\$100 CASH

will secure almost new detached cottage, containing five good rooms; heated by Doverson's cars; price \$1200; easy after payments. H. H. WILLIAMS & CO., 28 Victoria Street, Toronto.

30TH YEAR

A NEW VICE ROY NAMED DR. HINDIA

Sir Chas. Hardinge Will Succeed Earl Minto—His Father Was Viceroy in the 40's—Earl Minto on Indian Problems.

LONDON, June 10.—The appointment of Sir Charles Hardinge, permanent under secretary of state for foreign affairs, as viceroy of India, in succession to the Earl of Minto, was officially announced to-day.

The Right Hon. Sir Charles Hardinge is a son of the second Viscount Hardinge, and a brother of the present peer. His grandfather, the first viscount, was a distinguished British general, who saw much service in the Peninsular War, and later in India, where he succeeded Lord Ellenborough as viceroy in 1844. Sir Charles was born in 1855, was educated at Harrow and Trinity College, Cambridge, and entered the diplomatic service in 1880.

After serving in subordinate capacities he was appointed secretary to the legation at Teheran, Persia, in 1886, and two years later occupied a similar position at St. Petersburg. In 1893 he was made assistant under secretary of state for foreign affairs, becoming in the following year ambassador at St. Petersburg, and returning to Britain in 1895 as permanent under secretary.

Distinguished Service. Sir Charles has had a distinguished career, and has had much varied service at Constantinople, Berlin, Washington, Sofia, Bucharest, Paris and elsewhere, and has qualified in the Turkish, Persian and Russian languages. He has been the recipient of many imperial honors, is a member of the privy council, and has been awarded the Grand Cross of the Order of St. Michael and St. George, and of the Victorian Order. He also holds many foreign orders, and has qualified in the Turkish, Persian and Russian languages.

Earl Minto's Views. Earl Minto, the appointed viceroy in 1905, after having been for seven years governor-general of Canada. Within the past few months, an attempt to assassinate him by a bomb thrown from a crowd, probably by an anarchist, was frustrated only by an escort's prompt action.

In a recent interview at Calcutta, with Fred G. Carpenter, a Chicago journalist, the Earl said that he expected that very soon after their return a Canadian Commission will be appointed to confer with a similar commission from the U.S., and there is no known reason why the matter should not result in a formal treaty before the middle of the coming winter. In the meantime the Canadian experts, as well as those in charge of customs matters in the U.S., will gather such data as will be of importance in the settlement of the various questions that will come up before the commissioners of the two countries.

"Communications from official and unofficial sources in Canada clearly establish the fact that Dominion Government officials are anxious to bring about closer commercial relations with the U.S. through the instrumentality of a trade treaty."

WHAT PREMIER WHITNEY SAYS OF THE SITUATION. "I mean the making our people at home understand that they have a new India to administer, and that they should be prepared to accept because one of the Anglo-Indians who left here twenty or thirty years ago said it worked well in his day, and that it ought to work well now. They appear to think that a man who served India ten years ago should be able to suggest and advise as to-day. This is not so. We have a new India and a new people. The conditions are entirely different, and they grow more and more so every year."

Created Trouble. "Many of the changes have come about thru the policies which we ourselves have inaugurated. We have created an educated class, and this is made up of natives who are thinking for themselves, and who believe that they should have a greater share in the government. In the past our administration was practically autocratic. We must rule the country to-day, but we shall have to adopt conciliatory methods. We shall have to use more diplomacy and give the natives a greater share in the natural outgrowth of the movements which we ourselves have started, and I think it is a chance for the better."

Another Job for London Law Lords

City and Street Railway Equally Firm—Mr. Oiler's Letter Kept Secret by Controllers.

That the differences between the city and the street railway, over the terms of the order on which the new lines are to be built will result in another resort to the privy council, this time by the company, appears inevitable. The board of control yesterday considered in secret session a letter from H. S. Oiler, the company's solicitor. On the advice of the city solicitor its contents were not disclosed, but, according to Controller Foster it did not seem to pave the way for amicable settlement.

"It was rather the other way," he said. "The company is inclined to go to the privy council unless the city agrees to early rulings as possible by the law lords."

But this the city will not do. The board agreed at the conclusion to stick to the Whitney Act, and to hope for an early ruling as possible by the law lords.

LIKELY TO NAME EXPERTS TO REPORT ON A TARIFF

According to Washington Despatch New Trade Treaty is Probable, During Next Winter.

OTTAWA, June 10.—(Special.)—In a statement as to the progress of trade negotiations with the United States, Hon. W. S. Fielding, minister of finance, says that no immediate action can be taken, but he has not failed to observe that there was considerable manifestation in Canada, of opposition to reciprocity with the United States. Some of this was natural and inevitable. Much of it, however, was, he thought, due to a misunderstanding of the situation, and was at least premature.

The position of the Canadian Government was that they were bound to receive the assurances of the American Government in the good spirit in which they had been offered, and to hope for a satisfactory arrangement. It would certainly be a foolish and indefensible act for the Canadian Government to refuse to enter into negotiations which they had been invited in such a friendly manner.

A Washington despatch says the Canadian Government has indicated to the secretary of state its desire to take up as early as possible the negotiation of a trade treaty with the United States. Formal action, however, may be delayed until next autumn because of the absence of Mr. Fielding and Customs Minister Paterson.

The despatch adds: "It is commonly expected that very soon after their return a Canadian Commission will be appointed to confer with a similar commission from the U.S., and there is no known reason why the matter should not result in a formal treaty before the middle of the coming winter. In the meantime the Canadian experts, as well as those in charge of customs matters in the U.S., will gather such data as will be of importance in the settlement of the various questions that will come up before the commissioners of the two countries."

Communications from official and unofficial sources in Canada clearly establish the fact that Dominion Government officials are anxious to bring about closer commercial relations with the U.S. through the instrumentality of a trade treaty.

CHARLES GOAD DEAD. Prominent Civil Engineer a Victim of Paralysis. Charles E. Goad, well-known throughout Canada as a civil engineer, passed away at his residence, 89 St. George-street, about 6:30 p.m. yesterday. Mr. Goad had a paralytic seizure some time ago, and was unable to rally.

HAMAR GREENWOOD HONORED. Briefed by Canadian Government in North Atlantic Fisheries Case. LONDON, June 10.—(Special Cable.)—Hamar Greenwood, barrister, has been briefed by the Canadian Government in The Hague arbitration in re North Atlantic fisheries. In legal circles this is considered a high honor for Mr. Greenwood. It is a tribute to the position he has won thru his brilliant practice before the privy council. Those qualified to speak predict that Mr. Greenwood will go far in his chosen profession.

MURDERER'S LIFE SAFE FOR THE SUMMER

Procedure That Kept Blythe From Gallows to Be Invoked for Italian Ventricle Three Others Under Sentence Who May Be Affected.

It looks as tho no man need be hanged in Ontario during the summer months, if he has a counsel willing to take advantage of the technicalities which a strict interpretation of the law affords. For instance: Pasquale Ventricle, sentenced by Justice Riddell to be hanged in Toronto, Jail June 30, for the stabbing of one Fablio on March 8, cannot be executed until after September 1st, which is the day fixed by statute for the next sitting of the court of appeal, is the statement of T. G. Robbette, K.C., his counsel, made to the press to-night.

The same two sections of the original code which stayed the death sentence passed upon Walter Blythe by the same judge, until a new trial was granted, resulting in a conviction of the lesser crime of manslaughter, will be invoked to prolong the life of Ventricle, and under these sections there seems to be no possibility of hanging any man in the summer months, for the court of appeal is precluded by a statute from sitting between the months of May and September.

Will Apply To-day. This morning Mr. Robbette will apply to Justice Riddell for a stated case to the court of appeal, upon the ground that it is improper for that judge to call the jury back after they had been deliberating for over two hours, tell them that they might bring in a verdict of guilty, and to promise them that he would give them five minutes to arrive at a verdict. This Mr. Robbette describes as "dragging" the jury. He further points out that the judge did not act upon the recommendation to mercy, but reported against conviction.

Former Object to Conference. A Washington despatch says the Canadian Government has indicated to the secretary of state its desire to take up as early as possible the negotiation of a trade treaty with the United States. Formal action, however, may be delayed until next autumn because of the absence of Mr. Fielding and Customs Minister Paterson.

What Premier Whitney Says of the Situation. "I mean the making our people at home understand that they have a new India to administer, and that they should be prepared to accept because one of the Anglo-Indians who left here twenty or thirty years ago said it worked well in his day, and that it ought to work well now. They appear to think that a man who served India ten years ago should be able to suggest and advise as to-day. This is not so. We have a new India and a new people. The conditions are entirely different, and they grow more and more so every year."

Created Trouble. "Many of the changes have come about thru the policies which we ourselves have inaugurated. We have created an educated class, and this is made up of natives who are thinking for themselves, and who believe that they should have a greater share in the government. In the past our administration was practically autocratic. We must rule the country to-day, but we shall have to adopt conciliatory methods. We shall have to use more diplomacy and give the natives a greater share in the natural outgrowth of the movements which we ourselves have started, and I think it is a chance for the better."

We shall have to use more diplomacy and give the natives a greater share in the natural outgrowth of the movements which we ourselves have started, and I think it is a chance for the better."

STEEL CO. ENTER WIRE-MAKING INDUSTRY

Proposed Merger of Wire and Nail Mills Has Caused Big Corporation to Become a Competitor, President Plummer Says.

HALIFAX, N.S., June 10.—(Special.)—J. H. Plummer, president of the Dominion Steel and Coal Company, and General Manager Butler were entertained at luncheon by the Board of Trade this afternoon. The gathering included representatives of the financial, industrial and commercial life of the city.

Mr. Plummer announced that a company had been organized, under the auspices of the corporation, to erect plants for the manufacture of wire, wire nails and other finished wire products. The Steel Company's policy, hitherto, in this regard has been to confine its business to the manufacture of wire and nail mills through Canada, and this policy would have been maintained if the business had remained as at present, in the hands of a number of independent concerns.

Location in Doubt. The location of the new mills has not been definitely settled. A plant located within the steel works at Sydney would have distinct advantages in the way of cheaper production, but some disadvantages in regard to distribution, and it may be found best to build near the points where the products go into consumption.

When he left Toronto recently, the Steel and Coal companies were, in effect, one of the most successful of the old companies had been exchanged for stock in the new, giving the Dominion Steel Corporation a predominant voice.

SUGAR TRUST SECRETARY GUILTY OF CONSPIRACY

"Highest Man Up" to Be Convicted for Participating in Vast Underweighing Frauds.

NEW YORK, June 10.—Charles R. Heike, the white-haired secretary of the American Sugar Refining Company, was convicted to-night on one count of an indictment, charging conspiracy to defraud the government of customs duties on sugar.

Created Trouble. "Many of the changes have come about thru the policies which we ourselves have inaugurated. We have created an educated class, and this is made up of natives who are thinking for themselves, and who believe that they should have a greater share in the government. ALDERMEN AGAIN BLOCK ST. CLAIR AVE. WIDENING

Works Committee Wouldn't Vote to Pave, However, and Project is Not Killed.

The proposed widening of St. Clair-avenue from Yonge-street to Bathurst-street to a width of 100 feet received a setback yesterday when, by a vote of 7 to 5, the plan prepared by the city engineer and assessment commissioner to have the city pay half the cost and to adopt a graded scale of assessment on the remainder, was rejected. Then, after the committee had successively voted down a proposal by Ald. McCausland to submit a bylaw to the people next January, whereby the city would pay the entire cost, and Ald. Maguire's motion to have the city contribute 99 per cent, the members showed that they were unwilling to abandon the scheme altogether by turning down Ald. McBride's resolution to put down a 42-foot roadway.

Delay Costs Money.
It is evident, therefore, that the widening is not yet a dead issue, but the longer it is delayed the greater will be the ultimate cost. This point was emphasized in the report of the assessment commissioner, in which he estimates the expense as \$302,000. Last fall the figure fixed was \$170,000, but building has been going on and the land appreciating in value.

As of yore, rival deputations appeared. Chancellor Boyd spoke for those St. Clair-avenue residents who object to contributing any portion, while President Greig of the College Heights Association, voiced the sentiments of that body in favor of the project, even the entangling some assessment on the neighborhood.

Chancellor Boyd, speaking for the people between Avenue-Rd. and Tonge-street, declared that they didn't court the noise and dust which would result from developing the avenue into a busy highway, and that it was a matter of grave doubt whether the owners of property on lateral streets could legally be assessed.

Rev. Dr. Bruce, while favoring the widening, said the residents would not agree to pay 50 per cent, but that owners of property aggregating a large amount were willing to pay a smaller portion.

How They Voted.
Mr. Forman's scheme was rejected on this vote:

For: Ald. Dunn, May, Rowland, O'Neill and Hillton.
Against: Ald. Maguire, McBride, Baird, Anderson, Weston, Welch and McCausland.

Ald. McCausland asserted that the only solution of the vexed question was an appeal to the ratepayers, with which Chairman Ald. Chisholm agreed. Ald. McBride said that this would mean postponement of needed paving and that certain building operations, including a school, were being held up pending a settlement of St. Clair-avenue's future. Ald. McCausland's proposal was supported only by Ald. Hillton, May, Anderson and Baird.

Chancellor Boyd's deputation said they were not satisfied with Ald. Welch's idea of having the city pay 75 per cent, and this, too, went into the discard. Ald. Maguire's proposal, that the city pay 90 per cent, was hardly taken seriously.

Sign Bylaw Sent On.
The city engineer's draft bylaw to govern signs "lighted by gas, electricity or other illuminant," was sent on. Plans of signs must be approved by the city engineer before being erected and must be at least nine feet above the level of the sidewalk.

The placing of a lavatory, to cost \$10,000, at the corner of Roscoe-valley-avenue and Queen-street, and one to cost \$3000 on Keele-street, near Dundas-street, was approved. Funds for these are in the estimates.

The board of control having decided that the Grand Trunk crossing at Ashdale-avenue, between Greenwood-avenue and Rhodes-avenue, in Riverdale, should be widened, Controller Foster said he was opposed to building a subway there unless paid for by the city at large, as the tax as a local improvement on the people of the locality would be too high. The actual cost of construction is estimated at \$80,000, and with land damages the total may be \$125,000. The committee, however, decided to build the subway, as it is in its policy of getting rid of grade crossings if watchmen only were provided, and approved the subway, subject to report as to land damages.

