TWO CENTS

U.S. REDS WOULD MARK MAY DAY BY MURDER OF OFFICIALS

"Short-Circuiting" Gets Death Blow | Drury Government's Pressure Forcing W. F. O'Connor to Quit?
Sandy Bill is Forced Thru House

GOVERNMENT BACKED ON FRANCHISE BILL BY CROSS-BENCHERS

Fielding's Amendment is Rejected by Majority of Thirty-Two Votes. LIGHTS OUT IN HOUSE
Ottawa, April 29.—For a moment or two, the house tonight sat in the dark. All day the franchise bill had been discussed. As comment ebbed and flowed, half the lights went dark. There were outcries, but the house continued its work. Then, without a flicker, the remaining lights went out. Vague forms of policemen were silhouetted against the doorways. Quebec members chanted the old French chanson—

Au clair de la lune,
Ma chandelle est morte.
And, not to be outdone, members of English-speaking communities joined in "In the Evening by the Moonlight."
There was a hurrying around of officials till the lights again flashed on, then singing ceased and the house discussed the franchise bill once more.

The Drury Government and Hydro Radicals.

The World believes that the net result of the interviews between the municipalities and the Drury government, like that of yesterday, for instance, the agitation in the press and in the local centres concerned, and the various conferences between Premier Drury and Chairman Beck of the Hydro, will result in a declaration of policy by the government in support of at least three of the Hydro radial projects, including the Toronto and Eastern, Port Credit and St. Catharines lines.
Mr. Drury says he is for Hydro power and the earliest possible prosecution of the construction of the Chippawa canal and power plant. But he does not want to see the Hydro radicals run as rivals of the steam roads, especially the National Railways. As a matter of fact they are not rivals they are different propositions. The proof is that roads like the New York Central see the difference and cater to both. The Canadian Pacific is bringing on plans for a similar policy in Ontario; they are laying out electric radials from Hespeler to Port Dover thru Preston, Galt, Paris, Port Dover more or less alongside of its own steam roads.
And the Toronto and Eastern as a Hydro will in the main take the place of a proposition that was part of the Canadian Northern and now the National Railways. They are hardly rivals, but give an altogether different service. The radial is faster, more frequent, intensely local, and is an essential part of industrial development by means of public power and near and frequent transportation. Cheap power and quick and near transportation are put together, steam railways are not in the energy business. The Hydro Commission are in both.
And if the Toronto and Eastern takes over tracks already built so will the line west of Port Credit take in a Hamilton radial (Oakville to Burlington), and likely also take in the Hamilton and Beausville radial. But these two projects mean power to quick transportation along and between the industrial centres of Bowmanville, Oshawa, Toronto, Port Credit, Oakville, Hamilton, Beausville, St. Catharines, Niagara Falls and will help the steam railways as railways, not hurt them.
As to the necessity of economy and of not spending too much when labor and material are high we agree in part with the premier. But necessary words must go on nevertheless. Mr. Drury would press on the Dominion government to check up a lot of flotations now going and let the money go into radials and power districts. Cut out some of the amusement proposals and put the money in cars, rails, and more power distribution.
Full discussion and frequent conferences will work out a proper solution. But the Hydro radials must go on.

Ontario Complains to Ottawa O'Connor Asked to Resign

Board of Commerce Chairman Said to Have Been Asked to Leave Because of His Attitude During Recent Wholesale Grocery Investigation.
There is a persistent rumor going the rounds regarding the resignation of W. F. O'Connor from the board of commerce. It is to the effect that such action on the part of the gentlemen would not meet with a great deal of opposition from the Dominion government. In fact, it would be almost desirable in view of the attitude of the local government towards him.
It is understood that after the Hamilton wholesale grocers probe the attorney-general communicated with the acting premier, Sir George Foster, and it is said that the upshot of the whole affair was a direct intimation to Mr. O'Connor that his resignation would be accepted.
When seen by The World yesterday, Hon. W. E. Ranev said that he had no comments to make on the matter.
From other sources, however, it was definitely learned that Mr. Ranev, on behalf of the Ontario government, had written to Ottawa with the result indicated.

W. F. O'CONNOR, K.C., Whose resignation from board of commerce is reported impending because of pressure by the Ontario government.

SANDY BILL IS FORCED THRU LEGISLATURE BY GOVERNMENT

Measure to Prevent "Short Circuiting" in Liquor Passes House After Sharp Passa-ge-at-Arms—Premier and Attorney-General Pilot It Thru.
The political leaders in the legislature yesterday had a field day on the now famous Sandy bill prohibiting "short circuiting" of liquor in Ontario. It was marked by some warm passages at arms and the usual divergence of opinions. The measure was given a second reading.
The unusual spectacle was presented of a bill being fathered by a private member and championed in the main by the government, headed by the attorney-general.
From the Liberal point of view the principal complaint, as raised by Hartley Dewar, was that the government was not sufficiently frank and outspoken.
On the other hand, Premier Drury continued his government was most outspoken, and he observed during his speech that he was impressed with the view that if at present the province could not prohibit the importation of liquor it could at least prevent exportation and manufacture within the province.
Conditions Have Changed.
Mr. Sandy, in explaining his measure, said: "There are men who have for years used intoxicating beverages to abuse the privileges of the law. The argument is they should not be coerced. But conditions call for a change in this province."
Charles McCrea (Conservative, Sudbury): "If this bill is passed and section nine of it left out no liquor can be delivered to any cellar. Have we in Ontario that power?
Hon. Mr. Ranev: We have decided to ask for a referendum on the question of importation of liquor. Would the member, outside of that, be in favor of this house passing a law prohibiting importation?
Continuing, Mr. McCrea said if section nine were eliminated he would support the measure. In three months' time a vote would be taken in the province. He thought bone dry legislation was much ahead of public opinion.
Sam Clarke (Liberal, Northumberland): "If the referendum does carry no liquor orders can be ordered from Montreal."
Pass Bill First.
The attorney-general: "That is so. But the referendum vote will be futile unless we have this bill in force preventing short-circuiting."
The former government, the attorney-general said, had considered this question. He added that all legal (Continued on Page 7, Column 2).

BONUS TO SOLDIERS BAR TO INDUSTRY

U. S. Chamber of Commerce Passes Resolution and Urges Speedy Peace Treaty.

Atlantic City, N.Y., April 29.—The chamber of commerce of the United States, at the closing session of its eighth annual convention here tonight, urged that a treaty of peace "should be placed in effect without further delay," and adopted a resolution opposing a cash bonus for soldiers, but favoring immediate provision for disabled or sick soldiers or their dependents.
The opposition to a cash bonus for soldiers originally had been drafted and approved by the resolutions committee in a more comprehensive form, calling attention to the alleged danger of certain classes of labor "abandoning work if granted a cash bonus, causing further increase in prices of necessities, and resulting in decreased production."
The resolution on the peace treaty declared "uncertainties in our international relations retard our progress," and said any treaty adopted "should safeguard every fundamental principle of the government of the United States, and should protect the rights of American citizens."

URGHE WHEAT TRADING RESTRICTIONS REMOVED

Winnipeg, April 21.—The Winnipeg Tribune says in part: "Removal of restrictions on wheat trading so that open trading may be resumed net, and it is urged upon the federal government and parliament this week by representative men from Winnipeg and Montreal, according to a dispatch received today. Two representatives of the local exchange left for Ottawa Tuesday night and negotiations will commence immediately upon their arrival."
"If the government decides on an open market, October wheat contracts will be quoted soon with the Winnipeg exchange."

G. R. MITCHELL SUCCEEDS LATE HON. A. G. MACKAY

Edmonton, Alta., April 29.—The portfolio of minister of municipal affairs and public health rendered vacant by the death of the late Hon. A. G. Mackay, were filled today by the appointment of Hon. Chas. R. Mitchell.

DRURY FAVORS SPEED IN CHIPPAWA PLAN, BUT COUNSELS CARE

No Economy Can Result From Delay in Hydro Project.
SEE OTTAWA FIRST
A large deputation representing the municipalities east and west of Toronto waited on the government yesterday afternoon, asking whether the province intended to guarantee bonds for certain radial projects, including the Toronto and Eastern.

SEEDING UNDELAYED BY BELATED SPRING

Manitoba Farmers Off to Good Start, Declares Minister.
Winnipeg, April 29.—"Seeding has become general throughout the province, and the farmers are working at top speed," Hon. Valentine Winkler, minister of agriculture, stated today. Mr. Winkler said that the recent good weather had permitted the farmers to get away to a good start, and that they were looking forward to a very good crop. There would be plenty of moisture in the ground this year, he said, because of the fact that the spring thaw had been slow, and most of the water had been absorbed instead of running away.

CITY OFFICIALS UNCIVIL, BUSINESS MAN CLAIMS

Hamilton, April 29.—A Montreal furrier who is opening a retail store in this city has complained that two city officials have been uncivil to him. The complaint was made in a letter to Mayor Booker, and is being investigated by the acquisition of his retail store that the incivility occurred, he claims.

ASSASSINATIONS AND OUTRAGES PLANNED BY U. S. COMMUNISTS FOR MAY DAY CELEBRATIONS

Over a Score of Federal and State Officials Marked for Death, is Announcement of Attorney-General — Instigators Acting in Unison With Fomentors of Trouble in Europe.
Washington, April 29.—Plots against the lives of more than a score of federal and state officials have been discovered by the department of justice as part of radical May Day demonstrations, Attorney-General Palmer announced tonight.
Assassinations and assaults, Mr. Palmer said, were included in the May Day program organized by the Communist Labor party and other radical elements, and were in addition to strikes and other disturbances intended by the radicals as an effort in behalf of peace with soviet Russia.
State officials marked as victims were General P. E. Elias Culler, commander of the 85th infantry regiment, which had been stationed at Casas Grandes, Chihuahua. General Pina reported the prisoners offered to enlist in the Sonora army and told of many desertions occurring daily from the Carranza ranks.
The fight was said to have occurred at four p.m. today. Besides the prisoners a small amount of ammunition and supplies were captured by the Sonorans. They said they also captured thirty-six horses and mules.

SUGAR IN CHICAGO AT RECORD PRICE

Chicago, April 29.—Sugar reached the highest price on record in Chicago today, according to commission men, when a 1000-pound lot sold for \$22 a pound wholesale. Buyers attempted to obtain more by offering \$20, but there was none for sale.

