

55,000, CENTRE ISLAND
Very unique position: 4-roomed, plastered house, large verandah and fire-place; large lot with good garden.

The Toronto World

SPACE TO RENT
In New Standard Bank Building, King and Jordan Sts., excellent light, best equipped in the city.

PROBS: Cloudy and milder; light falls of sleet and rain. TWELVE PAGES—THURSDAY MORNING JANUARY 26 1911.—TWELVE PAGES 31ST YEAR.

NEW BANK WILL HAVE CAPITAL OF \$10,000,000

An Outcome of Rodolphe Forget's Recent Visit to France—Branches in All the Large Centres of the Dominion—Large Deposits Expected From France.

MONTREAL, Jan. 25.—(Special.)—Canada will soon have a very large addition to her present banking capital, and this will no doubt lessen the stringency existing at times during certain seasons of the year.

French Depositors. It may be said that he has been assured the underwriting of the full amount of the capital, mentioned above, as well as the further assurance that as soon as the bank is started properly deposits from old France will be forthcoming to an amount of many times the capital of the institution.

A Great Enterprise. It is also known that very large interests here have offered to co-operate with Rodolphe Forget in his great enterprise. The member for Charlevoix stated to-day that he would not be a director.

BOURASSA SAYS GREY TRIED TO STEER CLERGY
Nationalist Leader Attacks Governor-General in His Paper, Le Devoir.

MONTREAL, Jan. 25.—(Special.)—Henri Bourassa, in a second article headed "The Navy and the Clergy," supporting the theory that the British Government aims at their conversion to the imperial religion.

MINE EXPLOSION. WILKES-BARRE, Pa., Jan. 25.—An explosion of powder of gas at the Higginson No. 10' Colliery, at Pittston today, wrecked a section of the mine and killed or injured a number of workmen.

Fighting for Welland Canal. Advice are being received by F. G. Morley, secretary of the board of trade, from different parts of the province that a very active interest is being manifested in the reopening of the Welland Canal.

Will Use Wireless. PORT ARTHUR, Jan. 25.—The Canadian Pacific and Northern Navigation companies will use wireless telegraphy during the winter and, when in service next summer, will be in constant touch with Port Arthur with the Marconi station recently established here.

Bodies of Wreck Victims. Owing to snow delaying traffic, the bodies of R. A. Chapman and F. Hunt, Toronto travelers killed in the railway wreck last Saturday, will not arrive until some time to-morrow.

Dominion Steel Offices Burned

Many Valuable Papers Lost—Building Was Worth \$50,000—Telephone Operator Had Very Narrow Escape.

HALLIFAX, Jan. 25.—The general offices of the Dominion Steel Corporation at Sydney were this afternoon destroyed by fire which originated in the company's central telephone office.

In the efforts to save the effects in the offices, volumes of important papers, prints and files were lost in being thrown from the windows. A great vault, where many valuable papers were filed, broke thru the floors and crashed into the basement.

LIBERTY OF THE SUBJECT More Important Than Prevention of Undesirable Immigration.

CAPE TOWN, Jan. 25.—In connection with the agitation for the exclusion of Asiatics from South Africa, Baron de Villiers, chief justice of the supreme court of South Africa, has just given an interesting decision in the appellate court, reversing the decision of the lower courts, which declined to issue a registration certificate to an Indian on his attaining the age of sixteen, and ordered his deportation.

DRIVER HURT, HORSE DROWNED After Getting Loose From Wagon, Frenzied Animal Plunged Into Bay.

One man was injured and a horse drowned as the result of a runaway in Spadina-avenue last night at 10:30. The horse was driven south near College-street, when it was frightened by the cars.

MUNRO FACES CHARGE OF SIGNING FALSE RETURNS Crown Considers Former President of Farmers' Bank Ignored Warnings.

One more summons was issued yesterday in the Farmers' Bank case, and another will be issued to-day. Col. Munro, the bank's last president, has been charged with signing false returns to the government at Ottawa, and a summons charging a prominent Toronto citizen with a violation of section B of section 139 of the bank act.

ROYAL VISITS. LONDON, Jan. 25.—The intention of the King and Queen to pay state visits to Edinburgh and Dublin in July is now officially confirmed.

Cost of Grant Investigation. WOODSTOCK, Jan. 25.—According to a report submitted to the Oxford County Council to-day, the cost of the grant investigation is nearly \$5000 to date, as follows: Noble Detective Agency, \$2000; V. O. Cameron, solicitor for committee, \$450; witness fees \$284; serving papers \$908.85; E. F. B. Johnston's fees will be about \$1000.

Blaze at Port Arthur. PORT ARTHUR, Ont., Jan. 25.—A fire this afternoon threatened to wipe out the foreign element known as the "coal dock district," but was subdued after the destruction of two houses.

WHY SHE GETS LEFT

MOTORMAN PUGSLEY: On the wrong side, missus.

CLUNG TO SINKING SHIP FOR FOUR DAYS Crew of Nova Scotia Schooner Rescued and Brought to Boston in Emaciated Condition.

BOSTON, Jan. 25.—Their gaunt faces and emaciated bodies testifying to the horrors thru which they had passed while clinging to their sinking ship for four days, and subsisting only on raw meat and condensed milk, to six men of the Canadian schooner Helen Shafner, were brought into port to-night aboard the fishing schooner Josie.

LOOKS LIKE DISAGREEMENT. WHEELING, W. Va., Jan. 25.—At 10 o'clock the Schenk jury, having reached no verdict, was ordered locked up for the night.

ROYAL VISITS. LONDON, Jan. 25.—The intention of the King and Queen to pay state visits to Edinburgh and Dublin in July is now officially confirmed.

Cost of Grant Investigation. WOODSTOCK, Jan. 25.—According to a report submitted to the Oxford County Council to-day, the cost of the grant investigation is nearly \$5000 to date, as follows: Noble Detective Agency, \$2000; V. ARE PREPARED TO ADAPT PUBLIC OWNERSHIP

Large Number of Western Members Took Part in Debate on Terminal Elevators—Heroic Measures Needed to Check Improper Admixture of Grain.

OTTAWA, Jan. 25.—(Special.)—The time of the house of commons to-day was devoted to a discussion of a resolution proposed by W. M. Martin (Regina), that in view of the conditions existing in the terminal elevators at Port William and Port Arthur, such "measures be adopted by the government as will more effectually prevent the improper admixture of grain" delivered to the terminal and transfer elevators thru which the grain of the western provinces might pass.

A large number of the western members took part in the debate, and opinion divided as to the necessity of public ownership. It is interesting to note, however, that many declared that if public ownership was the only remedy they were ready to adopt it.

Dr. Schaffner (Souris), a Conservative member, goes further than his opponent, and has a resolution on the order paper calling for "government operation" at once.

In support of his motion Mr. Martin said that this was undoubtedly an important question which affects every class of people in the west and Canada as a whole. During the present session a number of important delegations had waited upon the government, but none of more importance than that composed of western farmers, with whose recommendations he was in accord.

Eliminate Private Gain. Mr. Martin then quoted from the report of the royal commission on grain in justice, and said that the finding of that body went to show that the troubles of the western farmers were due to their inability to get sufficient cars, now the west is well supplied with cars, but the farmers find that they are not getting a fair deal at the terminal elevators.

Improper Admixture. Houghton Lennox asked Mr. Martin a couple of questions on the conclusion of his speech. What was improper admixture of grain? Was it to be direct government elevators administered or thru a commission?

Not Even Half a Loaf. Dr. Schaffner (Souris) said that on the principle that half a loaf was better than no loaf at all, he would support Mr. Martin's resolution, but he believed an operation would have to be performed on it to make it produce even half a loaf.

Opposed to Public Ownership. J. G. Turfitt (Assiniboia) said it was the duty of the government to point the way to such reforms as had been suggested as necessary.

The Universal Library

Bound in blue leather, gilt top, a broken list of titles, but still enough to make a good selection. Friday bargain23

—Book Section—Main Floor.

SEVERAL CHANGES MADE ON EXHIBITION BOARD

Flourishing Condition Subject For Congratulation at Annual Meeting.

With 107 out of the 115 members of the Canadian National Exhibition Association in attendance, the annual meeting was held yesterday in the city hall. President George H. Gooderham, M.L.A., occupied the chair, and the chief interest centred in the election of representatives of the manufacturers and agricultural sections of the board of directors. There were ten nominees in the former and fourteen in the latter, with eight to be elected in each instance. John A. Cooper was replaced in the manufacturers' section by John Firstbrook, and J. De Dixon and R. J. Score were the new members who succeeded in getting the necessary number of votes for election in the agricultural section. W. J. Stark went down to defeat in this section, and the other vacancy was caused by the retirement of Wm. Smith of Columbus, Ont.

Mayor Geary delivered a brief address of welcome, making special reference to the outside interest manifested in the exhibition as a factor in its success. He also touched briefly on the substantial sum of \$42,058.13 which the exhibition had netted the city.

Hon. J. S. Duff, provincial minister of agriculture, offered a suggestion that the grant of \$2500 from the government could be well employed in making special inducements in the way of prizes for particular classes to bring out the best that was in them.

W. K. McNaught, M.L.A., said that the suggestion of the minister of agriculture had been anticipated by the board, which proposed offering \$1000 for a special prize in the horse section and the same amount in the cattle section, with possibly a \$200 special in some other section. He paid a tribute to the memory of the late Dr. Andrew Smith.

The president Gooderham reviewed the remarkable growth of the exhibition in the past five years.

George C. Creelman, of the Ontario Agricultural College, suggested the introduction of demonstrators in packing apples, spraying fruit trees, pruning trees, and also the establishment of experimental plots.

Edward Kidd, M.P., Robert Davies, J. Kent, Ald. Dunn, Ald. Graham, George Booth, H. G. Snelgrove, Geo. E. Gibbard and R. J. Stevens also addressed the meeting.

The annual report was presented, showing the revenue to be \$28,797.92, with expenditures of \$280,664.16, leaving a balance of \$63,233.75. The general cash statement showed the profits on the year paid over to the city to be \$26,683.10, and balance to the credit of the association of \$10,000 to begin the year 1911. Special subscriptions totalled \$761.24, and subscriptions to the prize list were \$239.

Edward Kidd, M.P., introduced a resolution requesting the city council to make an appropriation sufficient to cover the cost of extending the concrete walk, boulevard and driveway from its present easterly limit in front of Exhibition Park to the end of the present wall at the new fort. The motion carried.

The result of the balloting which was not announced until after the meeting closed, was as follows:

Manufacturers' section—Geo. Booth, C. A. E. Brown, John Firstbrook, W. K. George, Geo. H. Gooderham, Noel Marshall, W. K. McNaught, Jos. Oliver, Agricultural section—W. W. Ballantine, Toronto; J. J. Dixon, Toronto; H. V. Frankland, Toronto; Thos. A. Graham, Clarendon; John G. Kent, Toronto; Robt. Miller, Stouffville; R. J. Score, Toronto; Lt.-Col. Williams, Toronto.

Those with the eight members elected by the city council, and Hon. J. S. Duff, will constitute the board of directors. They will meet next week to elect a president and vice-president.

BE FAIR.

As ye would that men should do unto you, do ye to them. Luke xii. 31. Put the Golden Rule into practice. Judge men not by single acts, but by the sum of their acts up to date. When men fall—Be fair. Some contend with an ancestry with a downward pull. Yours is quite the opposite. Be fair.

Some struggle with temptations, trials and environment, of which you know nothing. The wonder is not that they failed, but that they stood so long. Be fair.

Put yourself in his place who has stumbled. If you had faced like conditions with his past, and without the influences that have made you strong, would you have failed? Be fair.

Look for strength in people, not weakness; for good, not evil. Most of us find what we search for. Be fair.

