### UNIONISTS MAKE STATEMENT TODAY ON RAILWAY POLICY

### Several Important Matters to Be Dealt With Before the Session Prologues.

Canadian Press Despatch. Ottawa, Oct. 8.—Three quarters of an hour sufficed to dispose of the business on the order paper which the government and private members were prepared to go on with today in the house of commons. At the question of sitting on Thanksgiving Day, it was decided that the business cannot be concluded by Saturday night, was discussed. It developed that there was nothing to do today. This is because doubt still exists as to the bringing down of certain legislation including a bill relating to railway matters. Questioned on this point today, the government promised an announcement by Thursday.

### Mr. McKenna Asks if House this Afternoon if it was the Intention of the Government to Introduce Legislation in regard to the Negotiations between the Government and the Owners of the Grand Trunk Railway.

Mr. McKenna: "No decision has been arrived at. An announcement will be made on the subject very shortly."

### Mr. D. D. McKenna Asks if the Government is Prepared to Introduce Legislation in regard to the Negotiations between the Government and the Owners of the Grand Trunk Railway.

Mr. D. D. McKenna: "I do not see how it would be possible for the government to raise any further money as suggested, its credit is to be maintained."

### Mr. W. P. Maclean Asks the Government whether it was the Intention to Bring Down any Further Railway Legislation at the Present Session.

Mr. W. P. Maclean: "The acting prime minister replied that the minister of railways was not present. He would try to have an answer to the question on Saturday."

### Call Hurry-Up Unionist Caucus; Temperance Bill Causing Split

Special to The Toronto World. Ottawa, Oct. 8.—The political pot, which has been simmering quietly enough for some days past, is tonight bubbling furiously. A hurry-up call has been sent out for a Unionist caucus tomorrow morning. Many of the members were notified by the whips, in person, after the adjournment of the house this afternoon.

The common talk is that the caucus has been called to deal with the temperance legislation yesterday presented to the house by the government. It is known that a number of Ontario Conservative members were urged upon the minister of justice shortly before the house assembled this afternoon and vigorously protested against going on with his legislation. They represented that the legislation went much further than was agreed upon at the Unionist caucus in the early days of the session, and they also insisted that to proceed with the bills would be to seriously imperil the chances of the Hebert government in the coming provincial election. One of the members stopped Hon. N. W. Howell on his way to the house shortly before three o'clock, and something like a warm dispute ensued.

Also Railway Legislation. The government will also lay before the caucus its railway legislation. This will deal principally with the acquisition by the government of the Grand Trunk and Grand Trunk Pacific lines and will probably be endorsed by the caucus without division.

The Liberals had their caucus this morning and were given the outline of the government's railway policy by their leader, Judge D. D. McKenna. While no official statement was given out, it is understood that the Liberals will oppose the granting of any blanket authority to the government to take over the Grand Trunk lines, either at a price to be agreed on between the government and the company or to be fixed by arbitration. They plan to force the government to pass the bill under the provisions of the act which is now before the house. It is hoped that some pro-corporation Conservative senators may join with the Liberals in the upper chamber in holding up the bill. No good reason has been given for the Liberals taking this stand, but it was said tonight by two or three of their number that a big railway deal was usually the harbinger of a general election, and they did not propose to take any chances.

### BONUSES FOR SOLDIERS IMPOSSIBLE, SAYS WHITE

Inform Federal Committee That Raising of Loan to Pay Gratuities Would Hurt the Credit of the Dominion of Canada.

Canadian Press Despatch. Ottawa, Oct. 8.—A further statement of the difficulties facing the government which make the payment of \$200,000,000 or more in gratuities a difficult matter for the administration to face was placed before the special committee on soldiers' civil re-employment this afternoon by Sir Thomas White, former minister of finance.

The former minister of finance called attention to the very heavy expenditures which the government was called upon to face from the forthcoming Victory loan. Without any new debt being incurred, the major portion of this loan would be taken up in bank debt and other obligations.

"Canada's financial position," he said, "while it should not be called critical, is still sufficiently serious, because of five years' war expenditure to call for a very careful consideration of the policy of all the nations which were belligerents will be toward rearmament for the next few years."

