car, had gone well over to his
 own side of the road to avoid a col-
 lision. The truck belonged to the
 Burchill Company of South Nelson.

**Whooping Cough A
 Dangerous Disease**
**More Deaths Result Than
 From Other Communicable
 Diseases Combined**
 Whooping cough was Nova Scotia's
 most fatal communicable disease
 last year, its presence resulting in
 deaths equal in number to that of
 typhoid, measles, diphtheria, and
 scarlet fever combined, according
 to a statement made at the annual
 meeting of the Nova Scotia Medical
 Society.
 Dr. E. D. McLean, of Truro was
 elected president of the Nova Scotia
 Medical Society at the seventy-sec-
 ond annual meeting of the society.
 Other officers elected included Dr.
 A. S. Kendall, Sydney, second vice-
 president; Dr. A. C. Jost, Halifax
 secretary-treasurer; council, Dr. M.
 T. Sullivan, Glace Bay; Dr. W. T.
 Purdy, Amherst; Dr. R. H. Sutherland
 Pictou.

**HIGH SCHOOL
 ENTRANCE EXAMS**
 The following is the result of the
 Harkins Academy High School ex-
 aminations. Nineteen pupils passed
 in Division I and 40 in Division II.
 The results are as reported by the
 examiners at their meeting on July
 3rd. Names are in order of totals,
 but those marked with an asterisk
 before their name have failed in one
 or more subjects and are thereby
 reduced to the next lower class.
 Division I—(666 or over)—Dor-
 thy H. Russell, Genevieve Fitzgerald,
 Ernest Anderson, *Katherine Daw-
 son, Margaret Hansen, Muriel
 McCullam, Arnold Fogan, *Mark Lab-
 dry, Jack Stothart, Helen McWilliam
 *Henrietta Ball, Marie Doran, Irene

WEDDINGS
FORAN—HOLLAND
 A very interesting event took place
 at St. Thomas' Catholic church Red-
 bank, Wednesday morning July 8,
 at 8.30 o'clock, when Rev. F. C. Ryar
 solemnized the marriage at nuptial
 mass of Michael Foran, son of Mrs.
 John Foran, Newcastle, and Miss
 Stella Holland, R. N. daughter of Mrs.
 James Holland, Redbank.
 The bride looked charming in a
 suit of blue with hat to match, and
 was attended by Miss Katherine For-
 an, R. N. of Jersey City, N. J. The
 groom was supported by his brother
 James Foran.
 The bridal party entered the church
 to the strains of Mendelssohn's wed-
 ding march, played by Miss Madeline
 Walsh. After the ceremony the happy
 pair motored to the bride's home,
 where a dainty wedding breakfast
 was partaken of. Mr. and Mrs. Foran
 will reside in Upper Kings Highway,
 Newcastle. The bride is a very suc-
 cessful graduate of the Miramichi
 Hospital.

Jackson, Reuben Arsenault, *Eugene
 Gills, James Harris, (*Shirley Bur-
 gess, *Louise McDonald.)—40.
 Twenty-five made a Division III
 total (333 to 499 inclusive); seven
 failed altogether.
 Division I and II will receive certi-
 ficates admitting them to High
 School. Those in Division III will
 not be admitted to High School with-
 out further examination which will
 take place at the opening of the next
 term.
 Candidates who wish to receive
 their certificates or marks must pre-
 sent themselves at Harkins Academy
 between the hours of 2 and 4 p. m.,
 Friday, July 17th. Certificates and
 marks will not be given out at any
 other time or place during the holi-
 days.

**DEPARTMENTAL
 EXAMS. WRITTEN
 HERE**
 The Departmental Exams including
 Normal School Entrance, Superior,
 University Matriculation and High
 School Leaving were written last
 week in Harkins Academy. This is
 the first time these exams were
 written here and the total of students
 enrolled was 76. Those who wrote the
 exams are as follows:
SUPERIOR CLASS
 Clara Hierlthy.
MATRICULATION
 Dickson Ashford, Fred J. Butler,
 Atayms Kehoe, Joseph McKay, Le-
 land Sproul, Edith Gulliver, Gladys
 Donovan, Susie Kingston, Alma
 Paulin, Margaret Stables, Helen
 Tozer.

 University of Osteopathy for the past
 three years has returned home. Any
 wishing to consult him for treat-
 ment may do so at the residence of
 his father Dr. H. Sproul Newcastle
 N. B.