What if the failure has been distressing? As a rule he suffers most whose lapses from that which is true and good is saddest. Lift him up; don't push him down. Be fair.

Jesus was always fair. He has been so with you. In spite of your ingratitude and rejection, He gives you the best of His great love. Some day you will be called upon to tell Him why you were not fair with Him.

Be fair to one another's burdens and so fulfill the law of Christ.—Galatians vi. 2.

WITH THE EVANGELISTS

Many More Converts Added to the Fold at Last Night's Meetings.

While the attendance at Massey Hall last night did not equal that of previous revival meetings, this was probably due to a misunderstanding on the part of the public, as it has been customary for the chief revivalists to rest on Wednesday, but owing to the Christian Workers' Convention a change was made.

Dr. Chapman emphasized the importance of immediate repentance regarding eternal things, and after meeting in the basement was attended by about 600.

At Central Methodist Church last night, in response to an appeal from Rev. G. R. Stair, that all Christians in the large assembly should rise, everyone present did so. The evangelist will address a special sermon to men at 3 P.M. Sunday.

Persons outside the city intending to visit Toronto for the remaining revival meetings are notified that unless they ask for standard certificates from the railways they will not get reduced rates.

SENATOR JONES PRESIDENT

Johnston Harvester Co. Shareholders Give Effect to Reorganization.

At the annual meeting of the shareholders of the Johnston Harvester Company, held at the head offices of the company in Batavia, N.Y., yesterday, three directors of the Massey-Harris Company, viz., Senator L. Melvin-Jones, Joseph N. Sweeney and Thomas Findley, were elected as directors.

At a subsequent meeting of the directors, Senator L. Melvin-Jones was made president of the company, G. A. Farrell, vice-president and general manager, L. D. Collins, treasurer and assistant general manager, and E. Atwater, secretary. Mr. Farrell, Mr. Collins and Mr. Atwater are residents of Batavia and are continuing in the active management of the company.

FLIGHT AGAIN POSTPONED.

KEY WEST, Fla., Jan. 25.—J. A. D. McCurdy, the Canadian aviator, who had planned to fly from this place to Havana to-day, was compelled to postpone the attempt on account of unfavorable winds. At 6 o'clock to-night the indications were that the unfavorable conditions would continue. McCurdy said he would attempt the flight as soon as the wind permits.

UNIVERSITY GLEE CLUB.

Annual Concert Takes Place This Evening and Will Be Brilliant Affair.

The annual concert of the University of Toronto Glee Club, with the Toronto string quartet assisting, takes place in Convocation Hall to-night. It promises to be one of the musical and social events of the season. Nearly every seat has been taken and the few remaining can be had at Nordheimer's up to 5 o'clock this afternoon or by phoning Main 7077.

New Station at North Toronto?

Rumor was circulated yesterday that an agreement has been signed by the officials of the C.P.R. and C.N.R. for the erection of a new union station at North Toronto. It is understood that the new depot will be built on Rowanwood-avenue. Local officials do not deny the report, but as no official announcement has yet been made they decline to talk on the subject.

Dr. Elliot Named.

A new applicant for the position of chief medical inspector appears in the person of Dr. George Elliot of Beaverly-street. Dr. Elliot is well known in the medical world, having been for 9 years general secretary of the Canadian Medical Association.

THE REVIVAL AT WALTER ROAD.

Fact 1. In the green pastures of Walter-road district, the "King's business" is done leisurely. There is no crowding thru the choir gates, or eagerness where the flock assembles. There are virgins who still come late and disciples who are heavy with sleep. Admitting that the service of song is springtime in the evangelistic valleys, can Walter-road expect much of a harvest for the King if one-half are late or absent?

Fact 2. The problem of a choir for evangelistic services is not yet solved at Walter-road. Who has demonstrated it elsewhere? On the Lord's first day of the week they are very much in evidence in all these splendid temples; while on this other day of the same Lord there were present 25 ladies and five gentlemen. All honor to them, and Mr. M. B. Nafziger, their leader, who has learned his trade, living night to his Master. But those empty chairs ought to haunt the dreams of every chorister. For there are still wooden seats in the King's choir.

Fact 3. The clergy no doubt could make excuse for joining the "Business" from 15 to 20 minutes late. When pioneers had a bee in a fallow, the lingers had an uneasy beginning. Here the rain had been falling and the seed scattering with "What a Friend We Have in Jesus," "Hallelujah, What a Saviour," etc., but the preachers only took a hand later. This will do something to ease the consciences of their leading sopranos or basses who are not assisting. It may be part of the answer, too, as to why the "King's Business" has not attracted the city.

Fact 4. Twelve pews in the body of the church were seated as follows: 107 women, about evenly divided between old and young; 12 men with hoary locks, 6 middle-aged men, 5 young men. This was an average portion of the congregation. Does it represent the enthusiasm for evangelism in a union of churches having a membership of over four thousand? If so, it is the work of women, and a few of the patriarchs. Fifteen of the citizens who are making this city a commercial and political capital have here shared their time with the King of Life.

Fact 5. The exchequer is pining for funds. It was an apostle who said: "And now as to the collection, etc. It may be worship; it ought to be. But no part of a service needs finer rendering than the announcement of the offering. Would it not have been the policy of a good body of directors to have called a business meeting, as an after service, and tell the patriarchs and women of Israel that before they pray their evening prayer to the King He wants no man to be in debt because of Him? But to break the news of an empty treasury to men in a harvest field does not make the sweat of their faces cooler, but is apt to chill the brave spirit of toil.

Fact 6. His Satanic Majesty has his kingdom even around the church spires of Walter-road. Dr. Elliott had the following letters: A brother, humor; husband and wife, careless; middle-aged couple, indifferent; man of 70 years of age, without God and hope; young man, under conviction. "Hear us, Heavenly Father, on behalf of these," was the leader's direct appeal to heaven.

Fact 7. Walter-road ought to congratulate itself on having the services of Dr. Elliott as a preacher-evangelist. A good voice, a good head and a good heart! He has been considerably around the Lord's vineyard and very much alive therein. If the "old-time religion" needs popularizing to-day, the King could send very few of His servants who could take the duty better. But He is liable to forget that there are only four seasons in an evangelistic meeting, as in the year, and He occupied two of them. In fact, He sows the last of the ridges too thickly. A thing is well done when it is done once. But there was not a puff of satisfaction during the forty-minute address. His points were: There is a great salvation. It is being neglected. How shall we escape the consequences? Fact 8. There were about 22 bands of music, and a number of young ladies who timidly indicated that they wanted the great salvation. Some well dressed young men, who raised their serious faces and hands to appeal for help. A man or two also came out, probably conscious of their "neglect."

Fact 9. Mr. Nafziger's gospel song must have helped to a stronger decision. As he sang of "How dark this world must be without Christ" his Montreal Mr. Terry approached the Bishop of Montreal, who called a meeting of his clergy for the purpose of organizing a branch of the union.

Postmaster Burned Out.

CORNWALL, Jan. 25.—During the absence in Ottawa of James Currie, postmaster at Cryder, and his wife, their residence took fire, in some unknown manner, and the interior was pretty well gutted. The loss is covered by \$1000 insurance.

EDDY'S MATCHES

their faces cooler, but is apt to chill the brave spirit of toil.

Fact 6. His Satanic Majesty has his kingdom even around the church spires of Walter-road. Dr. Elliott had the following letters: A brother, humor; husband and wife, careless; middle-aged couple, indifferent; man of 70 years of age, without God and hope; young man, under conviction. "Hear us, Heavenly Father, on behalf of these," was the leader's direct appeal to heaven.

Fact 7. Walter-road ought to congratulate itself on having the services of Dr. Elliott as a preacher-evangelist. A good voice, a good head and a good heart! He has been considerably around the Lord's vineyard and very much alive therein. If the "old-time religion" needs popularizing to-day, the King could send very few of His servants who could take the duty better. But He is liable to forget that there are only four seasons in an evangelistic meeting, as in the year, and He occupied two of them. In fact, He sows the last of the ridges too thickly. A thing is well done when it is done once. But there was not a puff of satisfaction during the forty-minute address. His points were: There is a great salvation. It is being neglected. How shall we escape the consequences? Fact 8. There were about 22 bands of music, and a number of young ladies who timidly indicated that they wanted the great salvation. Some well dressed young men, who raised their serious faces and hands to appeal for help. A man or two also came out, probably conscious of their "neglect."

Fact 9. Mr. Nafziger's gospel song must have helped to a stronger decision. As he sang of "How dark this world must be without Christ" his Montreal Mr. Terry approached the Bishop of Montreal, who called a meeting of his clergy for the purpose of organizing a branch of the union.

Postmaster Burned Out.

CORNWALL, Jan. 25.—During the absence in Ottawa of James Currie, postmaster at Cryder, and his wife, their residence took fire, in some unknown manner, and the interior was pretty well gutted. The loss is covered by \$1000 insurance.

SOCIETY NOTES

Dr. Augusta Stowe-Gullen will receive on Friday, Jan. 27, and Friday, Feb. 24, and again this season. Mrs. William Adams will receive to-day at the Waldorf Apartments, 1255 West King-street.

Miss Grace MacKenzie of Toronto, youngest daughter of Sir William Mackenzie, and Count Jacques de Lesseps, the French aviator, were married in London at St. James' Church, Spanish Place, yesterday. Mr. and Mrs. W. J. O'Hara will arrive next week from London, England, and will be the guests of Mrs. H. R. O'Hara, 55 Bernard-avenue.

Mrs. Percy Barrett, Lambton Mills, will receive on Monday, Jan. 30, from 3 to 6 o'clock, and on the third Thursday in March.

Mrs. William Macmillan of Wilson-avenue will receive to-day for the last time this season.

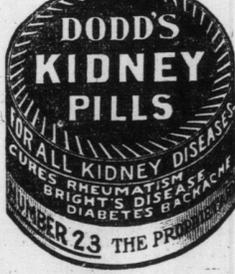

Mrs. J. J. Kerr Coulter and the Misses Coulter, Sherbourne-street, will receive this (Thursday) afternoon, and afterwards on the first Monday, as usual. Mrs. Walton H. Routledge of Regina will receive with her mother, E. J. M. Nash of the Royal Mail Steam Packet Co., New York, in the town.

NEWSPAPER MAN HURT.

BERLIN, Ont., Jan. 25.—Finlay L. Weaver, bookseller and proprietor of The Live Wire and a member of the Nix Outing Club, while enjoying a toboggan ride at Bridgeport last night met with a bad accident.

A party was coming down the hill, when the toboggan struck a snag and overturned. Mr. Weaver sustained several scalp wounds and a cut over his eye, but these are superficial, and he was reported late last night to be doing well.

Mr. Weaver is well known as a newspaper man and is Berlin correspondent of The Toronto World. He was formerly in the staff of The Mail and Express.

Epilepsy, Spasms, St. Vitus' Dance

"I suffered for many years from what some people call epilepsy. Dr. Miles' Restorative Nervine cured me, and you can imagine how thankful I am."

M. I. COFFMAN,
Coldwater, Mich.

"My daughter was cured with Dr. Miles' Restorative Nervine after having been afflicted with fits for five years."

PETER MCAULEY,
Springfield, Mass.

"For a year my little boy had spasms every time he got a little cold. Since taking Dr. Miles' Nervine he has never had one of these spasms."

MRS. MYRTLE DAGUE,
Rochester, Ind.

"My daughter couldn't talk or walk from St. Vitus' dance. Seven bottles of Dr. Miles' Nervine entirely cured her."

MRS. NANNIE LAND,
Ethel, Ind.

"Until my son was 30 years old he had fits right along. We gave him seven bottles of Dr. Miles' Restorative Nervine. He has not had a fit since he began on the fifth bottle."

