Buying School Clothes

is almost as important as buying school books. If all parents bought where the qualities are best, the styles handsomest, and the prices lowest, we would have a monopoly on the trade. However, the vast majority seem to be coming here. They are appreciating the excellence of our school clothing and the low prices at which we sell it. Friends are telling friends, and neighbors are telling neighbors, and we are sure to do the bulk of the school business this year.

Cool in summer—warm in winter

The General Says
Neither the hot winds of summer nor the cold blasts of winter can penetrate our roofing or wall board. Roofing covered with wood shingles, slate, or tile, used one or more layers of our insulating materials under them to keep the building cool in summer and warm in winter.
The use of wall board as an improvement over lath and plaster is becoming universal. Being a non-conductor of heat, it saves fuel in cold weather and keeps out the hot winds and heat of the summer. The great service and very low cost of our materials have led to their extensive use everywhere.

THE GERMAN WAR COMMANDMENTS

'Thou Shalt Have No Other Thought Than War' is Another

Berlin, Aug. 6.—(Correspondence of The Associated Press)—Of the numerous "war newspapers" that have made their appearance in camps, barracks, and headquarters on the various battle fronts, none has been more successful than the "Liller Kriegszeitung," published in Lille, France, the headquarters of the Sixth Army under command of Crown Prince Rupprecht of Bavaria. Success is due largely to the personality of its editors, Capt. Paul Oskar Hoeker and Baron von Ompedda, two well known German authors.

After forty weeks of publication, the editors have selected the best from the 400 issues and have put it out in book form. The little book is jammed with poetry and prose, with clever illustrations and sketches, and excellent photographs, all of which have appeared in enlarged shape, in the "Liller Kriegszeitung."

One characteristic article is "The Ten Commandments of the War," by Dr. Karl Wolff, as follows: "This is the war, my people, that has torn you out of comfort and quiet, but also out of sleepiness, doubt and overeating. 'Thou shalt have no other thought than the war. For its effects will be felt unto the third and the fourth generation, if we weaken, but it can bring blessings unto the tenth generation if we conquer and found the revived world on German principles. 'Thou shalt not take the name of this terrible war in vain, neither in rough jest nor by anything unworthy in picture or words. 'Remember the peace in thy soul, that this confidence may inspire thee when you serve the present and destroy its fearful works. For the future is as a feast of thy people, an asylum of industry, and joy, for thee and thine, for all who endeavor, even for the stranger who dwells within the gates. 'Honor thy father and mother, by guarding the home and the ground they rest in. 'Thou shalt kill—for the sake of your

life, which emanates from destruction.

'Thou shalt let nothing be stolen that belongs to thy people.

'Thou shalt honor Germany's women; they bear sacrifices and suffering without complaint.

'Thou shalt not tolerate false witness against thy people.

'Thou shalt not covet thy neighbor's customs, good and bad, manner of speech and dress, nor anything else made for foreigners. But let German spirit in future go out to the world, strong through development, powerful in understanding, to gather the best of all peoples for use at home.'

And in the same issue appeared one of the favorite acrostics headed by the question: What has England and what have her allies to expect from their opponents? The answer is: T urked, O sterreich, D eutschland.

The three initial letters T O D make the German word "death."

The second German war loan of 2,000,000,000 marks was so large as to be incomprehensible to the average soldier, so one of them proceeded to make it intelligible by translating it into glasses of beer. Even then the sum was staggering.

Estimating each glass at 20 pfennings, or one-fifth of a mark, the industrious figure achieved 45,000,000,000 glasses of beer. A war strength company of 200 men, drinking a glass of beer apiece each quarter of an hour day and night, would have to keep up drinking beer for 1,387,500 days, or 5,171 years, 85 days in order to drink up the war loan.

HELPED TOWARDS SUCCESS
The members of the Knitting Circle of East St. John wish to thank Geo. Handron, Andrew Crozier, Harry Leonard, Fred Fawcett, Leonard Magee, W. J. Forbes and the Misses Marshall, Sparks, McHugh and Ward for their valued assistance at the garden party at Courtney Bay Heights on August 21.

OPPOSE FRENCH ON SCHOOL QUESTION
Ottawa, Aug. 29.—A pronouncement in the Ottawa separate schools and bilingual question, signed by the English-speaking parish priests of this city, was read by them at mass today. It was an endorsement of the educational policy of the Ontario government, which has placed the Ottawa separate schools under the management of a government commission because the French majority of the separate school board for two years denied the department of education in the matter of the rules calling for the teaching of English at the dominant language.