OBITUARY
MR. JAMES PARK
 A sad event took place on Monday
 June 29th. at noon when Mr. James
 Park of Lower Derby was called a-
 way after an illness of ten days dur-
 ation. A man of refined tastes and
 behavior, a man of genial kindly and
 hospitable disposition, a true gentle-
 man in every sense of the word, the
 many friends which had been charm-
 ed by these superb qualities of his,
 deeply and sincerely mourn his pass-
 ing.
 The deceased gentleman was the
 third son of the late William Park of
 Newcastle, at one time director and
 owner of a large lumber and mercan-
 tile business there. One sister Mrs.
 Bishop of Nova Scotia, and a widow
 and grandson are the nearest rela-
 tives left to mourn his loss.
 Mr. Park had led a life rich with
 varied experience; when a young
 man he took a course in medicine in
 McGill University but did not practise.
 After leaving McGill he with others
 went as a prospector to the goldfields
 of the western States. Here he re-
 mained for quite a length of time.
 Later he returned to New Brunswick
 and after choosing as his wife Mrs.
 Annie Shaddick, a former resident of
 Miramichi, settled in Moncton where
 they lived for a number of years.
 About seven years ago they returned
 to Millerton and purchased a beauti-
 ful home which was formerly occu-
 pied by the manager of the N. B.
 Sulphite Co. and here they took up
 their permanent abode.
 Mr. Park, who was sixty-four years
 of age had contracted heart trouble
 some years ago, and to this he suc-
 cumbed, though given the best medi-
 cal attention which the country side
 could supply.
 The funeral which was held on Wed-
 nesday was largely attended and all
 the appointments were carried out
 most fittingly, while tokens of esteem
 of a large number of friends were in
 evidence by the gifts of many beauti-
 ful wreaths of flowers.
 The officiating clergyman was Rev.
 Mr. Bishop of Newcastle. Interment
 was made in the Williamstown cem-
 etery. A. J. Bell & Co.—Undertakers.

JOHN G. KETHRO
 On Saturday July 4th John G.
 Kethro passed away in his 85th year
 of his age at the residence of his son
 John B. Kethro, Radio Street, this
 town, where the deceased made his
 home for quite a number of years.
 The old gentleman was only sick
 one week and seemed to suffer no
 pain.
 The late Mr. Kethro was highly es-
 teemed by a large circle of friends
 and acquaintances.
 He came to New Brunswick from
 England when a boy of seven. In 1861
 he married Charlotte Stables, of
 Fredericton, who predeceased him
 seven years ago.
 Three sons and three daughters
 survive and all were here for the
 funeral, Harry, of Cornatton, Alberta,
 happily arrived 24 hours before his
 father passed away. The other mem-
 bers of the family are Marion Kethro
 of Chatham, Horace, of Newcastle,
 Mrs. W. J. Loggie, of Loggieville,
 Jack, of Newcastle, and Mrs. J. J.
 Barron, of Moncton.
 The deceased was a prominent
 member and official of the Anglican
 Church being superintendent of the
 Sunday School for over forty years.
 As a young man he conducted a bar-
 ber business in Newcastle, but later
 farmed on the Chaplin Road.
 The funeral took place on Monday
 afternoon, Rev. A. W. Brown conduct-
 ing the service at the house, and Arch-
 Deacon Forsyth at the English
 Church. The remains were interred
 in the lower cemetery.
 In Mr. Kethro's passing Newcastle
 mourns the loss of one of her good
 men, and the children and grand-
 children an affectionate, kindly
 Christian Father and Grandfather.

**Machine Gun for
 Miramichi Seals**
 Mr. W. B. Snowball has been tak-
 ing up the matter of the destruction
 of seals, which are so much of a
 nuisance to our salmon fishermen,
 with the government, and sends the
 following letter.
 Ottawa, June 22nd, 1925
 Dear Mr. Snowball: Adverting to
 previous correspondence with regard
 to testing the feasibility of destroy-
 ing seals about the mouth of Miram-
 ichi River by the use of a Lewis gun
 I am pleased to inform you that an
 arrangement has been effected with
 the Department of National Defence
 whereby such gun has been placed
 at the disposal of the Inspector of
 Fisheries for the district, who reports
 that he has under his command some
 expert Lewis gunners. Two thousand
 rounds of ammunition are being ob-
 tained for the experiment.
 In order that the experiment may
 be carried out without delay, when
 it is understood the seals are most
 plentiful, full instructions have been
 given the inspector by wire.
 Yours truly,
 (Sgd.) A. JOHNSTON
 Deputy Minister.
 J. B. Snowball, Esq. M. P.
 House of Commons, Ottawa.

TO EXPECTANT MOTHERS

Letter from Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got to feeling so badly that I could not sleep nights, my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's Telegram' and wrote you for one of your books. We have no druggist in our town, but I saw your medicine in T. Eaton's catalogue. I am a farmer's wife, so have all kinds of work to do inside and outside the house. My baby is a nice healthy girl, who weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.) Yours is the best medicine for women, and I have told about it and even written to my friends about it."—MRS. ANNIE E. AYARS, Spring Valley, Sask.