MRS. R. DUNTLEY,
Wautoma, Wis.

Price \$1.00 at your druggist. He should supply you, if he does not, send price list, we'll mail it prepaid.

Hockey Juniors Play Fast Game

Boxing Many Bouts

Bowling League Scores

Note and Comment

The weatherman will likely keep tonight's friendly games on the list. Also there can be no more District Cup curling for a day or two. However, everyone is hoping for keen ice for the Tankard games that begin next Tuesday.

There was an unsatisfactory ending to the wrestling bout last night; that is, supporters of the two men, the losers are not satisfied. Therefore, according to the traditions of the game, the pair must be matched over again.

An old Toronto boy writes from Chicago of the indoor track on the last Saturday night, to draw attention to the great showing that one of our old boys made. He finished second in the last week. He finished second twice. He started three times, won three second places, and is a dangerous man at the game. He is now weighing close to 150 lbs. and looking like a picture of health. It is too late to have started this before, instead of rowing and boxing. The only thing he says he misses is the "big" in Chicago. McGee sends his regards to all his Toronto friends.

Because of the persistent report that Tex Rickard wants to get up another Jeffries-Johnson fight, Billy Delaney has offered to match Al Kaufman with Jeffries and get \$10,000 on the side. Delaney says that the only cause for renewed interest in a meeting between Jeffries and Johnson is that Al Kaufman is a sporting man who is in touch with pugilistic affairs. He says that Jeffries, contrary to the general belief, has not been taking proper care of himself.

Fight critics from Rochester, Utica, Baltimore and Buffalo are all for the Billy-Alien-Abel. Abel beat all credited Allen with having more or less of a hold on the return match. No decisions are allowed in New York State, and thus the following opinions of the experts are valuable. S. Clifford Sterrett, The Rochester Democrat and Chronicle: "The shade, because he was the more aggressive." Leo, Rochester Times: "Give it to Allen, but I don't think that he'll win as good as he used to be." Harry Cohen, sporting editor of The Syracuse Journal: "Allen's right all the way." Charlie Huck, the reporter of The Syracuse Journal: "Allen's right all the way." C. Beckett, Syracuse Herald: "Allen is entitled to credit for showing a fight. He finished fast and landed the cleaner blows." F. P. Follen, sporting editor of The Post Standard, said that he thought Allen could not be given worse than a draw, if by a slight show-up gives it to Allen by a shade.

FENCING DATES.

The following fencing dates for 1911 have been arranged: Y.W.C.C. elementary contest, Jan. 28. Ladies' (Y.W.C.G.) Y.M.C.A. handicap, Feb. 4. Y.M.C.A. Form Cup contest, Feb. 17. Dominion Y.M.C.A. championship, March 17 and 18. Ladies' city championship (for silver cup and gold medal), at Y.W.C.G., April 7. Canadian championship (international championship, at Y.M.C.A.), Nov. 10, 11, Ontario championship, Dec. 29 and 30.

Colborne Defeats Belleville.

KINGSTON, Jan. 25.—(Special.)—Colborne defeated Belleville in the final for the District Cup by a score of 4 to 1 in a league game. Kingston defeated Brockville by 2 to 1.

Every Maple Leaf Link Up.

Scarboro Maple Leafs and the old Scarboro Club played a friendly game on Tuesday, which was a success for both. Scarboro, A. Patterson, 22; S. Middleton, 8; W. Thompson, 21; D. Brown, 20; W. G. Rennie, 15; G. Little, 11. Total, 109. Scarboro, 58. Total, 167.

Central Y.M.C.A. for Buffalo.

Every member of the Central Y.M.C.A. track team who has been entered for the indoor meet at Buffalo on Jan. 8, is in great shape. Halibus has been running in particularly good style on the yard track, and if his man beats him he will have to go very fast. Tresider never was better, and although he will be run the best three miles of his career to beat the Central track. A large crowd will accompany the boys as they start. The don has been very fortunate in securing a block of seats right at the finishing line, which he will sell to those purchasing excursion tickets for the sum of 25 cents.

Two Horses Killed at Tampa.

TAMPA, Fla., Jan. 25.—An accident in the first race today resulted in the death of two of the starters, Glyde and Hate, and the serious injury of two jockeys. Hate, with Glyde up, was leading when he suffered a broken artery and fell. Casey and Glyde, who were trailing the leader, were also killed. Glyde was killed by a broken artery and Hate was killed by a broken artery. Glyde had a broken leg and was destroyed.

Ernie Sutton Scores Knock Out.

HALIFAX, N.S., Jan. 25.—A ten-round bout for the lightweight championship of Eastern Canada was scheduled for tonight between Jack Ryan of Prince Edward Island, who claimed the championship of the Maritime, and Ernie Sutton of the R.C.R., Halifax, who claims to be the lightweight champion of Canada. The men fought only one round, Sutton landing several heavy blows on his opponent's face and body, knocking him senseless, and he was counted out. Ryan suffered some from the first round, but he was evidently undeterred, and was a badly bruised and beaten man at the end.

Boxing Bouts Tonight.

The chief item on the program tonight at the Athletic Club is the ten-round bout between A. H. Lake (U.A.C.) and Tom Currie (St. Andrew's A.C.) and an eight-round exhibition bout on the card between two known boxing champions, and a good array of vocal talent will appear. Currie and J. Ward will occupy the chair, and Hughie Stevenson will referee the boxing.

U.C.C. WIN OVER T.R.M.E. ST. MIQUELS WERE AHEAD

Half Time Score Was 3 to 1 for St. Michaels—Full Time 3 All and Final 5 to 3—Scores.

The Junior O.H.A. hockey game at Mutual-street rink yesterday afternoon between Upper Canada College and St. Michaels was won by Upper Canada in overtime, by 5 to 3. Half time score 2 to 1 in favor of St. Michaels. The game was one of the hardest fought Junior games played this season and also one of the most interesting. The earlier part of the game was considerably St. Michaels, but as the game progressed the Upper Canada boys had the better of the play. La Rue scored the first three goals of the match in short order, and Tuck got Upper Canada's first power, making half time score 2 to 1 in favor of St. Michaels. The second half was simply great, both teams went at it hard and clean, and the score was 3 to 2 at the end of the first overtime. Upper Canada were going much better than St. Michaels and notched two goals from after play started in the overtime. Tuck, center, scored the trick, both goal clerks doing the trick. Both goals were performed in commendable style and stopped many that looked like they would never be scored. They say that Jeffries, contrary to the general belief, has not been taking proper care of himself.

Upper Canada (5): Goal, Armstrong; point, Clarke; cover, Clarke; rover, Tuck, center, Ellis; rough, left, Heistman. St. Michaels (3): Goal, Gorman; point, Broderick; cover, Culliton; rover, Bell; center, La Rue; right, Clemens; left, Shaw. Referee, E. J. Livingston.

Midland 6, Barrie 4. BARRIE, Jan. 25.—Barrie went down and out to-night when Midland trimmed them 6 to 4 in a very close game. Collingwood. They have a very strong team and should finish well up. Barrie gave them a hard game all the way and might have won but for a bit of hard luck. At half time the tally was 3 to 3. The line-up: Goal, Scott; point, Hanley; cover, Gould; rover, Navine; center, Chase; left, Hastings; right, Lavender. Referee, G. Caldwell of Barrie.

Belleville Loses Again. PICTON, Jan. 25.—A big crowd to-night Picton won, defeated Belleville by a score of 7 to 1. The line-up: Belleville (5): Goal, Toozie; rover, Dubois; cover, Lane; center, Mallen; rover, Chichester; left, Croft; right, Lightfoot. Picton (7): Goal, Nicoll; point, H. Burgess; cover, G. Jones; rover, J. Jones; rover, Duxie; left, Duxie; right, Crossitt. Referee, Andy Kyle.

Waterloo Again Trims Berlin. WATERLOO, Jan. 25.—Waterloo showed that their defeat of Berlin last Monday was no fluke by repeating the dose to-night in heavy going, winning their third straight game by 5 to 2. The locals were decidedly the superior of the visitors, having much the better of the game and at that playing a man short for the greater part of the game. Waterloo (6): Goal, Jones; point, Fovey; cover, Macnamara; rover, Day; center, Smith; left, G. Macnamara; right, Rodgers. Berlin (3): Goal, Lehman; point, McGee; cover, Lehman; rover, Lehman; center, Dumart; left, Frood; right, Anderson.

Stirling 7, Madoc 4. MADOC, Jan. 25.—Trent Valley League match played here to-night, Stirling v. Madoc. The score was 7 to 4 in favor of Stirling. The line-up: Stirling (7): Goal, Graine; point, W. Whitty; cover, Sayer; rover, Hough; center, Whitty; right wing, Dawkins; left wing, Mitchell. Madoc (4): Goal, Rylott; point, Fine; cover, Moran; rover, Rylott; right wing, Smith; right wing, Chambers; left wing, Moon.

Guelph 7, Berlin 3. GUELPH, Jan. 25.—(Special.)—Guelph Intermediates won from the Intermediates of Berlin in the Royal City Rink here to-night in a fast and clean game of hockey as has been seen here for many years. The score was 7 to 3 and the local scorers leading were in both halves of the game. Guelph's defence was stronger, their forward line were faster and played with better combination. At half time the score was 3 to 2 and it was 18 minutes before the first goal was scored. W. Kneil, the referee, has very few bad impulses, as both teams showed a tendency to play clean fast hockey. McDonald, Keady, Lindsay, and particularly the senior group, the stars for Guelph and Siebert and Truschnski the stars for Berlin. The line-ups were as follows: Guelph (7): Goal, Heilmann; point, Keady; cover, French; rover, MacDonald; center, Wells; left, Lindsay; right, Buchanan. Berlin (3): Goal, Heilmann; point, Higgins; cover, Truschnski; rover, Seibert; center, Heilmann; left, Solomon; right, Fortner. Referee, Kneil.

The T. A. A. C. vs. Eaton Game. The game between T.A.A.C. and Eaton's next Wednesday night is the topic of much discussion and sporting circles in the present time both teams have defeated the Rowing Club and the game will about decide the winner of the senior group. The T.A.A.C. team is a fast, well-balanced one, with such players as McCreech, Lindsay, and particularly the senior group, and Dion (they have the Macintosh pretty well cornered); the Eaton team is also well supplied with speed, with such players as McCreech, Hyland, Preston, and Rankin on their line-up. Granted fast ice this game should be one of the "tit-bits" of the season. The two Eddies, Powers and Livingston, look for a victory for their respective teams. Mr. Livingston stated that his team will not only win this game, but that he expects them to cop the senior championship. Mr. Powers is not saying much, but he thinks that his "big" will occupy the chair, and when the bell rings and be prepared to put up the game of their lives.

Peterboro Defeats Lindsay. LINDSAY, Jan. 25.—By defeating Keene, Campbellford and Lindsay, Peterboro won the District Cup here today. Lindsay bumped into Peterboro after defeating Cannington, and went down by ten shots.

HOCKEY RESULTS

O. H. A.—Intermediate. Guelph..... 7 Berlin..... 3 Baden..... 6 New Hamburg..... 2 Midland..... 6 Barrie..... 4 St. Michaels..... 3 Paris..... 5 Watford..... 11 Chatham..... 1 Junior. Upper Canada..... 5 St. Michaels..... 3 Penetang..... 10 Midland..... 8 Kingston..... 2 Pictouville..... 2 St. Thomas..... 4 Ingersoll..... 2 West Toronto..... 8 Milton..... 0 Trent Valley. Stirling..... 7 Belleville..... 1 Donalton..... 1 Western Ontario Pro. Waterloo..... 5 Berlin..... 3 Brantford..... 7 Galt..... 5 Northern League. Paisley..... 1 Walkerton..... 5

Baden 8, New Hamburg 2. BADEN, Ont., Jan. 25.—The Intermediate O.H.A. game played here this evening between New Hamburg and Baden was won by the home team by a score of 8 to 2. Baden (8): Goal, Trench; point, Kaufmann; cover, Miller; rover, Arnold; center, Russell; left, Miller; right, Troup.

