

A GREAT IDEA

The first Shannon Motor Plumbing Car was an experiment, an idea. That was a couple of years ago; today there are ten of these cars. The people need them, want them. These Shannon cars, going every where, day and night, with all materials and tools, mark the beginning of a new era in plumbing reform.

Oakville Branch, Phone 334.

CITY WANTS TO BE HEARD BEFORE COMMONS ACT

A letter was sent to Sir Thomas White, acting premier, by the mayor, yesterday asking that no action be taken in regard to the consolidated railway act until the municipalities were given an opportunity to make a protest against it.

The mayor wrote in part: "For some years past the city of Toronto in common with certain other municipalities throughout the Dominion has been seeking to have parliament restore to the municipalities their rights over the public highways, which were seriously affected by the Dominion parliament in 1902 by a special act incorporating the Toronto and Niagara Power Company.

"In 1917 the commons inserted in the revised railway act certain protective provisions which the senate refused to approve. In 1918 certain senate amendments were made, which not only fail to protect municipal rights but further menace them. The bill was not rectified by parliament of 1918.

"On behalf of the city of Toronto and other municipalities, I request that prior to the consideration of this bill by the commons or any of the committees thereof, you give this city and others interested, an opportunity to present to your government our protest against the betrayal of the rights of the people, contemplated by the said act."

SCORE'S GREAT ESTATE SALE.

This is the ninth day of Score's great Estate Sale. The "Balacava" overcoats at the special prices are selling rapidly. As one customer said yesterday: "These coats sell themselves; when a fellow gets one on his back he doesn't want to take it off, again." And then there are the guaranteed Indigo dye Irish blue serge suitings, the Scotch tweed suitings, the West of England suitings. Great stocks of the finest qualities all "tabled" at special Estate Sale discounts. A wonderful opportunity. Choose quick. R. Score & Son, Limited, 77 West King street.

EIGHT-HOUR DAY MEETS CONTROLLERS' APPROVAL

Commissioners Wilson, Chisholm, Chambers and Harris laid before the board of control yesterday a report on the proposed eight-hour day for all employees in their department. The cost of the inauguration of the system would total \$247,000. Even with this increase it is believed that this year's tax rate can be kept down to 301-2 mills on the dollar. No action was taken by the board pending the printing of further copies, but the controllers were unanimous in their approval of the scheme.

The report reads in part as follows: "In the case of watchmen and other isolated positions we are of the opinion that it should not cover, and if your board and council adopt an 8-hour service, existing latitude should be permitted to the heads of departments in requiring longer service in positions of class named.

"Based upon the operation of the regular maintenance service of the year, the increased cost of instituting the shorter day is estimated as follows: Street cleaning, \$37,000; parks, \$20,000; property, \$9,000 and works, \$121,000."

The commissioners are of the opinion that the increased individual efficiency, induced by the shorter work day, should accomplish, averaged over the whole year, a measure of work equivalent to that now performed in the nine-hour period.

It is recognized that so far as employees on civic car lines are concerned no additional service could be rendered in the shorter day by reason of their working on a schedule.

Girl's Unpunctuality Leads To Amorous Swain's Arrest

The failure of a young lady to be on time at an appointment to go to a party resulted last night in Augustus Hartwick, 208 East Dundas street, being arrested, charged with a breach of the Ontario Temperance Act. Hartwick had an engagement to meet a young girl at the corner of Queen and Victoria streets last night. The young lady was late in meeting Hartwick, who was walking up King down the street. Plainclothesman Ward noticed something suspicious bulging out of Hartwick's pocket, and approaching him found he had a large bottle of whiskey under cover. Hartwick was then taken into custody.

SECTARIAN ISSUE INVALIDATES GRANT

Catholic Army Huts Deprived of \$15,000 on Legal Grounds.

Provincial Secretary McPherson's office was converted into a lethal chamber yesterday, and there, against the vigorous protests of Controller McBride, the civic grant to the Catholic Army Huts was effectively chloroformed. The ceremony looked like an emergency meeting of the city hall lodge, or a Russian soviet straggling an orthodox hostess with the kitchen towel. At all events, the Catholic Huts grant was as dead as a bogus cheque of the Ontario License Board, when the executioners dispersed.

The court of lord high executioners comprised Controller Robbins and Maguire, in addition to Mayor Church, City Solicitor Johnston and Finance Commissioner Bradshaw as well as the following city members: Hon. W. D. McPherson, provincial secretary; George Gooderham, Mark Irish, Tom Hook, E. W. J. Owens, Col. Price, John Russell and Hon. Tom Crawford.

For a time there was little disposition to talk. But Tom Hook started the apology that the sectarian nature of the grant had not been detected till after it had been made.

Then some others went on record, and so the poor sectarian che-e-lid was put to sleep for good. Controller McBride afterwards said he would have used strong language, but for the strictly religious nature of the ceremonies.

The conference was putatively between the board of control and the city members, but they were all prepared before hand to drop the request for legislation to validate the grant of \$15,000 to the Catholic army huts.

City Solicitor Johnston told the conference the grant was made without council having the legal power to make it. The instruction of council was to seek validation.

Not Sectarian. Controller McBride: Why were we not able to make a grant to this organization the same as the Salvation Army, the Italian Red Cross or the Belgian fund?

Hon. W. D. McPherson: They are not sectarian.

Controller McBride: The Catholic huts are not sectarian. I ask is it fair that Catholics should help to pay for other grants and be turned down themselves?

Controller Robbins: They are K. of C. (Nods and head shakes all round the room).

Controller McBride: What are K. of C.? This organization is the Catholic Huts Association. It is not sectarian.

Col. Price, M.L.A., who has returned from the front, said he had seen no Catholic huts there, but only church, Army, Y.M.C.A. and occasionally the Salvation Army. (More head shakes).

Mark Irish, M.L.A.: This is the only jar in all the grants made by Toronto. I am opposed to it because of the sectarian issue in it.

Controller McBride (witheringly): Cut it out! I want to say you are going to open a wide gap that has been practically closed for years.

There was great relief in the legislature when it was announced that council would not apply for validation. Many members were afraid to go on record, and there was talk of finding means to divide the house if the item was allowed to remain on the city's legislative bill of fare.

ARCHITECTS RESENT AMATEUR JUDGING

Will Not Submit School Designs to Board of Education.

The Ontario Association of Architects have written to the board of education protesting against appointing five members of the board to determine the merits of designs for two new schools. They recommend that the judging of the merits of the various designs be placed in the hands of those who thoroughly understand drawings, and who can accurately estimate the suitability of any building that may be erected from them. Usually two architects and some other expert acquainted with the special requirements of the proposed building are appointed to advise the proprietors of the relative merits of the designs.

"Now, by the action of the board, this recommendation is disregarded, and a committee of five members of the board are appointed to determine the merits of the designs. Of course, this means that unless the matter is reconsidered and amended, the best men in the profession will be no longer consulted."

The Toronto Chapter of the Ontario Association will call on its members to refrain from participation, and will draw the attention of the Ontario Association to the Royal Canadian Institute to the facts, for the purpose of having like action taken by these bodies, to which the members of the chapter automatically belong.

HIGHLANDERS HOLD EUCHRE.

A happy event took place at Foresters' Hall last night, when some three hundred men of the Highland battalions and their friends enjoyed a euchre and dance. The sergeants of the 48th Battalion were hosts. Sgt.-Major Kurtzmann and Sgt.-Major Lambie were in charge, and Mrs. Kurtness was convener of the women's committee. All returned men and members of the 15th, 32nd and 34th Battalions and companies of the 18th, 35th, 55th and 74th Battalions, were made welcome. Most of the men were in uniform. Refreshments were served and an orchestra supplied spirited music, and light refreshments were served.

Canadian Red Cross Takes Charge in Siberia

By W. E. Playfair. (Delayed).

Vladivostok, March 4. (Delayed). The desperate condition of enemy prisoners and returned Russian prisoners in Siberia is now occupying the attention of the British and Canadian authorities, and proposals are now under consideration by which the Canadian Red Cross would assume charge of the situation. Five carloads of supplies have already been shipped for the prisoners, but immense operations are necessary to relieve 200,000 enemy prisoners and 3000 returned Russians. The British Red Cross unit in Siberia has been demobilized and the Canadians are carrying on the work.

LONDON WANTS NEW MEDICAL BUILDING

Government, However, Refuses to Promise the Large Grant Asked for.

A deputation representing the Western University, London, which was supported by representatives of the Ontario Medical Association, made application yesterday to the government for a grant of \$150,000 to be used in connection with the construction of a new medical building. The deputation, which was received by Premier Hearst and Hon. Dr. Coady, minister of education, was represented by Dr. Braithwaite, president of the Ontario Association, and Dr. McCullum, chairman of the board of governors, and Bishop Fallon, they were introduced by Sir Adam Beck.

The university has private bequests in sight totaling \$400,000, which may be used for purposes deemed advisable, and the city council of London has made a grant of \$100,000 towards the construction of a medical building.

The promising deputation that its request would be taken into careful consideration, the premier pointed out that the University of Toronto was the provincial centre of higher education, it would have to receive first consideration. He asked the deputation to put its request in writing, and to include what provision was in sight for maintenance. Further, he said that the government was now endeavoring to arrive at some means for further assisting scientific education. There were many projects soon to require the support of provincial funds, and this made it necessary for the government to be exceedingly careful in passing upon grants.

The various speakers pointed out to the government the advantageous location of the London University in the serving of a large section of the province, and, moreover, that it was to the univer-

LABOR NEWS

Tuesday, March 18, has been set as the date for the huge unemployment parade to Queen's Park.

The Toronto Railway Men's Union has received 60 new members the first ten days of March.

The Shoe Workers' Union at Brampton is growing apace. There are two shoe factories in the district.

