51 29TH YEAR

ANTIPODES QUICK WITH OFFERS OF SHIPS

Four Men at Sydney Willing to Subscribe 35,000 Pounds to Fund for a "Dread-nought."

LONDON, March 22.—Lord Crewe has expressed to Premier Ward his appreciation of New Zealand's offer of battleships, which he has communicated to the King, the premier and the admiralty.

Premier Ward, interviewed at Wellington, said the cabinet was unanimous and added that the burden upon the British nation for naval expenditure was enormous and every loyal subject must feel in a selfish-like this he should be called upon to help the motherland by more than words.

At a dinner at Sydney, Australia, four citizens offered to contribute £35,000 if it was decided to present Britain with a Dreadnought by public subscription.

The English press warmly welcomes New Zealand's offer and apropos thereof The Daily Graphic says the whole question of how far the dominions can and ought to assist must be re-examined in the light of the new naval situation.

Britain Roused at Last. But the Awakening is Slow.

NEW YORK, March 22.—W. T. Stead in his London cable to The American says:

That there will be stirring nights in parliament goes without saying. But I can scarcely foresee anything that can surpass last week's sensation.

Britain Roused at Last.

It is amazing how difficult it is to rouse the nation from its torpid slumber.

Why Gov. Curry Resigned

Used Violence on Editor Who Thereupon Sent Charges to Press Staff.

WHAT CANADA CAN DO.

Take up the subject of the airship in all earnestness. Vote a million dollars for the purpose. Put McCurdy and Baldwin, now on the job at Dr. Bell's station, in Nova Scotia in charge; turn in fifty of the brightest students of the School of Science as assistants; give them workshops and experimental grounds; invite the best engineers from Europe to come over and assist. And if a war airship is to be evolved, let us work it out for the benefit of the empire.

GREAT AIRSHIP FLIES WITH 26

Record Number of Passengers in Zeppelin Craft—Future as War Factor.

NEW YORK, March 22.—A special cable to The American from Berlin, says:

"Soaring like a mighty bird, Count Zeppelin's dirigible airship, yesterday created a world's record for weight carried in cruising the sky.

The comparatively great weight carried in the flight also convinced the military men that the airship could with equal facility carry an equal weight of explosives.

Kaiser Wilhelm was officially notified of the record trip and immediately telegraphed his delight at its success.

As a result of the trip he will in all probability ask a large appropriation from the Reichstag to build an aerial navy which will surpass all others in existence.

The airship which made the record is 445 feet long, 110 feet in diameter, 49 feet high.

Prince Tells of His Voyage in the Air.

LONDON, March 22.—(New York American Cable.)—A gambling raid on the house of commons is a possibility.

UP TO THE STEEL COMPANY.

MONTREAL, March 22.—(Special.)—Mr. Cahon, K.C., speaking for the Coal company, states that if the Steel company does not sign the agreement reached by Mr. Plummer and himself, the Steel company may not get its coal after April 1, and that they may have to do without their money for a long time.

ALBERTA LIBERALS HAVE GREAT LEAD

EDMONTON, Alta., March 22.—(Special.)—Unorganized and leaderless, the conservative party in Alberta today did little towards retrieving its position, and whereas the opposition in the last house of twenty-five members consisted of but two, not more than six or seven will legitimately sit on the left of Mr. Speaker when the new house of forty-one members convenes.

It looks as tho the Conservatives have failed to get more than four seats at most. Only two are certain.

At Calgary, the well-known labor agitator, who has been a thorn in the side of the government, was elected by the Conservative party at Red Deer.

ARREST MINING BROKER ON CONSPIRACY CHARGE

Police Claim That William Joel Has Erred in His Methods of Business.

Charged with conspiracy to defraud the public by influencing the price of Gougdanda stocks through illegal means, William Joel, broker, room 131, Confederation Life Building, and living at the Broadview Hotel, at Broadview and to-day, was arrested by a detective yesterday.

It is alleged that Joel is the moving figure in the Elkhardt Proprietary Silver Mines, and the Gougdanda Premier Mines, of which he is listed as a director, with J. C. Graham as president; W. M. Whitehead, Joel's book-keeper, vice-president; Miss Osborn, secretary-treasurer; and Joel, Dr. Brydson and Emil Ernest as the directors.

The police allege that Joel has sent out hundreds and perhaps thousands of circulars saying that the stock of these concerns would soon be placed on the market; but that before those persons sufficiently alive to ground-floor set out that development had been done, whereas the police say otherwise.

Detectives Kennedy and Newton have been at work for days upon the case, and another arrest will likely be made, possibly in the north.

Joel was not bailed last night.

STRIKE NOT YET OVER

Threat Now Made of Revolutionary Movement.

PARIS, March 22.—Although the chamber of deputies by a vote of 345 to 128 to-day again, sustained the government's position with reference to the strike of the postal employees, and several of the members of the strike committee consider the government's terms amply satisfactory, the hot-heads at a big meeting held this afternoon, succeeded in postponing final action until to-morrow.

Not content with winning all the substantial points for which they contended, including the elimination of Undersecretary Sinyan, whose retirement, it is understood, is only a question of hours, the militant strike leaders want to force the government to a public confession of weakness by the dismissal of M. Sinyan, who has been obnoxious to the state employees.

KIDNAPPED WHITLA BOY RESTORED TO PARENTS

Youngster Was Disguised and Abductors Took No Chances—Was \$10,000 Paid?

CLEVELAND, O., March 22.—Little Willie Whitley, who has caused his parents great anxiety and the police of the entire country worry since he was kidnapped from school in Sharon, Pa., last Thursday, was returned to his father at the Hollenden Hotel here to-night at 8:30 p.m.

In compliance with an agreement entered into between the boy's father and an agent of the kidnapers here, the latter knew his son was in the big foyer. The moment Mr. Whitley heard that a strange boy was in the hotel, he rushed across the lobby, grasped him in his arms and smothered his face with kisses.

An attorney and been made to disguise the lad. He wore a pair of smoked glasses and a large tan cap, which was pulled down over his ears, and his father said it would have been difficult to have recognized the boy in such a garb had he passed him on the street.

Willie is in good health. He says that he has been well treated, and ever since his capture has been constantly indoors. He believes he was taken from Sharon to Warren and thence to Newcastle, Pa. It is his opinion, expressed in a baby school way, that he was in Astabula on Saturday night at the time his father was to leave his \$10,000 in Flatiron Park.

Mr. Whitley refused to say whether he has paid the ransom or not. About 2 o'clock this afternoon, he went to a candy store at the east end. With him he carried the \$10,000—expecting that it would be demanded of him there. He was met by a woman, who detailed to him the terms of the kidnapers. With distracted eagerness Mr. Whitley agreed to them immediately. He paid the money, but on this point, the father declines to comment himself.

As soon as he could push his way thru the crowd, Willie, Jr., went to his room on the second floor. He carried the boy in his arms. For several minutes he was committing the robbery.

CIVIC SALARY SCALE IN FORCE THIS YEAR

City Council Rules Out Special Increases Proposed Excepting For Heads of Departments.

A decision to have the civic salary schedule go into effect this year, thereby setting aside the board of control's carefully prepared list of special increases, was reached by the city council last night. The scale is retroactive, dating back to Jan. 1, 1909.

There was shown to be a strong feeling among the aldermen that the salary recommendations reflected considerable effective wire-pulling by civic employees. Many of the increases proposed would have had the effect of raising salaries to the maximum provided by the scale or close to the top figure, while other employees doing the same class of work were asked to content themselves with waiting for years to reach the coveted height.

The heads of departments not being subject to the schedule their individual cases were considered and the controllers' recommendations adopted in each case.

It was not until nearly 8 p.m. that the mayor suggested an evening session to deal with salaries, leaving Thursday's session open to the draft estimates alone.

Under the new schedule, the maximum salary for a clerk is \$2,000.

