The copy filmed here has been reproduced thanks to the generosity of:

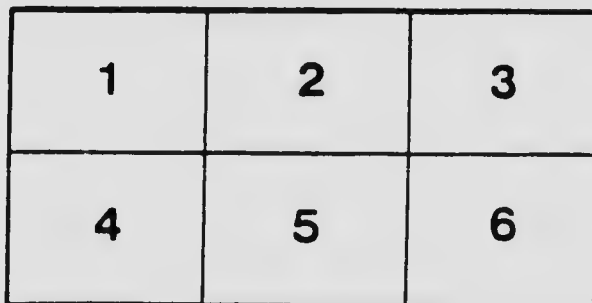

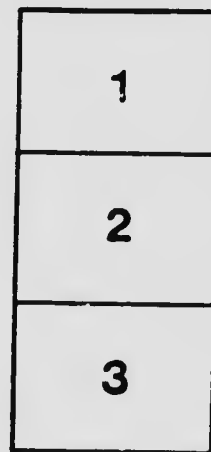

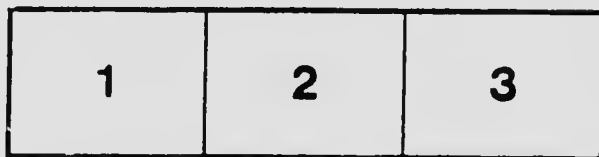

British Columbia Archives and Records Service.

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contains the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

British Columbia Archives and Records Service.

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Collegiate School

Victoria, B. C.

THIS SCHOOL was founded about thirty years ago in Victoria, for the purpose of providing a sound training, mental and physical, on the lines of the great Public Schools of England. Careful religious instruction is included in the curriculum, unless parents express any definite wish to the contrary.

The Religious Instruction is based on the principles of the Bible. The boarders attend the Anglican Church, but they may at their parents' or guardians' wish attend any place of worship to which they may be accustomed.

Day scholars are required to conform in every respect to the regulations laid down.

Particular stress is laid on the fact that a competent staff of masters will always be maintained sufficient to ensure adequate individual attention being paid to each pupil. In accordance with this plan careful tuition is thus given to backward boys.

There is a well-equipped Gymnasium in which classes are held by a competent teacher once a week for senior and junior boys.

Recent successes include Entrance Examinations for the English Public Schools ; Trinity College; Port Hope; the Navy ; McGill University Matriculation ; Preliminary Law ; Preliminary Surveyors' Examinations.

The spacious Schoolhouse, apart from the main building, the Recreation Grounds, Cadet Corps and Gymnasium, appeal strongly to parents who appreciate home-like surroundings for their sons during their school life.

The ordinary School Course includes a sound education in Classics, Mathematics, English, French, German, English and Canadian History, Drawing and Religious knowledge. Special attention is paid to Dictation, Spelling, Writing and Neatness.

Technical Education, comprising instruction in Carpentry, Chemistry and Electricity, can be arranged when desired.

Boys are prepared for the Universities in England and Canada, the Royal Navy, the English Public Schools, the Royal Military College, Kingston, Banks and Commerce.

The discipline and general organization of the School are based upon the system of the English Public Schools. In accordance with this, Prefects are appointed by the Head Master to undertake certain duties and responsibilities in connection with discipline, for which they are entitled to certain privileges.

Boys over fifteen years of age are only admitted to the School on producing testimonials of moral conduct from the Head Master of their previous schools, or from the Clergy of their respective districts.

Half a term's notice is required before the withdrawal of a pupil, whether boarder or day scholar, otherwise a half term's fees must be paid. This notice must be written and sent to the Head Master.

F E E S

The fees for board and tuition inclusive of Laundry, School Games and Drill are as follows :

Boarders over 12 years	\$125	per term.
„ under “	\$120	“ “
Weekly Boarders	\$95	“ “
Day Scholars over 12 years	\$30	“ “
“ “ under “	\$20	“ “

When two or more brothers attend the school together, a reduction of five per cent. is made for each pupil.

A charge of \$2.00 per term is made for Stationery and \$2.00 for Gymnasium.

Each day Scholar pays \$2.25 for School Games and Drill and \$2.00 for Stationery.

Books are extra and are supplied at wholesale prices.

Day Scholars may have dinner at the School at the rate of \$1 per week, or 20c. per meal.

