French Making Sensation Over MacDonal's Words  
DIE, 30 SAVANNAH STEAMER BURNS

**HERRIOT ASKS BRITISH PREMIER FOR EXPLANATION**  
Reparations Agenda Bound Only British Govt., is Reported Reply.  
PRESS IS BITTER  
French Premier's Opponents Say London Conference Already "Ruined."

(United Press.)  
Paris, July 5.—A first class political sensation, which promises seriously to lessen the chances of success of the London Reparations Conference, scheduled for July 16, has developed over the wording of Premier MacDonald's invitation to the conference. The Paris press comments bitterly on what is considered British high-handedness in outlining the agenda without consulting France, and the French cabinet for two hours on Friday discussed the situation created by the Franco-British misunderstanding.

Premier Herriot, it is learned, told the Chamber of Deputies that he had sent Premier MacDonald a telegram requesting a frank explanation of the form and wording of the invitation, and had intimated that if England did not settle what was meant by the so-called "programme invitation" France would make public her own viewpoint as to what should be included in the agenda of the conference.

It is understood that the British Foreign Office has replied to this note by saying that the programme outlined in the invitation "bound only the British Government."  
The newspapers here emphasize that several points in the programme as laid down by Britain are diametrically opposed to the French policy and to French interests.

**Weapon Against Herriot**  
Herriot's enemies are using the situation as a weapon against him and the opposition press has begun a campaign similar to that which preceded the rupture at Cannes. The Premier's explanations before the Foreign Affairs Committee did not seem to quiet the excitement and the corridors of the Chamber of Deputies buzzed with discussions after the session.

Opposition deputies were predicting that the London conference was already "ruined" and saying that Herriot's difficulties had been increased immensely.  
"Where is the perfect Franco-British accord reached at Chequers?" was the question voted on all sides by opposition groups.

**30 Women Fight Over Lone Pigeon**  
New York, July 5.—Four women were injured in a fight over a pigeon in Long Island City, to such an extent that their removal to hospital for treatment was necessary. Thirty women participated in the melee.

The injured are Mrs. Alberta Gilnetti and Mrs. Anna Glorioso, and Mrs. Rosa Mangano and Mrs. Josephine Dembroni. Mrs. Gilnetti was cut on the head and the others were variously cut, bruised and scratched.

**THAW'S BROTHER LEAVES MILLIONS**  
Goes to Relatives and Charity—Son by Former Marriage Gets \$50,000.  
Pittsburg, July 5.—An estate amounting to millions was bequeathed to his wife, his son and other relatives by Edward Thaw, son of the late William Thaw and brother of Harry K. Thaw, in a will admitted to probate here. Charitable organizations also were remembered.

Reference is made in the will to an agreement entered into with his first wife, Freda Marsh Thaw, formerly of New York, on October 15, 1905, for the support and maintenance of his son, Lawrence Copley Thaw, and because of this the testator did not provide for him equally with his son, Edward Thaw, Jr. He makes the former a bequest of \$50,000 absolutely.

**Forest Rangers Are Reported Drowned**  
Quebec, July 5.—News has reached the forest protection service of a tragedy which occurred last week in the Temiscamie district in the course of which two forest rangers, named J. Monet and J. Bellehumeur, lost their lives by being drowned while on duty.

**Woman Appointed To C. P. R. Position**  
Winnipeg, July 5.—It is announced at the office of the vice-president C. P. R. that Mrs. George H. Williams, in addition to her duties of agricultural representative has been assigned the duties of representative of the land settlement. She is the only woman in Canada in railway agricultural work and her new appointment is also the first of its kind to be held by a woman. Mrs. Williams and her husband own and operate two mixed farms at Stonewall, Manitoba.

**Wire Briefs**  
Ottawa, July 5.—Yesterday in the Senate the bill amending the Business Profits War Tax act was given third reading.  
Ottawa, July 5.—On Monday, in the House of Commons, the redistribution bill and the supplementary estimates may be introduced; also the Senate bill to amend the Industrial Disputes act. After that the proposal for a government inspection of banks will be taken up. The Senate will not sit.

**IMMIGRATION TO CANADA SHOWS A BIG INCREASE**  
More Than 38,000 People Entered the Country in April and May.  
FEWER FROM U. S.

(By Canadian Press.)  
Ottawa, July 5.—Substantial increase over the corresponding period last year in immigration to Canada is noted in a statement issued by the department. In April, 1924, a total of 18,200 people came to Canada to settle, including 9,410 British, 1,880 Americans and 8,082 from other countries. In May, 1924, a total of 19,494 entered Canada, of which 10,861 were British, 1,799 Americans, and 6,834 from other countries, a total for the two months of 38,694.

**HONOR MEMORY OF PRESIDENT WILSON**  
Half of Quai Mont Blanc at Geneva is Renamed "Quai Wilson."  
Geneva, July 5.—Geneva was never more glorious than when, with simple ceremony, the northern half of the famous Quai Mont Blanc yesterday was renamed "Quai Wilson."

**KILLED TWO LIONS ON WAY TO COAST**  
South African Boy Scout Contingent Sails For London Jamboree.  
Capetown, S.A., July 5.—(Canadian Press Cable via Reuters)—South Africa's contingent of 201 Boy Scouts for the Imperial Jamboree which sailed for London today, includes nine boys from Kenya, one of whom traveled hundreds of miles in an oxwagon and hundreds of miles on foot through lion-infested countries. Another scout from Kenya admitted nonchalantly that he had killed two lions on the way to the coast.

**MARRIES IN CANADA; CAN'T TAKE HIS WIFE**  
Niagara Falls, Ont., July 5.—The new regulations regarding entrance to the United States are working hardship in many cases. Many men and women were certain that they would be able to cross, but are still being held waiting for the necessary visas.

**N. B. PUBLIC WORKS ITEMS ARE PASSED**  
Appropriations on Wharf Repairs in Province at \$123,850 Total in Commons.  
Ottawa, July 5.—The House of Commons in committee tonight took up estimates of the Department of Public Works. A total of \$123,850 for the dredging of Yarmouth harbor, Nova Scotia, was passed and the committee considered estimates for harbors and rivers in P. E. Island.