Two Steamship Services Agreed On

Ottawa, July 8—Improved steamship services and mutual tariff preferences are the features of the "Canada-British West Indies Bermuda-British Guiana-British Honduras trade agreement," the full text of which was made public tonight. The agreement, which is subject to ratification of the Parliament of Canada, the Colonial office, and the governments of other contracting parties, is for a period of 12 years, and will come into effect upon proclamation.

Assigned, the agreement provides for two steamship services. First, a fortnightly freight, passenger and mail service from Canadian ocean ports all the year round, calling each way at Bermuda, St. Kitts, Nevis, Antigua, Montserrat, Dominica, St. Lucia, Barbadoes, St. Vincent, Granada, Tobago, Trinidad and Demerara. The vessels are to be from 5,000 to 6,000 tons, capable of a speed of not less than 12 knots and providing accommodation for 100 first-class, 30 second-class and 100 steerage passengers, and with a cold storage accommodation of not less than 10,000 cubic feet. In addition to the foregoing, Canada will provide a fortnightly freight service with vessels of about 4,300 tons and a speed of 10 knots from Canadian river ports in summer and ocean ports in winter, calling at St. Kitts, Antigua, Barbadoes, Trinidad and Demerara. All freight rates are to be subject to the control of the Canadian Government.

Second, the Government of Canada also undertakes to provide fortnightly mail, passenger and freight service between St. Lawrence ports in summer and other Canadian ports in winter, calling both ways at Bermuda, the Bahamas, Kingston, Jamaica, alternating with fortnightly freight services between the Canadian ports and Kingston direct. The passenger steamers for this service will be similar to those mentioned in the former service, with accommodation for 100 first-class passengers and refrigeration for 70,000 stems of bananas, and also cold storage for Canadian meats and perishable products.

Heal It! With Zam-Buk

200 People Seeking Lost 2-Year-Old

Child Mysteriously Disappeared From Parents' Home Last Monday

Doaktown, N.B. July 9—Two hundred men and women making up several search parties, are scouring the woods on the South Road near here in searching for Millet Arbeau, aged 2½ years, son of Howard Arbeau, who disappeared mysteriously from his parent's home on the Stillman Mitchell lot on South Road Monday afternoon.

The little fellow accompanied his mother to the brook which runs through their place, Monday afternoon and when last seen was standing by the brook holding a small kettle of water in his hands. When he did not return to the house in a short time the other children were sent to look for him. Since then the searching parties have grown in to posses which now number 200 or more people.

W. A. Skidd, high sheriff of Northumberland county, has been here and conducted an investigation. He was convinced that there was no foul play or negligence upon the part of the immediate relatives and the search is going on both day and night.

HAD A DEVICE WHICH KEEPS SHIPS AFLOAT

New York, July 8—A device intended to make it impossible for a ship to sink has been invented by Adam T. Drekolias, of New Brighton, Staten Island, who claims that it has proved successful in 700 experiments with a model ship.

Drekolias' invention is based on the axiom of physics that as long as the weight of a ship is less than the weight of the water displaced by the vessel, or equal to it, the ship will float. It consists of a collapsible chamber designed to imprison air in the hull of the disabled vessel.

Even if the ship were completely filled with water, according to Drekolias, the upper deck would remain above water, thus giving the crew and passengers a chance for their lives until rescuers arrived.

Occupying space ordinarily wasted in liners and battleships Drekolias' device, he believes, would bring about a great change in shipbuilding. Space now occupied by bulkheads would be available for cargo. Isolated portions of the ship cut away from the main part would still float.

With the invention, it is said the captain could control the equilibrium of the ship so that it would rise and sink at his will. A battleship, for instance, could be lowered, until only its guns were visible.

Drekolias' plan is to imprison the air in collapsible chambers that can be fastened to ceilings or on decks, in spaces now not utilized. The chambers would fit inside each other and could be opened to admit the amount of air needed to displace the water rushing into the vessel. The chambers would be connected with an air pipe leading to the highest point on the mast or funnel.

The captain could release air chambers in various parts of the ship, and also admit water as ballast. A ship equipped with air chambers would have doors on its sides to permit the free passage of water.

One of the chambers in each set would contain fire-extinguishing gas, under the plan, which would be automatically released in event of fire.

Eyes Growing Dim Due To Cataracts

Can Be Restored Says Osteopathic Doctor.

The restoration of sight to eyes growing dim from cataract, without a radical operation, has come to be an everyday affair, according to Dr. T. J. Ruddy, of Los Angeles, who examined an number of eye cases in the clinic which opened the annual meeting of the American Osteopathic Society of Ophthalmology and Otolaryngology at the King Edward Hotel, Toronto, on Wednesday.

The doctor says that every cataract case, if taken in its earliest stages, can be cured by his method, which consists of a preliminary finger treatment for softening the cataract, and then drawing it out with an instrument of his invention, called an oculo-vac.

