The Seventy-fifth Annual Report of the Montreal General Hospital.

LADIES AND GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL :

I have the honor of presenting a synopsis of the Receipts and Expenditure of the Hospital, and of the proceedings of the Governors for the year ending 30th April, 1897.

The ordinary income of the year was	\$71,183 12
The ordinary expenditure of the year was	71,302 37
Showing an excess of expenditure of.....	<u>\$119 25</u>

Comparing the ordinary expenditure of 1895-96.....	\$66,476 57
With that of the present year.....	<u>71,302 37*</u>
The latter exceeds the former by.....	<u>\$4,825 80</u>

An analysis of the year's outlay shows that the chief items of increased expenditure have been: Provisions, \$1,119.71; drugs, \$518.18; appliances, apparatus, and instruments, \$1,378.24; fuel and light, \$1,818.50;* repairs, \$2,207.44.

There has been a diminished expenditure in the following items: Furniture, \$1,173.68; bedding and linen, \$1,767.76; insurance, \$474.06.

Comparing the income of 1895-96.....	\$66,347 90
With that of 1896-97.....	<u>71,183 12</u>
The latter exceeds the former by.....	<u>\$4,835 22</u>

The following legacies have been received during the year: From the estate of R. L. Gault, \$900; C. McGreevy, \$86 42; J. G. Robson, \$6,768.79; George Childs, \$450; John C. Watson, \$1,927.50; Hon. Alex. Cross, \$900; Mrs. Kate M. Buckland, \$900; Hon. Edward Murphy, \$450; Miss Grace Murray, \$450; making a total of \$12,832.91.

*The capital account for electric plant has been credited with \$2741.35 in reduction of its cost. In less than two years the capital expenditure for the electric plant will be paid off by charging the light account with what it cost in former years.

Although the expenditure is somewhat higher than last year, it is accounted for by the increased number of patients. Deducting the item of \$1,643.69 for apparatus and instruments carried over from last year, the charge for each patient per diem is exactly the same in both years—\$1.18.

The total number of indoor patients treated to a conclusion during the year was 2,563, an increase of 171 over last year. Of these 162 remained over from the preceding year, and 2,554 were admitted during the year 1894-95; 153 patients remained in hospital at the end of the year.

There were discharged	2,375
There died in Hospital	188
There remained in Hospital on April 30, 1897	153
	2,716
Giving a total of cases treated during the year of	<u>2,716</u>

Of the above 188 deaths, 65 occurred within three days of their admission.

The average number of patients in the wards during the year was 169.5, an increase of 15.5 as compared with last year. The average number of days in Hospital per patient was 23, and the aggregate number of days in Hospital by all patients was 59,272—an increase of 2,886 as compared with last year.

Of the indoor patients treated to a conclusion, there were :

Males	1,528	Protestants	1,329
Females	1,035	Roman Catholics	1,133
		Other religions	101
	2,563		2,563
Ordinary patients	1,990	Immigrants	8
Ordinary pay patients	411	Strangers	314
Private pay patients	162	Sailors	70
		Citizens	2,171
	2,563		2,563

The death rate has been 7.3 per cent., or, excluding the 65 cases which occurred within three days after admission, 4.8.

In the general out-door department there were 44,658 consultations, an average of about 145 daily.

The ambulance responded to 779 calls, the expense being partly defrayed by a grant of \$500 from the city.

The following Life-Governors have died during the year :—James Brown, Robert Benny, Alexander Currie, Angus Grant, Sir Joseph Hickson, John Kerry, Wm. G. Murray, Moses Parker, E. H. King.

Seventeen gentlemen have been constituted Life-Governors during the year :—Murray Kennedy, Clarence J. McCuaig, Peter McKenzie, Henri Laporte, J. H. Routh, J. J. M. Pangman, Alf. Brunet, J. Henry Birks, Harold E. Stearns, Fred J. Shaw, H. Mundenloh, D. J. McArthur, Dr. C. Ault, Louis Rubinstein, E. L. Bond, John Cunningham, Dr. J. M. Elder.

In October of last year a very successful Fair was held to form a fund for the purchase of instruments. After consultation with the Fair Committee, it was decided to expend \$4,000 in fully equipping the Hospital with requisite instruments and apparatus. The balance, amounting to \$7,202, has been invested as a fund—of which the interest is to be used in future years—in renewing instruments. A quantity of instruments has been already delivered, and the remainder will arrive in the course of a few weeks. To the ladies and gentlemen whose arduous labors brought the Fair to such a successful issue we tender our cordial thanks.

During the year an electric plant has been placed in the Hospital, and has already justified the initial expenditure by the great saving effected. The power is also utilised for the electrical apparatus required by the medical staff.

The appointment of a House Pathologist has much facilitated the work of the Laboratory. The increase of work and its excellent character are sufficient warrant for the wisdom of this change.

The Infectious Department has been under the charge of Dr. W. M. Fisk for the past year, and the work has been carried on in a most satisfactory way.

Dr. Ridley Mackenzie, who filled the position of Medical Superintendent for two years in a most able manner, resigned to enter private practice. His successor, Dr. Hugh Kinghorn, has unfortunately been obliged to leave the city owing to ill health, and the Hospital is thereby deprived of a valued and experienced officer.

Dr. Bazin, who held the position of Medical Superintendent for the greater part of the year, and had previously done excellent work both at the Hospital and in the Infectious Department, has resigned to commence private practice.

The whole respectfully submitted,