Engineers 5, Basement 1. In the "Ble Store Hockey League" at Little Victoria Tuesday night, the Engineers' Dept. defeated the Basement team, last year's pennant winners, by a score of 5 to 1. In all branches of the game the winners easily displayed their superiority. Jimmie Branch made a very satisfactory referee and reports a clean game throughout. Among those very prominent on account of their absence was Flooman Campbell, who, it was fully expected, would be on hand to see his romancing conform to the team line-up as follows: Engineers (5): Goal, Stewart; point, Twigg; rover, Sanford; right, Gibson; center, Murray; left, Bessie; left, Gibson. Basement (1): Goal, Forsythe; point, Roddy; cover, Sanford; rover, Gregory; center, Lesell; right, White; left, Burkholder. Referee, James Preston.

London Win Group by One Goal. PARIS, Ont., Jan. 25.—Paris and London played a tie intermediate game here today 5 to 5. The teams lined up as follows: London (5): Goal, Parkinson; point, Carruthers; cover, Wagner; center, Orr; rover, Tockey; left, Cassidy; right, Collins. Paris (5): Goal, Fraser; point, W. Peckler; cover, Gilt; center, Thomson; rover, G. Gilt; left, Peebles; right, W. Gilt. Referee, Kinder, Preston.

Paisley 11, Walkerton 6. WALKERTON, Jan. 25.—Paisley defeated Walkerton on Wednesday in a Northern League game to-night, the score being 11 to 6. The locals had a number of new players and the checking on both sides was hard, and the game was a hummer from start to finish. The line-up: Paisley (11): Goal, Ellis; point, Irwin; cover, Bryan; rover, Stanley; center, Robinson; left wing, Shepherd; right wing, Forrester. Walkerton (6): Goal, Huck; point, Heffernan; cover, Logan; rover, Rise; center, Oberle; left wing, Woodman; right wing, Eblit.

St. Marys 3, Listowel 2. ST. MARYS, Jan. 25.—The Intermediate O.H.A. game played here to-night between Listowel and St. Marys was one of the fastest games of the season, but the home team won out by some clever work. The rink was packed, Listowel bping down some two hundred rooters. The final score was 3 to 2 in favor of the home team. The line-up: Listowel (2): Goal, Heilerkhan; point, Rostov; cover, Thompson; rover, Burt; center, Spence; left, Wilson; right, Gibson; right wing, Schinbell. St. Marys (3): Goal, Weeks; point, Cunningham; cover, Logan; rover, Riddell; center, Schultze; left wing, Lee; right wing, Stricker.

Central Y.M.C.A. Excursion to Buffalo, C.P.R., Jan. 28. Leave 1.15 p.m. Fare \$2.10.

Practices to-night at Mutual-street Rink as follows: 8:30—St. Michaels, 9:00—St. Michaels, 9:30—St. Michaels, 10:00—St. Michaels, 10:30—St. Michaels, 11:00—St. Michaels.

The Parkdale Hockey Club are running an excursion to Stratford on Monday, Jan. 30. Train leaves at 10:30 a.m. o'clock; returning, leaves Stratford at 11 p.m. Fare, \$2.05.

Varsity Juniors and Parkdale Juniors meet to-night at Mutual-street Rink in a Junior O.H.A. championship game.

Toronto Cribbage League. Sons of England A team won from the Queen's Own Sergeants in a Toronto Cribbage League match by 23 to 12, last night.

Central Track Team Excursion to Buffalo, C.P.R., Jan. 28. Fare \$2.10.

Ten Rounds in New York. NEW YORK, Jan. 25.—Knockout Brown and Bert Kevess, both lightweights, went ten fast rounds in a close finish to-night at the Empire Athletic Club, but Brown was entitled to the decision on points and aggressiveness. They switched between 126 and 135 pounds and both finished fresh. Before the bout, the managers for Champion Walsgar and Brown agreed to post a forfeit of \$100 each if the fighters were in Philadelphia on Feb. 5 in a six-round bout, it shall be at 132 pounds, weight at 9 p.m. The bout is called for 9:30 p.m.

McFarland Outpoints Young Eans. PHILADELPHIA, Jan. 25.—Packy McFarland of Chicago had a decided advantage over Young Ernie of this city in their six-round bout here at the National Athletic Club to-night. There was not a moment after the first round that the Chicago boy did not show his superiority over the Philadelphian. Ernie was slow and often missed swings which left beautiful openings for McFarland's jab and hooks. In the fifth round McFarland rushed Ernie and at the close of this round had the Philadelphian covering up. Ernie weighed at least ten pounds more than his opponent.

Varsity Trim West End. Fast Game on West End Floor—Score 40 to 34. Varsity and West End seniors played one of the best games of basketball seen this season, when the college boys got a 40-to-34 decision over the West Ends on the latter floor. The checking on both sides was hard, and the game was a hummer from start to finish.

C. Q. Y. C. Annual Banquet. The annual banquet of the Queen City Yacht Club will be held in McConkey's on Friday night, when there is a special prize given for the best impersonation of "Mutt and Jeff." Bud Fisher's two popular characters will appear daily in "The World." Mr. J. C. Eaton, Mr. W. H. Greenwood, Mr. H. B. Somerville have kindly consented to judge this event.

Dukes Take Two. The Dukes from the Athenaeum alleys visited the Gladstone Club last night and won two games from the Gladstones. The score: Dukes..... 140 124 126-387 Jefferys..... 126 112 128-367 Mowatt..... 144 130 156-430 Hull..... 111 114 122-347 Totals..... 744 647 771-2161 McGreary..... 133 170 148-451 Bullen..... 174 118 124-416 Mowatt..... 127 115 120-362 Gills..... 166 158 148-472 Totals..... 726 774 696-2116

Globe Drops Two. The Sunday World won the odd game from the Globe in the Morning Section of the Printers' League yesterday afternoon. The scores are as follows: Sunday World..... 2 3 2 T.I. R. Kerr..... 113 165 115-391 W. R. James..... 121 150 128-400 A. Thompson..... 139 155 161-455 Bennett, Aberdeens..... 143 151 141-434 C. Wilson..... 189 179 184-552 Totals..... 685 726 649 2117

The Globe..... 1 2 3 T.I. L. Paries..... 117 135 164-498 F. Moyse..... 120 140 131-391 J. Shaw..... 178 186 186-550 E. Richardson..... 184 185 129-498 W. Beer..... 165 116 132-433 Totals..... 794 694 671 2159

Central League. In the Central League last night, the Brunswick won three games from the Royal Grenadier Sergeants. Cator was high man for the night, with a 549 count. Following are the scores: Cator..... 171 237 175-549 P. Pethick..... 143 197 145-490 Not out..... 178 186 186-550 Doughty..... 143 176 189-488 A. Brydon..... 127 168 182-483 Totals..... 765 889 790 2414

Royal Canadian League. The Robins won all three from Hawks in the Royal Canadian League last night. The scores are as follows: Robins..... 1 2 3 T.I. Lonsdale..... 158 202 156-515 Bulley..... 121 151 145-417 A. Johnston..... 179 201 212-592 C. Logan..... 178 188 173-539 Totals..... 647 738 742 2127

On Athenaeum Alleys. In the Athenaeum Association last night the Aberdeens were showing in their old time form, totaling 2683, and McMillan from the Atkins' Colts, Billy Scott was there with his big 639 count. The scores follow: Y. L. Leung..... 136 110 157 344-475 Hartman..... 163 162 210 535-705 Totals..... 298 272 307 901 1571

Rosedale Two-Man League. In the Rosedale L.O.O.F. Two-Man League last night, the Yellow Roses won four games from the Queen Roses, and Rambler Roses and Tuberoses broke even. The scores follow: McDonald..... 136 110 157 344-475 Hartman..... 163 162 210 535-705 Totals..... 298 272 307 901 1571

Eaton's Skating Carnival To-night. The skating carnival of the Eaton Athletic Association takes place this evening at the skating rink. There is a special prize given for the best impersonation of "Mutt and Jeff." Bud Fisher's two popular characters will appear daily in "The World." Mr. J. C. Eaton, Mr. W. H. Greenwood, Mr. H. B. Somerville have kindly consented to judge this event.

Dukes Take Two. The Dukes from the Athenaeum alleys visited the Gladstone Club last night and won two games from the Gladstones. The score: Dukes..... 140 124 126-387 Jefferys..... 126 112 128-367 Mowatt..... 144 130 156-430 Hull..... 111 114 122-347 Totals..... 744 647 771-2161

Rowing Club Three-Man League. The Longboats won all four from the Duplex in the T.R.C. Three-Man League last night. The scores: Longboats..... 3 4 3 4 T.I. Sheridan..... 187 149 90 103-529 Argyle..... 145 156 219 301-723 Purdie..... 127 125 132-482 Bennett..... 142 156 178-477 McGreary..... 59 125 157-342 Totals..... 724 749 799-2282

Toronto Cribbage League. Sons of England A team won from the Queen's Own Sergeants in a Toronto Cribbage League match by 23 to 12, last night.

Central Track Team Excursion to Buffalo, C.P.R., Jan. 28. Fare \$2.10.

Ten Rounds in New York. NEW YORK, Jan. 25.—Knockout Brown and Bert Kevess, both lightweights, went ten fast rounds in a close finish to-night at the Empire Athletic Club, but Brown was entitled to the decision on points and aggressiveness. They switched between 126 and 135 pounds and both finished fresh. Before the bout, the managers for Champion Walsgar and Brown agreed to post a forfeit of \$100 each if the fighters were in Philadelphia on Feb. 5 in a six-round bout, it shall be at 132 pounds, weight at 9 p.m. The bout is called for 9:30 p.m.

McFarland Outpoints Young Eans. PHILADELPHIA, Jan. 25.—Packy McFarland of Chicago had a decided advantage over Young Ernie of this city in their six-round bout here at the National Athletic Club to-night. There was not a moment after the first round that the Chicago boy did not show his superiority over the Philadelphian. Ernie was slow and often missed swings which left beautiful openings for McFarland's jab and hooks. In the fifth round McFarland rushed Ernie and at the close of this round had the Philadelphian covering up. Ernie weighed at least ten pounds more than his opponent.

TORONTO TYPESETTING

Put in a 919 Count in Middle Game—Globe Drops Two in Morning Section.