In addition to this, Rev. Fathers Fay and O'Connor referred to the university having removed all the English-speaking priest-professors and lay teachers, with the exception of three out of a teaching staff of forty-three. They urged English-speaking parents to send their children to such colleges as Loyola, Montreal; St. Michael's, Toronto; St. Augustin's, Toronto; St. Francis Xavier, Antigonish (N. S.), and other colleges than that of Ottawa University.

LOCAL NEWS

HERSPERIAN ACROSS AGAIN.
The Allan liner Hesperian arrived at Liverpool on Friday night at 11.30 o'clock.

VERY SUCCESSFUL.
A successful tea and sale was held on Saturday afternoon on the grounds of E. H. McArthur's residence, Hillside, under the auspices of the Ladies' Aid of the Westfield Methodist church. The tea tables, ice cream, candy and fancy work booths were well patronized and the proceeds amounted to about \$185.

JONES-GREEN.
This morning at the home of Rev. M. E. Connor, of Portland Street Methodist Church, Miss Edna Pearl, daughter of Mr. and Mrs. Major H. Green, was united in marriage to G. Robert, son of Mr. and Mrs. F. S. Jones. Both are of this city. The bride was unattended. Mr. and Mrs. Jones left on the early train for a short trip through Nova Scotia. On their return they will reside at 189 Mecklenburg street. Many handsome and useful presents were received.

KRETCHMER-MICHELSON.
The wedding of Isidore Kretchmer of New York to Miss Jennie Michelson, a resident of St. John, daughter of Mr. and Mrs. Michelson of New York, took place on Sunday evening at 25 King street east, Rev. Mr. Rothberg officiating. The bride wore a white silk gown and carried a bridal bouquet. On Tuesday evening Mr. and Mrs. Kretchmer will leave on a wedding trip which will include a visit to Montreal before proceeding to New York, where they will reside.

BACK FROM RIVER RESORTS.
The Oceanic was crowded this morning with passengers from points up river. There were many children, returning to school, and their sun-browned faces told of happy holidays. Every wharf and boat stop along the beach was made. Yesterday was very rainy all along the river, but this morning broke fine, and the cottagers were reluctant to come away. The Oceanic will make her early morning trip next week on Tuesday morning, to accommodate those who wish to spend Saturday, Sunday and Labor Day along the river.

SAW A MOOSE AND DEER.
The passengers on the Oceanic saw a moose and a deer on the hillside just above Woodman's Point, on the west side of the river, between seven and eight o'clock this morning. The moose was first seen coming out of a clump of woods into an orchard and thence into a grain field, and moving toward the river. A few minutes later a deer was seen running through the same field, pursued by a dog. No doubt both moose and deer had been frightened by the dog. As the steamer moved out of range they were still travelling toward the highway and the river.

POLICE COURT.
In the police court this morning Harry O'Leary was warned that he was liable to ten months in jail for drunkenness in Sydney street and also for resisting the police. Two men arrested for drunkenness were remanded until inquires can be made as to where they procured the liquor. William McGuigan and William Donnelly were remanded as the police were not prepared to prosecute. The charges in pocket peddling. John McCaustlin was told that if he was whipped, he would only be getting his just deserts for drunkenness and assaulting his mother. His mother said she would like him stopped from going near her home when he was under the influence of liquor.

TO GET CAR SERVICE OVER NEW BRIDGE

Action is Being Taken—Reported Today That Early Announcement Was Expected

Though the curves and grades on the approaches to the new bridge are the same as on Saturday, when so much objection seemed to be raised with regard to the street cars crossing within a reasonable time, the situation seems to have changed in some particulars for it is understood the attorney-general, Hon. J. B. M. Baxter, has taken a hand in the proceedings and a meeting of the directors of the street railway has been called for this afternoon to discuss the matter with a view to hastening the work in a satisfactory manner to the public. The attorney-general said this morning that he was doing all within his power to have the objections overcome. Any part or sections of the old suspension bridge in the way would be removed and everything done to facilitate an early start. It will be remembered that a large and representative committee consisting of six members from the Lancaster board of trade and an equal number from the St. John board of trade, the Lancaster councilors, Mayor of St. John and commissioners, with Hon. Dr. Baxter, was appointed at a meeting of the Lancaster board of trade last week to confer with the street railway officials and urge that the work be rushed before the cold weather set in. With the machinery set in motion, as intimated, this meeting will not convene until it is seen just what move the street railway will make next. A Lancaster official said this morning that there were grades and curves on the street railway line in St. John city more steep and dangerous than that at the new bridge, and that the excuse would not be accepted by the public. Something definite is expected at once.