Seventy-five or more cases passed through the clinic yesterday all the work being confined to diagnosis. The majority of the patients were suffering from deafness, one boy who was born deaf having come all the way from Moncton, N. B.

There were cases of nose trouble, focal infection, tonsillitis and discharging ears, in addition, of course, to those whose sight is failing or gone. There was one patient from San Francisco, as well as others from Rochester, N. Y.; Osborn, Kan. Bad Axe, Mich.; London, Preston, Kitchener, Niagara Falls, Listowel, Brantford, Elmvale, Weston and St. Catharines.

More than a half dozen osteopathic physicians from many States examined the cases, three and sometimes four working simultaneously in different places. At the close of the session telephone calls were still being received from those desiring to make appointments.

WHEN USING WILSON'S FLY PADS READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY. There is only one way to kill all the Flies. This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. Put the plates away out of the reach of children until required in another room. The right way to use Wilson's Fly Pads.

Mix Mustard this way but it must be Colman's. Mrs. Colman's Mustard with water to the consistency of a thick paste. Add water until the desired thickness is obtained. If a milder flavor is desired mix with milk. Mix mustard freshly for every meal.

Dr. James D. Edwards, of St. Louis who examined the little boy from Moncton, told of a very similar case in which completely brought complete relief. The three tiny bones in the ear were rigid, the doctor said. Instead of moving normally and transmitting sound as they should. He passed an instrument from the patient's mouth through the eustachian tube leading from the throat back into the ear, and thus began the work of breaking up the bony rigidity. Air was then forced in through the same tube, and the air pressure completed the work. Within a very few days the child would turn his head when sounds were heard, and before long his hearing was entirely normal.

To Visit The Maritimes. A New York paper received here recently carries an advertisement of cruises in New Brunswick and Nova Scotia waters by a New York yacht. The price for a seven-day trip is \$70,000 including meals, etc. The sailing dates are July 4, 11, 18, 25, August 1, 8, 15, 22, 29 and September 6. The advertisement invites readers to get acquainted with the great attractions of the Maritimes.

Save The Children. Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, if given occasionally to the well child they will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents, a box from The Dr. Williams' Medicine Co., Brockville, Ont.

UNION VOTE BEGUN. Balloting By Fredericton Congregation Will Continue Two Weeks. St. Paul's Presbyterian Church, Fredericton, began on Monday July 6th, to vote on the question of church union under Dominion statute voting by ballot. Voting will continue until July 22nd, when, at a congregational meeting, the result of the polling will be announced. This congregation on June 22nd, voted by roll call and, after a considerable proportion opposed to union had withdrawn, the vote stood 328 for union and three against.

All Set For the Calgary Stampede

1. Cowboys in the Parade. 2. "Bucking Sally." 3. Cowboys in the making. 4. The old coach resurrected. 5. Hoot Gibson and Sergt. Kendall, late of the R.C.M.P. 6. The Old Chief. 7. Roy Hutchison does his stuff. 8. "Coyote" Frank gets dumped. 9. The Covered Wagon.

The Jubilee Historical Pageant and Stampede commemorating the 50th anniversary of the coming of the Mounted Police to Calgary and the birth of the city will be the centre of attraction of the West for all Canada, and commences July 6th lasting to July 11. It will furnish the chance of a lifetime for tourists to get something entirely out of the ordinary from the usual trip to the West and the Mountains. Among the attractions there will be Hoot Gibson, the well-known movie cowboy star, who will be making special motion pictures of the celebrations, and who will be supported by fifty of a staff from California. In the Historical Pageant some 18 to 20 floats will be used representing different periods in the history of the West and Calgary's development. The plan for the Pageant involves the representation of twenty episodes which show in colorful detail the history of the West before and after the coming of the white man. There will be the pre-civilization

Indian period, then the coming of the Explorers, Fur Traders and Adventurers of the 18th century, the arrival of the Catholic Fathers, the lawless period of the first settlers, the coming of the mounted Police, the Riel Rebellion, the coming of the railway, the intensive development of the West, the Great War, call to arms, and finally Calgary and the West today are to-day, the Granary of the West. The high lights of the Stampede will be the individual exhibitions of

buck-jumping by the best cowboy riders of the West who will gather from far and near to the celebration. Somewhere around 1,500 horses will be used in the Grand Parade, which it is estimated will be about five miles long. Universal Film Company are making a rousing Western feature out of the Show and will aim at producing a Canadian "Covered Wagon" from the spectacle. The Stampede will undoubtedly be the high light of the West and will surely stand as a great record of achievement for many years to come.

HERES A QUESTION OF THE HOUR

Are Canadians Cultivating Extravagant Tastes?