**ITALIANS PLAN AIR EXPEDITION TO NORTH POLE**  
Three War Medallists Propose Starting Flight About July 20.  
RACE PROMISED  
Amundsen, With Russian Aviators, Also Looking Toward Arctic.

(Canadian Press.)  
Rome, July 5.—General Pier Ruggero Piccol, head of the Italian Air Service; Major Mercanti, vice-commissioner of Aeronautics, and Lieutenant Locatelli, the Italian ace, have decided to organize an airplane expedition to the North Pole under Locatelli's direction. Present plans provide that the expedition, a fund for which was publicly opened yesterday by three winners of gold medals for valor, will leave about July 20.

**AMUNDSEN, WITH RUSSIAN AVIATORS, ALSO LOOKING TOWARD ARCTIC**  
Amundsen, With Russian Aviators, Also Looking Toward Arctic.  
Oslo, July 5.—The Norwegian explorer, who was to have led the polar flight, all of his equipment, but it was learned from Christiania that the Norwegian had not abandoned his plans, but merely had decided to postpone his effort until he perfected a better organization. It was learned, furthermore, that Amundsen was planning an expedition in company with Russian aviators, thus promising an airplane race to the top of the world.

**MAN STRANGLER**  
Police Believe Ontario Watchman Killed, Then Thrown Into Creek.  
St. Catharines, Ont., July 5.—Newton H. Orth, Niagara, St. Catharines and Toronto Railway night watchman, whose mysterious disappearance was partially solved by the finding of his decomposed body in a shallow creek, near the Welland canal at Port Robinson, was brutally murdered, and his body taken to the place where it was discovered, by his assassins.

**59-YEAR OLD MILLIONAIRE CHANGES MIND AFTER JILTING 20-YEAR-OLD GIRL**  
Boston, July 5.—After her wedding morn by William Andrew Luce, a 59-year-old millionaire, only to have him change his mind, as a distance of 200 miles and piled forgiveness upon the telephone wire, was the experience of Miss Alice Golding, 20-year-old Newton Centre, Wednesday night.

**C. N. R. MEN PRAISED FOR PROMPT ACTION**  
3 Forest Fires in Ontario Caught Before Much Damage is Done.  
Montreal, Que., July 5.—At least three forest fires which might have resulted in the destruction of large areas of timber lands in Northern Ontario were caught before they had time to do any damage, through the quick action of employees of the C. N. R. These facts have been brought out in letters which have just been received by W. K. Kibby, Chief of Forest Protection of the National System. The letters have been written by W. A. Delahay, district forester of the Ontario Government.

**AMNESTY SIGNED**  
Spanish King Completes Order Freeing Political Prisoners and Others.  
Madrid, July 5.—King Alfonso yesterday signed a decree for general amnesty to include sentences imposed in connection with the Spanish revolution in Morocco in July 1921, and other political offences and persons imprisoned for newspaper libel. General Primo de Rivera drafted the decree and urged King Alfonso to sign it.

**WAS IN 107TH YEAR**  
Montreal Woman, Dead This Week, Remembered Well The Risings in 1837.  
Montreal, July 5.—In the death of Mrs. Severo Rochon, at the age of 106 years and 6 months, a link with the past stirring days in Canadian history is broken.

**SEEK HOUSEKEEPER TO SHARE FORTUNE**  
Part of \$1,000,000 Estate Has Been Held For More Than Year.  
New York, July 5.—Part of a \$1,000,000 estate awaits Miss Minnie Raab, formerly housekeeper for the late Rudolph Keppeler, at one time president of the New York Stock Exchange. Attorneys for Mr. Keppeler and executors of the estate have advertised to marry Miss Raab. It is believed she has married, but no one knows her present name.

THE PLAYGROUNDS

At the St. John playgrounds, now open for the 1924 season, the attendance thus far has been excellent, according to Miss Emma I. Heffer, general superintendent, at the monthly meeting yesterday. It was decided that members of the Playgrounds Association would visit the playgrounds on July 23. The committee decided to purchase no street car passes this year for playgrounds except for the West Side if they lived in the city, and for Miss Heffer. Miss Alice Dever denied that school chairs were taken from the assembly hall of the St. George school last year when they were brought out for the visitors. The committee expressed pleasure that more experienced children will take part in a physical exhibition before the grand stand at the St. John Exhibition this fall. Captain Malahy said that he had supplied fifty Union Jacks for the West Side children to use for their drills, and added that he had others in reserve if needed.

FOR ORPHAN SCHOOL.

Plans and specifications for a new school building in Manawagocum road are to be drawn up by Ernest W. Wilson for the orphanage building, according to a decision of the building committee of the New Brunswick Protestant Orphans' Home. It is planned that the building be ready for use by November. Tenders are to be for either brick or wood construction. The committee will decide whether there will be sufficient funds for the brick construction. The new building will contain three class-rooms downstairs and one class-room upstairs in addition to the large auditorium. The site chosen is on the left side of the main building.

LOCAL RIFLE TEAM DEFEATS HALIFAX

Sussex, N. B., July 4—That considering its limited duration, Camp Sussex had been the most successful held since the war, was the opinion expressed by Lieut. Col H. C. Sparling, D. S. O., Camp Commandant, after the examinations and the final conferences were held this afternoon and preparations begun for breaking camp tomorrow and returning home. Rifle Shoot. The rifle shoot resulted in a win for the team representing the N. B. Permanent Force Association in St. John over that of the Demonstration Platoon from Halifax. The score was 545 to 484.

HOME-COMING OF CANADIANS

Says the Halifax Echo: "The boom which for a time drew Canadians over the border to the United States, seems to be on the verge of collapse. It has been shrinking for some time and is now apparently petering out. The Federal Reserve Board of the United States is responsible for the report that the production of basic commodities and factory employment both showed marked decline in May, and were considerably below the level of a year ago. This accounts for the return of many Canadians. The reported busy times and high wages are no more."