Over starting in to consider the increases the ever alert Ald. Foster suggested that several of the increments suggested by the board of control would raise those particular salaries above the maximum fixed by the schedule which becomes operative next year.

Ald. Keeler then proposed that no increase be granted which would cause any salary to soar above the limit set by the board in the assessment department, whose present salary is \$1,800, and for whom an increase of \$300 was asked, whereas the maximum for chief clerk is \$2,000.

Mr. Whitley refused to say whether he has paid the ransom or not. About 2 o'clock this afternoon, he went to a candy store at the east end. With him he carried the \$10,000—expecting that it would be demanded of him there. He was met by a woman, who detailed to him the terms of the kidnapers. With distracted eagerness Mr. Whitley agreed to them immediately. He paid the money, but on this point, the father declines to comment himself.

OPEN CHALLENGE TO TRADE WAR

The Democratic Committee Makes a Bitter Criticism of the Proposed New Tariff Bill.

WASHINGTON, D.C., March 22.—That the Payne tariff bill will increase the cost of living; that it is crude, indefinite, sectional and prohibitive; and that it is an open challenge to a trade war with every other nation on earth are some of the criticisms of that measure made by the Democratic members of the minority report submitted to the house by minority leader Clark.

The report is a severe arraignment of the revision which the Payne bill proposes. The countervailing duty provision for coffee and petroleum, the maximum and minimum features, the Cuban reciprocity clause, the woolen, glass, agricultural and sugar schedules are bitterly attacked.

Declaring that a tariff is a tax paid by the consumer and that the only function of a tariff law is to raise revenue to supply the needs of government, the minority members of the committee insist that instead of an increase of taxes, a new issue of bonds, the correct remedy for the growing deficiency in the revenues is the cutting down of the expenses of running the government.

Continuing, the criticism of the Payne bill, the report declares: "The whole maximum and minimum tariff scheme as set forth in the Payne bill enables foreign countries to force us to raise the rates of the Payne schedule twenty per cent, which would after making ample allowance for all reductions in the Payne schedule, result in a net increase of ten per cent above the rates of the Dingley law, a prospect which will bring sorrow to the hearts of the great body of the people."

"We are most heartily in favor of such a maximum tariff as will enable our government to maintain our arrangements by making concessions to other governments by reducing the rates of our statute wherever they are not a reasonable rate below our statutory rates; but as it stands the maximum and minimum tariff plan of the Payne bill is an open challenge to a trade war with every other nation on earth. It is seeking trade with a club or meat ax. We are opposed to such an unwise and unnecessary performance."

"In this connection it may be well to reiterate our relations with Cuba. Does any sane man suppose for one moment that the great commercial nations; our competitors for the world's trade, will concede that Cuba is one of our dependencies? It is a thing incredible."

Otherwise it's All Rights.

"The bill is in many respects crude, indefinite, sectional and prohibitive. It seems to us from our examination, which was necessarily hasty, that the whole it increases the cost of living in numerous instances the provision exceeds the entire labor cost of production."

"The claim that the bill is a sectional one, made by the Democrats with Cuba, to the committee, is based largely on the cotton schedule. The report contends that the bill does not lift any burden from the shoulders of the southern farmer, and the manufacturer of cotton goods is protected by a heavy tax, it claims."

"Every article of food the laborer must have to live comfortably," says the report, "is heavily taxed; even the salt on his table is not exempt. This schedule (agricultural products) was evidently prepared by the same mind which has dominated the tariff schedule of the United States, and which enables it to dominate and exploit the American market and to levy tribute on the public, thereby piling up millions of dollars of government gains."

Cost of Living Increased.

The report further contends that a similar "joker" in the paragraph providing for the free entry of coffee places a duty on coffee equal to the export duty imposed by the country by which it is imported, and that the consumer must pay both the export duty of the other country and the import duty of the United States. The tax on tea is also attacked, the claim being made that the \$7,000,000 which it is proposed to raise by imposing a duty on tea represents the amount by which the cost of living will be increased by this tax.

Criticism is made of the metal schedules, and it is contended that hides, having been placed on the free list, the duty on leather, shoes, harness and other leather manufactures should also be removed. Increases in the chemical schedule are termed unjustifiable.

A severe arraignment of the wool schedule is made.

Referring to the reduction of five one-hundredths of a cent in the duty on

INTEREST TO WOMEN

JANE'S FANCIES. The skirt of the fashionable dancing frock is full and short—that is, just off the ground all around.

Old-fashioned headwork has been revived and promises to be in high favor. It is especially popular for hand bags.

Some of the new evening hats have brims made entirely of violets, geraniums, roses, etc., all flat and small.

Velveteen because of its durability and handsome appearance, is making up some of the smartest winter gowns.

Some of the new gowns have dainty little gumples of illusion, laid in folds, the material being too sheer to tuck.

Quantities of silky, black Spanish lace are used to form the new turbans, often mounted over gold, silver, or platinum tissue.

Flesh-colored stockings of closely woven silk are worn under the thin gauze stockings that one sees on the coldest days.

The cartwheel hat is superseded in Paris by the bushy, which takes up in height what the Merry Widow required in width.

Metallic gauzes being employed more and more by the smartest of dress designers and is so beautiful that it deserves a perpetual place in fabrics.

MENUS FOR THE WEEK

Breakfast—Canned Peaches, Cereal with Cream, Broiled Ham, Graham Gems, Coffee.

Lunch—Cold Sliced Ham, French Fried Potatoes, Orange Shortcake, Sugar Wafters, Tea.

Dinner—Cabbage Soup, Baked Spare Rib, Browned Potatoes, Baked Corn, Apple Sauce, Lettuce with Dressing, Cherry Roly Poly, Fruit Sauce, Coffee.

Recipes For Wednesday

Orange Shortcake—Sift 2 cups of flour into a basin, add 3 teaspoonfuls of baking powder, and half teaspoonful salt.

Cabbage Soup—Put 1 small chopped cabbage into saucepan, add 2 cups water and cook till tender, about 15 minutes.

Suffrage Deputation to-Morrow. Friends of the movement for political equality for Canadian women are cordially invited to be present to-morrow (Wednesday) at 11 a.m. at the parliament buildings.

In Society

Mrs. W. E. Jones, 27 Spencer-avenue, will receive Thursday afternoon next, March 25th, for the last time this season.

A delightful euchre party was held at the home of Mrs. Watson, 31 Eglinton-avenue, on Saturday evening.

Mrs. J. H. Williams, 17 Elm-avenue, will receive next Monday and not again this season.

Mr. Howard Russell, lyric baritone, and pupil of Mr. Francis Combs, is giving a song recital in St. George's Hall, Elm-street, on Wednesday, 31st inst.

Admission will be by invitation. The engagement of Miss Dora Elizabeth Benson, fourth daughter of Rev.

LENTE SERMON

Canon Welch resumed his series of Lenten sermons at St. James' Cathedral yesterday, on old Biblics truths under the light of modern science.

The rector of St. James said that his previous sermons had been to set forth the truth of a divine revelation running thru the books of the Old and New Testament.

The Bible had at many periods been held reverently accepted and emphatically rejected. On one extreme were those who regarded the Bible as not only a divine revelation, but also verbally infallible in every word and syllable.

Some declared the Bible to be on the same plane as Plato and Shakespeare. When the writings of the pagan poet and the great Elizabethan dramatist were translated into as many languages as the Gospel was when his writings gave the same comfort in life and courage in the hour of death, then, and not until then, could such claims be repeated.

The Scriptures alone contain such a divine message as this: "Come, let us reason together, said the Lord; thy sins are as scarlet, they shall become white as snow."

Some of the most expert creators of exclusive fashions in fur-lined garments for men and women.

The business of the Dineen Manufacturing Company, Limited, embraces only specialties for ladies' and gentlemen's wear, and their reputation, especially in ladies' fur-lined neckwear and muffs, and in men's fur-lined and fur-trimmed coats, is known throughout the Dominion as exceptional.