MOST HARMONIOUS SINCE ARMISTICE, SAYS LLOYD GEORGE

Conference Just Closed Marks Distinct Advance in Europe's Convalescence. WOUNDS ARE HEALING
London, April 29.—"The gaping wounds of Europe are gradually healing, and the San Remo conference marks a distinct stage in its convalescence," said Premier Lloyd George, in closing his speech in the house of commons today, detailing the results of what he described as "the most remarkable conference in every respect held since the armistice."
The premier's statement was most optimistic, setting forth the claim that the conference had removed all misunderstandings between France and England and that the allies were in complete agreement not only to enforce the treaty, especially the disarmament clauses, but against any French annexation of German territory.
"Far," added the premier, "we cannot have another Alsace-Lorraine." Mr. Lloyd George further indicated activities that the government would first be able to establish definitely the aims of the group for May Day disturbances. Men and women have been used particularly in the textile manufacturing districts.

GARRANZA TROOPS CLASH WITH REBELS

Fighting Occurs in Pass Between That State and Chihuahua.
Agua Prieta, Sonora, April 29.—Carranza troops and revolutionists had their first clash in the mountains dividing the states of Chihuahua and Sonora today. It was announced at military headquarters here tonight that advance detachments of the two forces clashed near Pulpito Pass. The Carranza troops captured 11 Carranza soldiers, it was said. One man on each side was reported killed.
Pulpito Pass is the opening thru the mountains which it was expected Carranza troops, concentrating on the Chihuahua side, would use in their efforts to enter and subdue Sonora. The pass is about 110 miles south-east of Agua Prieta.

SEEDING UNDELAYED BY BELATED SPRING

Manitoba Farmers Off to Good Start, Declares Minister.

DEADLOCK IS UNBROKEN, BUT NEGOTIATIONS GO ON

New York, April 29.—Deadlocked, the sub-committee of miners and operators seeking to negotiate a working agreement for the anthracite coal field announced late today it had accepted an invitation from Secretary of Labor Wilson to hold its next meeting at his office in Washington Saturday.

CITY OFFICIALS UNCIVIL, BUSINESS MAN CLAIMS

Hamilton, April 29.—A Montreal furrier who is opening a retail store in this city has complained that two city officials have been uncivil to him. The complaint was made in a letter to Mayor Booker, and is being investigated by the acquisition of his retail store that the incivility occurred, he claims.

BANKS WILL PAY HUNDRED PER CENT. INCREASED TAXATION

Provincial Treasurer Announces Big Jump to Implement Revenue. TAX ON RACE TRACKS
If the legislature yesterday Hon. Peter Smith, provincial treasurer, announced a one hundred per cent. increase in the provincial tax on banks. Last year the provincial levy on head offices was \$1500, this year it is to be increased to \$3000. Branch banks, which formerly paid \$50, are this year expected to contribute \$100 to the province's coffers. In addition they will be required to pay one-fifth of one per cent. on their paid-up capital instead of one-tenth of one per cent. as in the past.

TAX ON RACE TRACKS

Change is also announced in the taxation of insurance companies. Life insurance companies will pay one and one-quarter per cent. and all other insurance companies one per cent. on their gross premiums received on business transacted in Ontario. The maximum of taxation is increased from \$30,000 to \$60,000 but, according to the provincial treasurer, no concern's return would under the terms of the levy exceed that amount.

MILLERAND STICKS TO UNIT PRINCIPLE

Says Germany Has Not Reduced Forces in Ruhr to Number Agreed On.
Paris, April 29.—It is understood that Dr. Goepfert, head of the German mission in Paris, who called on Premier Millerand yesterday afternoon, intended to hand the premier a note requesting evacuation of Frankfurt by the French troops, in view of the fact that the German forces in the neutral zone had exceeded the number allowed, and said the French evacuation depended upon verification of German evacuation to the number of units agreed upon. The note was not handed to the premier.

TORONTO WOMAN DIES OF OVERDOSE OF DRUG

New York, April 29.—The body of a woman known as Mrs. Shirley Van Patter, 29 years old, of Toronto, who died today at a private hospital at 238 Central Park west, has been taken to the morgue, where an autopsy will be performed tomorrow to determine the cause of death.
According to Dr. George Hohmann, deputy medical examiner, who made an investigation into the case tonight, Mrs. Van Patter's death was due to an overdose of a headache preparation which she had taken at a drug store while out for a walk today. It is not known whether she took the preparation before or after she returned to the institution.
The woman went to the hospital three weeks ago from Toronto suffering from neurasthenia.

TO CUT PRICE OF MILK

St. John, N.B., April 29.—Local milk dealers have announced that tomorrow the retail price will be reduced from 1 1/2 to 1 1/4 per quart.

Three Big Canadian Companies Agree to \$500,000,000 Merger

Montreal, April 29.—Directors of the Canada Steamship Lines, Limited, the Nova Scotia Steel and Coal Company and the Dominion Steel Corporation today received and considered the proposals made by the interests behind the \$500,000,000 steel, coal and shipping organization, to be known as the British Empire Steel Corporation, and formally consented to the transfer of securities involved subject to the consent of the shareholders of the three enterprises, which are to form the Canadian nucleus of the big consolidation.
According to the statement issued tonight by Col. W. Grant Morden, the terms will be ready for publication in a day or two and special general meetings of the companies involved will be called in the near future.
Colonel Morden stated that the initial share capital issue of the new corporation will be \$205,000,000, but declined to state into what amounts of first, second and third, preferred and common stocks would be divided. Formal and official announcement of these details would, he said, be given in the near future.
In addition to the three companies mentioned above, the consolidation will embrace the Hallfax Shipyard Company, the Davie Shipbuilding Company of Lewis, the Port Arthur Shipbuilding Company, the Collingwood Shipbuilding Company, together with the latter's Kingston subsidiary, the Maritime Nail Company of St. John, N.B., and possibly several other allied industries.
Confirmation that the Canada Foundries and Forgings Company was to enter the merger was not forthcoming tonight, but negotiations to this end are in progress and developments are expected either tomorrow or Saturday.
Colonel Morden will address the Toronto board of trade next Monday when it is expected he will make definite announcement of the full details of the negotiations.

OAK HALL

Correct Apparel for Men, Boys and the Wee Tots

EVERY effort has been made to present to our public just exactly what they need in the clothing line, and the three great essentials of desirability are found in every garment in our immense stock, viz.: *The very finest materials, the most careful workmanship and the newest and most usable models possible.*

Suits for the Young Men

We just mention one or two of the many smart spring models we have to show you.

One particularly nice line comes in a double-breasted, two-button, close-fitting style; also in a single-breasted, one-button, close-fitting style, in a very fine silk-and-wool material, hairline stripe. Prices ranging from \$58.00 up to \$85.00.

Fancy Tweed Suits

In light and dark patterns, in the newest models. Prices ranging from \$30.00 up to \$45.00.

Men's Fancy Tweed Two-Purpose Raincoats

With all-round belt, convertible collar, slash pockets, and splendidly lined. A very serviceable coat and one that can be worn either as a raincoat or a spring coat. Prices ranging from \$13.50 up to \$35.00.

Gabardine Raincoats

In the trencher model. Prices ranging from \$26.50 up to \$58.00.

Just a Few Suggestions From the Furnishings Dept.

Boys' Blue Reefer Coats
\$5 only, Boys' Blue Reefer Coats. Sizes range from 2 years up to 10. To clear at \$13.50
BOYS' BLUE CHEVIOT SERGE REEFERS.
In the "Peter Thompson" style. Sizes range 4 years up to 10. To clear at \$7.50.
We have some odd lines in Reefers, for boys or girls. Sizes 8, 9 and 10 years. Splendid value at \$5.00 up to \$8.50.

MEN'S FANCY NEGLIGEE SHIRTS.
Featuring the double-wear cuffs, in all the new stripes and weaves. Sizes 14 to 16 1/2. \$2.75 up to \$6.50.
MEN'S SILK-MIXED COMBINATIONS.
Medium spring weight, in long sleeves and ankle length. Sizes 34 to 44. Per suit, \$4.50.
MEN'S FINE WHITE LISLE COMBINATIONS.
Spring needle ribbed, in 3/4 sleeves and ankle length. Sizes 34 to 44. Per suit, \$3.50.

BOYS' SHIRT WAISTS.
Neat hairline stripes, in black and white, blue and white, and plain blue chambray. Also plain white with fancy silk striped sport collars. Sizes 7 to 16 years. Price, \$1.50.
BOYS' GOLF HOSE.
In browns and greys, fancy colored tops, pure worsted. Sizes 8 1/2 to 11. Per pair, \$1.75.
MEN'S SPRING SOCKS.
In pure, wool cashmere, very light weight, English make. Also, list and silk lises, in black, white and

all the wanted colors. Sizes 9 1/2 to 11 1/2. Per pair, \$1.00.
THE LATEST IN MEN'S CAPS.
\$2.00 up to \$3.50.
MEN'S FINE NECKWEAR.
In a beautiful assortment. Prices ranging from \$1.00 up to \$3.50.

For the wee tots. Sizes 3 to 9 years. Per suit, \$1.00.

Open Saturday Evening Till 9 o'Clock - Phone Main 1071

OAK HALL---Cor. Yonge and Adelaide Sts.

GAVE TIMBER LIMITS WITHOUT COMPETITION

Late Government Granted 800 Square Miles of Timber on Eve of Election.

Giving evidence before Justices Riddell and Latchford yesterday in the timber inquiry, James Arthur Mathieu, M.L.A. for Rainy River, and vice-president and general manager of the Chevin Clarke Lumber Company, admitted that his company got two timber berths without competition, comprising 21 square miles, and valued at about \$600,000, in August last. He also stated that he was instrumental in having W. E. M. Jones appointed district crown timber agent. Witness

had control of the patronage of the Rainy River district at that time. He recommended some cutters to the government, but others were appointed whom he did not recommend. Mr. Harding produced figures showing wide discrepancies between the returns of timber cut supplied to the government, and the actual amounts cut at different mills. In many cases the returns made represented only about one-third of the timber actually cut. For the year 1911-12, government returns showed a cut of 27,223,719 feet, while the mill reports showed \$2,355,818. In 1912-13 the government report showed a return of 13,651,961 feet, and the mill report \$0,557,563 feet. Witness stated that it was the practice of his company to scale logs, which would be cut into lumber, as they, and he thought the government got more payable to the government on saw-logs is \$4.66 per thousand feet plus \$2 crown dues. On ties the dues are 8 cents per 8-foot tie. Witness stated the dues of \$7 per thousand feet were agreed upon between Mr. A. Grigg, deputy minister, and himself. As security to the government, the company deposited \$50,000 cash and gave a bond for \$65,000.

berths in question was only of fair quality. Replying to Justice Riddell, witness considered he was entitled to get copies of the cutters' returns. Only dishonest people would take advantage of getting these returns. "What do you think of the practice of making deductions from the reports? Did you ever hear of a more vicious practice? I never heard of the practice before this investigation." Mr. Mathieu stated that under the Doyle rule, a cut of from 90 to 100 per cent. in excess of the estimate was possible, another 15 to 25 per cent. being added to the overrun for cuts. Justice Riddell stated that if the company's books were not properly kept there could be no check on a dishonest cutter.