No Oil for Rough Roads.
The unimproved roadway of the city will not be given the oil treatment of laying dust. Street Commissioner Harris said the cost would be twice as great as when the roads are paved, it being \$250 per mile per season in the latter case.

Mr. Harris reported that there were 47.57 miles of streets, of which 145.44 are unpaved. The actual cost of paving for the whole season would cost about \$72,500 and for the balance of the season \$44,000.

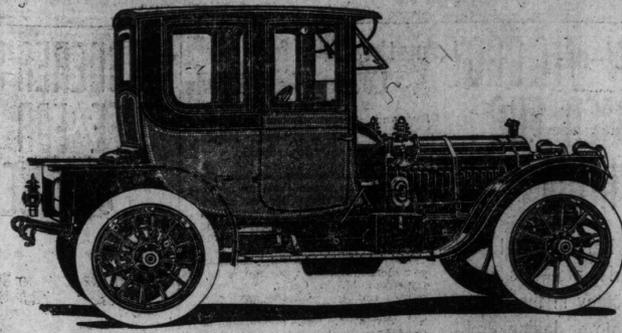

An annual expenditure of \$12,500 on resolution of these unimproved roads presents 4 per cent on an outlay of \$1,818,500, a sum sufficient to lay 63.5 miles of medium asphalt pavement, having a width of 24 feet, or it would pay interest and sinking fund charges on 19.8 miles of like pavement," commented the commissioner.

Ald. McBride moved to provide \$20,000 with which to give a partial oiling, but Mr. Harris held that such a service would only cause dissatisfaction. The motion was voted down.

The commissioner reported that he is experimenting with calcium chloride for dust-laying. If found satisfactory, the expense for oil would be reduced.

News Stands Must Go.
By a vote of 9 to 5 it was recommended, on Ald. Hillton's motion to banish from the streets the small news-stands, for the installation of which an evening paper some months ago obtained permission. John McKenna, the Yonge-street bookseller, complained that magazines were sold from the stands, at the corner of Queen and Yonge-streets. As he was under heavy expense, he didn't think the competition fair. Ald. McCausland proposed that the sale be limited to local papers, but Ald. Hillton's amendment carried.

Died at 102 Years.
KINGSTON, June 10.—The death is reported at Kingston of Mrs. Ruth British, who passed away on June 7 at the advanced age of 102 years. Until the past winter she had enjoyed the best of health.

BROKER IS BIGGEST LOSER

He Discouraged Small Capitalists Dealing in Margins.
OTTAWA, June 10.—(Special.)—"I may say that I have made fifteen times as much for Ottawa as has been lost, due to this failure," said Broker W. E. Bagnall this afternoon on his return from New York City, where he has been straightening out matters in connection with the failure.

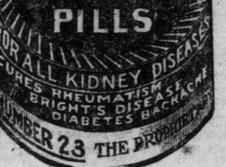

"I am the one that will suffer the worst," said Mr. Bagnall. "I have lost my all; but I intend to do all I can to convert everything into cash, so that the assets will be as great as possible."

An official, asked to-day if any of the men who lost money were prosecuting, replied: "No, not a single one." It was explained that Mr. Bagnall had discouraged men with but little money buying stocks on margin.

Cheaper to Have Hit the Man.
M. E. Amos, charged with riding on his motor cycle on the wrong side of the street, tried to explain to Magistrate Kingsford yesterday.

"I was changing gears and the machine stopped. The only thing I could do was to turn south to avoid running into a man," he said.

"That's too dangerous. It's \$10," said the beak.

Goodwin. The little fellow strayed away from a companion to pick flowers and tumbled over the mountain brow. The spot where he fell, near the Garth-street steps, is one of the steepest parts of the mountain, and the boy rolled over and over until he struck a rock. Those who went to his assistance had some difficulty in getting him up. He was insensible when he was recovered, and was taken to St. Joseph's Hospital, where it was found he was suffering from a severe concussion of the brain. His condition is most serious.

At the Y.M.C.A. weekly sports to-night, during the bicycle race, James Augur was thrown from his machine and badly shaken up.

Ladies' Golf Club Trophy.
The Hamilton Ladies Golf Club trophy was won this afternoon by Miss Dorothy Campbell, British, and American champion. Miss Nesbitt was second. In the approaching tied, with eight each: Misses C. Balfour, Tait and Ogden. Miss Balfour won the play-off with ten. Miss Tait and Miss Ogden tied with eleven for second place with eight. Miss Tait won the special hole competition. In the special 18-hole competition Miss Harvey won from Miss Bristol. In the clock golf Miss Tait won from Mrs. Adams.

44TH REGIMENT CHOSEN

General Cotton Names Corps to Take Part in International Love Feast.

NIAGARA FALLS, Ont., June 10.—(Special.)—Word was received to-day from General Cotton at Niagara, that two companies of the 44th Regiment, together with a band, would be allowed to take part in the international carnival on Tuesday, and will parade with American troops under arms.

Peter Hainish, a foreign laborer, fell into a 25-foot hole of the Ontario Power Company's new pipe line to-day, fracturing his skull.

Catholic Truth Society.

The June meeting of the Catholic Truth Society was held in the secretary's office, Bank of Commerce Chambers, Yonge-street. Owing to the illness of the president, W. E. Blake, the chair was occupied by the corresponding secretary, J. P. Hynes. It was decided to erect boxes for the dissemination of Catholic literature at the doors of St. Michael's Cathedral and St. Peter's, St. Francis', St. Basil's and Holy Family Churches, and to distribute literature on Sundays at a number of the other city Catholic Churches.

EATON'S DAILY STORE NEWS

Our New York Letter

(From Our Own Correspondent)

New York, June 8.—In these days when Feathers can be made over in any number of ways, one good ostrich plume is as safe an investment as a diamond. It always pays to buy a good feather, and only a good one will give the correct style and grace to a hat. Far better one really handsome feather than half a dozen of the cheaper, scraggly kind, which are so pathetic when out of curl. The beautiful willow feathers, which are so entrancingly graceful and luxurious, seem to cost a good deal, but one of these handsome feathers goes a very long way; no other trimming being necessary on a smartly shaped hat than a single willow feather, or at most two.

There is a fad this season for "draping" these feathers toward the back, but this is an effect that has to be attempted with care or the result will be grotesque. In arranging feathers on a hat, the best way is to fasten an old ribbon around the crown and thrust the ends of the feathers through this until just the right effect has been achieved. The feathers may then be sewed firmly in place and the ribbon cut away so that it will not show. Duchess plumes, the long willow feathers which go all the way around the hat, promise to be very fashionable next Winter; but there is usually one taller plume worn with these encircling feathers, which gives height and smartness to the hat.

Persian willow plumes are the very latest notion, the long flues of the feather being dyed in subdued, rich colorings, which produce a shaded effect that is very beautiful. Two-tone plumes are also shown. But whatever sort of feathers one chooses, it seems, feathers one must have. Never were these trimmings so fashionable, and the feather vogue bids fair to last all through next Winter. The black straw hat, with one or two drooping black feathers, is seen with white lingerie costumes, and also with the various black and white frocks that are worn in the afternoon. Such a hat will lift the simplest little black and white dotted lawn dress to distinction, and with the handsome lingerie dresses the big, black, feathered hats are exquisitely lovely.

Our June Sale of Waists Starts Monday

WITH A VAST ASSEMBLAGE OF EXTRAORDINARY VALUES

Each year this great waist sale comes as an event of vital interest to every woman. It presents an opportunity to lay in her season's supply of waists at immense savings. And that opportunity was never so gratifying as this season, for we can open up the sale this year with an enthusiasm of price-lowering that should be hailed with the greatest eagerness by the thousands of Toronto women who will need cool waists from now on, and if big savings are an attraction you've seldom bought to better advantage, for the cold weather of April and May left many manufacturers with tremendous stocks on their hands; the inability to hold them over and the necessity for ready cash forced them to clear them out for less than cost of manufacture.

We took a chance on fine weather and took over from one maker his entire stock; from others we selected thousands of choice garments to make up the lot. Never have assortments been so large. Imagine a wealth of 225 different styles to select from, made up of such materials as lawns, mulls, organdies, linens, Madras, marquisette and fine colored lawns.

In style, what will impress you mostly is the extent of the showing of low collars and short sleeves, they're everywhere and the style feature of the season. But we've waists with high necks and long sleeves, waists that fasten back or front, waists for outing occasions, waists for house or street wear, and waists to complete the traveling suit or for dressy occasions, from the plain tailor-mades to the elaborate and "fussy" lingerie.

For a practical demonstration of these values we're putting on the counters Monday the biggest 33c value ever offered by us, a waist at 'way less than bare cost of materials. A value that should crowd the section from the moment the clock sounds eight.

The lawn is fine and good quality, made with a pretty front of dainty, all-over embroidery, in open and fine patterns, and is finished with a high tucked collar and long sleeves, with trimmed cuff; fits neatly and buttons up back; sizes 32 to 42. Extra special. 33c

We have just space to mention a few of the many other equally good values, and the best choosing is done by those who come first.

Women's White Lawn Waists, with pretty em-

broided fronts, in numerous styles; others embroidered in delicate colorings, with wide and narrow tucking, pointed collar, and cuffs trimmed with insertion and lace; sizes 32 to 42 69c

Women's White Lawn Waists, with dainty lace insertion, yokes with embroidery and insertion trimming down front; others with tucking and guipure medallion trimmings and fronts of open embroidery; linens, in tailored style, some embroidered; also other styles, with Dutch neck, buttoned back or front, long and short sleeves, sizes 32 to 42. Sale price 98c

Women's Sheer White Lawn Waists, with embroidered fronts, fancy yoke of baby Irish lace, wide embroidered panels, outlined with Irish crochet in-

sertion, Dutch necks, buttoned back, long or short sleeves, trimmed with insertion and lace, sizes 32 to 42. Sale price \$1.29

Women's White Lawn Waists, some have elaborate yokes of lace and bebe Irish insertion and medallions, with insertion down front; some with embroidered fronts, Dutch necks and trimmings of embroidery and Valenciennes insertion, long and short sleeves, sizes 32 to 42. Sale price \$1.79

Women's Waists, of soft, sheer mull, marquisette and lawn, beautifully trimmed with Val. and bebe Irish insertion, heavy guipure medallions, exquisite yokes of Val. insertion and bebe Irish insets, and combinations of embroidery and Val. insertion, buttoned back, long sleeves, sizes 32 to 42. Sale price \$2.49

As in May, Store Closes Saturday at 1 P.M. During June, July and August

NO NOON DELIVERY ON SATURDAYS

A Superb Assemblage of Gorgeous Summer Millinery

Twice the money wouldn't buy these elegant hats in the usual way, but through a stroke of good fortune here they are. Every one a "dream," a beauty of daintiness ready to complete the most lavish frock, or to serve the bride or her attendants. The shapes were a maker's sample lot that he cleared out to us at but a fraction of the original price.

In our workrooms we had these hats trimmed, each in a style of its own, after Fashion's most fascinating styles.

The majority are of the large type, with wide brims; some are fairly banked with flowers of every description, and many of them are laden with beautiful rich ostrich feathers in white and black.

One, strikingly beautiful, is made entirely of Chantecler chiffon, trimmed with tulle and poppies and same.

A huge hat of fancy straw lace has a rolled brim and two elegant sweeping incurled ostrich plumes flowing back from the side.

Another white hat has crown and brim completely covered with an exquisite combination of delicate blooms, giving them the appearance of just being strewn over the top.

A large number are of fine black Milan, trimmed with black tulle and plumes.

A lovely white mohair bicorn shape is draped in pale blue velvet, and finished at side with two pale blue plumes.

A large Leghorn is draped with rich lace and finished with a fancy mount, making a very stunning hat.

These are but a few; don't miss them, for without exception they're some of the best-designed and lowest-priced hats that have ever left our room. Price \$10.00

—Second Floor, Yonge St.

Some High-grade Summer Clothing for Boys

We cannot too strongly emphasize the values in the quartette of items printed below. For qualities so distinctly above the ordinary prices like these are exceptional.

Two-piece Suits at \$6—High-class imported worsteds of this season's design, in the favorite grey or olive shades. Stylishly tailored throughout. Coats double-breasted, with or without belts, bloomer knickers and knee pants, extra quality trimmings. Sizes 24 to 28

Dressy Bloomer Suits at \$7—Very smartly tailored, from a fine quality English worsted, handsome stripe pattern, of a medium brown. Coats double-breasted, belted style. Loose fitting bloomer pants, with belt loops and strap and buckle fasteners. Sizes 24 to 28.

Three-piece Summer Suits at \$8—Imported English worsteds, in a slate color grey, with small colored stripe. Double-breasted two-button coat, showing long lapel. Knee pants. Durable body linings. Sizes 28 to 33.

Lingerie Dresses

There are the daintiest of Eaton made dresses, smart little American frocks, each with its own individual style, simple and elaborate dresses of home manufacture, each portraying those Summer charms found only in the lingerie dress; the variety is so large that descriptions are impossible, but in Monday's display will be found styles, sizes and colorings to suit you. Prices range from \$2.75 to \$35.00

THE T. EATON CO LIMITED

Our Paris Letter

(From Our Own Correspondent)

HATS

Paris, June 8.—Fashion in hats has varied this year with a rapidity baffling all provisions. After the blooming of marvelous large flowers, the birds of Chantecler came to the front; stately white cocks with faring combs, hen pheasants, Guinea fowls, without discarding, however, ostrich feathers, aigrettes and even tiny island birds. And then came, in their turn, ribbons and lace, almost every woman possessing also at present a black or blue straw displaying an immense white taffeta bow-knot.