In regard to the forthcoming loan, Sir Thomas said he had no misgivings. It would probably be well over-subscribed, but he could see that from present indications a further loan would be necessary next year. Canada had had to borrow money to finance purchases from Britain and her allies in order that Canada's own trade might not suffer.

"I do not see how it would be possible for the government to raise any further money as suggested, its credit is to be maintained," said Sir Thomas. The ex-minister expressed the opinion that should the government decide to grant a large amount of additional aid to soldiers the money would mostly have to be produced by domestic loans.

At the opening of this morning's session of the special committee, a letter was read from R. A. Brail, Windsor, Ont., asking that the present gratuity be extended in the case of long-service men.

H. H. Stevens, M.P., wrote regarding parents who were dependent on an only son who had been killed overseas. He suggested they should receive the same gratuity as they would have done had their son returned and been paid his gratuity.

Request of Toronto Doctors. Dr. H. Wilberforce Atkins, Dr. Edmund H. King and Dr. Emerson of the College of Physicians and Surgeons, Toronto, were called. Dr. King read a resolution from his college that all medical officers who were in practice

### I.W.W. AGITATION CAUSE OF STRIKE ON NEW YORK DOCKS

International Union Will Refuse Support to Unauthorized Walk-Out.

New York, Oct. 8.—The long expected strike of thousands of longshoremen which threatens to tie up the port of New York today was attributed directly to I. W. W. agitation by T. V. O'Connor, president of the International Longshoremen's Union, who declared that the walkout was unauthorized and would not receive the support of the international.

Between 15 and 20 I. W. W. organizers have been at work on the waterfront for weeks, declared Mr. O'Connor, who asked Police Commissioner Enright for adequate police protection for the men who remained at work. John Reilly, president of the district council of longshoremen, was beaten by a man whom he tried to persuade to return to work.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania Railroad's pier at Jersey City, struck today in sympathy with the New York wharf workers, and for the same terms. It is an hour for the longshoremen and 37 a day for the checkers.

Fifteen hundred steamship office clerks members of a union affiliated with the longshoremen struck today for a minimum of \$40 and a maximum of \$50 a week.

at Deposit, New York. Colonel Brandt was reported to be not seriously injured. Five forced landings were reported. Lieutenant Rose Kirkpatrick came down at Vernon, N.Y., when his compass failed to return to Mineola and start again tomorrow.

Lieut. R. L. Maughan, who received permission to fly today from the British Ensign, was shot down at Glensdale, N.Y., with motor trouble. Lieut. Willis R. Taylor was compelled to land at Nicholson, Pa.

The only foreign entrant in the race, Air Commodore L. E. O. Charlton, air attaché of the British embassy in Washington, and Capt. De Lavergne, air attaché of the French embassy, were eliminated before they had an opportunity to cross the state boundary.

Commodore Charlton, with Flight-Lieut. P. E. Trull, as the alternate pilot of his Bristol fighting plane, wrecked his machine in making a forced landing at Ovid, New York.

Captain De Lavergne, who was flying as a passenger in a De Havilland machine piloted by Lieutenant D. B. Brandt, was riding, fell to the ground.

WANTED FOR TENANT MODERN FACTORY. Containing about 5000 sq. ft. of floor. Must have railway siding and be convenient to car lines. Will take 21-year lease. H. H. WILLIAMS & CO. 35 King Street East. Main 5480.

LONDON, Oct. 8.—Lord Robert Cecil, speaking at the first luncheon of the American Correspondents' Association today, discussed the recent railway strike.

### LOAD ROBERT CECIL GETS SOME LESSONS FROM RECENT STRIKE

Hopes Rest of World Will Follow Britain's Lead in Settling Problems.

"If we are to do our duty, now that we have had our warning," he said, "we must avoid not only class wars, but every species of class distinctions."

He hoped that England's example in dealing with the strike had given a lead to the rest of the world. "I earnestly pray," he concluded, "that those in other countries who have in hand the settlement of similar industrial difficulties, will be imbued with a spirit of moderation and wisdom."