In addition to their fur specialties, the Dineen Manufacturing Company, Limited, are sole Canadian agents for the celebrated Glyn & Company's hats for men, and Goodwood & Company's stylish walking sticks.

Goodwood & Company's large factories are also in London, England, the home of the best designs and styles in men's walking sticks.

Some conception of the business success of the Dineen Manufacturing Company, Limited, may be got from the fact that in Canada alone the firm employs six travelers.

Manager Black explained that the indications for great prosperity in fur-lined garments have never been so bright in Canada as for the season of 1909-1910.

No Obstacles For Road. GALT (Special).—Engineers surveying the route of the Hamilton, Galt, Guelph Electric Road (Patterson project) are here to-night and say no serious obstacles are found.

CAN VOTE ON THE PLAY. Those Who Hear "Mlle. Mischief" Can Leave Opinion.

There will be harking back to first principles in criticism at the Princess Theatre next week! The management, believing that in a multitude of counsellors there is wisdom, will invite the public to pass judgment on the play "Mlle. Mischief," which is to occupy that playhouse all the week.

OUT TO-DAY Katrine

By Elinor Macartney Lane the Author of Nancy Stair

KATRINE is the first novel which Mrs. Lane has published since her brilliant story of "Nancy Stair." Those who have read both books agree in recognizing KATRINE as the greater successor of a great romance.

In KATRINE, as in "Nancy Stair," a beautiful, magnetic woman takes the leading part. This is a romance of picturesque love-making, of separation, of the woman's triumph through her natural gifts, of a man's awakening and his battle with realities, and, finally, it is a romance not only of a woman's achievement, but of an all-conquering love.

NOT REAL THANKSGIVING. PEAK'S HAIR GROWER

Ministerial Association Objects to Anniversary Being Held on a Monday.

The General Ministerial Association passed a resolution at the meeting yesterday requesting the Dominion Government to fix Thanksgiving Day on Thursdays in future.

Ed Duran points out that the city should lose no time in placing life-saving appliances on the island.

Chinese Smuggler Sentenced. BUFFALO, N. Y., March 22.—Riley, one of the three Chinese smugglers whose boats were wrecked on the breakwater in November last, and six Chinamen were drowned, pleaded guilty today to smuggling Chinamen and was sentenced to one year and one day in the Erie County Penitentiary, the maximum penalty.

To Balloon Across Continent. BOSTON, March 22.—A balloon journey from the Pacific to the Atlantic Oceans across the breadth of the United States, has been practically assured for the near future by the announcement that the Aero Club of Seattle, Wash., will finance such a journey, to be undertaken by Henry Helm Clayton of the Blue Hill Observatory.

SUFFRAGETTES ANGERED

Don't Like the Adult Suffrage Bill Now Before Parliament. LONDON, March 22.—The adult suffrage bill, which was read and shelved in the house of commons yesterday, is regarded by the suffragettes as cancelling the possibility of women's franchise being granted at this session.

The measure was introduced despite their protests. There are no chance of adult suffrage in England to-day. They have always demanded suffrage only on the same terms as men.

Premier Asquith, in discussing the bill, said that he knew that on the woman suffrage question the government was not of one opinion, and he had never been made a government question.

While Mr. Asquith was speaking, four attendants carried in four huge bundles of papers. It was a petition from the anti-suffragettes, signed by 34,832 women, praying the house of commons to reject any measure granting the parliamentary franchise to women. It was received with much laughter and was then gravely carried out again.

EVERY IMPROVEMENT

is a real improvement—not a mere talking point. Our experience with the world's best pianos has enabled us to test every original idea in piano-building—valuable and otherwise. In Gourlay pianos we have embodied those ideas which are valuable—the others are left out.

AUTO-TOXIC POISONING AND WOMAN MAY DIE

Remarkable Case in New York Hospital—Disease Due to a Worried Mind.

One of the most remarkable cases of that rarest of maladies, auto-toxic poisoning, is interesting to the house staff and consulting physicians of the Fordham hospital in the person of Mrs. Ida Perazzo, widow of a steamship captain, who perished in a marine disaster on the Mediterranean two years ago.

The strange feature of the case is that to-day was to have been the occasion of Mrs. Perazzo's second marriage, but apparently her unrest of mind was such that her hysterical condition and overwrought nerves converted her blood into virulent poison by auto-suggestion.

Tests for epilepsy, when applied at the Fordham Hospital, failed to result in a confirmation of the first diagnosis. Enquiry into the history of her case speedily convinced Dr. Reilly and his staff that they had on their hands one of the first cases of auto-toxic poisoning ever recorded in New York.

Investigation showed that Mrs. Perazzo came to this country from Italy three months ago. She was bowed down by incessant grieving over the tragic death of her husband, and in nightmares constantly saw him on the bridge of his sinking ship, the Regina, plying between Genoa and Marseilles.

Almost nightly these visions had recurred, and from a cheerful, normal woman Mrs. Perazzo became a morbid, hysterical creature—a prey to hallucinations and fantasies.

In this country she found a home with Antonio Patisio and his wife, who live in the Bronx. At the home of the Patisios Mrs. Perazzo engaged a maid, a candy manufacturer. He fell in love with her and begged her to marry him. After weeks of pleading Mrs. Perazzo gave her consent to the wedding.

"From investigation of this woman's case and a consultation of the authorities on this disease, who are scarce as there are so few recorded cases—I am convinced that this woman is a victim of auto-toxic poison," said Dr. Reilly. "Long continued worry converted her nervous system into an active poison producing plant and is responsible for her condition."

"The disease is one that is almost unheard of in ordinary medical practice, and as the treatment has to be purely as well as physical the case we now have will be a particularly delicate one to bring to a successful issue."

Nothing In It. A despatch from London, Ont., purporting that the T. Eaton Company was contemplating the establishment of a branch departmental store in that city, was emphatically denied by local officials of the firm last evening.

Howlray Pianos

CANADA'S MOST NEARLY Perfect Instruments

Musically and structurally they are more nearly perfect than other first-class pianos. They are a decided advance beyond first-class; they are improved pianos—improved in tone, touch, scale, sounding-board, back, pinblock and in every other detail.

EVERY IMPROVEMENT

is a real improvement—not a mere talking point. Our experience with the world's best pianos has enabled us to test every original idea in piano-building—valuable and otherwise. In Gourlay pianos we have embodied those ideas which are valuable—the others are left out.

GALT, March 22.—The annual meeting of the Western Football Association takes place in Galt on Good Friday in the A.O.F. Hall.

LACROSSE NEWS AND GOSSIP Toronto Lacrosse League Hold Informal Meeting—Some Amendments.

The Toronto Lacrosse League held an informal meeting at the Inghouls Hotel last night, and judging by the enthusiasm shown, a very successful season is promised.

The Capital Lacrosse Club will hold their annual meeting on Thursday night at the C.P.R. Hotel, at 8:30 p.m. sharp.

It is rumored that Pete Hocking of the Toronto Athletic Association is to be elected president of the C.L.A. Council this year.

Additional nominations received by Secretary Hall yesterday, for the C.L.A. Council were W. J. Dalton, Toronto and J. K. Horst, of Toronto.

WEST FROM EAST LAST GAME OF SEASON

Mutual Street Rink Has Fine Ice, Small Crowd and Splendid Exhibition.

On splendid ice, but before a small crowd, the All Star juniors from West and East played a snappy game of hockey at Mutual Street last night.

The game started with the East pressing and the West back and tied the score in six minutes, and then to end play followed.

The game started with the East pressing and the West back and tied the score in six minutes, and then to end play followed.

Third Annual C.B.A. Tourney Opens Military Men Make Poor Scores

Tourney is Opened by Many Prominent Men, While Mayor McLaren Makes a Strike The Scores.

HAMILTON, Ont., March 22.—(Special.)—The third annual tournament of the Canadian Bowlers' Association had a most auspicious opening here, when a large crowd of local enthusiasts and many notables from outside points were in attendance.