Photo by Felix, Paris. The bright sunny days have revived the taste for flowers, for large Leghorn capelines, and now we are expecting the advent of most alluring Charlottes, intended to accompany the fascinating lingerie frocks. For morning wear, instead of the high, straight toques, we notice odd-looking small "cloche" shapes, with the front tipped into a point, the sides drooping very low; they are either trimmed with feather tips dried of two tints, or flowers set on the side in "piquets," such as two stems of hollyhocks, forming aigrette. Flowers are beautiful this Summer, so delicate and filmy, being made of tulle, crepe or changeable taffetas; besides large poppies and roses are noticed forget-me-nots, pansies, geraniums, heliotrope, and especially field flowers, white and blue "bleuet," wild poppies, daisies, mixed with corn-cobs of all shades. Leghorns, very fine in straw texture, trimmed with these, look exceedingly well; they are always veiled with Chantilly or similar coarse netted tulle; in some instances the crown of similar lace is encircled with a wide, bright or "ancien" ribbon; in others a flowered piquet trims the front or side, or a multitude of flowers covers the crown. Charlottes have high tops and small frills drooping over the hair. One in muslin and Cluny, adorned with a large gold poppy, showing a lace heart, was particularly attractive; others, in tulle, display filmy transparent effects.

Photo by Felix, Paris. At the races, a large "capeline" seen had as sole "ornament" a couple of vivid Paul Neron roses, arranged "en piquet" on very high stems. The shape was becomingly nipped here and there, and under the left brim two of the roses were nestled artfully, into the wearer's dark curls. The new Rebour hat is a moderate-sized becoming cloche of tulle, with a high crown and covered with a multitude of white or black aigrettes, or some of both colors. The large picture hat is yet the thing for very dressy wear; either all black, or else black with gorgeous white plumes; the "Reynolds," "Gainsborough" or "Lamballe." Even the Mousquetaire or "Artaquin," which is a large flexible shape, brusquely cocked up on one side, with aigrette or plume trimming, is much liked, and so very becoming with lingerie gowns. The photos herewith are:—First, the large one a pretty hat by Marie Louise, and seen on the beautiful actress Lantelm, of white tulle straw, of a flaring becoming shape. The crown is encircled by a handsome black and white embroidered band, veiled with white and black tulle. The "ornament" in this hat is made of white wings, the body of which is a handsome jeweled "fantaisie." Notice the odd way in which this "fantaisie" is placed, bordering the inside of the brim, a narrow bias of black velvet gives a pretty touch to the white straw. The second hat is high cloche by Lewis, bordered with velvet. Of a faint shade of coffee-colored straw, has its crown covered and draped with white satin, soft Liberty, the same forming aigrette in front by a prettily looped bow flaring up. Around this white satin runs artfully a "guirlande" of white and faintly tinged pink roccoco roses, made of satin, with pale green foliage of satin. For evening wear at the Casino, in watering places, or at the seashore, hats with feathers in dual colors, or lace on edge with straw and enhanced with splendid white, black or tinted aigrettes, will be considered the most elegant and sumptuous ornaments.

Cricket

Ridley 71 T.C.S. 56

Note and Comment

Billy Smith pulled himself together yesterday and demonstrated that he is no mere Texas Leaguer, but a real live drive for extra bases. It was a case of the coming champion understanding their opponents, with the latter getting wise to the backstop's weakness.

The dates for the annual international cricket match between Canada and the States have been fixed for Sept. 12 and 13 in Philadelphia. The team will be picked about the first of that month.

Dr. Dean's Broodingians, who leave for Chicago Aug. 6 to participate in the Windy City cricket week of Aug. 8 will be picked from the following: Bell, Reid, Wooley, McCaffery, Dean, Harcourt, Lee, Healey, Leighton, Howard, Godwin, Wallace, Baber, Lang, Small, Cordeur, Haines and Stuart.

Gradually the real news percolates, and the correct fight line is that both men will answer the goods in the best possible condition, and, as the colored champion says: "May the best man win."

Jeffries is apparently pulling off his trials at 3 a.m., for the sharp as he already looks right, while the poorback is nattered right from the feed box that Jack Johnson needs a surgical operation to get right on the inside of his right eye.

The dispatch admits that it is amazing what a difference is expressed on the spot about the big men's battle, now close at hand. The very atmosphere in Erie is quivering with it, the best possible condition, and, as the colored champion says: "May the best man win."

But, on the other hand, Johnson has his faithful order, porter, Rastus Ephraim Green, who equaled: "Aid like to ask you, sah, who you thing is done with you get away with those chickens."

And then a curious thing took place. Rastus rolled his eyes until nothing showed but the whites. His coal-black cuticle turned coppery again, and he walked out of the room, and slammed the door with a bang that could be heard clear across the Rockland Hotel.

The colored population will be in luck for many a day after the scrap. If Mista Johnson gets whipped, they'll be all saving up their money to bet on him.

Survey Beat Derby by Ten Wickets. LONDON, June 10.—(C.A.P.)—Derby was defeated by ten wickets in the game played Thursday on her own ground. Score: Derby 12 and 14, Surrey 24 and 3 for no wickets.

American League Scores. At Detroit—Mullin won his own game in the tenth, sending Tom Jones home from second with a double. Behind Ford were the Tigers the up-and-coming in the early innings. New York led in the eighth on bases on errors and two hits, and a passed ball by Schmidt. The score: Detroit, 11; New York, 4.

National League Scores. At New York—Chicago retained possession of first place, and walked out of the game. The locals looked to have the game won until the eighth inning, the score being 2 to 2 in their favor. After Archer had struck out, Beaumont, the score being 1 to 1, batted, and the bases became filled when Merkle fumbled Shulte's throw from Memphis and traded Carroll to the first ball pitched him, and when Murray let the ball go to the fence all the Chicago runners scored. Chicago made four fast quip-plays. Score: R.H.E. Chicago, 10; New York, 4.

Baseball Notes. Catcher Charlie Tomlinson of the Leafs was an interested spectator at the ball game yesterday after a long niggle in the hospital.

Probably your own family physician would tell you that it will do your blood and nerves good to drink Royal Lager with your dinner. For he must know the benefit even the weakest digestions derive from this pure and thirst-quenching brew.

LEAFS ARE KALSOMINED BY THE BUFFALO HERO

Vowinkle a Mystery, While McGinley Was Hit Hard—Reschter and Newark Win.

Buffalo made it the third shut-out for the Leafs this week, when they took the locals into camp yesterday in the second game of the series by the score of 6 to 0. It was not McGinley's day for heavy hitting, the Bisons having little trouble in locating his slants; while, on the other hand, Vowinkle was a complete puzzle to the Kelleyites, holding them safe at all stages, with the exception of the ninth, when he gave up three fast quip-plays.

The Leafs were on their bad behavior in the field, having two costly mistakes, each of which paved the way for a run, the first one by Vaughn on Henline, the initial batter of the game, leading the way for the first run, and this one was enough to beat the Leafs in the ninth.

Toronto had only four chances to score, and but for a little bit of tough baseball luck would have counted especially in the first innings, when O'Hara led off with a double and went to third on Shaw's infield out. East muffed Delehanty's fly, but Grimshaw's liner went straight at East, he doubling up Delehanty at first. Fitz beat out a bunt and went to third on two sacrifices, but Vowinkle passed battery and got McGinley.

Hope was renewed in the next innings, when Shaw, with one down, went to second on Henline's muffed fly, and Delehanty fled out, but Grimshaw singled to right, and Shaw, who tried to come home, was caught at the plate. Delehanty, Grimshaw and Fitzpatrick started the ninth by singling, but Mullen flied out, Vaughn caught at the plate, and the score was 1 to 0.

Vaughn's low throw to first on Henline's roller, followed by a sacrifice and Corporan's single, scored one for the Bisons in the first inning, and the score was 1 to 1. In the seventh, Vaughn, who was on first, singled, and the score was 2 to 1. In the eighth, Vaughn, who was on first, singled, and the score was 3 to 1. In the ninth, Vaughn, who was on first, singled, and the score was 4 to 1.

Double Header at Island Today. There will be a double-header at the Island stadium to-day between Toronto and Buffalo, commencing at 2 p.m. and 7 p.m. The Toronto team is managed by Ruppel and Newton, and will pitch for the locals, and Malarkey and Spier for the visitors.

Soccer Games To-day

Celtic v. Don Valley (A. Smalley), 3:30. Thistles v. All Saints (W. G. Murchie), 3:30. Toronto v. Little Rock (A. Dobb), 6:30. New York v. Thistles (A. G. Miller), 6:30. British United v. Davenport (W. E. Hains), 8:30.

Balmy Beach Gun Club. Balmy Beach Gun Club held their weekly shoot last night, the score being as follows: F. Lyons 23 out of 35, J. Ross 28 out of 40, J. McMillan 28 out of 40, S. Smith 28 out of 35, Austin 18 out of 20, E. Johnston 15 out of 25.

Rivendale Six Up. Three Rivendale rinks visited Rivendale last night, being by six shots. Scores: Rivendale, 6; Rushmore, 6; J. G. G. 6; J. Richardson, 6; J. J. Humphrey, 6; E. Lerge, 6.

City Tennis Championships. The premier event in tennis—the city championship, under the auspices of the Toronto Tennis Association, will be played this year on the splendid courts of the Rushmore Club on Davenport street, commencing on Saturday, July 2, and will continue on Friday, July 3. Players will start on Saturday, July 2, and play all the afternoon, and on the Saturday following will be scheduled for later dates. Entry blanks, containing full information, may be had from the secretaries of the various tennis clubs throughout the city.

This event is one of the most important seasons, as all the crack players will meet in various events. Mrs. Hannan, the brilliant English player, will defend her title in the ladies' singles, while Mr. Baird, three-time champion, will play through in the gentlemen's singles.

The club will be open each day during the tournament.

Sporting Notes. The Broadway Boys' Institute will hold an athletic meet this afternoon. About 30 boys will compete in the different events.

The Toronto Bowling Club will run an excursion to Buffalo for the Lang-Laird boat next Thursday, leaving here at 5 p.m. and returning after the last round.

Jack Tait has decided to take a much needed rest, and will quit the running game for about a month. It was very evident to the spectators at the Island last Saturday that Tait was not in the best of condition. He has been doing too much work of late and certainly needs a rest for a while.

Ketchel Scores Knock Out. NEW YORK, June 10.—Stanley Ketchel knocked out Jim Smith of New York in the fifth round of a scheduled ten-round bout at the National Sporting Club to-night by a right swing to the jaw.

The Victoria Quoit Club's regular weekly handicap will be played to-day, starting at 2:30 on the grounds, 355 Parliament-street. The draw has been made and the match competition for the Smith trophy to be played on or before next Friday.

At Tavistock the Senior W.F.A. match last night between Seaford and Tavistock resulted in a victory for Seaford by the score of 1 to 0.

At Woodstock the Senior W.F.A. match played yesterday afternoon resulted in a tie, neither side being able to score.

Ridley Cricketers Lead the Schools Defeating T.C.S.

Ridley and T.C.S. played their annual cricket match on Varsity campus yesterday. Ridley, winning by 11 runs. For Ridley Jarvis 12 and Taylor 12 were top scores, while Macaulay batted patiently for T.C.S., getting 77. Jarvis took six wickets for 17 for Ridley, 14 for 17 and Conyers got 7 wickets for T.C.S. Ridley plays T.C.C. at U.C.C. to-day. The match was a close one.

| Ridley—1st Innings | |
|---------------------------------|----|
| Tidy, bowled Conyers | 0 |
| Macaulay, bowled Conyers | 12 |

GUARD ON JACK JOHNSON

Nightwatchman Patrols the Beach at the Champion's Camp.

SAN FRANCISCO, Cal., June 10.—With two days of hard work ahead of him on Saturday and Sunday, Jack Johnson snubbed the gymnasium this afternoon and busted himself with his automobiles, both of which were in need of repair.

He was out on the road as usual in the morning. He took his 12-mile auto in leisurely fashion, completing the distance in about an hour and 35 minutes.

"The best thing about the course," said Trainer Tom Flanagan, "was one hour and 20 minutes. Johnson tested himself on the road, but he is too far off for him to be continually sprinting. The last week we will be cutting down the distance and spending up the rest before George Little warns the promoters, Mrs. Murhead, who conducts the training course and others interested against paying Johnson any money before the 25 per cent claim is adjusted, but the affair will be settled by the referee."

"I am not worried about this," he said to the reporter. "I know that the crowd has not a chance to beat me in that fight and unless he shows down I will go some farther and then he will be sorry about it."

On Saturday and Sunday afternoon Johnson announces he will box four rounds with Al Kaufman, in addition to several rounds with his regular sparring partner, Fred Goetz, on Saturday.

The latest wrinkle at the Johnson camp is night watchmen. Cal. McVey, a time-keeper for the Cincinnati baseball team, patrols the beach from dark until dawn, and is to be on duty under the rooms occupied by Johnson. It is admitted that Jack does not want to take any more of these night watchmen, and is known to him.

About Relay Marathon Records. It will be about as hard to pick the winning team in the coming 20-mile team race at the Island stadium on Saturday night next as it will be to pick the winner of the Jeffries-Johnson fight. As the two teams will start at 8 p.m., the race will be a long one, and it is expected that the winning team will be the one that has the most endurance.

Moore Park v. Thistles (A. G. Miller), 6:30. British United v. Davenport (W. E. Hains), 8:30.

City Tennis Championships. The premier event in tennis—the city championship, under the auspices of the Toronto Tennis Association, will be played this year on the splendid courts of the Rushmore Club on Davenport street, commencing on Saturday, July 2, and will continue on Friday, July 3. THE WEATHER

OBSERVATORY, TORONTO, June 10.—(8 p.m.)—A widespread depression covers the South Atlantic and Gulf states, and pressure is high over the Gulf of St. Lawrence and also over Manitoba, and the northwest states. Rain has fallen to 1.5 in the southern portions of the maritime provinces, but elsewhere in Canada the weather has been fine and warm.

Probabilities—
 Lower Lakes and Georgian Bay—Moderate to fresh easterly to northerly winds; fair and warm.
 All West—Fine and decidedly warm.

LAYMEN AND MINISTERS

Continued From Page 1.

"Then let the ministerial session discuss the laymen's report in private," said he, "and we can all join in a final general conference afterwards."
 Hon. Thomas Crawford interposed. "This is treating the Laymen's Association pretty mean," said he. "There are several extremely important resolutions in their report. I don't see why the conference should find time to discuss the laymen's resolutions as well as all the other matters before the conference."
 "Everybody busy," said he.
 Heads were bobbing up in all directions, and "Mr. President" were the words on everybody's lips as they endeavored to obtain a hearing. Founding his gavel, the president shouted for order, and finally got matters quieted somewhat by proposing a motion that the conference consider the laymen's report clause by clause. This was carried.
 Mr. Powell read resolution one: "That the minister's salary be made the basis of assessment for the superannuation fund."
 Rev. J. B. Wallin jumped to his feet. "I believe this resolution is narrow and unjust," he said. "It is unreasonable and unjust." The clergy said "Amen."
 The lay members started to explain. "Your own members are granting them president to one layman, who was attempting to get a hearing. 'In my order' was the reply. 'I appeal to the speaker' of the legislature. The matter was dropped with the resolution undecided upon.