For Sore Feet—Minard's Liniment. GIVEN 3 MONTHS BY NEWCASTLE JUDGE

Newcastle, N. B., July 4—In the police court this afternoon Basil Malley was found guilty of assault and occasioning actual bodily harm to George Bennett at Verdun on June 22. He was sentenced by Magistrate Demers to three months in the county jail.

AGAINST PROPOSED WAGES REDUCTION

The Trades and Labor Council went on record last evening as being opposed to any plan to lower wages for civic work. The council endorsed the idea of carrying out public works to relieve the unemployment situation, but passed a resolution condemning wages reduction and went on record as refusing to accept any reduction. A quicker job - A better job. WHETHER you employ the paperhanger or whether you do the job yourself, you can now redecorate your rooms quicker, better and at less cost than formerly. Staunton Semi-Trimmed Wallpaper simplifies the job through-out. Its advantages over the old-fashioned papers are obvious at a glance. Semi-trimming eliminates all the old, troublesome and uncertain methods of trimming. No scissors, knife, or straightedge are required. You simply give the ends of the roll a rap on table or floor, and the selvage falls off, leaving the paper perfectly trimmed to a thousandth part of an inch. Think of the time and trouble saved—of the litter and muss you avoid—of how semi-trimmed wallpaper reduces the paperhanger's time and cost. And above all, think of the perfect job that results. No white edges, no imperfect seams—just a beautiful design which looks like one piece on the wall. Ask your dealer to show you the patterns.

EDISON'S SON HAS MONEY TROUBLES

Newark, N. J., July 4—Thomas A. Edison, Jr., attempting to follow in the footsteps of his father has met with financial reverses which have resulted in a company formed to exploit two of his inventions going into the hands of receivers. Failure of the inventions to become commercial successes resulted in the Economizer Manufacturing Company, of Orange, finding itself in the hands of a receiver. The company manufactured the economizer, a gas-line saving device, and a period timer for Ford automobiles. The younger Edison, Beatrice M. Edison and E. D. Woodward were the incorporators. Liabilities are said to be \$19,000 and assets \$18,834, inclusive of a \$10,034 patent value. This amount of assets could not be realized at a forced sale, it was stated.

ST. JOHN, N. B., JULY 5, 1924

THE C. N. R. AND ST. JOHN.

St. John has sent many delegations to Montreal and Ottawa and is making one more venture in that direction. A delegation representing civic and commercial interests will leave tomorrow for Montreal, and on Monday morning will meet Sir Henry Thornton in conference on the question of additional trade for the port of St. John, to be handled by the Canadian National Railways.

UNEMPLOYMENT.

A delegation of working men has waited upon the Mayor to urge that public works be undertaken to provide employment, and so relieve the anxiety of many families who find it very difficult to make ends meet. There is very little work in the harbor this summer, or in the sawmills, which in former years gave employment to so many people.

IMPERIAL RELATIONS.

The announcement that the present British Government is in favor of having representatives of the Government of each Dominion present at future Imperial Conferences will be the subject of much discussion. Theoretically, nothing could be finer than to have all parties in full accord in the matter of Imperial relations; but whether in practice a representative of one party or another from a Dominion could divorce himself from the thought of partisan advantage is perhaps a matter of doubt.

interests of the Empire as a whole. Perhaps it is possible. Apparently the British Government thinks it is worth a trial.

The number of deaths by motor car accidents in the United States has swelled to such proportions that Mr. Hoover is calling for a conference next fall to consider what may be done to prevent so great and needless a toll of human life. There were 17,000 deaths last year from automobile accidents, and the Government feels that it must act to bring about such a change in conditions as will reduce the fatalities.

In 1917 there were 2,184 automobiles in the province, of which six per cent. were owned in the rural districts. Last year there were 18,000, of which sixty-two per cent. were in rural districts. The people of these districts, therefore, have a much deeper interest than ever before in the cause of good roads.

The crop situation in New Brunswick is generally favorable. The yield of small fruit coming first on the market is large—so large indeed that in the case of strawberries the price is lower than usual. A good export trade, however, is anticipated by growers who are sufficiently far-sighted to make the necessary arrangement to place their products under favorable conditions in outside markets.

The New Brunswick Lumbermen's Safety Association is able to report that while it has been in existence only three months very satisfactory results in the reduction of accidents have been obtained. It has carried on an educational campaign in all the mills, not only to make employees more careful but to encourage owners of mills of all kinds to adopt safety devices.

The eyes of the world will be turned next week to France and the Olympic Games. Canada will be well represented, and the Maritime Provinces will have a special interest in those who represent them. This is a friendly competition among the nations, and has a distinct international value.

The Senate has applied the axe to the proposed branch railway from Kingsclear to a point on the St. Croix River. It has altered the bill so that the line would run from Fredericton to Vaneboro. The C. P. R. has a line between these points, and the Senate apparently believes an arrangement for running rights for the Canadian National Railway over that line would serve the purpose for which it was proposed to construct the line from Kingsclear.

DIVORCE BILLS.

Ottawa, July 4.—Sixteen divorce bills were given third reading in the House of Commons this evening.

HAGEN'S HABIT.

(N. Y. Herald Tribune.) Why Walter Hagen can do twice what no other American-born golfer has been able to do once is a mystery, unless the obvious answer is correct: that he is the strongest player this country has produced.

Hagen, of course, has all the strokes, including those peculiarly applicable to the windy British links, to all of which he seems to possess the key. Without the cool head that freezes nerves in a crisis, they would not have sufficed to carry him through a tournament for which Harry Vardon failed even to qualify.

REAL EDUCATION.

(Bangor News.) In education, Montaigne wrote, though both be required, we should look more for character and intelligence than for learning. Again we should remember that it is not a body only, or a mind only, that we have to fashion; it is a man, and we must not divide him into two.

**CHURCH UNION BILL  
PASSES COMMONS**

Two Amendments Declared  
Lost—Matter Now Goes  
to Senate.