At a well-attended meeting of the Women's Labor League, held in the Labor Temple last evening, a Domestic Employees' Union was organized with an initial membership of fifty. Miss Dempsey of Chicago, and Frank Watkinson, of the Carpenters' Union, addressed the meeting. The aim of the union is to secure better living conditions for the members. It has been suggested that a standard wage of \$15 a week be required to be paid to domestics who live out or \$40 a month for those who live where they are employed.

The officers of the union will be elected at the meeting next Wednesday evening.

Alex. Dunbar, 572A College street, was arrested last night by Acting-Detective Bain on a charge of theft. Dunbar is charged with theft of \$2 from Kathleen Bulland, of 553 Perth avenue.

JEWELRY EMPLOYE CHARGED.

Irving Walker, 83 Belhaven road, an employe of Kent Brothers, jewelry store, at 144 Yonge street, was arrested yesterday afternoon by Detective Newton on a charge of theft. Walker is charged with stealing gold and jewelry from the store. He was arrested while disposing of the alleged stolen goods, and was allowed bail of \$300 last night.

FIRE MARSHALS' POWERS WIDENED

Government Measure Gives Them Greater Scope in Investigating Fires.

Bills were introduced in the legislature yesterday by Hon. Howard Ferguson to amend the Ontario parks act and the Ontario mining act.

Hon. Mr. Lucas moved the second reading of his bill to amend the fire marshal's act which proposes to increase the powers of fire marshals in conducting investigations into fires and enforcing the removal of causes considered contributing to fires.

Mr. Proudfoot was of opinion that there should be a limit of the fire marshal's power and that investigations should be conducted by the crown attorney. He wanted to see fair play. He did not expect too much efficiency or fairness from the government officers, backed up by the insurance companies.

The house went into committee on the bill.

A general discussion of the character of fire investigations followed.

Mr. Elliott expressed the opinion that the fire marshal should not conduct himself in any way that would give assistance to the insurance companies, but strictly to discover proofs of arson.

Mr. Proudfoot pressed his objection to the large powers of fire marshals. They are clothed by the act with powers as great as superior court judges. Such powers should at least be exercised by men who understand the rules of evidence. His own experience of fire marshals led him to believe

K. OF C. BLANKETS MISSED.

WOMAN FOUND ASPHYXIATED.

Jay Patterson, a soldier, was arrested last night by Policeman McBeth on a charge of theft. Patterson is charged with stealing military blankets from the Knights of Columbus soldiers' hut on West King street.

Jennie Young, aged 35 years, was found asphyxiated in bed in a rooming house on West Charles street at 9 o'clock last evening. The door to the room was fastened and the post to a gas stove was turned on. Miss Young was last seen alive on Saturday. A roomer in the house unlocked the door last night and found the woman dead. The condition of her body, the police say, made it clear that she had some time. The remains were removed to the morgue.

IRISH-CANADIAN BATTALION.

The organization committee of the 208th Battalion Association met last night in the office of Colonel Lennox, to complete the organization of the association and as far as possible under the conditions.

Mr. Dewart learned that P. R. Powell, Parry Sound, has applied for the right to develop electrical power on the French river, likewise the Imperial Paper Mills of Canada and E. Bruce Pratt, Cleveland, O. The government has had correspondence on the subject of French river power development with W. A. Carlyle of the British-American Nickel Corporation and the Hydro-Electric Commission.

Mr. Dewart also learned from the government that the following private

**THREE KINDS PULL,
SAYS DR. NOBLE**

"Political, Church and Social Influence" is the Charge Made.

EXEMPT FROM FEES

Trustees Aid Returned Soldiers Resuming High School Studies.

"Political, church and social pull," was declared by Dr. Noble to be responsible for the loading up of the staff with "inexperienced and incompetent" teachers. The issue was raised at the management committee meeting after school hours, when Dr. Noble said the chief inspector was responsible. Chief inspector Cowley said that returned teachers were not subject to the two years' experience rule of outsiders and he was ruled by the board's bylaws.

Dr. Caroline Brown protested against outsiders being brought in to the detriment of Toronto girls, who had to get their experience in Toronto schools.

Mrs. Groves said that inexperience and incompetency were not synonymous terms.

Dr. Noble said the Toronto teachers had \$9,000 spent on their education by Toronto taxpayers and it would do them good to go outside and get their experience.

Chief inspector Cowley said that experienced teachers on the average would be more efficient than inexperienced.

Dr. Noble intimated that the question would be brought up again at the finance committee.

Experimental School. Dr. Noble secured the unanimous support of the committee to a proposal that one experimental school to discover child's natural aptitudes and the maximum efficiency of the individual teachers be established.

Dr. Chas. J. Hastings, medical health officer, notified the committee that an east end child's welfare clinic was projected. Action was deferred pending further information.

Returned soldier pupils, belonging to the high schools, who have resumed their studies, will be exempt from fees until the end of the school year, also the children of members of the Canadian expeditionary force.

Chief inspector Cowley was authorized to arrange for a series of patriotic addresses by Trustee Miss Constance Boulton in the schools next autumn.

French Orphan Plan. Mrs. Henry Oeler renewed a request for permission to be granted to the schools to each adopt a French orphan to the extent of an expense of about \$15 a year. The request was granted subject to the assent of the board and of the school principals.

Another request from school trustees to be given the use of two rooms in Gibb's school was received. It was referred to the chairman of the board and the heads of departments for action in the direction of an agreement between the city and township.

The regular section 26 school is overcrowded both above ground and in the basement.

Boardmaster Wilkinson, who received \$1,000 a year as instructor of the eight public school bands, was given charge of the school band at an addition of \$200 a year.

Chief inspector Cowley was instructed to report upon the purchase of an apparatus for each school which demonstrates the motions of the earth in relation to the sun, moon, and planets. The apparatus was exhibited before the committee.

Trustee Hamblin, chairman of the board, said it was one of the defects of the present schedule, but it could not be adjusted. The teachers as a whole had been treated very fairly.

CANADIAN MASTERS FOR DOMINION SHIPS

Canadian officers of Canadian vessels of over 500 tons with the master mate and second mate, the reservation of coastwise trade for Canadians, and a last appeal to the admiralty court are among the many reforms in legislation which the Canadian Merchant Service Guild intends to have passed by parliament this year.

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty its bowels, and the result is, they become tired, sluggish, waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of colds, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here (get the genuine) made by "California Fig Syrup Company." Refuse any other kind with contempt.

MEETS.

EVANS SPARS WITH CHIEF OF POLICE

Ex-Constable Features as Cross-Examiner in Hot Commission Session.

ALLEGED FAVORITISM

Youngsters Hold "Cushy" Jobs While Seniors Go on Beat.

P. C. Evans, who is taking charge of the case of the Toronto Police-men's Union at the investigation now being held by the royal commission, featured all day yesterday at Osgoode Hall in warm sessions with various witnesses, and finally, following a few hot passages relative to one or two young men who were alleged to have held "cushy" jobs while older, more experienced heads were left on their hard beats around Toronto's windy street corners, stated that he had 16 more witnesses of a similar nature on his books, but that many of them were not only personal friends but also so-called "cushy" jobs, union or non-union as they might be, and he refused to call any more such men to bear witness against themselves. These young men had not really been promoted but had been given assumedly more suitable plainclothes jobs. When the time came he would press to the fullest all bona fide alleged cases of improper promotions.

The Well Appointed Bath Room
Harmonious and unobtrusive bath-room fittings are an unerring sign of good taste.
EDDY'S ONLWON TOILET PAPER is one of the little refinements which has a place in every well-appointed bath-room. In its handsome nickel-cabinets, it is the most convenient without being obtrusive. Choose the ONLWON future for your bath-room and add to your convenience and to the good esteem of your guests.

MILITARY OFFICE USES CIVILIANS

Paymaster Explains Why Only 16 Per Cent. Are Veterans.

Lieut.-Col. J. R. Forbes of military district No. 2 pay office, has in reply to assertions which have been made in regard to the employment of draftees and girls in the pay office instead of returned veterans, stated that of the 27 officers on his staff, 15 have seen overseas service, 21 n.c.o.'s and men, out of the 104 employed are overseas men and there are also 33 girls employed.

Col. Forbes stated further: "The draftees and volunteers who did not see service outside of Canada, will be allowed to go as soon as we can fill their places with returned men. With regard to the civilians, male and female, it has been impressed upon them from the start that their positions are temporary. As soon as their places can be filled by competent returned men their services will be dispensed with."

Replying to the charge that girls who were not forced by circumstance to seek work, had been given employment, he said that he did not know of one.

ROSE SOCIETY WOULD BEAUTIFY CITY PARKS

A deputation from the Toronto Rose Society, headed by Senator Nicholls, waited on the board of control yesterday and asked that part of one of the city parks be set aside for rose gardens. A beautiful bouquet of Canadian roses was presented to the board by the deputation.

Senator Nicholls, speaking on the subject of flowers, said that Toronto has many parks but no really beautiful gardens. "We are not asking for any financial aid but simply desire that the parks commissioner co-operate with the citizens."

If the city will provide the garden the society will provide the bushes, and roses will be grown which will be a real attraction to the citizens.

The deputation pointed out that Canadian-grown roses were capturing prizes at American shows and that to execute work was necessary to educate the citizens to utilizing their back yards for rose growing.

The parks commissioner was instructed to make report on the matter, but was allowed power to act in the meantime.

SEWAGE LEGISLATION SOUGHT BY TORONTO

The city of Toronto is seeking legislation in connection with the operation of the sewage disposal plant on Eastern avenue, power to superintend the planning and training of trees, power to prohibit changes in the use of public buildings, power to levy the whole cost of local improvements and other services on land proposed to be sub-divided and the levying of rates against annexed land for sewer outlet.