Attack on Jackson.

The proceedings now took on a different aspect. Rev. Dr. Cleaver introduced an amendment, that the general conference be memorialized to exclude from the professoriate of the theological colleges any man holding such ideas of the Holy Scriptures and the fallibility of Christ as that expressed in Rev. George Jackson's recent work. Loud and prolonged cheers greeted Dr. Cleaver's amendment.
 Not so with A. B. Powell. "I don't think Dr. Cleaver's remarks are very good," he said. "I am a layman, but when he begins to indulge in personalities it is time to protest."
 "Well, what about yourself?" interrupted Dr. Briggs. "You too are indulging in personalities."
 "It's a different case altogether," replied Mr. Powell, "and besides—this is the present of the day. This question is one of serious moment. It needs more time for full discussion. I propose that we adjourn." And the meeting closed.

Carman on Church Union.

A comprehensive address was delivered at the morning session by Rev. Dr. Carman, the general superintendent, who was described by Dr. German as "the grand old man of Canadian Methodism." Referring to church union, Dr. Carman said he believed it would eventually become a reality. "I have no fears for the stability of the superannuation fund," he said. "It is a civil right, and any twelve men can go before parliament and claim that civil rights are being prejudiced. No parliament would allow union under such a protest."
 "Whether you consider it fortunate or not," said he, "it is a fact that the Presbyterians are moving steadily forward."
 T. Albert Moore, secretary of the Lord's Day Alliance, gave an optimistic report on his work, but intimated that many churches in the province do not seem to take any interest in the efforts of the alliance to bring about Sabbath observance.
 At the evening meeting the formal resolution for the reception of the seven probationers from the Toronto Conference was proposed by Rev. Dr. J. A. Long, and seconded by Rev. W. E. Baker.

To Have Lay Evangelist.

On Monday the Laymen's Association will consider the appointment of a lay evangelist for intervention at a conference for this conference year, at a cost for services and expenses not to exceed \$1500.

The Convenient Way to the Great Lakes.

Grand Trunk train leaving Toronto 8 a. m. carries Pullman parlor car and through coach to Sarnia, Wharf (the finest terminals on the upper lakes), every Monday and Wednesday and Saturday, making direct connection with "Sarnic," "Huronic," and "Huronic" the palatial steamers of the Northern Navigation Company for Soo and Port Arthur, also Duluth on Wednesdays and Saturdays.

NEW YORK EXCURSION OVER LEHIGH VALLEY

Trip Will Be Run Over High-Class Road at an Exceedingly Low Rate.

Those who contemplate taking advantage of The World's low rate excursion to New York this month will be glad to know they are to go by the Lehigh Valley Railroad.

This one fact is a guarantee that the accommodation on the trip will be thoroughly high-class. The rolling stock used by the Lehigh Valley is among the finest on the continent. In going to New York over this road the passenger has the opportunity of seeing some of the most beautiful scenery in America; many interesting commercial centres are also on the route.

In accordance with the policy of the Lehigh Valley every care is taken for the comfort and safety of the passengers.
 June and July are the best months in which to visit New York. All the summer attractions are ready to welcome the visitor. Pleasure parks, theatres and restaurants that are among the finest in the world are at his disposal.

To those who wish to visit friends living in New York or to anyone who desires to go there on business, this trip offers an exceptional opportunity. It will be the last chance for a low rate to New York until the latter part of August.

A very low rate has been secured, \$14.25 for round trip by rail, \$12.35 for round trip partially by boat. Tickets are on sale at the Toronto June 23 and leaving New York up to and including July 2.
 Tickets and further information may be obtained at The World office.

NEW TRADE TREATIES WITH THREE COUNTRIES

Italy, Netherlands and Belgium Will Have Benefit of Canada's Intermediate Tariff.

OTTAWA, June 10.—(Special.)—Details of the new trade agreements, concluded between Canada, Belgium, Italy and the Netherlands, which have been the subject of lengthy negotiations, were announced to-day.

Canada extends to Belgium and the Netherlands the provisions of its intermediate tariff as respects articles mentioned in the French treaty. As regards a limited number specified in schedule C to that treaty, the concessions granted are not as great by reason of the fact that the rates given to France are below those of the intermediate tariff by special parliamentary enactment. The Customs Act does not authorize the governor-in-council by itself to make greater trade concessions than are embodied in the intermediate tariff. As regards Italy the arrangements take the form of a specific agreement by the terms of which a certain list of Canadian exports are accorded the Italian conventional rate in exchange for our intermediate tariff on an equal number of articles.

Mr. Fielding explains that these countries are low tariff countries anyway and are granting them our intermediate tariff on practically the same items as France enjoys, largely because these countries have always treated Canada well and because when Germany became a member of the tariff preference and imposed a retaliatory tariff on Canadian goods, Belgium and the Netherlands, who had just as much cause for complaint, did not retaliate.

Additions to Free List.

It was announced by order in council to-day that a number of articles have been put on the free list when imported by manufacturers for use in their own factories. These are fuse heads of metal, foil and cardboard, cotton thread for gun mantles, crude glycerine for refining, soy beans and benzoin, cattle food, iron fertilizer tubing, brass covered, towel bars or bath tube, rails, ground coke for electric batteries. The duty is reduced on a number of other articles on the same conditions.

CHINAMAN NEAR DEATH FROM BRUTAL ASSAULT

Mystery Surrounds Identity of Two Men Under Suspicion—Robbery Not a Motive.
 STREETSVILLE, June 10.—(Special.)—Joe Gong, a Chinaman who was found lying unconscious in his laundry on Queen-street, this morning, as the result of a murderous attack, is in a weak condition to-night. His recovery is not expected.
 High Constable Brody of Peel, who with Inspector Boyd of the provincial department, is working on the case, said to-night that he had obtained no clue to the identity of the assailants, for two men are believed to have participated.
 About 10 o'clock last night, the Misses Graydon, living not far from the laundry, were disturbed by sounds there and informed neighbors, who went to investigate, that the door had been forced and all was dark inside. As the laundry wasn't opened up this morning, Reeve Morgan and Constable Brody made an entrance.
 Gong was found lying unconscious with blood flowing from a deep gash in his head. A stick about two feet long and an inch and a half in diameter lay beside him. There were signs of a desperate struggle, furniture being overturned, while the way in which blood was smeared bore out the impression. There were bloody fingerprints on the walls. Apparently no attempt at robbery had been made.
 Trees grown at Brown's Nurseries are sure to give perfect satisfaction, as they have great masses of fibrous roots.

Further information may be obtained from The World's Excursion Manager, Toronto World Office. Main 5308.

TICKETS NOW ON SALE AT THE OFFICE OF THE TORONTO WORLD

World readers outside of Toronto desiring to take this trip should remit by express or postoffice orders, making orders payable to World Newspaper Company, Toronto, Ont.

PRESENTATION BY S.O.S.

F. S. Mearns Honored at Large Meeting in St. George's Hall.

Last night in St. George's Hall the amalgamated camps of the Sons of Scotland united to do honor to the past grand chieftain of the order, Bro. Frank S. Mearns. The chat was occupied by John Tytler, K.C., who was supported by the chiefs of the eleven-camps of Toronto, and a number of influential brethren from Ontario camps.
 Bro. Tytler introduced the subject matter of the meeting, which was the presentation of an address and testimonial to Bro. Mearns. He referred to the great work accomplished by the past grand chieftain, dwelling especially upon his labors on the executive board, his wholeheartedness in devoting his time upon revision of the by-laws, his great success in promoting the financial and artistic success of the annual Scottish concert in Massey Hall for the last 14 years, and in general the good of the order.
 Bro. Geo. E. Gibbard supported the chair in a speech which was punctuated with applause, and Bro. Rev. D. W. Christy added his testimony in eulogistic terms. He then read an address to Bro. Mearns, signed by all the chiefs of the Toronto camps, and asked his acceptance of a handsome silver tea service in Chippendale design, with accompanying silver, all suitably engraved. The address took the form of a book written on vellum bound in red morocco.

BOTHA REJECTS RHODES' HOUSE.

CAPE TOWN, June 10.—It is stated that Gen. Louis Botha, premier of the union of South Africa, declines to avail himself of the terms of the will of Cecil Rhodes, which set apart Rhodes' mansion at Groot Schuur as a residence of the premier of South Africa.

LIBRARY FOR OTTAWA'S BLIND.

OTTAWA, June 10.—(Special.)—There are two hundred blind in Ottawa and Hull, and to-night arrangements were made to provide an embossed library for their use. Toronto and Hamilton will loan some books until some have been purchased. A room in the Carnegie library will be devoted to them.

CONNAUGHT TO TOUR AFRICA.

LONDON, June 10.—(C.A.P.)—The Duke of Connaught will probably tour South Africa with the Duchesses and Princess Patricia after opening the South African Parliament. Premier Botha's salary will be £4000 and his ministers £2000 each.

Harper, Customs Broker, McKininn Building, 10 Jordan-St., Toronto

Sidewalk Layer Suffocated.

MACLEOD, Alta., June 10.—James Graham, a workman employed laying cement sidewalks, was suffocated here by the cave-in of a bank at which he was digging. Another man, Robert Keen, who was working beside him, is in the hospital.

OPEN AIR FLOWER SHOW IS A GREAT SUCCESS

So great were the crowds at the free flower show in Allan Gardens last evening that it was impossible for the judges to work. The awards will therefore be decided this morning.

The exhibits are more numerous (over 600 vases); there are a great number of varieties shown; the plants show better culture and there are numerous varieties on exhibit that have been originated exclusively by Toronto people. Among the latter are some very fine specimens of the Columbine, yellow in color, larger and with longer spurs than ordinary. A new daisy is shown, fully four inches across and blooming by the first of June. That the courtesy of Sir William Meredith there is a very fine display of lilacs, ranging from the purest white to the deepest purple, including the flowering Privet and the newer pink lilacs. There are also some exceptional specimens of the late blooming May tulips and Darwins, which will stand the heat of Canadian summers. These are shown for the first time.

The show will continue this afternoon and evening and will be open to the public.

Over 12,000 Satisfied People in Toronto Bought Caverhill's Barley Flakes Last Week

Grocers Report a Large Number of Repeat Orders

If you are one of the very few women in Toronto who haven't tried Caverhill's Barley Flakes yet, you've missed one of the greatest "treats" of your life.

We told Toronto housewives last week that they had never tasted any breakfast so delicious, so toothsome, or so satisfying, and this was the result: Over 12,000 people in this city bought Caverhill's Barley Flakes within seven days, and grocers all over the city are reporting repeat orders. And the great majority of these repeat orders are for six-pound sacks, because housewives are not only delighted with this **NEW**—the only new—breakfast food, but they are saving money by buying Caverhill's Barley Flakes by the sack.

Now we don't want your order for a sack **AT THE START**. We have such great confidence in these Flakes that all we ask you to do is to buy **ONE** package now—to-day—and on the test of that one package we will stand or fall.

You've probably tried all the breakfast foods on the market—corn, wheat, oats, etc.—but if you haven't tried Caverhill's Barley Flakes you've got to experience the most delicious flavor of the finest cereal grown in the world.

Order from your grocer to-day — serve Caverhill's Barley Flakes for breakfast to-morrow (follow directions), and you'll notice everybody smiling—from the little tots to grandma. If your grocer's name is not on the list below, ask him to order Caverhill's Barley Flakes for you at once.

AT THE THEATRES

PERCY HASWELL PLAYERS WILL GIVE STRONG DRAMA

"Leah Kleschna," Made Famous by Mrs. Fiske, to Be Next Week's Bill at the Alexandra.

For the second week of their stay at the Royal Alexandra, The Percy Haswell Players will offer one of Mrs. Fiske's successes, "Leah Kleschna," a drama by C. M. S. McNeilan. This presentation requires a cast of 17 people, and will afford the public a splendid opportunity of seeing Mrs. Haswell and the full strength of her company.

The story of "Leah Kleschna" deals with the redemption of a girl thief. The father of Leah is the member of a gang of Austrian thieves residing in Paris. The father of Leah has compelled her to be one of them. Owing to her youth and beauty, she is the most valuable and useful member of the band of scoundrels. Paul Sylvaine, a deputy of France, is to marry Claire, the daughter of General Berton of the French army. Sylvaine's gang plot to rob the house of Sylvaine the night before the wedding, when they suppose all the valuable wedding gifts will be in the mansion. To Leah is allotted the task. She gains entrance and is discovered in the room by Sylvaine. Instead of trying to capture her or punish her, Sylvaine, for various reasons with her, as he has long believed that it only required good influence to bring out the good in every girl, even a thief. Sylvaine saves the girl's life in a disaster at sea, but they had not met since. Leah always despised her father, but she is now impressed by his greatness. While they are talking, Raoul Berton, a degenerate son of the general, enters the room, and accuses Sylvaine of having an affair with her. This Sylvaine denies and escorts Leah to the door leaving the police. Sylvaine steals the jewels and of course suspicion falls on Leah. General Berton, the father of Sylvaine, and his wife, who Leah should be arrested, but Sylvaine will not do this, as he knows that Raoul is the real culprit, and he finally brings the police to General Berton so strongly that he realizes the truth. In the meantime, Leah has gone back to her father full of the resolve to be a thief no longer. Sylvaine finds her in the little Austrian village after a long search, tells that his engagement with his fiancée, Claire, is broken and persuades her to go back to Paris to become his wife.

The play will be carefully staged. One of the features will be the reproduction of an Austrian lettuce field which is now being constructed by a large corps of artists and carpenters.