F. J. Niven of the department of forests, lands and mines admitted that between 700 and 800 square miles of timber limits without tenders or competition. **PROHIBITS EXPORT OF WORKS OF ART**
Paris, April 29.—The chamber of deputies today passed a bill prohibiting the export of works of art which the state considers form a part of the nation's artistic patrimony. An export duty was placed on other ancient objects of art of 50 per cent. ad valorem, plus 50 centimes per thousand francs for objects valued up to 100,000 francs and of 100 per cent. for those valued over 100,000 francs.

"Laxative Bromo Quinine Tablets"
E. W. Snow

In answer to Justice Riddell, witness considered it a breach of duty to get nearly \$600,000 worth of lumber from the government by supporting just prior to an election, and think there was a clash of interests in the deal. He always looked after the interests of the people. He added that the timber in the

AGAINST THE LAW TO HOLD FOOD SUNDAY SCHOOL ELECTS OFFICERS

Central Ratepayer Protest Against Alleged Favoring of Storage Companies. East Gerrard Street Methodists Hold Banquet and Hear Reports.

Regarding the high cost of potatoes George R. Ellis, a prominent member of the central council of ratepayers, has this to say: "At a meeting of the Women's League, the board of commerce, is reported as saying: 'It is against the law to withhold from market for use the necessities of life.' I find in the government report of April 1, 1920, the following goods in cold storage: Butter, 4,490,000 lbs.; 11 per cent. more than last year; cheese, 11,100,000 lbs.; 44 1/2 per cent. more than last year; pork, 34,900,000 lbs.; beef, 3,410,000 lbs.; lamb and mutton, 2,223,000 lbs.; poultry, 2,725,000 lbs.; fish, 11,347,000 lbs. 'Is there a law for the potato and other dealers, and another law for the cold storage companies, and those who store the necessities of life? There is something wrong. The negro in the Ottawa Union government cannot do it. There are laws governing the economic question prevalent, must be met by reforms in our laws governing the economic question. The passing of the bill now in evidence amongst the different commissions appointed by the government without proper legal authority to act, appears to be an ordinary man a farce and a big bill of expense for nothing."

Riverdale Post, G.A.U.V., Hold Their First "At Home"

Under the auspices of the Women's Auxiliary and Riverdale Post, G.A.U.V., a well-attended at-home for members and friends was held in Armstrong's Hall, Pape avenue, last night. Mrs. Roworth, president of the Women's Auxiliary, and John Pether, president of the G.A.U.V., presided. The guest of honor was Sgt. Merrifield, D.M., V.C., who delivered a brief address. The following artists contributed to an excellent program: Mrs. Isabella Wilson, Master Leslie Smith, Master Maurice Roworth, Master Walter Tuttle, Miss Dorothy Smith, Miss Wiggins, Mrs. Hewlett, Victor Smith, Mrs. Webb accompanied on the piano. Dancing was indulged in to the strains of Wright's orchestra, and refreshments were served by the ladies' committee. During the evening six new members were initiated into the Women's Auxiliary, including Mrs. Webb, who was presented with a special badge in recognition of her musical work on behalf of the association.

MASQUE BALL WINNERS.

Following were the prize-winners in the masque ball, recently held under the auspices of the Riverdale Branch, G.A.U.V., in Playter's Hall, Danforth avenue: Miss Dorothy Smith, Miss Wiggins, Mrs. Hewlett, Victor Smith, Mrs. Webb accompanied on the piano. Dancing was indulged in to the strains of Wright's orchestra, and refreshments were served by the ladies' committee. During the evening six new members were initiated into the Women's Auxiliary, including Mrs. Webb, who was presented with a special badge in recognition of her musical work on behalf of the association.

AUXILIARY SUPPORTS BOY O.A.T.

Riverdale Branch G. W. V. A., Women's Auxiliary are in strong sympathy with the potato boycott, according to the statement of Mrs. Keby, president. Mrs. Kirby, Mrs. Tucker, Mrs. Muelck, Mrs. Brent and Mrs. Ridge will be present at the morning's meeting of protest to be held in the Allen Danforth Theatre at 10 o'clock.

"GO TO CHURCH" MONTH.

Arrangements are now being made by East Gerrard Street Methodist Church to hold the month of May a special "Go to Church" month. Rev. A. F. Brace is pastor.

WHEN IS UNIFORM IN "CIVVIES" CLASS?

This is Question That War Veterans in Toronto Are Discussing. Following the lead of their comrades in Vancouver, the returned men in this city are resurrecting their old uniforms and considering their values as an alternative to the unsightly overall. Combating the high prices of clothing is a matter in which all but the fabulously rich are interested, and the veterans are asking themselves why they should pay about \$100 for a new suit when they can get a perfect service tunic and trousers for \$10. The veterans are asking themselves why they should pay about \$100 for a new suit when they can get a perfect service tunic and trousers for \$10. The veterans are asking themselves why they should pay about \$100 for a new suit when they can get a perfect service tunic and trousers for \$10.

HAMILTON

Hamilton, Ont., April 29.—With some of the members threatening to go back their milk if they did not get the price they wanted from the retail dealers, and other declaring that the association was at the mercy of the wholesalers, the Wentworth Milk Producers' Association this afternoon decided on the summer price to be charged distributors in this city. The decision, however, was not reached before a very stormy session had been held, and the president, J. P. Griffin had expressed a desire to relinquish his office. There is grave danger of a strike among the local steam and operating engineers. A strike vote is being taken today by the local international union, which recently notified the employers that they demanded an increase in wages ranging from 15 to 40 cents an hour, making the hour rate from 85 cents to \$1.15 according to the grading of the engineer and the class of engine operated, to become effective on May 1.

Three Months' Delay for Referendum Proclamation

Ottawa, April 29.—The petition for a liquor referendum in Ontario has not yet been received from the Ontario government. Following its receipt, the Dominion government will have a delay of three months in which the referendum, owing to a referendum, set forth the date of polling will be particular. The hours of polling will be between 2 p.m. and 6 p.m. The expenses of the referendum are borne by the Dominion government.

GROCCERS HAVE NOT HEARD LAST WORD YET, SAYS RANEY

Attorney-General Intimates Dissatisfaction With Board of Commerce Inquiry.

SEEKS LEGAL VIEWS

The end of the recent inquiry into the alleged grocers' combine at Hamilton is not yet. In the legislature last night the attorney-general stated that as a result of the investigation conducted under the auspices of the Ontario government, he proposed to secure eminent legal opinion. The board of commerce, which inquired into the charges of a combination in restraint of trade, took the ground that no criminal act had been committed under the code so far as the Hamilton grocers were concerned. However, Mr. Raney said he proposed to secure the best possible legal advice and if it was then found justified he would initiate proceedings.

The attorney-general also said in the course of his address that A. W. Roebuck, the Toronto barrister who conducted the inquiry on behalf of the government, had provided more than satisfactory. His methods and his results were approved by the government. (Applause.) "What I propose to do," added the attorney-general in conclusion, "is to secure prominent legal advice—the best possible to consider the facts as brought out in this Hamilton grocers' inquiry. If these legal gentlemen find that these Hamilton wholesalers have violated the criminal code then we will take proceedings against them and secure the service of the Ottawa authorities to go into the whole question." (Applause.)

The attorney-general also announced that Mr. Porter, a witness in the Hamilton inquiry and formerly employed by the Canadian General Electric Company, had received a government position. J. W. McLeod (Stormont) was very much alarmed, he said, in Hydro expenditures. Touching on racing matters, he advised the provincial treasurer to tax pleasure seekers at the race tracks. They would not object, J. R. Cooke (North Hastings) gave a general address on the prevailing conditions in the province that was well thought out.

"Credit Where Credit is Due." John O'Neill (Liberal, Southeast Toronto), whose name for so many years has been heard in the municipal life of Toronto, played the game in his little contribution to the debate on the address in reply to the speech from the throne. He assured the government of his hearty support in all legislation that might be brought in for the good of the province. He placed principle before politics and while the expression sounded hackneyed, it was nevertheless a plea, considering that it came from "Honest John."

Continuing, Mr. O'Neill, who poked a lot of fun at the minister of agriculture, much to the latter's amusement in particular, and the house in general, said he took the present which was the first occasion to present itself, of congratulating the prime minister on the judgment he had shown in selecting his cabinet. However, he wished to give a little fatherly advice to the government who, he trusted, would not be taken amiss and give every aid to Hydro and help them in every reasonable way. The government would be held responsible by posterity for anything that might happen to Hydro affairs if proper aid was not given.

BRITAIN PUBLISHES TREATY OF LONDON

London, April 29.—The text of the declaration of London, signed by France, Russia, Great Britain and Italy, London, April 26, 1915, was published textually in parliamentary papers today.

The treaty was first made known to the world when the Russian Bolshevik government published it in 1917. The agreement provided among other things that Italy at the conclusion of the war was to receive Trentino, part of southern Tyrol, Trieste and Dalmatia. The four powers signatory to the document, agreed not to conclude a separate peace. The declaration bears the signatures of Sir Edward Grey, then British foreign secretary; the Marquis Imperiali, the Italian ambassador; Paul Cambon, the French ambassador; and Count Benckendorff, the Russian ambassador.

FOUR MEN MET DEATH WHEN SEAPLANE FELL

Felkstone, England, April 29.—A Portuguese officer, two British officers and a mechanic were killed when their seaplane in which they were making a practice flight, fell into the English Channel off Felkstone today. Two other British officers who were in the plane at the time were saved.

BUDGET PROPOSALS GO THRU INTACT

British Chancellor of Exchequer Emphasizes Importance of Britain's Credit.

London, April 29.—Austen Chamberlain, chancellor of the exchequer, has carried the whole of his budget proposals. Motions for the rejection of an increase in the excess profits duty and the corporation tax were defeated in the house on commons last night by a vote of 287 to 76. Mr. Chamberlain, defending his proposals, said it was his duty to make a real effort, while trade was prosperous, to reduce the vast load of debt, which was a potential danger to the country's credit. Nothing was more important at this moment, with British dependence on overseas supplies of food and raw materials, than that Great Britain's international credit should stand high, especially with the United States. For his part, he was content to be judged on this budget by the verdict of informed American opinion concerning Britain's determination to set its house in order, "that that we might stand again as we stood for so long in the very front line as a great financial, commercial and industrial nation."