Are Canadians loyal to their own vegetable and fruit growers asks the Natural Resources Intelligence Service of the Department of the Interior.

A glance at the reports of foreign vegetables and fruits imported into this country gives reason for serious thought as to whether we are not cultivating an extravagant taste for out-of-season and imported vegetables and fruits.

For instance, in the month of January of this year, we bought from the United States 2,086,665 pounds of ordinary potatoes, valued at \$25,372, in a year when there were ample supplies of Canadian potatoes available, while in January of 1921 we bought but 95,865 pounds, valued at \$2,341. We bought \$2,342 worth of cabbage in January this year, against \$1,730 last January. In the past fiscal year we bought outside of Canada 1,034,866 bushels of ordinary potatoes, valued at \$835,497, and cabbage valued at \$253,379 or more than a million dollars spent outside of this country for these two vegetables while we had plenty of them at home.

For canned vegetables, such as beans, peas, corn and tomatoes, we spent \$801,675 in the twelve months outside of Canada. In fruits, we bought in the United States in the twelve months 172,101,064 pounds of dried apples, worth \$32,906, or \$900,832 for imported apples while Canada holds the world's record for quality, and has ample supplies. Other fruits which we bought in large quantities were, plums, \$835,212; strawberries \$764,593; Peaches \$507,859; peaches \$608,318; grapes \$862,298. For bananas we paid \$4,194,017, for oranges \$7,409,805 and for lemons \$1,029,569.

This large quantity of vegetables and fruit was purchased by Canadians in large part while the growers of these products in Canada were searching for markets in which to sell their products.

Canada is so geographically situated that she is for a portion of the year, dependent for variety in fresh fruits on more southerly countries but there appears to be a tendency to unduly cultivate the taste for imported fruit. Undoubtedly a great portion of the money sent out of Canada for these products could be sent with our own vegetable and fruit growers, to the benefit of the original growers, and of the country as a whole. It would be worth while for dealers to give this matter serious thought and try to intensify the demand for Canadian produce.

DRIVING CLUB'S COMMENDABLE WORK

At a meeting of the Miramichi Driving & Sporting Club Tuesday evening it was decided to prosecute a strong campaign for increased membership and a large committee was appointed to carry on this work. The Club represents the last chance Chatham has of keeping in the racing circuit and it deserves support from the community in general in its efforts to keep this racing track in the forefront of the province. Every membership ticket that is taken helps the Club to this desirable end.

A committee of five members are going to Woodstock to get definite assurances that the N. B. and Maine circuit horses with its stellar free for all attractions will come here for the meeting at the end of July.

The Advocate \$2.00 Yr.

PACT NEGOTIATIONS EXPECTED SHORTLY

That formal negotiations for a security pact were likely to begin within a few days was announced in the course of a debate in the House of Lords, which threw little additional light upon the British government's views on that question.

The debate, initiated by the Earl of Oxford and Viscount Grey turned largely on the subject of arbitration and Lord Balfour for the government, deprecated Great Britain's assumption in eastern Europe of any responsibilities beyond those already undertaken under the League of Nations.

With that proviso, said Lord Balfour, no dispute could arise between France, Belgium, Germany and Great Britain which could not be submitted to arbitration or declined to carry out the arbitral decision and restored to force, then the other parties to the pact would be bound to throw their whole strength into defending the nation subjected to each outrage and gross violation of international morality. On the general question, Lord Balfour said: "We desire nothing that can reflect on Germany's position; nothing that German pride or policy need object to."

Their Opportunity

Prorogation of the Federal House on the 27th ultimo will cast the members adrift for the summer season and give them an opportunity of dropping around to visit their constituencies and electors. It will enable the ones who are so fortunate or so persistent as to secure substantial money grants for public works in their constituencies to explain that their labors for the constituency entitle them to renomination at some early future date. The members who did not insist and secure similar grant may have some explanations to make, but all in all that should not entail any serious consequences, as under existing conditions the member who has not insisted upon something for his particular locality, irrespective whether or not the grant were a pressing one, is in the better position, as he may truthfully assign as his reason, financial stringency and economy.

"There will not be more than one session after this." Contains a vast store of indefinite information as to when we may expect a Federal election. The impression however, is that the election may not take place this fall. Be the impression what it may, there is ever present the possibility that some unforeseen eventuality may bring about an election with a suddenness which none had expected. Elections often come like a "bolt from the blue" and should it come before "one session after this" many would not be surprised and few would be disappointed other than such as would lose another sessional indemnity.

MARKET IN GREAT BRITAIN FOR CANADIAN FISH

Present indications are that daily supplies of 500 to 1,000 tons of fresh fish from Canada could find a market in Great Britain, declared J. J. Howie, of the Department of Marine and Fisheries, Ottawa, speaking before the convention of the Canadian Fisheries Association. J. J. Harpell, also of the Department of Marine and Fisheries, Ottawa, urged the necessity of developing the cooperation spirit in the fishing industry. Honesty, intelligence and cooperation, he contended must be taught. The producer, he stated, should have a reasonable thought for the consumer with whom cooperation was necessary.