The Yonge Street Theatre. Commencing next Monday at Shea's Yonge-street Theatre, four shows daily will be given, commencing at 2 p.m. A splendid feature of the "Pop vaudeville" is the charming long-haired girl, and with a number of clever vaudeville acts, makes a very enjoyable performance. Included next week's bill are: The Three Musical Comedians, Fun in a Musical Studio, the Adeans, Australian Gymnasts, Nat Wharton, The Ventriquoist, Miss Whiteley, & Bell, Comedy Singing and Talking Act, The Mandys, Original Novelty Act, and the latest animated pictures.

SICKLY BABIES QUICKLY CURED

The sickly baby is quickly cured by Baby's Own Tablets. These Tablets are a never failing cure for the troubles arising from a disordered condition of the stomach and bowels. Being sold under a guarantee to contain no harmful drug they can be given to the youngest child with perfect safety. Mrs. Francis McMillen, St. Octave, Que., writes: "I have used Baby's Own Tablets for my baby who was constipated for four or five days at a time. I found the Tablets to be of great benefit and would recommend them to other mothers." They are sold by medicine dealers or by mail at 25 cents a box. Write to Dr. Williams' Medicine Co., Brockville, Ont.

SOCIETY NOTES

Dr. Noxon has removed from 196 Arthur-street to 533 Bathurst-street. The list of cabin passengers, at M. S. Royal George, sailing from Montreal Thursday, included: Earl Grey, K.C.M.G., governor-general Canada; Lady Grey, Lady Sybil Grey, Miss Gilbertson, Miss Talbot, Captain Pike, Mr. Robert McKay, Mr. Hubert Briscoe, Mr. J. Hunter Brown, Mr. H. Laycock, Mr. Dobbet, Major and Mrs. Walker, Prof. and Mrs. W. Lash Miller and family; Mr. and Mrs. E. Russell and family; Mr. Vincent, Mr. A. B. Engle, Mr. W. R. Brown, Rev. Jesse Gibson, Mrs. Gibson, Mr. and Mrs. Rowlands and son, Mr. F. Byrne, Mrs. Byrne, Mr. Auld, Mr. John Schofield.

The system of table d'hôte meals at one dollar, which has been inaugurated in the American dining room of the King Edward Hotel, has proved so popular that accommodation in this department will probably be at a premium during the season of warm weather at least. The enjoyment of a meal in the American room is enhanced by the music of an exceptionally capable orchestra.

The honorary governors who will visit the Toronto General Hospital during the week, Messrs. D. R. Wilkie and Wm. Ramsay.

JAPAN'S LATEST MOVE

Courting Friendly Relations in Central America.
NEW ORLEANS, La., June 10.—Much significance is attached to the proposed visit of the Japanese battleship fleet to Mexico, according to dispatches received here from Central America. The Latin-American press is inclined to regard the visit, which is to be made on the occasion of Mexico's centennial celebration of her independence, as a bold diplomatic stroke by Japan, and prints numbers of special envoys being sent at the same time to carry on negotiations with Central American republics.

NOTE SPEAKS OF SUICIDE

"May Wilson" Writes of Death by Laudation or Drowning.
A letter signed with the name May Wilson was picked up in Dundas-street yesterday. It is the letter of a woman who said that she had no further use for life and was about to end it by taking a bottle of which she had a 25 cent bottle. She stated that she had been in a room in High Park. Should the laudation which she would drown herself. Her mother's wedding ring which she was wearing on her body would be found in the water. The letter was turned over to the police.

STATEMENT OF REVENUE

Final Figures of Canada's Finances for Last Fiscal Year.
OTTAWA, June 10.—(Special).—The monthly financial statement makes a final statement of the revenue and expenditure of Canada for 1909-10. The total revenue was \$101,591,024. The total expenditure on consolidated fund was \$73,409,849, leaving a surplus on consolidated fund of \$28,181,174. The capital expenditure was \$24,114,894, making total disbursements of \$113,224,543. The increase of debt during 1909-10 was \$12,526,968, the net debt standing on March 31 last at \$236,268,348. The capital expenditure was apportioned as follows: Public works, railways and canals, \$27,571,222; Dominion lands, \$785,255; militia, \$1,289,970; railway subsidies, \$2,048,997; bounties, \$2,411,098.

RIGHT KIND OF MAYOR

Gives Three Thousand Dollar Lot on Which to Build Own Hall.
HANOVER, June 10.—By a majority of 175 Hanover to-day carried a bylaw granting thirteen thousand dollars for building a town hall, Mayor Knechtel, president of the Knechtel Furniture Co., has donated a three thousand dollar corner lot on which the hall will be built. A ten thousand dollar public library will also be built.

BOY ATTACKED BY EAGLES.

BELLEVEILLE, June 10.—A son of Dan Welsh of Montclair, Hastings County, had an exciting fight with two eagles, which he finally beat off. Then he cut down the tree which contained the eagles' nest and captured two young eagles, which he now has as pets.

Y. M. C. A. at Owen Sound.
OWEN SOUND, June 10.—(Special).—After a ten days' campaign, which finished last night, \$23,194 was subscribed to the local Y.M.C.A. fund. This amount covers the indebtedness on the splendid building erected a few years ago and also provides for maintenance for two years.

Dr. Sutherland's Illness.
Rev. Dr. Alex Sutherland was not quite so well yesterday, and was somewhat feverish at times throughout the day. His vitality is very low, and he sleeps almost continually.

CORNELL PRESIDENT AT UNIVERSITY CONVOCATION

Annual Commencement Exercises—President Schurman of Cornell Eulogizes Goldwin Smith.

Whatever ceremony conferring of honorary degrees has for the university graduate was lost to the mass of students who gathered in Convocation Hall yesterday afternoon to participate in the annual commencement exercises. No honorary degrees were conferred, there was an absence of academic dissertation, and beyond the usual announcements of the chancellor, Sir William Ralph Meerdith, that the world and the university had suffered a great loss since the last convocation, the ceremony was a very splendid and important function. The highest function of the university was not to prepare a man to earn his living, but to train him to live nobly.

A year after the birth of Lord Kelvin, was born another great Englishman, who in another sphere has sprung forth as large an intellect as the splendid pair of glory as that of Lord Kelvin. I refer to Goldwin Smith, said the president. "He was at home in the field of history, philosophy, and politics, but his chief concern was the life of man, whether in art, literature, thought or political institutions, was indifferent to him, and he was not a student of the past, but he endeavored to forecast the future along many of these lines. It would not be surprising if sometimes his predictions were fulfilled. For instance, forty years ago could have predicted the future of the Dominion of Canada, then consisting of a present and a future, the thing which has made the United States is making American history may be regarded as the shifting of the western frontier. It is precisely the same way the northern boundary of Canada has been gradually receding so that what was but a fringe is now a main stretching for six, seven or eight hundred miles north and south, habitable and cultivated, and of continental proportions, not being able to foresee this enormous expansion.

Reaching the Goal.
"But the former predictions are sometimes not satisfactory, that is being fulfilled. What was the goal of the great Englishman, the Anglo-Saxon peoples. Never since the American Republic and the Dominion of Canada came into being, has there been a more intimate and with the motherland been so cordial as at the present day.

Why It is Desired Hotel License Should Be Removed.
Thos. Findlay of the Massey-Harris Co., writes The World in reference to his appearance before the license commissioners on Thursday concerning the transfer of the Palace Hotel, saying: "On behalf of our company, I stated to the commissioners that we had long been desirous of having the license removed from the immediate vicinity of our works, but that we had taken no action up to the present, because the present holder of the license, Mrs. White, had been conducting this hotel for over thirty years at this place; that because of her long residence and also because of the fact that she was a woman and a widow, we have hitherto hesitated to advance our objections to the license. Last week an item appeared in the press stating that Mrs. White was selling out her business and retiring, and our president, Senator Melville, seeing that the hoped for opportunity had arrived that would enable us to take steps against the continuance of the license without incurring Mrs. White's wrath, it was decided to immediately approach the parties interested and see if some arrangement could not be made by our compensating them to secure the cancellation, or transference, of the license.

WHY BACKS ACHES
The Kidneys Seldom to Blame—The Trouble Due to Blood Impurities.
There is more nonsense talked about backs than any other disease. Some people are misled into believing that every backache means kidney trouble. That is utter rubbish. As a matter of scientific fact, the kidneys are never the cause of anything to do with the kidneys. Most backaches come from sheer weakness and kidney drugs can't possibly cure them. It is the blood that is the trouble, and it is exactly what Dr. Williams' Pink Pills will do. Other backaches are due to rheumatism, and driving the poisonous acid out of the blood. Other backaches are the result of ordinary ailments such as influenza, indigestion, constipation and liver complaint. In women backaches often come from the troubles that follow so surely on any weakness or irregularity in the usual blood supply. I suffered terribly from backache. It is to strike at the root of the trouble with Dr. Williams' Pink Pills, which enrich the blood and bring strength to aching backs and weak nerves. Mr. Alex. Cockburn, Deseronto, Ont., says: "About three years ago I suffered terribly from backache. I consulted a doctor and took his medicine, and wore a plaster, but I did not get the least relief. Then I got a belt, but this was as useless as the other treatment, and my suffering still continued. Then one of my friends asked me why I did not try Dr. Williams' Pink Pills, and I got a box. Before they were all used there was some improvement in my condition. I had taken these all the time of the pain had gone, and as it has not since returned I feel that the cure is permanent. My only regret is that I did not hear of Dr. Williams' Pink Pills sooner, for not only would I have got rid of the pain sooner, but would also have saved some twenty-five dollars uselessly spent in other treatments."

BOTH STIRS UP TROUBLE
His Opposition to Sir James Fitzpatrick Unpopular.
JOHANNESBURG, June 10.—Premier Botha's determination to oppose Sir James Fitzpatrick for election in Pretoria to the Transvaal legislature, Moderate feeling has undergone a strong revolution. The English papers which were decidedly pro-Botha a fortnight since, denounce the contest as a wanton provocation of racial animosity.

Degree at Queen's.
KINGSTON, June 10.—As a result of the examinations of the Queen's faculty of education for the unity has awarded the degree of B. Paed to G. H. Ashman, B.A., Frank Perney, B.A., Ottawa, B.A., Cardfoot, B.A., Bradley and William Stuard, B.A., Toronto for section A of the degree of doctor of pedagogy. F. H. Lingwood, B.A., Toronto, and J. H. Putman, B.A., B. Paed, Ottawa, have passed.

Woman Attempts Suicide.
The death of a woman, the wife of her husband and by ill-health. Mrs. Emily Grayson, 26 Clifford-street, yesterday swallowed three ounces of carbolic acid. She is in Grace Hospital and her condition is critical.

Slums of the City.
Rev. Dr. Hicks, president of the Toronto Methodist conference, will address the people at the Zion Church to-morrow at 3 p.m. on "The Slum Problem of the City."

George Taylor's Generosity.
KINGSTON, June 10.—George Taylor, M.P., Gananoque, has displayed his public spirit this week in a most generous offer of a fountain for Bellevue Park in that town. A donation of \$200 to help beautify the grounds and \$100 a year for three years to help defray expenses of a caretaker.

The Big Chimney Destroyed.
The 65-foot chimney in rear of Osgoode Hall, well known for its demolition yesterday. It was cut away one layer of bricks at a time, and was removed a dozen bricks would be removed a wooden prop was substituted, until the southern part of the base had been fired and altogether. The rest was easy. Fire was set to the prop, and in about half an hour the crash came. The chimney was 26 years old.

Floating Palaces—Great Lakes.
Ask about the five boats each week, Canadian Pacific Lakes Service—Owen Sound—Sault Ste. Marie—Port Arthur—Fort William—any Canadian Pacific agent will tell you. The Toronto ticket office is at the southeast corner of King and Yonge-streets.

Liquor & Tobacco Habits
A. McArthur, 240 St. George St., Toronto, Ontario. References as to Dr. McArthur's professional standing and personal integrity furnished by: Sir W. R. Meredith, Chief Justice; Rev. G. W. Ross, ex-premier of Ontario; Rev. N. Burman, D.D., President Victoria College; Rev. J. P. Fisher, President of St. Michael's College, Toronto; Right Rev. J. F. Sweeney, Bishop of Toronto.

Dr. McTaggart's Vegetable Remedies
The doctor and his wife are healthy, safe, inexpensive home treatments. No hypodermic injections, no publicity, no loss of time from business, and a certain cure. Constipation or correspondence invited.

"WILL INCLUDE THIS TESTIMONIAL In Favor of 'FRUIT-A-LIVES' FOR THE BENEFIT OF OTHER SUFFERERS"

Spoken like a man! Mr. Paul Jones of Sarnia is proud to acknowledge the great debt he owes to this wonderful fruit medicine. He wants every sufferer in Canada to know what "Fruit-a-lives" did for him. His reward comes in the gratitude of those who take his advice, use "Fruit-a-lives," and cure themselves.

Sarnia, Ont., Feb. 5th, 1910.
"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever. Finally I read an advertisement of 'Fruit-a-lives,' in which Hon. John Costigan stated that he had been cured by 'Fruit-a-lives.' I decided to give 'Fruit-a-lives' a trial, and found they did exactly what was claimed for them. I have now taken them for some time, and find they are the only remedy that does me good. I have recommended 'Fruit-a-lives' to a great many of my friends and I cannot praise these fruit tablets too highly, as they have done me good."

"Fruit-a-lives" are invaluable in every respect, and I willingly give this testimonial for the benefit of other sufferers."
PAUL J. JONES.

Mr. Jones is favorably known all over the district of Sarnia. He was in business there for years, and is now enjoying the fruits of a long and successful mercantile career. Every reader of this paper is at liberty to write Mr. Jones and find out for themselves that the above letter is genuine and is the idea of helping the sick.

The financial and social standing of those who have written letters in favor of "Fruit-a-lives" is the best guarantee that this famous fruit medicine is all that is claimed for it.

"Fruit-a-lives" is the only true liver stimulant in the world because it is the only medicine made of fruit juices. By its use, the amount of bile is increased while the muscles are made stronger and more capable of emptying the bowels naturally. Salts of every kind, soda and cheap purgative pills have no action on the liver. They do not increase the secretion of bile by the liver, but their action is entirely due to irritating the delicate lining of the bowels. "Fruit-a-lives"—and "Fruit-a-lives" alone—can and will positively cure Constipation, Biliousness and Torpid Liver. In the case of Mr. Jones, the long standing Constipation had affected his digestion, causing catarrh of the stomach. As his bowels became more regular, the digestion improved. When the Constipation was cured the indigestion, which was caused by the Constipation, was cured also.