The management of the Hamilton Bowling and Athletic Club has left no stone unturned in the effort to make the tournament interesting and enjoyable.

The five-man team list includes 150 entries, while 300 entries have been received for the floor solely for tournament purposes.

The House that Quality Built. Scores Morning Coat and Waistcoat

For Semi-dress the Morning Coat is a "favorite."

We have been making a feature of it and have advertised it as a special for years.

To-day we give it extra mention, emphasizing great values and high-class tailored garments in Morning Coat and Waistcoat—of black and grey Vicunas—uncut Worsteds and Cheviots—a very special price.

\$5000 - East side of Lee-avenue, overlooking Senator Cox's estate; 5000 ft. x 296 (half an acre); seven moderate-sized rooms on substantial foundation; large concrete cellar, marble washstand, separate convenience and balcony, cistern with pump on kitchen sink, parlor and stairs hardwood; poultry and tool house; good productive garden, containing apple orchard, pear, plum, cherry and other fruit trees; well stocked; five minutes walk from King cars.

Stores For Sale

\$1000 down; splendid corner store, 11 x 20 feet, with eight-roomed dwelling; would suit almost any trade; this is situated on a main street and in a good improving location.

\$4000 - 1500 down; good solid brick with moderate-sized dwelling; would suit baker or confectioner; fair trade already attached.

\$5200 - Terms can be arranged; East Toronto; valuable solid brick structure; three stories; in good repair; rentals producing \$564, but could be further increased by renting vacant story; frontage nearly 105 feet; this is a good proposition and worth investors' looking into.

Wanted

WANTED - For client, about \$2500.00; six-roomed house on Victor, Bolton or Simpson, DeGrassi, Howland, First-avenue or immediate vicinity; would pay \$200 down.

Several large lots just outside City limits, Chester District.

Stores Wanted to Rent

GOOD-SIZED STORE, with fixtures already in, if possible, between Spadina-avenue and Parliament-street, south of Carlton-street and north of Queen-street; wanted at once.

WANTED - Any good thoroughfare; suitable for dry goods store or gent's furnishing; wanted at once.

FOR RENT - \$25; nice square-planned seven-room house with every convenience.

DELAYS BRITAINING NORTHEAST RESIDENTS

Department of Mines Are Seemingly Putting a Rope on the Neck of Progress.

GOWGANDA, Mar. 20.—(From the Recorder on the Trail.)—People having business to transact up here in connection with mining deals are becoming irritated at the unaccountable and unnecessary delay on the part of the responsible department, to establish a recorder's office.

The time is getting well on towards the break-up of the season, and the various things which will be tied up by the laws of nature when the snows melt and river routes will be impassable for three weeks' time anyway.

The following petition to the minister of mines has been circulated among the people here and at the various camps, such as the Bartlett, O'Kelleys, Mun, Boyd-Gordon and others, with the result that over 500 signatures have been secured and a petition will be presented to the minister on the 23rd inst.

The delay in the arrival of the recorder for the mining division of Gowganda not only renders the transaction of business with the recording office difficult and unsatisfactory, but also inflicts upon the very large number of people having business to transact with the recorder real hardship and great expense.

The delay in the arrival of the recorder for the mining division of Gowganda not only renders the transaction of business with the recording office difficult and unsatisfactory, but also inflicts upon the very large number of people having business to transact with the recorder real hardship and great expense.

OTISSE DEVELOPMENT SHOWS HIGH-GRADE ORE

Plant is in Position and Boilers Also Ready for Steam—General Manager's Plans.

"If the splendid results being obtained on the Otisse mine at Silver Lake is any criterion, it offers every encouragement for favorable development on the Gowganda ridge and Miller and Everett Lake district," said Mr. H. P. Davis, general manager of the Otisse mine, who was in the city yesterday after visiting this celebrated property.

"I estimated," said Mr. H. P. Davis, "that \$500,000 a month is being expended on supplies and transportation of supplies into the new district. If one-half of this amount goes into conventional and well directed development, splendid results should be secured. The plant on the Otisse, has been installed and will be in operation in a few days. The boiler-house, which contains two large steam boilers, is one of the most conspicuous in that part of the country."

"I was very favorably impressed with what has been done on the Otisse, and the extensive mineralization which prospecting has disclosed. When Mr. Loring, the well-known mining engineer, who has been on the Otisse, twenty years had been discovered. His policy is to sink the shaft at the engine-house and crosscut at a depth of one hundred feet below the surface, which is uniformly east and west. The site for shaft No. 1 is in line with the engine-house and was sunk on a small stringer of calcite, which showed no silver values at the surface. Gradually this vein increased in width and values, until at a depth of 55 feet it is from four to six inches wide and contains pay ore. In the vein are two or three inches of calcite and silver and the balance contains smallite, nicotite and silver. The veins on both sides are about the same at the present depth compared with high-grade ore in the Cobalt district.

"At the Otisse mine, the crosscut will be run south towards shaft No. 2, and will intersect four veins in which high silver values were located on the surface. The favorable development which this vein gives every reason to believe that a number, if not all of these, will develop bodies of high-grade ore. The results obtained on the Otisse, to say the least, offer the best pledge that similar results will be obtained by development at Gowganda."

"The newspaper accounts of the mining country during the past few months have centered very largely around Gowganda Lake, and the Miller and Everett Lake district have been more or less neglected. The geological formation in the Miller and Everett Lake district is almost identical with that of the Otisse, and the veins are considered stronger and more definite than at the Otisse. The general conditions bear a remarkable similarity to the vicinity of Cobalt. The general conditions bear a remarkable similarity to the vicinity of Cobalt. The general conditions bear a remarkable similarity to the vicinity of Cobalt."

"The splendid results which have been obtained on the Otisse mine," said Mr. Davis, "inspires one with faith in the possibilities of the north country. I have always been an optimistic as to the results which may be obtained in the north country. I have always been an optimistic as to the results which may be obtained in the north country. I have always been an optimistic as to the results which may be obtained in the north country."

MET FIVE BOILERS ON ROAD TO SILVER

Also Saw Three Others Ready to Be Forwarded—Mining Development in North Country.

"On the road between Elk City and Charlton we met five boilers going into the mines. We also saw three other boilers ready to be forwarded."

"This significant statement on the development which is proceeding in the new mining camps was made by J. B. Tyrrell, M.A., the well-known mining engineer, who returned from Elk City yesterday."

"The most extraordinary thing I saw on this trip was the loads of lumber going from Elk City to Gowganda. It is a very brief, lumber going from cleared country into the bush."

"Elk City," he said, "is at present a great centre of traffic, being a sort of division point, or the traffic which is moving east and west."

OPERATORS REAL MINING PROPERTIES

We have been successful in securing several of the best mining properties in the heart of the rich diabase ridge on which the famous mines of Gowganda are situated.

"The present opportunities for investing in real mining properties at real values have never been surpassed in the history of the great silver camp. This is a splendid list of properties ranging in value from \$500 per claim to \$250,000. The former are usually claims staked during the winter on which calcite leads are found in the diabase and around Obiskoon. Spawning and Hanging Stone lakes. These properties are practically undeveloped, and when the snow melts and real prospecting takes place, may produce some of the wonders in the camp. The higher-priced properties show more silver in evidence, and we endeavor to secure an engineer's report on all safe properties, as well as a sworn statement. We insist on real estate and mining conditions. If advertised lists do not contain what you wish to invest in, we will endeavor to satisfy your requirements."

"We have the latest maps of Gowganda and Lake districts, as well as all township maps. We do not confine our efforts to the Lake district, but have properties for sale in Coleman, Buckle, South Lorrain, etc."