Among the other guests were Sir Harry Brittain, chairman of the British section of the Pilgrims; Sir Rodrick Jones, director of propaganda; Robert Donald, editor of The Daily Chronicle; and John W. Davis, American ambassador.

Edward P. Bell, who presided, said that a recent visit to America convinced him that reports of anti-British feeling there were exaggerated. Touching on this subject, Lord Robert Cecil said:

"It would be absurd to deny that anti-British feeling exists in America, but I can truly say that no anti-American feeling exists in this country."

In connection with the strike, Lord Robert paid a tribute to the good temper and tolerance shown by people and strikers. The most encouraging feature of all, he said, was the remarkable intervention as mediators of fourteen leaders of other unions.

But they had not been "admitted." "The people would tolerate revolution, but don't let us ignore that there is a certain extreme section of labor opinion in this country which is in contact between employers and employees, the basis being that unless the workers obtain concessions they will deprive the employers of profits."

"This was a different matter. Its purpose was to institute a kind of blockade by one section against another in order to forward an industrial dispute. We heard talk of 'war' and 'fighting to a finish.' All that was depicted and put an end to by the good sense of the community. It showed there were some extremists, perhaps on both sides, who were ready, if not anxious, for class war. But anxious like class war would be disastrous to both sides."

He cited the French revolution, pointing out that its chief cause was class distinction, and went on: "I venture to say that the French people have not achieved as much liberty by four revolutions as we have by one reform bill."

Want to Be Partners Not Employees. Lord Robert said he believed true partnership was the basis of the statement made by Labor Leader Goble during the strike, that the real substance of the dispute was that labor wished to be raised from the status of employees to that of partners, adding that he hoped in this country and others there would be frank and generous acceptance of this principle.

"I won't say that we are at the parting of the ways," he continued, "but I do say we have reached a decision to make. We have on one side a group of advocates in Europe, and I believe in America also, who teach what is called direct action and Bolshevism. On the other side, speaking as an Englishman, we have a standard of orderly progress."

He trusted that England's way would have influence elsewhere.

CONTRACTS WITH FRANCE FOR RAILS AND TIES. Paris, Oct. 8.—A despatch from Zurich to L'Information states that the governing boards of the Swiss railroads have ratified a contract with French steel interests for 9000 tons of rails and 6000 tons of ties.

WILL MAKE SWEEP OF SINN FEIN J. P.'S. Belfast, Oct. 8.—Two justices of the peace, suspected of having Sinn Fein sympathies, have been removed from office in county of Fermanagh. This is declared to be the commencement of a general removal of magistrates having such sympathies.

It would certainly be an extraordinary situation if, after this court had solemnly adjudicated that the wife was bound, the justices should be at liberty to direct a distress upon his property and send him to jail if sufficient distress could not be found. But on another ground I think the wife must also fail. According to her own statement, she returned to her husband, and the justices should have made by the justices. CHAPTER IV.

"It won't do any harm to find out how much rent they want," Harry decided cautiously.

"Of course not," Louise agreed. "Well, just ask the agent casually and walk right out of his office without saying anything else. Where does he live?"

"He was fatally easy to find. It turned out, for he lived a block away, where the village began. The house was a bit exclusive. It drew away from the village proper and sheltered itself with lawns and shrubbery. The agent was extremely cordial.

"It's a great bargain if you want to buy," he told them, and, considering it, it's not expensive to rent." He named a figure that was nearly half Harry's salary.

"Of course, it isn't the usual type of house," the agent went on. "It was built for a wealthy young widow, but she married a French officer before it was done. So away she went to France and left word that the place was to be finished and then rented or sold."

"It's more than we could afford," Harry announced, by way of fortifying himself against temptation.

"Discharging her and vacating her pendens on consent without costs."

"I don't want to see you again," Harry said, and she jumped down from the roof and, with her hand in his, fairly ran back along the road. Before the little house they stopped again.

"It's ours," said the girl, and blew a kiss to Louise.

"Our home," echoed the boy. "And now hurry, for someone else may have come along and taken it away from us before we get home."