Mr. Cowie in making his plea for new markets, for Canadian fish, said it was his opinion that the question of shipping Canadian fish to Great Britain was one well worthy of serious consideration and full investigation. "If we were able," he said, "to secure a foothold in the British market for the fresh product, it seems that this would go far towards preventing the outflow of our young fishermen to the United States." He advocated that this new market for Canadian fish could be developed by such methods as would employ the individual fisherman all along the Atlantic coast and that care should be taken against glutting the England market. There was no reason, he stated, why the trade could not be developed if sufficiently low freights could be arranged. The advisability of shipping fresh fish from Halifax to Liverpool and London markets, he added, has already been proven by practical shippers.

"BUY AT HOME"

Monster Tuna Taken in Canadian Waters

As a writer of stirring tales of the border and the mid-western states in the early days, Zane Grey has made an enviable record for himself, but now along he comes with another—a fish story—and better still, presents the proof in photograph, so that his yarn does not take on the semblance of a dream or a good bit of story-telling.

Tuna, weighing nearly half a ton, are the reward of ambitious anglers who fish in Nova Scotian waters, particularly in St. Ann's Bay, off Cape Breton. Three mammoth tuna have been taken from this locality, each holding the world's record in turn.

Captain Laurie D. Mitchell's 710 pound tuna held a record for a number of years, till along came J. E. L. Ross of Montreal, well known as an owner of racing horses, director of the Canadian Pacific Railway and his skill as a fisherman. He landed a tuna after a 3 1/2 hours' fight, that measured 9 ft. and 2 in. in length, and 6 ft. in girth, and tipped the scales at 712 lbs. thus winning the honour of record tuna fishing from Captain Mitchell by 2 lbs.

His record seemed secure, when along in August, 1924, came Zane Grey and his brother, R. C. Grey, eager to catch big tuna. They used a Nova Scotian-built schooner, a staunch little craft admirably adapted to their plans and needs. They got

BATHURST CURLING CLUB MAKES PLANS

At a specially called meeting of the Bathurst Curling Club, it was decided to make some alterations in the curling rink. The special committee who have been looking into the condition of the building brought in a recommendation to rearrange the club rooms and also change the curling area. These were accepted by the meeting and a committee named to proceed with the work at once. Under the proposed change there will be three sheets of ice instead of four. These three sheets will be available all the curling season, while under the present layout only the two centre sheets are in use all the time. The club rooms will be located at the front of the building on St. Andrews street instead of the rear as now.

Here and There

"Barring accidents, we are in for the greatest wheat crop in the history of Canada," says Andrew Kelly, of the Western Flour Mills. Mr. Kelly thinks the prairie wheat crop this year is off to the best start it ever had.

The first lot of Scottish boys enrolled as farm apprentices for Canada arrived recently on the Canadian Pacific Liner "Metagama." They were brought out under the auspices of the British Immigration and Colonization Association in cooperation with the Canadian Pacific Railway.

Canada's progress in the world of letters is illustrated by the fact that there is a Canadian literary section as one of the features of the Canadian pavilion at the British Empire Exhibition at Wembley. It presents French-Canadian and English-Canadian literature from the earliest dates down to 1924.

Ten conventions, comprising almost 3,000 delegates, will be held in Montreal between now and August 31, according to an announcement by the Montreal Tourist and Convention Bureau. It is hoped to obtain the 1926 Kiwanian Convention for this city which would mean that some 7,000 Kiwanians will visit Montreal next summer.

The Crystal Gardens, the splendid new pleasure resort for the city of Victoria, B.C., will be opened at the end of June and will form one of the unique attractions of that city. It will be both a winter and summer garden and possesses a salt water swimming tank, claimed to be the largest on the continent. Citizens of Victoria are already using the Gardens prior to its official opening.

Screening at the Capitol Theatre, Montreal, of the scenes through which the University of Montreal across-Canada trip and the similar journey of the Teachers' Federation of Canada will pass, attracted a large and appreciative audience. The film was a revelation of the beauty of Canadian cities and scenery. The University of Montreal trip will start from that city July 7 and will return July 28. The trip of the Teachers' Federation will commence July 20 and will conclude August 10.

Frank W. Ashby, secretary of the Manufacturers' Association of Australia, a recent visitor at Banff, said he found Canada to have a most delightful climate and "cities which are more modern than our own." Mr. Ashby said the impression in Australia had been that Herschell Island and Baffin's Bay were linked up municipally with Montreal and Winnipeg, and thought that the best way to correct these geographical misconceptions was to encourage more tourist travel from other parts of the Empire.