PROSPECTORS

We have unexcelled facilities for handling mining properties, and have an extensive clientele, in Canada, the United States and Great Britain. This clientele is daily increasing, and we are desirous that it should. In order, however, to maintain the position of leadership we have established for sale of mining properties, we believe it advisable to state openly that all claim-holders may understand, the information we have forwarded to many prospectors who have written to us to sell their claims.

"1.—We must have an owner's statement clearly setting forth formation of claim, description and number of veins showing value in title. 2.—Send particulars as to title, giving number of claim and stating number of days' work actually performed. Also if surveyed. 3.—Do not have your propositions loaded two or three times at his head by middlemen and others. We do not and will not offer properties this way. 4.—We do not accept for sale all properties offered, and do not deal in a large number of properties. 5.—We believe you would make money out of well-located and undeveloped claims by placing the same with operators who will accept an interest in your property and proceed with continued development, deriving an unassessable interest. If it proves to be a mine, you will have a very good fortune. If otherwise, you are only out of pocket cost. 6.—We have placed several properties this way, which we consider fair to all parties interested."

RUSSIAN PRINCE WORKED AS A RAILWAY STOKER

Secured Knowledge of Railroad in America Which Led to High Honor in Native Country.

ST. PETERSBURG, March 22.—Prince Michael Hilko (Kilkoff), a member of the council of the empire and formerly minister of communications, died suddenly here. He was present at the inaugural meeting of the Russo-British chamber of commerce, when he fainted. The prince was removed to his residence, but did not regain consciousness.

Prince Hilko, a well-known in the United States, where he secured the credit of getting the maximum amount of work out of the Siberian Railway during the war with Japan.

Prince Hilko, who belonged to an old but comparatively poor family, emigrated to the United States when a young man, renouncing the title which he was subsequently restored. He began as an assistant stoker on the railway during the war with Japan.

MAN WINS BIG RATE FIGHT

Kindel of Denver Successful in 20 Years' Contest With Railroads.

CHICAGO, Ill., March 22.—One of the proudest citizens of the United States today is George K. Kindel of Denver. After a strenuous fight he has won an important victory against the combined railroads of the west and has ceased to be regarded by his fellow citizens as a joke.

Mr. Kindel is the man who brought before the interstate commerce commission a suit against the railroads in the country and compelled thereby an order for a reduction in the Denver freight rates from all points east of the Missouri River and from Denver west to Utah and Colorado points. The victory was a sweeping one.

In his pursuit of the railroads and of the commission Mr. Kindel spent his fortune. Then he appealed to shippers for aid in carrying on the fight. This did not come generously, so he made another modest fortune and took up the battle again. When unable to do anything more he placarded the front of his place of business with epigrams and cartoons directed against the railroads and wrote pamphlets denouncing their injustice.

He sought publicity thru the newspapers until he became an unwelcome visitor in many offices.

At last Mr. Kindel hit upon the Denver rate case and went before the commission at Washington. There the man that body agreed with him, and the result was a decision that will make Mr. Kindel's dream come true.

MUST MUZZLE ALL DOGS.

Outbreak of Rabies is Feared in Simcoe.

SIMCOE, Ont., March 22.—Rabies has again broken out in Simcoe. A small black dog belonging to Frank La Fortune, a liveryman, showing signs of having been affected, was destroyed Friday, and one belonging to F. R. Pursel, was shot Saturday.

It appears that La Fortune's dog bit a lad about 12 years of age, named Gurling, on Thursday, and it has been thought advisable to have the boy taken to the Pasteur Institute at New York. At a special meeting of the town council, held at noon today, it was decided to assist in the expenses of sending the boy to the institute.

Mayor Slicher has issued a proclamation that all dogs must be muzzled for two months.

Wall St. Has Smart Recovery
Local Market Unaffected

Better Foreign Outlook, With London Heavy Buyer, Caused All-Round Rise at New York.

World Office, Monday Evening, March 22.—The Toronto Stock Exchange today showed small signs of following the upward movement at Wall-street and London markets. Demand even on the smart side apparently being content to watch the outcome of the movement that took place at the New York market.

La Rose was fairly active but closed some points lower from the opening. But financially speaking the market was without any change of importance. The market closed on the same side. Speculation was apparently dead in investment securities in the local market.

Wall Street Pointers.—Balkan situation now looks clearer than at any time this year.

Further exports of gold coin this week.

Better consumers' demand for anthracite in anticipation of possible strike.

Stocks of copper expected to reach 300,000,000 pounds by April 1.

London market generally shows improving tendency.

Westinghouse companies report gradual but steady improvement in all departments.

Twenty-eight roads for second week of March show average gross increase of 37.4.

Joseph says: "The going short of copper stocks except on rallies or quick spurts. Industries generally will improve this spring. Specialties—Hold C. and O. E. R. T. By amalgamation Company. Dividend on Reading unlikely to-day.

Special improvement in the railroad department of the stock market may be expected to-day. Industrials are likely to reflect pressure from time to time until the latter has completed reaction. There is a steady increasing short interest in the general active list according to our latest reports, and it is likely to be a big leverage for betterment just as soon as the financial interests decide to broaden manipulation and become bullishly aggressive. Information is favorable to the purchase of the best stocks upon declines, large or small.—Financial Bureau.

Buyers, Sellers, Counter.—N. Y. funds, par. 100 pm. 1/4 to 3/4. Ster. 60 days, 97-118. 115-118. 1/2-1/2. Rem. 100. 100. Cable trans. 15-15. 10. 10. 1/2.

—Rates in New York.—Sterling, 60 days sight, 48 3/4. 48 3/4. Sterling, demand, 48 3/4. 48 3/4.

Money Markets.—Bank of England discount rate, 3 per cent. Short bills, 2 1/2 to 3 per cent. Three months bill, 2 1/2 to 3 per cent. London call, 3 per cent. 2 per cent. New York call, money, highest 3 per cent, lowest 1 1/2 per cent, last loan 1 1/2 per cent. Call money at Toronto, 4 to 4 1/2 per cent.

Foreign Exchange.—Glaszebrook & Cronyn, James Building (Tel. Main 157), to-day report exchange rates as follows:

—Between Banks.—Buyers, Sellers, Counter.—N. Y. funds, par. 100 pm. 1/4 to 3/4. Ster. 60 days, 97-118. 115-118. 1/2-1/2. Rem. 100. 100. Cable trans. 15-15. 10. 10. 1/2.

—Rates in New York.—Sterling, 60 days sight, 48 3/4. 48 3/4. Sterling, demand, 48 3/4. 48 3/4.

Quiet trading is expected pending supreme court decisions to-day. The chances are no more than an even for a favorable commodity clause decision, which would mean marking up prices where possible. Otherwise, except for the latest discussion of the situation, remains unchanged with the decided weakness in metal trades and the absorbing factor, and the difficulties of railroad financing not forgotten by those on the inside. Should the steel corporation begin closing down plants it would doubtless influence investment selling with preferred weaker than the common. On all rallies we would still sell steel issues and fuel as well as Smelting and Copper, only short covering holds this last named stock.

Excellent selling is going on among railroad issues and we would not be surprised to see the pool overwhelmed by breaking badly-Town Topics.

Beatty & Gnasco (Erickson Perkins & Co.), had the following at the close: Stocks closed very strong, with gains of 2 to 3 points, most of the active issues participating in the rise. In the late afternoon trading became more active, with more spirit than has been manifested for a long time. While we think stocks will run higher, we will have breaks now and then. It is altogether probable that a concerted drive was made at the shorts all along the line. We would not buy stocks on bulges, but would sit for another setback. There is apparently less uncertainty over the industrial situation. The crop outlook is a little better. But these are not pronounced enough factors to warrant a sharp rise in stocks. We think it is a time for caution. But good stocks may be bought on all drives. Take profits on sharp bulges. Chas. Head & Co. to R. R. Bondard.