"But no one had, and the real estate man was willing to talk business on Sunday afternoons. As a matter of fact, most of his commissions came then, for these two were not the only young couples who wandered away from the work on Sunday afternoons. He put out his "open for inspection" signs in prominent places on houses under his care, and sat back and waited. In a way, he was like the hospitable gnome that Louise had predicted she would find in the house, and his manner was certainly one of welcome. It took no time at all to fix up the practical details of that date was to be theirs.

THE DAY AT OTTAWA

By TOM KING

Ottawa, Oct. 8.—The government is doing a certain amount of backing and filling, which it is hard to account for, unless there is some division in the ranks.

This afternoon Judge Doherty's bill amending the Canada Temperance Act and the Doherty Act, respectively, were to be proceeded with, just before they were called, however, the judge disappeared from the chamber, and Sir George Foster suggested that private members might go ahead with their bills and resolutions. The private members, however, did not rise to the bait.

On the contrary, they all sat tight, and the government had no choice but to adjourn after a sitting of forty minutes' duration.

One story is that a revolt has broken out among the backbench Conservatives against the temperance legislation. They feel the hand of Rowell even as they hear his voice of Doherty. Some of them say the legislation is bound to embarrass the Hearst government, and John Best of Dufferin talked to the Hon. N. W. Rowell like a Dutch uncle this afternoon.

Everything indicates that the negotiations with the Grand Trunk officials for the acquisition of the Grand Trunk and the Peace River Pacific under a lease with the rental to be fixed by arbitration. The only point in dispute seems to be whether the government shall immediately take possession or permit the company to operate the roads while the arbitration is going on.

It also seems to be practically settled that the government will take over the Edmonton, Dunvegan and Peace River Railway and develop it into a valuable feeder for the Grand Trunk Pacific.

This, however, cannot be done until the government is absolutely certain that it will acquire a Grand Trunk Pacific and the old Grand Trunk as well.

More gossip is to the effect that a number of Unionist members wired the prime minister last night asking him to "can" the civil service act, which is now being considered by a special committee. It is also reported that the number of members have asked the government to summon the regular session of parliament early in January and bring it to a close by the last of April. In short, there is a good deal of manoeuvring going on, and the government today was not entirely frank with the house.

When there was nothing else to do during the short sitting this afternoon, Sir George Foster suggested that the members discuss the observance of Thanksgiving Day—the question of a day of prayer and fasting—on Friday night till Tuesday, which naturally some of them asked why the house could not be adjourned for a week, and Sir George had no answer ready. He said if it were possible to adjourn for a week the house would adjourn on Saturday. It was evident, however, that the government had more legislation to bring down and that the Grand Trunk and the Peace River week was far from certain.

Sir Sam Hughes, with his usual aptitude for plain speaking, suggested that the government should give the Liberal-Conservative members the opportunity to throw themselves into the Ontario election. As a matter of fact it is also suspected that the session is being prolonged at the instance of some of the Ontario Unionist members, who want an excuse for keeping out of the provincial campaign.

PLACED UNDER ARREST

Attempted to Put Trotsky in Jail, But Failed in the Attempt.

London, Oct. 8.—Advices to Helsinki, Finland, report that Nikolai Lenin, the Russian Bolshevik premier, has been placed under arrest in Moscow, according to the Exchange Telegraph correspondent at Copenhagen. Lenin is said to have ordered the arrest of Leon Trotsky, the Soviet minister of war, but failed to secure this and instead was himself taken into custody.

A Revel message forwarded by the same correspondent reports a reign of terror against the Bolsheviks in Moscow has been begun by a revolutionary party. In this movement the Bolshevik leader, Vladimir Lenin, is reported to have been killed.

GLEN MAWR REUNION.

At a reunion of the Glen Mawr Old Girls' Alumnae, held at 12.30 yesterday in Hunt's Tea Room, Monsieur Balbaud, who has just returned from France, spoke of conditions there after the war. Mrs. Daniel Strachan reported on the work of the alumnae for the Red Cross during the war when Miss Edith Smith was president.