That 44 beer now selling in the Province of Ontario had met with approval and was considered quite satisfactory by people of the province was the statement of Premier G. Howard Ferguson prior to his departure recently for England on the Canadian Pacific Liner "Empress of Scotland." Mr. Ferguson will endeavor to interest British and foreign capitalists in the industrial development of Ontario province.

W. J. Uren, Assistant General Superintendent, Quebec District, Canadian Pacific Railway, recently presented thirty employees of the system with certificates of First Aid, covering first to fourth year work. Mr. Uren said about thirty per cent of Canadian Pacific Railway employees had passed examinations in First Aid and he was gratified to think that no accident could occur on the system without the high probability of there being some person on the spot who could afford expert First Aid.

WANT VOTE BY BALLOT
On behalf of non-concurring Presbyterians of St. James' Church, Newcastle, Major R. T. D. Altken has filed with Mr. G. G. Stothart, Clerk of the session, a requisition duly signed by members of the congregation, requesting that a vote of St. James' Church be taken under the Dominion Act. This act requires that the vote be taken by ballot and the poll to remain open for a period of two weeks.

ENJOYABLE PICNIC
The residents of Lower Derby held a community picnic at Wilson's Point on Wednesday July 8th. As the day was an ideal one for a picnic it was very much enjoyed by all. About 80 people including 45 children enjoyed a delicious supper. Many thanks to Messrs. Wm. and Russell Mullin, Ralphie O'Donnell, Thomas Newman and Jack Taylor for conveying the people to and from the picnic grounds.

SEARCHERS ABANDON SEARCH FOR LOST CHILD
Searchers who have been scouring the woods near Doaktown for Millet Arbeau, 2 1/2 years old son of Mr. and Mrs. Howard Arbeau, missing since last Monday, have temporarily given up the search. Those who were in charge of the parties are convinced that if the little fellow is still in the woods he is now dead. No trace of him has been found since his mother left him standing beside a brook with a red kerchief in one hand.

GAVE PASTOR RECEPTION
The churches of Harcourt, Beersville and Clairville have voted to continue in the Presbyterian church in Canada, Beersville voting unanimously against entering the United Church. To mark this striking victory for religious liberty the loyal Presbyterians of Harcourt, Beersville, Clairville and Call's Mills, who saved their churches, gathered at the Manse on Wednesday evening and gave a rousing reception to their minister, Rev. T. Lewis Williams, B. D., whose vigorous and able leadership contributed so largely to the victory.

A COMPLETE RECOVERY
Little Roxy Russell, the seven year old daughter of Mr. and Mrs. W. E. Russell of this town and who was so severely burned on the 14th of July 1924, returned to her home from the Miramichi Hospital on Friday, July 10th, for the first time since receiving her injuries. The young child spent a full year with the exception of 4 days in the hospital, where she was continually under treatment, in charge of Dr. J. E. Park. The injured child has completely recovered and her miraculous escape from death is due entirely to the efforts of Dr. Park and the Miramichi Hospital staff. The many friends of the child and child will be glad to hear of her complete recovery.

BORN
To Mr. and Mrs. David Whitney, Curventon, July 1st, 1925, twins, 2 boys; Wm. Everett and Allan Bur-ton.

STOTHART MERCANTILE CO. LTD

OFF TO TOURNAMENT
Fire Chief Fallon and ten men of the Fire Department left Monday for Charlottetown, P. E. I. to take part in the Firemen's Tournament which is to be held there this week.

SUPERVISED EXAMS
Mr. H. H. Stewart of Sunny Brae was in town last week supervising at the exams for Normal School, Superior and Matriculation candidates held in Harkins Academy.

DELIGHTFUL PICNIC
The Men's Club and the Young People's Club of the Methodist Church held their annual picnic at Bushville on Wednesday. It was a most enjoyable outing, which was largely attended.

SUCCESSFUL PICNIC
St. Mary's Congregation held their annual picnic on the old Convent Grounds last Wednesday afternoon. It was a most successful affair, over \$1000 being realized.

MARRIED
David J. Newman of Lower Derby, and Belinda Margaret Jardine, daughter of Mr. Alfred Jardine, of Underhill, N. B., were united in marriage at the Methodist Parsonage, Newcastle, N. B.; July 3rd; 1925.

SUCCESSFUL DRAWINGS
Mrs. Lester Jeffery of Newcastle drew the package with the Diamond Ring and Mr. McNamee of Nelson drew the Ladies Wrist Watch at H. Williston & Co.'s Package Sale.

FIRE ALARM
The Fire Department was called out last Saturday at noon for a fire in Dr. J. E. Park's barn. The blaze originated in some hay but was soon extinguished on the arrival of the department with no damage resulting.