The Empty Trees

Why pole the trees that have no persimmons on them? In other words why waste advertising money on large sections of the country where there is little or no hope of returns? Why not concentrate on the places where business is ripe? In other words why not advertise in the newspapers of the cities where the goods are well distributed? This kind of use of the pole lands the greatest quantity of ripe and juicy fruit.

FAMILIES ON PATRIOTIC FUND LIST IN ST. JOHN

At The End of July They Numbered 658

INCREASE SINCE THEN

Provincial Fund Practically Exhausted by End of September and That is Why General Call Has Gone Forth

The Patriotic Fund, which is now appealing to the liberality of the people of this province and of Canada at large, is designed first and last to relieve cases of distress among the families of soldiers who are fighting the emperor's battles. It is not intended for those who are not in need, or who are in a position to care for themselves comfortably. (Exceptions have been made by the St. John branch to wives of soldiers, all such claims, when bona fide, being paid without question.) Nor is the fund a charitable organization, in the sense in which such organizations are usually known now-a-days. Every soldier's family in need or who cannot care for itself comfortably by reason of the absence of the bread-winner, is entitled to a share of the fund. The investigating committee, appointed by the managers of the fund to enquire into applications from soldiers' families, exists for the purpose of preventing the fund from being imposed upon by unscrupulous persons, or deciding the amount of relief to be extended, and of conserving and protecting the fund for those who have a genuine claim upon it.

If a soldier's family wishes to be placed on the fund, the applicant is required to fill in a blank which gives all necessary particulars with respect to the claim. This form is passed on to the Women's Auxiliary who appoint a member to visit the family and consult with the wife or mother as to her condition and necessities. The visiting lady submits a written report of the case and this report is turned over to the claims committee of the fund, who pass upon it at once and make such recommendation as the circumstances call for. The schedule prepared by the managers of the fund at Ottawa, provides that a wife shall receive \$1 a day or \$30 a month, a child between ten and fifteen years old, 25 cents a day; between five and ten years, fifteen cents, and under five years, ten cents a day. A recent ruling of the fund managers limits the twenty-five cent allowance to one child in a family; all the rest receive ten cents each. The separation allowance \$20 due the wife is deducted from this.

A few figures with respect to the relief extended by the St. John branch may not be out of place. In December, 1914, the number of cases on the roll here was 890; amount of money expended in relief, \$4,804.25; average per family, \$15.78. In June, 1915, the number of cases reached 616 and the gross payments \$9,778.81, average \$14.76 per family. In July the roll had been further increased to 638, and the payments to \$10,888.87, an average of \$15.48 per family. The August statement has not yet been prepared, but there has been an appreciable increase. It is worth noting in this connection that while the work of the branch has almost trebled since last December, the cost of administering the fund has remained the same, the only additional office expense being postage and stationery. The war tax alone adds about \$40 a month to the stamp expense of the branch.

The total contributions to the fund in Brunswick up to July 1, amounted to \$135,784.34, or about 40 cents a head of population. The district controlled by St. John contributed \$5,708.66. The payments on account of the provincial fund up to July 1 amounted to \$92,465.20 (the same \$66,702.98 was paid out for cases in the district covered by St. John). After the August and September payments have been provided for the province contributions will be practically exhausted. The campaign which is being inaugurated at the present time is for the purpose of replenishing the provincial fund and placing it in a position to meet all claims that may be made upon it. The importance of such a campaign can be readily recognized.

SUGGESTS NEW WAY TO GET AT RECRUITS

Discussing the recruiting campaign with a Times man at the Queen Hotel in Fredericton one evening last week, Mr. McDade made the suggestion that if the matter were taken up by the life insurance managers and their solicitors in the province it would produce the very best results, for the reason that these men were always after recruits, and it was their business to know the very class of men, and all of them, who would make good soldiers. Mr. McDade pointed out that it was the business of insurance men to get in touch with all the insurable men in the community, and if they have a system of doing it with the least expenditure of time and energy; and if they took up this matter of making an appeal that would come personally to every possible recruit for the army they could be depended on to do most valuable work. He ran over a list of managers and said he believed every manager and solicitor would be glad to co-operate.

PLEASANT OUTING.

The annual outing of the Brussels street Baptist church and Bible school was held on Saturday afternoon and evening, taking the form of a basket picnic at Seaside Park. Sports furnished amusement for the younger folk and the affair was greatly enjoyed. The weather was good and nothing marred the pleasure of the day except the inconvenience of getting across the bridge.

THE RECRUITING COMMITTEE.
The members of the special committee to obtain recruits adjourned from Friday last, and those members since added are requested to attend at the city building this evening at 8 o'clock to organize and take immediate steps to fill the ranks of the 85th. The need is urgent and all help available is required.