The bill in connection with the sewage disposal plant reads: "Notwithstanding the provisions of the Municipal Act or any other act of the legislature or the decision or order of any court, the corporation of the city of Toronto may maintain, operate, improve, extend, alter, repair, reconstruct, or otherwise work works situated on Eastern avenue, together with all works, services and appurtenances necessary thereto, and may acquire by purchase, or otherwise, any land or other premises which shall be brought against the said corporation for damages or relief in respect of the maintenance and operation of the said works unless the corporation shall have failed to comply with any order, regulation or direction of the provincial board of health relative to maintenance and operation."

GROCCERS PETITION FOR EARLY CLOSING

A petition, bearing the names of 1,410 grocers, was presented to the board of control by W. C. Miller, secretary of the retail merchants' association, yesterday, asking the city to pass a law closing all grocery stores in the city at six o'clock every evening except Saturday and on the day before a holiday. The Ontario statutes provide that if a petition to this effect is signed by three-quarters of the members of the association the city council must pass a bylaw to this effect. Cont. McBride held that the list included fruit dealers and others who were not bona fide members of the association, but Mr. Miller assured the board that such was not the case. Petitions of a similar nature are expected from butchers, florists, milliners and others, said Mr. Miller.

WHEN, OH, WHEN!

None of the police commissioners will take the responsibility of saying when, if ever, the police commission intends to take action with respect to the alleged abduction of six bottles of whiskey from a police station last moose hunting season.

NEW OFFICERS ELECTED HOME CIRCLE CONVENTION

The biennial meeting of the Canadian Home Circles, which opened Tuesday, finished yesterday afternoon. The officers elected for the ensuing two years are as follows: Past supreme leader, Rev. Dr. T. S. Boyle, Windsor, N.S.; supreme leader, R. W. Hawkins, Brownsville, Ont.; supreme vice-leader, V. A. Sinclair, M.L.A., Tillsonburg, Ont.; supreme secretary, J. M. Foster, B.A., Toronto; supreme treasurer, W. B. Graham, Toronto; supreme chaplain, Mrs. H. A. Kerr, Hamilton; supreme marshal, S. A. King, Simcoe, Ont.; supreme warden, S. Parks, St. Catharines; supreme sentinel, George Stacey, Chatham, Ont.; supreme solicitor, Norman Sommerville, M.A., Toronto; supreme trustees, Thomas Chapman, Toronto; P. J. Sabine, Toronto; R. R. Mowbray, Brooklin, Ont.; supreme finance committee, C. H. Denton, Tillsonburg; Dr. J. R. Radford, Galt; M. B. Hughill, Toronto; supreme committee on laws, J. R. Roaf, Toronto; Mrs. Van Dusen, Toronto; J. V. Spedding, Tillsonburg, Ont.; supreme medical ex-

BRITISH WAR SAVINGS ISSUES.

London, March 12.—Sales of war-saving certificates have reached a grand total of more than \$68,000,000. A large part of the certificates were issued in the form of 15-shilling and six-pence certificates. The total investment in this form of security is over \$22,500,000. This is a result of three years' work.

Passage-at-Arms.

A terrific passage-at-arms occurred in the morning session between Constable Evans and Chief Grasett, whom he was examining, and who admitted that at least in the case of one man (Miller) promotion had been granted over his (the chief's) head. The tiff occurred in respect to Constable Logie, whom the chief characterized as a sour discontent. Logie, he said, was always wanting to appeal against this or that, and he once fined him \$24 so that he should have something to appeal against.

"How did you get all this information about Logie?" asked Mr. Evans.

"By plain, personal observation and reports from his officers," fired back the chief, who refused to say whether they could be called or not at law.

"Well, what are their names?" asked Evans.

"I won't give them."

Evans now pointed out that only a few days previously the commission had forced him to give names. Why then should the chief of police be favored in this respect?

"Now, now, please do not conduct yourself so violently, Mr. Evans," advised Sir William Meredith.

Simple Home Treatment to Remove Hairy Growths

(Beauty Culture.) Two or three minutes' use of a delicate paste will banish every bit of hair from your face, neck or arms. This paste is made by mixing some water with powdered delatone. After the paste is removed, the skin should be washed to free it from the remaining delatone and it will be clear and spotless. You will not be disappointed with this treatment if you are sure to obtain real delatone from our druggist.

To Foreign Countries, postage extra. THURSDAY MORNING, MARCH 13.

The Mud Wall Again.

According to last night's Star, the mud wall is to be forced on the people of Toronto by the harbor board and the city authorities. Just why this inquiry is to be perpetrated The World has never been able to discover. It was conceived by a few members of the board of trade who called in J. W. Moses, of unhappy memory. He designed the mud wall, which is exactly the same kind of dyke that shuts out the view of the lake from High Park on the Shore Road, beyond Sunnyside. But the mud wall or dyke on the Esplanade will be vastly larger, a stupendous affair, broad enough to carry ten tracks and pierced by tunnels at York and Bay, and Yonge and Church streets. These tunnels will be 230 feet long, and gentlemen who patronize the Royal Canadian Yacht Club and citizens who have to trudge out to the new windmill line, if this absurdity is ever realized, will have occasion to meditate on the board of trade and their Engineer Moses.

It is to be noted that no reputable engineer has ever yet put his name to a commendation or approval of this monstrosity. Some engineers have said that it is a "viaduct" is wanted, this is what it must be. But when the city wanted a proper piece of engineering it adopted the alternative which crosses Queen street to the Lake Shore road at Sunnyside, and which is a pleasure to all who use it. The expense of the mud wall at a time when taxes are so high in the city is another reason why the city council and all concerned should take thought for the sake of the citizens and save them from this blunder. It is to be noted that no fair estimate of the cost has ever been made public. The millions to be spent on piling up the mud wall itself on the Esplanade will be the smallest part of the cost. The damages which will be incurred by the city on account of it will far exceed the cost of the mud wall itself. The damages at the east end of the Esplanade arising out of it have never been alluded to, and the new bridge which will have to be built down by the Don has never been mentioned in public.

What we need is daylight on the whole project. The board of trade men in private confess themselves ashamed of the project, but say they are too deeply committed to draw out. Will some courageous controller or alert alderman insist on having a complete showdown on the whole pernicious business before Toronto is committed to such a defacement as the Chicago and Northwestern inflicted on Chicago? If the beauty of the waterfront does not interest them will the pockets of the taxpayers make no appeal?

The Fire Department.

Now that the fire chief is booked to retire on May 1 the city hall authorities have no excuse for balking at a thorough reorganization of the administration of the fire department. They must make an end of the village system once for all and realize that we have half a million people to consider, and that our methods must accommodate themselves to the necessities of the situation. The old political methods belong to the last century, and the firemen must be regarded first of all in relation to their duties and next in the city's relation to them. For the rest they should be free and independent citizens and not subject to anybody's views on politics or otherwise.

An Anglo-Saxon Fight.

Much favorable comment has already been created by the first two pages of The World's twenty-page series against Bolshevism. There is no doubt that Anglo-Saxon sturdiness of character and common sense will be the greatest factor in pulling the world thru its present industrial crisis. Great Britain, the dominions and the United States must be steadfast in their adherence to law and order, and the popular representative government which is the strongest armor of true democ-

IT'S THE OLD "HE" ONE THAT TOMMY WHITE IS AFTER

cracy. We must be a tower of strength to other nations with less experience in ruling themselves. The labor situation in Great Britain, while difficult, shows signs of clearing up and there is every prospect in the adjustment of this as in other matters pertaining to government, Britain will lead the world. The position in Canada and the United States, while not so pressing, is acute enough, and we have, in these countries, the additional danger of a large and ignorant foreign population. The education and control of these people will be the measure of our success in fighting Bolshevism on this continent.

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading letters written by our readers, dealing with current topics. As space is limited they must not be longer than 200 words and written on one side of the paper only.

CONSCIENTIOUS OBJECTORS.

Editor World: I see that there is a movement on foot in England at the present time, for the release of all persons who are serving time in prison as the result of refusal to engage in military service for conscientious reasons. Now that the war is over, there seems to be no real reason why they should be detained in prison any longer. Amongst those who have signed the petitions for amnesty, we find the names of such men as Viscount Bryce, Viscount Morley, Sir John Simon, etc. These men have been whole-hearted supporters of the war, and would be the last to urge any action that would be detrimental to the good order of the state, but they evidently recognize that no civil purpose would be served in the least by further penalties inflicted upon the conscientious objectors. We have in Canada also a number of young men who are serving time in prison as conscientious objectors. Now that the war is over and demobilization is taking place, could not the Canadian government take some steps to secure the proper release of these young men also? I have met and talked with some of them, and I have found them to be noble young men, actuated by principle and representing a fine type of young Canadian manhood. I am sure that the government could arrange some plan to secure their proper release in the course of the year. Yours in the interest of justice and fair dealing, G. Barry.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs. (Copyright, 1919, by the McClure Newspaper Syndicate.)

Who takes from life more than he gives to it. Save that which comes from Nature's kindly care, and taking for his own some other's share. Wherefore, when Fortune doubly smiles on you, And grants you an increase beyond you'd see, 'Twere well to look on it not as your due, But as a Fund of which you are Trustee.

Olympic is Again Assigned To Repatriation of Canadians

London, March 12.—The White Star liner Olympic has again been placed at the disposal of the Canadian government and with 5,000 Canadians on board sailed for Halifax on March 16. An additional thirty thousand Canadian soldiers should sail before the end of March.

THE PROMOTER'S WIFE

By JANE PHELPS.

Two Codes—One for a Man, Another for a Woman.