NEW FEE SCALE

Kingston, April 29.—(Special).—Announcement of a new scale of fees in the faculties of arts and science has been made at Queen's University, which will become effective when the fall sessions open.

BRITAIN WILL NOT BUY NEW CANADIAN CHEESE

Ottawa, April 29.—(By Canadian Press).—The minister of agriculture has received the following cable from the British ministry of food:

"It has now been definitely decided that the ministry will not purchase the new season's Canadian cheese. The maximum importers' selling price (32 cents) now in force, will be removed at an early date, but the maximum retail price of one shilling and eight pence (40 cents) per pound for whole milk cheese will remain in force for the time being."

The effect of this decision will be that the export of cheese will again flow thru the usual channels, but the price will be regulated more or less by the maximum retail price in the United Kingdom.

Recently when the Canadian railroads sought to prevent Canadian shippers prepaying charges on goods to the United States, the Railway Commission found that it could not support the roads in this action.

WILL AWAIT DECISION

Ottawa, April 29.—(By Canadian Press).—In the house this afternoon, Sir George Foster, replying to P. F. Casgrain (Montmorency) stated that there was no legislation to be brought down in regard to the board of commerce until the government had received the decision of the supreme court on the status of the board.

BIBLE STUDY FOR SCHOOLS.

London, April 29.—The question of Biblical teaching in the public schools of Ontario will come before the synod of Huron at the annual meeting to be held in Brantford, opening May 10, and it is expected to bring forth a lively debate.

PRICE OF SUGAR DUE FOR ANOTHER BIG RAISE

Ottawa, April 29.—There is every prospect of an early and considerable increase in the price of sugar, it was announced today by a man closely in touch with the market. The present price, high as it is, is based on the former cost of the raw product in Cuba. Counting all the costs to the grocery store, and basing them on the new Cuban price, a pound of sugar is now worth a little over 29 cents. The fact that people are not paying that much, is because the refineries are still using the stocks for which they paid the lower price, it was said. The price, it was stated, will soon be 30 cents a pound.

Stefansson Would Tap Arctic
For World's Food Supplies

New York, April 29.—Vilhjalmar Stefansson, noted Arctic explorer, arrived here today on the steamer St. Paul from Southampton and Cherbourg. While in England, he urged a plan to tap the Arctic food reserves, to relieve the world shortage, and endeavored to organize an expedition to further that project. Stefansson said palatable food in unlimited quantities is available in the Arctic.

MORE H. P. FOR KINGSTON.

Kingston, April 29.—(Special).—Chairman R. F. Elliott of the civic utilities commission announced today that the assurance of the Hydro-Electric Commission had been received to the effect that 600 additional horsepower would be supplied to the city of Kingston. This will enable the city to take care of additional industries which are coming here.

OTTAWA BUILDING CRAFTS MAY STRIKE SATURDAY

Ottawa, April 29.—Unless there is an eleventh-hour change in attitude on the part of the contractors, there will be at least five hundred members of the building trades crafts who will lay down their tools on Saturday morning. These comprise the memberships of the painters', paperhangers', and decorators' and electricians' unions, who at meetings held last night decided unanimously to stand by their demand on the contractors for their original wage agreements. There is a possibility also that the builders' laborers will also join in the walkout. Officials of the Builders' Association concede that there will be a strike, but are unwilling to revise the offers they have previously made to the different crafts, claiming that the demands in the majority of the cases on the part of the crafts are unreasonable.

Little Opposition to Bill
Controlling Feeding Stuffs

Ottawa, April 29.—(By Canadian Press).—A start was made today by the agricultural committee of the special committee now sitting on pensions and returned soldier re-establishment. There was also prospect of a bill to amend the commercial food-stuffs act, and another to amend the Yukon placer mining act. Ernest Lapointe, East Quebec, asked if there would be no legislation arising out of the activities of the industrial conference, which sat at Washington last autumn. Sir George Foster replied that he did not say that the legislation he had just specified would be necessarily all that the government would introduce. It was practically a complete list, but it did not preclude the possibility of more being added to it.

SCOTCH TRADES UNIONS FAVOR PROHIBITION

Dunfermline, Scotland, April 29.—The Scottish Trades Union Congress has passed a resolution in favor of liquor prohibition.

Not Much Legislation
Before End of Session

Ottawa, April 29.—(By Canadian Press).—Answering Hon. W. L. Mackenzie King in the commons this afternoon, Sir George Foster said that outside the budget there was no very contentious legislation to be introduced during the balance of the present session. There were amending bills on bankruptcy, immigration, irrigation, inland revenue, postoffice act, providing for retirement of certain civil servants, amendment to the railway act, and probably some legislation arising from the report of the special committee now sitting on pensions and returned soldier re-establishment. There was also prospect of a bill to amend the commercial food-stuffs act, and another to amend the Yukon placer mining act. Ernest Lapointe, East Quebec, asked if there would be no legislation arising out of the activities of the industrial conference, which sat at Washington last autumn. Sir George Foster replied that he did not say that the legislation he had just specified would be necessarily all that the government would introduce. It was practically a complete list, but it did not preclude the possibility of more being added to it.

PAY MORE FOR PARIS PAPERS.

Paris, April 29.—Newspaper proprietors of this city have decided unanimously to advance the price of dailies from ten to fifteen centimes, beginning May 1.

I.O.D.E. DELEGATES GET GREAT WELCOME

London hospitality to the two hundred delegates from all over Ontario, who attended the first provincial meeting of the I. O. D. E., was the real royal type. Motors met the delegates at the train, luncheon was served by the Municipal Chapter, and at the tea hour the delegates were guests of the St. Thomas and Stratford Chapters. A message of welcome was sent to the meeting from the mayor, and on the return a chair car was found to have been reserved for the accommodation and comfort of the visitors. The meeting generally was most successful.

INSURANCE AGAINST PROBITION

London, April 29.—"Fussyfoot" insurance, is the term which has been applied to a rate of ten shillings per one hundred pounds sterling, now being offered in the London market to cover the risk of the passing of an act of parliament within twelve months, prohibiting the sale of alcoholic liquors in England.

HELD UP PAWNSHOP.

Detroit, Mich., April 29.—Two armed men this morning entered a downtown pawn shop, held up the clerk and rifled the safe of diamond rings, said to be worth \$18,000. One of the men held the clerk in the proprietor's office while the other opened the safe. The bandits escaped.

ASKS ABOUT AMNESTY.

Ottawa, April 29.—Dr. Michael Clark was promised an answer tomorrow to his question as to whether the government was considering the granting of an amnesty to political prisoners to heal the wounds of war in consideration of the fact that it is now eighteen months since the armistice was signed.

9641 PERSONS SHOT IN PETROGRAD AND MOSCOW

Berlin, April 29.—The Moscow Izvestiya, a copy of which has been received here, prints the last installment of the report of the extraordinary commission appointed for combatting the counter-revolution during 1918 and 1919. In this period the commission arrested 128,000 persons, of whom 21,032 were accused of counter-revolutionary crimes, 18,743 of offenses committed as officials, 8387 of speculation, and 3514 of expressing anti-governmental opinions. The persons shot aggregate 9641. The figures refer only to the work of the Moscow and Petrograd commissions. No account is given of the arrests and executions by subordinate district commissions which existed in every province under soviet control.

PARRY SOUND SHOOTING
ENDS IN ACQUITTAL.

Parry Sound, April 29.—The charge against Irvine McArthur of Toronto, for shooting Edward Gollinger, a returned soldier, in the leg, on March 1, last, at South Magnetawan, was concluded today. There were a large number of witnesses examined, and the evidence was most contradictory. The trial judge in giving his decision this morning, held that Gollinger was the aggressor, and while warning McArthur, and the public generally, that it was a very narrow escape on his part from being convicted, gave him his liberty, as he deemed he had acted in defence of his wife.

PRESENTATION MADE.

Kingston, Ont., April 29.—(Special).—Rev. William Craig, secretary of Sydenham Street Methodist Church, who resigned to take up residence in Ottawa, was presented with an address and purse of two hundred dollars by the congregation.

CITY'S GROSS DEBT NEAR \$102,000,000

About Eighty Million of This Has Been Added in the Last Seventeen Years.

NET OBLIGATION \$42,238,048

A statement of the city's financial position, prepared by Commissioner Bradshaw for the year 1919, shows the city's gross debt to be \$102,000,000. Every year for the last seventeen years, the debt has been increased from a third of a million to seventeen millions, until 1919, when it was reduced about two millions. The gross debt in 1902 was twenty-two millions.

After subtracting sinking funds, and the value of revenue producing works, such as the Toronto Hydro-Electric system, the water works, street railways, etc., the net debt is left at \$42,238,048.

The bulk of the sixty-six millions added to the debt in the last ten years were assumed in 1913, 1914, 1915 and 1916, in which the yearly average increase was about \$10,000,000.

Only \$3,282,000 debentures were sold in 1919, which was the smallest amount in any one year since 1910. The city indebtedness to be incurred in 1920 by capital commitments already undertaken, or proposed, amounts to \$7,405,670 of which \$480,671 are unguaranteed debentures held over from 1919.

Revenue Producing. Forty-five per cent. of \$51.3 million of the city's debt have been incurred for services which in whole or part provide their own costs. These are: the waterworks system, \$12,209,218; local improvements (ratepayer's share), \$12,663,200; Toronto Hydro System, \$9,154,836; Toronto Railway payments, \$3,459,166; Exhibition buildings, \$1,230,975, all of which bear the whole cost, and car lines (city), \$2,584,287, and abattoir, \$419,008, both of which bear only a portion of their cost.

The maturities of the city's present loans extend over 36 years, and the report shows the amount to be met each year. The lowest amount is \$204,216 in 1947, and the largest, \$22,396,335, in 1948.

Capital Debt Increased. A table submitted shows that the gross debt per capita has increased from \$111.02 in 1910 to \$212.82 in 1919, and \$292.23 in 1919, and the net debt from \$33.33 per capita in 1910 to \$158.95 per capita in 1919, and \$148.92 in 1919.