Ottawa, July 4.—The Church Union Bill has passed the House of Commons and gone up to the Senate. The final stage took place this evening, when, after the rejection of two amendments, the third reading was carried. When the bill was called this evening Alfred Stork, Liberal, moved, seconded by W. G. Raymond, Liberal, Brantford, that the bill be amended to provide that it should not apply to the Presbyterian Church until all doubts of the powers of the General Assembly to agree to Union had been removed, and that this question be referred to the Supreme Court of Canada. There was no discussion and this amendment was declared "lost on division." Mr. Duff then moved, seconded by Mr. Stork, to amend the bill to provide that the vote on union in the congre-

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 86 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil). The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

**ORANGE LILY**

Orange Lily is a certain relief for all disorders of women. It is applied locally, and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened; and the circulation is rendered normal. As this treatment is based on strictly scientific principles and acts on the actual location of the disease, it cannot help but do good in all forms of female troubles, including delayed and painful menstruation, leucorrhoea, falling of the womb, etc. Price, \$2.00 per box, which is sufficient for one month's treatment. A Free Trial Treatment, enough for 10 days, worth 75c., will be sent Free to any suffering woman who will send me her address. Enclose three stamps and address Mrs. Lydia W. Ladd, Windsor, Ont. EQUALS 1924 HEAT MARK.

The great number of appeals for relief which were being received at the present time formed the subject of much discussion at the meeting of the King's Daughters yesterday afternoon in the Guild.

It was a perfect summer day that St. John experienced yesterday and the mercury climbed to 75 degrees during the afternoon, equalling the highest temperature recorded this season.

batting places were popular. The temperature did not drop very rapidly and the early evening was warm and pleasant.

IMPRISONED ESKIMO SENDS LOVE TO WIFE

"Arctic" Will Carry Note of Endearment Far Into Northern Lands.

Quebec, July 4.—Today Nook-Kood-Lah, the Eskimo who was brought here last fall on the Canadian Government steamer Arctic from Pond Inlet, and who was sentenced to ten years' servitude at Stony Mountain penitentiary in Manitoba for killing a Newfoundland trapper, is sitting in his cell there and grieving over the departure tomorrow of the same vessel being the only

connecting link between his loved ones and his abject loneliness in the white man's country. For Nook-Kood-Lah is well aware that the Arctic is due to sail. He has been told that by the authorities. He had at first hoped that the great White Father at Ottawa would allow him to return to his home but he knows that he will be obliged to remain in prison.

Nook-Kood-Lah, knowing that he would not this time be brought to Quebec on the white man's ship without dogs, to sail on the Arctic, did the next best thing. He wrote a letter to his squaw and that missive is now in the hands of F. D. Henderson, who is sailing tomorrow on the ship in charge of the expeditionary party.

The exact contents of the letter could not be ascertained but it is understood that Nook-Kood-Lah has sent a message of Eskimo love to his spouse. The letter is addressed in scrawling characters contained in a single line. It appears something like the following: "X—XZZ CO—"

BIG CROWD AT FAIR. A larger crowd than on the first night greeted the G. W. V. A. fair on the East End Improvement League grounds last evening. S. C. The lights, the music and the merry laughter of the pleased patrons made the East End one of the gayest places in the city. The fair is expected to run for ten days.

GIVEN NOVELTY SHOWER.

Miss Ida Brown was the occasion for a very pretty novelty shower last evening, given at the home of Mr. and Mrs. A. W. Calthness, 17 Lombard street, by their daughter, Miss Florence Calthness, and 50 friends of the bride-elect. Little Miss Nancy Calthness, gowned in a dainty white frock, brought into the gaily decorated room a small carriage full of lovely gifts, which were received with great pleasure by Miss Brown. Bridge was played and refreshments were served during the evening by the hostess, assisted by a committee of her friends. Miss Brown will be married next Wednesday afternoon at Portland Methodist church to Walter Merrill.

Advice from One Woman to Another on a very important hygienic subject Immaculacy, charm, exquisiteness under circumstances which most women find exceedingly trying By ELLEN J. BUCKLAND Graduate Nurse

Charm, Exquisiteness, Immaculacy, under all and every condition EVERY day! Yet, under old methods the average woman spent at least 1/6th of her time in a state of discomfort, uncertainty—and frequently embarrassment. KOTEX

THIS is a subject which only a woman can understand, and on which only an expert can advise with authority. I speak as both. I, too, experienced the handicap which confronts women in social, business or professional life. As a practicing nurse I know how to lighten it. For science has now perfected a product which helps women live an active life without interruption. Its convenience and efficiency are amazing, for it solves a special problem in a very simple way.

THIS NEW PRODUCT IS CALLED "KOTEX" It was perfected during the war to provide a softer, more absorbent surgical dressing. Kotex is five times more absorbent than cotton. After the war its makers felt that Kotex would be of infinite value to women—that it would effectually solve their greatest problem. And it has. Women have only to hear of Kotex to appreciate what it means in comfort, convenience and relief from embarrassment. It is being adopted everywhere.

IS OPPOSED TO LIFE SENTENCE

President of Amateur Athletic Union Would Amend Rules.

Montreal, July 4—W. E. Findlay, president of the A. A. U. of Canada, in a letter addressed to the various branches of the union throughout Canada, states that at the next annual meeting he will submit amendments to the constitution which would allow the union leeway in dealing with athletes who infringe the amateur rules. He states that the "life sentence" should not be applied "indiscriminately as now required by our rules." He adds: "I believe that any and all infractions of the spirit and letter of amateurism should be penalized, but not necessarily by a life sentence and that our rules should be such as to permit us to consider the merits of each case and apply a punishment to fit the offense."

IS PLEASSED BY TURF MEN'S ACTION

Satisfaction continues to be expressed among English turfmen over the recent action of the Jockey Club of England in rescinding its resolution relating to enemy countries as regards Hungary and receiving that country into full recognition.

TO RELIEVE PAIN AND BACKACHE

Women May Depend upon Lydia E. Pinkham's Vegetable Compound

Minneapolis, Minn.—"I had heard so much about Lydia E. Pinkham's Vegetable Compound that when I realized I needed to take something to relieve my pains and backache, and to help build me up I began to take it. I had been sick off and on for years and barely weighed a hundred pounds, but now I have had such good results that I am recommending the Vegetable Compound to every one."—Mrs. J. J. BREWER, 3338 18th Ave. South, Minneapolis, Minn.