"Fruit-a-lives" has proved its value and has made its way solely on merit. "Fruit-a-lives" is probably the best-known, and most highly appreciated medicine in Canada. The sales of "Fruit-a-lives" are enormous and are increasing every day. The people realize that at last they have one remedy that will positively do all that is claimed for it—and they show their appreciation of this honest, reliable fruit medicine by using it themselves and recommending it to their friends.

"Fruit-a-lives" is one of the few medicines that may be taken day after day with only benefit to the health. If necessary, "Fruit-a-lives" could be taken for twenty years, because it contains only fruit juices and tonics—nature's natural remedies for all Stomach, Liver, Bowel, Kidney and Skin Troubles. "Fruit-a-lives" is especially suited to women and children, because of the pleasant taste and mild, gentle action of the fruit tablets.

If you are suffering as Mr. Jones did, take his advice and try "Fruit-a-lives," 50c a box, or for \$2.50, or trial box 25c. At all dealers or sent postpaid, on receipt of price, by Fruit-a-lives, Limited, Ottawa.

MASSEY-HARRIS CLUB HOUSE
enable us to take steps against the continuance of the license without incurring Mrs. White's wrath, it was decided to immediately approach the parties interested and see if some arrangement could not be made by our compensating them to secure the cancellation, or transference, of the license.

P. R. TIME TABLE CHANGES

New Schedules for Muskoka Traffic—In Effect June 16.

The C.P.R. are drawing up a new time schedule to go into effect on Thursday next.

The Muskoka trains will run as follows: Leaving Toronto at 12:15 p.m. and arriving in Muskoka at 3:30 and leaving here at 7:45 p.m., and arriving at Muskoka at 11 o'clock. These trains will not make any stops between West Toronto and Muskoka. There will also be a train leaving Muskoka at 1:33 p.m. and leaving here again at 6:05 and reaching Muskoka at about ten o'clock.

A new train will run to London, leaving here at 1:40.

The 4 p.m. train for Chicago will make connections at Guelph Junction for Goderich.

The Winnipeg 10:10 will have an extra sleeper for the Sault Ste. Marie passengers, and in this way they will reach the Soo six hours and twenty minutes earlier than the old way.

Editor Assassinated. JUNE 10.—Ahmed Samin, editor of the independent newspaper Sedamillat, was assassinated early to-day, his murderer escaping. The victim has been one of the most powerful influences in Turkey in the last few months, and the crime is regarded as entirely political. It has caused a sensation.

Crew Developed Smallpox. PORT ARTHUR, June 10.—The U.S. steamer Lakeside was quarantined on arrival here to-day, because a member of the crew, taken off at this station, developed smallpox.

OPEN-AIR HORSE PARADE

Entries to Date Exceed Those of the Past.

The eighth annual open air horse parade and show to be held on the morning of Dominion Day promises to be greater than ever. The entries to date are larger than in previous years, and the only difficulty will be to accommodate the classes in the Queen's Park and adjacent streets.

The executive committee have this year decided to give silver cups for first prize and silver and bronze shields for second and third instead of the medals, as formerly. The order of the color of the ribbons has also been changed, to conform with the order now used at all the large horse shows, namely, blue, first; red, second; yellow, third; white, fourth.

Four of the city regimental bands have been engaged for the morning and during the parade past the reviewing stand will give a massed band concert.

The treasurer, W. A. Young, M.D., reports that subscriptions to date have been liberal, but that a considerable amount is yet required.

During the last eight years, as a result of this show and parade, a vast improvement in the appearance of the commercial horses and outfits has been very noticeable.

The entries, which are free, should be sent early to the secretary, T. J. Macabee, 58 1-2 East King-street.

Tug to Cross Ocean. LONDON, June 10.—The steam tug Bogonda left Queenston to-day for Montreal. She will coal at the Azores.

NEW AVIATION RECORDS AT TORONTO CONTESTS

Next Month's Great Aeroplane Meeting Here Certain to Produce Some Exciting Sport.

Next month the people of Toronto and the province will be afforded a splendid opportunity of judging of the practical side of the aeroplane. The aviation meet to be held in this city in July is to be international in character and types of all the aeroplanes which have obtained international prominence will be represented.

Not only will the famous Bleriot monoplane, "Le Scarabee," in which Comte de Lesseps flew the English Channel from Calais to Dover on May 21, be seen, but the daring French aviator himself will be in attendance to guide and operate it.

The prizes to be offered at the Toronto competitions will be of a character to tempt all the leading international aviators and there seems no doubt that a number of records will be broken. Toronto is in a splendid position to attract aviators, as the junctions which the Wright Bros. have taken out against the makers of certain machines for the infringement of patents, do not apply to the Dominion. It being restricted entirely to the United States.

There are four types of aeroplanes which have attained international prominence. These are the Bleriot, the Wright, Curtiss and Antoinette.

The Wright machine is a biplane consisting of two rectangular planes one above the other six feet apart. Each plane is forty feet long by six and one-half wide, and the two have a supporting surface to 400 square feet.

The Curtiss type is the only other American biplane that has secured an international reputation.

The Bleriot monoplane was the first machine to navigate the English Channel. Its one plane has a spread of about 35 feet and a supporting area of from 150 to 240 square feet, according to whether the machine is intended for one or two passengers. It is a triplane, heavier than the Wright or Curtiss types.

The "Scarabee" is the two hundred and seventh which the Bleriot Company have built. Comte de Lesseps is of independent means, and took up aviation as a sport. He began his first flights in 1904, and in December flew sixty-two miles at Issy. He has since made six other long cross-country flights exclusive of the cross-channel voyage.

The Antoinette monoplane is the largest of all heavier-than-air constructions.

Leaves Cash for Orphanage. A lot of land on Huron-street, near Upper Canada College, with a fifty-foot frontage valued at \$500, comprised the whole estate left by Geo. Fleming, who died Feb. 24, 1907. Two of the stipulations of the will are: "To pay my son Lord the sum of one dollar to pay the Protestant Orphan's Home five dollars, and to pay the True Blue Orphanage five dollars." The residue of the estate goes to two daughters and three grandchildren.

ROADS BAD, FARMERS LEAVE

Fort Frances Grand Jury Calls for Provincial Action.

WINNIPEG, Man., June 10.—The Fort Frances Ont. grand jury made some remarkable recommendations in their presentment here, among which was the following: "We feel the urgent necessity of the Ontario Government devising means to prevent the exodus of valuable citizens from this district. The fact that many of our best farmers are leaving for other parts, because they have not good roads and drainage here as will provide them with means of going to and from their homes, is greatly to be regretted."

Another recommendation is for revision by the provincial secretary of the list of justices of the peace for the district, as recent court proceedings show that the present list contains men who are not qualified for the position.

TRENT VALLEY CANAL CONTRACT OTTAWA, June 10.—The contract for the construction of section four of the Trent Valley Canal has been awarded to Haney, Miller and Quinlan, at a price which is in the vicinity of a million dollars.

Sentence Cut in Two. Robt. Evers, sentenced to 4 years for conspiracy to procure a girl for immoral purposes, will have his sentence cut in half, as the criminal code limits the penalty to two years.

NORTH-TORONTOONIANS SUPPORT ANNEXATION

Ratepayers Who Believe Present Conditions Need a Remedy by Becoming Part of the City.

Residents of North Toronto have, as it were, taken on a new life since the movement in favor of annexation to the city has been going on. A species of municipal depression is apparent throughout the town all this spring, the culmination of which was the vote on the waterworks bylaw a week ago. In the stores, at the street corners and in the homes there is a feeling of satisfaction that the town is at last to come into its own and that the improvements which have been so anxiously awaited will be realized within a short period. As a matter of fact many North Toronto residents have already resigned themselves to the possibility of Toronto, accepting the general belief that there is only one thing that can be done to make the northern residential suburb a livable place. The World yesterday spent a few hours in talking with some men who may be taken as representing the general feeling throughout the community.

The Only Hope.

Ex-Mayor Davis, who perhaps is held in as high an estimation as any man in the town, said in reply to the inquiry as to whether he favored annexation: "Yes, sir. It is the only thing that I can see available for us." Continuing, he remarked: "We have a whole lot of improvements to deal with. There is our water question. Then, again, the proposition of double tracking Yonge-street and putting the highway in passable condition. Obligations have grown on us rapidly during the last two or three years and the one satisfactory solution which I see is to throw in our lot with the city, of which we are now practically a part."

Ed. Law, who is doing considerable grading and other work in the town, was highly indignant at the situation which now exists. "Here I am," he said, "standing with nearly \$5000 worth of work held over because I can't get sufficient water from the town to carry out my contracts. The contracts referred to were in regard to tree-planting, and other things which necessitate a supply of water."

Thoroughly Disgusted.

John Davis, flour and feed merchant in Davisville, had no qualms in regard to supporting the progressive movement. "As far as I can see," he said to The World, "annexation is the only thing left for the town. I am thoroughly disgusted with the condition of things at the present time."

F. L. McCrae, who runs a high-class butcher store near the centre of the town, had no doubts as to the wisdom in regard to the municipality becoming a part of the City of Toronto. "Look at the dust on the road," Mr. McCrae said. "It is almost impossible to keep my store door open owing to the dust saturated atmosphere which exists on the outside from automobiles and other vehicles. If we were able to keep my store door open owing to the dust saturated atmosphere which exists on the outside from automobiles and other vehicles, I would surely get a good street and the dust would be kept down on Yonge-street. You can count on me to help along the annexation movement."

"I am dead in earnest for the city connection," was H. Crowhurst's opinion. This gentleman lives on Hlaw (Horn) avenue, one of the residential streets of Eglinton. "What we want," Crowhurst said, "is a plentiful supply of water, sewerage and some good roads."

"I do not think the people would object to paying for these. At least I know I wouldn't, and this is the only thing I see to build the town up as it should be built up."

Old-Timer Favors it.

Perhaps the strongest interview came from James Ramsay, who has lived in Eglinton for a half a century. Jim has been a hard worker and only by his expression of opinion will be accepted as one of mature judgment. "You can write me down," Mr. Ramsay said, "as holding up both hands in favor of joining the city. It is the only thing left for us and the natural result of our position in relation to the city. If a vote is being given for the proposition by a very large majority, I will find that the people favor the connection."

Looking Backward.

The city hall record of the previous North Toronto annexation movement is under date Jan. 14, 1909, and reads: "A deputation representing the council of North Toronto appeared before the board of control and advised that a bylaw was being submitted to the vote of the electors for the annexation of the said town to the city upon certain terms and conditions as set out in the bylaw referred to. Mayor Brown explained the conditions contained in the bylaw and also the circumstances under which the bylaw was being submitted. The deputation asked the board of control to indicate what might be their possible determination in the event of the bylaw receiving a majority of the votes cast."

"The board agreed to take the matter up with the representatives of the Town of North Toronto in the event of a favorable vote on the bylaw being recorded."

The World's report of the deputation says Mayor Brown said the residents were to vote on an annexation bylaw calling for an extension of the Toronto railway Company's lines, taking over by the city of the town's employees, the use of the town's waterworks as long as possible, making the town and Deer Park one ward, having the town debt assumed by the city and putting through main highways. The board agreed that the town's finances were in good shape.

Toronto Man Arrested.

MONTREAL, June 10.—Charged with selling tips on a horse race, which is contrary to one of the sections of the recently adopted Miller Bill, Maurice Brooks, whose home is in Toronto, but who was rooming here at 43 Victoria-street, was arrested.

Sheds Ablaze.

Fire did \$1000 damage yesterday to sheds in the rear of Lippincott-street, near Harbor. The sufferers are H. Turner, Ed. Young and Harry Deacon. The Wilkinson Plovers Works, West Toronto, lost \$100 by fire in the roof due to an overheated boiler.

WANT TO BUILD THE NAVY

Vickers and Maxim File Plans for Shipbuilding Yard.

OTTAWA, June 10.—Vickers Sons and Maxim of England have filed plans with the public works department for a shipbuilding and ship repair plant to be located at Montreal to cost \$2,500,000. The plans comprise a floating drydock, 3 berths for the repairing and building of steel vessels as well as extensive machine shops, the whole plant to cover an area of fifty acres.

The plant will be located between Longue Pointe and Molson's Creek. The company ask for a subsidy under the act of last session at the rate of 2 per cent. for twenty-five years on two and a half millions.

The Molsons Bank is about to issue \$500,000 of capital stock of \$100 shares at a price of \$218.

Bilious Headache

COMES FROM LIVER DERANGEMENTS WHICH ARE THOROUGHLY OVERCOME BY DR. CHASE'S KIDNEY-LIVER PILLS

Headache is said to be the most useful pain in the world. It is a sort of fire alarm that warns you of something wrong with some organ of the body.

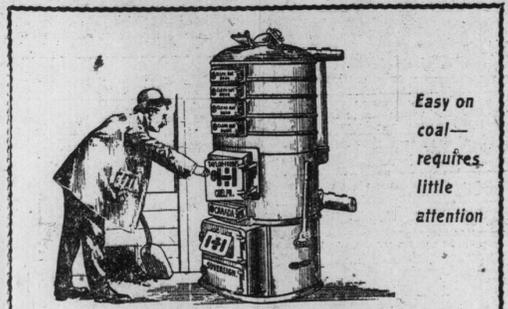

Most frequently the trouble is indigestion and torpid liver and the pain arises from the poisoned blood passing through the arteries of the brain and head.

There is no cure for bilious headache, torpid liver and indigestion that can be compared to Dr. Chase's Kidney and Liver Pills for prompt and certain results. This has been proven by so many thousands of letters published from time to time that everybody should know it by this time.

Mr. Fred Hinz, Bradburgh, Perth Co., Ont., writes: "I don't like to have my name in the papers, but feel out of justice to suffering humanity I should tell others of the good I obtained from Dr. Chase's Kidney and Liver Pills and Ointment."

"For years I was troubled a great deal with sick headaches and was often so bad that I could not work. Being advised to try Dr. Chase's Kidney and Liver Pills I did so and can say they have brought about a complete cure. From the first I found that one pill cured my headache quickly every time. I was also a victim of itching piles and found Dr. Chase's Ointment the most satisfactory treatment I ever used. It brought relief almost instantly."