APPEALS FOR PERMITS ISSUED. Amongst permits issued yesterday by the city architect's department were the following:

- F. W. Worth, 2 pairs semi-detached, 827 Keele street, \$6,000.
- James Shuttlesworth, 2-family dwelling, 827 Keele street, \$6,000.
- Esplan and Henderson, one pair semi-detached stores, 684-686 St. Clair avenue, \$2,000.
- Chas. King, to erect a coarser at the exhibition grounds, \$45,000.
- Haines and Nook, 2 detached residences, west side of Oakdens crescent, near Strathmore boulevard, \$9,000.
- J. W. Arnold, detached residence, 15 Cortelieu avenue, \$5,500.
- George H. Plovman, detached house, 23 Hammersmith avenue, \$5,400.

RETREAT WILL BE HELD. A meeting of the executive of St. Joseph's College Alumnae was held yesterday afternoon. Mrs. James E. Day presiding. New furniture for the library, purchased from proceeds of the bazaar held under the auspices of the association, was inspected and admired. It was arranged that a three-days' retreat would be held next month, when Rev. W. Doyle, S.J., Guelpi, will conduct the exercises. Arrangements were also made for the annual meeting, which will open with mass. Luncheon will be had at the college, and a business meeting held in the afternoon.

JAIL AND PUNISHMENT. For the theft of a silk dress and some silk, Frank O'Donnell was sent to jail yesterday by Judge Coatsworth for one month, and to be spanked once.

INCREASED RATES FOR USE OF TRUCKS

A by-law now being prepared by the city solicitor will authorize a scaling up of rates that may be charged by truckers on and after May 1st, in time to give Saturday the benefit of the big rush for vans on the chief moving day of the year. Following are the old and the new rates:

	Old Rate.	New Rate.
One-ton truck	\$2.00	\$2.25
Two-ton truck	1.50	1.75
Three-ton truck	1.75	2.00
Four-ton truck	2.25	2.50
Five-ton truck	2.50	2.75
Six-ton truck	4.00	4.25
One-horse wagon	1.10	1.25
Two-horse wagon	.65	.80
	2.00	2.25
	1.10	1.50

BOARD MEETS TODAY ON HOUSING ISSUE

Plans and Figures on Costs Prepared by City Architect.

MAYOR GETS APPEALS

The board of control held a brief session yesterday to take up the housing question, but owing to the fact that there was not a full board, the matter was deferred until this afternoon, when Mayor Church's proposed amendment to the building bylaw will be available, and the city architect's plans and figures on costs of houses which it may be decided to erect on Beresford avenue.

City Architect Price submitted plans of three types of houses, as follows: Four-room house, \$5240 per pair; five-room house, \$5830 per pair; six-room house, \$6550 per pair. These prices do not include land interest on loan, supervision, grading, insurance, etc.

Appeals From Residents. Among a number of appeals for assistance received by Mayor Church from people in difficulties over the lack of houses, his worship yesterday received the following from a resident of Beresford avenue.

"I, like many others, am compelled to vacate on the end of April. I have three children, one 5 years and the other two, twins, 18 months. I cannot get a house. I have a large tent, and I was preparing to tent for the summer months, but the weather has been so cold and wet that I feel I would not be responsible for their little lives. I have been paying \$25 per month for a house in the county assessed for \$1200. So you will find that working people are as big profiteers as the capitalists; if I had one more week until the weather might be favorable. What would you advise me to do?"

GRAND TRUNK RAILWAY SYSTEM.

Time Table Changes, Sunday, May 2nd, 1920. Commencing Monday, May 3rd, train No. 20 now leaving Toronto 6:30 p.m. daily except Sunday, will leave at 6 p.m. for Belleville and certain intermediate stations. Commencing Monday, May 3rd, train No. 35 will leave Cobourg 6:20 a.m. daily except Sunday, arriving Toronto 8:45 a.m. Commencing Monday, May 3rd, train No. 36 will leave Toronto 5:10 p.m. daily except Sunday for Cobourg and intermediate stations. Train No. 41, leaving Toronto 7:45 a.m. daily except Sunday for North Bay and intermediate stations, now runs via Muskoka Wharf. Commencing Sunday, May 2nd, train No. 47 will leave Toronto 7:45 p.m. (instead of 11:20 p.m.) daily except Saturday (instead of Tuesdays and Thursdays as at present), arriving North Bay 5:20 a.m. Train No. 9 'The National', now leaving Toronto 9:15 p.m. daily for North Bay, Cochrane, etc., will be run Tuesdays, Thursdays and Saturdays only, for Winnipeg and West.

RECEPTION FOR GENERAL.

A public reception will be held on Monday morning in the city hall in honor of General Townsend, the hero of the campaign against the Germans and Turks in Mesopotamia.

IMPERIAL BANK SUES

The Imperial Bank of Commerce has entered action against Frank Beno for \$13,922, alleged due under two promissory notes.

REPAIRS FOR THREE SCHOOLS DECIDED

Committee Recommends That Park, Givens and Crawford Be Experimental Schools.

NEW SITES ENDORSED

Repairs on city schools and additions to others were subjects for consideration and discussion at the meeting of the property committee held at the administration building yesterday afternoon. Trustee McClelland in the chair. One of the difficulties in the matter of deciding what might be done was that the estimates had not yet been received from the city council. It was decided that the board would urge the council to give these as soon as possible in order that the board might know just how much finance is at its disposal upon which to build plans.

The proposition to reconstruct three old schools—Park, Givens and Crawford—in such a way as would afford them for experimental or opportunity schools, was discussed by Dr. Noble. He said the plan recommended itself from two points of view. It would give space, now that so many schools are congested, and will also introduce the idea of the part time academic and technical school. He believed that two of the schools would give eighteen or twenty rooms, and that Park school had a nice garden.

Time Now Ripe. "What pupils would such schools draw?" "They would draw from all parts of the city," said Dr. Noble. "Givens would relieve Dufferin and Crawford would relieve Niagara. Trustee Mrs. Groves, who had visited this class of schools and had seen its operations in the United States, said she thought the time was ripe for these schools. Like Dr. Noble's she pointed out that they would relieve the congested situation, and secondly, they would give pupils a chance to find themselves. They would attend both academic and technical classes and would find out the things for which they are best suited."

In answer to a question, Dr. Noble said the money would be supplied by the sale of getting approved in order that building might be put in operation. This brought out a resolution from Dr. Noble, who moved that the plans be left over until they were considered by the management committee, approved by the inspectors, and sites considered. After discussion and amendments the motion was carried. Twenty-four schools in all were considered in regard to additions and Chief Inspector Cowley pointed out his stand on the matter when he said:

"We had recommended seven new sites. Before you decide to make a worse situation, I think you should be sure to see if sites can be had. Fern Avenue is in something of the same condition, but not quite so bad."

SITES RECOMMENDED.

A complete service for the handling of any kind of wreck or breakdown in the country has recently been established by The Auto Experts Company, Ltd., operating two garages in the east end of the city. By using only expert mechanics and the best of materials and working on the time system, the company figures that a considerable saving to the motorist is effected. Mr. F. N. Hall, the president, has had over fifteen years experience covering a wide range of motor repair work and is well qualified to direct the service of the company. He stated that it is the intention to open three more garages in the near future, thus forming a chain of stations throughout the city, so that any of which will immediately bring a fully equipped emergency truck to the scene of any wreck. This service should prove valuable to every car owner.

WOMEN'S COLLEGE HOSPITAL.

The regular monthly meeting of the board of the Women's College Hospital was held in the board room at 125 Rusholme road, Mrs. A. O. Rutherford presiding. The report of March was read and it was stated that the patients had been admitted during the month and forty babies had been born in the institution. This large number was the result of the combined efforts of the staff, both men and women, and the board of directors. The board also heard of the success of the patients who were operated upon by Mr. Spicer playing some special guitar and, many thanks to the thoughtfulness of Mr. Rutherford, each tray appeared with a pretty tulip or daisy.

FIRE MARSHAL BUSY.

Provincial Fire Marshal Heaton leaves for London, Ontario, tonight, to hold an investigation into the disastrous fire that took place in the collegiate institute a few days ago.

GOOD SPANKING ORDERED

For receiving a number of electrical articles, Leon Grogan was sent to jail yesterday for five years by Judge Coatsworth, who also ordered accused a "good spanking."

CHINAMAN TO BE SPANKED

Mark Chuck, a Chinaman, was sentenced by Judge Coatsworth yesterday to one month in jail and one spanking for stealing cloth.

STRUCK BY AUTO

Alfred Jordan was awarded \$250 in his action against F. H. Robinson, in which he claimed \$500 damages for injuries resulting from being struck by defendant's automobile.

STOLE A HAT

For the theft of a hat, Stella Thompson was fined \$25 by Judge Coatsworth yesterday.

LEGISLATURE HEARS BRITISH VISITORS

There was a pleasing diversion in the legislature yesterday, when the members extended a welcome to Sir Richard Winfrey, who was at one time parliamentary secretary to the British board of agriculture, and Brigadier-General Davy, principal chaplain to the British forces during the late war. Both visitors received a splendid hearing.

The first thing Sir Richard did was to praise Canadian soldiers in England and France. He regretted he was not a farmer, but on the other hand, he could claim to be the son of a farmer. Gen. Davy made a fine impression when he said he did not feel away from home in addressing the Ontario legislature.

GENERAL DAVEY REVIEWS CAMPAIGN

Whole History of Gallipoli Occupation Detailed to Empire Club.

NOT A BLUNDER

The historic Gallipoli campaign was reviewed in detail to the members of the Empire Club, at their luncheon in the King Edward Hotel yesterday, by Brig.-Gen. J. Penry Davey, C.M.G., who was on active service during the entire period of the war, as principal chaplain to His Majesty's imperial forces in the Dardanelles. The general took a metaphorical which at what he termed "armchair tactics," who had sat back in their comfortable chairs, and characterized the Dardanelles campaign as a blunder. He said that this criticism was the only one that had been made. He said that the presence of the British and French forces on the peninsula necessitated a quota of German and Italian troops to reinforce the Turkish army. If the enemy could have taken his troops from Gallipoli he would at the least have made a much speedier and further advance into France, and in this manner would undoubtedly have had better chances of ultimately winning the war.

WHOLE CAMPAIGN REVIEWED.

With the aid of maps, the whole Dardanelles campaign was reviewed by General Davey, from the time of landing in April 1915, to the final evacuation in January 1916. "The difficulties of evacuating the peninsula were even greater than those attending the landing," he said, but the padres had refused the help that had already been offered. He said that there had been twenty-four deaths in the evacuation. "Our grand old empire is worth all the loyalty we can give it, and it is up to us to see that the victory which was so nobly won shall not be taken from us," he concluded.

SUPERIOR SERVICE GIVEN BY AUTO EXPERTS CO., LTD.