TWO FRENCH AMBASSADORS ARE BROKEN UP

Paris, Oct. 8.—The eighth and tenth French ambassades are being broken up as units, and Generals Mangin and Gerard, who commanded them, have been recalled and placed at the disposition of the minister of war.

Newspapers are greatly interested in this step and explain it differently. While the opposition press insists that General Mangin may be put in favor, which it insists is undesired, a majority of the newspapers declare that the opposition press is only an administrative measure resulting from the regrouping of occupation groups in the Rhineland. It is said the eighth and tenth armies will be broken up into a single corps which will be commanded by General Dubois.

MADRID SCRIBES MAY STRIKE

Madrid, Oct. 8.—Newspapermen in this city are attempting to form a union, and it is said that it will demand a minimum monthly salary of 300 pesetas (\$58.50 normal exchange). They threaten to strike if this is refused. Madrid tailors also intend to strike if their employers refuse to give an advance in pay.

Old Chi Beats Cincy 4 to 1 When Cicotte Turns His Shiner on Sox Within a Game of Reds

CICOTTE TURNS THE TRICK

Gleason's Gladiators Drive Sallee From Box and Win Seventh Game, Four to One—Good Honest Hitting

Cincinnati, Ohio, Oct. 8.—Winning today's game against Cincinnati 4 to 1, the recently defeated and ill-fated White Sox of Chicago, now consider themselves real contenders for the world's baseball championship...

The series now stands four games for Cincinnati and three for the American League leaders. Tomorrow, weather permitting, they play in Chicago. The athletes of the pallid hose took the rain tonight, happy at the manner in which they have snatched a chance of victory from what seemed certain defeat...

The narrowing of Cincinnati's margin of victory caused serious consideration of the possibility of a tie game. Cincinnati won the toss, taken immediately after today's engagement, and the deciding contest is scheduled for Friday...

Mr. Herrmann guessed it would be tall, and tall it was. For the first time in the series many seats were vacant, due, it was said, to the general belief that the Sox were difficult to obtain...

A stiff wind was blowing from the north across the plate during the struggle. When the Sox came on the field, the hand, which on the Red grounds always has some little mystical sarcasm at the players' expense, was seen to be "Please Go Way and Let Me Sleep."

This did not impair the buoyancy of the staid athletes, who retaliated without delay by pulling a run over in the first inning. It was John Gabel, the first batter up, who made the count. He singled to centre and went on second on a sacrifice by Eddie Collins.

Weaver slammed the ball against the wind for an out to centre, but Joe Jackson, who was desperate at having found no new lucky omen in the way of hairpins, singled to left, scoring J. Collins. "Happy" Felsch also delivered a bouncer, on which Jackson took second, but Felsch was forced at second by Gandil's bouncer, ending the assault by Gandil's moment. In their half the home team took heart when Eddie Collins juggled Rath's sizzling grounder. The crowd...

which was less vociferous than usual, scolded for the savior to come and meet the Sox going up, but it was a vain prayer, for Collins redeemed himself by going way back and taking Daubert's fly. The mighty Groh struck out, and Roush hit to Collins, who threw to Weaver, forcing Felsch.

In the second the Sox were bowled over in short order, without getting a man to first. The Reds did a little better, for after Duncan had filed out to centre, Kopf singled, but was caught stealing by Schalk's perfect throw. Neale fouled out to Weaver. It was not until the fifth inning that Cincinnati, by virtue of a single and a base on balls, got a man safely to second. The Sox, however, got another run in the third, Johnny Collins making the count.

Collins, who played centre for Felsch while Felsch went to right where the sun shined, singled to centre, and a man up. He delivered his second bouncer if he were playing billiards. The ball slapped off Sallee's mitt, caromed off Kopf and finally got to Rath too late for a play at first. Eddie Collins, who was unable to deliver a hit in similar circumstances in the first, now hit sharply to centre, sending his namesake to the end. Weaver sent a grounder to Kopf. Eddie Collins, Rath claimed that the runner interfered with his throw to first for a sacrifice. J. Collins meanwhile reached third and scored on Jackson's hit.