In the Evening Section of the Printers' League, at the Toronto Bowling Club last night, the Toronto Typesetting team, champions of the first series, after losing the first game to Dunlop & Rose by their smallest total of the season, started a battling rally in the second game, and after the smoke had cleared away a 919 total was hung up as a result of the slaughter. With the White Elephants' appetites partly appeased as a result of the first encounter, they were more humane in the last, which they won by only 109 pins, with an S.I. total. Norman Mansure, the manager of the White Elephants, owes the defeat in the first game to lack of practice. The scores: Dunlop & Rose..... 1 2 3 T.I. Hales..... 132 154 112-448 Lowe..... 176 162 151-472 Johnston..... 149 130 136-468 Bennett, Aberdeens..... 132 128 161-424 Wilson..... 170 173 181-524 Minty..... 170 173 181-524 Totals..... 758 741 611 2334

Tor. Typesetting..... 1 2 3 T.I. Lajoie..... 131 176 143-450 Johnston..... 142 137 167-446 Nelson..... 149 130 136-468 Parkes..... 165 164 173-502 Maguire..... 169 181 183-530 Totals..... 750 919 851 2538

Business Men's League. At the Toronto Bowling Club last night, Hayes Plumbing won two out of three games from Levek & Co. in the Business Men's League series. Poor rolling was the cause of the defeat. The scores: Hayes Plumbing..... 1 2 3 T.I. Lehave..... 135 128 100-463 J. McBride..... 135 147 183-464 G. L. Dos..... 127 128 125-480 Zeagman..... 160 151 166-477 F. McBride..... 178 182 166-496 Totals..... 705 681 728 2114

Levek & Co..... 1 2 3 T.I. Davidson..... 152 164 149-475 G. L. Dos..... 127 128 125-480 Cates..... 94 123 134-391 McCausland..... 148 189 129-466 McLaughlin..... 162 141 129-432 Totals..... 685 765 667 2114

Apple League. In the Apple League at the Toronto Bowling Club last night the Duches won the odd game from the Russes, the leaders in a postponed series. The scores: Duches..... 1 2 3 T.I. C. Dawson..... 119 166 140-425 G. L. Dos..... 127 128 125-480 F. Kingston..... 123 149 125-396 Stronach..... 146 165 123-434 G. Everist..... 150 138 182-478 Totals..... 725 764 674-2063

Russes..... 1 2 3 T.I. McCausland..... 123 128 125-480 McCabe..... 129 136 168-427 McKimley..... 121 161 137-419 Walker..... 162 159 125-446 Kennedy..... 141 128 189-458 Vick..... 122 154 190-546 Totals..... 620 617 630 1907

On Athenaeum Alleys. In the Athenaeum Association last night the Aberdeens were showing in their old time form, totaling 2683, and McMillan from the Atkins' Colts, Billy Scott was there with his big 639 count. The scores follow: Y. L. Leung..... 136 110 157 344-475 Hartman..... 163 162 210 535-705 Totals..... 298 272 307 901 1

Baraca Football Club

A social evening will be held by the Baraca football players on Friday night at eight o'clock in the Central Presbyterian Church parlors, corner St. Vincent and Grosvenor, when members are invited to be present. An interesting debate on "Is Soccer Football the Best All-Canada game" will be held. The speakers will be Mr. F. Holt and Mr. G. Blair of the football section and two members of the baseball section. A good program has been arranged by the social committee. The Baracas will have a few changes in the team this spring season.

DESCOMNETS, THRU MUD WINS MONGRIEF FEATURE

Jack Parker Second and Herbert Turner Third in Tallahassee Stakes—Results and Entries.

JACKSONVILLE, Fla., Jan. 25.—The weather conditions continued unpleasant at Jacksonville this afternoon, a drizzling rain falling. Descomnets, the favorite, won the Tallahassee, Selling Stakes of \$1000, very cleverly, from Jack Parker, which beat Herbert Turner for the place. Wrap, making her first start here, was the medium of a heavy plunge in the third race, her price steadily dropping from 12 to 1 to 1, and the books were hard hit when she led for the entire distance, winning in a canter. Summary:
FIRST RACE, \$400, 2-year-olds, 3 furlongs:
 1. Rose of Jeddah, 118 (Koerner), 1 to 3 and out.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Chief Jackson, 118 (Walsh), 20 to 1, 1 to 1 and 5 to 2.
SECOND RACE, \$1000, 2-year-olds, 3 furlongs:
 1. Descomnets, 112 (Koerner), 1 to 3 and out.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Chief Jackson, 118 (Walsh), 20 to 1, 1 to 1 and 5 to 2.
THIRD RACE, \$400, 2-year-olds, 3 furlongs:
 1. Ed. Keck, 105 (Wilson), 11 to 5, even and 1 to 2.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Campaigner, 109 (Gross), 7 to 1, 3 to 1 and 1 to 2.
FOURTH RACE, \$400, 4-year-olds and up, 1 1/4 miles:
 1. Ed. Keck, 105 (Wilson), 11 to 5, even and 1 to 2.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Campaigner, 109 (Gross), 7 to 1, 3 to 1 and 1 to 2.
FIFTH RACE, \$400, 3-year-olds, 6 1/4 furlongs:
 1. Wrap, 102 (Gross), 5 to 1, 2 to 1 and even.
 2. Patrick S., 102 (Goose), 4 to 5, 1 to 3 and 2 to 1.
 3. Billy Vandevere, 105 (Davis), 9 to 2, 6 to 5 and 1 to 2.
SIXTH RACE, \$400, 3-year-olds, 6 1/4 furlongs:
 1. Time 1:20 3/5. Althorpe, Special Brew, T. H. McBride, Dorchester, Kanazan also ran.
FOURTH RACE, the Tallahassee Selling Stakes, \$1000, 2-year-olds and up, 1 mile:
 Descomnets, 102 (Koerner), 8 to 5, 11 to 20 and out.
 2. Jack Parker, 111 (Musgrave), 2 to 1, 11 to 10 and out.
 3. Herbert Turner, 88 (Dunn), 5 to 1, 2 to 1 and 4 to 5.
 Time 1:30 3/5. Miss Nett. Console also ran.
FIFTH RACE, purse \$400, 4-year-olds and up, selling, 3 furlongs:
 1. Ida D., 105 (Hopkins), 5 to 1, 5 to 2 and 5 to 5.
 2. Strike Out, 111 (Gross), 6 to 1, 5 to 2 and 7 to 5.
 3. Parkview, 109 (Koerner), 5 to 2, 6 to 5 and 3 to 5.
SIXTH RACE, Pearl E. J. Robinson, Dan Field, Sylvester, Royal Oxyx, Joe Galtens, Marie Hyde, Marc Anthony II, Smoker also ran.
SEVENTH RACE, \$900, 4-year-olds and up, 1 1/4 miles:
 1. Roseburg II, 112 (Butwell), 19 to 1, 4 to 1 and 2 to 1.
 2. Shawnee, 105 (Gross), 10 to 1, 4 to 1 and 2 to 1.
 3. Shapale, 112 (Musgrave), 9 to 2, 8 to 5 and 4 to 2.
 Time 1:48 1/5. Critic, Ten Pace, Louis Bell, Star Over, Hibernica, Beau Brummel also ran.

PRINCE GREENLANDER AND JOE SWING WINNER

At Delorimier Park, While the 2.15 Pace is Unfinished When Darkness Falls.

MONTREAL, Jan. 25.—The largest crowd that has ever attended winter racing at Delorimier Park turned out this afternoon. Unfortunately darkness came on before one of the events could be decided, and it was announced that the meet would be continued to-morrow afternoon.
 Today the first event on the card was the deciding heat of the 2 1/2 pace, which was postponed yesterday. Joe Swing, the iron steed from Three Rivers, consistent with the showing made in the preliminary heats, he was given the second purse of \$2000, and walked away with the third money. St. Anthony was fourth, but, as he paced first in the first two heats, he was given the second purse of \$1000. Some of the strength of his showing in the first two heats, he was highly dissatisfied at the result, and he was given the second purse of \$1000. Some of the strength of his showing in the first two heats, he was highly dissatisfied at the result, and he was given the second purse of \$1000.
SECOND RACE, selling, \$400, 4-year-olds and up, 1 1/4 miles:
 1. Ed. Keck, 105 (Wilson), 11 to 5, even and 1 to 2.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Campaigner, 109 (Gross), 7 to 1, 3 to 1 and 1 to 2.
FOURTH RACE, \$400, 4-year-olds and up, 1 1/4 miles:
 1. Ed. Keck, 105 (Wilson), 11 to 5, even and 1 to 2.
 2. Drexel Hill, 112 (Davis), 7 to 1, 7 to 10 and out.
 3. Campaigner, 109 (Gross), 7 to 1, 3 to 1 and 1 to 2.
FIFTH RACE, purse \$400, 3-year-olds, 6 1/4 furlongs:
 1. Wrap, 102 (Gross), 5 to 1, 2 to 1 and even.
 2. Patrick S., 102 (Goose), 4 to 5, 1 to 3 and 2 to 1.
 3. Billy Vandevere, 105 (Davis), 9 to 2, 6 to 5 and 1 to 2.
SIXTH RACE, Pearl E. J. Robinson, Dan Field, Sylvester, Royal Oxyx, Joe Galtens, Marie Hyde, Marc Anthony II, Smoker also ran.
SEVENTH RACE, \$900, 4-year-olds and up, 1 1/4 miles:
 1. Roseburg II, 112 (Butwell), 19 to 1, 4 to 1 and 2 to 1.
 2. Shawnee, 105 (Gross), 10 to 1, 4 to 1 and 2 to 1.
 3. Shapale, 112 (Musgrave), 9 to 2, 8 to 5 and 4 to 2.
 Time 1:48 1/5. Critic, Ten Pace, Louis Bell, Star Over, Hibernica, Beau Brummel also ran.

O'Keefe's PILSENER LAGER

"The Light Beer in the Light Bottle"
A Standard for all the World to Pattern
 No Government in the world demands so high a degree of purity and quality in brewing, as is in force in the O'Keefe Brewery.
"The Beer with a Reputation"
 is not only as good—but is far superior to any imported lager, even at double the price.
 At Hotels, Cafes and Dealers generally.

ROE FIRST IN 220 YARDS ROBSON 3RD IN HALF-MILE

Toronto Skaters Do Well at Saranac Lake—Lamy Wins the Mile.

SARANAC LAKE, Jan. 25.—Edmund Lamy of Montreal won the 220-yard race of the opening day of the International skating tournament here to-day. The local man took the half-mile and mile events. Wheeler won the two-mile race, and Logan proved speediest in the half-mile for boys under 15 years. Fray's skating by Miss Cummings of Minneapolis and Kathleen Pope of New York were features between the races. The summaries:
220 Yards—Wheeler of Montreal, 1; Harry B. Kaads, 2; Fred J. Robson, Toronto, 3; Time 29 1/2 seconds.
Half-mile—Edmund Lamy, Saranac Lake, 1; Lot Roe, Toronto, 2; P. E. Helverston, Chicago, 3; Time 20 1/2 seconds.
One mile—Walter E. Gunderson, Chicago, 1; Ernest Lamy, Saranac Lake, 2; J. A. Macrover, Verona, N.J., 3; Time 21 seconds.
Final heat—Roe 1, Edmund Lamy 2, Gunderson 3; Time 20 1/2 seconds.
Half-mile—First heat—Wheeler 1, Robson 2, Kaads 3; Time 1:30. Second heat—Helverston 1, Edmund Lamy 2, Roe 3; Time 1:37 1/2.
Two miles—Edmund Lamy 1, Wheeler 2, Robson 3; Time 1:38 1/2.
Final heat—Edmund Lamy 1, Wheeler 2, Robson 3; Time 1:38 1/2.
Final heat—Edmund Lamy 1, Wheeler 2, Robson 3; Time 1:38 1/2.

Lewis Knocks Out Summers in Fourth Round of Fast Fight

LONDON, Jan. 25.—Harry Lewis, the American welterweight, who won the welterweight championship of England a year ago from Young Joseph, to-night knocked out Johnny Summers, the English aspirant for the title, in four rounds.
 A big crowd witnessed the go, filling every seat in the Olympia. It was a savage fight while it lasted, and honors were even for the first two rounds. The men insisted upon clinching at every possible chance, and the referee frequently was compelled to step in and separate them by main strength.
 The third round was the hottest of the fight, both men trying desperately for a knockout. It ended in a clinch. In the fourth Lewis rushed Summers to the ropes and knocked him out with a straight right. After Summers had taken the count, Lewis picked him up and carried him to his corner, amid great cheering.
 The men were matched at 144 pounds, but when they weighed in at three o'clock in the afternoon it was found that the American tipped the scales at 148 1/2. Summers weighed 142 1/2. As a result of this overweight Lewis paid a forfeit of \$500.