A complete service for the handling of any kind of wreck or breakdown in the country has recently been established by The Auto Experts Company, Ltd., operating two garages in the east end of the city. By using only expert mechanics and the best of materials and working on the time system, the company figures that a considerable saving to the motorist is effected. Mr. F. N. Hall, the president, has had over fifteen years experience covering a wide range of motor repair work and is well qualified to direct the service of the company. He stated that it is the intention to open three more garages in the near future, thus forming a chain of stations throughout the city, so that any of which will immediately bring a fully equipped emergency truck to the scene of any wreck. This service should prove valuable to every car owner.

BICYCLE BOOM INVADERS TORONTO

Discomforts of Car Service Stimulate Both Sexes to Ride Wheels.

MADE IN CANADA

The high cost of riding and pushing on Mr. Fleming's car will have a serious competitor during the coming summer-time—that is if summer weather ever does appear—in the humble cycle. The trade in cycles in Toronto is becoming the cycle manufacturer of the world. Canadian firms already have their agents in New Zealand, Australia and South Africa, and orders for cycles are being made in the world. Mr. McBride declares them to be—almost daily arriving from the western colonies.

GOOD CHANCE FOR DOMINION.

Mr. McBride added that it was almost impossible to obtain an English cycle at the present time, as the old country manufacturers were unable to keep pace with home consumption, and could therefore not think of exporting. It was Canada's chance, he thought, to get into the cycle market of the world. Although a cycle today costs some 40 per cent. more than before the war, there does not seem any reluctance on the part of purchasers to pay the extra charges. Manufacturers of cycles and motorcycles are badly behindhand in delivery to the dealers, but it is hoped they will make up some of the backlog during the coming month. There is a big demand for the light weight motorcycle from young men and the dealers have no difficulty in selling as many as they can obtain during the coming month. It is anticipated that the present summer will see Toronto more cycle mad than it has ever been before.

WANTED FOR BIGAMY.

Detective Mulholland left last night for Vancouver to bring back Ross McMullen, who was arrested in that city at the request of the Toronto police. McMullen is wanted here on a charge of bigamy. McMullen, who was a law student, is alleged to have gone thru a form of marriage with a young woman here on February 23 while having a wife living in Vancouver.

STEELE BRIGGS SEEDS

For Your Lawn Steele, Briggs'

'Queen City' Lawn Grass Seed

is Cheaper and Better Than Sodding

Quickly makes new lawns and renovates old ones. Price, per lb., 50c, or 5 pounds for \$2.25. "Shady Nook" Lawn Seed—For sowing under trees, gives splendid results. Per pound, 60c. MACHINE GUN BRIGADE LOOKING FOR RECRUITS

Machine gunners of the 1st M. G. Brigade held their regular meeting at the Armouries last night. The time was passed in playing indoor baseball and afterwards discussing plans for the securing of new recruits. The adjutant of the brigade is at present addressing the students of college institutes asking them to enlist. An officer of the unit explained to The World last night the necessity of increasing the number of qualified machine gunners as the strength of the brigade is at present only 60. Men are needed, he said, for training as C.N.O.'s and instructors to take charge of the new recruits as they arrive. The course covers several weeks, and prospective machine gunners are advised to join at once and take advantage of the recreational and athletic facilities of the unit.

MUSIC IN THE ARGENTINE.

When we find the peoples of the Argentine republic buying not only an occasional piano, made by Ye Olde Firme of Heintzman & Co., Limited, 122-127 Yonge street, but ordering in large numbers, we commence to form a very high opinion of the musical taste of these people of South America. There is on the way now to South America a shipment of eleven pianos and player-pianos of Heintzman & Co., Limited.

SPENDING PLUMBER ACQUITTED.

Oscar A. Carroll, a plumber, charged in yesterday's police court for speeding on Danforth avenue, was remanded for sentence, as he had an S.O.S. call for a job in the country.

Safe as the Bank of England

NEVER has a policyholder suffered loss through the failure of a regular life assurance company operating under charter from the Dominion of Canada. Can as much be said of any other class of business?

The soundness of each Canadian life company is rigorously tested, and the renewal of its license each year depends upon the result of an examination into its affairs by inspectors from the Government Insurance Department. Where else are trust funds so carefully guarded?

To guarantee the fulfillment of policy contracts, the Dominion Government has fixed a minimum standard of reserves to which every company is obliged to conform. The Imperial Life maintains reserves greatly in excess of the Government standard.

FRIDAY MORNING, APRIL 30.

Drury Must Be Definite.

That Premier Drury is stalling the Hydro radial projects is evident from his speech yesterday to the strong deputations which urged the government to guarantee the bonds, particularly of the Toronto & Eastern line between the city and Bowmanville. The premier surely owes it to the public to be very much more definite than he was yesterday.

He says the government must be satisfied that there is no unnecessary duplication of existing lines. That means that the government doubts whether the lines are really required, and that there is no other way of meeting the necessity for more electric railways.

He pretty clearly intimates that the financial situation will have to improve before the government will guarantee large expenditures. Surely he should give reasons why the province cannot expand its business at a time when other expansions are going forward.

He also makes it plain that, in his judgment, the cost of labor and materials must come down before guarantees will be justified.

The supporters of Hydro radials can only be disappointed with Mr. Drury's answer. From something he said in the legislature on Wednesday, he appears to have some other ideas of railway development in his mind. If so, the province should be told exactly what it is, for, after all, much action has been taken in the radial direction, and municipalities are entitled to know just where they stand.

Premier Drury has told the legislature of his effort towards co-operation of the Dominion and the province with regard to radial railway development in Ontario. He appears to have some hope of achieving some kind of co-ordination between the Nationals and the radials.

Without asking whether this is one of the matters on which the private member might have been invited to take the initiative, it may be said that if an association of the Dominion with the province is suggested in the interests of electric railway development, as an outcome of the development of provincial power, good may possibly come of it.

Everything depends on the government's attitude to the fundamentals of public ownership. On that rock the prosperity of Ontario must be built. The building cannot be done by those who are lukewarm to the mighty principle which has enabled Sir Adam Beck and the Hydro to make a world's record, with Niagara Falls as the primary instrument of progress. In the show-down that is now due, the Drury government must make its devotion to public ownership absolutely unquestionable. It must insist that, so far as it may touch the development of the Canadian National Railways, which are the prime transportation services of this province, the public ownership and operation shall be the first, last and persistent interest. If it takes any other course, it will go to pieces on the rock that should be its surest safety.

The choice is unmistakable. The Drury government must make it indubitably, constructively and irrevocably. It must not treat its wonderful opportunity as, in any sense, a negligible quantity in its own life or the life of the province.

Too much has been done; too much is at stake for anything else to be allowed to operate in Queen's Park except courage, candor, and the capability to utilize internally our incalculable assets in natural resources, and an unchangeable public will to make the most of them.

When Papers Agree.

When the Ottawa Citizen and the Ottawa Journal agree there is something doing in the realm of cogitation. And when the Montreal Gazette talks in the same tone as The World, on a matter of public ownership, perhaps The World should more seriously consider its future observations. But there are exceptions that prove the rule, and The Gazette's criticism of the opposition for its patting ineffectiveness about Canadian National Railways contracts goes to show that those who, like The World, actually contend for efficiency and confidence in public railway management, are of sound judgment. Truly, nothing that the government does is wrong to the Ottawa Journal. Nothing that it does can be right to the Citizen. But both papers are about equally resentful to the opposition peevishness towards the great public ownership responsibility the Dominion has assumed.

The Citizen endorses the constructive suggestion of Mr. Crerar, offered last fall as to the parliamentary relation to the C. N. R. Mr. Crerar is

Mr. Crerar is entirely sympathetic to the Canadian National Railways, and his party is with him.

Mr. Crerar is entirely sympathetic to the Canadian National Railways, and his party is with him. His attitude breeds confidence and makes criticism useful. The attitude reflected by the strangely named Liberal opposition develops bad blood, puts a premium on suspicion, and exalts inefficiency into a "political" asset.

There must be abundant openness and publicity of national railway affairs. But members of parliament have no more business to be petulantly hostile to the national operation of the national railways than they have to be antagonistic to the royal mint. The press is behind size in the railways' management and in the commons. It is against pettifoggery that does not understand that a revolution is proceeding in public service as expressed in tracks and trains.

Mr. Crerar is entirely sympathetic to the Canadian National Railways, and his party is with him. His attitude breeds confidence and makes criticism useful. The attitude reflected by the strangely named Liberal opposition develops bad blood, puts a premium on suspicion, and exalts inefficiency into a "political" asset.

Highest Court of All.

The Board of Commerce fancies itself as a court—and it is, even the one of its members has no legal qualifications for the bench. The board has been created by the press and other members with the ponderous reverence that is held to belong to silk and stuff. Among others the attorney-general of Ontario rebuked Chairman O'Connor, to the chairman's deep indignation.

The attorney-general makes a point that it is well to put before the public, "the high court of parliament." It is the highest court in the land, and is not subject to the overriding of any bench. As parliament is the highest court in the nation, the legislature is the highest court in this province, and a rebuke to an inferior tribunal from its highest legal officer may be very much in order. As the Board of Commerce is a Dominion-creation the attorney-general sent a copy of his critical letter to its chairman, to the minister of justice for his information and comment, if deemed proper. The minister of justice has not thought it necessary to chide Mr. Raney.

Nor did the minister of justice, who it was announced some time ago would be notified by the Board of Commerce that The World had editorially suggested that dignity becomes the board, deem it desirable to discipline The World, on call of the chairman. Whatever officials say or do the point to bear in mind is that parliament, and the legislature, are high courts, and their responsibility and duty should be magnified and not minified by all servants of the state.

Where All Credit Rests.

The Rural Growers' Guide declares that grain banks in the west have been instructed to go slow on credits to farmers, because a stringent financial period is in sight, and the banks must reef sail in expectation of it. The Guide protests against this policy, and urges that, as agricultural production is at the base of all recovery from conditions created by the war, expansion and not contraction of rural credits is the first requirement of the day, always provided that the security offered is adequate. It also points out that the governmental system of rural credits in Manitoba places the farmer in the senior prairie province in an advantageous position compared with his brother in Saskatchewan and Alberta.

The Guide's position is well taken. Whatever happens, farm production has the first claim on financial facilitation. It is necessary to feed the world, as to which Canada's position must be strengthened. It is necessary to make the national position unassailable, in which prosperous agriculture is the first desideratum. It is necessary to bring down prices through abundance of agricultural supplies as well as repression of profiteers.