In the fourth Schalk sandwiched a single in between the outs, but never got farther than first. In the fifth the Sox registered their final brace of tallies. The Sox in this round was driven from the box and the remainder of the third of the inning was pitched by J. Collins. He started unimpressively by flying out to right. Captain Collins again singled Weaver, who was called out when he let it get through his legs and Weaver reached first and Collins second. Groh's error and that which followed were costly. Jackson drove a bouncer to the right second baseman, who made a straight fumble of it and the bases were filled. In this exciting crisis Felsch, who frequently called upon to sacrifice, was ordered to hit. He singled to centre, and Eddie Collins and Weaver scored. Gandil relieved Felsch, and the Reds by going out, Fisher to Daubert.

Reds' First Game. In their half of this round Cincinnati contrived to get a man to second for the first time. Kopf, the first man at the plate, filed out to Jackson. Neale singled and walked to second when Wingo was given a walk. Wingo became quite a pedestrian during the contest, as he was hit three times, and he was also hit once during the contest, as he was hit three times, and he was also hit once during the contest...

### TO SPEED UP MOUNT PLEASANT HEARING

Legal Department Instructed to Get After Railway Board.

The board of control yesterday decided to speed up the Ontario Railway Board in the hearing of the objection on behalf of the Metropolitan to the Mount Pleasant car line plans. The legal department was instructed to ask for an early hearing.

"It's delay, delay," said the mayor. "Winter will come along before the council have an opportunity to deal with the matter."

"This railway board must be cognizant of the urgency of the case," said Controller Maguire. "It's no wonder the people complain. This board could not play the company's game any better. Let whoever is in charge of the city's case ask for a speedy hearing. It's simply disgraceful."

The communication from the secretary of the railway board stated the plans had been approved, but in view of the objections which came from the Toronto and York Railway Company it was decided to stay further action and not deliver up the plans until the railway company had an opportunity to be heard.

**PREMIER'S SPEAKING TOUR.** Sir William Hearst has arranged to speak at Belleville on Saturday next and at Ottawa on Monday. Hon. Dr. Cody is at Meaford today and at Hanover tomorrow.

### S. A. APPOINTMENTS

Three Salvation Army Chieftains Obtain Important Posts in Major Cities.

Three important appointments in connection with the Salvation Army were announced yesterday by Commissioner W. J. Richards, and each effects a Salvation Army officer who was a chaplain during the war, Capt. Alfred Steele has been appointed men's side officer at the training College, Sherbourne street. Capt. Steele spent a year at the front.

Major Thompson Walton, who spent three years in militia work and accompanied troops to Germany, has been appointed divisional commander at Halifax. Adjutant Robert Penfold has been appointed young people's secretary at Montreal. Adjt. Penfold went to England in 1914, was in the Ypres salient in June, 1916, opened the first Salvation Army rest on the west front, and supplied 100 gallons of hot cocoa a day to the men during the Somme drive. He was at Vimy and Mt. St. Eloi, rendering valuable service in addition to the regular chaplain's duties.

### CAR PASSENGERS HURT.

A three car collision was the cause of a car delay at the intersection of Hamilton street and Dovecourt road yesterday at 4:40 a.m. A Harbor car ran into a southbound Dovecourt, and the impetus forced the Dovecourt around, and it struck a northbound Dovecourt. Many of the passengers received cuts and a shaking up, while Mrs. Hines, of Bartlett avenue, sustained a cut to her head and injuries to her arm.

### MINISTERS MAKE DENIAL OF CHARGES

Abuse No Argument, Says Howard Ferguson—Attorney-General's Repudiation.

"It is just election stuff," said Hon. G. Howard Ferguson, minister of lands, forests and mines, yesterday when asked respecting the charges made against him by H. Hartley Dewar, at the Southeast Toronto Liberal convention on Monday night.

Mr. Dewar among other things accused Mr. Ferguson and the government of levying campaign funds upon the lumbermen of the province, and of a dishonest system of inspecting and sealing logs.