CHAPTER XXXI. The next morning at breakfast I recurred to the subject. "You and I are partners, dear. I would do anything in the world to help you. But you must tell me things, let me understand what you are doing, if I am to be of use. Attending to do something blindly, I might make an irreparable mistake. Don't moralize, Bab. I really have nothing to tell you. Do as you did last night. Be charming when I ask you even to a bore like Scott. Be sure I shall not inflict his like upon you without a good reason." Clearly, he did not wish to continue the subject, but he began at once to talk of something else. He had met Lorraine Morton, he thought she was looking particularly well—anything but the one thing about which I was curious.

IDA TALKS OF TORONTO

By IDA L. WEBSTER.

Every day you meet people who are only too anxious to tell you about Toronto when it was 50 years younger than it is today. But the stories may be most interesting to the persons telling them, yet in the majority of cases they bore the young, perhaps because the young and irresponsible live in the one day and fear the accounts of the other.

THE DAY AT OTTAWA

By TOM KING

Ottawa, March 12.—Nothing appears easier than for a member of parliament to get up and make a speech in the debate upon the address. As a matter of fact so many members desire to speak in the present debate that they have to hand in their names some time in advance, and wait their turn. I, a honorable member is not in the chamber when his name is reached on the list that Mr. Speaker has before him, he loses his place, and has to go to the foot of the line. Even so he is on the job and ready to speak he may be shunted to a side track because a minister of the crown claims the right of way. There is also a good deal of jockeying for position, as nearly every member prefers to speak to a good crowd in the afternoon, rather than face a thin and jaded house at nine or ten o'clock at night.

SO AM I LIFTED UP

Bright now the dark days, Leap O, my heart! Strive in the days of his reign: Her words impart! Mystic her heart rune, Carved on my blade: Pledge in his lord crown: Be not afraid! Mighty my sword-arm, Joyous my song, Magic the sweet charm: Gains't Fafnir's throng! If comes life's last fray, Stears thru the death-mist, Querdon of mine! —F. V.

Refusal of Work to Alien Results in Death Wound

Montreal, March 12.—"Go away, away, Spaghetti, you couldn't hold the last job I gave you," said John Roberts, 48 years of age, of 22 Casselin street, engine foreman for the Grand Trunk Railway, at the Turcot Roundhouse, yesterday afternoon, as he turned away from an Italian laborer, who had been posturing him all day for a job. The Italian's reply was a large automatic revolver, and five shots rang out, one of which struck Roberts in the spine, and went thru to the heart, and caused instant death. The Italian made his escape.

Good Rubbers Mean Foot Comfort, Shoe Economy and Health Protection

Why are they comfortable? Because in the Dominion Rubber System brands, you can get just the size and shape of rubbers to perfectly fit every pair of shoes. That is one advantage of having a great organization like the Dominion Rubber System to study your needs. With factories and service branches all over Canada; and with experts in constant touch with the leading shoe manufacturers, the Dominion Rubber System is able to make and supply your dealer with every style of rubbers required. How do Rubbers economize on shoes? They protect shoes against slush and rain—make shoes wear longer and hold their shape better—and enable you to wear old shoes in bad weather. Is it necessary to speak of health protection? With the epidemic of "Flu" so vividly in mind, and the warning of physicians to keep the feet dry, surely no one will run the risk of going without rubbers on wet days!

NATIONAL UNIVERSITY TO CANADIAN UNITY
(Continued From Page 1).

Mr. Foster was speaking last night when a count of members failed to produce a quorum.

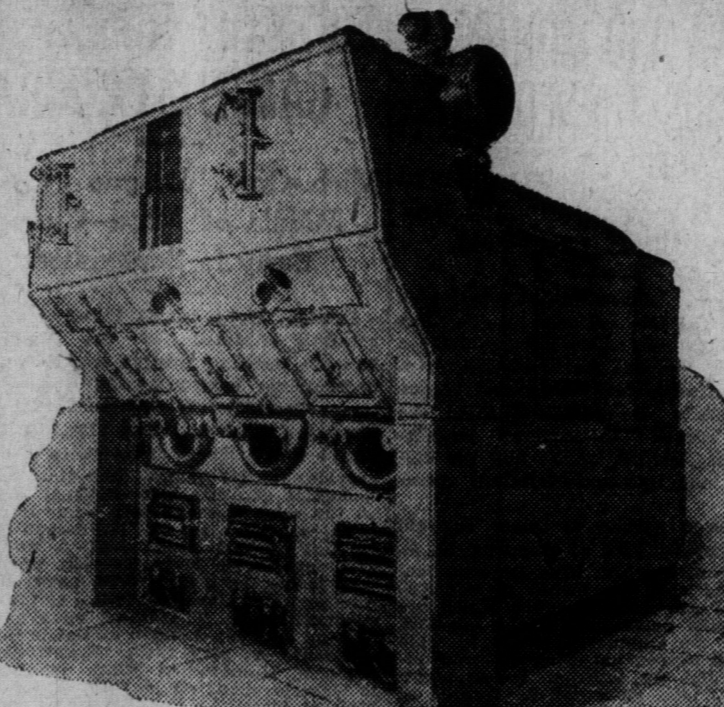

Before Mr. Foster could proceed, however, the Speaker interposed that under a ruling given in the British house Mr. Foster had spoken once in the debate and therefore could not speak again.

The Speaker added that he was compelled to place this interpretation on the British ruling. But as would impose great hardship on Mr. Foster, he would, with the unanimous consent of the house, permit Mr. Foster to proceed.

Mr. Foster emphasized the necessity for more care being exercised in selecting the class of immigrants to come into Canada. Mr. Foster said that some kind of registration bureau for immigrants should be established whereby the government would be enabled to keep track of the people who were admitted into the country. He stated that in a number of cases immigrants had taken the places of Canadian boys who went to the front and thus earned large salaries. They did not go to the front themselves. Such persons should, said Mr. Foster, pay a war tax.

Quality in Highways.
Discussing the question of building highways, Mr. Foster said, the Toronto-Hamilton road had not got the quality of highway that it should have. In a very short time he expected that it would have deteriorated to such an extent that it would have to be reconstructed. He did not think that it was good policy to support federal money to the provinces, but that the government should undertake its own system of building highways. He hinted at a great deal of patronage handed out by the provinces. He advocated building a highway across the country rather than those built by the provinces. Turning to the government housing scheme, Mr. Foster stated that he was not sure whether this was a good time to embark upon an extensive program of housebuilding. He drew the attention of the house to the fact that conditions at present were abnormal and prices of material exceptionally high. The principle of the housing scheme was to build houses for the people. He believed the Dominion government was doing right in offering the money to the provinces.

ANNOUNCE A NEW ORDER-IN-COUNCIL
Dispute Arising Out of "Power" Price Fixing Goes to Exchequer Court.

Ottawa, March 12.—Believing that time would be saved and a fair and judicious method provided for the settlement of disputes arising out of the apportionment of power to munition factories by Sir Henry Drayton, controller of the production and distribution of electrical energy, Hon. Arthur Meighen, acting minister of justice, has had passed an order-in-council referring the matter to the exchequer court. Action was made necessary because the Toronto Power Company, Limited, claim to have delivered, since October, 1917, by order of Sir Henry Drayton, large quantities of electrical energy to the Ontario Power Company, and the value of this energy is in dispute between the two companies. The Toronto Power Company, Limited, takes the position that the government of Canada is responsible for payments, and has applied for a reference to the exchequer court.

EX-PREMIER ASQUITH A VISITOR TO SPAIN
Madrid, March 12.—H. H. Asquith, former premier of Great Britain, arrived in Madrid today and was received at the railway station by representatives of Premier Romanones and the ministry of foreign affairs. He had a conference with Premier Romanones and lunched with King Alfonso later in the day. Mr. Asquith said he was merely in Spain as a tourist and that his visit had no political significance.

MILITIA DEPARTMENT AIDS TOLOA TROOPS
Ottawa, March 12.—The militia department denies the accuracy of the story from Halifax that British reservists aboard the troopship Tofoa at that port have been denied transportation by railway to New York. On the contrary, it is stated by officials tonight that the department on Sunday last received a request for transportation and subsistence to enable these reservists to travel to the city of New York. It was authorized at once, and the department has been advised that it was issued.

SERIOUSLY HURT BY AUTO.
Albert Reid, 35 years of age, was seriously injured when he was struck yesterday afternoon near Queen Alexandra School. Reid was taken to Michael's Hospital where it was found that he was suffering from head injuries and a fractured arm and leg.

MAJOR BRISTOL OF HAMILTON IS MARRIED IN LONDON, ENGLAND
London, March 12.—The marriage took place today of Major Bristol, of Hamilton, Ont., private secretary of the Canadian overseas minister, and Helen Mathewson, Montreal. There were a bridesmaids. The bride was given away by her brother, Major Stanton Mathewson, and the groomsmen were Major Ian Sinclair, a small recent war hero, afterwards by Major and Mrs. Lyman Dixon. The ceremony was performed by Canon Scott.

INDUSTRIES IN GERMANY TO FIGHT BOLSHEVISM
Berlin, March 12.—The Industrial League of Germany has been organized, with a fund of 50,000,000 marks, for the purpose of fighting Bolshevism, according to information reaching the Associated Press. Of this sum the great Berlin plants contributed 5,000,000 marks.

KOREA MAKES DEMAND FOR INDEPENDENCE
Manifesto Calls on People to Rise and Make a Peaceful Demonstration.

Peking, March 12.—The independence movement in Korea is becoming more widespread, according to reports from private sources in that country. Trouble was anticipated on the occasion of the funeral of Prince Yi, and the Japanese called in gendarmes from outlying stations. Foreseeing this, the Korean national leaders arranged the independence day demonstrations two days earlier, thus catching the Japanese unprepared. Eventually the situation was restored, but not before thousands had been arrested. The Korean independence manifesto calls on the people to rise and make a peaceful demonstration of their independence, but under no circumstances to use force. The document is dignified in tone. Students of the Ping-Yang Presbyterian Theological School were seized, stripped and tied to rough wooden crosses which they were obliged to carry through the city, their Japanese captors saying that, as their father had borne the cross, they, too, should have the privilege of bearing it. The Koreans demand that Japan's advisory control shall continue only until such time as the league of nations considers the Koreans absolutely fit for self-government.