You won't be satisfied with mere temporary relief when you know your headache can be completely cured by using Dr. Chase's Kidney and Liver Pills. One pill a dose, six a box, all dealers, or Edmondson, Bates & Co., Toronto.

Sinking Spells Every Few Days

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. These about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

MRS. LIZZIE PAINTER
803 1/2 3d Ave. Evansville, Ind.

For twenty years we have been constantly receiving just such letters as these. There is scarcely a locality in the United States where there is not some one who can testify to the merits of this remarkably successful Heart Remedy.

Price \$1.00, if he does not send price to us, we forward prepaid.

Realty and Building

The managers for the Bishop Strachan School on College and Terulay-streets are advertising for tenders for the sale of the property. It has been known for some little time that it was intended to locate this educational institution elsewhere in the city and it has been reported from time to time that unknown parties were negotiating for the purchase of the present site.

The Bishop Strachan School is located in the block bounded by Yonge, College, Terulay and Buchanan-streets, and ever since it first became known that a syndicate or syndicates were buying up property on the other side of Yonge-street in the Yonge-Carleton block vague rumors have been circulated to the effect that this block across Yonge-street and farther to the west would also change hands. Up to the time of writing, however, this has not been substantiated. The openings of the tenders for the school property will therefore be followed with great interest by those interested in Toronto real estate.

The land has a frontage on both College and Buchanan-streets of 400 feet 9 inches, and on the east side of Terulay-street of 254 feet. There is a large brick building on the property.

It was stated yesterday by officials connected with the school that a new site had not yet been determined upon, tho there were several properties in different sections of the city which the management were taking into consideration.

The present Bishop Strachan School has been occupied by that institution for about 35 years, prior to which the school was located in the old Bishop's house on Front-street.

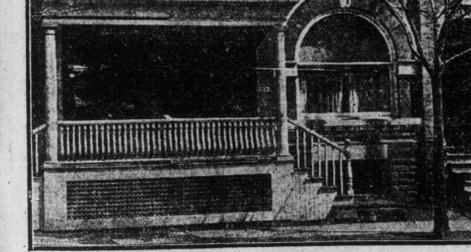

Trying to Outwit G. T. R. BOSTON, Mass., June 10.—(Special.)—The New Haven Railway is buying up options along the line proposed by the Grand Trunk, and may try to usurp the Canadian railway's rights.

Algoma Central Bonds. NEW YORK, June 10.—A London cable says that \$4,000,000 in Algoma Central Railway bonds have been placed there.

CONGREGATIONAL VIEWS OF UNION OF CHURCHES

Majority of Members Favor, But Many Make Suggestions—Committee to Investigate.

COBOURG, June 10.—(Special)—The report on church union was presented today to the congregational union of Canada by Rev. Dr. Warriner of Montreal. It showed the following conclusions in connection with the test vote in the churches.

As to churches, that 67 per cent. of the total number took action in the matter, and in about 80 per cent. of these or one-half of the whole, the majority of the votes cast was in favor of union.

As to membership, that the membership of the churches is 73 per cent. of the whole, and that while a little less than half of the membership of these churches expressed their opinion, 78 per cent. of the votes cast were in favor of union.

While the above represents the actual votes cast, it must also be pointed out that the returns were in all but about a dozen instances accompanied by various criticisms and suggestions. In almost every case, emphasis was laid on the desire for a shorter and simpler creed. Some particular special elements in the creed that were more or less objectionable. Others objected to any sort of a creed as a basis of union, and others agree to the ministers' special relation to the creed as ambiguous or unnecessary.

As to polity, the greatness of the proposed union and the vast variety of interests involved make the necessary organization to complete the union to understand, too much machinery some say. But probably the chief objection under this head is to those provisions which entrust the powers of initiation and oversight on the part of the officers of the local church, or centralize power in the various associations and larger assemblies of the united church.

Recommendations. The following recommendations were adopted: "That this union considers the action it has already taken as sufficient for the present, and will now wait until the other negotiating bodies have had an opportunity of testing to their satisfaction the feeling of their constituents."

"Second, that the committee on union be continued. "Third, that the committee appoint a special sub-committee to investigate all the legal and administrative points involved in the proposed union, both as individuals, churches and societies."

In the afternoon the members of the union enjoyed a delightful outing on the lake on the splendid vessel "Ontario No. 1."

The annual meeting of the college notwithstanding the absence of Rev. Principal Hill, D.D., in Europe, for study and research, H. O'Hara, Toronto, presided over the publishing company meeting.

A Canadian Missionary. In the evening Rev. J. P. McNaughton of Smyrna gave a strong address on missionary work in Turkey, where there are now 500,000 Mohammedans, besides schools, colleges and all advanced missionary activities. Mr. McNaughton is Canadian-born, a graduate of Queen's, and also of Columbia University, New York, and has been in Turkey since 1887. The other address, by Rev. E. E. Braithwaite, Toronto, on education, was a well-considered, thoughtful and comprehensive one.

This morning Prof. Cook, Montreal, continued his addresses on religion and the church. Rev. J. S. Matherland, Brandon, Man.; G. Watt Smith, Glasgow, Scotland; H. B. Abraham, Port Hope; A. H. Brace, Cobourg, and J. H. McNaughton, were received as corresponding members.

Rev. E. D. Sibley, Toronto, presented an exhaustive report on temperance. The union voted commendation of the work of the Dominion Alliance, the Anti-Alcohol League of the Roman Catholic Church, Quebec, and all other temperance organizations, and urged the support of local option. Rev. H. E. Abraham presented greetings on behalf of the Presbyterian Assembly of Canada.

Special Rate to Hamilton. For to-day the Hamilton Steamboat Company offer a special rate from Toronto and Hamilton of fifty cents and return. The Macassa and Modjeska will leave Toronto at 9 a.m., and 2 and 7 p.m. The fifty cent return rate will be in force all day. Passengers leaving Toronto at 2 p.m. will have a short stay in Hamilton, arriving in Toronto at 8:45.

5000 FOR THE LAST TIME, SEE SAGE OF THE GRANGE

From Noon Until Evening Citizens Filed Past the Casket of the Venerable Scholar.

It is estimated that more than 5000 people availed themselves yesterday of a last opportunity to view the remains of the late Dr. Goldwin Smith as they lay in simple state in the archway between the two drawing rooms of the Grange.

It was a most remarkable procession of mixed and varied personages—scholars, diplomats, capitalists, plebeians of all ages, men and women and small children. It had been intended not to open the gates to the public until 2 p.m., but in consideration of the many urgent requests of people in various capacities of employment who thronged the Grange during the noon hour, Mr. Haultain gave orders to open the gates. It had also been intended to close at 4 p.m., but the procession continued after 6 o'clock. A police guard of five uniformed men under Inspector Dickson directed the people. The greatest rush was between 2 and 3 o'clock, when the circular driveway, Grange-road and John-street, were constantly filled with standing vehicles.

Shortly after noon, President J. G. Schurman and Dr. Hiram Corson, emeritus professor of English literature of Cornell University, arrived, and about the same time Professor R. B. Fairclough, Ph.D., professor of Latin in Leland Stanford University, Cal., arrived. Prof. Corson was a colleague of the late Dr. Smith in the early Cornell days, and he was deeply moved.

In accordance with one of the last expressions of his deceased, there were few flowers, other than some taken from the gardens of the Grange. Many beautiful floral tributes were received, but only two were allowed a place in the drawing room near the remains. They were from the city of Toronto and the Royal Canadian Yacht Club Bowling Association. The city's tribute was an immense wreath of crimson roses, Easter lilies, lilies of the valley, palms and ferns. This was mounted upon an easel. The other was a wreath of white carnations, pink roses, Easter lilies and lilies of the valley.

This afternoon at 3 o'clock there will be a service of Commemoration. The rites will proceed to the cemetery in the following order: (1) Mr. Place, C. A. Foster, G. B. Kirkpatrick and Alexis Kirkpatrick; (2) Captain Howard Press, Mrs. Dallas Dixon, Philadelphia, and E. H. Keating; (3) Mrs. Homer Dixon and Miss Dixon; (4) and 5) Wm. Chinn and servants of the household; (6) Rev. J. G. Schurman, Dr. Hiram Corson and Prof. H. R. Fairclough; (7) Christopher Boulton, Arthur Boulton, Jas. Henderson and Wm. O'Brien and others will probably follow in this order.

Col. Sir Henry M. Pellatt, representing the governor-general of Canada; Hon. W. L. Mackenzie King, representing the Dominion Government; Hon. J. M. Gibson, lieutenant-governor of Ontario; members of the provincial cabinet, city council, governors of New York branches of the Goldwin Smith's publishing house; The Weekly Sun, the Toronto Humane Society and the Psi Upsilon Fraternity of the United States, Dr. Smith being a member of the Brown University Chapter.

Local Anglican Offers \$100,000 to Unite Trinity and Wycliffe. An offer of \$100,000 from a Toronto Anglican, name not given, is made to encourage the amalgamation of Trinity and Wycliffe Colleges. His one idea being to have the colleges united, he lays down no theological platform. A condition of the gift, however, is that there shall be one building and one staff of professors for the work now done by the double equipment.

Trinity has nearly 200 students, one-third being in divinity; assets exclusive of buildings of \$46,000, and an annual revenue of nearly \$50,000. Wycliffe has 110 divinity students, with assets of \$300,000 and revenue of \$35,000.

Provost Street Macklem of Trinity says he heartily approves of the idea and hopes it will be brought about. Prichard O'Mara of Wycliffe, said last night: "The report has not arisen from us at all, and we think it far better to say nothing. Our committee has not met. Others connected with Wycliffe took the same view."

MUST GIVE UP HIDDEN GOLD OR FACE A TERM IN JAIL. Unless he tells within three days the whereabouts of a tin box containing \$900, which has been concealed, J. H. Ellman of St. Thomas will probably go to jail. Justice Middleton ordered it yesterday when a motion was made by Shirley Denison, on behalf of John Campbell, St. Thomas, to commit Ellman to jail for refusal to disclose the whereabouts of this money, which was wanted to partly satisfy a judgment for \$225 obtained against him by Campbell on May 21 of last year.

The Best Place for Bargains. East Toronto is without doubt the best place in the City of Toronto today in the way of houses and vacant lots for home investments, as a general rule has been no boom here yet, but is just on the eve of coming. Railway men are reluctantly almost compelled to part with their comfortable homes at a sacrifice of wishes and prices in many cases, in order to meet the demands of the Grand Trunk—so that now is the time to buy—come on quickly then and get the best bargains going before they are gone, and if that is what you want, be sure and call on S. K. Brown, who will be pleased to show you all around. S. K. Brown, real estate office Y.M.C.A. Building, East Toronto.

FREIGHT TRAIN DERAILED PLUNGES INTO THE LAKE Three Trainmen Lose Their Lives at Port Coldwell, Ont.—Struck Boulder on Track.

WINNIPEG, June 10.—Three C. P. R. trainmen, Engineer Frank Wheatley, Fireman E. Clark, and brakeman J. McMillan, all of Port Coldwell, Ont., were drowned in Lake Superior at 4 o'clock this morning, when their freight train struck a boulder on the track at Port Coldwell, 115 miles east of Port Arthur, causing the train to leave the track and plunge into the lake, carrying with it many feet of permanent way and the electric lines, thus interrupting direct communication.

The track at the point mentioned runs along the famous north shore, within a few feet of Lake Superior, the rock slipping down abruptly into the water. The locomotive No. 694. It was running with an eastbound freight of twenty-five mules, an hour when it struck the boulder. Eye witnesses say it rolled over sixty feet and then dropped out of sight into deep water. McMillan jumped, but was killed on the rock, Wheatley and Clark went down in the engine cab and were drowned.

Q. O. R. PAGEANT Official Program Now Complete for Semi-Centennial Week. Plans for the Queen's Own pageant to be held during the week of June 18, in connection with the semi-centennial reunion, are now complete. The following is the official daily program decided upon at a meeting of the reunion officials yesterday.

Saturday, June 18.—A reception and garden party given by Colonel Sir Henry Pellatt at Exhibition Park to welcome the ex-members to the reunion. Every ex-member will be admitted on wearing official badge. Saturday evening, 8 p.m.—Dinner at the reunion, to be held at the University lawn. Sunday, June 19.—Church parade at 2.30 p.m., of ex-members along with the regiment, the services to be held on the university lawn.

Monday afternoon, at 3.30.—Unveiling of the memorial window at the university to those members of the University Co. who fell at Ridgeway. Monday night.—First presentation of the grand historic pageant of Ontario, at Exhibition Park. Reserved seats \$1. Box seats \$1.50. Tuesday.—A car ride around Toronto for guests from a distance. Tuesday evening.—The second production of the pageant, at Exhibition Park, N.W.P.F. 1885 Association, will have a reunion and banquet, to be held on Wednesday and Thursday evenings. Friday evening at 8.—A grand ball and the week of the reunion will be held at the transportation building at Exhibition Park.

Camp Mac, Ideal Boys' Camp. Located near Penetang, Ont., among the 30,000 islands of the Georgian Bay, on the line of the Grand Trunk Railway System. As heretofore, the camp will be under the direct supervision of Mr. Henry J. Baker of the Buffalo Technical School, aided by competent assistants. The hygiene of the camp is the most carefully watched, and every need of the boys properly attended to, and parents may feel assured that their sons will return home greatly improved in health, strength and carriage. A card to J. D. McDonald, district passenger agent, G.T.R., Toronto, Ont., will bring you full particulars.

CONGREGATIONAL VIEWS OF UNION OF CHURCHES

Majority of Members Favor, But Many Make Suggestions—Committee to Investigate.

COBOURG, June 10.—(Special)—The report on church union was presented today to the congregational union of Canada by Rev. Dr. Warriner of Montreal. It showed the following conclusions in connection with the test vote in the churches.

As to churches, that 67 per cent. of the total number took action in the matter, and in about 80 per cent. of these or one-half of the whole, the majority of the votes cast was in favor of union.

As to membership, that the membership of the churches is 73 per cent. of the whole, and that while a little less than half of the membership of these churches expressed their opinion, 78 per cent. of the votes cast were in favor of union.

While the above represents the actual votes cast, it must also be pointed out that the returns were in all but about a dozen instances accompanied by various criticisms and suggestions.