London prices were generally higher this morning and the Austro-Balkan war news seems to be more fear than fact. Western railroads continue to report increased earnings, and the winter wheat prospects improving. Money remains in free supply for long time at low rates. The short interest is large and has shown a very nervous manifested for a long time. Business has been light, however, and the bears the chief buyers. The short interest must have suffered a material curtailment. It is questionable, how much further it will run, being almost purely a professional market. It cannot be counted on for the sustaining quality of a public demand. Closing prices were strong at highest, after a dull day in which there was practically no reaction. The outlook is for higher

HARD TO WORK UP SPECULATION.

World Office, Monday Evening, March 22.—It is difficult to work up speculation at the Toronto Stock Exchange. The South American specialties are the only issues which are sufficiently manipulated to admit of turns, and even in these traders say it is difficult to operate effectively. The improved European outlook was said to be responsible for a better market at New York today, but this was not of any measurable influence here. Neither speculative nor investment shares show any snap at the present time.

May Not Cut Off.
ST. CATHARINES, Ont., March 22.—That the city license commissioners may not accede to the request of the people of this city, as expressed in a majority vote, that seven licenses be cut off this year, seems evident. It is, however, quite probable that the number will be reduced by three or four, at least, according to a statement made to a deputations from the Citizens' League, by the chairman, J. D. Chaplin.

To Teach the Young Ideas.
General W. H. Cotton, commanding Western Ontario, has arranged to meet with professors, principals, and male teachers of the colleges of Toronto and district at the Military Institute, to talk over some concerted scheme to aid in teaching the youth of the district the art of rifle shooting.

GRAIN MARKETS ARE LOWER CABLES FOR WHEAT EASIER

Lower Foreign Cables, Increased Receipts and Slight Increase in Visible Selling.

World Office.
Monday Evening, March 22.
Liverpool wheat futures to-day closed 1/2 lower than Saturday, and corn closed 1/4 lower.
Chicago wheat closed unchanged; corn closed 1/4 higher, and oats closed 1/4 lower.
Winnipeg car lots of wheat to-day 2/4, against 1 1/2 this day last year.
Chicago car lots wheat 84, contract 32; corn 27, contract 9, and oats 116, contract 2.

Northeast car lots, against last year.
Primaries: Wheat, receipts 41,000 bushels, 4,000 bushels; shipments 20,000, 21,000 bushels. Corn receipts 40,000, 41,000, 42,000 bushels; shipments 20,000, 21,000, 22,000 bushels. Oats receipts 40,000, 41,000, 42,000 bushels; shipments 20,000, 21,000, 22,000 bushels.

United States Visible.
A comparison of the visible grain supplies in the United States to-day and in the corresponding date of the past two years is as follows:
March 22, March 21, March 20, 1908.
Wheat, bush., 47,778,000 38,077,000 40,088,000
Corn, bush., 12,577,000 9,278,000 9,232,000
Oats, bush., 3,521,000 3,368,000 3,416,000
Including Canada.
Compared with a week ago the visible wheat shows an increase of 100,000 bushels, corn a decrease of 250,000 bushels, and oats an increase of 182,000 bushels.

MORLEY AVE. SITE IT IS COUNCIL ENDORSE PLAN

Massey Hall Will Be Exempted From Taxation—Proceedings in Council.

The city council yesterday by an overwhelming majority decided in favor of the scheme of sewage disposal as proposed by experts John D. Watson and Rudolph Hering. It had been expected that deputations of board members would be present to oppose the plan, but apparently the proposal to pump the sewage back to the water and Ashbridge's Bay has gone a long way toward silencing objections.

The situation is now, therefore, that the city is fully committed to the construction of the trunk sewer and the construction of the trunk sewer can be proceeded with.

Controller Geary caused some surprise by joining the first ward aldermen in upholding the Cherry-street site as an alternative.

His worship in strongly advocating the tanks, pointed out that New York was considering expending \$25,000,000 to locate septic tanks under its streets.

Ald. Chisholm's motion to refer the board's recommendation to a committee was defeated, only the mover, Controller Geary, and Ald. Hilton and McMillin voting for it.

Little opposition to exempting Massey Hall from taxation developed. There was some expectation of opposition to the proviso that the city's representative in common with the other trustees "must be a member in good standing of some evangelical Christian church," but the limiting proviso wasn't even discussed.

Ald. Foster pointed out that the city's tax exemptions now amount to from \$25,000,000 to \$27,000,000. He suggested that the exemption be made to cover only 15 years.

Mayor Oliver said he was opposed to the principle of exemptions, but that the city was practically a pariah in this institution. Not a dollar had been paid in profits, the receipts being not sufficient to keep the hall in shape.

Corset Covers, fine cotton or nainsook, two pretty styles, full front or light fitting, embroidery or lace trimmed, beading and silk ribbon, sizes 34 to 42 bust measure. Regular 75c and 85c each. Wednesday, each, 47c.

Gowns, four beautiful styles, including empire, slip-over and Mother Hubbard styles, fine embroidery and ribbon trimmed, also tucks, lengths 55, 58, 60 inches. Regular up to \$2.25 each. Wednesday \$1.25 each.

Petticoats, the cotton, deep flounce of lawn, with row of wide embroidery.

Thos. Maguire and A. R. Williamson appeared as a deputation in support of the city's application to the legislature to-day for power to return to the ward system of electing school trustees.

Ald. Bredin intimated that the aldermen who were opposed would also appear before the legislature.

Ald. McGarry registered a kick against the street railway's discontinuing of running Church-street cars to the Union Station, and the mayor explained that he had written Mr. Fleming and the latter had given an unsatisfactory reply.

Mayor Douglas of Vancouver was introduced by Mayor Oliver and was given a cordial reception.

DEFENCE HINTED AT PLOT.

And Young Assistant P. M. is Freed of Serious Charge.

NORTH BAY, March 22.—(Special).—The high court of justice opened before Justice Latchford to-day.

The Ryan murder case was put over until Tuesday on account of a material witness not being able to reach North Bay to-day.

The case of Edgar Cahill was taken up, the charge being that of money and forgery of payee's name at Elk Lake postoffice. T. M. McGarry defended and A. E. H. Creswick was crown prosecutor.

The chief witnesses for the prosecution were Postoffice Inspector Bolduc, who swore that accused admitted to him that he cashed the order in question, and Alonzo Payne, handwriting expert of Ottawa, who gave his opinion that the writing on the forged order and the writing of accused bore the same characteristics. Judge Latchford charged in favor of prisoner and the jury acquitted him. Cahill is barely 20 years of age and was assistant postmaster at Elk Lake. His own straightforward evidence helped his case. The defence rested strongly on lack of evidence and more than hinted at a plot, in which the accused was to be sacrificed to ulterior motives.

Dennis Harahan was awarded \$100 damages against the C.P.R. for loss caused by locomotive sparks firing his house.

New Catholic Publication. ALBANY, N.Y., March 22.—The American Press of New York City was incorporated to-day for the purpose of extending the Catholic religion throughout the United States by means of circulating literature and other methods.

COMMANDER CIGARS

A real good smoke, made from imported tobacco and always sold at 5c. A buying chance came our way. We took it. Selling them to-day at \$1.15 for box of fifty.

Come, send or phone, but don't miss this.

Alfred Wilson & Co.

THE ROBERT SIMPSON COMPANY LIMITED

THE ROBERT SIMPSON COMPANY LIMITED

A Sale of 5,000 Yards of Qualified Silks

THESE SILKS are the satin finished effects so popular, and in fact so absolutely necessary this season. They are the sort of silks required for the present mode.

We want to celebrate in some striking way the remarkable expansion of our new Silk Department. Have you seen it?

You'll have a double motive for visiting us to-morrow. We will sell 5,000 yards of underpriced Dress Silk. It is the very class of silk most in demand at the present time.

The shades range through all the colors and tones and half-tones of the Spring. The fancy silks combine the newest colors with delightful originality and beauty.