Already it is said that the wheat acreage of Saskatchewan, the premier wheat producer among the provinces, this year is down twenty-five per cent. It is complained that hog production has also declined for reasons connected with the board of commerce. Rural credit is a necessary aid to rural production. The banks must surely know the side on which their own bread is first buttered.

The Eaton Goodwill.

The Nile is Egypt and Egypt is the Nile. To a remarkable degree Eaton's is Toronto, and Toronto is Eaton's. Each has made the other famous and prosperous. A business that celebrates its golden jubilee by closing shop all Saturday in summer, and at one o'clock on that day for the rest of the year, has got something about it superlatively that other successes in its own line must have also in goodly measure. There was eminent humanity in the closing policy,

MR. DRURY: We'll just send this down to Ottawa, and then, boss, it's up to you.

Railway Committee Refuses Charter For Building Branch Line Thru Gaspe Peninsula.

Ottawa, April 29.—By a majority of only two votes the railway committee of the house of commons, today refused to grant a charter to the Paboo Anqui and Edmeston Railway Company to construct a 248-mile road thru the interior of the Gaspe Peninsula. The day of subsidies is gone, I think, said Dr. Reid, minister of railways, who announced the decision. The road would be almost inevitably compelled to take over the road later on, to make it so or at least to subsidize it. The day of subsidies is gone, I think, said Dr. Reid, minister of railways, who announced the decision. The road would be almost inevitably compelled to take over the road later on, to make it so or at least to subsidize it.

State of Siege in Saragossa.

Madrid, April 29.—Martial law has been proclaimed throughout the province of Oviedo, according to official announcement. This step was taken as a precaution against possible disturbances on May 1. Declaration of a state of siege in Saragossa is reported, this being made necessary by the unrest prevailing among miners. The general strike called in the city of Saragossa some days ago has spread throughout the province. Almost immediately after the declaration of the state of siege the civil governor transferred his powers to the military authorities. Armed forces will be distributed among the principal mining centers.

Cheap for Canada, Declares Smithers.

London, April 29.—The ordinary spring meeting of the Grand Trunk Railway shareholders today proceeded very quietly. Chairman Sir Alfred Smithers maintained that the people of Canada, in acquiring the road, had obtained an advantageous bargain. He earnestly appealed to the meeting to refrain from discussion.

The Girl Who Smiled Thru.

By MARION RUBINCAM

ALICE IS LEARNING. CHAPTER 69. HOME LETTERS. CHAPTER 70.

So the small girl whom Alice expected to mother took things into her own hands, and it was Alice who obeyed her as docilely as a child. That first night she combed out Alice's thick brown hair and piled it into a massing puff on the back of her head, pushing it lightly here and there with the comb, pulling out an occasional lock and studying her roommate from every angle in great seriousness.

"You are so tall you have to wear dignified things," she said. "Your best pose is the gracious young matron sort of thing—that is, it will be when you are married. I see you are engaged." Alice blushed a little, looking down at her engagement ring. "Mean time, you can play the Greek goddess, tall and lovely and aloof—I say, wait a minute."

She pulled down Alice's hair, and dressed it again in classic fashion, curling iron among her possessions—and drew into a severe knot behind. She found some silver ribbon, and bound that three times around Alice's head, then stood off to one side, admiring her handiwork.

"You should wear looser draped gowns—this is it," she caught up in negligence Mrs. Marlowe had sent and flung it about Alice.

Alice stood off and looked at herself. Indeed, she was transformed. This young girl had suddenly made her head and her hair, and she looked like a goddess. It was another revelation—something like her first discovery that she was pretty.

Thru the weeks following, Alice absorbed knowledge from this young au-pair-haired sprite whom Fate gave her as a companion. Christine loved to rule others, but she did it so beautifully that no one of her many admirers minded at all. She saw that Alice needed training, and she gave her a thorough course in it.

"She's taught me three ways to comb my hair. Each one makes me look like a fashion-plate," Alice wrote home to Clara. "She's taught me how to manicure my nails—I think she's divine by a sixth sense that I can't afford to have it done. She made me sit down with all sorts of things, files and scissors and bleaches and powdered pumice—she has quantities of these things with her—and she made me polish with her and she says are nice enough to suit her."

Christine told her pupil, too, the colors she could and could not wear. "Always, when possible, wear gray-blue, and that makes you look young. It also brings out the character of your eyes and you have very fine ones. You'll notice I wear green a lot. Some people don't like green eyes. I do—because they're odd. If I wore clothes with a lot of patterns in them, or harsh colors, it'd have ugly on my gray eyes. I wear green and my eyes are mysterious looking. Or I wear black—that doesn't make my eyes prominent, but it makes my hair more fiery than my temper."

Alice sat back in the chair and laughed at her. Christine rarely sat—she lounged, squatting on the floor, or heaped, or walked pastlessly about. She the recent increase in wages permanent, instead of provisional, as at present, all the railroad men will go out on strike on that day. The document reached the minister just in time to give the legal five days' notice, which expires Saturday.

Novo Scotia Revenue Last Year Highest Since Confederation.

Halifax, April 29.—(By Canadian Press)—Last year the provincial revenue was \$2,280,313.42, the first time since Confederation that it has soared by more than a million dollars mark, and this year it will move up another digit in the nine-figure class, being calculated at \$4,008,138.90.

Hanna on C.S.L. Board, But No Financial Interest.

Ottawa, April 29.—In answer to a question asked recently in a debate on shipping Sir George Foster today informed the house that D. B. Hanna, chairman of the board of management of the Canadian National Railways, was a member of the board of directors of the Canada Steamship Lines. Mr. Hanna was appointed some years ago to the board to represent the Canadian Northern Railway, and protect the interests of that railway in general matters of lake traffic. J. B. Dalrymple, president of the Grand Trunk Railway, was also a member of the steamship line's directorate in a

PENN. MEET TODAY; STARS TO COMPETE

English Varsity Athletes Work Will Be Closely Watched—Toronto Entry.

Philadelphia, April 29.—With the Oxford-Cambridge track team as the star attraction, the University of Pennsylvania inaugurates its annual two-day relay carnival here tomorrow.

The keen interest evinced in the contest is reflected by the largest advance sale of seats in the history of the relays which covers a period of 25 years.

Chief interest centres in the performance of the visiting English runners. Oxford and Cambridge will compete in three events tomorrow, having one entrant in the 440-yard hurdle race, the three-mile run and the medley distance relay championship.

Montague of Oxford will be the British entrant in the special three mile run, which has been placed on the program to give the English runner a chance to show his ability in his specialty.

Overseas victors in cricbage league

OVERSEAS VICTORS IN CRIBbage LEAGUE

The season just closed has provided some close play among the leading teams, but unfortunately two or three of the best were unable to get their men together to finish out their schedule.

"What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

By MILDRED MARSHALL

ANNETTE.

France is responsible for the dashing little name, Annette, which conjures up visions of a slim chic creature of flashing eyes and a saucy smile. The very sound of the name seems to preclude any relationship with demure Anne, but they have a common origin in the Hebrew word meaning "grace," which the Irish have identified with their native Aine (Joy).

The name, from which Annette was evolved, was first used in France after a supposed appearance of the good St. Anne to two children at Auzay in Brittany and first gained vogue as a feminine name thru the Bretonne heiress, twice queen of France, who was popular in court circles insured its widespread usage among all classes in France.

Its popularity is in preference to the English Anne, calling it Annot. It penetrated England without change of form and currency enough in view of Anglo-Saxon distaste for Gaelic names, maintained its original form. Hence, in this country, it is bestowed without reference to its foreign flavor, and is almost never used as a derivative of Anne.

The yellow jaundice is Annette's talismanic gem. It will protect her against lightning and insure her safety in traveling. At the approach of danger or disease, it is said to pale in color. Saturday is her lucky day and on her lucky number.

OTTAWA WOMEN DISCUSS JOINING NATIONAL BODY

Ottawa, April 29.—"Shall we become an auxiliary of the Canadian National Institute for the Blind?" was the question discussed at a special meeting of the Ottawa Women's Association for the Blind, held this morning.

At the request of the local organization, Mrs. Lionel Clarke, wife of the lieutenant-governor of Ontario, and who is president of the Women's Auxiliary, Toronto branch of the Canadian National Institute for the Blind, attended and delivered an address, pointing out the advantages of affiliation with the national body.

A letter was read from the Ottawa and Hull Welfare Club of the Blind, asking that decision be deferred for at least one month, pending which, it was stated, the club is willing to assume the necessary expenses of the local clubrooms on Kent street. Decision was deferred.

City Hall Employees Make Merry in Arcadia

City hall employees and their friends held a dance in Mosher Arcadia, College street, last night, when about 500 couples occupied the huge floor. The hall was especially tastefully decorated for the occasion. Music was provided by MacKay and Sanders' orchestra. Among the prominent people in attendance were Lady Hamilton, Con. Maguire, Con. Ramsden, Mr. Rayburn, Ald. F. N. Johnston, Rydman, Maxwell, Johnston, Winnett, Blackburn, the city architect, Cecil Price, Mrs. Joy, the Misses Foy, Commissioner Shifhorn, Mr. Nix, Miss Dyke and Miss Marlon.

REFERENDUM PUT IN MOTION

News has been received from the attorney-general's department that a duly certified copy of the McCreey temperance resolution has been forwarded to the secretary of state by the clerk of the house, thereby putting the federal machinery in motion for the holding of a liquor referendum.

ESTATES AND BEQUESTS

Under the will of the deceased Mrs. Charlotte Bentley Snell her husband receives \$1, and the residue of her estate, valued at \$9200, goes to her children in equal shares. The husband filed a caveat against probate to deceased's daughters, but Judge Coatsworth ordered the will to be probated in solemn form.

The estate of Mrs. Nora Elizabeth Jarvis, valued at \$12717 is to be divided equally between her husband and two children.

By the will of the deceased Redmond Simpson, farmer, Whitchurch, his \$4628 estate is left in equal shares to his seven children.

A sister and a brother share equally in the estate of the deceased Miss Jane Jordan, valued at \$1330.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

His Excellency the Duke of Devonshire and his staff will make a stay of some length at the viceregal quarters in the citadel, Quebec, in June.

The dinner given by the management to the members of the Mendelssohn Choir, conducted by Mr. Fricker, last night in the Poppelton room at the King Edward, was the cheeriest, most enjoyable and a very excellent dinner in the bargain. They sang before dinner and between the courses, accompanied by Mr. Frederick Planté. The tables were decorated with many brilliant colored balloons. At the head table Sir Edmund and Lady Walker sat with the president, Mr. G. H. Parks, Col. Leckie (Ottawa), Mrs. Fricker, Miss Vogt, and the committee consisting of the following: Mr. R. W. Harrison, Mr. J. M. Andrews, Mr. W. Baldwin, Mr. W. Power, Mr. H. Dale, Mr. W. Smith, Mr. E. H. A. Watson, and Mr. M. Stevens.