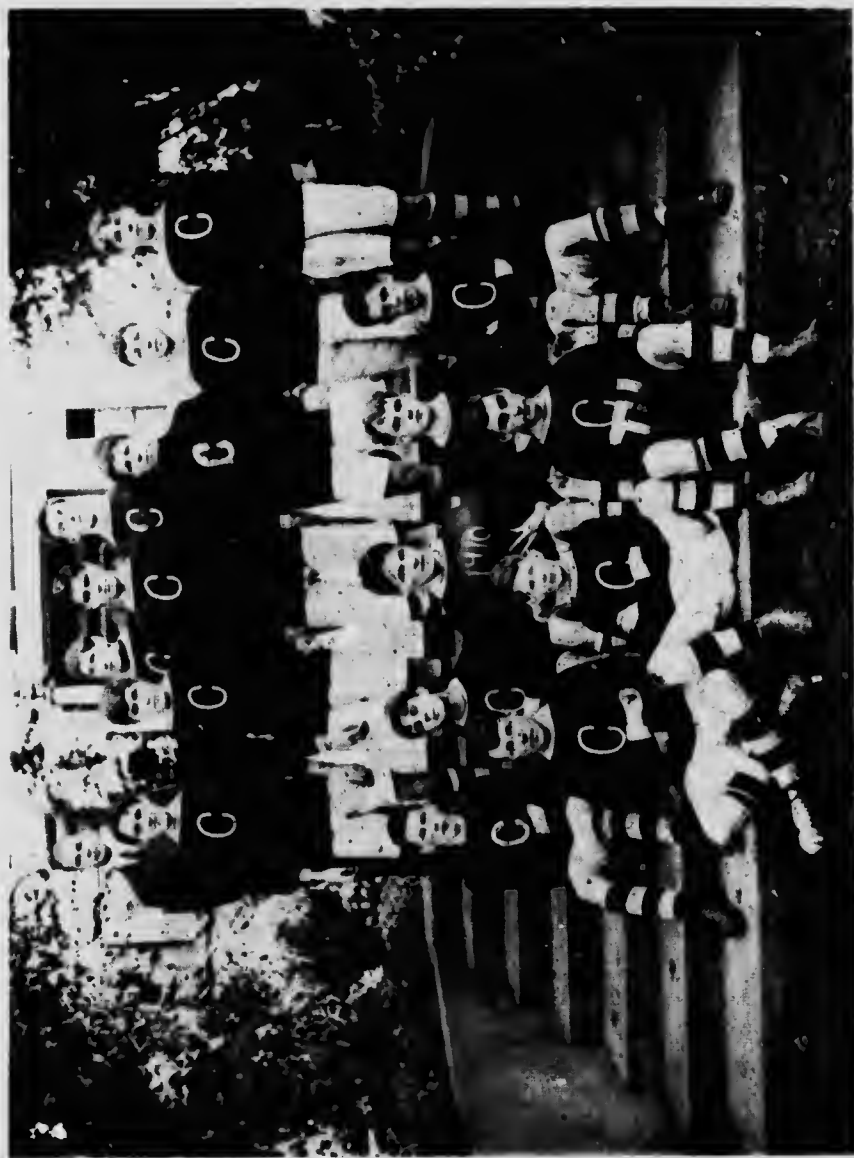

Great care will be taken to avoid extra charges.

CADET CORPS

There is an organized Cadet Corps (No. 108) in the School. The only expense consists of \$9, for which a uniform, puttees, service cadet cap and shoulder strap badge are provided. Arrangements have been made for shooting at the rifle ranges, which are close to the school. An indoor rifle range at the Drill Hall is also available for the Cadets.

HOME REPORTS

Reports on class standing, progress and conduct of pupils are sent to parents or guardians at the close of each

The School is divided into two departments, known as the Upper and Lower School.

The School possesses an excellent Library containing over 350 carefully selected volumes.

General Regulations for Boarders

The domestic arrangements of the Boarders are under the supervision of a Matron and assistant Matron, whose duties include the care of the dormitories, the health of the Boarders, and the inspection and mending of their clothing.

Very careful attention is directed to the boys' meals, both as regards the maintaining of a thoroughly wholesome and liberal diet and of the general deportment at table.

All Boarders are always under the supervision of the Master on duty.

Boarders from a distance are allowed to remain in residence during the Christmas and Easter Vacations at a charge of seven dollars a week for board.

Each boy is supplied with from ten to twenty-five cents per week for pocket money, which will be charged to his account at the end of the term, from which will be deducted the cost of all unreported damage and breakage.

Each Boarder is expected to bring with him the following articles, each of which should be marked with the name in : boots, etc., included :

Victoria, B. C.
June 1st, 1911

Mr. A. D. Muskett,
Collegiate School,
Victoria, B. C.

Dear Sir :

I have much pleasure in stating that I consider your School a thoroughly safe place for a boys' Boarding School. It is situated in the most beautiful part of Victoria. The building is modern and comfortable and the grounds can scarcely be improved upon. The Collegiate School has been singularly free from contagious diseases since it was opened. I have been professionally in touch with it for several years and am in a position to state that the institution has been troubled very little with illness amongst the boys.

(Signed) R. L. FRASER, M. D.
Dominion Health Officer.