SEE THE DISPLAY IN OUR YONGE STREET WINDOWS

New, fashionable Silks, direct from France, Italy and Switzerland, and exclusive in their color combinations to this store. Satin Messalines, Satin Paillettes, Satin de Chines, Satin Liberty; suitable for street and house wear. Smart effects in reseda, gunmetal, brown, rose and blue stripes, with fine black over stripe, reseda and white, navy and white, sky and white, grey and white, mauve and white, and rose and white stripes. Handsome three-tone stripes in amethyst, rose, peacock, etc. Rich soft silks, with brilliant, lustrous finish. Silks that are usually sold at 75c, 85c and \$1.00. On sale Wednesday, per yard. 59c

Pre-Moving Sale of Whitewear

FOR the next few days buyers of Whitewear will be able to do particularly well at Simpson's. We are moving this department upstairs shortly to commodious quarters in the new store. All the stock must be fresh and new for the new department, and we are clearing much of the goods now on hand at decided reductions.

Insertion and ruffle of embroidery, lengths 28, 40, 42 inches. Regular \$1.75 each. Wednesday, each, 95c.

Drawers, fine cotton, umbrella style, embroidery beading and silk ribbon and deep embroidery ruffle, both styles, lengths 23, 25, 27 inches. Regular \$1.90 a pair. Wednesday 95c pair.

Drawers, fine nainsook, wide umbrella style, two clusters hemstitched tucks, deep lawn founce, finished with Valenciennes lace ruffle, both styles, lengths 23, 25, 27 inches. Regular price 90c pair. Wednesday 63c pair.

\$2.00 Corsets for \$1.00 a Pair

THIS is a clearing lot secured from a well-known manufacturer. We named our own price and paid promptly. They are the long fashionable model, and emphasize those sweeping lines in vogue at present. At \$1.00 a pair they can't last all day, so come early or phone your order.

220 only pairs Ladies' Superfine Corsets, made of extra quality white batiste or coutil, medium high bust, long hip, skirt extension, back 16 inches long, filled with all rustproof steels, 4 wide side steels, 4 strong plain elastic garters, trimmed with lace and ribbon. Sizes 18 to 26 inches. Regular value \$2.00. Wednesday to go at \$1.00.

Ladies' Flannelette Gowns Reduced

WHAT'S nicer than a Flannelette Gown from March to May? Wednesday three lines go on the clearing table. We can guarantee the goods and everything connected with the making.

Ladies' Gowns, fine plain white or pink flannelette, Mother Hubbard yoke of 24 tucks, frills of goods on neck, front and cuffs. Lengths 56, 58, 60 inches. Regular value \$1.00. Wednesday 75c.

Ladies' Gowns, fine plain white or pink flannelette, yokes of solid tucking and insertions of fine Torchon lace, lace edged frills. Regular value \$1.25. Wednesday 89c.

Ladies' Gowns, fine plain pink flannelette, double Mother Hubbard yoke back and front, frills of goods on neck and cuffs. Lengths 56, 58, 60 inches. Regular value 85c. Wednesday 65c.

Spring Styles in Separate Skirts

WE instance four. You don't want to be reading a whole pageful of description. Four at popular prices will serve to set you thinking. If you come to the department you will find it much more delightful to look at a score of skirt styles than to read about even four. All our Separate Skirts are chosen for their tailored "trigness."

A Smart Skirt of imported vicuña, with fine broadcloth finish, comes in black, brown and navy, has fancy side gorges, pleated, and box pleat front, suitable for misses or small ladies. Wednesday \$3.95.

Lady's Skirt of imported Panama, fine quality, in black and navy, pleated style, deep fold trimming and finished with buttons. Wednesday \$3.95.

Ladies' Skirt of all-wool Panama, made in the fashionable flare gorge.

A New Line of Tailored Suits

MORE Suits arrive to-day. We cannot describe them, as they are not in the store at time of writing. But they will be on view to-day.

\$17.50 to be their price mark. They add one more attraction to this thoroughly satisfactory series of Suits.

A "SILK" PETTICOAT FOR \$3.50. Petticoat of rich imported silk moirette, in ivory, black, brown or navy; cut full, and fits perfectly; made with deep flounce of bias tucking and three joined frills, finished with velvet binding. Sizes 38, 40, 42. Special value \$3.50.

A BIG SHOWING OF WAISTS AT \$2.95—LAWN, LACE AND LINGERIE AND SILK. Lawn and Lingerie—Some exquisite examples of fine Lawn and Lingerie Waists, very finely worked; in embroideries and laces. Many values, up to \$4.50, for \$2.95.

Lace—Fine Lace and Net Waists, lined throughout with silk; trimming with Oriental, Cluny, Torchon and Valenciennes laces and ribbons, in white, ecru and black. Exceptional value, \$2.95.

Silk—Handsome Taffeta Waists, in black and colored, tailored style, and others, trimmed with fine laces. All at \$2.95.

Dutch Art China

Five o'clock Teapot, Sugar and Cream, quaint old Dutch decoration. Regular \$6.50. Wednesday \$3.50.

Cups and Saucers. Regular 50c. Milk Tumblers. Wednesday 25c. Tea Plates. Wednesday 25c. Roll Trays. Wednesday \$1.00 and \$1.75.

Egg Cups. Wednesday 10c each. White and Gold Nippon China Salad Bowls. Regular \$1.50. Wednesday \$1.49.

Cut Glass

Large Cut Glass Water Jug, revolving star pattern, heavily cut handle. Regular \$10.00. Wednesday \$5.00.

Berry Bowls, 8-inch, revolving star and fluted cuttings. Regular \$3.00. Wednesday \$4.50.

Beadings, Bandings and Flouncings

Flouncings, Embroideries, beautifully fine, exquisite patterns, work perfect, looks like hand embroidery, suitable for women's undershirts and children's dresses, in cambric, nainsook and Swiss, in blind effects, eyelet designs, and conventional soutache. Per yard, 2c, 2.5c, 3c to \$1.00.

Corset Cover Embroideries, in nainsook, cambric and Swiss, fine work, in the prettiest and neatest designs, very large assortment of patterns. Per yard, 2c, 2.5c, 3c to 75c.

BEADINGS AND BANDINGS. Fine French Seaming, Beadings and Bandings, in cambric, nainsook and Swiss, 1-8, 1-4, 3-8 to 3 inches wide. Per yard, 10c, 12-20c, 15c to 90c.

Fine Swiss Embroidered Corset Covers, pretty floral design, embroidered in back and front, scalloped edges, with beading, semi-ready, to be finished around waist with beading. Each, \$1.35, \$1.50, \$1.75.

Table Raisins 1 5c lb.

2000 stone Fresh Rolled Oats, per stone, 44c.

500 tins Canned Lombard Plums, in syrup, gallon s. tin. Regular 40c per tin, 25c.

Canned Corn or Peas, 6 tins, 45c.

Finest Canned Tomatoes, 6 tins, 48c.

1000 dozen Finest Messina Lemons, large size, 2 dozen 25c.

Choice Side Peasmeat Bacon, half or whole, per pound, 17c.

Canned Haddie, Marmalad Brand, 3 tins, 25c.

Pure Orange Marmalade, 5-lb. pail, 40c.

Aylmer Condensed Milk, 2 tins, 25c.

Choice Prunes, 4 lbs., 25c.

300 Bottles Imported Pickles, Rowatt's, white onions only, pint bottle, 20c.

Choice Cluster Table Raisins, per lb., 15c.

FINEST FRESH ROASTED COFFEE, 25c.

The merit of this blend is quickly proved. Fresh roasted, in the bean, ground pure or with chicory, 2 lbs., 35c.

New Suiting and Dress Fabrics

SIMPSON Broadcloths and Worsted Suitings are the product of the world. Best makers, dyers and finishers.

England, France, Austria and Germany have all contributed a share of the immense stock of these goods which we are now showing. This season we are making a larger display of Broadcloths and Worsted Suitings than ever before. A display that is unsurpassed for variety, quality or value, on this continent.