THE ONLY REMEDY SPECIFIC
 Cures Man & Women
 The Big G for unusual discharges, inflammations, irritations or ulcerations, mucous membrane, Painless. Guarantees not to stricture. Prevents contagion.

Allen Thinks Attell is "All In"

OTTAWA, Ont., Jan. 25.—Billy Allen, the Canadian featherweight champion, who claims to have outpointed Abe Attell in their ten-round bout at Syracuse Monday night, arrived home this afternoon. Allen will take a two weeks' rest before going into the ring again. He scoffs the reports that Attell was "stalling" and is inclined to believe that the world's champion is about an in. He thinks, in fact, that many people, when Attell is fighting his best, think him under wraps. Allen and Attell may be matched for a finish fight in the near future. Billy bore few marks of the scrap and was given a reception by a number of his friends.

Central Track Team Excursion to Buffalo, C.P.R., Jan. 28. Fare \$2.10.

Buffalo and Return, \$2.10, Saturday.
 Canadian Pacific Railway.
 A special excursion has been arranged by the Central Y. M. C. A. to Buffalo on Saturday, leaving Toronto at 1.15 p.m. Tickets for the round trip are \$2.10 and may be obtained from Mr. Brydon at the gymnasium, the committee, all C. P. R. Toronto offices and South Parkeade station. Tickets are good returning all trains Sunday and Monday, Jan. 29 and 30.
 Hotel Krausmann, King and Church sts. Ladies and gentlemen. German grill with music, opens till 12 p.m. Imported German Beers on draught.

Little Jeff's Idea to Beat the Rent Had Its Strong Points, But... By "Bud" Fisher

JEFF: I DON'T MIND GETTING THROWN OUT BUT THE LANDLADY WILL KEEP OUR TRUNK TILL WE PAY THE RENT. I'M GOING DOWN TOWN NOW SO WHILE I'M GONE YOU TRY TO THINK OF SOME WAY TO GET OUR TRUNK OUT.
WOMAN: I'M THINKING NOW.
JEFF: OH, I GOT AN IDEA! IF WE PUT US OUT FOR CREATING A DISTURBANCE, SHE CAN'T HOLD OUR TRUNK. I'LL GO DOWN TO TOM POWERS' FARM AND BORROW ONE OF HIS PIGS AND PUT IT IN OUR CUPBOARD. SHE WON STAND FOR A PIG IN THE HOUSE AND WILL HAVE TO LET US GO.
WOMAN: FINE!
JEFF: I'VE GOTTA HAND IT TO MYSELF, I'VE GOT A GREAT BRAIN. NOW WE SLEEP IN HIS FINEST DAY NEVER HAD ANYTHING ON ME FOR GREY MATTER.
2 HOURS LATER
WOMAN: WOOF! WOOF! WANK!
JEFF: WOOF! WOOF! WANK!
WOMAN: WOOF! WOOF! WANK!
JEFF: WOOF! WOOF! WANK!

The Toronto World

FOUNDED 1850. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO. Corner James and Richmond Streets. TELEPHONE CALLS: Main 5308—Private Exchange Connecting All Departments.

\$3.00 will pay for the daily World for one year delivered in the City of Toronto or by mail to any address in Canada, Great Britain or the United States.

THURSDAY MORNING, JAN. 26, 1911.

PRODUCER GAS.

An interview in The Star with Hon. Alexander Grant MacKay seems to lack the judgment that usually distinguishes that gentleman's considered utterances. Possibly it was an unconsidered utterance.

He alleged, or is stated to have alleged, that the government being in a hole, he had no desire to take advantage of their humiliating situation or to embarrass them. It is possible the opposition leader was in a focalular humor and that The Star interviewer did not see the joke. But supposing he was in earnest, why should he not take advantage of the situation and smite the government hip and thigh, turn the rascals out, and establish a reign of righteousness and truth, such as the province enjoyed under Sir George Ross? That is what The Star no doubt longs for. To do him justice we do not think Mr. MacKay has any such wish. He knows what the duties of an opposition leader are, and if Sir James' or any of his ministers has failed in his duty, Mr. MacKay will be no party to hushing it up.

But Mr. MacKay was represented as having made a specific statement, to wit, that \$100,000 worth of electrical machinery had been destroyed, that hydro-electrical affairs were in a mess, and the whole system was a miserable failure. This sounds like a financial organ or a corporation agent. If Mr. MacKay has no better grounds for embarrassing the government than this yarn he is well-adviced not to try. Mr. MacKay predicts, and here we feel that there is something to be said, that producer gas may displace Niagara power in large areas of Ontario. One large area will be in Queen's Park.

HONORABLE RETIREMENT.

Two of the grand old men of the United Kingdoms are retiring from active service. In their respective fields they are in the highest rank. Admiral Fisher is much the younger of the two, and will probably be able to do something for his country without a uniform on, but the rules of the service require his retirement to-day on account of the age restriction. He has had much in recent years to say about the reorganization of the navy, and his influence has been paramount in the adoption of new types of ships. The other grand old man is a veritable patriarch, William Alexander, Archbishop of Armagh, and Primate of All Ireland. He was born in 1824, and was therefore of the generation of Goldwin Smith. A man of broad culture, his eloquence as a preacher made him an ornament of the Church of Ireland. He has some poetical reputation as the winner of the Oxford sacred prize poem in 1854, and the author of "The Finding of the Book and Other Poems," published in 1896. His wife excelled him as a poet, and the hymns of Mrs. C. F. Alexander will endure with English Christendom. Her "Burial of Moses" is perhaps the best known of her poems. It was while Dr. Alexander was Bishop of Wexford that most of his wife's writing was done. She has long predeceased him, and his days cannot be greatly prolonged. All classes unite in respect for him, and will desire for him a peaceful retirement.

BARBAROUS BUT CLEAN.

As shaving and other barbering practices are on the verge of becoming scientific operations at probably half a dollar an op, the rising generation should learn to handle a razor without delay, or save up in the years of their minority to buy a safety razor. There was a time when we could be shaved, and well shaved, for five cents, and any reasonable barber would cut all the hair any ordinary man did not want to wear, for ten cents, and trim his mustache into the bargain. But gradually the cost of living has risen and what is life without a barber? The barber has risen with other living things, and a man can spend paper money in a barber's shop since they began to call it a tonsorial parlor.

A parlor is a place where people talk, so that the designation is strictly correct. But in the new act that the barbers desire to have pass the legislature it ought to be provided in a final clause that all the foregoing shall be null and void if the barber insists upon conversation. Is it not sufficient to pay the man for his labor without having to regale him with polite conversation? In other respects the bill is a good clean bill, but if the barbers all get as clean as the bill says, they will want a lot more of our dirty money.

The Home Bank of Canada

Quarterly Dividend Notice

Notice is hereby given that a Dividend at the rate of SIX PER CENT. Per Annum has been declared upon the Paid-up Capital Stock of The Home Bank of Canada for the three months ending 28th February, 1911, and the same will be payable at the Head Office or any Branches of The Home Bank of Canada on and after the 1st March next.

The Transfer Books will be closed from the 15th to the 28th February, 1911, both days inclusive.

By Order of the Board.

JAMES MASON, General Manager.

Toronto, Jan. 18th, 1911.

"BRITISH NEWS OF CANADA."

When Pope remarked that "A little learning is a dangerous thing, drink deep or touch not the Pierian spring," he probably bore in mind Bacon's aphorism that a little knowledge makes man an Atheist. What is undoubted in the realms of religion and philosophy is equally applicable to acquaintanceship with peoples and countries. There also it is better to start absolutely ignorant than to begin with prejudices and prepossessions springing from imperfect knowledge, and even that inaccurate and misleading. An entirely untraveled and uninformant man certainly may have unreasonable assurance of the superiority of his native land, its government, laws, customs and methods, but on the other hand he is just as likely to develop a wholesome timidity in presence of the novel and the strange. But he who commences his pilgrimage in search of fresh fields and pastures new wherein to pitch his moving tent possessed of fragmentary information and thoroughly obsessed with the notion that he goes to teach, not to be taught, will have to tread the valley of humiliation before beginning the ascent of the mountain path to prosperity.

Individuals differ in power of adaptation, and some races and peoples have less of that power than others. Isolation, and insularity tends toward isolation, lessens adaptability unless compensated otherwise, either by natural temper or cultivation of a modest habit. But the capacity for it is invaluable to those who seek fortune under alien skies, and of equal importance is foreknowledge, accurate so far as it can go, of the conditions that have to be encountered. Many of the troubles which beset British immigrants, particularly English immigrants of a certain class, are traceable to both internal incapacity for adaptation and lack of knowledge of Canadian conditions. These naturally vary to a degree which is unrealizable by residents in a country of limited area and such as the United Kingdom is. No one except those who know from actual experience understand how difficult it is to pass from the confines of a relatively small island to the amplitude of a continental country. One's whole scale has to be revised and one's attitude adjusted to the new environment.

Perception of this and confidence in the benefit to be conferred by the dissemination of truthful information regarding Canada and its provinces induced Mr. Arthur Hawkes to establish the "British News of Canada," its first number, issued on Saturday of last week, represents the first real attempt to provide the British public with current information regarding the position and prospects of the Dominion. To do that effectively requires personal acquaintance with the vast expanse of British North America, at least in its main sections, and that Mr. Hawkes from his exceptional opportunities undoubtedly possesses. He has, too, the additional advantage of an extensive knowledge of the British Isles themselves, and this new journalistic venture under his auspices should serve an important part in the development of the empire. It cannot but assist in extending and stimulating the sense of imperial solidarity. The time is ripe for this excursion into newspaperdom, and it should materially assist in unifying public sentiment and increasing that genuine patriotism which follows from realization of the vast extent of the Imperial heritage.

THE DOMINION BANK.

To-day's World contains elsewhere the report of the proceedings at the fortieth annual general meeting of the Dominion Bank shareholders. The representative assemblage had the pleasure of hearing a thoroughly satisfactory account of the business done for the year ending Dec. 31 last. The profits, after deducting all charges and making provision for bad and doubtful debts, amounted to \$529,500.58, which with the balance of \$235,736.58 brought forward, placed \$765,237.16 at the directors' disposal. Out of this 12 per cent. dividend absorbed \$489,000

and there was written off bank premises account \$170,000, leaving a balance of \$595,237.16 to be carried forward at credit to profits and loss account. The directors were thus enabled to report that there has been a general substantial growth in every direction. Profits showed a considerable increase due to the satisfactory conditions prevailing throughout Canada. This was reflected in the statement that there had been a steady demand for banking accommodation from all districts where the Dominion Bank operates. Deposits without interest now stand at \$6,107,307.37, and those bearing interest at \$4,195,414.25. As against total public liabilities of \$5,100,000, the Dominion Bank occupies a secure position.

In their report the directors refer specially to the necessity for enlarging the head office premises, which have become quite inadequate to meet the present needs of the bank irrespective of its future growth. Last year they took advantage of an opportunity of acquiring the site on the north-east corner of King and Yonge-streets, with a frontage respectively of 61 and 112 feet, and they believe that the present premises will be sold at a price which will practically offset the cost of the new location. New buildings were erected during the year at Edmonton, Moose Jaw, and Notre Dame-avenue, Montreal, and with the buildings proposed this year at Saskatoon and Calgary, no further immediate expenditure for western branches are in contemplation. Additional offices will be provided in Toronto, and the gratifying announcement was made that those opened during 1909 have justified their establishment.

"WOMAN'S DIVINE RIGHTS."