Find a True Friend
"Every woman who values her health should be proud to have a true friend like the Vegetable Compound," says Mrs. W. E. Shaw, 3227 Walnut Street, Chicago, Illinois. "I had female weakness so badly that I could not stand on my feet. Half of my time was spent in bed and I had pains in my back which were unbearable. I tried everything I could think of to help myself and when my friend advised Lydia E. Pinkham's Vegetable Compound I began taking it at once. I recommend it without hesitation."

Blowing Hot and Cold

BUSINESS conditions hinge largely upon one's state of mind. Say to the first ten men you meet, "business is depressed" and they will probably agree with you. Say to the next ten men you meet, "business is certainly improving" and they will just as probably agree with you.

But however the wind blows, the investor in High Grade Mortgage Bonds of well located and profitably rented business or residential properties has no cause for anxiety. His security is fixed and permanent. His interest is assured by rentals based on leases which temporary "slumps" cannot affect.

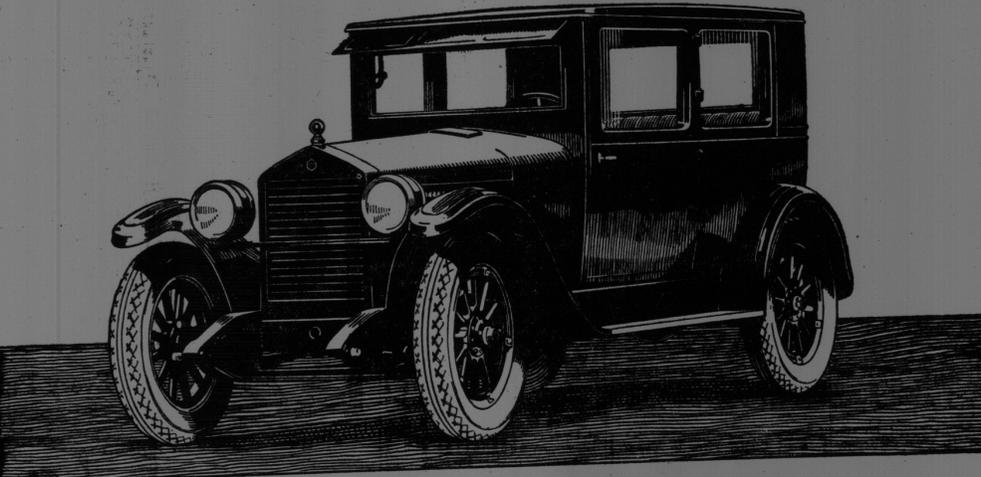

An investment of this sterling character is to be had in the Mortgage Bonds of a high grade 100% rented modern apartment building situated in the central residential quarter of Montreal.

The quality of this investment justifies your immediate inquiry for full particulars.

At Open Car Cost The Coach Gives All Closed Car Utility, Comfort and Distinction

With Balloon Tires • Standard Equipment

ESSEX SIX COACH \$1400

HUDSON SUPER-SIX COACH \$2100

Hudson and Essex Are of One Quality

Be sure to get Parts Price List from Your Dealer

F. O. B. Windsor—Tax Extra

The outstanding buying choice this year is "Closed Car Comforts at Open Car Cost." The Coach alone provides them. It is exclusive to Hudson and Essex. Everyone knows it gives highest closed car value. And because no other type or car shares its position it is the largest selling 6-cylinder closed car in the world.

Balloon Tires Now Enhance World's Greatest Value

Naturally when balloon tires had established their superiority Hudson and Essex would adopt them. They are now standard equipment. They add an even greater measure of riding ease, steadiness and good looks to the notable values of the Coach.

You see the Coach everywhere in increasing numbers. Everyone wants closed car comforts. They will no longer accept half-utility when all-year usefulness and comforts cost no more in the Coach.

Consider how the growing trend to closed cars affects resale values. The diminishing demand for open cars means far faster depreciation in that type. As the wanted type, the Coach maintains exceptionally high resale value.

In workmanship, materials and design both Hudson and Essex are of one quality—built in the same factories, under the same patents. Your choice between them will rest solely on the price you want to pay.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

ENTERED IN FOUR OLYMPIC EVENTS

"Phil" MacDonald is Hardest-Working Member of Canadian Team.

The official entry list for Canada at the Olympics this month reveals the rather interesting fact that "Phil" MacDonald, Captain Cornelius Prince Edward Island find, is considered good enough by the committee to represent Canada in four events—the 110 and the 400-metre hurdles, the hop, step and jump and the broad jump. He is the only Canadian athlete entered in four events. Cyril Coaffee is entered in three, the two sprints and the 400-metre relay.

Another interesting feature is the inclusion of A. T. Christie's name in the 400-metre relay list with Coaffee, Hester, Armstrong, Vince and McKechney. Christie, it will be remembered, won the 400 metre Olympic elimination event at Montreal with Aylwin second and "Billy" Maynes, of this city, a close third. Apparently, Coach Cornelius figures Christie a stronger man in the short relay event than either Vince or McKechney. Vince, Canadian 100-yard champion, is suffering from a strained tendon.

In Maynes' specialty, the 400-metre event, Canada has nominated seven entrants. The men entered are Dave Johnson, Christie, Maynes, Aylwin, Fuller, Phillips and J. Harris, Manitoba. Fuller and Phillips are not considered quite the class of the others and if Christie competes in the 400-metre relay, the 1,600 metre Canadian relay team will be composed of Johnson, Harris, Aylwin and Maynes. This is an exceptionally strong team and is not weakened by the inclusion of Harris, who is a strong and heavy runner. Harris finished close-up behind Ralph Barnes in the 400-metre run at Montreal recently and is credited with being a faster man than Barnes for this event.

Canada's army of athletes is all on hand and ready for the fray. The pick of the Dominion, the cream of all her athletic lines of endeavor, are here and will take their place with those from strange nations in the procession tomorrow—a sort of shakedown before the battle.