WILSON TO ARRIVE TODAY.
Brest, March 12.—A wireless message received here from the U. S. S. George Washington, time 11:20 a.m. Wednesday, says that the steamer is delayed and is not expected to reach Brest before 8 o'clock Thursday evening. There is a stiff breeze blowing here, with heavy seas.

THINK TROUBLE OVER ON TROOPSHIP TOLOA
Halifax, N. S., March 12.—Transportation officials this afternoon boarded the troopship Tofoa and interviewed the British reservists who had threatened to strike the boat unless provided with tickets to their homes in Canada and the United States when the vessel put back into this port owing to the strike in New York harbor. Fifty out of the 393 men involved had enough money to pay their fares and the immigration head tax. Those without sufficient funds will have to go on with the ship to New York. She is expected to sail from here Friday.

They St. Pats 5 Hamilton 1

HEROIC EFFORT BY SAINTS TO WIN THE SENIOR TITLE

Given Good Defense Work St. Patricks Smothered Tigers in Thrilling Game—Came Close to Pulling Out the Round—Score Five to One.

Seven minutes from a championship! That is gospel truth. St. Patricks are the unlikely ones to be on the short end of the time count. Up in Hamilton a week ago the Saints beat the Tigers. They were a poor team. They were one down, with only seven minutes to play, and then blow up higher than a high explosive shell. The finish of this sad work was a seven-goal lead for Tigers. It was the first game of the season, and a stunning blow. After a postponement from Saturday, the second game was staged at the usual last night. Hefferman was back, and the Irishmen tore into the St. Patricks. They beat them in every department of the game, and staged a finish that all but killed the fans. The result of the game was 5 to 1 for the locals, and it about gives the margin in the first round. This made the Irish 3 to 3 for Hamilton, and left St. Pats three down. Tigers earned the right to defend the Allan Cup by this victory. After viewing the contest, nothing but pity could be felt for the poor Irish made for the sad happening in Hamilton. They bumped the Tigers into submission in the first round, came on with the stuff that wins games in the second, and surpassed this effort in the last round. Hefferman made the difference. The defence stood up as it should. Heff and Cain sandwiched them as they came in and bumped every man that came their way.

Reame a Life-Saver. — The forwards checked like real men went well in and gave Reame the busiest night of his career. It might be mentioned here that the Hamilton goalie is the man that saved the championship for the black and yellow crew. He surpassed himself. The Saints were made a half dozen times that would have secured goals against an ordinary goalie; Reame turned aside them all. Again in the last round the Irish had no luck. True, they run in three here, but had as many chances, only to have Reame spoil the efforts.

Eabo Dye turned in a wonderful effort. His shots and dives for the net in the closing twenty minutes brought the fans to their feet time after time. Hugh Aird, playing his first game since returning from overseas, was a very useful man for St. Pats. He checked with a will and packed a shot that worried Reame. Magdon, Breen and Patterson also took a healthy interest in the bumping game and it was this strenuous stuff that took a lot out of them. In the first round, Crook was at his best. He handled the hard ones with ease, but bumped into a trouble with injuries. He got a rap on the head in the first period that laid him low, and a hard lift from McCarthy's stick hit him over the eye in the last period and again he needed time for repairs.

Joe Mattie was the bright shining light of the Hamilton team. He took a lot of hard bumping, handed out goals himself, and opened up rush after rush. He was hard to stop. Green was also good; he checked well and was the only forward to bore in. Roach only went in in spots, and a bump that McCarthy got early left him useless for three-quarters of the game. He did better in the last period. St. Patricks' effort was one of their greatest ever staged in a Toronto rink. They opened like a real team and kept up the good work until the final period. Hamilton put forward their best effort in the first period, which was scoreless, and after this were outplayed by the locals. Hefferman on the back line, gave the Irishmen the needed confidence, and they performed their lack with greater skill than most fans gave them credit for possessing. There was little fault to find with their work all thru.

A Lesson Quickly Learned. — They taught the Tigers that it was not a team that was ready to acknowledge an even-goal lead was as big as a million right in the first round. Up to this the Toronto team with blood in their eyes checked that taught the Bengal tribe that a tough evening was ahead of them. It did the work for the Hamilton forwards a burst after this, the checking of the Hamilton forward line was not that clinging kind that broke up the line, but was there, but did not have the punch the bumping had turned the trick. It is not often that the hard-lust staff claimed locally, but it must be said that the goodness of luck was not smiling on the Hamilton forwards in the first round. St. Pats went to work with a stick when down on the ice saving the Hamilton attacks. Then they opened the attack. Cain broke out with some thrilling rushes and put the back on, but could not beat Reame.

Reame took a hard at the rushing game, but shot from well out and Crook was busy. Heff and Cain were the first pair for dumping Green over his hip. Hefferman first tried to end with Hamilton patting themselves on the back with a score didn't result. Those shock the checker like a dog riding himself of water and worked right up to the side of the goal. He showed out the St. Pats and Dye all slammed it in.

Dye took some nice clouts at the tally sheet. He peppered Reame with hard shots from near and far, but failed to judge the twice. The Irish bottled up the striped tribe in their own rinks, and it was here that Reame did the crucial work. He turned out the puck with every part of his body.

Mattie relieved the pressure, but lost at the defense. Crook was hurt in a muss at the Toronto end and a delay occurred. Crook was hit on the head with a stick when down on the ice saving. He was able to return. The Hamilton forwards were showing signs of distress under the good body work handed out by the Saints. They bumped them at every opportunity and it took a lot of team out of their heads. They were kept out for a couple of more lifts before the period ended with the score sheet a blank.

Dye Started the Scoring. — It was a thrilling event in the second stanza. Green got a pass when Roach in at the side, but shot wide. Then Roach raced back and shot into the net. Mattie called down, passed over to the Irish. When he was uncovered and Crook came out to save. Dye grabbed the first center and woke up the fans. He raced up from a face-off, shot outside the defence, closed fast and batted in the puck when it rebounded off the fence behind the net.

This put pepper into the game. It developed into one and two-man rushes, with both teams having a hand in it. The shooting was mostly from outside the last trenches, and nothing resulted. Aird broke the suspense with a handy goal. He stick-handled his way thru the crowd, shot and closed like a flash, and batted in the rebound of his own goal. Then the Tigers got one. Roach was the puck-carrier. He went well in, handed it over to Duncan, and then Green and Cain got it at the goal mouth. It was an easy matter to net the puck, with Crook trying to save when Duncan was coming in. The period ended with St. Pats 3 to 1, and going strong.

Duncan was ruled off, as soon as the third period opened for charging. Dye into the boards. It was Hamilton's first penalty, and right here the Saints decided that it was time to go after the

OTTAWA AND MONTREAL BIDS TURNED DOWN

Adoption of New International Playing Schedule Postponed Until Circuit is Completed.

New York, March 12.—Baseball club owners in the International League after an eight-hour session here today, decided to further postpone the adoption of a playing schedule for the coming season until definite arrangements could be made in regard to securing suitable grounds at Newark, N. J., and the disposal of the Syracuse-Hamilton franchise.

The league desires to lease the old Federal League park at Harrison, N. J., a suburb of Newark. The International has offered a liberal rental to the National and American Leagues which are now in joint possession of the grounds. The park on which the Newark Club played last season has been declared unsuitable, and its location inconvenient. The Harrison park, however, is a reasonable figure. President Pultz said that a desirable bidder for the Newark franchise would immediately make an investment.

Both Ottawa and Montreal made bids for the Syracuse franchise, but neither was accepted. However, in the event of a satisfactory bid for the Newark franchise, an eight club circuit will be arranged, including Syracuse or a Canadian city.

Woodstock Juniors On Opposing Sides

Woodstock, March 12.—The Coultter Trophy, emblematic of the senior championship of the Western Ontario Intercollegiate League, was won by Woodstock College this afternoon, when they defeated the local collegiate team by 6-2.

It was a real snappy game, with the winners always in the lead. College sported their O.H.A. juniors on their line-up, while the collegiate also had three stars of the red and white. Harry King scored twice for the winners, while Carson found his O.H.A. team-mate Dunlop for three net-bullers. Two periods only were played, the first ending 2-1, and the concluding spasm 1-1. The line-up:

College (6)—Goal, Hall; defence, Shea and King; centre, Pugsley; right, P. Carson; left, Sibbs; sub, Knox.

Collegiate (12)—Goal, Dunlop; defence, Trump and Johnston; centre, C. Grey; right, McCarty; left, McMillen; sub, McLaughlin.

Referee—Gustin.

BASKETBALL

The final basketball game in the Toronto section of the intermediate O. A. B. A. was being played between Broadview Y and City Playgrounds. This score was divided into two parts with Broadview winning one and Playgrounds B the other. Last Saturday night Playgrounds B team defeated their opponents, 26, on the latter's floor. The Chandler brothers, for the winners, played an unbeatable combination, and ran the ball, intercepting on the defense was the feature of the evening. Ramsey and Kerr for the losers worked their way checked too closely to shine. The team: Playgrounds—Chandler (9), A. Chandler (8), forwards; Fetiche, centre; Broadview—H. Kerr (6), H. Ramsey (10), forwards; J. Carthy (6), centre; Phillip Ramp (4), defense; spares, Redlar and Cooper.

Referee—E. R. Buscombe. Umpire—A. Francis.

GOLF FINALS AT PINEHURST.