Edmund made a very telling speech, and the president was presented with an address and a gold watch and chain in an appreciation of his wonderful work for the choir in the last four years. Over 200 were present, and while the tables were being cleared the members sang several times and danced till midnight.

Lady Walker, who was a very welcome guest, wore a handsome gown of green and gold brocade with train and panel and paniers of beautiful lace, and a magnificent necklace of opals and diamonds.

Mrs. Fricker wore a very becoming black lace gown over satin trimmed with jet; Miss Vogt was in black tulle and jet; a few of those present included Mrs. Frank Mackelcan, Mr. Fred Mackelcan, Miss Agnes Danlop, Mr. Cecil Fricker, Mr. Thomas Reid, Mr. and Mrs. Percy Milnes, Miss Bush, Mrs. Middleton, Miss Elizabeth Walker, Mr. and Mrs. Gaver, Miss Henderson, Miss Helen Martin (Bowanman), Mr. Holt, Mr. Crowther, Dr. and Mrs. Roberts, Mr. Hall, Miss MacLennan, Mr. Reginald Forner, Dr. and Mrs. Alexander Davies.

Miss Beatrice Santrey, who has been ill in Winnipeg with scarlet fever, has now quite recovered and is again staying with her sister, Mrs. Goretz. She will not return to Toronto until the end of May.

Miss Watts, Winnipeg, is visiting Miss Georgia Watts, Beaumont road.

Mrs. Gordon Mills gave a shower on Wednesday for Miss Gladys Fricker. Mrs. Arthur Goulding is giving a tea in her honor on Saturday afternoon.

The Speranza Musical Club met at Mrs. Charles E. Clarke's house in Bedford road on Wednesday night, when the program was given by Miss Backhouse, Copeland, Mrs. W. G. A. Lamb, Miss Jeanette Stevens, Miss Lorna Stovell, and the visitors, Mrs. J. N. G. Starr, Mrs. George Dickson, Mrs. J. B. Laidlaw, Mrs. Gerrard, Mrs. Mrs. Frank Cowan, Mrs. P. C. Lee, Miss May Denison, and a very goodly number of members were present.

Mr. Harold Jarvis is in town from Detroit and will sing in Cooke's Church on Sunday.

Captain and Mrs. John Purdy are leaving Ottawa, and will in future make their home in Toronto.

Mrs. Austin, Spadina, gave a luncheon yesterday for her niece, Miss Betty Grosche.

Miss Kitty Armour, who has spent the winter in a round of visits in Toronto, Bermuda, Ottawa, is leaving next week for Vancouver to rejoin her father and mother.

Mrs. H. Gordon, who has been in town with the Misses Merritt, Isabella street, has returned to St. Catharines.

The Canadian Buffs Association gave a very enjoyable dance in the Masopie Temple last night, when the women receiving were: Mrs. John A. Cooper, in a gown of black satin and sequins; Mrs. Irish, black chiffon over white satin embroidered with opaque beads; Mrs. Charles Boothe, black embroidered satin with emerald sash. The programs were decorated with bands of the regimental colors, buff and blue. Between the dances there were some musical numbers, contributed by Miss Bethie Taylor and Mr. C. Butler. Supper was served in the room downstairs and the dance was kept up till quite late. A few of those present included Miss Lillian Irish, wearing a frock of blue and buff chiffon embroidered with gold; a gold dragon fastening the corsage; Mr. Tom Johnston, the Misses Phillips, Mr. Sidney Fletcher, Miss M. Williams, Capt. Philip Garrett, Mr. E. Cuthbertson, Mr. Henry Gooderham, Miss Westwood, Mr. Harry Westwood, Mr. Donald Hamilton, Mr. Harry Boothe, Miss Marjorie Scott, Mr. Edward Boothe, Miss Ethel Gilchrist, Mr. Fred Watts, Mrs. Gilchrist, Miss Georgia Watts, grey georgette crepe embroidered with blue; Miss Mildred McLaughlin (Oshawa), Miss Margaret Morton, navy blue taffetas; Miss Watts (Winnipeg), black georgette crepe; Mrs. M. Laidlaw, Windyey, Mr. Murray Hamilton, Mr. Stewart Penner, Major Fidy, Miss Thompson, Mr. McClivray, Capt. Scott, Mr. Scott, the latter in a crystal gown with panels of brocade rose; Mrs. Anderson, Belgian blue chiffon over white with jet; Mr. Moray Anderson, Captain W. Laidlaw, Miss Hilda Brown, in white crepe de chine; Capt. Watson; Miss Jean McLaughlin, navy blue taffeta; Mr. Wisner, Miss McLaughlin, green crepe and silver; Major Watson; Mr. Scott; Mr. Shirley Hamilton, in mauve crepe; Miss McConnell, blue and silver brocade over

Mrs. Frederic Baquet, formerly Miss Edith Watson, whose marriage took place on Wednesday, with her two sister bridesmaids. —Photo by Kennedy.

BEE BREEDING BEST IN COLD CLIMATES

Professor Sladen Says Eastern Ontario Ideal Field for Apiaries.

Eastern Ontario, all the way from Ottawa to a point slightly west of Toronto, forms one of the finest bee-keeping districts in the Dominion. Also the Ottawa district, owing to the intensity of the climate, is excellent wintering ground, the bees remaining within clover, so to speak, instead of venturing risks in inclement weather, as might be the case in such temperature zones as England and Wales. This was the opinion of Professor F. W. L. Sladen, noted British scientist and Dominion apiarist, in an address delivered last night before the Toronto Beekeepers' Association at Foresters' Hall, Hon. Manning Doherty, minister of agriculture for Ontario, was another interesting speaker. He anticipated a new beekeepers' building at Guelph in the very near future. Mr. Doherty pointed out that beekeeping in Canada produced a revenue of more than \$3,000,000, and stated that there were more than 2000 colonies around Toronto alone. He spoke of Ontario a rapid increase in the industry in the closing years and stated that the provincial government would lend every encouragement and assistance possible to the apiarist.

Professor Sladen in his address pointed out that while Ottawa was colder than Toronto by 12 degrees in winter it was three degrees warmer in spring. This was because the climate, with the seasons, changed very rapidly in the colder and more slowly in the more temperate climate. A strange

SIR CHARLES BECOMES MEMBER OF G.W.V.A.

Major-General Sir Charles Townshend, K.C.B., D.S.O., who is to visit the city on Monday, has accepted life membership in the Benches Branch G.W.V.A. He will be presented at the civic reception in his honor with a morocco-bound copy of the constitution and a gold membership badge of the association.

Comrade C. Cannon will make the presentation on behalf of the branch. Comrade Cannon served five years under Sir Charles in Mesopotamia.

TORRENS SCHOOL FULL

Twelve Rooms Overcrowded—Six Additional to be Built.

Torrens avenue school, Todmorden, is now full to capacity in its twelve rooms, and one additional room in the Maynard house adjoining which was purchased a short time ago. The number on the rolls is 800, and no children under seven years of age can be admitted. It is the intention of the school board to build six additional rooms and the work will commence in the near future and be ready for occupation next November.

Five rooms will also be opened at Chester School, Don Mills road, next September. The basement of the new Torrens avenue annex, which is now under construction in the old school building and will be used as an assembly hall and for ratepayers and similar

was a member of the original 4th Battalion, having enlisted on Aug. 6, 1914, two days after war broke out, and crossed with the first contingent, and stayed with the forces until they entered Germany after the armistice. He won his commission at Vimy Ridge. Miss Pringle nursed in military hospitals in Canada for several years during the war. They will live in Toronto after a short honeymoon in southern cities.

The bride looked very pretty in her traveling gown of navy blue serge with hat to match and beaver-trimmed Hudson seal coat and corsage bouquet of lilies of the valley and orchids. She wore the groom's gift—a lovely string of oriental pearls.

At 7 o'clock last night the marriage was solemnized by the Rev. Sebastian Whiffred, daughter of the late Mr. Edward Parkes and of Mrs. Parkes, to Mr. Robert Charles Medland, son of Mr. and Mrs. Frederick Medland. The bride, who was unattended, looked lovely in ivory satin and georgette crepe, with a French hat, her flowers being white and pink roses. She wore the gift of a diamond cluster ring. After the ceremony Mr. and Mrs. Dundas held a reception for their niece, Mrs. Dundas received, wearing French blue satin and pearls. Mr. and Mrs. Medland left for their honeymoon at 8 o'clock. Their return will live at 81 Chelsea avenue.

BEE BREEDING BEST IN COLD CLIMATES

Professor Sladen Says Eastern Ontario Ideal Field for Apiaries.

Eastern Ontario, all the way from Ottawa to a point slightly west of Toronto, forms one of the finest bee-keeping districts in the Dominion. Also the Ottawa district, owing to the intensity of the climate, is excellent wintering ground, the bees remaining within clover, so to speak, instead of venturing risks in inclement weather, as might be the case in such temperature zones as England and Wales. This was the opinion of Professor F. W. L. Sladen, noted British scientist and Dominion apiarist, in an address delivered last night before the Toronto Beekeepers' Association at Foresters' Hall, Hon. Manning Doherty, minister of agriculture for Ontario, was another interesting speaker. He anticipated a new beekeepers' building at Guelph in the very near future. Mr. Doherty pointed out that beekeeping in Canada produced a revenue of more than \$3,000,000, and stated that there were more than 2000 colonies around Toronto alone. He spoke of Ontario a rapid increase in the industry in the closing years and stated that the provincial government would lend every encouragement and assistance possible to the apiarist.

Why Pay More For Your Bread?

The recent advance in the price of bread was not caused by the boycott on potatoes. A few months ago flour advanced, but the bakers did not raise their prices. Now a 20% advance has been given bakers and drivers, and the two increases are too much for the old prices. We were therefore compelled to raise our prices. Every fair minded citizen will acknowledge that this bakery at least has always striven to keep the price down; and it is only justice to say that the Toronto bakers have been the last to put up their prices.

Lawrence's Bread

is the best bread we can make. The selected ingredients, with perfect baking, result in a loaf of superior quality, rich in nourishment and irresistible in flavor. If you don't take Lawrence's Bread you are missing a treat. In a conscientious effort to combat the high cost of living, the Lawrence Bakery offers an actual saving in cash every time a customer buys tickets.