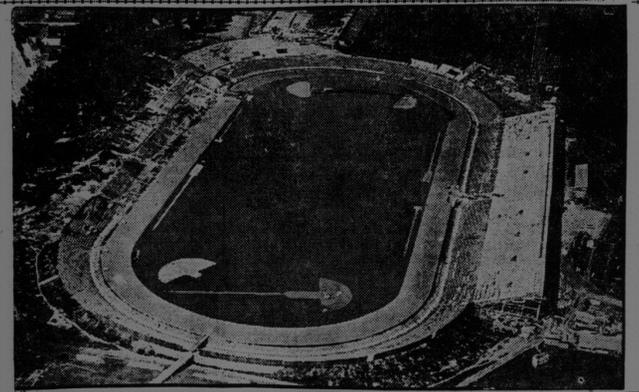

The programme for athletics covers nine days—July 5 to July 18. Wrestling events are carried from July 6 to 13; rowing, morning and afternoon, occupies July 10 to 14; modern pentathlon, morning and afternoon, July 12 to 17; lawn tennis and swimming, July 18 to 20; boxing, July 15 to 20; bicycle track races, July 26 and yacht races from July 27 to 29.

The closing day for the games is July 27, when finals of the bicycle track races will be held, prizes distributed and the closing celebration held at the stadium in the evening.

Canada's entries for the games are as follows:

Track and Field. 100 and 200 metres—Cyril Coaffee, Winnipeg; L. Armstrong, Winnipeg; A. Vince, Toronto; G. Hester, Toronto; J. M. McKechney, Quebec. 400 metres—D. M. Johnson (Rhodes scholar, Oxford); J. Harris, Manitoba; H. Aylwin, Hamilton; W. Maynes, St. John; A. T. Christie, Hamilton; W. J. Fuller and H. Phillips, Ontario. 800 metres—T. McKay, H. Phillips, Ontario; J. Harris, Manitoba. 1,500 metres—R. Barnes, Ontario. 5,000 metres—D. McGill, Manitoba. 10,000 metres—J. Cuthbert, Guelph, Ont.; D. McGill, Manitoba. Marathon—J. Arthur Spencer, leading cyclist, wins quarter mile bike race for the American Championship.

Newark, N. J., July 5—Arthur Spencer, giant sprinter who has twice held the bicycle championship of America, won the quarter mile championship race, the seventh of a series of eighteen races to decide the American title for 1924, at the velodrome here. Spencer caught Cecil Walker at the wire while Orlando Piani finished in third place. Harris Horder of Australia defeated Eddie Madden and Anthony J. Eng in the heat to decide fourth place. The standing in the competition for the championship now is: Arthur Spencer, 22, Orlando Piani 14, Cecil Walker 13, Alfred Goulet 7, Alfred Grenda 6, Fred Spencer 4, William Keller 3, Reggie McNamara 3, Harry Kaiser 3, Harris Horder 2, Ray Eaton 1. Ray Eaton and Gus Lang came to blows during the running of the heats of the championship race after Eaton had defeated Lang. Referee Kramer suspended both riders for two weeks.

BIG RACING MEET HERE NEXT WEEK

Over Fifty Horses Will Compete in the Various Classes.

Local horse racing enthusiasts are looking forward with interest to the first big meet of the season, which is to be held on Moosepath Park next Wednesday and Thursday afternoons. The races are being held in conjunction with the series in the New Brunswick fastest horses in these parts will be present to participate in the various events.

Silas E. Rice, owner of the park and also a keen racing magnate, has been sparing neither time nor effort to make this meet one of the most successful ever held in this city. He has already over 50 entries and expects some more in today's mail, including in the list of entries is William Keys of St. Stephen who has quite a string of 11 race horses he is campaigning on the circuit. In conversation with Mr. Rice today over the long distance telephone he assured him that he would be on hand with his string. Mr. Benwah of Charlottetown will also be on hand with Peter Verde, Exposer, Confection, The Pup and Cambrai. There will also be horses from Fredericton, Moncton, Woodstock, Bathurst and Calais.

The classes will be 215, 219 and 225 on the opening day and the free-for-all, 222 and 224 on Thursday. All are well filled and it is expected that some keen competition will result. At a meeting of the retail grocery and meat dealers held this week it was suggested that they close next Thursday afternoon and many present considered this favorably. It is expected that another meeting will be held at the first of the week when some definite action will be taken.

TIPPETTS VS. SHIELD TODAY. For the first time this season, Tippetts and Shields, credited with being the premier buriers of the Vets and Fredericton teams, respectively, will oppose each other this afternoon when these two teams meet on the East End grounds in the first game of a double-header. Local fans have long wanted to see these two writers pitted against one another and this afternoon's game is expected to be full of action. Towle, of the Veterans, and Fallon, of Fredericton, will likely hurl the evening game, starting at 7 o'clock.

FOURSONMES ON TODAY. Westfield golf links will be gay with players this afternoon when 35 couples will take part in mixed foursomes. The contest will be for the president's prize offered annually. The usual weekly dance will be enjoyed in the evening.

MONCTON BREAKS LOSING STREAK

Moncton, July 4—Moncton professionals broke their losing streak of seven games here tonight when they defeated Fredericton by a score of 8 to 5 in a New Brunswick Professional League game. The game was featured by heavy hitting by both teams. Connors hurled for the Fredericton team and was touched for 15 hits. Doucet pitched eight innings for the local team and was found for 10 safeties. Leader replaced Doucet in the ninth inning. R. H. E. Moncton... 000012200—8 10 3. Fredericton... 00211202—8 15 4. M'INTYRE DEFEATS JACKIE WILLIAMS

Glace Bay Boy is to Meet Phinney Boyle, of Lowell, This Month.

Johnny McIntyre outboxed Johnnie Williams prettily at Portland, recently, but had quite a fight on his hands, for the Chicago boy who is homelier than "Bull" Montana, carried a stinging sock in his right glove. "That boy can hit!" remarked McIntyre after the bout in his dressing room. Johnny out-guessed Williams throughout and was much shifter, making Jackie miss hard swings and then pasting him two or three before he could get away. McIntyre will doubtless give Phinney Boyle, of Lowell, a hard run for his money when these two meet in Lynn during July. Many who saw him work pick him as a favorite over Boyle. The former Canadian has been winning all his fights with great regularity of late and claims the New England Lightweight Championship, by reason of his win over Sailor Byron the former champion; the light and welter title of the Maritimes and is soon to meet George Fielder for the Junior Welterweight Championship of Canada.