"Mr. Dewar alleges that if he had a week to investigate the books of the department he could discover all kinds of things," Mr. Ferguson said. "He has had three years thru the public accounts committee and on the floor of the house, has made motions and had papers brought down and investigations made, but he has not yet been able to put his hand on any impropriety, and he never will as long as I am minister of this department. It is more of Mr. Dewar's bluff, and in line with his liquor charges in the Homer case. When a man's argument is only abuse he has a pretty poor case."

**Denies Complaint Made.** Hon. I. B. Lucas, attorney-general, when asked regarding the charges of D. D. McKnight in a house of commons to the effect that canned pork and beans of an inferior quality were supplied to overseas troops by the Dominion Canners, and that a complaint had been made to him (Mr. Lucas) with reference to a contract between the company and the federal government, denied the charge. He said such complaint to his department, adding: "The whole matter rested entirely with Ottawa and the British government and this department was only concerned, if it was deemed desirable to take any action in our courts."

### TEACHERS EMPLOY HOLD-UP METHODS

Object to Doing Dual Work for Cadets Without Dual Pay.

Some Toronto high school teachers who appeared to have adopted hold-up methods with respect to acting as cadet corps drill instructors, were significantly alluded to at the management committee yesterday afternoon.

Two trustees sharply resented the attitude assumed by the teacher cadet instructors. Trustee C. A. Smith considered the names of any who had threatened to throw up the cadet work should be made known.

Trustee Bell said that high school teachers were ready enough to do dual or treble duty provided they were well paid for it. Day work, night classes and drill instruction, they should not be given dual duties with dual pay while so many men who would put their hearts into it could be secured to give the cadet drill instruction. He favored the appointment of an assistant to Lieut.-Col. Thompson, who would have charge of the instruction of the high school cadets. It would save \$1500 a year and be more efficient.

The proposal was deferred until next year's estimates are prepared.

Miss Bertha Hiebert and Miss Marjery Austin were appointed to the staff of Oakwood Collegiate institute.

### AUTUMN IN ALGONQUIN PARK

Algonquin Park is situated 200 miles north of Toronto, and 170 miles west of Ottawa. Average elevation about 1500 feet above sea level, at some points 2000 feet. Area over two million acres. It is one of the largest, the widest, and most interesting forest reserves in autumn, winter or summer accessible to the people of eastern Canada. ### Cleveland Chamber of Commerce Inspects Toronto Industries

Twenty-five members of the Cleveland chamber of commerce were in the city yesterday and visited a number of places. In the morning they made a tour of inspection of the T. Eaton Company's plant. They afterwards received a civic welcome and luncheon. In the afternoon they had a look at the harbor improvement work, and in the evening they were dined by the board of trade.

### HOW TO DODGE THE CITY TAXES

Dividends Pose as Salaries and Bonuses to Beat Tax Collector.

How to dodge the city taxes was disclosed yesterday by a witness who was giving evidence before a board of commerce. On examining a statement put in by Mr. Lowndes, Colonel Price came across an amount "salary and bonuses." The sum appeared to be pretty high and he asked for an itemized statement showing the individual salaries and bonuses.

Mr. Lowndes said he would get the statement all right, but that he wanted to point out that this item included a full salary for Nominal Salaries.

"To get over the municipal taxes," said Mr. Lowndes, "I know lots of firms in this city that just take a nominal salary of \$100 a month and then at the end of the year the drawing account amounts to \$5,000, and that is classed as dividends. It makes me sore, and I have fully explained the matter at the city hall, and they know it there, but it is not fair to make a comparison of my salary list with these firms."

"I have been at a table with twelve men, and not one of them said any taxes. They have their motor cars and live better than I do."

"That is good information for the board," said Col. Price. "It may be that the city will have to put an accountant in each office to see the full amount that members and married officers draw out each year."

"You will have to change the law," said Mr. Lowndes. "These people only have to pay taxes on salaries, not on dividends."

### CLOSING SCHOOL EARLIER.

At the meeting of the management committee of the board of education yesterday it was decided to recommend to the board that with the coming in of standard time, the schools dismiss at 3:30 p.m. Col C. Williams, representing the Navy League, was present and permission was given to take up a collection in the schools to help the Navy League campaign.