Editor World: After carefully reading the review of the book "Woman's Divine Rights," which appears in your issue of The World, I cannot refrain from saying that I think the criticism not only unfair to the authors, but absolutely untrue to the book. You challenge the statement in regard to the red corpuscle being the scavenger—the evil life of mortality—and assert the reverse is the fact. This is not conclusively what Mrs. Wright declares in her book. She says "inverted" condition of a fallen creature. What has your authority, medical science, been teaching since the days of Hippocrates? A new theory about the blood is every day essential, so long as impurities are present, the organism becomes weak and anemic; and the white corpuscle, lacking potency, being so far in the minority, is unable to support life, this state conduces to cancer and other malignant forms of disease, arising from the impurities remaining in the blood, which it is the function of the red corpuscle to eliminate." Is cancer the way to physical immortality? She does not make any such statement, nor can it be inferred by a reasonable mind. On page 284 she says: "If there is a deficiency of red corpuscle, which is the scavenger of the blood and quite essential, so long as impurities are present, the organism becomes weak and anemic; and the white corpuscle, lacking potency, being so far in the minority, is unable to support life, this state conduces to cancer and other malignant forms of disease, arising from the impurities remaining in the blood, which it is the function of the red corpuscle to eliminate." Is cancer the way to physical immortality? She does not make any such statement, nor can it be inferred by a reasonable mind. HOW CUT IN "SLEEPERS" WILL AFFECT TORONTO
 Official Statement Shows Changes in Lower Berth Rates as Well as Upper.

The following statement was handed out yesterday by J. D. McDonald, district passenger agent for the Grand Trunk, showing the old and new rates for sleeping car berths from Toronto to the following points:

Point	Present Rate	Drawing	Lower	Upper
Montreal	\$2.00	\$2.00	\$2.00	\$7.00
Ottawa	2.00	2.00	2.00	7.00
Detroit	2.00	2.00	2.00	7.00
Chicago	2.00	2.00	2.00	7.00
New York	2.00	2.00	2.00	7.00
Cobalt	2.00	2.00	2.00	9.00

Point	Lower	Upper
Montreal	\$2.00	\$1.60
Ottawa	1.00	1.25
Detroit	1.50	1.25
Chicago	2.00	2.40
New York	2.50	2.00
Cobalt	2.00	1.60

The new schedule goes into effect Feb. 15.

be over two hundred million bushels. If American speculators were able to buy in and by manipulation take one dollar out of every hundred dollars worth of western wheat that flowed thru these points in a steady stream, then any one who knew of the facts would agree with him that no remedy was too heroic to stop this loss.

Mr. Turritt said that one man, no matter how honest, could not watch every point in an elevator. The fine suggested of \$500 for mixing wheat absolutely no use in stopping the complained practices. In one day of mixing an elevator could make double that sum dishonestly. The elevator men might perhaps think the fine was merely a license to continue their practices. Some other and sterner devices were needed for the protection of the wheat grower.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

THE WEATHER

OBSERVATORY, TORONTO, Jan. 25.
 (8 p.m.)—Mild weather with light rain and snow has prevailed to-day in Ontario, while in Quebec and the maritime provinces it has been fine and cold. Decidedly low temperatures are reported from Alberta and also from the Yukon.

Lower Lakes and Georgian Bay— Cloudy and milder; light falls of sleet and rain.

CANADIAN EMISSARIES COMPLIMENTED BY BRUCE

Protocol of Fisheries Agreement Expected to Be Brought Before the House To-day.

OTTAWA, Jan. 25.—(Special.)—A report presented in the house of commons this afternoon by Hon. L. P. Brodeur giving the correspondence and regulations agreed upon at Washington two weeks ago in connection with the settlement of the North Atlantic fisheries dispute, contains the following paragraph in regard to the happy issue of this century-old difficulty, which forms the text of a despatch from Ambassador Bryce to Earl Grey: "I may add that the Canadian ministers (Aylesworth and Brodeur) seemed to me to show a happy union of firmness in all essentials, with a reasonable spirit, in non-essential, and the attitude was appreciated by the United States representatives, whose conduct on their side of the case evinced a no less friendly disposition, and who recognized unequivocally the justice of the Canadian laws and regulations which had been administered."

THE PROTOCOL ON THURSDAY.
 "Both sides parted with cordial sentiments, and both the president and the secretary of state expressed to me their great satisfaction that matters had been so adjusted as to leave pleasant recollections behind of the frame of mind in which the questions had been dealt with, which at one time seemed likely to give rise to discussion, and it was specially fortunate that any necessity for a further reference to arbitration with its attendant delay that this might have involved, had been avoided by direct negotiation between the parties."

He added that the protocol of the agreement would likely be brought down Thursday.

Hon. Wm. Paterson was in the house to-day, and Hon. W. S. Fielding will make his first appearance at the session on Thursday. He will make a report on the reciprocity negotiations.

Committee Too Large.
 When the house met, Mr. Miller (South Grey) introduced a resolution determining on the expediency of the banking and commerce committee, to reduce the quorum of that committee from 21 to 15 members. Mr. Miller explained that this morning the four committees meeting at the same time, and as a result it was difficult to hold a quorum when the number was placed at so high a figure, especially as the members of the committee were not all present.

DEATHS.
 GOSNELL—On Jan. 25, 1911, of diphtheria, Thelma, only daughter of Geo. S. and Eva Gosnell, in her 8th year.
 Funeral on Thursday, Jan. 26, at 3 p.m. from above address.

OFFICERS ELECTED FOR HOSPITAL BOARD

J. W. Flavell is Chosen Chairman—Col. Pellatt and J. B. Greening New Members.

At the inaugural meeting of the General Hospital board for the current year, held yesterday afternoon at the City hall, officers and committees were elected for the ensuing year. J. W. Flavell was elected chairman, and P. C. Larkin, vice-chairman. Col. Sir Henry M. Pellatt and Thomas B. Greening were two new members added to the honorary governors.

The board of trustees are: J. W. Flavell, P. C. Larkin, W. E. Rundle, W. C. Fox, A. B. MacCallum, C. Eaton, H. R. Fudge, M. J. Haney, Cawthra Mulock, Dr. John Hoskin, K.C., Sir Edmund Walker, Ald. J. O. McCarthy, H. C. Cox, G. D. Massey, H. C. Fox, W. C. Fox, P. C. Larkin, Ald. Falconer, D. R. Wilkie, Sir Wm. Mackenzie, W. J. Douglas, Z. A. Lash, K.C., Eugene O'Keefe, Mark H. Irish, Ald. H. G. Heyd, Ald. A. Maguire, and Ald. Geo. J. Stewart.

Committee List.
 Executive—Dr. R. Wilkie, Prof. A. B. MacCallum, Cawthra Mulock, M. J. Haney, the mayor, Ald. Heyd, Ald. J. W. Flavell, the chairman and the vice-chairman.
 Finance—Mr. Rundle, the mayor, H. C. Fox, Cawthra Mulock, Ald. McCarthy, Ald. Maguire, J. W. Flavell, the chairman and vice-chairman.
 Medical staff affairs—W. T. White, Prof. MacCallum, Mr. Larkin, Sir Edmund Walker, Z. A. Lash, the mayor, Prof. Falconer, Mr. Haney, the mayor, H. C. Fox, Cawthra Mulock, Ald. McCarthy, Ald. Maguire, J. W. Flavell, the chairman and vice-chairman.
 Building (formerly plans)—M. J. Haney, W. E. Rundle, Prof. MacCallum, the mayor, Ald. Heyd, J. W. Flavell, the mayor, Mr. Wilkie, Mr. Lash, Ald. Maguire, Ald. Heyd.

COSTLY BREAK IN ELEVATOR
 Vessel Captain Blamed for Vanishing of Profits of Nearly \$8000.

A study in grain loading is before the court of non-jury assesses in the case of the Meaford Elevator Company v. James Playfair of Midland, owner of the steamship Mount Stephen, a lake freighter.

The plaintiffs allege that on Nov. 28, 1908, the vessel tied up at the elevator and proceeded to unload the cargo of wheat which had been received from the captain, it is claimed, neglected to ease the cable, which parted, pulling the leg of the elevator from the ship's hold.

ASSOCIATED BOARDS OF TRADE.
 A general meeting of the Ontario Associated Boards of Trade has been called for Feb. 21, 22, and 23, when topics of general interest in the commercial life of the province will be discussed.

GOING TO OTTAWA AND MONTREAL.
 The 10 p.m. train from North Toronto to station, carrying through sleepers for Ottawa and Montreal, will be a special train, because the North Toronto station is most modernly equipped and comfortable, with handsome waiting and retiring rooms and matron always in attendance in ladies' rooms.

MACHINISTS' SOCIAL.
 It was an evening of jollity for the I. A. of Machinists in the Labor Temple last night, for after the more serious business of electing their officers elected for 1911 last December, comedians and singers cut loose, giving the 150 members present surcease from sorrow.

C. N. R. Operations.
 PORT ARTHUR, Jan. 25.—City Solicitor Keefer, who returned from Toronto to-day, reports that Sir Donald Mann told him that the Canadian Northern Railway will commence to build east from Port Arthur the first thing in the spring, and by December would have trains running as far as Nipigon.

Alex Harris Honored.
 Over 200 members and friends of the O. L. No. 138, met for their 57th annual at home in Victoria Hall last night. The event was marked by the presentation of artistic masonry furniture to the retiring master, Alexander Harris, by Grand Master Harry Lovelock. Among the speakers were Mayor Geary, Controller Hocken, Wm. Crawford, deputy county master; Jas. J. Jones, district master of Centre Toronto; and John Hewitt, grand treasurer. H. Jones and Ted Neun, singer and accompanist, added greatly to the musical end of the evening.

Harmony Social Club.
 Again the promise of a good time and a waltzing contest brought out a large crowd to the Harmony Social Club's weekly dance in Victoria Hall last night, nearly 200 joinings in the merry waltz. Three prizes were awarded in the waltz contest, and they went as follows: Mr. B. Tenenbaum and Miss A. Patten; second, Mr. J. Ogilvie and Miss L. Allen; third, Mr. T. Allen and Miss S. McCarthy.

Lithographers' Euchre Party.
 Lithographers' Local No. 12 held a euchre party in the Labor Temple last night, about 50 members of the union being present.

Public Amusements

There is a dog of considerable class and distinction traveling with David Belasco's "The Lily," which will be presented at the Princess to-morrow night. It is about the prettiest King Charles ever born, and is a "globe trotter." He has been entirely around the world three times, and is the specially prized pet of Miss Nance O'Neill, one of the stars of "The Lily" company.

Miss O'Neill has been round the world three times playing the role of the Shikari, and is a "globe trotter," and this little highbred spaniel has been with her day and night on each trip. On these tours Miss O'Neill has played in China, Japan and the Philippines, Malacca and New South Wales, Calcutta, Rangoon and Ceylon, also in the West Indies, South America and Honolulu. That is some record for an American actress.

Many people who meet Miss O'Neill wonder at the name of her pretty pet. No, he is not named after the famous Lambs' Club in New York. A much truer guess would be that he bears part of the singularly familiar name of Miss O'Neill. Out on the golden hills of San Francisco, where Miss O'Neill was born and raised, she was christened Gertrude Lamson. She would not have the name of her father, but she, owing to the opposition of her father, so she renamed herself enthusiastically Nance O'Neill. So the supposition is that Miss O'Neill named the dog "Lamson" in remembrance of the family name with her at all times.

On Monday next, Mr. Edward Terry, the distinguished English comedian, will open his week's engagement at the Royal Alexander Theatre. The plays selected by Mr. Terry from the long list of successes which he has made himself a part of, are "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew," "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew," "The Merry Wives of Windsor," "The Merchant of Venice," "The Taming of the Shrew."

St. Enoch's Presbyterian Church.
 There was a large and enthusiastic attendance at St. Enoch's Presbyterian Church, Winchester-street, on the occasion of the annual meeting of the congregation, which was held on Monday evening last. The report of the trustees showed a total membership of 191, 19 added during the year. There is an enrolment of 240 pupils in the Sunday school, with 21 officers and teachers.