WILL TRY NEW RULE. The Charlottetown Driving Club met Thursday evening and made their programme for two days' races, July 16 and 17. On July 17 they will co-operate with the Caledonian Club. A new feature of the racing will be the rule which eliminates the winner of two heats, the remaining horse racing off the third heat. If a sufficient number of entries and enough interest is evidenced, a running race will also be staged.

WHAT TO EAT TO PUT IRON IN YOUR BLOOD AND MAKE YOU STRONG

PHYSICIAN TELLS HOW IRON-CONTAINING VEGETABLES SUCH AS LENTILS, SPINACH, APPLES, ETC. WHEN REGULARLY TAKEN WITH ORGANIC IRON BUILD GREAT STRENGTH AND ENDURANCE

"At their own doors—in the very gardens of those who are weak, nervous and ailing all the while is one of the most valuable tonics and strength-builders known to medical science," said Dr. Emile Sauer, well known New England physician, when consulted recently. "Dr. Sauer further said: 'If your daily diet contains an abundant amount of iron you are giving your body the red blood food it craves. But if your blood lacks iron and is thin, pale and watery you cannot expect to be strong and well. On the contrary, your nerves become weakened and you become irritable, fussy and easily upset. In such cases, what you need is iron—organic iron to remove the cause of your trouble, and is often wonderful how quickly your moment organic iron is supplied it and how wonderful how quickly your multitude of symptoms will disappear and how strong and vigorous you will become.' But be careful to distinguish between ordinary metallic iron which people usually take and true organic iron. Metallic iron is iron just as it comes from the action of strong acids on iron filings, while organic iron is a true red blood food, like the iron in your blood itself and like the iron in spinach, lentils and apples. In fact if you will eat a pint or two of spinach, half a pint of lentils and three or four baked apples each day you will probably not need to take any other form of organic iron; but most people prefer to eat a smaller quantity of iron-containing vegetables and take organic iron, like Nuxated Iron, with them. It is like taking extract of beef instead of eating pounds of meat. To prove to your self what Nuxated Iron can do for you, get your doctor to take a specimen of your blood and make a 'blood count' of your red blood corpuscles; then take Nuxated Iron for a month and have a new 'blood count' made and see how your red blood corpuscles have increased and how much stronger and better you feel; see how the color has come back to your cheeks, how steady and strong your nerves have become. At all druggists.

SOUNDS PRAISES OF ST. JOHN IN WEST

R. E. Armstrong Does Missionary Work in Interests of Port.

R. E. Armstrong, secretary of the St. John Board of Trade, on some good missionary work for this port when on his visit to the Pacific Coast to meet, as president of the St. John branch of the Navy League, the special service squadron under Admiral Field, the Winnipeg Tribune of July 1 says: "As secretary of the St. John Board of Trade, Mr. Armstrong, who was in Winnipeg yesterday on his return journey, has lost no opportunity to speak on behalf of his city to westerners. He has urged its advantages as a port and a pleasant place to live in at most of the major cities along the transcontinental line."

"St. John, like Vancouver, is making a drive for lower freight rates, Mr. Armstrong explained to The Province, but a more serious menace to the growth of its winter port business, he says, is the diversion of Canadian National grain to Portland, Me. Women Almost Unanimous. "From the standpoint of Dominion and Empire development, the women's institute of British Columbia have called upon the institutes throughout Canada to use their influence to secure the development and utilization of the ocean ports of the Dominion's commerce in preference to foreign ports."

"This resolution has been endorsed by all the institutes in British Columbia except that of Port Grey," reported Mr. Armstrong. "Point Grey asks some questions which I have endeavored to answer relative to costs and effects if the Dominion Government should carry out our proposals." "While paying tribute to all members of the institute for their interest, Mr. Armstrong (who incidentally sees a tremendous growth in Vancouver and other B. C. cities since he was last here some 30 years ago) is especially grateful to Mrs. V. S. McLachlan, secretary of the women's institute of British Columbia. B. C. women are endeavoring to link up with all national women's organizations in the drive to fully utilize Canada's eastern winter port."

"The class is under the direction of H. T. C. Hutten, physical director of the Y. M. C. A. Many of the girls have made excellent progress thus far. The evening is divided into three sections, 7 to 8:30 o'clock being given over to beginners from 12 to 16 years of age; from 8:30 to 9 being for girls over 16 years; while from 9 to 9:30 is devoted to those who are able to swim a little. The classes for boys, which were conducted last month for beginners who were non-swimmers, have been concluded and in all 281 boys took the actual class work. It was estimated that approximately 50 per cent. of these were able to get the stroke. The rest, however, many of whom were timid of the water at first, had overcome this timidity at least and it is expected that, by another year, they will be able to make much better progress. The majority of the boys and girls have shown great eagerness, this year to master the rudiments of swimming and this has helped the instructor."

DR. M. MACLAREN TO SAIL ON JULY 25 FOR S. AFRICA

Of the visit of Canadian members of Parliament to South Africa, Dr. Murray MacLaren being one of the party, the Ottawa Journal says: "Sir George Foster will leave for England on the Empress of France on July 16, while the rest of the delegation will sail on the Mount Royal from Quebec on July 25. "For about a week the delegates will be guests of the United Kingdom branch of the Empire Parliamentary Association in Great Britain and will leave Southampton by Union Mail Steamship Saxo, on August 8, arriving at Durban, Natal, on August 30. The tour will begin on September 1, and end at Cape Town on October 31, which is Mail Day for England. It is likely that most of the delegates from Canada will return via the Pacific."

The Eastern Steamship liner Governor Dingley arrived in port a little before noon today from Boston via Eastport and Lubec, with 365 passengers, one of the largest lists of the season, and approximately 50 tons of general cargo. She will return to Boston this evening and is expected to have a large number of passengers.