Pinehurst, N.C., March 12.—Miss Caroline Bogart of Pinehurst today defeated Miss Isabel S. Rice of Boston, 2-4, in the women's singles final of the Pinehurst championship tennis tournament. In the final men's doubles, W. Ross of the Longwood Club, and Robert Ward of Montreal, defeated Major A. Elliott Eamesy of the West Side Club and F. Watson, Jim. of the Westchester Country Club, 7-5, 6-4, 4-6, 6-1.

PREPARING SCHEDULES

Mich.-Ont. League Opens Middle of May—Closes Early in September.

London, Ont., March 12.—A tentative schedule of dates for the Michigan-Ontario Baseball League was forwarded to President Jackson at Detroit and Secretary-Treasurer Wilson at Toronto, by Chairman Rhodes of the schedule committee today. The arrangements of dates provides for 112 games, each club having six games at home and an equal number on the road, meeting each other in eight home-and-home games. The season opens on May 15 and closes Sept. 5, and the allotments were made, so that the rail-way jumps, back and forth, between the American and Canadian cities, are geographically. The teams open as follows on May 15: London at Battle Creek, Kitchener at Bay City, Brantford at Saginaw, Hamilton at Flint. The season in Ontario opens on May 19, as follows: Brantford at Hamilton, Saginaw at Kitchener, Bay City at London, Battle Creek at Kitchener.

WOODSTOCK JUNIORS ON OPPOSING SIDES

Woodstock, March 12.—The Coultter Trophy, emblematic of the senior championship of the Western Ontario Intercollegiate League, was won by Woodstock College this afternoon, when they defeated the local collegiate team by 6-2.

NATIONAL LEADERS IN TIMELY HITTING

Baseball averages on the all-important point of timely hitting or driving in runs were reported by the Chicago Cubs of the National League leader last week. Those who showed the way in previous years follow:

1907—Hans Wagner Pittsburgh
1908—Hans Wagner Pittsburgh
1909—Hans Wagner Pittsburgh
1910—Lee Magee Philadelphia
1911—Frank Schaefer Chicago

1913—Cactus Cravath Philadelphia
1914—Cactus Cravath Philadelphia
1915—Hal Chase Cincinnati
1917—Heinie Zimmerman New York
1918—Fred Merkle Chicago

Grimshaw Beat Cook For Billiard Honors

C. Grimshaw defeated E. Cook 500 to 322 last night for the Strand Billiard Academy in the final game for the Toronto billiard championship of Toronto, notwithstanding a splendid run of 117 by the loser. Score:

Grimshaw—51, 2, 0, 11, 32, 37, 24, 0, 23, 18, 8, 25, 0, 16, 4, 42, 2, 0, 10, 2, 117, 2, 2, 16, 20, 11, 8, 2, 0, 1, 1, 10, Total, 59, 68.

Cook—9, 6, 15, 4, 0, 0, 0, 29, 12, 0, 4, 0, 18, 8, 2, 2, 12, 0, 7, 12, 2, 0, 10, 2, 117, 2, 2, 16, 20, 11, 8, 2, 0, 1, 1, 10, Total, 322.

High runs—57, 68.

Referee—H. H. Ramsey. Umpire—A. Francis.

SOCCER IS BOOMING IN WESTERN ONTARIO

Elimination Series Suggested for Western Association's Hough Cup Competition.

London, Ont., March 12.—It is quite evident that the Western Football Association will have to create an elimination series for the Hough Cup, a competition for high school and collegiate institute soccer teams.

Secretary Charles Hollins of the W. F. A. received additional challenge for the cup now held by the Listowel Collegiate, after coming from Windsor, W. H. Dowling, inquiring about the rules and regulations of the competition, while this has also been heard from regarding it.

The Hesperia intermediates have again applied for registration blanks, notwithstanding their playing in the same group with Galt. Galt will boom players and members please be on hand for high school and collegiate institute soccer on the intermediate W. F. A. cup last season. There is every indication that soccer will be revived in western Ontario on a larger basis than prevailed even before the war.

MEETING OF THE WHEELMEN.

Practically every cyclist in the city was present last evening in Broadway Hall at the meeting which was presided over by Bert Bingley, and many visitors on the C. W. A. The representative features, and unless this is granted at once, things will assume a nasty aspect. There were many hot discussions in which Lowry, Bounhall, McCarroll, Watson, Bingley and Alexander hit hard.

The meeting, which lasted into midnight, eventually passed the following resolution:

That we the wheelmen and promoters of the sport of cycling, insist on three representatives from each of the local clubs being admitted members of the association, and that the place immediately and that said representatives have a voice at the annual general meeting of the C. W. A. this year.

Miss Gove, 107 (James), 1 to 1; 5. Mangnese, 109 (Pajarota II), 1 to 1; 6. Capt. Warrham, 109. TENTH RACE—Three-year-olds and up, claiming, purse \$500, six furlongs; 1. Ambassador III, 95 (Blond), 5 to 1; 2. Lackawanna, 101 (Little Cote), 1 to 1; 3. Earnest, 102 (Pinedar), 1 to 1; 4. Lowell, 104 (Buddy Tucker), 1 to 1. ELEVENTH RACE—Four-year-olds and up, claiming, purse \$500, six furlongs; 1. Sentimental, 84 (Snow Queen), 9 to 1; 2. Mae Murray, 101 (Hiene Atkin), 1 to 1; 3. Toy Miss, 103 (Phaedon), 1 to 1; 4. Miss Gove, 107 (James), 1 to 1; 5. Mangnese, 109 (Pajarota II), 1 to 1; 6. Capt. Warrham, 109. TWELFTH RACE—Three-year-olds and up, claiming, purse \$500, six furlongs; 1. Sentimental, 84 (Snow Queen), 9 to 1; 2. Mae Murray, 101 (Hiene Atkin), 1 to 1; 3. Toy Miss, 103 (Phaedon), 1 to 1; 4. Miss Gove, 107 (James), 1 to 1; 5. Mangnese, 109 (Pajarota II), 1 to 1; 6. Capt. Warrham, 109.

Marjorie, Flora Finch, Miss Filley, Leah Cochran and Espano also ran. SIXTH RACE—Three-year-olds and up, claiming, purse \$500, one mile and 70 yards; 1. Gordon Roberts, 106 (Q. Prece), 11 to 5; 2. Boxer, 107 (Mooney), 3 to 1; 3. even. 4. Frank Monroe, 104 (Brown), 7 to 1; 5. Time, 146 (Fulaski, Skitny B., Jack Reeves, Tranby, Ambuscado also ran. SEVENTH RACE—Four-year-olds and up, claiming, purse \$500, 1 1/4 miles; 1. Fountain Fay, 102 (Burke), 2 to 1; 2. 5 to 1; 3. 1 to 1; 4. Duke of Shelby, 107 (Berger), 12 to 1; 5. Regresso, 102 (G. Prece), 7 to 2; 6 to 1; 7. 1 to 2. KNOTTY LEE SCOUTING. Brantford, March 12.—Knotty Lee, manager of the Brantford baseball team, is on a tour of the frontier, including Buffalo and Cleveland, looking for players for the local team.

How to Become a Bond Holder

A SIMPLE SUM FOR SHAVERS

A man shaves every other day at a cost of 20 cents per shave. If he buys a Gillette Safety Razor, how many War-Savings Stamps (which are "baby bonds") can he buy with the money he thus saves between March 1st and the end of the year? And what will those stamps, or "bonds", be worth on Jan. 1st, 1924.

METHOD— At 20 cents a shave every other day, the cost per week would be . . . 20c. x 7 ÷ 2 = 70c.

A man can shave every day in the week with one Gillette blade, which costs 8c. Add for soap, etc., 2c; total, 10c. Therefore, amount saved per week by shaving with a Gillette Safety Razor equals 60c.

From the first Monday in March to the last Monday in December is 43 weeks, during which the net saving by Gillette shaving is 60c. x 43 = \$25.80. Deduct \$5.00, the price of the Gillette Safety Razor, and with the remainder the man buys 5 War-Savings Stamps, at four dollars and a few cents each.

On January 1st, 1924, these 5 W-S.S. will be worth \$25.00, representing one year's shaving saving, and the Gillette Safety Razor is paid for and still in daily use.

This shows how systematic saving along only one line mounts up. Naturally, this particular example will not apply to all who should be buying War-Savings Stamps. Men who already use the Gillette Safety Razor, and women and children generally will find other expenses which can be cut down without material loss, or indeed, any loss of comfort.

The man who was paying 20 cents for a shave, should buy a Thrift Stamp every other day, at a cost of 25 cents, so that he would not be tempted to spend needlessly the money saved.

SAVE—and buy War-Savings Stamps.

SPECIAL SALE OF Auto and Motorcycle TIRES TUBES AND ACCESSORIES

Table listing various tire sizes and prices, such as 28 x 3 for \$9.75, 30 x 3 for \$7.50, 30 x 3 1/2 for \$12.00, etc.

AUSTRALIA HAS THE BEST BOXING RULES

Contestants Sign Against Faking and Weigh in Before Spectators. New York, March 12.—E. T. O'Sullivan, the man who brought Les Darcy to this country, has written a letter to Senator Leonard W. Gibbs outlining the method of conducting boxing in Australia. The suggestions may be of help to those who are endeavoring to have a bill that will give general satisfaction, while others are endeavoring to have time to draw up a set of commission rules.

FLEMING AFTER BROWN.

Montreal, March 12.—Johnny Kilbane's poor showing against Frank Brown at Philadelphia on Monday night last night spurred Fleming after Brown. Brown is said to have out-pointed Kilbane in an eight-round bout at Philadelphia on Monday, and knocked him down for the count of nine in the second round.

ALEXANDRA'S LEAGUE

Table listing names and numbers for the Alexandra's League, including names like Alexander, Smith, Dalton, etc.