Beautiful Paon, Chiffon, Glove and Sedan (Finest Broadcloth), in a large range of new and exclusive shades, new taupes, new browns, new blues, new greens, new rose, new tans, new reseda, etc. Daily pastel shades of shell pink, sky, Nile, peach, champagne, fraise, bisque, turquoise, etc. Smart self and two-tone stripes in worsted suitings, in greys, reseda, browns, tans, rose, peacock, etc. The new taupes shades are exceptionally smart, in light, medium and dark tones. Broadcloths, 50, 55 inch wide, \$1.00, \$1.25, \$1.50, \$2.00, \$3.00. Worsted Suitings, 50, 55 in. wide, \$1.00, \$1.25, \$1.50.

Pandora Shirtings

"Pandora" Oxford Shirtings are amongst the most favorite cotton fabrics in the world; made from nothing but pure Egyptian cotton, in one of the best fabrics in the world; the very best indigo dyes, dainty stripes, greatly used for boys' blouses, girls' wash dresses, boys' wash suits, ladies' outing costumes, etc. at, per yard, Wednesday, 20c.

100 only extra fine all pure linen rich satin damask Table Cloth, full deep bleached, "made in Ireland," good heavy make, round, finely spun thread, elegant new designs, with border all around, 2x2 1-2 yards. In the regular way these cloths are worth half as much again. Each, Wednesday, \$2.00.

A beautiful Marcelline designed American Crochet Quilt, made from the very best cottons, in a fine crochet weave, but in the most exquisite design, similar to the famous English Marcelline quilts, trimmed ready for use; the best washing quilts made; large double bed size. Each, Wednesday, \$1.42.

Spring Papers—Imported or Domestic

WE have opened the wall paper season, and it is going along with a rush. Get your walls fresh papered. Nothing like it. Gives you a new house, practically. Get it done early, though. The interval between winter and first gardening is the time to get wall papering done. Right now, in other words.

We have every imaginable sort of paper, at all the prices.

Our designs represent the cream of the production of the wall paper factories of the world.

Carloads of Papers, hundreds of patterns and colorings.

English Parlors and Bedrooms, German Halls and Dining Rooms, American Papers for any style of room; upper and whole wall treatment. Prices ranging from 25c to \$5.00 per roll.

Baby Mittens

Infants' Mittens, fine imported wool, white, sky, pink, cardinal. Regular 25c and 28c. To clear Wednesday, pair, 18c. Cannot promise to fill phone or mail orders.

New Hats and Caps

Christie's Derbys have yet to be beaten. They were first in the field, and their reputation stands firmer than ever.

1800 shapes are here for spring. \$2.00 to \$2.50.

The new Caps also await your choosing. Golf, Bulldog, Terrier, etc. New tweeds—30c.

\$10 to \$14 Topper Coats for \$7.95

ANY man who wants to wear the short boxy coat called a "topper" for walking, bicycle riding, or general purposes this Spring, should try and get in on this offer for Wednesday. We have collected about 100 coats, broken in sizes, but otherwise irreproachable, and group them at one price—\$7.95. You ought to get here early and make sure of one.

7.95

LICENSE COMMISSIONERS WILL ARRANGE PROGRAM

Schedule For Deputations to Be Made Up—Mysterious Visitor to West End Hotels.

The license commissioners will meet in private session this afternoon to consider the question of reducing the licenses in Toronto to 110. No final policy or basis of reduction will be decided upon, nor will this be known until several meetings have been held. Today's meeting will likely, however, fix dates for hearing deputations on both sides of the question.

It is hinted that while the provincial secretary has given the commissioners an absolutely free hand in the matter, he has suggested that they give the people what they voted for, i.e., in the districts that voted strongly for reduction the greater slaughter should take place. This would apply to the northeast and northwestern sections of the city.

Is this a trick of the temperance workers to have a check on the reports of the local license inspectors when the 40 individual cases come before the commissioners for the cut off? It is said that a man identified as T. G. Matheson, a worker in the temperance work, with an authority, has been visiting hotels in the northwest part of the city, taking measurements and getting unlimited information about several houses under the guise of "a special agent of the provincial secretary."

He called at the Pines Hotel last Friday, and after he had been shown all the house and supplied with a detailed description of the place, even to the size of the bar, the dining room, the kitchen, etc., Proprietor McCarthy called up Chief Inspector Johnston to ascertain under what right this investigator was operating. Mr. Johnston said he had not been sent from the city office, and after communicating with Chief Inspector Saunders, he learned that the man had never been authorized from the parliament buildings.

He also instituted a similar enquiry at the Pines Hotel, where William Hall is proprietor, and he told an hotel man that he had an assistant out making a concurrent investigation of the house, amongst which was mentioned the St. Alban's, corner of Bloor and Bathurst.

Since it has been learned from Eudo Saunders that he has no authority, a note has been taken by the police to look up points of law on such cases, and it would not be surprising should the enquiry continue, if someone should fail in, not unfamiliar to those employed by the provincial authorities. It includes the length of bar, capacity of sitting room, length and width of dining room and kitchen, number of tables and chairs in the dining room, number of bedrooms, beds, single or double, and a thousand and one other details.

No authority for such investigation other than the provincial secretary's department. Even the city council could not take such a responsibility.

CIVIC SALARY SCALE

Continued From Page 1.

\$150. It showed that the man with the pull was still supreme.

Ald. Bredin then moved that the salary increases for 1909 be the same as last year, for in the schedule, thereby doing away with any inequalities. This was carried.

For—Ald. McMillin, Welch, Dunn, Foster, R. H. Graham, Keefer, Chisholm, Adams, Bredin and Hilton—10.

For—The mayor, Controllers Hocken, Geary, Harrison and Ward, Ald. McGhie, Vaughan, Maguire and O'Neill—8.

Later Ald. Church moved to reconsider the 1909 salary increases, but this was lost as follows:

For—Ald. Chisholm, J. J. Graham, Adams, Bredin, O'Neill, Hilton, Welch, Foster, R. H. Graham, Dunn and Keefer—10.

Official Salaries. The carrying of this motion left only the heads of departments to be dealt with, since the salaries are not subject to the schedule.

Assessment Commissioner Hoffman was granted the increase recommended from \$4000 to \$4800. Ald. Foster opposed, he contending that an increase of \$800 should be sufficient. He pointed out that when R. J. Fleming was receiving \$4000 as assessment commissioner, he also had charge of the property department.

Controller Hocken's answer was that the work of the department had largely increased. Since he became head of the department, the assessment of the city had increased \$55,245,000.

After Ald. Foster's vote for a \$200 increase had been duly counted, Ald. Bredin proposed that Mr. Forman's salary remain at \$4000, the present time being an unfavorable one for raising salaries. Controller Geary and Ald. Foster voted with him.

City Solicitor Chisholm was given an increase from \$3500 to \$4000, with Ald. Foster in his usual minority of one.

There was no objection to raising the salary of Assistant City Solicitor William Johnson from \$2000 to \$2200, and Assistant City Solicitor F. A. MacKellan from \$1700 to \$2000.

There was some discussion before City Clerk J. Littlejohn was granted a salary increase from \$3000 to \$3500. Ald. Foster was hostile to any boost, but Controller Hocken's proposition to compromise at \$3250. Council by a large majority, however, voted the \$3500 stipend. Controller Hocken pointed out that Montreal's city clerk receives \$6000.

No objection was offered to making City Engineer Rust's salary the round sum of \$5000 by the process of increasing on \$250. Ald. Foster showed, however, that he was still the watchman on the tower by arguing against advancing Property Commissioner Harris from \$2500 to \$2750. He found no supporters.

City Architect Robert McCallum's salary was fixed at \$4000 without a struggle. It is \$3750 at present.

Ald. Foster wasn't quite satisfied in his battle for economy of administration, but he objected to the Chief Thompson's salary from \$3000 to \$3500, but council was once again unsympathetic.

Council adjourned at 10 p.m.