SALVATION ARMY
The Glace Bay Quartette of the Salvation Army, en-route to Ontario on a motor tour, will stop off at Newcastle on Tuesday 14th, and will be at the local headquarters at that evening for a concert program. The Public is cordially invited.

ONLY ONE MORE CONVENTION LEFT
The convention of the Opposition party of Victoria county was held on Monday afternoon, July 13th at Andover. When the candidates in Victoria county have been chosen there will be only one more Opposition convention to be held, namely, that in Northumberland county, for which the date has not yet been fixed.

FAST HORSES TO RACE HERE
Delegates from the Miramichi Driving and Sporting Club returned Friday morning from Woodstock, where they made complete arrangements for the Chatham track to take over the Saint John dates in the Maine and New Brunswick Circuit for July 29th, and 30th. Entries for the free-for-all include Autopace, Jackson Gratton, Valley Day and John R. Braden, who will make his first start on New Brunswick tracks this year on the speedy Chatham track. Horse fans on the North Shore are jubilant over the fact that the North Shore's track is now included in the Maine and New Brunswick circuit and will give it all possible backing for the races in July and during the coming exhibition.

TOURISTS CAMP HERE

A party of tourists camped near Mr. R. H. Gremlay's residence, King's Highway on Saturday and spent the day in a most enjoyable manner.

SHIPPING NOTES

A small steamer arrived Tuesday to load lumber at Sinclair's mill for the United Kingdom. The spoil wood steamer is completing her cargo at Newcastle. The Danish three masted schooner Ornen, which has been waiting for a charter for the past two weeks, sailed Tuesday for Port Daniel, P. Q. where she will load lumber for West Coast of England or East Coast of Ireland at 80 shillings per standard. The steamship Edmondson Manor and the steamship Helena are bound to Miramichi, to arrive shortly, to load for F. E. Neale.

A PRODIGY

To the Editor of the Union Advocate:
Dear Sir,
As one of your subscribers and a constant reader of The Advocate, I have a surprise for you. I have a heifer here on my farm that is at this writing just one year and three months old that gave birth to a calf on the first day of July instant. I don't know whether you call this a prodigy, but I do. The breed is a mixture of Jersey and Holstein. This is at least a curiosity and you can publish the incident if you wish.
Yours very truly,
THOMAS QUINN,
Blackville, N. B. July 9th 1925.

Sentenced To Five Yrs. In Mar. Penitentiary

Five years in Dorchester penitentiary was the sentence imposed upon Richard Arbeau when convicted before Magistrate A. S. Demers of stealing from the post office at Blissett. From the evidence adduced, it developed that Arbeau had been suspected of stealing from the post office over a considerable period and the testimony given at the hearing today the magistrate said, justified him in finding the accused guilty and imposing the penalty.

DIED

At Newcastle, N. B., on 13th July 1925, E. Maud Davidson, daughter of the late Allan A. Davidson. Funeral Wednesday, July 15th. Service at the home at 2:30 p.m. Funeral at 3 o'clock. Interment in St. James' Cemetery.

Canadian National Railways,
Montreal, Que.
July 9th, 1925. 28-3

N. B. MUST VOTE BY FEDERAL ACT

Rev. F. G. MacIntosh speaking before the Presbyterians in Fredericton last week stated that he had been advised that all the snap votes that had been brought on in New Brunswick, where communicants were required to declare themselves upon the Union question openly and in many cases in the presence of their pastors who had sought to intimidate them, were utterly void, and that the attorney General of New Brunswick had given it as his opinion, of which the Unionist Ministers were well aware, that every congregation in New Brunswick was entitled upon the presentation of a requisition as provided by the Dominion Union Church of Canada Act, to vote by ballot according to the provisions of that Act upon the question of whether they would or would not remain in the United Church. Mr. MacIntosh said that there were a

number of churches, whose illegal votes were now being reported, in which requisitions would be made for a proper ballot vote. He was convinced that these open votes were sprung on by the Unionists simply as a scheme to openly pledge communicant members in the presence of their ministers and with the idea that this would prevent many of them, if a ballot vote were later demanded from voting as their own hearts and consciences dictated. The question would finally have to be settled in the courts.

MUST PAY OWN BILL

A bill from Sheriff J. B. Hawthorne for expenses of his visit to Montreal to engage the services of Arthur Ellis hangman, in the execution of Williams, was turned down by the council on unanimous vote. Councillor Greenlaw moving and Councillor Lester seconding the motion. The bill was for \$2.30. The expense of the second visit, which was necessitated by a fake message to the effect that Ellis could not act, were met by the Sheriff himself. The council declined to pay the bill on the ground that hangman's duties are part of a Sheriff's duties and should be attended to by the sheriff without expense to the municipality.

The Advocate \$2.00 Yr.

Quality STABLES' GROCERY Service.