BRITISH ARMIES OF OCCUPATION

Now Over 900,000 of All Ranks. London, March 11.—The government announced in the house of commons yesterday that the total strength of effective and non-effective British troops in the armies of occupation in all theatres of the war amounts to 902,000 men, including officers. The strength of the British army in France, Belgium and Germany, including demobilized troops, is being fed by the British commissary department.

INTERNATIONAL BOARD FOR PRINTING DISPUTES

Cincinnati, O., March 12.—Formation of the international general conference board of the printing industry for the purpose of devising means for peaceful settlement of industrial disputes, was effected here last night by five international unions of the printing and allied industries and representatives of the foreign organizations of employers who hire members of these unions.

SUN SHINES AGAIN IN WALL STREET

Trading Well Over Million-Share Mark and Sharp Gains Are Made. New York, March 12.—Transactions in stock today again ran well over the million-share mark, the advance, which embraced numerous high points for the year, being accelerated, according to general belief, by substantial public participation.

INTERNATIONAL SEAMEN FOR STANDARD WAGE

Paris, March 12.—After a general discussion at yesterday's meeting of the international seamen's congress, the delegates decided in favor of an international standard wage, based on the minimum scale adopted recently at London of \$15 per month for seamen and firemen.

ALL QUEBEC SOCIETIES UNITE TO WELCOME RETURNED MEN

Quebec, March 12.—At a luncheon held yesterday afternoon all the local societies: Roman Catholic and Protestant, got together to organize receptions and welcomes for the thousands of Canadian soldiers who will land at Quebec during the coming summer. The Knights of Columbus, the Y. M. C. A., the Salvation Army, the St. Vincent de Paul Society, and the Oeuvre de St-Jacques, all agreed upon plans to make the boys as comfortable and as happy as possible on their landing at Quebec.

The Spirit of Sunlight

All over the land the sun calls forth beauty, cleanliness, health and the renewing of youth. So with Sunlight Soap in the home. It redeems everything washable from the thraldom of dirt. Renews beauty and brings out old colors. It cleanses with a sure, gentleness that only the purest of soaps could accomplish.

Sunlight Soap

Its mission—as thousands of homes know—is to wash clothes, from the finest to the coarsest, without rubbing or old-time labour and discomfort. Also to wash woodwork, linoleums, dishes, utensils, etc., spotlessly clean with only a little soap. All this because it is absolutely pure.

The spirit of Sunlight is purity and cleanliness.

Do not accept substitutes—but ask for the soap you always use and insist on getting it.

SOCIETY

Conducted by Mrs. Edmund Phillips.

Lady Hendrie will shortly leave town for a change of air after her recent attack of bronchitis.

The regimental club and the women's auxiliary of the Princess Patricia's Canadian Light Infantry gave their first ball last night in Columbus Hall when six hundred guests were entertained. The orchestra played on the stage behind a screen of palms, and a buffet supper was served upstairs, the table decorated with beautiful flowers from the Casa Loma conservatories. The members receiving at the door of the ball room were Mrs. Ball, the president of the auxiliary, in black satin and tulle with jet and a diamond brooch; Mrs. Wake, in black nylon and satin; Mrs. Albert Ham, black satin and tulle with diamond ornaments; Mrs. Fred Leach wearing black satin and real lace with pearl necklace and a very lovely bright red Indian cloak. A few of those present in fancy dress were Mrs. Joseph Miller, in a handsome scarlet velvet gown, the corsage of gold and steel embroidery and tulle, pearl and diamond necklace; Mrs. Miller, in black and gold; Mrs. Morgan Deane, brown satin with magnificent Chinese embroidery in cream color, real lace scarf; Miss Sutherland, violet velvet, embroidered with beads; Mr. Gerald Forbes; Miss Marion Gibson, orchid satin with a silver float in her hair; Mrs. Hamilton Burns, black tulle with diamonds and embroidery; Mrs. A. F. Rutter, black velvet with emerald satin and a lovely lace scarf; Miss Grace Arnold, mauve silk, draped with tulle and trimmed with skunk; Miss Forsyth, pale blue and silver; Mrs. Porter, dark blue and white silk; Sgt. Major Porter, Mr. and Mrs. Mitchener, Miss Mitchener, white silk and lace; Mrs. Giles, black and gold; Miss Powell, black, embroidered with silver; Mr. and Mrs. Deacon, the latter in violet velvet, with gold embroidery; Mrs. F. Lee, black and gold; Captain Waite; Miss Henriette Ball, black satin with silver embroidery and shoulder straps; Mr. Mann, Mrs. Mann, in black velvet; Mrs. Robb, handsome black gown; Capt. Allen; Miss Dorothy Gordon, in black net and jet; Mr. Keith Russell; Miss Fraser, mauve and silver; Mr. Percy Ham; Miss Clara Wallace, rose silk and violet; Miss Foyell, pale blue silk and tulle; Mr. Frank Killock; Mr. Drew Hudson; Mr. Alan Drew; Miss Lee, lace over terra cotta satin; Mr. Vets. Mrs. Vets. black nylon over white satin; Mr. MacDougall, Mrs. MacDougall; Miss McLaughlin, grey tulle and satin; Mrs. Frank Hodgins, black tulle and satin with a string of pearls; Mrs. Richard Macdonnell, black tulle and jet with white camelias; Miss Lucas, dark blue satin and tulle; Mrs. Macdonnell, in black tulle; Capt. Macdonnell; Mr. Williams; Mrs. Grant, brown and gold; Miss Henderson, dark blue; Miss Hill, pale blue and white; Mrs. Tyrell, dark blue silk and crepe; Mr. Watt; Mr. Harris; Mrs. Doughty, black and white; Mrs. Doyle; Mr. Tyrrell; Mrs. Browning, brown and gold; Mrs. Wing, brown satin; Miss Steeves, white tulle and satin; Miss S. Cleveland, white satin; Miss Young, beautiful white embroidered gown; Mr. McLean; Mr. and Mrs. Walter Jago, the latter in dark green satin and tulle; Mr. Lemon; Mr. Baird; Miss Hamilton, tawn crepe with pale blue girdle; Mrs. Brewster; Mrs. Sharpe, black satin, crepe and jet; Miss Bryce, whose black gown accented well with her exquisite bronze hair; Major Sharpe; Miss Harris, black satin and emerald tulle; Miss Leeds, black lace; Mr. Thompson; Miss Wilkison, pale blue chiffon velvet; Mr. Bruce; Mrs. Bruce, black velvet and jet; Mr. W. H. Bonnell; Miss Jackson, very pretty in black; The Cuban consul; Mrs. Taylor, black and silver; Mr. Banks; Mr. Baker; Mr. Geddes; Mrs. Limmington, black with red roses; Miss Milman, black, satin and silver; Miss Gladys Branton; Capt. G. M. Smith; Mr. Briley; Capt. Hodder Williams; General Sir Sam Hughes gave a dinner at the Chateau Laurier, Ottawa, on Monday night, when 50 of the Conservative members of the house were his guests.

"ALL THE AIR SOLEMN STILLNESS HELD"

But Members Admit They Were Unanimous at the Government Caucus.

An Ontario government caucus was held yesterday. More than the usual reticence was observed about its business. The most surprising thing was that the members would admit they were quite unanimous. They kept their mouths closed upon the subject of their unanimity. It certainly was not the referendum, because they are at sixes and sevens about that. While they have publicly promised a wide open referendum, it is well known that their great difficulty is to frame a question for submission to the people that can be represented by the members of the house—both sides—that is to say the unionists and the prohibitionists.

Hon. Mr. Lucas is to supply all the raw material for the manufacture of subtle arguments on the platform and in the press. The attorney-general is feeling the importance of attaching to his arguments in drawing up two alternatives.

There is some irritation over Mr. McGarry's announcement that the referendum will be held in September. Other cabinet ministers say he is too optimistic when he gets to talking rather indefinitely. But it is as definite as all, except Mr. Lucas, are determined to protect the license board till chased off the alleged bad eggs of that department. Something is expected to happen soon, and Mr. Lucas is reassembling government supporters in trying to reassure himself.

SALARY INCREASES.

The consideration of salary increases by the board of control, was again left over at yesterday's session. Mayor Church said that he wanted to go into the matter privately with the heads of departments first, and to confer with the finance commissioner regarding the present prospect for the tax rate. Con. McBridge was ready to go on with the increases but it was decided to wait until the officials had reported on all increases granted in 1917 and 1918.

Your Eyes

Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, just Eye Comfort. At Four Druggists or by mail 60c per Bottle. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

RUSH UNION STATION AND TRACK ELEVATION

But Meanwhile the City Will Contest Railways' Heating Scheme.

Toronto will take vigorous action this year to have the new Union Station and water front track elevation completed at as early a date as possible. The city has notified the railway that it will appeal to the supreme court from the order of the Dominion Railway Commission which permits the Toronto Terminal Company to heat the new station with exhaust steam from the Toronto Electric Light plant. It is now acknowledged by all who are acquainted with the circumstances that the station cannot be opened before August and if the appeals of the heating system drop off it will not be ready before the winter months.

The claim is made that \$40,000 would be saved by the railway if they were permitted to bring live steam from the electric light plant. The pipes to convey the steam would cross and follow for a distance, the city streets, and application would have to be made to the city by the railways to close Bay street.

It was hoped that the new station would be open before Exhibition time and an application was made to have Bay street closed. Now that the city has decided to continue its fight against the steam heating scheme, the course the railways may take is not certain.

An agreement made by the harbor board and the city in 1913, aimed to enforce construction of the water front track elevation. The parties to the agreement were the city, harbor commissioners, C. P. R. and G. T. R. The work was to be commenced as soon as possible after the execution of the agreement, and the whole work was to have been completed three years from the date thereof. The amount to be put up by the city was to be one-third of what it would have paid under an older valiant order, the cost of which was to be ascertained by the railway commissioners.