As to polity, the greatness of the proposed union and the vast variety of interests involved make the necessary organization to complete the union to understand, too much machinery some say. But probably the chief objection under this head is to those provisions which entrust the powers of initiation and oversight on the part of the officers of the local church, or centralize power in the various associations and larger assemblies of the united church.

Recommendations. The following recommendations were adopted: "That this union considers the action it has already taken as sufficient for the present, and will now wait until the other negotiating bodies have had an opportunity of testing to their satisfaction the feeling of their constituents."

"Second, that the committee on union be continued. "Third, that the committee appoint a special sub-committee to investigate all the legal and administrative points involved in the proposed union, both as individuals, churches and societies."

In the afternoon the members of the union enjoyed a delightful outing on the lake on the splendid vessel "Ontario No. 1."

The annual meeting of the college notwithstanding the absence of Rev. Principal Hill, D.D., in Europe, for study and research, H. O'Hara, Toronto, presided over the publishing company meeting.

A Canadian Missionary. In the evening Rev. J. P. McNaughton of Smyrna gave a strong address on missionary work in Turkey, where there are now 500,000 Mohammedans, besides schools, colleges and all advanced missionary activities.

This morning Prof. Cook, Montreal, continued his addresses on religion and the church. Rev. J. S. Matherland, Brandon, Man.; G. Watt Smith, Glasgow, Scotland; H. B. Abraham, Port Hope; A. H. Brace, Cobourg, and J. H. McNaughton, were received as corresponding members.

Rev. E. D. Sibley, Toronto, presented an exhaustive report on temperance. The union voted commendation of the work of the Dominion Alliance, the Anti-Alcohol League of the Roman Catholic Church, Quebec, and all other temperance organizations, and urged the support of local option.

Special Rate to Hamilton. For to-day the Hamilton Steamboat Company offer a special rate from Toronto and Hamilton of fifty cents and return. The Macassa and Modjeska will leave Toronto at 9 a.m., and 2 and 7 p.m. The fifty cent return rate will be in force all day.

1910 SATURDAY MORNING
The Standard Bank of Canada
Every Department is fully equipped to ensure Prompt and Efficient Service.
Savings Bank at all Branches
Insiders Hammer Wheat Prices
Chicago Grains Sell Lower
Northwest Markets Weak and Chicago Eases Under Profit-Taking Pressure—Liverpool Cables Lower.

World Office, Friday Evening, June 10.
Liverpool wheat futures closed today lower than yesterday; corn and lower. July wheat in Chicago closed at lower than yesterday. May corn 4c lower, and May oats 1/2c lower.
July wheat at Winnipeg closed 1/4c lower. July wheat in Chicago closed at lower than yesterday. May corn 4c lower, and May oats 1/2c lower.
Chicago car lots to-day: Wheat, 11; contract, 1 Corn, 15; 42 Oats, 3; Barley, 16.
Northwest cars of wheat to-day, 115, against 104 a week ago, and 34 a year ago.
Winnipeg receipts of wheat to-day, 149 cars, against 104 a week ago, and 34 a year ago.
Primaries.
To-day, Wk. Ago, Lt. Yr.
Wheat receipts, 274,000 274,000 145,000
North shipments, 255,000 260,000 260,000
Corn receipts, 451,000 455,000 475,000
Corn shipments, 371,000 457,000 387,000
Oats receipts, 355,000 355,000 355,000
Oats shipments, 425,000 425,000 425,000
World's Shipments.
LIVERPOOL, June 10.—Australia: Shipments of wheat for week ending 28th, against 553,000 last week and 1,200,000 last year.
Weekly Argentine shipments: Wheat, 100,000 this week, against 60,000 last week and 2,700,000 last year. Corn, 783,000, against 2,544,000. Cereals, 3,575,000, 5,310,000, 3,810,000.
Broomhall's Cables.
Broomhall estimates the world's shipments of wheat and flour for Monday next exclusive of North America at 3,000,000 bushels, against 6,600,000 last week of this total. Europe will take about 2,000,000 bushels. The total shipments last week amounted to 2,818,000, and a year ago 12,064,000 bushels.
The Modern Miller says: Cool weather in winter wheat territory is causing heads to fill with kernels the condition of the plant is good, but fears are entertained that a poor yield will be made, with a large percentage probable. Thrashing reports from Texas show a larger average yield per acre than usual. Cutting reports from twenty counties out of forty-four generally indicate a backward condition of crops as compared with a year ago, on account of cold weather and lack of precipitation. Local showers have relieved situation somewhat. Wheat reports were made up, favorable reports were received, both as to moisture and temperature, which, if general, will ensure average conditions.
ST. LAWRENCE MARKET.
Receipts of farm produce were 200 bushels of grain and 100 of hay.
Oats—Twenty hundred bushels at \$1.25 per bushel.
Hay—Twenty loads sold at \$17 to \$21 per ton.

Mutton, light, cwt., 12.00 to 14.00
Veals, common, cwt., 6.00 to 7.00
Chicago Gossip.
J. P. Bickell & Co., say at the close: Wheat—Market opened steady; shade lower, and held steady for a while, with a light trade. Outside markets were lower, particularly in the northwest. Local professionals were bearish in the extreme, and hammered prices all day, and a decline of one cent a bushel from top price took place. We continue to feel friendly to wheat, and would buy on weak spots.
Corn—Some reports from Illinois say corn has come up surprisingly the past few days, and good deal of cultivating has been done. Reports from Nebraska also show good condition. All that is needed is warmer weather, and with such prices should drag lower.
Oats—Market was dull, with a nervous range, and slightly lower prices in some parts with other grains. Commission houses were moderate buyers, with local professionals bearish. The market was bare of any special features.
New York Dairy Market.
NEW YORK, June 10.—Butter—Fairly steady, unchanged; receipts, 12,000, 4,497.
Cheese—Steady, unchanged; receipts, 11,427.
Eggs—Steady, unchanged; receipts, 13,427.
Liverpool Grain and Produce.
LIVERPOOL, June 10.—Wheat—Spot dull; No. 1 red western winter, and stock futures quiet; July 25d, October 6d 3/4d, December nominal.
Corn—Spot easy; old American mixed, 3s 11d, new, 4s 11d; do, via

Galveston, 5s 2d. Futures steady; July nominal, Sept. 4s 5/4d.
Pork—Prime mess, western firm, 16s 3/4d. 2d. Strong, prime, western, 15s 3/4d. American refined, 6s 3/4d.
CATTLE MARKETS
Hogs Stronger at Buffalo and New York—Cattle Firm.
NEW YORK, June 10.—Beaver—Receipts, 250; market higher; steers, \$5.30 to \$5.70; bulls, \$5.10 to \$5.50; cows, \$4.50 to \$5.00. Exports to-morrow, 150 cattle and 480 hogs of beef.
Calves—Receipts, 370; veals strong; buttermilk and grassers, \$4 to \$7; veals, \$8 to \$10; culls, \$7 to \$10; dressed calves, firm; city dressed, \$5.25 to \$5.50; city dressed veals, 12 1/2 to 15c; country dressed calves, 10c to 12 1/2c.
Sheep—Lamb—Receipts, 788; market active and strong; sheep, \$4 to \$5.30; no prime here; culls, \$3 to \$3.50; lambs, \$8 to \$10; yearlings, \$7 to \$8.
Hogs—Receipts, 380; market steady to strong; good medium weight, \$10.10.
Chicago Live Stock.
CHICAGO, June 10.—Cattle—Receipts, 300; market higher; steers, \$5.30 to \$5.70; bulls, \$5.10 to \$5.50; cows, \$4.50 to \$5.00. Exports to-morrow, 150 cattle and 480 hogs of beef.
Calves—Receipts, 370; veals strong; buttermilk and grassers, \$4 to \$7; veals, \$8 to \$10; culls, \$7 to \$10; dressed calves, firm; city dressed, \$5.25 to \$5.50; city dressed veals, 12 1/2 to 15c; country dressed calves, 10c to 12 1/2c.
Sheep—Lamb—Receipts, 788; market active and strong; sheep, \$4 to \$5.30; no prime here; culls, \$3 to \$3.50; lambs, \$8 to \$10; yearlings, \$7 to \$8.
Hogs—Receipts, 380; market steady to strong; good medium weight, \$10.10.
Buffalo Live Stock.
EAST BUFFALO, June 10.—Cattle—Receipts, 75; market firm; prime steers, \$5.25 to \$5.50; mixed, \$4.50 to \$5.00; cows, \$4.00 to \$4.50; hogs, \$7.00 to \$7.50; sheep, \$4.00 to \$4.50; veals, \$8.00 to \$8.50.
Veals—Receipts, 1500 head; slow and \$2 lower, \$7 to \$8.25; a few, \$9.50.
Hogs—Receipts, 1500 head; slow and \$2 to \$3 higher; heavy, \$9.25 to \$9.50; mixed, \$8.50 to \$9.00; Yorkers, \$8.25 to \$8.50; spags, \$7.50 to \$8.00; calves, \$6.75 to \$7.00.
Sheep and Lamb—Receipts, 2400 head; active; western, \$3.00; lambs, \$2.50; lower; sheep, \$3 to \$3.75; veals, \$8 to \$8.50.
British Cattle Markets.
LONDON, June 10.—London and Liverpool cables quote live dressed American steady, at 10c to 12c, dressed weight; refrigerated beef steady, at 12c to 12 1/2c per pound.
TOTAL LIVE STOCK.
The total receipts of live stock at the City and Union Yards for the present week were as follows:
Cattle, 2474
Hogs, 2786
Sheep, 1377
Calves, 758
Horses, 3
The total receipts of live stock at the City and Union Yards for the corresponding week of 1909 were:
Cattle, 303
Hogs, 318
Sheep, 158
Calves, 29
Horses, 130
The above figures show a total increase in the combined receipts of live stock for the present week over the combined receipts for the corresponding week of last year, of 23 cars—27 cattle, 69 hogs, 42 sheep, 266 calves—but a decrease of 14 horses, in comparison with the receipts for the corresponding week of 1909.
At the Union Yards these figures show an increase of 53 cars—27 cattle, 69 hogs, 42 sheep, 266 calves—but a decrease of 14 horses, in comparison with the receipts of last week of 74 cars—27 cattle, 69 hogs, 42 sheep, 266 calves—but an increase of 41 calves and 2 horses.
At the City Yards there was an increase of 27 cars—27 cattle, 77 hogs, 21 sheep and 118 calves—but a decrease of two horses, in comparison with last week.
It will be seen that there was a big falling off in the receipts of cattle and last week amounting to 2508, all told.
GARMENT WORKERS STRIKE
International Union Authorize a Walk Out in New York.
BOSTON, June 10.—A general strike of from 20,000 to 30,000 cloak makers in New York City was authorized this afternoon by the Lady Garment Workers' International Union, which is in session in this city.
Between 60,000 and 70,000 workers, it was declared, will be affected in the various branches of the industry, including employes in establishments devoted to the making of cloaks, skirts, regens and dresses.
The international convention has been discussing conditions in New York shops for several days. The New York delegates claim that the cloak makers must have better wages and improved conditions to enable them to live decently.
Extension of the strike, if called, to other cities, if deemed desirable, was also authorized.
Ontario Ladies' College.
The authorities of the Ontario Ladies' College, Whitby, are providing for their numerous friends in the city a very pleasant afternoon and evening, on Tuesday, June 21, at the time of the annual commencement.
A special train will leave the Union Station at 2:15 p.m., going direct to the college grounds; returning will leave the grounds at 9:30 p.m., calling at Riverdale both going and returning.
Railway tickets and tickets of admission may be had from Mr. C. H. Hamilton, 16 Wellington-street east, Mr. R. S. Scott, 77 King-street west, or from the Methodist Book Room, Toronto.
Murdered Woman in Trunk.
COMO, Italy, June 10.—Fishermen to-day discovered submerged in a lake near the Village of Moltrasio, a trunk which when towed ashore was found to contain the body of a woman believed by the police to have been an American.
A Presentation.
W. R. Vardon, who has been a member of the electrical staff of the Toronto Street Railway for the past four years, and who is leaving for a well-earned holiday, was yesterday presented with a handsome solid gold chain and suitably engraved locket. The presentation was made by Thos. Cox.
Queen's Own in England.
LONDON, June 10.—(C. A. P.)—The camp of the Queen's Own Rifles visiting Aldershot will be pitched at Rushmore Green. The regiment will be attached to the first division and will take part in the army manoeuvres in September.

Do You Suffer From Headaches?
There are few people who have never experienced a headache from one cause or another. It affects all ages and both sexes alike, but the female sex is naturally the more effected through the higher nervous development and more delicate organization of the system. Those also of a nervous temperament and studious or sedentary occupation are subject to it. The presence of headache nearly always tells us that there is another disease which, although we may not be aware of it, is still exerting its baneful influence, and perhaps awaiting an opportunity to assert itself fully.
Burdock Blood Bitters has, for years, been cutting all kinds of headaches, and if you will only give it a trial we are sure it will do for you what it has done for thousands of others.
Mrs. John Connors, Burlington, N.S., writes: "I have been troubled with headache and constipation for a long time. After trying different doctors' medicine a friend asked me to try Burdock Blood Bitters. I had I am completely cured after having taken three bottles. I can safely recommend it to all."
Send for sale by all dealers. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.
CLEVER CANADIAN OFFICER
In Class of Six Hundred in England, is Nearly First Man.
KINGSTON, June 10.—(Special.)—High rank was taken at Royal Engineers' College, Chatham, England, by Lieut. Frederick Carson, son of Mr. Carson. In a class of six hundred officers, he secured second place, and was the first mark of first man. He graduated from the Royal Military College in 1908.
J. H. Larmouth and H. L. Mudge of the Seymour Electric Power Co., Campbellford, held a conference with Mayor Cooper, relative to supplying Kingston with power, at less than \$27 per horsepower, the city to buy and distribute it.
Roosevelt Sails for Home.
SOUTHAMPTON, June 9.—Theodore Roosevelt and party sailed to-day for New York.
There is considerable interest in Mr. Roosevelt's visit to the foreign secretary, Sir Edward Grey, yesterday. It was quite private and it is known only that the two reached the hotel last night spattered with mud and soaked to the skin. To a friend Mr. Roosevelt said: "My day in New Forest with Sir Edward Grey was the greatest experience of my life. I have seen the experiences of the whole three months."