TRIED TO BUY EDITORIAL SUPPORT OF THE PAPER

Offered \$100,000 to New York Journal of Commerce, But Was Turned Down.

WASHINGTON, Jan. 25.—Revelation of several attempts to buy the editorial support of The New York Journal of Commerce in favor of ship subsidy legislation, which the paper has consistently opposed, was made to-day by the house ship subsidy investigation committee to-day by Alfred W. Dodsworth, business manager of the Journal of Commerce and Commercial Bulletin.

Mr. Dodsworth testified that about six years ago an unknown man came into his office and offered to pay The Journal of Commerce \$100,000, taking 1,000,000 copies of his paper for the insertion of an article in one issue, supporting the ship subsidy legislation. This man refused to disclose his identity unless his proposition was accepted. Mr. Dodsworth said he immediately called his brother, John W. Dodsworth, and

SCIENCE'S THEORY OF THE BIRTH OF LIFE ON EARTH

Prof. A. B. Macallum Addresses Medical Society of University on a Mysterious Subject.

The mystery of the origin of life on this globe has kept scientists busy theorizing and investigating ever since the first man advanced far enough in civilization to bother himself with thinking. Today's "Species" I grew up leaves quite a few blanks in the course of evolution and the various attempts to fill these in scientifically were ably described and discussed by Prof. A. B. Macallum before the Medical Society of the University of Toronto yesterday afternoon.

The address was delivered in the North Lecture Theatre of the Medical Building, which was filled with students of the four years. These meetings are held every month and are of general good fellowship as well as instruction, and the musical program is always a drawing card. Good natured chaffing and the more of less melodious rendition of the students' favorite theory of evolution.

How We Happened. According to the account of the lecturer, scientists haven't all bothered a great deal whether their theories of the origin of life fitted in exactly with that account which figures in the opening chapters of Genesis. Way back in the dim morning twilight of history some old philosopher pronounced the theory that the first living form arose as the product of the action of physical and chemical forces on the constituents of the water and the atmosphere, and of course that would be no means by accepted as orthodox by present-day theologians. Lucretius, the Greek poet, said "the earth his rightly received the name of mother, since all things are begotten of it, having been generated by the rains and the warm mists formed by the sun."

And this belief prevailed even till the nineteenth century. One popular form in which it found expression was the idea that if a horse hair were thrown into water and left there for an indefinite length of time it would become an eel, an instance which, by the way, the learned professor overlooked. Investigators, observing that if meat were exposed to the free air and sunshine at summer temperature young forms of flies and other insects appeared on it somewhat mysteriously, jumped to the conclusion that they had been generated in some mysterious way from the substance of the meat.

Other scientists got busy, however, and sealed up the meat hermetically in bottles which had been so treated as to exclude all forms of the most persistent micro-organisms and proved that one might wait for over a day without any form of life appearing therein, if the meat were also previously sterilized. And all this served to prove that the forms of life which appeared on the meat had not been generated therefrom, but had, in the natural course of events, been evolved from eggs laid on the meat by busy little flies.

Riding on Meteorites. Just about the time the finishing body blow had been delivered to the theory of the spontaneous generation of life, Lord Kelvin gave his fellow scientists something to quarrel over. Said he: "The only way to account for life on this planet is to suppose that it was originally borne to this planet from outside the solar system. It can't be did," retorted critics. "The nearest star to the solar system is Centaur, and that is so far distant that a meteor would take 82,000 years to make the little journey to the earth from thence, traveling at the rate of 40 miles an hour. You couldn't get an organism to live that long. All the micro-organisms would be dead long before they got to the earth. Besides, supposing there were Methuselahs amongst micro-organisms in these days, they'd be toasted brown by the heat which would be generated by the friction of their passage thru the earth's atmosphere. No, sir, it can't be did."

Going Some. Just about the time that the aforementioned critics opined that the Kelvin theory beaten to a frazzle, Arrhenius, a Swedish chemist, came to the rescue with a modified presentation of the same proposition. Some chap with lots of patience had measured the pressure exerted by a beam of light. "There's your propelling force," said Arrhenius. "Under that influence you can reduce the time of the journey from Centaur to the Earth from 82,000 years to a mere matter of 900 years. That, of course, puts the meteorite corporation out of business. Then the problem was to protect the germs from the intense coil of traveling thru space and the equally destructive heat of friction incurred in the trip thru the earth's atmosphere.

But it was pointed out that organisms had been discovered which could be exposed to sunlight for a month without undergoing injury, and also that the spores or seeds of bacteria had lived even when kept at 200 degrees below zero Centigrade. In fact, investigation proved that living micro-organisms might make a little journey of 3,000,000 years' thru space with no more injury to themselves than they would incur from one day's exposure to a spring temperature and sunlight on this planet. Also, the journey inside the solar system would be so short that the micro-organisms could easily survive it. That sounds very plausible, but Prof. Macallum knocks the theory down, saying: "Where Did Life Originate?" There are two main objections. The first and chief is that it does not account in the least analysis for the origin of life but merely assumes that life began somewhere else in this universe, how and in what form it does not explain. The burden which lies

ASK \$5000 YEARLY TO KEEP UP PLAYGROUNDS

Association Has Land But scant Maintenance Fund—Committee Appointed.

According to the financial report of the Toronto Playgrounds Association, presented at their monthly meeting in the city hall yesterday afternoon, the treasury shows a substantial deficit. This is the result of a peculiar condition of affairs, for whereas wealthy people have given grants for playgrounds, it is difficult to obtain money to maintain them. To overcome this difficulty, therefore, a committee was appointed yesterday to wait on the board of control and ask for a yearly grant somewhere in the neighborhood of \$5000. Mrs. Huestis, Mrs. Torrington and Messrs. G. F. Beer, C. A. B. Brown and Inspector J. L. Hughes compose the committee.

Another committee with power to act in the selection of a playground to be bought with the McCormack grant, consisted of D. Mills, Mrs. Huestis, Miss Walker. They will consider the proposed McCormack site at Cottingham-square, but, not finding that satisfactory, look towards the districts of Bloor and Dovercourt, and the section just west of the Don. Mr. Kelso announced that a band of forty college students had volunteered their services during the coming season in the St. Andrew's playground, and will do all in their power to make it a success.

Two Playgrounds in Two Years. R. Snow, Dr. Morley Wickett and Wm. Houston were appointed by the meeting to take charge of the annual meeting, which will be held in the city hall on Feb. 22. G. F. Beer, C. J. Atkinson and Mrs. Huestis will have charge of the nominations.

The association has prepared an illustrated booklet, which gives a graphic presentation of the work they have accomplished and are planning. Also there are at present only two playgrounds in operation, the St. Andrew's and the Osler, it must be remembered that the organization has in progress two more playgrounds, it is expected that two more playgrounds will be ready for the summer, however. It is Mr. Kelso's ideal to have a place within easy reach of every city child, where he may play in the heat of the summer and enjoy beautiful and invigorating exercise. "These playgrounds should be numerous to the point where each reach of every city child," says he, "in the city of Toronto, should be given a high place in the public estimation. In this way stamp may be acquired that will carry many a youth safely thru the stress and strife of dawn manhood."

Presently the newspaper man rose to leave the office laboratory. Dr. Macallum looked him thoughtfully in the face and said, "You were a school teacher at one time, young man, were you not?" He had been some years previously. The professor knew men. "Character," the professor said to the window of the face.

RUMOR GETS BUSY

Resignation of Chief Justice Sir Louis Jette Said to Be In.

MONTREAL, Jan. 25.—(Special).—The rumor of two important changes in the world of magistrature was circulated again in the court house in well informed circles to-day. The first rumor is that the minister of justice has received the resignation of Sir Louis Jette, chief justice of appeal court, and that his retirement on full pension is expected to take effect. The resignation is said to date over a week ago, and as a coincidence, it was remarked that Sir Louis did not occupy the bench since the 15th day of the month, which is the date of his resignation and also the date of his 75th birthday.

PRESS GALLERY ELECTION.

The annual meeting of the press gallery of the Ontario Legislature was held yesterday afternoon. The following officers were elected for the coming year: President—Hon. Adam Beck. Vice-president—C. Boylen, Globe. Secretary—J. H. Hann, Telegram. Executive committee: Courtney Fraser, World; N. Wilkinson, Mail-Empire; Harvey Black, News.

Temporary Hospital Open.

The temporary building for the accommodation of scarlet fever cases at the Isolation Hospital, three open its doors yesterday and 22 cases on the waiting list were accommodated. Up to yesterday 22 cases of the disease had been reported for the month, but Dr. Hastings does not consider this abnormally large when the population of the city is taken into consideration.

Buffalo and Return, \$2.10.

Saturday, Jan. 28th. Via Grand Trunk Railway System. Tickets good going via Grand Trunk & M. Buffalo Express, Return limit Monday, Jan. 30. The Grand Trunk is the only double-track route to Niagara Falls and Buffalo. Secure tickets at city ticket office, northwest corner King and Yonge streets, Phone Main 4209.

Tobacco Habit

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A vegetable medicine, and only requires touching the tongue with it occasionally. Price \$2.00.

Liquor Habit

Marvelous results from taking his remedy for the liquor habit. Safe and inexpensive home treatment. Hypodermic injections, no publicity, no loss of time from business, and a cure guaranteed. Address or consult Dr. McTaggart, 75 Yonge-street, Toronto, Canada.

WRITE TO STOP PIER

J. N. Devins' Moves to Block G.T.R.'s Humber Plans.

The Grand Trunk will not only have public sentiment working against the construction of their proposed new bridge, but also the injunction of Isaac N. Devins, a boatman living on Humber. He has written to the board of control, asking that the bridge be stopped. He contends that as the stream is navigable for two miles from its mouth for all vessels carrying less than eight feet of water, it would not be lawful for the railway to dam up the stream. Canoes, rowboats and launches also use the river as a highway, declares Mr. Devins.

California on Home-Comfort Trains

which rival the best hotels and insure you every modern travel comfort. The San Francisco "Overland Limited," the Los Angeles Limited, and the China and Japan fast mail are all luxuriously equipped. Be sure your tickets read via Chicago, Union Pacific and Northern western lines. For illustrated literature and full particulars apply to E. H. Bennett, general agent, 40 Yonge-street, Toronto, Ont. 44636

Building Workers Want Increase.

"Unless we stand, divided we fall, in the building industry as anywhere else," was the idea expressed at a meeting of the Building Trades Council, and when the opening of the spring season arrives, the boss builders may be asked to make an agreement with a combination of these tradesmen, with a raise in wage all round. Bricklayers, plasterers, carpenters, laborers, plumbers, sheet metal workers, painters, stone cutters and granite workers, are all interested in the movement.

Her Face and Body Were Litterly Covered With "BOILS."

Burdock Blood Bitters Cured Them.

Mrs. John H. King, Johnston, N.B., writes: "Last summer I was very much troubled with boils, and my face and body were litterly covered with them. A friend advised me to take Burdock Blood Bitters. I got three bottles, and before I had taken all the first one my boils began to go away. I had just taken a few doses out of the last one when they all disappeared. My husband has also used Burdock Blood Bitters with much benefit."

Boils in themselves are not a dangerous trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters.

Manufactured only by The T. Millburn Co. Limited, Toronto, Ont.

AMUSEMENTS.

Car Crashed Into Another. "Calamity curve," at the junction of Queen and McCaul-streets, went into bad luck history again yesterday morning, when a Bloor car running south on McCaul slipped on the greasy rails, ran round the curve, and was severely bumped by a Dundas car, which threw it off the rails. The Dundas car, after pushing the Bloor car out of its way, continued on its journey, none the worse for the passage at arms. Aside from a smashed fender, the other car was also harmed.

Boils in themselves are not a dangerous