Dean Harris Addresses Women's Art Association

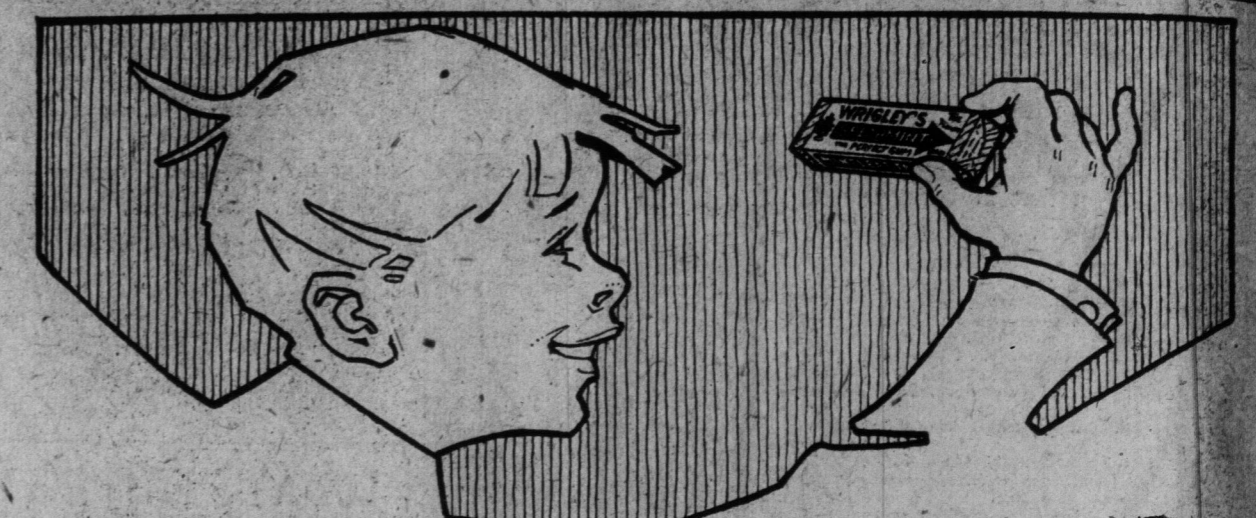

Factors in producing the Italian Renaissance and conditions in which a world was plunged during its evolution, was the subject of a comprehensive paper given by Very Rev. Dean Harris to the members of the Women's Art Association yesterday afternoon. The movement represented the activities of the modern world as opposed to the medieval world in the things pertaining to painting, sculpture, architecture and music. Impulse was given to it by the discovery of America.

Under the freedom which art and letters allowed themselves much that was false got into the libraries and became so depraved that shocking immoral pictures were publicly exhibited. Among the reformers were Savonarola, who was born in 1453 and to whom the world as he saw it was a place in which the temple had fallen and the hope of chastity was in ruins. He set up a cry against the vicious life of Italy and was condemned as a heretic. The Benedictines too worked for three centuries to clear what was true in literature from the great mass of spurious matter which had accumulated.

The Council of Trent and the society set themselves to clear the atmosphere. The Index de Purgatoribus was established by which it was pointed out what was right to read and what was forbidden. The method of the Index was explained by Dean Harris as similar to that of the censorship during the war and which was necessary for the safety of the people and the country.

INSURANCE AFFECTED PENSION.

The G.A.C. is taking up the case of Mrs. Marjorie Phillips, 65, Alexander street. In her case the board of pensions commissioners cut down the pension from \$430 to \$120 because of the life insurance she is receiving in respect to her late husband.

VETERANS

Items of interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

TEPID WELCOME FOR "OLD CONTEMPTIBLES"

Many veterans of the C.E.F. were surprised last night to note the cool reception accorded the 180 imperial veterans, who arrived by the 5.15 p.m. train at North Toronto station. It was recorded that no band was on hand to meet the heroes of Mons and many others, and that only three hundred people were present to give them a greeting. Among the soldiers are said to have been warriors from the first battle of Ypres, the epic so well described by Will Irwin, who acclaimed it the greatest of all battles in the history of the world. In the course of which 120,000 Contemptibles outfought 650,000 Huns on the plains near the renowned city.

Mayor Church, Controller Sam McGuffin and Alderman Frank M. Johnston, R. Goforth and other Rotarians were among the few outstanding citizens who extended the hand of welcome to the British soldiers, while the citizens' volunteer committee had more than 40 automobiles on hand to take the "old soldiers' back home.

I.S.C. GRATUITIES.

Orders came into the I.S.C. headquarters at the Keen building, confirming the grant of gratuities to all returned men on the strength of the commission. There was some misunderstanding in certain quarters re-

ANNOUNCEMENTS

Notice of future events, not intended to raise money, is published in the Dominion at least once a week, at the rate of \$1.00 per line, if held for more than two weeks, at the rate of \$1.00 per line for any other than these purposes, at the rate of \$1.00 per line.

H. T. Davidson and R. Fitzpatrick of the Kiwanis Club, who went to Halifax some time ago, and who accompanied the troop trains back in a similar capacity to W. M. C. A. conducting officers, gave an account of their experience and work to the club at its weekly luncheon at the King Edward Hotel yesterday.

Each of the Kiwanians had charge of supplying fruits, chocolates, cigars, gum and stationery on one train. They got up impromptu concert and card parties. The men were very grateful, and were astonished when assured that it was all entirely free.

The men were war tired and wearying for the comforts of home which they had for so long done without.

Colonel Barker, who recruited the 96th Battalion, and saw service with the 3rd Battalion, and who is also one of the premier pigeon fanciers of the Dominion, lost to J. S. Greenhalgh last night in the final sweepstakes held at St. George's Hall, the colonel's lovely Jacobin flying pouter, lost last night to George's pouter, but Mr. Greenhalgh's pouter in turn lost points against the short-face black African owned by H. E. Dugan of 131 Winchester street. R. G. Keddie and C. F. Wagner were the judges.

Colonel Barker owns sixty or more Jacobins, among the loveliest breeds known, and very recently won against Mr. Greenhalgh in the sweepstakes first held at Madison Square Garden. At the same contest J. S. Greenhalgh won in 14 out of 16 classes, winning 14 first and seven second prizes.

The next sweepstakes will not be held until after the C. N. E. J. S. Greenhalghs, C. F. Wagner, Stafford Watson and Harold Rownsley have been recommended judges upon pigeon fanciers' entries at the C. N. E. this year.

The following men have left Halifax and should reach Toronto some time today by regular train: Kay, L. Robertson, Risley, Richardson, L. P. Sutton, J. L. Shock, S. P. Torrey, E. Thapp, S. Wintona, B. E. Wadson, R. Widdowson, H. C. Wilson.

Seven-year-old Nicholas Leo, 230 Bellwoods avenue, had his left leg broken yesterday afternoon when he was run down by a motor car. He was admitted to the Hospital for Sick Children.

Pom Watt last night organized the taxi drivers in Toronto, a large meeting being held for this purpose at Occident Hall. A further organization meeting will be held at Occident Hall next Tuesday night.

Has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be made at one baking, and the loaf will be just as good as the first.

NOTICE TO CREDITORS—IN THE ESTATE OF THOMAS MCKENNEL, Late of the City of Toronto, in the County of York, Soldier, Deceased.

NOTICE IS HEREBY GIVEN that all persons having any claim against the estate of the late Thomas McKennell, who died on or about the 14th day of March, 1918, on the field of battle, and who at the time of his death had a fixed place of abode in the City of Toronto, are required to send or deliver to the undersigned solicitors or to William Campbell and John Thompson, the administrators of the said estate, their names and addresses and particulars in writing of their claims and statements of account, and take notice on or after the 18th day of March, 1919, the said William Campbell and John Thompson will proceed to distribute the assets of the said deceased, having regard only to the claims of which they shall then have received notice, and the said administrators will not be liable for the said assets or any part to any person whose claim notice shall not then have been received by them.

Dated at Toronto, this 25th day of February, 1919. ROBINETTE GODFREY, PHELAN & ADELAIDE LAWSON, Solicitors, 78 Adelaide Street West, Toronto, Ontario.

NOTICE. The Plaintiff's claim is for alimony; and the Plaintiff demands as interim alimony until the trial of this action the weekly sum of Twenty-five Dollars, to be paid to her on the first day of each week at her residence, 161 Waverley Road, Toronto, and the interim costs to which she is entitled by the practice in that behalf.

And the Plaintiff claims an injunction restraining the defendant, his attorneys and agents, from selling, assigning, transferring, releasing or dealing in any manner with any assets, real or personal, belonging to the defendant or in which the defendant has any interest.

In order to meet a special demand for the matinee, a partial performance will be given Friday afternoon at the same scale of prices as prevails at the regular matinees.

Civic Departments Ask For Salary Raises. THE ATLAS GOLD MINES, LIMITED

Authorized Capital - \$2,000,000. \$900,000 Reserved for the Treasury. PAR VALUE OF SHARES, \$1.00

After a very careful investigation we feel justified in classing the ATLAS among the specially rich prospects of Northern Ontario...

On low grade propositions there is a heavy expenditure for development and this must be followed by a huge outlay for reduction works.

The Big Dome at Porcupine has a large and expensive mill. Its ore is not high grade, therefore it has been compelled to work and plan for high recovery and low costs.

But with \$80,000 such as a mill run shows on the "ATLAS," costs are practically negligible.

In order to get profits the Rand mines had to use Cyanide of Potassium, but a cheap and simple amalgamating mill could earn large profits on ore like the ATLAS.

You ought to investigate the ATLAS. Send for the illustrated prospectus. Enquire into the merits of the proposition.