LOCAL NEWS

ENGAGEMENT. John J. MacDonald announces the engagement of his daughter, Mary Beatrice, of New York, formerly of this city, to Arthur F. Kratzer, M. D., New York, N. Y.; the marriage to take place the latter part of the month.

DEATHS NUMBER NINE. Nine deaths were reported to the Board of Health for the week ending today from the following causes: Senility, 2; broncho-pneumonia, 2; myocarditis, cardiac asthma, pulmonary hemorrhage, gangrene of right leg, fractured hip and gastric ulcers, 1 each.

SMOKE STACK EXTENDED. In an effort to meet a complaint, by residents in the vicinity that their smoke stack was spreading too much soot, the Pacific Dairies have added 16 feet to the chimney, Commissioner Harding said this morning, following his calling their attention to the matter.

SISTER LIVES HERE. Miss Sophia A. Leek, aged 75, died on Thursday afternoon after an illness of several months' duration at her home in Kingsclear, York county. She was survived by her sisters, Mrs. C. E. Brackett, of Kingsclear; F. V. Taylor, of Kingsclear; Mrs. W. R. Henderson, of St. John, and Miss Anna M. Leek, of Boston.

SAYS LAW VIOLATED. Commissioner Harding said this morning that his attention had been called to the fact that persons were selling vegetables around the streets, from door to door, and said that this was contrary to the market by-laws and constituted one form of forestalling. The law, he said, called for all goods to be taken to market, the tolls paid and the goods exposed for sale there for a certain length of time before they could be hawked around the streets. He said future violators of the law did so at their own risk.

IN THE MARKET. The country market was well supplied this morning with material for the Sunday dinner and prices were a little lower than last week-end. Local grown strawberries were plentiful and sold at 15 cents or two boxes for 25 cents. Beet greens and spinach were quoted at three bunches for 25 cents; new carrots, 10 cents a bunch; new beets, two bunches for 25 cents; cucumbers from 12 to 15 cents each. Lamb and veal were plentiful and the former sold for 30 to 45 cents a pound and the latter from 12 to 30. Eggs were quoted at 35 cents a dozen and butter at 30 to 35 cents a pound.

ON SAD MISSION. Joseph White, Mrs. Mary Lane, Mrs. Samuel DeVenne and Miss Martha White of Brockton, Mass., arrived in the city today, called here by the death of their brother, William S. White, which occurred on Thursday at the residence of his brother-in-law, Robert Clerke, 308 Princess street. The funeral will be held from Mr. Clerke's home at half past two o'clock on Sunday afternoon. Mr. White was a member of St. David's church. He was a native of Ireland and came to St. John when a child. Later he married Miss Cann, daughter of Captain Cann. He has many friends who heard of his death with regret.

TWO YEARS AGO. On July 6, 1922, just two years ago tomorrow, the city was shocked by the news that Frederick H. Trifts had been found murdered at the wheel of his automobile on Douglas avenue. Though every effort was made to solve the crime and bring the slayer to justice, and outside detective help was brought in to aid the local men in their investigations, no solution of the mystery has been reached. Mr. Trifts was for some years proprietor of the Gem motion picture house in Waterloo street until fire destroyed the building. Then he went into the taxi business. It was in response to a night call for his services in this connection that he went out on the drive that had such a terrible ending.

FIRE IN HOTEL BRINGS 2 ALARMS

Was in Small Room at Top of the Hotel Dunlop, King Square. Some at the Dunlop Hotel rose earlier this morning than they had intended on account of a fire there, but at least one went back to bed to finish his sleep out when he was satisfied the danger was all over. The origin of the fire is a mystery as it started in a small room used to keep soiled linen and papers from the rooms and so far as known was empty at the time the blaze started. The fire first came to the notice of J. T. Dunlop, manager of the hotel, who smelled smoke and traced it to this room. When he opened the door the smoke puffed out densely in his face and he sent the porter out to ring the alarm. The hook in Box 73 was pulled and the firemen made quick response. On the arrival of the chief he ordered a second alarm rung in as the entire floor was full of smoke and it looked like a bad fire. On investigation it was decided to use the chemical instead of water and the fire in the room was put out. The room in which the fire was on the top floor of the ell and at the northern end of a hall. After the fire had been extinguished the spectators were given the idea of the way in which the big ladder could be turned into a water tower if necessary and only a few minutes were required to shoot it up into the air and have men at the top ready to tussle on the water.

OF INTEREST HERE. British Prime Minister the Guest of Brother of St. John Lady. A copy of The Evening Times of Glasgow, Scotland, June 21, has the following: "The Prime Minister, Ramsay MacDonald, and his daughter, Miss Ishbel MacDonald, will leave London on Monday evening, and will arrive in Glasgow on Tuesday morning to fulfil various engagements in the city of which the most important are the presentation of the freedom of the city and the reception by the Prime Minister of the honorary degree of doctor of laws. "During his stay in Glasgow Mr. MacDonald and his daughter will be the guests of Hugh S. Robertson at Campbell street. The freedom ceremony, at which Sir Donald MacAlister, principal of the university, will also be received as a Burgess of the city, takes place in St. Andrew's Hall at noon on Tuesday. On Wednesday the Prime Minister, after taking part in the Commemoration Day celebrations at the university will receive his honorary degree. "The Glasgow I. L. P. are to entertain Mr. MacDonald at a social gathering in the evening when he is expected to give a brief non-political address. Mr. MacDonald's speech at the freedom ceremony is to be broadcasted and relayed to all stations from the Glasgow wireless station, and an effort is being made also to have him give a brief address from the stadium. "After the freedom ceremony the Prime Minister and Sir Donald MacAlister, before proceeding to the luncheon at the city chambers, are to visit the Royal Exchange about one o'clock, where they are expected to address the members briefly. "Hugh S. Robertson, with whom the Prime Minister stayed during his Glasgow visit is a well known composer and conductor of the famous 'Orpheus Choir,' which sang recently before the Premier at 1 Downing street. He is a brother of Mrs. Hope A. Thomson of this city."