### To the Voter

**DO YOU KNOW—** that the beer sold in Ontario previous to prohibition ranged up to over 7% alcoholic content by weight measure, whilst the "Beer of the Ballot"—the beer for which you are asked to vote October 20th—has a strength of but 2.51%?

**DO YOU KNOW—** that such well-known beers manufactured in the United States as Blue Ribbon, Budweiser and Schiltz—always spoken of as "very light non-intoxicating beers"—ranged up to 4.19%—sixty per cent. stronger than the "Beer of the Ballot"—the beer for which you are asked to vote October 20th?

**DO YOU KNOW—** that in Maine, where prohibition has been in force over sixty years, the courts have held that beer of 3% alcoholic strength, was non-intoxicating—and any beer of under 3% strength was permitted to be sold as freely as ginger ale?

**DO YOU KNOW—** that in Sweden, Norway and Denmark—as a result of the findings of Government commissions appointed to determine what was an intoxicating liquor—beer of practically the same strength as asked for in the coming Referendum is regarded as non-intoxicating and is sold everywhere, by anybody, without license, and without paying a Government tax?

# The NAVY LEAGUE of CANADA

## Its Vital Work for Canada.

**THE Navy League of Canada fosters the splendid spirit that made the British the greatest of maritime nations. It organizes loyal Canadians so that practical work may be accomplished for the development of Canada's direct interests at sea.**

The human side of Canada's mercantile marine is the League's especial interest—training Canadian boys to become the sturdy type of British manhood that won its laurels again and again in the great war—relieving distress among victims of the submarine warfare—and giving the sailor ashore an alternative place for rest and recreation to the places of doubtful entertainment that abound in port.

### Why the \$500,000 is Needed

On Nelson Day, October 21st, starts a 3-day campaign throughout the Dominion to raise \$500,000 necessary to finance the coming year's work of the Navy League of Canada. Help the work by giving liberally. As a nation whose expanding trade will depend on exports, we must educate our boys to the highest type of seamanship so that they will be equipped to man our ships to carry our exports to foreign markets.

You will do your part in this work by contributing liberally to the support of the Boys' Naval Brigades, the organizations by which the Navy League trains boys for our merchant marine.

*Every dollar subscribed will be used to further the work of the Navy League in Canada—the work in which you are personally interested as a patriotic citizen. Help by giving.*

# TRENDS LOWER IN CORN MARKET

## Government Crop Report and Drop in Hog Prices De-pressing Factors.

Chicago, Oct. 8.—Correct anticipations that the government crop report would prove bearish as to corn had much to do today with declines which took place in the corn market. Prices closed unsettled at 42c to 46c net lower with December at 42c, 45c for 1919, and May at 42c to 43c. Oats finished unchanged to higher, and provisions the outcome varied from 45c to a rise of 3c.

## ON CHICAGO MARKET

Tomson, Forwood & Company received the following Chicago wire yesterday: "One of the main reasons assigned for the stubborn resistance of corn futures to bear pressure is the liberal holdings of December by cash holders against shipping sales of new grain. It is estimated that shippers have taken over 5,000,000 bushels of December corn since the first of December. The balance of the crop, which is limited sales from the country, has been sufficient to take the slack out of the market and cause it to congest very quickly on the market. At the same time the lack of outside buying is against an advance other than made by cash buyers, and the market is full of corn report which with the northwest to Montana and North Dakota points is mainly for December-January shipment with some for February. Considerable cash grain has been secured in South Dakota and Minnesota; but in the main December was bought during the week. Oats are being sold in fair amounts daily, with the demand persistent." Hughes, Harcourt & Company received the following wire at the close of the Chicago market yesterday: "The market has displayed a dragging tendency all day, with prices varying very heavy, mostly of a local character. The weather was favorable for the crop, but receipts continue small and spot prices are low. Prices for corn wheat, and Mr. Barnes says in regard to the price of wheat that the immediate future for this year is general fallacy. Food products in Europe are about 200 per cent. higher than in the United States."
